COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at an Adjourned Meeting held at the Mayor's Office, at 11 A. M., on Friday, February 14, 1890.

Present—Hugh J. Grant, Mayor; Frederick Smyth, Recorder; Theodore W. Myers, Comptroller; and Thomas C. T. Crain, Chamberlain.

Absent—Walton Storm, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meeting held on February 12, 1890, were read and approved.

The Recorder addressed the Mayor, and said: "Mr. Mayor, before we proceed with the regular business, I desire to state here, for the information of parties present, that the question of awarding the contracts upon the several bids for the work of erecting and completing the Criminal Courts Building, which were referred to the Comptroller for tabulation at our last meeting, that this Board has the matter still under discussion, and it has been agreed that the awarding of those contracts be laid over until Monday next, at 11 o'clock, at the Mayor's Office; and I move that the matter be so laid over."

Which motion was carried unanimously.

The Comptroller presented an agreement made and entered into on November 13, 1889, by and between the New York Central and Hudson River Railroad Company and the Mayor, Aldermen and Commonalty of the City of New York, acting by the Department of Docks, for the sale and purchase of certain wharf property, beginning at a point on the northerly line of West Thirty-third street, and thence northerly about one hundred and one feet, for the sum of \$10,000, subject to the approval of the Commissioners of the Sinking Fund.

Commissioner Cram appeared for the Department of Docks, and explained to the Board the location and character of the wharf property, the purchase of which had been agreed upon with the New York and Hudson River Railroad Company, by that Department, and the importance of the acquisition of it for the interest of the city, in view of the proposed improvement of the water-front.

The Comptroller stated that he had had the property examined by Mr. E. E. McLean, Engineer of the Finance Department, who had reported upon the purchase favorably, and that he considered the price to be paid for it under the agreement made by the Department of Docks as fair and reasonable.

A map of the property was submitted and examined by the Board, and after full consideration of the matter, a preamble and resolution approving of said agreement was offered by the Comptroller, as follows:

Whereas, An agreement was made and entered into on the 13th day of November, 1889, by and between the New York Central and Hudson River Railroad Company, party of the first part, and the Mayor, Aldermen and Commonalty of the City of New York, acting by the Department of Docks, parties of the second part, for the sale and purchase of certain wharf property, beginning at a point on the northerly line of West Thirty-third street and thence northerly about one hundred and one feet, for the sum of ten thousand dollars (\$10,000), subject to the approval of the Commissioners of the Sinking Fund;

Resolved, That the Commissioners of the Sinking Fund do hereby concur in and approve of said agreement, and do authorize and direct the Comptroller to pay the sum of ten thousand dollars (\$10,000) as the consideration for the said wharf property on the delivery of a good and sufficient deed thereof to the City, approved by the Counsel to the Corporation, upon a requisition of the Commissioners of Docks.

Which were unanimously adopted.

In connection with the foregoing matter, the Comptroller presented the following report and resolution relative to a resolution of the Department of Docks, changing the dimensions of the new pier to be established at the foot of Thirty-third street, North river, known as Pier, new 63:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
February 14, 1890.

To the Commissioners of the Sinking Fund:

GENTLEMEN—On January 10, 1890, a resolution of the Department of Docks, requesting this Board to approve of a change of the dimensions of the new pier at the foot of West Thirty-third street, North river, known as Pier 63, North river, from those heretofore approved, was referred to the Comptroller.

An examination has been made, and the proposed change in the lines of the pier is considered judicious.

A resolution of approval is therefore submitted.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Commissioners of the Sinking Fund do hereby consent to and approve of the change in the dimensions of the pier foot of West Thirty-third street, known as Pier 63, North river, from the dimensions thereof as laid down on the plans determined by the Board of Dock Commissioners, April 13, 1871, and adopted by the Commissioners of the Sinking Fund, April 27, 1871, to include an additional area adjacent to the northerly side of the pier and to the established bulkhead line; the amended dimensions of the pier to be as follows: Beginning at a point in the established bulkhead line, which said point is also in the southerly side line of the pier, as formerly determined; thence running westerly along the southerly side line of the pier as formerly determined a distance of five hundred feet; thence running northerly along the westerly end line of the pier as formerly determined a distance of sixty feet; thence running easterly along the northerly side line of the pier as formerly determined a distance of three hundred and thirty-five feet; thence running northerly parallel to the established bulkhead line a distance of sixty feet; thence running easterly parallel to the northerly side line of the pier as formerly determined a distance of one hundred and sixty-five feet to a point in the established bulkhead line; thence running southerly along the established bulkhead line a distance of one hundred and twenty feet to the point and place of beginning, as shown on a plan submitted in duplicate by the Department of Docks.

