"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs) released Fall 2013 and later, vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. To establish this, the City of New York is using the innovative procurement method, as permitted and in accordance with Section 3-12 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"). The new process will remove redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding will be more focused on program design, scope, and budget.

Important information about the new method:

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system

RFPs to be managed by HHS Accelerator are listed on the NYC Procurement Roadmap located at http://www.nyc.gov/html/ hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Deputy Mayor for Health and Human Services, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Client and Community- based Services Agencies:

Administration for Children's Services (ACS)

■ NOTICE

Notice to potential purchasers that the West Tower Mechanical Room of the Arthur Kill Railroad Lift Bridge is restricted to low occupancy use due to the presence of residual PCB contamination

The Staten Island Railroad is owned by the City of New York (CITY) and managed by the New York City Economic Development Corporation (NYCEDC). The Arthur Kill Railroad Lift Bridge is the portion of the Staten Island Railroad right-of-way which permits rail travel between Staten Island, New York, and Union County, New Jersey. On or about January 16, 2013, the United States
Environmental Protection Agency (USEPA) approved the request of
CITY and NYCEDC for risk-based cleanup and disposal of poly
chlorinated biphenyl (PCB) remediation waste at the West Tower Mechanical Room of the Arthur Kill Railroad Lift Bridge, in accordance with the Toxic Substances Control Act (TSCA), 15 U.S.C. §2601 et seq., and the regulations set forth in Part 761 of Title 40 of the Code of Federal Regulations (40 C.F.R. Part 761).

As a result of the approved risk-based cleanup and disposal of PCB waste conducted in the West Tower Mechanical Room, PCB residue is left in place and is either covered by paint or other mechanical means or cordoned off and made inaccessible. Additionally, the West Tower Mechanical Room is restricted to use as a "low occupancy area" as defined in 40 C.F.R. §761.3, which is an area where PCB remediation waste has been disposed of on-site and where occupancy for any individual not wearing dermal and respiratory protection must be restricted to less than 840 hours (an average of 16.8 hours per week) over the course of a calendar year.

PUBLIC LIBRARY - BROOKLYN

■ NOTICE

BROOKLYN PUBLIC LIBRARY AND NEW YORK CITY DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES
DETERMINATION AND FINDINGS PURSUANT TO
SECTION 204 OF THE NEW YORK STATE EMINENT
DOMAIN PROCEDURE LAW

WHEREAS, the City of New York ("City"), acting by and through Brooklyn Public Library ("BPL") and the NYC Department of Citywide Administrative Services ("DCAS"), has proposed the acquisition by eminent domain of a property located at 6802 Fort Hamilton Parkway in Community District 10 in the Borough of Brooklyn ("Subject Premises"), for its continued use as the McKinley Park Branch of Brooklyn Public Library; and

WHEREAS, the New York State Eminent Domain Procedure Law ("EDPL") sets forth uniform procedures for condemnation of property;

WHEREAS, pursuant to EDPL §§ 201 through 204, a municipality is required to hold a public hearing to determine whether the public interest would be better served by the proposed acquisition of the property and the impact of such an acquisition on the neighborhood;

WHEREAS, BPL held a public hearing with respect to the proposed acquisition of the Subject Premises on April 11, 2014 in the Borough of Brooklyn,

NOW, THEREFORE, let it be known that BPL and DCAS, pursuant to EDPL § 204, hereby determines and finds:

- (1) The Subject Premises, (Block 5771, Lot 12), on the Tax Map for the Borough of Brooklyn), is located on the southwest corner of 68th Street and Fort Hamilton Parkway, between 68th Street and Bay Ridge Avenue.
- (2) The public use and benefit of acquiring the Subject Premises is for its continued use as the McKinley Park Branch of Brooklyn Public

Library. The City has decided to acquire a fee interest in this property because the City has occupied the Subject Premises as a public library since the building was constructed in 1959, and intends to continue to operate there in the future, for an indefinite period of time. The branch library is 7,639 square feet in size, and is staffed by approximately nine employees. The continued use of the branch library on the property is critical to maintaining library service in the area. Its location is well-situated to serve the surrounding community. Alternative locations were not considered because equally-situated locations were not readily available.

- (3) The proposed acquisition of the Subject Premises was included in the Uniform Land Use Review Procedure ("ULURP") application #C 940207 PCK, submitted by BPL and DCAS to the NYC Department of City Planning on October 29, 1993. The ULURP application was certified as complete on February 6, 1995 and the NYC Planning Commission ("CPC") adopted the resolution on May 24, 1995.
- (4) The ULURP Application was also reviewed pursuant to the New York State Environmental Quality Review Act (SEQRA) and the New York City Environmental Quality Review (CEQR). The ULURP Application was determined to be a Type II action and no further environmental review was necessary because the acquisition represented a replacement in kind and would have no significant environmental impact, and this continues to be true today. This finding was conveyed by the Brooklyn Public Library, as lead agency, to the NYC Department of General Services in a letter dated October 27, 1993 addressed to Assistant Commissioner Randall Fong.
- (5) Through a written submission, the property owner's counsel asserted a general objection to the proposed acquisition. All comments have been given due consideration by the City.

DETERMINATION

Based on due consideration of the record and the foregoing findings,

the City has determined that it should exercise its power of condemnation to acquire the Subject Premises in order to promote and permit its continued use as the McKinley Park Branch of Brooklyn Public Library.

Copies of this Determination and Findings are available and will be forwarded without cost, upon written request sent to:

Brooklyn Public Library Office of the General Counsel 10 Grand Army Plaza Brooklyn, NY 11238
