The Comptroller presented the following:

LAW DEPARTMENT OF THE CITY OF NEW YORK,
OFFICE OF THE CORPORATION COUNSEL,
BOROUGH OF MANHATTAN, January 25, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith an estimate of the amount of money that will be needed by the Law Department of The City of New York during the year 1898, and respectfully request that it be allowed by the Board.

There are certain matters in this connection in which I desire to call your attention.

The Law Department has general charge and conduct of all the law business of the Corporation, its departments, boards and offices, or, as it is expressed in the Charter, "of all law business in which the City of New York is interested."

It thus becomes necessary to provide for conducting the City's law business throughout the entire territory of the City as now constituted.

The Department has thus succeeded to the duties of the former Corporation Counsel's offices of Brooklyn and Long Island City, and in those of the various special counsel employed, as occasion might arise, in the towns, villages and school districts of Queens and Richmond Counties, which are within the territory annexed.

The Department is now required, moreover, to transact the business that was formerly done in The City of New York by the special attorneys for the Fire Department, the Building Department, the Health Department and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

For many years large sums of money have been expended by the City in counsel fees paid to special counsel retained to protect the City's interests in special cases.

I propose to do away with this custom, as far as possible, by employing a sufficient number of assistants to enable the whole of the City's law business to be transacted under my personal supervision by persons in the regular employ of the City.

I am confident that in this way I can render the work of the office much more satisfactory, and at a greatly reduced expense to the City.

Under the requirements of the Charter there must be an office of the Corporation Counsel in the Borough of Brooklyn, and, in his discretion, he may maintain an office in the Borough of The Bronx, the Borough of Queens and the Borough of Richmond, or either of them.

I have made provision for an office in the Borough of Brooklyn, but have not thought it necessary to maintain a separate office in either of the other boroughs.

The organization of the office, as required by the Charter, is as indicated below.

MAIN OFFICE OF THE CORPORATION COUNSEL IN THE BOROUGH OF MANHATTAN.

OFFICE OF THE CORPORATION COUNSEL IN THE BOROUGH OF BROOKLYN:

The Bureau of Street Openings.

The salaries and expenses of this Bureau are not paid out of the appropriation for the Law Department, but out of the Fund for Street and Park Openings.

The Bureau for the Recovery of Penalties.

This Bureau succeeds the former Corporation Attorney's office, and provision must be made by your Board for its maintenance.

The Bureau for the Collection of Arrears of Personal Taxes.

This Bureau is the successor of the office of the Attorney for the Collection of Arrears of Personal Taxes, and provision must also be made by your Board for its maintenance.

The Office of the Special Counsel in Charge of Proceedings Relating to the Water Supply.

The litigation relating to this branch of the Department's work is conducted mainly in the Counties of Westchester and Putnam, and the City has for many years had special counsel, who is practically an assistant to the Corporation Counsel, representing it in those counties.

The salaries and expenses of this office are paid out of the proceeds of bonds issued under the statutes relating to the aqueduct and water supply, so that no provision for its maintenance should be made by this Board.

A schedule is attached hereto showing the amounts requested and certain facts relating to the general subject, from which it will appear that it is proposed to conduct the law business of The City of New York for a much smaller sum than was expended during the year 1897 by the several bodies now comprised within The City of New York.

Very respectfully,

JOHN WHALEN, Corporation Counsel.

SCHEDULE.

The following is an estimate of the amount of money required by the Law Department of The City of New York for the year 1898, with certain facts relating to the general subject:

Salary of the Corporation Counsel	\$13,000 00
Salaries of Assistants, Clerks and employees in the Main Office	199,400 00
Contingent Counsel Fees, including the payment of counsel employed in regard to the bonded and other indebtedness of the newly annexed territories, and also including deficiencies	40,000 00
General Contingencies, including deficiencies	40,000 00
	\$292,400 00

OFFICE OF THE BOROUGH OF BROOKLYN.

Salaries of Assistants, Clerks and employees	66,158 00
--	-----------

Bureau for the Recovery of Penalties.

Salaries of Assistants, Clerks and employees	10,200 00
--	-----------

Bureau for the Collection of Arrears of Personal Taxes.

Salaries of Assistants, Clerks and employees	8,000 00
--	----------

Other Assistants.

2 Assistants for matters relating to the Counties of Queens and Richmond, respectively, \$3,000	6,000 00
2 Assistants for matters relating to the Department of Buildings, \$1,500	3,000 00
2 Attorneys for matters relating to the Department of Health, \$1,500	3,000 00

Total.....\$399,758 00

If the sum requested in the foregoing schedule is compared with the amounts allowed by the last preceding Board of Estimate and Apportionment, the following appears:

Allowed by said Board for the Law Department, New York City	\$212,350 00
Allowed by said Board for the Law Department, Brooklyn	70,000 00
Allowed by said Board for the Law Department, Long Island City	5,000 00

Total.....\$287,350 00

The difference between this sum and \$399,758, now asked, is \$112,408; the increase over that appropriation.

This is not the proper basis on which to make a comparison, however.

Before proceeding to the proper basis it is only fair to state that during the months of November and December the salaries of some members of the office force in the Law Department of the former City of New York were increased over the amounts called for at the time when the figures were made up for the Board of Estimate and Apportionment, so that at the end of the last administration the office was running on a salary list involving an expenditure of \$134,942 a year, instead of a list of \$116,220 a year.

This difference, \$18,722, might properly be deducted from the \$112,408, so that the increase is really \$93,686.

The fairest and most satisfactory basis on which to judge of the reasonableness of the proposed expenditure is by a comparison of all of the moneys actually expended by the various political bodies consolidated into the greater city with the amount now requested. In doing this it is necessary to add the salaries and expenses of the several attorneys for the Fire Department, Building Department and Health Department in the former City of New York; the amount actually spent by the Law Department of the City of Brooklyn; the appropriation for special counsel to the Police Board, Board of Health and Department of Charities and Correction; the amount paid to the counsel for the Brooklyn Bridge Trustees and the amount paid to the various counsel under the direction of the Park Department, and the maintenance of the Law Department in Long Island City. There is also to be added the money paid to various special counsel, particularly in condemnation proceedings in The City of New York, and to the counsel for the Rapid Transit Commission, and the amount paid to numerous special attorneys employed in the outlying districts.

The following, called Schedule 2, shows these amounts, approximately. They are, doubtless, considerably larger, but time does not permit an examination of all the accounts to which such expenses might be charged.

SCHEDULE 2.

The following shows, approximately, the money that was expended in 1897 within the territory now forming The City of New York, and which was paid for services of a character to be hereafter rendered by the Corporation Counsel:

Appropriation for 1897 by the Board of Estimate and Apportionment for the General Office in The City of New York.....\$197,550 00

Total (see Schedule 1).....\$197,550 00

Expenses of the Special Attorneys for the Following Departments:

Fire Department	\$4,000 00
Building Department	15,000 00
Health Department	6,500 00

Total (see "A," below).....25,500 00

City of Brooklyn.

