COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Wednesday, April 3, 1907.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; John H. Campbell, Deputy Chamberlain; Patrick F. McGowan, President, Board of Aldermen, and John R. Davies, Chairman, Finance Committee, Board of Aldermen.

The minutes of the meetings held March 13 and 20, 1907, were approved as printed.

The following communication was received from the Commissioner of Docks relative to a lease of land under water, between Third and Lincoln avenues, in the Borough of The Bronx:

May 28, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise that, after consideration, I am of the opinion that the interests of the City would be best served by a lease to the Central Railroad Company of New Jersey, who have made application therefor, of land under water belonging to the City, in the Borough of The Bronx, between Third and Lincoln avenues, as shown on the accompanying map, and described as follows:

Beginning at a point in the easterly line of Third avenue, distant 241.86 feet southerly from the southerly side of the Southern Boulevard, said point being at the intersection of the said easterly line of Third avenue and the southerly line of grant to Lewis Morris in 1851, and running thence in a straight line southeasterly to a point in the bulkhead and pierhead line established by the Secretary of War in 1890, distant 100 feet easterly, measured along said bulkhead and pierhead line;

Thence easterly and along said bulkhead and pierhead line 145 feet;

Thence northerly in a straight line, drawn at right angles with the said bulkhead and pierhead line, 48 feet;

Thence westerly in a straight line to the point or place of beginning.

Said lease to begin on the first day of the month next succeeding the date on which said lease is approved by the Commissioners of the Sinking Fund, and to be for a term of ten years, with the privilege of two renewals for ten years each; rental for the first term of ten years to be at the rate of 10 cents per square foot per annum for the land under water above described, said rental to commence on the same date as the commencement of the lease; the rental for the first renewal term to be at the rate of 12½ cents per square foot per annum, and for the second renewal term at the rate of 15 cents per square foot per annum.

The lessee shall have the privilege of erecting on said land under water a transfer bridge, platforms, etc., in accordance with plans to be hereafter submitted to and approved by the Commissioner of Docks. The remaining terms and conditions of the lease to be similar to those contained in leases of land under water now in use by this Department.

This is the rate charged in the lease recently granted to the Oak Point Land and Dock Company, at Oak Point. The Harlem River Contracting Company is paying

at the rate of 4.4 cents per square foot for the land under water between Two Hundred and First and Two Hundred and Second streets, Harlem river. The Third Avenue Railroad Company is paying 4 cents per square foot for land under water between Two Hundred and Sixteenth and Two Hundred and Eighteenth streets, Harlem river, and the Interborough Rapid Transit Company is paying at the same rate at One Hundred and Fifty-ninth street, Harlem river.

The upland in the rear of the premises which the Central Railroad Company of New Jersey desires to lease between Lincoln and Third avenues is private property, and the land under water in front thereof cannot be leased to any one other than the owner or the lessee of said property.

Very respectfully,

Your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith, the Comptroller presented the following report:

June 4, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of May 28, 1906, to the Commissioners of the Sinking Fund, states that the interests of the City would be best served by a lease to the Central Railroad Company of New Jersey, which has made application therefor of land under water belonging to the City, in the Borough of The Bronx, between Third and Lincoln avenues.

Said lease to begin on the first day of the month next succeeding the date on which said lease is approved by the Commissioners of the Sinking Fund, and to be for a term of ten years, with the privilege of two renewals for ten years each, rental for the first term of ten years to be at the rate of ten cents per square foot per annum for the land under water; said rental to commence on the same date as the commencement of the lease. The rental for the first renewal term to be at the rate of 12½ cents per square foot per annum, and for the second renewal term at the rate of 15 cents per square foot per annum.

The upland in the rear of the premises which the Central Railroad Company of New Jersey desires to lease between Lincoln and Third avenues is private property, and the land under water in front thereof cannot be leased to any one other than the owner or the lessee of said property.

I would report that water-front property at this locality is worth \$12,500 per lot, but on account of the provision in the lease, that it may be canceled, I think for purposes of calculation, the value of the land under water should be fixed at \$10,000 per lot; a fair rental of this land would be five per cent. per annum, or twenty cents per square foot.

In view of the rapid increases of valuation in the Borough of The Bronx, it is practically impossible to fix a rental for more than twenty years, and I would advise against giving the privilege of a renewal for the third term of ten years.

I would therefore recommend that the lease be authorized for a term of ten years from the first day of the month next succeeding the date on which said lease is approved by the Commissioners of the Sinking Fund, at the rate of twenty cents per square foot per annum, with the privilege of renewal for a term of ten years at a rate to be fixed by appraisal, but not to be less than twenty-two cents per square foot per annum.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The Dock Commissioner, who was present, was interrogated by members of the Board in regard to the matter. Mr. Robert W. DeForest, vice-president of the Central Railroad of New Jersey, was heard in connection therewith, and submitted the following:

Before the Commissioners of the Sinking Fund.

Application of the Central Railroad Company of New Jersey for Lease of Lands Under Water in The Bronx, Appurtenant to Upland and Wharfage Rights Belonging to Said Company.

The Questions to be Considered.

The Commissioner of Docks has recommended granting this lease at the rate of ten cents per square foot per annum, with two renewals at the increased rates of twelve and one-half and fifteen cents respectively.

This is the highest rate that ever has been fixed for such leases in The Bronx.

The Engineer of the Comptroller's office has recommended fixing the rate at twenty cents per square foot—double the amount fixed by the Commissioner of Docks.

The question is, which rate of rental should fairly be charged.

The Important Facts.

The railroad company controls the upland and the wharfage rights. The City has only an estate in the lands under water in front of this upland, granted to it by the State of New York. It cannot sell this land under water; it cannot rent it to any one except the upland owner. It has only such rental value as can be fairly obtained from the upland owner for permission to occupy it by a pier structure.

Whether wisely or unwisely from the point of view of the City and its interest in developing the commercial facilities of New York and increasing the value for taxation purposes of waterfront land, The City of New York, contrary to the policy adopted by other cities who are its commercial rivals, has been charging a rental of twenty-five cents a square foot for similar rights on the North and East rivers, where waterfront property has its greatest value, and has heretofore charged a rental of four cents, or thereabouts, a square foot (in one or possibly two, instances ten cents) for similar rentals on the Harlem river. No rate in excess of ten cents has ever been charged or proposed except in the present instance, and that not by the Dock Department, but by the Engineer of the Comptroller's office.

The Engineer of the Comptroller's office states as a reason for his unprecedented valuation the following:

"I would report that waterfront property at this locality is worth \$12,500 per lot, but on account of a provision in the lease that it may be canceled, I think, for purposes of calculation, the value of the land under water should be fixed at \$10,000 per lot. A fair rental value of this valuation would be five per cent. per annum, or twenty cents per square foot."

It is apparent that the Comptroller's Engineer has valued the City's interest in the land under water as if it were the same legal estate as that held by the owner of the upland in fee—an entirely erroneous basis.

Moreover, it is to be noted that the City in the lease reserves the right of cancellation should it desire at any time to condemn the property, thus further decreasing rental value.

Considerations Which Should Have Weight.

First—The question involved is not the insignificant question whether a railroad company should pay more or less for this small plot of land under water in front of its property, but whether rates for such water rights on the Harlem river should be doubled. If the recommendation of the Dock Department, charged with advancing the commercial interests of the City, familiar with rental values of land under water, which has deliberately fixed ten cents a foot as the highest rate the City should charge in this locality, is rejected, and the recommendation of the Comptroller's Engineer doubling this rate is accepted, this double rate becomes a new precedent, and must be followed by the Dock Department in future rentals.

Any such rate will prevent or retard the development of water-front property in this region, to the great detriment of the City and its citizens. This is the large and important question or principle and precedent involved.

Second—The rate of 20 cents per square foot is based on a valuation of the City's estate at the rate of \$10,000 per lot. (The 20 cents per square foot being 5 per cent. upon this valuation.) The City has no estate in this land which warrants any such valuation, or any valuation which approximates it. It is not as if the City could sell this land for dock purposes in the market to any one. The City cannot use the property except at the request of the owner of the upland and for his purposes. The City's estate in the land can only be used to aid the owner in utilizing the wharfage rights which he already possesses.

If the City's rental is to be based upon the value of its land under water, that value is certainly not more than one-fourth of the value of the fee in the upland, and 5 per cent. interest on that quarter would be 5 cents a square foot.

Third—Another method of calculating fair rental for such land under water in The Bronx would be to have the rental bear the same relation to the value of water-front upland in The Bronx that the customary charge of 25 cents per square foot bears to the value of water-front upland in lower Manhattan. No greater charge than 25 cents per square foot has ever been made by the City. Property owners in lower Manhattan have accustomed themselves to this charge, and based their plans for utilizing their land in reference to it, just as property owners in The Bronx have heretofore been warranted in basing their plans for improving their land on the rate of 4 cents per foot heretofore charged in The Bronx.

The mathematical calculation in applying this criterion would be somewhat as follows:

As 25 cents per square foot is to the value of water-front land in lower Manhattan (say \$100,000 per lot), so the rate per foot in The Bronx should be \$12,500 per lot.

Such a calculation would make the appropriate rate in The Bronx less than 4 cents per square foot.

On no possible comparison of land values between lower Manhattan and The Bronx could it exceed 10 cents.

Conclusion.

The recommendations of the Dock Commissioner should be accepted. Under no circumstances should the City charge more than 10 cents per square foot per annum for a lease of land under water in The Bronx. An important question of principle and precedent, affecting the whole development of its up-town water-front, is at stake.

The City should encourage the water-front improvement necessary for its commerce. It should do so for the interest of its citizens. It should do so to increase the taxable value of its water-front. Indeed, if the question were an open one and free from any precedent, the City should make no charge, as a matter of public policy, to water-front owners who wished to build piers within the pier line for its naked estate in the land under water along their premises. It should, on the contrary, encourage them to improve their property, but as the precedent of a charge has been made and accepted, the rate of that charge should not be increased. Otherwise, necessary shore-front improvements will be prevented and retarded, to the detriment of the City and its citizens.

New York, April 1, 1907.

ROBERT W. DE FOREST,
Vice-President and General Counsel, Central Railroad
Company of New Jersey.

The President of the Board of Aldermen moved that the matter be referred to a Select Committee, to be appointed by the Chair.

Motion carried.

The Chair thereupon appointed the President of the Board of Aldermen, the Comptroller and the Chairman of the Finance Committee, Board of Aldermen, as such Committee.

The following communication was received from the Commissioner of Docks, relative to a lease of bulkhead property between One Hundred and Thirtieth and One Hundred and Thirty-first streets on the North river, to the Weber-McLoughlin Company:

March 21, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I beg to advise that, after due consideration, I am of the opinion that the interests of the City would be best served by leasing to the Weber-McLoughlin Company, who have made application therefor, the following described property, and would request that the Commissioners of the Sinking Fund approve of such lease:

Lot No. 1—Bulkhead commencing at the southerly side of the pier at the foot of West One Hundred and Thirty-first street, and running thence southerly a distance of about 125 feet, more or less, to the northerly line of property leased to the Riverside and Fort Lee Ferry Company at the foot of West One Hundred and Thirtieth street.

Lot No. 2—Beginning at a point in the southerly line of West One Hundred and Thirty-first street extended, at a point distant 60 feet at right angles with the established bulkhead line; running thence easterly along the southerly line of West One Hundred and Thirty-first street 70 feet; thence southerly and parallel with the established bulkhead line 125 feet; thence westerly and parallel with the southerly line of West One Hundred and Thirty-first street 40 feet; thence northwesterly and parallel with the line of Manhattan street if prolonged to an intersection with a line drawn parallel to the established bulkhead line and 60 feet at right angles therefrom, and 110 feet south from the southerly line of One Hundred and Thirty-first street; thence northerly from the aforesaid point of intersection and parallel with the established bulkhead line 110 feet to the point or place of beginning.

Lot No. 3—Commencing at a point in the southerly line of West One Hundred and Thirty-first street extended, where said southerly line intersects the established bulkhead line; thence along the face of the said bulkhead a distance of 26 feet; thence easterly and at right angles to the established bulkhead line a distance of 10 feet; thence northerly and parallel with the first mentioned course 26 feet; thence westerly and again at right angles to the established bulkhead line 10 feet to the point or place of beginning; same being a plot contiguous to the southerly line of West One Hundred and Thirty-first street, 26 feet in a southerly direction and 10 feet in an easterly direction and comprising an area of 260 square feet.

Lot No. 4—Commencing at a point on the bulkhead between West One Hundred and Thirtieth and One Hundred and Thirty-first streets, which said point shall be selected by the lessee, but shall not be more than 75 feet from the southerly line of West One Hundred and Thirty-first street extended; running thence southerly along said bulkhead line a distance of 50 feet; thence easterly and at right angles to the established bulkhead line a distance of 20 feet; thence northerly and parallel with the first mentioned course 50 feet; thence westerly and again at right angles to the established bulkhead line 20 feet to the point or place of beginning; same being a plot running along the bulkhead between One Hundred and Thirtieth and One Hundred and Thirty-first streets, 50 feet in a southerly direction and 20 feet in an easterly direction and being entirely in front of the bulkhead described in this indenture as Lot No. 1, and comprising an area of 1,000 square feet.

The lessee shall have the privilege of erecting and maintaining, during the term of the lease, around Lot No. 2 a fence not more than 14 feet high. The lessee shall also have the privilege of erecting and maintaining on Lots Nos. 2, 3 and 4 coal hoists and hoppers, together with trestles connecting both hoppers on Lots Nos. 3 and 4 and on Lots Nos. 2, 3 and 4, all in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks.

The lessee shall have the further privilege of maintaining a scale on the premises above described.

The lease to be for a term of ten years from May 1, 1907, with the privilege of renewal for a further term of five years, the rental for the first term to be \$2,640 per annum, and for the renewal term ten per cent. advance, it being understood that the present leases of the property occupied by the company between One Hundred and Thirtieth and One Hundred and Thirty-first streets, North river, shall be canceled.

The remaining terms and conditions of the lease to be similar to those contained in the present form of lease in use by this Department.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 26, 1907.

I would report that the lease it is proposed to be canceled was made from May 1, 1903, for a term of ten (10) years; the annual rental being \$2,400 for the first five (5) years and \$2,640 for the second five (5) years. The area of the premises in the proposed lease is a little less than in the present lease, which is understood to be canceled upon the execution of this lease.

I consider the terms of the proposed lease reasonable, and would therefore recommend that the Commissioners of the Sinking Fund may properly approve of and consent to the granting of the lease to the Weber-McLoughlin Company of the premises upon the terms and conditions mentioned in communication of the Commissioner of Docks and Ferries under date of March 21, 1907.

CHANDLER WITTINGTON,
Chief Engineer, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Weber-McLoughlin Company, of the following described property:

Lot No. 1—Bulkhead commencing at the southerly side of the pier at the foot of West One Hundred and Thirty-first street, and running thence southerly a distance of about 125 feet, more or less, to the northerly line of property leased to the Riverside and Fort Lee Ferry Company at the foot of West One Hundred and Thirtieth street.

Lot No. 2—Beginning at a point in the southerly line of West One Hundred and Thirty-first street extended, at a point distant 60 feet at right angles with the established bulkhead line; running thence easterly along the southerly line of West One Hundred and Thirty-first street 70 feet; thence southerly and parallel with the established bulkhead line 125 feet; thence westerly and parallel with the southerly line of West One Hundred and Thirty-first street 40 feet; thence northwesterly and parallel with the line of Manhattan street if prolonged to an intersection with a line drawn parallel to the established bulkhead line and 60 feet at right angles therefrom, and 110 feet south from the southerly line of One Hundred and Thirty-first street; thence northerly from the aforesaid point of intersection and parallel with the established bulkhead line 110 feet to the point or place of beginning.

Lot No. 3—Commencing at a point in the southerly line of West One Hundred and Thirty-first street extended, where said southerly line intersects the established bulkhead line; thence along the face of the said bulkhead a distance of 26 feet; thence easterly and at right angles to the established bulkhead line a distance of 10 feet; thence northerly and parallel with the first mentioned course 26 feet; thence westerly and again at right angles to the established bulkhead line 10 feet to the point or place of beginning; same being a plot contiguous to the southerly line of West One Hundred and Thirty-first street, 26 feet in a southerly direction and 10 feet in an easterly direction and comprising an area of 260 square feet.

Lot No. 4—Commencing at a point on the bulkhead between West One Hundred and Thirtieth and One Hundred and Thirty-first streets, which said point shall be selected by the lessee, but shall not be more than 75 feet from the southerly line of West One Hundred and Thirty-first street extended; running thence southerly along said bulkhead line a distance of 50 feet; thence easterly and at right angles to the established bulkhead line a distance of 20 feet; thence northerly and parallel with the first mentioned course 50 feet; thence westerly and again at right angles to the established bulkhead line 20 feet to the point or place of beginning; same being a plot running along the bulkhead between One Hundred and Thirtieth and One Hundred and Thirty-first streets, 50 feet in a southerly direction and 20 feet in an easterly direction and being entirely in front of the bulkhead described in this indenture as Lot No. 1, and comprising an area of 1,000 square feet.

The lessee shall have the privilege of erecting and maintaining, during the term of the lease, around Lot No. 2 a fence not more than 14 feet high. The lessee shall also have the privilege of erecting and maintaining on Lots Nos. 2, 3 and 4 coal hoists and hoppers, together with trestles connecting both hoppers on Lots Nos. 3 and 4 and on Lots Nos. 2, 3 and 4, all in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks.

The lessee shall have the further privilege of maintaining a scale on the premises above described.

The lease to be for a term of ten years from May 1, 1907, with the privilege of renewal for a further term of five years, the rental for the first term to be \$2,640 per annum, and for the renewal term ten per cent. advance, it being understood that the present leases of the property occupied by the company between One Hundred and Thirtieth and One Hundred and Thirty-first streets, North river, shall be canceled.

The remaining terms and conditions of the lease to be similar to those contained in the present form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated March 21, 1907.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, submitting for approval a plan for the improvement of the water-front, between West One Hundred and Twenty-ninth street and One Hundred and Thirty-fourth street, North river.

February 27, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I submit herewith plan for improvement of the water-front of The City of New York from the southerly side of West One Hundred and Twenty-ninth street to the northerly side of West One Hundred and Thirty-fourth street, North river, which has this day been approved by the Commissioner of Docks.

I beg to request the approval of the Commissioners of the Sinking Fund thereto.

A technical description of the plan is as follows:

The proposed new plan for improving the water-front, between West One Hundred and Twenty-ninth and West One Hundred and Thirty-fourth streets, North river, comprises:

First—The establishing of a marginal street, wharf or place, with its offshore or west line coinciding with the bulkhead line established by the Secretary of War in 1800, and its inshore or east line coinciding with the west line of the right-of-way of the New York Central and Hudson River Railroad, and extending from the south side of West One Hundred and Twenty-ninth street to the north side of West One Hundred and Thirty-fourth street.

Second—The establishing of four piers 60 feet wide, one at the foot of each of the following streets: West One Hundred and Twenty-ninth, West One Hundred and Thirty-second, West One Hundred and Thirty-third, West One Hundred and Thirty-

fourth streets, with their sides coincident with the sides of the streets extended. Also the establishing of a pier not over 80 feet wide, to be built within an area 125 feet in width, with its south side coinciding with the south side of West One Hundred and Thirty-first street extended. All of the above piers, four in number, extending from the bulkhead line established by the Secretary of War in 1890 to the pierhead line established by the Secretary of War in 1890.

Third—Providing of an area for ferry platforms, which area is bounded and described as follows:

Beginning at a point on the bulkhead line established by the Secretary of War in 1890, distant 105 feet northerly of the centre line of One Hundred and Thirtieth street prolonged; said 105 feet being measured at right angles with the centre line of West One Hundred and Thirtieth street; and running thence westerly on a line parallel with said centre line of West One Hundred and Thirtieth street 140 feet; thence southerly in a line drawn at right angles with the centre line of West One Hundred and Thirtieth street 210 feet to a point in a line drawn parallel with and 105 feet southerly from the centre line of West One Hundred and Thirtieth street; thence easterly and along said parallel line to the bulkhead line established by the Secretary of War in 1890. Thence northerly along said bulkhead line to the point or place of beginning, said area being 210 feet wide northerly and southerly with its axis coinciding with the centre line of West One Hundred and Thirtieth street.

The area provided for the southerly ferry rack is bounded and described as follows:

The southerly side of this area shall be the westerly prolongation of the southerly side of the platform area above described, the same being a line drawn parallel with and 105 feet southerly from the centre line of West One Hundred and Thirtieth street, and will extend from the westerly line of the platform area to the pierhead line established by the Secretary of War in 1890. Thence northerly along said pierhead line 15 feet; thence easterly to a point in the westerly line of the platform area hereinbefore described, distant 43 feet northerly from the southerly side thereof.

The area for the northerly ferry rack is bounded and described as follows:

The northerly side of this area will lie in the westerly prolongation of the northerly side of the platform area, hereinbefore described, said side being a line drawn parallel with and 105 feet northerly from the centre line of West One Hundred and Thirtieth street, and will extend from the westerly line of the above described area westerly to the pierhead line established by the Secretary of War in 1890. Thence southerly along said pierhead line 15 feet; thence easterly to a point in the westerly line of the above described platform area, distant 43 feet southerly from the northerly side thereof as hereinbefore described.

The area provided for a centre pier or "A" pier will be 54 feet wide at its easterly end, 10 feet wide at its westerly end, and 130 feet long with its axis in the centre line of West One Hundred and Thirtieth street, and its easterly end lying in the westerly line of the platform area hereinbefore described.

Very respectfully,
DENIS A. JUDGE,
Deputy and Acting Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of February 27, 1907, submits for the approval of the Commissioners of the Sinking Fund a plan adopted by him February 27, 1907, for the improvement of the waterfront of The City of New York, from the southerly side of West One Hundred and Twenty-ninth street to the northerly side of West One Hundred and Thirty-fourth street, North river.

