DEPARTMENT OF PARKS.

REPORT FOR THE QUARTER ENDING SEPTEMBER 30, 1908.

Department of Parks, Borough of The Bronx,
Zbrowski Mansion, Claremont Park,
New York, December 10, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, City Hall, New York City:

Sir—Commissioner Berry directs me to send you herewith his report for the three months ending September 30, 1908.

Respectfully yours,
ANDREW J. TIMONEY, Private Secretary.

DEPARTMENT OF PARKS, BOROUGH OF THE BRONX.

Quarterly Report, Three Months Ending September 30, 1908.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York, City Hall, New York City:

Sir—Herewith is transmitted report of the designs for improvement, work accomplished, and finances of the Department of Parks, Borough of The Bronx, for the three months ending September 30, 1908.

Respectfully,

JOSEPH I. BERRY, Commissioner.

Bronx Park.

Wall and Fence on Easterly Extension—The contract for this wall was awarded to Thos. M. Hart on July 2, and is now in progress; about one-half of the excavation is completed, and half of the foundation concrete put in in the portion excavated; fifty posts have been moulded, and about one-half that number set.

General Improvement—Plans have been prepared for improving and replanting that portion of Bronx Park along Pelham parkway. This includes necessary filling and change of the shape of the Lily pond. Funds have been applied for, and this work will be proceeded with as soon as they shall be available.

Greenhouses—The greenhouses have been thoroughly overhauled and painted inside and outside, and are ready for the storing of plants. Supplies have been delivered to the various parks.

General Maintenance—Paths have been edged and raked, roads cleaned and sprinkled and rubbish removed from the lawns and paths. A new gutter has been laid from the main drive to the point opposite the old snuff mill.

Botanical Garden, Bronx Park.

Boiler House and Steam Trench, Kelly & Kelley, Contractors—The boiler house is completed excepting as to some leaks in the steam mains, which are now being repaired. The building will probably be accepted before the end of the year.

Greenhouses, Kelly & Kelley, Contractors—On these buildings the roof is on, the glass is put in, the heating pipes are in, and the buildings will be completed before the end of the year.

Stone Wall, Guidone & Galardi, Contractors—This contract has been completed, and final payment was rendered on September 10, 1908.

Zoological Park, Bronx Park.

Comfort Station, Wm. Whisten's Son, Contractor—This building is completed, with the exception of some minor details, but final payment has not as yet been rendered.

Elephant House—F. T. Nesbit & Co., Contractors—This building has also been completed excepting a few minor details, and will probably be accepted early in October.

Concourse Entrance, John V. Schaefer, Jr., & Co., Contractors—This contract has been completed, and final payment was rendered on July 26, 1908.

Soda Pavilion, Kelly & Kelley, Contractors—This contract has been completed, and final payment was rendered on September 8, 1908.

Granolithic Sidewalks, Baird Court, John H. Malatesta, Contractor—This contract has been practically completed, the only thing remaining to be done being some cleaning up and trimming the stone. The work will be accepted in October.

Administration Building—The contract for the erection of this building was awarded to John V. Schaefer, Jr., & Co. on August 13, and the work is now in progress; the foundations are being laid.

Elephant Enclosures—A contract for this work was also let on August 13, to McIlarg & Barton Company, but the work on this has not as yet been started.

Van Cortlandt Park.

Path Along Gun Hill Road—A contract was awarded, on September 8, to the Hastings Paving Company for laying the entire length of this path with hexagonal asphalt blocks. The work has not been begun as yet, but we expect to have it well under way before the last of October.

Gutters, Golf Links Road—The work of laying the gutters along the Golf Links road has been completed, by park labor, so far as the available funds would permit. This is a much needed improvement, and it is essential that money be had to finish the entire gutter along this road, as soon as possible.

Laying Water Pipe—Bids were received on September 17 for laying water pipe in this park, for the purpose of irrigating the park roads. The contract has not been awarded as yet, owing to some question as to the availability of funds, but we are ready to proceed with it as soon as this matter shall have been settled.

Three Flights of Steps, Colonial Garden—Plans and specifications have been prepared and printed for the erection of three flights of steps in the Colonial Garden, and a contract has been prepared for furnishing earth fill to raise the garden $3\frac{1}{2}$ feet. The furnishing of this fill will exhaust the available funds, however, and it will be impossible to award the contract for the steps at this time.

Application has been made for funds to continue various pieces of work in this Park, for which plans and estimates have been prepared, such as the elimination of swamp lands, the improvement of the road system, the raising and improving of the Colonial Garden, the erection of shelter and comfort stations; but all of these are practically at a standstill, and will be until such time as the necessary funds can be had to continue them.

General Maintenance—The Colonial Garden has been well cared for, trees and shrubs cultivated and pruned. The golf links, baseball diamonds, tennis courts, polo fields, etc., have been kept in excellent condition, and were used by vast numbers of visitors. The attendance in this park has been very largely increased during the past season, owing to the improved transit facilities, and the band concerts have been largely attended. Lawns and paths have been cleaned and kept in good condition.

Spuyten Duyvil Parkway.

Bridle Path—The work of constructing a bridle path along the southern side of this parkway was begun by park labor in July, and is now about three-fourths completed. This is a very desirable improvement, and will be ready for the public about November 15.

Gutters—The work of widening and relaying the gutters on this parkway is practically completed. The work has been done by park labor, and will be followed up as soon as possible with the resurfacing of the roadway.

