Re: Certification of Compliance with Sections 403.2.1 (Single-occupant toilet rooms) and 403.4 (Signage) of the New York City Plumbing Code

Dear Mayor de Blasio and Mr. Speaker:

In accordance with Local Law 190 of 2018, the Department of Citywide Administrative Services (DCAS) has been designated to certify to the Speaker of the City Council and the Mayor by December 31, 2019 that all buildings owned or leased by the City comply with Section 403.2.1 of the New York City Plumbing Code, which requires all single-occupant toilet rooms be made available for use by persons of any sex, and Section 403.4 of the New York City Plumbing Code, which requires appropriate signage for such single occupant toilet rooms.

Accordingly, based on the information provided by the City agencies and offices, for the spaces used by the City and subject to the requirements of Sections 403.2.1 and 403.4 of the New York City Plumbing Code:

- 99% of such spaces comply with Section 403.2.1 of the New York City Plumbing Code; and
- 97% of such spaces comply with Section 403.4 of the New York City Plumbing Code.

For the remaining few spaces that are currently not in compliance with Section 403.2.1 and/or Section 403.4 of the New York City Plumbing Code, the applicable agencies are in the process of performing the work required to make such spaces compliant, and in certain instances, where applicable, have requested the private landlords to perform the work required to make such spaces compliant.

Sincerely,
