## Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

1st. Weekly reports of the Sanitary Superintendent. Ordered on file.

2d. Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue Hospitals. Ordered on file.

3d. Certificates in respect to the vacation of premises at No. 98 Avenue C, Borough of Manhattan; No. 379 Graham avenue, No. 381 Graham avenue, Borough of Brooklyn; corner Bay street and Willow avenue, No. 51 Maple avenue and No. 53 Maple avenue, Third Ward, Borough of Richmond.

On motion, the following preambles and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 98 Avenue C, in the Borough of Manhattan, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on Lot No. 98 Avenue C, in the Borough of Manhattan, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 379 Graham avenue, in the Borough of Brooklyn, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on Lot No. 379 Graham avenue, in the Borough of Brooklyn, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 381 Graham avenue, in the Borough of Brooklyn, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants:

Ordered, That all persons in said building situated on Lot No. 381 Graham avenue, in the Borough of Brooklyn, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot corner Bay street and Willow avenue, in the Borough of Richmond, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot corner Bay street and Willow avenue, in the Borough of Richmond, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 51 Maple avenue, Third Ward, in the Borough of Richmond, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing and draining thereof and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 51 Maple avenue, Third Ward, in the Borough of Richmond, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the plumbing and drainage thereof and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 53 Maple avenue, Third Ward, in the Borough of Richmond, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing and draining thereof and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 53 Maple avenue, Third Ward, in the Borough of Richmond, be required to vacate said building on or before March 21, 1905, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the plumbing and drainage thereof and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

4th. Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded for the reason that the causes for the same have been removed:

A communication was received from the Corporation Counsel relative to complaints in respect to the use of flat wheels on the cars of the New York City Railway Company operated on Manhattan avenue, Borough of Manhattan, and ordered on file.

A copy of a resolution adopted by the Board of Estimate and Apportionment February 27, 1905, transferring the sum of \$12,125 to various appropriations made to the Department of Health for the year 1904, was received and ordered on file.

A copy of a resolution adopted by the Board of Estimate and Apportionment February 27, 1905, approving of the issue of revenue bonds to the amount of \$35,000, for the preservation of the public health in maintaining dispensaries and hospitals for the care and treatment of cases of trachoma, etc., and maintaining a clinic for the treatment of communicable pulmonary diseases, etc., was received and ordered on file.

Copy of a resolution adopted by the Board of Estimate and Apportionment March 10, 1905, recommending the fixing of the salary of the position of Nurse in Charge, under the jurisdiction of the Department of Health, at the rate of \$1,200 per annum, was received and ordered on file.

The trial balance and statement, as per ledger, of the Department of Health for the month ending February 28, 1905, was received and ordered on file.

Upon recommendation of the President, the following preambles and resolution were adopted:

Whereas, Section 1193 of chapter 466 of the Laws of 1901 provides that the Corporation Counsel shall assign such assistant counsel as may be needful to the Department of Health; and

Whereas, The needs of the Department of Health are such that the services of an Assistant Corporation Counsel who shall be assigned to duty in the Department of Health exclusively are constantly in demand; therefore be it

Resolved, That the Corporation Counsel of The City of New York be and is hereby respectfully requested to assign such assistant counsel as may be requisite to the discharge of the business of the Department of Health, who, in addition to his other powers, shall possess such powers and perform such duties belonging to the office of the Corporation Counsel as the Corporation Counsel may deem it necessary to delegate, in order to assume exclusive control over those matters in the Department of Health usually referred to the Law Department, and to act as legal adviser to the Board of Health.

Upon recommendation of the President, the following preambles and resolutions were adopted:

Whereas, Owing to the growth of the work imposed upon the Board of Health and the large increase in the number of employees required to conduct the business of the Department, the headquarters building occupied by the Department of Health at the southwest corner of Fifty-fifth street and Sixth avenue, in the Borough of Manhattan, has become so contracted as to make it necessary to provide a larger space for the accommodation of the Department; and

Whereas, The generally unsanitary and dilapidated condition of the buildings occupied by the Department of Health at No. 1237 Franklin avenue, in the Borough of The Bronx, and at Nos. 38 and 40 Clinton street, in the Borough of Brooklyn, as office buildings, and the unsuitability of same for such purposes makes it necessary to seek other quarters in the boroughs mentioned; and

Whereas, In the different boroughs of The City of New York the sums of money placed at the disposal of the Board of Health for the purchase of new hospital sites and the erection of new hospital buildings, disinfecting stations, ambulance stations, stables, etc., and additions to existing plants, is wholly inadequate to meet the requirements of the Department of Health; and

Whereas, On account of these conditions it is necessary, in order to properly and humanely care for the patients in the contagious disease hospitals, and for the proper transaction of business, to add to the existing plants and the appurtenances thereto to such an extent as may be required to put them in a condition to properly isolate and treat cases of contagious diseases arising in the different boroughs of the City, and to conduct the business of the Department of Health; and for the purposes mentioned the sum of four million five hundred and twenty-two thousand dollars (\$4,522,000) is required as follows:

Report of the Secretary, dated March 1, 1905, in regard to submitting efficiency records of employees as required by Rule XV., and transmitting records of Herman Blumenthal and Frank H. Warder, was received and laid over.

