Dr. John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals, appeared before the Commission and amended his original request by asking that the positions of four Admitting Physicians, Bellevue Hospital, be placed in the non-competitive class rather than the exempt class. There was no opposition to the request in its amended form, and the hearing closed.

Private Secretary to the Superintendent of Sewers, Queens.

Moses Altman, Esq., Secretary to the President of the Borough of Richmond, addressed the Commission in behalf of the amendment. There was no opposition to the same and the hearing closed.

The Commission then went into regular session, and the minutes of the meeting held February 2, 1906, were approved.

On motion, it was

Resolved, That the classification of positions in the non-competitive class, as fixed by the Civil Service rules, be and the same is hereby amended by including therein, under the heading "Positions in the Department of Public Charities, the Department of Correction, the Bellevue and Allied Hospitals, the New York and Brooklyn Truant Schools and the Brooklyn Disciplinary Training School," the following:

—be and the same is hereby denied.

The President stated that Walter Corley, of No. 404 West Fifty-fifth street, candidate for the position of Patrolman, who had been informed that he would be given one week in which to procure some evidence to satisfy the Commission that the baptismal certificate furnished by him was genuine, had called upon him and had failed to produce the required proof.

On motion, it was

Resolved, That the Secretary be and he hereby is instructed to remove the name of Walter Corley, No. 404 West Fifty-fifth street, Manhattan, from the eligible list for Patrolman, under the provisions of Civil Service Rule VII., paragraph 14.

The President called the attention of the Commission to the application of Mrs. Ray F. Schwartz, No. 131 West Fifty-sixth street, for permission to enter the examination for Probation Officer. It appeared that the candidate was only twenty-three years of age, while the minimum age fixed for that examination was twenty-four. In view of the fact that the work in which the candidate had been engaged during the past eight years was directly in line with the work of a Probation Officer, and her experience and references being of the highest order, on motion, it was

Resolved, That the minimum age of twenty-four years, fixed for applicants for examination for Probation Officer, be and the same is hereby waived so far as it applies to the case of Mrs. Ray F. Schwartz, candidate for examination for that position.

A communication was presented from the Chief Examiner, dated January 29, stating that the examination for Prison Keeper was completed on January 13.

On motion, it was

Resolved, That the eligible list for the position of Prison Keeper be and the same is hereby established by the Municipal Civil Service Commission as of January 13, 1906, and the Secretary is hereby instructed to certify from same in answer to requisitions for eligibles for that position.

A communication was presented from the Chief Examiner, dated January 29, stating that the application of Daniel H. Shay, No. 219 West One Hundred and Thirty-third street, for the position of Financial Clerk, had been rejected under Rule VII., paragraph 14, such action having been based upon the fact that the candidate was dismissed from a position in the New York Post Office on December 9, 1905. After a consideration of the matter, it appearing that the charge upon which the candidate was dismissed from the Post Office would in no wise prevent his efficient performance of the duties of Financial Clerk, the application was accepted.

A communication was presented from the Chief Examiner, dated January 16, stating that the examination for Assistant Engineer, Board of Water Supply (second and third grades), was completed on January 15.

On motion, it was

Resolved, That the eligible lists for Assistant Engineer, Board of Water Supply, second and third grades, be and they are hereby established by the Civil Service Commission as of January 15, 1906, and the Secretary is hereby instructed to certify from same in answer to requisitions for eligibles for those positions.

A communication was presented from the Chief Examiner, dated February 3, stating that the examination for Fireman, Boroughs of Richmond and Queens, had been completed on February 1, 1906.

A communication was presented from the Chief Examiner, dated January 26, with reference to the appeal of Alfred S. Burgess, candidate for Assistant Engineer, Board of Water Supply, for a rerating of his papers. The Chief Examiner stated that an examination of the ratings given by the two examiners showed so close an approximation in every instance as to preclude the possibility of there being any error. The appeal was denied.

A communication was presented from the Chief Examiner, dated February 1, with reference to the appeal of E. G. Klausner, candidate for Junior Clerk, for a rerating of his papers. As the appeal did not come within the provisions of Civil Service Rule IX., the same was denied.

A communication was presented from the Chief Examiner, dated February 1, forwarding a report from Mr. Oppenheim, Examiner, with reference to the best way of printing examination papers. After consideration of the matter, the Chief Examiner was instructed to assign the work of superintending the printing of examination papers to Mr. Oppenheim, and to request him to put his suggestions into operation.

A communication was presented from the Chief Examiner, dated February 2, with reference to the appeal of Alfred W. Arenander, candidate for Assistant Engineer, Board of Water Supply, for a rerating of his papers. As the case did not come within the provisions of Civil Service Rule IX., the appeal was denied.

The appeal was denied.

A communication was presented from Mr. P. D. Byrne, Examiner, dated January 13, with reference to the application of Richard Chappelle for the position of Stationary Engineman. It appeared that the candidate himself signed the names of two of his vouchers to his application, but upon Mr. Byrne's statement that he did so with the knowledge and consent of the said persons and that he had submitted a duplicate application properly filled out and signed by four vouchers, the Commission accepted the same.

