The mirrotes of the meetings of December 5, 7, 11 and 14, 1865, were read and approved. In the matter of laying out a new areas, in the known as Machell plans, the regard of the Secretary was read, stating that the matter had been regularly adverted for a bowled on December 21, as required by law, and the hadroning resolutions were therespon adequed:

Wherever, it uppers from the report of the Secretary to the 1st that the has somed the resolutions adopted by the Board on the join day of Nire allocations, from property to the 1st that the has some of the resolutions adopted by the Board on the join day of Nire allocations and property of the try of New York, by Laying out a new server, in the hours of Mindial place, from the easterly tole of lines are one to lies known place, in the Larnigh of Madianan, City of New York, and for a meeting of the Massard rate hold in the infinite of the Harri of Ni. 3pc Broadway on the 1st three of December, 1898, at 8 of Madiana, and which and proposed begins our would be considered by the Roard, and for a matter to all persons at a court for by a first analysing out would be mindle of the first and the first and the second from 3nd place at which such proposed laying out would be mindle of a perilation on the City By one for at least on they continuously, each over of Sandays and legal ball by proceeding the Sandays and Proceeding the Sandays and Sandays

Whereas, It appears from the abidive of the Supervice of the City of Decord that the atomunit resolutions and motion a copy of which is thereto amound, have been published in the City
KD-over the ten days continuously. Sundays and legal buildays excepted, where to the 210 day
of December, (298); and
Whereas, As the attremated their and plane a public hearing was given to all corsons affected
by such proposed laying our who have appeared, and such proyonal laying our was day considered
by this Buard (may, theretory, let).

Resolved. That the Board or Divinio Intercomment of The City of New York, in proposed

Rundlend, That the Board of Public Improvements of The City of New York, to presume of the provisions of section 420 of chapter 470. Lowe of 1657, describe it for the policie of two distributions are the map or plan of the City of New York, by taking out a new screet, to be a poor or Michell place, from the boardly date of Kiest account to feed many place, in the florough of Machattan, York of New York, data hereby tower and approve of the account reason for a contract of the proand arest, or followers

Beginning at a plant the northern two of Fact Forty and thou country and find a country and along the northern two of Fact Forty and to unout, obtaining the northern two of Fact Forty and to unout, obtaining age fort, to the country line of Backman place; there a northern who and a north line, dictions for the fitter of only and parallel to East Party-math sured and position porthern therefore, distance for tool, to the ensirely line at Fig. ; average; there a northern place of best made of the point or place of best made.

Said affect to be \$50 first from our proper who between the finns of Vira evenue and their

man place.

Resolved, That the terre of a stable n approximated a document proposal change in the map or plan at The City at 20 of York, for higher and a water, as a titched place, adopted by the B and, injection with a statement of the resolution be transmitted to the atomic part.

Africantive Commissioner of Water Supply, a contrasport of Highways, Commissioner of Street Cleaning, Commissioner of Samuel Commissioner of Alambattan and the President of the Bosol.

And the following form at ordinance was approved for transmission to the Manicipal

Assembly:

De = Undained by the Municipal Assembly of The City of New York, so follows:

That, in parsuance of section 430 of the Grenter New York Charles, the following resolution at the Panul of Public Improvenents, also ded by that Board on the 310 day of Discember, (SoS.) be and the majo hereby is approved, its r

Resolved. The the Board of Public Improgenents of The City of Non-York, in pursuance of the programme of section 430 of chapter 378. Laws of 1807, decump it for the public inversational terms of the one of plan of the City of New York by Inying out a new sine), to be known as Mitchell place, from the easierly side of First avenue to Decknon place, in the Horough in Manhattan, City of New York, does berefly favor and approve of the same, or us to lay out the stores of street, as follows. atoresaid street, as follows

Beginning at a point the northeasterly former of East Forty-mink are et and First avenue of thence easterly and along the northealy line of East Forty-mink attent, thrance two two, in the westerly line of Beekman place; thence northealy along said we torly line dimmos as how throce westerly and parallel to East Forty-minth trees and 30 feet northealy therefore, known a 350 feet, to the easterly line of First avenue; thence santherly along said line, dimmos 30 feet, to the point or place of beginning.

