# Frequently Asked Questions

## What is a general election?

A general election is when nominees from various political parties compete for government office. This includes winners of the September 10th primaries and candidates running on independent party lines.

New York City has many political parties, and as a voter you must decide which candidate will best serve your interests.

## Can I vote in the November 5th general election?

If you are registered to vote in New York City, you can (and should) vote on November 5th. Polls are open from 6 a.m. to 9 p.m. Registered voters receive a notice in the mail from the BOE with the address of their poll site and other information about voting. If you didn't get a notice, you might not be registered. You can check by calling 866-VOTE-NYC or look up your registration online at [voterlookup.elections.state.ny.us](http://voterlookup.elections.state.ny.us).

## What are ballot proposals?

A ballot proposal is a question placed on the ballot for voters to decide. This year, there are six proposed amendments to the New York State Constitution on the ballot. The State Senate and Assembly have passed these amendments but they are subject to the will of the voters, meaning you can vote to accept or reject them. Learn more about each proposal on pages 18-19.

## What will I be voting on in the general election?

You will be voting to elect the mayor, public advocate, comptroller, borough president, and City Council member in your district. You may also be voting in other races not covered in this Voter Guide, such as Assembly member or District Attorney.

You can vote for any candidate running on any party line for these offices, no matter what party you are enrolled in.

You will also be voting on six NYS ballot proposals that will amend the State Constitution in various ways if approved by the voters.

## How do I register to vote?

It is too late to register to vote in this year's general election (the deadline was October 11, 2013). But if you aren't registered, please register now for future elections! Fill out a voter registration form and submit it in person or by mail with the NYC Board of Elections (BOE). You can download a registration form from the BOE's website, pick one up at your local BOE office, or call 866-VOTE-NYC to request one by mail.

## Could my registration have expired?

Your registration has no expiration date, but it may have been canceled if you moved and did not update your address with the BOE, or if you have not voted in the past two federal elections. Call 866-VOTE-NYC or check online at [voterlookup.elections.state.ny.us](http://voterlookup.elections.state.ny.us).

## What if I moved within New York City since the last time I voted?

When you move, you must change your address with the BOE within 25 days. You do this by submitting a new voter registration form and filling in the information on the form, including information in the box labeled "Voting information that has changed." Fill in your new and old address, check the box for the party you wish to be enrolled in (do this even if you were enrolled in a party at your old address), and provide any other requested information. If you moved but you didn't change your address with the BOE before the deadline, you should go to your NEW polling place and vote by affidavit ballot. Call 866-VOTE-NYC to find out whether your change of address has been processed.

## What if they can't find my name on the list when I sign in to vote?

First, make sure you are signing in at the correct table for your assembly and election district. These district numbers are printed above your name on the mailing label of your Voter Guide and on the mailer the BOE sends to all registered voters each August. You can also ask a poll worker for help, or check [nyc.pollsitelocator.com](http://nyc.pollsitelocator.com).

If you are at the right table but you are not on the poll list, it may be because the BOE did not receive your registration form. If you believe that you are eligible, **you can still vote**. Ask for an **affidavit ballot**, and follow the instructions. After the election, the BOE will check its records and your vote will be counted if you were eligible to vote. If not, you will receive a notice that you were not eligible to vote with a registration form for future elections.

## What if I can't get to my polling place on Election Day?

You can vote by absentee ballot if you are unable to get to your polling place because of occupation, business, studies, travel, imprisonment (other than for a felony conviction), illness, disability, hospitalization, or if you are a resident in a long-term care facility. There are two ways to vote by absentee ballot: by mail or in person.

To vote absentee **by mail**, call 866-VOTE-NYC to request an absentee ballot application or download it at [www.vote.nyc.ny.us](http://www.vote.nyc.ny.us). Fill out the application and mail it to your BOE borough office. Applications must be **postmarked** by October 29, 2013. The BOE will send you an absentee ballot. Fill it out and mail it (postmarked by November 4, 2013) to your BOE borough office.

**Absentee voting in person:** Absentee voting in person begins as soon as the ballots are available (at least 32 days before an election) and ends on Election Day. It is conducted at your BOE **borough office** Mon.-Fri. and on the weekend prior to Election Day, 9 a.m. to 5 p.m., and until 9 p.m. on Election Day.

**Please note:** If the deadline for requesting an absentee ballot by mail has passed and you cannot appear at your poll site on Election Day because of an accident or sudden illness, you can send a representative to your BOE borough office with a written letter of authorization to obtain an absentee ballot on your behalf. A completed application and your completed ballot must be returned to **your** BOE borough office by 9:00 p.m. on November 5th.

## Not sure which city council district you live in?

**Check the cover of this Guide:** Your district numbers are printed above your name and address. You can also visit [nyc.pollsitelocator.com](http://nyc.pollsitelocator.com), call the voter hotline at **866-VOTE-NYC**, or contact the BOE office in your borough.

# About the Voter Guide

This Guide lists all the candidates who appeared to be on the ballot for the general election at press time, even if the candidate did not submit a Voter Guide profile in time to be included in this printed Guide. Because candidates can be removed from the ballot for legal reasons until just before the election, some candidates listed in this Guide may not appear on the ballot. If a primary race was too close to call at press time, or if a runoff election was anticipated, more than one candidate may be listed as running on a particular party line, with a footnote indicating why. However, only one candidate per party line will appear on the General Election ballot. Visit the online Voter Guide at [www.nycfb.info/voterguide](http://www.nycfb.info/voterguide) for up-to-date general election information, or use the BOE’s poll site locator at [www.vote.nyc.ny.us](http://www.vote.nyc.ny.us) to view your sample ballot.