Report No. 1168 of the Acting Chief Engineer, dated February 20, 1905, in regard to acceptance of new highways by the towns of Westchester County and as to compensation for maintenance of highways and guard-rail fences, etc., was received and ordered filed, and the following preambles and resolutions offered:

Whereas, The City of New York is now impounding water behind the New Croton Dam, which eventually will submerge various highways in the Towns of Cortlandt, Yorktown, New Castle, Bedford, Lewisboro, North Salem and Somers, Westchester County, N. Y., and The City of New York has constructed and is constructing other highways, under the orders of the Supreme Court, to be substituted for these highways, and desires to acquire the right, title and interest of the county and towns in said highways which are to be submerged and their alleged rights in the various bridges situated on said highways; and

Whereas, The City of New York, under chapter 490 of the Laws of 1883, as amended, is liable for all expense, loss or damage caused to said county or said towns arising from the change of location of the highways within the limits of the flow-lines of the New Croton Reservoir; and

Whereas, Under the provisions of chapter 490 of the Laws of 1883 of the State of New York, and the acts mandatory thereof, the Aqueduct Commissioners, subject to the approval of the Board of Estimate and Apportionment, are empowered to agree with said county and towns as to the amount of compensation to be paid to them for the taking, using and occupying of said highways proposed to be submerged, including the increased cost of maintenance arising from the change of location of said highways; and

Whereas, Claims were duly presented by said county and towns for damages, as aforesaid, amounting to upwards of \$130,000, and conferences have been held from time to time by the representatives of the county and towns affected and the Aqueduct Commissioners, with the view of entering into an agreement as to the amount of damage suffered by the towns and county by reason of the substitution of the new highways for the old highways, the acceptance of the new highways upon completion, the conveyance of all right, title and interest in the old highways, and the waiver of all claims regarding the old bridges; and

Whereas, The Chief Engineer of this Commission submitted Report No. 1168, dated February 20, 1905, stating that, after conference with Mr. Nelson P. Lewis, Chief Engineer of the Board of Estimate and Apportionment, and Mr. Eugene E. McLean, Engineer of the Department of Finance, he is of the opinion that the sum of \$50 per mile per year increased cost of maintenance for the length of the new roads, and \$75 per mile per year increased cost of maintenance for the excess mileage of the new roads over the old roads in the towns of Somers and Cortlandt, and 2½ cents per linear foot per year for the maintenance of the guard-rail fencing, is a reasonable compensation for all loss or damage suffered by the said county and towns by reason of the substitution of the new roads for the old roads; and has also stated that, in his opinion, it is distinctly to the advantage and for the best interests of the City to make a settlement in accordance therewith, the City to be relieved forever from the maintenance of the roads and guard-rail fencing and from responsibility for any damages arising from accident on the roads and from any liability from the taking of the county bridges; and the representative of said county and towns have expressed their willingness to make a settlement upon these terms and withdraw their said original claims and convey their interest in the submerged highways to The City of New York; and

Whereas, The approximate length of the new roads is 30.82 miles, of which 0.26 mile in the Town of Somers and 1.43 miles in the Town of Cortlandt are 1.69 miles in excess of the mileage of the old roads; and the approximate length of guard-rail fencing is 113,038 feet; and

Whereas, It appears from said report that the amounts to which said towns would respectively be entitled, said annual cost of maintenance being capitalized on a 5-per cent. basis, are as set forth in the following table:

Towns.	Length of Guardrail.	Length of New Roads.	Increased Mileage.	Total Allowance.
Cortlandt .....	20,000 ft.	30,182 ft.—5.72 miles.	1.43	\$17,865 00
Yorktown .....	37,348 ft.	69,086 ft.—13.08 miles.		31,754 00
New Castle .....	10,800 ft.	6,928 ft.—1.31 miles.		6,710 00
Bedford .....	5,460 ft.	14,864 ft.—2.82 miles.		5,550 00
Lewisboro .....	6,450 ft.	12,725 ft.—2.41 miles.		5,035 00
North Salem .....	2,300 ft.	1,672 ft.—.32 mile.		1,470 00
Somers .....	30,680 ft.	27,239 ft.—5.16 miles.	.26	20,890 00
Totals .....	113,038 ft.	30.82 miles.	1.69	\$89,874 00

