Calendar Item 1 — Warren Street Center for Children and Families (160006 P QK)

An application submitted by the New York City Administration for Children's Services (ACS) and the New York City Department of Citywide Administrative Services (DCAS), pursuant to Section 197-c of the New York City Charter, for the acquisition of property, located at 343 Warren Street in the Boerum Hill neighborhood of Brooklyn Community District 2 (CD 2). Such actions would facilitate the continued use of the property as a child care center.

Calendar Item 2 — Edwin's Place (C 170454 ZMK)

An application submitted by the New York City Department of Housing Preservation & Development (HPD), pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment that would change an R6 District to an R7-2 District property, bounded by a line 100 feet northerly of Livonia Avenue, Grafton Street, and Howard Avenue in the Brownsville section of Brooklyn Community District (16). The zoning map amendment would establish within the proposed R7-2 District a C2-3 District from Livonia Avenue to a line 100 feet to its north between Grafton Street and Howard Avenue. The proposed project consists of the construction of a new eight-story mixed-use building on the Development Site that, when completed, will provide approximately 125 affordable housing units, one superintendent, ground-floor retail and/or community facility space. In order to facilitate to Proposed Development, HPD has received a related Mayoral Zoning Override to allow a street wall of 71 feet, 11 feet above the maximum height of 60 feet.

Calendar Item 3 — Linden Boulevard Rezoning (170430 ZMK and 170431 ZRK)

An application submitted by Canyon Sterling Emerald LLC, pursuant to Sections 197-c and 201 of the New York City Charter is seeking zoning map and text amendments to facilitate the development of a vacant block on Linden Boulevard in the East New York section of Brooklyn Community District 5 (CD 5). The zoning map amendment would eliminate the C1-2 district overlay and change the existing R4 District to an R8A district with a C2-4 overlay, and a combination of R7A and R6A districts. It would change an existing R4 District property, to an R6A District property, bounded by a line 100 feet southerly of Linden Boulevard, Amber Street, a line 100 feet north of Loring Avenue, and Emerald Street. It would change an existing

R4 District to an R7A District property, from Loring Avenue to a line 100 feet to its north, between Amber and Emerald streets. The zoning map amendment would also change an existing R4 District to an R8A District property, from Linden Boulevard to a line 100 feet to its south of Linden Boulevard, between Amber and Emerald streets. Within a proposed R8A District it would establish a C2-4 District from Linden Boulevard to a line 100 feet to its south between Amber and Emerald streets. The zoning text amendment would designate the Project Area a Mandatory Inclusionary Housing (MIH) Area. The proposed development will consist of residential, retail, and community facilities uses with 100 accessory parking spaces. All 521 residential units will be affordable pursuant with 30 percent of the residential floor (approximately 157 dwelling units), designated as permanently affordable to households at an average of 80 percent of area median income.

Calendar Item 4 — 723-733 Myrtle Avenue Rezoning (170025 ZMK and N170026 ZRK)

An application submitted by JMS Realty Corp., pursuant to Sections 197-c and 201 of the New York City Charter is seeking zoning map and zoning text amendments for two block fronts on the north side of Myrtle Avenue between Walworth Street and Nostrand Avenue and one block front on the south side of Myrtle Avenue between Sandford Street and Nostrand Avenue, in the Bedford-Stuyvesant section of Brooklyn Community District 3 (CD 3). The zoning map amendment would rezone the existing M1-1 District on the north side of Myrtle Avenue to an R7D/C2-4 district and the M1-2 district on the north side of Myrtle Avenue to an R6A/C2-4 district. The zoning text amendment would designate the Project Area a Mandatory Inclusionary Housing (MIH) Area. Such amendments and subsequent actions would facilitate the development of an eight-story, 75-unit mixed residential, commercial, and community facility building with an affordable housing set aside of 19 permanently affordable housing units.

Calendar Item 5 — Tillary and Prince Street Rezoning (170400 ZMK and 170401 ZRK)

An application submitted by YYY Brooklyn NY LLC, pursuant to Sections 197-c and 201 of the New York City Charter for zoning map and zoning text amendments changing an R6 District to a C6-4 District property, bounded by the easterly centerline prolongation of Tillary Street, a line 210 feet easterly of Prince Street, the easterly prolongation of a line 200 feet southerly of Tillary Street, and Prince Street, in the Downtown District section of Brooklyn Community District 2. The zoning map amendment would result in the enlargement of the Special Downtown Brooklyn District for the area, bounded by the easterly centerline prolongation of Tillary Street, a line 210 feet easterly of Prince Street, the easterly prolongation of a line 200 feet southerly of Tillary Street, and Prince Street. The zoning text amendment would designate the Project Area a Mandatory Inclusionary Housing (MIH) Area. A total of approximately 262 dwelling units would be built in buildings containing 21- and 23-stories. There would also be retail space and parking for 44 vehicles in an enclosed garage.

