COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Plant and Structures:

No. 853.

Commissioner of Plant and Structures—Request for Authority to Contract for Repairs to Ferryboat "Queens" Without Public Letting; Amount, \$3,000 (Approximately).

City of New York, Department of Plant and Structures, Municipal Building, October 7, 1918.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—Your Honorable Board is hereby requested to grant me permission, pursuant to section 419 of the Greater New York Charter, to give an open market order

without public letting, for emergency dry dock repairs to the ferryboat "Queens," amounting to approximately \$3,000.

An examination of this ferryboat disclosed the fact that both propeller wheels were in such condition that they will have to be removed. This necessitates the installation of new propeller wheels. One of the rudders will have to be taken down for the purpose of installing new pintle nut and bushing. Considerable replacement of bolts and rivets in rudders is also necessary. The urgency of these repairs precludes taking the usual time for advertising for bids. Yours truly,

JOHN H. DELANEY, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 854.

Commissioner of Street Cleaning—Request for Special Revenue Bonds, \$5,328, to Cover Expense of Hiring Laborers to Trim Vessels Used for the Disposal of Garbage.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, October 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Dear Sir—I respectfully request that the Board of Aldermen pass a resolution authorizing the issuance of revenue bonds amounting to five thousand three hundred and twenty-eight dollars (\$5,328), pursuant to section 188, subdivision 8 of the Greater New York Charter, to cover the expense of hiring laborers to trim the vessels used for the disposal of garbage.

On October 2, 1918, the Metropolitan By-Products Company, Inc., which had a contract with the City for the final disposition of garbage in the Boroughs of Manhattan, The Bronx and Brooklyn, notified this department that it would discontinue operations after said date, and it actually did so. In consequence, the work of disposing of the garbage has fallen upon this department directly, and it is using its own vessels to transport the garbage and dump it at sea. In order that these vessels will float upon an even keel it is necessary that the materials dumped upon them from the carts shall be trimmed, and in the emergency it has been necessary to hire labor for this purpose, consisting of eighteen (18) laborers at \$4 per day each. No funds are available for the purpose, because of the fact that the Metropolitan By-Products Co., Inc., was supposed to pay the City a revenue for the privilege of taking away this garbage, and all vessels used were furnished and trimmed by them and at their own expense.

The prompt disposal of garbage is necessary to preserve the public health, and the operation is a continuous one and cannot be interrupted without seriously affecting the public health. It is therefore requested that this application be acted upon at once.

Yours truly,

A. B. MACSTAY, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Trustees of Bellevue and Allied Hospitals:

No. 855.

Board of Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds, \$105,000, to Meet Deficits in Appropriations for Fuel and Other Supplies.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st avenue and 26th street, New York, October 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals respectfully request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$105,000 to meet the deficits in the appropriations for fuel and other supplies for the hospitals of the department. The following funds are required:

2072 Fuel Supplies	\$75,000 00
2078 Motor Vehicle Supplies	1,500 00
2079 General Plant Supplies	7,000 00
2082 Medical and Surgical Supplies	2,000 00
2084 Wearing Apparel	3,500 00
2086 Materials	2,000 00
2087a Repairs—Bellevue	8,500 00
2087b Repairs—Harlem	2,300 00
2087c Repairs—Gouverneur	1,000 00
2087d Repairs—Fordham	1,200 00
2087f Repairs—Miscellaneous	1,000 00
	\$105,000 00

The deficiencies in the appropriations are due primarily to the emergencies which have arisen in the hospitals of the department and the high costs prevailing at the present time.

The large deficit in the appropriation for fuel supplies is due to the high cost of coal and the fact that the department has placed in operation during the past year a new wing to Harlem, thereby actually doubling the size of the hospital, and opened the new building for the Out Patient Department at Gouverneur.

The need of replenishing certain appropriations of the department was included in our request of May 18, 1918, for special revenue bonds in the sum of \$238,550, which was allowed by the Board of Aldermen, and concurred in by the Board of Estimate and Apportionment to the extent of \$209,525. The Trustees under date of October 15th applied to that Board for the additional \$19,500, and at the same time informed the Board of Estimate of the application about to be made for a further issue of special revenue bonds in the sum of \$105,000 to meet the deficits in the appropriations, and also that the department would be glad to have the funds made available from any source, such as by transfer from balances in appropriations of other City departments or from such accrual funds as may be available.

Very truly yours, JNO. G. O'KEEFE, Secretary, Board of Trustees.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Manhattan:

No. 856.

President, Borough of Manhattan—Request for Authority to Purchase Gasoline Without Public Letting; Estimate, \$1,850.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, October 17, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York City: Dear Sir—Under date of January 25, 1918, proposals were invited for 45,000 gallons of gasoline required by this Department, but no bids were received.

Inquiry disclosed the fact that the various concerns supplying this material were reluctant to bind themselves under a yearly contract, on account of the unsettled condition of the market, and the probable demands of the Government upon them for the materials in their possession.

Under date of April 2, 1918, a resolution was adopted by your Honorable Board authorizing the purchase in the open market without public letting, of 25,000 gallons of gasoline.

This quantity has been purchased and approximately used and there will be required for departmental use to the end of the year about 15,000 more gallons at an estimated cost of \$1,850, the prevailing market price being 24½ cents per gallon.

I respectfully request permission to again purchase the quantity needed without public letting, at an estimated cost not to exceed \$1,850, as the conditions which prevailed at the time the resolution of April 2, 1918, was adopted, still exist.

Very truly yours, M. F. LOUGHMAN, Acting President, Borough of Manhattan.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Sheriff of New York County:

No. 857.

Sheriff, New York County—Appointment of Physician to County Jail.

Sheriff's Office, New York County, 51 Chambers Street, October 15, 1918.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—On October 1, 1917, you appointed Maxwell J. Siegelstein, 220 East 12th street, Physician in the County Jail at \$1,000 per annum.

On or about August 11, 1918, Dr. Siegelstein was drafted into the Federal service and is now stationed at Fort Slocum, N. Y.

I enclose copy of a communication from the State Civil Service Commission certifying the list of names for that position.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 858.

Commissioner of Street Cleaning—Request for Authority to Make Repairs to a Dumping Scow Without Public Letting; Amount, \$2,241.42.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, October 16, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the making of certain necessary repairs to department dumping scow No. 5, without public letting, at an expense not to exceed \$2,241.42.

On March 2, 1918, the firm of Dailey and Ivins, which had the contract with the City for the disposal of ashes, street sweepings and rubbish in the Boroughs of Manhattan and The Bronx, abandoned their contract and the City was unable to obtain another contractor to complete the same, and in consequence this work fell upon this department, which has continued it ever since. In order to do so it was necessary to purchase certain of the plant owned by Dailey and Ivins, consisting of seven sea dumping scows used for the purpose of transporting ashes and dumping them at sea. These vessels dispose of the materials by means of a mechanism which opens the gates in the bottoms of their hulls, permitting the refuse to be deposited into the sea directly. On one of these vessels, known as No. 5, one of the gates was found to be broken and in want of repair, but in order to ascertain the extent of such repairs it was necessary to place it in drydock. Investigation then revealed that it needed several other repairs, including caulking.

