Dock Department—New Plan for Improvement of the Waterfront and Harbor of The City of New York at Mill Basin, Borough of Brooklyn.

The Chair called for a public hearing in the matter of the new plan for improvement of the water-front and harbor of The City of New York at Mill Basin, Borough of Brooklyn, transmitted to the Commissioners of the Sinking Fund for approval with the following communication.

(Affidavit as to the publication of notice of hearing in CITY RECORD on file with the papers.)

Pier A, North River, March 26, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Sir—I transmit herewith, print and tracing showing New Plan for the improvement of the water-front and harbor of The City of New York at Mill Basin, Borough of Brooklyn. The proposed New Plan is shown in solid red lines, a technical description of which is attached hereto.

The New Plan has this day been adopted by me and is respectfully submitted with the request that the same be approved by the Commissioners of the Sinking Fund.

Yours, very truly, R. A. C. SMITH, Commissioner or Docks.

No one appearing against the proposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 14, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On March 26th, 1915, the Commissioner of Docks adopted and transmitted for approval a new plan for the improvement of the water-front and harbor of The City of New York at Mill Basin, Borough of Brooklyn.

The plan proposed and adopted by the Commissioner provides:

First—The establishment of a proposed bulkhead line described as follows:

Beginning at an angle point in the pierhead and bulkhead line established by the Secretary of War, May 1st, 1911, along the southerly and westerly side of Mill Basin, said angle point being distant 900 feet south of the easterly prolongation of the southerly side of Avenue X, extending thence westerly and in a westerly prolongation of the established pierhead and bulkhead line along the southerly side of Mill Basin to an intersection with a line drawn 100 feet east of and parallel with the easterly side of Flatbush Avenue prolonged southerly; thence northerly and along a line drawn 100 feet east of and parallel with the easterly side of Flatbush Avenue to a point distant 400 feet south of the southerly side of Avenue U; thence easterly and along a line parallel with and 400 feet south of the southerly side of Avenue U to the southerly prolongation of the center line of East 56th Street.

Second—The establishment of a Marginal street, wharf or place 100 feet in width extending from the area for waterfront improvement adopted by the Commissioners of the Sinking Fund, January 31st, 1912, south of Mill Basin to a line drawn 400 feet south of and parallel with the southerly side of Avenue U, the outshore line of said marginal street, wharf or place being coincident with the established pierhead and bulkhead line established by the Secretary of War May 1st, 1911, along the southerly side of Mill Basin and the proposed bulkhead line above described along the westerly side of Mill Basin; also

A marginal street, wharf or place 125 feet in width extending from the easterly side of Flatbush Avenue to the center line (produced southerly) of East 56th Street, the outshore line of which proposed marginal street, wharf or place being coincident with the proposed bulkhead line between these two points above described.

On January 31st, 1912, the Commissioners of the Sinking Fund approved a plan adopted by the Commissioner of Docks November 21st, 1911, of the Jamaica Bay Improvement, excluding that portion between the south side of Mill Basin and the West Side of Fresh Creek Basin; the exception having been taken under advice of the Corporation counsel pending the determination of certain disputed legal questions.

The plan now adopted and submitted by the Commissioner of Docks covers a part of the excepted portion and its approval is necessary in order to continue the orderly prosecution of the condemnation proceedings heretofore instituted for the improvement of Jamaica Bay.

If it be decided at the public hearing to approve the new plan, I recommend the adoption of the attached resolution sanctioning the modification.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the New Plan for the improvement of the waterfront and harbor of the City of New York at Mill Basin, Jamaica Bay, Borough of Brooklyn, as adopted by the Commissioner of Docks on March 26, 1915, in accordance with law.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

The Chair then declared the hearing closed.

Yours very truly, R. A. C. SMITH, Commissioner of Docks.

Dock Department—Issue of $6,750 of Corporate Stock for Dredging the Site of the Proposed Riverside Park Wall Between 87th and 93rd Streets, East River, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report of the Corporate Stock Budget Committee and offered the following resolution:

April 19, 1915.

To the Commissioners of the Sinking Fund:

Gentlemen—On April 9, 1915, the Commissioner of Docks requested $6,750 corporate stock for dredging in connection with the Riverside Drive Improvement between West 87th and West 93rd Streets, North River.

It is proposed to dredge along the bulkhead line on the east shore of the North River from a point 40 feet south of the south line of 87th Street to a point about 10 feet north of the south line of West 93rd Street. The space to be dredged is about 1,600 feet in length by 60 feet in width. The estimate of cost is based on 45,000 cubic yards of material to be dredged at 15 cents per cubic yard.

