CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,  
Nos. 49 AND 51 CHAMBERS STREET,  
April 1, 1894.

Hon. THOMAS F. GILROY, Mayor:

SIR—In compliance with the provisions of section 49 of chapter 410 of the Laws of 1882, the Department of Public Parks hereby submits the following statement of its transactions during the quarter ending March 31, 1894:

Since the date of the last report the organization of the Board of Parks has been changed by the resignation of Commissioner Paul Dana, as Vice-President, on account of his visiting Europe, and the election of Commissioner George C. Clausen in his stead.

Under a law passed by the Legislature during the quarter (chapter 11, Laws 1894) authorizing the expenditure of one million dollars for construction work on the parks, several thousand men more than usual at this time of the year have been employed upon the unfinished portions of Central, Riverside and Morningside Parks and Cathedral Parkway, and also upon the new parks and parkways north of the Harlem river.

The weather at this season was decidedly unfavorable to the prosecution of work of this character, but it being the intention of the law to provide immediate relief for the unemployed the following-named works were put under construction:

#### WIDENING OF BRIDLE ROAD, CENTRAL PARK.

This work—from Ninety-third street, west side, to a point near East Drive at One Hundred and Fifth street—was placed under construction; the rock and earth were excavated to proper sub-grade, the substructure (stone-work) was paved, the top-soil was spread, the gutters repaved, the drainage and basins built and the sloping, shaping, sodding and seeding was attended to; the spreading of gravel for superstructure was also prosecuted.

#### IMPROVEMENT OF GROUNDS, ONE HUNDRED AND FOURTH TO ONE HUNDRED AND TENTH STREET, SEVENTH TO EIGHTH AVENUE.

A small force of men were engaged at One Hundred and Sixth street, Eighth avenue entrance drive, in shaping the east bank of drive and spreading of top-soil.

#### CATHEDRAL PARKWAY.

This work was prosecuted for its entire length. The rock and earth excavations were made to the established grades, and the clean filling deposited in the depressions along the line; the rock previously blasted, was broken for paving purposes, and hauled to the different works under construction.

#### GORE OF ROCK AT ONE HUNDRED AND FIFTY-THIRD STREET AND SEVENTH AVENUE, FOR APPROACH TO CENTRAL BRIDGE.

This work consisted of the excavation of rock to sub-grade and the hauling away of materials excavated.

#### TREE PLANTING, CENTRAL PARK, WEST, FROM NINETY-SIXTH TO ONE HUNDRED AND TENTH STREET.

This work consisted of the excavating of rock and earth for tree pits, the hauling and filling-in of top soil or mould, the planting of trees and the general cleaning up and the regulating of sidewalk.

#### IMPROVEMENT OF CENTRAL PARK, FROM NINETY-SEVENTH TO ONE HUNDRED AND FIRST STREET.

The entire area from Ninety-seventh to One Hundred and First street, between Fifth avenue and East Drive, was placed under construction; the top-soil was stripped from the line of walks and slopes, excavations and refillings for walks were made to bring the same to proper sub-grade and substructure (walk pavement) was commenced; the shaping and sloping of banks adjacent and the spreading of top-soil was also proceeded with.

In connection with this work a contract, to fill a depression at Ninety-seventh street and Fifth avenue, was awarded. The amount of filling put in place was about 10,000 cubic yards.

#### TRANSVERSE ROAD NO. 4, NINETY-SEVENTH STREET.

A new pipe sewer, including earth and rock excavation, was laid in road; the general regulating of roadway, piling up of loose stone and carting away of surplus material was the work prosecuted during the quarter.

#### ENTRANCE DRIVE, ONE HUNDRED AND SECOND STREET AND FIFTH AVENUE.

This work consisted of the excavation to sub-grade of the entire drive, from Fifth avenue to junction, the rock excavation on upper end, the laying of drainage and the sloping and shaping of banks adjacent. The laying of the stone substructure of drive was begun.

#### WALK AT SEVENTY-NINTH STREET, EAST SIDE.

This work was begun in the early part of March, and consisted of the excavating of top soil or mould, and further excavations of crude earth to bring work to proper grades; the pavement of stone substructure was commenced.

#### WALK AT EIGHTY-FIFTH STREET AND FIFTH AVENUE.

This work was commenced in the early part of March, the top-soil was stripped from the line of work and the crude earth excavated to proper sub-grade, the pavement of substructure was proceeded with and the work of shaping and sloping begun.

#### ASPHALTE WALKS.

The work of paving and resurfacing with asphalt, certain walks in the Central Park, was begun during the quarter; the work was confined mainly to the lower end of Park. The Mall and walks adjacent were partly paved during the above period; walks in the Ramble also received attention.

#### MANHATTAN SQUARE.

Work on this improvement was begun in the early part of the quarter, and consisted of the stripping of top-soil and earth and the excavation of rock to a depth of 12 to 13 feet below floor grade, 25 feet wide for the entire length of Museum of Natural History, on the westerly side of same, for proposed areaway; the piling up and removal of excavated materials, the stripping of mould and excavation for new walk systems, the paving of same, the excavation for and laying of drainage, the building of walk and surface basins, the spreading of mould, the general shaping of slopes, in connection with newly constructed work and the sodding of walk borders.

#### MORNINGSIDE PARK.

Work on this improvement was prosecuted during the quarter. On the exterior of the park, along Morningside avenue, West, and Manhattan and Columbus avenues, for the entire length, and for a width of 13½ feet, excavations for a sidewalk to a depth of from 1 foot to 18 inches were made; the same was paved with stone ready for superstructure and the surplus materials removed.

In the Park proper the new walk systems were placed under construction, the earth and rock excavations for same and for slopes and drainage were made, the substructure for walks was put in, drainage was laid, shaping of slopes and spreading of mould and building of rustic walls were prosecuted.

#### RIVERSIDE PARK IMPROVEMENT—SEVENTY-NINTH TO NINETY-SIXTH STREET AND NINETY-SIXTH TO ONE HUNDRED AND TWENTY-NINTH STREET.

The entire area from Seventy-ninth to One Hundred and Twenty-ninth street was placed under construction; the work done was the stripping of mould, the earth and rock excavation to proper sub-grade, the pavement of stone substructure for walks, the shaping of slopes and the spreading of top-soil. The large depressions along the line of work were also filled to proper grade with material hauled from different works.

In the new parks the work consisted in improving the old Boston Post road, from Kingsbridge road to Bronx river in Bronx Park, improving Eastern Boulevard, from Waterbury lane to Pelham Bridge in Pelham Bay Park, building a 30-foot roadway in Mosholu Parkway; removing dead trees, etc., in Crotona, Van Cortlandt and Bronx Park and Mosholu Parkway and improving the Southern Boulevard, through Bronx Park, Lorillard lane, etc.

The amount of security required will be **FOUR THOUSAND DOLLARS.**

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N.B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will be awarded to the lowest bidder.

Blank forms for proposal and forms of the contract which the successful bidder will be required to execute, can be had at the office of the Department, Nos. 49 and 51 Chambers street.

**THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.**

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **THREE THOUSAND (\$3,000) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without

out collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract. The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, No. 66 Third avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

NEW YORK.

## TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereon.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY,

Commissioner of Public Works

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become

bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. The Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards reserves the right to reject all bids received for any particular work if he deems it for the best interests of the city.
