Report as to Watershed Condemnation Proceedings.

REPORT OF I. J. BEAUDRAIS, ESQ., SPECIAL COUNSEL IN CHARGE OF PROCEEDINGS IN WESTCHESTER AND PUTNAM COUNTIES.

PROCEEDINGS TO CONDEMN LAND FOR THE WATER SUPPLY, AND NEW CORNELL DAM.

In Re Cornell Dam, Eighth Supplemental Proceeding.

During the past year the proceedings pending before the Commissioners of Appraisal herein have been diligently pushed, and the seventh, eighth and ninth reports of said Commission have been confirmed.*

In Re Cornell Dam, Ninth Supplemental Proceeding.

The proceedings before the Commissioners herein are almost concluded, and Commission will be in a position to report shortly.

Dispossession Proceedings—New Highways.

A number of questions have arisen incidental to the final completion of the New Cornell Dam and Reservoir, and turning on the water which will flood the land, such as the dispossession of a number of persons who have refused to move peaceably, and the acceptance by the proper authorities of the new highways constructed to take the place of old highways which will be flooded, but these matters are all satisfactorily proceeding towards settlement, and it is expected that the same will be accomplished before the first of the year.

Whitlock Bridge (Road 32).

The question as to whether or not the railroad or the City should erect and maintain a bridge over the railroad where it intersects Road 32, is now in process of settlement, whereby the building of a bridge there will be dispensed with.

WATERSHED CONDEMNATION PROCEEDINGS—(Continued).

Parcel 141 (Pines Bridge).

The seventh report of the Eighth Cornell Commission awarded only a nominal sum of one dollar to the County of Westchester for this bridge. This award was set aside and the parcel referred to a new Commission, who have viewed the premises, and will commence taking testimony on the 16th of December, 1904.

In Re Lake Gleneida (Carmel).

The taking of testimony herein has been concluded on both sides, and the matter will be finally submitted December 16, 1904, to the Commission for determination.

In Re Muscoot (Parcel 27).

This proceeding has been concluded, the report confirmed and the award paid.

In Re Mahopac 33½.

The proceedings herein have been concluded and the final report submitted, and warrants are being drawn, and the awards will be paid shortly.

FEES OF COMMISSIONERS AND CLERKS.

The fees of the Commissioners of Appraisal known as Cornell, Seventh Supplemental Proceeding, which were presented for taxation, were thought exorbitant, and taxation was opposed, and Referee appointed, who reported a reduction. An appeal was taken from the report of said Referee, but pending the appeal a settlement was made upon the basis of a substantial reduction, and the appeal discontinued.

The fees of the Clerk to this Commission were also contested, and Referee appointed, and a settlement obtained upon a 50 per cent. reduction.

The fees of the Commissioners of Appraisal in the proceeding known as Mahopac are also being contested, and the matter is now pending before a Referee for his decision.

Matter of Taxation of City Lands, Westchester and Putnam Counties.

In re Application, City of New York for writ of certiorari to the Assessors of the Towns of Southeast, Kent, Carmel, New Castle, Yorktown, Cortlandt, North Salem, Mt. Pleasant, Greenburgh, Somers, North Castle.

Certiorari proceedings to review the legality of the assessment of the dam and other structures, formerly exempt, and the inequality of said assessments, which have been pending unfinished since 1902, were completed and submitted to the court for decision, and the same are now on appeal in the Appellate Division, and papers on appeal are being printed, and the matter will probably be argued at the March Term of the Court. New certiorari proceedings have been taken to review the assessments for 1904 to protect the City's rights pending the disposition of the said appeal. A careful examination of all the assessments upon the City property of The City of New York is being made and compared with the assessments of the adjacent property with a view to having the gross inequalities existing corrected in the pending certiorari proceedings for 1904, after the question of the assessment of the dam and structures is decided.

INJUNCTION SUITS.

City of New York vs. Edward B. Kear, Supervisor, Yorktown.
 City of New York vs. A. Smith Hopkins, Supervisor, North Castle.
 City of New York vs. Frank S. Reynolds, Supervisor, North Salem.
 City of New York vs. S. Fletcher Allen, Supervisor, Cortlandt.
 City of New York vs. Alex. McClelland, Supervisor, Greenburgh.
 City of New York vs. John J. Sinnott, Supervisor, Mount Pleasant.

In connection with the certiorari proceedings, six suits were brought to enjoin the Supervisors of the Towns of Yorktown, North Salem, Cortlandt, Greenburgh, Mount Pleasant and North Castle from selling the land of the City for unpaid taxes. These suits are at issue, but have not been tried. A preliminary injunction has been granted, and the City is not desirous of moving unless compelled to.

City of New York vs. Frank Wells as County Treasurer.

This is a similar suit to the six above mentioned, against Frank Wells, Treasurer of Putnam County, and was tried before Justice William D. Dickey last October, and the matter has been submitted to him for decision. This decision will determine the question whether the City's land can be sold for taxes and dispose of the six suits above.

Frazier vs. City of New York.

This matter has been noticed for trial at the February Term of the Supreme Court, Westchester County, and will no doubt be disposed of at that time. It is an action to recover the value of services rendered in measuring buildings and masonry on land acquired by the City by condemnation proceedings.

CROTON DAM SUITS.

Carmalla Guss vs. City of New York et al.
 Antonio Franzaga vs. City of New York et al.
 Philomena Crapist vs. City of New York et al.
 Gabriele Scalzo vs. City of New York et al.
 Angelo Carmarato vs. City of New York et al.
 Carline Paonessa vs. City of New York et al.

The above suits which have been instituted by certain persons owning property below the new Croton Dam, for damages caused by dumping excavated material upon the bank of the Croton river, and thereby causing it to overflow the opposite bank, are at issue and on the trial calendar, but have not been reached. Thorough investigation has been made and the necessary facts and witnesses obtained to protect the City's interest.

Saverio Costanzo vs. City of New York et al.

Guzzie vs. City of New York et al.

These two suits are similar to the above, but examination of plaintiffs has not been had or answer served.

Boyce vs. City of New York.

This was an action to recover damages for destruction of property to prevent pollution under the Webster Act. The same was tried last May and a verdict rendered for \$495 which was thereafter reduced to \$364, which the City paid, and the matter settled.

Gouverneur vs. City of New York.

This is an action to enjoin the City from drawing down the waters of Lake Gilead below low water mark. After action was brought the City acquired by condemnation proceedings the property owned by plaintiff, and action was held in abeyance and no answer served. Recently the matter has been urged by plaintiff's attorney, who requested that answer be put in. The only question would seem to be the question of damages prior to the time the City acquired title. The matter is being carefully investigated to ascertain the facts of the law bearing thereon, and the answer will be drawn and submitted for approval.

ELMSFORD DRAINAGE COMMISSION.

The Commission herein appointed by the County Court in the matter of the application of the Elmsford Real Estate Company and others for the drainage of certain low, wet and marsh lands in the Town of Greenburgh, filed their report in the office of the Clerk of Westchester County December 6, 1901, assessing certain benefits against various parties including The City of New York, from which report the City appealed and the matter under the statute is being again tried before a Referee. The City submitted its testimony last December and the case for the appellant was closed Saturday, December 10, 1904, and it remains now for the respondent to submit his side.

EAST BRANCH OF CROTON RIVER.

Pursuant to the Corporation Counsel's instructions I have been furnishing the Department of Water Supply, Gas and Electricity with descriptions and names of owners of the parcels of land proposed to be taken, and now being surveyed on the East Branch of Croton river.

WATERSHED CONDEMNATION PROCEEDINGS—(Continued).

IN RE APPLICATION OF THE SUPERVISOR OF THE TOWN OF SOMERS.

This was an application to have the highway system, New Cornell Dam Reservoir proceeding, changed by inserting Road No. 26½. In laying out Road No. 26 the Engineers omitted a small parcel of land at the junction of this road with the old highway, which rendered it necessary to take proceedings to condemn. It was thereupon agreed that no opposition would be made to the application for Road No. 26½ if the petitioner would obtain a conveyance of said parcel to the City to save condemnation proceedings. This was done and thereupon the application was granted.

IN RE APPLICATION OF SUPERVISOR OF THE TOWN OF YORKTOWN.

This was an application similar to Road No. 26 above mentioned, to have the highway system, New Cornell Dam Reservoir proceedings, changed by inserting Road No. 8½. The Aqueduct Commissioners were opposed to this unless releases of the land required could be obtained from the owners without expense to the City. I have

WATERSHED CONDEMNATION PROCEEDINGS—(Continued).

taken this matter up and releases have been obtained, and matter has been submitted to the Aqueduct Commissioners. Upon their approval of the same, proceedings will be finally concluded.

BYRAM RIVER.

Several claims against the City for damages caused by the diversion of Byram river have been compromised by the Comptroller since the injunction suits in the United States Court were decided in favor of the City. But I have been unable to prepare the necessary releases owing to the fact that the abstracts of these parcels have not yet been found in the Comptroller's office.

IN RE CLAIM OF NEW YORK AND HARLEM RAILROAD COMPANY, MAHOPAC BRANCH.

The negotiations between the City and the Railroad Company herein regarding the conveyance of the right-of-way have been satisfactorily adjusted and a form of conveyance has been practically agreed upon, and matter submitted to the Aqueduct Commissioners for their approval.