In the construction of the inshore portion of the new 1,000-foot pier at the foot of West 46th Street a large quantity of rock is to be taken out. A portion of the contract for this work reads as follows:

" * * * The remaining portion of the rock to be removed, estimated at 41,100 long tons, assuming one cubic yard of solid rock to weigh two tons of 2,000 pounds to the ton, shall be loaded on scows and delivered to and deposited by the Contractor on the site of the proposed Riverside Park Wall, between West 88th Street and West 95th Street * * *."

The contract was subsequently amended, making the quantity of rock to be so delivered 77,950 tons.

The work of pumping out the coffer dam at the site of the 46th Street pier is now being proceeded with and the removal of rock will soon be commenced.

The dredging proposed is necessary to remove the mud along the river bank at the location described, so as to furnish a solid base at the site for the reception of the material, so as to prevent slipping of rock when deposited.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking fund hereby recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock of the City of New York to an amount not exceeding six thousand seven hundred and fifty dollars ($6,750), the proceeds, to the amount of the par value thereof, to be used by the Department of Docks and Ferries for the purpose of dredging the site of the proposed Riverside Park Wall between 87th and 93rd Streets, North River, Borough of Manhattan.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Park Department, Borough of Brooklyn—Assignment to of the Old Dreamland Pier at Coney Island Turned over by the Dock Department.

The following communication was received from the Commissioner of Docks:

Pier A, North River, April 29, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—At a meeting of the Commissioners of the Sinking Fund, held April 7, 1914, a resolution was adopted assigning Dreamland Pier on the Dreamland Park Site, Coney Island, Borough of Brooklyn, together with the land under said pier to the Department of Docks and Ferries with instructions to issue a permit for the summer on a rental basis; permittee to undertake the cost of such reconstruction as may be necessary.

An examination of the old pier has been made by the engineers of this Department, who report as follows:

"Report on Condition of Pier.

"About 150 feet of the inshore portion of the pier, consisting of wooden bents, the substructure should be entirely rebuilt.

"From this point, or where the iron girders commence, outshore to the wooden platform or the point where the wooden pier itself commences the supporting bents should be entirely rebuilt from the creosoted piles now surrounding the steel columns up to the deck structure. Where the shallow I-beams exist on the inner half of this structure, intermediate bents should be driven, properly braced both transversely and longitudinally.

"A number of fish plates connecting the I-beams floor system longitudinally must be properly fastened to these beams in order to make proper longitudinal connection.

"The widened 'L' extending at the outshore and of the steel structure, particularly requires proper bracing.

"The iron portion, including the iron piles, for about 400 feet of the outer end of this iron structure, cannot be depended upon any longer for actual support owing to the extreme condition of corrosion that this iron has gotten into; therefore, to make the portion of the pier covered by the iron structure safe will require extensive and expensive repairs.

"The timber approach, consisting of about 650 feet of the outer end of the pier, including the landing place for steamboats, could be made safe with comparatively slight repairs.

"Owing to the extreme age and present state of dilapidation of this structure, and the impossibility of knowing the exact bottom conditions of a structure of this kind, it would seem a question whether the City of New York should assume responsibility for the safety of a structure in this condition, even if extensively repaired.

"In my opinion the entire structure should be condemned."

In view of the above report, I consider it inadvisable to permit the use of this pier during the coming season.

To repair the visible defects of the structure would be very expensive and when it is considered that invisible corrosion has probably been in progress for many years, I cannot but concur in the report of our engineers and advise that the pier be condemned and its use not permitted during the coming season.

I, therefore, beg to recommend that the structure be retransferred to the Park Department with instructions to remove it with the appropriation made for that purpose some time ago. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

The following resolution was then offered for adoption.

Whereas, The Commissioner of Docks in a communication dated April 29, 1915, having turned over as no longer required the property hereinafter described, it is

Resolved, That pursuant to the provisions of section 205 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby assign to the Department of Parks, Borough of Brooklyn, the old Dreamland Pier on the Dreamland Park site at Coney Island, Borough of Brooklyn, together with the land under said pier, with instructions to remove it with the appropriation made for that purpose.

Which resolution was adopted, all the members present voting in the affirmative.