In the meanwhile the Metropolitan By-Products Company, Inc., which had the contract with the City for the final disposition of garbage in the Boroughs of Manhattan, The Bronx and Brooklyn, abandoned its contract on October 2, 1918, and in consequence the department is obliged to handle this material and dispose of it by dumping it at sea.

It is most urgent, therefore, that we have the use of dumper No. 5 for this purpose at the earliest possible time. If we are obliged to prepare a contract and specifications, have the same printed, advertised and let, in all probability more than four (4) weeks' time will be lost. In the meanwhile the City will be without the use of this scow and unable to dispose of the fast accumulating quantity of garbage which, of course, is at all times a serious menace to the public health.

I therefore request that the above permission be granted at the earliest possible time.

A. B. MACSTAY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Board of Trustees, Queens Borough Public Library:

No. 859.

Board of Trustees, Queens Borough Public Library—Request for Special Revenue Bonds, \$1,572, for the Purchase of Coal for the Remainder of the Year.

The Queens Borough Public Library, Jamaica, New York, October 17, 1918.

Hon. Board of Aldermen, City of New York:

Gentlemen—Herewith will you please find copy of resolution (No. 107) taken by the Board of Trustees of the Queens Borough Public Library at its meeting on the 10th of October, 1918.

Will you kindly take up this matter at an early date? I trust you will give our request favorable consideration. Respectfully,

JOHN W. DOLAN, Secretary, Board of Trustees.

Jamaica, Long Island, New York, October 14, 1918.

At a meeting of the Board of Trustees of the Queens Borough Public Library held at Jamaica, Long Island, on Thursday, October 10, 1918, the following action was taken:

Extract from the Minutes.

"(107) Resolved, That the application for an issue of revenue bond funds to provide the sum of \$1,572, the amount estimated to be necessary for the purchase of sufficient coal for the remainder of the year 1918, made to the Board of Aldermen of The City of New York, as set forth in resolution No. 38, Board of Trustees, March 14, 1918, be renewed."

A true copy.

JOHN W. DOLAN, Secretary.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Health:

No. 860.

Commissioner of Health—Request for Custody of \$5,000 to Be Used as Emergency Fund to Meet Expenses of Helpers, Nurses and Contingent Needs in the Care of Sick People in Their Homes.

Department of Health, City of New York, 139 Centre Street, New York, October 17, 1918.

Board of Aldermen, City Hall, New York:

Gentlemen—In order to meet the daily, almost hourly, needs of the City in the care of sick people in their homes it is necessary to create an emergency fund, to be delivered to me in cash, so that helpers, nurses and contingent expenses may be paid on the moment. We estimate that the amount of money to be placed at our disposal should be \$5,000, to be drawn from special revenue bond fund entitled R. D. H.—No. 16—D, as authorized under section 1177 of the Greater New York Charter, and as authorized under resolution of the Board of Estimate and Apportionment on October 4 and 11, 1918. Respectfully,

ROYAL S. COPELAND, Commissioner.

In connection with the foregoing communication Alderman Kenney offered the following resolution, which, on his motion, was made a General Order for the day.

Resolved, That the Comptroller be and he hereby is authorized and requested to advance to the Commissioner of Health the sum of five thousand dollars (\$5,000), to be used as an emergency fund for the purpose of employing helpers, nurses, etc., in the care of sick people in their homes and to meet contingent expenses incidental thereto; the said sum of five thousand dollars (\$5,000) to be charged to and drawn from the account entitled "Special Revenue Bond Fund R. D. H. No. 16—D," authorized by resolution of the Board of Estimate and Apportionment of October 4 and 11, 1918, and to be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Commissioner of Health, covering the expenditure of the money paid thereon.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

The Vice-Chairman laid before the Board the following communication from the President, Borough of Manhattan:

No. 861.

President, Borough of Manhattan—Request for Authority to Contract for Repaving a Part of Chambers Street Without Public Letting.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, October 18, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, Manhattan:

Dear Sir—Under date of July 25, 1918, a contract was entered into between the City and W. J. Fitzgerald for repaving with granite blocks on a concrete foundation the roadway of Chambers street, from Broadway to a point 75 feet east of the intersection of West Broadway.

At the time of the consummation of the contract the area running from West Broadway to a point 75 feet easterly therefrom was omitted on account of subway construction work, which has since been completed and the temporary pavement restored.

In order to complete the repavement of Chambers street to the intersection of West Broadway, it will be necessary to issue an order to the contractor for the additional work. I therefore respectfully request permission to contract, without public letting, for the repaving of Chambers street, from the intersection of West Broadway to a point 75 feet easterly therefrom, at an estimated cost not to exceed \$2,250.

Very truly yours, FRANK L. DOWLING, President, Borough of Manhattan.

In connection with the foregoing communication the President of the Borough of Manhattan offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he hereby is authorized and empowered to enter into a contract, without public letting, for repaving with granite block on a concrete foundation the roadway of Chambers street, Borough of Manhattan, from the intersection of West Broadway to a point 75 feet easterly therefrom, at an estimated cost not to exceed two thousand two hundred and fifty dollars (\$2,250).

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

No. 862.

Central Purchase Committee—Communication Supplementing Requests of September 30 and October 15, 1918, Relative to the Purchase of Butter for Various Departments Without Public Letting.

City of New York, Central Purchase Committee, Municipal Building, October 19, 1918.

To the Honorable Board of Aldermen, City Hall, N. Y.:

Gentlemen—Supplementing letters dated September 30 and October 15, relative to the purchase of butter in the open market, I beg to give you the following information:

The result of the contract bids for butter, opened by the Central Purchase Committee from the first of the year, for the Departments of Public Charities, Correction, Health and Bellevue and Allied Hospitals, are as follows:

Dec. 13, 1917	J. D. Stout & Co.	\$0.475
Dec. 13, 1917	A. L. Brown & Co.	.4724
Mar. 25, 1918	J. D. Stout & Co.	.415
Mar. 25, 1918	Droste & Snyder	.422
Mar. 25, 1918	Harold L. Brown	.4243
Mar. 25, 1918	Pettit & Reid	.43
Mar. 25, 1918	Swift & Co., Inc.	.4397
Mar. 25, 1918	Jos. J. Harold	.469
June 7, 1918	Armour & Co.	.4545
June 7, 1918	Phenix Cheese Co.	.4660
June 7, 1918	Droste & Snyder	.4338
June 7, 1918	Conron Bros.	.439
July 15, 1918	Armour & Co.	.4545
July 15, 1918	Phenix Cheese Co.	.4660
July 15, 1918	Conron Bros.	.459
Aug. 13, 1918	Swift & Co.	.4675
Aug. 13, 1918	Conron Bros.	.469
Aug. 13, 1918	J. D. Stout & Co.	.4625
Aug. 13, 1918	Armour & Co.	*.4574
Sept. 18, 1918	Phenix Cheese Co.	.584
Sept. 18, 1918	Conron Bros.	.64
Oct. 11, 1918	Wilson & Co.	.7101

As you can see, the contract prices of September 18 and October 11 are the highest in the whole year, when, as a matter of fact, they should be the lowest, owing to the fresh butter coming in from the West and stored in the various storage houses.

