THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

STATED MEETING.

Tuesday, June 12, 1906, 1.30 o'clock p.m.

The Board met in the Aldermanic Chamber, City Hall.

In the absence of the President the Vice-Chairman took the chair.

Present:

Aldermen

Elias Goodman, Vice-Chairman; Jacob Bartscherer, B. W. B. Brown, John J. Callahan, Michael J. Carter, William S. Clifford, John J. Collins, John R. Davies, John Diemer, Thomas D. Dinwoodie, Frank J. Dotzler, Reginald S. Doull, Frank L. Dowling, Robert F. Downing, Andrew J. Doyle, Joseph F. Ellery, George Everson, John J. Farrell, Clarence R. Freeman, Herman S. Fried, George Cromwell, President of the Borough of Richmond; Joseph Bermel, President of the Borough of Queens, and by Lawrence Gresser, Commissioner of Public Works. Louis F. The Vice-Chairman announced that Aldermen Cole and Krulish had been excused from attendance.

The Clerk proceeded to read the minutes of the stated meeting of June 5, 1906.

On motion of Alderman Wentz further reading was dispensed with, and the minutes were approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 817.

City of New York—Office of the Mayor, June 11, 1906.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, with my disapproval, the inclosed resolution adopted by your Honorable Board on May 29, entitled,

"Resolution recommending full pay for per diem veteran firemen on Memorial Day."

There is no provision in the Charter which allows payment to be made to per diem employees for non-service.

In the absence of such provision, it has been held by the Corporation Counsel that the Board of Aldermen has no power to adopt a resolution of this character.

Even if such power could be implied, the resolution could not become effective, for any payment by the City to per diem employees for non-service would be nothing more or less than a gift, and would fall within the provisions of article 8, section 10, of the State Constitution, which forbids any city to give money to or in aid of any individual.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Local Boards, Twenty-fourth and Twenty-fifth Districts, Municipal Building, Crotona Park, Borough of The Bronx, May 28, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I inclose herewith form of resolution for presentation in the Board of Aldermen at its meeting to-morrow, May 29, 1906, to allow leave of absence, with pay, to veteran firemen receiving per diem pay, for the twenty-four hours of May 30, 1906, for the purpose of permitting them to participate in the Memorial Day exercises.

Yours truly,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

Resolved, by the Board of Aldermen, That, for the purpose of enabling veteran firemen to participate in the exercises of Memorial Day, May 30, 1906, the Presidents of the various boroughs of The City of New York and the heads of the various public Departments in said City are hereby authorized and requested to give leave of absence, with pay, for the twenty-four (24) hours of the 30th day of May, 1906, to every person receiving per diem pay in the service of The City of New York, who served in the Volunteer Fire Department in any of the boroughs of said City, and who was honorably discharged from said service.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

THOMAS E. HAMILL.

Which resignation was accepted.

No. 876.

New York, June 8, 1906.

Hon. P. J. SCULLY, City Clerk, New York City:

Sir—As required by law, I beg to notify you that I have changed my residence to Montclair, N. J., and am, therefore, not qualified to act as Commissioner of Deeds.

Yours respectfully,

FRANCIS GUERRLICH.

Which resignation was accepted.

No. 877.

State of New York, Board of Railroad Commissioners, Albany, June 11, 1906.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—Referring further to the preambles and resolution of the Board of Aldermen of New York City, adopted on April 17 last, in relation to the Interborough Rapid Transit Company placing drip pans over the crosswalks on its elevated railroad structures on Westchester avenue and the Southern Boulevard, in which matter we sent you a copy of the answer of the company on the 14th ult., I am instructed by the Board to say that this matter of this complaint is under the jurisdiction of the Rapid Transit Commissioners in New York City.

By the Board,

J. S. KENNEDY, Secretary.

Which was referred to the Committee on Railroads.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 878.

Police Department of The City of New York, No. 300 Mulberry Street, New York, June 8, 1906.

To the Honorable the Board of Aldermen:

I respectfully ask your permission to withdraw that communication, and that no action be taken authorizing the issue of Special Revenue Bonds for such purpose.

The Vice-Chairman laid before the Board the following communication from the Board of Health:

No. 879.

Department of Health, Southwest Corner Fifty-fifth Street and Sixth Avenue, New York, June 9, 1906.

Hon. P. J. SCULLY, City Clerk:

Sir—Enclosed herewith you will find a copy of preambles and resolutions adopted by the Board of Health at its meeting held June 6, 1906, requesting the Board of Aldermen to amend a certain resolution adopted by the Board of Aldermen on the 3d day of April, 1906, authorizing the Board of Health to apply a sum not exceeding \$20,000 for the purpose of preparing the Sanatorium located at Otisville, town of Mt. Hope, Orange County, N. Y., for the occupancy by and treatment of persons living in The City of New York affected with tuberculosis, by inserting the provision that the said sum of \$20,000 be charged against a certain fund created by the issue of Corporate Stock, to an amount not exceeding \$250,000, by the resolution of the Board of Estimate and Apportionment dated July 14, 1905.

The Comptroller is unwilling to honor requisitions drawn for the payment of any part of the expenditure authorized until a resolution specifying the fund to be charged therewith is adopted by the Board of Aldermen.

Respectfully yours,

EUGENE W. SCHEFFER, Secretary.

Department of Health, Southwest Corner Fifty-fifth Street and Sixth Avenue, New York, June 9, 1906.

Hon. P. J. SCULLY, City Clerk, New York City:

Sir—at a meeting of the Board of Health of the Department of Health, held June 6, 1906, the following preambles and resolutions were adopted:

Whereas, The Board of Aldermen on the 3d day of April, 1906, duly adopted the following resolution:

"Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$20,000 for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby

"Ordered, pursuant to the provisions of section 419 of the Greater New York Charter, That said contract or contracts made for said work and furnishings need not be founded on sealed bids or proposals made in compliance with public notices, and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with;" and

Whereas, The same was duly approved by his Honor the Mayor on April 10, 1906; and

Whereas, The said resolution does not specify the fund from which the said \$20,000 is to be taken, and the Comptroller of The City of New York will not honor requisitions drawn for the payment of any part of the expenditure authorized to be paid by the said resolution until the said resolution shall specify the fund to be charged therewith; now therefore be it

Resolved, That the Board of Aldermen of The City of New York be and is hereby requested to amend the said resolution of April 3, 1906, so that the same shall read as follows:

"Resolved, That the resolution adopted by this Board on April 3, 1906, and approved by his Honor the Mayor April 10, 1906, be and the same is hereby amended so as to read as follows:

"Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$20,000 for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby further

"Resolved, That the said sum of \$20,000 be charged against the fund created by the issue of Corporate Stock to an amount not exceeding \$250,000 by the resolution of the Board of Estimate and Apportionment dated July 14, 1905; and it is hereby

"Ordered, pursuant to the provisions of section 419 of the Greater New York Charter, That said contract or contracts made for said work and furnishings need not be founded on sealed bids or proposals made in compliance with public notices, and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with."

Respectfully,
EUGENE W. SCHEFFER, Secretary.

Southwest Corner Fifty-fifth Street and Sixth Avenue, }
New York, June 11, 1906.

Hon. P. J. SCULLY, City Clerk, City Hall:

Sir—Inclosed herewith you will find a copy of a preamble and resolution adopted by the Board of Health at its meeting held June 6, 1906, requesting the Board of Aldermen to consent to the expenditure of a sum not exceeding \$11,000 in a way other than by contract or contracts founded on sealed bids or proposals, made in compliance with public notice, for the purpose of preparing the sanatorium of the Department of Health located at Otisville, in the town of Mt. Hope, Orange County, N. Y., for the occupancy by and treatment of patients, and in making repairs, additions, alterations, etc., in the present buildings on said site.

