BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, ROOM 16, CITY HALL, FRIDAY, JUNE 17, 1904.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Martin W. Littleton, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Cassidy, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presiding.

After disposing of the Public Improvement calendar the following financial matters were considered:

The Secretary presented the following communications from the District Attorney of New York County, requesting an additional appropriation for the establishment of a new bureau in his office and the fixing of the salaries of certain positions under his jurisdiction:

DISTRICT ATTORNEY'S OFFICE, COUNTY OF NEW YORK, }
June 7, 1904. }

To the Honorable Board of Estimate and Apportionment of The City of New York, New York City:

GENTLEMEN—By chapter 553 of the Laws of 1904, the legislature has enacted that after September 1, 1904, all cases prosecuted in the Court of Special Sessions in this County shall be tried upon information filed by the District Attorney substantially in the form of an indictment. This law makes no provision to meet the expense of its enforcement, which, in my opinion, will amount to at least \$17,700 per annum.

In order that your Honorable Board may have an idea as to the large volume of business which will devolve upon this office, I beg to state that under the present conditions, an average of 4,500 cases is received annually, all of which are disposed of in the Court of General Sessions and the Supreme Court, while under this new law at least 7,000 additional cases, triable in the Court of Special Sessions will have to be carefully investigated and prepared by this office before they are ready for trial.

During the year 1903, 7,460 cases were disposed of in the Court of Special Sessions, and for the past three years the number of cases tried in that Court has been constantly increasing, and it is to be supposed that it will continue to increase in the future.

It will be necessary for me to establish an entirely new bureau in my office to dispose of the immense amount of additional work which this statute necessitates, and to meet this expense I hereby request your Board to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$10,166, the proceeds thereof to be used in making additions to the professional and administrative force of my office, and to purchase desks, safes and other necessary office supplies, in order that the new bureau so to be created may be properly equipped for the transaction of public business.

The following itemized statement shows how it is proposed to expend this appropriation:

Increase of Force.	Amount per Annum.	Amount for Six Months.
One Deputy Assistant District Attorney, at.....	\$5,000 00	\$2,500 00
One Deputy Assistant District Attorney, at.....	3,500 00	1,750 00
Two Clerks, at, each.....	1,500 00	1,500 00
Two Stenographers and Typewriters, at, each.....	1,500 00	1,500 00
Two County Detectives or Subpoena Servers, at, each....	1,000 00	1,000 00
Two Messengers, at, each.....	600 00	600 00
Total amount.....		\$8,850 00

In order to prepare properly for the work of this bureau it is necessary that the appointments should be made about July 1, as it will be necessary to prepare a large number of new blank forms to cover all of the common offenses triable in the Court of Special Sessions, together with the record books, register, etc., of the bureau, and to have the entire bureau in readiness for work at the time the law goes into effect.

In making the foregoing appointments it is proposed to promote experienced and efficient men to fill said positions and appoint new men to minor positions.

The increase of force requested herein is absolutely essential in order to cope with the large volume of business which will devolve upon this bureau, and in all probability it may be necessary later on to request another appropriation to secure additional force. With the constantly increasing population of this county, the business of this office naturally increases also, and from year to year makes it necessary to increase its working force and add to its expenditures; nevertheless the salary appropriations, instead of showing a corresponding increase, have been greatly diminished, as will be seen from the following comparative statement showing the number of persons employed and the appropriations granted for salaries for the years 1900, 1903 and 1904:

Statement Showing Number of Persons on Pay-roll and Appropriations Granted, etc.

	1900.	1903.	1904.

Appropriations for salaries for the year 1900..... \$244,410 00
Appropriation for salaries for the year 1900..... 6,600 00

Total appropriation for salaries for the year 1900..... \$251,010 00

Total appropriation for salaries for the year 1903..... \$232,500 00
Total appropriation for salaries for the year 1904..... 232,500 00

This statement shows that our appropriation for salaries for the current year is \$18,510 less than the amount granted for salaries for the year 1900, and the work of this Department has considerably increased since that time.

Owing to various resignations in my professional staff in 1903, it was necessary to reorganize the same, and readjust their salaries, and in May, 1903, the Honorable Board of Estimate and Apportionment approved my recommendation increasing their salaries, but in making up the Budget for 1904, this readjustment which took effect in May, 1903, was overlooked, and no provision made to continue the payment of the increases authorized by the said The Board of Estimate and Apportionment, which resulted in creating two vacancies in this office, one Deputy Assistant District Attorney at \$2,000 and one County Detective at \$1,200 per annum, which positions I have been unable to fill owing to the lack of appropriations, thereby imposing additional labors on my present limited force.

In order to equip this bureau, it is essential to purchase the following office supplies, which are actually necessary, and the estimated cost of same is also given:

1 steel safe (72 inches by 43 inches by 33 inches).....	\$225 00
1 large steel cabinet for 200 blank forms (8½ inches by 14 inches).....	385 00
1 roll top desk (66 inches) for Deputy Assistant District Attorney.....	35 00
1 roll top desk (60 inches), for Deputy Assistant District Attorney.....	35 00
2 roll top desks (55 inches), for Clerks at \$35.....	70 00
2 roll top desks for Typewriters at \$35.....	70 00
2 Underwood Typewriter machines at \$87.50.....	175 00
4 office chairs (revolving) at \$6.....	24 00
6 office chairs at \$4.50.....	27 00
2 office chairs (typewriters) at \$5.....	10 00
2 steel filing cabinets at \$90.....	180 00
2 settees, 6 feet each, at \$13.50.....	27 00
4 wardrobes at \$9.50.....	38 00
1 letter copying press, etc.....	15 00
Total.....	\$1,316 00

SUMMARY.

