Department of Plant and Structures—Renewal of Lease for, of a Strip of Land on 177th Street, East of Westchester Creek, The Bronx (Cal. No. 14).

The Comptroller presented the following report and offered the following resolution:

June 14, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioner of Plant and Structures, in a communication dated May 16, 1918, states that it will be necessary for the City to continue its occupancy of the leased premises on which the easterly approach of the temporary Unionport bridge is located, until the permanent bridge, now under construction, is completed and the temporary bridge can be removed, and, therefore, requests an extension of the lease of the above mentioned premises east of Westchester Creek and north of East 177th street, Borough of The Bronx, for a period of two months, from June 1, 1918, with a privilege of monthly renewals at the same rental (\$600 a year) as now paid.

A resolution was adopted by the Commissioners of the Sinking Fund on March 14, 1918, authorizing a renewal of this lease for a period of two months from April 1, 1918, with the privilege of monthly renewals thereafter on the same terms and conditions, for a period not exceeding four months, at the rental of \$600 a year.

Provision for the renewal of this lease is made in the 1918 Budget.

April 1, 1918, 2 months at \$600 a year, March 14, 1918.

There is no City owned property available in the vicinity for this purpose.

The nearest City owned property is located on the westerly side of Westchester Creek, within the lines of Chatterton Avenue, at present used in connection with the westerly approach of this temporary Unionport bridge.

There is no property in the vicinity under lease to the City that is not in use which could be made available for the purpose of this lease.

The property under lease consists of swamp land, the purpose being of an emergency character, and no fair comparison can be made with other leased property in the vicinity.

There is no privately owned property that could be rented or used in lieu of the premises to the advantage of the City.

Under the circumstances I consider the rent fair and reasonable.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the strip of land in the Borough of The Bronx, City of New York, bounded and described as follows:

Board of Education—Reassignment to, of P. S. 67, Located at Central Avenue and Olmstead Place, Glendale, L. I. (Cal. No. 21).

The Comptroller presented the following report and offered the following resolution:

June 5, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On May 9, 1918, the Commissioners of the Sinking Fund referred to the Comptroller a communication from the Board of Education requesting that P. S. 67, located at Central Avenue and Olmstead place, Glendale, L. I., be reassigned to it.

On January 10, 1917, the Board of Education adopted a resolution turning over P. S. No. 67, Queens, located at Central Avenue and Olmstead place, Glendale, L. I., for a period of three years, with the proviso that if it be required for school use at any time after eighteen months from the date of the leasing of the same, it will be reassigned to the Board of Education upon thirty or sixty days' notice, and with the stipulation that no changes or alterations be made to the building which would render it unsuitable for school purposes.

On January 25, 1917, the Commissioners of the Sinking Fund authorized the Comptroller to derive such revenue therefrom as may be had from the temporary leasing of the above described premises and upon the conditions set forth.

The Comptroller has been unable to rent these premises. On April 24, 1918, the Board of Education adopted a resolution requesting the Commissioners of the Sinking Fund to return P. S. No. 67 to the Board of Education within thirty days. After

they again obtain control they will fit up the six rooms on the first floor to make the same available for school use at the beginning of the term in September next.

I therefore respectfully recommend that the Commissioners of the Sinking Fund reassign to the Board of Education P. S. No. 67, Queens, located at Central avenue and Olmstead place, Glendale, L. I. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Whereas, The Board of Education, by resolution adopted January 10, 1917, turned over to the Commissioners of the Sinking Fund for a period of three years, the property hereinafter described, with the proviso that if it be required for school use at any time after 18 months from the date of the leasing of the same, it would be reassigned to the Board of Education upon 30 or 60 days' notice; and

Whereas, By resolution adopted April 24, 1918, the Board of Education requested the return of the property within thirty days; therefore be it

Resolved, That the Commissioners of the Sinking Fund hereby reassign to the Board of Education, the property known as Public School 67, located at Central avenue and Olmstead place, Glendale, L. I.