Calendar Item 6 — Self-Service Storage Facility Text Amendment (170425 ZRY)

The New York City Department of City Planning (DCP) proposes a Citywide zoning text amendment to establish a Special Permit under the jurisdiction of the City Planning Commission (CPC) for all new self-service storage development in the proposed "Designated Areas (approximately 40 percent of the land area where such use is currently permitted as-of-right)." Such areas are defined by their location within manufacturing districts, largely coinciding with Industrial Business Zones (IBZs), and would be established as text maps. The primary intent of this proposal is to establish a framework to conduct a case-by-case, site-specific review to ensure that development of self-storage facilities does not occur on sites that should remain available to more job intensive industrial uses. Existing self-storage facilities within the newly proposed "Designated Areas" would be able to continue operating as legal non-conforming uses. Self-storage would remain as an as-of-right use in C8 zoning district and in manufacturing districts outside of designated areas (approximately 60 percent of the land area where such use is currently permitted as-of-right).

- (d) establish a center to the downtown with lively new gathering and civic spaces along Mott Avenue that complement and strengthen the existing neighborhood;
- (e) encourage the development of affordable housing;
- (f) expand the retail, entertainment and commercial character of areas around transit nodes to enhance the area's role as a local transportation hub;

- (h) ensure the provision of adequate accessory parking that reflects both the automobile ownership patterns of the neighborhood and public transit access;
- (i) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

The Chairperson shall certify that:

- (a) all publicly accessible open spaces adjacent to the proposed #development# or #enlargement# comply with the provisions of Section 136-324 (Publicly accessible open space requirements);

All required private streets and publicly accessible open spaces, once certified in accordance with the provisions of this Section, shall be duly recorded in the form of a signed declaration of restrictions, including provisions for the maintenance and operation of such private streets and publicly accessible open spaces, indexed against the property, binding the owners, successors and assigns to provide and maintain such private streets and publicly accessible open spaces in accordance with the plans certified by the Chairperson. Such declaration, or any maintenance and operation agreement with the City or its designee executed in connection therewith, shall require that adequate security be provided to ensure that the private streets and public access areas are maintained in accordance with the declaration and any related maintenance and operation agreement and are closed only at authorized times. The filing of such declaration in the Borough Office of the Register of the City of New York shall be a precondition for the issuance of a building permit.

- (1) In addition, the private streets and publicly accessible open spaces integral to the #development# or #enlargement# of a #building#, as indicated in the plans certified by the Chairperson, shall be recorded on the certificate of occupancy for such #building# by the Department of Buildings. The recording information of the declaration of restrictions shall be included on the certificate of occupancy for any #building#, or portion thereof, issued after the recording date.

The property owner shall be responsible for the construction and maintenance of all required private streets and publicly accessible open spaces on the #zoning lot#. No temporary or final certificate of occupancy shall be issued for any #building# adjacent to such private street or publicly accessible open space until all required improvements are completed, except as set forth in a phasing plan that has been incorporated in a signed and duly recorded declaration

of restrictions, and that has provided for interim improvements and access where these do not present conflicts with construction, staging, or public safety.

136-322 Sidewalk widening

For #buildings developed# or #enlarged# after [date of adoption], where the #development# or horizontal #enlargement# fronts upon designated #streets# as shown on Map 8 (Sidewalk Widening) in the Appendix to this Chapter, the provisions of this Section shall apply.

A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot#, located within the #zoning lot#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and shall be directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk widening to less than such minimum required depth.

Lighting shall be provided with a minimum level of illumination of not less than two horizontal foot candles throughout the entire mandatory sidewalk widening. Lighting fixtures installed by the Department of Transportation within the #street# adjacent to such sidewalk widening shall be included in the calculation of the required level of illumination.

Where a continuous sidewalk widening is provided on the #zoning lot#, along the entire #block# frontage of a #street#, the boundary of the sidewalk widening within the #zoning lot# shall be considered to be the #street line# for the purposes of Sections 136-22 (Height and Setback Regulations) and 136-31 (Special Height and Setback Regulations Within Subdistrict A).

