BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, FRIDAY, MARCH 16, 1906.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bernel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The minutes of the meeting held March 2, 1905, were approved as printed.

The Secretary presented the following:

ROBERT GAIR COMPANY, PAPER GOODS,
BROOKLYN, N. Y., March 8, 1906.

Secretary, Board of Estimate and Apportionment, City of New York:

DEAR SIR—We beg to advise you that we have commenced work on the bridge across Washington street, working under the resolution of January 5, and this notice is in conformity with Article 12 of said resolution.

Respectfully yours,

ROBERT GAIR COMPANY,
Geo. W. Gair, Vice-President.

Which was ordered printed in the minutes and filed.

A communication was received from the Flatbush Board of Trade, transmitting copy of resolutions adopted by that body February 20, 1906, recommending that a subway be constructed from Ocean avenue and Clarkson street, Borough of Brooklyn, to Coney Island and Manhattan Beach; or that a joint agreement be entered into between the Interborough Rapid Transit Company and the Brooklyn Rapid Transit Company whereby subway trains may be run over the Brighton track upon the completion of the subway to Ocean avenue and Clarkson street; and appointing a committee of five to appear before the Board of Rapid Transit Railroad Commissioners to advocate the same.

Which was referred to the Bureau of Franchises.

The President of the Borough of Queens appeared and took his place in the Board.

Communications were received from F. B. Behr, stating that he has made application to the Rapid Transit Commission to arrange for a public hearing as a preliminary proceeding for obtaining the franchise to build a railway starting from the terminus of the Interborough Railway at the junction of Flatbush and Atlantic avenues

to Coney Island, and advising that he will be pleased to give to the Board of Estimate and Apportionment any information desired.

Which were referred to the Bureau of Franchises.

Union Railway Company of New York City.

Pursuant to resolutions adopted by the Board March 2, 1906, requiring the Union Railway Company of New York City to maintain a legal schedule on its Jerome avenue line, and furnish this Board with a copy of the schedule maintained on said road between the hours of midnight and 6 a. m. daily, from the date of the receipt of the resolution to March 15, 1906, said schedule, together with an affidavit from the Superintendent of Transportation of said company, was submitted to the Board.

The Secretary presented the following:

UNION RAILWAY COMPANY OF NEW YORK CITY,
No. 204 EAST ONE HUNDRED AND TWENTY-EIGHTH STREET,
NEW YORK, March 15, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—We herewith send you schedule showing the operation of cars upon the Jerome avenue line of this company from the 3d to the 15th inst., in accordance with the request contained in your favor dated March 2, 1906.

Yours truly,

EDWARD A. MAHER, President.

BOARD OF ESTIMATE AND APPORTIONMENT, THE CITY OF NEW YORK,
BUREAU OF FRANCHISES,

March 16, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In consequence of a complaint made to the Board that the Union Railway Company of New York City was not maintaining a schedule of running time upon its line operated on Jerome avenue, between One Hundred and Fifty-fifth street and the city line, in accordance with the revised ordinances, to wit: That the headway of cars should not be greater than twenty minutes in either direction between the hours of 12 midnight and 5 a. m., the Board adopted resolutions calling on the Union Railway Company to make a return on March 15 as to the headway maintained on such avenue.

Notice was duly served upon the company and in reply thereto the President, Mr. Edward A. Maher, in a communication of March 15, submits a statement showing the actual headway of cars between the hours of midnight and 6 a. m. daily from March 3, 1906, to March 14, 1906, inclusive, with number of passengers carried. This statement is accompanied by an affidavit made by George J. Murphy, superintendent of transportation of the said company, in which he states that he is familiar with the headway under which the cars of said company are operated upon its various lines, and that the schedule annexed contains a correct statement of the headway upon which cars of the Jerome avenue line were operated upon the days and between the hours mentioned. This schedule shows a strict compliance with the terms of the ordinance since the date upon which the notice was served upon the company, and I would therefore recommend that the same be accepted and the company directed to file with the Board on May 1, 1906, an affidavit of the superintendent of transportation, to the effect that this schedule has been maintained between March 15, 1906, and May 1, 1906.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the Secretary is hereby directed to notify the Union Railway Company of New York City to submit to this Board on May 1, 1906, affidavit of the superintendent of transportation of the said company, which shall show a continued maintenance of the schedule this day submitted to the Board, to wit: Between March 3 and March 14, 1906, inclusive, of the cars of the Jerome avenue line, between Eighth avenue and One Hundred and Fifty-fifth street and the northerly line of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Seaboard Refrigeration Company.

The petition of the Seaboard Refrigeration Company for a franchise to construct, maintain and operate a pipe line and all necessary appurtenances, for the purpose of supplying refrigeration to consumers along the lines of its mains, under and along certain streets in Coney Island, Borough of Brooklyn, upon which a public hearing was held March 2, 1906, and at the conclusion thereof a report was submitted from the Bureau of Franchises, proposing terms and conditions for the granting of any such franchise, and by motion duly adopted, consideration was adjourned to this day.

The following was offered:

Whereas, The Seaboard Refrigeration Company has made application to the Board of Estimate and Apportionment for a franchise to construct, maintain and operate a pipe line for the transportation of refrigeration, under and along certain streets in Coney Island, Borough of Brooklyn; and

Whereas, On March 2, 1906, a public hearing was had upon the aforesaid application; and

Whereas, An inquiry has been conducted by the Bureau of Franchises, and a report, dated February 26, 1906, has been received from said Bureau, proposing terms and conditions to be imposed should the franchise be granted; now therefore be it

Resolved, That this Board adopt such inquiry as the inquiry of the Board, and tentatively approves the terms and conditions proposed by the Bureau of Franchises; and be it further.

Resolved, That the Corporation Counsel be requested to draw a contract in accordance with the terms and conditions proposed, and to incorporate therein such matter as, in his opinion, would seem advisable to fully protect the interests of the City.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The President of the Borough of Manhattan moved that the Secretary be authorized to close the calendars on Tuesday of each week at 4 p. m.

Which motion was agreed to.

The following matter was considered by unanimous consent:

Brooklyn City Railroad Company.

BROOKLYN CITY RAILROAD COMPANY,
No. 168 MONTAGUE STREET, BROOKLYN,
March 13, 1906.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—Your petitioner, the Brooklyn City Railroad Company, a domestic street surface railroad corporation, duly incorporated for the purposes of constructing,

maintaining and operating street surface railroads in the territory now constituting the boroughs of Brooklyn and Queens, in The City of New York, hereby makes application to your Honorable Board for a grant to your petitioner of the franchise or right to construct, maintain and operate, and for your consent that your petitioner may construct, maintain and operate a turnout, connection, extension or branch of its street surface railroad in the Borough of Brooklyn, to consist of a single-track street surface railroad, to be operated by electricity as motive power, by the overhead trolley system, or other lawful motive power, upon the following-described route:

Commencing at the tracks of your petitioner at the intersection of Tillary and Fulton streets; running thence on a curve easterly across Fulton street and Liberty street one hundred and thirty-four (134) feet to the private property abutting on Liberty street owned by the Brooklyn Union Elevated Railroad Company; thence continuing easterly across said private property of the Brooklyn Union Elevated Railroad Company one hundred and twenty-two (122) feet to the private property of The City of New York; thence continuing easterly across the said private property of The City of New York one hundred (100) feet to Washington street; thence on a curve north-easterly about eighty-one (81) feet to the tracks of the Brooklyn City and Newtown Railroad Company on Washington street, and to connect at the intersection of Tillary and Fulton streets with the double-track street surface railroad of the Brooklyn City Railroad Company on Fulton street, and to connect at a point on Washington street north of Tillary street with the double-track street surface railroad of the Brooklyn City and Newtown Railroad Company on Washington street; together with the necessary sidings, switches, turnouts, poles, wires and appurtenances, including such as may be necessary to connect the said railroad tracks on Fulton street and on Washington street, all of which is more particularly shown on a map hereto annexed and made a part hereof.

Respectfully submitted,

[SEAL.]

BROOKLYN CITY RAILROAD COMPANY,
By EDWARD MERRITT, President.

Attest:

D. H. GILLIGAN, Secretary.

City and State of New York, Borough of Brooklyn, County of Kings, ss.:

On this 13th day of March, 1906, before me personally came Edward Merritt, to me known, and known to me to be the President of the Brooklyn City Railroad Company, the corporation referred to in the foregoing application. He acknowledged that he had read the same, and affixed his signature thereto.

J. J. RYAN,
Commissioner of Deeds for The City of New York.
Residing in The Borough of Brooklyn.

BOARD OF ESTIMATE AND APPORTIONMENT, THE CITY OF NEW YORK,
BUREAU OF FRANCHISES,
March 14, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Brooklyn City Railroad Company, under date of March 13, 1906, has made application to the Board of Estimate and Apportionment for the right to construct, maintain and operate an extension or branch of its street surface railroad in the Borough of Brooklyn, to consist of a single track, as follows:

Commencing at the north bound track of the Brooklyn City Railroad Company on Fulton street, near the intersection of Fulton and Tillary streets; thence on a curve easterly across Fulton street and Liberty street 134 feet to the property of the Brooklyn Union Elevated Railroad Company; thence continuing easterly across said property of the Brooklyn Union Elevated Railroad Company 122 feet to the property of The City of New York; thence continuing easterly across said property of The City of New York 100 feet to Washington street; thence in Washington street and on a curve north-easterly 81 feet to the tracks of the Brooklyn City and Newtown Railroad Company on Washington street.

The proposed connection or branch is shown on a plan accompanying the application, entitled "Map showing the proposed extension and connection between Fulton street and Washington street, near Tillary street, for the Brooklyn City Railroad Company, in the Borough of Brooklyn, to accompany petition to the Board of Estimate and Apportionment, dated March 13, 1906," approved by Edward Merritt, president, and W. S. Menden, chief engineer.

On February 23, 1906, Mr. Andrew J. Provost, Jr., Engineer in the office of the Commissioner of Public Works, Borough of Brooklyn, made a report to Hon. Desmond Dunne, Commissioner of Public Works, in which he recommends certain changes in the method of operation of the surface cars in the vicinity of Fulton street and the New York and Brooklyn Bridge. These changes require the laying of additional tracks in the vicinity of the bridge and tracks which have been proposed in Livingston street and Lafayette avenue, for which an application by the Nassau Electric Railroad Company is now pending before the Board of Estimate and Apportionment. The recommendations, I understand, are indorsed by Kingsley L. Martin, Engineer in charge of the New York and Brooklyn and the Williamsburg Bridges.

Considerable study has also been made upon the matter of congestion and interference of cars in this section of Brooklyn, by this Bureau, in connection with the application for a franchise on Livingston street and Lafayette avenue. The matter will be taken up with those engineers with a view to devising means of improving existing conditions, and recommendations for such improvement will be embodied in a report to you upon the application for a franchise on Livingston street.

The connection now applied for was recommended in the report by Mr. Provost, the object being to supply a more direct route to the bridge for cars from the Court street and Union street lines which now run by way of Court street, Atlantic avenue, Boerum place, Court square and Adams street, thus passing through the congested section at the junction of Fulton street and Court square. If such a connection is made the cars from these lines may proceed north on Court street, Fulton street and Liberty street; thence crossing private property to Washington street by means of the proposed connection, thereby avoiding, and, in consequence, relieving, to some extent, the congestion at the Court square crossing. A considerable saving in running time would also be accomplished which would greatly benefit the patrons of these lines.

A portion of the property in the block between Liberty and Washington streets is City property, having been acquired for bridge purposes, and is now occupied by an elevated structure upon which is located a storage yard for bridge cars. This property is therefore under the jurisdiction of the Bridge Commissioner and may be leased by him for the purpose required. The portion of the connection which is considered in this report is that within the lines of Fulton, Liberty and Washington streets.

This application is for a franchise, to wit, an extension of the existing rights of the Brooklyn City Railroad Company and the Board has at present no power to grant the same, and in any event for its proper consideration, pursuant to the provisions of law, a period of at least two months would ensue before it could be acted upon.

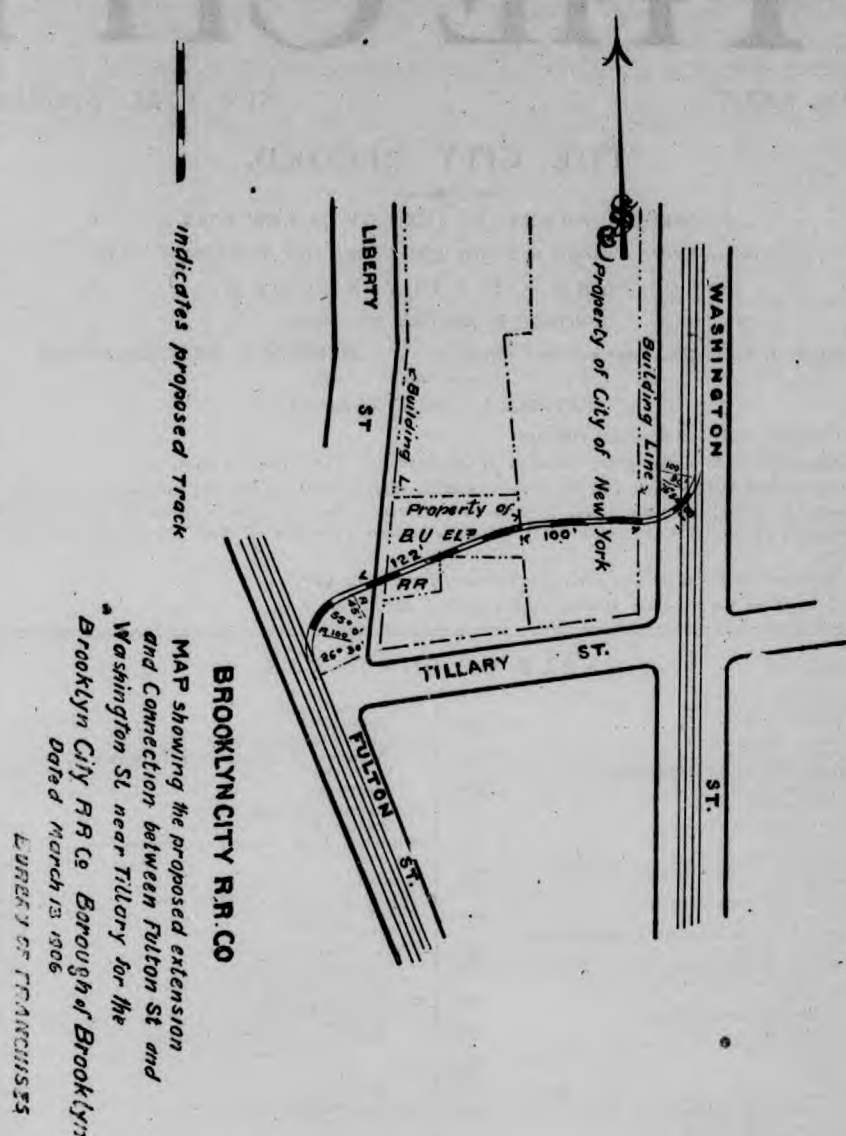

The proposition, as it was first presented to me by Mr. Provost, was that the company should secure a temporary permit to lay these tracks and operate the cars as indicated, pending the time when the problem of traffic congestion on the Brooklyn side shall be partially solved, and when it will be necessary for the respective companies to make applications for extensions to their franchises in accordance with such solution. Until such time, I look upon this as merely temporary relief which will inure to the benefit of the traveling public.

It is therefore recommended that consent be given for a period of one year, revocable on thirty days' notice by the Board of Estimate and Apportionment, and that the compensation be fixed at \$350. The amount of security deposit, which is customarily required for such privilege, should be fixed at \$1,000, to be deposited with the Comptroller as security for the faithful performance of the terms and conditions of the consent.

The proposed resolutions attached hereto provide that the construction shall be done under the supervision of the President of the Borough of Brooklyn and save the City harmless from any expense due to damages either by reason of operation or construction. They contain other provisions which are usually embodied in such consents and will, I believe, properly protect the City.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Brooklyn City Railroad Company, a corporation incorporated for the purpose of constructing, maintaining and operating street surface railroads in the Borough of Brooklyn, City of New York, to lay and maintain a single-track street surface railroad, to be operated by electricity by the overhead trolley system, as follows:

Commencing at the north-bound track of the Brooklyn City Railroad Company on Fulton street, near the intersection of Fulton street and Tillary street, thence on a curve easterly across Fulton street and Liberty street to the private property abutting on Liberty street.

Also beginning at a point in the westerly side of Washington street about 100 feet north of the northerly side of Tillary street, thence in a curve northeasterly to and connecting with the north-bound track of the Brooklyn City and Newtown Railroad Company on Washington street; all as shown and indicated upon the map entitled "Brooklyn City Railroad Company, Brooklyn, New York. Map showing proposed extension and connection between Fulton street and Washington street, near Tillary street, for the Brooklyn City Railroad Company, in the Borough of Brooklyn, to accompany the petition to the Board of Estimate and Apportionment, dated March 13, 1906. Approved, Edward Merritt, President. W. S. Menden, Chief Engineer."—a copy of which is annexed hereto and which is made a part hereof.

The consent is given upon the following terms and conditions:

1. Said consent shall be for a term not exceeding one year from the granting of said consent; provided, however, that the same may be canceled and annulled upon thirty days' notice in writing to the grantee, its successors or assigns, by the Board of Estimate and Apportionment, or its successor in authority, and thereupon all the rights of the grantee, its successors or assigns, in and upon the aforesaid streets shall cease and determine.

2. The grantee, its successors or assigns, shall pay into the treasury of The City of New York the sum of three hundred and fifty dollars (\$350) within ten days from the date when this resolution is signed by the Mayor. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

3. This consent, at the end of one year, unless sooner revoked, shall expire by limitation.

Upon the revocation or termination by limitation of this consent, the grantee, its successors or assigns, shall at its own cost cause all that portion of the streets affected by this consent to be restored to their proper and original condition, if required so to do by The City of New York, or its duly authorized representative, and in default of the performance of this condition by the grantee, its successors or assigns, the proper authorities may cause such track to be removed from the streets aforesaid, and the streets to be restored in the manner above described, at the expense of the said grantee, its successors or assigns, and such expense shall be recoverable by The City of New York by action at law or otherwise from the grantee.

If the track to be constructed by the grantee under this consent shall not be required to be removed, it is agreed that all such track shall become the property of the City, without expense to it, to be used for any purpose whatsoever.

4. The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other persons or corporation whatsoever, either by the acts of the grantee, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding.

ing, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

5. It is to be understood that the consent hereby given is of a temporary character and does not give to any company the right to operate its cars over the tracks of any other company, nor the right to the Brooklyn City Railroad Company to lay tracks on the property of The City of New York which is under the supervision of the Bridge Commissioner, and situated in the block bounded by Washington, Tillary, Liberty and Concord streets.

6. Said railroad track shall be constructed and maintained in the latest improved manner of street railroad construction, solely upon the terms and conditions hereafter to be approved by the President of the Borough of Brooklyn. The grantee shall submit such working plans of construction as may be required by said Borough President, which shall show in detail the method and kind of construction of said railroad track and the mode of protection of all surface and subsurface structures.

7. Such railroad track shall be constructed and maintained subject to the supervision and control of the Board of Estimate and Apportionment, and of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and subject to all laws or ordinances now in force or which may be hereafter enacted.

8. The Brooklyn City Railroad Company, as long as it shall continue to use the track for which consent is hereby given shall keep in permanent repair that portion of the surface of said streets between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so and in such manner as they may prescribe.

The City of New York shall have the right to change the material or character of the pavement and sidewalks in the said streets, and in that event the grantee, its successors or assigns shall be bound to replace such pavement and sidewalks in the manner directed by the proper City officials, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement or sidewalks.

9. The grantee shall assume all liability by reason of the construction and operation of the track, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this consent the grantee, its successors or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the grantee, its successors or assigns.

10. The grantee shall be liable for all damages to persons or property and to the street and the sewers therein by reason of the construction, maintenance and use of said railroad track, and it is a condition of this consent that The City of New York assumes no liability to either persons or property on account thereof.

11. Said grantee, its successors or assigns, shall commence the construction of said track under this consent, and complete the same, within sixty days from the approval of this consent by the Mayor, otherwise this consent shall be forfeited forthwith and without any proceedings, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding sixty days.

12. This consent is upon the express condition that the grantee, within thirty days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of one thousand dollars (\$1,000), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge for the consent and the repairs of the street pavement and sidewalks. In case of default in the performance by the grantee of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund, without legal proceedings, or after default in the payment of the annual charges, shall collect the same, with interest, from such fund after ten days' notice in writing to the grantee.

In case of any drafts so made upon the security fund, the grantee shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of one thousand dollars (\$1,000), and in default thereof the consent hereby given may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

13. This consent shall not become operative unless the grantee shall, within twenty days after its approval by the Mayor, duly execute under its corporate seal an instrument in writing, wherein said grantee, its successors or assigns, shall promise, covenant and agree to conform to and abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same in the office of the Board of Estimate and Apportionment of The City of New York within twenty days after the approval of this consent by the Mayor.

14. The grantee shall notify the Secretary of the Board of Estimate and Apportionment upon the commencement of the work, and shall also notify the said Secretary when it has completed all the work authorized under this consent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

Unanimous consent was given for the presentation and consideration of the following communication from the District Attorney, New York County, for an appropriation of \$10,000 to provide the necessary means for the proper conduct of investigating into the conduct of persons connected with the business of life insurance companies in the City and County of New York:

DISTRICT ATTORNEY'S OFFICE, COUNTY OF NEW YORK,
March 14, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York, New York City:

GENTLEMEN—Pursuant to the provisions of section 1542 of the amended Greater New York Charter, I hereby certify that the public interests demand for the proper conduct of investigations, and in the prosecution of criminal actions which may come from such investigations into the conduct of persons connected with the business of life insurance companies in the City and County of New York, which are of exceptional difficulty, that a special appropriation be made; and I respectfully request that your Honorable Board authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), to provide the necessary means therefor.

