CITY OF NEW YORK-BOROUGH OF RECEIVE, I DEPARTMENT OF HIGHWAYS, MUNICIPAL BUILDING, September 15, 1898.

Hon. EDWARD M. GROUT, President of the Borongh of Breaklyn :

DEAR SIR—In order to the letter of your Secretary of the 9th instant, forwarding copy of points on John Robertson & Co., of No. 127 Water street, this borneigh, for the removal of unused railroad tracks on Waler street, between Adams street and Washington street, I have to say that the matter was referred to the engineer of this department, who, after an investigation, reports that it has been determined that the tracks belong to the Nassau Electric Bailroad Company, having been laid originally by the Atlantic Avenue Railroad Company. The Nassau Railroad Company state that they intend to begin the rebuilding of these tracks very shortly and will lay a 9-inch girder rail, which, it is the opinion of the engineer, will very much improve the condition of the street.

Respectfully,
THOS. R. FARRELL, Deputy Commissioner of Highways.
B. P. Legare, Chief Engineer of the Nassau Electric Railroad Company appeared before the Hoand, representing his company, and stated that the tracks have not been used since his company sound control of them two years ago. He did not know whether they had been used before that time or the time or not.

James Hardy, representing John Robertson & Co., stated that to his knowledge the tracks had

never been in actual use.
Laid uver until near meeting.

Dear Sir.—Herewith I hand you perition from property-owners residing on Rush street in which they ask that said street, between Wythe avenue and Division avenue, be repaired, but will require repairing. It is the opinion of the Engineer of this Department that the street should be repaired, and as Division avenue, between Lee avenue and Berry street, is now being paved with asphalt, and Rush street is a strictly residence street asphalt would seem to be the best paveount to lay there. There are no funds applicable to this purpose at the present time, and I submit the matter to you for reference to the Local Broard of that district, that they may determine whether to recommend the paving, one-half at the expense of the property-owners, or repairing at the expense of the city at large, when funds may be available for the improvement. He submits the fullowing estimate based on a five years' guarantee:

1,625 square yards asphalt paving, land on concrete; Soo llocal feet of curb. Total estimated cost, 54,000.

cost, 54,000.

Petition of Sophic Loftler of No. 78 Jefferson avenue, for grading lot on the north side of Vernon avenue, between Summer avenue and Lewis avenue, known as lot No. 76, Block 21, Twenty-first Ward map,

Following report from the Department of Highways :

CITY OF NEW YORK—BORDUGH OF BROOKLYN, DEPARTMENT OF HIGHWAYS, MUNICIPAL BUILDING, August 24, 1898.

Mon. Thos. R. Farrill, Deputy Commissioner of Highways:

Dear Sir.—In accordance with letter of President Grout of August 17, and after an inspection of the premises, I find that Lot No. 76, Block 21, Twenty-first Ward Map, which is on the north side of Vernon avenue, between Summer and Lewis avenues, is 20 feet above the grade. I believe that the cost of digging this lot down in this neighborhood would probably be 50 cents a cubic yard. As there is no convenient dump, this would involve an estimated cost of \$4,620, and as the assessed value of the lots is but \$2,500, the assessment would be more than such value, and the work could not be legally done. The petition is herewith attached.

Respectfully,

(Signed) N. P. LEWIS, Engineer of Highways, Borough of Brooklyn.