Said street to be 350 feet long and 30 feet wide hotwern the lines of First avenue and Beekman place.

Beekman place.

The following communication from the Chief Topographical Engineer was read :

COTY OF NEW YORK,
PRESENCE OF HOME OF PUBLIC IMPROVEMENTS,
TOPHICE APPROXICATE BURGAY, BURGAY, BURGAY, ONE HOMIRED AND SIVENTY-SEVENTH STREET AND THISH AVENUE. Dimember 20, 1898.

Mr. Juns 11. Montacy, Secretary, Board of Public Improvements :

Sin-In accordance with the request of the Deputy Commissioner of Indiges of the Borough of The Brons, expressed in his letter to the Hon, John L. Shea, Commissioner of Bridges, to be furnished with a map showing the approaches to the new bridge across Petham Bay connecting City Island with the main land, I transmit herewith, for adoption, a map or plan, with technical description, entitled "Map or Plan showing location of the approaches to the new budge connecting Petham Bay Park with City Island, in the Twenty-fourth Ward, Borough of The Brown, City New York

This plan was prepared and is to be adopted under authority of section 436 of chapter 375 of the Laws of 1897, which says that the Board of Public Improvements is authorized and empowered, without the concurrence of the Municipal Assembly, but with the approval of the Mayor, to change the grades of bridges, funnels and approaches to bridges and tunnels, and the location of approaches to bridges and tunnels.

Decountable

Respectfelly, LOUIS A. RISSE, Chief Topographical Engineer and Engineer of Concourse.

After hearing a standard from Art. O'Rounke, the constructor, that he was only not to early out the hierge and work of the one in a borne, the following constitution as subjects:

In-Art), that the Heart of Palife Topograms are, to pursuant as the row, and a crimina 476 of charges 776. Laws of Palife Topograms are to be more as the row, and a crimina 476 of charges 776. Mon. Pair C. Stier, Communications of Bridget.

Secol we unreset that the Gango mentioned in Professor Burk's communication is made. The piers are real-mady thin and the pier under the draw has been organitly made as small that there is no sum for any work in its tione on it without executing stages on the valide of it. I also recommend the Gangos in the working attended of the grider hanges and the london chords of the row span for the reasons uniqued by lim.

Keeper coally,

SAM'L B., PROBASCO; Chief Engineer, Department of Bringes

The following resolution was the roughout analogued:

Resolved, That, personne to the providence of motion 475 of the Greater New York Charme,
the Commissioner of fraces of The City of New York his and he hereby is authorized in analyty
the plane for the encorations of a foreign and the materly approach the enterty is authorized in analyty
fact and City Island, by The City of New York, in the addwing porticular was a few That each of the Piers 2, 4, 5, 0 and 7 he made one to a thicker and one for honger, and
out to out that shows one said planes; and that Piers 3, the pivot give of the draw of an action of the foreign providence for the draw of the following are because the foreign for the draw of the following are because the foreign providence of the providence of the following are some flanger of all girders and in the resion observed on the context and in the resion flanger of all girders and in the resion observed on the context and the following are sensited for a providence of the sensition of the resion of the providence of the prov

the draw gran, he fixed at eleven than-and panishs per square melt of net section, instead of four-

resultines and posseds.

p. That the place of the garrenty approach on City Island be changed — — to conform to the lines shown on the steach herework submitted.

q. That the Engineer's estimate to to approximate quantities and and in shown open the following schemologues and the same hereby is approved.

COMMISSIONER'S DERICE, NO. 150 NAMED STREET,
New YORK, December 21, 1598,
  How. Macrony P. Horatta's, President, Board of Public Improvements
Dirac Sto. At the last meeting of your Board, at which a new and uniform safe of woter tent-
way under consideration, several to the members expressed a desire for bottler denoted informer
tion regarding the offert of the new scale now before the Board, in response to which I correct-
tury present the following:
 In respect to the Brooklyn Water Supply, the law is manufatory in requiring that all exponent for the manufatory of the water system and for interest and redescription of the water debt be good from the collections of revenue from the water erritor.
                              In respect to the water supply and revenue in the other boroughs, this mandatory require-
  ment they am exist.
 The Board of Public Improvements and the Municipal Assembly are, therefore, prohibited from comblishing any new scale which would diminish the revenue from the water service in the Burnellyn, but they may readjust the scale in its details.