The report was accepted and the resolution unanimously adopted.

The Mayor called up the report of the Comptroller on the petition of Henry V. Donnelly and Thomas F. Donnelly, executors of Sarah Donnelly, for a release from the City of a part of the old Fitzroy road, and the resolution to authorize such release, which were laid over upon his motion at the meeting of the Board held on December 5, 1889, and stated that he had satisfied himself by an examination that the prayer of the petitioners should be granted, and he moved the adoption of the resolution, as follows:

Whereas, The Counsel to the Corporation has advised that the Commissioners of the Sinking Fund, if they deem it best so to do, may sell in the usual way, at public auction, after public advertisement and appraisal, the City's interest in a certain part of the old Fitzroy road, between Forty-first and Forty-second streets, for which a release from the City has been asked by the adjacent owners; and

Whereas, The facts in the case as stated by the Comptroller in his report presented this day, in connection with the opinion of the Counsel to the Corporation, make this course advisable in order to remove a cloud from the title to the property by a release of the City's interest therein;

Resolved, That pursuant to the provisions of section 170 of the New York City Consolidation Act of 1882, the Comptroller be and he is hereby authorized and directed to sell at public auction, after public advertisement and appraisal, all the right, title and interest of the Corporation of the City of New York in and to all that certain piece or parcel of land, being a part of the Old Fitzroy road, situate, lying and being in the City and County of New York, forming a portion of lots known as Ward Nos. 13, 13½, in Block No. 88, on the tax maps of the Twenty-second Ward, bounded and described as follows: Beginning at a point on the northerly side of Forty-first (41st) street, distant three hundred (300) feet easterly from the corner formed by the intersection of the northerly side of Forty-first (41st) street with the easterly side of Ninth (9th) avenue, running thence northerly and parallel with Ninth (9th) avenue sixty-two (62) feet and nine (9) inches to the westerly side of the Old Fitzroy road, as laid down on the map for the Commissioners appointed to close said Fitzroy road, by D. Ewen, City Surveyor, dated February, 1833; thence northeasterly along the westerly line of said Fitzroy road forty-one (41) feet to a point on the centre line of the block between Forty-first (41st) and Forty-second (42d) streets, distant three hundred and twenty-two (322) feet easterly from the easterly side of Ninth (9th) avenue; thence easterly along the said centre line of the said block ten (10) feet and two (2) inches; thence southerly and parallel with Ninth (9th) avenue fifty-five (55) feet and eleven (11) inches to the easterly side of said Fitzroy road; thence southwesterly along the said easterly side of said Fitzroy road fifty-one (51) feet and one (1) inch to the northerly side of Forty-first (41st) street, distant three hundred and six (306) feet easterly from the easterly side of Ninth (9th) avenue; thence westerly along the northerly side of Forty-first (41st) street six (6) feet to the point or place of beginning; the distances of the said described land, colored pink, being more or less, as shown on a diagram thereof; the purchase money and the auctioneer's fee to be paid in cash at the time of the sale, and all taxes, assessments and Croton water rents that may be due shall be paid on or before the delivery of said release; and the Comptroller is hereby authorized to appoint an appraiser of the interest of the City in said described land forming a part of the Old Fitzroy road, the appraisal to be approved by this Board before such sale.

The report was accepted, and the foregoing preamble and resolution were unanimously adopted.

The Comptroller called up the report and resolution upon the petition of Cyrille Carreau for a release from the city of a plot of land corner of One Hundred and Seventh street and First avenue, presented by him, and laid over November 8, 1889.

The Recorder moved that the petition be denied, without prejudice to the right of the petitioner to a renewal of his application for a release.

Which motion was carried.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
February 17, 1890.

To the Commissioners of the Sinking Fund:

GENTLEMEN—In compliance with a resolution adopted at the meeting of the 12th instant, on the opening of the proposals for the work of erecting the Criminal Court Building, I have had prepared a tabulated statement of all the bids, which is herewith submitted.

The names of the lowest bidders are in italics and the amounts of the sureties required are noted against each bid.

The lowest bidder for the entire work is the firm of J. & S. Weber, No. 212 East Eightieth street; amount, \$1,350,000.

I have made inquiries about the character and responsibility of this firm of builders, and find that it has a high standing and has been established for about forty-eight years, and has erected some of the finest buildings in the city, conspicuous among which are—

The "Staats Zeitung" Building.

The Hebrew Orphan Asylum.

The German Liederkrantz Building.

The Broadway Theatre.

Also, the largest breweries in the city and many other important buildings.

