NUMBER 6,550

BOARD OF ARMORY COMMISSIONERS.

NEW YORK, November 15, 1894.

A meeting of the Armory Board was held this day at eleven o'clock A. M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The minutes of the meeting held on November 7 were read and approved.

The following communication was received and ordered filed :

NEW YORK, November 8, 1894.

The Board of Armory Commissioners of the City of New York :

GENTLEMEN—In the progress of the work upon the armory for Troop "A," to this date the terms and conditions of the contract have been complied with by the contractor.

The walls of the building have been completed, with the exception of about twelve feet in height of the towers, the roof trusses over riding-ring are in place, and the rafters and roof planking are being put on.

Very respectfully yours,
JOHN R. THOMAS, Architect.

A communication was received from the Architect of Troop "A," naming the sum of ten thousand dollars (\$10,000) as the possible damage, in case of a fire at this time, and, on motion, the Secretary was directed to notify the Comptroller, that the contractor may be required to effect insurance to that amount.

The President of the Department of Taxes and Assessments presented an application and affidavit from John F. Johnson, for the payment to him of eighteen thousand nine hundred and fifty-five dollars (\$18,955), with the architect's certificate that the work has been performed in accordance with the contract and specifications, on account of his contract for the erection of an armory building on Madison avenue, between Ninety-fourth and Ninety-fifth streets, and offered the following :

Resolved, That the Comptroller be authorized to pay to John F. Johnson the sum of eighteen thousand nine hundred and fifty-five dollars (\$18,955), as per accompanying voucher, on account of his contract for the erection of an armory building on Madison avenue, between Ninety-fourth and Ninety-fifth streets.

Which was adopted by the following vote :

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The following was received from the Architect of Troop "A" Armory :

NEW YORK CITY, November 8, 1894.

Hon. E. P. BARKER, Secretary, Board of Armory Commissioners, New York City :

SIR—I send you herewith four samples of tin—submitted by the contractor for Troop "A" Armory—and recommend that the sample marked "Old Colony" be used for the roof covering of said building.

I am, very respectfully, yours,
JOHN R. THOMAS, Architect.

The contractor, J. F. Johnson, being present, debate was had on the matter, when the Mayor moved that, inasmuch as the members of the Armory Board do not possess expert knowledge sufficient to enable them to select a brand of tin best suited for roofing purposes, and relying upon the professional judgment of the Architect and his recommendation as contained in his communication this day received, that said recommendation be approved and the brand of tin as therein recommended be accepted for roofing purposes on the armory building now in course of erection for the use of Troop "A."

Which was adopted by the following vote :

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

The President of the Department of Taxes and Assessments presented an application from J. R. Thomas, Architect, for payment of fifteen hundred dollars (\$1,500), on account of professional services in the erection of Troop "A" Armory, and offered the following :

Resolved, That the Comptroller be authorized to pay to John R. Thomas the sum of fifteen hundred dollars (\$1,500), as per accompanying voucher, on account of professional services in the erection of an armory building on Madison avenue, between Ninety-fourth and Ninety-fifth streets, and that the Commissioners of the Sinking Fund be requested to concur in the same.

Which was adopted by the following vote :

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, Brigadier-General Louis Fitzgerald and Colonel William Seward.

On motion, adjourned.

E. P. BARKER, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
WEDNESDAY, November 14, 1894, 11 o'clock A. M.

The Board met in pursuance of the following call :

OFFICE OF THE MAYORALTY,
EXECUTIVE DEPARTMENT, CITY HALL,
NEW YORK, November 12, 1894.

In pursuance of the authority contained in the 189th section of the New York City Consolidation Act of 1882, and chapter 106 of the Laws of 1893, a meeting is hereby called of the Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation, constituting a Board of Estimate and Apportionment, to be held at the office of the Mayor on Wednesday, November 14, 1894, at 11 o'clock A. M., for the purpose of transacting such business as may be brought before the Board.

THOS. F. GILROY, Mayor.

INDORSED :

Admission of a copy of the within as served upon us this 12th day of November, 1894.