A communication was presented from the President of the Borough of Queens, dated January 20, requesting that the eligible lists of the labor class be sub-divided into Wards, together with a report of the Labor Clerk in reference to the matter. It appeared from the said report that, in view of the provisions of section 2 of Rule XIX., which rule was based upon a peremptory writ of mandamus issued by the Supreme Court in the matter of The People of the State of New York, ex rel. Thomas H. Melledy, vs. Commissioner of Bridges et al., the said request could not be granted, and recommended that the same be denied. The recommendation of the Labor Clerk was adopted.

A communication was presented from Willis Holly, Esq., Secretary of the Park Board, dated January 27, requesting that John J. McCarthy, first grade Clerk in the office of the Commission of Parks, Boroughs of Manhattan and Richmond, be certified as eligible for promotion to the second grade of clerkship without further examination, in view of the fact that the questions used in the examination for promotion to first grade Clerk, which Mr. McCarthy passed, were the same as those given the candidates for promotion to the second grade, who competed on the same day. The request was denied.

A communication was presented from the Deputy Chamberlain, dated January 27, requesting that the eligible list for promotion to first grade Clerk in the Department of Finance be sub-divided, and that the name of John J. Berlinghoff, which appeared thereon, be placed upon a list for promotion to first grade Clerk in the office of the City Chamberlain, that being an office separate and distinct from the Finance Department. The request was granted, and the Secretary was instructed to create a list for promotion to first grade Clerk in the City Chamberlain's office of the persons in the employ of that office whose names appeared upon the eligible list for promotion to first grade Clerk in the Finance Department.

A communication was presented from the Secretary of the Board of Estimate and Apportionment, transmitting a resolution of that Board adopted on February 2,

requesting the Municipal Civil Service Commission to grant to Mr. John E. Kelly, Stenographer and Typewriter in the office of the Chief Engineer, a non-competitive examination for promotion to the fifth grade. The Secretary was instructed to communicate with the Secretary of the Board of Estimate and Apportionment and call his attention to the resolution of the Municipal Civil Service Commission adopted January 8, to the effect that no examinations for promotion shall be held before the month of May.

A communication was presented from the Secretary of the Fire Department, dated January 30, requesting to be informed whether Owen J. Ward, Jr., who was appointed a probationary Fireman on November 13, 1905, and dropped on December 13, 1905, for the reason that his physical condition was found to be unsatisfactory by the medical examiners, was eligible for reinstatement in the position of Fireman. The Secretary was instructed to communicate with Mr. Downes and state that, in the opinion of the Commission Mr. Ward was not eligible for reinstatement, for the reason that he was dismissed from the service before being permanently appointed to the position of Fireman.

A communication was presented from the Fire Commissioner, dated January 31, stating that the following-named persons had been designated as Examiners for positions in the non-competitive class in that Department:

John Kenlon, Chief, Nineteenth Battalion.

Andrew Tennant, Assistant Foreman, Hook and Ladder Company 62.

Frederick Thompson, Engineer of Steamer, Engine Company 78.

The communication was ordered filed.

A communication was presented from the Commissioner of Correction, dated January 27, requesting permission to continue the provisional employment of John E. Van De Carr, Overseer at the Reformatory at Hart's Island, who was appointed for a period of sixty days under Civil Service Rule XII., paragraph 3, until such time as the eligible list for that position was announced. The request was granted, and the Secretary was instructed to attach a special certificate to the pay roll of Mr. Van De Carr, setting forth the facts in the case.

A communication was presented from the Commissioner of Street Cleaning, dated January 29, requesting permission to continue the temporary employment of an Automobile Engineman beyond the sixty days allowed by Rule XII., paragraph 3, for the reason that he had been unable, so far, to get an engineman from the list for that position promulgated December 1, 1905. The Secretary stated to the Commission that a number of City departments had experienced great difficulty in making satisfactory selections from the eligible list for Automobile Engineman, in view of the different conditions prevailing in the various departments; that some of the persons certified would not accept employment on account of the irregular hours of work; that some objected to the salary offered, and that many were found to be incompetent for the high class of work required of them, and he recommended that the position be placed in the non-competitive class. A public hearing was ordered upon the proposed amendment, in accordance with Civil Service Rule III., to be held at the Commission's offices on Wednesday morning, February 14, at 10 o'clock; and, pending the final determination of the matter, the Secretary was directed to attach the certificate of the Commission to the pay roll of the Engineman serving in the Department of Street Cleaning.

A communication was presented from the Commissioner of Docks and Ferries, dated February 1, requesting authority to appoint Mr. Vincent Sheridan, No. 67 Prospect place, Manhattan, pending the establishment of the list for Axeman. The request was granted, and the Chief Examiner was instructed to conduct a non-competitive examination of the candidate under the provisions of Rule XII., paragraph 3.

A communication was presented from the Commissioner of Public Charities, dated January 26, requesting that an examination for promotion from Nurse to Supervising Nurse in that Department be held, and stating that none of the five persons whose names appear upon the existing list for promotion to Supervising Nurse would accept an appointment to the position vacant at Randall's Island, in view of the character of the duties to be performed. The Secretary was instructed to call the attention of the Commissioner of Charities to the resolution passed by the Commission on January 8, to the effect that no promotion examinations would be ordered until May.