Now therefore

Resolved, That the Aqueduct Commissioners, subject to the approval of the Board of Estimate and Apportionment, agree with the County of Westchester and the Towns of Cortlandt, Yorktown, New Castle, Bedford, Lewisboro, North Salem and Somers, in said county, to pay to them the following amounts:

County of Westchester .....	\$100 00
Town of Cortlandt .....	17,865 00
Town of Yorktown .....	31,754 00
Town of New Castle .....	6,710 00
Town of Bedford .....	5,550 00
Town of Lewisboro .....	5,035 00
Town of North Salem .....	1,470 00
Town of Somers .....	20,890 00
Amounting to .....	\$89,884 00

—as compensation for taking, using and occupying the highways proposed to be submerged within the flow-line of the New Croton Reservoir, and for the damages arising therefrom; and also agree to allow said county and towns the perpetual use for highway purposes of the bridges and lands upon which the substituted highways have been constructed; and further

Resolved, That the Aqueduct Commissioners submit the foregoing preambles and resolutions to the Board of Estimate and Apportionment for its consideration and approval, and that in the event of such approval the Corporation Counsel be and hereby is requested by the Aqueduct Commissioners to prepare the necessary papers on behalf of The City of New York to carry out the intention of these resolutions.

Which were adopted by the following vote:

Affirmative—Commissioners Ten Eyck, Ryan, Windolph and Curtis—4.

On motion, the President was directed to transmit a copy of the foregoing preambles and resolutions to the Board of Estimate and Apportionment, together with copy of Report No. 1168 of the Acting Chief Engineer, dated February 20, 1905.

The Commissioners then adjourned.

HARRY W. WALKER, Secretary.

#### DEPARTMENT OF CORRECTION.

##### REPORT OF TRANSACTIONS, MARCH 13 TO 19, 1905.

###### Communications Received.

From Civil Service Commission—Stating that request of the Department of Correction to have Drivers classed as Keepers, has been denied for lack of power, as such action would be a transfer from the Labor to the Competitive Class. On file.

From the Comptroller—Complaint made that milk furnished by the Empire State Dairy Company to the Kings County Penitentiary is of inferior quality. Sample has been analyzed by the Department of Health, and found to be below the standard. Copy to be sent to Warden Hayes, and to the Empire State Dairy Company. Letter from Finance Department acknowledged; matter will receive prompt attention. Contractor notified that, unless milk is up to the standard, same will be bought in open market, and excess in price, if any, will be charged against contractor.

From the Comptroller—Requesting a list of all real estate (not including leased property), under the jurisdiction of the Department of Correction. List of real estate owned by The City of New York, and which is under the jurisdiction of the Department of Correction, furnished to the Comptroller.

From the Corporation Counsel—In answer to communication received from this Department, the Corporation Counsel states that, as in advertisement offering for sale 5,000 cubic yards of broken stone, at the Kings County Penitentiary, it was stated that "money, or a certified check" would be accepted in the amount stated, at time of sale, therefore the uncertified check tendered by the highest bidder cannot be accepted, and hence bid must be treated as null and void. On file. (Sale to take place on April 4, 1905.)

From Department of Docks and Ferries—Stating that repairs to South Dock, Hart's Island, and to Landing Float, at City Island, have been ordered. On file.

From Department of Health—Asking that Department of Correction Steamer will call at North Brother Island to take away men, horses and carts, as work of coal contractors is now finished. Request granted.

From Heads of Institutions—In compliance with instructions of March 14, 1905, transmitting average census of each institution for 1903, and 1904; also for January and February, 1905. On file.

From Heads of Institutions—Reporting that meats, fish, bread, milk, etc., for week ending March 11, 1905, agreed with specifications of contracts. On file.

From Heads of Institutions—Reports, census, labor, etc., for week ending March 11, 1905. On file.

From City Prison—Fines received week ending March 11, 1905—From City Magistrates' Court, \$68. On file.

From City Prison—Reports of Department Inspector on (1) contract of Joseph Bauer, contract progressing satisfactorily; 14 men employed. (2) Contract of P. J. Carlin & Co., bronze tablet being placed over front entrance; outside work to be resumed this week, if weather permits. On file.

From District Prisons—Fines received during week ending March 11, 1905: From City Magistrates' Courts, \$411. On file.

From Penitentiary, Blackwell's Island—List of prisoners received during week ending March 11, 1905: Men, 19; women, 1. On file.

From Workhouse, Blackwell's Island—Reporting death, on March 14, 1905, of Martin Matz, aged 40 years. Friends notified.

From Workhouse, Blackwell's Island—Fines paid at Workhouse during week ending March 11, 1905, amounted to \$41. On file.