Very truly yours,

WM. TRAVERS JEROME, District Attorney.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 1542 of the Greater New York Charter, the Board of Estimate and Apportionment hereby appropriates the sum of ten thousand dollars (\$10,000), to provide the necessary means for the proper con-

duct of investigations into the conduct of persons connected with the business of life insurance companies in the City and County of New York, as requested in a communication from the District Attorney, New York County, dated March 14, 1906, and that for the purpose of providing means therefor, the Comptroller is hereby authorized to issue Special Revenue Bonds of The City of New York, to the amount of ten thousand dollars (\$10,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and The Bronx—14.

The Secretary presented the following communication from the Commissioner of the Tenement House Department, requesting the transfer of \$494.68 from the account Salaries, to the account Supplies and Contingencies for the year 1905:

TENEMENT HOUSE DEPARTMENT,

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the Department of Finance for the same year, entitled Supplies and Contingencies, Comptroller's Office, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom on February 2 was referred the matter of issuing \$500 Special Revenue Bonds, the proceeds to be applied to the purchase of a set of metric standards for the use of the Bureau of Weights and Measures.

Laid over for the Comptroller to determine what appropriation a transfer could be made from for this purpose.

The Secretary presented the following communications from the Department of Health and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom this matter was referred at the meeting held February 16, 1906, relative to appropriation of \$25,000 Revenue Bonds for the maintenance of hospitals for the treatment of trachoma, etc.

DEPARTMENT OF HEALTH,
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,
NEW YORK, February 8, 1906.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

SIR—Enclosed herewith you will find a copy of a resolution adopted by the Board of Health at its meeting held February 7, 1906, requesting the Board of Estimate and Apportionment, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Greater New York Charter, to authorize the Comptroller to issue Revenue Bonds of The City of New York to the amount of \$25,000, the proceeds whereof to be applied to defraying the necessary expenses required to be incurred by the Board of Health during the year 1906 for the preservation of the public health in furnishing, conducting and maintaining hospitals and dispensaries for the care and treatment of cases of trachoma, including the purchase of all necessary food supplies, apparatus, furniture, drugs and miscellaneous supplies and for the payment of the salaries of oculists, medical inspectors, nurses, orderlies and other employees connected with these institutions. This request is made necessary by reason of the fact that the Board of Estimate and Apportionment made no provision in the appropriation of this Department for the year 1906 for the maintenance of the dispensaries and hospitals for the care and treatment of cases of contagious eye diseases.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF HEALTH,
SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE,
NEW YORK, February 8, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Health of the Department of Health of The City of New York, held February 7, 1906, the following preamble and resolution were adopted:

Whereas, Owing to the continued prevalence of the contagious eye disease known as trachoma among the school children of The City of New York the Medical Inspectors of the Department of Health are compelled to exclude the children so affected from the public schools; and

Whereas, The public dispensaries have been unable to provide treatment for all of the large number of children so excluded, and it has been found necessary for the Department of Health to increase the facilities of its existing trachoma hospitals and dispensaries located at Gouverneur Slip and at One Hundred and Eighteenth street and Pleasant avenue, in the Borough of Manhattan, respectively; and

Whereas, The Board of Estimate and Apportionment made no provision in the appropriation of this Department for the year 1906 for conducting these dispensaries and hospitals; therefore it is

Resolved, That the Board of Health, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Charter of The City of New York, hereby certifies to the Board of Estimate and Apportionment that the sum of \$25,000 (twenty-five thousand dollars) should be appropriated for defraying the necessary expense required to be incurred by the Board of Health during the year 1906 for the preservation of the public health in furnishing, conducting and maintaining hospitals and dispensaries for the care and treatment of cases of trachoma, including the purchase of all necessary food supplies, apparatus, furniture, drugs and miscellaneous supplies, and for the payment of the salaries of oculists, medical inspectors, nurses, orderlies and other employees connected with these institutions.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 28, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Examination has been made in the Investigations Division into the matter of a request of the Board of Health for an issue of Revenue Bonds to the amount of \$25,000 for the maintenance of hospitals for the treatment of trachoma, said request having been referred by the Board of Estimate and Apportionment on February 16, 1906, to the Comptroller. As a result of the examination thus made, I beg to submit the following report:

As previously stated in a report made by the Investigations Division to the Comptroller under date of January 31, 1906, the Board of Health, owing to the prevalence of a contagious disease known as trachoma among the school children of The City of New York, found it necessary in the latter part of 1902 to provide a special corps of doctors and nurses, as well as a permanent place for treating said disease.

At first the Department of Health was accorded the use of a room in Gouverneur Hospital for this purpose, but as the number of cases reported by the Medical School Inspectors increased it was found that the use of this room interfered with the regular work of the hospital, and a portable pavilion was erected in the public square in the centre of Gouverneur slip. Since then another small pavilion of the same description has been added, and in these two buildings are received the cases shown by the examination of the Medical School Inspectors to require treatment.

All children affected with trachoma are excluded from attendance at the schools until they are able to produce a certificate, either from the Department of Health physicians or another physician, showing that they are receiving treatment.

From the examination of the trachoma cases at Gouverneur slip it was soon found that in many instances the disease had reached such stages of development as to require surgical treatment. The large number of such cases having made it evident that proper treatment could not be accorded at the several hospitals for eye and ear diseases, the Board of Health early in 1903 leased a four-story brick building on the northwest corner of Pleasant avenue and One Hundred and Eighteenth street, where provision is not only made for operations but for the accommodation of patients for

the necessary period, usually from twenty-four to forty-eight hours, though sometimes longer. In addition to this, two clinics daily, one in the morning and one in the afternoon, have been established for the treatment of original cases reported in the upper sections of the city.

The two pavilions at Gouverneur slip and the hospital at Pleasant avenue and One Hundred and Eighteenth street have been maintained since the commencement of the work by the issue of Revenue Bonds.

While trachoma is in no sense considered epidemic, yet, in the opinion of the Board of Health, the large number of cases found in certain sections of the city justifies the continuance, for a time at least, of the present accommodations for examining and treating the cases reported. It does not appear that the Department has provided any means of free treatment for trachoma in any of the boroughs of the city outside of Manhattan. Representatives of the Department of Health state that the disease has been found more prevalent in the congested quarters of the city, where the population is largely composed of emigrants. Said representatives also state that this prevalence of trachoma is due to the lax methods of inspection employed by the immigration authorities in the Federal service.

A representative of the Department of Finance visited the station at Gouverneur slip, as well as the Trachoma Hospital at Pleasant avenue and One Hundred and Eighteenth street, and witnessed the method of treatment in both places. At the Gouverneur slip pavilion there is a steady stream of patients applying for treatment, the great majority of these cases, of course, having been reported by the medical school inspection staff. It frequently happens, however, that older brothers and sisters and other members of the families of school children are affected with the disease, and the doctors in charge of the Gouverneur slip station and the Trachoma Hospital have considered it an obligation upon the City to render free treatment in these cases also. It has been stated that, as the disease is a contagious one, it would be futile to undertake to extend treatment to the children attending the public schools and neglect members of their families who may be infected by contact, using the same towels, bed clothing, etc.

Dr. Herbert W. Wootton, who has had direct supervision of the treatment of trachoma cases for several years past, stated that, through the co-operation of the Bureau of Public Buildings and Offices of Manhattan last summer, a large number of the persons attending the public baths were examined and it was found that contagion was spread by the use of towels. No regular provision, however, has been made for a continuation of the work of examining persons attending the baths this year.

Dr. Wootton stated that, in his judgment, although about 35,000 cases of trachoma have been treated under the direction of the Department of Health during the past three years, and upwards of 9,000 operations have been performed, the influx of foreigners, as well as the frequency of reinfection, renders it necessary for the City to continue, for several years at least, the treatment of trachoma in somewhat the same manner as at present.

The Trachoma Hospital is constantly filled and most of the time there are from one hundred to one hundred and fifty children in waiting, who are being kept out of the schools pending the necessary treatment either by private physicians or the Department doctors.

Dr. Wootton claims that the method of treatment employed in the Trachoma Hospital has been shown, by an examination into a number of discharged cases, to be very successful. A given number of cases treated at the hospital have been looked into and the statement is made that the number of permanent cures is approximately seventy per cent. of the total number operated upon. This, Dr. Wootton asserts, compares very favorably with the work of any private or semi-charitable institution for the treatment of trachoma.

The force at the Gouverneur slip station consists of 3 doctors, one at the morning clinic and two at the afternoon clinic; 2 clerks, 1 helper and 2 watchmen. The report of the clerk of the station for the week ending February 17, 1906, gives the following record of cases examined and treated for that week, as well as the total since the opening of the station in December, 1902:

The Trachoma Hospital, which Dr. Wootton states is leased by the City at an annual rental of \$600, has a very fair modern equipment for the work of the clinics and the operations performed there. The force consists of 6 doctors besides Dr. Wootton, four nurses, one cook, one laundress, 1 waitress, one cleaner, one orderly, one clerk, and the superintendent who has his home in the building.

With the exception of the doctors, all of the positions are in the exempt class, and as far as learned by your representative, the salaries paid are not excessive. The institution generally would appear to be run on a fairly economical plan. The nurses are paid \$75 per month each and are given two meals a day, being required to provide their lodging and the remainder of their board themselves. The cook, laundress, waitress and cleaner are paid \$30 per month each, and the superintendent, clerk and orderly \$50 each. In addition to the regular employees, officers connected with the Sanitary Squad are assigned to both the Gouverneur slip station and the Trachoma Hospital, their salaries being paid from the regular pay-roll of the Sanitary Squad.

The salaries paid to the force at the Gouverneur station range about the same as those in the Trachoma Hospital, except that a woman helper is employed at \$40 per month to assist the doctors instead of a nurse at \$75 per month.

The report of the number of cases treated by operation, the number of revisits and the number of new cases at the Trachoma Hospital for the week ending February 17, 1906, as well as the number of cases since the opening of the hospital, is as follows:

At the request of the Investigations Division, the Clerk of the Department of Health furnished the following statement showing the manner of disbursement of the \$25,000 of Special Revenue Bonds authorized by the Board of Estimate and Apportionment, February 14, 1905, for the maintenance of the trachoma hospitals:

Total cost for maintaining Trachoma Hospital, No. 341 Pleasant avenue, and the dispensary for contagious eye diseases, Gouverneur slip, for the year 1905.....**\$26,514 32**

From the facts disclosed in the examination thus made, the City would seem to be compelled to continue for a time at least the treatment of trachoma as now conducted by the Department of Health.

As the sum requested does not appear to be excessive, I would respectfully recommend that the application of the Board of Health for an appropriation of \$25,000 to defray the expenses of maintaining the trachoma hospitals for the year 1906 be granted and that the Board of Estimate and Apportionment authorize an issue of Special Revenue Bonds to that amount.

Respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Approved:

H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Greater New York Charter, and the requisition of the Board of Health, under date of February 7, 1906, the Comptroller be and is hereby authorized to issue Revenue Bonds of The City of New York to the amount of twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the following purposes:

For the preservation of the public health in furnishing, conducting and maintaining dispensaries and hospitals for the care and treatment of cases of trachoma, including the purchase of all necessary food supplies, apparatus, furniture, drugs and miscellaneous supplies, and for the payment of the salaries of Oculists, Medical Inspectors, Nurses, Orderlies and other employees connected with these institutions, \$25,000.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The President of the Borough of Richmond appeared and took his place in the Board.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to whom was referred on February 16 the matter of increasing the salaries of attaches, and also to provide for additions to the clerical and process service forces of the Court of Special Sessions, First Division.

Laid over for consideration with the Budget for 1907.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom was referred on February 2 the matter of establishing the positions of Custodian of Incumbrances, Incumbrance Yardman and Section Station Keepers, in the Department of Street Cleaning, with salaries at the rates of \$900, \$720 and \$720 per annum, respectively.

Laid over for consideration with the Budget for 1907.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom was referred on February 2 the matter of fixing salaries of the Interpreters in the City Magistrates' Courts, First Division, at the rate of \$2,000 each per annum.

Laid over for consideration with the Budget for 1907.

The Secretary presented the following communication from the President of the Borough of Queens and report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller, to whom on March 2 was referred the matter of issuing \$224,705 Corporate Stock for the use of the Topographical Bureau in preparing and completing maps and monuments and monumenting all territory in the Borough of Queens:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 7, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Joseph Bermel, President of the Borough of Queens, in communication under date of February 26, 1906, requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock in the sum of \$224,705, for the use of the Topographical Bureau, in preparing and completing maps and monuments and monumenting of all territory in the Borough of Queens.

I would report that the pay roll of the present force is about \$15,600 per month (including the monthly and weekly pay rolls), or \$187,000 per annum; adding \$7,000 for monuments, \$12,000 for traveling expenses, and \$4,000 for instruments and incidentals gives a grand total of \$210,000, the required amount to carry on the work with the present force.

The Engineer in charge of the topographical work informs me that, in order to continue the work properly, the force must be increased, and he hopes to have about twenty (20) new men by the end of the year; \$10,000, in my opinion, will be sufficient to provide for this increase in force, making the grand total of \$220,000, which will be ample to carry on the work, including the additional force, to March 1, 1907, without any additional appropriation being provided for in the Budget for 1907.

I would note that the \$40,000 allowed in the Budget for 1906 for this work has practically all been expended.

I would therefore suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$220,000 for the work of the Topographical Bureau, Borough of Queens—that is to say, for the making and completing of maps within said borough.

Respectfully,

CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:

H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and twenty thousand dollars (\$220,000) for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and twenty thousand dollars (\$220,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the President of the Borough of Richmond and report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller, to whom on March 2 was referred the matter of issuing \$140,000 Corporate Stock for the work of the Topographical Bureau, Borough of Richmond:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,
NEW BRIGHTON, N. Y., February 16, 1906.

Board of Estimate and Apportionment, City Hall, New York City:

GENTLEMEN—When application was made last year for Corporate Stock issue to carry on the topographical work in the Borough of Richmond there was finally allowed \$110,000, which became available on March 21, 1905. We were told then that if this sum was not sufficient we could return even before the end of the year for an additional issue. So much difficulty was experienced, however, in increasing our engineering force that the \$110,000, with balance in the former stock issue, has been sufficient to carry us to date and will meet expenses to March 31 of this year.

We wish to increase our force by about twenty men as soon as they can be secured through the Civil Service Commission, whose salaries, added to those on the present pay-roll, amounting to about \$8,300 each month, or about \$100,000 for twelve months, plus expenses of say, \$15,000, make a total with the increased force desired of \$140,000, which sum we would ask therefore to be authorized in Corporate Stock so that we may be able to draw upon same for the pay-roll commencing April 1.

Yours respectfully,

GEORGE CROMWELL,
President of the Borough of Richmond.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 7, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. George Cromwell, President of the Borough of Richmond, in communication under date of February 16, 1906, requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock in the sum of \$140,000 for the work of the Topographical Bureau, Borough of Richmond.

The Commissioner also states that he wishes to increase the force by about twenty (20) men as soon as they can be secured through the Civil Service Commission, whose salaries, added to those on the present pay-roll, amounting to about \$8,300 each month, or about \$100,000 for twelve months, plus expenses of say, \$15,000, making a total of increase force desired of \$140,000, which sum is requested that he may be able to draw upon same for the pay-roll commencing April 1, 1906. I would report:

As stated by the President, the present pay-roll amounts to about \$100,000 per annum, and \$15,000 estimated for traveling expenses, monuments, incidentals, etc., is not exorbitant, but the \$25,000 requested for an increase in the force I consider more than it will be possible to expend during the year, on account of the great trouble in obtaining men; \$10,000 or \$15,000, I think, will be sufficient to provide for the increased force, making a grand total for the ensuing year of \$130,000; this amount I estimate will carry on the work from March 1, 1907, without any additional appropriation being provided for in the Budget for 1907.

I would therefore suggest that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$130,000 for the work of the Topographical Bureau, Borough of Richmond, that is to say, for the making and completing of maps within said borough.

Respectfully,

CHANDLER WITHINGTON,
Principal Assistant Engineer.

H. A. Metz, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and thirty thousand dollars (\$130,000) for the use of the Topographical Bureau of the Borough of Richmond for the purpose of preparing and completing maps of all territory within said borough, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and thirty-thousand dollars (\$130,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution authorizing an issue of \$50,000 Corporate Stock for the use of the Topographical Bureau in the office of the President of the Borough of The Bronx:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), for the use of the Topographical Bureau of the Borough of The Bronx, for the purpose of preparing and completing maps of all territory within said borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communications from the President of the Borough of The Bronx, and report of the Principal Assistant Engineer, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Borough of The Bronx, to whom on March 2 was referred the matter of issuing \$12,000 Corporate Stock for the purpose of extending the existing Belmont avenue sewer north of Pelham avenue to the southerly line of Bronx Park, west of Southern Boulevard, and for improving the drainage conditions surrounding the new Fordham Hospital:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
February 21, 1906.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I beg to call your attention to the action taken by the Board of Estimate and Apportionment on January 26, 1906, in approving a map submitted by me, entitled "Modified plan of drainage, showing location, size and grades of Sewerage District No. 42W, dated November 9, 1905."

In my communication dated November 14, 1905, on this subject I requested the Board of Estimate and Apportionment to provide necessary funds for the work required in extending the existing Belmont avenue sewer north of Pelham avenue to the southerly line of Bronx Park, west of Southern Boulevard, and for improving the drainage conditions surrounding the new Fordham Hospital, as follows:

"It seems, in view of the drainage conditions surrounding the new Fordham Hospital, that something should be done to relieve the situation, and I would respectfully recommend that the Board of Estimate and Apportionment furnish the necessary funds to construct this proposed extension, which has been estimated by Chief Engineer Briggs to cost \$12,000."

I would therefore renew my application to the Board for an appropriation of \$12,000 to provide for this work.

Respectfully,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, March 2, 1906.

Hon. HERMAN A. METZ, Comptroller:

MY DEAR SIR—In relation to No. 46 on the financial calendar of this morning, I desire to inclose a communication forwarded to me by the Secretary of the Board of Trustees of the Bellevue and Allied Hospitals.

About a week ago the President of the Fordham University called at this office in relation to the draining of the lands included in my communication of November 14, 1905, and again of January 26, 1906, for \$12,000 for the purposes specified, and I notified said President of the Fordham University, through the land of which institution this drain will pass, and for which a right-of-way or easement has been secured, that action would be taken at the meeting of the Board of Estimate and Apportionment to-day towards authorizing the appropriation of \$12,000 asked for for the construction of new drain.

This sewer is absolutely necessary in order to drain the City's park lands on the north of the college property, and also to properly drain in the immediate vicinity of the new Fordham Hospital.

It is therefore necessary that some immediate action be taken, and at once, in order that we may proceed with the work.

I would therefore ask you to report at the earliest date possible in favor of the authorization of the same.

Yours truly,
LOUIS F. HAFFEN,
President of the Borough of The Bronx.

BELLEVUE AND ALLIED HOSPITALS,
BELLEVUE HOSPITAL, FOOT OF EAST TWENTY-SIXTH STREET,
NEW YORK, February 28, 1906.

Hon. LOUIS F. HAFFEN, Borough of The Bronx, Third Avenue and One Hundred and Seventy-seventh Street, The Bronx:

DEAR SIR—I beg to enclose copy of a letter from the Rev. Francis J. Lamb, representing the authorities of St. John's College, Fordham, in reply to a communication from this Department requesting to know the plans for the drainage of the pond lying north of the new Fordham Hospital, and how soon active steps would be taken to carry out this work. This communication on our part was made necessary by letters from the John H. Parker Construction Company, the contractors in charge of erecting the hospital, and from Mr. Raymond F. Almirall, the architect in charge of the same, pointing out the grave danger to be apprehended to the new structure now approaching completion, in case immediate steps were not taken to prevent the accumulation of water in this pond and its consequent filtration into the land on which the new buildings are built.

I should be glad to receive from you some definite statement concerning the present status of the matter, whether it is at present within the control of your Department and how soon the active work of draining the pond will be begun.

Permit me to repeat that too great emphasis cannot be laid upon the importance of having this work proceed with the least possible delay.

I beg to remain,

(Signed)

Yours respectfully,
J. K. PAULDING, Secretary, Board of Trustees.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 8, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of February 21, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$12,000 for the purpose of extending the existing Belmont avenue sewer north of Pelham avenue to the southerly line of Bronx Park, west of Southern Boulevard, and for improving the drainage conditions surrounding the new Fordham Hospital.

I would report that the property of St. John's College lying to the west and north of Fordham Hospital property lies low and is the natural drainage outlet of Bronx Park. (See plan attached to application.)

The space represented on the plan between dotted lines, running west and east, marked "old road," is in reality a dam forming a pond on the College grounds north of the hospital property. This pond covers at least an acre or more and is several feet in depth. Emptying into this pond on the north is a covered stone drain, 2 feet by 2 feet 6 inches in size, leading from Bronx Park.

There is no sewer opposite the college property in Southern Boulevard.

A large hospital and outbuildings are being erected on the hospital property, and the drain for these buildings leads across from the north emptying into a sewer in Cambreling avenue. This drain is 8 inches on the lower and 6 inches in size at the upper end. It is inadequate at the present time, as I was informed by Engineer Graham of the Bureau of Sewers of the Borough of The Bronx, that water in heavy storms floods the floors of the boiler room.

Bronx Park drains into the pond on the property of St. John's College, and the City having failed to furnish any sewer outlet opposite said property, is, in my opinion, responsible for the present conditions, and will have to build the sewer asked for, in order to protect the hospital property.