One street tree shall be planted for every 25 feet of curb length of each private street. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street.

The private street network shall be established as follows.

- (a) A central street shall connect #Open Space A# with Nameoke Ave. as shown on Map 6 (Publicly Accessible Private Streets). "The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

CITY PLANNING

■ NOTICE

PUBLIC COMMENT PERIOD AND PUBLIC HEARING DATE FOR THE PROPOSED 2017 CONSOLIDATED PLAN ONE-YEAR ACTION PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

The Department of City Planning (DCP) is announcing the **public comment period**, and the date for a **public hearing** on the *2017 Proposed Consolidated Plan One-Year Action Plan*. This document is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development formula entitlement grant program funds: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

For 2017 HUD has announced that the City is expected to receive approximately \$261,293,000 from the four HUD formula grant programs; \$150,294,862 for CDBG, \$53,258,298 for HOME, \$44,197,111 for HOPWA, and \$13,542,650 for ESG, respectively.

The *2017 Proposed Consolidated Plan One-Year Action Plan* consists of three volumes: Executive Summary; One-Year Action Plan; and Appendices.

To obtain your comments on the City's use of these Federal funds, two events have been scheduled which are:

A **public comment period** which will begin **July 25, 2017** and extend for **14 days ending August 7, 2017**; and

A **public hearing** on **Friday, August 4, 2017**, which will begin **approximately at 2:00 P.M.**, in Spector Hall, 22 Reade Street, Manhattan. The public hearing will be followed by a question and answer session with City agency representatives in attendance.

The 2017 Proposed Consolidated Plan is tentatively scheduled to be released on **July 25, 2017**. *It should be noted that the Proposed Action Plan's public comment period has been shortened to 14 days from its Federally-required 30 days. The late announcement of the formula grants award by the Federal government has necessitated HUD waiving this requirement in order to provide them sufficient time to completely review (and approve) a locality's submitted Proposed Action Plan before the end of the 2017 Federal Fiscal Year (September 30, 2017).*

To obtain a copy of the Proposed Plan, please visit the Department of City Planning Bookstore, 120 Broadway, 31st Floor, New York, NY 10271 (Monday, Tuesday: 9:30 A.M. - 11:30 A.M.; Wednesday: 1:00 P.M. - 3:00 P.M.).

In addition, copies of the document can be obtained at the following Department of City Planning offices:

Bronx Office	1 Fordham Plaza, 5th Floor, Bronx, NY 10458	(718) 220-8500
Brooklyn Office	16 Court Street, 7th Floor, Brooklyn, NY 11241	(718) 643-7550

Also, the Proposed Action Plan will be made available for downloading through the internet via the Department's website at, **www.nyc.gov/planning**.

Furthermore, copies of the proposed Plan will be available for review at the main public library in each of the five boroughs. Please call (212) 720-3337 for information on the closest library.

COMPTROLLER

■ NOTICE

LABOR LAW §220 PREVAILING WAGE SCHEDULE

Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Pursuant to Labor Law §220, the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts.

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein, pursuant to New York State Labor Law Section 220 (5). The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law's Classification Unit with any questions concerning trade classifications, prevailing rates or prevailing practices with respect to procurement on New York City public works contracts. Contractors are advised to review the Comptroller's Prevailing Wage Schedule before bidding on public works contracts. Contractors with questions concerning trade classifications, prevailing rates or prevailing practices with respect to public works contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing rates or prevailing practices on New York City public works contracts that have already been awarded may be directed to the Bureau of Labor Law's Classification Unit by calling (212) 669-4443. All callers must have the agency name and contract registration number available when calling with questions on public works contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 651, New York, NY 10007; Fax: (212) 669-4002.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites, pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our website www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the worker, laborer, mechanic performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our website www.comptroller.nyc.gov.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday, between the hours of 9:00 A.M. and 5:00 P.M.

Prevailing rates and ratios for apprentices are attached to this schedule in the Appendix. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Workers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Public Work construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement contracts awarded pursuant to a Project Labor Agreement ("PLA") in accordance with Labor Law Section 222 may have different labor standards for shift, premium and overtime work. Please refer to the PLA's pre-negotiated labor agreements for wage and benefit rates applicable to work performed outside of the regular workday. More information is available at the Mayor's Office of Contract Services (MOCs) web page, at <http://www.nyc.gov/html/mocs/html/vendors/pla.shtml>.