A technical description of the plan is included in the communication.

A plan for the improvement of this property was adopted by the Dock Department on March 3, 1899, and approved by the Commissioners of the Sinking Fund, March 21, 1900.

This plan was altered by the adoption of a plan providing for a new layout for the ferry slip at the foot of West One Hundred and Thirtieth street.

It is advisable that the Commissioners of the Sinking Fund approve the adoption of the plans now presented, although such adoption will make no change in the plans already adopted as stated above, because the former plans are of doubtful legality, owing to the decision of Judge Davis of the Supreme Court (42 Miscellaneous Reports, page 425) that the plans for the improvement of the waterfront, between West Seventy-seventh street and West Eighty-first street, North river, were unlawfully adopted.

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the plan for improving the waterfront and harbor of The City of New York on the North river, from the southerly side of West One Hundred and Twenty-ninth street to the northerly side of West One Hundred and Thirty-fourth street, in the Borough of Manhattan, made by the Commissioner of Docks in accordance with law, February 27, 1907.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, requesting that the Commissioners of the Sinking Fund approve of and consent to the institution of condemnation proceedings for the acquisition of title to a strip of water front between the Thirty-ninth street ferry property and the Eighth Ward market, South Brooklyn:

March 21, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I respectfully request that the Commissioners of the Sinking Fund authorize and consent to the institution of condemnation proceedings for the acquisition of the following described property:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

Beginning at a point in the southerly line of Thirty-eighth street where it intersects the westerly line of Second avenue, and running thence westerly and along the westerly prolongation of the southerly line of Thirty-eighth street 2,452 feet to the pierhead line, established by the Secretary of War in 1890; thence northerly and along said pierhead line 147.14 feet to the southerly boundary line of property recently acquired in the Eighth Ward of the Borough of Brooklyn, in the vicinity of the foot of Thirty-seventh street, for the construction and establishment of a public wholesale market, said southerly boundary line being drawn parallel with and distant 375 feet northerly from the centre line of Thirty-ninth street; thence easterly and along said southerly boundary line 2,424.96 feet to the westerly line of Second avenue; thence southerly and along said westerly line of Second avenue 144.647 feet to the point or place of beginning.

—all as shown as Parcel B on the accompanying map.

At a meeting of the Board of Estimate and Apportionment held February 1, 1907, a resolution was adopted authorizing the Corporation Counsel to institute condemnation proceedings for the above described property.

The Corporation Counsel on March 20, 1907, advised this Department that in order to avoid all possible questions which might be raised against the regularity of such proceedings that in the future the assent of the Commissioners of the Sinking Fund to the institution of condemnation proceedings be procured before directions are given to his office to institute proceedings.

In this connection, I beg leave to refer you to the communication addressed to this Department by the Board of Estimate and Apportionment on January 16, 1906, relative to a meeting held on January 12, 1906, at which the application of this Department for authority to commence condemnation proceedings for the terminal of the new Municipal ferry near the foot of Thirty-ninth street, Borough of Brooklyn, was laid over until request had been made by this Department to include the property above described. I also beg to refer you to communication from the Board of Estimate and Apportionment dated February 19, 1906, relative to the action taken at a meeting held February 21, 1906, at which meeting a report was received from the Bureau of Franchises recommending the acquisition of the strip above described. At that time, however, it was necessary to acquire the strip pursuant to the provisions of section 822 of the Charter which provided that the Commissioner of Docks should first attempt to agree with the owners on a price, etc.

In order that the work on the ferry terminal might be facilitated, however, the Board of Estimate and Apportionment authorized condemnation proceedings for the plot required for ferry purposes, which could be condemned under section 826 of the Charter, without the necessity of negotiating with the owners.

The Legislature during the session of 1906, however, passed a bill which authorizes this Department to acquire the property between Twenty-eighth and Sixty-first streets, Brooklyn, without the necessity of preliminary negotiations, and when the consent of the Commissioners of the Sinking Fund is received, the proceedings for the acquisition of the strip above described will be instituted under section 823D of the Charter (chapter 517 of the Laws of 1906).

The Department of Taxes and Assessments advised under date of January 21, 1907, that the property above described is assessed for 1907 at \$72,000.

Very respectfully, your obedient servant,
J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 26, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of March 21, 1907, requests the Commissioners of the Sinking Fund to authorize and consent to the institution of condemnation proceedings for the acquisition of the following described property:

"All the uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

"Beginning at a point in the southerly line of Thirty-eighth street where it intersects the westerly line of Second avenue, and running thence westerly and along the westerly prolongation of the southerly line of Thirty-eighth street 2,452 feet to the pierhead line, established by the Secretary of War in 1890; thence northerly and along said pierhead line 147.14 feet to the southerly boundary line of property recently acquired in the Eighth Ward of the Borough of Brooklyn, in the vicinity of the foot of Thirty-seventh street for the construction and establishment of a public wholesale market, said southerly boundary line being drawn parallel with and distant 375 feet northerly from the centre line of Thirty-ninth street; thence easterly and along said southerly boundary line 2,424.96 feet to the westerly line of Second avenue; thence southerly and along said westerly line of Second avenue 144.647 feet to the point or place of beginning."

As reported by me under date of January 30, 1907, the property in question is a strip of waterfront between the Thirty-ninth Street Ferry property and the Eighth Ward Market, and is needed in order to construct a public pier between the ferry and market property; and the Board of Estimate and Apportionment, as stated by the Commissioner, adopted a resolution authorizing the Corporation Counsel to institute condemnation proceedings for the above described property; but in view of the opinion of the Corporation Counsel (copy of which I attach) addressed to the Commissioner of Docks and Ferries under date of March 20, 1907, in which he advises "to avoid all possible questions which might be raised against the regularity of such proceedings, and, therefore, I desire that in the future the assent of the Commissioners of the Sinking Fund to the institution of condemnation proceedings be procured before directions are given to this office to institute the proceedings."

As requested by the Commissioner of Docks and Ferries, I would suggest and recommend that the Commissioners of the Sinking Fund give its approval and consent to the authorization of condemnation proceedings for the above described premises.

Respectfully,
CHANDLER WITHINGTON, Chief Engineer.

Approved:
H. A. METZ, Comptroller.

NEW YORK, March 20, 1907.

Hon. J. A. BENSEL, Commissioner of Docks:

SIR—I have received your two letters under date of March 12, 1907, as follows:

1. Inclosing a copy of a resolution of the Board of Estimate and Apportionment adopted on January 18, 1907, authorizing the institution of condemnation proceedings for the acquisition of all interests in Pier (old) 53, East river, Borough of Manhattan, not now owned by the City, and requesting that such condemnation proceedings be instituted.

2. Inclosing copy of a resolution adopted by the Board of Estimate and Apportionment on February 1, 1907, authorizing the institution of condemnation proceedings for the acquisition of title to certain property between Thirty-seventh and Thirty-eighth streets and Second avenue and the pierhead line in the Borough of Brooklyn, and requesting that such proceedings be instituted.

Since the Greater New York Charter, chapter 387 of the Laws of 1897, went into effect it has been the custom of this department to institute condemnation proceedings for the acquisition of title to property for the improvement of the waterfront upon the direction of the Department of Docks and Ferries, without the approval of the Commissioners of the Sinking Fund in all cases where under the Charter it was unnecessary that an attempt to purchase the property at private sale should be made before instituting such proceedings.

The point has been recently raised in the Thirty-ninth Street Ferry proceedings (Brooklyn end), that under the provisions of the Charter no dock condemnation proceedings can be instituted without the approval of the Commissioners of the Sinking Fund, and a motion is now pending for the dismissal of that proceeding because of the fact that such consent was not given by the Commissioners of the Sinking Fund prior to the institution of the proceedings.

While I do not regard the point to be well taken, yet it seems to me to be advisable to avoid all possible questions which might be raised against the regularity of such proceedings, and, therefore, I desire that in the future the assent of the Commissioners of the Sinking Fund to the institution of condemnation proceedings be procured before directions are given to this office to institute the proceedings.

I beg to suggest, therefore, that you communicate with the Commissioners of the Sinking Fund and procure their approval to the institution of the two proceedings above referred to, and furnish me with a copy of their action thereon.

Should the Commissioners of the Sinking Fund give their assent, I will, upon being so advised, promptly institute the proceedings.

Respectfully yours,
(Signed) G. L. STERLING,
Acting Corporation Counsel.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the institution of condemnation proceedings for the acquisition of title to the following described property:

"All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands and lands under water and wharf property situate in The City of New York, Borough of Brooklyn, and bounded and described as follows:

"Beginning at a point in the southerly line of Thirty-eighth street, where it intersects the westerly line of Second avenue, and running thence westerly and along

the westerly prolongation of the southerly line of Thirty-eighth street 2,452 feet to the pierhead line established by the Secretary of War in 1890; thence northerly and along said pierhead line 147.14 feet to the southerly boundary line of property recently acquired in the Eighth Ward of the Borough of Brooklyn, in the vicinity of the foot of Thirty-seventh street, for the construction and establishment of a public wholesale market, said southerly boundary line being drawn parallel with and distant 375 feet northerly from the centre line of Thirty-ninth street; thence easterly and along said southerly boundary line 2,424.96 feet to the westerly line of Second avenue; thence southerly and along said westerly line of Second avenue 144.647 feet, to the point or place of beginning."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, requesting that the Commissioners of the Sinking Fund approve of and consent to the institution of condemnation proceedings for the acquisition of title to a 30-foot strip of property adjoining the Eighth Ward Market, in South Brooklyn:

March 22, 1907.

N. TAYLOR PHILLIPS, Esq., *Secretary, Sinking Fund Commission:*

SIR—On February 8, 1907, the Board of Estimate and Apportionment approved of the institution of proceedings for the condemnation of certain property between Twenty-eighth street and the centre line of Thirty-sixth street, in the Borough of Brooklyn.

The property acquired by the President of the Borough of Brooklyn for market purposes extends to the southerly side of Thirty-sixth street, which leaves a strip belonging to private owners between the two properties to be acquired by the City, 30 feet in width.

It is desirable that this 30-foot strip be acquired in connection with the property to the north, for water-front purposes, and I therefore beg to request that the Commissioners of the Sinking Fund authorize the institution of proceedings for the acquisition of this strip.

A technical description of the property is as follows:

All the uplands, filled in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled in lands, lands, lands under water and wharf property, situate, lying and being in the Borough of Brooklyn, in The City of New York, and bounded and described as follows, to wit:

Beginning at a point in the westerly line of Second avenue, where the southerly line of Thirty-sixth street intersects the same, and running thence westerly along said southerly line of Thirty-sixth street and its westerly prolongation to the pierhead line established by the Secretary of War March 4, 1890;

Thence northerly and along said pierhead line to its intersection with the westerly prolongation of the centre line of said Thirty-sixth street, said centre line being a line drawn parallel with and distant 30 feet northerly from the southerly line of said Thirty-sixth street;

Thence easterly and along said prolongation of and along said centre line of said Thirty-sixth street to the westerly line of Second avenue;

Thence southerly and along said westerly line of Second avenue, to the point or place of beginning.

The assessed valuation of the above property, as shown on the books of the Department of Taxes and Assessments for 1907, is \$15,000.

The Board of Estimate and Apportionment was requested, on March 7, 1907, to authorize the institution of these proceedings, but the Corporation Counsel, under date of March 20, 1907, advises that it would be advisable, to avoid all possible questions which might be raised against the regularity of such proceedings, that the Commissioners of the Sinking Fund authorize and assent to the institution of the same before directions are given to his office to commence the proceeding.

Very respectfully,

Your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 26, 1907.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of March 22, 1907, requests the Commissioners of the Sinking Fund to authorize and consent to the institution of condemnation proceedings for the acquisition of the following described property:

"All the uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands, lands under water and wharf property, situate, lying and being in the Borough of Brooklyn, in The City of New York, and bounded and described as follows, to wit:

"Beginning at a point in the westerly line of Second avenue where the southerly line of Thirty-sixth street intersects the same, and running thence westerly along said southerly line of Thirty-sixth street and its westerly prolongation to the pierhead line established by the Secretary of War, March 4, 1890; thence northerly and along said pierhead line to its intersection with the westerly prolongation of the centre line of said Thirty-sixth street, said centre line being a line drawn parallel with and distant 30 feet northerly from the southerly line of said Thirty-sixth street; thence easterly and along said prolongation of and along said centre line of said Thirty-sixth street to the westerly line of Second avenue; thence southerly and along said westerly line of Second avenue to the point or place of beginning."

I would report that, as stated by the Commissioner, the Board of Estimate and Apportionment, on February 8, 1907, approved of the institution of proceedings for the condemnation of property between Twenty-eighth street and the centre line of Thirty-sixth street, in the Borough of Brooklyn.

The Eighth Ward Market property now being improved by the City extends to the southerly side of Thirty-sixth street, which leaves the thirty (30) foot strip in question between the two properties.

I would therefore suggest that the Commissioners of the Sinking Fund, in view of the opinion of the Corporation Counsel, addressed to the Commissioner of Docks and Ferries under date of March 20, 1907, may properly give their consent and recommend to the Board of Estimate and Apportionment, pursuant to section 823d of the Greater New York Charter, to authorize the institution of condemnation proceedings for the acquisition of the waterfront property between the centre line of Thirty-sixth street and the southerly line of Thirty-sixth street, Borough of Brooklyn, as requested by the Commissioner of Docks and Ferries in communication under date of March 22, 1907.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the institution of condemnation proceedings for the acquisition of title to the following described property:

"All the uplands, filled-in lands, lands and lands under water, wharf property, wharfage rights, terms, easements, emoluments and privileges of and to the uplands, filled-in lands, lands, lands under water and wharf property, situate, lying and being in the Borough of Brooklyn, in The City of New York, and bounded and described as follows, to wit:

"Beginning at a point in the westerly line of Second avenue where the southerly line of Thirty-sixth street intersects the same, and running thence westerly along said southerly line of Thirty-sixth street and its westerly prolongation to the pier-

head line established by the Secretary of War, March 4, 1890; thence northerly and along said pierhead line to its intersection with the westerly prolongation of the centre line of said Thirty-sixth street, said centre line being a line drawn parallel with and distant 30 feet northerly from the southerly line of said Thirty-sixth street; thence easterly and along said prolongation of and along said centre line of said Thirty-sixth street to the westerly line of Second avenue; thence southerly and along said westerly line of Second avenue to the point or place of beginning."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, requesting that the Commissioners of the Sinking Fund approve of and consent to the institution of condemnation proceedings for the acquisition of title to an undivided half interest in Pier (old) 53, East river, near the foot of Jackson street, Borough of Manhattan:

March 21, 1907.

N. TAYLOR PHILLIPS, Esq., *Secretary, Sinking Fund Commission:*

SIR—I would respectfully request that the Commissioners of the Sinking Fund adopt a resolution authorizing and assenting to the institution of condemnation proceedings for the acquisition of all the interest in pier known as Pier (old) 53, East river, near the foot of Jackson street, in the Borough of Manhattan, not now owned by The City of New York, said interest being an undivided half interest.

Under date of December 21, 1906, the Department of Taxes and Assessments advised that the premises are known as Lot No. 23 in Block 242, Volume 5 of Section 1, and are assessed at \$15,000.

The Board of Estimate and Apportionment on January 18, 1907, adopted a resolution authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of the interest above described.

The Corporation Counsel, however, under date of March 20, 1907, states that it seems to be advisable, to avoid all possible questions which may be raised against the regularity of such proceedings, that in the future the assent of the Commissioners of the Sinking Fund to the institution of condemnation proceedings be procured before directions are given to his office to institute the proceeding.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 27, 1907.

Hon. HERMAN A. METZ, *Comptroller:*

SIR—Hon. J. A. Bensel, Commissioner, Department of Docks and Ferries, in communication under date of February 21, 1907, requests the Commissioners of the Sinking Fund to authorize and consent to the institution of condemnation proceedings for the acquisition of all the interest in pier known as Pier (old) 53, East river, near the foot of Jackson street, in the Borough of Manhattan, not now owned by The City of New York, said interest being an undivided half interest.

I would report that on January 8, 1907, upon the request of the Commissioner of Docks and Ferries, I recommended that the Board of Estimate and Apportionment authorize the institution of condemnation proceedings for the acquisition of the above described premises; and on January 18, 1907, the Board of Estimate and Apportionment adopted a resolution authorizing the Corporation Counsel to institute said proceedings; but in view of the opinion of the Corporation Counsel addressed to the Commissioner of Docks and Ferries under date of March 20, 1907, in which he advises "to avoid all possible questions which might be raised against the regularity of such proceedings, and, therefore, I desire that in the future the assent of the Commissioners of the Sinking Fund to the institution of condemnation proceedings be procured before directions are given to this office to institute the proceedings."

As requested by the Commissioner of Docks and Ferries, I would suggest and recommend that the Commissioners of the Sinking Fund give their approval and consent to the authorization of condemnation proceedings for the acquisition of the above described premises.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the institution of condemnation proceedings for the acquisition of title to all the interest in pier known as Pier (old) 53, East river, near the foot of Jackson street, in the Borough of Manhattan, now owned by The City of New York, said interest being an undivided half interest.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department, relative to a renewal of the lease of offices occupied by the Tenement House Bureau at No. 44 East Twenty-third street:

NEW YORK, March 21, 1907.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund:*

DEAR SIR—The lease of Rooms Nos. 14, 15 and 16 on the eleventh floor of the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, now occupied by the Tenement House Bureau and Bureau of Buildings of the Law Department, will expire on May 1, 1907. The present owner of the building, the Island Realty Company, has informed me that it is willing to renew this lease for a term of three years from the 1st day of May, 1907, upon the same terms and conditions as are contained in the existing lease.

I respectfully request that the Commissioners of the Sinking Fund authorize the Comptroller to execute a renewal of this lease for a term of three years from May 1, 1907, upon the same terms and conditions as are contained in the existing lease.

Yours respectfully,

G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 25, 1907.

Recommended that the lease of Rooms 14, 15 and 16 on the eleventh floor of the Mercantile Building, situated on the southwest corner of Twenty-third street and Fourth avenue, in the Borough of Manhattan, be renewed for a period of three years from May 1, 1907, at an annual rental of \$2,800, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, the Island Realty Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the Island Realty Company, of Rooms Nos. 14, 15 and 16, on the eleventh floor of the Mercantile Building, situated on the southwest corner of Twenty-third street and Fourth avenue, in the Borough of Manhattan, for the use of the Law Department, for a period of three years from May 1,

1907, at an annual rental of twenty-eight hundred dollars (\$2,800), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department relative to a new lease of Rooms Nos. 317 and 318, at No. 44 East Twenty-third street, Borough of Manhattan, for the use of the Tenement House Branch of the Law Department:

NEW YORK, March 21, 1907.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund*:

DEAR SIR—The quarters now occupied by the Tenement House Bureau and Bureau of Buildings of the Law Department, in the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, are not large enough for the present needs of that branch of this Department. I have endeavored to obtain additional quarters on the same floor, but have been informed by the landlord, the Island Realty Company, that the present occupant of the rooms I desired to obtain has a lease which will not expire until May 1, 1908. The best that I have been able to do is to obtain an option on Rooms Nos. 317 and 318, on the third floor of this building, 56 feet by 21 feet, containing approximately 1,176 square feet, at an annual rental of \$1,400, including heat, elevator and janitor service, the lessor to erect the necessary partitions and make all changes required by this Department at its own expense.

I therefore request that the Commissioners of the Sinking Fund authorize a lease of Rooms Nos. 317 and 318, containing 1,176 square feet, on the third floor of the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, from the Island Realty Company, as lessor, for the use of the Tenement House Bureau and Bureau of Buildings of the Law Department, for a term of one year from May 1, 1907, at an annual rental of \$1,400, the lessor to erect the necessary partitions and make the changes required by the Law Department, and to provide, heat, elevator and janitor service.

Yours respectfully,

G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 25, 1907.

Hon. HERMAN A. METZ, *Comptroller*:

SIR—Honorable George L. Sterling, Acting Corporation Counsel, in a communication under date of March 21, 1907, addressed to the Commissioners of the Sinking Fund, states that the quarters now occupied by the Tenement House Bureau and the Bureau of Buildings of the Law Department in the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, are not large enough for the needs of that branch of his department, and that he has endeavored to obtain additional quarters on the same floor, but that it is impossible to do so, and further, that the rooms Nos. 317 and 318 on the third floor of the building, containing approximately 1,176 square feet, at an annual rental of \$1,400, would meet the needs of his department, and he requests that the Commissioners of the Sinking Fund take the necessary action authorizing the lease of the same.

The rental asked, \$1,400 per annum, for the 1,176 square feet, is in my opinion reasonable, it being at the same rate as paid by the City for other rooms in that building. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of Rooms Nos. 317 and 318 on the third floor of the Mercantile Building, situated at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for a period of one year from May 1, 1907, at an annual rental of \$1,400, payable quarterly; the lessor to erect the necessary partitions and make the changes required by the Law Department, and to provide heat, elevator and janitor service. Lessor, the Island Realty Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Island Realty Company, of Rooms Nos. 317 and 318 on the third floor of the Mercantile Building, situated at the southeast corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for the use of the Law Department (Tenement House branch), for a period of one year from May 1, 1907, at an annual rental of fourteen hundred dollars (\$1,400), payable quarterly; the lessor to erect the necessary partitions and make the changes required by the Law Department, and to provide heat, elevator and janitor service; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Law Department relative to a renewal of the lease of offices at No. 21 Jackson avenue, Long Island City:

NEW YORK, February 28, 1907.

