Hon. WILLIAM L. STRONG, Mayor and Chairman Board of Estimate and Apportionment :

DEAR SIR—By resolution, passed September 18, 1894, the Board of Estimate and Apportionment authorized and directed the Comptroller to make a further issue of the City bonds known as "Additional Water Stock of the City of New York," as provided by chapter 189, Laws of 1893, for the sanitary protection of the sources of the City's water supply, to the amount of \$300,000.

Said amount is now very nearly exhausted in payments for work done, services rendered, materials furnished, acquisitions of land, etc., and awards of damages for the purposes of the act. There are now six separate Boards of Commissioners of Appraisal in existence in making appraisals and awards in different sections of the Croton water-shed and of the Bronx river water-shed, and three of these Boards of Commissioners have made awards amounting to about \$400,000, which are awaiting confirmation by the Supreme Court, and will have to be paid as soon as confirmed.

I, therefore, respectfully ask that the Board of Estimate and Apportionment authorize and direct the Comptroller to make a further issue of said bonds to the amount of five hundred thousand dollars (\$500,000).

Very respectfully,

(Signed)

MICHAEL T. DALY, Commissioner of Public Works.

To the Board of Estimate and Apportionment :

At a meeting of this Board, held December 7, 1894, resolutions were adopted annulling the contract between the City and Isaac A. Hopper for unloading scows containing city refuse at Riker's Island, subject to the condition of the contractor's first filing his consent thereto with the Comptroller, and authorizing the Commissioner of Street Cleaning to prepare and submit for approval to the Board of Estimate and Apportionment a new form of contract and specifications, which would avoid the difficulties created by the settling of the crib-work built around said island.

This form of contract was presented to this Board and approved at its meeting held December 19, 1894.

I submit herewith the estimate of Isaac A. Hopper, submitted to the Department of Street Cleaning, pursuant to the advertisement calling for proposals for said work, which estimate is at the rate of eight and four-fifths cents per cubic yard, being one-fifth cent less than the rate provided for in the old contract.

The following resolution is submitted for the consideration of the Board :

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the proposal of Isaac A. Hopper, for towing and unloading deck scows of the Department of Street Cleaning, dated December 31, 1894, be and the same is hereby approved and accepted, and that the Commissioner of Street Cleaning be and he is hereby authorized to enter into a contract with said Isaac A. Hopper for such work, under the terms of the contract approved by this Board December 19, 1894, and as provided by section 709 of the New York City Consolidation Act of 1882.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

Very respectfully,

WM. H. KIPP, Chief Clerk.

And offered the following :

Resolved, That the sum of six thousand two hundred and fifty dollars (\$6,250) be and hereby is transferred from the appropriation made to the Police Department for 1894, entitled "Election Expenses—Advertising List of Nominations by the Police Commissioners, pursuant to section 61, chapter 680, Laws of 1892," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the same Department for 1894, entitled "Election Expenses—Advertising Election Districts, Polling Places and the Official Canvass; for Advertising Election Notices by the Clerk of the Common Council; and for Advertising Election Notices by the Sheriff," the amount of said appropriation being insufficient.

To the Honorable the Board of Estimate and Apportionment :

GENTLEMEN—The County Clerk informs me that the Comptroller's office has notified him that there is a deficiency in the appropriation for Justices of the Supreme Court for the year 1894, and that there are no funds to pay the compensation now due the Justices from other Counties who have been holding Court in this Department, unless a transfer is made from some unexpended balance. The amounts now due these Justices are as follows :

To the Board of Estimate and Apportionment :

At a meeting of the Board of Estimate and Apportionment, held December 19, 1894, resolutions were adopted authorizing the issue of Revenue Bonds, redeemable in 1895, to provide for the payment of the bill of T. P. Galligan & Son of \$1,127.12, for work done in searching and clearing away the ruins of the fire at No. 72 Monroe street, and for the claim of Charles H. Koster of \$1,300, as audited by the Auditing Committee of the Columbian Celebration Committee, acting under a mandamus of the Supreme Court.

