### DISCONTINUING PROCEEDINGS FOR OPENING WEST TWO HUNDRED AND NINETEENTH STREET, MANHATTAN.

In accordance with the action taken by the Board on June 15, hearing was opened in the matter of the proposed discontinuance of proceedings for opening West Two Hundred and Nineteenth street, between Broadway and Isham street, in the Borough of Manhattan.

After hearing Mr. John Whalen in favor of the proposed discontinuance of proceedings, and Mr. Joseph A. Flannery in opposition thereto, the hearing was closed.

The following resolutions were then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the resolution adopted by the Board on February 9, 1906, initiating proceedings for opening West Two Hundred and Nineteenth street, between Broadway and Isham street, in the Borough of Manhattan, be and the same is hereby rescinded; and be it further

Resolved, That the aforesaid opening proceedings be and the same are hereby discontinued.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

### DISCONTINUING PROCEEDINGS FOR OPENING WEST TWO HUNDRED AND TWENTIETH STREET, MANHATTAN.

In accordance with the action taken by the Board on June 15, hearing was opened in the matter of the proposed discontinuance of proceedings for opening West Two Hundred and Twentieth street, from Broadway to Seaman avenue, in the Borough of Manhattan.

After hearing Mr. Whalen in favor of the proposed discontinuance and Mr. Flannery in opposition, the hearing was closed.

The following resolutions were then adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the resolution adopted by the Board on February 23, 1906, authorizing proceedings for opening West Two Hundred and Twentieth street, from Broadway to Seaman avenue, in the Borough of Manhattan, be and the same hereby is rescinded, and be it further

Resolved, in accordance with the provisions of section 1000 of the Greater New York Charter, as amended, That the aforesaid opening proceedings be and the same hereby are discontinued.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

### CHANGE OF GRADE OF JEROME STREET, LIVONIA AND NEW LOTS AVENUES, BROOKLYN.

In the matter of the proposed change of grade of Jerome street, from Dumont avenue to New Lots road; Livonia avenue, from Barbey street to Warwick street; New Lots avenue, from Jerome street to Warwick street, in the Borough of Brooklyn, affidavits of publication were presented showing that the matter had been duly advertised.

Nobody appearing in favor of or in opposition to the proposed changes, the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 1st day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of Jerome street, from Dumont avenue to New Lots avenue; Livonia avenue, from Barbey street to Warwick street; New Lots avenue, from Jerome street to Warwick street, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of June, 1906, at 10.30 o'clock, at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Jerome street, from Dumont avenue to New Lots avenue; Livonia avenue, from Barbey street to Warwick street; New Lots avenue, from Jerome street to Warwick street, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to change the grade of the aforesaid streets as follows:

**Jerome Street.**

Beginning at the intersection of Jerome street and Dumont avenue, the elevation to be 18 feet, as heretofore;

Thence southerly to the intersection of Livonia avenue, the elevation to be 15.05 feet;

Thence southerly to a summit distant 112 feet from the southerly building line of Livonia avenue, the elevation to be 15.49 feet;

Thence southerly to the intersection of New Lots avenue, the elevation to be 15 feet.

**Livonia Avenue.**

Beginning at the intersection of Livonia avenue and Barbey street, the elevation to be 16.95 feet, as heretofore;

Thence easterly to the intersection of Jerome street, the elevation to be 15.05 feet;

Thence easterly to the intersection of Warwick street, the elevation to be 16.55 feet, as heretofore.

**New Lots Avenue.**

Beginning on the prolongation of the centre line of Jerome street South where it intersects New Lots avenue, the elevation to be 15.65 feet, as heretofore;

Thence easterly along New Lots avenue 65 feet to a point opposite the centre line of Jerome street North, the elevation to be 15 feet;

Thence easterly to the intersection of Warwick street South, the elevation to be 15.65 feet, as heretofore.

Note—All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**LAYING OUT SEVENTY-FOURTH STREET, BROOKLYN.**

In the matter of the proposed laying out of Seventy-fourth street, from Narrows avenue to the Shore road, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Mr. Scully, representing property owners, appeared and requested that the matter be laid over.

On motion of the President of the Borough of Brooklyn, the hearing was postponed for one week.

**CHANGE OF GRADES OF WASHINGTON AVENUE AND THIRD STREET, BROOKLYN.**

In the matter of the proposed change of grade of Washington avenue, between Gravesend avenue and Ocean parkway, and of Third street, between Foster and Lawrence avenues, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

The following report was placed on file:

REPORT No. 4147.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held on June 15 last, the President of the Borough of Brooklyn submitted a resolution which had been adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on May 31, 1906, providing for a change in the grade of Washington avenue, between Gravesend avenue and Ocean parkway, and the Board fixed June 29 as the date for a public hearing.

The proposed change is recommended by the Chief Engineer of the Bureau of Highways for the reason that the present legal grade is such that while there is ample fall for surface drainage on the block between Gravesend avenue and Third street, the block between Third street and Ocean parkway is practically level and there will be little chance for surface drainage. The change consists in raising the grade at Third street 2.25 feet, resulting in a moderate grade on both blocks. The street is about to be improved, but the work is being delayed until this change shall have been legally consummated.

I can see no objection to the approval of the plan, but on the contrary think it will be beneficial to all concerned, and its approval is therefore recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Nobody appearing in favor of or in opposition to the proposed change, the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 15th day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of Washington avenue, between Gravesend avenue and Ocean parkway, and of Third street, between Foster and Lawrence avenues, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of June, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Washington avenue, between Gravesend avenue and Ocean parkway, and of Third street, between Foster and Lawrence avenues, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to change the grade of the aforesaid streets as follows:

**Washington Avenue.**

Beginning at the intersection of Washington avenue and Gravesend avenue, the elevation to be 47 feet, as heretofore;

Thence northeasterly to the intersection of Third street, the elevation to be 45.30 feet;

Thence northeasterly to the intersection of Ocean parkway, the elevation to be 42.80 feet, as heretofore.

**Third Street.**

Beginning at the intersection of Third street and Foster avenue, the elevation to be 41.80 feet, as heretofore;

Thence northwesterly to the intersection of Washington avenue, the elevation to be 45.30 feet;

Thence northwesterly to the intersection of Lawrence avenue, the elevation to be 43.05 feet, as heretofore.

Note—All elevations refer to mean high-water datum, as determined by the Bureau of Highways, Borough of Brooklyn.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**CHANGE OF GRADES OF BATH AVENUE AND BAY SIXTEENTH STREET, BROOKLYN.**

In the matter of the proposed change of grade of Bath avenue, between Seventeenth avenue and Bay Seventeenth street, and of Bay Sixteenth street, between Cropsey and Benson avenues, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

The following communication was placed on file:

No. 1832 BATH AVENUE, BROOKLYN, N. Y.,  
June 27, 1906.

Secretary of Board of Estimate, No. 280 Broadway, Manhattan, N. Y.:

DEAR SIR—I write you at the request of the Taxpayers' and Rentpayers' Association of the Thirtieth and Thirty-first Wards, with regard to the meeting of your Board, on Friday morning, with reference to the change of grade of Bay Sixteenth street, extending from Benson avenue to Cropsey avenue.

The Association, together with the property owners on the line of the proposed change of grade are not opposed to the grade changes as specified, but are absolutely opposed to the change of grade if the cost thereof and remacadamizing, etc., of said street, is to be borne by the abutting property owners, for the reason that Bay Sixteenth street has been recently graded, curbed, guttered and paved with macadam. The assessments for such improvements have already been or are about to be levied, and it would be an injustice to the owners to ask them to pay twice for one improvement. This proposed change was not made or petitioned for by the property owners, but, as I believe it, is asked for by the Engineering Department of Sewers.

I might add that when this matter was brought before the Local Board it was unanimously rejected because of the fact that there was no provision made that the assessment would be borne by the City.

I therefore trust that you will not favorably pass upon this improvement if the assessment for such change of grade and improvement of the street is to be levied upon the abutting property owners. Otherwise we have no objection to the change of grade.

WM. G. MORRISEY,

Chairman, Streets and Highways Commission.

A representative of the Taxpayers' Association of the Thirtieth and Thirty-first Wards appeared in opposition to having any further assessments levied. Nobody appeared in favor, and the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 15th day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of Bath avenue, between Seventeenth avenue and Bay Seventeenth street, and of Bay Sixteenth street, between Cropsey and Benson avenues, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 29th day of June, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of Bath avenue, between Seventeenth avenue and Bay Seventeenth street, and of Bay Sixteenth street, between Cropsey and Benson avenues, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to change the grade of the aforesaid streets as follows:

**Bath Avenue.**

Beginning at the intersection of Bath avenue and Seventeenth avenue, the elevation to be 27.05 feet as heretofore;

Thence southeasterly to the intersection of Bay Sixteenth street, the elevation to be 26 feet;

Thence southeasterly to the intersection of Bay Seventeenth street, the elevation to be 26.05 feet as heretofore.

**Bay Sixteenth Street.**

Beginning at the intersection of Bay Sixteenth street and Cropsey avenue, the elevation to be 21.50 feet as heretofore;

Thence northeasterly to the intersection of Bath avenue, the elevation to be 26 feet;

Thence northeasterly to the intersection of Rutherford place, the elevation to be 27.48 feet;

Thence northeasterly to the intersection of Benson avenue, the elevation to be 28.05 feet as heretofore.

Note—All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**CLOSING OLD LANE, BROOKLYN.**

In the matter of the proposed closing of an old lane, running from Avenue M. between East Ninety-third and East Ninety-fourth streets, to Rockaway avenue, between Rockaway parkway and Seaview avenue, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to, or in favor of, the proposed closing, the hearing was closed.