The profiles and photos in this Guide were submitted to the CFB by the candidates. All the candidates have affirmed under penalty of perjury that the information in their profiles is true to the best of their knowledge. The information provided by the candidates is reprinted as it was supplied to the CFB, except in the case of egregious errors and minor formatting issues, which may be corrected by the CFB prior to publication. ## Bill de Blasio

Mayor (D)

**Party Enrolled In:** Democratic

**Current Occupation:** New York City Public Advocate

**Previous Occupation(s):** Campaign Manager, Hillary Clinton for Senate; Regional Director for the U.S. Dept. of Housing and Urban Development; Aide to Mayor Dinkins

**Education:** M.A. Columbia University School of International and Public Affairs; B.A. New York University

**Organizational Affiliations:** N/A

**Prior Public Experience:** New York City Council Member District 39 (Brooklyn); Community School Board 15 Member

**1. What is the most important issue in the city you would address if elected?**  
My top priority will be addressing economic inequality. For far too long, City Hall has catered to the elite while middle and working-class families are dismissed or ignored.

To tackle economic inequality, we must strengthen our education system, expand and protect affordable housing, and create strong jobs across all five boroughs. I am the only candidate who has a plan to create universal early education and after-school programs by asking the wealthiest to pay a little more in taxes.

**2. What other important issues would you address if elected?**  
I understand how fragile police-community relations can put both residents and officers at risk, and I have called for true reform of Stop and Frisk and strong legislation to ban racial profiling. I also believe that immigrants have always been an essential part of our city and the next administration must embrace and support our vital immigrant communities.

**3. What makes you the best candidate for this office?**  
I have dedicated my career to taking on the elite and powerful, and standing up for taxpayers, families, and everyday New Yorkers. As an outer-borough working dad and public school parent, I care deeply about the everyday issues that are front-and-center to families: economic fairness, job creation, early education and after-school programs, child care, a real living wage, effective and respectful policing, and affordable housing.

Joseph J. Lhota

Mayor (R, C, SF)

Party Enrolled In: Republican

Current Occupation: Full-time candidate

Previous Occupation(s): Chairman & CEO, Metropolitan Transportation Authority; Deputy Mayor and Budget Director, Giuliani Administration; Executive Vice President, Madison Square Garden & Cablevision; Investment Banker

Education: Georgetown University, BS 1976; Harvard Business School, MBA 1980

Organizational Affiliations: CUNY, Member Board of Trustees

Prior Public Experience: Budget Director and Deputy Mayor for Operations, Giuliani Administration; Chairman & CEO, Metropolitan Transportation Authority

**1. What is the most important issue in the city you would address if elected?**  
Creating jobs and a vibrant, diversified economy is the key to our City’s success. Government can’t create jobs, but it is responsible for creating an environment for job growth. Our government must operate more efficiently while reducing taxes

[www.joelhotafortmayor.com](http://www.joelhotafortmayor.com)

and the burdensome regulations and fines that are strangling small businesses. We must focus on fostering emerging industries to create quality, good-paying jobs in all five boroughs.

**2. What other important issues would you address if elected?**  
Reforming government must be a top priority. We need ethics reform to get rid of corrupt politicians and educational reform to improve our schools. Public safety is also critical to our quality of life. We must ensure the NYPD has the necessary tools and resources to keep us safe from terrorists and violent criminals.

**3. What makes you the best candidate for this office?**  
The next Mayor needs to have the experience and vision to lead New York City on Day One. Our City is a \$70 billion enterprise with more than 300,000 employees. I am the only candidate with vast experience leading complex organizations in both the private and public sectors. I have been fortunate to serve the people of this City through some of our best times of growth and transformation, but also through some of our biggest challenges, like 9/11 and Hurricane Sandy. I believe our best days are ahead and as Mayor, I will use my common sense, my vision and my experience to lead New York City forward.

**1. What is the most important issue in the city you would address if elected?**  
Reforming education to ensure our young people are prepared to participate in the economy must be a top priority. Education has become more about the needs and wants of a few adults rather than the parents and students who have long been underserved by a failing system.

**2. What other important issues would you address if elected?**  
New York City must remain affordable for the middle class and those who would come here to make a better life. It also must be a business-friendly city that acts as an incubator for the industries and jobs of the future. We do that by NOT raising taxes and treating our people and businesses like the government’s ATM. Our city must be a safe city and a place where innovation creates opportunity.

**3. What makes you the best candidate for this office?**  
I will bring the experience, common sense ideas and independent leadership New Yorkers want and deserve to City Hall. New Yorkers have had enough of special interests and the political establishment running the show. Our city is ready for real results and a bold vision for a New York that works better for everyone. It is the mayor’s duty to make decisions that improve the lives of New Yorkers. The decisions are never easy, but my track record shows that putting the people first delivers results.