It has not been found to be expedient to issue these bonds before the close of the year 1894; and in view of the fact that the redemption of Revenue Bonds cannot be provided for in the year of their issue, I offer the following resolution to amend the aforesaid resolutions, so as to make the said Revenue Bonds redeemable in 1896 instead of in 1895.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Whereas, The Board of Estimate and Apportionment, by resolutions adopted December 19, 1894, authorized the issue of Revenue Bonds to the amount of one thousand one hundred and twenty-seven dollars and twelve cents (\$1,127.12), to pay the bill of T. P. Galligan & Son, for work done in searching and clearing away the ruins of the fire at No. 72 Monroe street, and one thousand three hundred dollars (\$1,300), to pay and liquidate the claim of Charles H. Koster, pursuant to the provisions of chapter 331, Laws of 1892, and chapter 33, Laws of 1893, said bonds being by the terms of said resolutions made redeemable in 1895; and,

Whereas, The Comptroller has not found it expedient to issue said bonds prior to the first day of January, 1895.

Resolved, That said resolutions be and the same hereby are amended so as to make said bonds redeemable out of funds to be provided therefor, and included in the Final Estimate for the year 1896.

Herewith I submit a communication from the Counsel to the Corporation, dated November 13, 1894, in relation to the payment of the amount assessed against the City in the matter of opening and widening College place.

The total amount of the awards in this matter, as finally confirmed by an order of the Supreme Court, dated May 8, 1894, is \$1,431,693.17, of which one-half has been assessed on the City, pursuant to resolution of the Board of Street Opening and Improvement, and \$62,925.77, pursuant to section 977 of the Consolidation Act, making a total of \$778,772.36.

From the opinion of the Counsel to the Corporation it appears that "the assessment against the City in the proceeding in question should be paid into the fund for street and park openings from the proceeds of City Improvement Stock. I therefore offer for adoption the following resolution.

Respectfully,

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, November 13, 1894.

Hon. ASHBEL P. FITCH, Comptroller :

SIR—I have received your letter of the 8th instant in the matter of opening, widening and extension of College place and Greenwich street, from Chambers to Dey street, stating that in said improvement the sum of \$778,772.36 has been assessed against the Mayor, Aldermen and Commonalty, and inquiring what character of bonds should be issued for the purpose of providing funds for the payment of the awards, whether Revenue Bonds under authority of chapter 222 of the Laws of 1888 or other bonds.

Chapter 222 of the Laws of 1888 is an amendment to chapter 173 of the Laws of 1885, under which the fund known as "The Fund for Street and Park Openings" has been established.

The statute prescribes that the said fund shall be composed of—

1. The cash balance then remaining at the date of the passage of the act to the credit of the fund known as "Assessment Fund."

2. All moneys thereafter collected by the City on account of assessments made and confirmed or thereafter to be made and confirmed for opening any street, road, avenue, boulevard, public square or place, park or parkway, or for acquiring title to land required for any bridge, tunnel or approach thereto.

3. Such sums as may be raised by taxation to provide in whole or in part for the expense of any of the aforesaid objects and purposes.

The statute then directs that all awards for damages made by Commissioners of Estimate and Assessment in reports thereafter confirmed, shall be paid from the said fund.

The original act provides in section 4 that whenever the damages awarded in any report should exceed the balance to the credit of said fund, after deducting outstanding claims payable from said balance, that such damages, costs and expenses should not become due and payable until the year following the year in which the report was confirmed.

The amendment by chapter 222 of the Laws of 1888, to which your letter calls my attention, provides that in case of such deficiency in the fund, revenue bonds should be issued to such amounts as should be necessary to pay such damages, etc.; and this provision for borrowing moneys upon revenue bonds is merely a substitute for the former provision by which payments of awards in excess of the fund was postponed until the following year.

The scheme of the statute creating the fund for street and park openings is that all assessments laid shall be paid, and the fund thereby made sufficient in amount to pay all the awards for damages, costs and expenses which the statute charges thereon, and the device of issuing Revenue Bonds is merely a supplementary provision to meet the consequences of delay in collecting the assessments.