The Board of Aldermen had previously consented to the expenditure of \$20,000 in the way stated, but it has since been found that the amount is insufficient for the purposes required, and that it will be necessary to expend an additional \$11,000. Hon. P. J. SCULLY, City Clerk, City Hall:

Sir—At a meeting of the Board of Health of the Department of Health held June 6, 1906, the following preambles and resolution were adopted:

Whereas, Land with numerous buildings thereon has been acquired by The City of New York at Otisville, Orange County, New York, for the purpose of establishing thereon a sanatorium and other buildings and structures for the care and treatment of persons afflicted with tuberculosis, to be under the jurisdiction of the Board of Health of the Department of Health of The City of New York; and

Whereas, It is of imperative necessity that certain improvements shall be made immediately so that persons afflicted with tuberculosis may be sent from The City of New York for treatment with all convenient speed; and

Whereas, A sum not exceeding \$11,000 is required for the purpose of preparing the sanatorium for the occupancy by patients and in making repairs and alterations in the present buildings on the site so acquired and in the erection of tents and portable houses, a storehouse and dining hall, a laundry, in building roadways and providing drainage and water supplies, and in the acquisition of furniture and furnishings for the said sanatorium and buildings and in making such other necessary temporary arrangements for fitting the premises for immediate occupancy; now, therefore, be it

Resolved, That it is not practicable to do the said work and furnish the said supplies by contracts founded on sealed bids or proposals made in compliance with public notice as provided by section 419 of the Greater New York Charter; further, be it

Resolved, That the said Board of Aldermen be respectfully requested to adopt the following resolution and order, to wit:

Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$11,000 for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, Town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby further

Resolved, That the said sum of \$11,000 be charged against the fund created by the issue of Corporate Stock to an amount not exceeding \$250,000 by the resolution of the Board of Estimate and Apportionment dated July 14, 1905; and it is hereby

Ordered, Pursuant to the provisions of section 419 of the Greater New York Charter, that said contract or contracts made for said work and furnishings, need not be founded on sealed bids or proposals made in compliance with public notices and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Department of Finance:

No. 881.

Department of Finance, City of New York, }
June 7, 1906.

To the Honorable Board of Aldermen:

Gentlemen—I would respectfully request authority in pursuance of the provisions of section 419 of the Greater New York Charter, to purchase in the open market without public letting, for the use of the Department of Finance, two automobiles, one to cost not more than \$2,500, and one to cost not more than \$4,000. One is for the use of the Engineering Bureau and the other for the use of the General Office.

The work of examination and investigation in the Engineering Bureau includes personal inquiry in all the Boroughs of the City. Questions of appropriation referred to me by the Board of Estimate and Apportionment I must have examined by the Engineering Bureau before making a report back to the Board. On account of the scope of the work in the different locations of proposed improvements, the Engineer should be provided with an automobile in order to facilitate his work.

The other machine will be used by the Department in general, by myself in official inspections of proposed improvements, the Real Estate Bureau, etc.

The work is so varied in this Department, and the area to be covered so large (the entire city), that I consider two automobiles will be necessary for the proper performance of the duties of the employees of this Department.

Respectfully,

H. A. METZ, Comptroller.

Resolved, That pursuant to section 419 of the Greater New York Charter, the Comptroller of The City of New York be and he is hereby authorized to purchase, without public letting, two (2) automobiles, one to cost not more than \$2,500, and one to cost not more than \$4,000, one to be for the use of the Engineering Bureau, and one for the use of the general office.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Public Administrator:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 8, 1906, approving of the issue of \$2,000,000 Corporate Stock, in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct, to be erected across Spuyten Duyvil creek, connecting Inwood Heights, in the Borough of Manhattan, with Spuyten Duyvil Heights, in the Borough of The Bronx.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two million dollars (\$2,000,000), in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct, to be erected across Spuyten Duyvil creek, connecting Inwood Heights in the Borough of Manhattan, with Spuyten Duyvil Heights in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 8, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million dollars, in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and construction of a monumental bridge or viaduct to be erected across Spuyten Duyvil creek, connecting Inwood Heights in the Borough of Manhattan with Spuyten Duyvil Heights in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million dollars (\$2,000,000), the proceeds whereof to be applied to the purposes aforesaid."

Board of Estimate and Apportionment, City of New York,
Financial Branch, No. 280 Broadway,
June 11, 1906.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 8, 1906, approving of the issue of \$2,000,000 Corporate Stock, for the purpose of providing means for the acquisition of sites and the erection of buildings thereon for the use of the Police Department, together with copy of report of the Chief Engineer of the Department of Finance, approved by the Comptroller, to whom on April 27 was referred the request of the Police Commissioner for an issue of \$11,800,000 Corporate Stock, and copy of said request of the Police Commissioner.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

Hon. HERMAN A. METZ, Comptroller:

Sir—In a letter dated April 17, 1906, the Commissioner of Police asked the Board of Estimate and Apportionment to authorize the issue of corporate stock to the amount of \$11,800,000, for the purchase of new sites for station houses and the erection of new station house buildings.

I have had this matter looked up in detail and have had every police station and sub-station in Greater New York examined and inspected.

As a result of such examination I have classified these buildings according to their present condition, as follows:

In excellent condition	13
In good condition	22
In fair condition	24
In poor condition	27
In bad condition	7

I find that thirteen of these stations are in buildings rented for police purposes, and not one of them well adapted to such uses. Thirteen stations are occupied by the police as part tenants of city buildings, through the courtesy of other departments of the city government.

No borough has adequate headquarters, although the Borough of Manhattan will be provided for in the new building now under construction.

I am of the opinion that a headquarters building should be erected as soon as possible in each of the boroughs of Brooklyn, Queens and Richmond, each building being designed to provide also for a precinct station house within its walls.

It would seem also that speedy provision should be made for new station houses owned by the city, to replace those now under lease; and that all stations now located in buildings belonging to other departments should be provided for in regular station house buildings.

In examining the station houses, the cellars, basements, cells, main and dormitory floors and all toilet facilities were inspected; and in several instances conditions were found that may only be described as intolerable. Such conditions were observed in some stations that it would seem that no set of police officers could long live in contact with them without loss of morale and of self respect.

And the prisons in several stations are of such design, arrangement and condition that no person, however humble, innocent or guilty, should be locked therein for a single hour.

Speedy provision should be made to mitigate those conditions, both for the good of the Police Force and as a duty to the public.

Under the classification adopted, the various houses fall as below:

Conditions.

Excellent—Thirty-fourth, Thirty-sixth, Thirty-seventh, Thirty-ninth, Fortieth, Forty-first, Forty-eighth, Sixty-fifth, Sixty-eighth, Seventieth, Seventy-first, Seventy-fifth, Seventy-ninth Sub. Total, 13.

Good—First, Ninth, Tenth, Eleventh, Fourteenth, Twenty-second, Twenty-sixth, Thirty-first, Thirty-third, Forty-third, Forty-fifth, Forty-sixth, Fifty-first, Fifty-third, Fifty-fifth, Fifty-sixth, Fifty-eighth, Fifty-ninth, Sixty-second, Sixty-fourth, Sixty-ninth, Seventy-ninth. Total, 22.

Fair—Second, Fifth, Sixth, Seventh, Twenty-first, Twenty-fifth, Twenty-eighth, Twenty-seventh, Twenty-ninth, Thirtieth, Thirty-second, Thirty-fifth, Thirty-eighth, Forty-second, Forty-fourth, Forty-ninth, Fifty-second, Fifty-seventh, Seventy-third, Seventy-sixth First Sub, Seventy-seventh, Eightieth Second Sub, Eighty-first, Eighty-fifth. Total, 24.