Reconstructing Parkway—About one mile of the westerly side of this parkway has been repaved with broken stone and screenings. The work has been done by a large force of park labor, and two road rollers. The broken stone and screenings are being furnished on contract, and the work will be completed about December 1. This is a most excellent job, and is a very desirable improvement, and one much appreciated by the public.

Reconstructing Riverdale Avenue—Plans and specifications have been prepared for repaving and surfacing with asphaltic concrete that portion of Riverdale avenue between the northern and southern boundaries of Spuyten Duyvil parkway. The specifications have been submitted to the Corporation Counsel for approval, and it is hoped that this contract may be awarded and completed in December.

Retaining Wall, John F. O'Heir & Co., Contractors—This wall has been completed, and final payment was rendered on August 14, 1908.

Sprinkling Roadway—Specifications have been prepared for a contract for furnishing 10,000 gallons of crude petroleum oil for sprinkling the roadway of this parkway, for the purpose of rendering it dustless. The specifications are now in the hands of the Corporation Counsel, and the work of sprinkling will be done by park labor as soon as the contract has been awarded and the oil furnished.

The boundary lines of this parkway were run out by the Engineers of this Department.

Pelham Bay Park.

Bridges—On the bridges being built in this Park by the New York, New Haven and Hartford Railroad Company, all of the approaches are completed, with the exception of the one on the east side of Bartow Station. This work cannot be done until the location of the horse railroad is changed; negotiations are now in progress to have this change made.

Reconstructing Roadway of Eastern Boulevard, Sicilian Asphalt Paving Company, Contractors—The work of reconstructing this roadway, and surfacing the same with

asphaltic mixture, is progressing very satisfactorily. About 15,000 square yards have been laid, and the work will probably be completed not later than November 15. This is a most excellent improvement, and has been highly praised by automobile travelers over the road.

The road from the old entrance to Hunter Island, which was being built by park labor, is completed, excepting for the macadamizing. This cannot be finished until additional funds shall have been obtained for its completion.

Drainage—The work of draining the swamp lands around the athletic field has been completed by park labor. This is a very important improvement, as it has eliminated all the mosquito breeding ponds and pools in that portion of the Park.

Bath Houses, Beaches, etc.—The 100 new bath houses which were completed during the last quarter are now in use, and are much appreciated. The improvement of the beaches and shores of Pelham Bay, building new beaches, etc., is now in progress, with park labor. Application has been made for additional funds to continue this work next year.

Golf Links—The work of draining the swamp lands around the golf links has been begun, with park labor, and has been prosecuted as far as the funds available would permit.

General Maintenance—The roads on Hunter and Twin Islands have been repaired, and repairs have also been made on the house on Hunter Island. The golf links, baseball diamonds, etc., have been kept in good condition, grass cut and greens rolled regularly. The athletic tracks have also been kept in good condition, and have been well patronized during the season. The section of the Park devoted to camping was well filled during the summer. Particular attention was paid to this location, the sanitary conditions were maintained, and the place kept in a clean and healthy condition all summer. A new comfort-station has been added to this part of the Park, and is completed and ready for use. The band concerts given in this Park during the summer were very largely attended, and highly appreciated.

Moshulu Parkway.

Improving Glen—The work of improving the glen near Webster avenue on this parkway is still in progress, with park labor. This consists of walk building, grading, etc., and will be completed during the present year. This is an improvement which was very much needed, and is greatly appreciated by the public.

General Maintenance—This parkway was kept in good condition, the grass was mowed, gutters were cleaned, roads and paths edged and kept free from grass and rubbish.

Sprinkling Roadway—A contract was awarded to Jos. J. Fogarty, on July 23, for furnishing 10,000 gallons of crude oil mixture having an asphaltic base, for the purpose of sprinkling this roadway to render it dustless. The contract was completed, and final payment rendered on September 28, the work of sprinkling having been done by the contractor. Another contract for 20,000 gallons additional, to be furnished and placed by the contractor, has been prepared, and will be advertised on October 15.

Bronx and Pelham Parkway.

Grading Road—The work of grading the road, which was begun by park labor during the last quarter, is now well under way, and will be continued as long as the weather conditions will permit.

Funds should be had to proceed with the work of improving the whole of this parkway to an early completion. Side roads are an immediate necessity, so that sewers and water pipes may be laid.

Repaving and Surfacing—The work of repaving and surfacing this parkway, which was begun by park labor during the last quarter, is practically completed, from the Southern boulevard to the Eastern boulevard. A tarvia road has been laid for a portion of the distance. Bids have been received for the work of laying an asphaltic earth pavement between the Williamsbridge and Eastchester roads, but the contract has not as yet been awarded, owing to some question as to the character of the material proposed to be used.

Sprinkling Roadway—A large portion of the roadway has been sprinkled with Texas road oil, which keeps the road practically dustless. The results of this sprinkling are quite satisfactory and the work should be continued. Specifications for the purchase of 15,000 additional gallons of this oil, on contract, have been prepared and are now in the hands of the Corporation Counsel.

New Roadway—The new roadway south of the main drive, and running parallel to the same, is well under way, the work being done by park labor. The earth and rock on the section lying east of the Williamsbridge road to Eastchester road that is above grade is being removed and dumped in low land to bring the same up to grade.

General Maintenance—This parkway has been maintained in perfect condition during the summer; the grass has been cut, gutters have been cleaned, paths edged, roadway cleaned, trees cultivated, etc. The roadway has been reconstructed from Eastchester road to the Eastern boulevard, and is now in first-class condition. The old gutter on the south side of the parkway, from Williamsbridge road to Eastchester road, was removed and relaid.