The lowest bidders for the several subdivisions of the work are:

For mason work, Dawson & Archer, No. 236 East Thirty-fifth street..... \$820,000 00

For iron work, Jackson Architectural Iron Works, No. 315 East Twenty-eighth street..... 284,925 00

For carpenter and joiner work, P. K. Lantry, No. 206 East Fiftieth street..... 161,000 00

For plumbing, draining and gas-fitting, James Fay, No. 823 Third avenue..... 11,775 00

Total..... \$1,277,700 00

The amount of these combined bids is \$72,300 less than the amount of the lowest bidder for the entire work.

Inquiry has also been made in regard to the standing of the lowest bidders for the several subdivisions of the work.

The firm of Dawson & Archer, the lowest bidder for the mason work, has been established in business for seven years, with a capital of \$225,000.

They did the mason work for—

The store building of Bloomingdale Brothers, corner of Third avenue and Fifty-ninth street.

The Edison Electric Illuminating Company, corner of Sixth avenue and Twenty-sixth street.

The Tower Building, No. 50 Broadway.

This firm is well recommended.

The Jackson Architectural Iron Works is the lowest bidder for the iron work.

This is a company of high general credit and responsibility, with a large capital and has large contracts for important works.

P. K. Lantry is the lowest bidder for the carpenter and joiner work; has been in business for ten years and did the carpenter and joiner work for the Twenty-second Regiment new armory and other large jobs.

He is in good credit, and is considered responsible and is well recommended.

James Fay is the lowest bidder for plumbing, draining and gas-fitting. He has been established in business for thirty years and has done work on many of the best buildings in the city, among which are—

The Reception Hospital, foot of East Sixteenth street.

The Hospital on North Brother Island.

The Osborn Flat, corner of Fifty-seventh street and Seventh avenue.

The Eye and Ear Hospital, corner of Forty-first street and Park avenue.

Respectfully submitted,

THEO. W. MYERS, Comptroller.

The report was accepted.

The Comptroller offered the following resolution, awarding contracts to the lowest bidders:

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, February 19, 1890.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING

4,000 tons egg coal.
1,500 tons stove coal.
500 tons nut coal.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Wednesday, March 5, 1890, at which time and place they will be publicly opened by the head of said Department and read.

The coal is to be of the best quality of Pitt-on, Scranton or Lackawanna, to weigh 2,000 pounds to the ton, and be well screened and free from slate.

All of the coal is to be delivered at the various houses, etc., of the Department, in such quantities and at such times as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department, upon scales furnished by the Department, which are to be transported from place to place by the contractor.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the contract, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of thirteen thousand (\$13,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of six hundred and fifty dollars (\$650). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

(No. 322.)

PROPOSALS FOR ESTIMATES FOR FURNISHING ABOUT 2,100 PILES.

ESTIMATES FOR FURNISHING ABOUT 2,100 Piles will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, FEBRUARY 28, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Five Thousand Five Hundred Dollars.

The Engineer's estimate of the quantities is as follows:

Class I.—About 170 piles, from 75 feet to 85 feet long, not less than 12 inches in diameter at the butt, and not less than 7 inches in diameter at the point, measured exclusive of the bark.

Class II.—About 130 piles, from 70 feet to 75 feet long, not less than 14 inches in diameter at the butt, and not less than 6 inches in diameter at the point, measured exclusive of the bark.

Class III.—About 350 piles, from 65 feet to 70 feet long, not less than 14 inches in diameter at the butt, and not less than 6 inches in diameter at the point, measured exclusive of the bark.

Class IV.—About 1,150 piles, from 60 feet to 65 feet long, not less than 14 inches in diameter at the butt, and not less than 6 inches in diameter at the point, measured exclusive of the bark.

Class V.—About 300 piles, from 55 feet to 60 feet long, not less than 14 inches in diameter at the butt, and not less than 6 inches in diameter at the point, measured exclusive of the bark.

Total, about 2,100 piles.

N. B.—Bidders are required to submit their estimates upon the following express condition, which shall apply to and become a part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

About 150 of the piles are to be delivered within ten days from the date of the contract, and all the piles to be delivered under this contract are to be delivered on or before the first day of June, 1890, at which time this contract ceases and terminates; and the amounts in each delivery are to be divided between the several classes as directed by the Engineer-in-Chief. The damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at \$50 per day.

Bidders will state in their estimates a price per pile for the piles in each class, to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the completion of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the estimate, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS ST.,
NEW YORK, February 13, 1890.

PUBLIC NOTICE CALLING FOR BIDS OR
Proposals for the Privileges or Licenses to
Sprinkle the Public Streets in the City of New York
with water drawn from the public fire-hydrants, the
bids to be received and opened at the office of the Com-
missioner of Public Works, on Wednesday, February 26,
1890, at 12 o'clock noon.