DEPARTMENT OF HUMANAY -COMMISSIONAL OFFICE | NO. 130 NAMED STREET, NEW YORK, December 13, 1898.

Law Marrier F. Hill Man, Property, Bearing Public Suprasements:

Discount to the first that the first third October 24, from the Secretary of the Board of Palon to provide only, I have the house or report on the alexa program resolution adopted by the Local Board of the Twenty-inter Diam're, libraryl of The Bronz, recommending that Compatibility account, o tween One Humbro's and linding-serveith dreet and the lands of St. John's College, to reported and graded, retinance, and the allewalks flagged a space tour feet wille the pl. the tour thread, and crosswalls had whom recessary.

The title to transform a sone as yeard in the City, and it is desirable to have the areans regulated any graded as sone as possible, because the present made by it is lead condition and the beautiful terms.

A second has not yet been taid in the avenue, and its construction should precede the regulating and crading, the precent surface of the avenue being about two feet below the established grade. There is no recom, however, why the regulating and grading work should not be authorised now, as the letting of the construction of the work can be positioned until the construction of the

I recommend that Cambreling Avenue, from One Hundred and Eighty-reventh street to St. John's Codlege property, in the Borough of The broat, he regulated and gradied, the carbonness, the salewalks flagged a space four feet in whith, crosswalks taid where necessary, and fonces placed where required.

The retinated and of the work is \$13,000, and the assessed value of the real estate within the probable area of amount is \$17, 100. Very respectfully.

IAMES P. KEATING, Commissioner of Highways.

DEPARTMENT OF HIGHWAYS—COMMUNIOSEK'S OFFICE, No. 150 NAS-40 STREET NEW YORK, December 13, 1898.

How Manusco V. Hitlanan, President, Board of Public Improviments:

How Manuel I Holaman, Problem, Royal of Public Information:

10 At Six—On September 8, 1808, the Local Board of the Twent-sfirst District, Borough of The Bronx, adopted a resolution recommending that Jessup place, from Boscobel average to Marcher avenue, be regulated and graded, curbatones ser, the endewills thoughd a space from feet wide through the centre thereof, and crosswalks hald where necessary. The resolution was transmitted to this Department for investigation and report, with a letter, dated Suplember 15, from the Secretary of the Board of Public Improvements.

I have investigated the master, and find that the title to Jessup place is not yet rested in the City, but proceedings have been instituted on the acquisition of title. A sewes has been constructed in the street. The condition of the readway is very load and should be improved on the new lines and grades as soon as possible.

in the street. The common is the state of the state of the street of the possible. The common distribution of the Brows, he regulated and graded, carbstones set, the sidewalks flagged a space four feet wide, and crasswalls inid where necessary. The estimated cost of the work is \$6,300, and the assessed value of the real estate within the probable area of assessment is \$143,500, Very respectfully,

IAMES P. KEATING, Commissioner, of Highways.

JAMES P. KEATING, Commissioner of Highway-DEPARTMENT OF HUNDWAYS-CONTRIBUTIONS OFFICE, ( No. 130 Nassau Sterry, New York, December 13, 1898.

How. MAURICE F. HOLARAN, President, Board of Public Improvements:

DEAR SIX-I have the honor to acknowledge receipt of a letter duted November 26, from the Secretary of the Board of Public Improvements transmitting to me, for investigation and report, a petition to the Homorable the Board of Abdermen, by Mr. M. J. Shevlin and 14 others, to have Decatur street, between Reid and Patchen avenues, Borough of Brooklyn, repoved with

I beg to report that this improvement was authorized October 18, 1897, by the Common Connell of the lare City of Brooklyn, but bale were not advertised for. The improvement is desirable, the block herecen Reid and Patchen avenues being the only one on Decate afreet, between Tumpkins and Howard avenues, not preed with rephalt.