Crotona Park.

Improvement of Grounds North of the Municipal Building, A. L. Guidone, Contractor—This contract has been completed and final payment was rendered on July 31, 1908. The work of fitting up this portion and covering with top soil has been begun by park labor and will probably be completed about December 1.

Grading, Draining, etc.—Considerable grading, draining, sodding, planting, etc., have been done in several portions of this park during the quarter.

General Maintenance—A marked improvement has been made in the general condition of this park during the past quarter. New gutters have been made on the roads and paths; the section north of One Hundred and Seventy-fifth street east of Third avenue has been filled in; the path running north was reconstructed; new pipe rail has been erected to protect this point. The section on the Tremont avenue side of the park is being rapidly developed, and when finished will be a decided improvement. The lawns, paths and roads have been well taken care of. The tennis courts and baseball diamonds have been carefully rolled and marked.

Crotona Parkway.

Application has been made for funds to extend this parkway into Crotona Park, and this work will be done as soon as the money shall be appropriated.

The general work of improvement and maintenance has been carried on as usual on this parkway; the roadway has been well sprinkled, the grass on the plantations cut, and the trees have been trimmed and cared for. The parkway is in very good condition.

Claremont Park.

Improvement of Clay Avenue Site—The contract for furnishing the pipe fence to enclose that portion of the park on Clay avenue at the Wendover avenue entrance was let on July 23 to the New Jersey Foundry and Machine Company. The fence has all been delivered and will be erected by park labor, and completed this year. The work of improving and grading north of Wendover avenue is about four-fifths completed. Humus top soil has been purchased and is being placed around the rhododendron shrubs along the hillside.

St. James' Park.

Fence Wall—The wall along the Creston avenue side of this park is nearly completed, the fence is all erected and about one-half of it has been painted. The wall on this street will be completed about October 10. The work of constructing a retaining wall and fence along the side of the newly graded street on the north side of the park has been begun and part of the excavation is made. These improvements, when finished, will practically complete all the construction work required in this park.

The general maintenance, which includes the care of Poe Park, was carried on as usual. Lawns were kept in good condition, roads and paths were trimmed, raked and rescreened, flower beds were cultivated and cared for; the westerly side of Poe Park, along the Concourse, has been graded and sodded and is in good shape. The baseball diamonds and tennis courts in St. James' Park were rolled and cared for and were well patronized.

Macomb's Dam Park.

Drainage—The work of grading exterior street, which has been done by the Department of Highways, has necessitated additional drainage and filling in of lands in this park. We have no funds available at present for this work, but application has been made for this and various other needed improvements in this park.

St. Mary's Park.

Fencing—A contract was awarded to the New Jersey Foundry and Machine Company on September 17 for the erection of a fence around such portions of this park as have not already been fenced in, and the work will be completed about December 20 of this year.

General Maintenance—The northerly section of the park, along St. Ann's avenue, was graded, and, with a light dressing of top soil, will be ready for seeding and planting. The tennis courts were marked and rolled, grass cut, paths edged and trimmed and buildings cleaned and guarded.

Echo Park. Small Squares.

Echo Park has been kept in first-class conditions; the lawns have been mowed and raked, paths swept and edged and a small quantity of pipe railing has been erected in the park and painted, during the last quarter.

The small square at One Hundred and Seventieth street and Jerome avenue has been sodded where worn and new pipe rail fence has been erected around the same.

The plots at Washington Bridge and Aqueduct avenue have been fenced in with pipe rail fences, soil has been placed where worn, the square at Washington avenue and Third avenue has been fenced in and is in good shape. The square at Quarry road and One Hundred and Eighty-second street is fenced in and planted, and is in fine condition.

Fencing Small Parks.

All of the pipe railing on contract for fencing small parks has been delivered, and nearly all of it has been erected, about three-fourths of that erected having been painted. Application has been made for funds to complete this most excellent work, and it is to be hoped that the money will be appropriated.

Nurseries, Greenhouses, etc.

Van Cortlandt Nursery—In the nursery in this park trees and shrubs have been cultivated several times during the season by ploughing between rows and being hoed by hand; water has been hauled and used to water trees and shrubs; two fields of about five acres each have been ploughed, harrowed and worked, to be gotten in shape for fall planting of the crowded stock from the nursery. Elm trees have been sprayed several times to exterminate the elm leaf beetle, also some other nursery stock has been sprayed for scale and other injurious insects.

Colonial Gardens, Van Cortlandt Park—In the Colonial Gardens herbaceous plants were cultivated and cleaned, and dead flowers picked off; walks were hoed, cleaned and top dressed with screenings; trees and shrubs were cultivated and pruned, box edgings trimmed and cleaned. The flower beds around the mansion and golf house were watered, cleaned and cultivated. The plantation along the railroad tracks on the east side of the parade ground was cleaned and cultivated, also around the concert station on the parade ground, and the grass was cut on the polo fields, baseball diamonds, cricket fields, lawn tennis courts, also on the lawns around the mansion and in the Colonial Gardens.

Greenhouses in Bronx Park—The regular routine work has been carried on in the greenhouses, which consisted of cleaning, cultivating and staking the herbaceous gardens several times, etc. A number of plants have been divided to increase the stock; seed has been collected from various plants, to be used for restocking purposes; men from the greenhouses have labeled all cannas, hollyhocks and various other plants throughout the parks in the Borough, to be kept as stock plants through the winter.