The report was accepted and the resolution unanimously adopted.

Board of City Magistrates—Request of, That the Second Story of the Jefferson Market Court Building Be Given Over for Use of the Magistrates' Court (Cal. No. 22).

Hall of Records—In the Matter of the Request of the Board of Port Wardens for Substitution of Room 303 for Room 302 (Cal. No. 23).

The Board of Port Wardens entered into a lease for the period May 1, 1917, to April 30, 1922, for 725 square feet in Room 302, at a rental of \$2.07 per square foot, amounting to \$1,500 per annum.

Room 303, which is now applied for, contains 1,000 square feet and is worth \$2,000 per year.

The Board of Port Wardens have an appropriation of only \$1,500 for rent, and, therefore, cannot pay the appraised rental for the room requested.

The room which was originally leased (No. 302) is not ready for occupancy, and therefore the Board of Port Wardens is occupying Room 303 temporarily, and the application is to permit the Board to stay where it is now.

This matter was No. 28 on the calendar of meeting held May 9, and referred to the Commissioner of Plant and Structures for investigation and report.

The Commissioner of Plant and Structures reported that it has been stated to the Examiner of his department that the Board of Port Wardens has power to move from the Hall of Records and rent other quarters if not satisfied with the accommodations provided. It is also contended that the City did not fulfill the terms of the lease made, and, therefore, it cannot be enforced against the opposition of the Board. Both contentions are probably well founded, because the Board of Port Wardens is a State body and the room leased was not ready for tenancy at the beginning of the lease period and is not ready now.

The Commissioner believes that it would be good business policy to endeavor to keep the Board in the Hall of Records by accepting the sum of \$1,500 as rent of the room occupied for the current year, with the condition that the Legislature be requested to provide the sum of \$2,000 per annum thereafter.

The report was accepted and the resolution unanimously adopted.

Transfer of \$450 from Sinking Fund No. 1 to the City Treasury (Cal. No. 36).

The Comptroller presented the following report and offered the following resolution:

June 13, 1918.

Honorable Commissioners of the Sinking Fund:

Gentlemen—On July 10, 1917, application was made to the Department of Finance by Conron Brothers Co. for the return of the deposit of \$1,000 made on March 15, 1917, by claimant on submission of its bid for furnishing and delivering meats and poultry to the Departments of Parks, Health, and Public Charities, and Bellevue and Allied Hospitals.

The Bureau of Law and Adjustment of this department, at the conclusion of its examination on September 17, 1917, recommended that \$550 be returned to claimant. The said recommendation was approved by the then Deputy and Acting Comptroller Albert E. Hadlock.

As the full amount of the deposit, namely, \$1,000, had been deposited to the credit of the Sinking Fund for the Redemption of the City Debt, No. 1, it was necessary that your honorable Commission approve the refunding of \$550 to Conron Brothers Co., part of the security deposit of \$1,000, made by them on March 15, 1917.

The recommendation of the Department of Finance to refund to Conron Brothers Co., \$550, as hereinbefore mentioned, was approved on October 25, 1917, by your honorable body.

Conron Brothers Co. refused to accept the amount of refund allowed and obtained judgment for \$1,000, amount of security deposit, and \$65.72, to be added as costs of action, after a trial of the issue before Mr. Justice Shiels in the Municipal Court of the City of New York, Borough of The Bronx, Second District.

Under date of May 31, 1918, the Corporation Counsel advised the Comptroller that the judgment was properly obtained and was a legal charge against the treasury, which should be paid.

As \$550 of the amount of judgment was heretofore authorized by the Commissioners of the Sinking Fund for payment, in order to satisfy the judgment, and to facilitate payment of the amount of security deposit retained by the City and now be paid, a voucher has been prepared by this department, payable from the judgment fund in favor of Conron Brothers Co. for \$450 and added costs.