A communication was presented from the Secretary of the Borough of Manhattan, dated January 31, requesting approval of the leave of absence, without pay, until April 1, 1906, granted Mr. Thomas M. Cassidy, Supervisor of Complaints. It appearing from the physician's certificate furnished that the said leave of absence was granted on account of illness, the same was approved.

A communication was presented from the President of the Borough of Richmond, dated January 29, requesting the Commission to change its records to show that Mr. John J. Holian, Stenographer in that Department, was increased to \$1,500 per annum on May 26, 1904, as a result of the original examination taken by him in which there was no limit to compensation, rather than as a result of the promotion examination which Mr. Holian subsequently passed. The Secretary stated that Mr. Cromwell had notified the Civil Service Commission that Mr. Holian was promoted as a result of the promotion examination which he took on December 4, 1903. The request was denied.

A communication was presented from the Secretary of the Department of Health, dated January 29, requesting approval of a leave of absence, without pay, from February 1 to April 30, granted Tenney H. Wheatley, M. D., Medical Inspector. It appearing from the physician's certificate furnished that the said leave of absence was granted on account of illness, the same was approved.

A communication was presented from the Secretary of the Board of Education, dated January 30, requesting approval of a leave of absence, without pay, for three months from January 1, granted W. B. Bromell, Inspector of Fuel. It appearing from the certificate furnished that the leave of absence was granted on account of illness, the same was approved.

A communication was presented from the President of the Borough of Brooklyn, dated January 31, declining to consider the name of Edward Kerschner for appointment to the position of Superintendent of Baths on the ground that he was not a resident of the State of New York, and requesting that an additional name be certified for his consideration in place of that of Edward Kerschner. The Secretary was instructed to communicate with Mr. Kerschner and inform him that he would be given an opportunity to show cause why his name should not be removed from the list for Superintendent of Baths on Wednesday morning, February 14, 1906, at ten o'clock.

A communication was presented from the Corporation Counsel, dated February 1, requesting that a special examination be held at the earliest possible date to establish an eligible list from which appointments to the position of Process Server in the Law Department might be made, and quoting the provision made by the Board of Estimate and Apportionment and the Board of Aldermen for such a position. The Secretary stated that there was a list for Process Server in existence which was established February 2, 1904. The matter was laid over.

The following reports of Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Correction, January 23 to 31.

Department of Health, January 25.

Bellevue and Allied Hospitals, January 29.

School ship "St. Mary's," February 1.

A communication was presented from the Department of Water Supply, Gas and Electricity, requesting that an examination for promotion to eighth grade Clerk (Appointment Clerk) be held for Mr. Lawrence F. McCann, Clerk in that Department, under the provisions of Rule XV., paragraph 4. The Secretary stated that the letter was a copy of a communication which was sent to the office of the Commission on December 19 by the Commissioner of Water Supply, Gas and Electricity, but which had been mislaid and consequently had not been placed before the Commission for its consideration. The Secretary was instructed to notify the Chief Examiner to conduct the examination requested.

A communication was presented from the Supervisor of the City Record, dated January 22, requesting approval of a leave of absence, without pay, for six months from January 1, granted Mr. Thomas Dwyer, Jr., Examiner in that office. It appearing from the certificate furnished that the leave of absence was granted on account of illness, the same was approved.

A communication was presented from the City Clerk and Clerk of the Board of Aldermen, dated February 1, transmitting a resolution of the Board of Aldermen adopted January 30, 1906, requesting the Board of Estimate and Apportionment to establish a rule requiring all applications for the creation of new positions and grades, and the fixing of all salaries, to be made in conjunction with the submission of departmental estimates for the purposes of the Budget. The communication was ordered filed.

A communication was presented from the Chief Clerk of the Police Department, dated February 2, requesting, by direction of the Police Commissioner, that the examination for promotion to sixth grade Stenographer in that Department be opened to the Clerks in the lower grades, as well as the Stenographers. The request was denied.

A communication was presented from Hon. Homer Folks, Chairman of the Probation Commission, dated February 3, suggesting, at the direction of the State Probation Commission, as follows:

First—That the examination for Probation Officer be in part an oral examination; and

Second—That, in the framing of the special paper on duties, and the request for a letter or report, and in rating the answers on these papers, letters or reports, and also on experience, the assistance of two or more persons who have an extended knowledge of the principles and actual operations of probation work be secured.

The President was requested to communicate with Mr. Folks and state that the objection to the appearance of the candidates for Probation Officer before the Examiners was that the Commission regards as very important and essential in the conduct of all examinations that the identity of candidates be unknown to the Examiners; and secondly, that it did not believe that the examination was of such a character as to require the services of experts to conduct it.

The request of Thomas F. Cunningham, No. 75 Waverly avenue, Brooklyn, that his name be restored to the list for Axeman, was denied for the reason that said list was exhausted and that a new list was about to be announced.

A communication was presented from Peter S. Halpin, No. 1834 Madison avenue, dated January 29, protesting against the action of the Commission in placing his name on the preferred list for the position of Plumber. The Secretary stated that Mr. Halpin was originally a Foreman of Plumbers in the Department of Parks, and that on August 31, 1905, he was reduced to Plumber. He was afterwards suspended for lack of work and his name was placed on a preferred list for Plumber. In view of the fact, however, that it appeared that the candidate had never served as a Plumber, the Secretary was instructed to place his name upon the preferred list of Foreman of Plumbers as of August 21, 1905, the date upon which he was suspended from that position for lack of work.