Street Trees—The care of the street trees during the last quarter consisted of scraping, pruning, cutting down dead trees throughout the Borough, spraying, cementing, painting of trees, repairing of tree guards; also cultivating and watering trees in the City streets.

Your attention is also respectfully called to the following contract work, under way or completed, during the last three months; also to the following contracts for supplies:

FRANCIS K. PENDLETON, Corporation Counsel.

FIRE DEPARTMENT.

TRANSACTIONS FROM NOVEMBER 16 TO NOVEMBER 21, 1908, BOTH DAYS INCLUSIVE.

New York, November 16, 1908.

Opening of Proposals.

In the presence of the Commissioner and a representative of the Comptroller. Affidavit as to due publication in City Record of advertisement inviting proposals was read and filed, and approved forms of contract were submitted.

Proposals were received as follows:

BOROUGH OF BROOKLYN AND QUEENS.

For furnishing and delivering 3,000 feet of 1½-inch rubber fire hose for use on chemical engines:

No. 1. Republic Rubber Company, No. 47 Warren street, Manhattan, \$5,625. With security deposit of \$140.62.

No. 2. Diamond Rubber Company, No. 1876 Broadway, Manhattan, \$3,375. With security deposit of \$100.

For furnishing and delivering 75 fire alarm boxes for use in the boroughs of Brooklyn and Queens:

No. 1. Gamewell Fire Alarm Company, No. 19 Barclay street, Manhattan, \$9,375. With security deposit of \$235.

The proposal of the Republic Rubber Company for furnishing and delivering 3,000 feet of 1½-inch rubber fire hose for use on chemical engines, boroughs of Brooklyn and Queens, was rejected and filed, it being deemed for the best interest of the city so to do.

The proposal of the Diamond Rubber Company was declared informal, and the same was also placed on file.

The award of contract for furnishing fire alarm boxes was deferred.

It was ordered that the security deposits be transmitted to the comptroller.

Communications received were disposed of as follows:

Filed.

From Department of Finance—

1. Advising that the comptroller's certificate has been endorsed upon the contracts of Otto Metz, dated November 5, 1908, for alterations to buildings of Volunteer Mutual engine company 1, Volunteer hook and ladder company Rescue 1, Volunteer Empire hose company 1 and Volunteer Murray Hill hose company 4, Flushing, borough of Queens, and that the same are now valid contracts. Certificates attached to contracts.

2. Receipt for security deposits accompanying proposals received this day for furnishing 3,000 feet of 1½-inch rubber fire hose for use on chemical engines, and for supplying 75 fire alarm boxes, for use in the boroughs of Brooklyn and Queens.

3. Approving of the adequacy and sufficiency of the sureties on proposal of Joseph Wagner for erecting new building for engine company 163 and hook and ladder company 67, Long Island City, borough of Queens.

From Corporation Counsel—Returning approved as to form proposed contracts, in triplicate, and advertisement in connection therewith for publication in the City Record inviting proposals for furnishing three extra large size hose wagons for use in connection with high-pressure fire service, borough of Manhattan; for furnishing ten top buggies for chief officers in the borough of Manhattan and an equal number for use in the borough of Brooklyn, and for additions and alterations to engine company 170 and hose company 2, Richmond Hill, and hook and ladder company 76, Jamaica, borough of Queens.

From Municipal Civil Service Commission—

1. Requesting information concerning suspension of assistant fire marshal Charles O. McCarthy, boroughs of Manhattan, The Bronx and Richmond. Reply communicated.

2. Approving designation of chief of battalion John B. Condon as a member of the departmental board of examiners for positions in the non-competitive class.

From Police Department—Acknowledging receipt of notification of 10th inst. of malicious false alarm for fire from box corner of Hudson and Clarkson streets.

From Bureau of Highways, borough of Queens—Requesting to be supplied with 3,000 feet of 2½-inch discarded fire hose in 15-foot lengths. Approved. Deputy Commissioner, boroughs of Brooklyn and Queens, notified.

From Deputy Commissioner, boroughs of Brooklyn and Queens—

1. Transmitting charges, testimony and findings in matter of trials held in the borough of Brooklyn on the 11th inst., as follows:

Engineer of Steamer Edward J. Connelly, Engine Company 130—For violation of section 181, rules and regulations of 1905. Reprimanded.

Fireman first grade John E. Evans, Engine Company 144, detailed to Engine Company 140—For violation of section 108, rules and regulations of 1905. Fined two days' pay.

Oil Surveyor William J. Heaney, Bureau of Combustibles—For absence without leave. Fined two days' pay. Findings approved.

2. Forwarding charge of absence without leave against lineman William J. Condon, fire alarm telegraph bureau, boroughs of Brooklyn and Queens, and recommending that he be notified to appear for trial at Brooklyn headquarters on the 16th inst. at 11 a. m. Approved and ordered.

3. Returning original order directing the placing in operation of the high-pressure system in the borough of Brooklyn.

From Fire Alarm Telegraph Bureau—Reporting that it became necessary to place out of service fire alarm box 3-531, in public school at Sixty-eighth street and Lexington avenue, on account of workmen in school having cut the cable connecting with that of this department. Department of Education notified.

From Bureau of Violations and Auxiliary Fire Appliances—Returning, with reports, communications inquiring whether the requirements of this department have been complied with on top floor of premises northwest corner of Grand and Orchard streets. Copy forwarded to Police Department and to the Society for the Prevention of Crime.