THOS. F. GILROY,
Mayor ;

ASHBEL P. FITCH,
Comptroller ;

GEO. B. McCLELLAN,
President of the Board of Aldermen ;

E. P. BARKER,
President of the Department of Taxes and Assessments ;

WM. H. CLARK,
Counsel to the Corporation.

The following communications were received :
From Department of Street Cleaning—

DEPARTMENT OF STREET CLEANING,
NEW CRIMINAL COURT BUILDING,
CENTRE, WHITE, ELM AND FRANKLIN STREETS,
NEW YORK, November 10, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment :

SIR—I transmit herewith, for the consideration of your Board, copy of a communication received from Mr. Isaac A. Hopper, the contractor for unloading scows at Riker's Island.

Mr. Hopper asserts that the condition of the cribwork at Riker's Island is such that it is not possible for him to comply with the terms of the contract requiring him to moor the scows against the outer service of the crib without serious difficulty and danger to life and property. He asks for such a modification of the contract as will enable him to take scows inside the cribwork before unloading.

It is very important to the interests of the City at this time that the refuse should be taken to Riker's Island, as the cost of unloading deck scows at sea is almost double that of unloading them at Riker's Island, where the refuse may now be deposited without any annoyance or danger to health, as it will be thoroughly and permanently disinfected by means of the electrozone plant erected at the Island for that purpose.

Under the contract for unloading scows at Riker's Island, the city's refuse is disposed of at less cost than in any other way, and if the work is not continued under that contract the City will sustain a serious loss, as it has already done through the necessity of discontinuing the work during the summer months ; and the loss in the future will be much greater, proportionately, because of the fact that the Barney Dumping Boat Company has increased the price charged for the use of their boats.

I submit herewith a stipulation for the modification of the contract with Mr. Hopper, for the approval of your Board.

Very respectfully,

W. S. ANDREWS, Commissioner of Street Cleaning.

Referred to the Comptroller.

From Empire City Subway Company—

EMPIRE CITY SUBWAY COMPANY (LIMITED),
EXECUTIVE OFFICES, NO. 18 CORTLANDT STREET,
NEW YORK, November 9, 1894.

To the Honorable the Commissioners of the Board of Estimate and Apportionment, New York, N. Y. :

GENTLEMEN—At a meeting of the Board of Electrical Control held on the 4th ultimo, a resolution, of which the following quotation is a portion, was adopted :

"Resolved, That the Empire City Subway Company (Limited) be and it is hereby authorized and directed to construct subways for the accommodation of low tension electrical conductors in the following localities :

"From One Hundred and Thirtieth street, under the Harlem river, as nearly as practicable on the line of Third avenue ; thence on Third avenue to One Hundred and Thirty-eighth street."

In order to carry out the orders above quoted it will be necessary to continue the existing telephone and telegraph subway on Third avenue under and across the Harlem river, combining part of the construction with the bridge now building at One Hundred and Thirtieth street, and taking the bottom of the river at the draw.

The present subway to be continued from the manhole at the southeast corner of Third avenue and One Hundred and Thirtieth street by means of eight 4-inch ducts, inside diameter, standard wrought-iron pipe, to be built in the south abutment pier, to the iron terminal cable-house or box on copestone of pier between the two east iron girders of the bridge, running thence along the eastern girder to the wrought-iron cable-house on the coping of the south rest pier, a distance of about 110 feet. The ducts to be built in the masonry of this pier and curving outward to the north side of the pier a depth of 25 feet below the high-water line, the construction then to be carried across the bottom of the river to the north rest pier and, entering this pier, to be constructed in the masonry, in a manner similar to the construction in the south pier, to an iron cable-house on the copestone of the pier between the two easterly girders. From the cable-house the ducts to be carried between the braces of the easterly girders under the bridge floor to the coping of the north abutment pier to another iron cable-house ; thence the ducts to be so constructed in the abutment pier as to terminate in a brick manhole to be built in the street, from which point the subway is to be continued north on Third avenue to One Hundred and Thirty-eighth street.

I beg to submit herewith plans of the above work, for which I have the honor to ask your approval.