A communication was presented from Francis H. Collins, No. 2911 West Twenty-first street, Brooklyn, dated January 22, requesting that his name be placed upon the preferred list for Inspector of Regulating, Grading and Paving as of September 16, 1899, the date he entered the service of The City of New York for the first time. It appeared that the candidate was appointed an Inspector of Incumbrances on that date, and that his position was abolished on March 15, 1902, and his name was placed on a preferred list. It remained there for one year, and the day after the year expired he was appointed from an eligible list for Inspector of Regulating, Grading and Paving, he having passed an open competitive examination for that position. Upon his suspension from duty on January 11, 1906, for lack of work, the Certification Clerk placed his name upon a preferred list as of the date upon which he was appointed to the position of Inspector of Regulating, Grading and Paving. The matter was referred to the Secretary for a report.

An affidavit was presented from Madison S. Jones, No. 31 West One Hundred and Thirty-fourth street, dated January 6, 1906, setting forth that he reported in answer to the notice of appointment to the position of Stenographer (second grade) sent him by the Aqueduct Commission on August 9, 1905, and that he had heard nothing regarding the matter until, upon inquiry at the office of the Commission, he was told that for the reason that the Aqueduct Commission had reported that he had "failed to appear," his name had been dropped from the list; and requesting that his name be restored. The request was granted.

A communication was presented from Jacob Finkenstein, No. 151 Ludlow street, dated February 1, requesting that his name be restored to the list for Clerk, Tenement House Department, and furnishing the certificate of a physician to the effect that he was in good health at the present time and able to accept an appointment. The candidate declined appointment on October 18 last on account of illness. The request was granted.

An affidavit was presented from Edward G. Carey, No. 217 Cumberland street, Brooklyn, dated February 1, to the effect that he declined appointment as Assistant Engineer in the office of the President of the Borough of The Bronx in October, 1905, on the ground of insufficient compensation; that he did not decline appointment without giving any reason, as the Commission was informed; and requesting that his name be restored to the list. The request was granted.

An affidavit was presented from Alfred F. McCarville, No. 663 East One Hundred and Thirty-seventh street, dated February 1, transmitting the certificate of a physician to the effect that he is now in good health and able to accept an appointment, and requesting that his name be restored to the list for Stationary Engineman. It appeared that the candidate had previously declined appointment as Stationary Engineman on account of illness. The request was granted.

The Secretary stated that Mr. Herbert C. Hill, No. 330 Clermont avenue, Brooklyn, candidate for Transitman and Computer, had presented the certificate of a physician, to the effect that he was ill last summer with "malarial infection," as required by the Commission in connection with his request that his name be restored to the eligible list on the ground that when he was certified for appointment on November 29 he was suffering from the effects of such illness and unable to accept the appointment. The candidate's name was ordered restored to the list.

An affidavit was presented from Eduardo Breker, Second avenue and Seventy-second street, Brooklyn, dated February 2, stating that when he was certified to the Board of Estimate on October 10, 1905, for appointment as Axeman, he was unable to report as he was in England, and requesting that his name be restored to the list. The request was denied for the reason that the list of Axeman was exhausted and a new list was about to be announced.

A communication was presented from Thomas F. Curran, No. 56 Hale avenue, Brooklyn, dated January 27, candidate for Probation Officer, whose application the Commission had declined to accept for the reason that the records showed that he had been retired from the Police Department on the ground that he was unfit for police duty, requesting that the Commission reconsider its action and accept his application as he was confident that he was physically and mentally capable of filling the position of Probation Officer or Special Parole Officer. The request was denied.

A communication was presented from Bryan W. Tichenor, No. 22 Pine street, requesting that his name be restored to the eligible list for Court Stenographer, and transmitting a copy of the communication which he forwarded to the Law Department regarding his certification to that Department. It appeared that the candidate's name had been stricken from the list on the report of the Law Department that he had failed to answer the notice sent him. The Secretary was instructed to restore Mr. Tichenor's name to the list.

The recommendation of the Labor Clerk that the appeal of Nicholas Shanley, a Ship Carpenter in the employ of the Department of Docks and Ferries, be given authority to change his name upon the records from "Daniel Shanley" to Nicholas Shanley, was adopted, it appearing that the candidate originally applied for the position under his own name, but that, through a clerical error he was appointed in the Dock Department under the name of "Daniel Shanley."

The Secretary recommended that clause 13 of Civil Service Rule XIX. be amended by adding thereto the following:

"And in the Department of Docks and Ferries and in the out-door forces of the Department of Parks and the offices of the Borough Presidents, Laborers of five years' standing may be properly assigned to guard the property of the said departments in connection with their duties as Laborers."

A public hearing was ordered on the proposed amendment for Wednesday morning, February 14, 1906, at 10 o'clock.

The Commission then adjourned to meet Wednesday, February 14, 1906, at 10 a. m.

F. A. SPENCER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 61 Elm Street,
New York, February 14, 1906.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Wednesday morning, February 14, 1906, at 10 o'clock.

All the Commissioners were present.