Total amount for salaries..... \$8,850 00
Total amount for office supplies, safe, etc..... 1,316 00

Total..... \$10,166 00

In view of the foregoing conditions, I respectfully request that your Honorable Board will grant the desired appropriation at your earliest convenience, the same to take effect from July 1, 1904.

Very respectfully yours,

WM. TRAVERS JEROME, District Attorney.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby appropriates the sum of ten thousand one hundred and sixty-six dollars (\$10,166) for the purpose of making additions to the professional and administrative force, and for the purchasing of desks, safes and other necessary office supplies for the District Attorney of New York County, to enable him to carry out the provisions of chapter 563 of the Laws of 1904, and that, for the purpose of providing means therefor, the Comptroller be and is hereby authorized to issue Special Revenue Bonds, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to the amount of ten thousand one hundred and sixty-six dollars (\$10,166), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the office of the District Attorney, New York County, be fixed as follows:

Deputy Assistant District Attorney.....	Per Annum. \$3,500 00
Information Clerk	1,500 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication relative to the establishment of a Truant Home or School in the Borough of Queens:

WILLIAM AND PINE STREETS,
NEW YORK, June 16, 1904.

Hon. EDWARD M. GROUT, Comptroller, No. 280 Broadway, City:

DEAR SIR—I beg to call your attention to an option which has been given to the Board of Education for the acquisition of the Garetson farm, situated between Jamaica and Flushing. The Board of Education is desirous of acquiring this farm for a truant school. I am informed that this option expires on June 29, and I simply bring it to your attention, so as to prevent the parties raising the price, in case such option should be allowed to expire.

Very truly yours,
F. A. WARBRIDGE.

The following resolution was offered:

Resolved, That this Board advise the Board of Education that it is not willing to acquire any land for the purpose of a truant home or truant school until the accommodations for willing pupils have been made adequate.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Board of Education and petition of property-owners relative to the acquisition of land on the easterly side of the High School of Commerce, Borough of Manhattan.

Mr. Harkness, of the Board of Education, appeared in support of the proposition to acquire the property.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, June 10, 1904.

Hon. EDWARD M. GROUT, Comptroller, City of New York:

DEAR SIR—I was informed last night that there is to be a meeting of the Board of Estimate and Apportionment to be held to-day, in which objections will be raised to the acquisition of the site proposed by the Board of Education in West Sixty-fifth street, on either side of our High School of Commerce.

Previous engagements prevent me from attending this meeting, but I protest, on behalf of the Committee on Buildings of the Board of Education, to any changes in or abandonment of the site proposed. No suitable building can be had unless that part of the present building, which runs through to Sixty-sixth street, is in the centre thereof. As to the necessity of enlarging the High School of Commerce, there can be no question.

Very truly yours,
RICHARD H. ADAMS,
Chairman, Committee on Buildings.

I am the owner of six lots on West Sixty-fifth street, near Broadway, in rear of the Broadway Arcade, through an entrance of 25 feet, was left open to give them an outlet on Broadway, making them Broadway lots, with the intention of erecting one of the largest and finest theatre in New York. The contracts were signed two months ago; one week later we were notified that the school authorities wanted the larger part of this plot for the extension of the High School. There is plenty of ground to be had to the west of the school, and which is more desirable because it is a corner and fronts on a wider avenue, and is much less expensive, and a building would improve that neighborhood greatly, also in the chose of the School Architect. There are five schools on this avenue within about two miles, and has always been selected on account of its centrality. In extending toward Broadway it ruins Broadway business property and business men, as shown by the petition signed by nearly everyone to whom it was presented, and represents a great loss to the City on taxable values, and benefits nobody. The Broadway Arcade is planned to be used in connection with the theatre, and cost \$350,000, and will be greatly injured in value.

JOHN L. MILLER, No. 1947 Broadway.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—We, the undersigned, being real property owners, or engaged in business, in the neighborhood of Sixty-fifth street and Broadway, do hereby petition your Honorable Body to reconsider your recent resolution condemning for uses of the Board of Education the property owned by John L. Miller, lying on the north side of Sixty-fifth street adjoining the High School of Commerce Building on the east.

The Board of Education has recently and before our knowledge of its intention, procured this condemnation from your Honorable Body for the purpose of making the land so condemned an addition to the High School of Commerce Building, and we ask that this resolution of your Board be reconsidered and that we have an opportunity to be heard and give our reasons to your Board for thinking that the present condemnation proceedings, if persisted in, will prove a great injustice to the owner of the land, and to us by reason of the loss which will be thereby caused, and will prove enormously expensive to the City. The disadvantages of taking this land are as follows:

I.—Loss to Owner.

Mr. Miller owns a plot of land on the northwest corner of Sixty-fifth street and Broadway, running 174 feet on Broadway by 339 feet on Sixty-fifth street, extending to the easterly wall of the High School of Commerce Building. With the intent of building a theatre on the six lots next east of the school building (being 150 feet on Sixty-fifth street by 100 feet deep) he has erected a building on the corner running 189 feet on Sixty-fifth street by 174 on Broadway, known as the "Broadway Arcade Building." For the purposes of an entrance to the contemplated theatre an arcade runs from Broadway clear through the Arcade Building to the vacant lots in the rear. The structure of the building is such that the arcade is to a large extent practically useless except as an entrance to these rear lots. An the whole arrangement of the shops, elevators, halls and offices of the building was made in contemplation of the theatre.

In the early part of April, 1904, and prior to any steps looking towards condemnation, as far as they know, Mr. Miller contracted to sell these vacant lots to Mr. E. C. Potter for \$150,000. Mr. Potter agreed to erect thereon a theatre to cost not less than \$250,000, with an entrance through the Arcade. He had made one payment on the purchase price, had the plans for the theatre drawn by his architect and had let some of the contracts for the materials before either he or Mr. Miller knew that the Board of Education considered the appropriation of this land. The price paid by Mr. Potter was given because he could get an entrance through the Arcade. The plans show that part of the latter was to be the lobby of the theatre; and the owner contemplated a remodeling of the front of the present building.

