CITY PLANNING

MEETING

PUBLIC NOTICE OF A SCOPING MEETING DRAFT ENVIRONMENTAL IMPACT STATEMENT (CEQR No. 23DCP118M)

NOTICE IS HEREBY GIVEN that, pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) AND 6 NYCRR 617.8 (State Environmental Quality Review), that the New York City

Department of City Planning, acting on behalf of the City Planning Commission as CEQR lead agency, has determined, based on the Environmental Assessment Statement, that a draft environmental impact statement (DEIS) is to be prepared for the **MSK Pavilion** project (CEQR Number 23DCP118M). The CEQR lead agency hereby requests that the applicant prepare a DEIS in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled, for Thursday, April 27, 2023, at 2:00 P.M. To continue to allow for broad public participation options, DCP will hold the public scoping meeting remotely. To join the meeting and comment, please visit NYC Engage (<https://www1.nyc.gov/site/nycengage/events/index.page>).

To dial into the meeting to listen by phone you may call

- (877) 853-5247 (Toll-free)
- (888) 788-0099 (Toll-free)
- (213) 338-8477
- (253) 215-8782

Enter the following meeting ID and password when prompted:

- Meeting ID: 870 1190 7319
- Password: 1
- [The Participant ID can be skipped by pressing #]

For technical support during the meeting you may call any of the phone numbers listed above. Then enter the following meeting ID and password when prompted:

- Meeting ID: 618 237 7396
- Password: 1

Instructions on how to participate, as well as materials relating to the meeting, will be posted on the site in advance of the meeting, at least one hour prior to the start time. To help the meeting host effectively manage members of the public who sign up to comment, those who do not intend to actively participate, are invited to watch the livestream

or the recording that will be posted after the meeting. The livestream can be found in the above NYC Engage link and will be made available on the day of the scoping meeting.

Written comments will be accepted through 5:00 P.M., Monday, May 8, 2023. They can be submitted through the above webpage or mailed to Stephanie Shellooe, AICP, Director, Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may also be obtained by contacting the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Stephanie Shellooe, Director, by calling (212) 720-3328, or by emailing sshellooe@planning.nyc.gov. In addition, to view the MSK Pavilion Draft Scope of Work and the Environmental Assessment Statement, navigate to the project page in ZAP and select Public Documents, then "Draft Scope of Work_23DCP118M" and "EAS_23DCP118M." To view the Scoping Protocol, select the Public Documents, then "Scoping Protocol."

Please inform the Department of City Planning if you need a reasonable accommodation, such as a sign language interpreter, in order to participate in the meeting. Requests for a reasonable accommodation or foreign language assistance during the meeting should be emailed, to AccessibilityInfo@planning.nyc.gov, or made by calling (212) 720-3508. Requests must be submitted at least ten business days before the meeting, by Thursday, April 13, 2023.

The Applicant, Memorial Sloan Kettering Cancer Center (MSKCC), is requesting a series of zoning actions including a rezoning of a 40,168-square-foot (sf) section of its Large Scale Community Facility Development (LSCFD) from R8 to R9; zoning text amendments, authorizations and special permits; and a modification to the LSCFD, to facilitate the development of a new inpatient hospital building for MSKCC (the Proposed Project), on the east end of the block bounded by York and First Avenues and East 66th and East 67th Streets (Block 1461, Lot 21) (the Development Site) in the Upper East Side neighborhood of Manhattan Community District 8. The Proposed Project would contain a new 31-story building of approximately 901,193 gross square feet (gsf) of community facility floor area, and would rise to a maximum building height of 590 feet (including mechanical bulkhead).

The Proposed Project, also referred to as the "MSK Pavilion," is intended to be devoted entirely to patient care for those whose cancer treatments cannot be addressed through MSKCC's extensive network of ambulatory services on the Main Campus and neighboring and regional facilities. The Proposed Project would provide 28 operating/procedural suites, including recovery and intensive care facilities on 11 floors and approximately 202 in-patient beds for acutely ill patients on 9 floors. In addition, there would be four clinical support floors and five mechanical floors distributed throughout the building. The Proposed Project would have a lobby space along the east side of the building and a proposed two-story bridge connecting floors 5 and 6 of the Proposed Project with floors 8 and 9 of the Memorial Hospital building (across East 67th Street), which would serve as the primary connector for patients and staff in either building to access medical services in the other building.