I am of the opinion that the work proposed is necessary, and the amount asked for, namely, \$12,000, is not excessive.

In view of the facts, I am of the opinion that the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 176 of the Greater New York Charter, to issue Corporate Stock to the amount of \$12,000, for the purpose of extending the existing Belmont avenue sewer, north of Pelham avenue, through the property of St. John's College to the southerly line of Bronx Park, west of Southern Boulevard, and for improving the drainage conditions surrounding the new Fordham Hospital, and would suggest that the President of the Borough of The Bronx be directed to obtain from the college authorities an easement for said drains through the college property, and have said instrument properly recorded.

I would note that the plan or map, dated November 9, 1905, showing the location of this drain was approved by the Board of Estimate and Apportionment on January 26, 1906.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolutions were offered:

Resolved, That the Board of Estimate and Apportionment hereby determines that the whole cost and expense of extending the existing Belmont avenue sewer north of Pelham avenue to the southerly line of Bronx Park, west of Southern Boulevard and for improving the drainage conditions surrounding the new Fordham Hospital, Borough of The Bronx, shall be borne and paid by The City of New York.

Resolved, That, in pursuance of the provisions of sections 169 and 176 of the Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York to an amount not exceeding twelve thousand dollars (\$12,000), for the purpose of providing means for the extension of the existing Belmont avenue sewer north of Pelham avenue to the southerly line of Bronx Park, west of Southern Boulevard, and for improving the drainage conditions surrounding the new Fordham Hospital, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative to the acquisition of a school site located at Concord street and Nutria alley, adjoining Public School 1, Borough of Brooklyn.

Laid over.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, to whom, on March 2, was referred the resolution of the Board of Education requesting the acquisition of property located at East One Hundred and Eleventh and East One Hundred and Twelfth streets, and Lexington avenue, Borough of Manhattan, for a school site:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the City Superintendent of Schools and the Local School Boards of Districts Nos. 17 and 20, that a site for a new building be acquired in the vicinity of Madison avenue, East One Hundred and Ninth street to East One Hundred and Fourteenth street, Borough of Manhattan. This building is required to relieve the overcrowding in Public Schools 57, 103, 170, 171 and 184, and your committee is of the opinion that property on the north side of East One Hundred and Eleventh street, west of Lexington avenue, with one lot running through to East One Hundred and Twelfth street, should be acquired for this purpose. It is the intention of the Board of Education to erect a new building in this vicinity as soon as a suitable site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on East One Hundred and Eleventh and East One Hundred and Twelfth streets, west of Lexington avenue, in Local School Board District No. 17, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$104,500:

Beginning at a point on the northerly line of East One Hundred and Eleventh street distant forty-two (42) feet ten and two-sevenths (10 2/7) inches westerly from the westerly line of Lexington avenue, and running thence northerly and parallel with Lexington avenue one hundred (100) feet eleven (11) inches; thence westerly and parallel with East One Hundred and Eleventh street eighty-nine (89) feet three and three-sevenths (3 3/7) inches; thence again northerly and again parallel with Lexington avenue one hundred (100) feet eleven (11) inches to the southerly line of East One Hundred and Twelfth street; thence westerly along the southerly line of East One Hundred and Twelfth street seventeen (17) feet ten and two-sevenths (10 2/7) inches; thence southerly and again parallel with Lexington avenue one hundred (100) feet eleven (11) inches; thence again westerly and again parallel with East One Hundred and Eleventh street one hundred and eleven (111) feet six and three-quarters (6 3/4) inches; thence again southerly and again parallel with Lexington avenue one hundred (100) feet eleven (11) inches to the northerly line of East One Hundred and Eleventh street; thence easterly along the northerly line of East One Hundred and Eleventh

street two hundred and eighteen (218) feet eight and thirteen-twenty-eighths (8 13-28) inches to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education on February 14, 1906.

A. EMERSON PALMER,
Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at its meeting held February 14, 1906, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on East One Hundred and Eleventh and East One Hundred and Twelfth streets, west of Lexington avenue, in Local School Board District No. 17, Borough of Manhattan, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$104,500:

"Beginning at a point on the northerly line of East One Hundred and Eleventh street distant 42 feet 10-2-7 inches westerly from the westerly line of Lexington avenue, and running thence northerly and parallel with Lexington avenue 100 feet 11 inches; thence westerly and parallel with East One Hundred and Eleventh street 89 feet 3-3-7 inches; thence again northerly and again parallel with Lexington avenue 100 feet 11 inches to the southerly line of East One Hundred and Twelfth street; thence westerly along the southerly line of East One Hundred and Twelfth street 17 feet 10-2-7 inches; thence southerly and again parallel with Lexington avenue 100 feet 11 inches; thence again westerly and again parallel with East One Hundred and Eleventh street 111 feet 6-3-4 inches; thence again southerly and again parallel with Lexington avenue 100 feet 11 inches to the northerly line of East One Hundred and Eleventh street; thence easterly along the northerly line of East One Hundred and Eleventh street 218 feet 8-13-28 inches to the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

I have had an examination made of the property and find the same to be known on the tax maps of the Borough of Manhattan, City of New York, as Lots Nos. 8 to 15, inclusive, and Lot No. 61 in Block 1630, known by the Nos. 119 to 141, inclusive, East One Hundred and Eleventh street, and No. 130 East One Hundred and Twelfth street, and includes twelve 3-story and basement private dwellings on East One Hundred and Eleventh street and one 3-story and basement private dwelling on East One Hundred and Twelfth street, which will be an outlet to the new school.

After negotiation with the owners of the property I find that the prices asked by them to be in each instance in excess of the present market value of the same. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described for school purposes and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following-described premises for school purposes in the Borough of Manhattan:

Beginning at a point on the northerly line of East One Hundred and Eleventh street distant 42 feet 10-2-7 inches westerly from the westerly line of Lexington avenue, and running thence northerly and parallel with Lexington avenue 100 feet 11 inches; thence westerly and parallel with East One Hundred and Eleventh street 89 feet 3-3-7 inches; thence again northerly and again parallel with Lexington avenue 100 feet 11 inches to the southerly line of East One Hundred and Twelfth street; thence westerly along the southerly line of East One Hundred and Twelfth street 17 feet 10-2-7 inches; thence southerly and again parallel with Lexington avenue 100 feet 11 inches; thence again westerly and again parallel with East One Hundred and Eleventh street 111 feet 6-3-4 inches; thence again southerly and again parallel with Lexington avenue 100 feet 11 inches to the northerly line of East One Hundred and Eleventh street; thence easterly along the northerly line of East One Hundred and Eleventh street 218 feet 8-13-28 inches to the point or place of beginning, be the said several dimensions more or less, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessment, is \$104,500.

—and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the property within the area of the above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described premises at private sale, subject to the approval of this Board.

The Secretary presented the following communication from the Comptroller, transmitting report of the Principal Assistant Engineer, Department of Finance, relative to the communication of the Commissioner of Water Supply, requesting that the Board of Estimate and Apportionment amend its resolution of December 22, 1905, relative to the approval of the agreement with Silas W. Titus for the improvement and development of the water supply of the Borough of Brooklyn at the Jameco Pumping Station:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
March 12, 1906.

Board of Estimate and Apportionment:

GENTLEMEN—I herewith transmit report of the Principal Assistant Engineer of the Department of Finance in relation to the communication of the Commissioner of the Department of Water Supply, requesting that the Board of Estimate and Apportionment amend its resolution of December 22, relative to the approval of the agreement with Silas W. Titus for the improvement and development of the water supply of the Borough of Brooklyn at the Jameco Pumping Station. The Engineer recommends that said resolution of December 22, 1905, be rescinded, and submits a form of resolution for adoption.

Yours respectfully,

H. A. METZ, Comptroller.
New York, March 3, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In communication to the Secretary of the Board of Estimate and Apportionment of January 22, the Hon. William B. Ellison, Commissioner of the Department of Water Supply, Gas and Electricity, requests reconsideration and revision of resolution of said Board of December 22, 1905, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the present agreement to be entered into, subject to the authorization by the Board of

Aldermen, between the City of New York, through its Commissioner of Water Supply, Gas and Electricity, and Silas W. Titus, for the improvement and development of the water supply of the Borough of Brooklyn at the Jameco Pumping Station on Long Island, in an amount not exceeding sixty thousand dollars (\$60,000), and that for the purpose of providing means for the payment thereof the Board of Estimate and Apportionment hereby determines that the sum of sixty thousand dollars (\$60,000) be and hereby is set aside and appropriated from the water revenues received during the year 1906, if such revenues be sufficient, and if not, from the balance remaining in the water revenue account on December 31, 1905."

In this communication the Commissioner states that the opinion of Assistant Corporation Counsel of December 11, 1905, in reference to this matter, did not advise reference of the resolution to the Board of Aldermen for approval.

Referring to the communication from the Acting Chief Engineer of the Department of Water Supply of November 24, 1905, which was transmitted by the former Commissioner of Water Supply to the Corporation Counsel for his opinion as to the proper authorization for work to be done by Silas W. Titus in increasing the Water Supply of Jameco Station, on Long Island, it clearly appears it was stated that, "In order to carry out the work contemplated it will be necessary to obtain authorization from the Board of Aldermen," and the report further states that: "This recommendation is made on the assumption that the work proposed by Mr. Titus will be classified as the Improvement and Development of the Jameco Station."

The opinion from the Law Department states that upon the facts as stated and partly contained in the communication referred to, it would seem that the work was one for improvement of the plant for procuring water rather than for the purchase of water, and concludes by stating that: "Whether or not the matter is one strictly to be passed upon by the Board of Estimate and Apportionment, in view of the large sum involved, it should be laid before that body * * *"

The Assistant Corporation Counsel has also confirmed my previous understanding of this opinion.

At the time the former Commissioner of Water Supply made this request for an allowance of \$60,000 for an emergency work, it was intended to use the balance of the funds remaining from the Titus contract payments for the erection and maintenance of a pumping station at this location, and communication of Commissioner Ellison, after asking for a modification of the resolution of the Board of Estimate so that no reference to the Board of Aldermen is necessary, requests that the account be further applied to the "erection, operation and maintenance of an emergency pumping station." So far as this request is concerned, I believe the emergency conditions do not warrant further procedure on the lines made imperative by the shortage in the supply of Brooklyn last fall, and that the construction of a temporary station should be provided for in the usual yearly estimate for maintenance and distribution of Water Supply of the Borough of Brooklyn appropriated from the Water Revenue Fund.

On this account I am informed that \$500,000 has been set aside and the balance of the yearly allowance is still to be apportioned on requisition of the Commissioner of Water Supply, so that competitive bidding can be provided for in the equipment of the temporary station when the improvement of the driven wells under the Titus contract is accomplished.

Under these conditions I believe the appropriation for the Titus contract is properly for the purchase of water, and the procedure followed, as in the Citizens' Water Company contract, may be continued (without reference to the Board of Aldermen) with the individual consent of the Mayor and Comptroller, also provided for in section 471 of the Greater New York Charter.

The Titus contract, as submitted in copy attached hereto, is, in my opinion, properly drawn, and the conditions imposed are equitable. I therefore recommend that the resolution of the Board of Estimate and Apportionment of December 22, 1905, be rescinded and the following be substituted:

Resolved, That, pursuant to the provisions of section 471 of the Greater New York Charter, the Board of Estimate and Apportionment hereby assents to and approves of the proposed contract between The City of New York, through the Commissioner of Water Supply, Gas and Electricity, and Silas W. Titus for obtaining and pumping water at the Jameco Pumping Station, the cost thereof to be paid out of the appropriation derived from the water revenue of the Borough of Brooklyn, to an amount not to exceed the sum of sixty thousand dollars (\$60,000).

Respectfully,

R. W. CREUZBAUR,
Principal Assistant Engineer.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, January 22, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—On December 11, 1905, John T. Oakley, former Commissioner of this Department, submitted for the approval of your Board an agreement to be entered into with Silas W. Titus for the improvement and development of the water supply in the Borough of Brooklyn at the Jameco Pumping Station, the agreement providing that the contractor should install a complete plant for the air lift system and furnish all labor and material required to operate same. With this additional pumping it was expected to increase the supply of water from 8,000,000 to 10,000,000 gallons per day, the City to pay at the rate of \$40 per 1,000,000 gallons for the water delivered into the conduit.

In submitting the agreement a copy of an opinion from the Law Department was also furnished, in which it was stated that on account of the large amount of money to be expended it would be well to have the Board of Estimate and Apportionment approve the contract. In response to Commissioner Oakley's letter the following resolution was adopted by your Board on December 22, 1905:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the proposed agreement to be entered into, subject to the authorization by the Board of Aldermen, between The City of New York, through its Commissioner of Water Supply, Gas and Electricity, and Silas W. Titus, for the improvement and development of the water supply of the Borough of Brooklyn at the Jameco Pumping Station on Long Island, in an amount not exceeding sixty thousand dollars (\$60,000); and that for the purpose of providing means for the payment thereof the Board of Estimate and Apportionment hereby determines that the sum of sixty thousand dollars (\$60,000) be and hereby is set aside and appropriated from the water revenues received during the year 1906, if such revenues be sufficient, and if not, from the balance remaining in the water revenue account on December 31, 1905."

Principal Assistant Engineer R. W. Cruzbaur, of the Department of Finance, in his report to Comptroller Edward M. Grout relative to this matter, stated as follows:

"In attached opinion of the Corporation Counsel of the 11th inst. the Commissioner is advised that in view of the large sum involved, this proposition should not only be approved by the Board of Aldermen, as the Charter, section 419 provides, but that it should also be laid before the Board of Estimate and Apportionment for approval."

I wish to correct this statement and inform you that the Corporation Counsel did not advise that the proposition should be approved by the Board of Aldermen, as provided by section 419 of the Charter, but stated only that the matter should be presented to your Board for approval.

I have to advise further that, pending the approval of this matter by your Honorable Board, Contractor Titus commenced work and is now actually engaged in the pumping of water.

It has been suggested to the Secretary of this Department by the Corporation Counsel to again submit the question to your Board, with request that the resolution of December 22 be amended by eliminating the words "subject to the authorization of the Board of Aldermen."

I would ask a further amendment of this resolution by adding that the balance of the money unexpended on the account of this contract be applied to the "erection, operation and maintenance of an emergency pumping station."

Very truly yours,

WILLIAM B. ELLISON, Commissioner.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by purchase, at a price not exceeding \$80,000, of property located at Pearl street and Front street, Borough of Brooklyn, for the use of the Manhattan Bridge (Bridge No. 3), which property was heretofore authorized to be condemned.

The President of the Borough of Brooklyn moved that the matter be referred to a Select Committee, consisting of the Comptroller and the President of the Borough of Brooklyn.

The Comptroller moved to amend the motion by striking therefrom the word "Comptroller," which motion was agreed to.

The matter was then referred to the President of the Borough of Brooklyn.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, relative to the request of the Board of Education for the acquisition of property located at Powell street, Sackman street, south of Dumont avenue, adjoining Public School 109, Borough of Brooklyn.

The Comptroller moved that the request be referred back to the Board of Education for further information as to why this additional strip of land should be acquired, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Law Clerk, Department of Finance, approved by the Deputy Comptroller, relative to the claim of James Kane to the amount of \$3,500 as costs, counsel fees and expenses in a criminal action brought against him in Kings County for alleged malfeasance in office as Commissioner of Sewers, together with an opinion of the Corporation Counsel relative thereto:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 26, 1906.

In the Matter
of

The petition of James Kane, presented to the Board of Estimate and Apportionment of The City of New York for the payment to him of the sum of \$3,500 costs, counsel fees and expenses of said petitioner in a criminal action brought against him in Kings County for alleged malfeasance in his office of Commissioner of Sewers of The City of New York.

JEREMIAH T. MAHONEY, Esq., Auditor of Accounts:

SIR—James Kane, under date of December 9, 1902, presented a petition to the Board of Estimate and Apportionment of The City of New York, under and pursuant to section 231 of the Greater New York Charter, for the allowance and audit of the costs, counsel fees and expenses incurred by the said petitioner in the criminal action brought against him in Kings County for alleged malfeasance in his office of Commissioner of Sewers of The City of New York, under an indictment of the Grand Jury of the County of Kings, filed February 1, 1899.

Under date of December 30, 1902, the Comptroller examined the claimant under oath concerning the justness of his claim, and further examined William J. Carr, who qualified as an expert in the matter of fees paid to counsel.

William J. Lyon, under date of January 16, 1903, reported that it would seem that The City of New York, through the Board of Estimate and Apportionment, would be justified under section 231 of the Greater New York Charter in auditing and allowing the claim under consideration from \$3,000 to \$3,500. Said report was supplemented by another report of said William J. Lyon, dated January 29, 1903, in which further particulars of the alleged crime for which the said James Kane was indicted were fully set forth.

The Board of Estimate and Apportionment then transmitted the papers to the Corporation Counsel with a request that he advise the Board whether it were in its power to consider and audit said claim.

The Corporation Counsel in a communication dated April 18, 1903, in reply thereto advised the Board that the section of the Charter, No. 231, referred to, was in violation of section 10 of Article VIII. of the Constitution of the State, and that there was no power in the Board of Estimate and Apportionment to audit and allow the claim in question.

Acting in accordance with the advice contained in that communication the Board of Estimate and Apportionment rejected the claim upon the grounds stated therein.

The matter was again brought to the attention of the Board of Estimate and Apportionment in the hope that some action would be taken thereon in order that the attorney for the claimant might institute such legal proceedings as he might deem advisable to test the question whether section 231 of the Charter was unconstitutional so far as it related to the subject matters arising after its enactment.

The Board of Estimate and Apportionment again referred the matter to the Corporation Counsel, and the Corporation Counsel in a communication dated June 26, 1905, referred to his former communication, dated April 18, 1903, and again advised the Board of Estimate and Apportionment that no power was vested therein to enable it to act in the premises. The Board of Estimate and Apportionment under date of June 30, 1905, again rejected the claim on the grounds stated in the opinion of the Corporation Counsel.

William J. Carr, attorney for James Kane, then instituted a proceeding in the Supreme Court, Kings County, against the Board of Estimate and Apportionment in order to procure a peremptory writ of mandamus requiring it to consider and determine said claim. In the petition on which he moved the Supreme Court to issue such writ, the attorney alleges that the claimant was obliged to retain counsel at an expense of \$3,500, and that he was successful in his defense, it having been held by the Supreme Court, at the Criminal Trial Term, by the Appellate Division of the Second Department and by the Court of Appeals, that the facts set forth in the indictment did not constitute a crime nor a violation of section 1551 of the Greater New York Charter, and further alleged that said claim was rejected by the Board of Estimate and Apportionment on the express ground that no power was vested therein to act in the premises by reason of an opinion rendered by the Corporation Counsel to the effect that section 231 of the Greater New York Charter was unconstitutional and void.

Mr. Justice Maddox, after consideration, without any written opinion, made an order, bearing date October 11, 1905, granting the motion of the petitioner and directing that a peremptory writ issue to the Board of Estimate and Apportionment to forthwith consider and determine the application of the said James Kane, and further granting \$30 costs of the motion.

An appeal was then taken by the Law Department from said order to the Appellate Division of the Supreme Court, Second Department, and that appeal was argued before that Court by counsel for each side, and on December 29, 1905, the Appellate Division unanimously affirmed the decision of Justice Maddox and the matter was not appealed to the Court of Appeals, as a reconsideration of the legal questions involved gave rise to the opinion that the reasoning of Mr. Justice Willard Bartlett would be sustained if an appeal was taken.

The Corporation Counsel, therefore, in an opinion, dated February 10, 1906, to the Board of Estimate and Apportionment, advised it that the command of the writ of peremptory mandamus issued out of the Supreme Court October 11, 1905, should be obeyed, and that such action should be taken regardless of the fact that there have been changes in the membership of the said Board since the allowance of the said writ.

From the testimony of William J. Carr, a copy of which is attached to this report, it would appear that the sum of \$3,500 was a reasonable sum for the costs, counsel fees and expenses of the said petitioner in the criminal proceedings instituted against him, and Mr. Kane also testified that he had paid to General Tracy \$1,500, and to Robert H. Elder a similar sum, and that he is further indebted to the said Elder for the sum of \$500; also that his disbursements and incidental expenses amounted to considerably over \$250.

In view of the facts that the writ of mandamus issued out of and under the seal of the Supreme Court, Kings County, bearing date October 11, 1905, commands the Board of Estimate and Apportionment to consider the justness of the claim of the petitioner herein, and that no appeal has been taken therefrom, it is respectfully recommended that the claim in question be audited and allowed in the sum of \$3,500, and that this report and all the papers therein be forwarded to the Board of Estimate and Apportionment for its consideration and for whatever action may be deemed necessary.

Respectfully,

H. J. CURTIS, Law Clerk.

LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, February 10, 1906.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—James Kane began a proceeding in the Supreme Court, Kings County, against your Board to procure a peremptory writ of mandamus requiring you to consider and determine a claim made by him for his reasonable costs, counsel fees and expenses, amounting to the sum of \$3,500, by reason of a certain criminal action or proceeding brought against him while he was Commissioner of Sewers of The City of New York, in the County of Kings, in which it was sought to convict him of malfeasance in said office under an indictment found by the Grand Jury of the County of Kings, filed February 1, 1899, charging him with a violation of section 1551 of the Greater New York Charter, as then in force, the penalty for the conviction under said indictment being, among other things, his removal from office.