Poor—Thirteenth, Fourth, Eighth, Twelfth, Fifteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-fourth, Twenty-seventh Sub, Twenty-seventh Second Sub, Thirty-eighth Sub, Forty-second Sub, Forty-seventh, Fifty-fourth, Sixtieth, Sixty-first, Sixty-seventh, Seventy-fourth, Seventy-sixth, Seventy-sixth Second Sub, Seventy-eighth, Eightieth, Eightieth First Sub, Eighty-second, Eighty-third. Total, 27.

Bad—Third, Seventh, Sixteenth, Fiftieth, Sixty-third, Sixty-sixth, Seventy-second, Twenty-fifth. Total, 7.

The present condition of almost every station visited shows faults of designs, inadequate equipment, neglect of needed repairs and much uncleanliness.

In the matter of defective design, little can be done for those buildings already erected, but it should be possible to so plan the new buildings as to exclude faults of design.

In the letter to the Board, the Commissioner mentions the type of house which he thinks most suitable, together with certain features of the buildings, which he thinks desirable.

The present station houses are of various styles and types, and a visit to all of them, old and new, shows that different architects had widely divergent views as to the type of house best adapted to the special use of police precinct stations.

The type the Commissioner has adopted, a four-story house on a lot, 100 feet by 100 feet, with a central driveway and an interior central court, presents certain advantageous features; but, upon the question as to whether this type is the very best for the purpose I am of the opinion that nothing less than a visit to many station houses in many cities of several countries can properly qualify one to be a judge. There can be no doubt that this City should adopt the best type, and a small amount of money spent in determining which is the best would be a judicious investment.

To illustrate how important this question of type and plan may be, I beg to cite that in case it is decided that the new houses must be 100 feet by 100 feet it will render unavailable some thirteen corner sites now owned by the City in the Borough of Brooklyn alone on account of size.

In the matter of equipment, the most glaring faults are insufficient sanitary facilities of every kind, both in stations and in the prisons. In many cases it is possible and desirable that certain renewals, repairs and extensions of sanitary fixtures be made at once, as existing conditions are a menace to all who occupy these buildings.

I cannot too urgently press the matter of repairs. Some of the newer buildings are going to speedy ruin through neglect of proper repairs, and I feel that seasonable repairs would have prevented some of the intolerable conditions that now exist.

In the matter of uncleanliness, I am of the opinion that some provision should be made for better janitor service in all station houses. In most of the stations, the doormen have so many duties to perform that it is quite impossible for them to keep the building properly cleaned.

Of those houses classed as in bad condition, it would seem possible to so rearrange precinct boundaries as to do away with the Third Precinct now in the City Hall. In fact, the idea of placing all that part of Manhattan below the City Hall in one precinct would appear to be worth some consideration.

Similarly a combination of the Fourth, Forty-ninth and Fiftieth Precincts in Brooklyn would seem feasible and desirable. A new station is now being erected for Precinct 72. Those remaining in this class, Seventh, Sixteenth, Sixty-third and Sixty-sixth Precincts should be replaced this year.

Those in classes poor and fair are in a condition admitting of neither extensions nor of adequate repair, and should be replaced by new buildings as soon as possible.

A headquarters building in Brooklyn which shall include a new station house to replace the Fourth, Forty-ninth and Fiftieth Precincts, a headquarters building in Queens, providing also for a precinct station for the Seventy-sixth and Seventy-eighth Precincts; a headquarters building in Richmond, housing also the Eighth Precinct, and new station houses for the Third, Seventh, Eighth, Thirteenth, Sixteenth, Sixty-third and Sixty-sixth Precincts, would appear to be a sufficiently ambitious programme for one year.

I doubt the possibility of building and equipping more than ten of these buildings in each year, but at that rate the end of five years would witness the replacement of all those buildings which are now a cause of reproach.

After that time the erection of three or four stations a year for ten years would fully equip the City with station houses.

The Police Commissioner indicates further in his letter to the Board as to the equipment he believes necessary or desirable for those stations.

I agree with him in all the items he enumerates, except "that of the Vacuum Cleaning Apparatus." I am in favor of this method of cleaning, but I am of the opinion that it will be more economical for the City to give out a yearly contract for cleaning police stations by the vacuum process, the equipment to be furnished by the contractor, than to install in each station house the intricate and expensive plant required.

Upon the question of sites for the new stations I am inclined to think that while corner sites may be preferable, the cost of corner lots in all built up portions of the City will, in large measure, outweigh their desirability. My idea is that the location of a new station house within a precinct admits of so much variety of choice that it will be possible to secure a satisfactory site within each precinct without trouble and below prohibitory cost. It was learned in the course of visits to the stations that in several cases it would be possible to exchange present sites for new sites with new houses built thereon without cost to the City.

As to the Commissioner's estimate upon the cost of each new station, I fear his estimate of \$150,000 for such a house as he has planned is too low. But I desire to say, with full emphasis here, that these new houses should be so designed, and all that goes to make them should be so selected, that there shall be no extravagances of ornamentation or of material. I would eliminate from the exterior all fine cut or carved stonework and all copper and bronze. To my mind an exterior of rock-faced granite below the water table with face brickwork above, laid in Flemish bond, is good and suitable. In the interior I would have trim without much detail or ornamentation, but heavy and durable; terrazzo or tile floors, slate or bluestone stair treads and platforms, plain white tile wainscoting in toilet rooms, with all partitions of such rooms of slate or alabastro stone, and an entire elimination of white marble. In brief, the house in all its parts should be designed and built for the service intended.

As to the amount, \$11,800,000, requested by the Commissioner, I feel that there is no necessity for the Board to commit the City to the full expenditure of that amount.

In improving the condition of ten precincts per year for five years, as I have outlined, the cost may run to \$2,000,000 per year for the first two years, on account of the inclusion of three borough headquarters in the first year's programme, and because the second year's buildings should replace those in downtown Manhattan, where the sites will run up the cost. In the third, fourth and fifth years, I should say that \$1,500,000 per year will prove sufficient. The total for the next five years, therefore, will be about \$8,500,000, and it will require considerable expedition in acquiring sites, planning and erecting those buildings, to expend that amount within that time.

I see no reason why the Board should concern itself particularly with proposed expenditures more than five years ahead.

Therefore, if the financial condition of the City warrants the expenditure I would suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 419 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$2,000,000 to provide for new sites and buildings for the Police Department.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two million dollars (\$2,000,000) for the purpose of providing means for the acquisition of sites and the erection of buildings thereon for the use of the Police Department.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 8, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two million dollars (\$2,000,000) for the purpose of providing means for the acquisition of sites and the erection of buildings thereon for the use of the Police Department, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million dollars (\$2,000,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

Hon. PATRICK F. McGOWAN, President Board of Aldermen:

Dear Sir—I send you herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment June 8, 1906, approving of the establishment of additional grades of the positions of Admitting Physician and Engineman under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, and recommending the fixing of the salaries at the rate of \$1,000 per annum and \$4 per diem, respectively, together with copy of communication from the President of said Board of Trustees, and copies of reports from the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom on March 2 was referred the request of the said President, Board of Trustees, for the fixing of the salaries of various positions, all relative thereto.

I also enclose forms of two resolutions for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

Whereas, The Board of Estimate and Apportionment, at a meeting held June 8, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Admitting Physician under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of one thousand dollars (\$1,000) per annum for four (4) incumbents.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Admitting Physician under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, at the rate of one thousand dollars (\$1,000) per annum for four (4) incumbents.