The Proposed Project would be located on Lot 21 and would replace the Scholars and Sloan buildings, which provide contract housing for MSKCC staff as well as administrative offices. The west-adjacent Rockefeller Research Laboratories building (RRL) on Lot 14 would continue in its research functions. However, there would be modifications to its below grade garage and its ground level to create garage egress to East 67th Street. The garage under both sites would continue to provide 263 spaces available exclusively to staff, patients, and visitors on a valet basis. RRL would lose some ground-floor conference room space (approximately 2,080 gsf) to accommodate the new garage exit. Public entrances to the Proposed Project would be located on East 67th and East 66th Streets just off of York Avenue, and on the proposed through-block driveway and drop-off area. The entrance to the one-way southbound driveway would be through a new curb cut on East 67th Street and the exit would be through a new curb cut on East 66th Street. The garage would continue to operate with its existing number of spaces, but it would have an optimized layout for improved maneuverability. The garage entrance would continue to be on East 66th Street, similar to existing/No Action conditions, but the exit would be relocated to East 67th Street. There would be a total of four service bays (including three loading docks): three on East 67th Street that would be accessed via two new curb cuts and one on East 66th Street (also via a new curb cut).

The Proposed Actions are limited to the Project Area which exclusively contains Applicant-Controlled sites and would not result in development beyond that proposed for the Development Site. Since the Proposed Actions would only apply to the Development Site, there would be no other "affected sites" that would be potentially developed as a result of the Proposed Actions.

Specifically, the Proposed Actions are:

- Zoning map amendment to rezone Block 1461, Lot 13 and the western portion of Lot 21 from R8 to R9.
- Zoning text amendment to ZR Section 79-43 to authorize CPC, by special permit, to permit modification of regulations relating to lot coverage and signage within an LSCFD.
- Modification, pursuant to ZR Section 79-21 of the 2001 LSCFD Site Plans and zoning calculations previously authorized by CPC (C 010548ZSM, N 010549ZAM) to authorize the maximum permitted floor area for all zoning lots within the LSCFD to be distributed without regard for zoning lot lines.
- Authorizations, pursuant to ZR Section 79-21 to allow for the location of a new 31-story inpatient hospital building within the 2001 LSCFD without regard for (a) height and setback regulations and (b) rear yard regulations to facilitate construction of the Proposed Project.
- Special permit, pursuant to ZR Section 79-43, as amended, to permit modifications of regulations relating to height, setback, lot coverage, and signage to facilitate construction of the Proposed Project.
- Modification as required to the 2001 LSCFD Restrictive Declaration, Drawings, and Approvals (2001 Approvals).

In addition, a Revocable Consent from the New York City Department of Transportation is necessary for the bridge over East 67th Street. The Proposed Project would additionally require a Certificate of Need from the New York State Department of Health (DOH). A coordinated review will be conducted.

Absent the Proposed Actions, no changes would occur in the Project Area, and existing conditions would remain.

The analysis year of the Proposed Actions is 2030.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and

NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

06923Y0176- GUNTHER REPAIR SERVICES FOR EXTENDED HOURS - Request for Information - PIN#06923Y0176 - Due 3-29-23 at 3:00 P.M.

Office of Information Technology Services (ITS) of the Department of Social Services (DSS) is requesting a Sole Source procurement with Bell and Howell, LLC for Gunther Repair Services for Extended Hours. Contract term is 8/1/2023 - 7/31/2024. Contract amount is \$75,900.00.

ITS is requesting repair service for three Gunther production mail inserters during extended hours of afterhours/weekends. These inserters serve to process client letters and checks for daily delivery, to the USPS and are currently being maintained by Bell & Howell LLC. Bell & Howell LLC holds the current maintenance contract for Gunther Services during regular hours and will be providing the afterhours and weekend repair service, which is not covered in the current contract. The night and weekend calls, to the vendor are eliminated through the use of regularly scheduled equipment tuning. The mail operation is under significant failure if the equipment has not been maintained properly. Benefit renewal and other notices were not going out on time; thus, impacting clients' benefits. It became mandatory to employ night and weekend equipment services to bring the operation back to functional again and have services restored. In addition, this vendor is performing full preventive maintenance on all inserters, and the onsite tech is replaced with a more knowledgeable tech.

Bell and Howell, LLC is the developer of the Gunther Champion Software Platform and is the sole company capable of performing system configuration and deployment as well as ongoing support and maintenance. There are no third parties approved by Bell and Howell to perform maintenance services, or equipment or software upgrades on Gunther manufactured equipment within the State of New York. Accordingly, Bell and Howell is the only manufacturer of equipment that is designed and purpose built for use with this software (Gunther Champion Software).

If you have any questions, please email ACCOContractPlanning@dss.nyc.gov with the subject line "06923Y0176 - Gunther Repair Services for Extended Hours". Please indicate your interest by responding, to the RFI EPIN: 06923Y0176 in PASSPort no later than 3/29/2023, 3:00 P.M.