Very respectfully,

CHAS. F. CUTLER, President.

Referred to the Comptroller.

From John B. McGoldrick, Clerk of City Court—

Hon. THOMAS F. GILROY, Mayor and Chairman, Board of Estimate and Apportionment :

Referred to the Counsel to the Corporation.

From Hugh N. Camp and others—

ESTIMATE FOR BRIDGE (TEMPORARY) OVER SPUYTEN DUYVIL CREEK, AT BROADWAY CROSSING.

The bridge to be about 360 feet long, 42 feet wide, 30 feet for carriageway, and two 6-foot passageways on either side for pedestrians. To be built of wood, spruce or yellow pine timber, extending from the embankment at the northerly end of Broadway or Kingsbridge road, across the creek to Broadway at River-side avenue, at an elevation of about ten feet above City base.

To be built on pile foundation ; piles to be driven where possible, and upon piles with rip-rap base where necessary, as shown upon plan annexed, showing mode of construction, etc., etc. ; to have hand-rails, lamps ; 3 coats of paint ; all to be properly bolted, spiked, etc., etc.

It is proposed to use in the construction of this temporary bridge the whole or such parts of the present wooden bridge over the "New Harlem River Channel" as may be applicable for the work, and a transfer of this material now in the hands of the Department of Public Works, to the Department of Parks, is asked, as it will lessen the cost in the construction of the new wooden bridge over the creek.

The present wooden bridge across the New Harlem River Channel, upon the completion of the new iron bridge, on or about the first of December next, will have to be taken up and sold for the benefit of the City ; the amount obtained will be very small, whereas, if transferred by the Board of Estimate and Apportionment, will greatly reduce the cost of construction, as nearly all the material in the bridge can be used to advantage in the construction of the one proposed. To do this it will be necessary for the action of the Board of Estimate and Apportionment.

The estimate for the construction of the proposed bridge over Spuyten Duyvil Creek at Broadway, including the transfer of the old material, will be :

Summary.

Timber, 115,000 feet, B. M., in position, say \$35..... \$4,025 00

Stone work :

Dry rubble, abutment walls and foundation north end, 380 cubic yards, at \$5... 1,900 00

Rip-rap for ballast, for foundation, etc., 300 cubic yards, at \$3..... 900 00

\$6,825 00

Lamps, painting, superintendence	\$500 00
.....	\$7,325 00
If old bridge at new channel be used, it will save, say one-half timber bill less.....	2,012 00
.....	\$5,313 00

I would add that the present means of reaching the stations of the New York and Hudson River Railroad, and the Northern and Elevated Railroad, for the down-town travel of the inhabitants on Marble Mill, and for the local trade on Broadway which will cross the new iron bridge, is now by way of the old Kingsbridge, which, since the construction of the new street, is by way of the new Kingsbridge avenue, now regulated and graded at a rate of twelve feet in the hundred—far too great for the traffic. The present mode of reaching the old bridge is through private property, which may at any moment be closed to the general public.

Respectfully,
HUGH N. CAMP,

For Self and other Citizens of Twelfth Ward, as well as the Twenty-fourth Ward.
Referred to the Counsel to the Corporation.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, November 13, 1893.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I have the honor to transmit herewith for the consideration and approval of your Board, the plans, estimate of cost, property map and form of contract and specifications for a bridge across the Harlem river, between the intersection of One Hundred and Twenty-fifth street and First avenue, and the intersection of One Hundred and Thirty-fourth street and Willis avenue, provided by chapter 147, Laws of 1894. The estimate of cost is \$1,663,000, and is to be provided for by the issue of bonds, as may be authorized by your Board.