The following resolution was then adopted, and the Secretary was directed not to forward same to the Mayor for approval until the railroad company has agreed to the location of a railroad crossing:

Whereas, At a meeting of this Board held on the 15th day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to discontinue and close an old lane running from Avenue M, between East Ninety-third street and East Ninety-fourth street, to Rockaway avenue, between Rockaway parkway and Sea View avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of June, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by discontinuing and closing an old lane running from Avenue M, between East Ninety-third street and East Ninety-fourth street, to Rockaway avenue, between Rockaway parkway and Sea View avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to discontinue and close the aforesaid lane as follows:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

**CHANGE OF GRADES OF NEWKIRK AVENUE, EAST SEVENTEENTH AND EAST EIGHTEENTH STREETS, BROOKLYN.**

In the matter of the proposed change of grades of Newkirk avenue, between East Sixteenth and East Nineteenth streets; East Seventeenth and East Eighteenth streets, between Foster and Ditmas avenues, Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in favor of, or in opposition to, the proposed changes, the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 15th day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grades of Newkirk avenue, East Seventeenth street and East Eighteenth street, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 29th day of June, 1906, at 10.30 a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grades of Newkirk avenue, East Seventeenth street and East Eighteenth street, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to change the grade of the aforesaid streets as follows:

*Newkirk Avenue.*

Beginning at the intersection of Newkirk avenue and East Sixteenth street, the elevation to be 26.10 feet, as heretofore;

Thence easterly to the intersection of East Seventeenth street, the elevation to be 22.62 feet;

The intention being to increase the width of Pierce avenue, from Vernon avenue to bulkhead line of the East river, from sixty (60) to eighty (80) feet.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CHANGE OF LINES OF OVERLOOK TERRACE, ETC., MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

##### *In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be altered and changed as follows:

1. Laying out a new street extending from Fort Washington avenue easterly to New street (Overlook terrace);
2. Closing and discontinuing that portion of New street (Overlook terrace) north of the proposed street;
3. Laying out a widening of New street (Overlook terrace) at its northerly end, so that it will have a uniform width of 60 feet throughout, —as shown on diagram hereto annexed.

And it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 15th day of May, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 17th day of May, 1906.

JOHN F. AHEARN,  
President of the Borough of Manhattan.

REPORT No. 4143.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution, adopted by the Local Board of the Washington Heights District, Borough of Manhattan, on May 15, 1906, provides for changing the map of the City, as follows:

1. By laying out a new street extending from Fort Washington avenue, opposite the northerly end of Northern avenue to Overlook terrace.

2. Closing and discontinuing that part of Overlook terrace lying northerly of the proposed new street.

3. Widening Overlook terrace to give it a width of 60 feet.

Overlook terrace, as now laid out upon a map of a portion of the Twelfth Ward of the Borough of Manhattan, adopted on December 11, 1903, has a width of 60 feet up to within about 310 feet of the proposed new street, at which point it is gradually narrowed to a width of 50 feet, which it retains for the remainder of its length. Its northerly end is now in Fort Washington avenue, some 350 feet above Northern avenue. It is proposed to close this connection with Fort Washington avenue and substitute a new connection by way of the proposed new street, bringing it into Fort Washington avenue directly opposite Northern avenue, and at the same time giving it a uniform width of 60 feet.

The plan seems unobjectionable so far as the general public is concerned, and advantageous to the adjacent property, and I see no reason why it should not be approved, such action being recommended after the necessary public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out a new street, extending from Fort Washington avenue, opposite the northerly end of Northern avenue to Overlook terrace;

Closing and discontinuing that part of Overlook terrace lying northerly of the proposed new street;

Widening Overlook terrace, to give it a width of 60 feet, in the Borough of Manhattan, City of New York, more particularly described as follows:

1. Closing and discontinuing the northerly end of Overlook terrace, from Fort Washington avenue to points 333.43 feet and 379.97 feet southerly therefrom, as measured along the said terrace, viz.:

Beginning at a point in the easterly line of Fort Washington avenue, distant 1,463.82 feet southerly, as measured, along said easterly line from the first cross street in said Fort Washington avenue; thence southerly and easterly, distance 126.91 feet; thence southerly and curving to the right, radius 100 feet, distance 94.64 feet; thence southerly and tangent to last curve, distance 158.42 feet; thence westerly and across Overlook terrace to the westerly line, distance 50.21 feet; thence northerly and parallel to last course but one, distance 153.85 feet; thence curving to the left, radius 50 feet, distance 47.32 feet; thence northerly and westerly and tangent to last curve, distance 132.26 feet, to the easterly line of Fort Washington avenue; thence northerly along said easterly line, distance 50.33 feet, to the point or place of beginning.

2. The laying out of a new street, to be 60 feet in width, from Fort Washington avenue for a distance of 279.78 feet on its northerly line and 269.54 feet on its southerly line, to meet the widening of said terrace to a uniform width of 60 feet for a distance of 311.98 feet southerly from said new street, viz.:

Beginning at a point in the easterly line of Fort Washington avenue, distant 1,812.16 feet southerly, as measured, along its easterly line from the first cross street in said Fort Washington avenue;

Thence easterly, distance 279.78 feet, to meet the westerly line of Overlook terrace; Thence southerly along the westerly line of the present terrace, distance 205.40 feet;

Thence southerly and curving to the right, radius 658.93 feet, distance 166.76 feet; Thence northerly and in a curved line to the left, radius 345 feet, distance 87.31 feet;

Thence northerly and tangent to the last curve, distance 224.67 feet; Thence westerly and parallel to first course and 60 feet distant therefrom, distance 269.54 feet, to the easterly line of Fort Washington avenue;

Thence northerly along said easterly line, distance 60.36 feet, to the point or place of beginning.

Said street to be found in Section 8, Block 2180, of the land map of the Borough of Manhattan, City of New York.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 21st day of September, 1906, at 10.30 o'clock, a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CHANGE OF GRADE OF ATKINS AVENUE, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### In the Local Board of the Bushwick District.

Whereas, a petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by changing the grade on Atkins avenue, between Blake and Sutter avenues, in the Borough of

Brooklyn, as shown on the accompanying map and more particularly described as follows:

Beginning at the intersection of Atkins avenue and Blake avenue, the elevation to be 18.75 feet, as heretofore;

Thence northerly on a uniformly descending grade to the intersection of Sutter avenue, the elevation of which shall be 17.30 feet, as heretofore.

Note—This change involves the elimination of the summit between Blake and Sutter avenues. All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

And it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 7th day of December, 1905.

Acting President of the Borough of Brooklyn.

REPORT No. 4120.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on December 7, 1905, recommending a change in the map or plan of The City of New York by changing the grade of Atkins avenue, between Blake and Sutter avenues.

The change proposed requires the removal of a summit which has been provided at a point about 100 feet north of Blake avenue, thus leaving the street with a uniform grade throughout the block. The grade proposed is a very flat one, but with a smooth pavement it will probably be sufficient. The street is in use at the present time, but has not been graded. Most of the houses which have been erected now meet the present surface, and all will be slightly benefited by the proposed change.

Approval of the resolution is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of Atkins avenue, between Blake and Sutter avenues, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of Atkins avenue and Blake avenue, the elevation to be 18.75 feet, as heretofore;

Thence northerly on a uniformly descending grade to the intersection of Sutter avenue, the elevation of which shall be 17.30 feet, as heretofore.

All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Note—This change involves the elimination of the summit between Blake and Sutter avenues.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 21st day of September, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD and corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT FULLER AND HOWARD PLACES, BROOKLYN.

The following resolutions of the Local Board of Prospect Heights, Borough of Brooklyn, and report of the Chief Engineer were presented:

Resolved, by the Local Board of the Prospect Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Prospect Heights District, Borough of Brooklyn, this 29th day of January, 1906, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out Howard place, between Windsor place and Prospect avenue, as shown on the accompanying map, and more particularly described as follows:

The eastern line of Howard place, from Windsor place to Prospect avenue, to be 450 feet westerly from and parallel with the western line of Tenth avenue.

The western line of Howard place to be 60 feet westerly from and parallel with the above described eastern line; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Prospect Heights District on the 29th day of January, 1906.

Commissioner Dunne and Alderman Gunther voting in favor thereof.

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out Fuller place, from Windsor place to Prospect avenue, as shown on the accompanying map, and more particularly described as follows:

The eastern line of Fuller place to begin at a point in the southern line of Windsor place 200 feet westerly of the intersection of the southern line of Windsor place with the western line of Tenth avenue, as the same are laid down on the map of the City;

1. Thence to extend southerly and parallel with Tenth avenue and 200 feet westerly therefrom for a distance of 414.62 feet to the northern line of Prospect avenue;

The western line of Fuller place to be 60 feet westerly of and parallel to the above described eastern line of Fuller place, extending from the southern line of Windsor place to the northern line of Prospect avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Prospect Heights District on the 1st day of May, 1905.

Resolution forwarded to the Board of Estimate and Apportionment without the signature of the President of the Borough, as a recommendation of the Local Board.

REPORT No. 4118.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith are transmitted resolutions adopted by the Local Board of the Prospect Heights District, Borough of Brooklyn, on May 1, 1905, and January 29, 1906. The former resolution provides for laying out Fuller place, between Windsor place and Prospect avenue, and the latter for laying out Howard place, between the same limits.

The block bounded by Windsor place, Tenth avenue, Prospect avenue and Prospect Park West has a length of about 700 feet and a depth ranging from about 360 to about 435 feet. The intent of these two resolutions is to so change the map as to secure three blocks each having a depth of from 190 to 200 feet and a length ranging from about 360 to about 435 feet. The proposed streets are not in use at the present time, and with the exception of a cheap frame building within the lines of Howard place, there is no encroachment upon their lines.