All the provisions of Labor Law Section 220 remain applicable to PLA work including, but not limited to, the enforcement of prevailing wage requirements by the Comptroller; however, we will enforce shift,

premium, overtime and other non-standard rates as they appear in a project's pre-negotiated labor agreement.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

- 1) Provide bona fide fringe benefits which cost the employer no less than the prevailing supplemental benefits rate; or
- 2) Supplement the employee's hourly wage by an amount no less than the prevailing supplemental benefits rate; or
- 3) Provide a combination of bona fide fringe benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

Although prevailing wage laws do not require employers to provide bona fide fringe benefits (as opposed to wage supplements) to their employees, other laws may. For example, the Employee Retirement Income Security Act, 29 U.S.C. § 1001 et seq., the Patient Protection and Affordable Care Act, 42 U.S.C. § 18001 et seq., and the New York City Paid Sick Leave Law, N.Y.C. Admin. Code § 20-911 et seq., require certain employers to provide certain benefits to their employees. Labor agreements to which employers are a party may also require certain benefits. The Comptroller's Office does not enforce these laws or agreements.

Employers must provide prevailing supplemental benefits at the straight time rate for each hour worked unless otherwise noted in the classification.

Wasyl Kinach, P.E.
Director of Classifications

LABOR LAW §230 AND NYC ADMINISTRATIVE CODE §6-130 BUILDING SERVICE EMPLOYEES

PREVAILING WAGE FOR BUILDING SERVICE EMPLOYEES ON NYC CONTRACTS PURSUANT TO LABOR LAW §230 ET SEQ.

Building service employees on public contracts must receive not less than the prevailing rate of wage and supplements for the classification of work performed. In accordance with Labor Law §230 et seq. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits for building service employees engaged on New York City public building service contracts in excess of \$1,500.00. Prevailing rates are required to be annexed to and form part of the contract pursuant to §231 (4).

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein pursuant to New York State Labor Law Section 234 (1). The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law's Classification Unit with any questions concerning trade classifications, prevailing rates or prevailing practices with respect to procurement on New York City building services contracts. Contractors are advised to review the Comptroller's Prevailing Wage Schedule before bidding on building services contracts. Contractors with questions concerning trade classifications, prevailing rates or prevailing practices with respect to building services contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing rates or prevailing practices on New York City building services contracts that have already been awarded may be directed to the Bureau of Labor Law's Classification Unit by calling (212) 669-4443. All callers must have the agency name and contract registration number available when calling with questions on building services contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 651, New York, NY 10007; Fax (212) 669-4002.

PREVAILING WAGE FOR BUILDING SERVICE EMPLOYEES IN BUILDINGS WITH TAX ABATEMENTS PURSUANT TO REAL PROPERTY TAX LAW §421-A

Covered Landlords shall ensure that all building service employees performing work in buildings with 50 or more dwelling units for which construction was commenced after December 27, 2007 but no later than December 31, 2015, that receive a tax abatement pursuant to Real Property Tax Law §421-a, are paid no less than the prevailing wage listed in the Labor Law §230 Prevailing Wage Schedule, unless the New York City Department of Housing Preservation and Development certifies that, at initial occupancy, at least 50 percent of the dwelling units are affordable to individuals or families with a gross household income at or below 125 percent of the area median income and that any such units which are located in rental buildings will be subject to restrictions to insure that they will remain affordable for the entire period during which they receive benefits under Real Property Tax Law §421-a.

PREVAILING WAGE FOR BUILDING SERVICE EMPLOYEES IN NEW YORK CITY LEASED OR FINANCIALLY ASSISTED FACILITIES PURSUANT TO NYC ADMINISTRATIVE CODE § 6-130

Covered landlords & covered financial assistance recipients shall ensure that all building service employees performing building service work at the premises to which a lease or financial assistance pertains are paid no less than the prevailing wage listed in the Labor Law §230 Prevailing Wage Schedule.

Covered Landlords include:

Businesses (other than not-for-profit organizations) leasing to New York City agencies commercial office space or commercial office facilities of 10,000 square feet or more where the City leases or rents no less than 51% of the total square footage of the building to which the lease applies (no less than 80% in Staten Island or in an area not defined as an exclusion area, pursuant to Section 421-a of the real property tax law on the date of enactment of the local law).

Covered Financial Assistance Recipients include:

Businesses (other than not-for-profit organizations) with annual gross revenues of five million dollars or more who have received financial assistance from the City of New York (as defined in New York City Administrative Code §6-130) with a total value of one million dollars or more.

Exemptions: Business Improvement Districts and employers with manufacturing operations at the premises to which the financial assistance pertains.