New York, March 26, 1906.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals beg to amend their letter of the Board of Estimate and Apportionment of February 16, asking for increases in the salaries of employees of this department, by requesting that the salary of the position of Admitting Physician, which was created on April 11, 1904, be fixed at \$1,000 per annum without maintenance, instead of \$600, as it is at present. Efforts have been made for some time to secure competent men from the graduates of the Bellevue Hospital House Staff, whose training and experience in the many services of the hospital would make them best fitted to fill these positions, and it has been found impossible to do this with the small salary of \$600. The four places have been vacant therefore since their creation, and it is considered necessary for the good of the service to fill them.

The increase in salary requested is \$400 for each of the four positions to be filled, or \$1,600 in all.

Respectfully,
(Signed) JOHN W. BRANNAN,
President, Board of Trustees.

June 5, 1906.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—Your Committee, to whom was referred the communication from Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, relative to an increase in the salary of the position of Admitting Physician at the rate of \$1,000 per annum, begs leave to report:

That upon the representations of Dr. Brannan that it is impossible to secure the services of competent men from the graduates of the Bellevue Hospital House Staff to fill these positions at the present salary of \$600 per annum, the salary should be increased to the sum requested, and recommends the adoption of the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pursuant to the provisions of section 56 of the Greater New York Charter, the establishment of the position of Admitting Physician of Bellevue and Allied Hospitals at the rate of one thousand dollars (\$1,000) per annum.

Respectfully submitted,
(Signed) P. F. McGOWAN,

To the Board of Estimate and Apportionment, New York City:

Gentlemen—Your Committee, to whom was referred upon March 2, 1906, the annexed communication from the Board of Trustees of Bellevue and Allied Hospitals, relative to fixing the salaries of the various positions in that Department, begs leave to report:

That, in accordance with the resolutions adopted by the Board of Aldermen and the Board of Estimate and Apportionment, the consideration of recommendations in

regard to the several increases should be deferred until the departmental estimates are considered in the fall, except as to fixing the wages of the position of Engineman at \$4 per day. This is an increase of 50 cents a day, and, so far as your Committee is able to ascertain, it is the prevailing rate of wages and also the wages paid in the different Departments of the City Government to men filling similar positions. Your Committee therefore recommends the adoption of the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pursuant to the provisions of section 56 of the Greater New York Charter, the establishment of the position of Engineman of Bellevue and Allied Hospitals at the rate of four dollars (\$4) per day.

Respectfully submitted,
(Signed) P. F. McGOWAN,
President, Board of Aldermen.
H. A. METZ,
Comptroller.

June 5, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—I have already transmitted to you a memorandum, under date of June 4, 1906, together with report of the Investigations Division, Department of Finance, relative to a request of the Board of Trustees of Bellevue and Allied Hospitals, for the establishment of certain new grades and the creation of a new position in said Department. Together with that memorandum I transmitted a report of Hon. Patrick F. McGowan, President of the Board of Aldermen, approving the request of the said Board of Trustees only to the extent of allowing the establishment of a grade of Engineman at \$4 per day.

Under present date I have received a second communication from President McGowan approving the increase of the salary of the position of Admitting Physician in Bellevue and Allied Hospitals from \$600 to \$1,000 per annum.

This increase is one of the increases recommended by the report of the Investigations Division of the Finance Department under date of April 24, which report I have, as previously noted, already approved and forwarded to the Board of Estimate and Apportionment. I still adhere to my original recommendation that all the increases requested by the Board of Trustees of Bellevue and Allied Hospitals be approved.

Respectfully,
(Signed) H. A. METZ, Comptroller.

June 4, 1906.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—I transmit herewith report of the Investigations Division, Department of Finance, relative to a request of the Board of Trustees of Bellevue and Allied Hospitals for the establishment of certain new grades and the creation of a new position in said department. I also transmit a report of Hon. Patrick F. McGowan, President of the Board of Aldermen, approving the request of the said Board of Trustees only to the extent of allowing the establishment of a grade of engineman at \$4 per day.

In view of the facts stated in the report of Investigations Division (especially in view of the fact that the budget allowance of Bellevue and Allied Hospitals for 1906 is sufficient to pay all the increases without the issue of Special Revenue Bonds), and in view of statements made to me by Dr. Brannan, President of the said Board of Trustees, I am of the opinion that not only the request for engineman should be granted, but that the other requests should receive equal consideration. The employees of the hospitals whose salaries it is desired to increase are underpaid and their compensation should be increased.

I therefore recommend that a resolution be adopted not only fixing the salary of engineman at \$4 per day, but also to provide for the equally merited increases in the salaries of clerks and other employees of Bellevue and Allied Hospitals, as requested by the Board of Trustees of said institutions.

Yours respectfully,
(Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held June 8, 1906, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of engineman under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of four dollars (\$4) per diem for one (1) incumbent.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of engineman under the jurisdiction of the Board of Trustees, Bellevue and Allied Hospitals, at the rate of four dollars (\$4) per diem for one (1) incumbent.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 8, 1906, approving of the establishment of the position of Consulting Engineer under the jurisdiction of the President of the Borough of Richmond, and recommending the fixing of the salary at \$8,000 per annum; also authorizing said President to employ one Consulting Engineer.

I also inclose copy of communication from the President of the Borough of Richmond relative thereto, together with a form of resolution for adoption by the Board of Aldermen, to indicate its concurrence therein.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

Dear Sir—We are now planning for and carrying on in this borough work of such considerable importance and of a magnitude so largely in excess of that of former years, aggregating several millions of dollars, that I greatly feel the need, in the office of the President of the Borough of Richmond, of the constant services of a Consulting Engineer, one experienced in sewer design, heavy retaining wall work, the laying of modern pavements, topographical survey and street system work, etc. By the immediate appointment of such a man we can, for some years to come, in all probability, avoid the appointment of a Chief Engineer for each bureau, as, with considerable guidance, the Principal Assistant Engineers now employed will be able to attend to the necessary details.

I would ask therefore, in accordance with section 386 of the Charter, that the position of Consulting Engineer be established in the office of the President of the Borough of Richmond, at a salary, say, of \$8,000 per annum.

I regard this matter of such immediate importance as to bring it fairly within the exception to the general rule recently adopted by the Board, laying matters involving salary over until the time of the consideration of the Budget for next year.

I ask therefore that my application be placed upon the calendar for the next meeting.

Yours very truly,
(Signed) GEO. CROMWELL,
President of the Borough.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 8, 1906:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Consulting Engineer under the jurisdiction of the President of the Borough of Richmond, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of eight thousand dollars (\$8,000) per annum; and be it further

"Resolved, That, in pursuance of section 386 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized, with the concurrence of the Board of Aldermen, to employ one Consulting Engineer at a salary of eight thousand dollars (\$8,000) per annum."

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment June 8, 1906, recommending the fixing of the salary of the position of one Supervising Statistician and Examiner in the Department of Finance, at \$6,000 per annum; also approving of the establishment of the position of Examiners of Accounts in said Department, with salaries as follows:

For three incumbents, per annum \$1,500 00

For four incumbents, per annum 1,800 00

For three incumbents, per annum 2,100 00

—together with copies of communications from the Comptroller relative thereto.

I also inclose forms of resolutions for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

May 29, 1906.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In regard to my request under date of May 22, 1906, presented at the meeting of the Board of Estimate and Apportionment May 25, 1906 (which request is now before your Board) for the fixing of the salary of a Supervising Statistician and Examiner in the Department of Finance at \$6,000 per annum, which position was created by chapter 190 of the Laws of 1906, and of the creation of the position of Examiner of Accounts in the Finance Department, and establishing grades of the latter position at \$1,500, \$1,800 and \$2,100 per annum, I beg to state as follows:

As stated in my original application to this Board, these requests are made in connection with the establishment of a Bureau of Municipal Investigation and Statistics in the Department of Finance. The work of supervising this new Bureau will be onerous in character and will demand an extensive knowledge of the machinery of the municipal departments and the methods of conducting public business, and also an expert knowledge of the kind of statistical work which will be of value to the Comptroller and to the other public officers of the City. I have selected for this position a man who has been engaged for eight years in the Comptroller's office on work of this character, and whom I believe to be thoroughly fitted for the position. He is now in charge of the work of the Investigations Division of the Finance Department, and the new Bureau will very largely increase the number of men under his direction and the amount of work to be done by him. I regard the salary which I have requested as representing a reasonable compensation for the work which will be required of the head of this new bureau.