A public hearing was held on the proposed amendment of the classification of positions in the competitive class, Part I., by striking therefrom "Automobile or Locomobile Engineman," and the proposed amendment of the classification of positions in the non-competitive class by including therein the position "Automobile or Locomobile Engineman" for all departments. Dr. John McGaw Woodbury, Commissioner of Street Cleaning, addressed the Commission in favor of the proposed amendment, and Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, also addressed the Commission. After some discussion it was decided to allow the title "Automobile or Locomobile Engineman" to remain in the competitive class for all departments requiring such a position, except the Police and Fire Departments and the Department of Street Cleaning, and to place the position in the non-competitive class for those three departments only. There being no opposition to that form of amendment the hearing closed.

A public hearing was held on the proposed amendment of clause 13 of Rule XIX. by adding thereto the following:

"And in the Department of Docks and Ferries and in the outdoor forces of the Department of Parks and the offices of the Borough Presidents, Laborers of five years' standing may be properly assigned to guard the property of the said departments in connection with their duties as laborers."

Mr. Charles W. Stanniford, Chief Engineer of the Dock Department, representing the Commissioner of Docks and Ferries, addressed the Commission in favor of the amendment. Mr. S. William Briscoe, representing the Attendants' Association of The City of New York, opposed the amendment. Mr. Elliot H. Goodwin, Secretary of the Civil Service Reform Association, suggested that the same be limited to the Department of Docks and Ferries, and stated that in that event his association would not make any objection to its adoption. The hearing then closed.

The Commission then went into regular session and the minutes of the meeting held February 7 were approved.

On motion, it was

Resolved, That the classification of positions in the non-competitive class, as fixed by the Civil Service Rules, be and the same is hereby amended by including therein the following:

Automobile or Locomobile Engineman, Fire and Police Departments and Department of Street Cleaning.

On motion, it was

Resolved, That the matter of amending clause 13 of Civil Service Rule XIX. be and the same is hereby laid over.

Harry S. Sullivan, from the position of Stenographer and Typewriter (third grade) to that of Clerk (third grade) in the Department of Health.

The recommendations of the Committee on Transfers were adopted.

The Secretary called the attention of the Commission to the case of Frederick F. Decker, who was employed as a Leveler in the office of the President of the Borough of Richmond at a salary of \$1,200 per annum up to January 1, 1906, at which time he was transferred to a similar position in the Department of Water Supply, Gas and Electricity without the authority of the Civil Service Commission. The Secretary stated that Mr. Decker was eligible for the transfer at the time same was made, and that the consent of the Civil Service Commission was not obtained owing to a misunderstanding of the matter on the part of one of the employees of the Department of Water Supply, Gas and Electricity; that he had interviewed Mr. Decker and he informed him that he had consented to the transfer, as required by the Commission, and that he was unaware of the fact that the necessary certificate had not been issued.

On motion, it was

Resolved, That the transfer of Frederick F. Decker from the position of Leveler in the office of the President of the Borough of Richmond to a similar position in the Department of Water Supply, Gas and Electricity on January 1, 1906, being allowable under the provisions of Civil Service Rule XIV., paragraph 1, the Secretary is hereby authorized to issue a certificate of transfer as of that date.

The Secretary called the attention of the Commission to a communication from Maurice Fahey, West New Brighton, N. Y., who had been granted a week's time by the Commission to furnish it with satisfactory proof that the date set forth on his application for Patrolman—April 6, 1876—was the correct date of his birth. It appeared from the communication that the candidate had been unable to obtain any proof and he had decided not to take any further steps in the matter.

On motion it was

Resolved, That the Secretary be and he hereby is directed to remove the name of Maurice J. J. Fahey from the eligible list for Patrolman, under the provisions of Civil Service Rule VII., paragraph 14.

The Secretary presented for the consideration of the Commission the application of Edgar S. Closson, Schenectady, N. Y., for the position of Assistant Engineer, Rapid Transit Railroad Commission, which he had accepted conditionally, for the reason that two of the candidate's vouchers were non-residents of The City of New York. The application was accepted.

A communication was presented from the Chief Examiner, dated February 8, stating that the appeal of Samuel Haveden, candidate for Junior Clerk, did not come within the provisions of Civil Service Rule IX. The appeal was denied.

A communication was presented from the Chief Examiner, dated February 8, with reference to the letter of John R. O'Brien, candidate for promotion to Foreman in the Fire Department, with reference to that examination. A communication was presented from the Chief Examiner, dated February 6, submitting a draft of the advertisement he had prepared for the examination for Architectural Draughtsman and Architectural Designer. The form of advertisement submitted by the Chief Examiner was adopted.

A communication was presented from the Chief Examiner, in regard to the appeal of Henry Laut, candidate for promotion to Junior Clerk, Department of Health, stating that the appeal did not come within the provisions of Civil Service Rule IX. The same was denied.

Communications were presented from the Chief Examiner, dated February 5, stating that from a consideration of the experience possessed by Messrs. William J. Dunsing and Edward W. Wood, candidates for Assistant Engineer, it appeared that they had had ten years' experience in Civil Engineering. The Secretary was instructed to note such fact upon the eligible list for Assistant Engineer.