Amount spent by the Law Department in the year 1897	\$79,470 57
Appropriations for Counsel to the Police Board, Board of Health, and Department of Charities and Correction	11,500 00
Amount paid to the Counsel for the Bridge Trustees	10,703 13
Amount paid to various Counsel under direction of Park Department (estimated)	25,000 00

Total (see "B," below).....116,673 70

Long Island City.

Maintenance of Law Department (See "C" below)	5,000 00
---	----------

The following are approximate sums of money spent or incurred in the year 1897 for legal services in the territory now embraced within The City of New York, and over and above the money spent as above stated:

Counsel in Elm Street Widening proceedings (See "D" below)	26,270 50
--	-----------

Amounts paid to special counsel in condemnation proceedings in the former City of New York (See "E" below)	156,354 01
--	------------

Paid to counsel for the Rapid Transit Commission, from November 1, 1896, to November 1, 1897 (Parsons, Shepard & Ogden and Tracy, Boardman & Platt, jointly)	29,445 04
--	-----------

Amount paid to 60 special attorneys employed by various governmental bodies consolidated (estimated)	60,000 00
--	-----------

Total (see "F" below).....\$616,753 76

It would seem from the best information obtainable at present that this sum, and probably more, was actually spent or incurred by the governmental bodies now constituting The City of New York during the year 1897.

"A."

Previous to the adoption of the New Charter, the following Departments had Special Attorneys:

Fire Department—William L. Findley, Attorney	\$4,000 00	\$4,000 00
Building Department—Julius M. Mayer, Attorney	5,000 00	

Building Department—

Samuel J. Parmenter, Assistant Attorney	\$2,500 00
Edward S. Hooper, Assistant Attorney	2,500 00
Albion S. Gilbert, Assistant Attorney	2,500 00
Frank Dusk, Assistant Attorney	1,500 00
Peter H. Burnett, Assistant Attorney	1,500 00
	\$15,000 00

Health Department—

Henry Steinert, Attorney and Counsel	\$4,000 00
Donald McLean, Assistant Attorney	2,500 00
	6,500 00

"B."

OFFICE OF THE BOROUGH OF BROOKLYN.

Amount spent by the Law Department of the City of Brooklyn for the year 1896 was \$74,144 00

Amount spent for the year 1897 \$79,470 57

These amounts do not include appropriations made for Counsel to the Police Board, Counsel and Law Clerk in the Board of Health, and Counsel to the Department of Charities and Correction.

The duties of these officers have now devolved upon the Corporation Counsel, and it seems only fair that the amount spent for their salaries should be added to the law expenses of the City.

These expenses amounted in the year 1897 to \$11,500 00

There should also be included the amount paid to the Counsel for the Trustees of the Brooklyn Bridge, in which \$10,763 13

There should also be included the amount paid to the various counsel for different improvements under the direction of the Park Department; the exact amount of which cannot readily be ascertained, but is estimated at \$15,500 00

The sum therefore spent by the City of Brooklyn for legal services for the year 1897 amounts to \$116,673 70

"C."

LONG ISLAND CITY.

Maintenance of the Law Department \$5,000 00

This amount is taken from the budget submitted to the Board of Estimate and Apportionment by the Long Island City authorities at the end of the year 1897.

Attorney for the Corporation of Street Improvements of the Towns of Flatlands and Flatbush.

John J. Brady, Attorney \$5,000 00

Seymour P. Dunlap, Clerk 1,200 00

Total \$6,200 00

Note.—This amount has been included in the general appropriation for the same office, so that it is inserted here only for the sake of completeness.

"D."

RED STREET WORKING.

On May 19, 1897, there was paid to Henry B. Burdman, as Counsel for the City before the Commission, as follows:

Professional services from May 8, 1895, to May 5, 1897, \$25,000 00

Disbursements 1,270 37

SPECIAL ATTORNEYS EMPLOYED IN THE OUTLYING DISTRICTS.

I am informed that at the end of the year there were about sixty special attorneys employed by the governmental bodies consolidated and formerly existing in the Counties of Queens and Richmond in certain public matters.

The time being very short and the City officers being exceedingly busy, I have not thought it advisable to try to ascertain accurately now the amount of the expense involved, but I am assured on good authority that if an average allowance of \$1,000 for each of these counsel were made it would be much within the amount that has been paid or which it will be necessary to pay to them.

It seems reasonable, therefore, to include in the legal expenses of the year 1897 the further sum of \$60,000.

GENERAL SUMMARY.

We find, therefore, that the amount expended in the year 1897 by the bodies now consolidated in The City of New York was at least \$616,793 71

And the amount now called for by the Law Department of the greater city for the year 1898 is \$399,758 00

Thus showing a decrease in expense of \$217,035 71

CITY OF NEW YORK—FINANCE DEPARTMENT,

COMPTROLLER'S OFFICE,

January 29, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Comptroller respectfully submits the following report in regard to the estimate submitted by Hon. John Whalen, Corporation Counsel, for expenses of the Law Department during the year 1898:

The amount requested is \$399,758, being \$112,608 more than the amount appropriated in the budget for 1898 of the former cities of New York, Brooklyn and Long Island City.

The reasons stated by the Corporation Counsel in his communication for this increase seem entirely satisfactory to the Comptroller, and it is believed that if the additional amount requested is allowed a large saving will be effected by reducing to a minimum amounts paid to special counsel, which in the past have been very large.

Subject to but few exceptions, it is believed that all the law business of the City should be conducted by the Law Department, and that the practice of retaining special counsel, in cases where the same work can be equally well performed by Assistants of the Corporation Counsel at fixed salaries, inevitably leads to extravagance.

It is recommended, therefore, that the amount requested by the Corporation Counsel be allowed.

Respectfully,

HARD S. COLER, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of section 10 of the Greater New York Charter, the funds received and to be received by the Chamberlain, as in that section provided, be and the same are hereby, in part, appropriated and apportioned as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE.
January 29, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Comptroller respectfully submits the following report in regard to the estimate submitted by the Department of Taxes and Assessments for the year 1898:

The amount requested is \$322,600, which is \$69,035 more than the amount expended for the purposes of this Department in the year 1897, throughout the territory of the Greater New York, after deducting the sum of \$16,850 from the appropriation made to the Department of Assessment in Brooklyn for purposes of assessment for local improvements, which work is to be hereafter performed by the Board of Assessors.

Of this increase of \$69,035, \$49,000 is explained by the additional salaries required to be paid to the Commissioners by the Charter, and the \$20,035 requested for the preparation of tentative maps upon which to base the assessments for taxation in the territory of the new city outside of the limits of the boroughs of Manhattan and The Bronx.