PUBLIC PROGRAMMING OF INTERVIEWS AND PERFORMANCES - Negotiated Acquisition - Other -

PIN#85823N0004001 - AMT: \$150,000.00 - TO: GRAMMY Museum Foundation Inc, 800 West Olympic Boulevard, Suite A245, Los Angeles, CA 90015.

The Office of Technology and Innovation ("OTI"), acting on behalf of the Mayor's Office of Media and Entertainment ("MOME"), is seeking the use of the Negotiated Acquisition Method, to contract with the GRAMMY Museum Foundation, Inc. (the "GRAMMY Museum"), to provide public programming of fifteen interviews and performances, featuring artists or music industry icons, some of whom may be GRAMMY-nominated or winning artists and to film several of such interviews and performances for broadcast on the City government's television station (the "Program"). Pursuant to PPB Rules Section 3-04(b)(2)(ii) ("limited number of vendors"), I have determined that the use of the Negotiated Acquisition Method is justified because it is neither practicable nor advantageous to award the contract by Competitive Sealed Bidding or Competitive Sealed Proposals due to the fact there are no other vendors that offer the services of the Program. MOME will pay \$150,000.00, for fifteen performances during calendar year 2023 (with anticipated delivery of the recordings by June 2024). The contract will have two (2), two-year renewal options beginning in July 2024.

There are no other vendors that offer the services of the Program. The selected vendor is an affiliate of The Recording Academy, a membership-run organization created to promote the professions of musicians, producers, recording engineers, and other musical-related professions. In theory, other vendors could provide interviews and performances by musicians. However, qualitatively, it is highly unlikely that any other vendor could provide both the high-level of celebrity talent that the GRAMMY Museum has access to and the brand association with the GRAMMYS that will attract viewers to the television broadcast of the shows. Because the public is so familiar with the GRAMMY name, we anticipate the broadcast will attract new viewers to the City's broadcast television station.

REQUEST FOR EXPRESSION OF INTEREST RETROFIT PREFABRICATED FACADE - Request for Information - PIN# 23-1 - Due 3-31-23 at 2:00 P.M.

The New York City School Construction Authority (SCA), is seeking qualified bidders to fabricate and install high performing retrofit façade panels, at various existing school buildings. Interested fabricator and installer shall provide all labor, materials, equipment, and expertise, as required, to effectively perform delegated design services including but not limited to, panel design and engineering, detailed shop drawings, testing, fabrication, and installation of panelized wall system to meet the following performance requirements:

- Panels shall provide a wall enclosure effective R-Value of 30 with an integral air barrier that will be part of a continuous barrier system enclosing the entire building envelope.
- Thermal breaks shall be avoided in panel construction and anchorage.
- Façade wall panels shall be supported on the existing building structure with anchorage designed by the fabricator.
- Wall panels shall be clad in materials to replicate the appearance of the existing façade and follow NY State Historic Preservation Office guidelines.
- Panels may include aluminum, thin brick, glass fiber reinforced concrete, and/or natural stone and shall be provided and installed by a single fabricator/installer regardless of the exterior finish.
- Panels shall incorporate high performance projecting windows meeting U-Value of 0.25 and achieving AW-80 and 12PSF water performance (entire panel) or better.
- Panels may be built and delivered to sites in large sections. However, final panel sizes may vary to suit site conditions. Panels may span between columns up to approximately 37' by 14' apart; and,
- Wall panels shall comply with applicable Building Codes, including NFPA 285 or contain no combustible materials.
- Typically the building(s) will remain occupied during construction.

Please include the following in your response: a description of the system you are proposing, examples of similar projects using the proposed system, and why you feel the approach is suited to successfully achieve the objectives noted above.

Interested firms should respond by submitting their expression of interest, no later than 2:00 P.M. EST, on March 31, 2023, via email, to the contact listed. All questions regarding this RFEI shall be emailed to the below contact, no later than five (5) business days before the due date. The SCA shall not be held liable for any pre-award activity or costs incurred by your firm for preparation and delivery of its response, producing materials, or attending meetings or any labor, in connection therewith. Responses received will not impact potential future bidding opportunities.

Upon review of submitted proposals, firms may be invited to provide an oral presentation of their system and qualifications.

All interested and proposing fabricator/installers must be pre-qualified by the SCA, at the time of bid opening. Please see the SCA's website (nycsca.org), for further information about the pre-qualification process.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

ADMINISTRATIVE TRIALS AND HEARINGS

■ NOTICE

Notice of Adoption of Rule

Pursuant to the authority vested in the Office of Administrative Trials and Hearings (OATH) by sections 1043, 1049, and 1049-a of the New York City Charter, OATH has adopted amendments to its rules to indicate that findings made by Hearing Officers in proceedings filed by the Business Integrity Commission (BIC), related to violations of the City's trade waste laws and rules, are recommendations to BIC rather than final decisions.