Anthony Gronowicz

Mayor (G)

Party Enrolled In: Green Party

Current Occupation: CUNY Professor

Previous Occupation(s): CUNY Professor

Education: BA Columbia College; PhD in New York City Political History, University of Pennsylvania

Organizational Affiliations: American Historical Association; Organization of American Historians

Prior Public Experience: Green Party of NYS State Committee Representative

**1. What is the most important issue in the city you would address if elected?**  
Environmental degradation is the most pressing issue facing all New Yorkers. As a New York City native, I recognize, especially after Superstorm Sandy and the 2008 economic collapse, that housing, health care, jobs and education are all impacted by the quality of the environment. A sustainable environment is key to a long and prosperous life for the average New Yorker.

[www.vote Gronowicz.info](http://www.vote Gronowicz.info) | [VoteGronowicz](#)

**2. What other important issues would you address if elected?**  
More than 53,000 children in this city lack a permanent home – a 500% increase over 2008. 5% of public school students live in shelters. The majority of these students are Latino and African-American. Many of these students face the prospect of being stopped and frisked by a police department whom the richest mayor in history called “my own army.” If elected, I would halt this outrageous practice. In Los Angeles, New Orleans, Dallas and Baltimore, violent crime is down even further in percentage terms than in NYC, without violating numerous provisions of our Bill of Rights. Another key issue is divestment from fossil fuels, essential in stemming the rise in asthma and other respiratory diseases affecting our children. In order to provide a better education, I would cap classroom size at 20, heavily invest in pre-school programs for every child, and bring back gym, art and music. Closing public hospitals and public schools is unacceptable.

**3. What makes you the best candidate for this office?**  
I have dedicated my life to serving the needs of the average New Yorker. My concern is steadfastly for the 99%, not the 1% who have disproportionately benefited from an economy based on finance and not one aimed at providing full employment with full benefits.

# Abiodun Samuel Laurel-Smith

Mayor (AL)

**Party Enrolled In:** Independence

**Current Occupation:** Artist, writer, publisher

**Previous Occupation(s):** Artist, writer, publisher

**Education:** Studied Fine Art at The Polytechnic Ibadan, Nigeria, then History of Art, Society and Print at Oxford Brookes University, Oxford. UK and History of Art and Heritage Management at The University of Buckingham, UK.

**Organizational Affiliations:** Friends Of Smithies New York (FoSNY)

**Prior Public Experience:** Government service (MOD)

## 1. What is the most important issue in the city you would address if elected?

First is create alternative source of revenue for the city through safety and SECURITY. Then bring back research, tech. and service industries to the city.

[www.smithiesny.com](http://www.smithiesny.com)

## 2. What other important issues would you address if elected?

Better education at all levels through “HOMEWORKNY” parents and immigrant families could update their skills, assist their kids better at homework and meet the demands of a fast paced and digitally challenging society of now. Provide an after school internet access and hook up for kids from low income families, so they could study after school.

## 3. What makes you the best candidate for this office?

Best because I will continue the non partisan way of Mayor Bloomberg. Will improve by generating revenue for the city through a new source – research, human resources, service sector and technology. Affordable housing developments and problems of health care will be address block by block – that way, my administration will know who lives where and thrives under what condition.

## 1. What is the most important issue in the city you would address if elected?

Jobs, jobs, jobs! Every NYC resident who wants a job should have one, making a dramatic impact on every aspect of city life. As we seek to continue to make our city safer, a job is the last frontier of public safety. As we work to pay for new spending priorities, jobs are the best way to grow city revenues without raising taxes. Finally, by growing jobs and opportunity we can balance our budget by avoiding the costs of entitlement programs.

## 2. What other important issues would you address if elected?

The most important job of the Mayor is to keep our city safe. To do that, we must preserve but also improve the implementation of Stop, Question and Frisk.

## 3. What makes you the best candidate for this office?

25 years ago I went to Grand Central for 700 nights in a row to help feed the homeless. While they appreciated the sandwiches what they said they really needed was “a room and a job to pay for it.” I listened and have worked hard everyday since to deliver for them the opportunity to transform their lives through work. As Mayor, I will do the same for all the people of NYC.

**Education:** Studied at Columbia University, Stanley Fellowship in Clinical Neuroscience at the National Institute of Health (NIH)

## 1. What is the most important issue in the city you would address if elected?

Too many New Yorkers are out of work, or are struggling to make ends meet with low-paying jobs. NYC has an unemployment rate of over 9%, which is higher than the national average. My five-point plan will create thousands of new jobs in NYC and provide training for New Yorkers to upgrade to high-paying positions.

[www.hidaryfornyc.com](http://www.hidaryfornyc.com)

As an entrepreneur, I have the unique experience needed to grow New York’s economy. My first company, Dice.com, has connected more than five million people to their jobs. As a Brooklyn native I believe that we must create economic opportunity not only in the five boroughs.

## 2. What other important issues would you address if elected?

For NYC to continue to grow, we also need great schools, a safe city and affordable housing. A great education is the key to every child’s future, but our schools are failing too many of our kids. Having spent years working in education, my plan will innovate the classroom experience and deliver job-ready graduates. A safe city is key to maintaining a record 52 million tourists coming to New York each year and fueling our economy. Finally, affordable housing is critical to keeping low and middle-income families in NYC who are being squeezed out by the high cost of living.

## 3. What makes you the best candidate for this office?

I am not a career politician. I am an entrepreneur who has launched and run several successful business including the nation’s leading IT job website, which is a publicly listed company. My strong management experience, combined with my work in schools and low-income economic development has prepared me to lead NYC into an exciting future.