In accordance with advice received from the Corporation Council, I may cute that as an ordinance in this improvement was adopted by the Coolmon Council of the late Cary of Brooklyn.

It is an improvement was adopted by the Coolmon Council of the late Cary of Brooklyn.

It is assumed that improvement was adopted by the Coolmon Council of the late Cary of Brooklyn.

The estimated tent of the work, with a five pears' guarantee of monitormone, is \$8,500, or with a three years' guarantee of maintenance, \$10,000. These estimates because both decisions on a secondary from the way and of Read agence to the rast side of Paterior assume. If an assessment is into the improvement, these intersections should not be included.

Very respectfully.

LAMKS W. KEAPING, Commissioner of Highways.

JAMES P. KEATING, Commissioner of Highways. DEPARTMENT OF HIGHWAYS - COMMISSIONER'S OFFICE, I No. 130 NASSAU STREET, NEW YORK, December 10, 1898.

How Maurice I. Holanau, Previous, Board of Public Improviments :

Data, Sin-I but to acknowledge receipt of a letter dated the admission from the Secretary of the Borro of Patida Improvements, transmitting to use, for dave digition and report, as undistance of the Board of Alderness, providing for reparing with aspends the carriageway of Hart street, from Broadway to Knickertocker avenue, Barough of Broadlyn, on the present

Hart street, from Broadway to remember to a construction of the present collides trees parameter on Bart treet is an last condition and would have to be relaid in part, it are entirely, before it could be covered with an explait various, it would be more of notatageous to lay the new payament on a conscrete foundation, the estimated cost being \$32,700, with a guarantee of maintenance for 15 years, or \$25,900 with a five years' guarantee of maintenance. The estimated cost is laying an asplialt payament on the present cobble stone payament, with filteen years' guarantee of maintenance, a \$27,500, or \$20,500 with the years' guarantee of maintenance.

The ordinance does not indicate how the proposal improvement is to be paid for. If it is interacted to charge it to appropriation account, there is no money available to pay for the work.

Very respectfully,

JAMES P. REATING, Commissioner of Highways, DEPARTMENT OF HIGHWAYS - COMMISSIONER'S OFFICE, J NO. 150 NASAU STREET, NEW YORK, December 10, 1858.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways,

DUDARTMENT OF HIGHWAYS—COMMUSIONER'S OFFICE, J NO. 130 NAMED STREET, NEW YORK, December 16, 1898,

How. May nick P. Honahas, Printent, Board of Public Improvements:

Drive Str.-By a letter dated the tot inst., from the Secretary of the Board of Public Improvements, I am requested to make an investigation and report collider to the accompanying request of Mr. L. W. Naylor, counsel for The Joseph W. Bauland Company, of Brooklyn, for the repaying of Doffield street, between Fulton street and Willoughby avenue, with grante-block pavement on concrete to andation, or the pitch and gravel joints.

In reply, I have the honor to report that the improvement petitioned for by Mr. Naylor is very desirable, and it is estimated that it would cost \$5,000.

I regret to have to report in this, as in many similar cases, that at present there is no money at the disposal of this Department to meet the expense which would have to be incurred in complying with Mr. Naylor's request.

Yery respectfully,

JAMES P. KEATING, Commissioner of Highways.

The following communication from the Commissioner of Highways was referred to the Chief Topographical Engineer for further report in the matter :

DEPARTMENT OF HIGHWAYS-COMMISSIONER'S OFFICE, No. 150 NASSEL STEELT, NEW YORK, I tempeler 12, 1898.

Hon. MACHICE F. HORAIGAN, Persident, Board of Public Imprimements:

From Siz-On September 13, 1898, I transmitted to you a profile of Bay street, Borough of Richmond (Stations 9 to 21), showing by black line the old grade, by red line the established grade, and by black line the proposed new grade of said street.

I then stated that across damage would be caused to some of the property on the street if the work of grading it under Contract 41 should be carried out to the established grade, and requested permission to have the improvement effected on the proposed new grade shown in blue on the

On November 15 I recalled your attention in the matter, stating that the contractor was very analogs to get the money due him on work so far completed, but could not obtain it until the new or modified grade be defined to.