It is inconsistent with the scheme and plan of the act that assessments against the City should be paid therefrom or by Revenue Bonds issued for the purpose above indicated.

Section 139 of the Consolidation Act provides the method of paying assessments imposed upon the Mayor, Aldermen and Commonalty in street opening proceedings.

It provides: "It shall be the duty of and lawful for the Comptroller, when thereto authorized by the Board of Estimate and Apportionment, to create and issue such additional amounts of a public fund or stock, to be denominated 'City Improvement Stock,' as shall be necessary to provide the funds to enable said Comptroller to pay any and all assessments and expenses imposed or that may hereafter be imposed upon the Mayor, Aldermen and Commonalty, by reason of the laying out, opening and regulating and grading or improving any and all streets, roads, avenues, public parks, squares or places, and out of the proceeds of said public fund or stock to pay such assessments and expenses."

I am therefore of the opinion that the assessment against the City in the proceeding in question should be paid into the fund for street and park openings from the proceeds of City Improvement Stock. The fund for "Street and Park Openings" will thus be rendered ample to pay the awards in the proceeding named.

I remain, yours, respectfully,

WM. H. CLARK, Counsel to the Corporation.

Resolved, That the Comptroller be and he is hereby authorized to issue, from time to time as may be required, and at such rate of interest as he may determine, not exceeding three per cent. per annum, "City Improvement Stock," as authorized by section 139 of the New York City Consolidation Act of 1882, to the amount of seven hundred and seventy-eight thousand seven hundred and seventy-two dollars and thirty-six cents (\$778,772.36), the proceeds of which shall be applied to the payment of the amount assessed against the Mayor, Aldermen and Commonalty of the City of New York, in the matter of opening, widening and extension of College place and Greenwich street, from Chambers street to Dey street, in the Third Ward of the City of New York; and

Resolved, That the Commissioners of the Sinking Fund be and hereby are requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council, approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

NEW YORK, January 5, 1895.

Hon. ASHBEL P. FITCH, Comptroller, etc. :

DEAR SIR—On December 19, 1894, Mr. Augustus Sbarboro filed in your office an affidavit in which was set forth a full statement of the circumstances out of which his claim arose, and in which also was a statement of his losses.

We have discovered after a re-examination of his bills and an examination of the minutes of the Board of Estimate and Apportionment, that an error was made in the statement of Mr. Sbarboro's losses, and Mr. Sbarboro files the accompanying supplemental affidavit to correct the error.

Respectfully yours,

DAYTON, DUNPHY & SWIFT,
Attorneys for A. SBARBORO.

In the matter

of

The Claim of Augustus Sbarboro.

Supplemental Affidavit.

City and County of New York, ss. :

Augustus Sbarboro, being duly sworn, says that on the 17th day of December, 1894, he executed an affidavit which was filed in the office of the Comptroller of the City of New York on the 19th day of December, 1894.

Deponent further says that he now reaffirms that all the circumstances set out in said affidavit, out of which his damage and loss arose, are true.

Deponent further says that said affidavit at the end of page 2 sets forth the following, viz. :

"That on September 20, 1893, after the matter had been brought to the attention of the proper authorities, the sum of three hundred eighty-seven (387) dollars was allowed to deponent for the loss sustained by him as above for the three preceding weeks."

Deponent further says that since the filing as aforesaid of his affidavit dated December 17, 1894, he has re-examined his accounts and he finds that the three hundred eighty-seven (387) dollars allowed him by the City was for three weeks, just prior to August 23, 1894, and not for three weeks preceding September 20, 1894, that said sum of three hundred eighty-seven (387) dollars was paid to him on September 20, 1894, and it was in that way the erroneous statement was made.

An examination of the minutes of the meeting of the Board of Estimate and Apportionment held September 8, 1893, will verify claimant's statement.