The changes proposed appear to be proper ones, and their approval is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out Fuller place and Howard place, between Windsor place and Prospect avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

#### Fuller Place.

The eastern line of Fuller place to begin at a point in the southern line of Windsor place 200 feet westerly of the intersection of the southern line of Windsor place with the western line of Tenth avenue, as the same are laid down on the map of the City:

1. Thence to extend southerly and parallel with Tenth avenue, and 200 feet westerly therefrom, for a distance of 414.62 feet to the northern line of Prospect avenue;

2. The western line of Fuller place to be 60 feet westerly of and parallel to the above-described eastern line of Fuller place, extending from the southern line of Windsor place to the northern line of Prospect avenue.

#### Howard Place.

The eastern line of Howard place, from Windsor place to Prospect avenue, to be 450 feet westerly from and parallel with the western line of Tenth avenue;

The western line of Howard place to be 60 feet westerly from and parallel with the above-described eastern line.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 21st day of September, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CLOSING EAST TWO HUNDRED AND THIRTY-THIRD STREET AND LAYING OUT NEW STREET, THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
January 17, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the consideration and approval of the Board of Estimate and Apportionment, and for a public hearing thereon, "Map or plan showing the discontinuing and closing of East Two Hundred and Thirty-third street, easterly of Baychester avenue, also the two public places, and showing the amended lines and grades of East Two Hundred and Thirty-third street, from Baychester avenue to the Hutchinson river, at Boston road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, dated New York, January 16, 1906," together with the report of the Principal Assistant Topographical Engineer, F. Greiffenberg, and approved January 17, 1906, by Josiah A. Briggs, Chief Engineer of the Borough of The Bronx.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

REPORT No. 4126.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx, bearing date of January 17, 1906, requesting the adoption of a map laying out and fixing grades for East Two Hundred and Thirty-third street, between Baychester avenue and the Hutchinson river, at Boston road, in the Chester District.

A similar map was presented to the Board in 1904, but the attention of the Borough President was called to the fact that the lines proposed for this street failed to agree with those shown on the tentative map adopted on May 29, 1903, through the three blocks between Pratt avenue and Fifth avenue, the tentative map indicating that Nelson avenue, which comes within the lines of East Two Hundred and Thirty-third street, was to be widened wholly on the south side, while the map then submitted provided for widening the old road on both sides. Objection was originally made to this change in the tentative map, but the matter is again submitted by the Borough President, and I am advised that all objection has been withdrawn.

The map seems to be a proper one and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing East Two Hundred and Thirty-third street and two public places, easterly of Baychester avenue, and laying out and fixing grades for East Two Hundred and Thirty-third street, from Baychester avenue to the Hutchinson river at Boston road, in the Borough of The Bronx, City of New York, more particularly described as follows:

#### Discontinuing.

East Two Hundred and Thirty-third street, from Baychester avenue to the Hutchinson river, and the two public places connected with same, as shown on the map of laying out East Two Hundred and Thirty-third street, from the Bronx river to Hutchinson river, filed in the Register's office March 8, 1901, to be discontinued.

#### Laying Out.

1. The width of East Two Hundred and Thirty-third street to be 100 feet.
2. Beginning at the present easterly terminus of East Two Hundred and Thirty-third street at Baychester avenue;
3. Thence easterly in a reversed curve to Nelson avenue;
4. Thence easterly, widening Nelson avenue on the southerly side to Pratt street;
5. Thence easterly, widening Nelson avenue on both sides to Fifth avenue;
6. Thence southeasterly to the intersection of road to White Plains road and Fishers Landing road;
7. Thence southeasterly to the intersection of Fishers Landing road and Boston road.

#### Grades.

1. The grades at Baychester avenue to be 88.5 feet and 90 feet above mean high-water datum, as heretofore.
2. The grade at the obtuse angle southerly from previous grade to be 88.2 feet above mean high-water datum.
3. The grade at Monagan avenue to be 92 feet above mean high-water datum.
4. The grade at the point of tangency in south side line to be 92.7 feet above mean high-water datum.
5. The grade at "street" to be 94 feet above mean high-water datum.
6. The grade at "street" to be 96 feet above mean high-water datum.
7. The grade at "street" to be 105 feet above mean high-water datum.
8. The grade at Monticello avenue to be 110 feet above mean high-water datum.
9. The grade at 115 feet easterly from previous grade to be 111 feet above mean high-water datum.
10. The grade at Seton avenue to be 110 feet above mean high-water datum.
11. The grade at Ammundson avenue to be 105 feet above mean high-water datum.
12. The grade at Pratt avenue to be 90 feet above mean high-water datum.
13. The grade at Bland avenue to be 72 feet above mean high-water datum.
14. The grade at Johnson avenue to be 61 feet above mean high-water datum.
15. The grade at Fifth avenue to be 52 feet above mean high-water datum.
16. The grade at "street" to be 42 feet above mean high-water datum.
17. The grade at "street" to be 31 feet above mean high-water datum.
18. The grade at "street" to be 22 feet above mean high-water datum.
19. The grade at road to White Plains to be 20 feet above mean high-water datum.
20. The grade at angle in south side line west of Boston road to be 15 feet above mean high-water datum.
21. The grade at angle in north side line of Boston road to be 14.5 feet above mean high-water datum.
22. The grade at Boston road to be 14.5 feet above mean high-water datum.
23. The grade of bridge to be 14 feet above mean high-water datum.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 21st day of September, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### EXTENDING ELIZABETH (ROSEWOOD) STREET, THE BRONX.

The following resolution of the Local Boards of Morrisania and Chester, Borough of The Bronx, and report of the Chief Engineer were presented, and the matter was referred to the President of the Borough of The Bronx and the Park Commissioner for that borough:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.  
And Local Board of Chester, Twenty-fifth District, Joint Session.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of these Local Boards not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Boards, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of these Local Boards at which the said petition

would be submitted by him to the said Boards, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Boards which did duly consider the same, and give a full hearing thereon; now therefore it is Resolved, by the Local Boards of Morrisania, Twenty-fourth District, and Chester, Twenty-fifth District, Borough of The Bronx, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That these Boards do hereby recommend that proceedings be initiated by the Board of Estimate and Apportionment for laying out on the map of The City of New York an extension of Elizabeth street (Rosewood street), westerly to a point about 100 feet east of the New York and Harlem Railroad property, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Boards of Morrisania and Chester, Twenty-fourth and Twenty-fifth Districts, on the 18th day of January, 1906.

Alderman Harnischfeger, Alderman O'Neill, Alderman Mulligan, Alderman Kuntze, Alderman Dinwoodie, Alderman Morris, Alderman Murphy, and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

REPORT No. 4125.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted by the Local Boards of the Morrisania and Chester Districts, Borough of The Bronx, on January 18, 1906, recommending a change in the plan of The City of New York by laying out an extension of Elizabeth street (Rosewood street) westerly to a point about 100 feet east of the New York and Harlem Railroad property.

From the papers submitted with this resolution it appears that the petitioner is the owner of most of the land within the area bounded by the property of the New York and Harlem Railroad, the Bronx river and the northerly line of Bronx Park, but that aside from Morris street it is without street frontage. Under the grades now adopted Morris street will cross the property in question at an elevation of about 30 feet above the present surface of the ground, but plans have not yet been prepared to determine whether the crossing will be by a viaduct or whether the land will be filled. The map submitted shows an extension of the lines of Rosewood street to meet a street system evidently laid out by the petitioner, and the same fails to harmonize with the map of this locality, the streets being shown as partly within and partly crossing the lines of the proposed Morris street. It is evident that the proposed change in the map will only give a partial relief, if any, and I believe that before action is taken a definite plan should be submitted to show a further treatment in the tract to be divided.

It is therefore recommended that the resolution be referred back to the President of the Borough for further consideration.

The map also shows that the northerly line of Bronx Park, west of the Bronx river, does not coincide with the southerly line of Morris street, a triangular strip shutting off the park from frontage on the street. There can be no question but that this small area should be included within the park lands, and I would recommend that the attention of the Borough President be called to the desirability of a change in the map in this particular, and that the Park Commissioner be advised of the desirability of the immediate acquisition of this tract.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### LAYING OUT LUDLOW AVENUE (EASTERN BOULEVARD), THE BRONX.

The following communication from the President of the Borough of The Bronx, and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
December 22, 1905.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—At the meeting of the Local Board of Chester, Twenty-fifth District, held on the 21st day of December, 1905, it was respectfully recommended that the "Map and plan showing the laying out of Ludlow avenue (Eastern Boulevard), from the centre of the Bronx river to Tremont avenue, near Avenue A, Twenty-fourth Ward, Borough of The Bronx, City of New York," be transmitted to the Board of Estimate and Apportionment for its approval.

Copy of Chief Engineer's report also transmitted herewith.

Respectfully,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 4124.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx advising that the Local Board of the Chester District at a meeting held on December 21, 1905, recommended the adoption of a map laying out Ludlow avenue (Eastern Boulevard), from the centre line of the Bronx river to Tremont avenue, near Avenue A.

Ludlow avenue was placed upon the tentative map adopted on May 29, 1903, at a width of 100 feet. The lines of the street as shown upon the map now presented appear to coincide with those on the tentative map, except that the street is to have a width of 105 feet between Pugsley avenue and Noble avenue, a distance of about 3,500 feet. I am advised that it was the original intention to give the street a width of 100 feet and to make the northerly side of Ludlow avenue conform with the northerly side of a street formerly laid out, but in the preparation of the final maps it was found that there was an offset of five feet in the lines of the old street at Pugsley avenue. It is now proposed to wholly include the old street within the lines of Ludlow avenue, for which reason the increased width is provided.

Approval of the map is recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out Ludlow avenue (Eastern Boulevard), from the centre line of the Bronx river to Tremont avenue, near Avenue A, Twenty-fourth Ward, in the Borough of The Bronx, City of New York, as shown upon a map or plan submitted by the President of the Borough of The Bronx, dated December 21, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 21st day of September, 1906, at 10.30 o'clock, a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 21st day of September, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### WIDENING WHITE PLAINS ROAD, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented; and the matter was referred back to the President of the Borough of The Bronx:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, a petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, the said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For altering the map or plan of The City of New York by widening White Plains road on the easterly side thereof, between Magenta street and Bartholdi street, in accordance with accompanying sketch, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 12th day of April, 1906.