N. TAYLOR PHILLIPS, Esq., *Secretary, Commissioners of the Sinking Fund*:

SIR—The lease of the six rooms on the third floor of the building at No. 21 Jackson avenue, Borough of Queens, for the use of the Law Department, at an annual rental of six hundred dollars (\$600), expired on September 15, 1906.

I request that the Commissioners of the Sinking Fund pass a resolution authorizing the Comptroller to execute a renewal of the said lease for a term of one year from September 15, 1906, upon the same terms and conditions as are contained in the existing lease.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 26, 1907.

Recommended that the lease of the six rooms on the third floor of the building No. 21 Jackson avenue, in the Borough of Queens, occupied by the Law Department, be renewed for a period of one year from September 15, 1906, at an annual rental of \$600, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Long Island Savings Bank.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the six rooms on the third floor of the building No. 21 Jackson avenue, in the Borough of Queens, for the use of the Law Department, for a period of one year from September 15, 1906, at an annual rental of

six hundred dollars (\$600), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, the Long Island Savings Bank; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Tenement House Department relative to a lease of the front portion of the third floor of premises at No. 44 East Twenty-third street, Borough of Manhattan:

NEW YORK, March 26, 1907.

Mr. N. TAYLOR PHILLIPS, *Secretary of the Sinking Fund Commission*:

DEAR SIR—The officers of the Tenement House Department in the Borough of Manhattan have been seriously handicapped during the past year because of lack of space, not only for the employees engaged in the work of the Department, but as well for the proper handling of the large number of people who visit the office daily for the purpose of transacting business with the Department. When preparing the Budget for the present year I made inquiries as to whether it was possible to procure additional space in this building, and, upon receiving a negative reply, and the additional information that the offices were all rented on long leases, I concluded that I would have to content myself with the present quarters, and did not make any provision in the Budget for additional space.

I learned recently that one of the tenants on the third floor was anxious to surrender the space occupied by him, and I immediately opened correspondence with him with a view to getting the particulars as to area, rent, lease, etc., so as to enable me to make an application to you for the procuring of this space as an addition to the present quarters of the office. I send herewith copies of the correspondence, which will explain the matter fully.

On the basis of \$5,000 per annum for the space referred to, the rent from May 1 to December 31 will be \$3,333.33. I shall have a balance in my rent account for the year of about \$500, and I think by economy in other respects I will be able to meet this additional rent from my appropriation for Supplies and Contingencies. I would therefore request that you approve of the leasing of the premises referred to, and that immediate action be taken, as otherwise the opportunity to secure this space will be lost.

In accordance with your Form 448-04, I submit the following detailed information:

First—The name of the owner is the Island Realty Company; H. E. Oelrichs, agent, No. 949 Broadway.

Second—The premises consist of front portion of the third floor of the building, No. 44 East Twenty-third street, having a frontage of about 72 feet on Fourth avenue and about 96 feet on Twenty-third street.

Third—The lease of the present tenant runs concurrently with the lease now held by this Department for the fourth floor in said building, and expires May 1, 1910. It does not include renewal.

Fourth—Rental is \$5,000 per annum, payable in equal monthly installments, in advance.

Fifth—Tenant is to keep said premises in repair.

Sixth—The water rent is paid by the owner.

Seventh—The owner of the building pays for steam heat and janitor services, and the expense of lighting the premises is borne by the tenant.

Eighth—The necessity for the lease is stated in the first part of this application.

Ninth—The price per square foot for the premises referred to is about seventy-two (72) cents per annum, whereas, in similar buildings in the neighborhood the lowest price quoted is one dollar and twenty-five cents (\$1.25) per annum.

Tenth—The rent will be paid from the surplus of the appropriation for rent and from the appropriation for Supplies and Contingencies, as above stated.

Respectfully,

EDMOND J. BUTLER, Commissioner.

In connection therewith, the Comptroller presented the following report and offered the following resolution:

March 28, 1907.

Hon. HERMAN A. METZ, *Comptroller*:

SIR—Hon. Edmond J. Butler, Commissioner of the Tenement House Department, in a communication under date of March 26, 1907, addressed to the Commissioners of the Sinking Fund, states that the officers of the Tenement House Department in the Borough of Manhattan have been seriously handicapped during the past year because of lack of space not only for the employees engaged in the work of the Department, but as well for the proper handling of the large number of people who visit the office daily for the purpose of transacting business with the Department.

The portion of the premises desired is the front part of the third floor of the building No. 44 East Twenty-third street, having a frontage of about 72 feet on Fourth avenue and about 96 feet on Twenty-third street. The said Department now occupies quarters on the fourth floor of the said building. The rental asked for the said premises of \$5,000 per annum, at the rate of 72 cents a square foot, is in my opinion reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the front portion of the third floor of the building situated on the southwesterly corner of Fourth avenue and Twenty-third street, Borough of Manhattan, said rooms having a frontage of about 72 feet on Fourth avenue and about 96 feet on Twenty-third street, for a period from the date of occupation to May 1, 1910, at an annual rental of \$5,000, payable monthly; the lessor to furnish water rent, steam heat, janitor and elevator service; the City to keep the premises in repair and to supply the necessary light. Lessor, the Island Realty Company.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Island Realty Company, of the front portion of the third floor of the building situated on the southwesterly corner of Fourth avenue and Twenty-third street in the Borough of Manhattan, for the use of the Tenement House Department, said rooms having a frontage of about 72 feet on Fourth avenue and about 96 feet on Twenty-third street, for a period from the date of occupation to May 1, 1910, at an annual rental of five thousand dollars (\$5,000), payable monthly; the lessor to furnish water rent, steam heat, janitor and elevator service; the City to keep the premises in repair and supply the necessary light; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Taxes and Assessments, relative to a renewal of the lease of offices at No. 51 Chambers street, Borough of Manhattan:

March 26, 1907.

Honorable Commissioners of the Sinking Fund, No. 280 Broadway:

GENTLEMEN—I transmit herewith a communication which has been received from the Emigrant Industrial Savings Bank, noting that the lease of the premises occupied by the Surveyor of this Department will expire on the 1st of May, and I am directed

to request that a renewal of the lease may be effected for such term as you deem advisable.

Respectfully,
C. ROCKLAND TYNG, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 28, 1907.

Recommended that the lease of rooms, 26, 27, 28, 29 and 30, on the fourth floor of the building No. 51 Chambers street, Borough of Manhattan, be renewed for a period of one year from May 1, 1907, at an annual rental of \$3,435, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Emigrant's Industrial Savings Bank.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from the Emigrant's Industrial Savings Bank, of Rooms Nos. 26, 27, 28, 29 and 30 and exclusive use of the hallway as now inclosed on the fourth floor of the building No. 51 Chambers street, Borough of Manhattan, for the use of the Department of Taxes and Assessments, for a period of one year from May 1, 1907, at an annual rental of three thousand four hundred and thirty-five dollars (\$3,435), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Manhattan, relative to a renewal of the lease of premises at No. 186 Mulberry street, Borough of Manhattan:

March 27, 1907.

Sinking Fund Commission, No. 280 Broadway, City:

DEAR SIRS—A renewal of the lease of the following described premises is requested for the year 1907 for the use of the President of the Borough of Manhattan:

The store on the north side of the building and half of the cellar of the premises No. 186 Mulberry street, Borough of Manhattan, for a period of one year from January 1, 1907, at an annual rental of \$360, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease.

The lease should be renewed in the names of George H. Kracht and Clement J. Kracht.

Yours truly,
BERNARD DOWNING,
Secretary, Borough of Manhattan.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 27, 1907.

Recommended That the lease of the store on the north side of the building and one-half of the cellar of the premises No. 186 Mulberry street, Borough of Manhattan, be renewed for a period of one year from January 1, 1907, at an annual rental of \$360, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessors, George H. Kracht and Clement J. Kracht.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the store on the north side of the building and half of the cellar of the premises No. 186 Mulberry street, in the Borough of Manhattan, for the use of the President of the Borough of Manhattan, for a period of one year from January 1, 1907, at an annual rental of three hundred and sixty dollars (\$360), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, George H. Kracht and Clement J. Kracht; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to a renewal of the leases of the following premises for the use of the Department of Street Cleaning:

No. 200 West One Hundred and First street, Borough of Manhattan.
No. 691 East One Hundred and Fifty-eighth street, Borough of The Bronx.

March 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Macdonough Craven, Commissioner of the Department of Street Cleaning, in a communication under date of March 18, 1907, addressed to the Commissioners of the Sinking Fund, requests the renewal of two leases of premises occupied by his department. The rentals asked are an increase over those paid under the existing leases, but taking into consideration the increase in values of property in the particular vicinity, the rents now asked are not excessive.

1. In regard to the lease of the one-story brick building known as No. 200 West One Hundred and First street, in the Borough of Manhattan, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the same for a period of three years from May 1, 1907, at an annual rental of \$720, payable monthly. This is an increase of \$240 per annum over the present existing lease. Otherwise upon the same terms and conditions as contained in the existing lease. Lessor, R. Townsend.

2. In regard to the lease of the front and rear stores and part of the cellar of the premises known as No. 691 East One Hundred and Fifty-eighth street, in the Borough of The Bronx, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the same for a period of three years from May 1, 1907, at an annual rental of \$540, payable monthly. This is an increase of \$60 per annum over the present existing lease. Otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Rosa H. W. Falk.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the one-story brick building known as No. 200 West One Hundred and First street, in the Borough of Manhattan, for a period of three years from May 1, 1907, at an annual rental of seven hundred and twenty dollars (\$720), payable monthly; otherwise upon the same terms and conditions as contained in the existing lease; lessor, R. Townsend; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the front and rear stores and part of the cellar of the premises known as No. 691 East One Hundred and Fifty-eighth street, Borough of The Bronx, for a period of three years from May 1, 1907, at an annual rental of five hundred and forty dollars (\$540), payable monthly; otherwise upon the same terms and conditions as contained in the existing lease; lessor, Rosa H. W. Falk; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Commissioner of Licenses, relative to a renewal of the lease of offices at No. 277 Broadway, Borough of Manhattan:

NEW YORK, March 26, 1907.

Commissioners of the Sinking Fund, Department of Finance, No. 280 Broadway, Manhattan:

GENTLEMEN—Application is hereby made for the renewal of the lease on Rooms Nos. 807, 808, 809 and 810, in the Broadway-Chambers Building, No. 277 Broadway, occupied by this Department, for the ensuing year, at a rental of \$3,218.

Respectfully,
JOHN N. BOGART, Commissioner of Licenses.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 28, 1907.

Recommended that the lease of Rooms Nos. 807 to 810, inclusive, on the eighth floor of the Broadway-Chambers Building, No. 277 Broadway, Borough of Manhattan, be renewed for a period of one year from May 1, 1907, at an annual rental of \$3,218, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Edward R. Andrews, as trustee of the estate of Sarah Hannah Andrews, deceased; rent payable to Frederick Southack and Alwyn Ball, Jr., agents.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms Nos. 807, 808, 809 and 810, on the eighth floor of the Broadway-Chambers Building, No. 277 Broadway, Borough of Manhattan, for the use of the Commissioner of Licenses, for a period of one year from May 1, 1907, at an annual rental of three thousand two hundred and eighteen dollars (\$3,218), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Edward R. Andrews, as trustee of the estate of Sarah Hannah Andrews, deceased; rent payable to Frederick Southack, and Alwyn Ball, Jr., agents; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Trustees of Bellevue and Allied Hospitals relative to a lease of premises No. 113 West One Hundred and Thirty-sixth street, Borough of Manhattan:

NEW YORK, March 9, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

SIR—The new Harlem Hospital, which will in all probability be opened by the end of this month, does not supply sufficient accommodation for the number of Nurses that will be required, and it is necessary to hire a house in the neighborhood until the Nurses' home is erected. The property No. 113 West One Hundred and Thirty-sixth street has been inspected and found suitable for the purpose, and the Trustees of Bellevue and Allied Hospitals have the honor to request that these premises be leased for two years at the earliest possible date, with the privilege of renewal for one year. We understand that the owner is Morris J. Levi, and that the premises can be leased for \$1,200 a year, which is considered reasonable for the accommodation afforded.

Respectfully,

JOHN W. BRANNAN,
President, Board of Trustees.

NEW YORK, March 19, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

SIR—In my letter of March 9, 1907, requesting that the three-story and basement property situated at No. 113 West One Hundred and Thirty-sixth street, Borough of Manhattan, be leased for a period of two years, with the privilege of renewal for one year, as a home for Nurses for whose accommodation the new Harlem Hospital is inadequate, I neglected to state several important particulars, namely, that the rent is to be paid quarterly; that the City is to pay for light and heat, and that the owner, Mr. Morris J. Levi, lives in the house at present. The question of the payment of water rates has not been decided. The rent of the building can be met out of the appropriation for rents for the year, so that there will be no necessity of an additional appropriation for this purpose.

Respectfully,

JOHN W. BRANNAN,
President, Board of Trustees.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 18, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, in a communication addressed to the Commissioners of the Sinking Fund under date of March 9, 1907, requests that a lease be entered into of the 3-story and basement dwelling No. 113 West One Hundred and Thirty-sixth street, in the Borough of Manhattan, for the use of the nurses employed in the new Harlem Hospital, for

a period of two years from April 1, 1907, with the privilege of renewal for an additional year upon the same terms and conditions at a rental of \$1,200 a year, payable quarterly, the owner to pay the water rates.

I have had an examination made of the premises in question and it appears that they consist of a 3-story and basement brownstone dwelling, 16 feet 8 inches by 50 feet, with a 3-story and basement addition, 10 by 15 feet, on the north side of One Hundred and Thirty-sixth street, west of Lenox avenue. The house has eleven rooms and two baths, tiled bath rooms, parquet floors, furnace in cellar and is all in first class condition. The rent asked, \$1,200 a year, is in my opinion reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the 3-story and basement brownstone dwelling, No. 113 West One Hundred and Thirty-sixth street, in the Borough of Manhattan, for a period of two years from April 1, 1907, with the privilege of renewal for an additional one year upon the same terms and conditions, at an annual rental of \$1,200, payable quarterly; the lessor to pay for the Croton water used on the premises during the term of the lease; the City to supply light and heat. Lessor, Morris J. Levi, individually and as executor of the estate of Jacob Levi.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Morris J. Levi individually and as executor of the estate of Jacob Levi, of the 3-story and basement brownstone dwelling, No. 113 West One Hundred and Thirty-sixth street, in the Borough of Manhattan, for use of the Trustees of Bellevue and Allied Hospitals, for a period of two years from April 1, 1907, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the lessor to pay for the Croton water used on the premises during the term of the lease; the City to supply light and heat, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the payment of the rental of offices in the Park Row Building, Nos. 13 to 21 Park row, Borough of Manhattan, occupied by the several Municipal Departments:

March 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York occupies a number of rooms in the Park Row Building for the use of several Municipal Departments, the lease of which will expire on April 1, 1907. All of the rooms included in the original omnibus lease, made for a period of five years from April 1, 1899, are at present occupied by the City, except those rooms which were given up by mutual consent of the Park Row Realty Company and The City of New York. Additional rooms have been leased in the past year for the use of the Department of Water Supply, Gas and Electricity, and additional rooms have also been requested to be leased for the use of that Department, and, further, in all probability, the New York City Improvement Commission will not require a lease of the rooms occupied by them on the tenth floor of the building except for a short period, and the Department of Water Supply, Gas and Electricity has expressed a desire to obtain these rooms.

The question arose as to whether The City of New York was a hold-over tenant in the Park Row Building for a period of five years from April 1, 1904, in view of the fact that the original lease contained the clause:

"For a term of five years from April 1, 1899, with the privilege of renewal for a further term of five years thereafter."

This office took the stand, which it still maintains, that the privilege of renewal was one purely on the part of the City, and that the City was a hold-over tenant for one year only, and that the clause could not be construed otherwise.

Inasmuch as the City will be a hold-over tenant after April 1, 1907, I would respectfully recommend that resolutions be adopted by the Commissioners of the Sinking Fund authorizing the payment of rent to the Park Row Realty Company for the premises occupied by the City in the Park Row Building.

The lease of the Rooms Nos. 932 to 939, inclusive, on the ninth floor of the Park Row Building, occupied by the Department of Water Supply, Gas and Electricity, will not expire until April 1, 1909.

The Department of Water Supply, Gas and Electricity, in several communications addressed to the Commissioners of the Sinking Fund, requests that additional space be leased for the use of that Department in the Park Row Building, to wit: In the first communication it is stated that they desire to be released from the lease of rooms occupied by the Bureau of the Chief Engineer, viz.: Nos. 1517 to 1531, and to lease from May 1, 1907, Rooms 915 to 931, inclusive, thus bringing the entire engineering force together. In a subsequent communication, however, the Commissioner requests that the Rooms 1517 to 1531, inclusive, be assigned for the use of the Water Register of his Department.

The rental asked for the Rooms Nos. 915 to 931, inclusive, on the ninth floor of the said building, which contain 3,093 square feet, of \$5,861.80, is a slight increase over that paid in the present existing lease, but, in my opinion, is reasonable. This will total up the large sum of \$36,000.51 for rent of rooms occupied by one Department in the Park Row Building, to wit: The Department of Water Supply, Gas and Electricity.

1. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms Nos. 1036 to 1038, inclusive, on the tenth floor, for a period of one year from April 1, 1907, at an annual rental of \$971.85, payable quarterly, said rooms being occupied by the New York City Improvement Commission.

2. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms 1201 to 1239, inclusive, on the twelfth floor, for a period of one year from April 1, 1907, at an annual rental of \$11,598.88, payable quarterly, said rooms being occupied by the Department of Bridges.

3. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms 1401 to 1439, inclusive, on the fourteenth floor, for a period of one year from April 1, 1907, at an annual rental of \$11,606.56, payable quarterly, said rooms being occupied by the Department of Street Cleaning.

4. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms Nos. 1618 and 1619, on the sixteenth floor, for a period of one year from April 1, 1907, at an annual rental of \$540.25, payable quarterly, said rooms being occupied by the Law Department.

5. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms 1801 to 1817, inclusive, and Nos. 1832 to 1839, inclusive, on the eighteenth floor; Nos. 1701 to 1714, Nos. 1736 to 1739, all inclusive, on the seventeenth floor; Nos. 1601 to 1617 and 1622 to 1635, all inclusive, on the sixteenth floor; Nos. 1301 to 1317 and Nos. 1331 to 1339, all inclusive, on the thirteenth floor, for a period of one year from April 1, 1907, at an annual rental of \$32,401.01, payable quarterly, said rooms being occupied by the President of the Borough of Manhattan.

6. I would respectfully recommend that the Comptroller be authorized to pay the rent of Room 1039, on the tenth floor; Rooms 1318 to 1320, inclusive, on the thirteenth floor; Rooms 1501 to 1539, on the fifteenth floor; 1620 to 1621, 1636 to 1639, inclusive, on the sixteenth floor; Rooms 1715 to 1731, inclusive, on the seventeenth floor, and Rooms 1907 to 1914, inclusive, on the nineteenth floor, for a period of one year from April 1, 1907, at an annual rental of \$26,712.01, payable quarterly; also Rooms 915 to 931, inclusive, on the ninth floor, for a period of one year and eleven months from May 1, 1907, at an annual rental of \$5,861.60, payable quarterly, said premises being occupied by the Department of Water Supply, Gas and Electricity.

7. I would respectfully recommend that the Comptroller be authorized to pay the rent of Rooms 803 to 814, inclusive, on the eighth floor, for a period of one year from April 1, 1907, at an annual rental of \$3,928.30, payable quarterly, said premises being occupied by the Supervisor of the City Record.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Park Row Realty Company the rentals of rooms in the Park Row Building, Nos. 13 to 21 Park row, Borough of Manhattan, occupied by City Departments, for a period of one year, commencing April 1, 1907, as follows:

Rooms Nos. 1036 to 1038, inclusive, on the tenth floor, occupied by the New York City Improvement Commission, at an annual rental of nine hundred and seventy-one dollars and eighty-five cents (\$971.85).

Rooms Nos. 1201 to 1239, inclusive, on the twelfth floor, occupied by the Department of Bridges, at an annual rental of eleven thousand five hundred and ninety-eight dollars and eighty-eight cents (\$11,598.88), payable quarterly.

Rooms Nos. 1401 to 1439, inclusive, on the fourteenth floor, occupied by the Department of Street Cleaning, at an annual rental of eleven thousand six hundred and six dollars and fifty-six cents (\$11,606.56).

Rooms Nos. 1618 and 1619, on the sixteenth floor occupied by the Law Department, at an annual rental of five hundred and forty dollars and twenty-five cents (\$540.25).

Rooms Nos. 1801 to 1817, inclusive, and Nos. 1832 to 1837, inclusive, on the eighteenth floor; Nos. 1701 to 1714, Nos. 1736 to 1739, all inclusive, on the seventeenth floor; Nos. 1601 to 1617 and Nos. 1622 to 1635, all inclusive, on the sixteenth floor; Nos. 1301 to 1317 and Nos. 1331 to 1339, all inclusive, on the thirteenth floor, occupied by the President of the Borough of Manhattan, at an annual rental of thirty-two thousand four hundred and one dollars and one cent (\$32,401.01), payable quarterly.

Rooms Nos. 1039, on the tenth floor; rooms Nos. 1318 to 1330, inclusive, on the thirteenth floor; rooms Nos. 1501 to 1539, on the fifteenth floor; rooms Nos. 1620 and 1621, and Nos. 1636 to 1639, inclusive, on the sixteenth floor; rooms Nos. 1715 to 1731, inclusive, on the seventeenth floor, and rooms Nos. 1907 to 1914, inclusive, on the nineteenth floor, occupied by the Department of Water Supply, Gas and Electricity, at an annual rental of twenty-six thousand seven hundred and twelve dollars and one cent (\$26,712.01), payable quarterly.