My request for the creation of the position of Examiner of Accounts and the establishment of grades at \$1,500, \$1,800 and \$2,100 is based upon the plan to apportion the statistical work of the new bureau among ten Expert Accountants, to each one of whom should be assigned a confidential man. The grades of salaries which I have suggested are inspired more by a desire to economize than based upon the belief that I shall obtain the class of employee which I desire at these rates. On the basis of past experience in similar work, however, it would appear that fair workmen may be obtained at the salaries fixed for these grades.

It is my earnest desire that favorable action be taken on these requests at the earliest possible date, because of the fact that the time is approaching for the analysis of the departmental estimates, at which work I propose first to employ this bureau.

I therefore ask the approval by the Board of Estimate and Apportionment of my request under date of May 22, 1906, as per the resolutions transmitted herewith, copies of which are attached hereto.

Yours respectfully,
(Signed) H. A. METZ, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Charter and chapter 190 of the Laws of 1906, that the salary of one Supervising Statistician and Examiner in the Department of Finance be fixed at the rate of six thousand dollars (\$6,000) per annum.

No. 889.

May 22, 1906.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Chapter 190 of the Laws of 1906 amends section 151 of the Greater New York Charter by providing for a Bureau of Municipal Investigation and Statistics in the Department of Finance.

Said law provides that the chief officer of the said Bureau shall be called the "Supervising Statistician and Examiner," and that the staff of said Bureau shall include Expert Accountants, Examiners of Accounts and other employees as the Comptroller may deem necessary. The position of Expert Accountant is already established in the Department of Finance, but not that of Examiner of Accounts. Under the present plan of organization, subordinates of the Bureau, other than those noted herein, will be taken from the regular eligible lists of the Civil Service Commission, or obtained by transfer from other Departments to positions already established for the Finance Department.

I would therefore respectfully request the adoption of the resolutions attached hereto providing for the fixing of the salary of the Supervising Statistician and Examiner and for the creation of the position and the fixing of three grades of Examiners of Accounts in the Department of Finance at the following salaries:

Supervising Statistician and Examiner, \$6,000 per annum.

Examiner of Accounts, \$1,500, \$1,800 and \$2,100 per annum.

Respectfully,

(Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment at a meeting held June 8, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Examiner of Accounts in the Department of Finance, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of fifteen hundred dollars (\$1,500) per annum for three (3) Examiners of Accounts; eighteen hundred dollars (\$1,800) per annum for four Examiners of Accounts; and two thousand one hundred dollars (\$2,100) per annum for three (3) Examiners of Accounts."

Finance at the rates of fifteen hundred dollars (\$1,500) per annum for three (3) Examiners of Accounts; eighteen hundred dollars (\$1,800) per annum for four Examiners of Accounts, and two thousand one hundred dollars (\$2,100) per annum for three (3) Examiners of Accounts.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Salaries and Offices

No. 859.

The Committee on Salaries and Offices, to whom was referred on June 5, 1906 (Minutes, page 868), the annexed resolution in favor of fixing salary of the position of Cable Splicer in the Fire Department, respectfully

REPORTS:

The resolution affecting the compensation of Cable Splicers in the Fire Department as originally introduced provided for fixing grades of such position at \$3.50 and \$4 per diem.

The resolution was considered by this Committee, before whom Alderman Noonan appeared and urged that \$4 per diem was the prevailing rate of wages for such mechanics, and that the grade should be fixed at that amount.

At his request, and in order that the matter might be presented to the Select Committee of the Board of Estimate and Apportionment, the resolution was returned by this Committee to said Board for further investigation.

The present resolution was introduced upon the recommendation of the Select Committee of the Board of Estimate and Apportionment, who state that such prevailing rate of wages is \$4 per diem.

The said Committee further state that the employees engaged in such service are subjected to risk of personal injury, and that it is just to them that they should be compensated for time lost through such injuries received in the City's service.

The Fire Commissioner, in a communication addressed to this Committee, expresses his approval of the resolution.

The amount of \$1,400 per annum provided by this resolution is in effect a saving to the City, in comparison with the amount which would otherwise be required for payment of the prevailing rate of wages in the event of continuous employment during the year.

The Committee therefore recommends the adoption of the resolution.

Whereas, The Board of Estimate and Apportionment, at a meeting held June 1, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Cable Splicer in the Telegraph Bureau of the Fire Department, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of fourteen hundred dollars (\$1,400) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of an additional grade of the position of Cable Splicer in the Telegraph Bureau of the Fire Department at the rate of fourteen hundred dollars (\$1,400) per annum.

JAMES COWDEN MEYERS, FRANK D. STURGES, ARTHUR H. MURPHY, LEONARD L. JACOBSON, M. D., JOHN J. CALLAHAN, CHARLES KUNTZE, Committee on Salaries and Offices.

Which was laid over.

Gentlemen—The following proceedings were this day directed by the Police Commissioner:

Whereas, The Board of Aldermen at a meeting held May 8, 1906, adopted the following resolution:

Resolved, That, in pursuance of the provisions of the Greater New York Charter, the Commissioner of Police Department be and is hereby authorized to purchase in open market, from month to month, coal for the year 1906, to an amount not to exceed the sum of \$5,000; and

Whereas, On account of the impending strike in the coal industry, the Police Department was unable to obtain bids for supplying coal for use in the station houses of the Police Department and on the steamboat "Patrol," and the amount hereinbefore referred to, namely, five thousand dollars, having been insufficient to pay for coal absolutely required during such impending strike,

Ordered, That the Board of Aldermen be and is hereby respectfully requested to authorize the payment of all claims for coal during the year 1906, where bills have been filed with the Finance Department for such purpose, in amount not exceeding the sum of \$5,000, in addition to that authorized by the resolution adopted May 8, 1906.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and hereby is authorized to purchase in open market, from month to month, coal for the year 1906, to an amount not to exceed the sum of \$3,000.

A. L. KLINE, F. J. O'NEILL, MAX S. LEVINE, DAVID S. RENDT, JACOB BARTSCHERER, Committee on Public Letting.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

SPECIAL ORDERS.

Alderman Dowling called up Special Order 41, being a report and resolution, as follows:

No. 257.

The Committee on Finance, to whom was referred on February 14, 1906 (Minutes, page 732), the annexed resolution in favor of an issue of Special Revenue Bonds, \$10,000, for reindexing records of vital statistics of the Board of Health, respectfully

REPORTS:

That the appropriation is requested by the Health Commissioner to continue the plans of reindexing and consolidating the records of Vital Statistics in his department.

This work consists of indexing principally the birth and marriage records of the City, so that a record can be obtained without the present delay incident to a search.

The Commissioner states that these were never properly done, and that there is constant demand for same.

He started the work last year with an appropriation of \$5,000 and your Committee believe that the work should be continued. They feel, however, that at present an appropriation of \$5,000 should be sufficient, and if that should not suffice, another application could be made.

The Committee recommends the adoption of the substitute resolution.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Charter of The City of New York, the Board of Aldermen be and is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment, by concurrent vote of all the members of said Board to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars (\$5,000) for the purpose of defraying the necessary expense required to be incurred in reindexing and consolidating the records of vital statistics on file in the Bureau of Records of the Department of Health, and for the payment of the salaries of typewriting copyists and for the purchase or rental of typewriting machines required for the purpose.

