THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt, or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons who the contract may be awarded, will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to be furnished by the Corporation of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, at any subsequent letting. The amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath of affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 47 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Common Council of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller or Treasurer of the City of New York, for the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and it shall be lawful for the Corporation; and the contract will be readvertised and let as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform to the samples in the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., referred to, before making their estimate.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

## JURORS.

NOTICE  
IN RELATION TO JURORS FOR STATE  
COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
ROOM 17, STEWART BUILDING,  
CHAMBERS STREET AND BROADWAY,  
NEW YORK, June 1, 1887.

APPLICATIONS FOR EXEMPTIONS WILL BE  
heard here, from 9 to 4 daily, from all persons  
hitherto liable or recently serving who have become  
exempt, and all needed information will be given.

Those who have not answered as to their liability, or  
proved permanent exemption, will receive a "jury en-  
rollment notice," requesting them to appear before me  
this year. Whether liable or not, such notices must be  
answered (in person, if possible, and at this office only)  
under severe penalties. If exempt, the party must bring  
proof of exemption; if liable, he must also answer in  
person, giving full and correct name, residence, etc., etc.  
No attention paid to letters.

Persons "enrolled" as liable must serve when called  
or pay their fines. No money charges will be allowed or  
interference permitted. The fines if unpaid will be en-  
tered as judgments upon the property of the delinquents.  
All good citizens will aid the course of justice, and  
secure reliable and respectable jurors, and equalize their  
duty by serving promptly when summoned, allowing  
their clerks or subordinates to serve, reporting to me any  
attempt at bribery or evasion, and suggesting names for  
enrollment. Penalties for non-enrollment and seven years of  
age, summer absentees, persons temporarily ill, and  
United States jurors are not exempt.

Every man must attend to his own notice. It is a mis-  
deed to give any jury paper to another to answer.  
It is also punishable by fine, imprisonment to give or  
receive any present or bribe, directly or indirectly, in  
relation to a jury service, or to withhold any paper or  
make any false statement, and every case will be fully  
prosecuted.

Each estimate must contain the name and place of resi-  
dence of the person making the same, the names of all  
persons interested with him therein, and if no other person  
be so interested, it shall distinctly state that fact. That it  
is made without any connection with any other person  
making an estimate for the same work, and that it is  
made fair and without collusion or fraud. That no  
member of the Common Council, head of a department,  
chief of a bureau, deputy thereof, or clerk therein, or  
other officer of the Corporation, is directly or indirectly  
interested in the estimate or in the work to which it relates  
or in the profits thereof.

Each estimate must be verified by the oath, in writing,  
of the party making the same, that the several matters  
therein stated are true, and must be accompanied by the  
consent, in writing, of two householders or freeholders in  
the City of New York, to the effect that if the contract is  
awarded to the person making the estimate, it will be

neglect to execute the same, they will pay to the Corpora-  
tion any difference between the sum to which he would be  
entitled upon its completion, and that which the Corpora-  
tion may be obliged to pay to the person to whom the con-  
tract shall be awarded at any subsequent letting; the  
amount to be calculated on the estimated amount of the  
work by which the bids are tested.

The consent last above mentioned must be accompanied  
by the oath or affirmation, in writing, of each of the per-  
sons signing the same, that he is a householder or free-  
holder in the City of New York, and is worth the amount  
of the security required for the completion of the con-  
tract, over and above all his debts of every nature, and  
over and above his liabilities as bail, surety, or otherwise,  
and that he has offered himself as surety in good faith,  
with the intention to execute the bond required by law.

No estimate will be considered unless accompanied  
by either a certified check upon one of the State or  
National banks of the City of New York, drawn to the  
order of the Comptroller, or money to the amount of five  
per centum of the amount of the security required for  
the faithful performance of the contract. Such check or  
money must not be inclosed in the envelope containing  
the estimate, but must be handed to the officer or clerk  
of the Department who has charge of the Estimate-box,  
and no estimate can be deposited in said box until such check or money has been received by said  
officer or clerk and found to be correct. All such de-  
posits, except that of the successful bidder, will be  
returned to the persons making the same, within three  
days after the contract is awarded. If the successful  
bidder shall refuse or neglect, within five days after  
notice that the contract has been awarded to him, to  
execute the same, the amount of the deposit made by him  
shall be forfeited to the City of New York, and the City  
of New York, as liquidated damages for such neglect or refusal;  
but if he shall execute the contract within the time afore-  
said, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS  
RESERVES THE RIGHT TO REJECT ALL BIDS  
RECEIVED FOR ANY PARTICULAR WORK IF  
HE DEEMS IT FOR THE BEST INTERESTS OF  
THE CITY.

