BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held on Tuesday, November 18, 1902, in the old Council Chamber (Room 16), City Hall, at 10.30 o'clock in the forenoon, pursuant to resolution.

After considering financial matters the Board took up the matter of Public Improvements.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan (Commissioner of Public Works Livingston), the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

LAND FOR SEWER ON BOULEVARD LAFAYETTE, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE WASHINGTON HEIGHTS DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10, of the Greater New York Charter, that the said petition be and the same hereby is granted, and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

That proceedings be initiated to acquire title to a parcel of land 25 feet in width, beginning at a point 2,007.17 feet north of the intersection of the north house-line of One Hundred and Eighty-first street with the westerly line of the Boulevard Lafayette, more particularly shown and described on map entitled "Map of land to be taken for outlet sewer for proposed Sewerage District No. 32" attached herewith, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 18th day of September, 1902, all the members present voting in favor thereof.

Attest:

GEORGE W. BLAKE, Secretary.

Approved this 19th day of September, 1902.

JACOB A. CANTOR, President of the Borough of Manhattan.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 29, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on September 18, 1902, initiating proceedings for acquiring title to a parcel of land about 25 feet wide and 200 feet long, located on the westerly side of Boulevard Lafayette about 2,000 feet north of West One Hundred and Eighty-first street.

The purchase of this land is requested by the Commissioner of Public Works, and is to be used for the construction of an outlet sewer for the drainage district which it is to serve, urgent requests for the construction of sewers having been received. There are no streets leading to the river for more than a mile north of Washington Park, making it necessary to purchase land for the use proposed.

This property abuts on the Boulevard Lafayette at a low point and one therefore naturally adapted for use as sewer outlet; it extends to the property of the New York Central and Hudson River Railroad. There are no buildings located upon the property and it, together with the adjoining lands on both sides of the Boulevard, is covered with a good growth of timber. Favorable action upon the resolution is recommended and herewith is transmitted a map of the property, together with technical description

and a resolution fixing the date for a public hearing, should the Board deem such a hearing necessary.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, The President of the Borough of Manhattan has requested the Board of Estimate and Apportionment, that certain lands situated in the said Borough of Manhattan, more particularly described below, be acquired for the purpose of constructing an outlet sewer to Sewerage District No. 32 in said Borough, now, be it

Resolved, That the Board of Estimate and Apportionment in pursuance of the provisions of section 396 of the Greater New York Charter, hereby directs that The City of New York acquire title for the use of the public, for the purpose of constructing said outlet sewer, to the following described lands and premises, viz:

Beginning at a point on the westerly line of Boulevard Lafayette (as shown on a map filed May 25, 1869, in the Department of Public Works, entitled "Layout above One Hundred and Fifty-fifth street to Dyckman street") 2,007.17 feet north of the intersection of the north house-line of One Hundred and Eighty-first street with the westerly line of Boulevard Lafayette, measured along said westerly line; thence westerly, at an angle 90 degrees with said westerly line of Boulevard Lafayette, a distance of 202.52 feet to a point on the easterly line of the New York Central and Hudson River Railroad right of way; thence northerly along said right of way at an angle of 89 degrees 55 minutes a distance of 25 feet; thence easterly, at an angle of 90 degrees 5 minutes a distance of 202.48 feet, to a point on the westerly line of Boulevard Lafayette; thence southerly along said westerly line of Boulevard Lafayette at an angle of 90 degrees, a distance of 25 feet to the point or place of beginning; and be it further

Resolved, That the Corporation Counsel be and he hereby is requested to institute a proceeding to acquire title for the use of the public to the lands and premises above described, required for the construction of an outlet sewer.

Resolved, That the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited by the acquisition of such lands for the purposes described.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

PURCHASE OF FRAUNCE'S TAVERN, MANHATTAN.

The following resolution of the Local Board of Bowling Green and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE BOWLING GREEN DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Bowling Green District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted, and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

That proceedings be initiated to acquire title to the westerly end of the block bounded by Pearl street, Coenties slip, Water and Broad streets, which includes the property known as Fraunce's Tavern in the First Ward of the Borough of Manhattan, as more particularly shown and described on map or plan attached; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bowling Green District on the 18th day of September, 1902, all the members present voting in favor thereof.

Attest:

GEORGE W. BLAKE, Secretary.

Approved this 19th day of September, 1902.

JACOB A. CANTOR, President of the Borough of Manhattan.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
November 5, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bowling Green District, Borough of Manhattan, initiates proceedings to acquire title to property known as Fraunce's Tavern and certain adjacent lots, for a public park, the total plot to be acquired measuring 113.81 feet on Broad street, 112.75 feet on Pearl street, 131.75 feet on Water street, and the remaining side, which is about the centre of the block, 108.05 feet.

The matter of the acquisition of this property was considered by the Board of Estimate and Apportionment on May 24, 1902, on which date I was instructed to present a report upon which proceedings could be based for the securing of the property by the City. This report was submitted on June 3 and it was suggested either that the historic building alone be acquired or that the condemnation proceedings include nine additional lots, which would furnish a small park as a proper setting for the building. No action was taken until the resolution now under consideration was adopted by the Local Board of the Bowling Green District.

Before proceedings can be initiated to acquire the property it will be necessary to lay out the public park, and as it is conceded, I think, that no assessment will be laid for this purpose, there seems no reason why the Local Board should initiate the change in the map, but that the Board of Estimate and Apportionment can properly do so. I would therefore recommend that a date for a public hearing be fixed, and submit herewith the necessary plan and technical description.

The assessed valuation of the property to be acquired is \$185,000, and it was estimated in my report of June 3 that the actual cost would be about double this, or \$370,000. The estimated market value, however, is given in the report from the

President of the Borough of Manhattan as \$311,000, with \$7,775 as the cost of acquiring title.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by laying out a public park in the westerly end of the block bounded by Pearl street, Coenties slip, Water and Broad streets, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point on the northerly side of Water street, distant 102.28 feet westerly from the intersection of the northerly line of Water street with the westerly line of Coenties slip, and running

Thence westerly along the northerly side of Water street for a distance of 131.75 feet to the intersection of the northerly line of Water street with the easterly line of Broad street; running

Thence northerly along the easterly side of Broad street 113.81 feet to the intersection of the easterly line of Broad street with the southerly line of Pearl street;

Thence easterly along the southerly line of Pearl street a distance of 112.75 feet to a point on the southerly side of Pearl street, distant 102.94 feet westerly from the intersection of the southerly side of Pearl street with the westerly side of Coenties slip;

Thence southerly for a distance of 108.05 feet to the point or place of beginning.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed laying out and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed laying out at a meeting of this Board to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 12th day of December, 1902, at 2.30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed laying out will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of December, 1902.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens, and the President of the Borough of Richmond—16.

CHANGE OF GRADE OF THIRD AVENUE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE BAY RIDGE DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon, now therefore it is

Resolved, By the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted, and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Altering the map or plan of The City of New York by changing the grade of Third avenue, between Sixtieth street and Senator street, in the Borough of Brooklyn, as described on the accompanying map; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 3d day of September, 1902, Commissioner Redfield and Alderman Malone voting in favor thereof. Approved this 15th day of September, 1902.

J. EDW. SWANSTROM, President of the Borough of Brooklyn.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
November 10, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is returned a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 3, 1902, which provides for changing the grade of Third avenue, between Sixtieth street and Senator street, in the Borough of Brooklyn, in accordance with a profile which is submitted.

The proposed change of grade is prompted by the fact that this part of Third avenue is about to be paved with asphalt. The street is occupied by a double track railroad, which railroad and all of the improvements on the abutting property conform with the present surface, which is legalized by the accompanying resolution. The contract for paving is based upon the existing surface or grades as it is proposed to establish them. The new grades will also conform with an expensive stone arch bridge, recently constructed by the Department of Parks to accommodate the drive through the Bay Ridge Parkway connecting Fourth avenue with the Shore road.

I would recommend that the proposed change be made, and submit herewith a resolution fixing the date for a public hearing, together with a map and technical description.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by changing the grade of Third avenue, between Sixtieth street and Senator street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the southeast curb intersection of Senator street, the elevation to be 69.7 feet.

1. Thence northerly to the northwest curb intersection of Senator street, the elevation to be 69.25 feet;
2. Thence northerly to the southwest curb intersection of Sixty-seventh street, the elevation to be 63.0 feet;
3. Thence northerly to the northeast curb intersection of Sixty-seventh street, the elevation to be 62.8 feet;
4. Thence northerly to the intersection of Wakeman place, the elevation to be 61.69 feet;
5. Thence northerly to a point distant 20.0 feet northerly of the northern line of Wakeman place, the elevation to be 61.4 feet;
6. Thence northerly to a point distant 98.6 feet northerly of the last-mentioned point, the elevation to be 61.1 feet;
7. Thence northerly to the southern curb line of Sixty-sixth street, the elevation to be 59.0 feet;
8. Thence northerly to the northern curb line of Sixty-sixth street, the elevation to be 58.5 feet;
9. Thence northerly to the intersection of Sixty-fifth street, the elevation to be 51.57 feet, as heretofore;
10. Thence northerly to the intersection of Sixty-fourth street, the elevation to be 52.72 feet;
11. Thence northerly to the intersection of Sixty-third street, the elevation to be 53.86 feet, as heretofore;
12. Thence northerly to the southern curb line of Sixty-second street, the elevation to be 57.97 feet;
13. Thence northerly to the northern curb line of Sixty-second street, the elevation to be 58.25 feet;
14. Thence northerly to the southern curb line of Sixty-first street, the elevation to be 63.55 feet;
15. Thence northerly to the northern curb line of Sixty-first street, the elevation to be 63.95 feet;
16. Thence northerly to the southern curb line of Sixtieth street, the elevation to be 70.1 feet;
17. Thence northerly to the northern curb line of Sixtieth street, the elevation to be 70.3 feet;

All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing, as nearly as possible, the nature and extent of the proposed change of grade and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change of grade at a meeting of this Board, to be held in the old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 12th day of December, 1902, at 2.30 o'clock p. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change of grade will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of December, 1902.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

OPENING WEST FARMS ROAD, MANHATTAN.

The following petition was referred to the Corporation Counsel and the Chief Engineer:

NEW YORK SUPREME COURT, NEW YORK COUNTY.

In the Matter of

The Application of the Mayor, Aldermen and Commonalty of The City of New York Relative to Acquiring Title to West Farms Road, from Westchester Avenue to One Hundred and Seventy-seventh Street, in The City of New York.

To the Board of Estimate and Apportionment:

The undersigned, owners of property taken in this proceeding and entitled to awards from The City of New York, most earnestly petition your Honorable Board that the Commissioners of Estimate and Assessment in this proceeding be authorized by your Honorable Board, pursuant to section 985 of chapter 466 of the Laws of 1901, being section 985 of the Greater New York Charter, to make up and file a separate final abstract of their estimate for damages herein, separate and apart from their estimate of assessments for benefit in this proceeding, said separate, partial abstract of their estimate of damages to embrace the entire lands, tenements, hereditaments and premises to be acquired in this proceeding, and that said Commissioners of Estimate and Assessment be permitted to ascertain and estimate the compensation to be made herein for such lands, tenements, hereditaments and premises and make a separate report with reference thereto upon the following grounds:

1. This proceeding was commenced more than six years ago, and title to the lands, tenements and hereditaments required for the purpose of opening said street, vested in The City of New York on September 1, 1896, and the property owners whose property has been taken should be paid as speedily as possible their awards for their property taken.

2. A large number of buildings and parts of buildings have been taken for the opening of this street, and the City has now commenced to regulate and grade said street, and it is necessary that said buildings should be moved back or changed to conform to the new street lines, and the property owners need the money to make such changes.

2. Upon information and belief that the Commissioners of Estimate and Assessment herein are ready to make up their final awards for damages for the property taken or damaged in this proceeding, but are not ready to make up their final report as to the assessments in this proceeding, and that before they can make up their final report as to the assessments it will be necessary to procure new maps, which will require a considerable delay before the final report of the said Commissioners can be filed and confirmed as to both the awards and assessments.

3. That said Commissioners of Estimate and Assessment herein have already made and filed a preliminary abstract containing both their preliminary assessments and preliminary awards, and are nearly ready to make up their final abstract of awards, and that if permission be now granted them and they be authorized by this Board to separate said report and file a separate final abstract of their awards, they can do so almost immediately, and thus the property owners may receive their

awards without much longer delay, which cannot be done if they are obliged to wait until the Commissioners shall have finally considered and filed their report as to the final assessment herein, as there are a large number of assessments to be considered, and the Commissioners must procure new maps before they can file their report as to such assessments.