On September 15 and October 15, the Navy Department sent a request to the different butter people, and I understand no bids were received by them. Also, for your information, on or about September 1, the United States Government requisitioned 50 per cent. of all butter held in storage, and that is the reason of the high price and the scarcity of this commodity. I also wish to state that I heard representatives of the Government are going into the different storage houses and selecting the largest quantities and the best quality of butter for the Army, Navy and Allies.

After the rejection of the September contract, open market bids were sent to six butter merchants, and only two responded.

Tancer Bros.	\$0.6348
Armour & Co.	No bid

On October 7, open market bids were sent to the various butter merchants, and the following quotations received:

H. L. Brown Co.	\$0.5824
Droste & Snyder	.5940
Tancer Bros.	.5998
Conron Bros.	.6275

On October 18, the following bids were received:

Droste & Snyder	\$0.5690
Conron Bros.	.579
H. L. Brown Co.	.5848
Tancer Bros.	.5982
Phenix Cheese Co.	.6240
Swift & Co.	.6270

You can readily see that the Central Purchase Committee saved considerable money for the City by not accepting the contract prices and going into the open market every week, owing to the uncertainty of the butter situation.

I trust this information will enable you to see your way clear to pass the two resolutions now pending before you to purchase butter in the open market for the months of October, November and December. Very truly yours,

JOHN J. DALY, Acting Director.

Approved: JAMES A. HAMILTON, Chairman; DAVID HIRSHFIELD, Secretary.

The Vice-Chairman laid before the Board the following communication from the Board of Trustees, Bellevue and Allied Hospitals:

No. 863.

Board of Trustees, Bellevue and Allied Hospitals—Request for Authority to Purchase Supplies Required by Hospitals Without Public Letting; Cost, \$9,900.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, October 18, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals respectfully request the Board of Aldermen to authorize the purchase in the open market, without public letting, of the following supplies required in the hospitals of the Department. Their purchase in the open market is made necessary by reasons which are beyond the control of the Board of Trustees:

Permission to buy in the open market muslins to the extent of \$6,000; blankets to the amount of \$2,400; crockery to the extent of \$1,500, to meet the needs suddenly created by the influenza epidemic.

Also the purchase in the open market, without public letting, of gauze to the amount of \$5,000, which is made necessary by reason of the fact that the hospitals of the Department could not obtain gauze without a priority order from the Government, and this priority order could not be obtained until after the order for the goods had been placed, making it impossible to buy under contract.

The authority to purchase likewise sugar to the extent of \$4,000, as the Department cannot obtain bids on sugar, as its distribution is controlled by the Food Administrator, and the contractors refuse to bid.

Authorize the purchase in the open market of butter required during the month of October amounting to approximately \$3,300. This request is made necessary for the reason that the Trustees were precluded from accepting recent bids for butter for reasons beyond their control.

Respectfully, JNO. G. O'KEEFFE, Secretary, Board of Trustees.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 864.

Commissioner of Street Cleaning—Request for Authority to Purchase Two West Hydraulic Tire Setters Without Public Letting; Cost, \$6,500.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, October 19, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen:

Dear Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the purchase, without public letting, of two (2) West Hydraulic Tire Setters No. 6, at a cost not to exceed \$6,500.

These machines are made only by the West Tire Setter Company, of Rochester, New York, and cannot be procured from anybody else. They are needed at our shops in Manhattan and Brooklyn for placing steel tires on the wheels of all Department carts, sweeping machines and equipment. Under the present process of heating the steel tires before they can be set upon wheels, there is always danger from fire. The machines in question, however, permit the tires to be shrunk on the wheels cold and the work may be performed in one-quarter of the time taken under the heating process.

Yours for the Fourth Liberty Loan, A. B. MACSTAY, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Correction:

No. 865.

Commissioner of Correction—Request for Authority to Purchase a Herd of Dairy Cows Without Public Letting; Cost, \$5,900.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, October 21, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall:

Dear Sir—I hereby respectfully request permission to purchase in the open market, without the formality of public letting, one herd of dairy cows, at a cost not to exceed \$5,900. The money for this purchase has already been appropriated by the Board of Estimate and Apportionment in the budget for the year 1918.

This herd will consist of 25 Holstein cows, at an estimated cost of \$225 each, and one Holstein bull, at an estimated cost of \$250. The cows are to be tuberculin tested and have a satisfactory record of milk production. Also this purchase is to be made in conjunction with an expert from the State Department of Agriculture at Albany, N. Y.

This request is made as no advantage can be obtained in a case like this by advertising, because each cow must be personally selected by the representative of the Department.

I trust your Honorable Board will take favorable action upon this request at its earliest convenience, as we are badly in need of the milk that could be supplied by this herd to our institution at New Hampton Farms. Yours respectfully,

JAMES A. HAMILTON, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Supervisor of the City Record:

No. 866.

Supervisor, City Record—Request for Special Revenue Bonds, \$8,000, for Purchase of Printing, Stationery and Blank Books for Kings County for the Year 1918.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, October 22, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$8,000, to provide funds for the purchase of printing, stationery and blank book supplies for Kings County for the year 1918.

Requisitions have been received from the various offices and courts of Kings County for different kinds of printing, stationery and blank book supplies, and the cost of filling these requisitions will be about \$7,200. The other \$800 requested is to take care of any other requisitions that may be received during the balance of the year.

Respectfully, PETER J. BRADY, Supervisor of the City Record.

No. 763—Sheriff, Queens County—Request for Special Revenue Bonds, \$2,000, to Replenish Account for "Transportation, Carfare," Code 3567.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In accordance with your request dated October 4, 1918, I have investigated this matter and submit the facts relating thereto.

At the time of the preparation of the tentative budget for 1917, an allowance of about \$1,200 was made to the Sheriff for an automobile van for the transportation of prisoners in Queens County. The question of jurisdiction arose and the main committee of the Board of Estimate and Apportionment set up the allowance under the Department of Correction.

The Department of Correction failed to take over the transportation of prisoners on January 1, 1917, owing to the lack of legal interpretation of the law, and an opinion of the Corporation Counsel was requested.

The opinion, which was rendered on June 29, 1917, stated that the jurisdiction of the transportation of prisoners in the Borough of Queens was properly with the Department of Correction.

In accordance with this decision, a proper allowance was again set up under the Department of Correction for this activity in the 1918 budget.

Recently the Commissioner of Correction advised that a van would be purchased this year and this activity taken over beginning January 1, 1919.

Until the transfer of these duties is made, the sum of \$1,400 will have to be provided to the Sheriff to meet the transportation expenses from June 1, 1918, to the end of the year. Respectfully,

JAMES V. DIXON, Examiner.

Office of the Sheriff, Queens County, County Court House, Long Island City, July 22, 1918.

To the Board of Aldermen of The City of New York, Municipal Building, New York City:

Gentlemen—In the budget for the year 1917 there was set apart for the use of this office the sum of three thousand dollars to defray the necessary expenses incident to the transportation of prisoners between the Jail and the various Magistrates' Courts and the Court of Special Sessions in the Borough of Queens. This appropriation was made under "contract or open order service for transportation, carfare," Budget No. 3567.