I respectfully request that such bonds be now authorized and issued to the amount of at least \$30,000, to pay for the expense incurred or to be incurred in the preparation of plans and other work and services preliminary to the actual construction of the bridge.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Debate was had thereon, whereupon the Counsel to the Corporation offered the following:

Resolved, That the plans and specifications for the bridge across the Harlem river, between the intersection of One Hundred and Twenty-fifth street and First avenue and the intersection of One Hundred and Thirty-fourth street and Willis avenue, provided for by chapter 147 of the Laws of 1894, and for the necessary abutments and arches therefor, and the changes proposed in the grade-lines of the streets and avenues approaching the said bridge, be and hereby are approved; and

Resolved, That the Comptroller be and is hereby authorized to issue bonds in the name of the Mayor, Aldermen and Commonality of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of thirty thousand dollars (\$30,000), bearing interest at a rate not exceeding three and one-half per cent. per annum, and redeemable from time to time, but not less than twenty (20) years after date thereof, as the Comptroller may determine, for the purpose of defraying the expenses of making all necessary surveys, preparing plans and specifications, and of constructing the said bridge and approaches thereto, with the necessary abutments and arches, and for paying the awards which may be made for damages by reason of any change of grade as aforesaid, and as provided by said chapter 147 of the Laws of 1894.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller offered the following:

Whereas, The Commissioners appointed in pursuance of the provisions of section 2 of chapter 114 of the Laws of 1892, for the purpose of settling and establishing permanently the location and boundaries of the avenue known as "Fort Washington Ridge Road," in the City of New York, and for the purpose of constructing the same, have certified certain bills of expenses and work incurred by them in accordance with the requirements of the said act, amounting in the aggregate to nine hundred and thirty dollars (\$930); and

Whereas, The said expenses have been fully certified to by the said Commissioners, and are deemed reasonable, just and proper charges under the act mentioned; therefore

Resolved, That, in pursuance of the said act, the Comptroller be and he is hereby authorized and directed to issue Assessment Bonds of the Mayor, Aldermen and Commonality of the City of New York, at such rate of interest as he may determine, not exceeding three per cent. per annum, payable on or after November 1, 1895, for the sum of nine hundred and thirty dollars (\$930), to be applied to the payment of the following bills or accounts, to wit:

Robert E. Deyo, services as Commissioner.....	\$180 00
Robert L. Waters, services as Commissioner.....	100 00
Robert L. Wensley, services as Commissioner.....	100 00
John B. Hayes, services as Clerk to Commission.....	400 00
William J. Haskins, services as Engineer to Commission.....	60 00

Total \$930 00

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE.

To the Board of Estimate and Apportionment:

Chapter 573 of the Laws of 1892 entitled "An Act for the encouragement of Common Schools and Public Libraries," provides for the distribution from State funds of a sum of money among the common schools for the purpose of forming or enlarging school libraries. It is therein provided that "no city or school district shall share in the apportionment unless it shall raise and use for the same purpose an equal amount from taxation or other local sources."

The amount of this award for the schools of this city in 1893 was \$8,298.63, but as the announcement of the distribution was not made until after the first of January, no appropriation to meet the obligations of the county in this respect was included in the budget for that year.

In the Final Estimate for 1894, the Board of Estimate and Apportionment, estimating this item on the basis of the preceding year, appropriated for this purpose the sum of \$8,300; but when the library award for 1894 was made by the State Superintendent of Public Instruction it was found to reach the much larger amount of \$15,214.24. In order, therefore, to take advantage of the law it became necessary for the Board of Education to make up the difference between this amount and the amount appropriated by the Board of Estimate and Apportionment by expending at least \$6,914.24 for supplementary readers and books of reference out of the "Supply" account for 1894, a course of action sanctioned by the aforesaid statute.

I submit herewith two communications from Mr. John Jasper, City Superintendent of Schools, in explanation of this matter, and also two resolutions of the Board of Education relating thereto, requesting the proper transfers to be made from the apportionment and allotment of the current year, so that the provisions of the Act of 1892 may be properly complied with.

The following resolution is also submitted for favorable action at your hands.

Respectfully,

ASHBEL P. FITCH, Comptroller.

HALL OF THE BOARD OF EDUCATION,
No. 146 GRAND STREET,
NEW YORK, October 3, 1894.