Deponent further says, in correction of said affidavit heretofore filed, that the amount to be repaid him by the City, as arranged by deponent, the Commissioner of Street Cleaning, the Assistant in Comptroller's office and the City Engineer, is two thousand four hundred fifty-one (2,451) dollars, and that the said sum of three hundred eighty-seven (387) dollars should not be deducted therefrom; said sum of two thousand four hundred fifty-one (2,451) dollars covering his loss from August 23, 1893, to January 2, 1894.

Deponent further says that the last paragraph of his said affidavit, dated December 17, 1894, should be corrected as above indicated.

AUGUSTUS SBARBORO.

Sworn to before me this 5th day of January, 1895.

Referred to the Comptroller.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
January 9, 1895.

To the Board of Estimate and Apportionment :

In the estimate of expenses necessary for conducting the business of the County Clerk's Office for 1895, presented to this Board by the County Clerk for action in the Provisional Estimate for that year, there was included an item of eleven thousand dollars (\$11,000) to provide for the expense necessary in carrying out the provisions of chapter 536 of the Laws of 1893, relating to the re-indexing of public records. This item was not allowed by the Board of Estimate and Apportionment in the Provisional or Final Estimate, for the reason that this expense should be met by the issue of Revenue Bonds, payable in the year succeeding that of their issue.

The amount requested by the County Clerk is the same as that allowed by the Board of Estimate and Apportionment on February 5, 1894, to provide for said expenses during the year 1895; and in order that this important work may not be interrupted or delayed, I offer for adoption the following resolution, authorizing the issue of Revenue Bonds to the amount of eleven thousand dollars (\$11,000), to provide for said expenditures.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That, in pursuance of the provisions of chapter 536 of the Laws of 1893, and the requisition of the County Clerk contained in his communication dated September 19, 1894, this Board hereby approves of the employment by the County Clerk of the Chief Clerk and Clerks and of their compensation and of the expenditure for books, stationery, etc., necessary for carrying out the provisions of said act during the year 1895, amounting to the sum of eleven thousand dollars (\$11,000), as follows :

Salaries—1 Chief Clerk and 5 Clerks, and for books and stationery, etc. \$11,000 00

—and the Comptroller is hereby authorized to issue Revenue Bonds of the City of New York from time to time as may be required, payable from taxation in the year 1896, for an amount not exceeding said sum of eleven thousand dollars (\$11,000), to be applied and used to defray the expenses necessary to be incurred under said act as therein provided.

To the Board of Estimate and Apportionment :

In order to provide for the necessary payments to contractors engaged in works the cost of which is borne wholly or in part by assessments, it has become necessary to replenish the Street Improvement Fund by the issue of assessment bonds, as provided by section 144 of the Consolidation Act.

I estimate from the vouchers now on hand for payment and the character of the work in progress, that the sum of two hundred and fifty thousand dollars (\$250,000) will be sufficient for the present needs of the Fund, and I offer the following resolution authorizing the issue of assessment bonds to that amount as aforesaid.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the Comptroller be and he hereby is authorized to issue from time to time as may be required, at such rate of interest not exceeding three per cent. per annum, and for such period conformable to law as he may determine, "Assessment Bonds of the Corporation of the City of New York," to the amount of two hundred and fifty thousand dollars (\$250,000), as provided by section 144 of the New York City Consolidation Act of 1882; and

Resolved, That the Commissioners of the Sinking Fund be and hereby are requested to exempt the said bonds from taxation by the City and County of New York, pursuant to an ordinance of the Common Council approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

No. 111 BROADWAY,
NEW YORK, January 7, 1895.

The Board of Estimate and Apportionment,

Steward Building, New York City :

GENTLEMEN—We write you with regard to the claim of Charles G. Burgoyne for printing done under the following circumstances :

Under chapter 532 of the Laws of 1893, Mayor Gilroy appointed E. Ellery Anderson and others commissioners to make a report therein called for. Said commissioners engaged Mr. Burgoyne at the agreed upon price of \$130.80 to print their report. He did print it for them, and they duly audited the bill, and the same was certified to the Comptroller about March of 1894. Since that time Mr. Burgoyne's representative has demanded payment a number of times, but has been informed that payment could not be made because the price charged was not according to the schedule prices for city printing. We respectfully submit that this work was not city printing, either in the sense contemplated by the statute or the rules of the Department of City Record ; and, further, that by the very terms of the statute the expenses of the commission were to be paid by the Board of Estimate and Apportionment on the audit of the commission. As we understand it, this did not leave it in the discretion of your Board to audit the bills, but made it your duty to pay them, provided they did not exceed the total mentioned in the statute.