The Comptroller believes that it is highly important that the work of this Department should not be hampered by an insufficient appropriation, especially at the beginning of its new labors, since upon the prompt and efficient performance of its duties depends the satisfactory collection of taxes in the future.

The Comptroller therefore recommends that the full amount requested by the Department of Taxes and Assessments be allowed.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of section 10 of the Greater New York Charter, the funds received and to be received by the Chamberlain, as in that section provided, be and the same are hereby, in part, appropriated and apportioned as follows:

DEPARTMENT OF TAXES AND ASSESSMENTS.

Salaries of the Commissioners.....	\$36,000 00
Salaries of Deputies and Employees in the Boroughs of Manhattan and The Bronx.....	137,950 00
Salaries of Deputies and Employees in the Borough of Brooklyn.....	66,500 00
Salaries of Deputies and Employees in the Borough of Richmond.....	14,800 00
Salaries of Deputies and Employees in the Borough of Queens.....	27,300 00
	\$282,600 00
Maps.....	35,000 00
Contingencies.....	5,000 00
	\$322,600 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller offered the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
JANUARY 20, 1898.

To the Board of Education and Apportionment

GENTLEMEN—I herewith present a resolution for the appropriation of additional amount required in the year 1868 for interest on bonds of the City of Brooklyn, amounting to \$58,600.81.

The items in this statement were not included in the appropriation heretofore made for interest on the city debt for the reason that they were not provided for in the estimate for 1868 made by the Common Council of the City of Brooklyn, and the amounts required therefor had not been ascertained. Several of said amounts are now required for the payment of interest becoming due on the 1st of February.

Other sums will be required for interest on and for redemption of the city debt in the year 1868, which cannot now be fixed.

Respectfully,
BIRD S. COLER, Comptroller.

And offered the following:

Resolved, That, pursuant to the provisions of section 10 of the Greater New York Charter, the funds received and to be received by the Chamberlain, as in that section provided, be and the same are hereby in part appropriated and apportioned, as follows:

Increase asked for—

See new companies, for new fireboat, and new companies in Forty-third street, between Fifth and Sixth avenues; West One Hundred and Forty-fifth street, west of Amsterdam avenue; West One Hundred and Sixty-fifth street, west of Amsterdam avenue; Forrest avenue near One Hundred and Sixtieth street; Grand avenue, Woodlawn Heights:

--	-------------

\$1,850,561 00

Deduct for the following, heretofore detailed at Headquarters, Hospital and Training Stables, and West Building Superintendent, who are to be replaced by ununiformed employees—an aggregate net saving of \$6,174:

1 Lieutenant	\$1,500 00
2 Engineers	3,000 00
9 Firemen, 1st grade, at \$1,400 each	12,600 00

17,400 00

1,842,161 00

The appropriation for 1897 was \$1,716,022.

The fireboat will be shortly ready for service. The buildings for the land companies are all under construction, in localities where many new buildings have been erected and population is rapidly increasing.

The increase of the force by 55 Firemen is required to take the place of absent, sick and injured men, and, on emergency, details.

Bureau of Combustibles Pay-roll.

(Sections 727 and 728, the Greater New York Charter.)

Inspector	\$3,000 00
Clerk	1,500 00
Clerk	1,200 00
Oil Surveyor	1,200 00
5 Surveyors, at \$1,200 each	6,000 00
4 Oil Collectors, at \$1,200 each	4,800 00

\$17,700 00

Appropriation for 1897, \$17,500.

The difference between the present appropriation and the above (\$200) results from the equalization of the salaries of the Oil Collectors.

Bureau of Fire Marshal Pay-roll.

(Sections 727 and 728, the Greater New York Charter.)

Fire Marshal	\$3,000 00
Deputy Fire Marshal	2,000 00

Aid to Fire Marshal, to reside in the Borough of The Bronx	1,500 00
3 Aids to Fire Marshal for the Borough of Manhattan, at \$1,500 each	4,500 00
Clerk	1,500 00
Stenographer	1,500 00

16,500 00

The amount granted for 1897 was \$9,700.

This amount is inadequate to properly conduct the office. The provisions of section 780 of the Greater New York Charter require the Fire Marshal to make inspections upon complaints of defective construction of smoke pipes, steam pipes, flues, etc., work heretofore done by the force under the Inspector of Combustibles. During the past year there were 4,046 alarms for fire, the greater number of which required investigation by the Fire Marshal as to origin. In addition, the Borough of Richmond now needs supervision by the officers of this Bureau. The approval of the estimate as above will permit the return to active duty of two Firemen and two Policemen, detailed to Fire Marshal's Office (\$5,600).

The estimated amount required for "Apparatus, Supplies, etc.," for 1898, as hereon stated, is \$444,750 00.
 The amount allowed for 1897 was \$377,300.
 The increase is accounted for as follows: The estimated cost of the apparatus and hose for the six new companies (including freight) is \$45,700.
 For repairs to buildings it is estimated there will be required \$12,000 more than for 1897.
 The new companies also necessitate the purchase of twenty-five additional horses, at \$204 each, amounting to \$5,100.
 These, and a few minor items of increase, make up the amount of the general increase for "Apparatus, Supplies, etc."
 Aggregate, 2,602,881 00

The foregoing estimate, amounting to two million six hundred and two thousand, eight hundred and eighty-one dollars (\$2,602,881), is adopted as the sum of money which will be required for the expense necessary to the administration of the Fire Department of The City of New York for the year 1898, for the Boroughs of Manhattan and The Bronx.

The increase is accounted for as follows:

The estimated cost of the apparatus and hose for the 6 new companies (including new fireboats) is \$45,700.

For repairs to buildings it is estimated there will be required \$12,000 more than for 1897.

These and a few minor items of increase make up the amount of the general increase for "Apparatus, Supplies, etc."

MUNICIPAL COURT OF THE CITY OF NEW YORK,
FOR THE SECOND DISTRICT OF THE BOROUGH OF THE BRONX,
NEW YORK, January 20, 1898.

To the Board of Estimate and Apportionment of The City of New York:

The Municipal Court of The City of New York for the Second District of the Borough of The Bronx submits the following as its estimate of the amounts required for the proper conduct of its business for the year 1898:

For the salary of the Justice	\$6,000 00
For the salary of the Clerk	3,000 00
For the salary of the Assistant Clerk	3,000 00
For the salary of the Stenographer	2,000 00
For the salary of 3 Attendants, at \$1,000 each	3,000 00
For the salary of the Interpreter for the month of January, 1898, at \$1,200 per year	100 00
For the salary of the Janitor for the month of January, 1898, at \$900 per year	75 00
	\$17,175 00

This estimate is nine hundred and twenty-five dollars less than was allowed by the Board of 1897. The reason of the reduction is that the Charter allows an Interpreter for the Borough of The Bronx after the month of January, 1898 (see section 1373). But section 1384 of the Charter continued the Interpreter and the Janitor for the month of January, 1898, and I have included their salaries for that month only.