Rooms Nos. 803 to 814, inclusive, on the eighth floor, occupied by the Supervisor of the City Record, at an annual rental of three thousand nine hundred and twenty-eight dollars and thirty cents (\$3,928.30), payable quarterly.

Rooms Nos. 915 to 931, inclusive, on the ninth floor, also occupied by the Department of Water Supply, Gas and Electricity, at an annual rental of five thousand eight hundred and sixty-one dollars and sixty cents (\$5,861.60), payable quarterly, for a period of one year and eleven months from May 1, 1907.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises No. 14 Howard avenue, Borough of Brooklyn, for the use of the Fourth District Municipal Court:

March 16, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The lease of the portion of the building No. 14 Howard avenue, Borough of Brooklyn, occupied by the Fourth District Municipal Court of the Borough of Brooklyn, City of New York, expired on February 15, 1907. The matter of the renewal of the lease was referred to the Honorable Thomas H. Williams, Justice presiding over this court, in order to ascertain whether the lease should be renewed, and in reply thereto, in a communication addressed to the Commissioners of the Sinking Fund, he states that the premises in question are well adapted for the purposes of a court and that in the whole court district, with which he is entirely familiar, there is not another suitable building conveniently located, and that the premises are in excellent repair and situated at the most convenient and accessible point in the district.

The rent that has been paid in the past was at the rate of \$2,500 per annum. The lessor made every effort to increase the rent, but after negotiation with this office she has consented to renew the lease upon the same terms and conditions for a period of three years.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the portion of the building No. 14 Howard avenue, in the Borough of Brooklyn, occupied for court purposes, for a period of three years from February 15, 1907, at an annual rental of \$2,500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Fannie Spangenthal.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of premises No. 14 Howard avenue, Borough of Brooklyn, occupied by the Fourth District Municipal Court, for a period of three years from February 15, 1907, at an annual rental of two thousand five hundred dollars (\$2,500), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Fannie Spangenthal; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted, and the resolution unanimously adopted.

The following communication was received from the Chief Engineer, Triangulation Bureau, relative to a renewal of the lease of offices at No. 186 Remsen street, Borough of Brooklyn:

March 21, 1907.

Hon. N. TAYLOR PHILLIPS, Deputy Comptroller and Secretary to the Commissioners of the Sinking Fund:

DEAR SIR—The lease of the offices occupied by the Triangulation Bureau in the Franklin Building, No. 186 Remsen street, Borough of Brooklyn, will expire on May 1, and the agent of the building has advised me that the rental after that date will be at the rate of \$500 per annum, instead of \$485, which we are now paying. In view of the advance in rental values in Brooklyn, it seems to me that this increase of \$15 is not unreasonable, and I beg to ask that the Commissioners of the Sinking Fund authorize a renewal of the lease for these rooms at the rate of \$500 per annum.

I regret that I have overlooked bringing this matter to your attention until the present time.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 23, 1907.

Recommend that the lease of Rooms Nos. 24 and 25, in the Franklin Building, No. 186 Remsen street, Borough of Brooklyn, be renewed for a period of one year from May 1, 1907, at an annual rental of \$500, payable quarterly. This is an increase of \$15 annually, and is in my opinion reasonable. Otherwise upon the same terms and conditions as contained in the existing lease. Lessor, David G. Leggett.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms Nos. 24 and 25, in the Franklin Building, No. 186 Remsen street, Borough of Brooklyn, for use of the Engineer in charge of the triangulation of The City of New York, for a period of one year from May 1, 1907, at an annual rental of five hundred dollars (\$500), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, David G. Leggett; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of The Bronx relative to a renewal of leases of the following premises:

Premises on the westerly side of Macomb's Dam road, near Jerome avenue.

Premises on the south side of Tremont avenue, west of the Southern boulevard, Borough of The Bronx.

NEW YORK, March 15, 1907.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The lease of the premises occupied by the Bureau of Sewers on the westerly side of Macomb's Dam road, near Jerome avenue, expired March 3, 1907; the owner of the premises is Edward P. Wood, and the rent is \$360 per annum.

The lease of the premises on the south side of Tremont avenue, west of the Southern boulevard, occupied as a storage yard, will expire on April 1, 1907; the owner of these premises is Adah M. McDermott, and the rent is \$400 per annum.

I would respectfully request that the Commissioners of the Sinking Fund authorize the renewal of the above leases for another year upon the same terms and conditions contained in the present leases.

Yours truly,
LOUIS F. HAFFEN,
President, Borough of The Bronx.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

March 23, 1907.

Recommended that the lease of the premises occupied by the Bureau of Sewers on the westerly side of Macomb's Dam road, near Jerome avenue, in the Borough of The Bronx, be renewed for a period of one year from March 3, 1907, at an annual rental of \$360, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Edward P. Wood.

And be it further recommended that the lease of the plot of land on the south side of Tremont avenue, west of the Southern boulevard, in the Borough of The Bronx, occupied as a storage yard by the President of the Borough of The Bronx, be renewed for a period of one year from April 1, 1907, at an annual rental of \$400, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Adah M. McDermott.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Adah M. McDermott, of the plot of land on the south side of Tremont avenue, west of the Southern boulevard, in the Borough of The Bronx, occupied as a storage yard by the President of the Borough of The Bronx, for a period of one year from April 1, 1907, at an annual rental of four hundred dollars (\$400), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises occupied by the Bureau of Sewers of the President of the Borough of The Bronx, on the westerly side of Macomb's Dam road, near Jerome avenue, in the Borough of The Bronx, for a period of one year from March 3, 1907, at an annual rental of three hundred and sixty dollars (\$360), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Edward P. Wood; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolutions, relative to a renewal of the leases of the following premises, for the use of the Queens Borough Library:

1. No. 923 Steinway avenue, Long Island City, Borough of Queens.
2. Premises corner of Iroquois and Fulton avenues, Hollis, Borough of Queens.
3. Premises at Nos. 22 and 24 Herriman street, Jamaica, Borough of Queens.

March 18, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Alfred H. Schlesinger, Secretary of the Queens Borough Library, in a communication under date of March 7, 1907, addressed to the Commissioners of the Sinking Fund, requests a renewal of three leases of premises occupied by several of the branch libraries.

1. In regard to the lease of a portion of the premises occupied for library purposes, No. 923 Steinway avenue, Borough of Queens, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the said lease for a period of one year from May 8, 1907, at an annual rental of \$270, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Christoph Graeser.

2. In regard to the lease of the three rooms on the first floor of the premises on the southeasterly corner of Iroquois and Fulton avenues, Hollis, Borough of Queens, I would respectfully recommend that the Commissioners of the Sinking Fund

Fund authorize a renewal of the said lease for a period of one year from July 1, 1907, at an annual rental of \$500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Hollis Association.

3. In regard to the lease of the two rooms on the ground floor of the premises Nos. 22 and 24 Herriman street, Jamaica, Borough of Queens, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the said lease for a period of one year from May 1, 1907, at an annual rental of \$360, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Jamaica Lodge No. 247 I. O. O. F.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Christoph Graeser, of the store floor and part of the cellar of premises No. 923 Steinway avenue, Long Island City, Borough of Queens, for the use of the Queens Borough Library, for a period of one year from May 8, 1907, at an annual rental of two hundred and seventy dollars (\$270), payable quarterly, and on the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from the Hollis Association, of the three rooms on the first floor of the premises at the southeasterly corner of Iroquois and Fulton avenues, Hollis, Borough of Queens, for the use of the Queens Borough Library, for a period of one year from July 1, 1907, at an annual rental of five hundred dollars (\$500), payable quarterly, and on the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Jamaica No. 247, I. O. O. F., of the two rooms on the ground floor of Fraternity Hall, Nos. 22 and 24 Herriman street, near Fulton avenue, Jamaica, Borough of Queens, for the use of the Queens Borough Library, for a period of one year from May 1, 1907, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly, and on the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Brooklyn Disciplinary Training School for Boys, relative to a renewal of the lease of offices at Nos. 4 and 5 Court square, Borough of Brooklyn:

March 27, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, No. 280 Broadway, New York City:

DEAR SIR—I am requested to ask for an extension of the lease on the offices of this institution at Nos. 4 and 5 Court square for term of one year at a rental of \$480, payable quarterly, due authority for which is embodied in the minutes of the regular meeting of the Board of Management, held at the institution's offices, Nos. 4 and 5 Court square, on March 19, 1907, and is as follows:

"On motion of Dr. M. T. Lewis, which was duly seconded, that the report of the Superintendent be received and adopted, and that the recommendations therein contained be carried out, relative to taking a lease of the rooms of the Central Office for one year at the rate of \$480 per annum, and that bills of same be forwarded to the Sinking Fund Commission." Seconded and carried.

Trusting that the foregoing will be found sufficient for the extension of the lease for the term mentioned, I remain,

Very respectfully,

M. T. LEWIS, Secretary Pro Tem.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 28, 1907.

Recommended that the lease of rooms Nos. 44 and 45 on the sixth floor of the building, Nos. 4 and 6 Court square, in the Borough of Brooklyn, be renewed for a period of one year from October 15, 1906, at an annual rental of \$480, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Kings County Jeffersonian Association.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of Rooms Nos. 44 and 45, on the sixth floor of the building, Nos. 4 and 5 Court square, Borough of Brooklyn, for the use of the Brooklyn Disciplinary Training School for Boys, for a period of one year from October 15, 1906, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Kings County Jeffersonian Association; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing a renewal of the lease to the City of premises No. 42 North Prince street, Flushing, Borough of Queens, for the use of the Police Department (see page 3817):

March 21, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Theodore A. Bingham, Commissioner of the Police Department, in a communication under date of February 21, 1907, addressed to the Commissioners of the Sinking Fund, requests that the resolution adopted by that Board on January 30, 1907, authorizing a renewal of the lease of the premises No. 42 North Prince street, Flushing, Borough of Queens, be amended by making the annual rental thereof \$1,500 instead of \$1,200, it having been provided in the original lease that a renewal might be had for five years at \$1,500 per annum.

The original resolution for the lease of these premises was adopted on June 25, 1902, said resolution providing that the renewal term shall be at the rate of \$1,500 per annum, which amount in my opinion is reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of January 30, 1907, in regard to the above matter by inserting therein as the rental for

the premises "at an annual rental of \$1,500," instead of "at an annual rental of \$1,200."

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held January 30, 1907, authorizing a renewal of the lease to the City of premises No. 42 North Prince street, Flushing, Borough of Queens, for use of the Police Department for a period of five years from May 1, 1907, at an annual rental of twelve hundred dollars (\$1,200), be and the same is hereby amended by substituting "fifteen hundred dollars (\$1,500)" as the rental in place of "twelve hundred dollars (\$1,200)."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Police Department, relative to a lease of premises No. 98 John street, running through to No. 17 Platt street, Borough of Manhattan:

February 27, 1907.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute a lease from Frances L. Glover, No. 80 William street, of the premises No. 98 John street, running through to No. 17 Platt street, for two years from May 1, 1907, at the rental of \$6,000 per annum, for the purposes of a temporary station house for the First Police Precinct, to be used during the construction of a new building in Old slip on the ground and premises now occupied as a station house for the First Police Precinct.

The following information is given in pursuance of circular of the Commissioners of the Sinking Fund dated January 10, 1906:

1. Full name of the owner? Frances L. Glover, represented by Bryan L. Kennelly, agent, No. 7 Pine street.

2. A full description of the property? Premises No. 98 John street, running through to No. 17 Platt street, being 25.3 in width on John street, and 19.11 in width on Platt street.

3. Term of proposed lease and if it includes privilege of renewal? Two years from May 1, 1907.

4. Rental, and how payable? \$6,000 per annum, payable quarterly in advance.

5. Particulars as to alterations and repairs? The City to keep the building in good repair during the term of the lease, and to pay all taxes and fire insurance on the building, which is to be surrendered at the expiration of the lease in as good condition as when received, the whole or any part of any improvements which may be made to the building to be left in the same if the owner so elects.

6. Does the owner pay water rent? The City to pay water rent.

7. Does the owner pay for light, heat and janitor service? No.

8. The necessity for the lease? Temporary use as a police station during the construction of the new building in Old slip, now occupied as a station house for the First Precinct.

9. Are premises recommended the most reasonable that can be secured in the neighborhood for the purposes desired? Yes.

10. From what appropriation is the rental to be paid, and is it sufficient to cover? Application has been made for the issue of Special Revenue Bonds for payment of rent.

Ordered, That a copy of the communication from Bryan L. Kennelly, representing Frances L. Glover, dated February 23, 1907, with diagram of premises, be respectfully forwarded to the Commissioners of the Sinking Fund.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioner of the Department of Police in a communication dated February 27, addressed to the Commissioners of the Sinking Fund, requests that the Commissioners of the Sinking Fund authorize the Comptroller to execute a lease from Frances L. Glover of the premises No. 98 John street, running through to No. 17 Platt street, Borough of Manhattan, for a term of two years from May 1, 1907, at an annual rental of \$6,000, for the purpose of a temporary station house for the First Police Precinct station, said premises to be used during the construction of the new building in Old slip, on the ground and premises now occupied as a station house for the First Police Precinct.

In addition to the \$6,000 named by the Police Commissioner, the City is to pay the water rent, pay for heat, light and janitor service; pay the fire insurance premium on \$27,500; pay the taxes and keep the building in good repair during the term of the lease, and at the expiration of the lease to surrender the premises in as good condition as when received, and the whole or any part of any improvements which may be made to the building by the City, if the owner so elects.

I have had an examination made of the premises, and find that No. 98 John street is a four-story and basement store and loft building, 25 feet 3 inches by 90 feet 2 inches by 25 feet 3 inches by 87 feet 3 inches. No. 17 Platt street is covered by a similar building, the size of the plot being 19 feet 11 inches by 35 feet by 22 feet 6 inches by 30 feet 9 inches. The assessed valuation for the year 1907 is \$73,000. That the water rates from September 19, 1905, to October 8, 1906, in both buildings, two meters, is \$42.40. That the insurance rate for a police station—that is, one tenant in the entire building—would be 30 cents, therefore the total rental would be about as follows:

Net rent asked.....	\$6,000 00
Taxes on \$73,000 assessment, at 1906 rate, 1.47890.....	1,079 60
Insurance on \$27,500, at 30 cents.....	82 50
Water rates, about.....	42 40

Total annual rental.....

\$7,204 50

The total annual rental will be in the vicinity of \$7,200, and will be about 6 1/2 per cent. of the actual value of the property. I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Commissioner of the Department of Police, and authorize a lease of the premises No. 98 John street, running through to No. 17 Platt street, in the Borough of Manhattan, for a period of two years from May 1, 1907, at an annual rental of \$6,000; the City to pay the water rent; to pay for light, heat and janitor service; to pay the taxes and to pay the fire insurance thereon; to make all the repairs to the interior and exterior of the building during the term of the lease, and at the expiration of said lease, should the owner so elect, to leave the whole or any part of any improvements which may be made by the City to the building upon said premises, and to surrender at the end of the term thereof in as good state and preservation as when received, wear and tear and damage by the elements excepted. Lessor, Frances L. Glover.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Frances L. Glover of the premises No. 98 John street, running through to No. 17 Platt street, in the Borough of Manhattan, for use of the Police

Department, for a period of two years from May 1, 1907, at an annual rental of six thousand dollars (\$6,000), payable quarterly; the City to pay for light, heat, janitor service, water rent, taxes and fire insurance thereon, and make all the repairs to the interior and exterior of the building during the term of the lease, and at the expiration of the lease, should the owner so elect, to leave the whole or any part of any improvements which may be made by the City to the building upon said premises, and to surrender at the end of the term thereof in as good state and preservation as when received, wear and tear and damage by the elements excepted; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report recommending that the Commissioners of the Sinking Fund rescind their resolution of December 13, 1905, designating the building to be erected at the intersection of the northeasterly side of Flatbush avenue and the southerly side of Sterling place, in the Borough of Brooklyn, as the place where the Sixth District Court shall be held, and adopt a new resolution assigning the same premises for the use of the Police Department of The City of New York.

Which was laid over.

The following communication was received from the Police Department, requesting that the resolution adopted January 30, 1907, authorizing a renewal of the lease of premises corner of Coney Island and Foster avenues, Borough of Brooklyn, be rescinded, and that a lease be authorized of premises on the northeasterly corner of Lawrence avenue and Ocean boulevard, Borough of Queens:

March 29, 1907.

To the Honorable Commissioners of the Sinking Fund:

GENTLEMEN—The Police Commissioner this day

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to rescind the resolution adopted January 30, 1907, authorizing the Comptroller to execute renewal of lease from Seger & Gross of premises corner of Coney Island and Foster avenues, in the Borough of Brooklyn, for a station house for the Seventy-second Precinct, for one year from May 1, 1907.

Ordered, That the Commissioners of the Sinking Fund be and are hereby respectfully requested to authorize the Comptroller to execute a lease from Minerva J. Neilson of premises on the northeast corner of Lawrence avenue and Ocean boulevard, for a station house for the Seventy-second Police Precinct, for two years from May 1, 1907, at the annual rental of \$1,200, with privilege of renewal upon the same terms and conditions for a term of two years.

Further information as to covenants and agreements in said proposed lease is in possession of the Real Estate Bureau of the Finance Department.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

March 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at their meeting held January 30, 1907, adopted a resolution authorizing the renewal of the lease of the premises situated at the corner of Coney Island and Foster avenues, in the Borough of Brooklyn, occupied by the Police Department, for one year from May 1, 1907, at an annual rental of \$1,440, payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Seger & Gross. The lessors refused to sign the lease unless they obtained a rental of \$1,800 per annum, which was considered excessive by this office, and steps were taken to obtain new quarters for the use of the Seventy-second Precinct Police Station, and after an investigation it was ascertained that the premises on the northeasterly corner of Lawrence avenue and Ocean Boulevard, Borough of Brooklyn, would be suitable for the use of the said department, the rental asked for the premises being \$1,200 per annum, which price in my opinion is not excessive.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the premises on the northeasterly corner of Lawrence avenue and Ocean Boulevard, Borough of Brooklyn, for a station house for the Seventy-second Police Precinct, for a period of two years from May 1, 1907, at an annual rental of \$1,200, payable quarterly, with the privilege of renewal upon the same terms and conditions for a further term of two years; the City to make the necessary repairs and pay the water rent for the premises. Lessor, Minerva J. Neilson.

I would further recommend that the Commissioners of the Sinking Fund rescind their resolution of January 30, 1907, relative to the lease of the premises on the corner of Coney Island and Foster avenues, Borough of Brooklyn.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held January 30, 1907, authorizing a renewal of the lease to the City of premises situated at the corner of Coney Island and Foster avenues, Borough of Brooklyn, for the use of the Police Department, be and the same is hereby rescinded.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Minerva J. Neilson, of the premises on the northeasterly corner of Lawrence avenue and Ocean Boulevard, Borough of Brooklyn, for the use of the Police Department for a station house for the Seventy-second Police Precinct, for a period of two years from May 1, 1907, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly, with the privilege of renewal upon the same terms and conditions for a further term of two years; the City to make the necessary repairs and pay the water rent for the premises; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Corporation Counsel, replying to the request of the Commissioners of the Sinking Fund for information, relative to the Change of Grade Damage Commission:

NEW YORK, March 27, 1907.

Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

SIRS—Under date of the 22d inst. I received from Mr. N. Taylor Phillips, your Secretary, copy of resolution adopted by you on March 20, 1907, which reads as follows:

"Resolved, That the Corporation Counsel be and is hereby requested to advise the Commissioners of the Sinking Fund relative to the necessity of continuing the work

of the Change of Grade Damage Commission, as to the work already performed and the status of the work still to be performed, and as to how long Room No. 138 in the Stewart Building, No. 280 Broadway, occupied by said Commission, will be required.

In the month of June, 1906, the Change of Grade Damage Commission practically closed the trial of all cases, claims for which had been filed in pursuance of chapter 537 of the Laws of 1893, as amended by chapter 567 of the Laws of 1894, when they were confronted with 909 new claims filed against the City in pursuance of chapter 747 of the Laws of 1905. The Commission have taken up the trial of these new cases and at the present time some 65 or 70 have been tried and submitted.

On behalf of the City I have raised a proposition that some 400 of the claims should be entirely thrown out because the same do not appear upon a map showing the area within which grades are changed which was filed, pursuant to chapter 721 of the Laws of 1887, and a test case, namely, Claim 1616, William Waldorf Astor, claimant, was tried and determined by the Change of Grade Damage Commission, the said Commission dismissing the claim. Attorneys for the claimant have issued certiorari and the Appellate Division of the First Department will hear the same during the May term. Should the decision of the Commissioners be sustained, as I have said, about 400 of these 909 cases will fall with it. As to the remaining 500 cases considerable time will have to be given to the disposition of the same, as it will be necessary for me to raise many new points in connection with some of these claims.

There are, however, a considerable number of claims that are within the true intent and meaning of the original acts creating this Commission and truly within the spirit of the legislation of 1905, and it is only these cases that the Commission are at the present time considering.

As to the length of time required to close up this work it is impossible at this time to venture an opinion. However, for at least a year or two there will be all the work that the Commission can handle in closing up the claims in which the only question in dispute is as to the amount of the claimant's recovery.

I might add that my assistant in charge of the trial of these proceedings complains of the limited room in which the proceedings are being held. Ten cases are taken up on trial day, which necessitates the attendance of some 15 to 20 witnesses, and the result is that the small room in which the Commissioners sit is full to suffocation, and I would suggest in this report that larger and better accommodations should be secured for this Commission.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Which was ordered printed in the minutes and laid over.

