That on all payrolls against schedules entitled "Salaries, Regular Employees," and "Wages, Regular Employees," there shall be set forth the monthly or weekly pro rata expenditures against such schedules, or in case the items on such schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the monthly or weekly pro rata expenditures against such schedules as changed.

(f). That there shall be affixed to all payrolls a certificate made by the person preparing such payroll to the effect that there is a time record on file in said Board, Office, Bureau or Department, certified by the person or persons having knowledge of the facts, showing the character of service and the exact time of employment of such person or persons on said payrolls, and that the distribution or division of the time of such person or persons as shown on such payrolls is in accordance with such time record.

Resolved, That wherever an appropriation under any classification other than "Personal Service" or "Supplies and Materials" is supported by a schedule, all expenditures against such appropriation shall be made in accordance with such schedule and no voucher shall be passed by the Department of Finance for a sum exceeding the amount shown in said schedule, except when such schedule shall have been changed by twelve votes of the Board of Estimate and Apportionment, and that the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall transmit to the Department of Finance on the first day of each month, or as soon thereafter as possible, a statement showing, firstly, the aggregate liabilities incurred against such schedules for which vouchers have been transmitted to the Department of Finance, and, secondly, all additional liabilities incurred against such schedules for which vouchers have not as yet been transmitted.

—be it further

Resolved, That wherever an appropriation under the classification of "Supplies and Materials" is supported by a schedule, such schedule shall be conclusive as to the amount allowed for each function or subdivision, and the heads of departments shall submit to the Department of Finance on the first day of each month, or as soon thereafter as possible, a statement showing the amount of supplies and materials consumed the previous month chargeable against each supporting schedule line of the appropriation for "Supplies and Materials," which monthly amount in the aggregate, shall not exceed the amount specified in the schedule, unless modified by twelve (12) votes of the Board of Estimate and Apportionment.

—be it further

Resolved, That all appropriations under a classification other than "Personal Service," to any Board, Office, Bureau or Department of the City or County Governments, made in this Budget, be made under the following conditions:

First—That, in so far as practicable, all contracts and open market orders for purchases to be charged against such appropriation shall be based upon specifications which are definite and certain as to character and quality, and which conform with standard specifications for the various classes of supplies, materials, fuel and forage hereafter to be promulgated by this Board.

Second—That, in so far as such standard specifications may hereafter be established by this Board, the Comptroller at the time of certifying as to the sufficiency of appropriations out of which such contracts are to be paid shall also certify that the specifications for such supplies or materials, fuel or forage or other articles for which standard specifications have been prescribed, are in conformance with such standard specifications.

Third—That all open market orders issued by any Department for supplies or materials, from which standard specifications shall have been prescribed, shall contain a description of the goods ordered, conforming with such standard specifications.

Fourth—That the Comptroller shall, in auditing claims for goods delivered on open market orders, determine, through inspection or otherwise, whether the goods delivered conform with such standard specifications; be it further

THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

Conditions Governing Payments to Charitable Institutions.

All appropriations made in this Budget for the use of charitable institutions are hereby declared subject to the following conditions, and the acceptance of a payment of money made from the City treasury, in pursuance of these appropriations, shall be deemed to be an acceptance by such institutions of the conditions under which the appropriations are herein made:

1. The accounts and records of all institutions shall be so kept as to show the receipts of the institution from all sources, and all its expenditures, and shall in other respects be in such form as the Comptroller of The City of New York may require, except that a record shall be maintained in which expenses shall be recorded under the following classification:

A. Expenses incurred in the operation of the institution as follows:

- Food stuffs.
- Clothing.
- Linen and bedding.
- Fuel.
- Magazines and newspapers.
- Educational supplies.
- Other supplies.
- Salaries and wages.
- Professional services.
- Light.
- Forage and care of animals.
- Telephone.
- Printing, stationery and advertising.
- Postage and telegrams.
- Hospital and sanitarium charges.
- Funerals.
- Recreation expense.
- Miscellaneous expense.
- Expense for boarded-out children.

B. Expenses incurred in the maintenance of plant and equipment, as follows:

- Repairs and renewals of plant and fixed equipment.
- Repairs and renewals of furniture and movable equipment.