4. That more than 36 per cent. interest has accumulated on said awards since title vested in the City in this proceeding and the City should be relieved from paying interest any longer than possible on said awards.

Wherefore petitioners pray that they be heard in support of said petition, and that the Commissioners of Estimate and Assessment herein be authorized to file a separate final report or abstract of their estimate of damages herein.

Dated New York, October 23, 1902.

(Signed) CHARLES P. HALLOCK,
No. 2087 Boston road, New York City,
Attorney for following property owners:
Daniel Mapes, Jr., and others.

PARK AT AVENUE I AND EAST THIRTY-EIGHTH STREET, BROOKLYN.

Board of Estimate and Apportionment:

GENTLEMEN—You are hereby notified that at a meeting of the Local Board of the Flatbush District, held March 26, 1902, a resolution of which the annexed is a copy was adopted, and that it is duly approved by me according to law:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 26th day of March, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to acquire title to the property in the block bounded by Avenues I and J and East Thirty-eighth and East Thirty-ninth streets, in the Thirty-second Ward, in the Borough of Brooklyn, for the purpose of a public park and playground.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, September 18, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a resolution adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on March 26, 1902, which is designed to initiate proceedings to acquire title to the block bounded by Avenues I and J and East Thirty-eighth street and East Thirty-ninth street, in the Thirty-second Ward of the Borough of Brooklyn, for the purpose of a public park and playground.

The resolution is accompanied by a petition having 190 signatures and indorsed by the President and Secretary of the Thirty-second Ward Citizens' Association. The petition states that the ground is now owned and cared for by the Germania Real Estate and Improvement Company; that it is tastefully laid out with walks, trees, shrubbery, etc.; that "At one end is an ornamental building in which gardener's tools are kept, and at the other an arbor in the shape of a mushroom, under which are rustic seats surrounded by shrubbery and vines." It is stated that the block adjoins one on which a new school is to be located.

The action of the Local Board is somewhat premature, inasmuch as this block has never yet been laid out as a public park or place, and such a preliminary is certainly necessary. The territory is a rapidly growing one, but is devoted entirely to detached houses. It cannot be said, therefore, that a small park is needed as a breathing space, although no parks have yet been provided anywhere in this neighborhood. The establishment of such a park would probably be of benefit to the locality, but if it is thought wise to create one here I would suggest that it cover two blocks instead of being limited to 200 feet in width and 700 feet in length.

I think that the question as to whether the expense of acquiring such a park should be borne by the City at large, or whether a large part or all of the cost should be borne by the property deemed to be benefited is one which would come up later.

I beg to recommend that the present resolution be referred back to the Borough President, in order that the necessary preliminary laying out of such a park or public place first be attended to if it be deemed wise.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith two resolutions adopted by the Local Board of the Bay Ridge District, Borough of Brooklyn, on June 19, 1902, one providing for opening Jerome avenue, from the Manhattan Beach Railroad to East Twenty-eighth street, and the other for improving the same street, between the same points, by regulating, grading and macadamizing, including curbing and laying of cement sidewalks.

Jerome avenue, or Voorhees lane, is one of the old streets used by the public in the Town of Gravesend, now the Thirty-first Ward of the Borough of Brooklyn, but which was ignored when the Town of Gravesend was mapped by authority of the Legislature. I have been unable to discover any act placing the street upon the map or fixing its bounds. Between the Manhattan Beach Railroad and Ocean avenue it is a very narrow lane; east of Ocean avenue and fronting the race track of the Coney Island Jockey Club it appears as a street of liberal width and is quite well defined, but, so far as I can learn, it has no legal status, and I do not think it can be opened at the present time.

I would recommend that the matter be referred back to the President of the Borough of Brooklyn, in order that evidence may be secured that it has been properly laid out, or that it be so laid out by the filing of the necessary map, if it be thought best.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

GENTLEMEN—You are hereby notified that at a meeting of the Local Board of the Flatbush District, held June 26, 1902, a resolution of which the annexed is a copy, was adopted, and that it is duly approved by me according to law:

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, after hearing had this 26th day of June, 1902, deeming it for the public interest so to do, hereby determines to initiate proceedings to alter the map or plan of The City of New York by laying out and extending Henry street from its present intersection with Bowen street westerly to the easterly side of Ocean parkway, in the Twenty-ninth Ward of the Borough of Brooklyn, as shown on the red lines on the accompanying sketch.

Resolved, That this resolution be forwarded to the Board of Estimate and Apportionment for its approval.

Inclosures:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, September 18, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on June 26, 1902, providing for a change of the map or plan of The City of New York by laying out and extending Henry street from its present intersection with Bowen street, westwardly to the easterly side of Ocean parkway, in the Twenty-ninth Ward of the Borough of Brooklyn. The resolution is accompanied by a crude sketch, but by no proper map showing dimensions, or technical description.

I find upon examination that this street exists upon the ground between Poplar and Bowen streets and that there are a number of houses upon it. The proposed extension is only about 100 feet.

I think it wise to call the attention of the Board of Estimate and Apportionment to the peculiar conditions existing in this part of the Twenty-ninth Ward of Brooklyn. In the territory bounded on the north by Fort Hamilton avenue, on the south by Bay Ridge avenue, on the east by Coney Island avenue, and on the west by Ocean parkway there are a number of short streets, partially built up, which were ignored when the Town of Flatbush was mapped. The official map of the City therefore shows one set of streets, while an entirely different set exists upon the ground.

There was recently a proceeding inaugurated to open East Seventh street in this territory, in accordance with the legal maps. Such an opening would have involved the taking of a number of buildings and would have been quite expensive. I think this confusion as to street system should not be permitted to exist longer, and I would recommend that the President of the Borough of Brooklyn be requested to have prepared a map of the territory above named, which is approximately 1,600 feet in length and 800 feet in width, showing the city streets, which will conform with those now in existence on the ground, or adopting those now on the ground to the present legal street system; such a map, after approval by this Board and the Board of Aldermen, would become a part of the official map of the City and the confusion now existing would be avoided.

Pending the preparation of such a map, I would recommend that the accompanying resolution be referred back to the President of the Borough of Brooklyn.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on June 19, 1902, and initiating proceedings to open East Nineteenth street, from Gravesend Neck road to Voorhies lane (or Jerome avenue).

Upon investigation I find that East Nineteenth street, between the points named, crosses four or five spur tracks of the New York and Manhattan Beach Railroad; these tracks leading to the race track of the Coney Island Jockey Club. I am advised by the Assistant Corporation Counsel in charge of street openings for the Borough of Brooklyn that these spur tracks come within the prohibition of section 60 of the General Railroad Law, which forbids the opening of any street across railroad tracks until proper notice has been served upon the railroad company. This, I understand, has not been done, and I beg to return the resolution with the recommendation that it be referred back to the Borough President in order that such action may be taken as is required by the statute.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

APPROACH TO WILLIS AVENUE BRIDGE, THE BRONX.

The following communication from the Corporation Counsel was placed on file:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 10, 1902.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I am in receipt of a communication from J. W. Stevenson, Deputy Comptroller, under date of July 14, 1902, enclosing a report made to your Board by its Chief Engineer relative to the acquisition of property for an additional approach to the Willis Avenue Bridge.

He suggests taking less property than that laid out upon the map or plan of The City of New York as an approach to the bridge, and that the map be amended so as to lay out for an approach only that part of the property which he recommends acquiring.

He states that the President of the Borough of The Bronx consents to the reduction of the area embraced in the present bridge approach, but desires that the map be not changed, so that if in the future it is necessary to acquire additional property this can be done; and that your Board desires to have my opinion as to whether it has the right to authorize the acquisition of a smaller area for the approach than that laid out as such.

Since I have received your communication your Board has followed the recommendation of the Chief Engineer and changed the map or plan of the City so as to lay out an approach requiring less property than that embraced in the original approach.

Under date of September 27, 1902, I received from the Secretary of your Board a certified copy of resolutions requesting me to take the necessary proceedings to acquire title to the lands required for the opening of the new proposed approach to the Willis Avenue Bridge over the Harlem river, as thus laid out, and rescinding a former resolution by your Board, adopted on July 25, 1902, which did not specify the purposes for which these lands were to be acquired.

I find, however, that the maps required to be filed by your Board have not as yet been prepared. Proceedings, therefore, cannot be instituted by me for the acquisition of such lands until such maps are prepared and filed in the offices designated by law.

In view of these facts, I assume that it is unnecessary to furnish the opinion you requested in your communication of July 14, 1902.

Yours respectfully,

G. L. RIVES, Corporation Counsel.

OPENING WEST FARMS ROAD, THE BRONX.

The following petition and resolution of the Local Board of Morrisania were presented:

In the Matter

of

Acquiring Title to West Farms Road, from the Southern Boulevard to Boston Road, in the Borough of The Bronx, City of New York.

To the Board of Estimate and Apportionment of The City of New York:

Caroline Gugisberg, one of the owners of property affected by the above entitled proceeding, to whom an award has been made for damages therein, and other owners of property likewise affected, appearing by Adolph C. Hottenroth, their attorney, respectfully petition your Board to authorize and direct the Commissioners in the above entitled proceeding to make up and file a preliminary abstract of their estimate of damages, separate and apart from the estimate of assessments for benefit, embracing the entire lands, tenements and hereditaments to be acquired therein, for the following reasons:

I. That numerous and complex questions have arisen as to the manner of laying the assessments herein, which will considerably delay the completion of the report and unnecessarily increase the hardships which have already been suffered by the owners of the property acquired.

II. That the arguments made before the Commissioners in the matter of the assessments render necessary the making of additional maps and the obtaining of further data, which will result in further delay in the confirmation of the report as to the assessments, and which should not be permitted to delay the payment of the awards.

III. That title to the lands acquired by reason of this proceeding vested in The City of New York on the first day of September, 1896.

IV. That interest is now accruing upon the amounts awarded by the Commissioners for the damage sustained herein, and that the further delay in the confirmation of the awards will increase the amount to be paid by The City of New York on account thereof.

And your petitioners will ever pray.

Dated, New York, October 3, 1902.

Respectfully submitted,

ADOLPH C. HOTTENROTH, Attorney for Petitioners,
No. 271 Broadway, Borough of Manhattan, City of New York.

NEW YORK, October 20, 1902.

Board of Estimate and Apportionment, Hon. SETH LOW, Mayor, Chairman:

DEAR SIR—I hereby beg to notify you of the adoption of the following resolution by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, City of New York:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Estimate and Apportionment that it take favorable action on a petition presented to it in the matter of acquiring title to West Farms road, from the Southern Boulevard to Boston road, in the Borough of The Bronx, City of New York, requesting the Board of Estimate and Apportionment to authorize and direct the Commissioners in the said proceeding to make up and file a preliminary abstract of their estimate of damages, separate and apart from the estimate of assessments for benefit.

Respectfully,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

The Mayor moved that the matter be referred to the Corporation Counsel and the Chief Engineer.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

CHANGE OF GRADES OF ELM, CANAL AND WALKER STREETS, MANHATTAN.

The matter of the proposed change of grades of Elm street, between White and Howard streets, and of Canal and Walker streets, adjacent to Elm street, in the Borough of Manhattan, which was laid over on October 17, was taken up for consideration and the following resolutions were adopted:

Whereas, At a meeting of this Board, held on the 26th day of September, 1902, resolutions were adopted proposing to alter the map or plan of The City of New York by changing the grades of Elm street, between White and Howard streets, and of Walker and Canal streets, adjacent to Elm street, in the Borough of Manhattan, City of New York, and for a meeting of this Board to be held in the office of this Board on the 17th day of October, 1902, at 2.30 o'clock p. m., at which meeting such proposed change of grades would be considered by this Board, and for a notice to all persons affected thereby of the aforesaid time and place at which such proposed change of grades would be considered, to be published in the "City Record" for ten days continuously, exclusive of Sundays and legal holidays, prior to the 17th day of October, 1902; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 17th day of October, 1902; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed change of grades who have appeared, and such proposed change of grades was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter deeming it for the public interest to alter the map or plan of The City of New York by changing the grades of Elm street, between White and Howard streets, and of Walker and Canal streets, adjacent to Elm street, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same so as to change the grades of the aforesaid streets as follows:

Elm Street.

Beginning at a point the centre line of Elm street and the centre line of White street, elevation 11.50 feet above city datum;

1st. Thence northerly along the centre line of Elm street, distance 189.75 feet, elevation 12.45 feet;

2d. Thence along said centre line to the centre line of Walker street, elevation 12.00 feet.