Alderman Dinwoodie, Alderman Mulligan, and the President of the Borough of The Bronx voting in favor thereof.

REPORT No. 4129.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on April 12, 1906, recommending a change in the map or plan of The City of New York by widening White Plains road on its easterly side, between Magenta and Bartholdi streets.

White Plains road, between the limits covered by this resolution, the same being one block, has been graded, curbed and flagged, but there are no buildings upon the abutting property. There are no papers submitted with this resolution to show the occasion for the proposed widening, and it is assumed that it is asked for in order to include an old road which falls just outside the lines of White Plains road. The Charter provides means for placing the title to the strip which has been abandoned, if such is the case, in the owners of the abutting property by means of closing proceedings, and I see no reason why such method should not be followed in this case.

I would recommend that the resolution be disapproved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### PARK TO INCLUDE KISSENA LAKE, QUEENS.

The Comptroller, as Chairman of the Committee to which this matter was referred, stated that the Committee wished to withdraw its report from the consideration of the Board. No objection being made, the report was withdrawn.

#### EXTENSION TO HIGHLAND PARK, QUEENS.

The following report from the Chief Engineer was presented:

REPORT No. 4142.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 26, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying letter addressed to the Board by Mr. Franklin Leonard, Jr., he asks that the matter of laying out an extension of or addition to Highland Park, at Miller place, Borough of Queens, be taken up by the Board for further consideration.

This plan for an extension to Highland Park was before the Board of Estimate and Apportionment on January 26 last, when a public hearing was given, but no action was taken. It was pointed out in a report submitted to the Board at that time that this would not be an addition to Highland Park, for the reason that there intervenes between the present Highland Park and the tract under discussion the land occupied by what was formerly the reservoir of the Long Island Water Supply Company, now the property of The City of New York. Subsequently, on June 1, 1906, the Board adopted a resolution expressing its belief that this land occupied by the old reservoir was not needed for purposes of water supply, such conclusion having been reached as the result of a statement from the Department of Water Supply, Gas and Electricity, and the Board recommended to the Commissioners of the Sinking Fund the transfer of jurisdiction over this land from the Department of Water Supply to the Department of Parks. I am advised that the Commissioners of the Sinking Fund have acted upon this recommendation and have made the transfer. It is upon this ground that Mr. Leonard asks the Board to again take up the subject and consider it upon its merits.

A public hearing has already been held, and a further hearing may not be necessary. In the report submitted to the Board at the time of this hearing it was pointed out that the land which it is proposed to take contains a number of buildings, and that its assessed value for 1905 was \$65,800, of which \$46,800 was for land and the remainder for buildings. Attention was also called to the fact that the three names given as petitioners for this improvement appeared upon the record of the Tax Department as those of the owners of property which would be taken. The inference was that the agitation for this park probably originated with those having property which the City would take, rather than in any general demand for additional park lands.

An extension to Highland Park upon its southerly side has already been authorized, and the acquisition of the property is now under consideration.

In the opinion of your Engineer the proposed extension is not required to add to the symmetry or the usefulness of the present park.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Comptroller moved that the report of the Chief Engineer be adopted, which motion was agreed to by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING SENATOR STREET, QUEENS.

The following communication and report of the Chief Engineer were presented, and the matter was referred to the Corporation Counsel:

No. 11 PINE STREET, NEW YORK, }  
June 6, 1906. }

Board of Estimate and Apportionment, City Hall, Borough of Manhattan, City of New York:

GENTLEMEN—There is now pending on behalf of The City of New York a proceeding for the acquiring of title to Senator street, between First and Fifth avenues, in the Borough of Brooklyn. I am informed by the Corporation Counsel that Commissioners were appointed on or about May 14, 1906, but that they have as yet held no meetings, and that the maps for benefit and damage are now being prepared.

A client of mine, State Realty and Mortgage Company, owns all the land adjoining on either side of the proposed street between Third and Fourth avenues, and also owns the fee to all but a small portion of land lying in the proposed street between the last mentioned avenues. The title was examined for the present owner by the Lawyers' Title Insurance and Trust Company, in June, 1905. The portion not owned by the State Realty and Mortgage Company consists of the northerly half of what is known as Cowenhoven's lane, extending westerly from Fourth avenue to a point drawn in continuation of the westerly line of land conveyed by Louise Carhart to Eliza Wild by deed dated February 28, 1865, and recorded in Liber 669, Conveyances, page 45. (See plot marked A on the enclosed diagram.)

My client is willing to come to an agreement with the City under section 994 of the Amended Charter, whereby the company will convey to the City for a nominal consideration all the land thus owned by it in the said proposed Senator street, provided that in return the company receive upon its adjoining land only a nominal assessment in this proceeding.

I have already consulted Mr. Dunn and Mr. Quigley of the Corporation Counsel's office, and it is on their advice that this matter is submitted to you. We make the offer thus early in order that it may be passed upon before expenses have been incurred, and we shall be obliged if the matter can receive the early attention of the Board.

Respectfully yours,

ALBERT J. SHAW.

REPORT No. 4144.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 26, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying communication from Mr. Albert J. Shaw, dated June 6, 1906, calls the attention of the Board to the proceeding for the opening of Senator street, between First and Fifth avenues, Borough of Brooklyn, and states that his client, the State Realty and Mortgage Company, owns all the land adjoining on both sides of the proposed street between Third and Fourth avenues, except a small piece adjacent to Fourth avenue, being the northerly half of what was formerly known as Cowenhoven's lane, and he states that his client is willing to come to an agreement with the City, as provided in section 994 of the Charter, whereby his client will convey to the City all the lands owned by them, providing the company receive upon its adjoining land only a nominal assessment in this proceeding. He further states that he has consulted with the Street Opening Bureau of the Corporation Counsel's office, and on their advice the matter is submitted to the Board, and that the offer is made early in the proceeding before expenses have been incurred.

I am reluctant to recommend a course of action in this matter without having had an opportunity to obtain the views of the Bureau of Street Openings of the Corporation Counsel's office as to the advisability of making such an agreement and as to the equity of such an agreement in its bearing upon the other property owners along the line of the street, and I would therefore recommend that the matter be referred to the Corporation Counsel for information as to the advisability of such an agreement. The portion of section 994 of the Charter authorizing an agreement of this kind does not appear to have been amended by the last Legislature, although there is an addition to the section making provision for the preparation, if authorized by the Board of Estimate and Apportionment, of a schedule of values for all properties taken.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### VESTING TITLE TO CORLEARS HOOK PARK EXTENSION, MANHATTAN.

The following resolution of the Local Board of Corlears Hook, Borough of Manhattan, and report of the Chief Engineer were presented:

Resolved, That the Local Board of Corlears Hook District does hereby recommend to the Board of Estimate and Apportionment that title to the extension of Corlears Hook Park as laid out by the Board of Estimate and Apportionment on May 26, 1905, be vested in The City of New York.

Adopted by the Local Board of the Corlears Hook District on the 29th day of May, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 29th day of May, 1906.

JOHN F. AHEARN,

President of the Borough of Manhattan.

REPORT No. 4139.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 25, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Local Board of the Corlears Hook District, Borough of Manhattan, adopted a resolution on May 26, 1906, recommending to the Board of Estimate and Apportionment that title to the extension of Corlears Hook Park as laid out by a resolution of the Board of Estimate and Apportionment adopted on May 26, 1905, be vested in The City of New York.

The proceedings to acquire title to this addition to Corlears Hook Park were authorized by the Board of Estimate on May 26, 1905, the date of the adoption of the plan. The Commissioners in the proceeding have been appointed and filed their oaths on January 3, 1906. There is no reason, therefore, why title to the land required should not be vested in the City without further delay, and I would recommend that the request of the Local Board be complied with and that the Board provide that title be vested in the City on August 15, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment, on the 26th day of May, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands,

tenements and hereditaments that shall or may be required for the purpose of opening and extending an extension to Corlears Hook Park, as laid out by the Board of Estimate and Apportionment by resolution adopted on May 26, 1905, in the Borough of Manhattan, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said park extension, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 3d day of January, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said extension to Corlears Hook Park, as laid out by the Board of Estimate and Apportionment by resolution adopted on May 26, 1905, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### VESTING TITLE TO LAND FOR WILLIAMSBURG BRIDGE, MANHATTAN.

The following report from the Comptroller was presented:

COMPTROLLER'S OFFICE, June 22, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable James W. Stevenson, Commissioner of the Department of Bridges, in a communication under date of May 15, 1906, addressed to the Board of Estimate and Apportionment, requests that certain property on the southerly side of Delancey street, between Suffolk and Norfolk streets, in the Borough of Manhattan, be vested in The City of New York, pursuant to the authority vested in them by section 1439 of the Greater New York Charter as amended, and stating that the land will be required for the purpose of the subway station of the Williamsburg Bridge.

The matter was presented to the Board of Estimate and Apportionment at its meeting held May 18, 1906, when the same was referred to the Comptroller for investigation and report, and under date of May 18, 1906, this office transmitted the matter to the Corporation Counsel for his opinion as to whether it would be possible to vest title at the present time, as to whether his experts in the condemnation proceedings have completed their estimate as to the value of the property, and in reply thereto, under date of June 21, 1906, the Corporation Counsel states:

"In view of the fact that the final report has been made, I see no objection to vesting the title in the City as requested by the Bridge Commissioner."