On November 30 the floated of Public Laprovements, in accordance with a report made by the Chief Topographical Engineer, disapproved the proposed change of grade.

On December 9, 1898, the Doputy Commissioner of Highways, Borough of Richmond, wrote to me as follows:

to me as follows: "Answering your communication of December 6, setting forth the fact that, on the recom-mendation of the Chief Topographical Engineer, the proposed change of grade on Bay street, Contract No. 41, recommended by me, had been disapproved by the Board of Public Improvements, permit me to say that this change of grade was recommended by me not in consequence at its bettering the grade of the highway, but to avoid the damage say from abouting property-sowners against The City of New York. It was really an important matter, and I would not have recommended it unless I was thoroughly satisfied that the necessities of the locality, so far as individual property-owners were concerned, demanded the change. I agree with Mr. Bliss thoroughly that the line which I originally established, as County Engineer for this contract, would have been the hetter line; but, so far as the necessities of the abouting owners were concerned, it was imperative that they should be given relief at this point, otherwise their property would have been remiered a perfect sink. The grade as changed by my recommendation is not had, and I invite your attention to the fact that the locality through which this improvement passes is thoroughly suburban, and will not for many years to come require the rigid grades demanded by and concealed to city smallines, and, therefore, the change which prevents the destruction of private property and answers all necessities for highway traffic (as recommended by me) should be adopted. I would respectfully ask that I may be given opportunity to appear before the Board of Public Improvements and present additional reasons why the resolution passes should be resembled."

I respectfully recommend that Mr. Henry P. Morroon be given an opportunity to appear before your Board for the purpose of giving additional reasons why the resolution passes by the Board, desapproving the modification or change of grade of Bay treat, should be rescribed.

Very respectfully.

be and the same hereby is approved, and the public work or improvement therein provided for is hereby authorized, viz.:

Resolved, by the Board of Public Improvements. That, in pursuance of section 413 of the Greater New York Charler, the construction of a sewer in Lawrence street, between Amsterdam avenue and One Hundred and Twenty-sixth street, with excession in One Hundred and Twenty-sixth street, in the Regoigh of Manhattan, under the direction of the Commissioner of Sewers, in accordance with the amended plan adopted by this Board December 21, 1555, be and the same breely is authorized and approved, there having been presented to said found an estimate, in writing, of the cost of the sun work or improvement and a statement of the assessed value, according to the last proceeding laxaroll, of the real estate included within the probable area of assessment. The stimuted cost of the and work is note thousand dollars.

The follows we addressed as some thousand dollars.

Estimated cost of the send work is study thousand dethars.

The rollowing resolutions, presented by the Commissioner of Sewers, were adopted:

Resolved, by the Board of Public Improvements, That, in pursuance of section 413 of the Greater New York Christy, the termishing by contrast, at public letting, of two thousand growtons (two thousand two bundred and forty pounds to the ton) of the best grades of Lehigh hard coal, for use at the Sewerage Disposal Works in the Townsty-sixth and Thirty-first Wards of the Eurought of Brooklyn, be and the same is involved and approved.

The rost of the same to be charged to the account of "Sewers—Repairing and Cleaning," Department of Sewers, Borough of Brooklyn, for 1893.

Afternative—Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Repairing and President of the Board.

Negative—None.

Sewers, Commissioner of Bridges, President Borough of Brooklyn, and President of the Board.

Negative—None.

Resideed, by the Board of Pablic Improvements, That, in pursuance of section 413 of the Greater New York Charter, the farmishing hypothemic, at public letting, of six thousand barrels of No. 1 Marine noch line for use at the several Disposal Works in the Twenty-sixth and Thirty-first Warth, Borough of Brooklyn, be and the same is breely authorized and approved.

The rest of the same to be charged to the account of "Sewers—Repairing and Cheming," Department of Sewers, Borough of Brooklyn, for 1899.

Affirmative—Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Sewers, Commissioner of Bridges, President Borough of Brooklyn, and President of the Board-Negative—None.