The following petition was received from Robert Given, for a release or quit-claim of the City's interest in a portion of the Old Clove road, in the Borough of Brooklyn:

To the Board of Sinking Fund Commissioners of The City of New York:

The petition of Robert Given respectfully shows:

First—That your petitioner resides at No. 359 Montgomery street, in the Borough of Brooklyn, and is the owner in fee and claims title to the premises hereinafter described, which said premises are more fully shown on the diagrams attached hereto and marked Exhibits "A" and "B."

Second—That one Margaret C. Given acquired title to said premises by the following two deeds:

Deed from Matthias W. Cole, as Registrar of Arrears of the City of Brooklyn, dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 382, on September 19, 1887; that said deed conveyed premises described as follows: Lot No. 16 on Block 35, Assessment Map of the Twenty-fourth Ward of the then City of Brooklyn. That the premises conveyed by said last mentioned deed are shown as Parcel "B" on the annexed diagram.

Deed from Matthias W. Cole, as Registrar of Arrears of the City of Brooklyn, to Margaret C. Given, dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 353 on September 19, 1887; that the premises described in said last mentioned deed are known as Lot No. 17 on Block 36 on the Assessment Map of the Twenty-fourth Ward of the then City of Brooklyn, and are further shown on the annexed diagram as Parcel "A."

Third—The two last mentioned deeds were executed and delivered to Margaret C. Given, as aforesaid, by the Registrar of Arrears of the City of Brooklyn, pursuant to the provisions of an act passed March 16, 1883, providing for the sale of property in fee simple in the City of Brooklyn for arrears of taxes.

That Margaret C. Given duly procured the service of the necessary notice upon the owners of said premises, as provided for in said act, and duly published said notice pursuant to an order of Hon. Edgar M. Cullen, one of the Justices of the Supreme Court; said order and the proofs of publication required thereby were duly filed in the office of the Clerk of the County of Kings, and that thereby as petitioner has been informed and believes said Margaret C. Given acquired a good title in fee simple to the premises conveyed by said last mentioned deeds.

Fourth—That thereafter by deed dated August 29, 1889, said Margaret C. Given duly conveyed to your petitioner Robert Given the said premises, which were conveyed to said Margaret C. Given as aforesaid, and that said last mentioned deed to your petitioner was duly recorded in the office of the Register of the County of Kings in Liber 1912 of Conveyances at page 93 on September 7, 1889, and that petitioner has been in possession of said premises since the date of said last mentioned deed and still is in possession of same, claiming the same in fee simple absolute.

Fifth—That the premises conveyed by said last mentioned deeds were formerly a part of the Old Clove road, in the City of Brooklyn, and that by reason thereof a question has been raised as to the title thereto, and that as deponent has been advised it is claimed that some right, title or interest in said premises is still vested in the municipality of The City of New York by reason of the said premises having been formerly a part of said Old Clove road.

Sixth—Petitioner further shows that the right, title and interest of The City of New York, if any, in the premises described in the aforesaid deeds from the Registrar of Arrears of the former City of Brooklyn, as your petitioner set forth, is a mere cloud upon the title of your petitioner in said premises and a hindrance to your petitioner in his ownership of same, and petitioner therefore asks that a quit claim deed be executed by The City of New York, as provided for in section 205 of the Charter of The City of New York, releasing to your petitioner all the right, title and interest of the said The City of New York in said premises. The following is a description of the premises which your petitioner desires to have released and quit-claimed to him as aforesaid:

Parcel A—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York, being known as Lot No. 16 in Block 35 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, and being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole, as Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 382 on September 19, 1887.

I. The said premises being all that part of the Old Clove road lying in the Borough of Brooklyn, in the block bounded by Nostrand avenue, Crown street, New York avenue and Montgomery street.

Parcel B.

All that certain lot of land situate, lying and being in the Borough of Brooklyn of The City of New York being known as Lot No. 17 in Block 36 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole, as Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 353 on September 19, 1887, being all that portion of the Old Clove road in the block bounded by Nostrand avenue, Carroll street, New York avenue and Crown street, excepting therefrom so much of said Old Clove road as is included in the following described premises:

Beginning at a point on the southerly side of Carroll street, distant two hundred and twenty-nine (229) feet six (6) inches easterly from the corner formed by the intersection of the southerly side of Carroll street with the easterly side of Nostrand avenue,

running thence southerly one hundred and twenty-eight (128) feet two and one-half (2½) inches, more or less, to a point distant two hundred and nineteen (219) feet four and one-half (4½) inches easterly from the easterly side of Nostrand avenue on a line drawn at right angles thereto; thence westerly along said last mentioned line two hundred and nineteen (219) feet four and one-half (4½) inches to the easterly side of Nostrand avenue, and thence northerly along the easterly side of Nostrand avenue one hundred and twenty-seven (127) feet nine and one-half (9½) inches to the point or place of beginning.

In connection therewith the Comptroller presented the following report with opinion of the Corporation Counsel, and offered the following resolution:

February 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Robert Given, of No. 359 Montgomery street, Borough of Brooklyn, in a verified petition addressed to the Commissioners of the Sinking Fund, states in substance that the Registrar of Arrears of the City of Brooklyn, acting under the provisions of chapter 114 of the Laws of 1883, issued two deeds to Margaret C. Given, one being a deed for Lot No. 16 in Block 35 of the Twenty-fourth Ward, sold for the non-payment of taxes, amounting to \$56.90, on June 16, 1886, said certificate of sale being registered in Liber 83 by the certificate No. 3941; the other deed being Lot No. 17 in Block 36 of the Twenty-fourth Ward, sold for the non-payment of taxes, amounting to \$60.56, on June 3, 1886, the sale being registered in Liber 83 by the certificate No. 4952.

He states in the petition that the premises conveyed by the deeds were formerly part of the old Clove road, in the City of Brooklyn, and by reason thereof, a question has been raised as to the title thereto, and that he has been advised that some right, title and interest in said premises is still vested in the Municipality of The City of New York by reason of the said premises having been formerly part of said old Clove road. He further states that the said right, title and interest, if any, is a mere cloud upon the title of your petitioner in his ownership, and therefore requests that the Commissioners of the Sinking Fund authorize a release or quit-claim from The City of New York, as provided by section 205 of the amended Greater New York Charter, and describes the two lots in question.

Chapter 114 of the Laws of 1883, otherwise known as the "Evarts Act," authorized the Registrar of Arrears to sell at public auction properties in the City of Brooklyn for the non-payment of taxes; that such properties should be sold to the highest bidder for an amount not less than that fixed by the Board of Assessors of said City under the provisions of the act, and that after notices had been served by the purchaser upon persons in interest, that the notices should be filed in the office of the Registrar of Arrears; that after the expiration of one year from the date of the filing of said notices, the Registrar of Arrears was to deliver a deed of the premises to the purchaser, provided of course that the same had not been redeemed from the operation of the sale.

If this was the old Clove road, as stated by the petitioner, taxes were levied by the Board of Assessors thereon, as is shown by a certificate of the Board. Supposing that at the time Nostrand avenue was legally opened the old Clove road was closed, the title reverted to the property owners adjoining on both sides.

Margaret C. Given must have served notices upon the fee title owners before she could have obtained her deed, and from the records in the office of the Registrar of Arrears, now Collector of Assessments and Arrears, it appears that such notices were served. If Robert Given thinks that he will strengthen his title in any way by a release of the interest of the City to these two parcels of land, I see no reason why the Commissioners of the Sinking Fund should not, in accordance with said section of the Charter, release or quit-claim the interest of The City of New York in and to these two parcels upon the payment of the sum of \$10 for each of the parcels released, being \$1 for the release and \$100 for the expense of examination, etc.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize that upon the payment of the sum of \$202, a release or quit-claim be issued to Robert Given of two parcels of land described as follows:

Parcel A.—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, of The City of New York, being known as Lot No. 16, in Block 35, on the assessment map of the Twenty-fourth Ward of the former City of Brooklyn, and being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole as Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Registrar of the County of Kings in Liber 1761 of Conveyances, at page 382, on September 19, 1887.

Parcel B.—All that certain lot of land situate, lying and being in the Borough of Brooklyn, of The City of New York, being known as Lot No. 17, in Block 36, on the assessment map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole, as Registrar of Arrears of the City of Brooklyn, by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances, at page 353, on September 19, 1887.

I would further recommend that the matter be referred to the Corporation Counsel for his opinion, and if he agrees with this report, that the interest of The City of New York is not material and a mere cloud upon the title of a private owner, and shall so certify, that he be requested to prepare quit-claim deeds in triplicate for the purpose of carrying out the provisions of the resolution of the Commissioners of the Sinking Fund. The deeds to be delivered only upon the purchaser producing evidence that all taxes, assessments, water rates and sales for the same since the time of the original delivery of the deed by the Registrar of Arrears to his predecessor in title shall have been paid.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Hon. HERMAN A. METZ, Comptroller:

SIR—I am in receipt of a letter signed by N. Taylor Phillips, Deputy Comptroller, dated February 8, 1907, transmitting for my consideration a petition of Robert Given, for a release of the City's interest in part of the Old Clove road, in the Borough of Brooklyn, together with a report made to you by the appraiser of real estate. I am asked to examine the same and if I find that the interest of the City is not material, to so certify and prepare and approve three deeds in triplicate in order that when the Commissioners of the Sinking Fund take action the same may be ready for signature. You request in your letter, that if I find that the interest of the City is material, I so certify in order that the City may take action upon that point.

In reply thereto I would say that this application is similar to many others in which opinions have been rendered by the Corporation Counsel in relation to this road.

In accordance with the opinions heretofore given I hereby certify that the interest of the City in so much of Old Clove road in the Borough of Brooklyn as is located within the area of the property owned by Robert C. Given, which property is more particularly described hereinafter, is a mere cloud upon the title of a private owner. Said property is bounded and described as follows:

Parcel A.—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York being known as Lot Number 16 in Block 35 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole as Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 382 on September 19, 1887.

Parcel B.—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York, being known as Lot Number 17 in Block 36 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole, Registrar of Arrears of the City of Brooklyn, by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 353 on September 19, 1887.

I have prepared proper releases in triplicate and approved same in accordance with your request, and I transmit same herewith.

Very respectfully,

C. L. STERLING,
Acting Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Robert Given, of all the right, title and

interest of The City of New York in so much of the old Clove road, in the Borough of Brooklyn, as is located within the area of the property owned by Robert Given, which property is more particularly described as follows:

Parcel A—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York, being known as Lot Number 16 in Block 35 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole as Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 382 on September 19, 1887.

Parcel B—All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York, being known as Lot Number 17 in Block 36 on the Assessment Map of the Twenty-fourth Ward of the former City of Brooklyn, being the same premises which were conveyed to Margaret C. Given by Matthias W. Cole, Registrar of Arrears of the City of Brooklyn by deed dated September 7, 1887, and recorded in the office of the Register of the County of Kings in Liber 1761 of Conveyances at page 353 on September 19, 1887.

—the Corporation Counsel having certified under date of March 20, 1907, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and that the expenses of such release, examination, etc., be and is hereby fixed at \$200 to be paid by the petitioner and evidence produced that all taxes, assessments and water rates and sales for the same since the time of the original delivery of the deed by the Registrar of Arrears to his predecessor in title have been paid before the delivery of such release.

The report was accepted and the resolution unanimously adopted.

A petition was received from John C. Rodgers for a release of the interest of the City in certain property between Two Hundred and Sixth and Two Hundred and Eighth streets, east of Ninth avenue to the Harlem river, being the property between the high water mark and the bulkhead line of the Harlem river, Borough of Manhattan, and the Comptroller presented a report thereon.

Which was referred back to the Comptroller for a further report.

The Comptroller presented the following report and offered the following resolution, relative to a sale at public auction of Tax Sale Certificate No. 1279, on property located in the former Fourth Ward of the Borough of Brooklyn known as Lot No. 27, Block 37 (now Lot No. 33, in Block 1141):

March 22, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York, as successor to the City of Brooklyn, acquired under and by virtue of the provisions of chapter 114 of the Laws of 1883, a certificate of tax sale of property located in the former Fourth Ward of the Borough of Brooklyn, known as Lot No. 27 in Block 37 (now Lot No. 33 in Block 1141), said certificate being registered in the office of the Collector of Assessments and Arrears in Liber 83 of Tax Sales, by the certificate No. 1279.

Mr. John H. Gelhardt, Jr., of No. 1090 Fulton street, Borough of Brooklyn, has presented to this office a request for the sale of said certificate, and is willing to bid the sum of \$1,000 for the assignment of the same. It would cost to redeem the property from the operation of said sale the sum of \$266.23, together with bonus, interest and taxes to date.

In accordance with the provisions of section 221 of the Greater New York Charter, the Commissioners of the Sinking Fund have jurisdiction over the sale of these certificates, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution in accordance with the said section, that the said certificate be disposed of at public auction at a minimum or upset price of \$1,000, which sum in my opinion is sufficient to subserve the interests of the City in the matter, together with \$12.50 for the necessary assignment of said certificate, and that the Comptroller be authorized to assign the said certificate to the purchaser thereof.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 221 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize the Comptroller to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York in a certain Tax Sale certificate of property located in the former Fourth Ward of the Borough of Brooklyn, known as Lot No. 27 in Block 37 (now Lot No. 33 in Block 1141), said certificate being registered in the office of the Collector of Assessments and Arrears in Liber 83 of Tax Sales, by the certificate No. 1279; the minimum or upset price at which said certificate is to be sold is hereby appraised and fixed at one thousand dollars (\$1,000), and the Comptroller is hereby authorized to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of said certificate as purchase money at the time of the sale, which sum shall not be less than one thousand dollars (\$1,000), together with the further sum of twelve dollars and fifty cents (\$12.50) for the necessary assignment of said certificate.

The assignment of the certificate of sale for taxes duly executed by the proper officer will be delivered to the purchaser at the time of sale and shall be taken by the purchaser without recourse.

The Comptroller may at his option resell the certificate if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith shall be held liable for the cost and expenses of resale.

The right to reject any bid is reserved.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and offered the following resolution, relative to a refund of \$100 to Albert Roselli or Ehrenberg & Manne, his attorneys, being amount of fine imposed and collected and refunded by order of Court:

March 26, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In Court of Special Sessions, Second Division, Borough of Brooklyn, on August 24, 1906, one Albert Roselli was convicted of assault, third degree, and fined \$100. The fine was paid to the Sheriff of Kings County and deposited to the credit of the Sinking Fund for the Payment of the Interest on the City Debt.

The Appellate Division of the Supreme Court, Second Department, Borough of Brooklyn, reversed the judgment of the lower Court and by order entered March 13, 1907, the Comptroller "is directed to pay to the above named appellant, Albert Roselli

or Messrs. Ehrenberg & Manne, his attorneys, the sum of one hundred dollars (\$100), the amount of fine herein remitted," etc.

A resolution pursuant to said order is herewith submitted.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. METZ, Comptroller.

Resolved, That a warrant payable from Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of Albert Roselli, or Ehrenberg & Manne, his attorneys, for the sum of one hundred dollars (\$100), amount of fine imposed upon and collected from the said Roselli by Court of Special Sessions, Second Division, Borough of Brooklyn, and refunded by order of Appellate Division of Supreme Court, Second Judicial Department, Borough of Brooklyn, entered March 13, 1907.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to resolution adopted by the Armory Board, accepting the bid of the Interborough Supply Company, for article No. 3, furniture, etc., Sixty-ninth Regiment armory, in the sum of \$24,794:

March 25, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held March 21, 1907, the following was adopted:

"Resolved, That the bid of the Interborough Supply Company, No. 271 Broadway, Borough of Manhattan, for Article No. 3, furniture, etc., Sixty-ninth Regiment armory, in the sum of \$24,794, be accepted as being the lowest formal bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders."

I would report: On March 21, 1907, the Armory Board received and opened the following bid for furniture, etc., in the Sixty-ninth Regiment armory, Borough of Manhattan:

Interborough Supply Company..... \$24,794 00

The bid, \$24,794 of the Interborough Supply Company for this work being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution of the Armory Board, adopted at meeting held March 21, 1907:

"Resolved, That the bid of the Interborough Supply Company, No. 271 Broadway, Borough of Manhattan, for Article No. 3, furniture, etc., Sixty-ninth Regiment armory, in the sum of \$24,794, be accepted as being the lowest formal bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected, and the Comptroller requested to return the deposits received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an issue of Corporate Stock to the amount of \$1,500 for electric lighting in the Eighth Regiment armory:

March 26, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board, held February 14, 1907, the following was adopted:

"Resolved, That an appropriation of fifteen hundred dollars (\$1,500) be and is hereby made for electric lighting in the Eighth Regiment armory; that the Commissioners of the Sinking Fund be requested to concur therein and authorize the Comptroller to issue bonds to provide payment therefor; and that the Secretary be directed to advertise for bids or proposals therefor."

I find from examination of the specifications submitted and from interviews with the architect that it is proposed to use this money to install electric ducts, cables and wires so as to equip with lights the rifle and pistol ranges, boiler rooms, Colonel's room and Armorer's room in this armory.

At present no part of the building is equipped for electric lights, and this plan provides that the equipment under consideration shall fit in with the general electric lighting scheme for the entire armory, whenever the larger work is undertaken.

I therefore recommend that the Commissioners of the Sinking Fund concur in the resolution of the Armory Board appropriating \$1,500 for equipping a portion of the Eighth Regiment armory with electric wiring and lights, and that the Comptroller be authorized to issue bonds to the amount of \$1,500 for this purpose.

Respectfully

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held February 14, 1907, adopted the following resolution:

"Resolved, That an appropriation of fifteen hundred dollars (\$1,500) be and is hereby made for electric lighting in the Eighth Regiment armory; that the Commissioners of the Sinking Fund be requested to concur therein and authorize the Comptroller to issue bonds to provide payment therefor; and that the Secretary be directed to advertise for bids or proposals therefor."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment therefor the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to the amount of fifteen hundred dollars (\$1,500), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to resolution adopted by the Armory Board, accepting the bid of Louis Wechsler for Article No. 2, kalamine doors, etc., Sixty-ninth Regiment armory, in the sum of \$4,730:

March 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board, held March 21, 1907, the following was adopted:

"Resolved, That the bid of Louis Wechsler, No. 1133 Broadway, Borough of Manhattan, for Article No. 2, kalamine doors, etc., Sixty-ninth Regiment armory, in the sum of \$4,730, be accepted as being the lowest formal bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved, the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the Comptroller requested to return the deposits received from the unsuccessful bidders."

I would report: On March 21, 1907, the Armory Board received and opened the following bids for furnishing kalamine doors, etc., in the Sixty-ninth Regiment Armory, Borough of Manhattan:

Louis Wechsler	\$4,730 00
Neptune B. Smyth	5,400 00
Interborough Supply Company	5,586 00

The bid, \$4,730, of Louis Wechsler for this work being the lowest, I think the Commissioners of the Sinking Fund may properly concur in the action of the Armory Board.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution, adopted by the Armory Board at meeting held March 21, 1907:

"Resolved, That the bid of Louis Wechsler, No. 1133 Broadway, Borough of Manhattan, for Article No. 2, kalamine doors, etc., Sixty-ninth Regiment armory, in the sum of four thousand seven hundred and thirty dollars (\$4,730), be accepted as being the lowest formal bid for said work; that the same be submitted to the Commissioners of the Sinking Fund for their concurrence, and to the Comptroller for his approval of the sureties thereon, and when so approved the Chairman of this Board be authorized to execute the contract on behalf of the Board; that all the other bids be rejected and the Comptroller requested to return the deposits received from the unsuccessful bidders."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an issue of Corporate Stock to the amount of \$28,500 for furnishing and installing a new floor in the main drill hall of the Thirteenth Regiment armory, in the Borough of Brooklyn:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held March 21, 1907, the following was adopted:

"Resolved, That the sum of \$28,500 be and is hereby appropriated for furnishing and installing a new floor in the main drill hall of the Thirteenth Regiment armory, in the Borough of Brooklyn; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide payment therefor; and that the Secretary be directed to advertise for bids or proposals for the same."

A new floor to take the place of the floor in the old drill hall is a necessity, owing to the fact that the sleepers under the old floor have rotted, allowing the floor to sink in an irregular fashion. Much of the flooring itself is also badly decayed.

The work being necessary, I think the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board and authorize the Comptroller to issue bonds to the amount of \$28,500 for furnishing and installing a new floor in the main drill hall of the Thirteenth Regiment armory, Borough of Brooklyn.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an issue of Corporate Stock to the amount of \$23,000 for altering the present and erecting new rifle ranges in the Thirteenth Regiment armory, in the Borough of Brooklyn:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board, held March 26, 1907, the following was adopted:

"Resolved, That an appropriation of \$23,000 be and is hereby made for altering the present, and erecting new, rifle ranges in the Thirteenth Regiment armory, in the Borough of Brooklyn (including architects' fees and inspection); that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide payment therefor, and that the Secretary be directed to advertise for bids or proposals for the same."

The present rifle ranges contain eight brackets, which are not sufficient to allow the necessary practice for the 1,300 men in the regiment; rifle practice is also considerably delayed by the smoke, owing to the defective ventilation in the present rifle ranges.

The amount, \$23,000, requested appears to be rather a close estimate.

The work, being a valuable and necessary improvement, I think the Commissioners of the Sinking Fund may properly concur in the resolution as requested by the Armory Board, and authorize the Comptroller to issue bonds to the amount of \$23,000 for altering present and erecting new rifle ranges in the Thirteenth Regiment armory, Borough of Brooklyn.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

Whereas, The Armory Board, at meeting held March 26, 1907, adopted the following resolution:

"Resolved, That an appropriation of \$23,000 be and is hereby made for altering the present, and erecting new, rifle ranges in the Thirteenth Regiment armory, in the Borough of Brooklyn (including architects' fees and inspection); that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide payment therefor, and that the Secretary be directed to advertise for bids or proposals for the same."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that, for the purpose of providing means for the payment therefor, the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of twenty-three thousand dollars (\$23,000), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report relative to an appropriation made by the Armory Board, of \$12,500, for furnishing, etc., in the two new company rooms L and M, in the armory of the Twenty-third Regiment, N. G. N. Y.:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board, held March 21, 1907, the following was adopted:

"Resolved, That an appropriation of \$12,500 be and is hereby made for furnishing, etc., in the two new company rooms L and M, in the armory of the Twenty-third Regiment, N. G. N. Y.; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide funds therefor, and that the Secretary be directed to advertise for bids or proposals for the work."

