re: Local Law 67 of 2022: Park and Playground Inspections

Dear Speaker Adams:

Pursuant to Local Law 67 of 2022, The New York City Department of Parks and Recreation is required to submit a report to the Council regarding park features under the jurisdiction of the department that were found to receive an unacceptable rating three or more times during a six-month period, resulting from inspections conducted by the department.

There were no instances or conditions that met the law's parameters for reporting during the relevant time period.

Should you have any questions, please do not hesitate to contact me at (212) 360-3431.

Very truly yours,

John Luisi
Assistant Commissioner for Agency Compliance