From Workhouse, Blackwell's Island—Reports of Department Inspector: (1) On work under contract of R. L. Walsh Company, Boilers have been received and will be placed in position at once. Thirty mechanics at work. (2) Fire alarm system, under contract of Ostrander & Co., has been installed, except that part for new laundry and boiler house, which are not ready for the work. On file.

From Workhouse Hospitals—Reports for January and February, 1905. On file.

From Branch Workhouse, Hart's Island—Inspector reports that plumbing contract of Jacob Oberle will be completed on March 18, 1905. Iron guards and gates (contract of J. L. Mott Company) on March 13, 1905. On file.

## MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,  
No. 61 Elm Street,  
New York, February 21, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Tuesday, February 21, 1905, at 9 A. M. All the Commissioners were present.

A letter was presented from the State Civil Service Commission, dated February 15, acknowledging the letter from this Commission under date of February 9, requesting a reconsideration of the resolution including in the Exempt Class in the Department of Bridges the position of Stenographer to the Commissioner, and stating that it will be necessary for this Commission to pass a new resolution, requesting a rehearing of the matter by the State Board, which resolution must be signed by the Mayor before the matter can be reopened.

On motion, it was

Resolved, That, with the approval of the Mayor, the State Civil Service Commission is hereby respectfully requested to reconsider the following resolution of this Commission, passed March 30, 1904:

"Resolved, That the classification of offices and positions in the Department of Bridges, in the Exempt Class, be amended by including therein the following title: Stenographer to the Commissioner."

—which resolution was denied by the State Commission on December 16, 1904; it appearing that the said position of Stenographer to the Commissioner of Bridges has now been established by the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York, in accordance with the requirement of the State Board.

A letter was presented from the State Civil Service Commission, dated February 16, returning a resolution of this Commission, duly approved, increasing the number of Chaplains in the Exempt Class in Bellevue and Allied Hospitals from two to three. The Secretary was directed to communicate a copy of the approved resolution to the Mayor and to the President of the Board of Trustees of Bellevue and Allied Hospitals.

A letter was presented from the Department of Public Charities, dated February 15, requesting that the Commission hold an examination for the position of Electrician. The request was granted.

A letter was presented from the Department of Public Charities, dated February 15, requesting an examination for promotion from the Position of Orderly to that of Inspector of Orderlies. The request was granted.

A letter was presented from the Corporation Counsel, dated February 17, stating that the Commission could properly attach its certificate to the pay-rolls of five (5) Linemen, appointed for service outside the limits of The City of New York by the Commissioner of Water Supply, Gas and Electricity. On motion, the following resolution was adopted:

Whereas, The Commissioner of Water Supply, Gas and Electricity made application to this Board that the positions of five (5) Linemen along the Croton water supply be exempted from competitive examination, and it appearing that the Commission has not previously acted thereon, pending receipt of the opinion of the Corporation Counsel in regard to the matter, and the said opinion of the Corporation Counsel having been received on the 17th day of February, 1905, it is hereby

Resolved, That the positions of five (5) Linemen in the Department of Water Supply, Gas and Electricity, namely, Charles S. Crane, Edward L. Millmore, Edward Martin, John Reed and Michael Wood, all of whom reside outside the City limits, and who are employed by the Commissioner of Water Supply, Gas and Electricity for service outside the City limits, be and they are hereby exempted from competitive examination under the authority of rule 12, paragraph 7, of the Civil Service Rules, such action to date from the 1st day of June, 1904; and it is further

Resolved, That the Secretary be directed to pass the pay-rolls of the said five (5) men, namely, Charles S. Crane, Edward L. Millmore, Edward Martin, John Reed and Michael Wood, from June 1, 1904.

A letter was presented from the Change of Grade Damage Commission, dated February 14, requesting that the Commission certify the pay-rolls of Edgar A. Martin, Messenger in that Department. It appearing that Mr. Martin was appointed to the position of Messenger during the time that this Commission was not certifying the pay-rolls of the Change of Grade Damage Commission, and that therefore a selection could not be made from the Civil Service eligible list for the position of Messenger, on motion, the request was granted, and the Secretary was instructed to attach the certificate of the Commission to Mr. Martin's pay-rolls when presented.

The appointment of Henry J. Naylor as Machinist (Automobile Repairist), in the Department of Street Cleaning for five (5) days from February 4, was approved under the provisions of Civil Service Rule XIX., paragraph 11.

A letter was presented from the Chief Examiner, dated February 16, notifying the Commission that he had rejected the application of Archie B. Ritchie, candidate for the position of Chainman and Rodman, under the provisions of Civil Service Rule VII.

On motion, the action of the Chief Examiner was sustained.