The Broadway Arcade Building carries a mortgage of \$525,000. Its value as estimated by the mortgages, considering its future use, is \$900,000. Its annual rentals are \$75,000. Mr. Miller was to receive for the six vacant lots \$150,000. The theatre was to cost \$250,000, making a total of \$400,000. The present building is occupied by a restaurant, confectionery, cigar shop, cafe, barber shop, millinery stores, billiard parlor, photograph galleries and art studios—all of which naturally seek theatrical centres. It is estimated that the erection of the proposed theatre will increase the rentals of the present building \$10,000, which will give the building an increased valuation of

about \$125,000. Failure to erect this theatre will undoubtedly decrease the rentals and value of the present building in quite an amount. Mr. Miller was enabled to get the high price of \$25,000 per lot simply because of their advantageous situation for a theatre. It is estimated that their value per lot for any other purpose is about \$18,000. The Board of Education, even in view of the existing contract, does not seem to wish to give over \$20,000 per lot, and contemplates taking four lots. But granting that Condemnation Commissioners will allow \$100,000 for the four lots taken there will be the following additional loss, which either Mr. Miller or the City must shoulder:

Loss on two remaining lots..... \$14,000 00
Loss on Broadway Arcade Building..... 125,000 00

Total..... \$139,000 00
Loss on four lots taken if only \$20,000 per lot is paid..... 20,000 00

Total..... \$159,000 00

So that if the City gets these four lots at the price that has been offered by those representing it, a reputable citizen and taxpayer will be mulcted out of \$159,000.

II.—Loss to Mr. Potter.

It is impossible to say what his damages will be. He employed an architect who prepared plans for the theatre. He let contracts for some of the materials. To what extent he will be held for damages by these material men cannot now be estimated. He has, of course, spent some sums in and about the matter, the amount of which we do not know. Either the City or Mr. Potter will have to bear these losses if the condemnation proceedings go through.

III.—Other Property Available.

Lying immediately west of the School of Commerce Building are eight lots running to Amsterdam avenue. Since the Board of Education has determined to take also those four lots lying immediately west of the school building there remain available the four lots running to the corner which will be contiguous and which comprise the same amount of land as the Miller property. They are covered by old, cheap buildings. Their tax valuation is only \$83,000, which is probably near their actual value. Their owners will probably be willing to sell them, as parting from them will create no disadvantage.

A building running thus to the corner will certainly be handsomer, lighter and contain more floor space than one in the centre of the block facing on a street of ordinary width.

And if for any reason it is not desired to take these corner lots, there remains plenty of land on the south side of Sixty-sixth street adjoining the entrance to the school building which can be had readily and cheaply.

IV.—Loss to Surrounding Property.

A theatre such as was contemplated here will be a great advantage to business in the neighborhood. It will bring good restaurants and good shops. It will bring a large shopping crowd. The rents of all real estate in the neighborhood will rise. This, together with the influence of the large price to be paid by Mr. Potter, will cause a great increase in the value of all property in the neighborhood—how much cannot be estimated with any degree of certainty. It has been known in the neighborhood for some time that Mr. Miller intended to erect a theatre; and the knowledge of this intent on his part has stiffened rentals and prices to some degree. It is evident that the erection of such a theatre will produce this result. It is also evident that failure to build it will produce a corresponding depression. It is impossible, of course, to compute in any measure the gain or loss to the whole section by reason of the building of the theatre or its failure to be built. It must be apparent that the sum will be enormous and largely exceeding Mr. Miller's loss.

V.—Loss to the City.

If the Amsterdam avenue property is taken it will cost the City as follows:
Cost of land, say..... \$85,000 00
Loss of taxes per annum, about..... 1,275 00

If, however, the Miller property is taken, even though the City pays for nothing but the condemned lots at the price which Mr. Potter had agreed to give, it will be at the following expense:
Cost of four lots..... \$100,000 00

Taxes—
Theatre \$250,000 00
4 lots..... 100,000 00
Decreased valuation of two lots not taken..... 14,000 00
Loss in valuation of Arcade Building..... 125,000 00
Total \$489,000 00

Tax on \$489,000 about \$7,300. In other words, the City will lose about \$15,000 in the purchase price, and about \$6,000 per annum in taxes. While Mr. Miller will lose
Loss on two lots not taken..... \$14,000 00
Loss on Arcade Building..... 125,000 00

Total \$139,000 00

If Mr. Miller is able to recover all his damages then the loss of \$15,000 to the City will be increased to \$150,000, besides its loss of \$6,000 per annum in tax.

Aside from this, the City will lose thousands of dollars per annum (the exact amount cannot be computed) in taxes from the enhanced value of the surrounding property.

The Board's attention is called to the fact that this is virtually Broadway property. Broadway has never been a street for schools, while the Board of Education has consistently chosen Amsterdam avenue as an appropriate place for them. There seems to be no reason why the Board of Education should deliberately forsake the Amsterdam avenue site and choose the expensive Broadway property with its necessary results of enormous expense to the City and loss to the owner and other property-owners.

For these reasons we petition your Honorable Body to rescind your previous resolution in so far as it pertained to the four lots adjoining the High School of Commerce Building on the east.

Very respectfully,

Signed by:
Broadway Railroad Company, No. 18 West Sixty-fifth street, owner.
Henry Hellman, Nos. 34-40 Sixty-fifth street, owner.