The information is intended to assist you in meeting your prevailing wage obligation. You should consult New York City Administrative Code §6-130 to determine whether you are covered by this prevailing wage law. New York City Administrative Code § 6-130 requires the City to maintain an updated list of covered landlords and financial assistance recipients who are subject to the prevailing wage requirement.

Labor Law § 231 (6) and NYC Administrative Law §6-130 requires contractors to post on the site of the work a current copy of this schedule of wages and supplements.

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our website www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the building service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our website www.comptroller.nyc.gov.

Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

Some of the rates in this schedule are based on collective bargaining agreements. The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

- 1) Provide bona fide fringe benefits which cost the employer no less than the prevailing supplemental benefits rate; or
- 2) Supplement the employee's hourly wage by an amount no less than the prevailing supplemental benefits rate; or
- 3) Provide a combination of bona fide fringe benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

Although prevailing wage laws do not require employers to provide bona fide fringe benefits (as opposed to wage supplements) to their employees, other laws may. For example, the Employee Retirement Income Security Act, 29 U.S.C. § 1001 et seq., the Patient Protection and Affordable Care Act, 42 U.S.C. § 18001 et seq., and the New York City Paid Sick Leave Law, N.Y.C. Admin. Code § 20-911 et seq., require certain employers to provide certain benefits to their employees. Labor agreements to which employers are a party may also require certain benefits. The Comptroller's Office does not enforce these laws or agreements.

Employers must provide prevailing supplemental benefits at the straight time rate for each hour worked unless otherwise noted in the classification.

A City service contractor or subcontractor that provides homecare services, day care services, head start services or services to persons with cerebral palsy must pay its covered employees no less than the living wage and must provide its covered employees healthcare benefits or must supplement their hourly wage rate by an amount no less than the health benefits supplement rate.

A City service contractor or subcontractor that provides building services, food services or temporary office services must pay its covered employees no less than the living wage or the prevailing wage, whichever is greater. Where the living wage is greater than the prevailing wage, the City service contractor or subcontractor must either provide its covered employees healthcare benefits or must supplement their hourly wage rate by an amount no less than the health benefits supplement rate. Where the prevailing wage is greater than the living wage, the City service contractor or subcontractor must provide its employees the prevailing wage and supplements.

In accordance with NYC Administrative Code § 6-109, the Comptroller of the City of New York has promulgated this schedule of wages and supplemental benefits for the above services on New York City contracts for non-emergency work in excess of the small purchase limit set by the Procurement Policy Board. This schedule is required to be annexed to and form part of the contract pursuant to § 6-109.

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein, pursuant to NYC Administrative Code Section 6-109. The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law's Classification Unit with any questions concerning trade classifications, prevailing or living wage rates or practices with respect to procurement on City service contracts. Contractors are advised to review this schedule before bidding on City service contracts. Contractors with questions concerning trade classifications, prevailing or living wage rates or practices with respect to City service contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing or living wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing or living wage rates or practices on City service contracts that have already been awarded may be directed to the Bureau of Labor Law's Classification Unit by calling (212) 669-4443. All callers must have the agency name and contract registration number available when calling with questions on City service contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 651, New York, NY 10007; Fax (212) 669-4002.

NYC Administrative Code 6-109 requires contractors and subcontractors to post on the site of the work a current copy of this schedule of wages and supplemental benefits.

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our website www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the City service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our website www.comptroller.nyc.gov.

Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

- 1) Provide bona fide fringe benefits which cost the employer no less than the prevailing supplemental benefits rate; or
- 2) Supplement the employee's hourly wage by an amount no less than the prevailing supplemental benefits rate; or
- 3) Provide a combination of bona fide fringe benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

The New York State Minimum Wage Act, Labor Law § 652 et seq., may require a higher wage than the living wage set forth in this schedule. Although prevailing wage laws do not require employers to provide bona fide fringe benefits (as opposed to wage supplements) to their employees, other laws may. For example, the Employee Retirement Income Security Act, 29 U.S.C. § 1001 et seq., the Patient

Protection and Affordable Care Act, 42 U.S.C. § 18001 et seq., and the New York City Paid Sick Leave Law, N.Y.C. Admin. Code § 20-911 et seq., require certain employers to provide certain benefits to their employees. Labor agreements to which employers are a party may also require certain benefits. The Comptroller's Office does not enforce these laws or agreements.

Employers must provide prevailing supplemental benefits at the straight time rate for each hour worked unless otherwise noted in the classification.
