BOARD OF ESTIMATE AND APPORTIONMENT.

The Board met in pursuance of an adjournment.

Present—William L. Strong, the Mayor; Richard A. Storrs, the Deputy Comptroller; John Jeroloman, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; David J. Dean, the Acting Counsel to the Corporation.

The minutes of the meetings held March 12 and 16, 1896, were read and approved.

The Deputy Comptroller presented the following communications:

From the Police Department—

POLICE DEPARTMENT OF THE CITY OF NEW YORK, 300 MULBERRY STREET, NEW YORK, March 13, 1896. *Honorable Board of Estimate and Apportionment:*

GENTLEMEN—At a meeting of the Board of Police, held this day, it was

Resolved, That the Board of Estimate and Apportionment be and hereby is respectfully requested to transfer the sum of three thousand (\$3,000) dollars from the appropriation made to the Police Department for the year 1895, entitled "Police Fund—Salaries of Employees," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for the year 1896, entitled "Supplies for Police," which is insufficient. The transfer is desired to enable the Police Board to purchase bicycles to equip additional officers upon the avenues and boulevards of the city, and to supplement the present mounted force in the upper part of the city.

Very respectfully,

Referred to the Comptroller.

From the Department of Correction—

DEPARTMENT OF CORRECTION, COMMISSIONER'S OFFICE, No. 66 THIRD AVENUE, NEW YORK, March 16, 1896. *Hon. WILLIAM L. STRONG, Mayor and Chairman, Board of Estimate and Apportionment:*

DEAR SIR—In order to close the books of the Department of Public Charities and Correction, it becomes necessary to ask for a retransfer of \$4,000 from the "Insane Asylum Supplies" to "Institution Supplies" for 1895.

When your Honorable Board transferred \$19,000 from "Institution Supplies" to "Insane Asylum Supplies," during the latter portion of last year, the amount was based upon as close an estimate as was then available. The figures now at hand, from the bills themselves, show that this transfer was an over-estimate of \$4,000, and we therefore respectfully make request as above, in order that there may be a proper record in final disposition of the business of the former Department.

Very respectfully,

JOHN P. FAURE, ROBERT J. WRIGHT, Commissioners, Department of Public Charities and Correction.

Referred to the Comptroller.

On motion, the Board proceeded to the consideration of the distribution of the Theatrical and Concert License Fund.

Representatives of various charitable institutions appeared and were heard relative thereto.

On motion, the Board resolved itself into executive session.

On motion, the executive session arose.

DEPT. OF PUBLIC CHARITIES.

NEW YORK, March 20, 1896.

THE UNDERSIGNED WILL SELL AT PUBLIC Auction, by order of the Commissioners of Public Charities, at their office, No. 66 Third Avenue, on Thursday, April 2, 1896, at 11 o'clock A.M., the following, viz.:

on Council, head of a department, chief of a bureau,

deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the persons interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as sureties for its faithful performance in the sum of \$75,000; and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money for five per cent. of the amount for which the work bid for is proposed, in any one year to be performed. Such check or money must be inclosed in the sealed envelope containing the estimate. All such deposits except that of the successful bidder will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

A special deposit of Ten Thousand Dollars in cash will be required to be made with the Comptroller of the City of New York on or before the execution of the contract as a security for the faithful performance of the same.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

GEORGE E. WARING, JR., Commissioner of Street Cleaning.

DEPARTMENT OF STREET CLEANING, NEW YORK, March 25, 1896.

SEALED PROPOSALS WILL BE RECEIVED at the office of the Department of Street Cleaning, No. 32 Chambers street, for the final disposition of garbage delivered at the various dumps or dumping-places of the Department by carts of the Department and all other carts duly authorized to collect the same until 12 o'clock m., of March 26, 1896, pursuant to the provisions of section 709 of chapter 470 of the Laws of 1882.

Forms of proposals, specifications and contract may be seen and obtained at the office of the Department. The term of the said contract shall be the period of five years commencing on the first day of August, 1896.

At the hour, place and date first above-mentioned, the Commissioner of Street Cleaning will publicly open and read the said proposals.