A communication was presented from the Secretary of the Department of Public Charities, dated February 6, transmitting a supplementary pay roll of George Scott, Engineman, for a period of fourteen days at \$3 a day, covering services rendered in the Department of Public Charities while an endeavor was being made to obtain an Engineman from the eligible list for permanent appointment in the City Hospital. Mr. Borden stated at length the disposition made of each name which was certified for permanent appointment, and assured the Commission that it was not possible to make an appointment any sooner. The Secretary was instructed to attach the certificate of the Commission to the pay roll.

A communication was presented from the Secretary of the Department of Health, dated February 5, inclosing the "declination" of John L. Moffatt, M. D., whose name was certified by the Commission for appointment to the position of Oculist, and asking, as Dr. Moffatt's name was the last one remaining on the said list, that the Commission conduct an examination for Oculist, and in the meantime authorize the provisional appointment of Daniel H. Weisner, M. D., to fill the vacancy under the provisions of Civil Service Rule XII., paragraph 3. The matter was laid over.

A communication was presented from the Commissioner of Public Works, Richmond, dated February 7, requesting the Commission to recertify the name of Harry H. Walsh for appointment to the position of Rodman in that Department at a salary of \$900 per annum. The Secretary stated that Mr. Walsh had declined appointment at \$900 on December 30, 1905, on the score of insufficient compensation, and it would be

necessary for the Commission to restore him to eligibility for appointment at that salary before his name could be certified as requested by the Commissioner of Public Works.

On motion, it was

Resolved, That the name of Harry H. Walsh be and it hereby is restored to the list of Rodman for appointment at \$900 per annum, and the Secretary is hereby directed to certify the same for appointment in the Department of Public Works, Borough of Richmond.

A communication was presented from the Superintendent of Public Buildings and Offices, Brooklyn, dated February 7, with reference to the eligible list for promotion from Cleaner to Attendant (female) in his office. It appeared that several of the persons on such list had declined promotion to Attendant on the river baths in June, 1905, for the reason that the positions were not permanent; and the Superintendent of Public Buildings and Offices desired that their names be restored to the eligible list in order that they may again be considered for promotion. The request was granted.

A communication was presented from the Deputy Commissioner of Water Supply, Gas and Electricity, dated February 13, requesting approval of the reassignment to duty of James J. Moran, an Inspector of Pipe Laying, etc., who had been absent from January 1. It appearing from the physician's certificate furnished that Mr. Moran's absence from duty was due to illness, the reassignment was approved.

A communication was presented from the Secretary of the Board of Education, dated February 8, with reference to a certification of names under date of September 23, for appointment to the position of Janitor in the Borough of Queens, at \$600 per annum. It appeared that the first two persons whose names were certified declined the position on the score of insufficient compensation, the third person could not be located, and the fourth one who was certified was appointed at the above mentioned salary; that the Board of Education now wishes to increase his salary, but had been informed by the Pay-roll Bureau of the Commission that in view of the provisions contained in the fourth paragraph of subdivision 4 of Rule XI., such action could not be taken for one year from the date of the appointment. The Secretary of the Board of Education wished to be informed whether, in view of the fact that the law gave a department the right of selection from among three names, the fact that two of such persons had declined appointment on the score of insufficient compensation should operate to prevent the person appointed from being promoted within a year, as set forth in Rule XI. After consideration of the matter the Secretary was instructed to communicate with Mr. Palmer and state that while it was true that he had the right of selection from among the three names certified and could have appointed Mr. Rath without offering the position to the two eligibles ahead of him, yet the records of the Commission showed that the position was offered to them and that they declined appointment at the salary offered, which brought the case within the provisions of the aforesaid rule, the same being very specific, providing that:

"Whenever one or more eligibles shall have declined appointment to any position for such reason, and an eligible whose standing is lower is appointed thereto, the compensation of such appointee shall not be increased within one year thereafter beyond the amount offered to any person so declining."

A communication was presented from the Commissioner of Street Cleaning, dated February 8, stating that the following named persons had been designated as a Board of Examiners for positions in the non-competitive class:

Captain F. H. Gibson, Deputy Commissioner.
A. de Wilde, Superintendent of Final Disposition.
Dr. John Rogers, Jr., Medical Examiner.

The communication was ordered filed.

A communication was presented from the Assistant Secretary of the Park Board, dated February 5, transmitting a doctor's certificate covering the absence from duty of Mary Birmingham, Playground Attendant, from October 25 to November 30, 1905, and requesting approval of the said employee's reassignment to duty at that time. It appearing from the certificate that said absence was due to illness, the reassignment was approved.

A communication was presented from the President of the Borough of Brooklyn, dated February 3, with reference to the case of A. Ingvall, an Inspector of Regulating, Grading and Paving, who was suspended for lack of work on January 11, 1906. The Secretary stated that this was one of the cases in which President Coler had requested authority from the Commission to rescind the notice of dismissal, but his request was denied for the reason that it was not made for several days after said persons had been suspended. It appeared from his communication that he had verbally rescinded Mr. Ingvall's suspension within two days and ordered him to return to his duties, and requested the Commission to approve his restoration to duty as of January 15, in order that he might be paid for the services rendered, and also to permit him to continue in the employ of the department. The request was granted.

A communication was presented from the President of the Borough of Brooklyn, dated February 6, requesting authority to employ Mr. J. D. Leddy, No. 2148 Arthur avenue, City, provisionally, pending the establishment of the new list for Axeman. Owing to the fact that the said list would be ready for certification in a short time, the request was denied.