I would therefore respectfully recommend that, as the Commissioners of Estimate and Apportionment appointed in the proceeding have filed their oaths of office with the Clerk of the County of New York on October 2, 1905, the Board of Estimate and Apportionment adopt a resolution deeming it for the public interest that the title to the lands and premises on the southerly side of Delancey street, between Suffolk and Norfolk streets, in the Borough of Manhattan, shall be acquired by The City of New York at a fixed or specified time, direct that title to the said premises and all interests therein shall vest in The City of New York on July 7, 1906, in accordance with the resolution herewith.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following was then adopted:

Whereas, The oaths of Patrick J. Conway, Max Seligman and Edwin T. Greaves, Commissioners, appointed to acquire premises situated at the southerly side of Delancey street, between Suffolk and Norfolk streets, in the Borough of Manhattan, for bridge purposes, were filed in the office of the Clerk of the County of New York on the 2d day of October, 1905; and

Whereas, The Commissioner of Bridges of The City of New York has requested that title to said property be vested in The City of New York at as early a date as possible;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that title to the lands and premises, and all interests therein, shall be acquired by The City of New York at a fixed or specified time, directs that title to said premises, and all interests therein, shall vest in The City of New York on the 7th day of July, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### VESTING TITLE TO STEUBEN AVENUE AND EAST TWO HUNDRED AND EIGHTH STREET, THE BRONX.

The following communication and report of the Chief Engineer were presented:  
NEW YORK, June 29, 1906.

Hon. PATRICK F. McGOWAN, Acting Mayor and President of Board of Estimate and Apportionment:

DEAR SIR—The Meyer Gatling Investing Company hereby respectfully requests a hearing before your Honorable Board prior to the adoption of the resolution No. 32 on the Public Improvement calendar of this day, June 29, 1906.

Briefly stated, the Meyer Gatling Investing Company opposes this proposed resolution for the reason that the title insurance policies have been prepared upon the good faith of the resolution of this Board, passed April 20, 1906. If said resolution be rescinded it will enable the purchasers to avoid the contracts of sale upon technical grounds, and if any damages result the Meyer Gatling Investing Company will look to the City therefor.

At the same time, the Board intends to take this action upon the assumption that if title vests in the City on July 5, some disadvantage will result to the purchasers. The Engineer of your Board has been informed that it is the purpose of the Meyer Gatling Investing Company to assign all its rights to awards, etc., to their purchasers, and to take no such advantage of them as is intimated. The terms of sale, maps, etc., have been handed to the Engineer, and there is no justification for the assumption upon which the proposed resolution is based.

As the total cost and expense of these proceedings is assessed upon abutting property, the saving of expense is no concern of the City. Moreover, the contracts have been let under the resolution of this Board of April 20 for grading Two Hundred and Eighth street and grading Steuben avenue, and the contractors as well as the Meyer Gatling Investing Company will have claims for damages against the City if the City refuses to place them in possession of the street as per contract.

Yours respectfully,

JOSEPH A. FLANNERY.

REPORT No. 4130.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 21, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on April 20, 1906, two resolutions were adopted, one providing for the regulating and grading of Steuben avenue, between Moshulu Parkway and Gun Hill road, the other providing for regulating and grading East Two Hundred and Eighth street, from Reservoir Oval to Jerome avenue. In both cases it was shown in my report that proceedings to acquire title to these streets were in progress, and that the oaths of the Commissioners

had been filed, and accordingly the Board provided by resolution that title in both streets should vest in the City on July 3, 1906.

There is also pending before the Board a resolution providing for the regulating and grading of Kossuth place, between Mosholu Parkway and DeKalb avenue, and a number of urgent requests have been received for the immediate authorization of this improvement, but more especially for the adoption of a resolution vesting in the City title to Kossuth place on July 3 next, the same date fixed for the vesting of title in the two streets above named.

My attention has been drawn to the fact that the property fronting on these streets has recently been sold at public auction, and that title to the parcels sold is to be given by the owners on July 5 next. The terms of sale state that the vendor is the owner in fee of the streets, and that he will convey, in the deed to each purchaser of a lot, all his right, title and interest in the portion of the street in front of such lot to the centre line of the street. Such title will be given on July 5, while two days before that date, namely, on July 3, the City itself will have taken title, so that the vendor will have nothing to convey on July 5, but awards which may be made under the street opening proceeding would be payable to the vendor as owner on the date of vesting title, while the purchaser would be obliged to pay the assessment.

One of the Commissioners appointed for the opening of East Two Hundred and Eighth street has spoken to me of the injustice which will result to purchasers by the vesting of the title on the date named, and has expressed the belief that the selling of these lots will constitute a dedication to the public, and that unless title is prematurely vested the owners will be entitled only to nominal awards.

Under these circumstances I beg to recommend the rescission by the Board of its two resolutions of April 20 last, providing for the vesting of title to Steuben avenue, between Mosholu Parkway and Gun Hill road, and to East Two Hundred and Eighth street, between Reservoir Oval and Jerome avenue, in The City of New York, on July 3 next.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Mr. Joseph A. Flannery appeared in opposition to the proposed rescinding.

The following resolutions were adopted:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That the resolution adopted by said Board on the 20th day of April, 1906, directing that title to Steuben avenue, between Mosholu parkway and Gun Hill road, Borough of The Bronx, shall vest in The City of New York on the 3d day of July, 1906, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Resolved, by the Board of Estimate and Apportionment of the City of New York, That the resolution adopted by said Board on the 20th day of April, 1906, directing that title to East Two Hundred and Eighth street, between Reservoir oval and Jerome avenue, in the Borough of The Bronx, shall vest in The City of New York on the 3d day of July, 1906, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### REDUCTION OF ASSESSMENT ON TENTH AVENUE, BROOKLYN.

The following communication and report of the Chief Engineer were presented:

SUPREME COURT OF THE STATE OF NEW YORK,  
COUNTY OF KINGS.

In the Matter  
of

The application of The City of New York, relative to acquiring the title to Tenth avenue, from Thirty-eighth street to Fifty-third street, and from Fort Hamilton avenue to Seventh avenue, in the Thirtieth Ward, in the Borough of Brooklyn.

To the Board of Estimate and Apportionment of The City of New York:

The petition of Sara A. McCarty respectfully shows:

1. That the Commissioners in the above entitled proceeding have filed their amended preliminary report therein on the 31st day of March, 1906.

2. That the total amount of awards for property taken in said proceeding is about the sum of \$110,000; that the title to said property vested in the City in the month of September, 1900; that the interest upon said awards and the expenses of the proceeding amount to nearly or quite 50 per cent. of the amount of the award, and will exceed 50 per cent.

3. That the unusual prolongation of this proceeding has been due to defects in organization and administration of Departments of the City Government having charge of the conduct of the proceeding, in these particulars, as follows:

First—The great length of time consumed in preparation of maps necessary to the Commission; in all, some two years.

Second—Infrequency of sessions of the Commission in the earlier part of the proceedings, due to inadequate organization of the Bureau of Street Openings.

Third—Error in the City Law Department in not giving notice to railroad companies whose properties were affected, in consequence of which legislation was required modifying the extent of property taken and so validating the proceeding—in which another two years was consumed.

4. That in their amended report the Commissioners have extended the district of benefit assessment to a distance of three blocks of seven hundred (700) feet each in length on either side of the improvement.

5. That your petitioner is the owner of a tract of land containing between five and six hundred lots, exclusive of streets, lying within the extended district of benefit assessment and mainly included between Bay Ridge avenue on the north, Seventy-fourth street on the south, Eleventh avenue on the west and Thirteenth avenue on the east; that no part of your petitioner's tract lies west of Eleventh avenue, except only a gore including a frontage on Eleventh avenue less than a lot in depth, in two blocks, and a small corner in a third block.

6. That none of the cross streets penetrating your petitioner's tract is opened between Tenth and Eleventh avenues, except only Bay Ridge avenue; that Eleventh avenue has been legally opened and that Bay Ridge and Thirteenth avenues are constructed streets, upon which a line of electrically-propelled street cars is in operation, and has been for a number of years.

7. That your petitioner's tract is wholly undeveloped, much of it being a good deal above grade and some a good deal below.

8. That your petitioner is informed and believes that the chief reason for extension of the area of benefit assessment by the Commissioners beyond the area usually assessed in such proceedings is found in the large amount of total expense of improvement, of which the principal item, after value of lands taken, is interest on the awards.

Your petitioner therefore prays that The City of New York assume a part of the cost of said improvement, not less than thirty-three and one-third per cent., for the following reasons:

1. The inclusion of the large amount of interest accrued upon the awards from the causes above alleged as an item of expense of the proceeding, and the assessment of the same upon the neighboring property, is an injustice, because it was not contemplated in the legislation under which the Commissioners are acting. Such legislation has been sustained as to its constitutionality upon the ground only of the means provided for prompt payment after vesting of title.

2. The extension of the area of benefit assessment beyond the property immediately and certainly benefited by the improvement, by reason of such unusual cost, works a peculiar injustice to the property owners in the extended area. If the cost of the improvement is thereby brought beyond a sum which can properly be

assessed upon property certainly benefited, then the only just way in which such property can be relieved is through the aid of the City at large.

3. The improvement in question is, first, a benefit to property fronting upon the opened avenue, and, secondarily, a general improvement; the first advantage is, of course, to the property owners whose lands are converted into lots fronting upon a city street, and thereby enhanced in value. The secondary advantage is to the public at large through the provision of a thoroughfare. In a section like the one in question the opening of a thoroughfare does not render available for improvement lands more than a block away from it, in the absence of opened streets radiating from that thoroughfare.

4. The assumption as above prayed by the City would enable the Commissioners to distribute the benefit assessment in a fairer way. There would be less sense of grievance if the scheme of benefit assessment in this proceeding were not unusual, and if the coming opening of streets through tracts like that owned by your petitioner were to be distributed as to cost in a similar manner. But the present scheme is unusual; the past opening of Eleventh avenue was at the expense of the property immediately adjacent, and the coming opening of Twelfth avenue, running through the middle of your petitioner's tract, and of the cross streets intersecting it, will be assessed, according to past and present general usage, upon similarly restricted areas, and there will not be that aid extended to your petitioner which she is now called upon to contribute in this proceeding.