The same practice had been followed for many years, but latterly objection has been made by the Comptroller to this method of providing this transportation, and we were advised that, in future, the City would supply the necessary automobiles for conveying these prisoners.

Relying on this advice, when our estimate for the year 1918 was submitted, we asked for an appropriation of only one thousand dollars for the above purpose, to be

used in case it should be necessary, in conjunction with the conveyances to be furnished, and an appropriation for that amount was accordingly made in this year's budget. No conveyance has, however, been furnished, the appropriation has been exhausted, and it now becomes necessary to supplement the same to the extent of two thousand dollars, or otherwise we will be unable to provide for the transportation of the prisoners.

The undersigned, therefore, respectfully requests that an issue of Special Revenue Bonds be authorized, for the purpose of providing an additional sum of two thousand dollars for the use of this office for the above purpose during the remainder of the year 1918. Yours respectfully

SAMUEL J. MITCHELL, Sheriff of Queens County.

Which was laid over.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$225, for the Purpose of Defraying Certain Liabilities—Register, Bronx County.

The Committee on Finance, to which was referred on September 24, 1918 (Minutes, page 175), the annexed request of the Register of Bronx County for special revenue bonds, \$225, for the purpose of defraying certain liabilities, respectfully

REPORTS:

That, having examined the subject, your Committee believes the funds requested to be necessary, and accordingly recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and twenty-five dollars (\$225), the proceeds whereof to be used by the Register of the County of Bronx, for the purpose of meeting existing liabilities and to be credited to budgetary accounts for 1918, as follows:

Code No. 3273 Equipment	25 00
Code No. 3275 Contingencies	100 00

\$225 00

FRANCIS P. KENNEY, EDWARD V. GILMORE, B. E. DONNELLY, JNO. J. O'ROURKE, JOHN DIEMER, FRANK A. CUNNINGHAM, JOHN S. GAYNOR, JAMES J. MOLEN, MICHAEL STAPLETON, Committee on Finance.
Register's Office, Bergen Building, County of Bronx, September 3, 1918.

Board of Aldermen, New York City:

Gentlemen—I hereby amend my letter of the 17th of July and respectfully request an issue of revenue bonds amounting to \$225 be issued for the purpose of defraying certain liabilities which have been incurred and about to be incurred, payment for which there are not any available funds.

The sum of \$100 is to be credited to the Supply account (Code 3272—1918), \$25 to the Equipment account (Code 3273—1918), and \$100 to the Contingency account (Code 3275—1918).

The liabilities incurred by attaches of this office at hearings at Albany on the Torrens Law legislation and in other matters. The effect of the expenditures has been to make the Torrens Land Title Law more fitted for conditions confronting property owners in Bronx County, as well as in other counties throughout the city and State. It will ultimately tend to increase the funds of this city.

The liabilities incurred in the Equipment account were the purchase of law books necessary in this office.

The liabilities about to be incurred in the Supply account are for necessary, such as water, towel service, ice, and other items chargeable to the Supply account.

Yours very respectfully,

EDWARD POLAK, Register.

Board of Estimate and Apportionment, Office of the Secretary, October 11, 1918.

No. 768—Register, County of Bronx. Request for Special Revenue Bonds, \$225, for the Purpose of Defraying Certain Liabilities.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen: Sir—Pursuant to your request dated October 4, 1918, I have investigated the above matter, and report as follows:

There are three accounts in the Register's office that are about depleted and need reimbursing to pay outstanding bills and meet the legitimate charges to the end of the year.

Code 3272—Supplies, for which \$100 is requested, has a balance of \$1.59.

Code 3273—Equipment, for which \$25 is requested, has a balance of \$1.62.

Code 3275—Contingencies, for which \$100 is requested, has a balance of 4 cents.

The amount of \$225 is necessary. Respectfully,

JAMES V. DIXON, Examiner.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$700, for the Purchase of "Transportation" for Prison Guards—Sheriff of New York County.

The Committee on Finance, to which was referred on September 24, 1918 (Minutes, page 175), the annexed request of the Sheriff of New York County for special revenue bonds, \$700, for the purchase of transportation for Prison Guards for the remainder of the year, respectfully

REPORTS:

That, having examined the subject, your Committee believes the funds requested to be necessary, and accordingly recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred dollars (\$700), the proceeds whereof to be used by the Sheriff of New York County for the purpose of replenishing the budgetary account for 1918, under heading "Transportation, Code No. 3146, Carfare."

Sheriff's Office, New York County, 51 Chambers Street, New York, September 5, 1918.

To the Honorable Board of Aldermen, City Hall, New York City, N. Y.:

Gentlemen—I respectfully request your Honorable Board to recommend to the Board of Estimate and Apportionment, under section 188 of the Charter, the issuance of special revenue bonds in the sum of seven hundred dollars (\$700), for the purchase of transportation for the Prison Guards for the remainder of the year, the budget appropriation for 1918 having already been exhausted.

This figure is based on the fact that the appropriation for 1918, viz., twelve hundred dollars (\$1,200), has been spent in eight months, owing to the increase in railroad fares, etc.; also to the fact that it is impossible to determine how much work may be given by the courts to this department for the remainder of the year.

Respectfully yours, DAVID H. KNOTT, Sheriff of New York County.

Board of Estimate and Apportionment, Office of the Secretary, October 14, 1918.

No. 769—Sheriff, New York County, Request for Special Revenue Bonds, \$700, for the Purchase of Transportation for the Prison Guards for Remainder of the Year.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen: Sir—There was appropriated in the 1918 budget for this purpose the sum of \$1,200, all of which has been expended. Up to September 30, 1918, bills to the amount of \$1,483 were incurred for the transportation of prisoners and Deputy Sheriffs to Matteawan, Dannemora, Auburn and Ossining and for carfare within the city.

It appears from the foregoing that \$700 will be required to pay these outstanding bills of \$283.50 and to meet bills which will be incurred during the balance of the year. Respectfully,

THOS. P. SMITH, Jr., Examiner.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In compliance with your request of September 30, 1918, I transmit herewith report prepared in this office relative to the request of the Commissioner of Correction for \$174,300, special revenue bonds to provide for deficiencies in various appropriations for the year 1918.

No. 784—Correction Department—Request of the Commissioner for Special Revenue Bonds \$174,300, to Provide for Deficiencies in Various Appropriations for the Year 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen: Sir—In accordance with your request, I have investigated this matter and report thereon as follows:

The various code accounts that are to be replenished and the amounts requested are as follows:

2654 Food Supplies	\$100,000 00
2656 Forage and Veterinary Supplies	2,000 00
2657 Fuel Supplies	10,000 00
2658 Office Supplies	600 00
2660 Laundry, Cleaning and Disinfecting Supplies	3,000 00
2666 Household Equipment	10,000 00
2671 Wearing Apparel	25,000 00
2672 General Plant Equipment	4,500 00
2673 General Plant Materials	13,000 00
2680 General Plant Service	1,200 00

Total

\$169,300 00

Code 2654, Food Supplies—Owing to the increased cost of food supplies the original appropriation has been exhausted. The requested amount of \$100,000 seems reasonable, based on the present census of the Correctional Institutions and the current prices of food staples.