In my opinion, the City should furnish and decorate the new company rooms in a substantial manner, but without too much elaboration. In my opinion, \$10,000 will furnish and decorate these rooms handsomely and appropriately.

I would therefore advise that the Commissioners of the Sinking Fund do not concur in the resolution of the Armory Board, and suggest that the Armory Board be advised that \$10,000 is sufficient to do all the work which the City should properly do in furnishing and decorating the two company rooms L and M in the Armory of the Twenty-third Regiment, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The Colonel of the regiment appeared before the Board, and was heard in regard to the matter.

Discussion followed.

On motion, the matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

The Comptroller presented the following report and offered the following resolution, relative to an issue of Corporate Stock to the amount of \$1,500 for items of equipment and fixtures in completing the new armory for the Second Battalion Naval Militia:

March 28, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held March 21, 1907, the following was adopted:

"Resolved, That the sum of fifteen hundred dollars (\$1,500) be and is hereby appropriated, in addition to the sum heretofore appropriated, namely, \$8,500, making a total appropriation of \$10,000, for items of equipment and fixtures, in completing the new armory for the Second Battalion Naval Militia; that the Commissioners of the Sinking Fund be requested to concur therein and authorize the Comptroller to issue bonds to provide payment therefor; that the Secretary be directed to have the specifications revised and readvertise the work."

I would report: At meeting of the Armory Board held July 2, 1906, \$8,500 was appropriated for items of equipment and fixtures in completing the new armory for the Second Battalion Naval Militia, in the Borough of Brooklyn, and the Commissioners of the Sinking Fund, on July 18, 1906, concurred in the same and authorized the Comptroller to issue bonds to provide funds therefor.

Contracts and orders have been entered into and given by the Armory Board for Items Nos. 1, 2 and 4, as follows:

Article 1—Neptune B. Smyth (contract).....	\$5,971 00
Architect's fees	298 55
	<hr/>
Articles 2 and 4—Neptune B. Smyth (order).....	\$790 00
Architect's fees	39 50
	<hr/>
Amount appropriated	\$7,099 05
	<hr/>
Available balance for Article 3.....	8,500 00
	<hr/>
	\$1,400 95

It is found that it will require about \$2,000, including architect's fees, etc., to complete Article 3, which with the money on hand makes a deficit of \$1,500.

The only reason for the deficit is that the original estimate of \$8,500 was insufficient.

The additional amount, \$1,500, being necessary, I think the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board of March 21, 1907, and authorize the Comptroller to issue an additional amount of Corporate Stock of The City of New York in the sum of \$1,500 for items of equipment and fixtures in completing the new armory of the Second Battalion Naval Militia, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter, to the amount of fifteen hundred dollars (\$1,500), the proceeds whereof, together with eight thousand five hundred dollars (\$8,500) authorized at meeting held July 18, 1906, to be used for the payment of items of equipment and fixtures in completing the new armory of the Second Battalion Naval Militia, in the Borough of Brooklyn.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an issue of Corporate Stock to the amount of \$6,510 for furnishing alterations and improvements to the Third Battery armory in the Borough of Brooklyn:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board held March 21, 1907, the following was adopted:

"Resolved, That the sum of \$6,510 be and is hereby appropriated for furnishing, alterations and improvements to the Third Battery armory, in the Borough of Brooklyn (including architects fees); that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide payment therefor; and that the Secretary be directed to advertise for bids or proposals for the same."

I would report, that it is proposed to convert the two gun rooms on the first floor into one room by removing the brick dividing wall and supporting the floor above by steel beams and columns; to remove the old fire place in gun room and build new skylight; put in new cement floor in new room and corridor outside; sheath the walls and ceilings with North Carolina pine; build a gallery of steel with wooden flooring, enclose same with wire mesh; gallery to contain rows of steel lockers; put additional lights and change electric wiring in squad drill room; put new locks and wire mesh panels in 127 lockers in locker room; new hot water supply to twelve washbasins in men's lavatory, etc.

As \$6,510 is all that the Armory Board has appropriated, I would recommend that the appropriation be approved, although in my opinion \$6,510 is not a sufficient amount to do the work.

The work being necessary, I think the Commissioners of the Sinking Fund, may properly concur in the action of the Armory Board of March 21, 1907, and authorize the Comptroller to issue bonds to the amount of \$6,510 to provide for furnishing, alterations and improvements to the Third Battery armory, in the Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

The Comptroller presented the following report and offered the following resolution relative to the sale at public auction of tax sale certificate No. 1149, registered in the office of the Collector of Assessments and Arrears, Borough of Brooklyn, in Liber 83:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. John H. Gibson, of No. 5110 Fourteenth avenue, Borough of Brooklyn, in a communication dated March 19, 1907, answering a communication from this office dated March 13, 1907, offers the sum of \$200 for the City's interest in a tax sale certificate owned by the City, acquired under and by virtue of the provisions of chapter 114 of the Laws of 1883, registered in the office of the Collector of Assessments and Arrears, in the Borough of Brooklyn, in Liber 83 of Sales, by the certificate No. 1149, sold November 11, 1885, for

Mr. Gibson has agreed to take the assignment of the certificate in accordance with the provisions of section 221 of the amended Greater New York Charter and to pay all the taxes which are unpaid against the same. I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the sale of the said certificate, in accordance with the provisions of section 221 of the amended Greater New York Charter, at an upset price of \$200, upon the following

TERMS AND CONDITIONS.

The successful bidder shall pay the full amount of his bid at the time and place of sale, and in addition thereto, shall pay the sum of \$15 auctioneer's fee. That the certificate, duly assigned by the Comptroller, be delivered to the bidder at the time, the said certificate of sale to be assigned without recourse to the City.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 221 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize the Comptroller to sell at public auction, after due advertisement, for cash to the highest bidder, all the right, title and interest of The City of New York in a certain tax sale certificate registered in the office of the Collector of Assessments and Arrears, Bor-

ough of Brooklyn, in Liber 83 of Sales by the certificate No. 1149. The minimum or upset price at which said certificate is to be sold is hereby appraised and fixed at \$200, and the Comptroller is hereby authorized to take the necessary steps for making such sale upon the following

TERMS AND CONDITIONS.

The successful bidder shall pay the full amount of his bid at the time and place of sale, and in addition thereto, shall pay the sum of \$15 auctioneer's fee. That the certificate, duly assigned by the Comptroller, be delivered to the bidder at the time, the said certificate of sale to be assigned without recourse to the City.

The Comptroller presented the following report with opinion of the Corporation Counsel, relative to an amendment to resolution authorizing a release or quit-claim to the John H. Vanderveer Company of the City's interest in a portion of the Old Hunterfly road, in the Borough of Brooklyn:

March 30, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund at a meeting held November 14, 1906, adopted a resolution, pursuant to the provisions of section 205 of the Greater New York Charter, authorized a release or quit-claim to the John H. Vanderveer Company, a corporation organized and created under the Laws of the State of New York, of all the right, title and interests of The City of New York in and to that portion of the Old Hunterfly road, in the Borough of Brooklyn, included within the area of six blocks in said borough.

It appears that the description contained in the report of this Department was incorrect, inasmuch as it referred to the first description mentioned in the resolution, and the matter was referred to the Corporation Counsel under date of March 15, 1907, in order to determine whether the interest of The City of New York in and to the property described in the corrected description was material or nominal and merely a cloud upon the title of a private owner, and in reply thereto under date of March 25, 1907, he certified that the interest of the City is a mere cloud upon the title of a private owner. I would therefore respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund on November 14, 1906, relative to the above matter be amended by inserting therein as the first description contained in the resolution, as follows:

Beginning at the intersection of the northeasterly side of the Old Hunterfly road with the southerly side of Sutter avenue, which point is 92 feet 9½ inches west from the southwest corner of Sutter avenue and Saratoga avenue; running thence southerly at right angles with Sutter avenue to the centre line of Hunterfly road; running thence southeasterly along the centre line of the Old Hunterfly road to a point on the westerly side of Saratoga avenue, which is 81 feet 5 inches south of the southwesterly corner of Sutter avenue and Saratoga avenue; thence northerly along the westerly side of Saratoga avenue 36 feet 7½ inches to the northeasterly side of the old Hunterfly road, and thence running northwesterly along the northeasterly side of the Old Hunterfly road 103 feet 3/4 of an inch to the point or place of beginning.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

NEW YORK, March 25, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication of March 15, 1907, in which you ask whether the interest of The City of New York in the property hereinafter described is material or nominal and a mere cloud upon the title of a private owner.

This matter relates to a portion of the Old Hunterfly road, in the Borough of Brooklyn, and has already been passed upon by the Corporation Counsel in an opinion bearing date October 23, 1906. There seemed to have been an error in the description of the property and the purpose of your request is to correct that error.

I refer you to the opinion above mentioned for the reasons and conclusions reached and in accordance therewith, I hereby certify that the interest of The City of New York in the following described premises in the Borough of Brooklyn is a mere cloud upon the title of a private owner, to wit:

Beginning at the intersection of the northeasterly side of the Old Hunterfly road with the southerly side of Sutter avenue, which point is 92 feet 9½ inches west from the southwest corner of Sutter avenue and Saratoga avenue; running thence southerly at right angles with Sutter avenue to the centre line of Hunterfly road; running thence southeasterly along the centre line of the Old Hunterfly road to a point on the westerly side of Saratoga avenue, which is 81 feet 5 inches south of the southwesterly corner of Sutter avenue and Saratoga avenue; thence northerly along the westerly side of Saratoga avenue 36 feet 7½ inches to the northeasterly side of the Old Hunterfly road 103 feet 3/4 of an inch to the point or place of beginning.

I inclose herewith a proper deed of conveyance, duly approved as to form, together with two copies thereof.

Respectfully yours,

G. L. STERLING,
Acting Corporation Counsel.

Resolved, That the resolution adopted by this Board at meeting held November 14, 1906, authorizing a release or quit-claim to the John H. Vanderveer Company, a corporation organized and created under the Laws of the State of New York, of all the right, title and interest of The City of New York in and to all that portion of the old Hunterfly road, in the Borough of Brooklyn, included within the lines of the property described therein, be and the same is hereby amended by substituting in place of the first description reading as follows:

"Beginning at the intersection of the southeasterly side of the old Hunterfly road with the southerly side of Sutter avenue, which point is 92 feet 9½ inches west from the southwest corner of Sutter avenue and Saratoga avenue; running thence southerly and at right angles with Sutter avenue to the center line of Hunterfly road; running thence southeasterly along the centre line of the old Hunterfly road to a point on the westerly side of Saratoga avenue, which is 81 feet 5 inches south of the southwesterly corner of Sutter and Saratoga avenues; thence northerly along the westerly side of Saratoga avenue 36 feet 7½ inches to the point or place of beginning."

— the following:

"Beginning at the intersection of the northeasterly side of the old Hunterfly road with the southerly side of Sutter avenue, which point is 92 feet 9½ inches west from the southwest corner of Sutter avenue and Saratoga avenue; running thence southerly at right angles with Sutter avenue to the centre line of Hunterfly road; running thence southeasterly along the centre line of the old Hunterfly road to a point on the westerly side of Saratoga avenue, which is 81 feet 5 inches south of the southwesterly corner of Sutter avenue and Saratoga avenue; thence northerly along the westerly side of Saratoga avenue 36 feet 7½ inches to the northeasterly side of the old Hunterfly road, and thence running northwesterly along the northeasterly side of the old Hunterfly road 103 feet 3/4 of an inch to the point or place of beginning."

The Comptroller presented the following report and offered the following resolution relative to an application of F. W. Fiedor, Jr., for an extension of time in which to complete his purchase of property in the Borough of The Bronx, sold by the City:

April 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City of New York, by resolution of the Commissioners of the Sinking Fund, exposed for sale at public auction the interest of said City in and to certain portions of the beds of Craven and Worthen streets, East Bay avenue and Edgewater road, in the Borough of The Bronx, for the sum of \$40,100, the purchaser at the sale, F. W. Fiedor, Jr., having paid a 10 per cent deposit thereon, now requests an extension of time for the performance of the terms and conditions of the sale until May 1, 1907. He states in his communication that the Title Guarantee and Trust Company has examined the title; that he is making a personal examination of the details of the title, and in view of the fact of the voluminous records on which the City bases its title and the fact that the Title Guarantee and Trust Company has not as yet reported upon the marketability of it, he hopes that the necessary extension will be granted.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a grant of the extension of time for the payment of the balance of the purchase money hereon; that it be made May 1, 1907, and that if the purchaser at that time fails to pay the balance of the purchase money and receive his quit-claim deed from The City of New York, the resolution of the Commissioners of the Sinking Fund declare the 10 per cent paid on account of the purchase money forfeited and that the Corporation Counsel be directed to take such action as may be necessary and proper thereunder.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby authorize the Comptroller to extend the time for the payment of the balance of the purchase money in the matter of the sale of Parcels 1, 2, 8 and 11, as shown on the map filed with the judgment roll, entered December 1, 1899, in the matter of the Mayor, Aldermen and Commonalty of The City of New York against the East Bay Land and Improvement Company, until May 1, 1907, and direct that if the purchaser at that time fails to pay the balance of the purchase money, the 10 per cent paid on account be forfeited, and the Corporation Counsel take such action as may be deemed necessary and proper in the matter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, relative to a lease of Pier (new) 25, at or near the foot of North Moore street, with 32 feet of bulkhead, to the Old Dominion Steamship Company:

April 1, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Sinking Fund Commission:

SIR—I beg to advise that, after due consideration, I am of the opinion that the interests of the City would be best served by leasing to the Old Dominion Steamship Company, who have made application therefor, the following described property:

Pier (new) 25, at and near the foot of North Moore street, and the bulkhead northerly of said pier extending about 32 feet, to the property leased by this Department to the Old Dominion Steamship Company, together with the right to use the shed on said pier and the appliances appurtenant thereto at the time of the commencement of the lease.

The lease to be for a term of ten years from the date said pier and bulkhead shall be vacated by the present lessees.

The rental for the premises above described and the use of the shed and appliances appurtenant thereto to be at the rate of \$52,500 per annum.

The lease to provide for one renewal of ten years, the rental for the renewal term to be at an advance of 10 per cent on the rental for the preceding term.

The lessee shall have the privilege of erecting and maintaining during the term of the lease or any renewal thereof a shed extending from the southerly side of Pier (new) 25 to a point 32 feet north of the northerly side of said pier (the property leased by this Department to the Old Dominion Steamship Company) and extending inshore a distance of 50 feet, said structures to revert to and become the property of The City of New York at the expiration or sooner termination of the lease. The lease to provide that the lessee shall keep all sheds and other structures erected or to be erected under the provisions of the lease in good condition and repair to the satisfaction of the Commissioner of Docks. The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now in use by this Department.

Pier (new) 25, which it is now proposed to lease, is at present leased to Morgan's Louisiana and Texas Steamship Company at a rental of \$36,163.47 per annum. The 32 feet of bulkhead northerly of the pier is at present leased to the Southern Pacific Company at \$1,000 per annum. These companies will vacate the pier and bulkhead when they take possession of the piers and bulkheads recently leased to the Southern Pacific Company, between West Eleventh and Gansevoort streets.

Pier (new) 24, the pier adjoining on the south, is leased to the Central Hudson Steamboat Company for \$31,177.19 per annum, and the pier on the north with 135 feet of bulkhead on the southerly side and 96 feet on the northerly side is leased to the Old Dominion Steamship Company at the rate of \$49,428.34 per annum.

Pier (new) 25 is 75 feet wide, while Pier (new) 26 is 80 feet wide.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

April 2, 1907.

Taking into consideration the present rental and the value of the sheds built by the present lessees, the proposed rental for this property is ten per cent. (10) greater than that of the present lease which expires without right of renewal on February 1, 1909. I therefore consider the rental, \$52,500 per annum proposed by the Dock Commissioner, just and reasonable, and think the Commissioners of the Sinking Fund may properly approve the terms of the lease as set forth in above communication of the Commissioner of Docks and Ferries.

CHANDLER WITTINGTON,
Chief Engineer, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Old Dominion Steamship Company of the following described property:

Pier (new) 25, at and near the foot of North Moore street, and the bulkhead northerly of said pier extending about 32 feet, to the property leased by this Department to the Old Dominion Steamship Company, together with the right to use the shed on said pier and the appliances appurtenant thereto at the time of the commencement of the lease.

The lease to be for a term of ten years from the date said pier and bulkhead shall be vacated by the present lessees. The rental for the premises above described and the use of the shed and appliances appurtenant thereto to be at the rate of \$2,500 per annum. The lease to provide for one renewal of ten years, the rental for the renewal term to be at an advance of 10 per cent on the rental for the preceding term. The lessee to have the privilege of erecting and maintaining during the term of the lease or any renewal

thereof a shed extending from the southerly side of Pier (new) 25 to a point 32 feet north of the northerly side of said pier (to the property leased by the Department of Docks and Ferries to the Old Dominion Steamship Company) and extending inshore a distance of 50 feet, said structures to revert to and become the property of The City of New York at the expiration or sooner termination of the lease. The lease to provide that the lessee shall keep all sheds and other structures erected or to be erected under the provisions of the lease in good condition and repair to the satisfaction of the Commissioner of Docks. The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated April 1, 1907.

The report was accepted and the resolution unanimously adopted.

Adjourned.

THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

(Omitted from the Printed Minutes of the Proceedings of the Board of Aldermen of April 9, 1907.)

Report of Committee on Laws and Legislation—

No. 1473—(S. O. No. 169).

The Committee on Laws and Legislation, to which was recommitted on April 2, 1907 (Minutes, page 41), the annexed report of the Committee on Laws and Legislation, in relation to theatre ticket speculators, made to the Board on said day, respectively

REPORTS:

In conformity with the instructions given by this Board a public hearing was held, which was largely attended by those interested in the matter.

The committee was addressed by Alderman Doull; and also heard Messrs. David Marks, president of the New York State Ticket Speculators' Association; Charles Troy, George J. Duncan, W. J. Slater, Louis Levy and Samuel Weill, all of whom are sidewalk ticket speculators. Some of the speakers are known as "independents," not being members of the association above referred to. Mr. C. M. Sheehan also was heard.

Your committee has carefully considered the subject, but from the statements made at the hearing your committee is unable to find any reason for changing its conclusions submitted in a former report with respect to this matter made to this Board on March 19 last.

Your committee therefore recommends the adoption of the following:

(SUBSTITUTE ORDINANCE.)

AN ORDINANCE relating to public places of amusement.

(Changing section 1472 of title 2, chapter 22, Part 3, of the Greater New York Charter; amending sections 305 and 308 of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906; and repealing sections 349 and 350 of said Code of Ordinances.)

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. It shall not be lawful to exhibit to the public in any building, garden or grounds, concert room or other place or room within The City of New York, any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy or dancing, or any other entertainment of the stage, or any part or parts therein, or any equestrian, circus or dramatic performance, or any performance of jugglers, or rope dancing or acrobats, until a license for the place of such exhibition for such purpose shall have been first had and obtained, as hereinafter provided.

Sec. 2. No license shall be granted for any or all of the purposes aforesaid unless an application therefor, subscribed by the person or corporation seeking said license, shall first be made to the Police Department upon a printed form of application to be furnished by said department; which said application shall contain, plainly printed therein, the following conditions; and every license granted thereon shall be so granted upon, and shall also contain, plainly printed therein, said conditions, to wit:

First—The price of each and every ticket of admission issued by or on behalf of the licensee herein shall be plainly and legibly printed on such ticket, and no price in excess of that so designated shall be asked or accepted by or on behalf of the licensee.

Second—No ticket of admission shall be issued, sold or offered for sale by or on behalf of the licensee to any person, persons or corporation, with the knowledge or connivance of the licensee, his managers, officers, agents or employees, or with the purpose or intention that such ticket shall be resold or offered for resale at a price in excess of that designated thereon.

Third—A violation of any of the foregoing conditions by such licensee, or his agents or employees, shall subject such licensee to the revocation of his license.

Sec. 3. Except as above provided, sections 1473 to 1487, inclusive, of title 2, chapter 22, part 3, of the Greater New York Charter, shall remain in full force and effect, and the provisions of said sections shall be construed to relate to the subjects set forth in the foregoing sections of this ordinance.

Sec. 4. No theatre ticket, pass or other evidence or instrument admitting any person to a theatre, or any public place of amusement designated in section 1 of this ordinance shall be sold or offered for sale on any sidewalk or street in The City of New York, or upon any property belonging to said City.

Sec. 5. Every person violating any of the provisions of the foregoing section of this ordinance shall be liable to a penalty of \$50 for each offence, to be recovered in an action to be brought therefor in the name of The City of New York.

Sec. 6. Section 305 of article 1, title 2, chapter 7, part 1, of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906, hereby is amended by striking therefrom the words "ticket speculators;" section 308 of article 2, title 2, chapter 7, part 1, of said Code of Ordinances, hereby is amended by striking therefrom the words "for each ticket speculator, \$50;" sections 349 and 350 of article 3, title 2, chapter 7, part 1, of said Code of Ordinances hereby are repealed.

Sec. 7. This ordinance shall take effect immediately.

FRANK D. STURGES, B. W. B. BROWN, CLARENCE R. FREEMAN, JOHN R. DAVIES, JOHN D. GUNTHER, Committee on Laws and Legislation.