A proposed version of these amendments was published in The City Record on January 17, 2023. A public hearing was held on February 22, 2023. No testimony regarding the amendments was given at the public hearing, and OATH did not receive any written comments from the public.

Statement of Basis and Purpose of Rule

The Office of Administrative Trials and Hearings (OATH) is amending its Rules of Practice for the Hearings Division, found in chapter 6 of title 48 of the Rules of the City of New York, to indicate that findings made by Hearing Officers in trade waste proceedings filed by the Business Integrity Commission (BIC) are recommendations to BIC rather than final decisions and orders.

This rule change ensures that proceedings filed in the Hearings Division by BIC for violations of trade waste laws and rules under chapter 1 of title 16-A of the New York City Administrative Code, and rules promulgated pursuant to that chapter, are adjudicated as required by section 16-518(a) of the Administrative Code.

Deleted material is in [brackets].
 New text is underlined.

Section 1. Subdivision (c) of section 6-17 of title 48 of the Rules of the City of New York is amended by adding a new paragraph (5) to read as follows:

(5) For all summonses issued by the Business Integrity Commission pertaining to violations of trade waste laws under title 16-A of the New York City Administrative Code, and of any rules promulgated thereunder, the Hearing Officer will issue a recommended decision and order, which the Business Integrity Commission may adopt, reject or modify, in whole or in part.

ADMINISTRATION FOR CHILDREN'S SERVICES

■ NOTICE

The purpose of this Concept Paper is to invite stakeholder feedback on the proposed School-Based Early Support model (formerly the ACS Beacon Prevention model), in advance of an upcoming Request for Proposals (RFP), to be issued by the Division of Prevention Services (DPS), in the New York City Administration for Children's Services (ACS), in the summer of 2023. Part of the ACS Commissioner's strategic priorities for the coming year, the RFP represents an opportunity to re-imagine one way in which ACS might engage the New York City Department of Education (DOE) differently, and as a result, to "narrow the front door" to the child welfare system in New York City. This concept paper builds on a number of ACS' recent efforts to collaborate more closely with the DOE to identify families who would benefit from community-based support.

Name, Description and Location of Proposal:

MSK Pavilion

The Applicant, Memorial Sloan Kettering Cancer Center (MSKCC), is requesting a series of zoning actions including a rezoning of a 40,168-square-foot (sf) section of its Large Scale Community Facility Development (LSCFD) from R8 to R9; zoning text amendments, authorizations and special permits; and a modification to the LSCFD to facilitate the development of a new inpatient hospital building for MSKCC (the Proposed Project) on the east end of the block bounded by York and First Avenues and East 66th and East 67th Streets (Block 1461, Lot 21) (the Development Site) in the Upper East Side neighborhood of Manhattan Community District 8. The Proposed Project would contain a new 31-story building of approximately 901,193 gross square feet (gsf) of community facility floor area, and would rise to a maximum building height of 590 feet (including mechanical bulkhead).

The Proposed Project, also referred to as the "MSK Pavilion," is intended to be devoted entirely to patient care for those whose cancer treatments cannot be addressed through MSKCC's extensive network of ambulatory services on the Main Campus and neighboring and regional facilities. The Proposed Project would provide 28 operating/procedural suites, including recovery and intensive care facilities on 11 floors and approximately 202 in-patient beds for acutely ill patients on 9 floors. In addition, there would be four clinical support floors and five mechanical floors distributed throughout the building. The Proposed Project would have a lobby space along the east side of the building and a proposed two-story bridge connecting floors 5 and 6 of the Proposed Project with floors 8 and 9 of the Memorial Hospital building (across East 67th Street) which would serve as the primary connector for patients and staff in either building to access medical services in the other building.

The Proposed Project would be located on Lot 21 and would replace the Scholars and Sloan buildings, which provide contract housing for MSKCC staff as well as administrative offices. The west-adjacent Rockefeller Research Laboratories building (RRL) on Lot 14 would continue in its research functions. However, there would be modifications to its below grade garage and its ground level to create garage egress to East 67th Street. The garage under both sites would

continue to provide 263 spaces available exclusively to staff, patients, and visitors on a valet basis. RRL would lose some ground-floor conference room space (approximately 2,080 gsf) to accommodate the new garage exit. Public entrances to the Proposed Project would be located on East 67th and East 66th Streets just off York Avenue, and on the proposed through-block driveway and drop-off area. The entrance to the one-way southbound driveway would be through a new curb cut on East 67th Street and the exit would be through a new curb cut on East 66th Street. The garage would continue to operate with its existing number of spaces, but it would have an optimized layout for improved maneuverability. The garage entrance would continue to be on East 66th Street, similar to existing/No Action conditions, but the exit would be relocated to East 67th Street. There would be a total of four service bays (including three loading docks): three on East 67th Street that would be accessed via two new curb cuts and one on East 66th Street (also via a new curb cut).