5. There is a peculiar injustice in the assessment of your petitioner in this proceeding in that it is in evidence in the proceeding that Tenth avenue, from a point above her northerly boundary extending to a point several blocks below her southerly boundary, was dedicated many years ago in an almost fully constructed condition to the Town of New Utrecht, and whether or not dedicated and accepted, has been in use ever since as a street, and for which awards in this proceeding are nominal; so that the burden now imposed is for compensation for property taken for parts of the avenue remote from her tract.

May 18, 1906.

EVERETT GREENE,

For the Petitioner, Sara A. McCarty,  
No. 44 Court Street, Brooklyn, N. Y.

REPORT No. 4131.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 21, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held on September 22, 1905, there was presented a petition of Sarah V. Benson, asking the Board to assume a portion of the expense of acquiring title to Tenth avenue, between Thirty-eighth and Fifty-third streets, and between Fort Hamilton and Seventh avenues, in the Borough of Brooklyn.

In reporting to the Board upon this petition, your Engineer stated that, inasmuch as substantial awards had been made for all the property taken and no dedication was apparent, there seemed no reason for advising the assumption by the City of more than the proportion usually taken by the City in the case of an 80-foot street—namely, 8 1/2 per cent. No action was taken by the Board, the matter having been laid over.

At the request of Mr. John C. Shaw, counsel for the original petitioner, the matter was recently taken up by the Board and Mr. Everett Greene, attorney for Sara A. McCarty, appeared before the Board and stated that he believed there were conditions not brought out in the report submitted in September last, which would warrant further relief, and he was requested to submit a brief to the Engineer of the Board for further investigation and report.

My report, which was submitted in September last, was based upon information contained in a communication from the Street Opening Bureau under date of June 21, 1905. I have made request for additional information outlining the points made by Mr. Greene in his brief.

Under date of June 5, 1906, I have received another statement which brings the status of the proceeding down to the present time and corrects some of the statements made in the report of June 21, 1905. As stated in the previous report, the proceeding was authorized by the Board of Public Improvements on July 19, 1899. The oaths of the Commissioners were filed on February 28, 1900, and title was vested in the City on September 4, 1900, by resolution of the Board of Public Improvements. The preliminary report has now been made and filed and objections are being heard. One hundred and eleven separate parcels are taken, instead of 103, as appeared in my previous report.

The items of expense as given in the last report from the Bureau of Street Openings, and as compared with the same items given in the previous report, are as follows:

	As Now Reported.	As Reported in June, 1905.
Awards for lands.....	\$105,035 97	\$104,936 08
Awards for buildings.....	15,480 00	9,180 00
Interest (six years) .....	43,386 00	34,234 82
Costs .....	14,300 00	9,000 00
	\$178,201 97	\$157,350 90

It will be seen that the total expense of this proceeding as now given is nearly \$21,000 greater than one year ago. The cost of building, which has been placed upon the City by the Commissioners, is also \$5,160, instead of \$3,060, as previously reported. The difference in the figures above given is due to the fact that the first ones were based upon the preliminary reports, while the latter figures have been agreed upon after hearing further evidence, although they are still subject to change.

The most important modification in the report of the Street Opening Bureau is that relating to dedication. In the former report it was stated that no nominal awards had been made, but that the awards averaged about \$236 a City lot. I am now advised that between Bay Ridge avenue and Seventy-fifth street, a distance of 1,500 feet and comprising an area of 120,000 square feet, the award was one dollar. For all the remainder of the lots taken substantial awards were made, although they varied materially. This dedicated area would be equivalent to a strip 10.6 feet wide for the entire length of the street within the limits of the proceeding. This is a strip sufficient for an ordinary wagon road, and it would, therefore, be proper to consider this proceeding as a widening from a street 10.6 feet in width to one 80 feet in width. The application of the rule of the Board to such a case would give 14.4 per cent. as the proportion of the expense to be borne by the City.

The Bureau of Street Openings further calls attention to the very large amount of interest. When I made my previous report the interest amounted to 27 per cent. of the entire cost of the proceeding and to 38 per cent. of the awards of land and buildings, and this ratio has not materially changed. During the six years through which this interest has been running the public has had the use of the street, and this circumstance is noted by the Bureau of Street Openings as one which might justify some relief to the abutting owners.

Mr. Greene in his petition calls attention to the district of assessment fixed by the Commission, which extends three blocks on each side of the street to be opened. It is undoubtedly true that this large district has been adopted in order that the very large expense of this proceeding may be distributed over the greater area and be less seriously felt. And he calls attention to the fact that in the case of Eleventh and Twelfth avenues the district of assessment was limited to half a block on each side of the street opening. He also calls attention to the long delay in the preparation of maps, which was the cause of protracting the proceedings, and to an error in the original proceeding owing to the fact that the railroad company whose tracks were crossed were not given proper notice, thus necessitating the amendment of the proceeding.

In view of the facts above stated, and the new light thrown upon the proceeding from the Bureau of Street Openings, I believe that there is good ground for the contention that the City should assume a larger proportion of the expense than was first recommended. It has been shown that a strict application of the rule of the Board in the case of widenings would give 14 4-10 per cent., but in view of the great length

of this proceeding, caused not by the contentions of the property owners for larger awards, but by an oversight in the earlier stages of the proceeding, I would suggest relief to the extent of 25 per cent.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Public Improvements on the 19th day of July, 1899, initiated proceedings to acquire title to Tenth avenue, between Thirty-eighth street and Fifty-third street, in the Borough of Brooklyn, and directed that the entire cost and expense of said proceedings should be assessed upon the property deemed to be benefited thereby; and

Whereas, The Board of Estimate and Apportionment of The City of New York deems it to be fair and equitable that the City should assume twenty-five (25) per cent. of the cost to acquire this street.

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of chapter 299 of the Laws of 1905, hereby directs that twenty-five (25) per cent. of the cost and expense of acquiring title to Tenth avenue, between Thirty-eighth street and Fifty-third street, in the Borough of Brooklyn, shall be borne and paid by The City of New York, and that the remainder of the said cost and expense shall be assessed upon the property deemed to be benefited thereby.

#### BRIDGES OVER RAILROAD TRACKS, THE BRONX.

The following communication and report of the Chief Engineer were presented, and the matter was laid over for one week:

To the Honorable the Board of Estimate and Apportionment of The City of New York: The petition of the New York, New Haven and Hartford Railroad Company respectfully shows as follows:

That, whereas the twelfth clause of the agreement dated December 21, 1904, between the New York, New Haven and Hartford Railroad Company and The City of New York, relative to the six-tracking of the Harlem River and Port Chester Railroad, provides as follows:

"Twelfth—The character, design and construction of all bridges which shall be built in accordance with the terms of this agreement, and with the plans hereunto annexed, shall be approved by the Board of Estimate and Apportionment, and no work upon any of the said bridges shall be commenced until detailed plans of the same shall have been approved by it in writing upon the face of the plan. All such structures shall be constructed of steel, concrete or masonry, or of a combination of those materials."

In accordance with the provisions of the said agreement above set forth, detailed plans,

1. For the proposed abutments for overhead crossing at One Hundred and Fortieth street;
2. For the proposed abutments for overhead crossing at One Hundred and Forty-first street;
3. For the proposed abutments for overhead crossing at One Hundred and Thirty-ninth street;
4. For the proposed abutments for overhead crossing at Barretto street;
5. For the proposed abutments for overhead crossing at One Hundred and Thirty-fifth street;
6. For the proposed abutments for overhead crossing at One Hundred and Thirty-seventh street;
7. For the proposed abutments for overhead crossing at One Hundred and Thirty-fourth street;
8. For the proposed abutments for undercrossing at Faile street;
9. For proposed piers and abutments for proposed overhead crossing at One Hundred and Thirty-eighth street;
10. For the proposed abutments for overhead crossing at One Hundred and Thirty-sixth street,

—are submitted herewith for approval by this Honorable Board.

Wherefore your petitioner prays that this Board may adopt such resolution or resolutions as may be necessary to approve the said plans, and to cause the said approval to be evidenced in writing upon the face of each of said plans.

Dated New York, June 21, 1906.

THE NEW YORK, NEW HAVEN AND HARTFORD  
RAILROAD COMPANY,

By WILLIAM GREENOUGH, Assistant Attorney.

REPORT No. 4140.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The New York, New Haven and Hartford Railroad Company, through Mr. William Greenough, Assistant Attorney, has submitted to the Board of Estimate and Apportionment, under date of June 21, 1906, plans showing the proposed abutments and piers for the bridges to be built across ten streets in the Borough of The Bronx along the line of the Harlem river branch of the New York, New Haven and Hartford Railroad. These plans are submitted in accordance with the provisions of the twelfth clause of the agreement of December 21, 1904, which provides that

"The character, design and construction of all bridges which shall be built in accordance with the terms of this agreement and with the plans hereunto annexed, shall be approved by the Board of Estimate and Apportionment, and no work upon any of the said bridges shall be commenced until detailed plans of the same shall have been approved by it in writing upon the face of the plan."

The plans herewith submitted are all for the abutments or piers; none of them covers the actual bridge structure, although these structures have been discussed at some length by your Engineer and the Engineer of the company, but none of them is yet ready for submission.

Of the ten crossings, eight are undercrossings, that is, the roadway will be carried under the railroad, while two of them will be overcrossings, the street being carried over the railroad tracks.

I see no reason why the plans should not be approved, and would recommend such action, a resolution being herewith submitted for this purpose.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

#### GRADING WEST ONE HUNDRED AND SEVENTY-FOURTH STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights and report of the Chief Engineer were presented:

##### In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb, recurb, flag and reflag West One Hundred and Seventy-fourth street, between Broadway and Amsterdam avenue; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 20th day of February, 1906, all the members present voting in favor thereof.

REPORT No. 4078.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 20, 1906, initiating proceedings for grading, curbing and flagging West One Hundred and Seventy-fourth street, between Broadway and Amsterdam avenue.

Title to the four blocks of West One Hundred and Seventy-fourth street affected by this resolution has been legally acquired. The street is not in use at the present time through the three westerly blocks, and the abutting property is unimproved. Between Audubon and Amsterdam avenues the roadway has been approximately graded, and several buildings have been erected; a portion of the curbing and flagging has been provided in this block.

The improvement seems to be a proper one, and its authorization is recommended, the work to be done comprising the following:

7,090 cubic yards earth and rock excavation.

2,260 linear feet new and old curbing.

9,140 square feet new and old flagging.

The estimated cost of construction is \$18,300, and the assessed valuation of the property to be benefited \$741,900.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 20th day of February, 1906, and approved by the President of the Borough of Manhattan on the 21st day of February, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb, recurb, flag and reflag West One Hundred and Seventy-fourth street, between Broadway and Amsterdam avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$18,300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$741,900, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4080.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on January 23, 1906, initiating

proceedings for grading, curbing and flagging Seaman avenue, between Academy and Isham streets.

Proceedings for acquiring title to Seaman avenue between the limits named in this resolution, the same comprising three blocks, were authorized on December 1, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on May 12 last. A narrow roadway is in use at the present time from Academy street to a point a little north of Hawthorne street, but through the remainder of its length the street is not marked upon the ground. A few buildings have been erected upon the abutting property.

The improvement seems to be a proper one, and its authorization is recommended, the work to be done comprising the following:

- 6,060 cubic yards earth and rock excavation.
- 5,050 cubic yards filling.
- 3,000 linear feet curbing.
- 12,000 square feet flagging.

The estimated cost of construction is \$16,100, and the assessed valuation of the property to be benefited is \$140,400.

I would recommend that title to Seaman avenue be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 1st day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Seaman avenue, between Academy and Isham streets, in the Borough of Manhattan, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Seaman avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 12th day of May, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said Seaman avenue, between Academy and Isham streets, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4081.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 27, 1906, initiating proceedings for grading, curbing and flagging Northern avenue, between a point about

774 feet north of West One Hundred and Eighty-first street and Fort Washington avenue.

On November 17, 1905, proceedings for acquiring title to this portion of Northern avenue, the same having a length of about one-half mile, were authorized, and the oaths of the Commissioners were filed on May 25 last. The street is not in use at the present time, and its lines are not marked in any way upon the ground. The improvement of the southerly section of the street, connecting with West One Hundred and Eighty-first street has already been authorized.

I see no reason why this resolution should not be approved, and would recommend such action, the work to be done comprising the following:

- 18,960 cubic yards earth and rock excavation.
- 11,600 cubic yards filling.
- 5,000 linear feet curbing.
- 20,016 square feet flagging.

The estimated cost of construction is \$56,700, and the assessed valuation of the property to be benefited is \$442,000.

I would recommend that title to Northern avenue, between a line about 760 feet north of West One Hundred and Eighty-first street and Fort Washington avenue, be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 27, 1906, initiating pro-

ceedings for grading, curbing and flagging the first new street north of Fairview avenue, extending from Broadway to the first new avenue west of Broadway.

Proceedings for acquiring title to this street, the same having a length of one block, were authorized September 22, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on January 3, 1906. The street is not in use at the present time, and the abutting property is unimproved. The improvement is asked for by the owner of a large amount of frontage on the street, and I see no reason why it should not be authorized, such action being recommended, the work to be done comprising the following:

4,030 cubic yards filling.  
400 linear feet curbing.  
1,600 square feet flagging.

The estimated cost of construction is \$5,000, and the assessed valuation of the property to be benefited is \$55,000.

I would recommend that title to this new street be vested in the City on August 15, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 22d day of September, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the first new street north of Fairview avenue, from Broadway to the first new avenue west of Broadway, in the Borough of Manhattan, City of New York; and

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on March 13, 1906, initiating pro-

ceedings for the construction of a sewer in Seaman avenue, between Academy and Emerson streets.

This resolution affects a length of two blocks of Seaman avenue, proceedings for acquiring title to which between Academy and Isham streets are now in progress. A resolution providing for grading, curbing and flagging this street is now before the Board of Estimate and Apportionment awaiting action. In reporting upon this last mentioned resolution, recommendation has been made that title to the street be vested in the City on August 1, 1906.

A narrow roadway is in use through the southerly block and a few buildings have been erected upon the abutting property. The outlet sewer has been built, and I see no reason why this resolution should not be approved, such action being recommended, with the understanding, however, that before the work of construction is begun a map will be presented providing for the incorporation of the sewer upon the drainage map of the City. The work to be done comprises the following:

1,120 linear feet 15-inch pipe sewer.

13 manholes.

4 receiving basins.

The estimated cost of construction is \$13,800, and the assessed valuation of the property to be benefited is \$172,400.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 10, 1906, initiating proceedings for the construction of sewers in the following streets:

West Two Hundred and Third street, between the Harlem river and summit west of Ninth avenue.

Ninth avenue, between West Two Hundred and Second street and West Two Hundred and Fourth street.

This resolution affects a length of one and a half blocks of West Two Hundred and Third street and two blocks of Ninth avenue, title to both of which streets has been legally acquired. Both the streets have been graded, curbed and flagged, but the abutting property is unimproved. Resolutions have been presented to the Local Board providing for paving both streets, prior to the authorization of which improvements sewers will be required.

The drainage map has been approved, and the authorization of the work proposed is recommended, the same comprising the following:

335 linear feet 2-foot 4-inch by 3-foot 6-inch brick sewer.

687 linear feet 15-inch pipe sewer.

13 manholes.

The estimated cost of construction of the work is \$9,800, and the assessed valuation of the property to be benefited is \$198,000.

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 10, 1906, initiating proceedings for the construction of a sewer in West Two Hundred and Fourth street, between the Harlem river and Ninth avenue.

Title to this block of West Two Hundred and Fourth street has been legally acquired. The street is not in use at the present time, and the land in the vicinity is very low. The grading of the street was authorized on June 1 last.

There seems to be no reason why this improvement should not be authorized, and the approval of the resolution is recommended, the work to be done being as follows: 175 linear feet 2-foot 4-inch by 3-foot 6-inch brick sewer.

3 manholes.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bowling Green District, Borough of Manhattan, adopted on June 5, 1906, initiating proceedings for the construction of a sewer in Scammel street, between Madison and Henry streets.

Title to Scammel street through the limits named in the resolution, the same comprising one block, has been legally acquired, and the street has been paved with asphalt. All of the abutting property, with the exception of one lot, has a frontage upon either Madison street or Henry street. The resolution is accompanied by the petition of the owner of the single interior lot, who states that he is unable to secure drainage for his building. The outlet sewer has been built and the authorization of the improvement is recommended, with the understanding that before the work is begun a map will be presented providing for the incorporating of the sewer upon the Drainage Map of the City. The work to be done comprises the following:

130 linear feet 12-inch pipe sewer.

June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 20, 1906, initiating proceedings for laying an asphalt block pavement along that portion of Broadway recently regraded on the easterly and westerly sides, having a width of 16 feet, between West One Hundred and Fifty-fifth and West One Hundred and Sixty-ninth streets.

On May 19, 1905, the reregulating and regrading of Broadway, between these limits, was authorized, securing an increased width of roadway of 32 feet, as provided under an ordinance of the Board of Aldermen of December 20, 1904. The grading improvement has now been completed, and the sewer basins are being reconstructed to correspond with the widening. The paving of the central portion of the street, not being an assessable improvement, is omitted from the resolution.

The authorization of this improvement is recommended, the work to be done comprising the laying of 11,800 square yards of asphalt block pavement at an estimated cost of \$35,500. The assessed valuation of the property to be benefited is \$339,500.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for grading lots located on Tenth avenue, Eighty-third street and Eighty-fourth street, designated as Block 6022, Lots Nos. 1, 12 and 68.

These three lots have a frontage of 260 feet on Eighty-third street, 200 feet on Tenth avenue and 220 feet on Eighty-fourth street. The area is considerably below street grade and accumulates drainage from the adjoining area to such an extent that there is usually a pond on it, even through the driest season of the year. This condition has been the source of repeated complaint and is undoubtedly largely responsible for the malarial conditions which exist in this locality. Recently the land described as Lots Nos. 12 and 68 has been partially graded and some work has been done on the lot described as No. 1.

I believe that the existing conditions constitute a nuisance, and would recommend approval of the resolution. The work to be done comprises 8,500 cubic yards of filling. The estimated cost of the work is \$4,300, and the assessed valuation of the property is \$9,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of November, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of November, 1905, hereby initiates proceedings to grade to the level of the curb the lots lying on the south side of Eighty-third street, between Tenth and Eleventh avenues, and on the north side of Eighty-fourth street, between Tenth and Eleventh avenues, known as Nos. 1, 12 and 68, Block 6022,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,300, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$9,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on April 26, 1906, initiating proceedings for grading and resetting curb on Sixth avenue, between Bay Ridge avenue and Seventy-first street.

Sixth avenue has been graded and curbed under an authorization of 1903, but on January 26 last a change in the grade of the street extending from Seventy-first street to the middle of the block between Ovington avenue and Bay Ridge avenue, a total length of one and a half blocks, was authorized by the Board of Estimate and Apportionment. This change was necessary in order to avoid a large amount of damage to property which had already been improved on Ovington avenue. The resolution now presented provides for making the surface of Sixth avenue agree with the grade adopted on January 26. It is customary in resolutions of this character to define the work to be done as "regrading," but I believe that the failure to do so in this case does not constitute a serious defect, and would recommend the approval of the resolution.