In the petition on which he moved the Supreme Court for such writ he alleges that he was obliged to retain counsel at the expense aforesaid, and that he was successful in his defense, it having been held by the Supreme Court at the criminal trial term, by the Appellate Division of the Supreme Court of the Second Department and by the Court of Appeals, that the facts set forth in the indictment against him did not constitute a crime nor a violation of section 1551 of the Greater New York Charter. He further alleged that his claim was rejected by your Board on the express ground that no power was vested therein to act in the premises by reason of an opinion rendered by the Corporation Counsel to the effect that section 231 of the Greater New York Charter was unconstitutional and void. The matter came on to be heard before the Supreme Court at a special term in Kings County in September last, and an order was duly made, after argument and hearing, in which this Department fully presented the legal considerations against the validity of said action and the authorities to sustain that contention, and Mr. Justice Maddox, after consideration, without any written opinion, made an order bearing date October 11, 1905, granting the motion of the petitioner, James Kane, and directing that a peremptory writ issue to your Board to forthwith consider and determine the application of the said Kane, and further granting \$30 costs of the motion. Upon that order the peremptory writ was issued and served upon your Board, and his Honor the Mayor, as Chairman of your Board, transmitted a copy of the writ to me, with a communication bearing date October 12, 1905, asking that "the Mayor and the Board of Estimate and Apportionment be advised as to what steps should be taken to comply with the writ."

An appeal was at once taken by this Department from the order made by Mr. Justice Maddox to the Appellate Division of the Supreme Court, Second Department, and that appeal was thereafter argued before that Court by counsel for each side, and on the 29th day of December, 1905, the Appellate Division unanimously affirmed the decision of Mr. Justice Maddox and handed down an opinion written by Mr. Justice Willard Bartlett, in which the whole Court concurred. Mr. Justice Bartlett had written the opinion in the Matter of Jensen (44 App. Div., 509), which was one of the cases most strongly relied upon by the Law Department to sustain its contention against the validity of section 231 of the Charter, and to secure a reversal of Mr. Justice Maddox's order in this case. I quote for your information the portion of Mr. Justice Willard Bartlett's opinion in the case at bar covering the point at issue here, the remaining portion of the opinion being introductory thereto:

"In the Matter of Jensen (44 App. Div., 509), this Court was called upon to consider the validity of a statute providing for the payment of a city, county or State officer out of the city, county or State Treasury, the reasonable counsel fees and expenses incurred by him in successfully defending a proceeding to remove him from office or a prosecution for a crime alleged to have been committed in the performance of his official duties, where the statute was wholly retrospective in its operation, the purpose of the legislation being merely to sanction the payment of money out of the public treasury on account of occurrences wholly past before the legislation took effect. The statute there under consideration was unanimously condemned by this Court as unconstitutional. In that case the duty fell to me to write the opinion of the Court, which received the concurrence of my associates, and the following extract from the opinion will show that the condemnation of the statute there adjudged to be unconstitutional rested chiefly on the retrospective character of the legislation, and that the Court did not decide and was careful not to intimate that prospective legislation having a like purpose in view might not be valid: 'A different question would arise in considering legislation for the reimbursement of innocent parties in criminal prosecutions, if the legislation were wholly prospective in its operation, instead of relating (as does the Act of 1899) only to past cases where the expenses were incurred without any assurance that the State would make them good. The purpose that we have to deal with here, and which seems to me to lack the public character necessary to sustain valid taxation, is a purpose to pay money on account of occurrences wholly past before the legislation took effect, which imposed no legal or moral obligation on the State at the time they happened, and from which the State received no conceivable benefit. It may

be that purely prospective legislation announcing the intention of the State to pay such expenses incurred in future cases would be deemed expressive of a public purpose, and that the assurance thus given might be regarded as creating such an obligation as to relieve the subsequent payment from the objection that it was a mere gratuity. These questions, however, we are not called upon to decide now.

"The decisions bearing upon the general subject presented by this appeal were so fully considered and reviewed in the Jensen case that it is quite unnecessary to discuss them again here. For the disposition of the present appeal it is sufficient simply to state our reasons for the conclusion that a statutory enactment providing in advance for the reimbursement to a public officer of the reasonable expenses actually incurred by him in defending himself against a criminal prosecution based upon a charge of official misconduct is within the constitutional power of the Legislature, and not forbidden by any express or implied prohibition contained in the fundamental law of the State. The conditional promise to reimburse contained in such statute may be regarded as a part of the compensation which the State, city or town, as the case may be, stipulates that the officer shall receive in return for the services to be by him rendered. In this sense the purpose to be subserved is a public purpose, just as is the purpose in view in providing a specified salary—that is to say, the procurement of suitable and qualified persons to discharge the duties of the office. It is quite conceivable that a man who would otherwise hesitate or refuse to undertake the duties of public office for the pecuniary compensation attached thereto by law might be most willing to do so if assured in advance that he would not himself be compelled to pay out of his own pocket for the successful refutation before a criminal court of an unjust accusation affecting his official probity and conduct, and the assurance against such a liability, which is virtually provided by the Charter provision under consideration here, might well operate with many persons as an inducement to enter the public service. In this view, such legislation seems promotive of the general welfare, and in no sense objectionable. For this reason, irrespective of any other arguments which might be advanced in support of the validity of this legislation, we regard it as constitutional, and therefore conclude that the order appealed from should be affirmed."

On a reconsideration of the legal questions involved, I am of opinion that the reasoning of Mr. Justice Bartlett would be sustained in the Court of Appeals if an appeal was taken thereto, and I have therefore to advise your Board that the command of the writ of peremptory mandamus issued out of the Supreme Court on the 11th day of October, 1905, which is herewith returned to you, should be obeyed, and that such action should be taken regardless of the fact that there have been changes in the membership of your body since allowance of the writ, as such changes do not vary the duty cast upon the Board to consider and act upon the claim of said James Kane.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 231 of the Greater New York Charter and a peremptory writ of mandamus issued out of the Supreme Court, Kings County, October 11, 1905, hereby audits and allows as a proper charge against The City of New York the claim of James Kane for costs, counsel fees and expenses in a criminal action brought against him in Kings County for alleged malfeasance in his office of Commissioner of Sewers of The City of New York, at the sum of thirty-five hundred dollars (\$3,500).

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Deputy Comptroller regarding the claim of the Peerless Rubber Manufacturing Company for the sum of \$1,267.60 for goods sold and delivered to the Fire Department and report of the Division of Law and Adjustment, Department of Finance, approved by the Deputy and Acting Comptroller, relative thereto:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 16, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—I transmit herewith Claim No. 8609 filed in this Department by the Peerless Rubber Company, together with reports thereon of the Division of Law and Adjustment, dated July 23 and August 19, 1902, and February 5, 1906, and all papers in connection therewith.

Said papers are transmitted to you for the action of the Board of Estimate and Apportionment, pursuant to the recommendation contained in report of February 5, 1906.

Respectfully,

N. TAYLOR PHILLIPS, Deputy Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,

In the Matter

of
Claim No. 8609 of the Peerless Rubber Manufacturing Company of New York, for the sum of \$1,267.60 for goods sold and delivered to the Fire Department of The City of New York.

JEREMIAH T. MAHONEY, Esq., Auditor of Accounts:

SIR—On February 14, 1902, there was filed in this Department by Horace B. Hord, attorney, on behalf of the Peerless Rubber Manufacturing Company claims aggregating \$1,267.60 for goods sold and delivered to The City of New York for use of the Fire Department.

The claim was reported upon on July 23, 1902, by William J. Lyon, Auditor of Accounts, and in accordance with the suggestion contained therein was subsequently transmitted to the Corporation Counsel on August 2, 1902.

On August 11, 1902, the Corporation Counsel, in an opinion replying to the Comptroller's request, advised that the claim in question be disallowed as the facts relating thereto were so similar to the facts connected with the claim of John R. Keane & Co. that the legal principles applied as well to the one as to the other, and that the suit brought by John R. Keane & Co. was decided in favor of the City in the Appellate Division, New York County. The claim was accordingly disallowed by the report of Auditor of Accounts William J. Lyon, dated August 19, 1902, and the papers filed in this Department.

Subsequently, on April 26, 1905, a law was passed, known as chapter 346 of the Laws of 1905, which authorized and empowered the Board of Estimate and Apportionment of The City of New York, in its discretion, to examine, audit and allow several claims, among which was the claim of the Peerless Rubber Manufacturing Company.

The act empowered the Board of Estimate and Apportionment in dealing with the above matters to treat them as matters of fact, without regard to the question as to whether the said materials and labor were legally furnished and delivered and performed, or legally ordered by the Commissioner of the Fire Department of The City of New York, and if it should appear to its satisfaction that said material was ordered from or contracted for with the claimants by the Commissioner of the Fire Department or the purchasing agent of the said Department in his official capacity and in the discharge of his official duties, may audit said claim, and under such authority the Comptroller of The City of New York is authorized and empowered to pay said persons or corporations such sum or sums as may be so audited and allowed. The claim may be paid from the proceeds of the Revenue Bonds to be issued in anticipation of the taxes to be levied in the year following the date of the issuance of the said bonds.

The act provides for the allowance of the claim of the Peerless Rubber Manufacturing Company in the sum of \$2,367.41, if the Board of Estimate and Apportionment, in its discretion, sees fit to so audit it.

After the passage of the said act the claimant, through its attorney, filed a statement containing the items contained in said claim. These items were ordered delivered on four dates in 1901 and 1902, as follows:

1901.		
July 11.	Rubber matting	\$550 80
Aug. 7.	Rubber matting	716 80
1902.		
Feb. 26.	Fire hose	500 00
May 21.	Croton water hose.....	210 00

Aggregating..... \$1,977 60
Interest computed upon this amount from date of delivery of the several items to January 1, 1905..... 389 80

Aggregating..... \$2,367 40

—which is the amount set forth in the act of the Legislature.

Claim No. 8609 of the Peerless Rubber Manufacturing Company included the two items of \$550.80 and \$716.80 for goods delivered respectively on July 11 and August 7, 1901, to the Fire Department, which were previously considered and disallowed, as the goods were not properly ordered or contracted for.

In a report of Stephen J. Madigan, an Examiner of this Department, dated June 12, 1902, in regard to these items, it is stated that upon a careful investigation of the records of the Fire Department, it was found that the claimants did deliver all of the goods mentioned in the bill, aggregating \$1,267.60, and that the prices charged therefor were reasonable and proper, and that should the City be liable for the payment of this claim, a settlement in the sum of \$1,267.60 would be reasonable and just.

The item of \$500 for goods furnished under date of February 26, 1902, the claimants agree to withdraw from their bill and consent to payment thereof less this amount. The item of \$210 for goods furnished May 21, 1902, was compromised and settled in the sum of \$120, and said sum was paid claimant company on August 4, 1905, by Voucher 1328A, 1902, Brooklyn. This item, therefore, should be deducted from the claim of this company.

The attorney for the claimant company has called on several occasions in regard to the payment of this claim, and has obtained from the Peerless Rubber Company a consent to accept in full payment of said claim of \$2,367.41 the sum of \$1,267.60, which consent is attached to the papers.

In view of all of the foregoing facts, it is respectfully recommended that the claim in question be settled and allowed in the sum of \$1,267.60, which is the amount as set forth in the act of the Legislature, less the interest and the two items above referred to, aggregating \$710, and further that this report and all the papers be transmitted to the Board of Estimate and Apportionment for its consideration, and whatever action it may deem necessary in the premises.

Respectfully,

H. J. CURTIS, Law Clerk.

Audited, approved and respectfully submitted to the Comptroller for his consideration.

The Secretary presented the following communication from the Committee of Justices of the Court of Special Sessions of the Second Division, and report of the Investigations Division, Department of Finance, relative to fixing the salary of the position of Italian Interpreter of the Court at the rate of \$1,200 per annum:

COURT OF SPECIAL SESSIONS, SECOND DIVISION,
No. 171 ATLANTIC AVENUE, BROOKLYN BOROUGH, NEW YORK,
January 26, 1906.

Hon. HERMAN A. METZ, Comptroller, Member of the Board of Estimate and Apportionment:

DEAR SIR—The Board of Estimate and Apportionment, in making provision in the Budget for the Court of Special Sessions in the Second Division, set aside the sum of \$1,200 to pay for an Italian Interpreter. We are informed that it will be necessary for the Board of Estimate and Apportionment to establish such a position as "Italian Interpreter in the Court of Special Sessions, Second Division, at a salary of \$1,200 per annum."

So as to enable us to secure the services of such Interpreter, may we ask your Honorable Board to establish this petition, in accordance with the provision already made to pay for the same?

If there is any further action necessary for our Committee to take, may we ask for instructions therein?

With great respect,

We have the honor to remain,

ROBERT J. WILKIN,
GEO. J. O'KEEFE,

Committee of the Justices of the Court of Special Sessions, Second Division.

COURT OF SPECIAL SESSIONS, SECOND DIVISION,
No. 171 ATLANTIC AVENUE, BROOKLYN BOROUGH, NEW YORK,
March 7, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, City of New York:

MY DEAR SIR—On the 22d day of January, 1906, the Justices of the Court of Special Sessions, Second Division, addressed a communication to each member of the Board of Estimate and Apportionment requesting action on fixing the position of Italian Interpreter of the Court and placing the salary at \$1,200 per annum.

I am informed that no action has been taken hereon, and I would respectfully request that you have the attention of the necessary officer drawn to the matter so that action may be taken, as public business is suffering in the meantime.

The Board of Estimate has already set aside the necessary money in the Budget, and all that is necessary is, as I understand it, to create the position and fix the salary as provided.

May I ask the favor of a line from you when action is taken, and if necessary one of the Justices will appear before the Board at your convenience.

With great respect, I am,

ROBERT J. WILKIN, Justice,
Chairman Committee on Clerks and Officers.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 26, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the application of the Justices of the Court of Special Sessions, Second Division, to the Board of Estimate and Apportionment, to establish the position of Italian Interpreter for that court and to fix the salary at \$1,200 per annum, referred by you to the Investigations Division for examination, I beg to report as follows:

The Justices of the Court are unanimously of the opinion that the services of an Italian Interpreter are necessary. Justice Wilkin stated to an Examiner of the Investigations Division that the business of the Court is seriously hampered and trials delayed owing to the trouble in securing Italian Interpreters. Justice Wilkin further stated that the Justices are compelled every court day to request the volunteer services of an interpreter in a majority of the cases in which Italians are plaintiffs or defendants, and that an Italian who has no official connection with the Court is generally called upon to act as interpreter. Justice Wilkin says that although the members of the Court have no reason to doubt this interpreter's integrity and reliability, they believe that it would be best to pay a salary for the services of a regular appointee rather than to depend upon outside assistance.

The Court of Special Sessions of the Second Division holds Court in Brooklyn Mondays, Wednesdays and Fridays; in Jamaica, Queens Borough, Tuesdays, and in Richmond, Thursdays. The regular Interpreter of the Court receives an annual salary of \$2,000. He is qualified to interpret the French, German, Swedish and Yiddish languages. He has no knowledge of the Italian language.

The recent calendars of the Court show that the average number of cases disposed of every court day is 50, of which at least 15 per cent. are cases in which Italians are either plaintiffs, defendants or witnesses. On Friday, February 9, there were 17 cases known as "Italian cases" on the calendar. The calendars for February 14, 16 and 19 include 9, 6 and 15 "Italian cases" respectively.

The Clerk of the Court makes the further point that lawyers, plaintiffs, defendants and witnesses in Italian cases insist upon having an Italian interpreter, even when the persons interested have a fair knowledge of English on the ground that some word or phrase might not be understood by them. It frequently happens that cases are postponed much to the inconvenience of witnesses because no disinterested Italian is at hand to act as interpreter.

The Board of Estimate and Apportionment appropriated in the Budget for 1906 \$1,200 for the salary of an Italian Interpreter of that Court.

Should the position be established it would be filled from a Civil Service eligible list.

I would respectfully recommend the approval of the request.

Respectfully yours,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Italian Interpreter in the Court of Special Sessions, Second Division, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of twelve hundred dollars (\$1,200) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to whom on February 16 was referred the matter of establishing the position of Stenographer to the Board of City Magistrates, with salary at the rate of \$500 per annum.

Laid over for consideration with the Budget for 1907.

The Secretary presented the following communication from the Commissioner of Correction requesting the establishment of grade of the position of Stationary Engineman, with salary at the rate of \$4 per diem, as of date February 1, 1906:

DEPARTMENT OF CORRECTION,
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,
NEW YORK, March 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask the Honorable the Board of Estimate and Apportionment to establish the grade of Stationary Engineman in the Department of Correction, at wages of four dollars (\$4) per diem, this amount being the prevailing rate for Stationary Enginemen in this locality.

Such action will involve no extra expense to the Department, as the amount necessary to allow such increase was granted in the Estimate of Expenses for 1905. I would ask that the grade requested be fixed from February 1, 1906, and would appreciate your early action in the matter.

Very respectfully yours,

(Signed) FRANCIS J. LANTRY, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Stationary Engineman in the Department of Correction, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of four dollars (\$4) per diem, as of date February 1, 1906.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented communications from various Departments relative to fixing the salaries of different positions in the respective departments, viz.:

President of the Board of City Magistrates, First Division, requesting additional force of six Stenographers for the Magistrates' Courts of the First Division.

President of the Borough of Richmond, requesting establishment of position of Automobile Engineman, with salary at the rate of \$1,200 per annum.

President of the Borough of Richmond, requesting establishment of grades of the positions of Superintendent of Public Buildings and Offices, at \$2,500 per annum, and of Superintendent of Sewers, at \$2,500 per annum.

Commissioner of Docks and Ferries, requesting the establishment of the position of Marine Engineer, with salaries at \$1,650 and \$1,800.

President of the Borough of The Bronx, requesting the fixing of the salaries of the positions of Secretary to the Commissioner of Public Works and Secretary to the Superintendent of Buildings, at the rates of \$3,000 each per annum.

Board of Assessors, requesting authority to employ an additional Stenographer, with salary at the rate of \$1,500 per annum.

Which matters were referred to the Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following communication from the Commissioner of Health requesting the Board of Estimate and Apportionment to readopt the resolution of December 22, 1905, recommending the fixing of the salaries of the position of

Attending Physician at the Tuberculosis Clinics, at \$300 and \$600 per annum, which failed of passage in the Board of Aldermen.

DEPARTMENT OF HEALTH,
OFFICE OF THE COMMISSIONER OF HEALTH,
NEW YORK, March 3, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIR—The following resolution was sent to the Board of Estimate and Apportionment last June, and was subsequently passed by that body. It, however, failed of passage in the Board of Aldermen.

I respectfully request that the Board of Estimate reconsider the same resolution, that I may take it again to the Board of Aldermen.

Respectfully,

THOMAS DARLINGTON, Commissioner.

Whereas, The Clinics of the Department of Health for the treatment of communicable pulmonary diseases require the services of attending physicians of standing in the medical profession, in order to insure the successful operation of said Clinics; and

Whereas, Such attending physicians to the number of about twenty-five have served as such voluntarily and without compensation; and

Whereas, The large increase in the number of patients affected with communicable diseases treated at these Clinics entails the loss of much valuable time on the part of the attending physicians; therefore, be it

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to consent to the creation of the position of Attending Physician at the Tuberculosis Clinics of the Department of Health, with salary at the rate of \$300 and \$600 per annum; be it further

Resolved, That the Municipal Civil Service Commission be requested to classify the position of Attending Physician at the Tuberculosis Clinics of the Department of Health in the non-competitive class, with salary at the rate of \$300 and \$600 per annum, the vacancies in such positions to be filled in accordance with the provisions of Rule 18 of the Rules and Classification of the Municipal Civil Service Commission.

Hon. James Cowden Meyers, chairman of the Committee on Salaries and Offices of the Board of Aldermen, appeared before the Board and stated that the only action necessary on the part of the Board of Estimate and Apportionment was to recertify to the Board of Aldermen the resolution adopted by said Board of Estimate on December 22, 1905, recommending the fixing of these salaries. In accordance with the suggestion the Secretary was directed to recertify said resolution, which reads as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Attending Physician at the Tuberculosis Clinics, Department of Health, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of said position be fixed at the rates of three hundred dollars (\$300) and six hundred dollars (\$600) per annum.

The Secretary presented a communication from the Supervisor of the City Record relative to proposed increases in salaries and promotions of certain employees in his office.

Referred to a select committee, consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a communication from the Assistant Secretary to the Mayor, transmitting memorandum submitted to the Mayor by the members of the Board of Assessors in the matter of the compensation received by them.

Referred to a select committee, consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, requesting the establishment of the grade of the position of Engineman, with salary at the rate of \$4 per day.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,
CITY OF NEW YORK, March 8, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—In connection with the resolution adopted by the Board of Estimate and Apportionment on March 2, authorizing the Comptroller to issue Special Revenue Bonds of The City of New York in the amount of \$4,672.50, to pay the prevailing rate of wages to Enginemen employed in this Department, I would respectfully call your attention to the fact that the prevailing rate of wages for Enginemen is \$4 per day.

This grade has not been established by this Department, and, under the provisions of section 56 of the revised Greater New York Charter, I would ask that your Board provide for the establishment of this grade.

I inclose herewith form of resolution for adoption by your Board.

Very truly yours,

WILLIAM B. ELLISON, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Engineman in the Department of Water Supply, Gas and Electricity, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of four dollars (\$4) per day.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Comptroller requesting the establishment of additional salaries for the position of Inspector of Regulating, Grading and Paving, in the Department of Finance, at the rates of \$1,650 and \$1,800 per annum.

Referred to a select committee consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a communication from the Comptroller requesting the establishment of additional salaries for the position of Transitman and Computer, in the Department of Finance, at the rates of \$1,650 and \$1,800 per annum.

Referred to a select committee consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a petition submitted by the Chairman of a Committee of Attendants of the Municipal Courts of The City of New York, relative to equalizing their salaries with those paid the attendants in other courts.