In order to reimburse the account R. F. M.—19 (Revenue Bond Fund for judgments) for the amount of \$450, withdrawn from it, the adoption of the attached resolution is necessary. Yours very truly,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the Chamberlain of The City of New York in the sum of four hundred and fifty dollars (\$450) for deposit by him in the City Treasury to the credit of account R. F. M.—19 (Revenue Bond Fund for judgments), reimbursing said account for amount paid by voucher drawn in favor of Conron Brothers Company, in part liquidation of judgment obtained by Conron Brothers Company in the Municipal Court of The City of New York, Borough of The Bronx, Second District.

The report was accepted and the resolution unanimously adopted.

Eleanor D. Gilchrist—Payment and Cancellation of Taxes and Assessments on Property Released to, Authorized (Cal. No. 39).

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 15, 1918.

To the Honorable Commissioners of the Sinking Fund:

Dear Sirs—On May 9, 1918, the Commissioners of the Sinking Fund authorized a release to Eleanor D. Gilchrist of the City's interest in a strip of land lying within the lines of what was formerly known as Bennett's lane, in consideration of the sum of \$400, plus \$12.50 for the preparation of the necessary papers.

In accordance with this resolution, a deed was prepared and delivered on May 27, 1918. As the consideration paid represented the full value, the strip was to be conveyed free and clear of all liens.

The City acquired the fee to the land in question in a proceeding entitled "Closing and Discontinuing of Bennett's Lane from 84th Street to Gravesend." There are unpaid taxes and assessments against the plot conveyed amounting to approximately \$909.03, which Miss Gilchrist requests to have cleared up.

As the amount of the liens exceeds the sum paid as the consideration I respectfully recommend that the Commissioners of the Sinking Fund authorize the Com-

troller to apply the \$400 received as consideration for the above mentioned release to Eleanor D. Gilchrist towards the payment of whatever taxes and assessments were liens on May 27, 1918, against the property conveyed, and that the balance of the liens be paid or cancelled by the City. Respectfully,

CHARLES L. CRAIG, Comptroller.

Whereas, On May 9, 1918, a resolution was adopted authorizing a release to Eleanor D. Gilchrist of the City's interest in a strip of land lying within the lines of what was formerly known as Bennett's lane, in the Borough of Brooklyn, in consideration of the sum of four hundred dollars (\$400), plus twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers; and

Whereas, In accordance with said resolution the deed was prepared and delivered on May 27, 1918; and

Whereas, There are unpaid taxes and assessments against the plot conveyed amounting to nine hundred and nine dollars and three cents (\$909.03) which Miss Gilchrist requests to have cleared up; and

Whereas, As the amount of the liens exceeds the sum paid as consideration, which represented the full value, it is

Resolved, That the Comptroller be and is hereby authorized to apply the four hundred dollars (\$400) received as consideration for the above mentioned release toward the payment of what ever taxes and assessments were liens on May 27, 1918, against the property conveyed, and that the balance of the liens be paid or cancelled by the City.

The report was accepted and the resolution unanimously adopted.

Fire Department—Turning Over by, of Building on Berth at St. George, Borough of Richmond (Cal. No. 40).

The following was received:

June 19, 1918.

Hon. JOHN F. HYLAN, Mayor and Chairman of the Sinking Fund Commission:

Sir—The berth at St. George, Staten Island, formerly used as such by the fireboat "Seth Low" was vacated on December 31, 1915, and the company discontinued. The building was not formally surrendered to the Sinking Fund Commission at the time as it was not fully determined that a fireboat was not necessary at this point.

Under date of January 13, 1916, the War Department, through Col. F. V. Abbot, requested permission to use the building. Permission was granted by the then Fire Commissioner, Robert Adamson, and the building was formally turned over to the War Department authorities on January 28, 1916, for temporary use.

The experience of two and one-half years indicates that it will not be necessary to station a fireboat at Staten Island. The building, therefore, is surrendered to the Sinking Fund Commission for such disposition as it may deem proper. Respectfully,

THOMAS J. DRENNAN, Fire Commissioner.