JOHN M. TIERNEY, Justice.

	\$17,175 00

The reason of the reduction is that the Charter allows an Interpreter for the Borough of The Bronx after the month of January, 1898 (see section 1373). But section 1384 of the Charter continued the Interpreter and the Janitor for the month of January, 1898, and I have included their salaries for that month only.

BOROUGH OF RICHMOND, January 24, 1898.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The undersigned were, on the 15th day of January, 1898, respectively appointed Police Magistrate for the Borough of Richmond and Justice of the Municipal Court of the First District of the Borough of Richmond.

These courts are entirely new in the Borough of Richmond, and will have jurisdiction in the Second, Fourth and Fifth Wards of that Borough. There are no court-rooms in use in either of these wards owned or leased by the City, and it will be necessary for the City to furnish court-rooms and accommodations for the clerks and officers of these two courts.

We have requested the Municipal Assembly that the building known as the "Village Hall," Edgewater, in the Second Ward of the Borough of Richmond, be designated by it for the use of these courts. The building is the property of the City, and was formerly occupied by the Board of Trustees of the Village of Edgewater for its officers and is at the present time.

We have also estimated and submitted to your Board that the sum of one thousand dollars (\$1,000) for each court will be necessary to furnish and equip the court-rooms needed, and we respectfully ask that such sums or as much as shall be needed to properly perform the work shall be appropriated.

As there is no place in which to hold these courts upon the first day of February next, we respectfully suggest that the subject shall receive early attention and directions be given to the proper officers to the end that they may be ready for occupancy at the time required, or as speedily thereafter as can be done.

Respectfully submitted,

N. MARSH, City Magistrate,
A. REYNOLDS, Municipal Court.

BOROUGH OF RICHMOND, January 24, 1898.

To the Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The undersigned were, on the fifteenth day of January, 1898, respectively appointed Police Magistrate for the Borough of Richmond, and Justice of the Municipal Court of the First District of the Borough of Richmond.

These courts are entirely new in the Borough of Richmond, and will have jurisdiction in the First and Third Wards of that Borough. There are no court-rooms in use in either of these wards owned or leased by the City, and it will be necessary for the City to furnish court-rooms and accommodations for the clerks and officers of these two courts.

We have requested the Municipal Assembly, that the building known as the "Village Hall," New Brighton, in the First Ward of the Borough of Richmond be designated by it for the use of these courts. The building is the property of the City, and was formerly occupied by the Board of Trustees of the Village of New Brighton for its officers, and is at the present time, partly used as a school room for the public school in the school district in which it is located, during the vacation of a new school building.

The building is suitably located for the purpose, and can be readily adapted to the uses suggested, having in its basement, cells which were heretofore used for temporary detention of prisoners awaiting examination, and which could be used for like purpose by the Police Magistrate.

The building was partially injured by a fire during the month of December last and has not been repaired. The insurance company, we are informed, adjusted the loss and paid the Board of Trustees of the village some eight hundred dollars (\$800), which sum has been paid into the Comptroller's office by the Treasurer of that village, the repairs not having been made.

We have also estimated and submitted to your Board that the sum of one thousand dollars (\$1,000), for each court, will be necessary to furnish and equip the court-rooms needed, and we respectfully ask that such sums, or as much as shall be needed to properly perform the work, shall be appropriated.

As there is no place in which to hold these courts upon the first day of February next, we respectfully suggest that the subject shall receive early attention, and directions be given to the proper officers to the end that they may be ready for occupancy at the time required, or as speedily thereafter as can be done.

Respectfully submitted,

JOHN CROAK, City Magistrate,
JNO. J. KENNEY, Justice Municipal Court, First District, Richmond.

LAW DEPARTMENT OF THE CITY OF NEW YORK,
OFFICE OF THE CORPORATION COUNSEL,
BOROUGH OF MANHATTAN, January 31, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—I have examined the estimates presented by the Justices of the Municipal Courts, and the tabulated statement of such estimates prepared by the Comptroller.

Section 1351 of the Greater New York Charter declares that "On and after the first day of January, eighteen hundred and ninety-eight, the district courts of the City of New York and the justices' courts of the first, second and third districts of the City of Brooklyn are hereby continued, consolidated and reorganized under the name of 'The Municipal Court of The City of New York.'"

Section 1352, subdivision 4, authorizes the appointment by the Mayor of seven additional Justices of said Municipal Court, two for the Borough of Brooklyn, three for the Borough of Queens and two for the Borough of Richmond.

Section 1355 fixes the salary of the justices of this court at \$6,000 a year, except for those in the Boroughs of Queens and Richmond, who are to receive \$5,000 a year.

A general provision for clerks, assistant clerks and attendants in these courts is found in section 1373. This section provides for a clerk in each district and an assistant clerk in each district in the Boroughs of Manhattan, Brooklyn and The Bronx. The salary of each clerk and assistant clerk is fixed at \$3,000 per annum, except in the Boroughs of Queens and Richmond, where the salary of the clerk is fixed at \$2,000 a year.

This section contains the following further provisions:

"The said justices shall in like manner on or before the thirtieth day of January, eighteen hundred and ninety-eight, also appoint the officers necessary to attend the court in each district, not exceeding three, at an annual salary of one thousand dollars, and a stenographer in and for each district, at an annual salary of two thousand dollars, and in and for each district in the Borough of Manhattan an interpreter, at an annual salary of twelve hundred dollars."

Reading together the various provisions of the title of the Charter, relating to these Municipal Courts, it is apparent that the new justices and the clerks, assistant clerks, attendants and stenographers for their courts enter on their duties on February 1, 1898. Hence the amounts to be allowed to these persons, as shown in the table presented by the Comptroller, is properly for eleven months' service.

Section 1350 reads:

"From and after midnight of the thirty-first day of January, eighteen hundred and ninety-eight, the justices' courts and the office of justice of the peace in the cities of Brooklyn and Long Island City are abolished, and all jurisdiction, power, authority and duty theretofore vested in said courts and justices of the peace, and in the clerks, officers, interpreters, stenographers and employees of said courts, and justices shall cease and determine, except as provided in the next section and section thirteen hundred and seventy-two of this act."

Section 1354 reads:

"Until midnight of said thirty-first day of January, eighteen hundred and ninety-eight, the district courts and justices' courts, and the justices, clerks, assistant clerks, attendants, stenographers, interpreters and other employees thereof, in any and all portions of the territory included within The City of New York, as constituted by this act, shall continue to perform all the duties and exercise all the powers which may be by law imposed on or vested in them on the thirty-first day of December, eighteen hundred and ninety-seven."