JOHN R. DAVIES, JOHN DIEMER, PH. HARNISCHFEGER, JAMES W. REDMOND, THOS. J. MULLIGAN, B. W. B. BROWN, Committee on Finance.

Peckworth for redecorating and refurnishing the Governor's Room, City Hall, respectfully

REPORTS:

That, having examined the subject and having received the annexed letter from the Superintendent of Public Buildings and Offices, which is made part of this report, they recommend that the said resolution be adopted.

Whereas, A contract having been entered into between The City of New York and Charles H. Peckworth on October 13, 1904, for "furnishing labor and material for painting, cabinet and carpenter work, ornamental plaster work, parquet flooring and rugs, in the City Hall, Borough of Manhattan," which work, among other things, included the redecorating and refurnishing of certain rooms in the said building known as the three (3) Governor's rooms; and

Whereas, That part of the contract and specifications relating to the redecorating and refurnishing of the aforesaid three (3) Governor's rooms having been referred by the Mayor to the Art Commission for its approval after the contractor had purchased materials and entered upon the performance of the work as required by the contract and specifications; and,

Whereas, The Art Commission having modified and changed said plans and specifications for redecorating and refurnishing the Governor's rooms, thereby increasing the cost of the aforesaid contract to the extent of several thousand dollars; it is therefore

Resolved, Pursuant to section 419 of the Greater New York Charter, that the Borough President of Manhattan be and is hereby authorized to enter into a supplemental agreement with Charles H. Peckworth for carrying out the plans and specifications as approved by the Art Commission for the redecorating and refurnishing of the aforesaid three (3) Governor's rooms, the cost whereof shall not exceed the sum of four thousand seven hundred and eighty-five dollars (\$4,785).

Report of Committee on Public Buildings and Markets—

No. 827—(S. O. No. 47).

The Committee on Public Buildings and Markets, to which was referred, on May 29, 1906 (Minutes, page 853), the annexed ordinance, in relation to the admission and removal of patients in hospitals in The City of New York, respectfully

REPORTS:

That, after a well-attended public hearing held on the question, at which many superintendents and others associated in hospital work were heard on the question, and which elicited much information, the Committee is of the opinion that the proposition has merit, but should be modified so as to meet the many objections expressed as to the present form of the ordinance. That hospitals unsuited to the treatment of certain cases may not be subjected to their care seems to have been the most noted exception to the ordinance as presented, and in order to eliminate this and other minor features excepted to, the Committee presents herewith a substitute ordinance on the question and recommends its adoption.

SUBSTITUTE.

AN ORDINANCE in relation to the admission and removal of patients in hospitals in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. No superintendent of a hospital in The City of New York, or other person in authority, shall refuse admission to an applicant, unless such applicant has a contagious or infectious complaint, or unless the care required by such applicant does not come within the range of treatment specifically provided for in such hospital; nor shall any superintendent, or other person in authority, order or suffer the removal of any patient while in a dangerously sick or precarious condition to another hospital, unless such patient shall, after admission, have developed a contagious or infectious complaint or require care not specifically within the range of treatment of such hospital.

Sec. 2. Every superintendent, or other person in authority, of a hospital in The City of New York who shall violate any of the provisions of this ordinance shall be subject to a penalty of not exceeding one hundred dollars (\$100) for each and every offense.

REPORTS OF COMMITTEE ON FINANCE RESUMED.

No. 782—(S. O. No. 48).

The Committee on Finance, to whom was referred on May 15, 1906 (Minutes, page 516), the annexed resolution in favor of an issue of \$3,500 Special Revenue Bonds to pay salaries of Stenographers in City Magistrate’s Court, First Division, respectfully

REPORTS:

That this application is for \$3,500 Special Revenue Bonds with which to hire for the balance of the year additional Stenographers for the City Magistrate’s Courts. President Wahle appeared and stated that these men are greatly needed to properly carry on the court’s work. The present staff works seven days a week, and there is no present provision for relief or vacation, or for the many extra and private hearings

found to be necessary. The appointments are to be made from the civil service list, and your Committee reports favorably upon the application.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-five hundred dollars (\$3,500), the proceeds whereof shall be applied to the payment of the salaries of three official stenographers to be appointed for the remainder of the year 1906 in the City Magistrate’s Courts, First Division.

No. 731—(S. O. No. 49).

The Committee on Finance, to whom was referred on May 8, 1906 (Minutes, page 431), the annexed resolution in favor of an issue of \$20,000 for recopying indices in office of the County Clerk, Richmond County, respectfully

REPORTS:

That this application is for \$20,000 Special Revenue Bonds with which to reindex and copy the records in the office of the County Clerk, Richmond County. Borough President Cromwell and a delegation of lawyers and taxpayers of this County appeared before the committee and urged its adoption, and the committee also went down to Richmond and personally inspected the condition of the present records. The records are in a very bad condition and the system of indexing is of the old style, which your committee are informed are now used in no other County in the State. Your committee believes that this work should be done but at first suggested that a small appropriation be given to start the work. The Borough President, however, stated that this would be false economy, as experience has shown that work of this character done piecemeal is poorly done and seldom completed, and that this should be done by an entire contract after public letting. Your committee finally agreed with him and feel that this is the proper expenditure of Revenue Bonds.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof shall be applied by the County Clerk of Richmond County for the purpose of recopying the indices of his office and rebinding the same.

JOHN R. DAVIES, JOHN DIEMER, THOS. J. MULLIGAN, A. L. KLINE, B. W. B. BROWN, Committee on Finance.

Which was made a Special Order for the next meeting at 2.20 o’clock p. m.

No. 636—(S. O. No. 50).

The Committee on Finance, to whom was referred on April 24, 1906 (Minutes, page 248), the annexed resolution in favor of an issue of Special Revenue Bonds, \$10,000, for salaries, Bureau of Public Buildings and Offices, Borough of The Bronx, respectfully

REPORTS:

That this is an application for \$10,000 Revenue Bonds to meet the deficiencies in the Budget in the Bureau of Public Buildings and Offices in The Bronx. Borough President Haffen appeared before the committee and urged its adoption, and informed the committee that unless same was granted he would be compelled to shut down. At request of committee, he further submitted an itemized statement hereto annexed, showing the deficiency. Your committee believes that not sufficient appropriation was allowed in the Budget and that a further appropriation is required, and upon the Borough President’s estimate reports favorably upon the application.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000) in addition to the amount herefore authorized, the proceeds whereof to be applied to the account entitled “Salaries and Wages, Bureau of Public Buildings and Offices,” in the Office of the President of the Borough of The Bronx, City of New York.

JOHN R. DAVIES, JOHN DIEMER, THOS. J. MULLIGAN, A. L. KLINE, PH. HARNISCHFEGER, Committee on Finance.

President Haffen asked and obtained immediate consideration for this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of the members elected failing to vote in favor thereof:

Affirmative—Aldermen Bartscherer, Brown, Carter, Clifford, Collins, Davies, Dinswoodie, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Farrell, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kline, Kuntze, Markert, McCall, Meyers, Morris, Mulligan, Murphy, O’Neill, Peters, Potter, Rendt, Richter, Rowcroft, Smith, Stapleton, Sturges, Torpey, Wright, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, President Coler and the Vice-Chairman—45.

Negative—Aldermen Downing and Freeman—2.

On motion of Alderman Harnischfeger the above vote was reconsidered, and the paper made a Special Order for the next meeting at 2.30 o’clock p. m.

At this point Alderman Grifenhagen moved that the privileges of the floor be extended to ex-Senator Emerson, of Warren County, N. Y.