From Bureau of Violations and Auxiliary Fire Appliances and Bureau of Fire Marshal—

1. Returning, with report, communication from the Title Insurance Company of New York inquiring as to violations, if any, affecting certain premises. Said company notified.

2. Returning, with report, communication from the Lawyers' Title Insurance and Trust Company inquiring as to violations, if any, affecting premises No. 43 West Sixty-ninth street. Said company notified.

From Superintendent of Buildings—Recommending that the Union Railway Company be requested to remove pole in front of premises of this department on the westerly side of White Plains road, 400 feet north of Morris Park avenue. Recommendation approved and application made.

From Clerk in Charge, Repairs and Supplies, and Chief of Battalion in Charge, Repair Shops—Recommending rejection, as result of test held at repair shops on 9th inst., for non-compliance with specifications, of 2,500 feet of 3½-inch rubber fire hose furnished by the Diamond Rubber Company on account of contract of August 28, 1908, borough of Brooklyn, and of 5,000 feet of 3½-inch rubber fire hose furnished by said company on account of their contract of August 28, 1908, borough of Manhattan, and, further, that said company be notified to replace the same within thirty days with hose of the kind and quality called for in the specifications. Recommendations approved and ordered accordingly.

From Board of Medical Officers—Certifying that pilot Andrew Cockfair, engine company 77, "Abraham S. Hewitt," is permanently disabled for the performance of the duties of his position; that the disability is of such a nature as to render him unfit for the performance of fire duty in this department, and that it was not caused in or induced by the actual performance of the duties of his position. Retirement on one-third pay ordered, to take effect from 8 a. m., November 17, 1908.

From Foreman, Engine Company 25—Reporting that engineer of steamer Lawrence Martin, of his command, is without a license to run fire engine. Said engineer

of steamer notified to appear before Boiler Squad, Police Department, to procure such license as soon as possible.

From Theatre Detail—Reporting slight disturbance at Herald Square Theatre during his tour of duty on the evening of the 10th inst.

From Lawrence Healey—Applying for appointment as pilot.

BOROUGH OF QUEENS.

- Gerla S. Bergstrum, December 1 to December 3, 1908.

A communication from his Honor the Mayor requesting the Board to consider the matter of the deficiency in the Street Cleaning Department, and pass upon the same under the powers vested in the Board by the Greater New York Charter, was received. A communication from the Commissioner of Street Cleaning in respect to the same matter was also received. On motion, the following preambles and resolutions were adopted:

Whereas, The thorough cleanliness of the streets of The City of New York and the prompt removal of ashes and garbage therefrom are necessary for the preservation of the public health of the said City; and

Whereas, It appears by a communication of the Commissioner of Street Cleaning, dated December 9, 1908 (a copy of which is forwarded, hereto annexed), that the unexpended balance of the appropriation for the year 1908 for the purpose above mentioned is insufficient to properly clean the streets and to promptly remove the ashes and garbage therefrom; and

Whereas, This Board is advised that the additional amount necessary for the purposes stated during the remainder of the current year can be lawfully appropriated only pursuant to the authority vested in the Board of Health by chapter 535 of the Laws of 1893; therefore be it

Resolved, That in the opinion of the Board of Health the preservation of the health of the community requires that greater efficiency shall be maintained in the cleaning of the streets and the removal of ashes and garbage than can be obtained by the expenditure of the balance of moneys appropriated to and for the uses and purposes of the Department of Street Cleaning for the year 1908; be it further

Resolved, That this Board hereby certifies to the Board of Estimate and Apportionment that the sum of sixty thousand dollars (\$60,000) should be appropriated for the purpose of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the health of the community, in cleaning the streets and removing ashes and garbage from the said city during the remainder of the year nineteen hundred and eight.

Sanitary Bureau

The following communications were received from the Sanitary Superintendent:

First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

Third—Certificate in respect to the vacation of premises at north side of Pelham avenue, opposite Arthur avenue, Borough of The Bronx.

On motion, the following preamble and resolution were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot, north side of Pelham avenue, opposite Arthur avenue, in the Borough of The Bronx, has become dangerous to life and is unfit for human habitation, because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot on north side of Pelham avenue, opposite Arthur avenue, in the Borough of The Bronx, be required to vacate said building on or before December 22, 1908, for the reason that said building is dangerous to life and is unfit for human habitation, because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

Fifth—Certificates declaring premises at No. 220 East Twenty-fourth street and No. 303 East One Hundred and Eighth street, Borough of Manhattan; northwest corner of St. Raymond's avenue and Parker avenue, Borough of The Bronx, and No. 2403 Walker avenue, Borough of The Bronx, public nuisances.

On motion, the following orders were entered:

Whereas, The premises No. 220 East Twenty-fourth street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the wooden floors of the horse stalls and stable and the saturated earth beneath same be removed, the site cleaned and disinfected and the floors of the stalls be cemented and so graded as to discharge all liquids into a watertight valley drain, which is connected to a sewer by means of a properly trapped drain of extra heavy cast iron pipe; that each stall be provided with a movable rack; that the broken portions of the cement surface of the washstand be properly repaired and so graded as to discharge all liquids into the drain thereat; that the pit for holding manure be emptied, cleaned and disinfected and filled with fresh earth; that hereafter all manure be removed from the premises daily, unless pressed in bales, barrels or boxes, so as to reduce it to not more than one-third the original bulk; that the broken portions of the wooden flooring on second floor be properly repaired and made safe; that all useless and offensive refuse be removed from the second floor; that the disused watercloset on second floor be disconnected from the main iron soil pipe and the opening at point of disconnection be closed with a lead caulked iron plug, or that said watercloset be thoroughly cleaned and provided with an adequate supply of water, so that same may be properly flushed at all times; that all broken glass be replaced by new glass.