The following was offered:

Whereas, The Board of Estimate and Apportionment, at a meeting held on the 22d day of April, 1904, adopted a resolution approving of the selection of lands and premises, described in said resolution, for an addition to the High School of Commerce, Borough of Manhattan, and authorized the Corporation Counsel to institute condemnation proceedings for the acquisition of all the parcels of land within the area described in said resolution; and

Whereas, At a meeting of the Board of Estimate and Apportionment held on the 3d day of June, 1904, the Board amended the resolution adopted on the 22d day of April, 1904, by authorizing the acquisition of the following described premises:

Beginning at a point formed by the intersection of the westerly line of the present site of the High School of Commerce with the northerly line of West Sixty-fifth street, which point is distant two hundred (200) feet easterly from the easterly line of Amsterdam avenue, and running thence westerly along the northerly line of West Sixty-fifth street one hundred (100) feet; thence northerly and parallel with Amsterdam avenue one hundred (100) feet five (5) inches; thence easterly and parallel with West Sixty-

fifth street one hundred (100) feet to the westerly line of the present site of the High School of Commerce; thence southerly along the westerly line of the present site of the High School of Commerce one hundred (100) feet five (5) inches to the northerly line of West Sixty-fifth street, the point or place of beginning, together with all the right, title and interest of the owners of said premises, of, in and to the streets in front thereof to the centre thereof;

—by the Comptroller, at a price not exceeding seventy-two thousand five hundred dollars (\$72,500); and

Whereas, It appears that a petition having been presented to this Board that it would not be to the interest of the City to institute condemnation proceedings for the acquisition of the first-described parcel mentioned in the resolution adopted April 22, 1904; therefore be it

Resolved, by this Board, That the resolution adopted on April 22, 1904, be reconsidered.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

—and that the same be amended by striking out the first described parcel, which reads as follows:

Beginning at a point on the northerly line of West Sixty-fifth street, distant two hundred and thirty-nine (239) feet eleven (11) inches westerly from the westerly line of Broadway, and running thence westerly along the northerly line of West Sixty-fifth street one hundred (100) feet to the easterly line of the present site of the High School of Commerce; thence northerly along the easterly line of the present site of the High School of Commerce one hundred (100) feet five (5) inches; thence easterly and parallel with West Sixty-fifth street one hundred (100) feet; thence southerly at right angles to West Sixty-fifth street one hundred (100) feet five (5) inches to the northerly line of West Sixty-fifth street, the point or place of beginning.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

—and that as amended, the resolution shall read as follows:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Comptroller to enter into contracts at a price not exceeding seventy-two thousand five hundred dollars (\$72,500) for the acquisition of all that piece or parcel of land, bounded and described as follows:

Beginning at a point formed by the intersection of the westerly line of the present site of the High School of Commerce with the northerly line of West Sixty-fifth street, which point is distant two hundred (200) feet easterly from the easterly line

of Amsterdam avenue and running thence westerly along the northerly line of West Sixty-fifth street one hundred (100) feet; thence northerly and parallel with Amsterdam avenue one hundred (100) feet five (5) inches; thence easterly and parallel with West Sixty-fifth street one hundred (100) feet to the westerly line of the present site of the High School of Commerce; thence southerly along the westerly line of the present site of the High School of Commerce one hundred (100) feet five (5) inches to the northerly line of West Sixty-fifth street, the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

—said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The matter of the consideration of the awarding of bids for public lighting in the boroughs of Manhattan and The Bronx was called up, and the Comptroller offered the following resolution:

Resolved, That the matter be submitted to the Corporation Counsel to advise this Board whether or not the fact that patented articles are offered in response to these bids makes a situation which requires action by this Board, under section 1554, and whether or not there is any power to contract for The Bronx, in view of the fact that there were no bids for that borough; also whether this Board is required to approve a lighting contract under section 530 of the Charter; and that the Corporation Counsel be requested to report back to this Board, so that his opinion may be considered at its next meeting.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Chamberlain requesting the transfer of \$4,391.67 to "Salaries":

CITY OF NEW YORK—OFFICE OF THE CITY CHAMBERLAIN, }
May 17, 1904. }

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I have the honor to make application for the transfer of \$4,391.67 for the payment of three Clerks and one Warrant Clerk.

The increase of the work devolving on this office makes it absolutely necessary to ask for this transfer.

A copy of this letter has been sent to each member of the Board.

Respectfully,

PATRICK KEENAN, Chamberlain.

The following resolution was offered:

Resolved, That the sum of four thousand three hundred and ninety-one dollars and sixty-seven cents (\$4,391.67) be and the same is hereby transferred from the appropriation made for "Interest on Revenue Bonds of 1904," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Finance for the year 1904, entitled "Salaries—Chamberlain's Office," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The President of the Borough of Brooklyn presented the following communication relative to an appropriation for the construction of the Brooklyn Institute of Arts and Sciences:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
BOROUGH OF BROOKLYN AND QUEENS, LITCHFIELD MANSION, PROSPECT PARK, }
BROOKLYN, February 17, 1904. }

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I hereby respectfully request that your Honorable Body, in its discretion, authorize the issuing of Corporate Stock of The City of New York, in the sum of one hundred and forty-seven thousand dollars (\$147,000), the same to be expended for approaches to the Museum buildings, etc., in connection with the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, as herein specified.

I attach herewith correspondence from architects and trustees of the building, which more fully explain the need for this improvement.

Respectfully submitted,

M. J. KENNEDY,

Commissioner, Department of Parks, Boroughs of Brooklyn and Queens, City of New York.

FEBRUARY 15, 1904.