Which motion was adopted.

No. 729—(S. O. No. 51).

The Committee on Finance, to whom was referred on May 8, 1906 (Minutes, page 391), the annexed communication from the President of the Borough of The Bronx, asking for \$6,500 Special Revenue Bonds for salaries, Bureau of Buildings, Borough of The Bronx, respectfully

REPORTS:

That this is an application for \$6,500, with which to meet the deficiency in the Budget allowance for the Bureau of Buildings, Borough of The Bronx. Superintendent Reville, of the Department, appeared and urged its adoption, and stated that in spite of the large increase in building operations this year in his borough, its allowance was less than in previous years, and the Department cannot perform its work without this additional appropriation. Its work is further increased by the provisions of the new Excise Law requiring the inspection of hotels, for which no appropriations have been made. He has submitted the annexed letter and statement showing in detail the Department’s work and needs, and your Committee believes from same that this appropriation is proper, and therefore recommends its adoption.

Office of the President of the Borough of The Bronx, Municipal Building, Crotona Park, May 7, 1906.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

Dear Sir—I respectfully request that the Board of Aldermen pass a resolution requesting the Board of Estimate and Apportionment to issue Special Revenue Bonds in the sum of six thousand five hundred dollars (\$6,500), for salaries in the Bureau of Buildings in the Borough of The Bronx, which is absolutely required for the proper discharge of the business of said Bureau. For the present year the Board of Estimate and Apportionment allowed for salaries for this Bureau the sum of \$110,000, instead of \$116,500 as requested in the Departmental Estimate. Unless this additional sum be provided, there must be a reduction in the number of employees, as the entire sum of \$116,500 originally requested, will be needed to pay the salaries of the present force, as fixed by the Board of Estimate and Apportionment.

In 1905 appropriations were made by the Board of Estimate and Apportionment for salaries in the Bureau of Buildings, Borough of The Bronx, in the sum of \$116,000, and every dollar was needed. Yet in the current year the salary appropriation was reduced to \$110,000.

In view of the growth of building operations in this borough it would seem to be unfortunate to reduce the force of Inspectors and other employees which would result in delays in the transaction of the office business of the Bureau, and in inadequate inspection of building construction. The rapidity with which this borough is growing in population and in the number of new buildings, shows the necessity of keeping pace with the building operations, which since 1903 have increased more than 500 per cent, while during the same period the force of employees in the Building

Bureau has increased eleven (11) in a total of seventy-five (75), and the appropriation for salaries has grown only from \$89,000 to \$110,000 allowed and \$116,500 asked.

There were 795 new buildings constructed in 1903 at an estimated cost of \$6,792,884, while 2,278 new buildings were constructed in 1905 at an estimated cost of \$38,313,495.

Plans filed for the first quarter of 1906 indicate that the business of the current year will be as great as the year 1905.

In addition to the growth in the regular work of the Bureau, the new excise liquor law imposes an additional task of great proportions upon the Inspectors and the office force, requiring as it does an exhaustive examination and report on each application for a hotel certificate within the borough.

With an area of 26,800 acres, nearly twice the area of Manhattan Island, there are in the field on inspection districts 26 Inspectors of General Construction and 14 Inspectors of Plumbing.

Not less than 1,400 buildings are in course of simultaneous erection all the time in The Bronx, thus making an average of more than 50 buildings for each Construction Inspector and 100 buildings for each Plumbing Inspector.

In order therefore that the building laws may be properly administered and the business of the Bureau of Buildings be conducted with economy consistent with faithful and efficient service, I urge the Board of Aldermen to pass the necessary resolution authorizing an issue of Special Revenue Bonds in the sum of \$6,500, to be applied to salaries in said Bureau.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

Resolved, That in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed six thousand five hundred dollars (\$6,500), the proceeds whereof to be applied to paying of salaries in the Bureau of Buildings in the Borough of The Bronx.

Reports of Committee on Public Letting—

No. 820—(S. O. No. 52).

The Committee on Public Letting, to which was referred on May 29, 1906 (Minutes, page 657), the annexed communication from the Commissioner of Health requesting authority to purchase an automobile for the use of the department officials in the Borough of Brooklyn without public letting, respectfully

REPORTS:

That the Board of Aldermen on April 24, 1906, adopted a report of the Committee on Finance and Public Letting stating that it was their belief that automobiles are necessary to the city departments to adequately meet modern conditions. Dr. T. R. Maxfield, the Assistant Sanitary Superintendent for the Borough of Brooklyn, appeared before the Committee and explained the necessity of the department's request for an automobile. He stated that on account of the great area of the Borough of Brooklyn, it being four times larger than the Borough of Manhattan, the use of horses and carriages for the conveyance of the Assistant Superintendent and other officials when on their tours of inspection, covering sometimes long distances, was not efficient and by no means satisfactory.

At present the department allows the Assistant Superintendent four horses. By the purchase of an automobile three of these could be dispensed with, keeping one in case of an accident to the automobile. With an automobile the efficiency of this branch of the city's service would be much improved. The Committee therefore recommends the adoption of the annexed resolution:

Department of Health,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
New York, May 29, 1906.

To the Honorable the Board of Aldermen:

Gentlemen—I would respectfully request authority, in pursuance of the provisions of section 419 of the Greater New York Charter, to purchase in the open market without public letting, for the use of the Department of Health in the Borough of Brooklyn, an automobile at a total expense not to exceed \$3,000. The area of the Borough of Brooklyn is so large and so many matters under the rules of the department are required to be personally inspected and reported on by the Assistant Sanitary Superintendent and other officials that the use of an automobile is necessary for the proper performance of these duties.

Respectfully,

THOMAS DARLINGTON, Commissioner of Health.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Commissioner of Health of New York City be and he is hereby authorized to purchase without public letting an automobile for the use of the department officials in the Borough of Brooklyn; the cost of said automobile not to exceed the sum of three thousand dollars (\$3,000).

The Committee on Public Letting, to which was referred on May 1, 1906 (Minutes, page 364), the annexed resolution authorizing the Commissioner of Parks for the Boroughs of Manhattan and The Bronx to contract for shoeing horses without public letting, respectfully

REPORTS:

That Willis Holly, the Secretary to the Park Board, appeared before the Committee and explained the desirability of this procedure. He said it would be impracticable to contract for shoeing of the Department's horses at public letting, as, for instance, a blacksmith whose place of business was many miles away from the Department's stables might by a small percentage be the lowest bidder; as this would make necessary the sending of the horses long distances whenever they needed shoeing and entail an added expense to the Department, besides the loss of the horses' services for an unreasonably long time, the Commissioner would like to be in a position to enter into a contract with some blacksmith near the Department's stables. In view of this statement, the Committee recommends the adoption of said resolution.

Resolved, That, pursuant to the provisions of section 419 of the Charter, the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized to arrange or contract, without public letting, for the shoeing of the horses used on the parks in said boroughs during the year 1906, at an expense not exceeding the sum of five thousand dollars (\$5,000), payable from the appropriation available for that purpose.

REPORTS OF COMMITTEE ON FINANCE AGAIN RESUMED.

No. 761—(G. O. No. 138).

The Committee on Finance, to whom was referred on May 15, 1906 (Minutes, page 458), the annexed ordinance in favor of an issue of Corporate Stock, \$9,500, for furnishing metallic furniture in Kings County Hall of Records, respectfully

REPORTS:

That the appropriation is for \$9,500 Corporate Stock with which to purchase fireproof metallic furniture for the Hall of Records, Kings County.

The matter is set forth in the Engineer's report, but in addition Superintendent Lawrence appended and submitted the accompanying itemized statement of the articles and amounts.