Public Safety: Continue the policies that have kept NYC safe from crime and terrorism. I will ensure New Yorkers can continue to walk around their neighborhoods safely. We need a safe city to preserve confidence so that the world continues to invest in New York City.

Offering free 1-year training to all NYC residents (high school seniors, and for all adults, in an adult education program) to enable graduates to obtain jobs anywhere in the US at \$25-60/hr (or \$80-\$100/hr as independent contractors). New internet and computer technology require public schools to change their curriculum to enable NYC residents and small businesses to obtain good jobs, have small business opportunities, and prosper. **2. What other important issues would you address if elected?**

Reduced business regulation. Financial transparency with all payments fully disclosed in a website. Workable public campaign financing. Free public transportation (paid from resulting revenues).

**3. What makes you the best candidate for this office?**

I've had 50 years of experience in small business and career-oriented education, and understand the education program needed in NYC to create good paying jobs for NYC's residents. To solve the economic problems for most NYC residents, we should create good jobs first, then worry about college.

1. New Yorkers need jobs that pay a livable wage. **1. What is the most important issue in the city you would address if elected?**  
The Socialist Workers Party candidates are setting an example for workers of the need to break from the Democratic, Republican, and other capitalist parties, and set a course for independent working-class political action.

The most important issue in the city, and the country, is unemployment. The division in the working class between those working and those not can be overcome by the labor movement fighting for a government-funded public works program to put millions

to work building affordable housing, child care centers, and other things that workers need

**2. What other important issues would you address if elected?**  
For working-class unity. Stop the deportations. For a big raise in the minimum wage. Organize the unorganized into fighting unions.

Free the Cuban 5. Five Cuban revolutionaries jailed in the U.S. since 1998 on trumped-up charges of “conspiracy” for gathering information on activities of Cuban-American counterrevolutionary groups operating on U.S. soil with impunity.

Defend a woman’s right to choose abortion. No to Washington’s wars. For withdrawal of all U.S. troops from Afghanistan, Korea, Guantanamo and elsewhere in the world. Eliminate stop and frisk. I have joined protests demanding prosecution of the killer of Trayvon Martin.

**3. What makes you the best candidate for this office?**  
I am the mayoral candidate for the only workers party in the election -- the Socialist Workers Party. I walked the picket line and marched with Amalgamated Transit Union Local 1181 during the school bus drivers and matrons strike last winter. Daniel Squadron

Public Advocate (D)

Party Enrolled In:

Democratic

Current Occupation:

State Senator

Previous Occupation(s):

See below

Education:

Yale University

Organizational Affiliations:

N/A

Prior Public Experience:

Before my election in 2008, I served as a top aide to US Sen. Chuck Schumer and co-authored his book. I also worked to secure \$3 billion for our transit system and move money from the bureaucracy to our public schools.

1. What is the most important issue in the city you would address if elected?

I’ll fight to make our city more livable and affordable so more people can make a life here, especially the most vulnerable.

2. What other important issues would you address if elected?

As a new father, I want every child to have the opportunity for a better future. I’ve fought for more funding and accountability in public schools, and will make sure parents have a voice, the city protects kids in foster care, and no child goes to bed hungry. I wrote legislation that banned military-style assault weapons like the one used in Newtown. I have a perfect 100% record on gun control, standing up to the NRA. I’ll fight to get illegal guns off our streets and keep New Yorkers safe. When Sandy struck, I set up relief sites and delivered food to stranded seniors and others in need. I fought for tax relief for homeowners who lost everything. As Public Advocate I’ll make sure we’re safe and prepared for the next disaster.
3. What makes you the best candidate for this office?

I have a proven track record of getting results for everyday New Yorkers - fighting corruption, writing landmark new gun laws, and advocating for affordable housing, parks, and public transportation. I’ll make the Public Advocate’s office a more effective force for children, seniors, and regular families who need a voice. I’m endorsed by Chuck Schumer, both former Public Advocates, and leaders around the city.

Adoptee Rights, Affordable Housing, Consumer Rights, Ecological Wisdom, Grassroots Democracy, Higher Education, Mass Transit, Nonviolence, Public Health, and Social Justice.

I’m not a career politician, I’m a lifelong resident of New York City that was born in Flushing, raised in Harlem, matured in Hells Kitchen and currently living in Park Slope. During the past 30 years I have maintained leadership roles in military, corporate and internet technology jobs while doing whatever I could in my free time to help promote a secure, sustainable future. - 1. What is the most important issue in the city you would address if elected?**

Housing has been a major issue for New Yorkers. From overcrowded shelters, outrageous rent hikes, and now Hurricane Sandy our City needs a strong Advocate who will deal with the shortage of affordable housing dead on. I believe every citizen of this City should have a place to lay their heads and a stable place to call home.
- 2. What other important issues would you address if elected?**

Infrastructure and storm preparedness needs to become a priority for our City, we need to have a clear solution to protect our shores and minimize the damage done by natural disasters. Education reform needs to also be a top priority for the Advocate, we are not in a position to just sit back on our laurels and watch our students revert back into old systems and patterns. Our aim should be to keep the momentum of educational achievement and excellence going from this current administration to the next. Our youth are losing an uphill battle, with little to keep them occupied, they are turning to gangs, drugs, and crime. We need a solution.
- 3. What makes you the best candidate for this office?**

I’ve suffered loss and understand the needs of the people of the true meaning of being an advocate. I believe I not only bring a unique style of leadership to the office, but I know what the people need and require, because I have been in their shoes.