The following communication from the Provident of the Rossingh of Manhattan was referred to the Commissioner of Sewers: New York, December 20, 1808.

Hon, MAURICK F. HOLAHAN, President, Thursd of Public Improvements :

Sin-At a meeting of the Roard of Local Improvements of the Ninercenth District of the Borough of Manhattan, held December 20, 1898, in accordance with the provisions of the Charter of The City of New York, the following evolution was adopted:

Residved, That the Board of Local Improvements of the Nontreenth District of the Borough of Manhattan recommend to the Board of Public Improvements that a sewer be constructed on Kingsbridge road (Boaleyard or Eleventh avenue), from One Hundred and Statyminth to One Hundred and Seventieth streets.

Adopted

Respectfully, AUGUSTUS W. PETERS, President, Rorough at Manhattan.

The following communication from the President of the Burough of Brooklyn was placed on file, and the Secretary directed to untify the Commissioner of Highways :

Crey of New YORK-BORDSON OF BLOOKLYN, OFFICE OF THE PRESENT OF THE BOROTON, December 15, 1898,

Board of Public Improvements :

Adopted.

GENTLEMEN—I todose herewith copy of communication I have received from E. P. Elle-worth, owner of lot No. 18, Block 199, Twenty eighth Ward, on Eldert street, between Hamborg and Knickertocker avenues, stating that he has made arrangements for the prading of the lot. This work was ordered done by the Local Board of the North District at a necessing held October 27, and a resolution to that effect was sent to the Board of Public Improvements for approval on October 29, and was laid over 21 the meaning held on November 10.

Respectfully, EDWARD M. GROUT, President of the Borough.

SWEET & ELISWORTH, Nos. 37 AND 39 MAINEN LANG, New YORK, December 8, 1898.

Hon. E. M. GROUT, President, Borough of Brooklyn, New York:

DEAR SIR—By order of the Bureau of Local Improvements, we are to grade lot, Twenty-eighth Ward, on Eldert street, between Hamburg and Knickerbocker avenues.

In compliance to above order, we have arranged with Mr. Wm. E. Hallock, No. 1224 Bushwick avenue, for the grading of the same, so presume it will be attended to within reasonable

Very truly yours, (Signed) E, P. ELLSWORTH.

The following communication from the President of the Borough of Brooklyn was filed:

CITY OF NEW YORK-BORDERS OF BROOKLYN, OFFICE OF THE PRESIDENT OF THE BOLOUGH, December 17, 1898.

Col. Jone H. Mooney, No. 346 Broadway, New York City :

DEAR SIR-I have yours of the 13th instant, inclosing copy of letter from the Co-

Dear Six—I have yours of the 13th instant, inclosing copy of letter from the Corporation Counsel of Novomber 30, asking for information concerning resolution passed by the Board on November 16, relating to water extensions.

— I am now in possession of the opinions referred to. You will recall, or if not, will see by the minutes immediately preceding this resolution, which is on page 1045, that the resolution followed various resolutions introduced by the Commissioner of Water Supply, which resolutions authorized the laying of water mains, to be paid from the appropriation. At the time these resolutions were discussed I called attention to the fact that several months ago, when I had urged extensions of the water-mains in Brooklyn, the Commissioner of Water Supply had replied that the Corporation Counsel had given an opinion to the effect that such extensions in Brooklyn could be paid for only by bond issues. The Commissioner of Water Supply can doubtless refer you to such upinion. The Commissioner of Water Supply, however, on November 16, upon a discussion of these

resolutions, said that these resolutions were in accordance with another opinion of the Law Department. The Commissioner can doubtless refer you to such apinion.

It was upon these facts that my resolution, at page 1045 of the minutes, was based, and I shall have to refer you to the Commissioner of Water Supply for the opinious of the Law Department, to which he referred.

Yours very truly, EDWARD M. GROUT, President of the Borough.

On motion of the President of the Borough of Manhattan, the following resolution was

its alved. That the consideration of the ordinances for the various departments be made a special order to the asceting of the 28th immun, to be other up at z o'clock storp, and that the attention of the members be called to this in the paties of meeting.