Code 2656, Forage and Veterinary Supplies—There is an unencumbered balance in this code of \$2,693.01. The average monthly expenditures have been approximately \$1,760. In order to meet the present estimated expenditures, the requested amount of \$2,000 will be necessary.

Code 2657, Fuel Supplies—Owing to the increased cost of obtaining fuel last winter over the estimated cost, as provided in the 1918 appropriation, the fund is practically exhausted. It is necessary that an additional sum be provided in order to purchase coal with which to heat the institutions and provide necessary gasoline and kerosene. Based on the quantities consumed during the past winter and the present prices, the requested amount of \$10,000 is reasonable.

Code 2658, Office Supplies—The requested amount of \$600 is reasonable, the principal item being postage.

Code 2660, Laundry, Cleaning and Disinfecting Supplies—This account is entirely exhausted and the needs of funds with which to purchase the necessary supplies is very urgent. The expenditures in this code have averaged approximately \$1,000 per month, and the requested amount of \$3,000 seems reasonable.

Code 2666, Household Equipment—The principal items for which money is needed in this code are necessary, beds and blankets. It was brought out, during the preparation of the tentative budget for 1919, that these items were badly needed and the requested amount of \$10,000 seems reasonable, taking into account present prices.

Code 2671, Wearing Apparel—An examination of the storehouse ledger at the time of examining the 1919 budget request for code, showed that there was practically no clothing on hand and it is estimated that the money with which to buy the necessary winter garments for inmates will require the requested amount of \$25,000.

Code 2672, General Plant Equipment—The amount requested, \$4,500, is a reasonable amount in order to provide the necessary equipment in the manufacturing industries of the department. This account, at the present time, shows a balance of \$14.39, with many necessary requisitions pending.

Code 2673, General Plant Materials—This account is exhausted and with very little of the material on hand, as shown in the stores' accounts, with which to make necessary urgent repairs to existing structures. It is estimated that the requested amount of \$13,000 is necessary.

Code 2680, General Plant Service—This account is practically exhausted. The monthly expenditures have averaged about \$500. The requested amount of \$1,200, it is estimated, will be necessary for necessary service to the end of the year.

The total of the requested amounts is \$169,300. The amount, \$174,300, as stated in the Commissioner's letter, being an error. Respectfully,

FRAZEE L. BELKNAP, Assistant Engineer.

Which was laid over.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$33,245, to Cover Expense of Dredging Slips Adjacent to Dumping Boards—Commissioner of Street Cleaning.

The Committee on Finance, to which was referred on September 24, 1918 (Minutes, page 189), the annexed request of the Commissioner of Street Cleaning for special revenue bonds, \$42,585, to cover expense of dredging slips adjacent to dumping boards, respectfully

REPORTS:

That the Commissioner of Street Cleaning, in the accompanying letter of application, very clearly states his reasons for this request. The annexed report of the investigating bureau sustains the action of the Commissioner of Street Cleaning.

Your Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty-three thousand two hundred and forty-five dollars (\$33,245), the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of covering expenses of dredging the slips adjacent to fifteen dumping boards in the Boroughs of Manhattan and The Bronx. All obligations contracted for hereunder to be incurred on or before December 31, 1918.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, September 23, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen:

Sir—I respectfully request that the Board of Aldermen adopt a resolution authorizing the issue of revenue bonds amounting to \$42,585, pursuant to section 188, subdivision 8, of the Greater New York Charter, to cover the expenses of dredging the slips adjacent to our fifteen (15) dumping boards in the Boroughs of Manhattan and The Bronx.

No appropriation was made in the annual Budget to meet this expense because of the fact that the duty to do so rested upon the contractors who had the contract with the Department for the final disposition of ashes, street sweepings and rubbish in the Boroughs of Manhattan and The Bronx. These contractors, Dailey & Ivins, abandoned their contract on March 2, 1918, leaving all of the dumps in urgent need of dredging. In fact, they had failed and neglected to dredge the dumps at West 96th street, West 134th street, East 60th street, East 72d street and Lincoln avenue in The Bronx, since the year 1916.

Since March 2, 1918, we have been unable to do any dredging at any of the dumps for the lack of funds. In the meanwhile loading of scows at all of these dumps has been seriously interfered with due to the fact that they frequently go aground and, in several instances, the hulls of these vessels have been seriously damaged and claims for the same have been filed against the City by their owners. The grounding of these vessels resulted also in delays to our carts and thus retarded the Department work.

Request was made to the Department of Docks and Ferries to perform this dredging but said Department was also without funds and could not do it. The estimated cost has been fixed by the Dock Department and the contract will be let and the work done under their supervision.

The Department at the present time is requesting bids for a contract for the final disposition of refuse for the next three years under which it will be the contractor's duty to perform the necessary dredging but the Department is advised that it should deliver the dumps to the new contractor on January 1, 1919, properly dredged. Yours truly,

A. B. MACSTAY, Commissioner.

City of New York, Board of Estimate and Apportionment, Municipal Building, Office of the Secretary, October 11, 1918.

Cal. No. 793—Commissioner of Street Cleaning. Request for Special Revenue Bonds, \$42,585, for Dredging Slips Adjacent to Fifteen (15) Dumping Boards in the Boroughs of Manhattan and The Bronx.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—This request is based on the proposed dredging of 47,300 cubic yards at fifteen (15) street cleaning dumps on the North, East and Harlem Rivers, at prices ranging from 70 cents to \$1.25 per cubic yard.

No appropriation was made in the annual budget for 1918 to cover the cost of this work, as dredging was then included in the contract of Dailey & Ivins for final disposition of ashes, street sweepings and rubbish in the Boroughs of Manhattan and The Bronx. These contractors abandoned the work on March 2, 1918, since which time there has been no dredging at the dumps.

Upon examination of the "soundings" at the Department of Docks and Ferries, it appeared that at some of the places in the list submitted the water is of such depth that immediate dredging is unnecessary.

Taking the matter up in conference with the Commissioner of Street Cleaning and Engineer Stearns of that Department, it has been determined that dredging at the following named dumps may be deferred until next year:

West 47th street, North River; West 77th street, North River; West 96th street, North River; West 134th street, North River; East 72d street, East River.

The total quantity eliminated is 11,000 cubic yards, the estimated cost of dredging which is \$9,400.

The dumps at which dredging is urgently needed are as follows:
Canal street, North River; West 30th street, North River; Jackson street, East River; Stanton street, East River; 19th street, East River; 46th street, East River; 60th street, East River; 107th street, Harlem River; 139th street, Harlem River; Lincoln avenue, Bronx.

The quantities to be dredged at these locations aggregate 36,300 cubic yards at an estimated cost of \$33,245.

The dredging is necessary and the amount named, \$33,245, for the work, in view of present conditions, is reasonable. Respectfully,

A. G. CULVER, Assistant Engineer.

Which was laid over.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$10,000, to Replenish Fund for Repairing Street Pavements Between Railroad Tracks—President, Borough of Manhattan.