Which was referred to the Comptroller.

Adjourned.

JOHN KORB, Secretary.

EXAMINING BOARD OF PLUMBERS.

PURSUANT TO THE PROVISIONS OF section 1573 of the Greater New York Charter, the following rules adopted by the Examining Board of Plumbers at a meeting held the thirtieth day of June, 1918, are hereby published in the City Record:

M. J. McGRATH, Chairman.

Rules.

Persons applying for examination for certificates to engage in the business of master or employing plumber shall, before being examined, file with the Board an application on such forms as may be prescribed by the Board, and shall furnish to the Board such information as it may require concerning the applicant's fitness and qualifications to receive a certificate as aforesaid. All applications must be under oath.

Each applicant shall be required to furnish two vouchers, who shall appear before the Board and sign under oath on forms prescribed by the Board certifying to the time the applicant has

been employed by them as journeyman plumber. Such vouchers at the time of signing application must be lawfully engaged in the plumbing business in the City of New York.

The Board shall refuse to receive an application from any person who at the time of making application may be unlawfully engaged in business as a master or employing plumber.

No person shall be examined unless he shall have had an experience of at least three years as a journeyman plumber, and is able to furnish satisfactory evidence of such fact.

No application will be received from any person who is not a citizen of the United States.

The examinations of the Board shall be in two parts, namely, a practical test to determine the applicant's skill as a journeyman, and a written examination. The written examination shall consist of questions and plan to determine the applicant's fitness and qualifications to engage in the business of master or employing plumber.

All examinations shall be written by the applicant and must be in English.

The time and place of holding examinations shall be left to the discretion of the Board. Ample notice shall be given to applicants.

Persons who pass the tests as prescribed by the Board shall be eligible to receive a certificate of competency as master or employing plumber.

An applicant who fails in the practical test shall not be eligible for another test until the expiration of three months; should he fail in the second test he will not be eligible for a third test until the expiration of six months, and, failing in the third test, he will not be eligible for a fourth test until the expiration of one year.

An applicant who fails in the written examination shall not be eligible for re-examination until the expiration of one month; should he fail in the second examination he will not be eligible for another examination until the expiration of three months; should he fail in the third examination he will not be eligible for another examination until the expiration of six months, and should he fail in the fourth examination he will not be eligible for another examination until the expiration of one year.

All applications will expire and be cancelled after a period of one year if the applicant does not appear for examination within that period.

Before issuing a certificate to engage in the business of master or employing plumber the Board shall inquire into the applicant's fitness and qualifications for conducting such business, and may require the applicant to submit under oath such evidence, in addition to the examinations and tests hereinbefore provided, as will satisfy the Board that he is a person of good repute, character and responsibility, and otherwise qualified to engage in business as a master or employing plumber.

Each applicant for examination shall pay the sum of Five Dollars, and the further sum of Five Dollars, plus the amount for revenue, stamp tax, or both, upon the issuance of a certificate to engage in the business of master or employing plumber. Where an applicant has paid the first Five Dollars for examination, and failed, for each subsequent examination he shall pay an amount to be fixed by the Board, not to exceed Five Dollars.

In case a certificate of competency is lost by the holder thereof, the Board may issue a duplicate where such original certificate was issued during the term of office of all the members of the Board in office when such duplicate certificate is requested. In other cases the Board shall issue a certificate of record stating that the records of the office show that a certificate was issued to a specific person. The charge for such duplicate certificate or for a certificate of record shall be Two Dollars.

Applicants who pass the examination of the Board and receive certificates of competency will be required, upon engaging in business, under the provisions of chapter 305 of the Laws of 1916, to obtain a metal plate or sign, the fee for which is Five Dollars.

Any person retiring from business as a master or employing plumber shall surrender to the Examining Board of Plumbers his metal plate or sign. His failure to do so will constitute a misdemeanor, and he will be prosecuted to the full extent of the law as provided in chapter 305 of the Laws of 1916.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