Referred to a select committee consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a communication from the Comptroller requesting the fixing of additional grades of the position of Inspector of Sewers, in the Department of Finance, at \$1,650 and \$1,800 per annum, respectively.

Referred to a select committee consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a resolution of the Board of Aldermen, requesting an issue of \$10,000 Special Revenue Bonds to meet the expense of moving and sorting various records in the Office of the County Clerk of Kings County, Hall of Records, Borough of Brooklyn.

Referred to the Comptroller.

The Secretary presented the following resolution of the Board of Aldermen, requesting an issue of \$10,000 Special Revenue Bonds for defraying the cost of completing the electrical wiring system in the Criminal Court Building, Borough of Manhattan.

In the Board of Aldermen.

Resolved, That, pursuant to subdivision 8 of section 188 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of ten thousand dollars (\$10,000) for the purpose of defraying the cost of completing the electrical wiring system in the Criminal Court Building, Borough of Manhattan.

Adopted by the Board of Aldermen, February 14, 1906, three-fourths of all the members elected voting in favor thereof.

Received from his Honor, the Mayor, February 28, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted February 14, 1906, in relation to the expenditure of ten thousand dollars (\$10,000) to defray the cost of completing the electrical wiring system in the Criminal Court Building, Borough of Manhattan, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of ten thousand dollars (\$10,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a resolution of the Board of Aldermen, requesting an issue of \$35,000 Special Revenue Bonds to meet the expense of the proposed increase in the working force of the Bureau of Buildings, Borough of Brooklyn.

Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen, requesting an issue of \$31,000 Special Revenue Bonds to meet the compensation of additional mechanics and other necessary employees at the new Repair Shop of the Fire Department, and an estimated deficiency in the present pay-roll of the Repair Shop for the current year.

Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen, requesting an issue of \$105,000 Special Revenue Bonds to meet the estimated deficiencies in the appropriations made to the Fire Department for the year 1906, entitled Salaries—Bureau of Chief of Department Pay-roll, and Salaries—Engine and Hook and Ladder Companies' Pay-rolls.

Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen, requesting an issue of \$40,000 Special Revenue Bonds to meet deficiencies in appropriations made to the Police Department.

Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen, requesting the issue of \$161,526.68 Special Revenue Bonds to enable the Police Department to make up deficiencies in several accounts of said Department.

Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen, requesting the issue of \$10,200 Special Revenue Bonds for the payment of salaries of the year 1906 of female Probation Officers now doing duty in the City Magistrates' Courts, Second Division.

Referred to the Comptroller.

The Secretary presented a communication from the President of the Borough of Brooklyn, requesting an issue of \$25,000 Corporate Stock for the construction of a municipal asphalt plant in the Borough of Brooklyn.

Referred to the Comptroller.

The Secretary presented a communication from the President of the Borough of Brooklyn, requesting an issue of \$10,000 Corporate Stock for the purpose of installing a proper system of street signs in the Borough of Brooklyn.

Referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Docks and Ferries, submitting an estimate of the moneys required for the uses and purposes of his Department during the year 1906, amounting to \$21,800,000, and requesting an issue of Corporate Stock to that amount.

The following resolution was then offered:

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted March 8, 1906, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of five million dollars (\$5,000,000), the proceeds to be applied to the uses and purposes of the Department of Docks and Ferries.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The balance of the appropriation asked for in said requisition of the Commissioner of Docks and Ferries was referred to the Comptroller for consideration and report.

The Secretary presented the following communication from the Secretary to the Commissioner of Health, relative to an appropriation of \$70,000 to meet the salaries of certain Nurses now in the employ of the Department of Health:

DEPARTMENT OF HEALTH,
OFFICE OF THE COMMISSIONER OF HEALTH,
NEW YORK, March 5, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

SIR—Dr. Thomas Darlington, President of the Board of Health, directs me to request you to cause the matter of the appropriation of \$70,000, requested by the Board of Health during the month of January for the payment of salaries of certain Nurses now in the employ of the Department of Health, to be placed upon the calendar for consideration by the Board of Estimate and Apportionment at its meeting to be held on Friday of this week.

Respectfully,

WILLIAM A. CLARK, Secretary to the Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Greater New York Charter, and the requisition of the Board of Health, under date of December 20, 1905, the Comptroller be and is hereby authorized to issue Revenue Bonds of The City of New York to the amount of forty-five thousand dollars (\$45,000), in addition to the amount heretofore authorized, the proceeds whereof to be applied to defraying the necessary expenses required to be incurred by the Board of Health for the preservation of public health, in paying the salaries of Nurses to be employed by the Department of Health, in caring for certain varieties of contagious and communicable diseases in the schools and institutions of The City of New York, and for indigent persons suffering from tuberculosis.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Secretary of the Park Board, submitting a resolution of said Board requesting the issue of Corporate Stock in a sum sufficient to provide for the employment of a corps of engineers, etc., and for the establishment and equipment of a force to meet the requirements of the work recommended by the Landscape Architect of the Department.

Referred to the Comptroller.

The Secretary presented the following communications from the Borough Presidents relative to appropriations for repaving and report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller, relative thereto:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, January 31, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment for an issue of Corporate Stock in the amount of \$1,200,000 for repaving streets in the Borough of Manhattan.

Respectfully,

JOHN F. AHEARN,
President, Borough of Manhattan.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, January 2, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In order that the repaving of the streets of this borough may proceed without interruption, I am constrained to request your Honorable Board, at the very outset of my administration, for an appropriation of \$2,500,000 for repaving purposes. Unless this appropriation shall be speedily made, there is danger of almost complete idleness in the Bureau of Highways for the greater part of the coming spring and summer, and a consequent loss of time in the very important work of eliminating cobblestone pavement from our streets. I am informed that when my predecessor entered upon his administration there were repaving contracts covering some forty miles of streets, upon which work had not been begun, and, that as a result of this, he was enabled to proceed immediately upon the opening of the spring weather with repaving work.

So great had been the progress in the year 1904, that the contracts left over from that year covered only eighteen miles of streets at the beginning of 1905. Nevertheless, Mr. Littleton, anxious that no time should be lost, addressed to you in December of 1904, a communication requesting early action upon the repaving bond appropriation for 1905, and on January 27 you adopted resolutions appropriating in the aggregate \$1,500,000 for the work of that year. I find now that there are less than five miles of streets to be repaved under contracts made in 1905. The work of completing these will take a very short time, and unless I shall be able to get an appropriation sufficiently early to advertise for bids and to make contracts during the winter, there must later on be a deplorable cessation of activity in the Bureau of Highways. This I desire very much to prevent.

Another reason for an early appropriation for repaving purposes is that the price of asphalt has for the last two years been unprecedentedly low and there are indications in the bids recently taken that it may soon take an upward tendency. It is a wise policy for the City, therefore, while the market is in its present condition, to get the advantage of the low prices by throwing its work into the market at the present time. I therefore request that your Board act upon this matter at the last meeting of this month and that as much as possible of the appropriation be made under the provisions of section 169 of the Greater New York Charter and the remainder be provided for under section 47.

Your very truly,

BIRD S. COLER,
President, Borough of Brooklyn.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,
LONG ISLAND CITY, February 27, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, City of New York:

SIR—I transmit herewith a resolution for the issue of Corporate Stock in the sum of \$979,400 to be applied to the repaving of streets and avenues in the Borough of Queens.

This is a conservative estimate of the amount needed, and I would request that same be placed before the Board of Estimate and Apportionment for early action.

Yours respectfully,

JOSEPH BERMEI,
President, Borough of Queens.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,
NEW BRIGHTON, N. Y., February 5, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York, N. Y.:

DEAR SIR—Inclosed I hand you my estimate of repaving moneys required for the season of 1906, amounting to a little over \$500,000. I should, of course, like to

repave more streets than the list contains, but as the Board of Estimate wishes to be very economical I have tried to be very conservative and only present my estimate to cover the more pressing needs.

Very truly,
GEORGE CROMWELL,
President of the Borough of Richmond.

From 1900 to 1905 inclusive, the following amounts of Corporate Stock have been authorized by the Board of Estimate and Apportionment, to be applied to repaving of the streets and avenues in the entire City of New York, namely:

For the year 1900.....	\$1,997,000 00
For the year 1901.....	1,001,000 00
For the year 1902.....	3,025,000 00
For the year 1903.....	6,198,000 00
For the year 1904.....	3,300,000 00
For the year 1905.....	3,750,000 00

—making an average of \$3,213,500 per annum for the last six years, and I would suggest that \$3,000,000 be allowed for the year 1906, or, rather, from April 15, 1906, to April 15, 1907.

In examination of the detailed statements of mileage of streets in the respective boroughs, I find certain classes of pavements included, which, in my opinion, no money should be allowed for repaving same, such as asphalt pavements, which are taken care of by the provisions of the contract, and the maintenance appropriation provided for in the Budget; also some pavements which have been paid for by direct assessments, and pavements paid for by the proceeds of the issue of Local Bonds, which Bonds, under the Charter, became an obligation against the entire City of New York.

With these eliminations, I have endeavored to apportion the \$3,000,000 in direct proportion of the work required to be done in the respective boroughs, and would recommend, pursuant to section 169 of the Greater New York Charter as amended by chapter 563 of the Laws of 1902, that the Board of Estimate and Apportionment authorize the Comptroller to issue Corporate Stock to the amount of \$3,000,000 to be applied to the repaving of streets and avenues in The City of New York, as follows:

In the Borough of Manhattan	\$800,000 00
In the Borough of Brooklyn	1,350,000 00
In the Borough of The Bronx	300,000 00
In the Borough of Queens	300,000 00
In the Borough of Richmond	250,000 00
Total	\$3,000,000 00

Respectfully

CHANDLER WITHINGTON,
Principal Assistant Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, as amended by chapter 563 of the Laws of 1902, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by said section 169, to the amount of three million dollars (\$3,000,000), the proceeds whereof to be applied to the repaving of streets and avenues in The City of New York, as follows:

In the Borough of Manhattan.....	\$800,000 00
In the Borough of Brooklyn.....	1,350,000 00
In the Borough of The Bronx.....	300,000 00
In the Borough of Queens.....	300,000 00
In the Borough of Richmond.....	250,000 00
	\$3,000,000 00

—provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller, with such contract, evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property-owners, or by local taxation, or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine, upon presentation to it of the facts and circumstances affecting such street or avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Note—The foregoing resolution was subsequently amended by substituting a different distribution of the \$3,000,000 Corporate Stock authorized for repaving.

The Secretary presented the following communication from the Commissioner of Street Cleaning, and report of the Principal Assistant Engineer, Department of Finance, relative to an appropriation of \$10,000 for the purchase of two boilers to be used in the incinerating plant at the Williamsburg Bridge, Delancey street and East river, Manhattan:

DEPARTMENT OF STREET CLEANING,
NEW YORK, March 9, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

SIR—Herewith request is made for an appropriation of \$10,000 for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge. These boilers to be set up in connection with the rubbish trimming furnace, and arranged so that if it be desirable to use coal as a reserve fuel underneath them, this can be done, as is the case with the other boilers now located in this plant.

Respectfully,
JOHN McG. WOODBURY, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication under date of March 9, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$10,000, for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge, Borough of Manhattan.

I beg to report that as I understand the matter it is the intention of the Commissioner to install the new plant in substantial compliance with the recommendations of my report of February 21, 1906. Since that report was written, I have looked further into the operation of the present plant, and I am confirmed in the view stated in that report.

I am of the further opinion, however, that it may perhaps add to the efficiency of the entire plant if two new boilers be installed in place of the one recommended by me, provided they are arranged alongside the new rubbish burning furnace mentioned by the Commissioner in his letter, and so arranged that they may be used in alternation.

Such location would allow of repairs being made to either boiler without shutting down the furnace.

I would therefore recommend that the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, authorize the Comptroller to issue Corporate Stock to the amount of \$10,000, for the purchase of two boilers to be used as reserve boilers at the incinerating plant at the Williamsburg Bridge, Borough of Manhattan.

Respectfully,
CHANDLER WITHINGTON, Principal Assistant Engineer.

The following was offered:

Whereas, The Commissioner of the Department of Street Cleaning, in a communication to the Board of Estimate and Apportionment, dated March 9, 1906, has made requisition for the issue of bonds to the amount of ten thousand dollars (\$10,000) to provide means for the purchase of two boilers to be used in the incinerating plant at Delancey street and East river, Borough of Manhattan, as provided for by section 546 of the Greater New York Charter; therefore be it

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Bridges relative to an additional appropriation for the construction of the proposed Henry Hudson Memorial Viaduct, and report of the Chief Engineer, Board of Estimate and Apportionment relative thereto.

Referred to a select committee, consisting of the Comptroller, President of the Borough of Manhattan and President of the Borough of The Bronx.

The Secretary presented the following communications from the Fire Department and report of the Investigations' Division, Department of Finance, relative to an appropriation of \$300,000 for the purchase of apparatus and hose for the Fire Department:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, January 8, 1906.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, City:

SIR—I am directed by the Commissioner to inclose herewith copy of letter transmitted to his Honor the Mayor, as Chairman of the Board of Estimate and Apportionment, under date of the 4th inst., in relation to the need of an issue of Corporate Stock in the amount of three hundred thousand dollars (\$300,000), for the purchase of apparatus and hose for this Department.

Respectfully,
ALFRED M. DOWNES, Secretary.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, January 4, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—This office is in receipt of a report from the Chief of Department setting forth that, in order to maintain the Department at a proper standard of efficiency, it is of the utmost importance that there be acquired, at the earliest practicable day, new apparatus and hose, as below specified, at an estimated outlay of three hundred thousand dollars (\$300,000), to take the place of apparatus and hose, which have become worn out by reason of long use, viz.:

- Ten (10) first-size hose wagons.
- Three (3) 65-foot aerial trucks.
- Three (3) 75-foot aerial trucks.
- Three (3) 85-foot aerial trucks.
- Seven (7) first-size steam fire engines.
- Five (5) second-size steam fire engines.
- Seventy-five thousand (75,000) feet of 2½-inch fire hose.
- Fifty thousand (50,000) feet of 3-inch fire hose.
- Ten thousand (10,000) feet of 3½-inch fire hose.

In connection with this subject, I have to state that, under date of February 7, 1905, application was made to the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of two hundred thousand dollars (\$200,000) for the acquisition of new engines, hook and ladder trucks and hose wagons, of which this Department, in the boroughs of Manhattan and The Bronx, stood in great need, and provision was made for such purpose to the extent of one hundred thousand dollars (\$100,000), which fund, however, is now exhausted.

I have, therefore, to request that your Honorable Board, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, and chapter 629, Laws of 1905, authorize an issue of Corporate Stock

to the amount of three hundred thousand dollars (\$300,000) for the purchase of apparatus and hose, to the end that the pressing needs of the Department in these respects be met and satisfied.

Respectfully,
(Signed) JOHN H. O'BRIEN, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 8, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the request of the Fire Commissioner to the Board of Estimate and Apportionment, under date of January 4, 1906, for an issue of Corporate Stock in the amount of \$300,000 for the purchase of apparatus and hose for the Fire Department, I beg to report as follows:

The submitted copy of said request to his Honor the Mayor states that the estimated outlay of \$300,000 is for the purchase of fire apparatus and hose, viz.:

- Ten (10) first-size hose wagons.
- Three (3) 65-foot aerial trucks.
- Three (3) 75-foot aerial trucks.
- Three (3) 85-foot aerial trucks.
- Seven (7) first-size steam fire engines.
- Five (5) second-size steam fire engines.
- Seventy-five thousand (75,000) feet 2½-inch fire hose.
- Fifty thousand (50,000) feet 3-inch fire hose.
- Ten thousand (10,000) 3½-inch fire hose.

The Commissioner further states that application was made on February 7, 1905, for an issue of Corporate Stock to the amount of \$200,000 for similar purposes and that said application was concurred in to the extent of \$100,000. Said issue of Corporate Stock was authorized on March 16, 1905, and contracts executed to the full amount of said issue.

An analysis of the purchases made under contract for the years 1902 to 1905, inclusive, shows that of the items specified by the Commissioner the following quantities were purchased during that period, viz.:

Hose wagons—	
Manhattan and The Bronx, 33, at cost of.....	\$25,975 00
Brooklyn and Queens, 38, at cost of.....	25,220 60
Aerial trucks—	
Manhattan and The Bronx, 14, at cost of.....	73,143 00
Brooklyn and Queens, 6, at cost of.....	28,420 00
Steam fire engines—	
Manhattan and Bronx, 21, at cost of.....	110,000 00
Brooklyn and Queens, 12, at cost of.....	60,650 00
Richmond, 3, at cost of.....	13,500 00
Fire hose—	
All boroughs, 319,850 feet, at cost of.....	287,235 00
	<u>\$624,143 60</u>

Contract liability was incurred for the purchase of fire hose and said contract certified against the said Corporate Stock issue of \$100,000 under date of August 7, 1905. It appeared to me that, considering the extremely perishable character of fire hose and its liability to destruction in large quantities, there was a grave doubt as to the use of the proceeds of Corporate Stock for the purchase of such equipment, and in consequence of my report to you upon this subject, under date of January 30, 1906, a communication was addressed to the Corporation Counsel submitting for his consideration the advisability and legality of such use of the proceeds of Corporate Stock. The Corporation Counsel rendered his opinion under date of February 10, 1906, and copy of said opinion is transmitted herewith. In this opinion, as may be noted here, the Corporation Counsel holds that the latitude allowed by section 47 of the Charter is wide, and that, at any rate, the contract having been entered into, it should be completed on the present basis.

The cost of the new apparatus and hose, which the Fire Commissioner states is necessary to maintain the Department at a proper standard of efficiency, would seem to require the expenditure of approximately the sum of \$275,000, of which amount fire hose would be, say, \$155,000, leaving amount necessary for apparatus other than fire hose, \$120,000.

While there has been already a considerable curtailment, under instructions to department heads from his Honor the Mayor, in the employment of Corporate Stock proceeds for uses which represent only a transitory value to the City in work done or purchases made, it would appear that there were still further curtailments required in this particular in many of the Departments before a level of safety is reached which will guarantee to the purchasers of Corporate Stock that their investments in the same are represented by something of permanent value purchased by the City therewith, rather than, as in many instances is the present practice, to consume the proceeds of such Corporate Stock in expenses which good business judgment would demand should be paid out of the proceeds of the annual tax levy. I would respectfully suggest, because section 47 of the Charter, as amended by chapter 409 of the Laws of 1904, permits this sort of thing, that this is no justification, provided it will result, as it must before very long, in seriously impairing the market value of the City's Corporate Stock.

It is evident, from an examination of the demands which must be met out of the 1906 appropriation of the Fire Department for "Apparatus, Supplies, etc.," that this appropriation will not be sufficient to permit the purchase therefrom this year of any considerable amount of hose.

If it is the judgment, therefore, of the Board of Estimate and Apportionment that purchases of hose should not be made out of Corporate Stock, it will be necessary for the Fire Commissioner to request the issue of sufficient Special Revenue Bonds to purchase hose. The demands of the Commissioner in respect to the amount of hose required appear reasonable, and should, it seems to your Examiner, be granted in the event of his request being made to purchase the same from the proceeds of Special Revenue Bonds.

In the matter of the Commissioner's request now under consideration for the issue of Corporate Stock, I would respectfully recommend that it be approved to the extent of \$120,000 for the purchase of apparatus, excluding the item of fire hose, the expense of which, as previously noted, should be met from appropriation account or from the proceeds of the sale of Special Revenue Bonds. I would, therefore, recommend the adoption of the resolution attached to this report.

Respectfully,
CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, February 10, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your letter dated January 30, 1906, inclosing Contract No. 13471 of the Fire Department with the Gutta Percha Rubber Manufacturing Company for furnishing 20,000 feet of two and one-half inch rubber fire hose at the estimated cost of \$18,700.

It is proposed to pay the money that may become due under this contract from the proceeds of Corporate Stock issued under authority of section 47 of the Charter, as amended by chapter 409 of the laws of 1904. It is stated in the resolution authorizing the issue of this Corporate Stock that it is "to provide means for the procurement of new apparatus for the use of the Fire Department."

You asked my opinion as to whether or not, in view of the uncertain life of fire hose, the purchase thereof should be made out of the proceeds of Corporate Stock. With your letter is inclosed a report to you dated January 30, 1906, from Charles S. Hervey, Auditor of Accounts.

You are doubtless aware that during the previous administration many questions arose as to whether certain payments should be made from the proceeds of Corporate Stock, or rather from the appropriations made through the Budget and included in the annual tax levy. I have rendered several opinions dealing with these questions. One of these opinions was forwarded to the Honorable Thomas W. Churchill, Deputy and Acting Fire Commissioner, under date of August 24, 1904, which is referred to in your Auditor's report.

It is a well-recognized principle of the City's financial system that the ordinary running expenses of the City, such as salaries, repairs and supplies, should be provided for in the Budget and raised through annual taxation, while, on the other hand,

expenditures, the direct benefit of which is expected to continue for many years, should be paid for by the taxpayers of those years, as nearly as may be, a result which is accomplished to some extent by the issuance of Corporate Stock, which is redeemed in installments payable in the years approximately through which the benefit continues.

As noted in the opinion to Deputy Commissioner Churchill, the effect of the amendment of section 47 of the Charter by chapter 409 of the Laws of 1904 was to extend the scope of the section so as to allow the purchase of property, even personal property or improvements, which might become worn out or used up in a shorter period than was formerly contemplated, or which, it might be, there was no power to purchase except from appropriations made in the Budget.

It seems unnecessary that I should discuss these questions again at length, in view of the many opinions which I have already written, and particularly in view of the opinion to Deputy Commissioner Churchill, which deals with a situation similar to the present one and was very carefully considered.

This case should, I think, be decided not so much on the life of the hose, as on the object for which it is purchased. If this hose is to form a part of the "permanently bettering and equipping public buildings," that is, a fire engine house, for instance, I think it would clearly come within the opinion referred to, and hence might be paid for from the proceeds of Corporate Stock.

If, on the other hand, it is purchased to take the place of old hose which has become unfit for use, it should be regarded as in the nature of repairs or supplies and should properly be paid for from appropriations made through the Budget.

It may not be easy to apply this distinction in practice, but I have endeavored to state it as clearly as I can.

It is to be noted in the present case that the contract has been executed, that the certificates of the Fire Commissioner and of the Comptroller have also been executed and the adequacy and sufficiency of the sureties approved, so that I doubt very much whether the City could recede from the contract and escape liability thereon, even if it were held that the money earned under the contract could not properly be paid from the proceeds of Corporate Stock. The question should be raised before rights have accrued to the contractor.

Respectfully yours,

(Signed)

JOHN J. DELANY,
Corporation Counsel

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and twenty thousand dollars (\$120,000) to provide means for the procurement of new hose wagons, aerial trucks and steam fire engines for the use of the Fire Department of The City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and twenty thousand dollars (\$120,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom the matter was referred at the meeting held March 2, 1906, relative to an issue of \$2,500 Special Revenue Bonds to pay for the services of Clerks and Stenographers to be employed in the hearing of protests against the right and title of several members to seats in the Board of Aldermen:

In the Board of Aldermen.

Whereas, Protests have been entered against the right and title of several members to seats in this Board; and

Whereas, The said protests have been referred to the Committee on Privileges and Elections for investigation; and

Whereas, To properly and fully investigate the claims of the various persons interested will require the services of additional Clerks and Stenographers; therefore be it

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and they are hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five hundred dollars (\$2,500), the proceeds whereof shall be applied to the purposes aforesaid.

Adopted by the Board of Aldermen, January 23, 1906, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, February 6, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$2,500 to pay for services of clerks and stenographers to be employed in the hearing of protests against the right and title of several members to seats in the Board of Aldermen, referred to this Division for examination, I beg to report as follows:

It has been learned from the Chairman of the Board of Aldermen's Committee on Privileges and Elections, to which the matter of contested seats in that body has been referred for investigation, that protests have been filed in nine different cases, and that a separate investigation and hearing will have to be held in each case; that there are no clerks or stenographers at the command of the committee for such purpose, and no funds available for employing any.

Section 27 of the Charter provides that the Board of Aldermen—"shall be the judge of the election returns and qualifications of its own members, subject, however, to review by certiorari of any court of competent jurisdiction,"—and it would seem that a complete record should be kept of all proceedings in each case, and that some provision should be made at once to enable the committee to proceed with the work assigned to it.

No record has been found to show the cost of similar proceedings on any former occasion, but the sum called for in the resolution is said to be a conservative estimate of the probable cost of services likely to be required. As disbursements need not be made in excess of actual requirements, I would respectfully recommend that the issue be authorized, the proceeds of the same, or as much thereof as may be necessary, to be used for the purposes requested.

Respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted January 23, 1906, relative to the expenditure of twenty-five hundred dollars (\$2,500), to provide means for the Committee on Privileges and Elections of the Board of Aldermen to secure the services of additional clerks and stenographers to properly and fully investigate the claims of the various persons protesting against the right and title of several members to

seats in the Board of Aldermen, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of twenty-five hundred dollars (\$2,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller relative to issuing \$42,000 Corporate Stock to replenish the Fund for Street and Park Openings, in the matter of opening a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of February 24, 1905, the Board of Estimate and Apportionment, pursuant to section 442 of the Charter, adopted a resolution laying out a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, Borough of Manhattan, and also authorized the acquisition of the property within the area thereof by condemnation proceedings, pursuant to section 970 of the Charter, and determined that the entire cost and expense thereof be borne and paid by The City of New York.

Under dates of December 22, 1905, and February 2, 1906, the Board of Estimate and Apportionment adopted resolutions authorizing the Comptroller to enter into contracts with owners of property within the limits of said park for the purchase of their property at a price not to exceed forty-two thousand dollars (\$42,000).

In accordance with said resolutions, contracts were entered into with Julius J. Lyons, Frank Z. Demarest and Evelina Demarest for the purchase of the property described therein at the amount indicated.

To reimburse the "Fund for Street and Park Openings" for this amount to be paid therefrom by The City of New York, Corporate Stock should be issued pursuant to the provisions of section 174 of the Revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

HERMAN A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 174 of the Revised Greater New York Charter, the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Revised Greater New York Charter, to the amount of forty-two thousand dollars (\$42,000), the proceeds whereof to be applied to replenish the "Fund for Street and Park Openings" for the amount to be paid therefrom for the purchase of the property required for the opening of a public park in the block bounded by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, in the Borough of Manhattan, the entire cost and expense of which is to be borne and paid by The City of New York, pursuant to a resolution of the Board of Estimate and Apportionment, adopted February 24, 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Secretary of West End Board of Trade, Borough of Brooklyn, calling the attention of the Board to the urgent need for the appropriation requested by the Commissioner of Parks, Boroughs of Brooklyn and Queens, for the improvement of Sunset Park, Brooklyn.

Laid over for consideration, with the requests of the Departments of Parks of the several boroughs for issues of Corporate Stock.

The Secretary presented a communication from the President of the Borough of The Bronx, requesting an appropriation for the removal and reinterment of bodies in the old cemetery at West Farms, Borough of The Bronx, which will be disturbed in the regulating and grading of Vyse avenue.

Referred to a select committee, consisting of the Comptroller and President of the Borough of The Bronx.

The Secretary presented a communication from J. Frederick Kernochan, senior warden of Grace Church, calling attention to the fact that \$370.20 for Croton water rent on the premises No. 419 East Thirteenth street, Manhattan, has been paid by Grace Church, and as a part of these premises is occupied by the City as a public school it seems only fair that the City should pay the Croton water rent, etc.

Referred to the President of the Board of Aldermen.

The Secretary presented a communication from the Board of Education submitting resolution relative to an issue of \$1,050,000 Special Revenue Bonds to be applied in substitution of an issue of Corporate Stock amounting to \$550,000 authorized by the Board of Aldermen on January 17, 1905, and the further purpose of meeting a deficit in the appropriation for the Special School Fund for 1906, entitled "General Repairs."

Referred to a select committee consisting of the Comptroller and President of the Board of Aldermen.

The Secretary presented a communication from the Board of Coroners, Borough of Queens, requesting an appropriation of \$3,500 for various expenses connected with the office of Coroners and for telephone bills from 1902, etc.

Referred to the Comptroller.

The Secretary presented a communication from the President of the Borough of The Bronx submitting an estimate of funds required for the purpose of expediting the computations, etc., necessary for the preparation of the final maps of the section of the Borough of The Bronx east of the Bronx river.

Referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Public Charities recommending that property at Schermerhorn, Nevins and State streets, Brooklyn, known as the Grosjean property, be acquired at private sale as a Brooklyn headquarters of his department.

Referred to a select committee consisting of the President of the Board of Aldermen, Comptroller and President of the Borough of Brooklyn.

The Secretary presented a communication from the Commissioner of Bridges relative to the acquisition of a strip of land adjoining the Brooklyn anchorage of the

Brooklyn Bridge to insure said structure ample protection against fire, and known as Lot No. 1, Block 46, Borough of Brooklyn.
Referred to the Comptroller.

The Secretary presented a communication from the Coroners, Borough of The Bronx, requesting an appropriation of \$3,900 to be added to the Contingent Fund.
Referred to the Comptroller.

The Secretary presented a resolution of the Board of Aldermen relative to the burial of wires and the removal of poles of all railroad, telegraph and telephone companies in the Borough of Queens.
Referred to the Chief Engineer, Board of Estimate and Apportionment.

The Secretary presented a report and resolution of the Board of Aldermen, returning to the Board of Estimate and Apportionment the resolution adopted by said Board of Estimate on February 16, 1906, recommending to the Board of Aldermen the fixing of the salary of Stenographer and Typewriter in the Department of Water Supply, Gas and Electricity at \$1,800 per annum.
Referred to the Commissioner of Water Supply, Gas and Electricity.

The Secretary presented a resolution of the Board of Education reaffirming its action taken December 27, 1905, in selecting and determining as a site for school purposes certain property on Lafayette avenue and Second street, New Brighton, Borough of Richmond.
Referred to a select committee consisting of the Comptroller, President of the Board of Aldermen and the President of the Borough of Richmond.

The Secretary presented the following communications from the Secretary of the Board of Trustees of the College of The City of New York, and report of the Principal Assistant Engineer, Department of Finance, approved by the Comptroller, relative to the purchase of patented articles by the Board of Trustees of said College for the use of the Department of Physics:

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK,
NO. 17 LEXINGTON AVENUE,
NEW YORK, March 12, 1906.

JOSEPH HAAG, Esq., Secretary to the Board of Estimate and Apportionment, and Deputy Comptroller, New York City:

DEAR SIR—The Board of Trustees of the College of The City of New York finds that the purchase of certain patented articles set forth in a list attached hereto is necessary for the proper equipment of the laboratory for the Department of Physics of the College of The City of New York; the articles named in this list have been selected by Professor A. R. Compton, head of the Department of Physics, and are deemed essential for the instruction of the students of the College in the work of his Department. Therefore the Board of Trustees requests the Board of Estimate and Apportionment to pass a special resolution setting forth the circumstances under which there can be a fair and reasonable opportunity for competition, and authorizing the Board of Trustees to purchase the articles enumerated in the aforesaid list under such circumstances, for the use of the Department of Physics of the College of The City of New York in compliance with section 1554 of the Greater New York Charter.

The Board of Trustees will appreciate highly the courtesy of the Board of Estimate and Apportionment in passing the necessary resolution in due legal form.

Yours very truly,

(Signed) JAS. W. HYDE, Secretary.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. James W. Hyde, Secretary of the Board of Trustees of the College of The City of New York, in communication under date of March 12, 1906, requests the passage by the Board of Estimate and Apportionment of a resolution authorizing the Board of Trustees to contract for certain patented articles, as set forth in a list attached to said communication, for the proper equipment of the laboratory for the Department of Physics of the College of The City of New York.

The Secretary states that the articles named in this list have been selected by Professor A. R. Compton, head of the Department of Physics, and are deemed essential for the instruction of the students of the College in the work of his Department.

I would report that I think the Board of Estimate and Apportionment, pursuant to section 1554 of the amended Greater New York Charter, may properly authorize the Board of Trustees of the College of The City of New York to use patented articles by inserting in the contract and specifications for said articles the following clause:

"Whenever or wherever an article or any class of material is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or material described or any other approved by the head of the Department of Physics of the College of The City of New York, equal thereto in quality, finish and durability, and equally serviceable for the purpose for which it is intended."

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 1554 of the Greater New York Charter, the Board of Estimate and Apportionment approves of the purchase of the articles enumerated in the list submitted by the Board of Trustees of the College of The City of New York under date of March 12, 1906, and authorizes the use of said articles for the proper equipment of the laboratory for the Department of Physics of the College of The City of New York, provided, however, that whenever or wherever an article or any class of material is specified by the name of any particular patentee, manufacturer or dealer, or by reference to the catalogue of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or material described or any other approved by the head of the Department of Physics of the College of The City of New York, equal thereto in quality, finish and durability and equally serviceable for the purpose for which it is intended.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following matters, not being on the printed calendar, were presented and considered by unanimous consent:

The Secretary presented a communication from the Secretary of the Central Federated Union, Borough of Manhattan, introducing representatives of the Central Federated Union in behalf of the American Federation of Musicians, No. 310, who desire an increase in the appropriation for the public piers and park concerts.

Copy of said communication ordered sent to the various Park Commissioners.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, to whom the matter was referred at the meeting of January 12, 1906,

relative to the acquisition of property located at Sutter avenue, Barrett and Grafton streets, Brooklyn, as a site for school purposes:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations relative to the necessity for a new school building west of Public Schools 66 and 125 and south of Eastern parkway, Borough of Brooklyn. This building is needed to relieve Public School 144, which has 1,311 children on part time, and to provide school accommodations for a large territory now without any school. Your committee is of the opinion that a site for this purpose should be selected on Sutter avenue, Barrett and Grafton streets. It is the intention of the Board of Education to erect a new building in this section as soon as a proper site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Sutter avenue, Barrett and Grafton streets, in Local School Board District No. 39, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$9,000:

Beginning at a point formed by the intersection of the southerly line of Sutter avenue with the westerly line of Barrett street, and running thence westerly along the southerly line of Sutter avenue two hundred (200) feet to the easterly line of Grafton street; thence southerly along the easterly line of Grafton street two hundred (200) feet; thence easterly and parallel with Sutter avenue two hundred (200) feet to the westerly line of Barrett street; thence northerly along the westerly line of Barrett street two hundred (200) feet to the southerly line of Sutter avenue, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held December 27, 1905, adopted the following resolution:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Sutter avenue, Barrett and Grafton streets, in Local School Board District No. 39, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$9,000:

Beginning at a point formed by the intersection of the southerly line of Sutter avenue with the westerly line of Barrett street, and running thence westerly along the southerly line of Sutter avenue 200 feet to the easterly line of Grafton street; thence southerly along the easterly line of Grafton street 200 feet; thence easterly and parallel with Sutter avenue 200 feet to the westerly line of Barrett street; thence northerly along the westerly line of Barrett street 200 feet to the southerly line of Sutter avenue, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The site selected is situated on the south side of Sutter avenue, between Grafton and Barrett streets, in the Brownsville district of the Borough of Brooklyn. There is a sewer in Sutter avenue, but otherwise the streets are unimproved. The site, 200 feet by 200 feet, however, is situated in a locality where extensive building operations have already been begun and where prices are advancing rapidly.

The Grafton Realty and Improvement Company is at present building two rows of three-story frame houses on both sides of Grafton street, just north of Sutter avenue, about forty houses in all. The assessment given on this property in the Board of Education resolution, \$9,000, is only approximately correct, as the whole block is assessed as one parcel.

After negotiation with the owner of the property, I am of the opinion that the price asked by him is excessive. I therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described for school purposes and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following-described premises for school purposes, in the Borough of Brooklyn:

Beginning at a point formed by the intersection of the southerly line of Sutter avenue with the westerly line of Barrett street, and running thence westerly along the southerly line of Sutter avenue 200 feet to the easterly line of Grafton street; thence southerly along the easterly line of Grafton street 200 feet; thence easterly and parallel with Sutter avenue 200 feet to the westerly line of Barrett street; thence northerly along the westerly line of Barrett street 200 feet to the southerly line of Sutter avenue, the point or place of beginning, be the said several dimensions more or less.

Assessed valuation for the above described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, is \$9,000.

—and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by purchase of property located at Fifty-ninth and Sixtieth streets and Amsterdam avenue, Borough of Manhattan, at a price not exceeding \$65,500, for playground purposes, which property was authorized to be condemned at the meeting held February 16, 1906.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at its meeting held February 16, 1906, adopted a resolution authorizing the institution of condemnation proceedings for the acquisition of a parcel of land on the northerly side of West Fifty-ninth street and the southerly side of West Sixtieth street, near Amsterdam avenue, in the Borough of

Manhattan, for playground purposes. The said resolution contained the following clause:

"Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board."

Mr. Charles A. Geoghen, the owner of a portion of the property, being 125 feet front on Fifty-ninth street and 50 feet front on Sixtieth street, within the area of the property described in the resolution, has offered to dispose of the same to the City for the sum of \$65,500, which price, in my opinion, is reasonable, taking into consideration the plottage which the owner is entitled to. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition at private sale of the following-described property in the Borough of Manhattan at a price not exceeding \$65,500:

Beginning at a point on the northerly side of West Fifty-ninth street distant 300 feet westerly from the corner formed by the intersection of the northerly side of West Fifty-ninth street with the westerly side of Amsterdam avenue; thence northerly and parallel with Amsterdam avenue 200 feet 10 inches to the southerly side of Sixtieth street; thence westerly along the southerly side of Sixtieth street 50 feet; thence southerly and parallel with Amsterdam avenue 100 feet 5 inches to the centre line of the block between West Fifty-ninth and West Sixtieth streets; thence westerly and parallel with West Sixtieth street 75 feet; thence southerly and again parallel with Amsterdam avenue 100 feet 5 inches to the northerly side of West Fifty-ninth street; thence easterly along the northerly side of West Fifty-ninth street 125 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location of a playground in the Borough of Manhattan, bounded and described as follows:

Beginning at a point on the northerly side of West Fifty-ninth street distant 300 feet westerly from the corner formed by the intersection of the northerly side of West Fifty-ninth street with the westerly side of Amsterdam avenue; thence northerly and parallel with Amsterdam avenue 200 feet 10 inches to the southerly side of Sixtieth street; thence westerly along the southerly side of Sixtieth street 50 feet; thence southerly and parallel with Amsterdam avenue 100 feet 5 inches to the centre line of the block between West Fifty-ninth and West Sixtieth streets; thence westerly and parallel with West Sixtieth street 75 feet; thence southerly and again parallel with Amsterdam avenue 100 feet 5 inches to the northerly side of West Fifty-ninth street; thence easterly along the northerly side of West Fifty-ninth street 125 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller be and he hereby is authorized to enter into contracts for the purchase of the above-described property at private sale at a price not exceeding sixty-five thousand five hundred dollars (\$65,500), said contracts to be submitted to the Corporation Counsel for his approval as to form.

The Secretary presented the following resolution of the Board of Education and report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, to whom the matter was referred at the meeting held January 12, 1906, relative to the acquisition of a school site located at Eastern parkway and Herkimer street, Borough of Brooklyn:

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations that property be acquired for a new building between Public Schools 73 and 84, Borough of Brooklyn. The growth of population in this section has been very great and additional school accommodations are urgently necessary. Your committee is of the opinion that a site should be immediately acquired, and recommends the selection of property on Eastern parkway and Herkimer street. It is the intention of the Board of Education to erect a new building for this purpose as soon as a suitable site is obtained, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Eastern parkway and Herkimer street, in Local School Board District No. 36, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$11,000:

Beginning at a point formed by the intersection of the westerly line of Eastern parkway with the northerly line of Herkimer street, and running thence westerly along the northerly line of Herkimer street three hundred (300) feet; thence northerly and parallel with Eastern parkway one hundred (100) feet; thence easterly and parallel with Herkimer street three hundred (300) feet to the westerly line of Eastern parkway; thence southerly along the westerly line of Eastern parkway one hundred (100) feet to the northerly line of Herkimer street, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and property for the acquisition of the lands and premises above described."

This is a vacant plot fronting 300 feet on Herkimer street by 100 feet on Eastern Parkway, at the northwest corner of these two thoroughfares. It is known on the tax books as Lot No. 43 in Block 1552, section 6, volume 1, Borough of Brooklyn, and is assessed for the year 1906 at \$23,000 (the assessment for 1905 was only \$11,000). The property is owned or controlled by John W. Peckett, Jr.

After negotiation with the owner of the property I am of the opinion that the price asked by him is excessive. I therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described for school purposes and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof.

Referred to a select committee consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented the following communication from the President of the Borough of Brooklyn requesting the establishment of the grade of the position of Stationary Engineman with salary at the rate of \$4 per diem:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, March 13, 1906.

Honorable Board of Estimate and Apportionment, New York City:

GENTLEMEN—I request you herewith to recommend to the Board of Aldermen the establishment of the grade of Stationary Enginemen in the office of the President of the Borough of Brooklyn, and to fix their wages at \$4 per diem. This is the prevailing rate of wages for Stationary Enginemen, and I am required under the law to pay that rate.

Yours very respectfully,

BIRD S. COLER,
President, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Stationary Engineman, under the jurisdiction of the President of the Borough of Brooklyn, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of four dollars (\$4) per diem.

	\$1,771 73

—to the appropriation made to the Board of City Record, entitled Printing, Stationery and Blank Books for City Departments and Offices, 1905, the amount of said appropriation being insufficient.

Respectfully yours,

PATRICK J. TRACY,
Supervisor of the City Record.

The following resolution was offered:

Resolved, That the sum of one thousand seven hundred and seventy-one dollars and seventy-three cents (\$1,771.73) be and the same is hereby transferred from the appropriations made to the Board of City Record for the year 1905, entitled and as follows:

Arrearages of Printing, Stationery and Blank Books.....	\$142 18
CITY RECORD—Salaries	1,299 03
CITY RECORD—Supplies, Rents and Contingencies.....	330 52

1. For furnishing carefully studied plans of the completed Museum Building and accessories, containing all the essential points of the construction necessary to enable the City to proceed to erect from time to time sections or parts of the building, and to be accompanied by a complete plaster model of the building on a scale sufficiently large to show the features of both the interior and the exterior..... \$50,000 00

BROOKLYN, February 13, 1906.

Hon. MICHAEL J. KENNEDY, Park Commissioner, Litchfield Mansion, Prospect Park, Brooklyn, N. Y.:

DEAR SIR—The Board of Trustees of the Brooklyn Institute of Arts and Sciences respectfully recommends that application be made to the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York for the issue of Corporate Stock of the City to the amount of fifty thousand dollars (\$50,000), the proceeds from the sale of which stock shall be used as follows:

In the payment of the architects of the Museum Building, Washington avenue and Eastern Parkway, Messrs. McKim, Mead & White, for furnishing carefully studied plans of the completed Museum Building and accessories, such plans to contain all the essential points of the construction necessary to enable the City to proceed to erect from time to time sections or parts of the building, and said plans to be accompanied by a complete plaster model of the building on a scale sufficiently large to show the features of both the exterior and the interior. Said amount to be 1 per cent of the full architects' fee of 5 per cent. on the cost of the construction of the Museum Building from time to time up to the limit of five million dollars (\$5,000,000), leaving a balance of 4 per cent. to be paid to the architects from time to time as sections of the Museum Building may be erected until the entire cost of the work not heretofore undertaken shall equal five million dollars (\$5,000,000). This recommendation of the expenditure of fifty thousand dollars (\$50,000) is made by the Trustees of the Institute of Arts and Sciences after consultation with the architects and myself, with the belief that a better building can be secured by having the drawings of the completed structure made before any additional section of the Museum is undertaken, and that a saving to the City will be effected in preventing alteration and temporary constructions.

The only drawings now in existence for the complete Museum Building are those that were made in the original competition, and made necessarily without conference with the Department of Parks and Trustees of the Institute. They were intended to indicate only in a general way the plan and design of the building.

A copy of the letter of Messrs McKim, Mead & White, under date of December 23, 1905, accompanying this communication, sets forth in detail the reasons why this recommendation is made.

Very respectfully submitted,

(Signed) FRANKLIN W. HOOPER, Director.

December 23, 1905.

Prof. FRANKLIN W. HOOPER, No. 502 Fulton Street, Brooklyn, N. Y.:

DEAR SIR—In answer to your letter of the 21st inst., we desire to repeat the recommendation contained in our letter of February 15, 1904, addressed to the Board of Trustees of the Institute, with reference to the preparation of preliminary plans and a model of the entire building.

Since the time that this work was awarded to us in competition we have at various times expressed to you not only the advisability of the fuller development of these plans, but the danger of constructing parts of a plan which was not fully developed. After we were awarded the work upon competitive drawings which, at their best, only represented a general scheme, we were immediately asked to prepare plans for and construct the west wing. Since that time we have undertaken the central wing and east wing. We congratulate ourselves that under the circumstances the result has been attended with so few embarrassments, but we feel sure that if in the beginning, instead of commencing the erection of one wing, proper time had been spent in the development of the plan, sufficient money would have been saved to have more than paid for these plans. We are still of the opinion that in view of the difficulties in regard to grades, etc., that this work of development should be taken up at once, and that in the end it would not only prove profitable to the museum from an artistic, but to the City, from an economic point of view. In the case of the proposed new Bellevue Hospital, an appropriation was obtained from the City for plans of the entire group of buildings before an appropriation was made for the erection of any portion of the building. The same applies to the plans for the new Police Headquarters, an appropriation for which was made separately from the appropriation for the erection of the building. In this instance we do not think that full plans are necessary, but we do think that full preliminary plans should be in the hands of the City, so that when the construction of any part is undertaken its relation to the whole may be seen and arranged for. Up to the present time the various engineering and architectural problems have been taken up in piecemeal, but with such a plan as we propose to develop each section could be made a part of a complete whole.

The Commission for such work as we propose, as laid down in the schedule of the American Institute of Architects, is 1 per cent. on the proposed cost of the building. In the present instance, of course, the cost would have to be assumed, but we should say that the sum of \$5,000,000 would be well within the actual cost, and a fee of 1 per cent., based on this sum, would be \$50,000. This fee of 1 per cent. would be a charge against the full architect's fee of 5 per cent. upon the work as carried out in parts, or, in other words, when an appropriation was made for the next wing our charge would be 4 per cent. of the contract price instead of 5 per cent. For this present commission we should expect to furnish a complete and carefully studied set of plans of the completed building and accessories, containing all the essential points necessary to proceed with the various parts except the constructional features. They would involve the most careful study and would probably require two years of time before the last drawings were delivered. In view of our interest in the work and the assistance it would be to us in obtaining the best final result, we would, furthermore, undertake to furnish a complete plaster model of the building at a sufficiently large scale to show the features of both the exterior and the interior.

Trusting that this matter may meet with your early and favorable consideration, we are

Yours very respectfully,
(Signed) McKIM, MEAD & WHITE.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Michael J. Kennedy, Commissioner, Department of Parks, Boroughs of Brooklyn and Queens, in communication under date of February 19, 1906, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$50,000, to be expended for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences.

Attached to the communication are letters from Mr. Franklin W. Hooper, Director of the Brooklyn Institute of Arts and Sciences, and from Messrs. McKim, Mead and White, architects, stating that this \$50,000 is to be one per cent. (1%) of the full architects' fee of five per cent. (5%) on the cost of the construction of additions to the Museum Building from time to time up to the limit of \$5,000,000, leaving a balance of four per cent. (4%) to be paid to the architects from time to time as sections of the Museum Building may be erected, until the entire cost of the work not heretofore undertaken shall equal \$5,000,000. The architects also agree to furnish, without extra charge, a complete plaster model of the building at a sufficiently large scale to show the features of both exterior and interior.

I would report that it is the purpose of the architects to prepare plans for the whole building in sufficient detail to determine the location of sewer and plumbing pipes, heating and ventilating pipes and apparatus and electric installation, so that each successive portion of the building may be erected as part of an accurately determined plan. It has become necessary in erecting the parts of the building already constructed to make many changes in the plan from the original competitive drawings, and it is claimed that better results can be secured if an entirely new plan of interior arrangement is prepared, with the co-operation of the present Museum authorities.

As the expenditure of \$50,000 in the manner indicated above will probably result in a plan more satisfactory to the Museum authorities, I would recommend that the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, authorize the Comptroller to issue Corporate Stock of The City of New York to an amount not exceeding \$50,000, to be paid to McKim, Mead and White for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, it being understood that the money is to be expended as a partial payment on account of the architects' fee of five per cent. (5%) for the designing and supervision of the remainder of the building and furniture of the Brooklyn Institute of Arts and Sciences, and I would suggest that the Board direct and authorize the Commissioner of the Department of Parks, Boroughs of Brooklyn and Queens, to enter into a contract or agreement with McKim, Mead and White, to the effect that if these architects draw plans and specifications for the erection and equipment of any additions to the Museum Building of the Brooklyn Institute of Arts and Sciences to an amount not exceeding \$5,000,000, the compensation will be 4 per cent. (4%) upon the cost of said improvements and equipments.

Respectfully,
CHANDLER WITHINGTON,
Principal Assistant Engineer.

The following resolutions were offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), for the purpose of providing means to pay for carefully studied plans of the completed Museum Building and accessories, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid, and be it further

Resolved, That if the architects who prepare the preliminary plans and drawings should prepare the final plans and specifications and detailed drawings for the erection and equipment of any addition to the said Museum Building, the cost of which is not to exceed five million dollars (\$5,000,000), the compensation is to be paid at the rate of 4% on the cost of said work.

Which were adopted by the following vote:

The Secretary presented the following communication from the Chamberlain and report of the Investigations Division, Department of Finance, approved by the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom, on March 9, was referred the matter of establishing the position of Secretary to the Chamberlain, with salary at the rate of \$2,000 per annum:

CITY OF NEW YORK,
OFFICE OF THE CITY CHAMBERLAIN,
March 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

DEAR SIR—I respectfully request that the Board of Estimate and Apportionment establish the position of "Secretary to the Chamberlain," and recommend to the Board of Aldermen that the salary be fixed at the rate of \$2,000 per annum.

The reason for creating this position is on account of the growing business of the office.

Respectfully yours,
PATRICK KEENAN, Chamberlain.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of a communication from the City Chamberlain requesting the establishment of the position of Secretary to the Chamberlain, with a salary of \$2,000 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The office of Chamberlain is next in importance to that of the Comptroller in respect to the financial administration of the City Government. The Chamberlain receives all moneys paid into the treasury for City and County purposes, and pays all warrants drawn by the Comptroller in payment of the governmental expenses of the City and County. He gives a bond of \$300,000 and is liable for any official misconduct on the part of the employees of his office. He is compelled to make weekly reports to the Mayor and Comptroller of the transactions of his office.

The continuous and necessary increase in the amount of money required for the proper administration of the business of the City naturally involves a proportionate increase in the amount of work which must be attended to in the office of the Chamberlain. Notwithstanding this increase the office force has been but slightly increased during the past few years, and the total amount paid out for salaries is small when the importance of the office and its responsibilities are taken into consideration.

The request of Chamberlain Keenan for the creation of the position of Secretary is based upon the steady increase in business of his office, and in view of the facts

noted above the request seems to be a reasonable one. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,

CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

H. A. METZ, Comptroller.
P. F. McGOWAN, President, Board of Aldermen.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the position of Secretary to the Chamberlain, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said position be fixed at the rate of two thousand dollars (\$2,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom on March 2 was referred the request of the President of the Borough of Brooklyn for the fixing of the salary of the position of Secretary to the President of the Borough at \$5,000 per annum.

The President of the Borough of Brooklyn withdrew his request for the fixing of said salary.

The Secretary presented a report of the Investigations Division, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to whom was referred on February 16, 1906, the request of the President of the Borough of Queens for the establishment of the positions of Secretary in the offices of the Engineer in Charge of Topographical Bureau, the Superintendent of Street Cleaning, Superintendent of Sewers, Superintendent of Public Buildings and Offices, and Superintendent of Highways, at the rate of \$1,800 each per annum.

Laid over for consideration with the Budget for 1907.

The Secretary presented a communication from the Comptroller requesting the establishment of grades of Inspector of Repairs and Supplies, in the Department of Finance, at \$1,650 and \$1,800 per annum.

Laid over for further information.

The Secretary presented the following communication from the President of the Borough of Manhattan and report of the Investigations Division, Department of Finance, approved by the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom on February 16, was referred the matter of fixing the salary of the position of Telephone Operator in the office of the President, Borough of Manhattan, at the rate of \$1,200 per annum:

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
CITY HALL, January 31, 1906.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment, pursuant to section 56 of the Charter, to fix the salary of the position of Telephone Operator in the office of the President of the Borough of Manhattan at \$1,200 per annum.

Respectfully,

JOHN F. AHEARN,
President, Borough of Manhattan.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of a communication from the President of the Borough of Manhattan, requesting that the salary of the Telephone Operator in his office be fixed at \$1,200 per year, and referred to the Investigations Division for examination, I beg to report as follows:

The present salary of the Telephone Operator is \$900 per annum. The salary paid to Telephone Operators in the various City departments varies from \$750 to \$1,300 per annum.

It is stated by Borough Secretary Downing that the Telephone Operator for whom the increase in salary is desired, has been in the Borough President's office for upwards of two years, is most attentive to her work, and that her hours of employment are much longer than in most City departments, being frequently obliged to remain in the office until a late hour.

The fact that the offices of the Borough President and the different bureaus under his jurisdiction are not located in the same building, renders necessary an unusual amount of telephoning, and calls for close attention to duty on the part of the Telephone Operator connected with the Borough President's office.

The Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the Board of Aldermen, to whom these facts were submitted at a meeting on March 7, 1906, approved of a recommendation to increase the salary of said Telephone Operator to \$1,050 instead of to \$1,200. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ,
P. F. McGOWAN.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Telephone Operator in the office of the President of the Borough of Manhattan, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of ten hundred and fifty dollars (\$1,050) per annum.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The Mayor—3.

The Secretary presented the following communication from the President of the Borough of The Bronx and report of the Investigations Division, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to whom on February 2, 1906, was referred the matter of fixing the salary of the position of Secretary to the President of the Borough of The Bronx at \$4,000 per annum.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, January 31, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I respectfully request that the salary for the position of Secretary to the President of the Borough of The Bronx be fixed at \$4,000 per annum. The present incumbent of the office has acted as such since the first day of January, 1902, when the President of the Borough of The Bronx took office under the amended Greater New York Charter.

The Secretary to the President is also Secretary to the Local Boards, and the volume of business transacted in the office of the President of the Borough of The Bronx, as well as the many improvements projected in the Local Boards of the Borough, would justify my request that the salary be fixed at the same rate as is now paid to the same officers in the Boroughs of Manhattan and Brooklyn.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of a communication from the President of the Borough of The Bronx, requesting the fixing of the salary of the Secretary to the President at the rate of \$4,000 per annum, and referred to the Investigations Division for examination, I beg to report as follows:

The proper title of the official in question is Secretary of the Borough, and not Secretary to the President, as stated in the communication of President Haffen.

The present salary of the Borough Secretary is \$3,500 per annum. The salary of the Borough Secretaries of the Boroughs of Manhattan and Brooklyn is \$4,000 per annum.

In addition to the ordinary work of his position, the Borough Secretary also acts as Secretary to the Local Boards of the Borough. The contemplated improvements of the Local Boards and attendance at their meetings adds greatly to the work of the Secretary and justifies the payment of a salary equal to that paid to the Borough Secretaries in the Boroughs of Manhattan and Brooklyn.

The Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, to whom these facts were submitted at a meeting on March 7, 1906, approved of a recommendation to increase the salary of the Secretary of the Borough of The Bronx to \$4,000 per annum. I would therefore respectfully recommend the approval of the resolution attached hereto.

Yours respectfully,

CHAS. S. HERVEY,
Auditor of Accounts, Investigations Division.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Secretary of the Borough, in the office of the President of The Bronx, be fixed at the rate of four thousand dollars (\$4,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, and report of the Investigations Division, Department of Finance, approved by the Select Committee consisting of the Comptroller and the President of the Board of Aldermen, to whom, on February 16, was referred the matter of fixing the salary of the position of Secretary to the Commissioner, at the rate of \$3,500 per annum.

Referred back to the Commissioner of Water Supply, Gas and Electricity to readjust the salaries of the Secretary to the Commissioner and the Secretary to the Deputy Commissioner.

The Secretary presented the following resolution of the Board of Aldermen and report of the Investigations Division, Department of Finance, approved by the Comptroller, to whom, on March 2, was referred the matter of issuing \$6,000 Special Revenue Bonds to be applied to the payment of salaries in the New York County Jail for 1906:

In the Board of Aldermen.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars (\$6,000), the proceeds whereof to be applied for the payment of salaries in the New York County Jail for 1906.

Adopted by the Board of Aldermen, February 6, 1906, three-fourths of all the members elected voting in favor thereof, having been first advertised as required by law.

Received from his Honor the Mayor February 20, 1906, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen, adopted February 6, 1906, requesting the Board of Estimate and Apportionment to authorize an issue of Special Revenue Bonds to the amount of six thousand dollars (\$6,000) for the payment of salaries in the New York County Jail, referred to this Division for examination, I beg to report as follows:

The Sheriff states that his request for the issue of Special Revenue Bonds to the amount of \$6,000 is rendered necessary by the fact that the 1906 Budget appropriation for jail salaries is \$6,000 less than the amount asked for in the departmental estimate for that year and regularly allowed for several years immediately preceding, said amount, \$21,832, having been reduced to \$15,832 for the year 1906. He states that this reduction must have been made under a misapprehension, as it would necessitate the discharge of six keepers now on duty at the jail, whose services are necessary to the proper care and custody of prisoners confined therein.

Reduction in the allowance seems to have been made under the impression that, as Federal prisoners under criminal arrest are no longer confined in the jail, the former force of eleven keepers is no longer necessary. The Sheriff states that the resulting diminution in the number of prisoners in the jail does not relieve him from the duty of maintaining it as a secure place of confinement for those that remain, and that such security could not be well maintained without the full force of eleven keepers now on duty, the number of keepers required depending not so much upon the number of prisoners as upon the construction of the jail and the location of the cells therein.

Upon a visit thereto made by your representative the jail was found to consist of two five-story buildings, one extending along and fronting on Ludlow street and the other along and on Essex Market place, the two uniting at right angles and forming one structure at the corner of said streets, the space in the rear of the two buildings being walled in on its two other sides and forming a jail yard about 60 feet square.

From the ground floor, containing offices, living apartments of the attendants and the jail kitchen, a stairway ascends in the corner or common part of the structure to the jail proper, which contains about fifty cells, a part of which are in the Ludlow street

building, or corridor, and a part in the other corridor, each corridor being reached through a separate entrance from the corner structure. There are four tiers of cells, one above the other, in each corridor.

The records of the jail for 1905, according to a communication of the Sheriff, show that there was during that year an average of about thirty prisoners committed each month and detained from one to thirty days, with an average detention of about nine days each, the number in confinement varying from time to time. This would mean, approximately, an average of nine prisoners daily in the jail.

It is stated that, although the number of prisoners is not at all times so great as to fill all the cells of a single corridor, it is, nevertheless, necessary to make constant use of both corridors in order to properly care for females committed to the jail and for Federal prisoners who are still committed under civil process.

It is further stated by representatives of the Sheriff that there should be at all times a separate Keeper in charge of each corridor, and one at the main or common entrance on the second or jail floor. Provision has also to be made for proper attendance to calls at the street door, and for looking after prisoners allowed to exercise from time to time in the jail yard.

As the Keepers are required to go on duty in three daily shifts of eight hours each, it is evident, in view of the liability to sickness in their number, that if four, or even three only, are to be constantly on duty, there should be at least eleven persons to provide for the three daily shifts. Reduction of their number to five, as contemplated by the aforesaid decrease in the Budget appropriation, would seem to be a reductio ad absurdum.

It would seem, however, that something should be done for the disposal of jail prisoners in New York County, otherwise than in the present elaborate quarters, which cost enormously out of proportion to their public value. I have no knowledge as to whether or not the jail could be discontinued, except after an amendment of existing laws. In the meantime, so long as it is in operation at all, it would appear that it must be operated with an adequate staff of Keepers to provide against those rare occasions when there is a rush for accommodations therein.

I would therefore respectfully recommend that the request of the Sheriff and of the Board of Aldermen be granted, and that the Comptroller be authorized to issue Special Revenue Bonds to the amount of \$6,000, the proceeds to be applied to the payment of salaries of employees in the New York County jail.

Respectfully,

CHARLES S. HERVEY,
Auditor of Accounts, Investigations Division.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted February 6, 1906, in relation to the expenditure of six thousand dollars (\$6,000), to meet the salaries in the New York County Jail for 1906, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of six thousand dollars (\$6,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, approved by the Comptroller, recommending the acquisition by condemnation of property located at East One Hundred and Forty-first street and Brook avenue, Borough of The Bronx, as a site for school purposes:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 14, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held February 5, 1906, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Brook avenue and East One Hundred and Forty-first street, adjoining Public School 30, in Local School Board District No. 23, Borough of The Bronx, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$25,100:

"Beginning at a point formed by the intersection of the southerly line of East One Hundred and Forty-first street with the easterly line of Brook avenue and running thence southerly along the easterly line of Brook avenue 131.03 feet; thence easterly in a straight line 87.78 feet to the point formed by the intersection of the southerly and westerly lines of the lands of Public School 30; thence northerly along the westerly line of the lands of Public School 30, 125 feet to the southerly line of East One Hundred and Forty-first street; thence westerly along the southerly line of East One Hundred and Forty-first street 100 feet to the easterly line of Brook avenue, the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

I have had an examination made of the property in question and find the same to be a plot of ground measuring 131.03 feet on Brook avenue by 100 feet on East One Hundred and Forty-first street by 125 feet by 87.78 feet, and is known on the tax books as Lots Nos. 15 and 22 (the latter being an interior gore), in Block 2267, section 9, volume 1.

The plot has on it two one-story frame stables and is assessed land, \$24,100; buildings, \$1,000; total, \$25,100.

A previous report was written on this matter by this Bureau under date of February 13, 1906, which referred to the communication presented to the Board of Estimate and Apportionment at its meeting held February 9, 1906, from Local School Board District No. 23, in the Borough of The Bronx, relative to the desire of the members of said Board to appear before the Board of Estimate and Apportionment in a body to enter a protest against the erection of a new school on the site, which they considered undesirable and useless for educational purposes. The said communication did not refer to the particular site in the school district which the Local Board objected to, and after a conversation with them, it was ascertained that the site which they objected to was property on the north side of East One Hundred and Fortieth street, distant 130.8 feet easterly from the easterly line of Alexander avenue, running through to One Hundred and Forty-first street, size 147.1 feet on One Hundred and Forty-first street and 150.55 feet on One Hundred and Fortieth street, in the Borough of The Bronx, the title to which property vested in the City on November 1, 1905.

In regard to the site on the southeasterly corner of East One Hundred and Forty-first street and Brook avenue, in the Borough of The Bronx, which the Board of Education now requests to be purchased, I have had considerable negotiation with the owner of the property in the hope that the same might be acquired at private sale at a reasonable price, but without avail. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described for school purposes, and adopt a resolution authorizing the institution of condemnation proceedings for the acquisition thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following-described premises for school purposes, in the Borough of The Bronx:

Beginning at a point formed by the intersection of the southerly line of East One Hundred and Forty-first street with the easterly line of Brook avenue, and running thence southerly along the easterly line of Brook avenue 131.03 feet; thence easterly in a straight line 87.78 feet to the point formed by the intersection of the southerly and westerly lines of the lands of Public School 30; thence northerly along the westerly line of the lands of Public School 30, 125 feet to the southerly line of East One Hundred and Forty-first street; thence westerly along the southerly line of East One Hundred and Forty-first street 100 feet to the easterly line of Brook avenue, the point or place of beginning, be the said several dimensions more or less.

Assessed valuation for the above-described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, is \$25,100.—and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described premises at private sale, subject to the approval of this Board.

Which was adopted by the following vote:

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the acquisition of property located at Knickerbocker and Gates avenues, Borough of Brooklyn, as a site for the erection of a building thereon for the use of the Fire Department, together with two communications from the President of the Borough of Brooklyn relative thereto.

At the meeting held March 2, 1906, this matter was referred to a select committee, consisting of the Comptroller and President of the Borough of Brooklyn.

At the meeting of March 9 the matter was referred to the same select committee.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 20, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—This office is in receipt of a communication from Mr. B. A. Ennis, offering to sell to the City property located on the westerly side of Knickerbocker avenue, 100 feet south of Gates avenue, Borough of Brooklyn, the lot being 25 feet front, with a depth of 100 feet, for the use of the Fire Department as a site for an engine company.

The communication was referred to the Commissioner of the Fire Department, together with a letter from this office signed by you under date of January 26, 1906, requesting information as to whether the property would be suitable for the use of the Fire Department. In answer thereto the Honorable John H. O'Brien, Commissioner of the Fire Department, in a communication under date of February 5, 1906, states that the site is suitable for the purposes of his Department, and requests that the property be acquired at the earliest practicable day. The price asked by the owner of \$2,250 is in my opinion reasonable. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site for the use of the Fire Department and authorize the acquisition of the following described property in the Borough of Brooklyn at private sale at a price not exceeding \$2,250:

Beginning at a point on the westerly side of Knickerbocker avenue distant 100 feet southerly from the corner formed by the intersection of the southerly side of Gates avenue and the westerly side of Knickerbocker avenue; thence westerly and parallel with Gates avenue 100 feet; thence southerly and parallel with Knickerbocker avenue 25 feet; thence easterly and again parallel with Gates avenue 100 feet to the westerly side of Knickerbocker avenue; thence northerly along the westerly side of Knickerbocker avenue 25 feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets in front thereof to the centre thereof.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, March 15, 1906.

Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, New York City:

DEAR SIR—I have your letter of March 13, 1906, in which you write on behalf of your Bureau of Real Estate relative to the acquisition of the site for a fire company house at Knickerbocker avenue, south of Gates avenue. As I stated at the last meeting of the Board of Estimate, I consider the price asked for this property a little high, but not above what the City would probably be compelled to pay for the property under condemnation proceedings.

I have therefore no objection at all to your moving for the adoption of a resolution looking to the acquisition of the property at private sale at the meeting of the Board to-morrow.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, March 16, 1906.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Having carefully examined the property located on Knickerbocker avenue, south of Gates avenue, which it is proposed to acquire as a site for the Fire Department in the Borough of Brooklyn, this matter having been referred to the Comptroller and myself by your Board, and the Comptroller having requested me to present a written report on the matter to-day, I am convinced that the price asked for this property, \$2,250, is not in excess of what the City would probably have to pay for the property if condemnation proceedings were instituted.

I therefore beg to submit a favorable report upon the proposition to authorize the Comptroller to purchase the property on behalf of the City.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Fire Department in the selection of a site for the purpose of erecting thereon buildings for departmental purposes, said site being bounded and described as follows:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the westerly side of Knickerbocker avenue distant 100 feet southerly from the corner formed by the intersection of the southerly side of Gates avenue and the westerly side of Knickerbocker avenue; thence westerly and

parallel with Gates avenue 100 feet; thence southerly and parallel with Knickerbocker avenue 25 feet; thence easterly and again parallel with Gates avenue 100 feet to the westerly side of Knickerbocker avenue; thence northerly along the westerly side of Knickerbocker avenue 25 feet to the point or place of beginning,

—and the Comptroller be and he hereby is authorized to enter into contracts for the purchase of said property at private sale at a price not exceeding two thousand two hundred and fifty dollars (\$2,250), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Manhattan requested unanimous consent to reconsider resolution previously adopted at this meeting by which appropriations for repaving were authorized, which request was agreed to.

The President of the Borough of Manhattan moved to amend said resolution by striking out the various sums allotted to the different boroughs and inserting in lieu thereof the following:

Borough of Manhattan	\$1,000,000 00
Borough of Brooklyn	1,000,000 00
Borough of The Bronx	350,000 00
Borough of Queens	350,000 00
Borough of Richmond	300,000 00

Which motion was agreed to.

The following resolution, as amended, was then offered:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, as amended by chapter 563 of the Laws of 1902, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by said section 169, to the amount of three million dollars (\$3,000,000), the proceeds whereof to be applied to the repaving of streets and avenues in The City of New York as follow:

In the Borough of Manhattan	\$1,000,000 00
In the Borough of Brooklyn	1,000,000 00
In the Borough of The Bronx	350,000 00
In the Borough of Queens	350,000 00
In the Borough of Richmond	300,000 00
	<hr/> \$3,000,000 00

—provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller, with such contract, evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property-owners, or by local taxation, or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation to it of the facts and circumstances affecting such street or avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of Richmond stated that the Commission to whom had been referred the consideration of the Staten Island Water Supply had made a report, which report had been printed in the Minutes of February 16, 1906. Moved that a committee of three be appointed by the Chair to consider the matter, which motion was agreed to.

The Chair appointed the President of the Board of Aldermen, the Comptroller and the President of the Borough of Richmond as such committee.

The Board adjourned to meet March 23, 1906.

JOSEPH HAAG, Secretary.

On motion, the following orders were entered:
Whereas, The premises at No. 7 Emma street, Metropolitan, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom. That the keeping of a cow, pigs and fowl thereat be discontinued forthwith; that the selling of milk without a permit from this Department be discontinued forthwith; that the yard, stable, pig-pen and coops be thoroughly cleaned of all garbage, bones, manure and filth, and disinfected and kept free and clean of same at all times.

Whereas, The premises on the east side of Old Flushing Road, about 200 feet south of Grand street, Melviner, Maspeth, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the keeping of cows thereat without a permit from this Department be discontinued forthwith; that the saturated flooring of the cow stalls and stable and milk house be removed; the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped sewer connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight-fitting cover be constructed (at least 3 feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milkmen be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking;

ing; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times.

Whereas, The premises Sharrott's Lane, Fifth Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

That the keeping of cows thereat and the selling of milk without a permit from this Department be discontinued forthwith; that the saturated flooring of the cow stalls and stable be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain; that a proper cesspool be constructed thereat, the sides and bottom to be impermeable and secure against any saturation of the walls or the ground above same; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to exercise every day; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight fitting cover be constructed (at least three feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly cleaned before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times; that a milk house be provided, walls and ceilings of same to be lined with matched boards and painted, provided with two or more windows, floor to be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped cesspool connected valley drain.

Whereas, The premises south side of Washington avenue, Third Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom.

The following communications were received, action being taken thereon as noted:

From the Commissioners of the Sinking Fund—
1 (65986). Transmitting copies of resolutions adopted January 11, 1906, rescinding resolution adopted April 12, 1904, authorizing the employment of architect for the preparation of plans for new terminal ferry house at the foot of Whitehall street, Borough of Manhattan, and authorizing the retention of such expert services as may be necessary for the preparation of plans and specifications and for the supervision of the work of building a new ferry terminal house thereat. Corporation Counsel requested January 17 to approve form of contract retaining James J. F. Gavigan as architect for the work.

2 (66003). Stating that no action will be taken upon the recommendation for lease of land under water for trestle along the northerly side of the West Fifty-ninth Street Pier, North river, to the New York Central and Hudson River Railroad Company until such time as said company obtains the right to lay tracks along Twelfth avenue, from Sixtieth street to the trestle. Company notified January 18 as to the action taken by the Commissioners.

From the Board of Estimate and Apportionment—
1 (66006). Returning recommendation for the establishment of an additional grade of Draughtsman. Board of Estimate and Apportionment requested January 18 to recommend to the Board of Aldermen the establishment of the additional grade of \$2,100 per annum for the position of Draughtsman for this Department.

2 (66017). Returning recommendations for the establishment of the grade of Collector at \$2,100 per annum, and the grade of Messenger at \$1,650 per annum. Filed January 19.

From the President of the Borough of Brooklyn (65982)—
Stating that he has received a request from the New York Dock Company asking that dredging be done by the City along the company's property in the Borough of Brooklyn at points where sewers empty into the slips. Borough President notified January 18 that there is no provision in the Charter authorizing this Department to dredge at private property at the expense of the City.

From the Comptroller—
1 (65978). Approving sureties on Contract No. 966 for quarry stone. Filed January 16.

2 (65977). Submitting substitution of the Title Guarantee and Trust Company of Scranton, Pa., and the National Surety Company as sureties in the places of Louis L. Bernier and William Weimer, Jr., on the estimate of the James Reilly Repair and Supply Company for repairs to municipal ferryboats and terminal buildings under Contract No. 964. Consent granted January 16 for the substitution.

3 (65993). Approving sureties on Contract No. 964 for repairs to ferryboats and terminals. Filed January 18.

4 (64395). Transmitting bill of Charles C. Griffith & Sons for \$50 for services rendered in appraising ferry terminal property at St. George, Borough of Richmond. Filed January 19, the bill having been audited for payment.

5 (66002). Stating that claims have been filed by James Dillon and William Pitts for salary as Recreation Pier Attendants. Notified January 20, that the men were employed for the recreation pier season of 1905 and were laid off when the piers were closed.

From the Corporation Counsel—
1 (66009). Stating that the Union Ferry Company is not liable for the additional interest claimed by the Department in the settlement of the claim against the said company for rent of ferry franchise and wharf property amounting to \$328.28. Ordered charged off the books of the Department January 18.

2 (65994, 65995). Approving forms of Contracts No. 968 for building Pier 9, East river, and No. 970, for oak piles and lumber. Contracts ordered advertised January 18.

3 (66005). Approving form of notice for the sale of unclaimed vehicles seized by the Department along the water front. Ordered advertised January 18.

4 (65983). Stating that the rights appurtenant to the ten feet of bulkhead immediately north of Stanton street, East river, are not owned by the City, but are vested in the Trustees of Princeton University. Filed January 19.

From the Department of Taxes and Assessments (66012)—
Furnishing assessed valuations of piers and bulkheads on the North river between the Battery and Cortlandt street. Filed January 18.

From the Municipal Civil Service Commission (66028)—
Asking names of persons designated to compose the Board of Examiners for conducting examinations in the Non-competitive Class. Municipal Civil Service Commission notified January 20 that the Deputy Commissioner, Engineer-in-Chief and Superintendent of Ferries are designated for this Department.

From the Department of Street Cleaning (65637)—
Stating that orders have been issued to the contractor prohibiting the storage of inflammable material under the ramps and dumping boards along the water front. Filed January 15.

From the Post Office Department (United States Government) (66026)—
In relation to the charge for the transportation of mails over the Staten Island Ferry. Notified January 19 that from October 25, 1905, to December 31, 1905, both dates inclusive, the charge for the service rendered will be at the rate formerly paid to the Rapid Transit Ferry Company, the new rate of \$2,433.20 per annum to begin January 1, 1906.

From the International Mercantile Marine Company and the Cunard Steamship Company, Limited (62750)—

Requesting lease of piers in the Chelsea Section. Companies requested January 15 to submit a proposition for the leasing of the new piers, specifying the piers which will be surrendered to the City in the event of the new leases being granted.

From the Maryland Steel Company (65950)—
Requesting an extension of time for the completion of ferryboats under Contract No. 846. Extension granted January 15, to and including October 25, 1905.

Reporting the loss of a package of brass bolts by one of its employees and asking whether same was found in the Staten Island ferryboats. Notified January 15 that there is no record of the finding of the package.

From the Baltimore and Ohio Railroad Company (65964)—
Requesting lease of a pier in the vicinity of Pier, old 27, East river. Notified January 15 that there are no piers in the locality available for leasing at the present time.

From G. B. Spearin (65911, 65967)—
Stating that if he is authorized to substitute piles cut off 12 inches in the work in lieu of broken stone and sleeper foundations for the inshore trestle vents in the steam railroad and trolley terminals at St. George, Borough of Richmond, under Contract No. 896, it will facilitate the work, and offering to make the change without extra charge to the City. Authorization granted January 15 for the modification, no extra charge to be made.

From the Morris & Cumings Dredging Company (65837)—
Requesting an extension of time for the completion of dredging under Contract No. 881. Extension granted January 16, to and including June 30, 1906.

From O'Brien Brothers (65976)—
Stating that they have discontinued the loading of stone on scows at the foot of Seventy-third street, East river. Privilege revoked January 16, to take effect as of January 13, 1906, the date on which the premises were vacated, as per report of the Superintendent of Docks.

From Bernard Rolf (65960)—
Requesting extension of time for the completion of the outer portion of Pier 18, East river, under Contract No. 911. Extension granted January 17, to and including February 15, 1906.

From Chambers & Hone (65996)—
Accepting the appointment as Inspectors for the mill and shop work in connection with the construction of the St. George terminal under Contract No. 942. Filed January 18.

From Louis O. Van Doren, attorney for J. Henry Coleman (65984)—
In relation to the ownership of land under water between One Hundred and Thirty-seventh and One Hundred and Thirty-eighth streets, North river. Notified January 19 that according to the records of this Department the land under water is vested in private parties, except so much as lies within the street areas and which was reserved to the City from the grant.

From G. B. Spearin (65919)—
Requesting extension of time for the completion of pier foot of East One Hundred and Thirty-eighth street, Port Morris, Bronx Borough, under Contract No. 929. Extension granted January 19 to and including January 19, 1906.

From Brown & Fleming Contracting Company (65952)—
Requesting extension of time for the completion of Contract No. 829, Class I., for cobble. Extension granted January 19 to and including June 30, 1906.

From the Secretary (66008)—

No. 571.

Regulating, Grading, etc., St. George's Crescent, between Two Hundred and Sixth Street and Van Cortlandt Avenue. No Opposition. This is a Matter Laid Over from Year 1905.

Ordered to be readvertised for March 22, 1906, and owners to be asked for a sketch.

No. 49.

Paving with Sheet Asphalt on Concrete Foundation Whitlock Avenue, between Hunt's Point Road and Tiffany Street, and Setting Curb Where Necessary.

Petition of George F. Johnson Sons Company was read, as was also report of Chief Engineer.

Frederick Johnson, Esq., presented a letter dated March 1, 1906, asking that this petition be filed, as sewer contract had just been let and would be completed, probably, before the middle of the summer, and furthermore, they thought they might ask for a permit to do the work themselves. Filed.

Communications.

From Department of Water Supply, Gas and Electricity—In reference to laying of a water main in Perry avenue, from Two Hundred and Fifth street to Two Hundred and Seventh street. Engineers have arranged for the placing of this main, and contract for the work will be let some time during the coming spring.

Ordered filed.

Placing Gas Mains in Park View Place, from Tee Taw Avenue to West One Hundred and Ninetieth Street.

Report stated that there is a gas service pipe in this street from One Hundred and Ninetieth street to a point about 250 feet south. Further extension of this main was prevented by the construction of a sewer which was then under way. The Chief Engineer of Light and Power states that the gas company will in all probability extend this main some time during the year.

Secretary directed to forward Commissioner Ellison a copy of Chief Engineer Briggs' report, dated February 13, 1906, and again urge the laying of these mains in Park View place, from southerly end of present main to Tee Taw avenue.

Proposed Widening of Exterior Street, between West One Hundred and Eighty-ninth Street and West One Hundred and Ninety-first Street, for the Purpose of Providing a Roadway on the Lower Level.
Ordered to be advertised.

Communication from Bureau of Lamps and Gas.

Naphtha lamps on Two Hundred and Fifth street, between Jerome avenue and the Concourse. "Will be taken up as soon as possible."

Naphtha lamps on Two Hundred and Sixth street (Van Cortlandt avenue), between Jerome avenue and the Concourse.

This street is not as yet cut through, and Van Cortlandt avenue, between Jerome avenue and the Concourse, is at present lighted by Welsbach gas lamps.

In Local Board of Morrisania, Twenty-fourth District.

Resolved, That a committee of three be appointed for the purpose of investigating and ascertaining whether the various gas and lighting companies in the Borough of The Bronx have any franchises or other authority to lay mains and conduits in the Borough of The Bronx.

Adopted at a meeting of the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, on March 1, 1906.

Affirmative—Alderman Harnischfeger, Alderman Morris, Alderman Murphy, Alderman Kuntze, Alderman O'Neill and the President of the Borough of The Bronx.

The President of the Borough of The Bronx, Chairman of the Local Board of Morrisania, Twenty-fourth District, appointed Alderman Harnischfeger, Alderman Morris and Alderman Murphy as such committee.

On motion the Board adjourned until March 22, 1906, at 3 p. m.

HENRY A. GUMBLETON, Secretary.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for **OPENING AND ACQUIRING TITLE** to the following-named street in the **BOROUGH OF MANHATTAN:**

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND EIGHTIETH STREET—OPENING, from Broadway to Buena Vista avenue. —Confirmed November 7, 1904, and December 29, 1904; entered March 22, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the westerly prolongation of the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street with the easterly line of Boulevard Lafayette; running thence northerly along said easterly line of Boulevard Lafayette to its intersection with a line drawn parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Eighty-first street; thence easterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Seventy-ninth street and West One Hundred and Eighty-first street; thence northwesterly along said middle line of the blocks to its intersection with a line drawn parallel to and distant 100 feet southeasterly from the southeasterly line of Broadway; thence southwesterly along said parallel line to its intersection with the middle line of the blocks between West One Hundred and Seventy-eighth street and West One Hundred and Seventy-ninth street; thence westerly along said middle line of the blocks and its westerly prolongation to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, inter-

est will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m.; and all payments made thereon on or before May 21, 1906, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for an interior public bath in the

Borough of Manhattan.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the President of the Borough of Manhattan, and erected upon land described as follows:

Beginning at a point on the northerly side of Rutgers place distant 52 feet 6 inches easterly from the northeasterly corner of Rutgers place and Jefferson street; running thence northerly parallel with Jefferson street 130 feet; thence easterly parallel with Rutgers place 53 feet; thence southerly again parallel with Jefferson street 130 feet to the northerly side of Rutgers place; thence westerly along the northerly side of Rutgers place 53 feet to the point or place of beginning; premises being known as Lots Nos. 3 and 4, in Block 270, Section 1, on the tax maps.

By direction of the Comptroller, the sale of the above-described property will be made under the supervision of the Collector of City Revenue on

MONDAY, APRIL 2, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion, as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

All the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the Department of Docks and Ferries, in the Borough of Manhattan, and erected upon land described as follows:

The four-story brick building at the north-easterly corner of Eleventh avenue and West Twentieth street, having a frontage on Eleventh avenue of about 100 feet and on West Twentieth street of about 75 feet.

By direction of the Comptroller the sale of the above-described building will be made under the supervision of the Collector of City Revenue on

FRIDAY, APRIL 6, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.
 The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam-holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property

owned by The City of New York, acquired for street purposes in the

Borough of Brooklyn.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the widening of Roebling street, from the Bridge Plaza at South Fourth street to Union avenue, in the Borough of Brooklyn. A map showing the property to be sold is filed in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

FRIDAY, APRIL 20, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO, OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

BOROUGH OF BROOKLYN.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the extension of Grand street, from the intersection of Havemeyer street and South Fourth street to Hooper street, in the Borough of Brooklyn.

A map showing the property to be sold is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

TUESDAY, APRIL 17, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted, and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

COLLEGE OF THE CITY OF NEW YORK.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

PROPOSALS FOR BIDS OR ESTIMATES FOR SUPPLIES.

SEALED BIDS OR ESTIMATES WILL BE received by the Chairman of the Board of Trustees of the College of The City of New York at the office of the Board, No. 17 Lexington avenue, in The City of New York, until 12 o'clock noon on

THURSDAY, MARCH 29, 1906.

FOR FURNISHING AND DELIVERING CHEMICAL SUPPLIES, MATERIALS AND APPARATUS FOR THE DEPARTMENT OF PHYSICS OF THE COLLEGE OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is between the 1st and 30th days of June, 1906, or thereafter from time to time as may be directed by the Professor of Physics not later than December 31, 1906.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate. For particulars as to the quantity and quality of the supplies or the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every re-

spect to the specifications and schedules. The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and design to the samples furnished, or to those described by the names of well-known dealers and manufacturers, and referred to by catalogue numbers. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples furnished for inspection or referred to by catalogue number.

Bidders shall describe the various items by reference to the particular maker's catalogue or circular, or by the submission of a sample. Only one bid will be received from a bidder for each item.

Samples will be on exhibition at the College of The City of New York, No. 17 Lexington avenue, Room 15, until the bids are opened.

All goods must be delivered as directed, in the original bottles or packages, at the Department of Physics, the College of The City of New York, One Hundred and Fortieth street and Convent avenue, Borough of Manhattan (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at the institution.

No charge will be allowed for freight expenses, boxes or cartage, but boxes may be taken away by the contractor.

Contractors who fail to make prompt deliveries will be considered as in default and debarred from bidding in the future.

Bidders are requested to make their bids or estimates upon the blank form prepared by the said Board of Trustees, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the College of The City of New York, and any further information can be obtained at the office of the said college, corner of Lexington avenue and Twenty-third street, Borough of Manhattan.

In the matter of the application of the Mayor, Aldermen and Commonality of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening VANDERBILT AVENUE, WEST, although not yet named by proper authority, from East One Hundred and Seventy-third street to Pelham avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

IN RE APPLICATION OF ELIZABETH Ransford for damage to Lot No. 65, Block 3028, by reason of the destruction of her private easements caused by the closing, discontinuance and abandonment of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, from Webster avenue to Vanderbilt avenue, West.

We, the Commissioners of Estimate and Assessment in the above-entitled proceeding, having been directed by order of the Appellate Division of the Supreme Court, dated the 17th day of June, 1904, and filed in the office of the Clerk of the County of New York, on the 15th day of July, 1904, to ascertain and determine the compensation that should justly be made to Elizabeth Ransford, by reason of the destruction of her private easements caused by the closing, discontinuance and abandonment of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, from Webster avenue to Vanderbilt avenue, West, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 31st day of March, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 2d day of April, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 10th day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, and being that part of Old Quarry road or Valentine avenue or East One Hundred and Seventy-eighth street, Block 3028, bounded by Webster avenue, Vanderbilt avenue (Park avenue), West, East One Hundred and Seventy-eighth street and East One Hundred and Seventy-ninth street and known as Lot No. 1.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 15th day of May, 1906, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