In view of these sections, provision should be made for the salaries of Justices, clerks, stenographers and others, serving during January in the Justices' Courts of the First, Second and Third Districts of the Borough of Brooklyn and in the District Courts of The City of New York.

In the Courts of the First, Second and Third Districts of the Borough of Brooklyn, there appear to have been employed more clerks than is provided for in section 1373. These courts also appear to have had two interpreters.

Under section 1373, provision for interpreters is made only for courts in the Borough of Manhattan. No provision for janitors is made in any of the sections of the title relating to Municipal Courts.

I have considered the allowances recommended in the Comptroller's tabulated statement for salaries in these courts during the month of January, and recommend that they be adopted.

Under section 1374, the Board of Justices of these courts are authorized "to designate a clerk of said court for one of said districts to act as secretary of said board, and from time to time substitute another and fix a reasonable compensation to be paid for such service."

The allowance of \$500, proposed in the Comptroller's statement, covers this provision of law, in my opinion.

In the Comptroller's statement, allowance is made for three attendants in each court in the Boroughs of Manhattan and The Bronx, and for two attendants in each court in the other Boroughs.

This recommendation is in line with the language quoted from section 1373, providing that the number of said attendants shall not exceed three in any district.

Respectfully submitted,

JOHN WHALLEN, Corporation Counsel.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
January, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—In the matter of appropriation for Municipal Courts, I have recommended the provisions of salaries for one month in 1898 for Justices of the District Courts of the Borough of Manhattan; for Interpreters and Justices of the District Court in the Borough of The Bronx, and for Deputy Clerk, Assistant Clerks (excluding one in each County), Interpreters and Janitors in the Justices of the Peace Courts of the First, Second and Third Districts of the Borough of Brooklyn.

Such recommendation has been made in view of the provisions in section 1373 of the Greater New York Charter, which when construed with section 1354 would seem to provide for payment for the period of one month until January 31, 1898, of certain officers and employees of said Courts, who were on the pay-roll of the same December 31, 1897.

It would also seem that appropriations can be made for only eleven interpreters, one for each district in the Borough of Manhattan and that no appropriation can be made for Janitors except for the period of one month in the cases before mentioned.

In the cases of the Justices, officers and employees of the additional court of the Borough of Brooklyn, and in the Boroughs of Queens and Richmond, I have recommended salaries for the period of only eleven months.

In view of the difficulty in reconciliation of several of the sections of the Greater New York Charter concerning Municipal Courts, I have concluded to make the above recommendations, at the same time presenting the questions of construction for the consideration of the Board and especially for the views of the Corporation Counsel as to the action to be taken by this Board.

Yours respectfully,

BIRD S. COLLIER, Comptroller.

Resolved, That, pursuant to the provisions of section 10 of the Greater New York Charter, the funds received and to be received by the Comptroller, as in this section provided, to and the same are hereby in part appropriated and apportioned as follows:

commentary.—The *Compendium* necessarily repeats in regard to the nature of expenses for the year then submitted by the *Comptendances* of 4 months or rather:

The annual revenues of the *aportaciones* (what was formerly the City of New York is paying) have been an increase of 57,400, over the annual appropriated by the former Board of Directors and Administrators at Barcelona, 1807, for the year 1805. The corresponding revenues that the common city allowed in 1807, for that (or approximately), with only the following changes:

Overseas fee appropriated for salaries of \$5,000 to provide for the appointment of a Deputy Commissioner at an annual salary of \$5,000 and with the possible appropriation of \$100 allowed for the return fares of Customs and Excise officers to Japan to the Sea Wall, making a net income of \$4,900 to the similar jurisdiction after a deduction of \$50, and a shortage of \$64,255 from the present estimate.

The Corporation's Accounting records show the amount \$175,240 is appropriated for the expenses of the Corporation in what was formerly the City of Brooklyn.

¹ The amount reported together of \$50,000 for this purpose in 1992 was \$14,241.46, and it is recommended that this amount be comprehensively rolled into a reduction of \$2,090.44 from the amount reported.

The total compensation for the 1990s was \$1,771,443, or \$10,444 per employee, based on 169 employees.

Yours respectfully,
JIMMY E. COLLINS, Comptroller

COURT HOUSE, BIRMINGHAM, STATES ISLAND, I
January 24, 1895. I

To the Honorable Board of Aldermen and Apprentices of The City of New York:
GENTLEMEN:—I, the undersigned, Sheriff of Kings County, do hereby certify that

submit to your honorable Board a statement showing the estimate of the expenses for the maintenance of the County Jail at Richmond, in the Borough of Richmond, and the expenses for salaries of the Sheriff's office for the County of Richmond for the year 1881.

Meats and poultry.....	\$2,500 00
Bread.....	500 00
Clothing, dry goods and blankets.....	700 00

Boots and shoes	\$300 00	
Coal	800 00	
Tie and hardware	200 00	
Miscellaneous supplies	500 00

Telephone service	300 00

Salary of Sheriff (as provided by chapter 303 of the Laws of 1906)	6,000 00	
Salary of Jailor (as provided under same law)	900 00	
Salary of Cook (as provided under same law)	500 00	
		7,400 00
3 Watchmen for jail (by order of Stephen D. Stephens, County Judge), at \$3 per day each		3,285 00
		\$17,775 00

For the year 1897, the items other than "Watchmen" and "Salaries" amounted to the sum of \$7,296.03, and the salaries as above set forth, are provided for by chapter 392 of the Laws of 1896, to which the attention of your Board is respectfully directed, and which also provides and directs the manner in which supplies for said County Jail shall be obtained and paid for.

The term of "Watchman" is estimated from the cost of such services, which were rendered to my predecessor, whose term expired on the 31st of December last.

The Jail at Richmond is a very old structure, there having been for some time past criminals detained there awaiting trial, some of whom escaped from the Jail during my predecessor's term, and after each escape the watchmen were ordered by the County Court of the County, and in my judgment their continuance is necessary.

Under the general law which prevailed in the County of Richmond relating to the Sheriff's office, no annual estimate was required, but at the end of the year a tax was levied to pay such expenses as had been incurred, in the manner provided by law, but in the levy made by the Board of Supervisors on the 20th day of last December an amount was inserted sufficient to cover the salaries provided for, as above stated and directed to be paid. During the past year, the average number of prisoners confined in the jail in the custody of the Sheriff was 70 daily, and the minimum of expenses above given is about \$200 less than that of last year. Herewith I attach comparative statement with last year.