We are further informed by the Commissioners that their total expenses did not exceed the amount provided by the statute, and that they know of no reason why this bill should not be paid. While we have made demand on a number of occasions, and while the claim has been filed in the office of the Comptroller for much more than thirty days required by the statute, we desire, as a matter of courtesy, to make this demand from you in writing, and will ask you to give the matter your immediate attention.

In case you do not pass favorably on this, say within twenty days, we shall understand that you propose to contest payment, and shall resort to mandamus or such other legal means as we may deem advisable.

If there is a reason which appears to you to be sufficient for the non-payment of this claim, outside of the one referred to herein, we would be obliged to you for a statement of it, as we wish to comply with all proper requirements in the matter, and wish, if possible, to satisfy you that it is your duty to pay this claim without resorting to legal means.

Yours, respectfully,
MURPHY, LLOYD & BOYD.

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,
 NEW YORK, January 7, 1895.

A meeting of the Armory Board was held this day, at 10.30 A. M., at the office of the Mayor.
 Present—The Mayor, the President of the Department of Taxes and Assessments, the Deputy Commissioner of Public Works and Colonel William Seward.
 The minutes of the meeting of December 18 were read and approved.
 Mayor William L. Strong was elected Chairman, and the President of the Department of Taxes and Assessments, E. P. Barker, was elected Secretary.
 The President of the Department of Taxes and Assessments presented the following communication:

HEADQUARTERS SEVENTH REGIMENT, N. G. N. Y.,
 NEW YORK, December 24, 1894.

Hon. E. P. BARKER, Secretary, Board of Armory Commissioners:

SIR—I sincerely regret that the bids received December 17, 1894, for the proposed alteration of the rifle range in the Seventh Regiment Armory were not within the amount appropriated, but I appreciate the action of the Armory Board in directing that the work be readvertised as I now have positive assurance, from several contractors, that they will submit bids at the next opening, within the amount of the appropriation.

As the officers of the regiment and the Seventh Regiment Rifle Club are now conducting the range for regular practice and matches, it would be a great accommodation if the next opening of bids could be postponed until spring, so that the work should not begin until after April 1 next, and in behalf of the Seventh Regiment I respectfully ask such postponement, provided that the rights of the regiment and its interest in the appropriation for the performance of the work shall not thereby, in anywise, become prejudiced or invalidated.

Again desiring to express to you my appreciation of your kindness,

I am very respectfully, yours,
 DANIEL APPLETON, Colonel.

Ordered filed.

On the recommendation of the President of the Department of Taxes and Assessments, it was decided to postpone the contemplated alterations and additions to the rifle range in the Seventh Regiment Armory.

The following communication was received from John R. Thomas:

J. R. THOMAS, GUERNSEY BUILDING, No. 160 BROADWAY,
 NEW YORK CITY, January 2, 1895.

The Board of Armory Commissioners of the City of New York:

GENTLEMEN—In the progress of the work upon the armory for Troop A to this date, the terms and conditions of the contract have been complied with by the contractor. The lathing and the first coat of plastering mortar is on, and about one-third of the brick arches of first-story floor are in position. The steam-fitters and carpenters are also at work upon the interior.

Very respectfully, yours,
 JOHN R. THOMAS, Architect.

Ordered filed.

The President of the Department of Taxes and Assessments presented the following report:
 To the Armory Board.

The President of the Department of Taxes and Assessments, to whom was referred, with power, the application of Colonel Camp, to place a clock in the east wall of the Twenty-second Regiment Armory Building, begs to report: That upon conferring with Colonel Camp it was ascertained that it would be necessary to cut the east wall of the armory, that the clock might be inserted therein, in order that a face both on the avenue and on the inside of the building might be exposed.