Whereas, The premises No. 303 East One Hundred and Eighth street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises northwest corner St. Raymond's avenue and Parker avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop in its present condition, be discontinued.

Whereas, The premises No. 2403 Walker avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The Third Avenue Railroad Company has, under date of June 2, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension to its existing line upon and along Port George avenue, from Amsterdam avenue to Audubon avenue, in the Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 609 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 2, 1908, fixing the date for public hearing thereon as June 26, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Times" and the "New York Tribune" newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of the hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Third Avenue Railroad Company, and the adequacy of the compensation proposed to be paid therefor; and therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Third Avenue Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Third Avenue Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

THE THIRD AVENUE RAILROAD COMPANY.
Proposed Form of Contract.

This contract, made this _____ day of _____, 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Third Avenue Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the terms and conditions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers in the Borough of Manhattan, City of New York, upon the following route:

Beginning and connecting with the existing double-track street surface railway on Amsterdam avenue at or near the intersection of said avenue with Port George avenue; thence northerly, westerly and southerly in, upon and along said Port George avenue as it winds and turns in its intersection with Audubon avenue, with a loop terminal at said intersection, to be constructed within the present roadway of said Port George ave-

the said route, with switches, crossovers and terminal loop hereby authorized, are shown upon a map entitled: "Amended map showing proposed railway of the Third Avenue Railroad Company in the Borough of Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, of June 2, 1908," and signed by F. W. Whitridge, Receiver, Edward A. Maher, General Manager, and F. P. Mulloy, Chief Engineer, dated New York, November 27, 1908, a copy of which is attached hereto, is to be deemed a part of this contract, and it is to be substantially followed; provided, that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within thirty (30) days from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for a term not exceeding three (3) years, provided that if the Company shall make application to the Board, then the Board may extend the term of said right and privilege upon the same terms and conditions herein fixed for a further period not exceeding two (2) years.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of three hundred dollars (\$300) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the term of this grant, whether for a term of three years or an extension of such term for a further period of two years, an annual sum which shall in no case be less than one thousand one hundred dollars (\$1,100), and which shall be equal to three (3) per cent of its gross annual receipts if such percentage shall exceed the sum of one thousand one hundred dollars (\$1,100).

The gross receipts mentioned above shall be that portion of the gross earnings of the Company from all sources as shall bear the same ratio to its whole gross earnings as the length of the route hereby authorized shall bear to the entire length of the railway of the Company in operation.

The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

Such minimum annual sums shall be paid into the Treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above said minimum shall be paid to the Comptroller of the City on or before November 1 of each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law, as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

Any and all payments to be made by the terms of this contract in the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this contract or extension thereof as herein provided, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignor or lessor that the same is subject to all the conditions of this contract, and that the assignor or lessor assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignor or lessor to the contrary notwithstanding, and that the said assignor or lessor waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title therein, or right, interest or security therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any statute notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant in any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets, avenues or highways.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or

any structures, in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways, for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repaving of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway as used.

The Company shall not at any time remove, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, provided that any other power may be used, except locomotive steam power or horse power, which may be lawfully used, approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Ninth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two conduits not less than 3 inches in diameter each, for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within thirty (30) days from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within three (3) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Twelfth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of the Company shall be maintained in good condition throughout the term of this contract.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed 5 cents, and the Company shall not charge any passenger more than 3 cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars, and cars necessary for the repair or maintenance of the railway, and no freight or express cars shall be operated upon the tracks of said railway; and the tracks hereby authorized shall not be used for the storage of cars.

Fifteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered, at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Com-

missioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as the said railway, or any portion thereof, remains in any street, avenue or highway the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—Before any construction shall be commenced upon any portion of the route written permits shall be obtained from the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Manhattan.

Twenty-fifth—Should the grades or lines of the streets, avenues or highways in which the franchise is hereby granted be changed at any time during the term of this contract the Company shall change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said streets, avenues or highways the Company shall take care of and protect the track and appurtenances at its own expense, all to be done subject to the direction of the President of the Borough of Manhattan.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Twenty-ninth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Thirtieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability

whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of two thousand five hundred dollars (\$2,500) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day, not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of two thousand five hundred dollars (\$2,500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-second—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed to the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law in any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company has, under date of June 11, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension to its existing and proposed lines in Nassau County, upon and along Broadway, Tenth street, Bayview boulevard and other streets and avenues, in the Borough of Queens; and

Whereas, Section 92 of the Railroad Law and sections 22, 23 and 24 of the Greater New York Charter, as amended by chapters 620 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on June 26, 1908, fixing the date for public hearing thereon as September 18, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the City Record, for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract made this _____ day of _____, 1900, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in the City of New York, upon the portion of the following routes which lies within streets or avenues to which the City has title for street purposes:

Beginning at a point where the boundary line between The City of New York and the County of Nassau intersects Broadway in the Borough of Queens; thence in and upon Broadway to the easterly side of Bell avenue, in the former Village of Bayview;