Your Committee therefore recommends its adoption.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of nine thousand five hundred dollars (\$9,500) for the purpose of providing means for furnishing metallic furniture in the Kings County Hall of Records, under the jurisdiction of the President of the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 11, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

REPORTS:

That this is an application for \$3,350 Corporate Stock for the construction of a new coal vault in the Kings County Court House. The present vault is not large enough and it is not situated conveniently to the engines. The present holds only fifty tons, about a week's supply, and the department wishes to have capacity for a large supply to tide over a coal emergency. Your Committee believes this to be proper and therefore reports favorably for same.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three thousand three hundred and fifty dollars (\$3,350), to provide means for the construction of a new coal vault for the Kings County Court House and paving the alleyway between the Kings County Court House and the Hall of Records, Borough of Brooklyn,

No. 803.

The Committee on Finance, to whom was referred, on May 29, 1906 (Minutes, page 623), the annexed ordinance, in favor of an issue of Corporate Stock, \$250,000, for rebuilding Queens County Courthouse, respectfully

REPORTS:

That this application is for Corporate Stock, \$250,000, with which to construct the Queens County Courthouse, which had been destroyed by fire in November, 1904. In addition to the report of the Comptroller's Engineer, President Bermel appeared before the Committee and urged its early adoption, stating that he wished to go ahead and have the roof on before the winter set in, and explaining that the application would have been made sooner but for the fact that the original plan had also contemplated a municipal building since found impracticable. He submitted photos of the present condition and of the proposed building, which are on record.

County Judge Humphreys, the District Attorney, and the representatives of the various County officials appeared and stated the inconveniences to which litigants and counsel were put by reason of there being no courthouse, the work now being divided between leased buildings in Long Island City, Flushing and Jamaica.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and fifty thousand dollars (\$250,000) for the purpose of providing means for the rebuilding of the Queens County Courthouse, in the First Ward, Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment May 25, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), for the purpose of providing means for the rebuilding of the Queens County Courthouse, in the First Ward, Borough of Queens; and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), the proceeds whereof to be applied to the purposes aforesaid."

REPORTS:

That this is an application for \$6,000 Corporate Stock with which to repave with granite blocks the Manhattan approach to the Willis Avenue Bridge over the Harlem river. Upon the report of the Comptroller's Engineer and upon the statement of Assistant Engineer Johnston of the Bridge Department showing that the present sheet asphalt pavement is dangerous because of the 3½ per cent. grade, your committee recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of six thousand dollars (\$6,000) for the purpose of providing means for the removal of the present asphalt pavement and replacing the same with granite block on the viaduct of the southerly approach to the Willis Avenue Bridge, under the jurisdiction of the Commissioner of Bridges.

Reports of Committee on Laws and Legislation—

No. 815—(G. O. No. 140).

The Committee on Laws and Legislation, to whom was referred on May 29, 1906 (Minutes, page 649), the annexed ordinance to prevent the display of indecent pictures or prints as advertisements, respectfully

REPORTS:

President Coler advised the Committee that it had been found impracticable to enforce the ordinance affecting the same subject, adopted by the Board of Aldermen October 17 last and approved by the Mayor October 24, for which reason he had introduced the ordinance in its present form.

The Committee is in sympathy with the purpose of the ordinance and believes that it should be enacted in an effective form, and also that in order to avoid any question of conflict between the provisions of the two ordinances the earlier one should be repealed.

The Committee therefore recommends the adoption of the following substitute ordinance:

SUBSTITUTE.

AN ORDINANCE to prevent the public display of indecent pictures or prints as advertisements, tending to incite to acts of immorality or crime.

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. No person shall post, paste, print, nail, maintain or display upon any billboard, fence, building, frame or structure, and in any manner expose to public view, as an advertisement of any show, play or performance, any indecent print or any picture or cut, tending to represent the doing of a criminal act, or representing indecently the limbs or any part of the human body, or the position of persons in relation to each other, tending to deprave the morals of individuals or shocking to the sense of decency, or tending to incite the mind to acts of immorality or crime, or to familiarize and accustom the minds of young persons with the same.

Sec. 2. Any person offending against any of the foregoing provisions of this ordinance shall be punished by a fine of not less than \$10 nor more than \$100, or imprisonment not exceeding ten days. Each day such violation shall be wilfully maintained or continued shall be deemed to constitute a separate offence and render the offender liable to additional arrest and prosecution.

Sec. 3. The ordinance entitled "An ordinance to promote public morality in the City of New York," adopted October 17, 1905, and approved October 24, 1905, is hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

ORIGINAL.

various city departments to close their offices at 2 p. m. during the months of July and August, respectfully

REPORTS:

That the Committee is advised that it has been the practice in some of the boroughs to close the public offices during the hot months of July and August at an earlier hour than during the remainder of the year. The Committee is satisfied that the heads of the departments throughout the City would so act in such matter as not to prejudice the conduct of public business, and therefore recommends the adoption of the resolution.

Resolved, That the heads of the various departments and bureaus be and hereby are requested to allow all indoor working force during the months of July and August to stop work at 2 p. m.

REPORTS OF COMMITTEE ON LAWS AND LEGISLATION RESUMED.

No. 855.

The Committee on Laws and Legislation, to whom was referred, on May 29, 1906 (Minutes, page 861), the annexed resolution, in favor of requesting the Board of Elections to provide voting machines for the Twenty-seventh Assembly District, New York County, respectfully

REPORTS:

Mr. A. V. Campbell appeared before the Committee in support of the resolution and made an extended statement with reference to the situation affecting the use of voting machines. He referred to the memorandum of his Honor the Mayor disapproving, because of its mandatory features, the bill recently enacted by the Legislature requiring the adoption of voting machines, in which the Mayor in part says: "In taking this action I do not wish to be considered as opposed in any way to the introduction of voting machines in The City of New York. There is no reason why a test of their usefulness should not be made at the next election in such districts as the Board of Elections may deem advisable."

Mr. Campbell also presented to the Committee the following resolution recently adopted by the Board of Elections:

"Whereas, His Honor the Mayor in vetoing the Stanley Voting Machine bill expressed his opinion that a test of the usefulness of voting machines should be made by the Board of Elections at the next election; therefore be it

"Resolved, That the President be and is hereby authorized and directed to confer with the owners or manufacturers of existing voting machines which have been approved for use in the State of New York, as provided by law, with a view of obtaining the use of such number of machines as may be deemed advisable by the Board for experimental purposes in the several boroughs of The City of New York at the next general election."

The desire to test the usefulness and efficiency of voting machines is therefore apparent, and it is the wish of the Twenty-seventh Assembly District, as expressed by Mr. Campbell and Alderman Brown, that a thorough experiment be made by the use of such machines throughout that district at the next election. The Committee recognizes that the Twenty-seventh Assembly District has been most earnest in its efforts to secure the introduction of voting machines throughout the City, and therefore recommends the adoption of the resolution.

Whereas, Various citizens of the Twenty-seventh Assembly District and the Twenty-seventh Assembly District Republican Club have made application to the Board of Elections of this City, requesting said Board to provide United States Standard Voting Machines for use in that entire Assembly District at the next general election; and

Whereas, The said machine has been approved by the State Board of Voting Machine Commissioners and has been satisfactorily demonstrated by its use in various cities and villages in this State and other States to be effective and reliable to register and canvass the vote of the electorate;

Resolved, That this Board recommends to the said Board of Elections of this City that the said application of the Twenty-seventh Assembly District be granted.

Whereas, Said appropriations were each made for the purposes of erecting monuments on the battle field of First and Second Bull Run, Groveton and Gainesville, practically one field (all in Prince William County, State of Virginia), to the patriotic and brave services of each of these regiments in the cause of their country in the Civil War, on which field all of said regiments were engaged; and