A communication was presented from the Secretary of the Department of Public Charities, dated February 5, requesting authority to employ Miss Louise N. Weekes, after non-competitive examination, as Supervising Nurse at Randall's Island, under the provisions of Rule XII., paragraph 3. The Secretary stated that in his opinion, owing to the difficulty the Commissioner of Charities had experienced in obtaining a person through competitive examination who was willing to serve in that capacity, the position should be placed in the non-competitive class. A public hearing upon the proposed amendment of positions in the non-competitive class by including therein the position "Supervising Nurse, with compensation not exceeding one thousand dollars per annum, with maintenance," was ordered for Wednesday, February 21, at ten o'clock; and pending a final determination of the matter, the Secretary was requested to direct the Chief Examiner to arrange a non-competitive examination for Miss Weekes to qualify her for employment until such time as a permanent appointment could be made after either a competitive or a non-competitive examination.

A communication was presented from Comptroller Metz, dated February 1, transmitting a communication from Norris P. Stockwell, No. 16 East Forty-third street, Manhattan, declining appointment to the position of Transitman and Computer in his Department at \$1,500 per annum, on the score of "insufficient compensation," and requesting that the same be received by the Commission in place of his original notice to the effect that Mr. Stockwell had "failed to report." The Secretary was instructed to correct his records accordingly.

A communication was presented from the Secretary of the Board of Education, dated February 6, informing the Commission of a resolution adopted by that Board, requesting the Civil Service Commission to change the title of the Matron in the New York Truant School to Matron-Superintendent, the present occupant of that position to hold such title "until a Principal of said school is appointed, the salary to remain at its present figure." The request was denied, there being no such title in the classification as Matron-Superintendent, and the Secretary was instructed to suggest to Mr. Palmer that it be used as an office title only, in accordance with the provisions of Civil Service Rule VI., paragraph 5.

A communication was presented from the Chief Clerk of the Police Department, dated February 7, informing the Commission that the Commissioner had ordered that his request for an examination for promotion to sixth grade Stenographer be canceled. The Secretary stated that he had withdrawn the notices for the examination, which had been scheduled for the 8th inst.

On motion, it was

Resolved, That, pursuant to the request of the Police Commissioner, the examination for promotion to sixth grade Stenographer in the Police Department, scheduled for February 8, 1906, is hereby canceled.

The following reports of non-competitive Examining Boards were approved upon the recommendation of the Chief Examiner:

Bellevue and Allied Hospitals, December 23.
Schoolship "St. Mary's," February 7.

A communication was presented from Mr. Boris Levitt, No. 232 East Tenth street, dated February 13, requesting that he be restored to eligibility for appointment as Structural Steel Draughtsman at a salary of \$1,800 per annum, on the ground that his circumstances had changed since he declined appointment at that amount, and he would be glad to accept same. The request was granted.

A communication was presented from Charles A. Klotz, No. 255 West Ninety-seventh street, requesting that his name be restored to the list for Gas Inspector, and

stating that no notice of appointment to that position in the Department of Water Supply, Gas and Electricity ever reached him. It appeared that the candidate's name had been dropped from the list on the statement of that Department that he had not reported regarding an appointment. The request was granted.

A communication was presented from Mr. Patrick J. Brennan, No. 234 East Fifty-eighth street, dated February 7, requesting to be restored to eligibility for appointment to the position of Rodman at a salary of \$900 per annum or over. It appeared that the candidate declined appointment at that compensation on August 6, 1905, for the reason that he had been assured of promotion in the position he was then holding, which, however, had not materialized. The request was granted.

A communication was presented from James B. Van Vleck, No. 1405 Pacific street, Brooklyn, to the effect that he was obliged to decline appointment to the position of Assistant Engineer in the Rapid Transit Commission on July 29, 1905, owing to the fact that he was leaving the City for a period of six months, and requesting that his name be restored to the list for that position. The request was granted.

A communication was presented from James J. Kelly, No. 2221 Beverley road, Brooklyn, dated February 7, transmitting an affidavit from Florence J. Sullivan, Esq., attorney at law, in compliance with the request of the Commission, to the effect that he was subpoenaed as a witness in the Supreme Court on the day of the examination for Assistant Engineer, Board of Water Supply, and that he was therefore unable to present himself for examination, and requesting a special examination for that position. The request was denied.

A communication was presented from Michael Madigan, a fourth grade Clerk in the Department of Health, protesting against an increase in the salary of one John R. S. White, also a Clerk in that Department, to \$1,500 per annum, on the ground that he (Madigan) had a prior right to advancement, being a veteran of the Civil War. The Secretary stated that Mr. White passed an examination for an unlimited compensation, and that his increase in salary to \$1,500 per annum was allowed without examination. The Secretary was instructed to communicate with Mr. Madigan and state that by entering the service at an unlimited compensation, an employee had an absolute right to any salary that the head of his Department might give him.

A communication was presented from James H. Malone, No. 244 St. Mark's avenue, Brooklyn, dated February 7, requesting a physical re-examination for Engineer of Steamer, he having been rejected by the Examining Physician for defective vision, and transmitting the certificate of a physician to the effect that he had examined the candidate's eyesight and found same to be free from defects. The request was denied.