Also beginning at the intersection of Broadway and Tenth street, in the former Village of Bayview, and there connecting with the above-described route on Broadway; thence in and upon Tenth street to an unnamed street; thence in and upon said unnamed street to Bayview boulevard; thence in and upon Bayview boulevard to Addington avenue; thence in and upon Addington avenue to Chambers street; thence in and upon Chambers street to Crocherson avenue; thence in and upon Crocherson avenue to Twenty-third street; thence in and upon Twenty-third street to State street; thence in and upon State street to Thirtieth street; thence in and upon Thirtieth street to Chestnut street; thence in and upon Chestnut street, across Murray street, Murray lane, and continuing in and upon private property in line of the prolongation of Chestnut street, to Chestnut street at Flushing place; and thence still in and upon Chestnut street to White-stone avenue; thence in and upon White-stone avenue to State street; thence in and upon State street to Farrington street; the railway upon all of said route to be of double track; thence by a single track continuing in and upon State street, from Farrington street to Prince street; thence in and upon Prince street to Broadway; thence in and upon Broadway to Farrington street; thence in and upon Farrington street

to State street, and there connecting with the double track above described; all in the Borough of Queens, City of New York.

The said routes, with switches and crossovers, are shown upon two maps, each of which is entitled "Map showing proposed street surface railway of the New York and North Shore Traction Company, in the Borough of Queens, to accompany petition for a franchise in the Board of Estimate and Apportionment, dated June 11, 1908," and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, copies of which maps are attached hereto, are to be deemed a part of this contract, are to be construed with the text thereof, and are to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract, may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time; or, in the event that such consents cannot be obtained within such time, the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railway ought to be constructed; otherwise this grant shall cease and terminate.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate as fixed for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate heretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of seven thousand dollars (\$7,000) in cash within four (4) months after the date upon which this contract is signed by the Mayor, and before anything is done to exercise the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two thousand two hundred dollars (\$2,200), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand two hundred dollars (\$2,200).

During the second term of five years an annual sum which shall in no case be less than four thousand dollars (\$4,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand dollars (\$4,000).

During the third term of five years an annual sum which shall in no case be less than four thousand five hundred dollars (\$4,500), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand five hundred dollars (\$4,500).

During the fourth term of five years an annual sum which shall in no case be less than five thousand five hundred dollars (\$5,500), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand five hundred dollars (\$5,500).

During the remaining term of five years an annual sum which shall in no case be less than six thousand two hundred dollars (\$6,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of six thousand two hundred dollars (\$6,200).

The gross receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City. The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1st of each year and shall be for the amount due to September 30 next preceding.

Whenever such percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November

1st in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination of the tracks and equipments of the Company constructed pursuant to this contract within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above, the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, and any structures in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railway purposes, for a distance not exceeding six thousand (6,000) feet of street, upon payment of an annual sum by such individual or corporation to the Company, which shall be equal to the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon or such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway as used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten years of this contract, upon giving to the grantee one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and highways of the City.

Ninth—Upon six months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two ducts not less than 3 inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or from the

date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen months from the date of obtaining such consents or such decision, otherwise this right shall cease and terminate, and all sums said, or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Twelfth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway accessories, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and terminate.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board; provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine, after a hearing had thereon, that public convenience requires the operation of cars during said hours.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above thirty-five degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Nineteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street, avenue or highway, the Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe, and the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration in the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of Queens, and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which these officials may impose, as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which these officials have jurisdiction.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface rail-

way shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of Queens.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway or any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street, avenue or highway.

Twenty-sixth—Should, in the opinion of the Board at any time before or during construction of the railway, any of said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, avenues or highways, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street, avenue or highway is so widened, the Company shall grade the roadway thereon as directed by the President of the Borough of Queens.

Twenty-seventh—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened, as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Twenty-eighth—The Company agrees to comply with any and all the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—And such other information in regard to the business of the Company as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the

cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-fifth—This grant is upon the express condition that the Company, within four (4) months after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of ten thousand dollars (\$10,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any default made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-seventh—The words "notice" of "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the success of railways operating in the City, and inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees, on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of the Board, shall be published for at least twenty (20) days immediately prior to Friday, January 8, 1909, in the City Record, and at least twice during the ten

days immediately prior to Friday, January 8, 1909, in two daily newspapers to be designated by the Mayor, and published in The City of New York, at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, January 8, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 293 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

THURSDAY, JANUARY 7, 1909,

FOR CONTRACT NO. 36 for the construction of the NORTH HALF OF THE WALLKILL PRESSURE TUNNEL, a tunnel in rock crossing under the valley of the Wallkill River, with three shafts 350 to 480 feet in depth, and a short stretch of plain concrete conduit known as cut-and-cover aqueduct; and for CONTRACT 37 for the construction of the SOUTH HALF OF THE WALLKILL PRESSURE TUNNEL, with three shafts 350 to 400 feet in depth, and a short stretch of plain concrete conduit, known as cut-and-cover aqueduct. The pressure tunnel will be circular, 14½ feet inside diameter, and the aqueduct 17 feet high by 17½ feet wide inside. The work is located in the Towns of New Paltz and Gardiner, Ulster County, N. Y.

Bids or proposals are invited for each contract separately and for both contracts combined. Any bidder may make a bid for either contract or for the two contracts combined. A separate form of proposal will be furnished for the purpose of the combined bid.

The Board may reject any or all bids.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

Two or more bonds, the aggregate amount of which shall be four hundred and fifty thousand dollars (\$450,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of fifty thousand dollars (\$50,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined.