The Board of Trustees, Brooklyn Institute of Arts and Sciences, Brooklyn, N. Y.:

GENTLEMEN—Now that a contract has been entered into for the completion of the east wing of the Eastern parkway facade of the Museum building of the Brooklyn Institute of Arts and Sciences, thus completing this facade, we would respectfully recommend that an appropriation be made for—

1. The front steps and substructure in accordance with the plans and specifications already approved by the Trustees and the Department of Parks.

2. For the central approach to the Museum building from the street, including the granite steps, copings, posts and paving from the street line to the steps above mentioned.

3. For carving the pediment over the front portico.

Our estimate for the first of these items is based upon estimates received in actual competition from general contractors under the advertisement of the Park Department.

The estimates are as follows:

For the first item.....	\$55,000 00
For the second item.....	30,000 00
For the third item.....	12,000 00

With reference to the second item, we desire to say that the whole question of the treatment of the approach to the Eastern parkway front of the building is so bound up with the consideration of the treatment of the grounds and approaches as a whole that we should consider it inadvisable at the present time to attempt to reach a final conclusion. The width and character of the approach would be vitally affected if it were found advisable to set the entire building upon a terrace.

For the reason that no provision has thus far been made for further developing the plans for the entire building with its setting, we hesitate to name an amount for which it would be possible to provide an adequate approach from the Eastern parkway, and we feel perfectly certain that the amount named, viz., \$30,000, is the lowest possible cost which might be considered.

In addition to the matters above mentioned, we desire to call your attention to the importance of the preparation of preliminary plans and a model of the entire building.

Since the time that this work was awarded to us in competition, we have at various times expressed to you not only the advisability of the fuller development of these plans, but the danger of constructing parts of a plan which was not fully developed. After we were awarded the work upon competitive drawings which, at their best, only represented a general scheme, we were immediately asked to prepare plans for and construct the west wing. Since that time we have undertaken the central wing and east wing. We congratulate ourselves that under the circumstances the result has been attended with so few embarrassments, but we feel sure that if in the beginning, instead of commencing the erection of one wing, proper time had been spent in the development of the plan, sufficient money would have been saved to have more than paid for these plans. We are still of the opinion that in view of the difficulties in regard to grades, etc., that this work of development should be taken up at once, and that in the end it would not only prove profitable to the museum from an artistic but to the City from an economic point of view. In the case of the proposed new Bellevue Hospital, an appropriation was obtained from the City for the completion of the plans of the entire group of buildings, and as yet no appropriation has been asked for the erection of the first wing. The same applies to the plans for the new Police Headquarters, an appropriation for which was made separately from the appropriation for the erection of the building. In this instance we do not think that full plans are necessary, but we do think that full preliminary plans should be in the hands of the City so that when the construction of any part is undertaken, its relation to the whole may be seen and arranged for. Up to the present time, the various engineering and architectural problems have been taken up in piecemeal, but with such a plan we propose to develop, each section could be made a part of a complete whole.

The Commission for such work as we propose, as laid down in the schedule of the American Institute of Architects, is 1 per cent. on the proposed cost of the building. In the present instance, of course, the cost would have to be assumed, but we should say that the sum of \$5,000,000 would be well within the actual cost and a fee of 1 per cent. based on this sum would be \$50,000. This fee of 1 per cent. would be a charge against the full architect's fee of 5 per cent. upon the work as carried out in parts, or in other words, when an appropriation was made for the next wing, our charge would be 4 per cent. on the contract price instead of 5 per cent. For this present Commission we should expect to furnish a complete and carefully studied set of plans of the completed building and accessories, containing all the essential points necessary to proceed with the various parts except the constructional features. They would involve the most careful study and would probably require two years of time before the last drawings were delivered. In view of our interest in the work and the assistance it would be to us in obtaining the best final result, we would, furthermore, undertake to furnish a complete plaster model of the building at a sufficiently large scale to show the features of both the exterior and interior.

Trusting that these matters may meet with your early and favorable consideration, we are,

Yours very respectfully,
(Signed) McKIM, MEAD & WHITE.

BROOKLYN, February 16, 1904.

Hon. MICHAEL J. KENNEDY, Park Commissioner, Litchfield Mansion, Prospect Park, Brooklyn, N. Y.:

MY DEAR SIR—At the conference held on February 12 between yourself and the Executive Committee of the Board of Trustees of the Institute, with regard to the immediate need at the Museum Building of the construction of front steps, the approach thereto and the completion of the pediment portico, you will remember that you requested us to present to you by February 16 such recommendation as we might have to make with regard to this work and other necessary work in connection with the Museum.

In pursuance of your request, we have asked the architects of the building, Messrs. McKim, Mead & White, to furnish estimates on the cost of the front steps, the approach thereto and the carving of the pediment. We have also asked them to submit a statement with regard to the necessity for having completed plans and a model of the entire Museum structure.

Inclosed please find a communication from Messrs. McKim, Mead & White, with regard to the above points.

The proposition to have completed plans for the entire Museum structure was carefully considered at a conference between Park Commissioner Young, the architects and the Trustees in the spring of 1903, and it was then agreed as between the Park Commissioner, the Trustees and the architects that it was essential to the economic construction of the Museum Building that the plans and model be prepared.

On behalf of the Trustees of the Institute I therefore respectfully recommend to you that the Department of Parks seek from The City of New York the appropriation through the issue of Corporate Stock of the City of a sum not less than \$147,000, to be expended as follows:

On front steps and sub-structure, as per plans and specifications already approved by the City authorities.....	\$55,000 00
On central approach from Eastern parkway, including granite steps, copings, posts and paving.....	30,000 00
Carving of pediment, front portico.....	12,000 00
Cost of plans, thoroughly worked out, for entire Museum structure, with model of the same.....	50,000 00

Total 147,000 00

Very respectfully yours,
(Signed) A. AUGUSTUS HEALY,
President of the Board of Trustees.