Each proposal shall be accompanied with a thorough and complete description of the method or methods to be pursued by the bidder in the transportation and disposition of the garbage; said description shall be accompanied by complete maps, plans and specifications. Such maps, plans and specifications must be sufficient fully to set forth the process to be used, the manner of obtaining results, the results to be secured, and, approximately, the locality or localities where the same is to be carried on.

Garbage to be disposed of in such manner only as will render it unobjectionable in any and every respect, but no part thereof, except purified liquid effluent, shall be dumped in the waters of New York Harbor, or in the waters adjacent thereto, or in the Atlantic Ocean.

No estimate will be received or considered after the hour mentioned.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope directed to said Commissioner of Street Cleaning, at his office, on or before the day and hour first above-named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to reject any or all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are hereby notified that in awarding the contract the Commissioner of Street Cleaning will, in addition to other matters which may be properly considered, take into consideration the following:

The character, economy and efficiency of the method to be used, the location of the plant, and generally all that concerns the interests of the City of New York with a view to the length of time of the continuance of the contract, such as the chances of injunction upon application of the neighboring population; chances of financial failure, and the adequacy of the method and plan proposed to be part of the work all of the time, except when obstacles to transportation may prevent the delivery of the normal amount of garbage, and then its adequacy to dispose promptly of the additional quantity accumulated.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the persons interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as sureties for its faithful performance in the sum of \$75,000; and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required

by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money for five per cent. of the amount for which the work bid for is proposed, in any one year to be performed. Such check or money must be inclosed in the sealed envelope containing the estimate.

All such deposits except that of the successful bidder will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

A special deposit of Ten Thousand Dollars in cash will be required to be made with the Comptroller of the City of New York on or before the execution of the contract as a security for the faithful performance of the same.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates, or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NEW YORK, December 26, 1895.

NOTICE TO TENANTS AND PROPERTY HOLDERS IN REGARD TO REMOVAL OF SNOW.

ATTENTION IS CALLED TO THE PROVISIONS of an act passed by the Legislature of this State on April 1st, 1895, as follows:

CHAPTER 201.
"AN ACT to provide for the assessment and collection of the expense of removal of snow and ice from the sidewalks of public streets and avenues in the City of New York."

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever any owner, lessee, tenant, or occupant or person having charge of any building or lot of ground in the City of New York shall fail to comply with the provisions of any ordinance of the said City for the removal of snow and ice from the sidewalk or gutter in the street, on the side of the street on which the said building or lot fronts, the Commissioner of Public Works of the said City shall cause such removal to be made, and thereupon the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Commissioner of Public Works to the Comptroller of the said City, who shall pay the same in the same manner as the expense of removing snow from the streets of the City is paid; and immediately after the making of the payment of such expense as so certified to him, the said Comptroller shall make and deliver a certificate thereof to the Board of Aldermen of the said City, and the said amounts so certified shall, by the said Board of Aldermen, annually be added to and made to form a part of the annual taxes of the next ensuing fiscal year against the lots against which the said amounts shall be so certified respectively, and the same shall be collected in and with and as part of the annual taxes for such fiscal year, for or during which the same shall have been so incurred and certified.

Section 2. This act shall not be regarded as interfering with the owner of any lots throwing into the roadway of the streets or avenues any snow or ice which may be removed from the sidewalk or gutter directly in front of such lot.

Section 3. The term lot, as used in this act, shall include a space not to exceed twenty-five feet in width fronting the street, avenue or lane upon which the violation is charged to have been committed or omitted.

Section 4. This act shall take effect on the first day of November, eighteen hundred and ninety-five.

The City Ordinance to which the above statute applies reads as follows:

"Section 669. Every owner, lessee, tenant, occupant or person having charge of any building or lot of ground in the City of New York shall, within eight hours after the fall of any snow, and within eight hours after the forming of any ice on the sidewalk or in the gutter in front of any such building or lot, remove, or cause the same to be removed, from such sidewalk or gutter, under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge severally and respectively; but where said snow falls or ice forms between the hours of eight o'clock in the evening and five o'clock in the morning, this ordinance will be complied with by removing, or causing the same to be removed, before nine o'clock of the morning succeeding its fall or formation."

It becomes my duty to give notice that the provisions of the foregoing statute will be rigidly enforced in all cases where the City Ordinance is not complied with.