Time allowed for the completion of the work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the EASTERLY SIDE OF CLINTON STREET, between Broome street and the southerly clearance of the Williamsburg Bridge, in the Borough of Manhattan, in the City of New York, duly selected as a site for buildings for police purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessor or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessors, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Police Commissioner of The City of New York, situated at No. 200 Mulberry street, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Tuesday, December 23, 1908, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 5th day of January, 1909, at 10 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, December 16, 1908.
ADAM WIENER,
JAMES S. MENG,
Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the widening of RIVER-SIDE DRIVE, on the easterly side, from West One Hundred and Fifty-eighth street to West One Hundred and Sixty-fifth street, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 15th day of January, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of January, 1909, at 11 o'clock a. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of January, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

On the west by the Hudson River; on the north by Dyckman street; on the east by Broadway, and on the south by One Hundred and Thirty-fifth street.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 11th day of March, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 19, 1908.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of FORREST STREET, between Central avenue and Flushing avenue, in the Twenty-seventh Ward, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and unimproved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 19th day of January, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 21st day of January, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 19th day of January, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 22d day of January, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line midway between Forrest street and Noll street with a line 100 feet southwestwardly from the southwesterly side of Central avenue and parallel therewith, the said distance being measured at right angles to the line of Central avenue, and running thence northwesterly and parallel with the line of Central avenue to the intersection with a line distant 100 feet northwesterly from the northwesterly side of Forrest street and parallel therewith, the said distance being measured at right angles to the line of Forrest street; thence running northwesterly and parallel with the line of Forrest street to the intersection with the northwesterly side of Flushing avenue; thence northwesterly at right angles to the line of Flushing avenue 100 feet; thence northwesterly and parallel with the line of Flushing avenue to the intersection with a line at right angles to the line of Flushing avenue, and passing through a point on the southeasterly side of the said avenue midway between the intersection of the said southeasterly side with the southeasterly side of Flushing avenue; thence southwesterly along the course last described to the southeasterly side of Flushing avenue; thence southwesterly and parallel with the line of Flushing avenue to the intersection with the prolongation of a line midway between Forrest and Noll streets; thence southwesterly and along the said line midway be-

tween Forrest street and Noll street to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 30th day of January, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 17th day of March, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto. Such application will be made to the Supreme Court at a Special Term thereof to be held in and for the Ninth Judicial District at the Court House in the City of Newburgh, Orange County, N. Y., on

SATURDAY, FEBRUARY 6, 1909,

at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the County of Orange, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Cornwall, County of Orange and State of New York, shown on a certain map entitled: "Northern Aqueduct Department, Section No. 7, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Cornwall, County of Orange and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from west shore of Hudson River at Storm King to the vicinity of Valhalla," which map was filed in the office of the County Clerk of the County of Orange at Goshen, N. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for the City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contractor, partner, stockholder, surety or otherwise in or in the performance of the contract or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a verified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

Note—Pursuant to an order of the Supreme Court, after the examination of void and protested ballots, the Court ordered that a net gain of thirty-five votes be added to Dana Wallace's total vote for the office of District Attorney, and that a net gain of fifteen votes be added to Fred. G. De Witt's total vote for the same office.

We certify the foregoing to be a true and correct tabulated statement of the votes cast in the several election districts in the Borough of Queens, County of Queens, at the general election held therein on the 3d day of November, 1908.

Dated November 30, 1908.

JOHN NIEDERSTEIN, County Clerk and Secretary.

GEORGE EMENER, Chairman.

MICHAEL J. CARTER,

JOSEPH FLANAGAN,

Members of the Board of Canvassers.

State of New York, County of Queens, ss.:

I, John Niederstein, Clerk of the County of Queens, and of the Courts of Record for said County, do certify that I have compared the preceding with the original tabulated statement of the votes cast at the last general election held in the Borough of Queens, County of Queens, on November 3, 1908, consisting of four sheets, constituting the four Assembly Districts of said County, on file in the Clerk's office of said County, and that the same is a true and correct copy thereof, and the whole of such original.

In witness whereof, I have hereunto subscribed my hand and affixed the seal of said Court and County, the 11th day of December, 1908.

[SEAL]

JOHN NIEDERSTEIN, Clerk.

THE CITY RECORD.

OFFICIAL JOURNAL OF THE CITY OF NEW YORK.

There shall be published daily, Sundays and legal holidays excepted, under a contract to be made as hereinafter provided, a paper to be known as the CITY RECORD. And said CITY RECORD, and the newspapers now by law designated as corporation newspapers in the present City of Brooklyn, shall be the only papers to be included within the term corporation newspapers, as the same is used anywhere in this act; There shall be inserted in said CITY RECORD nothing aside from such official matters as are expressly authorized. . . . All advertising required to be done for the City, except as in this act otherwise specially provided, and all notices required by law or ordinance to be published in corporation papers, shall be inserted at the public expense only in the CITY RECORD, and the publication therein shall be a sufficient compliance with any law or ordinance requiring publication of such matters or notices. . . . The Comptroller shall cause a continuous series of the CITY RECORD to be bound as completed, quarterly, and to be deposited with his certificate thereon in the office of the Register of Deeds of the County of New York, in the County Clerk's office of said County, and in the office of the City Clerk, and copies of the contents of any of the same, certified by such Register, County Clerk or City Clerk, shall be received in judicial proceedings as prima facie evidence of the truth of the contents thereof.—§1326, Greater New York Charter.