The following resolution was offered by the President of the Borough of Brooklyn:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and

Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ninety-seven thousand dollars (\$97,000), to provide means for the payment of the construction of the Brooklyn Institute of Arts and Sciences and other work in connection with said building, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ninety-seven thousand dollars (\$97,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Board adjourned to meet Friday, June 24, 1904, at 10.30 o'clock A. M.

SALE OF FERRY FRANCHISE.

PETER F. MEYER, Auctioneer.

THE FRANCHISE OF THE FERRY, AS more particularly hereinafter described, will be offered for sale by the Commissioner of Docks, at public auction to the highest bidder, at Pier "A," Battery place, at 12 o'clock M., on the 18th day of July, 1904, for a term of ten years, from May 1, 1904.

The ferry to and from the foot of Fulton avenue, Astoria, Borough of Queens, over and across the waters of the East river or sound, from and to the foot of East Ninety-second street, in the Borough of Manhattan, The City of New York, together with the wharf property belonging to The City of New York assigned to be used, or which has been customarily used, in connection with and for the purposes of said ferry.

TERMS AND CONDITIONS OF SALE. The lease will be sold subject to the approval of the terms thereof, by the Commissioners of the Sinking Fund.

No bid will be received which shall be less than the upset price, namely, five per cent. (5%) per annum of the gross receipts, such five per cent. (5%), however, to be not less than four thousand five hundred dollars (\$4,500) in any one year of said term for said franchise, and seven hundred dollars (\$700) per annum for said wharf property for the said term of ten years.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee (viz., \$50), to the Department of Docks and Ferries, \$1,000 as security for the execution of the lease, which \$1,000 will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

A surety or guaranty company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required under the lease to enter into a bond or obligation, jointly and severally with the lessees, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodation in the way of safe and capacious boats and sufficiency of trips; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boats or boats, or increase the number of trips as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such directions within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Queens and the Commissioner of Docks, on behalf of the City, and three other persons selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slips, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water-front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any dam-

ages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner, which notice shall specify by general terms of description, or by reference to the plans and specifications of the proposed work of improvement, the character of the alterations and improvements to be made in regard to said water-front, affecting the property and rights hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privilege or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving such notice from the Commissioner of Docks of his intention to improve the water-front in the vicinity of the ferry landing; also that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks, when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The lease will contain a covenant providing that upon the expiration or sooner termination of the said term of ten years the lessee may, and upon demand, in writing, by the Commissioner of Docks, or other proper officer or department of The City of New York thereto duly authorized, shall, at the cost and expense of the lessee, forthwith and at the utmost practicable speed, wholly remove from the premises hereinbefore described buildings, platforms, floats, bridges, ferry racks, piling and fixtures, which shall have been erected or placed by the lessee, its successors or assigns, upon or within the limits of the wharf property leased, so that there shall be in the slip adjacent to the hereinbefore described wharf property used for the purposes of said ferry, and in every part thereof, from the bulkhead out, at least ten feet of water at mean low water.

The rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged on said ferry.

The lessees shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser shall be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of sale were duly approved under resolution adopted June 14, 1904, by the Commissioners of the Sinking Fund.

SALE OF FERRY FRANCHISE.

PETER F. MEYER, AUCTIONEER.

THE FRANCHISE OF THE FERRY, AS more particularly hereinafter described, will be offered for sale by the Commissioner of Docks, at public auction, to the highest bidder, at Pier "A," Battery place, at 12 o'clock M. on Monday, July 18, 1904, for a term of five years from May 1, 1904, to and from the foot of the road surveyed by Tunis Tappen, July 11, 1888, leading from the westerly extremity of the Shore road or Richmond terrace in the town of Northfield, Borough of Richmond, The City of New York, from and to the foot of East Jersey street, Elizabethport, City of Elizabeth, County of Union, in the State of New Jersey.

TERMS AND CONDITIONS OF SALE.

The lease will be sold subject to the approval of the terms thereof by the Commissioners of the Sinking Fund.

No bids will be received which shall be less than the upset price, viz.: \$300 per annum.

Rent to be payable quarterly in advance. The purchaser will be required at the time of sale to pay, in addition to the auctioneer's fee (viz., fifty dollars), to the Department of Docks and Ferries twenty-five per cent. of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease, with good and sufficient surety, to be approved by the Commissioner of Docks, within ten days after being notified that the lease is prepared and ready for execution, at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

The lessee will be required to furnish a guarantee of surety company duly authorized by law, to act as surety, to be approved by the Commissioner of Docks, to enter into a bond or obligation jointly and severally with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferry during the whole term, and will provide ample accommodation in the way of safe and capacious boats and sufficiency of trips, and proper ferry houses; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips or the ferry-houses do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats or increase the number of trips, or make such improvements in the ferry houses as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such direction within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Richmond and the Commissioner of Docks, on behalf of the City, and three other persons, selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, Second Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slip, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently

repair, maintain and keep in good order, all and singular, the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats, or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous conditions free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner; that such notice shall specify, by the general terms of description or by reference to the plans and specifications of the proposed work of improvement, the character of the alterations and improvements to be made in regard to said water front, affecting the property and rights, hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privileges or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving notice from the Commissioner of Docks of his intention to improve the water front in the vicinity of the ferry landing; also, that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The rates for ferriage and charges for vehicles and freight shall not exceed the rates now charged on said ferry.