The Proposed Actions are limited to the Project Area which exclusively contains Applicant-controlled sites and would not result in development beyond that proposed for the Development Site. Since the Proposed Actions would only apply to the Development Site, there would be no other "affected sites" that would be potentially developed as a result of the Proposed Actions.

Specifically, the Proposed Actions are:

- Zoning map amendment to rezone Block 1461, Lot 13 and the western portion of Lot 21 from R8 to R9.
- Zoning text amendment to ZR Section 79-43 to authorize CPC, by special permit, to permit modification of regulations relating to lot coverage and signage within an LSCFD.
- Modification, pursuant to ZR Section 79-21 of the 2001 LSCFD Site Plans and zoning calculations previously authorized by CPC (C 010548ZSM, N 010549ZAM) to authorize the maximum permitted floor area for all zoning lots within the LSCFD to be distributed without regard for zoning lot lines.
- Authorizations, pursuant to ZR Section 79-21 to allow for the location of a new 31-story inpatient hospital building within the 2001 LSCFD without regard for (a) height and setback regulations and (b) rear yard regulations to facilitate construction of the Proposed Project.
- Special permit, pursuant to ZR Section 79-43, as amended, to permit modifications of regulations relating to height, setback, lot coverage, and signage to facilitate construction of the Proposed Project.
- Modification as required to the 2001 LSCFD Restrictive Declaration, Drawings, and Approvals (2001 Approvals).

In addition, a Revocable Consent from the New York City Department of Transportation is necessary for the bridge over East 67th Street.

The Proposed Project would additionally require a Certificate of Need from the New York State Department of Health (DOH). A coordinated review will be conducted.

Absent the Proposed Actions, no changes would occur in the Project Area, and existing conditions would remain.

The analysis year of the Proposed Actions is 2030.

Statement of Significant Effect:

On behalf of the City Planning Commission, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the Proposed Actions may have a significant effect on the quality of the environment as detailed in the following areas, and that an environmental impact statement will be required: land use, zoning and public policy; community facilities and services; open space; shadows; historic and cultural resources; urban design and visual resources; hazardous materials; water and sewer infrastructure; transportation; air quality; greenhouse gas emissions and climate change; noise; public health; neighborhood character and construction.

The Proposed Actions would not result in significant adverse impacts related socioeconomic conditions; natural resources; solid waste and sanitation services; and energy.

Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the actions which finds that:

1. Land Use, Zoning and Public Policy – The Proposed Actions, include a zoning map amendment, a zoning text amendment, zoning authorizations and special permits to modify height, setback, lot coverage, rear yard and signage requirements, and modifications to the LSCFD Site Plans, would affect the land use, zoning and public policies within the Project Area. The Proposed Actions could have the potential to result in significant adverse impacts related to land use, zoning, and public policy.