(Papers referred to in preceding report.)

The Committee on Laws and Legislation, to which was recommitted, on April 2, 1907 (Minutes, page 34), the annexed report in relation to theatre ticket speculators, respectfully

REPORTS:

For the reasons set forth in the report of your committee with reference to the matters contained in introductory numbers 1470, 1473 and 1474, which report was submitted to this Board on March 19, 1907, and printed in the minutes of the Board of said day at page 688, and was recommitted on April 2, 1907, your committee recommends the adoption of the following:

(SUBSTITUTE ORDINANCE.)

AN ORDINANCE relating to public places of amusement.

(Changing section 1472 of title 2, chapter 22, part 3, of the Greater New York Charter; amending sections 305 and 308 of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906; and repealing sections 349 and 350 of said Code of Ordinances.)

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. It shall not be lawful to exhibit to the public in any building, garden or grounds, concert room or other place or room within The City of New York, any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy or dancing, or any other entertainment of the stage, or any part or parts therein, or any equestrian, circus or dramatic performance, or any performance of jugglers, or rope dancing, or acrobats, until a license for the place of such exhibition for such purpose shall have been first had and obtained, as hereinafter provided.

Sec. 2. No license shall be granted for any or all of the purposes aforesaid, unless an application therefor, subscribed by the person or corporation seeking said license, shall first be made to the Police Department upon a printed form of application to be furnished by said department; which said application shall contain plainly printed therein the following conditions; and every license granted thereon shall be so granted upon, and shall also contain, plainly printed therein, said conditions, to wit:

First—The price of each and every ticket of admission issued by or on behalf of the licensee herein shall be plainly and legibly printed on such ticket, and no price in excess of that so designated shall be asked or accepted by or on behalf of the licensee.

Second—No ticket of admission shall be issued, sold or offered for sale by or on behalf of the licensee to any person, persons or corporation, with the knowledge or connivance of the licensee, his managers, officers, agents or employees, or with the purpose or intention that such ticket shall be resold or offered for resale at a price in excess of that designated thereon.

Third—A violation of any of the foregoing conditions by such licensee, or his agents or employees, shall subject such licensee to the revocation of his license.

Sec. 3. Except as above provided, sections 1473 to 1487, inclusive, of title 2, chapter 22, part 3, of the Greater New York Charter, shall remain in full force and effect, and the provisions of said section shall be construed to relate to the subjects set forth in the foregoing sections of this ordinance.

Sec. 4. No theatre ticket, pass or other evidence or instrument admitting any person to a theatre, or any public place of amusement designated in section 1 of this ordinance, shall be sold or offered for sale on any sidewalk or street in The City of New York, or upon any property belonging to said City.

Sec. 5. Every person violating any of the provisions of the foregoing section of this ordinance shall be liable to a penalty of \$50 for each offence, to be recovered in an action to be brought therefor in the name of The City of New York.

Sec. 6. Section 305 of article 1, title 2, chapter 7, part 1, of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906, hereby is amended by striking therefrom the words "ticket speculators"; section 308 of article 2, title 2, chapter 7, part 1, of said Code of Ordinances hereby is amended by striking therefrom the words "for each ticket speculator \$50"; sections 349 and 350 of article 3, title 2, chapter 7, part 1, of said Code of Ordinances hereby are repealed.

Sec. 7. This ordinance shall take effect immediately.

FRANK D. STURGES, B. W. B. BROWN, WILLIAM ROWCROFT, CLARENCE FREEMAN, JOHN R. DAVIES, JOHN D. GUNTHER, Committee on Laws and Legislation.

The Committee on Laws and Legislation, to which was referred, on January 22, 1907 (Minutes, pages 94, 96 and 97), the annexed communication and ordinances in relation to the sale of theatre tickets, respectfully

REPORTS:

That in view of the importance of the subject, a public hearing was held, at which were present many of the sidewalk ticket speculators, with their counsel, Mr. David M. Newberger, theatrical officers and managers, with Judge Andrew J. Dittenhoefer, counsel for The Theatrical Managers' Association of New York City, controlling thirty-eight places of amusement; Senator Thomas L. Donnelly, representing the theatre ticket agencies, and the Secretary of the American District Telegraph Company, on behalf of that company, who were heard at length on the different phases of the question.

The committee was also addressed by Aldermen Brown, Doull, Grifenhagen, Sullivan and Dowling.

Your committee has received from the Bureau of Licenses a statement showing that in the Boroughs of Manhattan and The Bronx there are 124 licensed ticket speculators and 10 in the Borough of Brooklyn; and also has received from the Police Department a list of licensed theatres and other places of amusement in this City, showing that there are 77 of the former and 66 of the latter.

Your committee has given the matter very careful consideration and has reached the following conclusions:

First—That the primary objects to be attained are the promotion of the comfort and welfare of the public and the preservation of order, and that for such purposes individual interests must yield, even at loss and inconvenience to such interests.

Second—That as to sidewalk ticket speculators, their disregard of existing ordinances and laws, their open and flagrant abuse of their privileges, their "outrageous" methods in the conduct of their business, together with the indifferent enforcement of the law, have given rise to a condition fittingly described in the recent annual message of his Honor the Mayor as "an intolerable nuisance," which demands radical action.

Third—That no practical suggestions have been made on behalf of such speculators which in the light of experience justifies the belief that such traffic can be effectively regulated and the evils complained of permanently terminated. In the opinion of your committee the adoption of more stringent restrictions would afford merely temporary relief and would certainly lead to more strenuous efforts on the part of the speculators in disposing of their wares, to the increased discomfort and harassment of the public.

Fourth—That with reference to the theatre ticket agencies, which are conducted at stands in hotels and elsewhere, such agencies are to a certain extent a convenience to many theatre goers, but on the whole are a detriment to the general public. The public has at least some right upon applying at the box office, and tendering the box office price, if unexceptionable in person, to obtain accommodations; and should not, as frequently happens on the opening sale of tickets, be confronted with the statement that the desirable seats have been disposed of or the house sold. This situation requires the applicant to have recourse to an agency, and, as a last resort, to the sidewalk speculators, subjecting him to serious inconvenience and the payment of an increased and often exorbitant price for his ticket, or obliging him to entirely forego his entertainment. The admitted practice of allowing the agencies to return unsold tickets until within a few minutes of the opening of the play, demonstrates that the aim of the manager is to dispose of his house through certain established centres, rather than to accommodate the public at large. Under present conditions the public must be satisfied with what remains after the agencies have supplied their own customers, or go without.

Fifth—That the Theatrical Association, at the hearing, expressed its desire and readiness to co-operate in the adoption of measures looking to the discontinuance of the sale of tickets except at the box office, and declared that if sidewalk speculators should cease the theatres under its control would terminate their arrangements with the agencies; and your committee accepts such declaration as having been made in good faith and with all sincerity, believing that such action would be appreciated and welcomed by the public.

Sixth—Your committee recognizes that a large number of places of amusement are not controlled by the association in question, and feels that, in all fairness, the association should not be subjected to any disadvantage arising from the unwillingness of those operating theatres outside of the association, to join in the proposed action. That to meet this situation it is the opinion of your committee that some measure should be adopted, so far as it may be within the power of this board, applicable to all places of amusement alike, as all "belong to the general class of cases contemplated by the statute as needing more or less of governmental supervision and regulation."

Your committee therefore recommends the adoption of the following substitute ordinance affecting sidewalk speculators, and also of the following ordinance relative to the licensing of places of amusement; and further recommends that the communications referred to under introductory numbers 1470 and 1474, having been disposed of by this report, be placed on file.

(SUBSTITUTE ORDINANCE.)

AN ORDINANCE relative to ticket speculators in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Any person, firm or corporation, other than the proprietors, lessees or managers of a theatre or place of amusement, selling or offering for sale in The City of New York any ticket of admission to any public place of amusement for any price, shall be deemed a ticket speculator, and no ticket speculator shall sell or offer for sale any ticket of admission to any public place of amusement, nor shall any such ticket be sold or offered for sale, on the sidewalk or in any street of The City of New York. For every violation of this ordinance the offender shall be liable to a penalty of \$50, to be recovered in an action to be brought in the name of The City of New York.

Sec. 2. Section 305 of article 1, title 2, chapter 7, Part I. of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906, hereby is amended by striking therefrom the words "ticket speculator," section 308 of article 2, chapter 7, Part I. of said Code of Ordinances, hereby is amended by striking therefrom the words "For each ticket speculator \$50;" sections 349 and 350 of article 3, title 2, chapter 7, Part I. of said Code of Ordinances hereby are repealed.

Sec. 3. This ordinance shall take effect immediately.

AN ORDINANCE to amend section 1472 of title 2, chapter 22 of the Greater New York Charter, relative to licensing public places of amusement.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 1472 of title 2, chapter 22 of the Greater New York Charter hereby is amended so as to read as follows:

Section 1472. It shall not be lawful to exhibit to the public in any building, garden or grounds, concert room, or other place or room within The City of New York, any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy or dancing, or any other entertainment of the stage, or any part or parts therein, or any equestrian, circus or dramatic performance, or any performance of jugglers, or rope dancing, or acrobats, until a license for the place of such exhibition for such purpose shall have been first had and obtained as hereinafter provided.

Each and every such license granted shall contain therein the following provisions as conditions upon which the same is granted:

1. The price of each and every ticket issued by or on behalf of the licensee herein shall be plainly and legibly marked on such ticket, and no price in excess of that so designated shall be asked or accepted by or on behalf of the licensee.

2. No ticket of admission shall be issued, sold or offered for sale by or on behalf of the licensee to any person, persons or corporation, with the knowledge of the licensee, his managers, officers, agents or employees, or with the purpose or intention that such ticket shall be resold or offered for resale at a price in excess of that designated thereon.

3. A violation of either of the foregoing provisions shall subject the offender to the revocation of his license.

Sec. 2. This ordinance shall take effect immediately.

Note.—New matter in italics.

AN ORDINANCE amending the Code of Ordinances of The City of New York so far as the same relates to "ticket speculators."

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 349 of subdivision 9 of article 4a of chapter 7, title 2 of Part I. of the Code of Ordinances of The City of New York, as approved November 8, 1906, is hereby amended so that the same shall read as follows:

9. Ticket Speculators.

Sec. 349. Any person, firm or corporation, other than the managers, lessees or proprietors of a theatre or place of amusement, selling or offering to sell in (any street of) The City of New York any ticket of admission to any public place of amusement for any price shall be deemed a ticket speculator, and no ticket speculator shall sell or offer for sale, nor shall any ticket of admission be sold on the sidewalks in front of the entrance to any place of amusement or in any street of The City of New York; and for every violation of the ordinance there shall be recovered against the person, firm or corporation so offending a penalty of \$50 in an action to be brought in the name of The City of New York.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Note.—New matter in italics; old matter in parenthesis to be omitted.

Which was made a Special Order for the next meeting at 2:30 o'clock p. m.

FOR PROVIDING ALL LABOR AND MATERIALS REQUIRED FOR THE TEARING DOWN AND REMOVAL, EXCAVATION, MASONRY, STEEL AND IRON, ROOFING AND METAL WORK, CARPENTRY, GLAZING, PAINTING, HARDWARE, FITTING UP OF CLOSETS AND LINEN ROOMS AND ALL OTHER WORK (EXCEPT ELECTRIC, HEATING AND VENTILATING AND PLUMBING WORK, COOKING SERVICE EQUIPMENT (INCLUDING REFRIGERATORS), GAS AND ELECTRIC FIXTURES AND FITTING UP (OTHER THAN THAT OF CLOSETS AND LINEN ROOMS)) FOR THE ERECTION AND ENTIRE COMPLETION OF A RESIDENCE FOR THE SUPERINTENDENT, A RESIDENCE FOR THE MEDICAL STAFF, AND A DINING HALL AND KITCHEN BUILDING IN CONNECTION WITH THE CITY HOSPITAL AT BLACKWELL'S ISLAND, THE CITY OF NEW YORK.

The time allowed for doing and completing the tearing down and removal, excavation, masonry, steel and iron, roofing and metal work, carpentry, glazing, painting, hardware, fitting up of closets and linen rooms and all other work required under Title 1, will be three hundred and sixty-five (365) consecutive calendar days.

The surety required for the execution of the tearing down and removal, excavation, masonry, steel and iron, roofing and metal work, carpentry, glazing, painting, hardware and fitting up of closets and linen rooms and all other work re-

quired under Title 1 will be Fifty Thousand Dollars (\$50,000).

The bidder shall state in writing, and in figures (without interlineation, alterations or erasure), one (1) aggregate price for the whole work as shown, noted, indicated or specified, with the exception only of those items distinctly stated as omitted from the contract for which his bid is submitted, as the contract is entire and for a complete job, and the three contracts will embrace the entire completion of the work in every respect and detail.

Separate sealed bids or estimates will be received at the same time and place:

Title 2. FOR PROVIDING ALL LABOR AND MATERIALS REQUIRED FOR THE ELECTRICAL CONDUIT, ELECTRIC WIRING AND SWITCHBOARD WORK, ELEVATOR AND DUMBWAITER WORK, HEATING AND VENTILATING WORK, REFRIGERATING WORK, PLUMBING WORK, GAS PIPING AND ALL OTHER WORK (EXCEPT TEARING DOWN AND REMOVAL, EXCAVATION, MASONRY, STEEL AND IRON, ROOFING AND METAL WORK, CARPENTRY, COOKING SERVICE EQUIPMENT (INCLUDING REFRIGERATORS), GAS AND ELECTRIC FIXTURES AND FITTING UP) FOR THE ERECTION AND ENTIRE COMPLETION OF A RESIDENCE FOR THE SUPERINTENDENT, A RESIDENCE FOR THE MEDICAL STAFF, AND A DINING HALL AND KITCHEN BUILDING IN CONNECTION WITH THE CITY HOSPITAL AT BLACKWELL'S ISLAND, THE CITY OF NEW YORK.

The time allowed for doing and completing the electrical conduit, electric wiring and switchboard work, elevator and dumbwaiter work, heating and ventilating work, refrigerating work, plumbing work, gas piping and all other work required under Title 2, will be dependent entirely upon the progress and completion of the work required under Title 1 and Title 3, and shall be not more than three hundred and forty (340) consecutive calendar days.

The surety required for the execution of the electrical conduit, electric wiring and switchboard work, elevator and dumbwaiter work, heating and ventilating work, refrigerating work, plumbing work, gas piping and all other work required under Title 2, will be Twenty Thousand Dollars (\$20,000).

The bidder shall state, in writing and in figures (without interlineation, alterations or erasure), one (1) aggregate price for the whole work as shown, noted, indicated or specified, with the exception only of those items distinctly stated as omitted from the contract for which his bid is submitted, as the contract is entire and for a complete job, and the three contracts will embrace the entire completion of the work in every respect and detail.

Separate sealed bids or estimates will be received at the same time and place:

Title 3. FOR PROVIDING ALL LABOR AND MATERIALS REQUIRED FOR THE COOKING SERVICE EQUIPMENT (INCLUDING REFRIGERATORS), GAS AND ELECTRIC FIXTURES AND FITTING UP (OTHER THAN THAT OF CLOSETS AND LINEN ROOMS), AND ALL OTHER WORK (EXCEPT TEARING DOWN AND REMOVAL, EXCAVATION, MASONRY, STEEL AND IRON, ROOFING AND METAL WORK, CARPENTRY, ELECTRIC, HEATING AND VENTILATING AND PLUMBING WORK) FOR THE ERECTION AND ENTIRE COMPLETION OF A RESIDENCE FOR THE SUPERINTENDENT, A RESIDENCE FOR THE MEDICAL STAFF, AND A DINING HALL AND KITCHEN BUILDING IN CONNECTION WITH THE CITY HOSPITAL AT BLACKWELL'S ISLAND, THE CITY OF NEW YORK.

The time allowed for doing and completing the cooking service equipment (including refrigerators), gas and electric fixtures and fitting up (other than that of closets and linen rooms) and all other work required under Title 3 will be dependent entirely upon the progress and completion of the work required under Title 1 and Title 2, and shall be not more than three hundred and forty (340) consecutive calendar days.

The surety required for the execution of the cooking service equipment (including refrigerators), gas and electric fixtures and fitting up (other than that of closets and linen rooms) and all other work required under Title 3 will be Ten Thousand Dollars (\$10,000).

The bidder shall state, in writing and in figures (without interlineation, alterations or erasure), one (1) aggregate price for the whole work as shown, noted, indicated or specified, with the exception only of those items distinctly stated as omitted from the contract for which his bid is submitted, as the contract is entire and for a complete job, and the three contracts will embrace the entire completion of the work in every respect and detail.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.
EAST ONE HUNDRED AND SIXTY-FOURTH STREET—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Morris avenue to East One Hundred and Sixty-fifth street. Area of assessment: Both sides of One Hundred and Sixty-fourth street, from Morris avenue to One Hundred and Sixty-fifth street, and to the extent of half the block at the intersecting and terminating streets and avenues.

TWENTY-FOURTH WARD, SECTION 11.
EMMERICH PLACE—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Heath avenue to Kingsbridge road. Area of assessment: Both sides of Emmerich place, from Heath avenue to Kingsbridge road, and to the extent of half the block at the intersecting avenues, —that the same were confirmed by the Board of Revision of Assessments April 11, 1907, and entered on April 11, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 10, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE COMMISSIONER of the Department of Bridges, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, pursuant to a resolution adopted by them on March 13, 1907, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., being situated upon land more particularly described as follows:

Being the buildings situated on Madison avenue, between East One Hundred and Thirty-sixth and East One Hundred and Thirty-eighth streets, Borough of Manhattan, and also the buildings situated on East One Hundred and Thirty-eighth street, between the Harlem river and Fifth avenue, Borough of Manhattan, which are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to the above resolution, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, APRIL 16, 1907,
at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay inmediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser, at the sale, shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them are put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furlings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

The time for the completion of the work and the full performance of the contract is during the year 1907.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded to the lowest bidder on each class, as indicated by the specifications.

Blank forms and further information may be obtained at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan.

THOMAS DARLINGTON, M. D.,
President;
ALVAH H. DOTY, M. D.,
THEODORE A. BINGHAM,
Board of Health.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

INVITATION TO CONTRACTORS.

LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK (HEREIN after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below. By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the eleven separate parts of which such railroad consists, as hereinafter stated.

The points within the City between which the said several parts of the said road are to run and the route or routes to be followed, are briefly as follows:

Section 5-O-3: This part of Section 5-O, as described in the routes and general plan, begins at Lexington avenue and One Hundred and Twenty-ninth street and runs southerly under Lexington avenue to a point about 50 feet north of One Hundred and Third street.

Section 5-O-2: Begins at the southerly end of Section 5-O-3, and runs southerly under Lexington avenue to a point about 50 feet north of Seventy-first street.

Section 5-O-1: Begins at the southerly end of Section 5-O-2, and runs southerly under Lexington avenue to a point between Forty-second and Forty-third streets, the southerly end of Section 5-O, as described in the routes and general plan.

Section 5-A: Begins at the southerly end of Section 5-O, as described in the routes and general plan, and runs thence under private property, Forty-second street and private property, again to a point in Park avenue, between Thirty-eighth and Forty-first streets, at which a junction can conveniently be made with the existing subway.

Section 5-B: Begins at the northerly end of Section 5-O, above described, and runs thence northerly under the Harlem river to the Borough of The Bronx, where it continues under Third avenue and Morris avenue and then curves under private property to a point in One Hundred and Forty-ninth street, between Morris avenue and Cortlandt avenue, at which a junction can conveniently be made with the present subway.

Section 5-C-1: This part of Section 5-C, as described in the routes and general plan, begins at the northerly end of Section 5-O above described, and runs thence northerly under Lexington avenue and the Harlem river to the Borough of The Bronx, and then continues under Park avenue to One Hundred and Fifty-sixth street.

Section 5-C-2: This part of Section 5-C consists of a spur beginning at a point on the main line of the route of Section 5-C at Park avenue and One Hundred and Forty-ninth street, and runs under private property, One Hundred and Fifty-third street, Exterior street and Sedgwick avenue to the intersection of Sedgwick avenue and One Hundred and Sixty-fourth street.

Section 5-C-3: This part of Section 5-C consists of a loop beginning in the Borough of The Bronx at a point in Park avenue between One Hundred and Fifty-first and One Hundred and Fifty-second streets, and runs thence northwesterly and westerly under private property and connects with the spur Section 5-C-2 above described near the point where the centre line of said spur would intersect One Hundred and Fifty-first street if produced.

Section 5-D-3: This part of Section 5-D, as described in the routes and general plan, begins at the southerly end of Section 5-O, above described, in Lexington avenue, between Forty-second and Forty-third streets, and runs thence southerly under Lexington avenue to a point about half way between Thirty-sixth and Thirty-seventh streets, at which point the tracks will diverge into two branches. One of these branches will curve southwesterly under private property to Thirty-sixth street, and then run westerly under Thirty-sixth street, curving southerly into Fifth avenue, and then under Fifth avenue to a point where it will be rejoined by the second branch diverging as above stated. The second branch will run from the said point of divergence southerly and westerly under Lexington avenue and Thirty-fifth street to Fifth avenue, where it will rejoin the branch first above described at a point between Thirty-fourth and Thirty-fifth streets. From the last mentioned point the route of this section will run southerly under Fifth avenue along Madison square and into Broadway; thence southerly under Broadway to a point about half way between Seventeenth and Eighteenth streets.

Section 5-D-2: Begins at the southerly end of Section 5-D-3 and runs southerly under Broadway (passing under Union square) to a point about 50 feet north of Reade street.

Section 5-D-1: Begins at the southerly end of Section 5-D-2, and runs thence southerly under Broadway, Vesey street, Church street, Trinity place and Greenwich street to a suitable terminus under Battery Park.