Adjourned Attest :

JOHN H. MOONEY, Secretary.

Sth. Recommending that the lessee, The Central Railroad Company of New Jersey, be directed to repair Pier, old 13, North river, and the shed thereon. Recommendation adopted, 6th. Reparting damage in the platform between Seventy-ninth and Eightieth streets, East river, and recommendating that the lessee, Nathaniel Wise, be directed to repair same; the work to be done in accommendation with plans to be directed to and approved by this Department. Recommendation adopted.

7th. Recommending that he be directed to remove the refuse, etc., in the rear of the backing log, foot of Douglass street and Gowanus Canal, Borough of Brooklyn. Recommendation

adopted.

Sth. Reporting the sinking of a canal hoat in the slip between Piers 44 and 45, East river, and recommending that the same be removed by the force of this Department. Recommendation

adopted—
9th. Recommending that he be directed to replace temporary piling in front of the bulkhead
between Catharine and Market slips, East river, in order to protect and maintain South street in
its present line. Recommendation adopted.

10th. Reporting settlement in the pavement on the approach to Pier 48, East river, caused
by the washing out of the filling thereat, and recommending that the necessary repairs he made
thereto by the force of this Department. Recommendation adopted.

11th. Recommending that repairs be made to the sheating on Pier, new 43, North river, and
to the bulkhead foot of One Hundred and I wenty-ninth street and Second avenue, Harlem river.

Recommendation adopted.

12th. Submitting specifications and form of contract for dranging on the East and Harlem rivers, between the limitery and One Hundred and Twenty-fifth street.

On motion, the following resolution was adopted:

Resolved, That the specifications and form of contract submitted this day by the Engineer-in-Chief for dredging on the East and Harlem rivers, between the Battery and East One Hundred and Twenty-fifth street, be and bereby are approved, subject of the apparent of the Corporation Counsel as to form, and the Secretary be and bereby is directed in have a sufficient number of blank forms of contract printed and proper advertisements inviting estimates inserted in the newspapers designated by law.

The President stated that he and Commissioner Meyer appeared before the Commerce Commission on December 1, 1898, in accordance with its request of Navember 18, 1898; that since then applications have been received from four strainship companies now doing business outside. The City of New Vork for four of the proposed new piers north of Gansevoort Market, North river, and that prior to that time applications had been received from two other such companies making applications for six new piers, the construction of which the Department is unable to proceed with, using to lack of lands.

The action of the Secretary in requesting the Corporation Counsel to take the necessary steps to turn over to this Department the amount of damages awarded the City in the judgment rendered in the matter of the ownership of the land and land under water at the foot of West Thirty-ninth street, was approved.

On motion, the Socretary was directed to request the Department of Highways in pave the premises at the foot of East Fourth street, between the existing pavement and the approach to the

On motion, the Engineer in Chief was directed to remove any piles or other obstructions that interfere with the use of the dump of the Department of Street Cleaning, at the foot of East

Eightieth street.

On motion, the following resolution was adopted:

Resolved. That a penalty of twenty dollars per day be and is formly imposed upon Hongland & Robinson, for each and every day during which any part of the brick row on the new made land in the rear of the buildhead between West Fiftieth and West Fifty-bust streets. North river, shall remain on said premises after December 12, 1898; and in case said brick is not removed on that date, the Secretary be and is furchly directed to request the Corporation Connect to take steps to have the members of said firm punished for the commission of a resident amort, in accordance with the provisions of section \$27 of chapter 378 of the Laws of 1897.

On motion, the following resolution was adopted:

Resolved. That the Secretary be and is formerly directed to have printed a sufficient number of blank forms of contract for the construction of a new pier at the foot of Catherina street, East river, and proper advertisements inviting estimates therefor inserted in the newspapers designated by

and proper advertisements inviting estimates therefor inverted in the newspapers designated by

The Treasurer, Commissioner Murphy, submitted his report of receipts for the week ending December 9, 1898, amounting to \$4,555,50, which was received and ordered to be great in tull on the minutes as follows:
