The Honorable Eric Adams Mayor City Hall New York, NY 10007

The Honorable Adrienne Adams Speaker New York City Council New York, NY 10007

VIA E-MAIL

Dear Mayor Adams and Speaker Adams:

As required by Local Law 35 of 2014, enclosed please find NYC HRA's report covering the IDNYC program for the quarter ending June 30, 2025.

During this reporting period, IDNYC continued to partner with New York City Public Schools (NYCPS), local community-based organizations, and non-profits to expand access to appointments, and to assist the city's most vulnerable in enrolling in IDNYC successfully.

IDNYC is also finalizing an update to the Rule (68 RCNY Chapter 6) governing the program. The update expands the documentation accepted by the program and increases point values for currently accepted documentation that will assist applicants applying for IDNYC. The rule change was published in the City Record on July 11, 2025.

At the closing of this quarter, a total of 1,844,437 cardholders have been able to enjoy the meaningful benefits of the IDNYC program. IDNYC is grateful for the ongoing leadership and partnership of Mayor Adams, Speaker Adams, and the New York City Council. We look forward to continuing to support New Yorkers in our city.

Sincerely,

Molly Park, Commissioner, Department of Social Services

Cc: Randy Mastro, First Deputy Mayor

Suzanne Miles-Gustave, Esq., Deputy Mayor

Camille Joseph Varlack, Chief of Staff, and Deputy Mayor

Manuel Castro, Commissioner, Mayor's Office of Immigrant Affairs

New York City Identity Card Program Quarterly Report April 1, 2025 – June 30, 2025

As required by Local Law 35 of 2014, the Human Resources Administration (HRA), as the administering agency of the IDNYC program, shall prepare and submit to the Mayor and the Speaker of the City Council a report on the New York City municipal identification card program that includes the information below.

1) The number of applications received by the city for the New York City identity card disaggregated by applicant borough of residency:

Since the launch of the IDNYC program, 2,553,029 applications, including renewal applications, have been received.

The following table depicts the number of applications disaggregated by borough of residence:

| Borough | Total Applications Processed to Date as of June 30, 2025 (age 10 & up) | Cardholders as a Percentage of Estimated Eligible Population ¹ (age 10 & up) |
|------------------|--|---|
| Bronx | 454,705 | 26.07% |
| Brooklyn | 726,362 | 22.72% |
| Manhattan | 517,057 | 24.83% |
| Queens | 794,288 | 27.15% |
| Staten Island | 60,551 | 10.34% |
| Non-NYC P.O. Box | 66 | N/A |
| TOTAL | 2,553,029 | 24.22% |

The 66 non-NYC addresses reflect applicants who participate in the New York State Address Confidentiality Program for domestic violence survivors and use an Albany P.O. Box address. IDNYC has verified that these applicants reside in New York City.

2) The number of New York City identity cards issued:

As of June 30, 2025, IDNYC has issued 2,480,023 cards.

3) The number of New York City identity cards issued to minors:

As of June 30, 2025, IDNYC has issued 98,416 cards to minors (individuals ages 10 to 17).

¹ Based on percent of population 10 years old and above, according to U.S. Census Bureau American Community Survey, 2016. Analysis completed by HRA Office of Evaluation and Research.

4) The number of requests made by City agencies for information collected about applicants for the New York City identity card disaggregated by requesting agency:

During this reporting period, IDNYC did not receive any requests for information collected about applicants from any City agencies. For information about requests from law enforcement, see response to question 7 below.

5) The number of times the administering agency shared documents submitted by applicants to establish eligibility for the New York City identity card with other city agencies disaggregated by agency:

During the reporting period, IDNYC did not share any documents submitted by applicants to establish eligibility for the New York City identity card with other city agencies.

6) The number of denials made to requesting agencies for information collected about applicants for the New York City identity card:

During the reporting period, IDNYC did not receive any requests for applicant information from any City agencies.

7) The number of New York City identity card applicants whose information was disclosed to law enforcement, disaggregated by whether such disclosure was pursuant to a judicial warrant or judicial subpoena:

During the reporting period, IDNYC disclosed information concerning one (1) applicant to law enforcement. Such disclosure was pursuant to a subpoena.

8) The number of occurrences of fraud or other criminal activity related to issuance of the New York City identity card:

Since the program's launch in January 2015, 684 cases have been detected to have a high likelihood of suspected fraud. In this reporting period, the program's integrity review process detected 9 instances in which an individual sought to obtain an IDNYC card under another name and/or identity. These integrity flags were detected by the program's duplicate image search technology, which automatically seeks to match the photographs taken of new applicants against the database of previous IDNYC cardholders or applicants to prevent the improper issuance of a second IDNYC card to a single applicant. If there is a perceived match, investigators on the program integrity team proceed with an investigation in accordance with program protocols. There were 13 additional instances where the program's integrity review process detected an individual seeking to obtain an IDNYC card with documents that were suspicious and could not be authenticated. All 22 applications were denied. Where possible, in cases where the program suspects an individual is applying for a card under someone else's identity, the potential victim is notified by letter about the improper use of their identity information.

9) The City's efforts to conduct outreach to prospective applicants relating to the New York City identity card program:

In the Second Quarter of 2025, MOIA's outreach team provided IDNYC education and outreach assistance for enrollment with communities throughout New York City working in cooperation with the Department of Social Services' Outreach team.

MOIA's External Affairs team promoted IDNYC at more than 190 Day of Action events hosted by at least one community liaison throughout the five boroughs (Bronx 26, Kings 57, New York 46, Queens 60 Richmond 1) with a focus on immigrant communities. 36,724 IDNYC informational materials were distributed in more than 21 different languages, reaching more than 8,641 constituent contacts.

The MOIA outreach team reached hundreds of individuals at events in partnership with sister agencies, Metro Plus, city shelters, HERRCS and other community stakeholders across the city. During this quarter, MOIA assisted with 4,318 application submissions.

Days of Action are dedicated to serving the diverse constituents at pop-up sites, Community-Based Organizations, and collaboration with Elected Officials who advocate for the immigrant community across all five Boroughs of New York City. MOIA has two primary areas of focus in NYC: geography and demographics. Geographically, MOIA's mission is to reach every immigrant community within the five boroughs, ensuring comprehensive service coverage.

MOIA provides communities with IDNYC informational materials to facilitate both the enrollment and renewal processes, available in over 21 languages. To meet the language needs of immigrant New Yorkers, events are staffed with multilingual personnel and interpreters, ensuring effective communication and support.

During this quarter, IDNYC enrolled 481 New Yorkers at pop-up sites and aboard the Mobile Command Center, IDNYC On-the-Go. IDNYC held these pop-up events at The Pan American High School and The International High School - LaGuardia in Queens, The Brooklyn International High School in Brooklyn, The Crotona International High School in the Bronx, and The International High School – Union Square in Manhattan.

The Department of Social Services' Office of Community Outreach Team (OCO) provides education and training for the community. This quarter, OCO conducted 3 training sessions, with a total of 29 attendees representing 24 different Community Based Organizations.

10) The City's efforts to promote acceptance of the New York City identification card by banks and other public and private institutions:

The program continues to seek new ways to expand the card's acceptance and utility, including ensuring the continued acceptance by benefit and cultural partners, financial institutions, and by the NYPD and other government agencies for identification.

11) The types of services, other than City services, for which the New York City identification card is permitted as acceptable proof of identity and residency:

During this quarter, IDNYC cultural partners issued a total of 2,200 free one-year memberships, with 794,895 memberships issued since January 2015.

Libraries

The City's partnership with the Brooklyn, New York, and Queens Public Library systems allows New Yorkers to use their IDNYC card as a single, citywide library card. Since January 2015, over 62,630 cardholders have added this functionality to their IDNYC. Additionally, IDNYC continues to work with the Brooklyn, Queens, and New York Public Libraries to promote their virtual content.

Health

The IDNYC card continues to facilitate access to better health and savings.

- At Food Bazaar stores in Queens, Brooklyn, and the Bronx, IDNYC cardholders saved over \$59,000 in discounted grocery purchases this quarter, bringing total grocery savings to more than \$5 million dollars (\$5,438,640.94) since January 2015.
- IDNYC's partnership with Health + Hospitals (H+H) allows cardholders to link their IDNYC cards to their H+H
 accounts, thereby speeding up the check-in process for subsequent appointments. Since this partnership began in
 May of 2016, 11,583 cardholders have linked their IDNYC cards to their H+H accounts. Additionally, IDNYC has
 been a crucial tool for registering for and receiving COVID-19 vaccines and care.
- Since January 2017, parents, guardians, and other individuals have been able to use their IDNYC card online, at My Vaccine Record (MVR), to verify their identity to access their own or their children's official immunization records, including for COVID-19, from the NYC Department of Health & Mental Hygiene's (DOHMH) Citywide Immunization Registry (CIR). Parents can check which vaccinations their child still needs and can print out a vaccination history to complete medical forms for childcare, school registration, college admission, camp enrollment, and more. To date 19,451 cardholders have accessed vaccine records using an IDNYC card. During this quarter, 323 cardholders accessed MVR using their IDNYC to retrieve their vaccination records.

Veterans

Since IDNYC launched the Veteran Designation in July 2015, 15,084 veterans have chosen to have this special marker on their IDNYC cards to indicate service in the U.S. Armed Services. The designation entitles veterans to exclusive benefits, better connects veterans to the services and discounts they deserve and is an expression of the City's gratitude and respect for those who have served our country.

Finally, IDNYC continues to field inquiries from public and private institutions eager to partner with us. Our goal is to make meaningful additions to the program that reflect IDNYC's vision of greater access to government services, financial services, education, cultural benefits, and health and wellness for all New Yorkers.