3d. Thence along said centre line of Elm street to the centre line of Canal street, elevation 12.75 feet;

4th. Thence along said centre line of Elm street, distance 135 feet, elevation 12.20 feet.

Canal Street.

Beginning at a point the centre line of Canal street and the centre line of Centre street, elevation 13.50 feet;

1st. Thence westerly along the centre line of Canal street to the centre line of Elm street, elevation 12.75 feet;

2d. Thence westerly along the centre line of Canal street to centre line of Courtlandt alley, elevation 12.25 feet.

Walker Street.

Beginning at a point the centre line of Centre street and the centre line of Walker street, elevation 11.75 feet;

1st. Thence westerly along the centre line of Walker street to a point distant 85 feet easterly from centre line of Elm street, elevation 12.42 feet;

2d. Thence westerly along the centre line to centre line of Elm street, elevation 12.00 feet;

3d. Thence westerly along centre line of Walker street, distance 105 feet, elevation 12.36 feet.

All elevation above city datum.

Resolved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York by changing the grades of the aforesaid streets, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Board of Aldermen for its action thereon.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

OPENING EUCLID AVENUE, BROOKLYN.

The following resolution of the Local Board of Bushwick and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE BUSHWICK DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 28, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, requests the Board of Estimate and Apportionment to rescind the action already taken for the opening of Euclid avenue, from Jamaica avenue to Belmont avenue.

It is stated that Commissioners were appointed on April 11, 1902, and that a draft damage map has been ordered but not yet received. Not having such a map, the Commissioners have been unable to do anything, and no expense has been incurred.

It is difficult to understand why these opening proceedings were inaugurated, as Euclid avenue, between Jamaica and Atlantic avenues, is one of the oldest streets of the Twenty-sixth Ward, and has for some years been paved with asphalt. South of Atlantic avenue, as far as Belmont avenue, the street is well traveled, is partly built up, the sidewalks are flagged, and for all but two blocks it is occupied by an elevated railroad.

The conclusion is inevitable that the opening proceeding was begun through some error, and I would recommend that the request of the Local Board be complied with and that the opening proceedings be rescinded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, By the Board of Estimate and Apportionment of The City of New York that, in pursuance of section 1000 of the Greater New York Charter, the Corporation Counsel be and he is hereby requested to discontinue proceedings for acquiring title to the lands and premises required for the opening of Euclid avenue, from Jamaica avenue to Belmont avenue, in the Borough of Brooklyn, City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

OPENING WEST TWO HUNDRED AND THIRTY-SIXTH STREET, THE BRONX.

The following resolution of the Local Board of Morrisania, and report of the Chief Engineer were presented, and the matter was referred back to the President of the Borough:

IN LOCAL BOARD OF MORRISANIA, TWENTY-FOURTH DISTRICT, BOROUGH OF THE BRONX.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to West Two Hundred and Thirty-sixth street, from Albany road to Spuyten Duyvil road, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,

CHIEF ENGINEER'S OFFICE, CITY HALL,

October 25, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 18, 1902, initiating proceedings for "acquiring title to West Two Hundred and Thirty-sixth street, from Albany road to Spuyten Duyvil road."

West Two Hundred and Thirty-sixth street crosses Spuyten Duyvil road at two points, leaving the resolution, as presented, indeterminate. From the accompanying report of the Principal Assistant Topographical Engineer of the Borough of The Bronx it would appear that the intention has been to limit this proceeding to the easterly crossing, and this, I am so advised, was the expectation of those interested locally.

The report of the Engineer, previously referred to, calls attention to the fact that a crossing of the tracks of the New York and Putnam Railroad is involved in this proceeding, but no evidence is submitted with the resolution to show that the provisions of the Railroad Law with reference to the establishment of such crossings have been complied with. I would therefore recommend that this resolution be returned to the President of the Borough of The Bronx to be amended so that its limits may be more explicitly defined, and that the necessary agreement may be made with the railroad company.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

IN THE LOCAL BOARD OF THE FLATBUSH DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To open Beverly road, between Rogers avenue and Bedford avenue, in the Borough of Brooklyn; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 29th day of September, 1902, Commissioner Redfield and Aldermen Wentz and McInnes voting in favor thereof.

BOARD OF ESTIMATE AND APPORTIONMENT,

CHIEF ENGINEER'S OFFICE, CITY HALL,

October 17, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, provides for the opening of Beverly road, between Rogers avenue and Bedford avenue.

This opening is asked for as a result of a petition for a sewer in Rogers avenue, between Evergreen avenue and Avenue C, the necessary outlet for which is in Beverly road, between Rogers and Bedford avenues, and this sewer cannot be constructed until title shall have been acquired to the street.

Beverly road is laid down upon the maps of the Borough of Brooklyn and there is no reason why steps should not be taken to acquire title. There are several buildings within the lines of the streets so that no action can be taken toward constructing the sewer until at least six months after the appointment of Commissioners. I would recommend the approval of the action of the Local Board and that the Corporation Counsel be requested to apply for the appointment of Commissioners for this purpose.

The street is 80 feet in width and under the rule adopted by this Board, 8 1-3 per cent. of the costs of the opening would be assumed by The City of New York, the remaining or 2-3 per cent. being assessed upon the property benefited.

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Beverly road, between Rogers avenue and Bedford avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that

shall or may be required for the purpose of opening and extending Beverly road, between Rogers avenue and Bedford avenue, in the Borough of Brooklyn, City of New York.

Resolved, That 9 2-3 per cent. of the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby, and 8 1-3 per cent. of said cost and expense be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

OPENING EAST THIRTY-THIRD STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE FLATBUSH DISTRICT.

BOARD OF ESTIMATE AND APPORTIONMENT,

CHIEF ENGINEER'S OFFICE, CITY HALL,

October 17, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, initiating proceedings to open East Thirty-third street, between Flatbush avenue and Avenue J.

I find that this street is laid down upon the map of the Borough of Brooklyn, and that for a portion of the distance covered by the proposed opening trees have been planted and walks laid; the remainder of the street is inclosed by fences, and, although it is stated in the report of the Bureau of Highways that there are no buildings upon the line of the proposed improvement, there is a barn which projects slightly into the street and a small shed entirely within the street lines.

There is no reason why the resolution to open should not be approved, and I would recommend that this action be taken, and that the Corporation Counsel be requested to apply to the Court for the appointment of Commissioners. The street being 60 feet in width, no portion of the expense should be borne by the City.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of East Thirty-third street, between Flatbush avenue and Avenue J, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East Thirty-third street between Flatbush avenue and Avenue J, in the Borough of Brooklyn, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

WIDENING FOURTH AVENUE, MANHATTAN.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT,

OFFICE OF THE CORPORATION COUNSEL,

NEW YORK, November 3, 1902.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am informed that the Board of Aldermen of The City of New York has adopted an ordinance approving the resolution of your Board, adopted on May 9, 1902, to change the map or plan of The City of New York by widening Fourth avenue between Eighth and Ninth streets. I am also informed that the ordinance has received the approval of the Mayor, and that copies of the maps and profiles, showing such change in the map or plan of The City of New York, have been filed in the office of the Register of the County of New York, in the office of the Corporation Counsel and in the office of the President of the Borough of Manhattan.

You are doubtless aware that prior to the adoption of the ordinance by the Board of Aldermen Commissioners were appointed to acquire the easements in a portion of the property included in the proposed widening for rapid transit purposes. Under the law the easements to be acquired vested in The City of New York on the filing of the oaths of the Commissioners, which oaths were filed on October 6, 1902.

If it is the intention of the Board of Estimate and Apportionment that the entire cost of the proposed widening shall be borne by The City of New York it seems to me that an application should be made to the Supreme Court in the proceeding to acquire the property required for the proposed widening at as early a date as possible

in order that the same Commissioners should be appointed, if possible, as have heretofore qualified in the Rapid Transit proceeding.

I inclose a form of resolution directing the Corporation Counsel to acquire title to the property required.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the widening of Fourth avenue on the westerly side, between Eighth street and Ninth street, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of widening Fourth avenue, on the westerly side, between Eighth street and Ninth street, in the Borough of Manhattan, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

OPENING BASSFORD AVENUE, THE BRONX.

The following communication from the President of the Borough of The Bronx was presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
October 20, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

Dear Sir—I respectfully request that a date be fixed for vesting of title to Bassford place, from East One Hundred and Eighty-second street to Third avenue, in the Borough of The Bronx, City of New York. Until title vests as requested, the proceeding initiated by the Local Board on the 18th instant for sewer construction in said place cannot be proceeded with.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

The following resolution was then adopted:

"Whereas, The Board of Public Improvements on the 8th day of May, 1901, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Bassford avenue, from East One Hundred and Eighty-second street to Third avenue, in the Borough of The Bronx, City of New York; and

"Whereas, It appears to the Board of Estimate and Apportionment from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said Bassford avenue, from East One Hundred and Eighty-second street to Third avenue; and

"Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Bassford avenue, from East One Hundred and Eighty-second street to Third avenue, and that the oaths of said Commissioners of Estimate and Assessment were duly filed, as required by law, on the 2d day of November, 1901; therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of December, 1902, the title to each and every piece or parcel of land lying within the lines of said Bassford avenue, from East One Hundred and Eighty-second street to Third avenue, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York."

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

The following communication from the President of the Borough of The Bronx and resolution of the Local Board of Chester were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 1, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I return herewith copy of the resolution adopted by the Board of Estimate and Apportionment on the 3d day of October, 1902, for regulating, etc., White Plains road, certified by J. W. Stevenson, Esq., Secretary to the Board of Estimate and Apportionment, and received by me on October 17, 1902. There was an error made in the transmission of the resolution of the Local Board of Chester passed on October 2, 1902, in relation to this improvement, in the use of the blank for the District of Morrisania, instead of the blank for the District of Chester.

I submit herewith a corrected resolution in place thereof, and would respectfully ask the Board of Estimate and Apportionment to amend the resolution adopted on the 3d day of October, in relation to this improvement by striking out the word "Morrisania" and inserting instead thereof the word "Chester" on the first line of the recital of said resolution.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

IN LOCAL BOARD OF MORRISANIA, TWENTY-FOURTH DISTRICT, BOROUGH OF THE BRONX.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating, grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in White Plains road, from Morris Park avenue to the northern boundary line of The City of New York, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 2d day of October, 1902, Aldermen Gass and Behrmann and the President of the Borough of The Bronx voting in favor thereof.

Attest:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 3, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Bowling Green District, Borough of Manhattan, adopted on October 2, 1902, initiating proceedings for repaving that portion of Cherry street which extends for a distance of 150 feet west of its intersection with Jefferson street, and which is a grant of land under water, with a sheet asphalt pavement on the present foundation.

This improvement is desired for the purpose of securing a noiseless roadway in the vicinity of the Beth-Israel Hospital, which is located at the corner of Jefferson and Cherry streets. A contract is about to be made for repaving Jefferson street, while the work at the intersection has already been done.

The area covered by the resolution now presented comprises a grant of land under water, and which is liable for reassessment for this improvement. The present pavement is granite block, and while it is not in a very bad condition, yet it would

seem proper to authorize the improvement under the conditions described and favorable action upon the resolution is recommended.

The work to be done comprises
460 square yards of asphalt.
470 square yards of old stone to be relaid.
230 linear feet of new curbstone.
20 linear feet of old curbstone reset.
1 noiseless manhole cover.

The estimated cost of the work is \$1,372, and the assessed valuation of the property within the area to be benefited is \$103,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 3, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on September 16, 1902, initiating proceedings for the alteration and improvement of the sewer in the west side of St. Nicholas avenue, between West One Hundred and Forty-ninth street and West One Hundred and Fifty-fifth street, and new sewer in the east side of St. Nicholas avenue, between West One Hundred and Fiftieth and West One Hundred and Fifty-first streets.

This improvement was originally authorized by the Board of Public Improvements on July 18, 1900, and plan was approved on December 5, 1900. It not having been placed under contract prior to January 1, 1902, reauthorization is now asked for in accordance with the recommendation of the Corporation Counsel in similar cases.

St. Nicholas avenue receives the drainage of the territory lying to the west and between it and Amsterdam avenue; the present sewer is inadequate to remove all of the storm water, for which reason the proposed improvement is desired, and favorable action upon the same is recommended.

This work will necessitate the destruction of cement walks laid through the major portion of the line, and as St. Nicholas avenue is about to be repaved the officials of the Sewer Bureau have been consulted as to the advisability of locating the new work within the lines of the roadway, but it is deemed by them that the remaking of house connections will subject the present sidewalks to considerable injury, and that if a new line is adopted and the sidewalks are not interfered with it will not be possible to fill in or remove the sewer now existing in the line which it is proposed to follow.

The work to be done comprises:

250 linear feet of 18-inch sewer pipe.
1,690 linear feet of 3-foot 6-inch by 2-foot 4-inch brick sewer, with a deep manhole.

The estimated cost of the improvement is \$18,000, and the assessed valuation of the property to be benefited is \$3,343,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Estimated cost, \$9,461.88. Assessed value, \$198,550.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 3, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Harlem District, Borough of Manhattan, adopted on September 9, 1902, initiating proceedings for regulating, grading, curbing and flagging East One Hundred and Eighth street, between First avenue and East river, and for paving the roadway with granite blocks.

Title to this street between the Harlem river and Fifth avenue was obtained by deed of cession on November 19, 1825. The block to be improved has been approximately graded, water and gas pipes have been laid, and the sewer has been built. Several industries are located on the line of the improvement, and the street is subject to a considerable traffic; in stormy weather the mud is so deep in the driveway that some of the abutting property owners have been forced to build a plank road. The improvement is a necessary and proper one, and favorable action upon the resolution is recommended.

The work to be done comprises

1,490 cubic yards of excavation,
2,050 square yards of granite block pavement,
340 cubic yards of concrete,
4,704 square feet of new flagging,
170 square feet of new bridgestone,
50 linear feet of old curbstone to be reset,
1,126 linear feet of new curbstone.

The estimated cost of the work to be done is \$9,461.88, and the assessed valuation of the property to be benefited is \$198,550.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was thereupon adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Harlem District, duly adopted by said Board on the 9th day of September, 1902, and approved by the President of the Borough of Manhattan on the 10th day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"That One Hundred and Eighth street, from First avenue to the East river, be regulated and graded, curbed, flagged and paved with granite blocks,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,461.88; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included

within the probable area of assessment, to wit, the sum of \$198,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was referred back to the President of the Borough:

IN THE LOCAL BOARD OF THE BUSHWICK DISTRICT.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, By the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To grade and pave Blake avenue with trap block pavement, between Van Siclen avenue and New Lots road, and to set or reset curb and flag or reflag sidewalks of said street where not already done; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 12th day of June, 1902, Commissioner Redfield and Aldermen Bill, Bennett and Alt voting in favor thereof.

Attest:

JUSTIN MCCARTHY, Jr., Secretary.

Approved this 23d day of June, 1902.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
September 11, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is returned a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on June 12, 1902, initiating proceedings to grade and pave Blake avenue, between Van Siclen avenue and New Lots road, with trap block, including curbing and flagging sidewalks.

This street is laid down upon the maps of the Borough of Brooklyn and has been legally opened. There are a few houses between Van Siclen avenue and Jerome street, but none between Jerome and Elton streets, a distance of four blocks, and there are again a few houses east of Elton street. The proposed improvement covers, in all, about sixteen blocks.

It is shown in the report of the Engineer of Highways that the estimated cost of the improvement is \$56,400, while the total assessed value of the property within the area of assessment is but \$154,400. I find that there are a number of lots assessed at \$180, \$250, \$300 and \$400 each, so that it is very evident that all of the assessments could not be collected if the improvement be carried out as planned.

I would recommend, therefore, that the resolution be returned to the President of the Borough of Brooklyn for amendment by omitting pavement, and would also suggest that when a permanent pavement is provided for that it be something other than trap block, which is often hard to secure, serious delays having always resulted on account of failure to secure blocks when such a class of pavement has been required.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, September 27, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on July 17, 1902, by the Local Board of the Bushwick District of the Borough of Brooklyn, initiating proceedings for constructing a sewer in Willoughby avenue, between Irving and Wyckoff avenues. The improvement covers a length of one block on which there have been eighteen houses erected, a majority of which are on the extreme rear of the lot.

The street has never been legally opened, but the affidavits of A. Scherrer, residing at No. 1252 Willoughby avenue, and Henry Miller, residing at No. 1249 Willoughby avenue, are presented on the form prescribed by the Corporation Counsel, and establish that the street has been in use for more than fifteen years.

A branch of the Long Island Railroad crosses the street on this block, and although its use has been practically abandoned I believe that there is a serious doubt as to whether title can be established to the street at this point without following the course prescribed by the railroad law. The fence in front of one of the houses also encroaches several feet upon the street beyond the regulation fence line, thus constituting another complication in the matter of establishing title.

Aside from these particulars the other evidences of dedication are satisfactory, and, considering that the desired improvement is a subsurface one and doubtless very much needed, I would recommend favorable action upon the resolution.

The work to be done comprises the following:

- 45 linear feet of 15-inch pipe sewer.
- 703 linear feet of 12-inch pipe sewer.
- 8 manholes and appurtenances.

The estimated cost of the work is \$2,350, and the assessed valuation of the property to be benefited is \$31,900.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Prospect Heights District, Borough of Brooklyn, adopted on June 30, 1902, initiating proceedings for grading to the level of the adjoining street certain lots on the block bounded by Seventh street, Eighth avenue, Eighth street and Prospect Park West, the lots being designated as Nos. 1, 9 and 40 of Block 1089.

The area covered by this resolution represents about 70 per cent. of the total area of the block, and is intended to prevent damage to owners of improved property on Seventh street, between Prospect Park West and a point about central in the block. The grade of the block is entirely toward Eighth avenue, and the resolution as now framed would subject owners of a large amount of land to a considerable expense for grading, which would not affect in any way the property which it is desired now to relieve from the damage due to the wash of mud and stones with every storm.

I would therefore recommend that the resolution be returned to the Local Board so that the limits of the work may be curtailed in such a way as not to include a larger area than that necessary to accomplish the desired result.

Some of the improved property has not been fenced. If such barriers were erected they would become an effective agent in the prevention of a material part of the damage indicated by the papers accompanying the resolution.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, provides for the construction of a sewer basin at the northeast corner of Avenue K and Flatbush avenue. Both these streets are open, and the basin is much needed to provide for surface drainage and to do away with present bad conditions which have resulted, I am told, in several accidents. I would therefore recommend that the improvement be authorized, its estimated cost being \$150, and the assessed valuation of the property within the probable area of assessment \$17,680.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying communication from the Secretary to the President of the Borough of Queens, dated September 22, 1902, transmits a map showing amendments to the plans for the sewerage system of the First Ward, in Crescent street between Flushing and Hoyt avenues, in Pomeroy street between Jamaica avenue and Broadway, in Ninth avenue between Woolsey and Potter avenues, and in Ely avenue between Grand avenue and Jamaica avenue. These changes are required for the purpose of properly connecting the laterals to the outlet sewers as built, and should be approved.

The map also shows an amendment to the established plan for the sewer on Ninth avenue, between Graham avenue and Broadway, and although the same is not mentioned in the communication transmitting it, the work of construction has already been authorized, with the understanding that this map should be presented for approval, and such action is hereby recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That, in pursuance of the provisions of section 445 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves the plan, submitted by the President of the Borough of Queens, showing an amendment to the sewerage system of the First Ward, Borough of Queens, by showing sewers in Crescent street, between Flushing and Hoyt avenues, in Pomeroy street between Jamaica avenue and Broadway, in Ninth avenue between Woolsey and Potter avenues, and in Ely avenue between Grand avenue and Jamaica avenue.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
November 10 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Newtown District, Borough of Queens, adopted on October 20, 1902, provides for regulating, grading and paving St. Nicholas avenue, from Gates avenue to the Kings County line.

This resolution is substituted for one previously passed, covering the improvement of St. Nicholas avenue from Gates avenue to Ralph street, which was returned to President Cassidy, at his request, after attention had been called to the fact that part of the street covered by the proposed improvement was in the Borough of Brooklyn. The new resolution was adopted after conference with the President of the Borough of Brooklyn, so that the portion of a block now excluded is provided for by the Local Board of the Bushwick District, Borough of Brooklyn, in a resolution upon which a report is submitted on this date.

While the street has never been opened by regular proceedings, it is shown upon the filed maps of this part of the Borough of Queens, and for years has been dedicated to public use, affidavits to this effect being submitted herewith, in form approved by the Corporation Counsel. The residents of the neighborhood are very anxious for the improvement, and I would recommend that it be authorized.

The amount of work involved is as follows:

- 1,300 cubic yards of grading,
- 1,600 linear feet of curbing,
- 3,100 square yards of asphalt pavement on a concrete foundation.

The estimated cost of the improvement is \$9,000, and the assessed value of the property within the probable area of assessment is \$96,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Grading, curbing and paving with asphalt of St. Nicholas avenue, from Gates avenue to Kings County line, Second Ward, Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,000; and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment, to wit, the sum of \$96,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 28, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is returned a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, providing for the construction of sewer basins on Sutter avenue at the four corners of Saratoga avenue, the four corners of Douglass street, the northeast and northwest corners of Amos street, the northeast and northwest corners of Amboy street, and the northeast and northwest corners of Hopkinson avenue.

It is found upon examination that Sutter avenue between Saratoga and Hopkinson avenues has been graded by private contract, as have also the intersecting streets to the north of Saratoga avenue, at the corners of which it is desired to build sewer basins. A sewer has also been built in Sutter avenue, and the need of making provision for surface drainage is quite apparent from the number of washouts that have already occurred, although the grade is very flat.

The only possible objection to the building of the basins at the present time would be the fact that, as there are no paved gutters, the basins, and possibly the

sewer, would readily be filled with dirt washed from the street. This phase of the question has probably been considered, however, by the Sewer Department, and I would recommend that the action of the Local Board be approved and a contract authorized, providing, as it does, for the building of fourteen sewer basins at an estimated cost of \$2,000, while the assessed value of the property within the probable area of assessment is \$88,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was thereupon adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 18th day of September, 1902, and approved by the President of the Borough of Brooklyn on the 23d day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

- Sutter avenue, northeast and northwest corners of Hopkinson avenue, in the Borough of Brooklyn,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$2,000, and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment, to wit: the sum of \$88,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was referred back to the President of the Borough:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 28, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, initiates proceedings for the construction of a sewer in Blake avenue, between Logan street and Fountain avenue, and the building of sewer basins on Blake avenue, at the southwest corner of Hendrix street, at the northeast and northwest corners of Warwick street, at the northwest and southwest corners of Atkins avenue, at the northwest and southwest corners of Montauk avenue, at the northwest and southwest corners of Milford street and at the northwest and southwest corners of Logan street.

The report from the Bureau of Sewers indicates that this one block of sewer and the eleven receiving basins are probably to be built in anticipation of the paving of Blake avenue. This proposed paving was reported upon on September 11, 1902, and it was shown in that report that the property along Blake avenue would not be able to stand assessment for grading and paving, and the matter was referred back to the President of the Borough of Brooklyn. Whether or not the present improvement is deemed necessary unless the street is to be paved I cannot tell, as there is no evidence of a petition for such a sewer or for these basins.

An examination of the ground discloses the fact that at Blake avenue and Hendrix street there are now three basins, namely, at the northeast, northwest and southwest corners, while the accompanying resolution provides for another basin at the southwest corner. It is very evident that the intention was to authorize the construction of a basin at the southeast corner of Blake avenue and Hendrix street, and I would recommend that the resolution be referred back to the President of the Borough of Brooklyn for amendment, and it is possible that in view of the fact that the paving of Blake avenue having been deferred it will be deemed unnecessary to build the sewer at the present time.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, initiates proceedings for regulating and grading Essex street, between Pitkin avenue and New Lots road, including curbing and laying of cement sidewalk.

Essex street is laid down upon the maps of the Borough of Brooklyn, and while not opened by regular proceedings it has been in use for many years, and its dedication is shown by affidavits in the form approved by the Corporation Counsel. The sewer has been built and gas and water mains have been laid, the street is already paved with stone block pavement north of Pitkin avenue, and I would recommend that the action of the Local Board be approved and a contract authorized.

The approximate amount of work involved is as follows:

9,000 cubic yards of grading,

4,620 linear feet of curbing,

21,800 square feet of cement sidewalk.

—at an estimated cost of \$12,000, the assessed valuation of the land within the probable area of assessment being \$36,000.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Bushwick District, Borough of Brooklyn, on September 18, 1902, initiates proceedings for regulating, grading and paving Atkins avenue, between Liberty and Pitkin avenues, with asphalt pavement, including setting of cement curb and the laying of cement sidewalks.

The street is properly laid down on the maps of the Borough of Brooklyn, and was declared open by the Common Council of the City of Brooklyn in 1894. There are also attached to the resolution affidavits in proper form showing dedication.

The proposed improvement covers two blocks, the northerly one of which, between Liberty and Glenmore avenues, has but three houses on the easterly side, while the westerly side is entirely occupied by a lumber yard, a shop and a church. The remaining block, between Glenmore and Pitkin avenues, is solidly built up except the lot at the northwest corner of Pitkin avenue, and it would seem perfectly proper to lay an asphalt pavement upon this street.

The approximate amount of work involved is as follows:

700 cubic yards of grading,

1,690 linear feet of curbing,

2,820 square yards of asphalt pavement.

8,000 square feet of cement sidewalk.

—at an estimated cost of \$6,500. The assessed value of the land within the probable area of assessment is \$22,800.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, provides for regulating and grading Montauk avenue, between Pitkin avenue and New Lots road.

The street is properly laid down upon the official maps of the Borough of Brooklyn, and although it has not been opened by regular proceedings the intention of the abutting property owners to dedicate it to public use is clearly indicated by the improvements along the line and the erection of fences, and is further evidenced by affidavits submitted with the resolution, in form approved by the Corporation Counsel. The sewer has already been built. The approval of the action of the Local Board is recommended.

The estimated amount of work involved is 20,000 cubic yards of grading, at a cost of \$7,400, while the assessed value of the property within the probable area of assessment is \$32,000.

Respectfully,

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on October 15, 1902, provides for grading and paving with asphalt of St. Nicholas avenue, from Ralph street to the Queens County line.

This improvement covers about one-half of a block and is undertaken in connection with a similar improvement covering two and one-half blocks in the Borough of Queens. The street is laid down upon the maps of the Borough of Brooklyn and has been dedicated to public use for many years, as is shown by the affidavits submitted in connection with the improvement of the portion lying within the Borough of Queens, upon which a report is submitted on this date. The subsurface improvements are all in and I would recommend that the resolution be approved.

The amount of work involved is as follows:

100 cubic yards of grading.

105 linear feet of curbing.

370 square yards of asphalt pavement on concrete foundation.

The estimated cost of the improvement is \$1,100, and the assessed valuation of the property within the probable area of assessment is \$5,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 15th day of October, 1902, and approved by the President of the Borough of Brooklyn on the 27th day of October, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To grade and pave St. Nicholas avenue with asphalt pavement, from Ralph street to the Queens County line, in the Borough of Brooklyn, and to set or reset curb, where not already done, said improvement to conform to and be a continuation of an improvement to be authorized by the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,100, and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment, to wit, the sum of \$5,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolution of the Local Board of the Bushwick District, Borough of Brooklyn, and report of the Chief Engineer were presented:

IN THE LOCAL BOARD OF THE BUSHWICK DISTRICT.

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Regulating and Grading—That Milford street, between Pitkin avenue and New Lots road, be regulated and graded; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 28, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on September 18, 1902, initiates proceedings for regulating and grading Milford street, between Pitkin avenue and New Lots road.

This street is laid down upon the official maps of the Borough of Brooklyn and while it has never been opened by regular proceedings the dedication of the street is apparent and is also shown by affidavits which are submitted herewith in the form approved by the Corporation Counsel. The street is partially built up all the way from Pitkin avenue to New Lots road, the lines of the street being clearly defined by fences in front of all the houses. The roadway is somewhat irregular owing to the fact that a sewer has been built in the street and an embankment occupies the central portion of the roadway, being placed there for the purpose of protecting the sewer. The houses on the street have apparently been built to conform with the legal grade.

The proposed improvement simply covers grading and does not include any curbing or sidewalk improvements. Favorable action is recommended.

The estimated amount of work involved is 18,000 cubic yards of grading, at an estimated cost of \$6,600, while the assessed valuation of the property within the probable area of assessment is \$31,300.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was thereupon adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 18th day of September, 1902, and approved by the President of the Borough of Brooklyn on the 23d day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Regulating and Grading—That Milford street, between Pitkin avenue and New Lots road, be regulated and graded,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,600, and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment, to wit, the sum of \$31,300, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby

is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—14.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 28, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, initiating proceedings to regulate, grade and pave Fulton street, between Crescent street and the Queens County line, with granite block, including curbing and laying of cement sidewalk.

Fulton street is laid down upon the official map of the Borough of Brooklyn and is a legally opened street. The present block pavement ends at Crescent street, as does a double track surface railroad occupying the westerly part of the street. East of Crescent street there are a few houses, but the roadway is in use and considerably traveled. The sewer has been built, although all the necessary basins have not yet been constructed. A contract has been made for laying the water mains, but no gas mains have been laid on certain portions of the street.

I do not think it would be proper to carry out this improvement until the remainder of the gas mains and the water mains have been laid and the sewer basins required built. This, however, should be readily provided for, as no work can be done under the contract for regulating, grading and paving until next spring. I would recommend that the improvement be authorized.

The approximate amount of work involved is as follows:

4,000 cubic yards of grading.

3,320 linear feet of curbing.

6,290 square yards of granite block pavement.

15,000 square feet of cement sidewalk.

The estimated cost is \$19,400, and the assessed value of the property within the probable area of assessment is \$78,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 18th day of September, 1902, and approved by the President of the Borough of Brooklyn on the 23d day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 27, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on August 18, 1902, initiating proceedings for the construction of a sewer with appurtenances in East One Hundred and Seventy-sixth street, between Prospect avenue and the summit east of Prospect avenue.

Proceedings to open East One Hundred and Seventy-sixth street, between Arthur avenue and Southern Boulevard, are now in progress, the oaths of the Commissioners of Estimate and Assessment having been filed on November 2, 1901, so that title can be vested at any time.

The roadway of the portion of the street named in the resolution has been shaped and on the lines of the street there have been erected a large number of dwellings. The proposed improvement is a very necessary one, and favorable action upon the resolution is recommended.

For the purpose of carrying out the proposed work I would recommend that title be vested in the City on December 1, 1902, a resolution to that effect being herewith presented.

The work to be done comprises:

375 linear feet of 12-inch pipe sewer.

3 manholes.

The estimated cost of the improvement is \$3,380 and the assessed valuation of the real estate to be benefited is \$47,450.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Thereupon the following resolutions were adopted:

"Whereas, The Board of Public Improvements, on the 31st day of January, 1902, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending One Hundred and Seventy-sixth street (Woodruff street), from Arthur avenue to the Southern Boulevard, in the Borough of The Bronx, City of New York; and

"Whereas, It appears to the Board of Estimate and Apportionment from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said East One Hundred and Seventy-sixth street (Woodruff street), from Arthur avenue to the Southern Boulevard; and

"Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said East One Hundred and Seventy-sixth street (Woodruff street), from Arthur avenue to the Southern Boulevard, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 2d day of November, 1901; therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of December, 1902, the title to each and every piece or parcel of land lying within the lines of said East One Hundred and Seventy-sixth street (Woodruff street), from Arthur avenue to the Southern Boulevard, in the Borough of The Bronx, City of New York, so required shall be vested in The City of New York."

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of The Bronx and the President of the Borough of Richmond—13.

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on October 2, 1902, initiating proceedings for regulating, grading, curbing and flagging East One Hundred and Seventy-third street, between Weeks avenue and the Grand Boulevard and Concourse.

Title to the four blocks covered by this improvement was vested in the City on December 24, 1897, but the roadway has not been put in use and there are several houses within its lines. I have not been able to find that these houses have been sold and would recommend that the necessary steps to dispose of them be taken at once by the President of the Borough. After this has been done I believe that a roadway should be put in use to connect this street with the Concourse, and recommend favorable action upon the resolution.

The work to be done comprises:
260 cubic yards of earth excavation.
110 cubic yards of rock excavation.
19,260 cubic yards of filling.
1,870 linear feet of new curb.
7,330 square feet of flagging.
1,010 square feet of bridgestones.

The estimated cost of the improvement is \$15,000 and the assessed valuation of the real estate to be benefited is \$58,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of the notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the construction of sewer and appurtenances in East One Hundred and Seventy-fourth street, between Webster avenue and Carter avenue, with branches in Carter avenue, from East One Hundred and Seventy-third street to the summit north of East One Hundred and Seventy-fourth street in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 18, 1902, initiating proceedings for the construction of a sewer, with its appurtenances, in East One Hundred and Seventy-fourth street, between Webster and Carter avenues, with branches in Carter avenue, between East One Hundred and Seventy-third street and the summit north of East One Hundred and Seventy-fourth street.

Title to Carter avenue and East One Hundred and Seventy-fourth street, within the limits named in this proceeding, has been vested in the City, and the grading of Carter avenue was authorized by the Board of Estimate and Apportionment on July 28, 1902. There are but few buildings on the line of this improvement, which is requested by seven petitioners. The outlet sewer has been constructed. I can find nothing to prevent the authorization of this improvement, and favorable action upon the same is hereby recommended.

The work to be done comprises
160 linear feet of 15-inch pipe sewer,
760 linear feet of 12-inch pipe sewer,
8 manholes,
2 receiving basins.

The estimated cost of this work is \$3,925, and the assessed valuation of the property to be benefited is \$26,775.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 18th day of September, 1902, and approved by the President of the Borough of The Bronx on the 20th day of September, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the construction of sewer and appurtenances in East One Hundred and Seventy-fourth street, between Webster avenue and Carter avenue, with branches in Carter avenue, from East One Hundred and Seventy-third street to the summit north of East One Hundred and Seventy-fourth street, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,925; and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment, to wit, the sum of \$26,775, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following resolution of the Local Board of Morrisania and report of the Chief Engineer were presented, and the matter was referred back to the President of the Borough:

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on October 2, 1902, initiating proceedings for regulating, grading, curbing, flagging and macadamizing Weeks avenue, between Claremont Park and the Grand Boulevard and Concourse.

Scattered dwellings exist along the entire line of this street, which is probably one-tenth built up and which is subject to considerable traffic. The sewer has been built and gas main laid, but water mains have not been provided between One Hundred and Seventy-third and One Hundred and Seventy-fourth streets or between One Hundred and Seventy-fifth street and the Concourse. I would therefore recommend that this resolution be returned to the President of the Borough of The Bronx with the suggestion that it be amended so as to omit the macadamizing or other class of paving until after the subsurface improvements still required have been provided. Dividing the work as suggested it will probably be possible to lay a more expensive and per-

manent pavement than macadam without entailing an assessment upon any of the abutting property of more than one-half its assessed value.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
November 7, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on April 15, 1902, initiating proceedings for constructing a sewer in Ely avenue, between Grand and Jamaica avenues.

Proceedings to open Ely avenue, between Grand and Nott avenues, were authorized on December 12, 1900, but the Corporation Counsel has not yet applied for the appointment of Commissioners of Estimate and Assessment owing to the lack of a rule map not yet furnished. The improvement now proposed comprises a length of three blocks, on each of which houses have been erected, and throughout the distance the roadway is shaped and in use; shade trees have been planted and the street line has been partially fenced. Although this length is comprised in the opening proceeding, I believe that the evidences at hand are sufficient to show a dedication to the City, which deduction is further established by the affidavits of James Murphy and John Mackie, which are presented with this resolution and are in the form prescribed by the Corporation Counsel. I would recommend that the Corporation Counsel and the Commissioners of Estimate and Assessment be advised of the dedication here established.

The sewer as proposed has been incorporated on the drainage map of the Borough, and the outlet sewer on Jamaica avenue has been built. The improvement is a needed one, and favorable action upon the resolution is recommended.

The work to be done comprises:
246 linear feet of 12-inch pipe sewer.
352 linear feet of 15-inch pipe sewer.
356 linear feet of 18-inch pipe sewer.
7 manholes.

The estimated cost of the improvement is \$2,500 and the assessed valuation of the property to be benefited is \$61,800.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That the resolution authorizing the opening of Ely avenue, between Grand and Nott avenues, in the Borough of Queens, passed December 12, 1900, by the Board of Public Improvements be rescinded.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 25, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a copy of a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on October 2, 1902, initiating proceedings for regulating, grading, curbing and flagging Morris avenue, between Tremont avenue and Field place.

This improvement comprises a length of seven blocks, through the most southerly five of which the avenue, as laid out on the maps, is not in use, although several dwellings are now being erected on its line. The most northerly two blocks follow approximately the old line of Morris avenue, and together with those yet further to the north are well and substantially built up.

Owing to the change in alignment of this street and to some effort made to conform with the same, the roadway has been left in very bad condition in the vicinity of One Hundred and Eighty-second street, necessitating the grading which is also required in connection with development now in progress in the lower portion. Title to the street has been vested in the City and favorable action upon the resolution is recommended.

The work to be done comprises
7,200 cubic yards of earth excavation.
1,900 cubic yards of rock excavation.
33,500 cubic yards of filling.
6,880 linear feet of curbing.
27,200 square feet of flagging.

The estimated cost of this improvement is \$33,000, and the assessed value of the real estate to be benefited is \$181,830.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 2d day of October, 1902, and approved by the President of the Borough of The Bronx on the 3d day of October, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District of the Borough of The Bronx, adopted on August 18, 1902, initiating proceedings for regulating, grading, curbing and flagging East One Hundred and Seventy-third street, between the Boston road and Crotona Park East.

Aside from the one on the corner of the Boston road there are no buildings on the block included in this improvement. Title to the street has been vested in the City. The roadway is in use and now serves as the northerly outlet for Crotona Park East. The names of sixteen petitioners appear on the request for this work, and there seems to be no reason why it should not be authorized; favorable action is therefore recommended upon the accompanying resolution.

The work to be done comprises

530 cubic yards of excavation.

750 cubic yards of filling.

525 linear feet of new curbstone.

2,180 square feet of new flagging.

55 cubic yards of dry rubble masonry.

The estimated cost of this improvement is \$1,400, and the assessed valuation of the property to be benefited is \$17,100.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on September 18, 1902, initiating proceedings for regulating, grading and flagging Vyse avenue, between West Farms road and East One Hundred and Seventy-second street.

The work proposed comprises a length of four blocks, title to which has been vested in the City. A roadway is now in use through all but the most southerly block; and along the three northerly blocks a large number of dwellings have been erected. Thirty-three names appear on the petition for this improvement, establishing the need for the same, which is also otherwise apparent, and which is hereby recommended.

The work to be done comprises

6,800 cubic yards of earth excavation.

10,000 cubic yards of rock excavation.

7,500 cubic yards of filling.

4,625 linear feet of new curb.

18,600 square feet of flagging.

450 square feet of bridge stone.

500 cubic yards of dry rubble.

The estimated cost of the improvement is \$24,000, and the assessed valuation of the property to be benefited is \$189,604.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, provides for the construction of a sewer basin at the northwest corner of Dorchester road and East Eighteenth street. This basin is provided for in the plans of the Sewer Bureau, but has not been built up to the present time, as the capacity of the sewers was limited.

Dorchester road has now been paved with asphalt and there is no reason why the basin should not be built, and I would recommend that the action of the Local Board be approved.

The estimated cost is \$140, and the assessed value of the property within the probable area of assessment is \$69,900.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 17, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, initiates proceedings for the construction of a sewer in East Twelfth street, between Beverly road and Avenue C, with an outlet sewer on the north side of Avenue C between East Twelfth and East Fourteenth streets.

Both these streets are laid down upon the maps of the Borough of Brooklyn and are built up with detached houses. While East Twelfth street has never been opened by regular proceedings, affidavits are submitted, in form approved by the Corporation Counsel, showing its dedication as a public street and its use, as such for more than six years. Avenue C is an open street, having already been improved by the laying of macadam, and contains a double track surface railroad. I would therefore recommend that the resolution of the Local Board be approved and a contract authorized.

The amount of work involved is as follows:

850 linear feet of 12-inch pipe sewer.
500 linear feet of 15-inch pipe sewer.
45 linear feet of 18-inch pipe sewer.
300 linear feet of 24-inch pipe sewer.
300 linear feet of 30-inch brick sewer.
17 manholes.
5 basins and appurtenances.

The total estimated cost being \$5,680, while the assessed value of the property within the probable area of assessment is \$280,700.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, provides for the construction of sewer basins at the southeast and southwest corners of Clarkson street and Rogers avenue in the Borough of Brooklyn.

Basins have already been built at the northeast and northwest corners of this intersection, but the grade of Clarkson street falls towards Rogers avenue from both sides; while there is a very slight fall to the south in the grade of Rogers avenue, the rate of grade on Clarkson street is so light that the surface water stands for some time after rainstorms. I would therefore recommend that the resolution of the Local Board be approved and the construction of the basins authorized, the estimated cost being \$350, while the assessed value of the real estate within the probable area of assessment is \$84,800.

SIR—The accompanying resolution, adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on September 29, 1902, initiates proceedings to curb and gutter Avenue K, between Flatbush avenue and Albany avenue.

This street is laid down upon the Commissioners' map of the Borough of Brooklyn and a deed of cession was given by the property owners, such deed being filed in the office of the Register of Kings County on March 17, 1902. The street has already been graded, trees have been planted and sidewalks flagged for nearly the entire distance covered by the improvement, and five houses have been erected. I would recommend that a contract be authorized for the curbing and gutter paving.

The estimated amount of work involved is:

1,900 linear feet of curb.

630 square yards of gutter pavement,

—at an estimated cost of \$2,100, while the assessed valuation of the property within the probable area of assessment is \$32,600.

CHIEF ENGINEER'S OFFICE, CITY HALL,
October 16, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, initiating proceedings to regulate and grade New York avenue, between Avenue C and Newkirk avenue, including the setting of cement curb and the laying of cement sidewalks where not already done.

New York avenue is laid down upon the maps of the Borough of Brooklyn. Proceedings have been instituted to open this street and Commissioners have been appointed; their oaths were filed on October 8, 1902. It is therefore possible to vest title at any time. This vesting of title should be provided for not only in connection with this improvement, but because the building of a sewer has already been authorized in this street, and a resolution is hereto attached providing for the vesting of title on November 1, 1902.

Eight houses have already been built on the street, which is nearly on grade, and the sidewalks are partly flagged. I would recommend the authorization of the improvement as approved by the Local Board.

The approximate amount of work is as follows:

6,000 cubic yards of grading;

2,260 linear feet of curbing;

10,900 square feet of cement sidewalk.

—at a total estimated cost of \$5,700; the assessed value of the property within the probable area of assessment is \$21,400.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

October 16, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, initiates proceedings to curb and gutter East Eighteenth street, between Beverly road and Avenue C.

This street is laid down upon the maps of the Borough of Brooklyn, has been opened by regular proceedings and is built up almost entirely with detached houses, in front of which sidewalks have been laid. The proposed improvement is evidently a preliminary to the paving of the street, and I would recommend that it be authorized.

The approximate amount of work required is the setting of 1,500 linear feet of bluestone curbing and the laying of 330 square yards of gutter pavement, the estimated cost being \$1,785, while the assessed valuation of the property within the probable area of assessment is \$88,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
October 16, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, provides for the regulating and grading of Crown street, between New York avenue and Nostrand avenue.

The street is laid down upon the maps of the Borough of Brooklyn, and although it has never been opened by regular proceedings, the Common Council of the City of Brooklyn passed a resolution March 20, 1893, declaring it a public street in accordance with the provisions of section 22, title 22 of the Brooklyn Charter. While not on the proper grade, it has been used as a road for a number of years; there are brick buildings at the northeast and southeast corners of Nostrand avenue and three or four other buildings on the north side of the street near New York avenue. Supplementing the resolution declaring the street open there are submitted two affidavits made by owners of property on the street to prove dedication; these are in the form approved by the Corporation Counsel.

The proposed improvement does not include anything but grading, the amount of which is estimated at 5,000 cubic yards, and the cost at \$1,500, while the assessed valuation of the property within the probable area of assessment is \$15,400.

The street contains neither sewer, water nor gas mains, but this is no reason why the grading should not be done, and I would recommend that it be authorized.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 29th day of September, 1902, and approved by the President of the Borough of Brooklyn on the 7th day of October, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Crown street, between New York avenue and Nostrand avenue, in the Borough of Brooklyn."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,500; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$15,400, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, October 20, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—I return herewith the resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 29, 1902, initiating proceedings to construct a sewer in East Twenty-first street, between Regent place and Albemarle road. This street is laid down upon the official maps of the Borough of Brooklyn and a number of buildings are now being erected on both sides and a sewer is very much needed. Opening proceedings are under way, Commissioners of Estimate and Assessment having been appointed on December 31, 1901. At the same meeting the Local Board passed a resolution requesting the Board of Estimate and Apportionment to vest title to this street in the City, and as there is no obstacle to this being done, I would recommend that a resolution be passed, vesting title in the City on November 15, 1902, and that the construction of the sewer be authorized.

The estimated amount of work is as follows:

430 linear feet of 12-inch pipe sewer.

5 manholes and appurtenances.

Estimated cost, \$1,200. Assessed value of the property within the probable area of assessment, \$31,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

"Whereas, The Board of Public Improvements on the 17th day of October, 1900, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East Twenty-first street, between Albemarle road and Regent place, in the Borough of Brooklyn, City of New York; and

"Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said East Twenty-first street, between Albemarle road and Regent place; and

"Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said East Twenty-first street, between Albemarle road and Regent place, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 8th day of January, 1902; therefore be it

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of January, 1903, the title to each and every piece or parcel of land lying within the lines of said East Twenty-first street, between Albemarle road and Regent place, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York."

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 29th day of September, 1902, and approved by the President of the Borough of Brooklyn on the 7th day of October, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct sewer in East Twenty-first street, between Regent place and Albermarle road, in the Borough of Brooklyn,"—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$1,200; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$31,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 31, 1902.

Hon. Board of Estimate and Apportionment:

SIRS—I am in receipt of a communication from the Secretary of your Honorable Board, dated October 15, 1902, stating that you have before you for consideration a resolution of the Local Board of Bay Ridge, Borough of Brooklyn, initiating proceedings to construct a sewer in Fifty-ninth street, involving the construction of an outlet sewer in Sixth avenue, from Fifty-ninth street to Sixty-second street; that the proceedings to open Sixth avenue, between Sixtieth street and Fort Hamilton avenue, are defective for the reason that two steam railroads are crossed and no notice was served upon the railroad companies as required by law, but that the title to this street has been vested in the City by a resolution adopted by the Board of Public Improvements.

You request me to advise you whether, under these circumstances, the City has such a title as will warrant the construction of a sewer in Sixth avenue, the cost to be assessed upon the property owners.

There is, in my opinion, room for serious doubt as to whether the fact that no notice was given, as required by the Grade Crossing Law, affects the jurisdiction of the Court to appoint Commissioners.

It may be that the notice is not necessary to the legality of the opening proceeding, although necessary before a street can be constructed across the railway. (See Matter of Ludlow Street, 59 App. Div., 180.)

If it were conceded that the City has not acquired title to the bed of the railroad, it might be possible to exclude that property by amendment. (See sections 974 and 1000 of the Charter.)

Without examining the subject any further, it is, I think, evident that in the present condition of the proceeding to open Sixth avenue it would be inadvisable to authorize any public improvement requiring the use of any portion of the property sought to be acquired therein.

Respectfully yours,
G. L. RIVES, Corporation Counsel.

On motion of the Comptroller the following resolution was adopted:

Resolved, That the matter be referred to the President of the Borough, and that the Engineer be requested to call his attention to the like condition in Tenth avenue.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond.—16.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

IN LOCAL BOARD OF MORRISANIA, TWENTY-FOURTH DISTRICT, BOROUGH OF THE BRONX.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this board does hereby initiate proceedings for the said local improvement, to wit:

For paving of Prospect avenue, from Southern Boulevard to Crotona Park South, with sheet asphalt with concrete foundation except where grade exceeds two and one-half (2½) per cent. when asphalt block with same foundation to be substituted, space twenty (20) feet in width between streets the entire length of the avenue to be left for ornamental purposes, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 6th day of November, 1902.

Aldermen Leitner, Peck, Harnischfeger and Goldwater and the President of the Borough of The Bronx voting in favor thereof.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, November 17, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is returned a certified copy of the resolution of the Local Board of the Morrisania District, Borough of The Bronx, initiating proceedings for the paving of Prospect avenue, from the Southern Boulevard to Crotona Park South, with sheet asphalt on a concrete foundation, except where the grade exceeds 2½ per cent., where asphalt block with the same foundation is to be used, a space twenty feet in width between intersecting streets for the entire length of the avenue to be left for ornamental purposes. This action of the Local Board is the result of the disapproval of the Board of Estimate and Apportionment on October 6 of a resolution providing for macadamizing the same street between the Southern Boulevard

and Boston road, the former proceeding covering one short block less than the resolution herewith submitted. The Board disapproved of the other proceeding for the reason that it was apparent from the assessed value of the property that the cost of more substantial pavement than macadam could be assessed without special hardship.

Prospect avenue, as was shown in the report upon the previous resolution, is an open street, which has been already regulated, graded and curbed and is well built up for its entire length. It is 100 feet in width and the roadway is so generous that the reservation of the twenty-foot strip in the centre for ornamental treatment will not in any way impair its usefulness, but will add greatly to its beauty.

I therefore beg to recommend favorable action upon the resolution.

The estimated amount of work and the cost of the improvement are as follows: 40,000 square yards of asphalt pavement on accrued foundation.

14,400 linear feet of new curb.

14,000 linear feet of old curb, to be reset.

Total estimated cost, \$145,000. Assessed value of the property within the probable area of assessment, \$1,726,800.

It appears from the report of the Chief Engineer that there are no grades on the avenue exceeding 2½ per cent., so that there will be no occasion to use asphalt block pavement.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 6th day of November, 1902, and approved by the President of the Borough of The Bronx on the 7th day of November, 1902, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving of Prospect avenue, from Southern Boulevard to Crotona Park South, with sheet asphalt with concrete foundation except where grade exceeds two and one-half (2½) per cent., when asphalt block with same foundation to be substituted, space twenty (20) feet in width between streets the entire length of the avenue to be left for ornamental purposes, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work of improvement will be the sum of \$145,000; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$1,726,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond.—16.

The Board then resumed the consideration of the financial calendar.

The Mayor moved that the Board adjourn until November 21 at 2.30 o'clock in the afternoon, which motion was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond.—16.

Municipal Civil Service Commission,
City of New York, November 20, 1902.

At a meeting of the Municipal Civil Service Commission of The City of New York, held November 19, 1902, it was

Resolved, That the Municipal Civil Service Rules of The City of New York be amended by striking therefrom the present Rule 43 and substituting therefor the following:

Rule 43.

Reinstatement.

The name of any person entitled to reinstatement by the provisions of section 1543 of the Charter of The City of New York shall be certified in accordance with the directions of that section.

A person who has held a position by permanent appointment under these rules, and who has been separated from the service without delinquency or fault on his part, may be reinstated, without re-examination, in a vacant position in the same class and grade within one year from the date of such separation, provided that for original entrance to the position proposed to be filled by reinstatement there is not required by these rules, in the opinion of the Commission, an examination involving tests or qualifications different from or higher than those involved in the examination for original entrance to the position formerly held by the person proposed to be reinstated. But no person shall be so reinstated if he have been entitled to reinstatement under the provisions of section 1543 of the Charter of The City of New York during the year prior to his separation from the service. The Commission may, in its discretion, extend the period during which a reinstatement may be made, provided the person to be reinstated resigned his position in order to serve in the United States Army or Navy in time of war, and has received an honorable discharge therefrom. Upon the written request of an appointing officer, stating the essential facts in regard to such a proposed reinstatement, the Commission will, if such reinstatement be in accordance with law and these rules, issue its certificate of that fact to such officer, and no reinstatement shall be made except after the issuance of such certificate.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held Friday, November 14, 1902, at 3 o'clock p. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton, Haskell and McKenna.

Minutes of meetings held September 24 and September 26 were read and approved.

Communications were read as follows:

From the Mayor's Office, acknowledging receipt of copy of proposed regulations formulated by the Explosives Committee and blue print of model magazine, which had been transmitted to this Commission for examination.

From the Mayor's Office, transmitting communication from W. J. Douglas, Engineer of Bridges, District of Columbia, requesting copy of regulations governing the use of high explosives.

From Edward F. Linton and J. W. L. Waters, concerning the discharge of fireworks.

From W. W. Kennerson, respecting the use of parlor matches in The City of New York.

From Thomas Lloyd, the Detwiller & Street Fireworks Manufacturing Company, the Consolidated Fireworks Company of America and the Pain Manufacturing Company, requesting to be heard previous to the final adoption of regulations governing the manufacture, sale and use of fireworks.

From Platzeck & Stroock, attorneys, requesting copy of regulations adopted with reference to the storage and handling of chemicals, etc.

From the Embassies of the United States at London, Berlin, Brussels and Vienna, transmitting copies of the laws and regulations governing the use, etc., of explosives and combustibles in the countries to which they are respectively accredited.

From Albert J. Kenyon, attorney, requesting copy of the regulations governing the sale, storage, etc., of paints, naphtha, etc.

The Secretary was directed to reply to the foregoing communications.

The subject of fireworks, their manufacture, sale and use in The City of New York, was discussed at length and Commissioner McKenna offered the following resolution:

Resolved, That a committee of two be appointed to call upon the Corporation Counsel for the purpose of ascertaining whether the ordinance as passed by the Board of Aldermen does not endow this Commission with full authority to regulate the handling of fireworks in all respects within The City of New York;—which was seconded and carried. The Chair appointed Commissioners McKenna and Eaton as a committee.

The subject of the use, sale, etc., of matches within The City of New York was discussed, and the Commission decided to have a public hearing on the subject on Wednesday, November 19, at 9.30 a. m., and directed that notices be sent to interested parties and that the hearing be announced in the press of the City.

Commissioner Haskell presented the following resolution:

Resolved, That the correspondence of this Commission shall be filed under the head of subjects, to be determined numerically, with numbers and carbon copies of letters attached under the same head, and a card index to be kept showing the subject referred to;

—which was seconded and carried.

The Commission decided that meetings should be held on the 17th inst. at 3 p. m., on the 18th inst. at 2 p. m., on the 19th inst. at 9.30 a. m., and such additional dates of next week as might be subsequently determined upon.

Upon motion, duly seconded, the Commission adjourned until Monday, November 17, at 3 p. m.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held Monday, November 17, 1902, at 3 p. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton, Haskell and McKenna.

Minutes of meeting held November 14 were read and approved.

Communication was read from the Embassy of the United States at Paris advising that copy of the laws and regulations of the French Government relative to the handling, sale and use of explosives and combustibles had been forwarded.

Commissioners McKenna and Eaton presented a report respecting an interview had with the Corporation Counsel in regard to the powers of this Commission to regulate the handling of fireworks in all respects in The City of New York, which report was read and ordered placed on file.

The Commission took up for consideration the proposed regulations governing the handling, use, etc., of high explosives in The City of New York, from paragraph 1 to paragraph 12, inclusive, of Part I., Article VII.

Commissioner McKenna offered the following resolution:

That a lithograph be made of the accepted design of a model magazine of the first-class, and that the Fire Commissioner be requested to secure the erection, at the expense of the Department, of a model of this type, on the premises at Fire Headquarters;

—which was seconded and carried.

Upon motion, duly seconded, the Commission adjourned, to meet Tuesday, November 18, at 2 p. m.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held Tuesday, November 18, 1902, at 3 o'clock p. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton and Haskell.

Minutes of meeting held November 17 were read and approved.

Communication was read from the Builders' League of The City of New York, approving of the adoption of regulations prohibiting the use of parlor matches in The City of New York.

The Commission further considered the proposed regulations governing the handling and use of high explosives in The City of New York, from paragraph 12 of Part I., Article VII., to and including section 5 of Part IV.

Upon motion duly seconded, the Commission adjourned until Wednesday, November 19, at 9.30 a. m.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held on Wednesday, November 19, 1902, at 9.30 a. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton, Haskell and McKenna.

Reading of minutes of meeting of November 18 was dispensed with.

A large number of gentlemen representing various branches of the match trade were present to consider the regulations governing the storage, sale and use of matches in The City of New York. The Fire Commissioner stated that this public hearing was given in accordance with previous public notice of the Commission for the purpose of considering regulations for the storage, sale and use of matches in The City of New York, to become effective, if possible, from January 1, 1903, and for the information of those present read sections 54 and 55 of the regulations at present in force on the subject and also the amendment adopted by this Commission at a meeting held September 24, 1902, providing that no license will be issued which will permit, after January 1, 1903, the keeping, storing or having of parlor matches, or matches that have a chlorate mixture for the igniting material and that will readily ignite on any but a specially prepared surface, except to manufacturers, their agents, and wholesalers for shipping outside of the City. The Fire Commissioner further stated that it was the desire of the Municipal Explosives Commission, in formulating resolutions relative to the use and sale of matches, to admit into use in The City of New York and to continue in use all safe matches—not all safety matches merely, but all safe matches, and all that were sought to be excluded were those which, from the experience and the records of the Department, the Commission believed to be highly dangerous. The Commissioner further stated that the records of the Fire Marshal's Bureau of the Fire Department showed that during the year 1901 one thousand three hundred and seven fires were directly traceable to the use of dangerous matches, and the loss of eleven lives caused by the use of dangerous parlor matches of some kind. The Commissioner read communications from the Builders'

League of The City of New York and from John Muir urging the Commission to adopt regulations prohibiting the use of dangerous matches in the City, and further stated that business men, merchants and others who have their property covered by insurance need have no fear as to the validity of the action of this Commission in adopting rules and regulations governing the handling, storage, sale, etc., of explosives and combustibles in The City of New York, or of continuing previous regulations, or of amending same, and that their policies will not be vitiated or invalidated so long as they comply with the rules and regulations adopted and promulgated by this Commission. The Commissioner announced that the Commission was ready to hear what any or all of the gentlemen present had to say on the subject under consideration.

The Commission was addressed by Wm. F. McConnell of the New York Board of Trade and Transportation, L. J. Callanan of the retail grocery trade, Frank Green of E. C. Hazard & Co., wholesale grocers, John T. Huner of the Darling Match Company, Mr. Hawkins of the Diamond Match Company, Jos. Cohen of the Mutual Match Company, M. Loewenstein of the importing match trade, Mr. Borjer of the importing trade, L. E. Gross of the Brooklyn Retail Grocers' Association, Lewis Sayre Burchard and Inspector of Combustibles George E. Murray. A petition was also presented from the wholesale grocery and the match trade requesting that the sale and use of parlor matches in The City of New York be allowed.

After a lengthy discussion it was decided that a committee composed of representatives from the various branches of the match business, including manufacturers, wholesalers, agents, jobbers, importers and retailers, should meet at the rooms of the New York Board of Trade and Transportation on Friday, November 21, at 2 p. m., for the purpose of preparing in definite form for presentation to this Commission for consideration regulations respecting the storage, sale and use of parlor matches in The City of New York. The public hearing was then closed.

Communication was read from Chas. H. Davids, Brooklyn, relative to the frequent discharge of fireworks by certain societies in that Borough. On motion, duly seconded, the communication was placed on the table until the subject of fireworks shall have been reached for consideration by the Commission.

Upon motion, duly seconded, the Commission adjourned until 3 p. m. Friday, November 21.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held Friday, November 21, 1902, at 3 o'clock p. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton, Haskell and McKenna.

Minutes of meetings held November 18 and 19 were read and approved.

A communication was read from the Secretary of the New York Board of Fire Underwriters, advising that at a regular meeting of the Board, held on the 19th instant, the following resolution was unanimously adopted:

Resolved, That in the judgment of the New York Board of Fire Underwriters the use of the so-called parlor match is dangerous and should be prohibited by an ordinance.

A communication was read from J. A. Grenzig, No. 1165 Myrtle avenue, Brooklyn, retail grocery trade, calling attention to the danger from the use of parlor matches, and offering suggestions for regulating the sale and use of matches.

Commissioner Haskell offered the following resolution:

That the Inspector of Combustibles be requested to formulate and present to this Commission, as early as practicable, a definition of the qualifications which he considers necessary or desirable to be represented by the various certificates for fitness which may be hereafter necessary for his Bureau to issue. He will take into consideration, as far as possible, the various kinds of expert work for which such certificates may hereafter be required in the various phases of transportation, storage, sale, handling, use, etc., of high combustibles.

Which was seconded by Commissioner McKenna and carried.

The Commission proceeded with further consideration of the proposed regulations governing the sale, use, storage, etc., of high explosives, from section 6 to section 12, inclusive, of Part IV.

Upon motion, duly seconded, the Commission adjourned until 9.30 a. m. Monday, November 24, 1902.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held on Monday, November 24, 1902, at 9.30 a. m.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton, Haskell and McKenna.

The minutes of meeting held November 21 were read and approved.

The following communications were read:

From Mr. Deine, requesting that the use of parlor matches be prohibited; from Marion J. Terry, relative to the careless use of matches; from W. Brenton Welling, representing owners of real estate in different parts of the City, to the extent of over \$500,000, requesting that the use of parlor matches be prohibited; from Edward N. Crane, Vice-President of the Arlington Company, relative to regulations governing traffic in nitrates of cellulose. The Secretary was instructed to reply to above communications.

Commissioner Eaton presented the following resolution:

That the Inspector of Combustibles be requested to report at regular intervals, in writing, to this Commission the facts connected with all injuries or deaths caused to individuals in this City by reason of explosion and combustion, or other accidents arising from the use or handling of any of the various materials covered by the regulations of this Commission; that said reports be made on each case individually, with the facts pertinent thereto, and that the same be filed under the various classes of combustibles to which each specific case pertains in the files of this Commission. And further, that Commissioner Haskell is requested and the Inspector is directed to confer together with regard to the form in which such reports should be made.

Which was seconded and adopted.

Commissioner Haskell presented the following resolution:

That a public hearing be given by this Commission on the proposed rules and regulations governing the use, storage, etc., of high explosives in The City of New York on Friday, November 29, at 3 o'clock p. m., and that notice of said hearing be sent to the various interested parties.

Which was seconded and adopted.

The Commission took under consideration the proposed rules and regulations governing the manufacture, transportation, storage, sale and use of fireworks in The City of New York, from Article A to and including Article C.

Commissioner Haskell offered the following resolution:

That the matter of descriptive headings for the rules and regulations governing the manufacture, storage, sale and use of fireworks be referred to a committee consisting of Commissioners Charlton and McKenna.

Which was seconded and adopted.

Upon motion duly seconded, the Commission adjourned until Tuesday, November 25, 1902, at 2.30 p. m.

JOHN F. CUNNINGHAM, Secretary.

MUNICIPAL EXPLOSIVES COMMISSION.

Proceedings of the Municipal Explosives Commission at meeting held on Wednesday, November 25, 1902.

Present—Fire Commissioner Thomas Sturgis, presiding, and Commissioners Charlton, Eaton and Haskell.

On motion duly seconded, the reading of minutes of meeting of November 24 was dispensed with.

The Commission continued the consideration of the proposed regulations governing the manufacture, sale, storage and use of fireworks, from Article D of proposed regulations respecting the manufacture and storage of fireworks at factories, to and including paragraph 12 of proposed regulations, for storage and sale of fireworks at wholesale.

At the request of Commissioner Haskell, the date of the public hearing in the matter of proposed regulations governing the sale, storage, use, etc., of high explosives was changed from November 28 to Tuesday, December 2, 1902, at 2 p. m., and the Secretary was instructed to notify contractors and other interested parties.

Upon motion, duly seconded, the Commission adjourned till Friday, November 28, at 3 p. m.

JOHN F. CUNNINGHAM, Secretary.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

TWENTY-SIXTH WARD.

GEORGIA AVENUE—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS AND PAVING, between Glenmore avenue and Belmont avenue. Area of assessment: Both sides of Georgia avenue, between Glenmore and Belmont avenues, and to the extent of one-half the blocks on the intersecting and terminating avenues.

—that the same was confirmed by the Board of Assessors on January 8, 1903, and entered on January 9, 1903, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before March 10, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTY-THIRD STREET—OPENING, between Kingsbridge road and Eleventh avenue. Confirmed December 9, 1902; entered January 3, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the middle line of the block between Fort Washington avenue and Broadway with the westerly prolongation of the middle line of the block between West One Hundred and Sixty-fourth street and West One Hundred and Sixty-fifth street; running thence easterly along said prolongation and middle line of the block to its intersection with the middle line of the block between Amsterdam avenue and Edgecombe road; thence southerly along said middle line of the block to its intersection with the middle line of the block between West One Hundred and Sixty-third street and West One Hundred and Sixty-fourth street; thence easterly along said middle line of the block and its easterly prolongation to a point 100 feet easterly of the easterly line of Edgecombe road, measured at right angles thereto; thence southerly along a line parallel to and distant 100 feet easterly from the easterly line of Edgecombe road to its intersection with the easterly prolongation of the middle line of the block between West One Hundred and Sixty-second street and West One Hundred and Sixty-third street; thence westerly along said prolongation and middle line of the block to its intersection with the middle line of the block between Edgecombe road and Amsterdam avenue; thence southerly along said middle line of the block and its southerly prolongation to its intersection with the middle line of the block between West One Hundred and Sixty-second street and Sylvan place; thence westerly along said middle line of the block to its intersection with the easterly line of St. Nicholas avenue; thence northwesterly to the intersection of the westerly line of Amsterdam avenue with the middle line of the block between West One Hundred and Sixty-first street and West One Hundred and Sixty-second street; thence westerly along said middle line of the block and its westerly prolongation to the middle line of the block between Broadway and Fort Washington avenue; thence northerly along said middle line of the block to the point or place of beginning.

The above-entitled assessment was entered on the date herein above given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, Room No. 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 4, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau

for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 10, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, No. 320 BROADWAY, NEW YORK CITY.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Rapid Transit Railroad Commissioners at the above office until 12 o'clock noon, on

Friday, the 16th day of January, 1903,

for printing and binding the annual report of the Board.

The time for the performance of the contract will be on or before March 1, 1903.

The amount of the securities required is 50 per cent. of the amount of the bid or estimate.

The bidder will name a price for each item contained below, at which prices the bids will be compared and the work paid for, be the quantities more or less. The extensions must be made and footed up, as the bids will be read from the total. The bids will be compared and the contract awarded at a lump or aggregate sum.

Inasmuch as it is impossible to estimate accurately the number of pages of the report, or the number of pages to be devoted to either of the different subdivisions of the report, it is necessary to give approximate figures merely of the different items desired. The items are roughly as follows:

Total number of pages.....	250
Total number of half-tones.....	19
Map and profile.....	1
Plans.....	3
Line drawings.....	4
Number pages of tabulated matter.....	25
Size of page, about 10-16 inches by 7-3-4 inches; margin, 1-1-2 inches.	
Total number of copies to be printed.....	3,000
Binding in cloth.....	100
Binding in heavy paper.....	2900

Sample of previous report and of all work

above described in office of Rapid Transit Board, Room 401, No. 320 Broadway New York City.

AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM 207, STEWART BUILDING, No. 280 BROADWAY, NEW YORK, December 27, 1902.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Aqueduct Commissioners at the above office until 12 o'clock noon on

TUESDAY, JANUARY 20, 1903.

FOR DOING THE WORK AND FURNISHING MATERIALS REQUIRED TO BUILD FOURTEEN HIGHWAY BRIDGE STEEL SUPERSTRUCTURES ACROSS CROTON LAKE AND RIVER AND ITS TRIBUTARIES IN THE TOWNS OF YORKTOWN, NEW CASTLE, SOMERS, LEWISBORO, BEDFORD AND NORTH SALEM, WESTCHESTER COUNTY, STATE OF NEW YORK.

The security required will be fifty thousand dollars.

Two bridges must be entirely completed by January 1, 1904, and the remainder thereafter as rapidly as the construction of the abutments therefore will permit, as provided in contract.

The work is authorized by chapter 490, Laws of 1883, State of New York, and the amendments thereto.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title, "Fourteen Highway Bridge Superstructures Across Croton Lake and River and its Tributaries," for which the estimate is made, with his or their name or names and the date of presentation, to the Aqueduct Commissioners, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the said Commissioners and read, and the award of the contract made according to law as soon thereafter as practicable.

The Commissioners reserve the right to reject any and all bids if they deem it for the interest of the City so to do.

Each estimate shall contain the name and place of residence of each of the persons making the same, the names of all persons interested with him therein; and that no officer of the City of New York is directly or indirectly interested therein, as provided in chapter 490, Laws 1883, and in the blank form or bid mentioned below and furnished by the Commissioners.

The estimates must be verified.
Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of ten per centum of the amount of the bond required. The check must not be included in the envelope with the bid or estimate.

For particulars as to the approximate quantity and quality of the supplies or of the materials to be furnished, bidders are referred to the printed specifications and the plans.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioners, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor to the Secretary, at the above office of the Aqueduct Commissioners, where the plans and drawings, which are made parts of the specifications, can be seen.

By order of the Aqueduct Commissioners.
WILLIAM H. TEN EYCK,
President.

HARRY W. WALKER, Secretary. d30,j20

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations at least two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close.

Persons desiring application blanks may obtain the same by applying to the office of the Commission, either in person or in writing, stating in each case the position or positions for which they wish to apply.

When application is made for a position for which no examination is scheduled, the name of the applicant will be recorded and an application blank sent, when a date for such examination is fixed.

All notices of examination will be posted and advertised. Such notices will state the scope of the examination, but for more general information application should be made at the office of the Commission.

Regulation adopted by the Municipal Civil

Service Commission at the meeting held November 19, 1902.

APPEALS.

No candidate for a position for which a physical examination is required who is rejected or who fails to appear on the date set, shall be again examined within nine months, unless by order of the Commission. A candidate asking a new examination shall be required to submit to the Commission an affidavit stating the reasons for which such examination is asked, and if such reasons be that the candidate's physical disability was temporary, the affidavit must be accompanied by a physician's certificate showing explicitly that the disability has been wholly remedied.

A candidate who has been notified of the result of his examination may, upon personal application to the Chief Examiner or other person duly authorized by the Commission, and on presentation of his notice, be entitled to see his papers and the ratings thereon.

No appeal from the ratings of examiners will be considered unless the grounds on which it is based are stated specifically and in full, in writing, and unless it is presented within fifteen days after the applicant has been notified of the result of his examination.

S. WILLIAM BRISCOE, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, NEW YORK, January 9, 1903.

SECOND JUDICIAL DISTRICT.

In the matter of the application and petition of Seth Low, Edward M. Grout, Alexander E. Orr, Charles Stewart Smith, Morris K. Jesup, John H. Starin, Woodbury Langdon and John Claffin, constituting the Board of Rapid Transit Railroad Commissioners of The City of New York, for and on behalf of said City, for the appointment of Commissioners of Appraisal under chapter 4 of the Laws of 1891, and the various statutes amendatory thereto, and supplementary thereto, to acquire a perpetual underground right, easement and right of way under JORALEMON STREET, from a point therein between the East river and Furman street to its intersection with Fulton street; Fulton street, from its intersection with Joralemon street to its intersection with Flatbush avenue; Flatbush avenue, from its intersection with Fulton street to a point at or near its intersection with Atlantic avenue; Fulton street, from its intersection with Joralemon street to its intersection with Court street; Court street, from its intersection with Joralemon street to its intersection with Fulton street.

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal, under chapter 4 of the Laws of 1891, and the various statutes amendatory thereto, and supplementary thereto, at a Special Term of said court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, on the 23d day of January, 1903, at the opening of the court on that day, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property rights, franchises, easements or privileges sought to be taken or affected for the purposes indicated in said chapter 4 of the Laws of 1891, and the various statutes amendatory thereof and supplementary thereto.

The real property affected is located in the Borough of Brooklyn, and a fuller statement setting forth the location and boundaries of the several lots or parcels of property, right, franchises, easements or privileges sought to be taken or affected is annexed to similar maps thereof adopted and approved by the Board of Rapid Transit Railroad Commissioners on the 23d day of October, 1902, and which said maps were filed, one in the office of the chief executive department of The City of New York having principal charge of the streets, on the 14th day of November, 1902; one in the office of the Register of the County of Kings, on the 10th day of December, 1902, and one in the office of the Board of Rapid Transit Railroad Commissioners, on the 23d day of October, 1902.

It is sought to obtain in this proceeding a permanent and perpetual underground right, easement and right of way under the following-described lands:

Under Joralemon street, from a point therein between the East river and Furman street to its intersection with Fulton street; Fulton street, from its intersection with Joralemon street to its intersection with Flatbush avenue; Flatbush avenue, from its intersection with Fulton street to a point at or near its intersection with Atlantic avenue; Fulton street, from its intersection with Joralemon street to its intersection with Court street; Court street, from its intersection with Joralemon street to its intersection with Fulton street.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of

New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND FORTY-NINTH STREET (although not yet named by proper authority), from the Southern Boulevard to the east side of Austin place, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-third Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of January, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of January, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 31st day of January, 1903.

Third—That pursuant to provisions of chapter 613 of the Laws of 1896, we have assessed to the extent of 50% only of the total awards, costs and expense of the acquisition of any land, property, rights, rents, easements and privileges, not the property of The Mayor, Aldermen and Commonalty of The City of New York, required for the widening and improvement of said street, upon each and every parcel of land in the Twenty-third Ward, Borough of The Bronx, of the said City, to an amount in each case which we have deemed said parcel or parcels of land benefited by said widening and improvement.

Fourth—That our last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 19th day of May, 1903, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, NEW YORK, December 30, 1902.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