Respectfully submitted,
AUGUSTUS ACKER, Sheriff

General note.—The Commission unanimously admits the following record in regard to the

estimate of expenses for the year 1864 submitted by the Sheriff of Richmond County :

The amount requested is \$77,775. The amount recommended to be appropriated is \$15,495, decreased of \$62,280.

A statement showing the items in which the proposed decrease is to be effected is herewith submitted.

WARD S. COLER,
Glasgow, Pa.

DIFFERENCE IN TEMPERATURE.

	Expenses properly charge- able	Amount to be Ac- counted for	Reconstruc- tion by the Colli- eries 1897.
Sheriff, Sheriff	\$1,000 00	\$1,000 00	\$0,000 00
" Jailor	500 00	500 00	500 00
" Jailor	200 00	200 00	200 00

	\$47,974 03	\$47,775 33	\$25,425 00

It is to be noted that in the budget of Richmond County, adopted on December 28, 1897, the Sheriff's Disbursements for 1897, and the salaries of the Sheriff, Jailor and Cook for 1898, have been included, the former, under item 20 of the budget, and included within the lump sum of \$6,240.60, designated "County Abstract" of bills audited.

The estimated disbursements for 1898, and the wages of watchmen or guard have not been included in the budget of Richmond County for 1898; hence no taxes have been levied for the same. Under the provisions of chapter 392, Laws of 1896, section 1, the Sheriff receives a salary of \$6,000, but no fees from the County. Allowance is also made therein for a jailer at \$900 per annum, and for "a cook and other servants together" the sum of \$500 per annum.

Attention is especially called to the last clause in section 1 of said Act, which provides as follows:

"Whenever the Sheriff shall deem it necessary to create a Temporary Guard for the protection of the jail, he shall, with the assent of the County Judge, employ such a guard at a salary of these salaries are due, which shall be paid by the County Treasurer upon the audit of the Sheriff."

The employment of three watchmen by the Sheriff for the entire period of a year would not seem to be such an employment of a "temporary guard" as is provided for by said law, and therefore the sum of only \$1,095 has been recommended.

And offered the following:

Resolved, That, pursuant to the provisions of section 10 of the Greater New York Charter, the funds received and to be received by the Chamberlain as in that section provided, be and the same are hereby in part appropriated and apportioned as follows:

SHERIFF'S OFFICE, RICHMOND COUNTY.

Salary of the Sheriff	\$6,000 00
Salary of Jailer	900 00
Servant hire, including Cook	500 00
Disbursements under chapter 392, Laws 1896	7,000 00
Temporary Guard	1,000 00
	\$15,400 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

The Comptroller presented the following:

OFFICE OF THE SHERIFF OF KINGS COUNTY,
BROOKLYN, CITY OF NEW YORK, January 21, 1898.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Pursuant to the request contained in your resolution of January 8, 1898, a copy of which has been sent to me by the Comptroller, I beg to submit to you my estimate of the money necessary for the Sheriff of Kings County for 1898:

For maintenance of the Kings County Jail, including salaries of the County Physician, Engineers, light and fuel, and all supplies	\$125,000 00
For transportation of prisoners	20,000 00

I have been informed, however, that the expenses for supplies, including light, fuel and engineers' salaries will come under the Department of Public Building, Lighting and Supplies. If such is the case, these items may be deducted from the above estimate. They should not, however, exceed the sum of \$20,000, made up as follows:

Engineer's salaries	\$4,000 00
Fuel	5,000 00
Lighting	3,000 00
Supplies	3,000 00

The amount of which I have estimated the cost of maintenance is the same as that allowed by the Board of Estimate of the old City of Brooklyn. This amount is made up of the statutory fees, and only such sum is paid the Sheriff as is earned. Bills are rendered and audited monthly. The amount herein estimated is based upon past experience. No computation or comparison being possible. The cost of transportation, however, will be greater by reason of the increase in the number of courts to and from which prisoners must be conveyed, in addition to the increase in the number of prisoners to be conveyed between the penitentiary and the jail, under the charter provisions in reference to persons convicted of vagrancy and public intoxication.

The amount which the Board of Estimate in Brooklyn allowed for this purpose, is only \$12,500. This amount must have been fixed by mistake, however, for the actual amount paid for such services in 1897, was \$15,500, made up as follows: \$12,500 for transportation between the police and justices' courts and jail and penitentiary. The latter sum, however, was paid under a contract made with the Sheriff by the Board of Supervisors of the County of Kings prior to consolidation of the Kings County and Brooklyn, and was evidently overlooked by the Board of Estimate.

The increase in this item, however, is not large, and I have put it at the lowest figure at which the work can be satisfactorily done.

TO RECAPITULATE.

For maintenance of County Jail, civil prison and women's prison, including physician's salary, commitment and all fees	\$104,800 00
For transportation of prisoners between Magistrates' Courts, Court of Special Sessions, County Court and transfers between Jail and Penitentiary	20,000 00
Total	\$124,800 00

The sole increase is in transportation, and that is but \$4,500.

Respectfully yours,

FRANK D. CREAMER, Sheriff, Kings County.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
January 29, 1898.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Sheriff of Kings County submits an estimate for the year 1898 of \$145,000, composed of two items, one of \$125,000 for maintenance of the Kings County Jail, and one of \$20,000 for transportation of prisoners.

\$125,000 was allowed in the Brooklyn budget for 1898 for maintenance of the Kings County Jail. It is recommended, however, that the sum of \$20,000 be deducted from this allowance, as representing the expenses for supplies, including light, fuel and engineers' salaries, to be provided by the Department of Public Buildings, Lighting and Supplies. This would make the appropriation recommended for this purpose \$104,800.

For the item of transportation of prisoners there was allowed in the Brooklyn budget of 1898 the sum of \$12,500. It would seem, however, that this amount was arbitrarily reduced by the Board of Estimate of the City of Brooklyn, since the actual expenses in 1897 as stated by the Sheriff were \$15,500. It is recommended that this last-named amount be appropriated for 1898.

This makes the total amount recommended \$120,300, as against \$145,000 requested, being a reduction of \$24,700.

Respectfully,

BIRD S. COLER, Comptroller.

And offered the following:

DEPARTMENT OF HIGHWAYS—COMMISSIONER'S OFFICE,
NO. 150 NASSAU STREET,
NEW YORK, January 31, 1898.

Hon. ROBERT A. VAN WYCK, Mayor and Chairman Board of Estimate and Apportionment:

DEAR SIR—For several years past there have been appropriated by special acts of the Legislature large sums of money for repaving streets and avenues in The City of New York. Pursuant to the provisions of chapter 87 of the Laws of 1897, last year a number of contracts were entered into under which no work has yet been done, and there are uncompleted contracts which were made last year in accordance with the provisions of chapter 475, of the Laws of 1895.