The request of Isaac Sicher, No. 333 Seventy-fourth street, Brooklyn, that he be permitted to correct the date of his birth as given on his application for the position of Patrolman, was granted, he having produced satisfactory evidence that the correct date of his birth was October 11, 1878, instead of April 21, 1878, as given in the application.

A letter was presented from Messrs. Weed, Henry & Meyers, attorneys and counsellors at law, dated February 10, requesting that the name of Michael Conyngham be placed on the preferred eligible list for the position of Inspector of Regulating, Grading and Paving. It appearing from the records of this office that Mr. Conyngham was dismissed from the Department of the President of the Borough of The Bronx for cause, on motion the request was denied.

The request of Michael J. Halloran, No. 36 State street, Brooklyn, for permission to change the date of birth on his application for the position of Patrolman, was granted, he having produced satisfactory evidence that the date given in his application is incorrect.

The request of William E. Lundy, No. 423 Lenox avenue, that the papers submitted by him in the recent examination for the position of Janitor be rated, was denied, it appearing that the candidate revealed his identity in the examination, for which reason his papers were not rated.

On the recommendation of the Chief Engineer, the following reports of Boards of Examiners for positions in the non-competitive class were approved:

Board of Education—January 2, 19 and 27.

Brooklyn Disciplinary Training School—January 30.

Department of Correction—January 31.

Department of Street Cleaning—February 8.

Bellevue and Allied Hospitals—January 23, 30, 30 and 31.

In the matter of the letter presented on behalf of Captain Charles F. Albertson, of the Police Department, by Frank F. Davis, Esq., his attorney, requesting that his client, Captain Albertson, be recognized as an Inspector before any other persons were promoted to that position, Commissioner Talley reported that a similar application had been made to the Supreme Court by Captain Albertson, and that said application had been denied by Judge Leventritt, and that, in view of that fact, the Commission had no further province in the premises.

The Commission then adjourned to meet Friday, the 24th inst., at 9 A. M.

Attest:

HENRY BERLINGER, Secretary.

## MUNICIPAL CIVIL SERVICE COMMISSION.

New York City, February 24, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Friday, February 24, at 9.30 A. M. All the Commissioners were present.

A public hearing was held on the proposed amendment of the classification of positions in the Labor Class, Part I., by substituting for the title "Foreman of Laborers," the following:

Foreman of Laborers, Common.

Foreman of Park Laborers, Department of Parks.

Foreman of Dock Laborers, Department of Docks and Ferries.

Mr. Frank A. Spencer, Labor Clerk, appeared in behalf of the proposed amendment. Elliot H. Goodwin, Esq., Secretary of the Civil Service Reform Association, also addressed the Commission. There was no opposition to the amendment. The hearing then closed.

After the Commission had gone into regular session, it was

Resolved, That the classification of positions in the Labor Class, Part I., as fixed by the Civil Service Rules, be amended by substituting for the title "Foreman of Laborers," the following:

Foreman of Laborers, Common.

Foreman of Park Laborers, Department of Parks.

Foreman of Dock Laborers, Department of Docks and Ferries.

On motion, the Secretary was instructed to forward copies of the foregoing resolution to the Mayor and to the State Civil Service Commission for their approval.

A letter was presented from the Assistant Secretary, submitting for the approval of the Commission certain proposed changes in sections 3 and 4 of Rule XVII., relative to the rating of candidates for admittance to the Police and Fire Departments.

On motion, the Secretary was instructed to communicate with Commissioner McAdoo and First Deputy Commissioner McAvoy, of the Police Department, and request that they attend the meeting of the Commission to be held Friday morning, March 3, in order that the Commission may have the benefit of their opinion on the proposed amendment before taking action on same.

The Secretary presented for the approval of the Commission a new form of experience paper for use in coming examinations, the same to be filled out and sworn to by the candidate at home and filed in the office of the Commission before the day of the examination; such procedure to take the place of the method now in operation of submitting an experience paper the day of the examination.

On motion, the form was adopted as amended and the Secretary was instructed to proceed with the printing of the same.

A letter was presented from the Secretary of the State Civil Service Commission transmitting a copy of a report and recommendation presented by him at a meeting of that body held January 20, with reference to the following appointments and transfers in the office of the Commissioner of Licenses:

The appointment of Mr. Frederick L. C. Keating, as Commissioner of Licenses.

The appointment of Mr. John C. Caldwell, as Secretary to the Commissioner of Licenses.

The provisional appointments of a number of Inspectors, and the extension of the period allowed for such appointments by Rule XII.

The transfer of Henry Frank from the position of Clerk in the Department of Taxes and Assessments at a salary of \$1,050 per annum to the position of Clerk at a salary of \$1,500 per annum.