All accounts of institutions shall, so far as practicable, be kept on an income and expense basis.

2. All payments made to charitable institutions in pursuance of the following appropriations shall be used by such institutions only for the recurring expenses incurred by the institution for the care, support, maintenance and education of inmates duly committed by the courts or the Commissioner of Charities or accepted by the Commissioner as public charges. Expenses for care, support and maintenance as herein used shall be taken to mean all expenses incurred by the institution for food, clothing, attendance upon, medical service to, and other expenses properly incurred in behalf of inmates committed or accepted by the City, as shown in the classification set forth in Condition 1 governing these appropriations. Such expenses shall not include any expense incurred for improvements or additions to plant or equipment, nor insurance, taxes, rent, interest on loans or mortgages, or repayments of the principal thereof. Recurring expenses for education shall be taken to mean expenses incurred in providing suitable education for properly committed or accepted inmates, and shall include the salaries of instructors, and expenses incurred for supplies for use in instruction.

3. All institutions receiving payments of public moneys in pursuance of appropriations made in this Budget and all their books of record and all their accounts relating to all institutional funds, from whatsoever source received, shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance and the Board of Estimate and Apportionment. The Department of Public Charities shall be deemed to have the right to visit and inspect any institution receiving City funds at any time whatsoever and at all proper times have access to all the records of such institution.

4. All institutions shall in each year, at a time to be designated by the Comptroller, submit in a manner and form prescribed by him, a statement of their financial operations, and they shall state specifically in their printed annual reports the amount of money received by them from the City treasury.

5. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution, he shall, in his discretion, suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and, upon the determination of said board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.

6. Where apportionments are made to private charitable institutions upon a per capita basis of payment for services to inmates, the bills of the institutions for such services shall show the names of the inmates, the bills of the institutions for which payment is claimed, and no payment shall be made for any inmate who has not been accepted by the Commissioner of Public Charities as a proper charge against the City. Except in emergency cases the Commissioner of Public Charities shall not accept as proper charges persons capable of paying for their own support or for whose care adequate provision can be made in the public hospitals. No case shall be regarded as an emergency case unless there shall have been made a certificate to that effect by a properly authorized and informed representative of the institution by which such case was received.

7. The City shall not be liable for any claim for services rendered committed inmates by any charitable institution which shall be in excess of the amount apportioned to such institution in this Budget, notwithstanding the acceptance of the Commissioner of Public Charities, or any per capita rates of payment that may have been fixed for various classes of inmates thereof.

8. No money shall be paid to any institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business

dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its board of managers.

9. Child-caring institutions not sending their inmates to the public schools, and not sharing in the corporate school fund, and not receiving Teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of five years of age and over, except that for abnormal or atypical children a special ruling may be made by the Comptroller. Institutions receiving a per capita allowance for the education of their inmates shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, as provided in section 1154 of the Charter of The City of New York.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities and placed in this Budget by the Board of Estimate and Apportionment.

11. All child-caring institutions shall maintain for each inmate accepted as a public charge by the Commissioner of Charities a complete physical and health record in which shall be recorded the name, age, sex, height and weight, time of admission, general physical condition, including the presence or absence of defects in eyesight, breathing, teeth or any organic defect, in a manner to conform as nearly as practicable with the records maintained by the Department of Health for children in the public schools of The City of New York.

All such institutions shall examine and make a record of the physical condition of each of their inmates for whose care or education City money is received, at least once in every six months, noting the presence or absence of defects, as stated in the preceding paragraph of this condition.

12. All child-caring institutions shall submit quarterly to the Comptroller and to the Commissioner of Charities, and oftener if required, a sworn statement of the dietary actually employed for the feeding of their inmates for the preceding quarterly period, together with a statement of the approximate quantities of each kind of food allowed each inmate.

13. Each institution shall submit to the Comptroller on forms prescribed by him notice of all persons, for whose care City or county funds are received, within twenty-four hours after their arrival at or discharge from the institution.

14. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that any per capita rate hereinafter stated is too high, he is hereby authorized, on the approval of the Board of Estimate and Apportionment, to reduce such per capita rate for any or all institutions.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