The lessee shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser will be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of Docks. The foregoing terms and conditions of sale were duly approved by the Commissioners of the Sinking Fund under resolution adopted June 21, 1904.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FORTY-NINTH STREET, between the former City Line and West street, in the Thirtieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 16th day of July 1904, and that we, the said Commissioners, will hear parties so objecting,

and for that purpose will be in attendance at our said office on the 18th day of July, 1904, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 27th day of July, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the westerly side of West street where the same is intersected by the centre line of the block between Forty-ninth street and Forty-eighth street; running thence northwesterly and along the centre line of the blocks between Forty-ninth street and Forty-eighth street to the old city line of Brooklyn; running thence southwesterly along the old city line of Brooklyn to the centre line of the block between Forty-ninth street and Fiftieth street; running thence southeasterly along the centre line of the block between Forty-ninth street and Fiftieth street to the westerly side of West street; running thence northerly along the westerly side of West street to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 19th day of September, 1904, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, June 27, 1904.

All as shown on maps entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 1," adopted by the Board of Directors of said company on the twentieth day of

May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 2," adopted by the Board of Directors of said company on the seventh day of April, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and Thomas W. Baker, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Second—Branch Line: Beginning at a point on the main line of the New York, Westchester and Boston Railway at or near One Hundred and Eightieth street and running southerly, crossing One Hundred and Eightieth street, Lebanon street, West Farms road, One Hundred and Seventy-eighth street and One Hundred and Seventy-seventh street, between Morris Park avenue and Bronx Park avenue (with a curved connection also joining the main line near One Hundred and Seventy-seventh street which crosses One Hundred and Seventy-seventh street and Bronx Park avenue at or near their intersection); then crossing the New York, New Haven and Hartford Railroad and running southerly crossing Westchester avenue; then running southeasterly and crossing the Clason Point road near Clason's Point and running substantially parallel with the United States bulkhead-line, in the vicinity of Clason's Point; thence crossing Pugsley's creek and Westchester creek and Baxter creek, and thence running easterly along Throggs Neck and crossing Throggs Neck road with a terminal near the lines of the United States Reservation property. All as shown on a map entitled "Map and Profile of the Amended Route of the New York, Westchester and Boston Railway Company, Section 3," adopted by the Board of Directors of said company on the 5th day of May, 1904, and signed by Wm. L. Bull, President; John Bogart, Engineer, and H. C. Winchester, Secretary, under seal, and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 23d day of June, 1904, or any lawful amendment thereof consented to by the Board of Estimate and Apportionment.

Third—General: And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railway to cross in order to make connections with any other railway within one thousand (1,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections, and provided further that such connections shall be limited to two in number.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the grantee to file with the Comptroller of The City of New York, and also with the President of the Borough of The Bronx, a map or maps showing the number of tracks and the length and direction of each crossing of all streets legally open, in use, or for which proceedings have been initiated to open, accurately determined by measurements to be taken after the commencement of the operation of any portion of the railway.

Second—The said right to cross the streets and the privilege to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is approved by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate said railway across the said streets by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns.

If the railway company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the railway company and the Board of Estimate and Apportionment or such other authority in its place. If the railway company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the railway company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of the original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the railway company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

Third—Upon the termination of this grant, whether original or renewal, all rights and privileges hereby granted to cross the said street shall cease and determine, unless the said railway com-

pany, its successor or assigns, shall have previously procured a new grant for the same from The City of New York.

Fourth—The New York, Westchester and Boston Railway Company, its successor or assigns, shall pay for this privilege to The City of New York the following sums of money: During the first ten years, commencing upon the day when this ordinance shall be approved by the Mayor, an annual sum of eight thousand (\$8,000) dollars, and during the succeeding fifteen years an annual sum of sixteen thousand (\$16,000) dollars. From the date of the commencement of the operation of any portion of the railway until the end of the first ten years of this grant, an additional sum of forty (40) cents per linear foot per annum for each line of single track railway within the lines of all streets in use, legally opened streets, or streets for which proceedings to open have been initiated, and for the succeeding fifteen years an additional sum of eighty (80) cents per linear foot per annum, in lieu of said sum of forty (40) cents. Such payments shall likewise apply to all streets hereafter opened during the terms of this grant, unless the land required for the opening of such street across the right of way of the railway company shall have been ceded free of cost to The City of New York. All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the 1st day of January, April, July and October in each year. The terms hereafter to be fixed for any renewal term of this grant shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last year of the original grant, and no renewal of such grant shall provide for a further renewal.

Fifth—The said annual charge or payment shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Sixth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York, Westchester and Boston Railway Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Seventh—No street shall be crossed by the railway at grade, and all streets now open or in use, or streets hereafter opened crossing the line of said railway shall be carried over or under said railway by the grantee, at the sole cost and expense of the grantee. The costs of all approaches to said crossings and any damages to property incurred by such change of grade shall likewise be borne and paid by the grantee.

Eighth—All viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed at the expense of the grantee, and in such manner as shall not interfere with the ordinary use of the street as a public highway. All viaducts over streets shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street. In the case of tunnel construction under a street, there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

Ninth—Any superstructure of the railway crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span; if more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved. The width of such superstructure of the railway shall not exceed sixty (60) feet when measured over all.

Tenth—The plans for all structures over or under any street must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of either steel, concrete or masonry, or a combination of these materials.

Eleventh—The railway shall be constructed in the most modern and approved manner of railway construction. The roadbed shall be ballasted throughout its entire length within the limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast.

Twelfth—The roadbed within the limits of The City of New York shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. For any failure to comply herewith, the railway company shall be liable for a penalty of fifty dollars (\$50) per day.

Thirteenth—The entire right of way of the company within the City limits shall be fenced throughout.