The transfer of Edward P. O'Connor from the position of Stenographer and Typewriter in the Brooklyn Disciplinary Training School, at a salary of \$750 per annum, to a similar position in the office of the Commissioner of Licenses at a salary of \$1,500 per annum.

The report of the Secretary of the State Commission concluded as follows:

"I would respectfully recommend that a copy of this report be transmitted to the Municipal Civil Service Commission and its attention be especially called to the matter of the certification of the accounts of Keating and Caldwell in contravention of the provisions of the Civil Service law and Rules; also to the extension of the time of the provisional employment of the Inspectors, and to the matter of the transfer of Henry Frank and Edward P. O'Connor."

The Secretary stated that the pay-roll of the Commissioner of Licenses was being passed under an opinion of the Corporation Counsel, dated December 23, to the effect that that office is an independent one, and that therefore it is not necessary to classify same; that the Inspectors were appointed provisionally, pending the establishment of the eligible list for that position, under the provisions of Rule XII., paragraph 3; that when the sixty days allowed by Rule XII. for such appointment had expired the list was not yet ready for certification, and that the services of the Inspectors being urgently needed, it was impossible to discontinue same; that the transfer of Henry Frank from the Department of Taxes and Assessments at \$1,050 per annum to the office of the Commissioner of Licenses at \$1,500 per annum had been allowed, for the reason that Mr. Frank had previously received a compensation of \$1,500, and was considered eligible for restoration to same; that the transfer of Edward P. O'Connor from the Brooklyn Disciplinary Training School at \$750 per annum to the office of the Commissioner of Licenses at \$900 was approved, for the reason that Mr. O'Connor lived at the Training School and his maintenance more than equaled the difference in the salaries. After carefully considering the statements of the Secretary, it was ordered that he transmit a

copy of the same to the State Civil Service Commission, and to state in addition that this Commission would no longer certify the pay-roll of Henry Frank at a salary higher than that received by him at the time of his transfer, namely, \$1,050 per annum, it being the opinion of the State Board that it was not proper to transfer Mr. Frank and increase his salary at the same time.

A letter was presented from the Civil Service Reform Association, with further reference to the appointment of Girdell V. Brower as Foreman of Laborers in the Department of Water Supply, Gas and Electricity. The Secretary stated that the said appointment was being investigated by one of the Examiners of the Commission.

On motion, he was directed to communicate that fact to the Association.

A letter was presented from the Fire Commissioner, dated February 20, requesting that the six months leave of absence without pay granted Lineman Michael J. Cosgrove on account of illness, which leave of absence had expired on February 11, be extended for an additional six months, and transmitting a certificate from Medical Officer Lyons stating that Lineman Cosgrove is incapable of performing his duties as he is suffering from pulmonary tuberculosis. In view of the unusual facts in the case, the leave of absence granted the employee was extended to August 11, 1905, under the provisions of Rule XIII, paragraph 2.

A letter was presented from the Secretary of the Board of Estimate and Apportionment, dated February 21, 1905, requesting that an examination for promotion from the position of Transitman and Computer to that of Assistant Engineer, be allowed Mr. Frederick W. Koop, an employee of that Department. It appearing that Mr. Koop will have served the required six months in his present position on March 15, the Secretary was instructed to hold the examination on that day.

On motion, it was

Resolved, That the compensation of Thomas C. Murray, Esq., Examiner in the office of the Municipal Civil Service Commission, be and the same is hereby fixed at the sum of \$1,800 per annum, such compensation to date from March 1, 1905.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the 12th paragraph of Rule VII., providing that "No person who has entered any examination for appointment to a competitive position and failed therein or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position" be waived so far as it applies to the coming examination for the position of Interpreter.

On motion, it was

Resolved, That the classification of offices and positions in the exempt class be amended by including therein, after the list of offices and positions in such class in the Law Department, the following:

Office of the Commissioner of Licenses;  
Secretary to the Commissioner.  
Chief Inspector.  
Deputy Chief Inspector.

The Commission then adjourned to meet Saturday morning, February 25, at 9 A. M.

Attest:

HENRY BERLINGER, Secretary.

#### MUNICIPAL CIVIL SERVICE COMMISSION.

New York, February 25, 1905.

A meeting of the Municipal Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Saturday, February 25, 1905, at 9.30 A. M. All the Commissioners were present.

