MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held Wednesday, February 21, 1912, at 10 o'clock A. M.

Present—President James Creelman and Commissioners Alexander Keogh and Richard Welling. The President presided.

The minutes of the meetings held February 14 and 17 were approved.

Richard S. Fitzpatrick, of 586 Hancock st., Borough of Brooklyn, appeared before the Commission relative to his request that he be restored to eligibility for admission to future examinations of the Commission. The request was granted, more than two years having elapsed since Mr. Fitzpatrick's dismissal from the position of Tenement House Inspector.

Mr. F. V. Shaut, of 805 Tremont ave., Borough of The Bronx, appeared, as directed, to explain the circumstances of the arrests mentioned in his application for the position of Automobile Engineman. After consideration of the matter, the Secretary was instructed to mark the candidate "qualified" on the eligible list.

John W. Groves, of 6 St. Nicholas ave., Borough of Brooklyn, appeared, as directed, relative to his request that his name be removed from the disqualified list of the Commission, upon which it had been placed by reason of his dismissal from the position of Patrolman, on March 2, 1910. The matter was ordered continued on the calendar.

Charles T. H. Llewellyn, of 114 W. 134th st., Borough of Manhattan, appeared relative to his request that his name be removed from the disqualified list of the Commission and his application for the position of Lay Sanitary and Tenement House Inspector accepted. After consideration of the matter the Commission ruled that, in the event of the application for the above-named position having been presented within the dates fixed for the receipt of same (January 24 to February 7), the candidate's name be removed from the disqualified list in connection with said examination only, and that it would be necessary for the candidate to make application that his name be removed from said list in connection with each examination which he might desire to take.

On the recommendation of the Committee on Transfers, the following transfers were approved:

Elbert F. Durfee, Assistant Engineer, at \$1,350 per annum, in the Board of Water Supply, to the position of Engineer-Inspector, at \$1,500 per annum, in the Bureau of Buildings, Borough of Manhattan, his name appearing No. 2 on the appropriate eligible list of Assistant Engineer, Grade D, Bureau of Buildings.

Pierce N. Travis, Chemist, at \$1,200 per annum, in the Department of Health, to the position of Assistant Chemist, at \$1,350 per annum, in the office of the President of the Borough of Manhattan.

On the recommendation of the Committee on Transfers, the following transfer was disapproved:

Hubert Kelly, Attendance Officer, at \$1,200 per annum, in the Department of Education, to the position of Probation Officer, at \$1,200 per annum, in the Court

of Special Sessions, the examination for Probation Officer held in 1906 (from the eligible list of which Mr. Kelly had been appointed an Attendance Officer) having been essentially different from the last examination held for that position.

On the recommendation of the Committee on Reinstatements, the following reinstatements were approved, under Rule 13:

Edward J. Hanna, in the position of Patrolman-on-Aqueduct, Board of Water Supply.

Edmund B. Powers, Clerk, at \$900 per annum, in the Department of Water Supply, Gas and Electricity.

On the recommendation of the Committee on Appeals, the appeals of the following-named persons for a rerating of their examination papers were denied, no errors of marking or rating having been shown:

William G. Robbins, 1263 5th ave., New York City, Inspector, Board of Water Supply.

Harry L. Goldberg, 916 Southern boulevard, New York City, Inspector, Board of Water Supply.

Alexander Gordon, 229 6th st., Inspector of Iron and Steel Construction.

Max Fletcher, 136 4th st., Woodside, L. I., Interpreter—Russian, Polish and Yiddish.

The Commission considered the appeal of John A. McLaughlin, of 2040 7th ave., New York City, a candidate for Veterinarian, for a rerating of his papers, it appearing that there was a manifest error on the part of the Examiners in the rating of his experience, it was ordered that the mark on that paper be increased from 85 to 90 per cent.

The Commission considered the appeal of R. C. Aikenhead, of 21 Park row, New York City, a candidate for Inspector (Public Works), that his name, which he had inadvertently signed to his report paper, be removed and the paper rated. After consideration of the matter, the request was granted, and the Secretary was instructed to request the Chief Examiner to cut the papers of twelve other candidates in a similar manner, in order that there might be no identification of Mr. Aikenhead's papers.

The following appeals were presented and referred to the Committee on Appeals: Emil Wolfertz, 307 E. 81st st., New York City, Storekeeper, Department of Water Supply, Gas and Electricity.

Oscar J. Mendel, 35 W. 129th st., New York City, Probation Officer.

D., Executive Secretary of the New York Academy of Medicine, relative to the matter of the position of Resident Physician in the Alcoholic Ward of Bellevue Hospital, and stating that an examination for the position should be of a special nature and that more weight should be placed on experience than in the case of a general Resident Physician. The application was accepted, the affidavit being satisfactory to the Commission.

The action of the President, under date of February 16, in directing that the name of Joseph C. Doherty, 1189 Herkimer st., Brooklyn, be stricken from the preferred list of Laborer, was approved, Mr. Doherty having confessed under oath that he was not the person who wrote out and filed the application, and that the position was given to his father. Recommendation adopted.

Kraft, a first grade Clerk in the Executive Division, be given a non-competitive examination for promotion to the second grade, be denied in view of the fact that the regular yearly promotion examinations in the Clerical Service had been held, and it did not appear that there were urgent reasons for holding the examination requested. Recommendation adopted.

Report of the Assistant Chief Examiner in Charge of Promotions, dated February 10, recommending that the request of the Deputy Commissioner of Water Supply, Gas and Electricity for approval of the increase in salary of George P. Stemler, second grade Stenographer and Typewriter, from \$1,050 to \$1,200 per annum, be approved in view of the fact that Mr. Stemler was number one on the competitive eligible list for Stenographer and Typewriter, third grade; that the said increase be considered in the light of a promotion, and that, therefore, Mr. Stemler be not required to serve a probationary period as third grade Stenographer and Typewriter. The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the top of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All work, excepting foundations, etc., existing on the property, must be filed in the level of the surrounding ground with clean earth.

The purchaser of the site shall also withdraw and remove all abandoned water taps and old service pipes, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Water Supply, Gas and Electricity with this last mentioned certificate.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in accordance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