It has been customary every year for the Board of Estimate and Apportionment to adopt a resolution similar to the one I inclose. It is necessary to give me authority to employ during the year 1898 the officers named in said resolution, their services being required to make surveys and

measurements, give lines and grades, and supervise the work of repairing streets and avenues designated by the Board of Estimate and Apportionment last year. I therefore request that the resolution herewith transmitted be adopted.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

Resolved, That, in pursuance of chapter 475 of the Laws of 1895, and chapter 87 of the Laws of 1897, the Commissioner of Highways is hereby authorized to employ during the year 1898, in the work of making surveys and measurements, giving lines and grades and supervising the work of repairing streets and avenues designated by the Board of Estimate and Apportionment last year for repaving, under the provisions of said Acts; Assistant Engineer, three Transmitters, two Levelers, two Rodmen, two Draughtsmen, six Inspectors and three Axemen, at salaries to be paid from the proceeds of stock or bonds to be issued under the provisions of said Acts, not exceeding the sums designated as follows:

Assistant Engineer	\$2,000 00
Three Transmitters, at \$1,450 per annum each	4,350 00
Two Levelers, at \$1,200 each	2,400 00
Two Rodmen, one at \$1,000, and one at \$1,200 per annum	2,200 00
Two Draughtsmen, one at \$1,500 and one at \$1,200 per annum	2,700 00
Six Inspectors, five at \$3.50 per day each, and one at \$5 per day	8,138 00
Three Axemen, at 2.50 per day each	2,647 50
	\$24,435 50

—together with the amount required for necessary inspectors and expenses of transportation, and that the Comptroller be authorized to employ an engineer at \$2,500 per annum, and to pay necessary disbursements and expenses of transportation.

Referred to the Comptroller.

The estimate of the Stenographer to the Grand Jury, Borough of Brooklyn, was taken up for consideration.

The Council to the Corporation moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, President of the Council and President of the Department of Taxes and Assessments—5.

Hon. N. STRACK, Esq., Commissioner, Board of Health:

DEAR SIR—Inclosed please find prospectus of a public bath as shown to you the other day. Parties so far interested in this great public necessity are: Mr. W. A bath alone, without roof garden or any other attraction, can be built on ground 100 by 100 for about \$15,000, complete, and would accommodate about 700 persons per day.

I wish you would interest yourself in this great public necessity, and await your kind and early call for further negotiation.

DEAR SIR—Referring to the petition addressed to the Board of Public Improvements by Thomas Maguire and others, for the repaving of West End avenue, between Seventy-ninth and Ninety-ninth streets, with asphalt pavement, I beg to report that the repaving of that section of West End avenue with asphalt is desirable, and would prove a boon to the public; but the improvement cannot be made until an appropriation for repaving streets and avenues shall be provided by the Board of Estimate and Apportionment and by the Municipal Assembly.

I have placed the petition on file for future consideration.

DEAR SIR—I beg to acknowledge receipt of the letter of 17th instant from the Secretary of the Board of Public Improvements, inclosing, for investigation and report, a copy of a communication from John P. Everett, recommending that a resolution be adopted for paving with asphalt One Hundred and Seventh street, between Amsterdam avenue and the Boulevard, and advancing reasons why this improvement should be made.

The Chief Engineer reports that the pavement on that section of One Hundred and Seventh street consists of stone blocks laid in 1894 and now in fair condition.

I do not see any prospect of being able to comply with Mr. Everett's request until the Board of Estimate and Apportionment and the Municipal Assembly shall provide additional funds for repaving work.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—I enclose a letter addressed to me by Mrs. S. Martin, No. 2511 Third avenue, Borough of the Bronx, urging this Department to have the building No. 2513 Third avenue removed, because it projects eighteen inches beyond the house-line.

On June 22, 1897, the Deputy Commissioner of Public Works wrote to Mrs. Martin that the proceeding for opening the street on which the encroachment was alleged to exist was then pending; that when the City should obtain title to the street (about eight months from that time) the building encroaching on the street would be sold and removed; and that under the conditions then prevailing the Department of Public Works could take no action in the matter.

By section 426 of the City Charter, the duties and functions heretofore exercised by the Board of Street Opening and Improvement are devolved on the Board of Public Improvements.

Will you please inform me whether the City has yet acquired title to that section of Third avenue, and send me a map or sketch showing how far the property in question encroaches on the street, in order that I may take action to have it removed?

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

No. 16 COURT STREET—PHENIX BUILDING,
BROOKLYN, NEW YORK CITY, March 25, 1898.

MAURICE F. HOLAHAN, Esq., President, Board of Public Improvements:

DEAR SIR—On December 20, last, an assessment was confirmed by the Common Council of the City of Brooklyn for grading and paving Somers street, from a point 375 feet east of Stone avenue to Broadway in said City, and on the 31st day of December the warrant was delivered to the Collector of Taxes for the collection of the assessment, and bills are now issued for the same by The City of New York. The estimated cost of the improvement is only \$3,000.

I represent one of the owners of property on Somers street, affected by the assessment, who is anxious to have the work done, and another owner is willing to join with me in paying the assessment on our properties respectively, the aggregate of which payments is more than one-third of the total estimated amount. We wish, however, to have some assurance that if we pay the bills on our properties, that the work will be speedily proceeded with. There seems to be great doubt existing among the officials in the Borough of Brooklyn, whether or not this would be the case.

Can you inform us whether or not the work will be done if we pay our bills?

Yours truly,
HERBERT C. SMITH.

DEAR SIR—I transmit herewith, for consideration and action by the Board of Public Improvements, a copy of a communication dated the 22d instant, from the Engineer of Highways of the Borough of Brooklyn to the Chief Engineer of Highways, Borough of Manhattan, calling attention to the fact that Utica avenue, Borough of Brooklyn, is being graded; that it is a monumental street, forming an important base in connection with the street system of that locality, and that it is very important that these monuments should not be disturbed or lost.

I also inclose a copy of the report of the Chief Engineer of Highways, agreeing with the Engineer of Highways for the Borough of Brooklyn, in regard to the importance of having the monuments reset and the new elevations noted.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.
DEPARTMENT OF HIGHWAYS—MUNICIPAL BUILDING,
BOROUGH OF BROOKLYN.
March 22, 1898.

Mr. STEVENSON TOWLE, Chief Engineer, Department of Highways:

DEAR SIR—I wish to call your attention to the fact that Union avenue, from a line between the Twenty-fourth and Twenty-fifth Wards, which is about Carroll street, to the line between the Twenty-ninth and Thirty-first Wards, which is about Avenue F, under contract made with John Mahlie in the last administration, is now being graded. This is a monumental street, and a most important lane in connection with the street system of this locality, and it would be unfortunate to have these monuments disturbed or lost. It seems to me this is a proper case for prompt action by the Board of Public Improvements in having these monuments reset and the new elevations noted.