**Prior Public Experience:** SWP candidate for 13th C.D. in 2012 elections

- 1. What is the most important issue in the city you would address if elected?**

Workers are facing everywhere the consequences of the deepening worldwide economic crisis of the capitalist system — the assault on our working conditions and standard of living. To cut across the competition and divisions fostered by capitalism, and build the working-class unity and political strength that is necessary to fight back against the propertied rulers, the Socialist Workers campaign calls for:

A massive government-funded public works program to provide millions of jobs building affordable housing, hospitals, child care centers and other things workers need.

- For a big increase in the minimum wage, which would increase the wage level for all working people. Organize and unionize unorganized workers. Defend a woman’s right to choose abortion. Eliminate stop and frisk.
- 2. What other important issues would you address if elected?**

One important priority is joining the campaign to free the Cuban Five — Gerardo Hernández, Ramón Labañino, Antonio Guerrero, Fernando González, and René González — Cuban revolutionaries framed up in 1998 on conspiracy charges. All but one remain in U.S. prisons today. The Five were gathering information on activities of Cuban-American counterrevolutionary groups operating on U.S. soil with impunity. There case has been winning growing support. They are an example of the kind of men and women who made and have defended the Cuban Revolution for over five decades and that will build a revolutionary party that can help lead a working-class fight for political power here.
- 3. What makes you the best candidate for this office?**

Myself and the other Socialist Workers candidates are setting an example for workers of the need to break from the Democratic, Republican and other capitalist parties, and set a course for independent working-class political action. I will work to diversify our economy and create jobs for middle class and working families in all five boroughs by finding new ways to support growth opportunities.

**3. What makes you the best candidate for this office?**  
Throughout my 20 years in public service, I have been a progressive, reform Democrat who has achieved real results. As Borough President, I exposed out-of-control city spending on outside consultants that cost New Yorkers millions. I uncovered serious failures by the Department of Education in forecasting student enrollment, spurring the construction of badly needed new schools. **2. What other important issues would you address if elected?**  
I want to help restore integrity in public service. I have always been a persistent advocate for children and working families, the labor movement, senior citizens, small businesses, and law endorsement. The quality of life of the resident in our community is my top priority.

### 2. What other important issues would you address if elected?

I am fighting to make sure that residents are safeguarded against overzealous ticketing agents who want to close the City's budget gap on the backs of taxpayers instead of making them partners in keeping our streets safe. I have also been a champion for our small businesses, advocating for reducing ticketing and authoring several laws aimed at providing a friendlier business climate allowing our small businesses every chance to succeed. Keeping our firehouses and libraries open, while also securing millions of dollars to improve our parks and our schools will continue to be a priority of mine. As one of the most senior members of the new City Council, my ability to deliver for my district will be further enhanced.

### 3. What makes you the best candidate for this office?

I am extremely proud of what we have been able to accomplish thus far and I will have even greater influence in the Council due to my more senior status. I believe my record of accomplishment at the New York City Council to preserve, protect, and enhance our area has greatly benefited the resident of my district. It would be an honor to continue to serve.

Fines, Fees & Taxes. Over the last decade, fines, fees and taxes have gone up. I will continue my mission to improve the “quality of life” of our community. I’ve secured \$15 million to fix every single park in our community. I’ve obtained funding to clean our streets. I have literally helped thousands of community residents with every imaginable problem--from potholes to taxes to fixing traffic signs. I will continue to be the most responsive elected official in our community.

**3. What makes you the best candidate for this office?**  
I was born and raised in our community, and my wife and I are proud to live and raise our young children here. 1. What is the most important issue in Council District 45 you would address if elected?

Since my election in 2009, the primary goal for my office has been to ensure that all young people have a safe place to learn and grow. This means advancing public safety through a reduction of gun violence and improved police-community relations,

2. What other important issues would you address if elected?

I am working to implement significant government reform, in the form of changes to our City Charter, that will address the imbalance of power at City Hall and the disparities in resource allocation citywide. I also seek to implement additional community initiatives to advance our local quality of life for small businesses, seniors and families alike.

I am an independent, progressive voice that has dedicated my career to empowering my neighbors with the tools that will lift up everyone’s future. - » Do NOT fold your ballot.

3

3 | Scan Your Ballot

- » Take your ballot and voter card to the scanner area.
- » Select your language of choice by touching the corresponding button on the screen.
- » Insert your marked ballot into the scanner to cast your vote. The scanner accepts ballots in any direction and reads both sides. The scanner will notify you when your vote has been cast.

Using the Ballot Marking Device (BMD)

The BMD provides two ways for voters to access the ballot:

1. See the ballot on the display screen.
2. Listen to the ballot through audio headphones.

The BMD provides four ways for voters to mark the ballot:

1. Touch Screen
2. Key Pad (Braille)

- » If you would like assistance inserting your ballot into the scanner, a poll worker will assist you.

Important Notes and Solutions to Common Problems!

Remember...

Turn your ballot over!

There may be candidates and/or ballot proposals to vote for on the back.

Be sure to vote for every office and every ballot question.

The scanner will not tell you that you failed to mark an oval for one or more races or ballot questions. This is called "undervoting." Look your ballot over carefully before you scan it. Be sure you voted for every race and every ballot proposal. Once the scanner accepts your ballot, you will not get a second chance to vote.

Fill in the oval completely.

Do not use "X" or "✓" or circle the oval.

Vote for only one person unless instructed otherwise.

In the first column of each row, the ballot will say how many choices you have. In most cases, it will say "Vote for ONE", but in some cases it may say "Vote for any TWO", "Vote for any THREE", etc. Please read the ballot carefully so you do not overvote or undervote.

You can vote for a write-in candidate.

If you want to vote for a candidate who is not listed on the ballot, you must:

- (1) completely fill in the oval in the area provided for write-in candidates and
- (2) write or stamp the name of the candidate in that same box.

There is more than one scanner at most poll sites.

Hand your voter card to the poll worker and he or she will tell you which scanner to use.

Problems & Solutions

I made a mistake marking my ballot.

Do not try to erase or change your ballot. Ask a poll worker for a new ballot. Each voter can request up to 3 ballots total.

I "overvoted" (filled in too many ovals for a contest).

If you overvote, your vote for that office or ballot proposal will not be counted. If you realize you have overvoted before placing your ballot in the scanner, ask a poll worker for a new ballot to fill out. If you insert a ballot with an overvote into the scanner, the display screen will show an error message with two choices. Select "Don't Cast – Return Ballot", and the scanner will return your ballot so you can ask a poll worker for a new ballot to fill out. If you choose "Cast Ballot", the scanner will keep your ballot and your vote will not be counted for the contest in which you overvoted, but the rest of your choices will count.

The text is too small; I can't read my paper ballot.

There will be a magnifying sheet available. You can also ask to use a Ballot Marking Device (BMD) or ask a friend to help you.

Make sure to vote on all six ballot proposals!

- » The questions may be on the **back**.
- » Vote **YES** or **NO** by filling in the correct oval completely for each question. Go to pages 18-19 to learn more about the ballot proposals.

# New York State Ballot Proposals

On November 5th, you will also be voting ☐ YES or ☐ NO on six ballot proposals to amend the New York State Constitution. For each proposal, we have provided the official text of the ballot question; a summary describing it; and reasons to vote yes or no, which were prepared by the CFB based on media coverage and other public commentary and do not necessarily reflect all the reasons to support or oppose each proposal.

For “pro” and “con” statements from organizations and individuals who support or oppose each proposal, visit the online Voter Guide at [www.nyccfb.info/voterguide](http://www.nyccfb.info/voterguide).

### Proposal 1 | Authorizing Casino Gaming

The proposed amendment to section 9 of article 1 of the Constitution would allow the Legislature to authorize up to seven casinos in New York State for the legislated purposes of promoting job growth, increasing aid to schools, and permitting local governments to lower property taxes through revenues generated.

Shall the proposed amendment be approved? ☐ YES or ☐ NO

An umbrella prohibition against gambling was added to the State Constitution in 1894. The Constitution has since been amended to allow certain forms of gambling – including state lotteries and wagering on horse racing – but casino gambling remains illegal in New York.

This proposal would amend the State Constitution to permit casino gambling at no more than seven facilities statewide for the legislated purposes of promoting job growth, increasing aid to schools, and permitting local governments to lower property taxes through revenues generated. Under a law enacted by the state legislature this year, if the ballot proposal is passed, up to four casinos could be placed right away in three upstate regions: the Hudson Valley-Catskill area, the Capital District-Saratoga area, and the Southern Tier. The law prohibits additional casinos for at least seven years.

Under this law, if this ballot proposal does **not** pass, gambling would be authorized at up to four new video lottery gaming facilities.

### Reasons to Vote ☐ YES

- » Casinos will jumpstart the economies of economically depressed regions upstate by attracting tourists, creating jobs, and generating revenue.
- » This will generate substantial tax revenues for state and local governments. Most of these revenues would be used to finance public education and lower property taxes.
- » Casino gambling is a fun recreational activity that should be more accessible to New Yorkers.
- » Many state residents already visit casinos in neighboring states such as New Jersey and Connecticut. New York should reap the profits from New York residents’ gambling, not these other states.
- » There should be a coherent, uniform state policy with respect to casino gambling. New York already permits video lottery terminals at racetracks and has five Vegas-style casinos on Native American tribal land, as permitted under federal law.

### Reasons to Vote ☐ NO

- » Legalized casinos are a predatory scheme to raise money from the poor and vulnerable. They would lead to an increase in compulsive gambling, which has financial and social consequences for victims and their loved ones.
- » Casinos attract illegal activities such as forgery, fraud, theft, embezzlement, and prostitution. These and other problems caused by gambling could cost the state nearly \$400 million per year.
- » We should not permit casinos in New York before we more carefully study their potential impact. Casinos do not guarantee economic development, and sometimes have little overall economic effect.

- » Casinos in New York will not be especially profitable, and will have a limited impact on regional economies, because the Northeast has recently become saturated with casinos.
- » This proposal would have minimal short-term impact downstate because casinos would not be developed in New York City and nearby counties for at least seven years.
- » We’re always promised that new state revenues will go toward education and lowering taxes, but this never seems to happen.

### Proposal 2 | Additional Civil Service Credit for Veterans with Disabilities Certified Post-Appointment

The proposed amendment to section 6 of article 5 of the Constitution would entitle a veteran who has received civil service credit for a civil service appointment or promotion and subsequently is certified as disabled to additional civil service credit at a subsequent appointment or promotion.

Shall the proposed amendment be approved? ☐ YES or ☐ NO

Under the State Constitution, military veterans receive additional credit on civil service exams: 5 points for an original appointment and 2½ points for a promotion. Veterans certified as disabled receive more credit: 10 points for an original appointment and 5 points for a promotion. Currently, civil service credit for military service is applied only once – if a veteran is classified as disabled at a later date, he or she does not receive the higher amount of credit.

This proposal would allow veterans who are certified disabled after having already received credit at one appointment or promotion to receive additional credit one more time after certification of their disability. After being certified disabled, a veteran would be entitled to an additional grant of credit equal to the difference between 10 and the number of points received at the initial appointment or promotion. This would bring the total additional points of civil service credit a disabled veteran can receive to 10 for a subsequent promotion or appointment.

### Reasons to Vote ☐ YES

- » It should not matter when a veteran is disabled for calculating civil service credit. This proposal closes that loophole.
- » Our veterans have risked their lives for us and deserve our full support when they come home.

### Reasons to Vote ☐ NO

- » The civil service system already adequately compensates disabled veterans. More compensation is not needed.

### Proposal 3 | Exclusion of Indebtedness Contracted for Sewage Facilities

The proposed amendment to Article 8, section 5 of the Constitution would extend for ten years, until January 1, 2024, the authority of counties, cities, towns, and villages to exclude from their constitutional debt limits indebtedness contracted for the construction or reconstruction of sewage facilities.

Shall the proposed amendment be approved? ☐ YES or ☐ NO

The State Constitution places limits on the debts that may be incurred by counties, cities, towns, and villages. Currently, debts incurred between 1962 through the end of this year for the construction or reconstruction of sewage facilities are exempt from constitutional debt limits. The proposal would extend this exemption for another ten years, to include all such debts incurred through the end of 2023.

### Reasons to Vote ☐ YES

- » This exemption would allow cities and towns to maintain high-quality sewage systems without exceeding their constitutional debt limitations.
- » This proposal would allow municipalities to continue an appropriate financial-management practice that has been in place for over 50 years.

### Reasons to Vote ☐ NO

- » This proposal would allow municipalities to accumulate excessive debt that could impose crippling obligations on future taxpayers.
- » This exemption sets a bad precedent by allowing municipalities to get around debt limits. If we think the debt limits are too onerous, then we should revise the debt limits.

**Proposal 4 | Settling Disputed Title in the Forest Preserve**

The proposed amendment to section 1 of article 14 of the Constitution would authorize the Legislature to settle longstanding disputes between the State and private entities over certain parcels of land within the forest preserve in the town of Long Lake, Hamilton County. In exchange for giving up its claim to disputed parcels, the State would get land to be incorporated into the forest preserve that would benefit the forest preserve more than the disputed parcels currently do.

Shall the proposed amendment be approved?
 YES or NO

All of the state-owned land within the Adirondacks must be kept “forever wild” under the State Constitution. For more than a century, the titles to parcels of land in the town of Long Lake, Hamilton County have been in dispute, with both the state and private individuals claiming ownership. The state cannot transfer any of these parcels to a private owner without an amendment to the State Constitution. This proposed amendment would allow the state to give up its claim to disputed parcels in exchange for forest land of greater value, which would be added to Adirondack Park. The potential land exchange would occur only if the Legislature determines that the land to be conveyed to the state would benefit the forest preserve more than the disputed parcels do.

Reasons to Vote YES

- » This proposal would allow residents living on these disputed parcels to remain while adding more beneficial forest land to the Land Preserve for the public to enjoy.
- » Resolving this decades-long land dispute through the courts would be expensive; the state can potentially save these costs if this proposal passes.

Reasons to Vote NO

- » The state should not give public land to private owners.
- » According to the Constitution, this land is supposed to be kept “forever wild.” If the state gives up its fight for this land, the entire forest preserve is in jeopardy.
- » The Legislature cannot be trusted to obtain land in exchange that will benefit the forest preserve more than the disputed parcels do.

**Proposal 5 | In Relation to a Land Exchange in the State Forest Preserve with NYCO Minerals, Inc.**

The proposed amendment to section 1 of article 14 of the Constitution would authorize the Legislature to convey forest preserve land located in the town of Lewis, Essex County, to NYCO Minerals, a private company that plans on expanding an existing mine that adjoins the forest preserve land. In exchange, the NYCO Minerals would give the State at least the same amount of land of at least the same value, with a minimum assessed value of \$1 million, to be added to the forest preserve. When NYCO Minerals finishes mining, it would restore the condition of the land and return it to the forest preserve.

Shall the proposed amendment be approved?
 YES or NO

All of the state-owned land within the Adirondacks must be kept “forever wild” under the State Constitution. It is thus necessary to amend the state Constitution in order to transfer any of this land to another owner.

This proposal would permit the state to transfer title to approximately 200 acres of Adirondack Park in Essex County to NYCO Minerals, a private mining company that operates a mine adjacent to the forest preserve. In exchange, NYCO Minerals would transfer to the state at least the same quantity of land, with a minimum assessed value of \$1 million, to be added to the forest preserve. When NYCO Minerals finishes mining, the company would restore the condition of the land it received in the exchange and return it to the forest preserve.

The proposed amendment also would allow NYCO Minerals to test to determine the quantity and quality of the mineral to be mined on the land to be exchanged before the exchange occurs. It would require NYCO Minerals to give the State its test results so that the State can use them to determine the value of the land to be conveyed to NYCO Minerals. The proposed amendment also would require that if, after testing, NYCO Minerals does not want the forest preserve land, NYCO Minerals still must give the State at least the same amount of land of at least the same value of the land that was disturbed by the testing. This land would be incorporated into the forest preserve.

Reasons to Vote YES

- » Allowing NYCO Minerals to use the land could extend the life of its mine by at least a decade, saving more than 100 jobs in the area. The company’s current mine has only three more years of expected life.
- » The Forest Preserve contains the only viable mining location in the region. Other potential mining sites would be much more difficult and costly to mine.
- » The proposal would not diminish the amount of land available for the public to enjoy in the short term, and would ultimately increase the size of the preserve once NYCO Minerals returns the land it received to the State.

Reasons to Vote NO

- » This sets a bad precedent because it would be the first swap of Adirondack Park land undertaken for private commercial gain.
- » NYCO should not mine on Adirondack Park land when it could mine at an alternate site two miles away called Oak Hill.
- » Mined lands that will be returned to the Park will have suffered ecological destruction.
- » There are a number of scenarios under which NYCO Minerals might never return the exchanged land to the public trust, or might return it in a damaged state, such as if the company were to go out of business. This could make the land unsuitable for public use or require public dollars to rehabilitate.

**Proposal 6 | Increasing Age until which Certain State Judges Can Serve**

The proposed amendment to the Constitution, amending sections 2 and 25 of article 6, would increase the maximum age until which certain state judges may serve as follows: (a) a Justice of the Supreme Court would be eligible for five additional two-year terms after the present retirement age of 70, instead of the three such terms currently authorized; and (b) a Judge of the Court of Appeals who reaches the age of 70 while in office would be permitted to remain in service on the Court for up to 10 years beyond the present retirement age of 70 in order to complete the term to which that Judge was appointed.

Shall the proposed amendment be approved?
 YES or NO

Judges of the Court of Appeals — the state’s highest court — serve 14-year terms, but under the State Constitution, they must retire once they reach the mandatory retirement age of 70, even if they have not served their terms to completion. The proposed amendment would permit a Judge who reaches the age of 70 while in office to remain in service on the Court for up to 10 additional years in order to complete the term to which that Judge was appointed.

Justices of the Supreme Court – the state’s trial and appellate division courts – also must retire at age 70 under the Constitution, but are permitted to serve up to three two-year terms after they reach retirement age if their services are needed and they are deemed competent to perform the full duties of the office. This proposal would permit Supreme Court justices to serve two additional post-retirement terms, also allowing them to serve until age 80.

Reasons to Vote YES

- » The current mandatory retirement ages were set in 1869. Considering that life expectancy is now much higher and many senior citizens lead active and healthy lives, it no longer makes sense to force judges to retire at age 70.
- » This proposal will allow the most experienced judges to remain on the bench. Older judges may be more effective than younger judges due to their experience and the fact that their decisions may be less influenced by personal career prospects.
- » Four current members of the U.S. Supreme Court are over 70, and have showed no signs of slowing down. If these judges sat on New York State’s highest court, they would have already been forced to retire.

Reasons to Vote NO

- » We need younger and more diverse judges to bring a fresh perspective to the courts – not older judges serving longer.
- » This proposal could result in judges serving after they are no longer mentally or physically capable.
- » All judges in New York State should be subject to the same mandatory retirement age. This proposal creates a two-tiered system where statewide judges can retire later than judges in local and specialized courts, whose current retirement age of 70 would be unaffected.

New York City Campaign Finance Board

is a nonpartisan, independent city agency that enhances the role of New York City residents in elections. The CFB’s mission is to increase voter participation and awareness, provide campaign finance information to the public, enable more citizens to run for office, strengthen the role of small contributors, and reduce the potential for actual or perceived corruption.

The CFB’s NYC Votes campaign promotes voter registration, voting, and civic engagement through community outreach and partnerships with public and private organizations. For information on programs and events for potential voters, call 212-306-7100 or visit [www.nyccfb.info/nycvotes](http://www.nyccfb.info/nycvotes).

The CFB enforces the Campaign Finance Act, which sets limits and restrictions on campaign contributions to candidates for local office. Candidates are required to disclose exactly where their contributions come from and how the money is spent. The CFB also collects and discloses information about independent expenditures in local elections. The CFB makes this information public on its website, [www.nyccfb.info](http://www.nyccfb.info). Candidates must also abide by “Doing Business” restrictions aimed at reducing the perception of “pay-to-play” in local government. Candidates have the option of joining the voluntary Campaign Finance Program, which provides public matching funds to qualified candidates who agree to abide by strictly enforced spending limits. The public matching funds program allows candidates with sufficient public support to run competitive campaigns without seeking out large campaign contributions or relying on personal wealth.

If you are interested in running for city office, or in learning more about how the CFB helps make NYC elections in New York more open and democratic, please check out our website at [www.nyccfb.info](http://www.nyccfb.info) or contact the CFB at 40 Rector St., 7th Floor, New York, NY 10006.
