(a) General provisions
For the purposes of this Section, the term “periphery” shall mean any #street line# bounding a #large-scale residential development# or any #lot line# abutting a #zoning lot# that is not part of the #large-scale residential development#. The term “wholly within” shall therefore mean any area of the #large-scale residential development# which is not within the area designated as “periphery.” However, in R3-2 Districts, R4 Districts except R4A, R4-1 and R4B Districts, or R5 Districts except R5B Districts, the “periphery” shall also include all portions of a #large-scale residential development# within 100 feet of a peripheral #street line# or within 30 feet of any other peripheral #lot line#, except for portions directly opposite:

- (1) an area of at least 1.5 acres in a #Residence District# that is either vacant or #land with minor improvements#; or
- (2) a #large-scale residential development developed# pursuant to the provisions of paragraph (b) of this Section; or
- (3) a #Commercial# or a #Manufacturing District#.

All #buildings or other structures# in the periphery of a #large-scale residential development# shall comply with the height and setback regulations of Article II, Chapter 3, except as otherwise provided in this Section.

Special provisions applying to #large-scale residential developments# in R3, R4 or R5 Districts are set forth in paragraphs (b) and (c) of this Section. The provisions of paragraph (b) shall apply to any #large-scale residential development# in R3-2 Districts, R4 Districts except R4A, R4-1 and R4B Districts, or R5 Districts except R5B Districts. The provisions of paragraph (c) shall apply only to #large-scale residential developments# in all R3, R4 or R5 Districts that utilize the bonus provisions of Section 78-32 through 78-35, inclusive.

(b) Alternate height and setback regulations for certain districts
In R3-2 Districts, R4 Districts except R4A, R4-1 and R4B Districts, or R5 Districts except R5B Districts, #buildings or other structures#, or portions thereof, “wholly within” a #large-scale residential development# may use the alternate height and setback regulations set forth in paragraphs (b)(1) through (b)(3) of this Section.

- (1) In R3-2 Districts, the height and setback regulations applicable to R4 Districts, except R4A and R4B Districts, may be used.

- (c) Alternate #floor area# and #open space# regulations in R3, R4 or R5 Districts

In #large-scale residential developments# that utilize the bonus provisions of this Chapter, the #floor area ratio# and the #open space ratio# controls set forth in the following table shall apply in lieu of the #floor area ratio# and #lot coverage# controls of Article II, Chapter 3.

District	#Open Space Ratio#	#Floor Area Ratio#
R3	150	.50*
R4	80	.75*
R5	40	1.25

* The #floor area ratio# in the table may be increased by up to 20 percent provided that any such increase in #floor area# is located under a sloping roof which rises at least 3 1/2 inches in vertical distance per each foot of horizontal distance and the structural headroom of such #floor area# is between five and eight feet. Any such additional #floor area# under a sloped roof shall not be used to compute the #open space ratio#

- (d) Authorizations may be granted for #buildings# to be located, #bulk# and #open space# distributed, and height and setback modified, in accordance with the provisions of this Section.
- (e) In R9, R10, C1-8, C1-9, C2-7 or C2-8 Districts, or in C1 or C2 Districts mapped within R9 or R10 Districts, #floor area# bonuses for #public plazas# or #arcades# permitted in accordance with the applicable district regulations shall apply only to a #development# or #enlargement# with 25 percent or less of the total #floor area# of the #building# in #residential use#.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