Being unwilling to have the wall cut without first obtaining the approval of the Department of Buildings, I communicated with the Superintendent of Buildings who informs me that the work proposed is entirely practicable, and that he will detail an inspector to supervise the work.

I would, therefore, recommend that the approval of this Board be given to the erection of the clock, as here indicated, without expense to the City.

The recommendation of the President of the Department of Taxes and Assessments was adopted.

The President of the Department of Taxes and Assessments presented an application and affidavit from John F. Johnson, contractor, for payment to him of four thousand nine hundred and seventy-two dollars and fifty cents (\$4,972.50) with the architect's certificate that the work had been performed in accordance with the contract and specifications, on account of his contract for the erection of the armory building on Madison avenue, between Ninety-fourth and Ninety-fifth streets, and offered the following:

Resolved, That the Comptroller be authorized to pay to John F. Johnson the sum of four thousand nine hundred and seventy-two dollars and fifty cents (\$4,972.50), as per accompanying voucher, on account of his contract for the erection of an armory building on Madison avenue, between Ninety-fourth and Ninety-fifth streets.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Deputy Commissioner of Public Works and Colonel William Seward.

The President of the Department of Taxes and Assessments presented an application and affidavit from James D. Murphy, contractor, for payment to him of thirty-one thousand three hundred and fifty-nine dollars and ninety cents (\$31,359.90), with the architect's certificate that the work had been performed in accordance with the contract and specifications, on account of his contract for the erection of an armory building on Fourteenth street, west of Sixth avenue, and offered the following:

Murphy the sum of thirty-one thousand three hundred and fifty-nine dollars and ninety cents (\$31,359.90), as per accompanying voucher, on account of his contract for the erection of the Ninth Regiment Armory Building, on Fourteenth street, west of Sixth avenue.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, Deputy Commissioner of Public Works and Colonel William Seward.

On motion, adjourned.

E. P. BARKER, Secretary.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, January 14, 1895.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING

800 TONS BUCKWHEAT COAL.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, January 30, 1895, at which time and place they will be publicly opened by the head of said Department and read.

The coal is to be of the best quality of Wilkesbarre, to weigh 2,240 pounds to the ton, and be well screened and free from slate.

All of the coal is to be delivered at the Headquarters of the Department, in such quantities and at such times as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department upon scales furnished by the Department, which are to be transported by the contractor.

No estimate will be received or considered after the hour named.

The form of the agreement (with specifications), showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders must write out the amount of their estimates in addition to inserting the same in figures.

The award of the contracts will be made as soon as practicable after the opening of the bids.
Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties

making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of twelve hundred (\$1,200) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of sixty (\$60) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
No. 280 BROADWAY,
NEW YORK, January 12, 1895.

PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND WORK FOR ALTERATIONS AND REPAIRS TO THE SHIP "NEW HAMPSHIRE," IN USE AS AN ARMORY FOR THE FIRST NAVAL BATTALION, AND NOW MOORED AT THE FOOT OF EAST TWENTY-EIGHTH STREET, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR FURNISHING materials and work in making the alterations and repairs to the Ship "New Hampshire," now moored at the foot of East Twenty-eighth street, and in use as an armory, in the City and County of New York, will be received by the ARMORY BOARD, at the MAYOR'S OFFICE, CITY HALL, UNTIL 10.30 O'CLOCK A. M., WEDNESDAY, THE 30TH DAY OF JANUARY, 1895, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Work in Making the Alterations and Repairs to the Ship 'New Hampshire,' in use as an Armory at the foot of East Twenty-eighth street, New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of FIFTEEN HUNDRED DOLLARS (\$1,500).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans thereon referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence: the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it

relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of SEVENTY-FIVE DOLLARS (\$75). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or the contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the Ship "New Hampshire," now moored at the foot of East Twenty-eighth street, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. The Ship may be examined and specifications and blank forms for bids or estimates obtained by application to John Guy, Clerk of the Works, at the Ship, between the hours of two and five P. M., each day.

