An application by SLG Assets, Inc., pursuant to Sections 197-c and 201 of the New York City Charter affecting five lots between Murdock Court and Shore Parkway within the Special Ocean Parkway District (OP). The applicant seeks a zoning map amendment to change the project area from R5 to R7X/C2-4, and a zoning text amendment to establish a coterminous Mandatory Inclusionary Housing (MIH) area. These actions would enable a 9-story building with 21 units (approximately 5 affordable, pursuant to MIH Option 1) and 706 square feet (sf) of commercial space on a triangular corner site on the south side of Nixon Court. "Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic HHS Accelerator Pregualification Application using the City's PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport. cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Pregualification and PASSPort, including background materials, user guides and video tutorials, please visit https://www1.nyc.gov/site/mocs/systems/ about-go-to-passport.page.

CHILDCARE ASSISTANCE - BX & MN - Negotiated Acquisition/ Pre-Qualified List - PIN#06823N0013001 - AMT: \$3,448,000.00 - TO: Northern Manhattan Improvement Corporation, 45 Wadsworth Avenue, New York, NY 10033-7048.

A competitive process for procuring services from CBOs, is incompatible with the time sensitive nature of this one-time budget. Given this constraint, ACS seeks to enter into contracts quickly, pursuant to Section 3-04(b)(2)(i)(D) of the (PPB) rules such that CBO programs can start issuing child care subsidies to families with eligible children by January 2023. Each day that passes to retain a select cohort of qualified community-based organizations (CBO), to administer funds to families is one less day a family can benefit from this child care assistance prior, to the end of funding on June 30, 2023. Additionally, there are a limited number of CBOs with demonstrated operational/administrative capacity and a history running programs targeting this population, especially within the specific neighborhoods identified as having the

highest populations of undocumented children. Given this, ACS also makes this request, pursuant to Section 3-04(b)(2)(ii) of the PPB rules.

NOTE:

- Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
- The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
- Items 1 4 on contract 4287148 and 5 20 on contract 4287149 are effective as of June 1st, 2022.

REMINDER FOR ALL AGENCIES:

All entities utilizing DCAS fuel contracts are reminded to pay their invoices on time to avoid interruption of service. Please send inspection copy of receiving report for all gasoline (E70, UL PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor New York, NY 10007.

PUBLIC NOTICE

Federal Emergency Management Agency In accordance with 44 CFR §9.8 for Executive Orders 11988 & 11990 Proposed Stormwater Resiliency Measures East Harlem, New York County, New York

NOTIFICATION IS HEREBY GIVEN to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal funding to the New York City Department of Environmental Protection (NYCDEP) as Subrecipient for financial assistance to install flood control measures, including nature-based detention and retention basins, at eight locations within the Clinton Houses public housing development in the Manhattan neighborhood of East Harlem. Funds are being requested through the Building Resilient Infrastructure and Communities (BRIC) grant program. The purpose of the BRIC grant program is to proactively invest in hazard mitigation projects, reducing the risks that communities face from disasters and natural hazards. This notification is given in accordance with Executive Order (EO) 11988 (Floodplain Management), EO 11990 (Protection of Wetlands), the Federal Coastal Zone Management Act, and 44 CFR Part 9, regulations for implementing EO 11988 and EO 11990.

The proposed project entails the installation of eight sites with green infrastructure interventions at the Clinton Houses development. These interventions will include infiltration-based stormwater system units placed under and above existing open spaces such as basketball courts, parking lots, and other locations. A conveyance system comprising of inlets, perforated pipes, spreader tanks and small bioretention nature-based channels will be utilized to route the rainfall runoff from the Clinton Houses development and surrounding streets into the eight sites. Several sites may also include "water squares," which will allow for water to be stored above ground (up to one foot) in the proposed locations. These sites will be integrated into the community as multi-functional open spaces able to store excessive rainfall runoff while incorporating green infrastructure and nature-based designs.

This action would take place within the 100-year floodplain per the current preliminary flood insurance rate map, which means that the action has the potential to affect, or be affected by, the floodplain. Alternatives considered include: 1) taking no action and 2) the proposed alternative to install the green infrastructure at the Clinton Houses development. FEMA, has determined that the proposed alternative is the most practicable to combat the increasing threat of stormwater flooding that is known to impact this community. FEMA has also determined that investment of funds to reduce flood risk is in the public interest. Potential impacts to water quality or aquatic habitat are anticipated to be negligible during construction and minimized through best management practices and conservation measures incorporated from resource agency recommendations and required regulatory permits.

Comments about this project, potential alternatives, and floodplain impacts may be submitted in writing within 15 days of the date of this publication to: FEMA Region 2, Attn: Environmental Planning and Historic Preservation, 26 Federal Plaza, New York, NY 10278, or via email, to FEMAR2COMMENT@fema.dhs.gov. If substantive comments are received, FEMA will evaluate and address the comments as part of the environmental documentation for this project.