Hon. ASHBEL P. FITCH, Comptroller of the City of New York:

DEAR SIR—At the request of the Committee on Course of Study, to which committee the Board of Education has intrusted the matter of school libraries, I write to make a statement of what has been done up to the present time, and to ascertain what measures have been taken to put the Board of Education in possession of the library money allotted by the State.

The money allotted by the State was \$15,214.24.

To meet this, according to law, there are but two sums of money:

Appropriated by the Board of Apportionment.....	\$8,300 00
Set apart by Committee on Supplies of the Board of Education, for Supplementary Readers and Books of Reference.....	6,914 24
Total.....	\$15,214 24

To entitle the school libraries to the award it was necessary for me to certify that the whole amount, \$15,214.24 from the State and the same amount from the City, would be expended according to law.

Unless the State allotment is transferred to our Board immediately it will become my official duty to transmit that information to the State Superintendent of Public Instruction.

I would call your attention to the fact that the amount allotted from the State cannot exceed one-half the amount actually expended. In other words, the expenditure of only \$15,214.24 for our school libraries will reduce the allotment from the State for the present year to the sum of \$7,607.12, thus rendering the City liable for the return of the remaining \$7,607.12.

You will confer a favor on the committee by having an immediate decision made as to the \$15,214.24 allotted by the State but not yet transferred to the account of the Board of Education.

I think you will agree with me that it would be a matter of great regret if our city should lose the benefit of the sum in question.

Yours, very truly,

JOHN JASPER, City Superintendent.

HALL OF THE BOARD OF EDUCATION,
No. 146 GRAND STREET,
NEW YORK, October 16, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—Pursuant to your request I would inform you that "books of reference and supplementary readers," which are found upon our list of supplies, have been purchased by the Board of Education and have been paid for out of the account for "Supplies, Books, Maps, Slates, Stationery, etc., for the use of all the Schools." The sum paid for the books of reference and supplementary readers amounts to \$15,571.51.

Under the provisions of the school library law the books above described may be counted in the list of library books.

Very respectfully,

JOHN JASPER, City Superintendent.

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—The following is a copy of a resolution adopted by the Board of Education at a meeting held October 17, 1894:

"Resolved, That the Comptroller of the City of New York be and he is hereby requested to place to the credit of the Board of Education, for its use for library purposes, the sum of \$15,214.24, said sum being the apportionment of library money made by the State, in pursuance of chapter 573 of the Laws of 1892."

Respectfully,

ARTHUR McMULLIN, Clerk.

Resolved, That the Board of Estimate and Apportionment hereby approves of the transfer of eight thousand three hundred dollars (\$8,300) from the appropriation made to the Board of Education for 1894, entitled "For Libraries, per Act of Legislature," to a special or trust account to be entitled "Public School Library Fund," by a warrant drawn thereon by the Comptroller, conformable to law; and

Resolved, That the Comptroller be and he is hereby authorized to draw a warrant on the General Fund for fifteen thousand two hundred and fourteen dollars and twenty-four cents (\$15,214.24), being the amount of library money apportioned by the State to the County of New York for the year 1894, to the said special or trust account entitled "Public School Library Fund."

Which were adopted by the following vote:

The Comptroller presented the following:

CITY OF NEW YORK,
FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
November 10, 1894.

To the Board of Estimate and Apportionment:

At a meeting of this Board held October 22, 1894, there was referred to the Comptroller a resolution of the Board of Education requesting the issue of School-house Bonds to the amount of eight thousand three hundred and ninety-five dollars (\$8,395), to provide for the payment of the contract to be entered into by the School Trustees of the Twelfth Ward with E. Rutzler, for supplying the heating and ventilating apparatus in the addition to Grammar School No. 57.

