INVOCATION

The Invocation was delivered by Rev. Father Nicholas Soteropoulos, St. Peter Greek Orthodox Church, 3245 West Kingsbridge Avenue, Bronx, New York 10463.

Let us pray.

Oh mighty God, you created man and woman in your image and likeness, to live together in peace and happiness, but tempted by the Devil, man turned his back to you and your promise. Therefore, we now come to you, almighty God, in all humility, to plead for help, guidance and assistance. Give us the strength and inspiration to harken to the message of the angels. Peace on Earth, good will among people, give us the desire and ability to accept this message. My peace I give to you, which surpasses all understanding. Restore us, oh God, to your original state by putting an end to violence, terrorism, war and establishing in us love, peace and harmony. Furthermore, let us pray for the American nation, our President, our Congress and those in civil authority. Let us pray that our homeland will be preserved and protected from violence and terrorism. Let us pray that the nations of the world will seek to work together in harmony, peace and brotherhood. Let us pray that the hearts of all men and women remove to pursue peace in, for all mankind. Let us pray for the City, our Mayor, the Speaker, and all Members of the City Council of New York City. Help us, oh Lord, to find the spirit of understanding and concern. May they guard their sources of inspiration, working in fellowship in serving the needs of this, our City. Grant them the wisdom to make decisions that are progressive and good for our City. Guide them as they launch their dreams upon the sea of this day. Set their visions on making the City a leader In the hope of a new world,

I'd like to just thank the City Council for permitting me, after 50 something years of serving in the New York area, to offer a pray and pray with you. God bless you all.

where man can live in peace, harmony, brotherhood

and caring for one another. Amen.

Report for Res. No. 819

Report of the Committee on Finance in favor of approving a Resolution concerning the establishment of the Chinatown Business Improvement District in the Borough of Manhattan and setting the date, time and place for the public hearing to hear all persons interested in the establishment of such district.

The Committee on Finance, to which the annexed resolution was referred May

REPORTS:

INTRODUCTION

This Resolution is required by Chapter 4 of Title 25 of the New York City Administrative Code, as amended by Local Law 82 of 1990, which authorized the City Council to establish Business Improvement Districts (BIDs).

The main purpose of this Resolution is to set the public hearing date, time and place for the review of the local law, which would establish the Chinatown Business Improvement District.

The hearing on the local law and the BID plan will be held on May 26, 2011 at 10:00 a.m. in 16th Floor Committee Room at 250 Broadway to hear all persons interested in the establishment of the District.

This Resolution also directs that all notices required under the BID law be properly given by the Department of Small Business Services and the Chinatown BID Steering Committee, respectively.

BIDs, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance the area and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget. The program permits the use of the city's taxing authority to levy an assessment on real property located within the district. The assessment is then returned to a local management group, which provides services and improvements to the district that are in addition to those provided by the City.

The proposed Chinatown Business Improvement District (hereinafter the "District") is located in Lower Manhattan. The District is one of the largest Chinatowns in the United States with about 150,000 inhabitants, and serves a great many of the 600,000 ethnic Chinese living in New York City. Chinatown is one of the City's major tourist attractions. There are over 2,000 businesses including about 800 retail stores within the District, of which approximately 23% are apparel and accessories type stores, 14% are jewelry stores, 11% are eating and drinking establishments, and 5% are gift, novelty and souvenir shops. In addition, the district contains approximately 780 residential condominium units and over 4,000 rental units

Generally, the District includes properties in an area bounded by Broome Street to the north, Broadway to the west, Allen Street to the east, and Worth and Madison Streets to the south.

Services to be provided in the District include: sanitation and maintenance services, holiday decorations, marketing and promotion of local businesses, transportation management and parking services, advocacy and administration, and additional services as may be required for the promotion and enhancement of the District. The District is shown more precisely on the District Map, a copy of which is annexed hereto as Exhibit A, and the block and lot list that follows.

The Mayor, by an authorization letter dated ______, a copy of which is annexed hereto as Exhibit B, has provided for the preparation of this District Plan pursuant to authority granted by Local Law 96 of 1989 (the "Law") for the District.

II. PRESENT USES OF DISTRICT PROPERTY & DISTRICT PROFILE

A. DISTRICT PROFILE

Manhattan's Chinatown is one of New York City's oldest neighborhoods and one of the largest Chinatown in the United States. While Chinatown has approximately 150,000 inhabitants, it is a favored destination for Chinese immigrants and serves a great many of the 600,000 ethnic Chinese living in New York City. In recent years, the neighborhood has become even more diverse and multi-ethnic. Chinese sailors arrived earlier in the 1800s, but it was not until the latter half of the 19th Century, and the end of the California Gold Rush, that the Chinese population began to grow. The Lower East Side and Chinatown was the first American melting pot, where newly emancipated African-Americans were joined by newly arrived Irish escaping the famine in their home land. The area is associated with Five Points, the infamous slums portrayed in the Martin Scorsese film "Gangs of New York".

When the Chinese Exclusion Act was eliminated in 1943, and China was given an immigration quota, Chinatown grew, expanding slowly throughout the 1940s and 1950s. The garment industry, the hand-laundry business, and restaurants provided employment to immigrants largely from mainland china.

When the quota was raised in 1968, Chinese from the mainland came in greater numbers into Chinatown, the local population exploded, expanding into Little Italy, SoHo and the Lower East Side. Today's Chinatown is a sprawling neighborhood which continues to grow in a two square miles area in lower Manhattan. Chinatown is both a tourist attraction and the home of a great number of Chinese people. Chinatown offers visitors and residents alike hundreds of restaurants, fruit and fish markets, shops of knickknacks and souvenirs and jewelry stores on overcrowded streets.

B. PRESENT USES OF DISTRICT PROPERTY

1. Commercial Profile

The District encompasses over 2,300 unique properties. The buildings are predominately low-rise structures consisting of mixed-use properties with retail and commercial units. There are also a number of office buildings.

The District is a major transportation hub for the tri-state area and eastern seaboard. Businesses are predominately small, locally-owned, and passed down through the generations.

The District contains an estimated 6,000 businesses led by retail trades, such as eateries, grocers, jewelers, and professional services including doctors, insurance and accountants.

2. Hotel Profile

Given its adjacency to tourist magnet neighborhoods of SoHo, Tribeca and the West Village, new hotels have sprouted in the past several years. Hotel Azure, Mondrian Hotel, Comfort Inn, Best Western, Wyndham Hotel, Mulberry Hotel, and Solita Hotel are located in Chinatown.

3. Retail Profile

According to the 2008 Asian American Federation report, of retail trade businesses, 23% were clothing stores, 14% were jewelry stores, 11% were food and beverage stores and 5% were gift, novelty and souvenir shops.

4. Residential Profile

Residential uses dominate the southeast quadrant of the BID district. There are over 4,000 rental and 786 condo units in the proposed District.

Not-for-Profit and Public Uses

Not-for-Profit uses include the Chinatown Health Clinic, Downtown

Community Television Center, McAuley Water Street Rescue Mission, Church of

Transfiguration, Chung Pak, Overseas Chinese Mission, Church Most Precious

Blood, USA Shin Yat Tong Moral Society, Trans World Buddhist Association, Inc.,

Grace Gratitude Buddhist Temple, Buddhist Association of New York, Chinese

Consolidated Benevolent Association, Chinese-American Planning Council,

Museum of Chinese in America, among others.

6. Transportation Profile

The District is served by subway lines 6, J, M, N, Q, R, W, Z at the Canal Street station. B and D lines at the Grand Street station. The F line at the East Broadway station. Bus lines M9, M15, M22, and M103. Chinatown contains paths to the Holland Tunnel and the Manhattan Bridge, and is bordered by all of the major approaches to heavily-used car and truck connection to New Jersey and points west.

5

4

7. Public Services

The District falls within the boundaries of Manhattan Community Board 1, 2 and 3, Sanitation District 2, 5th Police Precinct, and Engine Company 24, Ladder Company 5.

8. Current Zoning

The area is primarily zoned C6, M1 and R7-2. The proposed District is dominated by commercial C6 zoning classifications to the southeast, which allows for a wide range of mixed-residential and commercial uses. Other classifications include R7-2 (medium-density apartment house districts) concentrated east of Bowery and west of Allen, and M1-4 and M1-5 in the Western sector. (M1 districts are often an industrial front yard or a buffer to adjacent residential or commercial districts. Light industries typically found in M1 areas include knitting mills, printing plants and wholesale service facilities.)

III. PROPOSED SERVICES

A.DESCRIPTION OF SERVICES

The services to be provided pursuant to this Plan (the "Services") shall include any services required for the enjoyment and protection of the public, as well as the promotion and enhancement of the District. These Services shall not take the place of, but supplement those services provided by the City on a citywide basis. The Services shall be performed under the direction of the Chinatown District Management Association (hereinafter, "DMA").