The Committee on Transfers presented a report recommending that the following requests for transfer be approved:

Catherine McCarthy, from the position of Attendant in the Department of Parks, Boroughs of Manhattan and Richmond, to a similar position in the Department of Bridges;

Michael A. Sullivan, from the position of Clerk in the Tenement House Department to a similar position in the Department of Docks and Ferries;

William J. Donnelly, from the position of Clerk in the office of the President of the Borough of Brooklyn to a similar position in the Department of Bridges;

Elmer E. Decamp, from the position of Examining Inspector in the Department of Finance to the position of Inspector of Repairs and Supplies, he having formerly held the latter position;

Henry Van Holland, from the position of Junior Clerk (grade D) in the Department of Water Supply, Gas and Electricity to a similar position in the Department of Health;

F. R. Auspland, from the position of Inspector of Masonry in the Rapid Transit Railroad Commission to a similar position in the Department of Education;

Thomas De L. Burckhalter, M. D., from the position of Hospital Physician in the Department of Health to the position of Medical Inspector;

Michael J. McNulty, from the position of Axeman in the Rapid Transit Railroad Commission to a similar position in the office of the President of the Borough of The Bronx;

T. F. Keller, from the position of Leveler in the Bureau of Sewers, Borough of Brooklyn, to that of Topographical Draughtsman, his name being one of the first three on the eligible list for the latter position;

George M. Roe, from the position of Cashier in the Department of Finance to that of Clerk, he having formerly held the latter position;

Frank J. Reynolds, from the position of Bookkeeper in the Department of Health to the position of Clerk with a knowledge of bookkeeping;

Ernest H. Rondell, from the position of Bookkeeper in the Department of Health to the position of Clerk with a knowledge of bookkeeping;

John J. Brice, from the position of Topographical Draughtsman in the Department of Parks, Boroughs of Brooklyn and Queens, to a similar position in the Department of Docks and Ferries;

Joseph A. Ganey, from the position of Attendant in the Department of Docks and Ferries to the position of Watchman, under the provisions of section 21 of the Civil Service Law, he being a veteran of the Spanish-American War;

Andrew J. Fallon, from the position of Messenger in the Paymaster's Office and Auditing Bureau (exempt class) in the Department of Finance to the position of Messenger (competitive class), under the provisions of rule XIV., paragraph 2, he having served three years in his present position;

Stafford H. Ritchie, from the position of Rodman in the Rapid Transit Railroad Commission to a similar position in the office of the President of the Borough of Richmond;

—and that the following be denied:

Jeremiah Butler, from the position of Keeper in the Department of Correction to that of Office Attendant in the Department of Taxes and Assessments, it appearing from a report of the Chief Examiner that the duties of the positions are not similar.

Macrae Sykes, from the position of Transitman to that of Assistant Engineer in the Rapid Transit Railroad Commission, it appearing that he has not qualified for the grade of Assistant Engineer in the Rapid Transit Railroad Commission.

Peter A. Higgins, from the position of Inspector of Construction to that of Keeper in the Department of Water Supply, Gas and Electricity, it appearing from a report of the Chief Examiner that the duties of the two positions are not similar.

William H. Messenger, from the position of Topographical Draughtsman to that of Transitman and Computer in the Bureau of Public Works, Borough of Brooklyn, for the reason that his name is not one of the first three on the eligible list for the latter position.

On motion, the report of the Committee on Transfers was adopted.

The Committee on Reinstatements presented a report recommending that the following request for reinstatement be denied:

Willis R. Tenney, in the position of Assistant Engineer, Bureau of Public Works, Borough of Brooklyn, he having resigned in 1898.

On motion, the report of the Committee on Reinstatements was adopted.

The Commission then considered a letter from the President of the Department of Education, in answer to the letters from this Commission stating that unless George G. Brown, Jr., an Examiner in the employ of that Department, was immediately assigned to duties appropriate to his title, it would withhold its certificate from his pay-roll. After careful consideration of the facts set forth in the communication from President Tift, it appearing to the satisfaction of the Commission that its instructions had not been complied with, and that Mr. Brown is still performing the duties of Deputy Superintendent of School Supplies, on motion, the Secretary was instructed to communicate

with the Department of Education and state that Mr. Brown's pay-roll will no longer be passed by this Department for the services he is at present rendering, and if it is desired to fill the position of Deputy Superintendent of School Supplies, the Commission will be glad to hold an examination for promotion to same, in which all persons eligible in the Department will have an opportunity to compete.

On motion, it was

Resolved, That Frank W. Hyslop, No. 148 Stuyvesant avenue, Brooklyn, be and he hereby is appointed an Expert in this Department to rate the papers in various examinations for engineering positions, with compensation at the rate of \$10 per day while employed.

On motion, it was

Resolved, That Henry Falkey, No. 508 West One Hundred and Forty-fifth street, New York City, be and hereby is appointed an Expert to conduct the coming examination for the position of Riveter, with compensation at the rate of \$10 per day while employed.

The Secretary presented a communication from John F. Griffith, No. 349 West Fifty-first street, New York City, resigning from the position of Monitor in this Department. On motion, the resignation was accepted.