From an investigation which I have caused to be made, it appears that bids were invited for the performance of this work on carefully prepared plans and full specifications, by advertisement for the usual time, in the CITY RECORD, and that the contract was awarded the lowest bidder. There appearing to be no reason why this appropriation should not be approved, I offer for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That, pursuant to chapter 459 of the Laws of 1894, the Board of Estimate and Apportionment hereby approves of the issue of School-house Bonds in the name of the Mayor, Aldermen and Commonality of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of eight thousand three hundred and ninety-five dollars (\$8,395), and the Comptroller is hereby authorized and directed to issue the same for such period as he may determine, but not longer than twenty (20) years, bearing interest at a rate not exceeding three and one-half per cent. per annum, the proceeds of which shall be applied in payment of the contract to be entered into by the School Trustees of the Twelfth Ward, with E. Rutzler, for supplying the heating and ventilating apparatus for the addition to Grammar School No. 57, as specified in the resolution relating thereto, adopted by the Board of Education, October 17, 1894; and,

Resolved, That the Commissioners of the Sinking Fund be requested to exempt the said stock from taxation by the City and County of New York, pursuant to a resolution of the Common Council, approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

To the Board of Estimate and Apportionment:

At a meeting of the Board of Estimate and Apportionment held October 22, 1894, there was referred to the Comptroller a resolution of the Board of Education adopted October 17, 1894, requesting the approval of this Board for the issue of School-house Bonds, pursuant to chapter 459 of the Laws of 1894, to the amount of \$19,052.08, to be applied to the payment of the wages of Inspectors and Draughtsmen employed in the construction of new school buildings for the period, November 1, 1894, to May 1, 1895; and also requesting that any unexpended balance of the appropriation of \$20,019.30, made by this Board May 15, 1894, for the period May 1, 1894, to November 1, 1894, be made applicable to the said purpose.

Detailed estimates are herewith submitted, showing how this amount is to be applied, giving the number of Inspectors and Draughtsmen to be employed, the place of employment and the rate of wages to be paid.

The Engineer of the Finance Department informs me that these estimates are reasonable and as nearly correct as can be expected from the nature of the work. I accordingly offer for adoption the following resolutions.

AND DEPARTMENTS OF THE GOV-
ERNMENT OF THE CITY OF NEW
YORK WITH BLANK, PRINTED OR
LITHOGRAPHED BOOKS, DOCKETS,
LIBERS, BINDING COVERS, BIND-
ING, ETC., FOR 1895.**

TO BOOKBINDERS AND STATIONERS.

SEALED ESTIMATES FOR SUPPLYING THE
City Government with Blank, Printed or Litho-
graphed Books, Dockets, Libers, etc., will be received
at this office until 12 o'clock M. of Tuesday, the 4th day
of December, 1894, at or about which time said esti-
mates will be publicly opened and read at a meeting of
the Board of City Record, to be held in the Mayor's
Office.

Each person making an estimate shall inclose it in
a sealed envelope, marked "Estimate for furnishing
Blank Books, etc.," and with his name and the date of
its presentation.

Each estimate shall state the name and place of resi-
dence of the person making it; if there is more than
one such person, their names and residences must be
given; and if only one person is interested in the esti-
mate it must distinctly state that fact; also, that it is
made without any connection with any other person
making an estimate for the same purpose, and is in all
respects fair and without collusion or fraud; and that
no member of the Common Council, head of a depart-
ment, chief of a bureau, deputy thereof or clerk therein,
or other officer of the Corporation is directly or indi-
rectly interested therein or in the supplies or work to
which it relates, or in any portion of the profits thereof.
The estimate must be verified by the oath, in writing, of
the party or parties making it that the several matters

than one person is interested it is requisite that the
verification be made and subscribed by all the parties
interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, upon its being so awarded, become bound as his
sureties for its faithful performance; and that if he
shall omit or refuse to execute the same, they will pay
to the Corporation any difference between the sum to
which he would be entitled upon its completion and that
to which the Corporation may be obliged to pay to the
person to whom the contract may be awarded at any sub-
sequent letting; the amount in each case to be calcu-
lated upon the estimated amount of the work by which
the bids are tested. The consent above mentioned shall
be accompanied by the oath or affirmation, in writing,
of each of the persons signing the same, that he is a
householder or freeholder in the City of New York, and
is worth the amount of the preliminary security re-
quired, and in the proposals stated, over and above all
his debts of every nature, and over and above his liabil-
ities as bail, surety and otherwise; and that he has
offered himself as a surety in good faith and with the
intention to execute the bond required by law. The
adequacy and sufficiency of the security offered will be
subject to approval by the Comptroller of the City of
New York after the award is made and prior to the sign-
ing of the contract.