A communication was presented from Max A. Jaffy, dated February 8, requesting that his name be restored to the list for Inspector of Tenements, and making affidavit to the fact that he declined appointment in the Tenement House Department on August 14, 1905, for the reason that the position offered him was only a temporary one. The request was granted.

A communication was presented from Messrs. McKee, Brewster & Morgan, No. 40 Wall street, dated February 5, stating that as the attorneys for James H. Nason, they should hold the members of the Civil Service Commission personally liable for such damages as shall have been occasioned to him by reason of the transfer of one Daniel Quinn, from the position of Cashier in the Department of Finance to that of Assistant Court Clerk in the Magistrates' Court, Brooklyn (which transfer was approved by the Commission on July 13, 1904), Mr. Nason's name appearing at the head of that list (Assistant Court Clerk) and he being a veteran of the Civil War. The communication was ordered filed.

A communication was presented from Mr. Walter D. Pinckney, Port Richmond, Staten Island, whose name appears upon the list for Elevatorman, requesting that such list be divided into borough lists, in order that those whose names appear thereon and who are residents of the Borough of Richmond might be within reach of appointment in that borough in the Borough Hall, which will be ready for occupancy in April or May of this year. The request was denied for lack of power.

A communication was presented from the Secretary of the Civil Service Reform Association, dated February 7, with further reference to the employment of William L. Ryan as Foreman of Plumbers in the office of the President of the Borough of Queens, and requesting the Commission to investigate the character of the duties now being performed by Mr. Ryan in order to ascertain whether he is performing the duties of a Foreman of Plumbers or those of an Inspector of Plumbing, the position to which he was originally appointed, and which appointment the Commission canceled for the reason that Mr. Ryan was not taken from the list in the manner prescribed by the rules. The Secretary was instructed to request the President of the Borough of Queens to investigate the matter and report thereon to the Commission.

The appeal of Michael J. Rogan, No. 733 Second avenue, Manhattan, to have his name restored to the list for Painter, was granted upon the recommendation of the Labor Clerk.

The request of Albert A. Hauser, candidate for examination for Engineer of Steamer, that he be granted a physical re-examination, was denied for lack of power.

A communication was presented from Sylvester J. Tormey, No. 46 Johnson street, Brooklyn, dated February 13, protesting against the certification of names from the eligible list for Deputy Inspector of Weights and Measures for appointment to the position of Sealer of Weights and Measures or that of Inspector of Weights and Measures, on the ground that the said list was not properly established. Together with the communication, the Commission considered a report from Mr. Boudinot, the Clerk who had charge of the advertising of the examination for Deputy Inspector of Weights and Measures, who stated as follows: That an examination for Sealer of Weights and Measures was advertised on August 2, 1905; that on August 12 the title of the position was changed to "Deputy Inspector of Weights and Measures," but there were no other changes, either in subjects or weights, or in the requirements or the salary attached to the position; that the rules provide that an examination shall be advertised for not less than two weeks, which requirement was met. The communication was ordered filed.

A communication was presented from the Secretary of the Civil Service Reform Association, dated February 9, requesting that the Civil Service Commission investigate the matter of the transfer of John R. Keefe from the position of Examiner in the Finance Department, at a salary of \$1,500 per annum, to that of Clerk in the Fire Department, Borough of Brooklyn, with salary at the rate of \$2,000 per annum, on June 28, 1904. After a consideration of the matter, the Secretary was instructed to communicate with the Civil Service Reform Association and state that the said transfer was made upon the issuance of a certificate by a former Commission; that while the present Commission stands ready to investigate any appointment or transfer made in violation of the rules, it does not feel warranted in rescinding the action of any former Commission when such action was based upon a construction placed upon the rules by such Commission, either in relation to appointments or transfers.

A communication was presented from the Secretary of the Civil Service Reform Association, dated February 9, with reference to the employment of James DuBois, Foreman Dockbuilder in the Bureau of Sewers, Borough of Brooklyn. The Secretary was instructed to communicate with the Civil Service Reform Association and state that Mr. DuBois had been laid off by the President of the Borough of Brooklyn for lack of work, and his name appeared on the preferred list for that position.

A communication was presented from Mr. S. William Briscoe, representing the Association of City Attendants, dated February 14, requesting the Civil Service Commission to investigate an alleged violation of the Civil Service Law in the assignment of Laborers, Cleaners and other persons holding titles in the Labor Class, to perform the duties of Attendants in the offices of the President of the Borough of Manhattan, the Department of Parks, Manhattan and Richmond, and the Department of Bridges. The Secretary was instructed to communicate with those Departments and request that they immediately investigate the matter and report thereon to the Commission.

Mr. Edward Kerschner, candidate for Superintendent of Baths, who had been notified to appear before the Commission and show cause why his name should not be stricken from that list on the statement of the President of the Borough of Brooklyn that he is not a resident of the State of New York and is therefore not entitled to certification, then addressed the Commission. After the hearing, the Commission being satisfied that Mr. Kerschner is a resident of New York State, and that there was no reason, therefore, for removing his name from the eligible list, the Secretary was instructed to inform the President of the Borough of Brooklyn that such action would not be taken.

The Commission then adjourned to meet Wednesday, February 21, 1906, at 10 o'clock.

FRANK A. SPENCER, Secretary.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