1. Sanitation

The single biggest issue identified on the District-Needs Assessment Survey was sanitation. The DMA may explore the use of solar-powered trash compactors, already being tested in several areas of the city, to address a problem of overflowing trash receptacles. Maintenance obligations will increase as more of the streetscape program is implemented.

The DMA sanitation program may be carried out in-house or it may be contracted out. The program may include, but shall not be limited to, manual sweeping and cleaning of sidewalks, curbs and gutters, emptying of pedestrian

trash receptacles, graffiti removal from street furniture including security gates, maintenance of street trees and tree pits, and snow removal at crosswalks. The DMA may purchase trash receptacles that include the DMA logo, and the maintenance firm will be responsible for their maintenance thereby assuring litter reduction. Special attention will be given to problems of overflowing trash receptacles, trash bags awaiting pickup being ripped open, and other sanitation problems that negatively impact on vision and perception of Chinatown. Unauthorized posters/signs will be removed. Catch basins will receive special attention. The sanitation program may include an education component. The DMA will closely coordinate its sanitary activities with the New York City Sanitation Department and the local Community Boards.

It is anticipated that uniformed maintenance personnel will work seven (7) days a week for eight (8) hours per day. The scheduled hours may vary depending on seasonal needs and activities. This sanitation program may include such other maintenance service as are required from time to time in order to achieve a clean environment. This sanitation program will complement, not replace, New York City Sanitation services.

10

2. Holiday Lights

Holiday and other seasonal decorations may include, but will not be limited to, the installation of ornaments and/or lighting in the District.

Retail and Marketing

The District Needs-Assessment Survey also reveals businesses support for collective marketing. The DMA proposes to create a retail strategy and a strong image for the District which may include banners, marketing of restaurants and retail establishments, using maps, brochures, joint advertising, newsletters and web marketing.

The program may include, but will not be limited to the development of a logo and map to promote a brand identity for the District. The DMA may also promote events aimed at highlighting the unique character of the District, and provide additional cultural opportunities within the area.

4. Transportation Management and Parking

Currently, the queuing for the Holland Tunnel causes congestions and heavy pollution along the major arteries of the District, with ancillary impact on traffic movement, both vehicular and pedestrian. The DMA's program will be to undertake a variety of efforts to ease this massive traffic congestion. The DMA will be working with the Port Authority of New York and New Jersey, and the City and State of New York, as well as other government offices and elected officials to devise and implement strategies to improve and manage traffic flow.

Parking services may include the maintenance of existing municipal and non-profit parking facilities to serve the overall district. Specifically, it may include, but not be limited to, parking facility development, other operating expenses, as well as relevant expenditures to address issues of repair and maintenance and general efficiency and effective operations. In addition, path finder guidance systems, potential shuttles from surrounding areas and from ground zero may be explored.

12

5. Advocacy

An advocacy program may provide direction for the delivery of all services and serve as an educational and advocacy tool for local businesses and agencies.

The DMA may provide business educational assistance and advocacy with collateral materials, and create a business advocacy council. As neighborhood issues arise, the DMA updates businesses and provides materials for their use, mainly focused on quality of life issues on District streets and sidewalks along with the various remedies and responses available through existing regulations.

The advocacy council of Chinatown businesses will provide an opportunity for the Chinatown business community to be heard on economic issues and the development of needed infrastructure to support local industries. In addition, the advocacy council may act as a facilitator or coordinator for important economic projects or activities between overseas governments and New York City and proactively participate in business-related issue advocacy at the City and state level.

Administration

Administration of the District will be by salaried staff which may include but will not be limited to an Executive Director, staff directors, and other special staff with fringe benefits and expenses, and/or consultants that the Board of Directors may deem necessary from time to time, such as accountants and legal advisors. Administrative costs may also include office rental and equipment, office supplies including telephones, and insurance.

7. Additional Services

Subject to any approvals and controls that may be required by any city agency having jurisdiction thereof, and in addition to the approval of the Board of Directors of the DMA, as defined below, in subsequent years, the District may provide such additional services as are permitted by law.

16

The main purpose of the program is to encourage pedestrian traffic to support local businesses. The specific capital improvements are outlined in Section IV below (collectively, the "Streetscape Program").

In the first year of operations, the DMA will work to complete or as appropriate commence the planning, design, contracting and purchasing necessary to carry out the Improvements in the following years.