2. Socioeconomic Conditions – The Proposed Actions would not cause indirect residential displacement, direct or indirect business displacement, and would not have adverse effects on a specific industry. The Proposed Actions would directly displace fewer than 500 residents in the residential units currently occupying the Development Site. Tenancy in the existing contract housing (Sloan and Scholars buildings) on the Development Site is transient in nature and would be relocated to other MSK affiliated sites under the Proposed Project, and further analysis is not required. Therefore, the Proposed Actions would not have the potential to result in a significant adverse impact related to socioeconomic conditions, and further analysis is not warranted.
3. Community Facilities and Services – The Proposed Actions would not introduce new residential dwelling units and would not increase demand at public schools, publicly funded childcare facilities, libraries, or police and fire services. The Proposed Actions would have direct effects on MSKCC, a health care community facility. The Proposed Actions could have the potential to result in a significant adverse impact to community facilities and services.
4. Open Space – The Proposed Actions would introduce 657 workers, 240 patients and 480 daily visitors to the project area, which exceeds the threshold of 500 additional non-residents generated by a Proposed Project. Therefore, an indirect analysis of open space is warranted. The Proposed Actions could have the potential to result in a significant adverse impact on open space.
5. Shadows – The Proposed Actions would introduce a building taller than 50 feet, which is above the threshold for shadows analysis on potential sunlight sensitive resources in the Project Area which could result in new incremental shadows on a sunlight-sensitive resources. The Proposed Actions could have the potential to result in a significant adverse impact on shadows.
6. Historic and Cultural Resources – The Landmarks Preservation Commission (LPC) has determined that there are no archaeological concerns for the Project Area, and no further archaeological analysis is required. The Proposed Actions would result in new construction within close proximity to known architectural resources, including the Rockefeller University Campus. The Proposed Actions could have the potential to result in a significant adverse impact on historic and cultural resources.
7. Urban Design and Visual Resources – The Proposed Actions could result in physical changes to the Project Site beyond the bulk and form currently permitted as-of-right. These changes could affect the pedestrian's experience of public space, requiring an urban design assessment. Therefore, the Proposed Actions could result in a significant adverse impact related to urban design and visual resources.
8. Natural Resources – The Proposed Actions would not result in construction on a site containing or adjacent to a natural resource. Therefore, no thresholds were met for an analysis of natural resources, and the Proposed Actions would not result in significant adverse impacts related to natural resources.
9. Hazardous Materials – The Proposed Actions would result in new construction including new in-ground excavation and subsurface disturbance within the Project Area. Therefore, the Proposed Actions could result in a significant adverse impact on hazardous materials.
10. Water and Sewer Infrastructure – The Proposed Actions would not exceed the threshold for a significant adverse impact to water supply, and the Proposed Project is not located in an area that experiences low water pressure. The Proposed Actions would result in an incremental increase of more than 250,000 sf of community facility space, exceeding the threshold for a sewer system analysis. Therefore, the Proposed Actions could result in a significant adverse impact on wastewater and stormwater infrastructure.
11. Solid Waste and Sanitation Services – The Proposed Actions would not result in a substantial increase to solid waste production that would overburden available waste management capacity and would not result in solid waste generation greater than the threshold of 50 tons per week. Therefore, no significant adverse impacts related to solid waste and sanitation services are anticipated.
12. Energy – The Proposed Actions would not affect the transmission or generation of energy. The project's projected energy use is estimated to be 175 billion BTUs per year in the Development Site, which is below the analysis thresholds specified in the CEQR Technical Manual. Therefore, the Proposed Actions would not result in a significant adverse impact related to energy.

13. Transportation – A preliminary assessment of the Proposed Actions concluded that the Proposed Project would not result in a significant adverse impact for Citywide Ferry Service (CWFS), bus, subway, or railroad trip. The Proposed Actions would generate vehicular and pedestrian traffic during one or more peak hours and could have the potential to increase demand for parking. Therefore, a detailed analysis is warranted, and the Proposed Actions could result in significant adverse impacts on transportation.
14. Air Quality – The Proposed Project are not anticipated to exceed the project-generated vehicle trips screening thresholds for a significant adverse mobile source analysis. Additionally, the Proposed Project would not be within 200 feet of an atypical roadway and does include any new or additional off-street parking facilities, and no additional analysis is anticipated as a result of these conditions. An assessment of air quality impacts due to heating and hot water systems is warranted related to the Proposed Project's stationary sources. In addition, industrial emission sources within 400 feet of the Project Area or large and major sources of emissions within 1,000 feet of the project area will be evaluated. Therefore, the Proposed Actions could result in a significant adverse impact on air quality.
15. Greenhouse Gas (GHG) Emissions and Climate Change – The threshold for detailed analysis of GHG emissions is highly dependent on the nature of the project and its potential impact. The Proposed Project would exceed the development threshold of 350,000 sf, which warrants a GHG assessment. Based on the project location, the Project Area does not meet the requirements for a climate change impact. Therefore, the Proposed actions would not result in a significant adverse impact to climate change, and no further analysis is warranted. As a result of the preliminary screening, the Proposed Actions could result in a significant adverse impact on greenhouse gas emissions.
16. Noise – The Proposed Actions would introduce new noise-sensitive receptors in an area with existing high ambient noise levels. Additionally, the Proposed Actions would generate additional vehicular trips to and from the Project Area that could potentially impact existing and project-generated sensitive receptors within and in the vicinity of the Project Area. As a result, detailed noise analysis is warranted. Therefore, the Proposed Actions could result in a significant adverse impact on noise.
17. Public Health – The Proposed Actions could result in effects related to air quality, water quality, hazardous materials, or noise. Therefore, the Proposed Actions could have the potential to result in significant adverse impacts related to public health.
18. Neighborhood Character – The Proposed Actions could affect land use, socioeconomic conditions, open space, urban design and visual resources, historic and cultural resources, transportation, and noise. As a result, the Proposed Actions could have the potential to result in a significant adverse impact related the affected area's neighborhood character.
19. Construction – The construction period for the Proposed Actions would be considered long term in duration (more than 24 months) and warrants a detailed analysis. Therefore, the Proposed Actions could have the potential to result in significant adverse impacts related to construction.

Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Thursday, April 27, 2023, at 2:00 P.M. To continue to allow for broad public participation options, DCP will hold the public scoping meeting remotely. To join the meeting and comment, please visit NYC Engage (<https://www1.nyc.gov/site/nycengage/events/index.page>).

Written comments will be accepted by the lead agency through 5:00 P.M., Monday, May 8, 2023.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

EMERGENCY EXECUTIVE ORDER NO. 358
March 16, 2023

WHEREAS, over the past several months, thousands of asylum seekers have been arriving in New York City, from the Southern border, without having any immediate plans for shelter; and

WHEREAS, the City now faces an unprecedented humanitarian crisis that requires it to take extraordinary measures to meet the immediate needs of the asylum seekers while continuing to serve the tens of thousands of people who are currently using the DHS Shelter System; and

WHEREAS, additional reasons for requiring the measures continued in this Order are set forth in Emergency Executive Order No. 224, dated October 7, 2022; and

WHEREAS, the state of emergency based on the arrival of thousands of individuals and families seeking asylum, first declared in Emergency Executive Order No. 224, dated October 7, 2022, and extended most recently by Emergency Executive Order No. 350, dated March 6, 2023, remains in effect;

NOW, THEREFORE, pursuant to the powers vested in me by the laws of the State of New York and the City of New York, including but not limited to the New York Executive Law, the New York City Charter and the Administrative Code of the City of New York, and the common law authority to protect the public in the event of an emergency:

Section 1. I hereby order that section 1 of Emergency Executive Order No. 354, dated March 11, 2023, is extended for five (5) days.

LATE NOTICE**SMALL BUSINESS SERVICES****■ NOTICE****Notice of Public Hearing and Opportunity to Comment on Proposed Rule****What are we proposing?**

The New York City Department of Small Business Services is proposing to promulgate an amendment to Subchapter B of Chapter 11 of Title 66 of the Rules of the City of New York to establish factors for determining the eligibility of businesses with full or partial ownership held in one or more trusts for certification as minority-owned business enterprises or women-owned business enterprises.

When and where is the hearing? DSBS will hold a public hearing on the proposed rule. The public hearing will take place at 11:00 A.M. on April 28, 2023. The hearing will be conducted by video conference and is accessible by:

- **Internet Video and Audio.** For access, use the following link and/or meeting information:
<https://nycsbs.webex.com/nycsbs/j.php?MTID=m935b7070e97a51f643d281e6c706536b>
Meeting Number: 2348 041 8982
Password: MJxXgdHZ738
- **Join by Video System.**
Dial 23480418982@webex.com
You can also dial 173.243.2.68 and enter your meeting number.
- **Phone.** For access, dial: +1-408-418-9388
When prompted, enter Meeting ID: 2348 041 8982

How do I comment on the proposed rules? Anyone can comment on the proposed rule by:

- **Website.** You can submit comments to the DSBS through the NYC Rules website at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to nycrules@sbs.nyc.gov.
- **Mail.** You can mail written comments to Raj Jaswal, New York City Department of Small Business Services, 1 Liberty Plaza, 11th Floor, New York, NY 10006.
- **Fax.** You can fax written comments to DSBS at 212-618-8865.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing may speak for up to three minutes. Please access the public hearing by internet video and audio or by telephone using the instructions above. It is recommended, but not required, that commenters sign up prior to the hearing by contacting DSBS by phone at (212) 513-6427 or by email at rjaswal@sbs.nyc.gov.

Is there a deadline to submit written comments? The deadline for submitting written comments is April 28, 2023, at 5:00 P.M.

What if I need assistance to participate in the hearing? You must contact DSBS's Office of Legal Affairs if you need a reasonable accommodation at the hearing because of a disability. You must tell us if you need a sign language interpreter. You can tell us by email at rjaswal@sbs.nyc.gov. You may also tell us by telephone at (212) 513-6427. Advance notice is requested to allow sufficient time to arrange the accommodation. You must tell us of an accommodation request by April 21, 2023.

Can I review the comments made on the proposed rules? You can review comments submitted online by visiting <http://rules.cityofnewyork.us/>. A few days after the hearing, copies of all comments submitted online, copies of all written comments, and a summary of oral comments concerning the proposed rule will be available to the public upon request by email at rjaswal@sbs.nyc.gov.