The Commission then adjourned to meet on Wednesday, March 1, 1905, at 9 A. M.

Attest:

HENRY BERLINGER, Secretary.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Committee on Buildings of the Board of Trustees of the College of The City of New York, at the office of the Board, Lexington avenue, corner of Twenty-third street, Borough of Manhattan, in The City of New York, until 12 o'clock noon on

# MONDAY, APRIL 24, 1905.

FOR THE SECOND CONTRACT FOR MASON, IRON, MARBLE, ETC., CARPENTER, ELEVATOR, ELECTRIC AND OTHER WORKS, FOR THE BUILDINGS OF THE COLLEGE OF THE CITY OF NEW YORK, TO BE ERECTED ON THE PLOTS OF GROUND LOCATED ON ST. NICHOLAS TERRACE, ONE HUNDRED AND FORTIETH STREET, AMSTERDAM AVENUE AND ONE HUNDRED AND THIRTY-EIGHTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

The amount of security required will be not less than twenty-five per cent. (25%) of the amount of the bid or estimate.

The bids will be compared and the contract awarded at a lump, or aggregate, sum.

Bidders for this work must be engaged in and known to be well prepared to execute and carry out the same in accordance with the plans and specifications, and must produce proof satisfactory to the Committee that they possess the necessary plant, tools, materials, etc., which will be required in the manufacture, construction and completion of the work.

For particulars as to the quantity and quality and of the nature and extent of the work required or of the materials to be furnished bidders are referred to the printed specification and the plans. Bidders are cautioned to examine the specification for particulars of the articles, etc., required before making their estimate.

Bidders are requested to make their bid or estimate upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specification in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the architects, Messrs. George B. Post & Sons, No. 33 East Seventeenth street, Borough of Manhattan, The City of New York. The plans and drawings which are made a part of the specification can be seen at Nos. 134 and 136 West Twenty-fifth street, Borough of Manhattan, The City of New York, until noon of April 24, 1905, between the hours of 10 A. M. and 4 P. M.; Saturdays, 10 A. M. and 12 M.

The Board of Trustees reserves the right to reject all bids or estimates, if they deem it to be for the interest of the City so to do.

# FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

# SATURDAY, APRIL 15, 1905.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RE-

CENTLY BUILT AT THE SOUTHERLY END OF THE CHELSEA SECTION, AND ALSO BEHIND THE CLOSE ROW OF PILES ALONG THE NORTHERLY SIDE OF BLOOMFIELD STREET, ON THE NORTH RIVER, BOROUGH OF MANHATTAN.

#### TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the southerly side of West Fourteenth street extended southerly along the bulkhead line to the northerly side of Bloomfield street, and extending along the northerly side of Bloomfield street westerly to about the westerly side of Thirteenth avenue.

The filling will extend from the rear of the bulkhead wall or coping easterly a distance of about from 50 to 100 feet to the face or bank, as excavated in the recent dredging, or from the inshore close row of piles easterly a distance of from about 15 to 60 feet to the face or bank before mentioned. Along the northerly side of Bloomfield street the filling will extend from the close row of piles southerly a distance of about from 5 to 25 feet to the bank, as excavated in the recent dredging.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the top of the ground at the adjacent or inshore bank.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 29,500 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the area between the southerly side of West Fourteenth street extended and Bloomfield street, and along the northerly side of Bloomfield street, as above described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 300 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within one hundred days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless the City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

—that the same were confirmed by the Board of Assessors on March 23, 1905, and entered March 28, 1905, in the Record of Titles and Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the said date of entry of the assessments interest will be collected thereon, as provided in section 1019 of the said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles and Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens as provided in section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after the entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. until 12 M., and all payments made thereon on or before May 27, 1905, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

The principal of and interest on said stock and bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9th, 1898, and April 18th, 1904.

## CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited, and to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted of the amounts due for the bonds or stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. It is also provided by the Charter that these bonds and stock, if issued in registered form, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds and stock in issuing the same."

8. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and Bonds or Stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

9. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

**FIRST DEPARTMENT.**

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-FIFTH STREET (although not yet named by proper authority), from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of April, 1905, at 10 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 8th day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly side of Buena Vista avenue with the middle line of the blocks between West One Hundred and Seventy-sixth street and West One Hundred and Seventy-seventh street; running thence easterly along said middle line and its easterly prolongation to its intersection with a line parallel to and 100 feet easterly from the easterly line of Amsterdam avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between West One Hundred and Seventy-third and West One Hundred and Seventy-fourth streets; thence westerly along said prolongation and middle line and its westerly prolongation to its intersection with the easterly side of Buena Vista avenue; thence northerly along the easterly side of Buena Vista avenue to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of

the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 22nd day of June, 1905, at the opening of the Court on that day.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