The amount of security required upon the execution
of the contract will be in each case fifty per cent. of
the estimated cost of the articles awarded to each con-
tractor; the amount of preliminary security to be given
until each award, and in which the sureties shall justify,
shall be One Thousand Dollars.

Should the person to whom the contract may be
awarded neglect or refuse to accept the contract within
five days after written notice that the same has been
awarded to his bid or proposal, and that the adequacy
and sufficiency of the security offered has been ap-
proved by the Comptroller, or if he accept but do not
execute the contract and give the proper security, he
shall be considered as having abandoned it and as in
default to the Corporation, and the contract will be re-
advertised and relet, as provided by law.

No estimate will be accepted from, or a contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration, and no estimates will be accepted from, or a
contract awarded to, any person not having at the time
of making his estimate full, suitable and sufficient facili-
ties for performing the work specified in his estimate.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
National or State banks of the City of New York, drawn
to the order of the Comptroller, or money to the amount
of fifty per centum of the amount of the preliminary
security required for the faithful performance of the
contract. Such check or money must not be inclosed
in the sealed envelope containing the estimate, but must
be handed to the Supervisor of the City Record who
has charge of the estimate-box; and no estimate can be
deposited in said box until such check or money has
been examined by said Supervisor and found to be cor-
rect. All such deposits, except that of the successful
bidder, will be returned to the persons making the same
within three days after the contract is awarded. If
the successful bidder shall refuse or neglect, within five
days after notice that the contract has been awarded
to him, to execute the same, the amount of the deposit
made by him shall be forfeited and retained by the
City of New York as liquidated damages for such
neglect or refusal; but if he shall execute the contract

within the time aforesaid, the amount of his deposit
will be returned to him.

Permission will not be given for the withdrawal of any
bid or estimate, and the right is expressly reserved by
the undersigned city officers to reject any or all bids
which may be deemed prejudicial to the public interests.
A contract will be made with the lowest bidder for
the books required by any court or department, or for
any item in the specifications involving an expenditure
of more than five hundred dollars.

The making and delivery of all the books must be
completed within ninety days from the execution of the
contract unless delayed by the courts, departments, or

Record, to the end that the immediate needs of the De-
partments shall be supplied. Such of them as are in-
dicated with asterisks in the specifications must be
delivered on or before January 2, 1895.

For particulars of the quantities of books required
resort must be had to the specifications on file in the
Department of Public Works, or to be procured from
the Supervisor of the City Record.

lined inside and outside with linen. The head-bands
are to be made on the book. All parchment used is to
be covered with linen. The binding is to be of real
Russia, with extra back, and the finish antique and gold.
The Libers are to have round cornered brass shoes, as

Samples of such of the books as are not described
herein, or in the specifications, are to be seen in the
several courts and departments, and the new books
must be made in accordance with those samples, unless
the latter are inferior in the qualities of paper and
binding to those provided for in the specifications and
unless changes are required by the court, department,
or bureau.

Stenographers' books are not to be paged or indexed;
but special attention must be paid to the paper called
for, as some stenographers use pens and others pencils.

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the execution of contract, or within five days from the receipt of a notification from the Engineer-in-Chief of the Department of Docks that the work or any part of it may be begun, and all the work to be done under this contract is to be fully completed on or before the 31st day of December, 1894, or within as many days thereafter as may have elapsed between the date of execution of this agreement and the receipt of a notification from the said Engineer-in-Chief that the work or any part of it may be proceeded with and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; and the estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on

such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract is awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent

letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. Bidders are informed that no deviation from the specifications will be allowed.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, November 15, 1894.

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED FOR PLUMBING IN TOWERS OF BELLEVUE HOSPITAL.

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Tuesday, November 27, 1894, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Plumbing in Bellevue Hospital Towers," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of **ONE THOUSAND (1,000) DOLLARS**.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amounts in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for

the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