Board of Education—Lease for, of Premises Adjoining Public School 6 on the Easterly Side of 9th Avenue, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 30th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education, in a communication to your Board under date of March 25, 1915, states that at a meeting of the Board of Education held March 24, 1915, a resolution was adopted requesting the Commissioners of the Sinking Fund to approve of and consent to the execution by the Board of Education of a lease of a one-story brick building to be erected on a lot adjacent to and north of Public School 6, Queens, at an annual rental of $1,560, for a period from August 1, 1915, to July 1, 1920, with the privilege of renewal thereafter for a further term of five years on the same terms and conditions, the lessor to furnish board walks from the building between the same and the property line connected with the premises of Public School 6, Queens, and ducts for ventilating wardrobes, skylights, etc., as specified in his communication received by the Department of Education on December 7, 1914, and to keep the exterior in repair; the Board of Education to furnish light, heat and janitor service, to pay water rates and to have the right to remove all property placed by it therein at the end of the term of occupancy.

The building that is to be erected will be a one-story brick building, 50 feet wide by 94 feet deep, with ceilings 14 feet high; the floors to be concrete with sleepers and wooden flooring over the same. There will be six classrooms, each 20 feet 4 inches by 27 feet 10 inches, with a hall 6 feet wide running through the centre of the building, and two drinking sinks to be placed in the hall.

The Bureau of Buildings, the Department of Health and the Fire Department have all stated that a building constructed as hereinbefore described will be suitable for the proposed use.

The classrooms will accommodate forty pupils each, or a total of 240 on full time. The rental of $1,560 is at the rate of $260 a year for each classroom, or $6.50 a year for each sitting.

The new building will be located on a lot adjacent to and north of Public School 6, where additional accommodations are much needed. There are no other suitable premises available for this purpose in the neighborhood.

In view of these facts, although the rental is very full value, I am of the opinion that a lease of these premises is desirable.

I therefore respectfully recommend, the rent being reasonable and just under all the circumstances, that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a lease of a brick building to be constructed in accordance with a certain plan marked "A—Mch. 15-1915," and erected upon the lot described as follows:

Beginning at a certain point on the easterly side of Kouwenhoven Street (now Ninth Avenue), as the same is laid down on the Commissioners' map for laying out streets, avenues and roads and parks in Long Island City, distant 175 feet southerly from the corner formed by the intersection of the said easterly line of Kouwenhoven Street and the southerly line of Jamaica Avenue, as also laid down on the above-mentioned map, and running thence easterly and parallel with Jamaica Avenue 100 feet; thence southerly and parallel with Kouwenhoven Street 49 feet 3 inches to the southerly boundary line of land of A. W. Winans, deceased; thence westerly and along said boundary line 106 feet to the easterly side of Kouwenhoven street; thence northerly along said easterly side of Kouwenhoven street 12 feet 6 inches to the point or place of beginning; and also all that part of the certain lot, piece or parcel of land situate, lying and being in the First Ward of the Borough of Queens (formerly in the Village of Astoria), in the County of Queens, City and State of New York, and known and distinguished on a certain map entitled "Map of section No. 1 of 774 lots of land belonging to the Co-operative Building Association of the United Cabinet Makers of New York, situate in the Village of Astoria, Queens County, L. Winans 106 feet 4 inches to the easterly side of Ninth Avenue, and thence southerly along said easterly side of Ninth Avenue 40 feet 6 inches to the point or place of beginning.

—at an annual rental of $1,560, payable quarterly; for a period from August 1, 1915, to July 1, 1920, with the privilege of renewal thereafter for a further term of five years on the same terms and conditions; the lessor to pay taxes on the land, furnish board walks from the building between the same and the property line connected with the premises of Public School 6, Queens, and ducts for ventilating wardrobes, skylights, etc., as specified in a communication from the lessor and received by the Department of Education on December 7, 1914, and keep the exterior in repair; the lessee to pay taxes on any improvements that may be placed thereon during this lease or any renewal thereof, pay water rates, furnish heat, light and janitor service, and to have the right to remove all property placed by it therein at the end of the term of occupancy. Lessor, Thomas Borgia, 311 Steinway Avenue, Long Island City, Queens.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease of a brick building to be constructed in accordance with a certain plan marked "A-Mch. 15-1915," and erected upon the lot described as follows:

Board of Education—Renewal of Lease for of Premises at the northeasterly Corner of Morris Park and Holland Avenue, Borough of The Bronx.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 4, 1915.

To the Honorable the Commisioners of the Sinking Fund:

Gentlemen—On January 13, 1915, the Board of Education adopted a resolution requesting the Commissioners of the Sinking Fund to consent to the execution of a lease of certain premises at the northeasterly corner of Morris Park and Holland Avenues, Borough of The Bronx, for a period from July 1, 1914, to July 1, 1916, at an annual rental of $2,000.

On May 21, 1913, the Commissioners of the Sinking Fund authorized a lease of these premises for a period of one year from July 1, 1913, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of $1,650, which lease was duly executed.

According to the terms of this lease, the City is entitled to occupation of these premises until July 1, 1915, at the same rental, and in view of this fact, I think advantage should be taken of the privilege.

I, therefore, respectfully recommend, the rent being reasonable and just, and the same as previously paid, that the Commissioners of the Sinking Fund authorize the renewal of the lease of the following described premises, situate, lying and being in the Borough of The Bronx:

Beginning at the northeast corner of Morris Park and Holland Avenues, and running thence easterly along the northerly side of Morris Park Avenue 50 feet; thence northerly at right angles to the last mentioned course 95 feet; thence westerly and at right angles to the last mentioned course 50 feet to the easterly line of Holland Avenue; thence southerly along the said easterly side of Holland Avenue 95 feet to the point or place of beginning,

—together with the school building thereon for use as an annex to Public School 34, for a period of one year from July 1, 1914, at an annual rental of $1,650, payable quarterly, without the privilege of renewal, otherwise under the same terms and conditions as in the original lease. Department of Taxes and Assessments—Renewal of Lease for, of Premises in the Hirschman Biulding on Anable Street East of Jackson Avenue, Long Island City, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 28th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Department of Taxes and Assessments, in a communication to your Board under date of March 30, 1915, states that at a meeting of the Board of Taxes and Assessments held March 29, 1915, the following resolution was adopted:

"Resolved, That this Board recommend approval of lease of present premises of the Department in Long Island City for three years upon condition that the lease may be terminated by the Board of Tax Commissioners, if the premises are not kept clean, or the service required of the landlord be not performed in a manner satisfactory to the Board of Tax Commissioners."

In a further communication to your Board, under date of April 6, 1915, he states that at a meeting of the Board of Taxes and Assessments held April 5, 1915, it was requested that this renewal be made for a "term of five years instead of three, as before stated, subject, however, to all the conditions mentioned in the previous resolution of the Board."

The owner refuses to sign a renewal containing the clause requested by the Board of Tax Commissioners that the lease may be terminated by the Board of Tax Commissioners if the premises are not kept clean or the services required of the landlord be not performed in a manner satisfactory to the Board of Tax Commissioners, but he is, however, willing that provision be made in the lease by which, if suitable attention to the condition of the premises is not given by the owner, it may be done by the Department at his expense.

These premises have been occupied by the City since the erection of the building in 1910, at the rate of 75 cents a square foot, which is the same rate charged throughout the building.

I, therefore, respectfully recommend, the rent being reasonable and just and the same as previously paid, and the City being a holdover tenant, that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the second floor (6,018.8 square feet) in the Hirschman or Municipal Building, on the southerly side of Anable Street, 150 feet east of Jackson Avenue, Long Island City, Borough of Queens, for use of the Department of Taxes and Assessments, for a period of five years from April 1, 1915, with the privilege of renewal for an additional term of five years on the same terms and conditions, at an annual rental of $4,514.10, payable quarterly; the lessor to pay taxes and water rates, make all repairs and furnish heat, light, elevator and janitor service; the lease to provide that, if suitable attention to the condition of the premises is not given by the owner, it may be done by the Department at the owner's expense; the City to have the right to cancel the lease in the event of the erection of a Borough Hall in the Borough of Queens, said clause to state that if the Borough Hall to be erected in the Borough of Queens is ready for occupancy at any time during the renewal period of said lease, then upon ninety days' notice after said Borough Hall is ready for occupancy, said lease shall be cancelled and become void; otherwise upon the same terms and conditions as contained in the existing lease; lessor, Stuard Hirschman, 200 Broadway, Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the second floor (6,018.8 square feet) in the Hirschman or Municipal Building, on the southerly side of Anable Street, 150 feet east of Jackson Avenue, Long Island City, Borough of Queens, for use of the Department of Taxes and Assessments, for a period of five years from April 1, 1915, with the privilege of renewal for an additional term of five years on the same terms and conditions, at an annual rental of four thousand five hundred and fourteen dollars and ten cents ($4,514.10)), payable quarterly; the lessor to pay taxes and water rates, make all repairs and furnish heat, light, elevator and janitor service; the lease to provide that if suitable attention to the condition of the premises is not given by the owner, it may be done by the Department at the owner's expense; the City to have the right to cancel the lease in the event of the erection of a Borough Hall in the Borough of Queens, said clause to state that if the Borough Hall to be erected in the Borough of Queens is ready for occupancy at any time during the renewal period of said lease, then upon ninety days' notice after said Borough Hall is ready for occupancy said lease shall be cancelled and become void, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Stuard Hirschman; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The adoption of the attached resolutions will approve the request with the restrictions recommended. Respectfully, TILDEN ADAMSON, Director.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

Gentlemen—A request has been received from the President of the Borough of Brooklyn for the removal of the encroachments lying within the lines of Stillwell Avenue, from 86th Street to Avenue Y, in the Borough of Brooklyn, to permit the improvement of the street.

These encroachments consist of buildings and other improvements, some of which are only partly taken in this proceeding, and their estimated removal value, apportioned by damage parcels, is as follows: Damage Parcels No. 59 and No. 62, $5.00; Nos. 85-87, $20.00, making a total of $25.00, which amount should be realized by their sale.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by sections 205 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachments be offered for sale at the upset or minimum prices named above, and also authorizing and ordering the President of the Borough of Brooklyn to demolish and remove all those encroachments that are not sold at the said upset prices, as encumbrances upon a public street, and such a resolution is herewith transmitted.

The following communication was received from the Park Commissioner:

April 20th, 1915.

To the Honorable Sinking Fund Commission, Municipal Building, New York City:

Gentlemen—With the transfer to the Brooklyn Institute of Arts and Sciences for the use of the Botanic Garden of the portion of property between the Brooklyn Rapid Transit tracks and the old borough line of Brooklyn (known as Willink entrance addition), there now remains of this entire plot but one piece under the jurisdiction of this Department—the triangular piece bounded by Malbone street, Washington avenue and the Brooklyn Rapid Transit cut—on which is located the Central Fire Alarm building.

As we have no use for this plot and as it is used exclusively by the Fire Department we desire to turn it over through the Sinking Fund Commission to the Fire Department. Very truly yours, RAYMOND V. INGERSOLL, Commissioner.

Filed. See disposition of following:

Gentlemen—I am in receipt of a communication under date of April 20, 1915, to the Commissioners of the Sinking Fund, from the Commissioner of Parks, stating that, with the transfer to the Brooklyn Institute of Arts and Sciences, for the use of the Botanic Garden, of the portion of property between the Brooklyn Rapid Transit tracks and the old Borough line of Brooklyn (known as Willink entrance addition), there now remains of this entire plot but one piece under the jurisdiction of this Department, namely, the triangular piece bounded by Malbone Street, Washington Avenue and the Brooklyn Rapid Transit cut, on which is located the Central Fire Alarm building. He further states that he has no use for this plot, and he turns the same over to the Commissioners of the Sinking Fund.

In a communication under the same date, the Fire Commissioner requests that the piece of ground specified be assigned to his Department.

There is located thereon the Central Telegraph Station, and it would be in the public interest and in furtherance of the purpose for which the station was placed there, that the Fire Department should control the use and occupancy of the plot above mentioned.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund assign to the Fire Department the triangular piece of ground bounded by Malbone Street, Washington Avenue and the cut of the Brooklyn Rapid Transit Railroad Company, in the Borough of Brooklyn. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Commissioners of the Department of Parks, Borough of Brooklyn, in a communication dated April 20, 1915, having turned over, as no longer required, the property hereinafter described, it is

County Clerk of Queens County—Assignment to, of Premises at No. 364 Fulton Street, Jamaica, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 30th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Queens County Clerk, in a communication to your Board, under date of March 30, 1915, requests that the entire first and second floors, the large room or vault in the basement in front, and the large room in the basement in the rear in the premises No. 364 Fulton Street, Jamaica, Queens, be assigned for use of his office.

The first floor will be used for records and for the administration force, the second floor for the records and files and the clerical force; the front room in the basement to be used as a storage vault or for libers and records, and the room in the rear for use of the bookbindery.

The matter was taken up with the architect and he states that the first and second floors and the two rooms in the basement were provided for use of the Queens County Clerk.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution assigning the entire first and second floors and the two rooms at the easterly side of the basement of the reconstructed building at No. 364 Fulton Street, Jamaica, Borough of Queens, for use of the Queens County Clerk, to take effect May 1, 1915, or as soon thereafter as the building is ready for occupancy.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the County Clerk of Queens County the entire first and second floors and two rooms at the easterly side of the basement of the reconstructed building at No. 364 Fulton Street, Borough of Queens, said assignment to take effect May 1, 1915, or as soon thereafter as the building is ready for occupancy.

Surrogate, Queens County—Assignment to, of Premises at No. 364 Fulton Street, Jamaica, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

April 30th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Surrogate of Queens County, in a communication to your Board under date of April 17, 1915, requests that certain space in the reconstructed building at No. 364 Fulton Street, Jamaica, Queens, be assigned for the use of his office. The space wanted consists of the entire third floor and part of the storage room located in the front part of the basement.

In discussing with the architect the plans for the alterations to the building in question, he stated that the two rooms in the basement were for use of the County Clerk of Queens County, the front room for use of a storage room for libers, records, etc., and the rear room for use as a bookbindery. The County Clerk states that he requires the entire space in the basement rooms.

To provide vault space in the basement for use of the Surrogate, the architect has suggested that part of the coal storage space be partitioned off. This would give a room 10 feet wide by 26 feet long adjoining the County Clerks storage room, and with a door opening directly in front of the elevator. The estimated cost of arranging this room for use of the Surrogate is $251.50.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution assigning the entire third floor of the reconstructed building at 364 Fulton Street, Jamaica, Borough of Queens, for use of the Surrogate of Queens County, and further, that the President of the Borough of Queens be requested to apply for the necessary funds in an amount not to exceed $251.50 for the purpose of arranging space 10 feet by 26 feet at the northeast part of the coal storage room located in the basement of No. 364 Fulton Street, Jamaica, Queens, for the use of the Surrogate of Queens County as a storage vault, to take effect May 1, 1915, or as soon thereafter as the building is ready for occupancy. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Surrogate of Queens County the entire third floor of the reconstructed building at No. 364 Fulton Street, Jamaica, Borough of Queens, said assignment to take effect May 1, 1915, or as soon thereafter as the building is ready for occupancy; and be it further

Resolved, That the President of the Borough of Queens be and is hereby requested to apply for the necessary funds, in an amount not to exceed $251.50, for the purpose of arranging space 10 feet by 26 feet at the northeast part of the coal storage room located in the basement, for use of the Surrogate as a storage vault.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

This matter was put on the calendar for discussion at the request of Alderman William D. Brush.

Alderman Brush was heard at length in regard to the matter and urged that the Commissioner of Docks be directed to negotiate with the ferry company for a modification of the lease.

Resolved, That the Commissioner of Docks be and is hereby requested to again take the matter up with the Ferry Company and make a second attempt to bring about the desired modification of the lease; and be it further

Resolved, That the Secretary be and is hereby requested to transmit a copy of this resolution to the Corporation Counsel in order that he may have notice of the action of the Board.

Which resolution was adopted, all the members present voting in the affirmative.

The following communication was received from the Commissioner of Docks:

Pier A, North River, April 30, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor and Chairman of the Commissioners of the Sinking Fund:*

Sir—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commmissioner of Docks of the following described lease:

Lessee—Delaware, Lackawanna & Western Railroad Company.

Description of Property—(A) Beginning at a point in the bulkhead line adopted by the Board of Docks at its intersection with a line drawn 40 feet easterly from and parallel with the easterly side of Pier 26, East River, and running thence easterly along said bulkhead line a distance of about 73 feet to the westerly side of Pier 27, East River.

(B) Beginning at a point in the bulkhead line adopted by the Board of Docks at its intersection with a line drawn 40 feet easterly from and parallel with the easterly side of Pier 26, East River; running thence southerly and parallel with the easterly side of Pier 26, East River, a distance of 71.97 feet; thence easterly and at right angles with the aforementioned course a distance of about 85 feet to the westerly side of Pier 27, East River; thence northerly and along the westerly side of Pier 27, East River, about 65 feet to the bulkhead line; thence westerly along the bulkhead line a distance of about 73 feet to the point or place of beginning.

Improvements—The Company shall at once proceed with the removal of the present old structures between Oliver and Catherine Slip, to provide for the new construction, and shall at once proceed with the improvement of said property by the building of a bulkhead or sea wall, erection of a platform and shed thereon, and filling in and temporary pavement for the area 50 feet inshore of the bulkhead line, all in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries; and all of such structures and improvements to revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

Term—The lease shall commence on the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than August 1, 1915. The lease shall continue for a period coterminous with the existing lease to the said Company dated March 16, 1914, of Pier 26, East River, with the adjoining bulkhead and platform, and with the same right of renewal for a further term of ten years.

Rent—The rental for the first term shall be at the rate of $5,000 per annum, payable annually in advance, and for the renewal term 10 per cent. advance.

Cost of Improvement—It is estimated that the improvement will cost $36,000, and the rental therein specified shall be deducted annually from the cost of the improvement as certified by the Chief Engineer of the Department of Docks and Ferries, allowing the Railroad Company interest at the rate of 4½ per cent. on the annual balances, following the process adopted in the lease to the Railroad Company of Pier 26, East River, approved by the Commissioners of the Sinking Fund, March 4, 1914.

Remaining Terms and Conditions—The remaining terms and conditions of the lease, except in so far as they are inconsistent herewith, shall be similar to those contained in the leases of land under water now used by this Department.

Very truly yours, R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 4th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 30th, 1915, the Commissioner of Docks recommended that a resolution be adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the Delaware, Lackawanna & Western Railroad Company of a bulkhead and platform adjacent to Pier 27, East River; the lease to commence on the completion of the improvements which are to be made at the expense of the railroad company, but not later than August 1st, 1915; the lease to continue for a period coterminous with the existing lease to the said Company dated March 16th, 1914, of Pier 26, East River, with privilege of a further term of ten years. The rent for the first term to be $5,000 per annum, and for the renewal term ten (10) per cent. advance.

From the cost of the improvement (estimated at $36,000), which is to be made at the expense of the Railroad Company, the rental above specified shall be deducted annually, allowing the Railroad Company interest at the rate of 4½ per cent. on the annual balances. This is the same procedure adopted in the lease of Pier 26, East River, approved by the Commissioners of the Sinking Fund March 4th, 1914.

The remaining terms and conditions of the lease to be similar to those contained in the leases of land under water now used by the Department of Docks and Ferries.

The rental charged and the arrangement for reimbursing the Railroad Company for the expenditure for the improvements I consider in the interest of the City; I therefore recommend the adoption of the attached resolution approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Delaware, Lackawanna & Western Railroad Company of the following described wharf property: (a) Beginning at a point in the bulkhead line adopted by the Board of Docks at its intersection with a line drawn forty feet (40') easterly from and parallel with the easterly side of Pier 26, E. R., and running thence easterly along said bulkhead line a distance of about seventy-three feet (73') to the westerly side of Pier 27, E. R.; (b) beginning at a point in the bulkhead line adopted by the Board of Docks at its intersection with a line drawn forty feet (40') easterly from and parallel with the easterly side of Pier 26, E. R.; running thence southerly and parallel with the easterly side of Pier 26, E. R., a distance of seventy-one and ninety-seven hundredths feet (71.97'); thence easterly and at right angles with the aforementioned course a distance of about eighty-five feet (85') to the westerly side of Pier 27, E. R.; thence northerly and along the westerly side of Pier 27, E. R., about sixty-five feet (65') to the bulkhead line; thence westerly along the bulkhead line a distance of about seventy-three feet (73') to the point or place of beginning. The lease shall commence on the date the Chief Engineer of the Department of Docks and Ferries certifies that the improvements are completed and the premises are ready for occupation, but in any event not later than August 1st, 1915. The lease shall continue for a period co-terminus with the existing lease to the said Company dated March 16th, 1914, of Pier 26, E. R., with the adjoining bulkhead and platform, and with the same right of renewal for a further term of ten (10) years. The rental for the first term shall be at the rate of five thousand dollars ($5,000) per annum, payable annually in advance, and for the renewal term ten per cent. (10%) advance. The rental therein specified shall be deducted annually from the cost of the improvement, said cost to be as certified by the Chief Engineer of the Department of Docks and Ferries, which certification shall be conclusive and binding upon all parties concerned; the Railroad Company to be allowed interest at the rate of four and one-half (4½) per cent. on the annual balances, following the process adopted in the lease to the Railroad Company of Pier 26, E. R., approved by the Commissioners of the Sinking Fund March 4th, 1914. The Company shall at once proceed with the removal of the present old structures between Oliver and Catherine Slip, to provide for the new construction, and shall at once proceed with the improvement of said property by the building of a bulkhead or sea wall, erection of a platform and shed thereon, and filling in and temporary pavement for the area fifty feet (50') inshore of the bulkhead line, all in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries; and all of such structures and improvements to revert to and become the property of The City of New York at the expiration or sooner termination of the lease. The remaining terms and conditions of the lease, except in so far as they are inconsistent herewith, shall be similar to those contained in leases now used by the Department of Docks and Ferries.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 5, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On January 6, 1915, the Commissioners of the Sinking Fund adopted a resolution directing that the building Nos. 125-127 Worth Street, Borough of Manhattan, be placed under the care and maintenance of the President of the Borough of Manhattan, and that he care for and maintain this building in the same manner as other public buildings.

On March 26, 1915, the Board of Aldermen requested an issue of $13,500 in revenue bonds, the proceeds to be used by the President of the Borough of Manhattan for the care, operation, repair and maintenance of the building Nos. 125-127 Worth Street, Borough of Manhattan, which request was denied by the Board of Estimate and Apportionment at a meeting held April 9, 1915, and at the same meeting the Board of Estimate and Apportionment requested the Commissioners of the Sinking Fund to transfer the jurisdiction of said building to the Finance Department.

In view of these facts, I respectfully recommend that the Commissioners of the Sinking Fund rescind the resolution of January 6, 1915, requesting the President of the Borough of Manhattan to care for and maintain the building, and adopt a further resolution authorizing the Comptroller to care for and maintain the building known as Nos. 125-127 Worth Street, Borough of Manhattan.

Resolved, That the Comptroller be and is hereby requested to care for and maintain the building known as Nos. 125-127 Worth Street, Borough of Manhattan.

The report was accepted and the resolutions severally adopted, all the members present voting in the affirmative.

Health Department—Lease for, of Premises No. 481 West 145th Street, Borough of Manhattan. (Brought Up by Unanimous Consent.)

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

May 5, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 7, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease of the premises No. 481 West 145th Street, Borough of Manhattan, for use of the Department of Health as a tuberculosis clinic, under certain conditions specified in said resolution.

The lessee has refused to execute this lease unless certain changes are made in the terms of the lease, which are satisfactory to the Department of Health and which in my opinion are reasonable.

I therefore respectfully recommend that the resolution hereinbefore referred to be rescinded and that the Commissioners of the Sinking Fund adopt a new resolution, the rent being reasonable and just, authorizing a lease of the premises No. 481 West 145th Street, Borough of Manhattan, for use of the Department of Health, for a period of three years from May 15, 1915, with the privilege of renewal for an additional three years, subject to sale of property, otherwise on the same terms and conditions, at an annual rental of $950, payable monthly for the first three months and thereafter quarterly; the lessor to replace the corroded hopper closet in rear of basement with a new earthenware hopper complete, and overhaul the remaining plumbing fixtures and replace all defective parts with new where necessary. Cause roof, skylight, gutters and leaders to be repaired and painted and make all exterior repairs and do all exterior painting where necessary during the term of the lease or any renewal thereof. Cause storm shed at rear of basement to be put in thorough repair. Cause furnace and heating ducts to be repaired; lessor to allow the lessee to remove wood partitions in front room on third floor, together with unnecessary doors, cause closet to be removed from the cross partition of inner room on first story, and cut a door opening in said partition to give access from front to rear rooms, and other work damaged by this alteration to be refinished as the lessee may deem necessary. Lessor to replace all broken window glass with new glass. Lessee to furnish heat, light and janitor service and make such slight interior alterations and repairs, subject to the approval of the lessor, as it may deem necessary during occupancy; the lessor to have the privilege of placing sign and showing property three months prior to expiration of lease; the lessor to pay taxes and water rates. Lessor, Miss Julia D. Brown, 35 West 130th Street, Borough of Manhattan. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held April 7, 1915, authorizing a lease to the City of premises at No. 481 West 145th Street, Borough of Manhattan, for use of the Department of Health as a Tuberculosis Clinic, be and the same is hereby rescinded.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Miss Julia D. Brown, of the premises No. 481 West 145th Street, Borough of Manhattan, for use of the Department of Health, for a period of three years from May 15, 1915, with the privilege of renewal for an additional three years, subject to sale of property otherwise upon the same terms and conditions, at an annual rental of nine hundred and fifty dollars ($950), payable monthly for the first three months, and thereafter quarterly; the lessor to replace the corroded hopper closed in rear of basement with a new earthenware hopper complete, and overhaul the remaining plumbing fixtures and replace all defective parts with new where necessary. Cause roof, skylight, gutters and leaders to be repaired and painted and make all exterior repairs and do all exterior painting where necessary during the term of the lease or any renewal thereof. Cause storm shed at rear of basement to be put in thorough repair. Cause furnace and heating ducts to be repaired; lessor to allow the lessee to remove wood partitions in front room on third floor, together with unnecessary doors. Cause closet to be removed from the cross partition of inner room on first story, and cut a door opening in said partition to give access from front to rear rooms, and other work damaged by this alteration to be refinished as the lessee may deem necessary. Lessor to replace all broken window glass with new glass. Lessee to furnish heat, light and janitor service and make such slight interior alterations and repairs, subject to the approval of the lessor, as it may deem necessary during occupancy; the lessor to have the privilege of placing sign and showing property three months prior to expiration of lease; the lessor to pay taxes and water rates; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by Sections 149 and 217 of the Greater New York Charter.

The report was accepted, and the resolutions severally adopted, all the members present voting in the affirmative.

Adjourned. JOHN KORB, Jr., Secretary.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