The Committee on Finance, to which was referred on October 8, 1918 (Minutes, page 26), the annexed request of the President of the Borough of Manhattan for special revenue bonds, \$10,000, to replenish fund for repairing street pavements between railroad tracks, respectfully

REPORTS:

That President Dowling of the Borough of Manhattan stated to the Committee that the repair work is urgent. This is a revolving fund and moneys expended are returned by the railroad companies.

Your Committee therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of replenishing account R. P. M.—32A, Repairing Street Pavements between Railroad Tracks, Borough of Manhattan.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, October 2, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, Manhattan:

Dear Sir—Request is hereby made for an issue of Special Revenue Bonds in the amount of \$10,000 for the purpose of replenishing the fund known as R.P.M. 32-A, Repairing Street Pavements between Railroad Tracks in the Borough of Manhattan.

This fund was established several years ago, and is for the purpose of making repairs to street pavements within the railroad area for which the railroad companies are responsible. The amounts expended in such repairs are recoverable by actions brought by the Corporation Counsel and the fund is reimbursed by the moneys collected.

The fund at the present time is practically exhausted, and as there are a great many repairs which are urgent and necessary, I respectfully request that additional funds be appropriated in order that the repair work may be undertaken as soon as possible. Yours very truly,

FRANK L. DOWLING, President, Borough of Manhattan.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 19, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In compliance with your request of October 10, 1918, I transmit herewith report prepared in this office, relative to the request of the President, Borough of Manhattan, for special revenue bonds in the amount of \$10,000 to replenish fund for repairing street pavements between railroad tracks. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Office of the Secretary, October 18, 1918.

No. 826—President, Borough of Manhattan—Request for Special Revenue Bonds, \$10,000, to Replenish Funds for Repairing Street Pavements Between Railroad Tracks.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—On March 26, 1918, your Board recommended to the Board of Estimate and Apportionment, an issue of \$10,000 in special revenue bonds to replenish fund entitled R. P. M. 32-A, Repairing Street Pavements Between Railroad Tracks, which is the same fund for which the \$10,000 additional is now requested.

As explained in a report submitted to your committee on January 28, 1918, signed by Hon. Francis P. Bent, Director, this fund was established in 1909 so that the

President of the Borough of Manhattan could have certain pavement repairs made between railroad tracks which the railroad companies had neglected or refused bids. The cost of the work is billed to these companies and upon their failure to pay bills the matter is placed in the hands of the Corporation Counsel for collection. Experience in the past has shown that considerable sums have been charged off as uncollectable upon the advice of the Corporation Counsel, as in cases where settlement of City claims against the railroads have been made at reduced sums.

In the above mentioned fund there is at the present time a balance of only \$771.87. There are, however, bills receivable amounting to \$11,913.80, which, when collected, will be credited to this fund.

As there is work that must be done immediately and the cost of this work will be credited back to the fund later, it is advisable that the additional sum requested be provided. It is suggested that no time limitation be set on the issue of the bonds, as this fund is self-replenishing. Respectfully,

THOS. P. SMITH, JR., Examiner.

Which, on motion of the President of the Borough of Manhattan, was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Beckerman, Bostwick, Braunstein, Burke, Calman, Cassidy, Curley, Dempsey, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Moore, Mullen, O'Brien, O'Kane, O'Rourke, Palitz, Post, Quinn, Roberts, Schmitz, Smith, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Connolly, by W. Gentlemen—I respectfully request that your honorable Board authorize an issue of revenue bonds in the amount of \$31,874 for the purchase of fuel for consumption in the public works and buildings within the jurisdiction of this Department during the balance of the year 1918.

Our fuel account is practically exhausted, due chiefly to the increase in the price of coal over the amount allowed in the 1918 budget, and the amount requested above is a careful estimate of the needs of the Department until December 31, 1918. Yours for the Fourth Liberty Loan,

EDWARD RIEGELMANN, President, Borough of Brooklyn.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, October 10, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Sir—I respectfully request that your Honorable Board, pursuant to the provisions of section 188, subdivision 8, of the Greater New York Charter, authorize an issue of special revenue bonds to the amount of sixteen thousand four hundred sixty-three dollars (\$16,463), for repairing a floating dredge, known as the "Grabit," which formerly was part of the plant owned by Dailey and Ivins, who abandoned their contract with the City for the final disposition of ashes, street sweepings and rubbish on March 2, 1918.

This dredge was bid in at a public auction sale by the City at a very low price, particularly because of its run down condition, and it is indispensable for carrying on the work of the department during the coming winter.

Our Surveyor has solicited bids from eight (8) firms for repairing the dredge, and the lowest bid is the Olsen Iron Works, foot of Conover street, Brooklyn, for the above amount. Yours for the Fourth Liberty Loan.

A. B. MacSTAY, Commissioner.

Re: Confidential Inspector.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—In accordance with the provisions of section 56 of the Charter, the undersigned would respectfully request the establishment of the position of Confidential Inspector for one incumbent at \$2,280 per annum, in this Department.

Years ago this position was established for the Department at the rate of \$1,500 per annum, but has never been established at the rate of \$2,280. During 1917 the position at \$1,500 was eliminated from the Department, and from the Civil Service classification of exempt positions. I find that a position of this type is necessary in the Department, and that it would be for the best interests of the Department to have such a position established.

I trust therefore that your Honorable Board will take favorable action on this request. Respectfully,

BIRD S. COLER, Commissioner.

The City reserves the right to accept the bid
for furnishing forage and to reject the bid for
carting, or to accept both bids, but it does not
reserve the right to accept the bid for carting

The City also reserves the right to accept the

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH
BUILDINGS, ETC., WILL BE SOLD FOR
REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES
thereto will be sold to the highest bidder, who
must pay cash or certified check, drawn to the
order of the Comptroller of The City of New
York, and must also give a certified check or
cash in half the amount of the purchase price
as security for the faithful performance of the
terms and conditions of the sale. Where the
amount of the purchase price does not equal or
exceed the sum of \$50, the sum of \$50 will be
the amount of the security to be deposited. This
security may at any time after the expiration of
the contract period be applied by the City to the
cost of completing any of the work required
under the contract, but unfinished at the expira-
tion of the contract period.

The purchaser shall not lease, occupy, cause,
or permit the building or buildings, etc., to be
purchased by him to be used or occupied for any
purpose other than that of their speedy removal,
nor shall he collect any rental or other revenue
for the use of either the land or the buildings,
etc., situated thereon. The breach of either or
any of these conditions shall forthwith void the
sale and cause immediate forfeiture of the pur-
chase money and the security deposited for the
faithful performance of the conditions of the
sale. The placing therein or permitting the occu-
pancy of any such building by any tenant free,
for rent or otherwise, excepting the necessary
watchman or the workmen engaged in the actual
demolition thereof, shall of itself be a breach of
the above conditions of sale.

The sale will be as of the condition of the
property on date of delivery thereof to the pur-
chaser. The City of New York will not be re-
sponsible for any change or loss which may
occur in the condition of the buildings, or their
appurtenances between the time of the sale there-
of and the time of delivering possession to the
purchaser, after being properly vacated of all
tenants. The sale and delivery to purchaser will
be made as nearly together as the circumstances
of vacating the structures of their tenants will
permit.

All the material of buildings, sheds, walks,
structures and cellars of whatever nature, with
their exterior and interior fixtures, appurte-
nances and foundations of all kinds, except the
exterior walls of the buildings and their founda-
tions, and the sidewalks and curb in front of
said buildings, extending within the described
area, shall be torn down and removed from the
premises. None of the dirt, debris or waste re-
sulting from the demolition shall be allowed to
remain on the premises, except old mortar or
plaster only, which may be left, but not higher at
any point than two feet below the curb opposite
that point. The exterior walls and their founda-
tions shall be taken down only to a plane whose
elevation shall be the level of the curb in front
of the building. Where there is no curb the
elevation of the surrounding ground shall be
considered curb level. All wells, cesspools, sinks,
etc., existing on the property must be filled to
the level of the surrounding ground with clean
earth.

The purchaser at the sale shall also withdraw
and remove all abandoned water taps and old
service mains and in place thereof cause to be
inserted a brass plug in the main water pipe in
the street, in compliance with the rules and regu-
lations of the Department of Water Supply, Gas
and Electricity, and furnish the Department of
Finance with a certificate from the Department
of Water Supply, Gas and Electricity that this
has been performed.

The purchaser at the sale shall also remove
all house sewer connections to the main sewer in
the street, and the openings of the main sewer
in street shall be properly closed in compliance
with the directions of the Bureau of Sewers in
the Borough in which the buildings are situated,
and furnish the Department of Finance with a
certificate from the Bureau of Sewers that the
work has been properly performed.

The permit for all openings in the street to be
obtained by and at the expense of the purchaser
of the building.

Failure to remove said buildings, appurte-
nances, or any part thereof, within thirty days

from the day of possession will work forfeiture
of ownership of such buildings, appurtenances
or portions as shall then be left standing, to-
gether with all moneys paid by said purchaser on
account thereof at the time of the sale, and the
bidder's assent to the above conditions being
understood to be implied by the act of bidding,
and The City of New York will, without notice
to the purchaser, cause the same to be removed
and the cost and expense thereof charged against
the security above mentioned.

The work of removal must be carried on in
every respect in a thorough and workmanlike
manner, and must be completed within thirty
days from the date of possession, and the suc-
cessful bidder will provide and furnish all ma-
terials or labor and machinery necessary thereto,
and will place proper and sufficient guards and
fences and warning signals by day and night for
the prevention of accidents, and will indemnify
and save harmless The City of New York, its
officers, agents and servants, and each of them,
against any and all suits and actions, claims and
demands of every name and description brought
against it, them or any of them, and against
and from all damage and costs to which it, they
or any of them be put by reason of injury to
the person or property of another, resulting from
negligence or carelessness in the performance of
the work, or in guarding the same, or from any
improper or defective materials or machinery,
implements or appliances used in the removal of
said buildings.

Where party walls are found to exist between
buildings purchased by different bidders, the ma-
terials of said party walls shall be understood to
be equally divided between the separate pur-
chasers.

Party walls and fences, when existing against
adjacent property not sold, shall not be taken
down. All furrings, plaster, chimneys, project-
ing brick, etc., on the faces of such party walls
are to be taken down and removed. The walls
shall be made permanently self-supporting, beam
holes, etc., bricked up, and the wall pointed and
made to exclude wind and rain and present a
clean exterior. The roofs and adjacent buildings
shall be properly flashed and painted and made
watertight where they have been disturbed by
the operations of the Contractor.

No buildings, parts of buildings, fixtures or
machinery sold for removal under these terms
and conditions shall in any case be relocated or
re-erected within the lines of any proposed street
or other public improvement, and if any such
buildings, parts of buildings, fixtures or machin-
ery, etc., shall be relocated or re-erected within
the lines of any proposed street or other public
improvement, title thereto shall thereupon be-
come vested in The City of New York and a re-
sale at public or private sale may be made in
the same manner as if no prior sale thereof had
been made.

The Comptroller of The City of New York re-
serves the right on the day of sale to withdraw
from sale any of the buildings, parts of buildings
and machinery included therein, or to reject any
and all bids; and be it further

Resolved, That while the said sale is held
under the supervision of the Commissioners of
the Sinking Fund, the Comptroller is authorized
to cause the sale to be advertised and to direct
the sale thereof as financial officer of the City.

Each bid shall contain the name and place of
residence of the person making the same, and the
names of all persons interested with him therein,
and, if no other person be so interested, it shall
distinctly state that fact; also that it is made
without any connection with any other person
making a bid for the same purpose, and is in
all respects fair and without collusion or fraud
and that no member of the Board of Aldermen,

which it relates, or in any portion of the profits
thereof. The bid must be verified by the oath,
in writing, of the party or parties making the
bid that the several matters stated therein are
in all respects true.

No bid will be considered unless, as a condi-
tion precedent to the reception or consideration
of such bid, it be accompanied by a certified
check upon one of the State or National banks
or trust companies of The City of New York, or
a check of such bank or trust company signed by
a duly authorized officer thereof, drawn to the
order of the Comptroller, or money or corporate
stock or certificates of indebtedness of any
nature issued by The City of New York, which
the Comptroller shall approve as of equal value
with the security required in the advertisement
to the amount of not less than three nor more
than five per centum of the amount of the bond
required, as provided in section 420 of the
Greater New York Charter.

All bids for supplies must be submitted in
duplicate.

The certified check or money should not be in-
closed in the envelope containing the bid, but
should be either inclosed in a separate envelope
addressed to the head of the Department, Presi-
dent or Board, or submitted personally upon the
presentation of the bid.

For particulars as to the quantity or quality
of the supplies, or the nature and extent of the
work, reference must be made to the specifica-
tions, schedules, plans, etc., on file in the said
office of the President, Board or Department.

No bid shall be accepted from or contract
awarded to any person who is in arrears to The
City of New York upon debt or contract, or who
is a defaulter as surety or otherwise upon any

the City so to do.

Bidders will write out the amount of their bids
in addition to inserting the same in figures.

Bidders are requested to make their bids upon
the blank forms prepared and furnished by the
City, a copy of which, with the proper envelope

NOTICE TO BIDDERS AT SALES OF OLD
BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH
BUILDINGS, ETC., WILL BE SOLD FOR
REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES
thereto will be sold to the highest bidder, who
must pay cash or certified check, drawn to the
order of the Comptroller of The City of New
York, and must also give a certified check or
cash in half the amount of the purchase price
as security for the faithful performance of the
terms and conditions of the sale. Where the
amount of the purchase price does not equal or
exceed the sum of \$50, the sum of \$50 will be
the amount of the security to be deposited. This
security may at any time after the expiration of
the contract period be applied by the City to the
cost of completing any of the work required
under the contract, but unfinished at the expira-
tion of the contract period.