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the execution of contract, and all the work to be done under this contract is to be fully completed on or before the day of _____, 1895, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence: the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the

same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereat.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Bidders will state the price for each article, by which the bids will be tested, and write out the amount of their estimate in addition to inserting the same in figures.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the

contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested, and write out the amount of their estimate in addition to inserting the same in figures.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above all his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New

York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

PETER F. MEYER, Auctioneer.

SALE OF THE ASTORIA FERRY, LONG ISLAND.

THE FRANCHISE OF THE FERRY FROM Ninety-second street, East river, to Astoria, Long Island, will be offered for sale by the Comptroller of the City of New York, at public auction, to the highest bidder, at his office, room No. 15, Stewart Building, No. 280 Broadway, on Monday, January 21, 1895, at twelve o'clock M., together with the wharf property belonging to the Corporation of said city, used and required for ferry purposes, for a term of ten years, from May 1, 1894, and the following terms and conditions of sale:

The highest bidder for the lease of the franchise and wharf property of said ferry will be required to pay the auctioneer's fee, and to deposit with the Comptroller, at the time of sale, twenty-five per cent. of the yearly rental of the wharf property, and twenty-five per cent. also of the minimum amount, paid yearly for the franchise of the ferry, to be credited upon the first quarter's rent, or to be forfeited to the City if the lease is not executed by the purchaser when notified that it is ready for execution.

The minimum or upset price for the franchise for the first five years of said term is two thousand five hundred (2,500) dollars per annum. For the second five years of said term the minimum or upset price for said franchise is five per cent. per annum of the gross receipts, such five per cent., however, not to be less in any one year of said second five years of said term than four thousand five hundred (4,500) dollars. The yearly rental of the wharf property is fixed at seven hundred (700) dollars.

Bids for the franchise only will be received, and the wharf property belonging to the City will be subject to the yearly rental fixed by the Commissioners of the Sinking Fund, in addition to the rental to be paid for the franchise or license to operate the ferry.

No bids will be received for this ferry franchise which shall be less than its value as appraised and fixed by the Commissioners of the Sinking Fund.

The lessee will be required to give bonds in double the amount of the minimum yearly rentals, with two sufficient sureties, to be approved by the Comptroller, conditioned for the faithful performance of the covenants and conditions of the lease and the payment of the rent quarterly and in advance for the fixed rent payable on the wharf property.

The lease will contain the usual covenants and conditions in conformity with the provisions of law and the ordinances of the Common Council relative to ferries, that the lessee will maintain and operate the ferry during the whole term, and will provide ample accommodation in the way of safe and capacious boats and frequency of trips as to the sufficiency of which boats and the number of trips to be made on said ferry the decision of the Mayor and Comptroller shall be final; also conditions that the lessee will dredge the ferry slips, as required by the Department of Docks, and that during the term of the lease they will

erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order all and singular the floats, racks, fenders, bridges and other fixtures at the landing places, and in the event of any damage to the bulkheads or piers, from collision by their ferry-boats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition, free of cost and expense to the City of New York, and also that if at any time during the term of the lease the Department of Docks shall require any of the wharf property used for ferry purposes, in order to proceed with the water-front improvement in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damage whatever, upon written notice being given to the lessees three months in advance of the intention of said department.

The rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged.

Sworn returns of the amounts of the ferry receipts shall be made to the Comptroller, when required by him, and the books of account of the ferry shall be subject to his inspection.

The lease shall also contain a covenant providing for the purchase, at a fair valuation, of the boats, buildings and other property of the lessees used in and actually necessary for the operation of said ferry, upon the termination of the lease and the surrender and yielding up of the premises by the lessees, if the lessee shall not become the purchaser of the franchise for another term; but the Mayor, Aldermen and Commonality of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The form of lease which the purchaser will be required to execute can be seen at the office of the Comptroller, and is made part of these terms of sale.

The right to reject any bid is reserved, if deemed for the interest of the City.

By order of the Commissioners of the Sinking Fund, under a resolution dated October 12, 1894.

Comptroller.