The rate charged for steam-vessels taking water daily  
or belonging to daily lines, is one-half cent per ton  
(Custom House measurement) for each time they take  
water.

Steamers taking water other than daily, one cent per  
ton (Custom House measurement).

Water supplied to sailing vessels and put on board,  
twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved  
for special contract by and with the Commissioner of  
Public Works.

HYDRANTS, HORNS, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to  
another person or persons.

All persons taking water from the City must keep  
their own service-pipes, street tap, and all fixtures  
connected therewith, in good repair, protected from frost,  
at their own risk and expense, and shall prevent all waste  
of water.

The use of hose to wash coaches, omnibuses, wagons,  
railway cars or other vehicles or horses, cannot be per-  
mitted.

No horse-troughs or horse-watering fixtures will be  
permitted in the street or on the sidewalk, except upon  
a license or permit taken out for that purpose. All  
licenses or permits must be annually renewed on the  
first of May. Such fixtures must be kept in good order  
and the water not allowed to drip or waste by overflowing  
the sidewalk or street, or to become dangerous in winter  
by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the  
front area, and any hydrant standing in a yard or alley,  
attached to any dwelling or building, must not be left  
running when not in actual use, and if the drip or waste

winter, the supply will be shut off in addition to the  
penalty of five dollars imposed.

Fountains or jets in hotels, porter-houses, eating-  
saloons, confectioneries or other buildings are strictly  
prohibited.

The use of hose for washing sidewalks, stoops, areas,  
house-fronts, yards, court-yards, gardens, and about  
stables, is prohibited. Where premises are provided  
with wells, special permits will be issued for the use of  
hose, in order that the police or inspectors of this depart-  
ment may understand that the permission is not for the  
use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other  
vessels will not be allowed.

The penalty for a violation of any of the preceding  
rules and regulations will be five dollars for each offense,  
and if not paid when imposed will become a lien on the  
premises in like manner as all other charges for unpaid  
water rates.

Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, June 21, 1887.

## PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT  
in compliance with the provisions of chapter 359,  
Laws of 1887, amending section 352 of the New  
York City Consolidation Act of 1882, passed June 28, 1887,  
the following changes are made in charging and collect-  
ing water rents:

1st. All extra charges for water incurred from and after  
June 9, 1887, shall be treated, collected and returned in  
arrears in the same manner as regular rents have hereto-  
fore been treated.

2d. In every building where a water meter or meters  
are now, or shall hereafter be in use, the charge for water  
by meter measurement shall be the only charge against  
such building, or such part thereof as is supplied through  
meter.

3d. The returns of arrears of water rents, including the  
year 1887, shall be made as heretofore on the confirma-  
tion of the tax levy by the Board of Aldermen, and shall  
include all charges and penalties for every nature of water  
rents.

4th. A penalty of five dollars (\$5) is hereby established,  
and will be imposed in each and every case where the  
rules and regulations of the Department prohibiting the  
use of water through hose, or in any other wasteful man-  
ner, are violated, and such penalties will be entered on  
the books of the Bureau against the respective buildings  
or property, and if not collected, be returned in arrears  
in like manner as other charges for water.

5th. Charges for so-called extra water rents of every  
nature, imposed or incurred prior to June 9, 1887, will  
be canceled of record on the books of the Department.

D. LOWBER SMITH,  
Deputy and Acting Commissioner of Public Works

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER  
CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN  
made to this Department by citizens claiming  
reductions or rebates on bills for water supplied through  
meters, on the alleged ground of leakage caused by de-  
fective plumbing and worn-out service pipes, or by willful  
waste of water by tenants allowing the faucets to be  
turned on in full force in water-closets, sinks, etc., with-  
out the knowledge or consent of the owners of the prem-  
ises.

The main object of the use of water-meters is to enable  
this Department to detect and check the useless and un-  
warrantable waste of an element so valuable and essential  
to the health and comfort of the citizens, and this ob-  
ject can only be accomplished by enforcing payment for  
the water used.

Under the law all charges for water supplied through  
meters are a lien against the respective premises, and the  
law therefore holds the owner of the premises respon-  
sible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all  
further applications for reduction of water rents, no  
allowance will be made on account of waste of water  
occurring through leaks, from defective service pipes or  
plumbing, or wasteful use of water by tenants or occu-  
pants of buildings, though the leakage or waste may have  
occurred without the knowledge or consent of the owners  
of the buildings.

House-owners are further notified that whenever their  
premises become vacant, and are likely to remain vacant,  
they must notify this Department in writing, and which  
unless this requirement is complied with no deductions in  
extra water rent will be allowed for any portion of one  
year.

Commissioner of Public Works.