The purchaser shall not lease, occupy, cause,
or permit the building or buildings, etc., pur-
chased by him to be used or occupied for any
purpose other than that of their speedy removal,
nor shall he collect any rental or other revenue
for the use of either the land or the buildings,
etc., situated thereon. The breach of either or
any of these conditions shall forthwith void the
sale and cause immediate forfeiture of the pur-
chase money and the security deposited for the
faithful performance of the conditions of the
sale. The placing therein or permitting the occu-
pancy of any such building by any tenant free,
for rent or otherwise, excepting the necessary
watchman or the workmen engaged in the actual
demolition thereof, shall of itself be a breach of
the above conditions of sale.

The sale will be as of the condition of the
property on date of delivery thereof to the pur-
chaser. The City of New York will not be re-
sponsible for any change or loss which may
occur in the condition of the buildings, or their
appurtenances between the time of the sale there-
of and the time of delivering possession to the
purchaser, after being properly vacated of all
tenants. The sale and delivery to purchaser will
be made as nearly together as the circumstances
of vacating the structures of their tenants will
permit.

All the material of buildings, sheds, walks,
structures and cellars of whatsoever nature, with
their exterior and interior fixtures, appurte-
nances and foundations of all kinds, except the
exterior walls of the buildings and their founda-
tions, and the sidewalks and curb in front of
the buildings, extending within the described
area, shall be torn down and removed from the
premises. None of the dirt, debris or waste re-
sulting from the demolition shall be allowed to
remain on the premises, except old mortar or
plaster only, which may be left, but not higher at
any point than two feet below the curb opposite
that point. The exterior walls and their founda-
tions shall be taken down only to a plane whose
elevation shall be the level of the curb in front
of the building. Where there is no curb the
elevation of the surrounding ground shall be
considered curb level. All wells, cesspools, sinks,
etc., existing on the property must be filled to
the level of the surrounding ground with clean
earth.

The purchaser at the sale shall also withdraw
and remove all abandoned water taps and old
service mains and in place thereof cause to be
inserted a brass plug in the main water pipe in
the street, in compliance with the rules and regu-
lations of the Department of Water Supply, Gas
and Electricity, and furnish the Department of
Finance with a certificate from the Department
of Water Supply, Gas and Electricity that this
has been performed.

The purchaser at the sale shall also remove
all house sewer connections to the main sewer in
the street, and the openings of the main sewer
in street shall be properly closed in compliance
with the directions of the Bureau of Sewers in
the Borough in which the buildings are situated,
and furnish the Department of Finance with a
certificate from the Bureau of Sewers that the
work has been properly performed.

The permit for all openings in the street to be
obtained by and at the expense of the purchaser
of the building.

Failure to remove said buildings, appurte-
nances, or any part thereof, within thirty days

from the day of possession will work forfeiture
of ownership of such buildings, appurtenances
or portions as shall then be left standing, to-
gether with all moneys paid by said purchaser on
account thereof at the time of the sale, and the
bidder's assent to the above conditions being
understood to be implied by the act of bidding,
and The City of New York will, without notice
to the purchaser, cause the same to be removed
and the cost and expense thereof charged against
the security above mentioned.

The work of removal must be carried on in
every respect in a thorough and workmanlike
manner, and must be completed within thirty
days from the date of possession, and the suc-
cessful bidder will provide and furnish all ma-
terials or labor and machinery necessary there-
to, and will place proper and sufficient guards and
fences and warning signals by day and night for
the prevention of accidents, and will indemnify
and save harmless The City of New York, its
officers, agents and servants, and each of them,
against any and all suits and actions, claims and
demands of every name and description brought
against it, them or any of them, and against
and from all damage and costs to which it, they
or any of them be put by reason of injury to
the person or property of another, resulting from
negligence or carelessness in the performance of
the work, or in guarding the same, or from any
improper or defective materials or machinery,
implements or appliances used in the removal of
said buildings.

Where party walls are found to exist between
buildings purchased by different bidders, the ma-
terials of said party walls shall be understood
to be equally divided between the separate pur-
chasers.

Party walls and fences, when existing against
adjacent property not sold, shall not be taken
down. All furrings, plaster, chimneys, project-
ing brick, etc., on the faces of such party walls
are to be taken down and removed. The walls
shall be made permanently self-supporting, beam
holes, etc., bricked up, and the wall pointed and
made to exclude wind and rain and present a
clean exterior. The roofs and adjacent buildings
shall be properly flashed and painted and made
watertight where they have been disturbed by
the operations of the Contractor.

"No buildings, parts of buildings, fixtures or
machinery sold for removal under these terms
and conditions shall in any case be relocated or
re-erected within the lines of any proposed street
or other public improvement, and if any such
buildings, parts of buildings, fixtures or machin-
ery, etc., shall be relocated or re-erected within
the lines of any proposed street or other public
improvement, title thereto shall thereupon be-
come vested in The City of New York and a re-
sale at public or private sale may be made in
the same manner as if no prior sale thereof had
been made."

The Comptroller of The City of New York re-
serves the right on the day of sale to withdraw
from sale any of the buildings, parts of buildings
and machinery included therein, or to reject any
and all bids; and be it further

Resolved, That while the said sale is held
under the supervision of the Commissioners of
the Sinking Fund, the Comptroller is authorized
to cause the sale to be advertised and to direct
the sale thereof as financial officer of the City.

Each bid shall contain the name and place of
residence of the person making the same, and the
names of all persons interested with him therein,
and, if no other person be so interested, it shall
distinctly state that fact; also that it is made
without any connection with any other person
making a bid for the same purpose, and is in
all respects fair and without collusion or fraud
and that no member of the Board of Aldermen,
head of a department, chief of a bureau, deputy

which it relates, or in any portion of the profits
thereof. The bid must be verified by the oath,
in writing, of the party or parties making the
bid that the several matters stated therein are
in all respects true.

No bid will be considered unless, as a condi-
tion precedent to the reception or considera-
tion of such bid, it be accompanied by a certified
check upon one of the State or National banks
or trust companies of The City of New York, or
a check of such bank or trust company signed by
a duly authorized officer thereof, drawn to the
order of the Comptroller, or money or corporate
stock or certificates of indebtedness of any
nature issued by The City of New York, which
the Comptroller shall approve as of equal value
with the security required in the advertisement
to the amount of not less than three nor more
than five per centum of the amount of the bond
required, as provided in section 420 of the
Greater New York Charter.

All bids for supplies must be submitted in
duplicate.

The certified check or money should not be in-
closed in the envelope containing the bid, but
should be either inclosed in a separate envelope
addressed to the head of the Department, Presi-
dent or Board, or submitted personally upon the
presentation of the bid.

For particulars as to the quantity or quality
of the supplies, or the nature and extent of the
work, reference must be made to the specifica-
tions, schedules, plans, etc., on file in the said
office of the President, Board or Department.

No bid shall be accepted from or contract
awarded to any person who is in arrears to The
City of New York upon debt or contract, or who
is a defaulter as surety or otherwise upon any
obligation of the City.

The contract must be bid for separately.
The right is reserved in each case to reject
all bids if it is deemed to be for the interest of
the City so to do.

Bidders will write out the amount of their bids
in addition to inserting the same in figures.

Bidders are requested to make their bids upon
the blank forms prepared and furnished by the
City, a copy of which, with the proper envelope
in which to inclose the bid, together with a copy

is to be done or the supplies are to be furnished.