A separate bid must be made for each of the sprink-
ling routes hereinafter described.
The bidder must state the amount which he proposes
and agrees to pay for the license, over and above the
amount which will be charged for the water consumed
in sprinkling. The amount of each bid must be paid
in advance at the time when the license is issued and
the charges for water, as established by the Commis-
sioner of Public Works, must be paid monthly in
advance.

The season for sprinkling the streets shall begin not
earlier than March 15, 1890, and terminate not later than
November 15, 1890, and the Commissioner of Public
Works reserves the right to diminish the length of the
season and to suspend sprinkling during the season
whenever he deems it in the interest of the city so to do.
The Commissioner of Public Works also reserves the
right to reject any or all of the bids or proposals.

In the sprinkling of the streets the following rules
and regulations must be observed:

1st. The tin sprinkler attached to each cart shall con-
form in every respect to a pattern approved by the
Department of Public Works, the holes to be in parallel
rows, at least one-half inch apart, and of a size not to
exceed No. 14 Wire.

2d. The name and residence of each person licensed
to sprinkle the streets shall be painted on both sides of
the cart in black letters of not less than two inches in
length on a white ground.

3d. Permits for sprinkling carts, if driven by boys,
will be immediately revoked.

4th. No license will be granted to any person not a
resident of the City and County of New York.

5th. Each sprinkling cart shall be provided with a
sound and proper piece of hose to conduct the water
from the fire-hydrant to the cart, and such hose shall
always be kept in order and free from leaks.

6th. Each person obtaining a permit for sprinkling
shall keep the hydrants allotted to his use closed, except
when obtaining water for use, and shall be responsible
for any damage that may result from the use or abuse
of them while in their charge; provided such damage
shall not have been occasioned by others than those in
the employ of said person.

7th. Any person who shall thus obtain a permit shall
pay to the Department of Public Works such sum or
price as may be fixed by the Department for the water
used during the season for sprinkling; the payments to
be made monthly in advance and within the first week
of each month.

8th. Each person obtaining a permit will be required
to sprinkle the streets with sufficient water only to lay
the dust; drenching the streets with an excessive
quantity of water will be sufficient cause to revoke any
permit or license.

9th. Every person who shall obtain a sprinkling per-
mit will be required to confine himself strictly to his
route; encroaching on other routes will not be per-
mitted.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
ROOM 6, NO. 31 CHAMBERS STREET,
NEW YORK, February 12, 1890.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M. Tuesday, February 25, 1890, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR FURNISHING THE DEPARTMENT OF PUBLIC WORKS WITH THREE THOUSAND FOUR HUNDRED AND SEVENTY (3,470) GROSS TONS (2,740 pounds to a ton) OF BEST WHITE ASH, LEHIGH AND WILKESBARRE COAL, as per specifications, and THIRTY (30) TONS OF INCE HALL CANAL COAL.

No. 2. FOR FURNISHING MATERIALS AND PERFORMING WORK IN THE ALTERATIONS AND REPAIRS TO THE HALL OF RECORDS, CITY HALL PARK, NEW YORK CITY.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every

nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 15, No. 31 Chambers street.

NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOMAS F. GILROY,
Commissioner of Public Works.

REGULATIONS ESTABLISHING A SCALE OF WATER RENTS AND RULES GOVERNING THE USE OF WATER, FOR THE CITY OF NEW YORK, BY ORDER OF THOMAS F. GILROY, COMMISSIONER OF PUBLIC WORKS.

UNDER CHAPTER 410, LAWS 1882, SECTIONS 350, 351, 352 and 353, and as amended by chapter 559, Laws 1887, as follows:

"The commissioner of public works shall, from time to time, establish scales of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, and consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to

time, and extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, and shall become a charge and lien upon the buildings upon which they are respectively imposed, and, if not paid, shall be returned as arrears to the clerk of arrears. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipes are or may be laid, and from which they can be supplied with water. Said rents, including the extra charges aforesaid, shall become a charge and lien upon such houses and lots, respectively, as herein provided, but no charge whatever shall be made against any building in which a water-meter may have been, or shall be placed as provided in this act. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters."

The said commissioner of public works is hereby authorized to prescribe a penalty not exceeding the sum of five dollars for each offense, for permitting water to be wasted, and for any violation of such reasonable rules as he may, from time to time, prescribe for the prevention of the waste of water; such fines shall be added to the regular water rents."

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, horse-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,
THOMAS F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, June 1st,

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,
Commissioner of Public Works.