Fourteenth—All abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company. There shall be constructed along the line of the route of the main line of the railway as proposed, for the accommodation of local passenger traffic, at least six (6) stations between the Harlem river and the Bronx river, and at least four (4) stations between the Bronx river and the northern line of The City of New York as now fixed; provided, however, that if the railway is constructed only as far south as the intersection of the Southern Boulevard and Westchester avenue, then there shall be at least three (3) stations west of the Bronx river. On the branch line there shall be constructed at least three (3) stations east of Westchester avenue.

Fifteenth—The said railway may be operated by electrical power, except the overhead trolley system, or by any other mechanical motive power

which may be lawfully employed upon the same, except locomotive steam power; provided, however, that steam locomotive power may be used for switching and shunting trains when specifically authorized by the Board of Estimate and Apportionment; such permission to continue only during the pleasure of the said Board.

Sixteenth—No wires for the transmission of power shall be permitted except they be placed in conduits, and in any conduits laid by the company for the transmission of power for its own use, provision shall be made to carry three (3) cables for the use of the police, fire and ambulance service of the City without charge therefor.

Seventeenth—The railway company shall not carry power along its structure for any purpose except the operation of its railway, except as provided above.

Eighteenth—The railway company shall operate a train schedule on the main line of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time either day or night shall there be greater headway between such trains than thirty (30) minutes; provided, however, that said railway company during the first five years after the commencement of the operation of any portion of the railway shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 4 o'clock A. M., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

Nineteenth—All cars on said railway shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty (50) dollars per car per day for each offense.

Twentieth—All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment.

Twenty-first—During the first twenty-five (25) years of this grant the rate of fare upon said railway within the limits of The City of New York as now fixed shall not exceed five (5) cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith and controlled by it, to any point thereof or of any such connecting line or branch thereof, within the limits of The City of New York, as such limits now exist, during such term.

At the expiration of twenty-five years the Board of Estimate and Apportionment shall be entitled, after due hearing and determination of the reasonableness thereof, to require for the term of the renewal of said grant that the fare for each passenger within the City limits, as they may then be constituted, shall not exceed five (5) cents.

The rates for the carrying of property upon the routes of the grantee within the limits of The City of New York shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such service than provided for by it.

Twenty-second—The said railway company shall carry free within the limits of The City of New York during the existence of this grant or its renewal, all letter carriers of the United States Government, and members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

Twenty-third—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Sec. 3. In case of any violation or breach of failure to comply with any of the provisions herein contained in this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided, that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said railway company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of forfeiture shall accrue.

Sec. 4. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Sec. 5. Said railway company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor, and shall complete a four-track railway upon the main line, from the northern line of the City as far south as the intersection of the Southern Boulevard and Westchester avenue, within five years from such date, otherwise this grant shall cease and determine.

Said railway company shall expend the sum of at least one million dollars (\$1,000,000) for construction within the limits of The City of New York within two years from the date of the signing of this ordinance, which sum shall be exclusive of any moneys expended for right of way.

A statement of the moneys so expended for construction shall be submitted to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board the grantee has not proven an expenditure of the said sum within the time given, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within seven years from the date of the signing of this ordinance shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railway shall cease and determine.

And in the event that the said railway company shall not, within the said seven years, construct its main line south of the intersection of the Southern Boulevard and Westchester avenue and to the Harlem river, the Board of Estimate and Apportionment, or its successors in office, may fix and finally determine such additional compensation as shall be imposed upon said railway company because of such failure.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the

provisions of this section, the grantee shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed, shall be allowed a hearing. In case any or all of the rights hereby granted are forfeited, it is a condition of this grant that all sums theretofore paid to The City of New York, together with the deposit of \$20,000 as provided for in section 14 of this ordinance, and all structures erected by said grantee, its successor or assigns, within the lines of any street, shall be forfeited to and become the property of The City of New York.

The Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railway and for the work to be performed and expenditure to be made, as above, for a period or periods not exceeding in the aggregate two years, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are, in the opinion of the Board of Estimate and Apportionment, for causes over which the grantee had no control and was in nowise responsible.

Sec. 6. The grantee shall assume all liability by reason of the construction and operation of the railway and the City shall assume no liability whatsoever to either persons or property by reason of its construction or operation.

As a condition of this grant, the grantee, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the railway company, its successor or assigns.

Sec. 7. Any portion of the right of way of the said railway company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

Sec. 8. In case the City shall acquire the land necessary for a street across the grantee's right of way and such land for the street is not ceded by the said grantee, then the railway company shall pay the same rates for the privilege of crossing said street as are provided for in paragraph fourth of section 2 of this ordinance.

Sec. 9. In case any of the streets as now shown on the map of The City of New York and crossed by the said railway above grade are altered or widened after the grantee has completed its railway, and such widening requires the alteration of the superstructure of the railway, the grantee and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

Sec. 10. In case the route as laid out shall make it necessary in the opinion of the Board of Estimate and Apportionment to change the map of The City of New York, in order to avoid unnecessary or undesirable crossings or for other reasons purely on account of the location of the railway, and by such change or alteration additional streets bounding the grantee's right of way are determined upon, then the grantee shall acquire such streets at its own expense.

Sec. 11. Any alterations which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the railway company, and in such manner as the proper City officials may prescribe.

Sec. 12. All construction of railway crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the grantee to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund herein provided.

Sec. 13. The company's property and structures shall not be used for advertising purposes in any way, under a penalty of fifty (50) dollars per day for each offense. Such restriction shall not apply to the interior of stations or cars.

Sec. 14. This grant is upon the express condition that the New York Westchester and Boston Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of twenty thousand dollars (\$20,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from such fund after ten days' notice in writing to the said company. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of twenty thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 15. That if the said New York, Westchester and Boston Railway Company, its successor or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said company, specifying any default on the part of said company and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

Sec. 16. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York, within ten days after the adoption of this ordinance.

Sec. 17. This ordinance shall take effect immediately.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