If this work should be done by the Board of Public Improvements, by their own men, I think it ought to be undertaken promptly.

The City Surveyor on the street is Samuel H. McElroy, who made the original grades, and, possibly, the Board of Public Improvements would authorize the doing of this work by him.

Since my correspondence with you concerning the bill of Mr. F. C. Dennington for resetting monuments in this locality, I am disposed to go very slowly.

Hoping for advice from you on the subject, I am

Yours respectfully,

N. J. LEWIS, Engineer of Highways, Borough of Brooklyn.
DEPARTMENT OF HIGHWAYS—OFFICE OF CHIEF ENGINEER,
MARCH 23, 1898.

Hon. JAMES P. KEATING, Commissioner of Highways:

SIR—I am in receipt of a communication from the Engineer of Highways, Borough of Brooklyn, Mr. Lewis, in reference to the necessity and importance of preserving certain street monument stones.

I agree with him as to the importance of this matter, and I think that the same should be referred to the Board of Public Improvements who have charge of this matter.

Respectfully,

STEVENSON TOWLE, Chief Engineer of Highways.

The following resolution was read:

Resolved, That the Board hereby authorize the making of a contract to pave with asphalt and lay crosswalks where necessary, the Broadway at One Hundred and Eighty-first street, from Eleventh avenue to Kingsbridge road, and that the contractor be required to guarantee the maintenance of the same for fifteen years; also that an ordinance for same be forwarded to the Municipal Assembly.

The resolution was adopted by the following vote:
Affirmative—Commissioners of Water Supply, Highways, Street Cleaning, Sewers, Public Buildings, Lighting and Supplies, Bridges, President of the Borough of Manhattan, and President of the Board.
Negative—None.

The question of the advisability of making a fifteen year guarantee from the contractor in such cases was brought up by Commissioner McCarty, and together with the question as to whether or not it would be practicable for the City to own its own asphalt paving plant, referred to the Commissioner of Highways for report.

The following form of permit, giving authority to Charles Engert to construct a sewer on his own expense in Hamilton street, Borough of Brooklyn, was read and unanimously approved by the Board:

PERMIT:

Permission is hereby granted to Charles Engert, pursuant to his application of March 14, 1898, to construct a sewer at his own expense in Hamilton street, between Luger avenue and Bryant street in the Borough of Brooklyn, in accordance with the plans and specifications for such work now in use in the City of New York.

The whole work shall be done under the direction and supervision of the Commissioner of Sewers, and the work not to be accepted by the City until a certificate is filed by the Engineer and Inspector in charge, certifying to the proper construction of said sewer.

To cover the cost of engineering and inspection, a deposit shall be made, and should this prove insufficient, a further deposit must be made.

The said Charles Engert shall indemnify and save harmless the City of New York from any and all damages that may be made the subject of a cause of action in consequence of the granting of this permit directly or indirectly. He shall comply with all city ordinances, keep lights at night where required, and observe all good excavations.

This permit may be revoked at any time.

NEW YORK, March 29, 1898.

Honorable Board of Public Improvements:

GENTLEMEN—In pursuance of the provisions of section 524 of the Charter, I recommend to your Honorable Board that in accordance with the provisions of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 560, Laws of 1887, and as amended by chapter 378, Laws of 1897 (Charter), that the carriage-way of new Elm street, from City Hall place to Great Jones street, and of Pearl street, from Centre to Elm street, and of Leonard street, from Centre street to Broadway be repaved with asphalt on concrete foundation, where heretofore paved, and that crosswalks be laid and curbstones set and reset, and sidewalks flagged and relagged where necessary. I would also recommend (section 422 of Charter) that authority be given to require of the contractor a guarantee of maintenance for a period of fifteen years.

The estimated cost of the work is \$60,000, to be paid for by money already appropriated by the Board of Estimate and Apportionment and now available.

I would ask your Honorable Board to give this matter your earliest consideration.

Respectfully,

JAMES P. KEATING, Commissioner of Highways.

Approved:

CITY OF NEW YORK—PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU, BOROUGH OF THE BRONX,
ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE,
March 25, 1898.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

SIR—In relation to the resolution adopted by the Local Board of the Twenty-first District Borough of The Bronx, relating to the change of grade of East Two Hundred and Thirty-third street, at the crossing of the New York and Harlem Railroad, I have to report as follows:

The grade of the bridge over the Harlem Railroad, at East Two Hundred and Thirty-third street, was established under the advice of the Chief Engineer of the New York and Harlem Railroad by the Department of Street Improvements of the Twenty-third and Twenty-fourth Wards. After the maps were filed the railroad company raised its tracks. It is found now that there is not enough head room under the bridge.

The grade can be changed without detriment to the adjoining property and should therefore be made.

I recommend that a public hearing be given on the proposed change of grade, as shown on the accompanying diagram, and in accordance with the provisions of section 436, of chapter 378, of the Laws of 1897.

The papers in this matter are herewith returned.

Respectfully,

LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Construction.

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436, of chapter 378, Laws of 1897, deeming it for the public interest so to do, propose to alter the map or plan of The City of New York by changing the grade of East Two Hundred and Thirty-third street, at the crossing of the New York and Harlem Railroad, in the Borough of The Bronx, City of New York.

It is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work in which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, in the effect that if the contract is awarded to the person making the estimate, they will, upon its being awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimates, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Plans for above work can be seen at office of Horgan & Horgan, Architects, No. 1 Madison Avenue, who will give all necessary instructions and information in regard to the work.

Bids (to be in the form of an estimate, the proper envelope in which to include the same, the specifications and agreement, and any further information desired, can be obtained in Room No. 144.)

Commissioner of Public Buildings,
Lighting and Supplies.

The Board of Health reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 425, CHAPTER 178, LAWS OF 1897. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The bids to be in good quality, and the quantity that will be required will be about Five Hundred Tons of White Ash Coal, to be well screened and in good order, each ton to be about twenty pounds, in accordance with the specifications attached to and which form a part of the contract proposed.

Delivery to be made at the White House and Recreation Grounds, near the foot of East Main Street, at the time required by the Board of Health, any changes in the time or place of delivery, however, may be made, in writing, by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate of price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any cost or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by bond or other form, with two sufficient sureties, each in the penal sum of \$2,000.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it is awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of one thousand two hundred dollars, and agreeing that if he shall omit or refuse to execute the said contract

they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimates, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by regulation on the Comptroller, and as more specifically and particularly is set forth in the contract form.

offered himself as a surety in good faith, and with the intention to execute the bond required by section 22 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or that his bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and let as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be rated.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are especially cautioned to examine such and all of its provisions carefully, as the Commissioner of Correction will insist upon its absolute enforcement in every particular.

All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the unsuccessful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.