What authorizes DSBS to make this rule? Sections 1301, 1304 and 1043 of the New York City Charter, and section 6-129 of the Administrative Code authorize DSBS to promulgate this proposed rule. This proposed rule was not included in DSBS's regulatory agenda for this Fiscal Year because it was not contemplated when DSBS published its agenda.

Where can I find DSBS's rules? DSBS's rules are in Title 66 of the Rules of the City of New York.

What laws govern the rulemaking process? DSBS must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose

Pursuant to section 1301 of the New York City Charter (the "Charter"), the New York City Department of Small Business Services ("DSBS") is proposing to promulgate an amendment to subchapter B of chapter 11 of title 66 of the Rules of the City of New York. This proposed rule would establish criteria and procedures for determining the eligibility of a business for certification as an minority-owned business enterprise or women-owned business enterprise ("MBE" and "WBE," respectively, and "M/WBEs," collectively) when the full or partial ownership of the business is held by one or more trusts.

The City's M/WBE Goals Program, authorized by chapter 56 of the Charter and section 6-129 of the New York City Administrative Code, requires the Commissioner of DSBS to establish and operate, on behalf of the City, a centralized program for the certification of MBEs and WBEs for the purposes of establishing their eligibility for participation in City procurement as a City-certified M/WBE, and authorizes the Commissioner to promulgate rules governing the M/WBE certification process.

This proposed rule amendment would add a new subdivision (g) to section 11-22 of chapter 66 of the Rules of the City of New York, allowing business enterprises to remain eligible for certification as M/WBEs in cases where the minority or woman owner or owners transfer their shares to a trust for estate planning purposes, and as a result, do not meet one or more of the criteria outlined in subdivisions (b), (b-1), or (c) of such section. (DSBS uses these provisions in determining whether an applicant for certification meets the criteria for ownership of, contribution to and control of a business.) In such cases, the Commissioner would be authorized to consider the factors outlined in paragraph (1) of the proposed subdivision to determine whether certification is in the interest of the program. An eligibility determination under this subdivision would also require the Commissioner to set forth how each criterion of subdivisions (b), (b-1), or (c) not satisfied is attributable to a bone fide estate planning interest.

The purpose of this rule would be to clarify the circumstances under which the City can certify M/WBE firms in which ownership is intermediated by trusts. DSBS recognizes that this ownership structure is common for estate planning purposes and that for M/WBE firms where minority or women owners still effectively own and control the business, a transfer of shares to trusts would not frustrate the purpose of the program.

Section 1. Section 11-22 of Title 66 of the Rules of the City of New York is amended to add a new subdivision (g) to read as follows:

(g) Certification decision for firms held in trust. (1) Notwithstanding any other provision of this subchapter, the Division may determine a business enterprise that does not meet all of the eligibility criteria set forth in subdivisions (b), (b-1), and (c) of this section is nevertheless eligible for certification as an MBE or WBE if the business enterprise previously met all the eligibility criteria set forth in subdivisions (b), (b-1), and (c) of this subdivision, regardless of whether such business enterprise previously sought or obtained certification during the time period in which such business enterprise met all such criteria, and if the minority group or women owner or owners subsequently transferred some or all of such owner's or owners' shares into one or more trusts for estate planning purposes, provided that in determining whether to certify such business entity, the commissioner shall consider whether such certification would advance the purposes of this subchapter, based on the following factors:

(i) the degree to which transfers of shares to the trust or trusts resemble common estate planning practices;

(ii) the degree to which the former owner or owners have a bone-fide estate planning interest in selecting the trust beneficiaries and trustees;

(iii) the degree to which day-to-day management obligations, including control of negotiations, signature authority for payroll, leases, letters of credit, insurance bonds, banking services and contracts, and other business transactions, and the ability to hire and fire employees, are retained by women or members of a minority group.

(iv) the degree to which voting shares are retained by minority group members or women;

(v) the degree to which the business entity has provided to the Division adequate and transparent documentation memorializing the trust relationship;

(vi) the degree to which the trust or trusts are revocable; and

(vii) the degree to which the former owner or owners retain any liabilities or other legal exposure for the entity.

(2) Any determination of eligibility pursuant to this subdivision shall be made in writing and shall include:

(i) a written statement that the Division has considered each of the factors set forth in paragraph (1) of this subdivision; and

(ii) for each criterion set forth in subdivisions (b), (b-1), or (c) that a business enterprise does not satisfy, an explanation of why such business enterprise's failure to satisfy such criterion is exclusively attributable to the transfer of shares into one or more trusts in furtherance of a bone fide estate planning interest.