The general plan of construction calls for a railroad placed in subways or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

For all of Sections 5-O-1, 5-O-2, 5-O-3 and 5-A there will be four tracks. For Section 5-B there will be two tracks. For Section 5-C-1 and Section 5-C-2, there will be two tracks. In the loop above described as Section 5-C-3, there will be one track. For Section 5-D-3 there will be four tracks as far south as the point between Thirty-sixth and Thirty-seventh streets, where the line diverges as above described; there will be two tracks from the point of divergence through Thirty-sixth street and Fifth avenue to the point where the lines reunite and two tracks from the point of divergence through Lexington avenue and Thirty-fifth street to the point in Fifth avenue where the lines reunite, and for the remainder of the distance southerly under Fifth avenue and Broadway there will be four tracks. For Section 5-D-2 there will be four tracks. For Section 5-D-1 there will be four tracks to the Chambers street station. South of the Chambers street station southerly under Broadway, Vesey street, Trinity place and Greenwich street there will be two tracks. Additional tracks for terminal purposes are to be constructed under Battery place and Battery Park. Suitable stations, as shown on the plans, together with crossovers, turnouts and sidings, as may be necessary, are to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In the City Hall Park, Battery Park or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets of all portions of the route except Sections 5-A and 5-C-3. Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The Board has also included in the detailed plans for construction, provisions for third tracks in Thirty-fifth and Thirty-sixth streets, and for two additional tracks under Greenwich street, Battery place and Battery Park south of Morris street, and additional station and terminal facilities in Battery Park. Such additional tracks and

facilities are intended ultimately to form part of other railways heretofore duly authorized and approved. Bids for the construction of Sections 5-D-3 and 5-D-1 must be accompanied by separate bids for the construction of such additional tracks and station and terminal facilities; and if not so accompanied will not be considered by the Board.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation.

In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person so interested it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; the amounts for which they will construct pipe galleries; and the amounts for which they will construct the additional tracks and station and terminal facilities above mentioned if they bid on Section 5-D-1 or 5-D-3. They may, however, make their bid for any one section of this proposed railroad conditional upon either the acceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bid for any other rapid transit railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and equip, maintain and operate the railroad must specify in their proposals, in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed 5 cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the rapid transit railroad the contractor will assure to the City, specifying separately in Schedule "A," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents without change of cars; in Schedule "B," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents, but with or without change of cars at the option of the contractor, and in Schedule

"C," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding 5 cents per trip but within limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz:

For Section 5-O-1.....	\$125,000 00
For Section 5-O-2.....	125,000 00
For Section 5-O-3.....	125,000 00
For Section 5-A.....	25,000 00
For Section 5-B.....	150,000 00</

INVITATION TO CONTRACTORS.

SEVENTH AND EIGHTH AVENUE AND JEROME AVENUE SUBWAY ROUTES.

THE CITY OF NEW YORK (HEREIN-
after called The City), acting by its Board
of Rapid Transit Railroad Commissioners (here-
inafter called the Board), contemplates building
a rapid transit railroad along the routes described
below.

By this advertisement The City invites propos-
als to construct such railroad upon the routes
and in accordance with the detailed plans and
specifications adopted therefor. Such proposals
may be submitted for any one or more of the fifteen
separate parts of which such railroad con-
sists as hereinafter stated. The points within
the City between which the said several parts of
the said road are to run, and the routes to be
followed, are briefly as follows, beginning at
the southerly end of the said routes and con-
tinuing to the northerly end thereof:

Section 4-D-1: Begins at a terminal under the
Battery Park and then runs northerly under
Greenwich street to a point thirty feet north of
the northerly side of Morris street.

Section 4-D-2: Begins at the northerly end
of Section 4-D-1 and runs northerly under
Greenwich street and West Broadway to the
centre line of Chambers street. This section
will also include what is designated as the
Barclay street loop.

Section 4-C: Begins at the northerly end of
Section 4-D-2 and runs northerly under West
Broadway to West Fourth street.

Section 4-B: Begins at the northerly end of
Section 4-C and runs under Washington square
to the intersection of Waverley place and Mac-
dougal street and then under private property
to Sixth avenue near the corner of Clinton
place and then under Greenwich avenue to West
Eleventh street. It then passes under private
property to a point near the corner of Seventh
avenue and West Twelfth street and continues
northerly under Seventh avenue to a point about
half way between Twenty-fifth and Twenty-sixth
streets.

Section 4-O-1: Begins at the northerly end of
Section 4-B and runs northerly under Seventh
avenue to the southerly line of Forty-third street.

Section 4-O-2: Begins at the northerly end of
Section 4-O-1 and runs northerly to the north-
erly side of Forty-third street, passing under
the existing subway.

Section 4-O-3: Is an alternative for Section
4-O-2. It begins at the northerly end of Section
4-O-1 and runs northerly so as to afford a suit-
able connection extending under Seventh aven-
ue at Broadway or Times square to a point
near Forty-third street, where a junction can
be made with the existing subway.

Section 4-A: Begins near the intersection of
the centre line of Seventh avenue with the north-
erly line of Forty-third street at the northerly
end of Section 4-O-2, above described, and runs
thence northerly under Seventh avenue to the
Central Park, and thence under the Central Park
to Central Park West, near the intersection of
Sixty-second street.

Section 4-A-1: Begins at the northerly end of
Section 4-A and runs thence under Central
Park West to about the centre of the Plaza at
the intersection of Central Park West with One
Hundred and Tenth street.

Section 4-AA-2: Begins at the northerly end of
Section 4-AA-1 and runs northerly under Eighth
avenue to a point between One Hundred and
Fiftieth streets. It then runs under Macomb's
lane to One Hundred and Fifty-third street and
forms a loop under One Hundred and Fifty-
fourth street and private property, coming back
to Eighth avenue. It also includes a spur run-
ning northerly along Eighth avenue to a point
about half way between One Hundred and Fifty-
fourth and One Hundred and Fifty-fifth streets.

Section 15-A: Begins at the northerly end of
Section 4-AA-2 and runs thence northeasterly
under Eighth avenue and private property to
and under the Harlem river, and under private
property in the Borough of The Bronx to a point
under One Hundred and Sixty-second street
west of Ogden avenue. It then continues east-
erly under One Hundred and Sixty-second street
and private property to a point in the westerly
side of Jerome avenue about opposite its inter-
section with the centre line of One Hundred
and Sixty-fourth street produced, and thence
continues under Jerome avenue to a point about
half way between One Hundred and Sixty-fourth
and One Hundred and Sixty-fifth streets.

Section 15-AA-1: Begins at the northerly end
of Section 15-A and runs northerly under and
along Jerome avenue to a point about half way
between One Hundred and Eighty-fourth street
and Fordham road.

Section 15-AB-1: Begins at the northerly end
of Section 15-AA-1, and runs northerly under
Jerome avenue to the point of junction of
Jerome avenue with Woodlawn road, opposite
the Woodlawn Cemetery.

Sections 4-H-1 and 4-H-2 hereinafter described
are alternatives for Sections 4-C, 4-B, 4-O-1,
4-O-2, 4-O-3 and 4-A above mentioned. If the
said six last mentioned sections, or any of them,
are contracted for, Sections 4-H-1 and 4-H-2
will not be included in the contract for which
proposals are now invited.

Section 4-H-1: Begins at the northerly end of
Section 4-D-2 above described and runs north-
erly under Hudson street to a point between
Eleventh street and Bank street, and then under
Eighth avenue to the northerly line of Twenty-
third street.

Section 4-H-2: Begins at the northerly end of
Section 4-H-1 and runs northerly under Eighth
avenue and Central Park West to the point near
the intersection of Sixty-second street at which
the northerly end of Section 4-A above described
is located.

The general plan of construction calls for a
railroad placed in subway or tunnels. The road
is intended to be operated by electricity or
some other power not requiring combustion within
the tunnels, and the motors are intended
to be capable of moving trains at a speed not
less than forty miles per hour for long distances,
exclusive of stops. There will be four tracks
from the terminal in Battery Park to about
One Hundred and Fiftieth street. There will
be two tracks in the Macomb's lane loop, and
two tracks from One Hundred and Fiftieth
street and Eighth avenue northerly under the
Harlem river and Jerome avenue.

There will be a single-track loop constituting
a part of Section 4-D-2 which will begin under
West Broadway at a point near Murray and
Warren streets and then pass under private prop-
erty, Greenwich street and Barclay street to a
point near the northwest corner of West Broad-
way and Barclay street.

Suitable stations as shown on the detailed plans,
together with crossovers, turnouts and sidings as
may be necessary, are also to be provided.

The tracks are to be of standard gauge. The
tunnels are to have a height of not less than 13
feet in the clear, and a maximum width of 15
feet for each track, except at stations, curves,
etc., where the width may be increased. The
roof of the tunnels is generally to be as near the
surface of streets as street conditions and grades
will permit, but will be depressed whenever nec-
essary to avoid grade crossings as well as where
approaching the Harlem river. The roof and

sides of the tunnels will be of iron or steel and
masonry.

Entrances to stations will in general be placed
within private property, rights in which will be
acquired for the purpose.

Construction is to be generally carried on by
means of tunnelling or excavation under cover,
except as may be otherwise specially provided
in the contract, or in places where the Board
shall give express permission to construct by
open excavation. In Battery Park, Washington
square and Central Park, or other places under
the jurisdiction of the Department of Parks, all
trees injured or destroyed in the course of con-
struction are to be replaced by the contractor
under the direction and to the satisfaction of
said Department.

The Board has included in the detailed plans
for construction, provisions for pipe galleries
through and along the principal longitudinal
streets except in those portions described above
as Section 15-A and a part of Section 4-O-2.

Bids for the construction of the railroad on
any one or more of these sections must be accom-
panied by bids for the construction of the pipe
galleries appurtenant to such section or sections;
and if not so accompanied will not be considered
by the Board. The Board reserves the right to
accept a bid for the construction of any section
of the railroad and at the same time to reject
the accompanying bid for pipe galleries.

If proposals satisfactory to the Board are re-
ceived for the construction of one or more of
the several parts of the road as above described,
the Board may contract (subject to the approval
of the Board of Estimate and Apportionment as
provided by law) for those parts for which sat-
isfactory proposals are received, reserving the
right to make a separate contract or separate
contracts thereafter for the remaining part or
parts.

A fuller description of the said routes is set
forth, and other requirements, provisions, details
and specifications are stated in the printed form
of contract now on file in the office of the Board,
No. 320 Broadway, Borough of Manhattan, and
in the detailed drawings therein referred to, at
which office copies of the contract and of the
form of bond and contractor's proposal may be
had on application. The contract drawings may
be inspected at the same office. The printed form
of contract and the detailed drawings are to
be deemed a part of this invitation.

The words "the railroad" wherever used here-
after in this invitation are to be construed to
mean the part or parts included in any contract
entered into in pursuance hereof.

Payments to the contractor for construction
will be made monthly as the work proceeds, as
provided in the form of contract.

The work of construction (including pipe gal-
leries and the additional tracks and terminal
facilities above mentioned) is to be completed as
soon as practicable, and within the periods men-
tioned in the form of contract.

Proposals may be submitted for construction
alone; or, at the option of the bidder, for construc-
tion, equipment, maintenance and operation.

In case a satisfactory proposal is received from
any person, firm or corporation to construct,
equip, maintain and operate the railroad, the con-
tract will provide for maintenance and operation
for a term of twenty years, and for renewal
thereof for a further term of twenty years from
the expiration of the original term, all as stated
in the form of contract; the contractor to pay
an annual rental for the use of the railroad
which shall be ascertained as stated in the form
of contract and which shall begin as soon as any
portion of the railroad shall be declared by the
Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE
RECEIVED AT THE SAID OFFICE OF THE
BOARD, NO. 320 BROADWAY, BOROUGH
OF MANHATTAN, CITY OF NEW YORK,
UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME
OR AT A LATER DATE TO BE FIXED BY
THE BOARD THE PROPOSALS WILL BE
OPENED.

Proposals shall be in the form prescribed by
the Board, copies of which may be obtained at
the office of the Board.

Each proposal must be signed and acknowled-
ged and also verified by an affidavit of the
bidder (or if it be a corporation then by an
officer thereof) to the effect that the several
matters therein stated are in all respects true.
If the proposal is made by a firm, it will be
sufficient if the proposal is signed and acknowled-
ged, and the affidavit sworn to, by one member
of the firm.

Each proposal must specify an office within
The City of New York at which notices may be
delivered; and delivery of a notice at such office
shall be deemed a sufficient delivery and notice
to the bidder.

Each proposal or bid must contain the name
and place of residence of the person or persons
making the same, the names of all persons inter-
ested with him therein, and if no other person
be so interested, it shall distinctly state that fact;
and if the bidder shall be a corporation, there
shall be submitted a certified copy of its certi-
ficate of incorporation, with a certificate of the
amount of stock paid in cash, and the names
and business addresses of all officers and
directors of the corporation shall be stated; also
that it is made without any connection with
any other person making a proposal or bid for
the same purpose, and is in all respects fair and
without collusion or fraud, and that no member
of the Board of Aldermen, head of department,
chief of bureau, deputy thereof or clerk therein,
or other officer of the corporation, or any mem-
ber or employee of the Board, is interested,
directly or indirectly, as contracting party, partner,
stockholder or otherwise in or in the performance
of the contract, or in the supplies, work or
business to which it relates, or in any portion
of the profits thereof.

Bidders shall specify separately in their pro-
posals the amounts for which they will construct
each separate part as described above; and the
amounts for which they will construct pipe gal-
leries. They may, however, make their bid for
any one section of this proposed railroad
conditional upon either the acceptance or rejection
of their bid for any one or more of the other
sections which they shall specify, or upon the
acceptance or rejection of their bids for any other
Rapid Transit Railroad construction submitted by
them at the same time.

The price stated for the construction of each
separate part shall include the furnishing of all
materials and the performance of all labor re-
quisite to the complete construction of such part,
including all sewer and street construction and
reconstruction and other work caused by or in-
cidental to the construction of the same as set
out in the proposed form of contract.

Bidders who submit proposals to construct and
also to equip, maintain and operate the railroad,
must specify in their proposals in addition to the
matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment
of the railroad upon which the proposal is based.
The word "equipment" includes motors, cars,
machinery, power houses, all real estate upon
which any such power houses shall stand, rail-
ties, ballast, telephone and telegraph appliances,

and other real and personal property as specified
in the form of contract. Such equipment is to
remain the property of the contractor, but will
be subject to a lien of the City to secure perform-
ance by the contractor of all the obligations of
the contract, including the payment of rental
under the lease during its entire term and during
any extension thereof.

(B) The maximum fare (not to exceed five
cents) which will be charged a single passenger
for a continuous ride over the whole or any part
of the railroad.

(C) What transportation facilities over rail-
ways connecting or to connect with the Rapid
Transit Railroad the contractor will assure to
the City, specifying separately in Schedule A
forming part of the proposal the connecting lines
over which a continuous trip shall be assured
to passengers for a single fare not exceeding
five cents without change of cars; in Schedule B,
forming part of the proposal the connecting lines
over which a continuous trip shall be assured
to passengers for a single fare not exceeding
five cents, but with or without change of cars
at the option of the contractor; and in Schedule C,
forming part of the proposal the connecting lines
over which a continuous trip shall be assured to
passengers with or without change of cars at the
option of the contractor, for fares exceeding five cents per trip but with
in limitations to be specified.

No proposal will be allowed to be withdrawn
for any reason whatever after it shall have been
deposited with the Board.

The Board is not obliged by law to accept any
of the proposals received by it, but may reject all
such proposals and readvertise, or may accept
any of such proposals as will in the judgment of
the Board best promote the public interest and
award a contract or contracts accordingly, sub-
ject to approval by the Board of Estimate and
Apportionment, as required by law. If any part
or parts of the road are not contracted for, the
Board reserves the right to make a separate contract
or separate contracts thereafter for the remaining part
or parts.

The award of the contract or contracts (if
awarded) will be made by the Board within
fifteen days after the opening of the proposals.
The bidder or bidders whose proposal shall be
accepted shall in person or by duly authorized
representative attend at the said office of the
Board within ten days after the delivery of a
notice by the Board that the proposal is accepted
and that the contract is approved by the Board
of Estimate and Apportionment; and such
bidder or bidders shall then deliver a contract in
the form referred to, duly executed with its execu-
tion duly proved.

At the time of the delivery of a contract, the
contractor will be required to furnish security to
the City as follows:

(1) By depositing in cash or approved securities
for each part of the road for which the con-
tract is made the following amounts, viz:

For Section 4-D-1.	\$25,000.00
For Section 4-D-2.	50,000.00
For Section 4-C.	100,000.00
For Section 4-B.	100,000.00
For Section 4-O-1.	60,000.00
For Section 4-O-2.	20,000.00
For Section 4-O-3.	20,000.00
For Section 4-A.	100,000.00
For Section 4-AA-1.	200,000.00
For Section 4-AA-2.	200,000.00
For Section 15-A.	60,000.00
For Section 15-AA-1.	100,000.00
For Section 15-AB-1.	100,000.00
For Section 4-H-1.	200,000.00
For Section 4-H-2.	175,000.00

If the contract covers two or more parts of the
road, the deposit shall be the aggregate of the
deposits required in respect of each of the several
parts contracted for.

(2) By giving a bond in a penalty equal to the
amount of the deposit as above required. At the
option of the contract, cash or approved securities
may be deposited instead of giving a bond.

If securities are deposited for any purpose
under this contract they must be of the character
of securities in which savings banks may invest
their funds and must be approved by the Board.
Bonds must be in one of the forms annexed to
the form of contract.

In addition, and as further security to the City,
10 per cent. of each amount certified from time
to time to be due to the contractor will be re-
tained until the railroad is completed.

Each bidder must state in his proposals the
names and places of business of the proposed
sureties on the bond proposed to be given, and
describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfy-
ing to the Board may, in case the sureties or
securities named by them are not approved by
the Board, substitute in their proposals the
names of new sureties or a different schedule of
securities approved by the Board; but such sub-
stitution must be made within five days after
notice of disapproval by the Board, unless this
period is extended by the Board.

In case of failure or neglect to execute and
deliver the contract or to make the required de-
posit or to execute and deliver the required bond,
such bidder or bidders will, at the option of the
Board, be deemed either to have made the con-
tract or to have abandoned the contract. In the
latter case the Board shall give notice thereof to
the defaulting bidder or bidders. And the Board
may thereupon proceed to make another contract
with such, if any, of the original bidders, as, in
the opinion of the Board, it will be to the best
interest of the City to contract with, or may by
new advertisement invite further proposals. The
defaulting bidder or bidders shall thereupon be
liable to the City for all loss and damage by it
sustained, including the excess, if any, of the
amount it shall pay any other contractor over the
amount of the bid of such defaulting bidder or
bidders, and without abatement by reason of any
increase of rental which such excess may produce
to the City.

Every proposal must, when submitted, be in-
closed in a sealed envelope indorsed "Proposal
for Constructing Rapid Transit Railroad (Seventh
Avenue Route, etc.), Sections —," and must be
delivered to the Board or to its Secretary; and in
the presence of the person offering the proposal
it will be deposited in a sealed box in which all
proposals will be deposited. No proposals will
be received or deposited unless accompanied by
a certified check drawn upon a national or State
bank or trust company within The City of New
York and satisfactory to the Board, payable to
the order of the Comptroller of The City of New
York, for an amount equal to 10 per cent. of the
deposit above required to be made upon the de-
livery of a contract for construction of the section
or sections of the proposed rapid transit rail-
road to which such proposal relates.

the Board of Rapid Transit Railroad Commissioners for The City of New York, transmitting form of proposed agreement modifying contract dated February 21, 1900, for the construction and operation of a rapid transit railroad, providing for a certain change in the station stairway and entrance of the subway at Third avenue and One Hundred and Forty-ninth street, in the Borough of The Bronx, and requesting the consent of the Board of Estimate and Apportionment to such modification.

Whereupon the following resolutions were adopted:

Resolved, That the communication be received, and in pursuance of law this Board hereby appoints Friday, the 12th day of April, at 10:30 o'clock in the forenoon as the time, and Room 16 in the City Hall, Borough of Manhattan, as the place, when and where such plans and conclusions will be considered; and be it further

Resolved, That the Secretary be directed to cause notice of such consideration to be published in the CITY RECORD.

Dated New York, March 28, 1907.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the lines of Edenwald avenue, between East Two Hundred and Thirty-third street and the City line, Borough of The Bronx, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on April 19, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on March 22, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of Edenwald avenue, between East Two Hundred and Thirty-third street and the City line, in the Borough of The Bronx, City of New York, more particularly described as follows:

The width of Edenwald avenue, which is shown as 100 feet on Section 33 of the Final Maps and on the Tentative Plan of the Street System, east of the Bronx river, is to be changed so as to conform with the width of Jefferson avenue, filed in the offices of the Registers of Westchester County and New York County.

The width will be 70 feet between East Two Hundred and Thirty-third street and the easterly line of Fox avenue, now Gunther avenue; from the easterly line of Fox avenue to the westerly line of Burke avenue, now Wickham avenue, it is to be 120 feet; from the westerly line of Burke

avenue to the easterly line of Monticello avenue, it is to be 70 feet; from the easterly line of Monticello avenue to the westerly line of Seton avenue, it is to be 120 feet, and from the easterly line of Seton avenue to the boundary line of The City of New York, it is to be 70 feet.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 19th day of April, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 19th day of April, 1907.

SUPREME COURT—THIRD JUDICIAL DISTRICT.

THIRD JUDICIAL DISTRICT—ULSTER COUNTY.

ASHOKAN RESERVOIR.

SECTION NO. 4.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House in the City of Kingston, Ulster County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinabove described is situated, to act as Commissioners of Appraisal under said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 4, Board of Water Supply of The City of New York. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained
