Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, Wednesday, September 23, 1885, at 2 o'clock P. M.

Commissioners present—The Mayor, the Comptroller, Commissioner of Public Works, Commissioners James C. Spencer, William Dowd and C. C. Baldwin.
Also, Chief Engineer Church, Deputy Chief Engineer Fieley, and Consulting Engineer Davis.
Also, Chief Engineer Birdsall and Consulting Engineer Adams, of the Department of Public Works.

The minutes of the stated meeting of September 16, 1885, were read and approved.

The Committee of Finance and Audit reported the examination and audit of bills included in Vouchers Nos. 1113 and 1118, which vouchers, on motion of Commissioner Dowd, were approved by the Commissioners, and ordered certified to the Comptroller for payment.

The Committee also reported the sale by the Secretary, under their direction, of ten sets of the Plans for Section No. 1, and one set of the Plans for Sections 2 and 9 of the New Aqueduct, and the payment of the proceeds (\$115) to the City Chamberlain to the credit of "The Additional Water Fund."

The Committee on Construction made report, dated September 22, in relation to communications received by them from the Chief-Engineer, as follows:

1st. Transmitting an estimate of the coal required for the coming winter in the offices of the Engineers on Divisions 1 and 6, amounting to 190 tons.

On motion of Commissioner Spencer, the Purveyor was instructed to purchase the coal promptly.
2d. Recommending the appointment of a Tunnel Inspector, and nominating Joseph Gili for the position.

On motion of the Mayor, action thereon was deferred until the next meeting.

3d. Recommending the purchase of an additional transit instrument, with mining shade, and two steel lining rods, for use in the tunnel on the Sixth Division, the cost thereof not to exceed \$250.

On motion of Commissioner Squire, this recommendation was approved by the Commissioners, and the purchase authorized, within the above-named limit of cost.

4th. Recommending the promotion of the following persons in the Engineer Corps, to date from October 1, next, viz.:

Ramsey Turnbull, from Chainman to Rodman, with compensation at the rate of \$75 per month.

David B. Lewis, from Leveler to Transitman, with compensation at the rate of \$1,500 per annum.

On motion of Commissioner Spencer, these recommendations were approved by the Commissioners and the promotions made.

The Committee further reported under date of September 22, as follows:

1st. Recommending that the Committee on Construction be authorized, when they deem it advisable, to direct the sale by the Purveyor, of wood cut by the Engineers upon the line of the New Aqueduct, and now lying upon the land decaying.

On motion of Commissioner Dowd, this recommendation was approved, and the Committee empowered to direct such sales.

2d. Recommending that on or after October 1st prox., William W. Proctor, the present Property Clerk, be required to perform the duties of Purveyor without increase of his present compensation, and that he furnish the bond required from the incumbent of that office.

On motion of Commissioner Spencer, this recommendation was approved by the Commissioners, and the Secretary directed to prepare the required bond, and to notify Mr. Proctor of this action of the Commissioners.

The Comptroller, under date of September 19, 1885, gave notice of the issue of warrant for voucher not approved by the Aqueduct Commissioners, and appertaining to the work of the Commissioners of Appraisal for New York City and County, amounting to \$200; which notice was ordered placed upon file and entered upon the books of this Commission.

The Secretary made a report to the Commissioners, dated September 22, in relation to the settlement with Mr. Jay Gould for lands taken from him by agreement with the Commissioners, and approved by the Board of Estimate and Apportionment on the 21st of February, 1885; said report showing that the area of the land taken by the city exceeds the quantity named in the agreement executed by Mr. Gould (April 7, 1885), to the extent of 789-1000 of an acre, amounting at the agreed price per acre to the sum of \$256.42; and also that Mr. Gould claims interest on the purchase money from the date of his agreement until payment is made to him; whereupon Commissioner Spencer offered the following resolution:

"Whereas, It was heretofore agreed between the Aqueduct Commissioners and Mr. Jay Gould that payment should be made to him at the rate of \$325 per acre for land taken from him for the construction of the New Aqueduct in the Town of Greenburg, in Westchester County; and a formal agreement therefor was executed and delivered by him on the 7th day of April last, in which courses and distances are set forth and the area stated to be twenty acres and 572-1000 of one acre (20.572) and the sum of six thousand six hundred and eighty-five and 90-100 dollars (\$6,685.90),

therein named as the amount of the consideration for said lands, the payment of which specified sum had been approved by the Board of Estimate and Apportionment on the 21st of February, 1885; and

"Whereas, By recent re-surveys, errors have been disclosed in the courses and distances named in said agreement, and the true area of the land taken ascertained to be twenty-one acres and three hundred and sixty-one thousandths of one acre (21.361), exceeding the area named in said agreement to the extent of seven hundred and eighty-nine thousandths of one acre (.789); therefore it is

"Resolved, That in the opinion of the Aqueduct Commissioners, Mr. Jay Gould is entitled to payment for the now ascertained correct area of the land taken, to wit: 21.361 acres, at the agreed price of \$325 per acre, making the sum of sixty-nine hundred and forty-two 32-100 dollars; and that the payment to him having been long delayed by reason of the consumption of time in searching title, and making the re-surveys, he is entitled to interest upon the purchase money from the date of his formal agreement (April 7, 1885), to the time of payment; therefore

"Resolved, That for the 21.361 acres of land taken from Mr. Jay Gould, in the town of Greenburg, for the construction of the New Aqueduct, he be paid the sum of \$6,942.32 with interest at the rate of six per cent. per annum, from the 7th of April, 1885, to the time of payment to him; such adjustment being subject to approval by the Board of Estimate and Apportionment of the City of New York, as required by section 23, chapter 490, Laws of 1883.

"And the Secretary is hereby directed to communicate this action to the said Board of Estimate and Apportionment and to request its approval thereof."

These resolutions were adopted by the affirmative vote of all of the Commissioners.

The Chief Engineer presented a further report, dated September 23, in relation to the office of an Engineer of Construction, which report was considered in Executive Council and then referred to the Committee on Construction for further consideration and report.

The Commissioners then adjourned.

JAS. W. McCULLOCH, Secretary.

NOTICE IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption, if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors

TO CONTRACTORS.

BIDS OR PROPOSALS FOR THE ERECTION OF A SEA-WALL ON THE EASTERLY SIDE OF THE EAST RIVER PARK, BETWEEN EIGHTY-FOURTH AND EIGHTY-SIXTH STREETS.

SEALED ESTIMATES FOR THE ABOVE WORK. Indorsed with the above title, and also with the name of the person or persons making the same, and the date of presentation, will be received at the Office of the Department of Public Parks, No. 36 Union Square, New York City, until ten o'clock A.M. on Thursday, the 8th day of October, 1885, at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be re-advertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N.B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in the specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, and also in figures, the price per cubic yard for wall masonry, the price per cubic yard for concrete; also, the time required for the completion of the whole work, which will be tested at the rate of FOUR dollars per day.

The prices are to cover the furnishing of all the necessary materials and labor, also the expense of excavation, whether rock or otherwise; and the performance of all the work as set forth in the specification and form of agreement hereto annexed.

It being understood that the time so bid refers to the aggregate time of such Inspectors as may be appointed on the work, and not to consecutive days, and that the damages specified in covenant E (see section 6 (f) of the specifications) will be exacted for each and every day that the said aggregate time of the Inspectors who may be employed on the work may exceed the time stipulated for the completion of the whole work.

The Engineer's estimate of the work to be done, and by which the bids will be tested, is as follows:
525 cubic yards of wall masonry.
40 cubic yards of concrete.

N.B.—Bidders are specially notified that the entire cost of the work cannot exceed (\$5,000) five thousand dollars, and that the Commissioners of the Department of Public Parks reserve the right to reject any or all estimates exceeding that amount.

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of such statement or estimate, nor assert that there was any misunderstanding in regard to the depth or

character of the excavation to be made, or the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks and in substantial accordance with the specifications and the plan therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed at the prices therefor to be specified by the lowest bidder shall be due or payable for the entire work.

N.B.—The price bid for wall masonry is to include the cost of all excavation, whether of earth, rock or other material.

The amount of security required is twenty-five hundred dollars.

Bidders are informed that no deviation from the specifications will be allowed unless a written permission shall previously have been obtained from the Commissioners of the Department of Public Parks.

The Contractor is required to notify the Engineer, in writing, forty-eight hours prior thereto, of the date he intends to actually begin work.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for commencing and prosecuting the work, and that postponement or delay on the whole or any part thereof, occasioned by the precedence of other contracts, which may be either let or executed before or after the execution of the contract for this work, cannot constitute a claim for damages, nor for a reduction of the damages fixed for delay in completing the work beyond the time allowed.

Blank forms of proposals and form of agreement, including the specifications, and showing the mode of payment for the work, can be obtained on application to the Secretary at the office of the Department, No. 36 Union Square.

PROPOSALS FOR ESTIMATES FOR THE ERECTION OF THREE FRAME PAVILIONS ON NORTH BROTHER ISLAND.

PROPOSALS FOR ESTIMATES FOR THE erection of three frame pavilions on North Brother Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott Street, until 2:30 o'clock P.M. of the 6th day of October, 1885, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed, "Estimate for the Erection of three Frame Pavilions on North Brother Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$5,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall refuse or neglect to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the

Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application thereto at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.