The work to be done comprises the following:

1,400 cubic yards grading.

900 linear feet curbing reset.

The estimated cost of construction is \$1,100, and the assessed valuation of the property to be benefited is \$38,455.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on February 2, 1906, initiating proceedings for grading, curbing and flagging Fourteenth avenue, between Seventy-fifth and Seventy-ninth streets.

Title to Fourteenth avenue has been legally acquired, the street is in use between the limits named in the resolution and has been roughly graded. The abutting property is practically unimproved.

There seems to be no reason to prevent approval of this resolution, and such action is recommended. The work to be done comprises the following:

2,200 cubic yards grading.

2,000 linear feet curbing.

10,000 square feet cement sidewalks.

The estimated cost of construction is \$6,200, and the assessed valuation of the property to be benefited is \$58,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 2d day of February, 1906, and approved by the President of the Borough of Brooklyn on the 19th day of March, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 2d day of February, 1906, hereby initiates proceedings to regulate, grade, set or reset curb and lay cement sidewalks on Fourteenth avenue, between Seventy-fifth street and Seventy-ninth street,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$58,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

REPORT No. 4023.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for grading, curbing and flagging East Thirty-first street, between Clarendon road and Newkirk avenue.

This resolution affects a length of two blocks of East Thirty-first street, proceedings for acquiring title to which between East Broadway and Flatlands avenue were authorized on June 12, 1901, and the oaths of the Commissioners of Estimate and Assessment were filed on September 19, 1904, the progress of the proceedings have been delayed owing to a defect due to the failure to comply with the Railroad Law. This defect was corrected by a Special Act of the Legislature in 1903.

The street is in use through the limits which it is now proposed to improve, and several houses have been erected upon the abutting property.

I see no reason why this improvement should not be authorized, and would recommend such action, the work to be done comprising the following:

600 cubic yards grading.

2,060 linear feet curbing.

10,800 square feet cement walk.

The estimated cost of construction is \$4,000, and the assessed valuation of the land within the probable area of assessment is \$35,300.

I would recommend that title to that portion of East Thirty-first street between the northerly side of Clarendon road and the southerly side of Newkirk avenue be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Public Improvements, on the 12th day of June, 1901, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East Thirty-first street, between East Broadway and Flatlands avenue, in the Borough of Brooklyn, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said East Thirty-first street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 19th day of September, 1904; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said East Thirty-first street, between the northerly side of Clarendon road and the southerly side of Newkirk avenue, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 6th day of December, 1905, and approved by the President of the Borough of Brooklyn on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby initiates proceedings to regulate, grade, set cement curb and lay cement sidewalks on East Thirty-first street, between Clarendon road and Newkirk avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,000, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$35,300, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*GRADING LINCOLN AVENUE, BROOKLYN.*

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Bushwick District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 7th day of December, 1905, hereby initiates proceedings to regulate, grade, set curb on concrete, and lay cement sidewalks on Lincoln avenue, between Atlantic and Glenmore avenue; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 7th day of December, 1905.

BOARD OF ESTIMATE AND APPORTIONMENT,

OFFICE OF THE CHIEF ENGINEER,

May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on December 7, 1905, initiating proceedings for grading, curbing and flagging Lincoln avenue, between Atlantic and Glenmore avenues.

This resolution affects a length of three blocks of Lincoln avenue, title to which has been legally acquired under proceedings confirmed in 1904. The street is in use at the present time, varying in character from a wide, unshaped road at the Glenmore avenue end to a narrow wagon path where it joins Atlantic avenue. There are a number of houses along the line, most of them being located between McKinley and Glenmore avenues.

The improvement seems to be a proper one, and its authorization is recommended, the work to be done comprising the following:

2,500 cubic yards grading.

3,600 linear feet curbing.

18,000 square feet cement walk.

The estimated cost of construction is \$8,600, and the assessed valuation of the property to be benefited is \$60,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for grading, curbing and flagging Martense street, between Rogers and Nostrand avenues.

This resolution affects a length of one block of Martense street, title to which was vested in the City in 1904. The street is in use at the present time and the abutting property is largely improved.

I see no reason why the resolution should not be approved, and would recommend such action, the work to be done comprising the following:

1,000 cubic yards grading.

1,480 linear feet curbing.

8,000 square feet new and old flagging.

The estimated cost of construction is \$3,500, and the assessed valuation of the property to be benefited is \$37,600.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on June 30, 1904, initiating proceedings for grading, curbing and flagging Fortieth street, between Sixth and New Utrecht avenues.

In a report prepared on this date upon a sewer improvement affecting the portion of the street between Seventh and New Utrecht avenues, it has been shown that title to the street between Seventh avenue and the old City line has been acquired under a deed of cession, and recommendation was made that title to the portion between the old City line and New Utrecht avenue be vested in the City on August 1 next under opening proceedings now in progress. The deed of cession already referred to included the block between Sixth and Seventh avenues. The street is in use at the present time, and the roadway between Sixth and Eighth avenues has been approximately graded. East of Eighth avenue the roadway is little more than a wagon path.

There are several houses along the line of the proposed improvement, and I see no reason why it should not be authorized, such action being recommended.

The work to be done comprises the following:

12,000 cubic yards grading.

5,400 linear feet curbing.

27,000 square feet cement walk.

The estimated cost of construction is \$14,000, and the assessed valuation of the property to be benefited is \$132,400.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 30th day of June, 1904, and approved by the President of the Borough of Brooklyn on the 19th day of July, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and lay cement sidewalks on Fortieth street, between Sixth and New Utrecht avenues, in the Borough of Brooklyn,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$14,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$132,400, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4135.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 21, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 30, 1905, initiating proceedings for the construction of sewers in the following streets:

East Third street, between Ditmas avenue and Avenue F.

Ditmas avenue, between East Third street and East Fifth street.

Avenue F, between East Third street and Ocean parkway.

The petition accompanying this resolution relates to a sewer in East Third street, between Avenue E (Ditmas) and Avenue F. The Ditmas avenue sewer and the Avenue F sewer are required as outlets. Proceedings for acquiring title to Avenue E (Ditmas), between Coney Island avenue and West street, excluding land occupied by the Prospect Park and Coney Island Railroad, were authorized on June 12, 1903, and the oaths of the Commissioners of Estimate and Assessment were filed on December 12 following. Title to a portion of the street east of the westerly side of East Fifth street has already been vested in the City. I am advised that the report of the Commissioners is nearly completed and will soon be presented to the Court for confirmation. Title to Avenue F has been acquired under a deed of cession.

There is presented with the resolution a certificate prepared by the Engineer of the Topographical Bureau of the Borough, setting forth evidences intended to show that East Third street, between Avenue E (Ditmas) and Avenue F, has been dedicated to public use, and there is also presented a communication from the Corporation Counsel advising that the dedication meets all the requirements and that the street may be improved without condemnation proceedings. There are a large number of houses along the line of East Third street and Ditmas avenue, while a few have been erected upon the property fronting on Avenue F. The remaining outlet sewers have been provided and the approval of the resolution is recommended.

The work to be done comprises the following:

520 linear feet 24-inch pipe sewer.

320 linear feet 18-inch pipe sewer.

600 linear feet 15-inch pipe sewer.

800 linear feet 12-inch pipe sewer.

20 manholes.

8 receiving basins.

The estimated cost of construction is \$11,400, and the assessed valuation of the property to be benefited is \$463,220.

I would recommend that title to Avenue E (Ditmas), between the westerly side of East Third street and the westerly side of East Fifth street, be vested in the City on August 15, 1906, unless the proceeding is earlier confirmed.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 12th day of June, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Avenue E (Ditmas) between Coney Island avenue and West street, excluding land occupied by the Prospect Park and Coney Island Railroad, in the Borough of Brooklyn, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Avenue E (Ditmas), and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 12th day of December, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said Avenue E (Ditmas), between the westerly side of East Third street and the westerly side of East Fifth street, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 30th day of October, 1905, and approved by the President of the Borough of Brooklyn on the 1st day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 30th day of October, 1905, hereby initiates proceedings to construct a sewer in East Third street, between Ditmas avenue and Avenue F, with outlet sewers in Ditmas avenue between East Third and East Fifth streets; and in Avenue F, between East Third street and Ocean parkway,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$11,400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$463,220, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 21, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Heights District, Borough of Brooklyn, adopted on June 6, 1906, initiating proceedings for the construction of a sewer in Congress street, between Columbia street and the East river.

This resolution affects a length of one block of Congress street, title to which was acquired in 1846. The roadway has been paved and the property abutting on the street has been solidly built up, partly with warehouses and partly tenements. The resolution appears to have been adopted by the Local Board at the request of the Deputy Tenement House Commissioner, who states that the sanitary conditions along the street are very bad, no public sewer having been provided.

The improvement is, in my judgment, a desirable one, and its authorization is recommended, the work to be done comprising the following:

610 linear feet 12-inch pipe sewer.

6 manholes.

The estimated cost of construction is \$2,000, and the assessed valuation of the property to be benefited is \$212,250.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Heights District, duly adopted by said Board on the 6th day of June, 1906, and approved by the President of the Borough of Brooklyn on the 11th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Heights District, Borough of Brooklyn, this 6th day of June, 1906, hereby initiates proceedings to construct a sewer in Congress street, between Columbia street and the East river,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$2,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$212,250, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on November 30, 1904, initiating proceedings for the construction of a sewer in Barrett street, between Pitkin and Sutter avenues.

This resolution, although adopted a year and a half ago, has only recently been received. It affects a length of one block of Barrett street, title to which has been acquired under a deed of cession. The street has been roughly shaped, but is otherwise unimproved. Extensive building operations are in progress in the vicinity, and the outlet sewer has been provided.

Approval of the resolution is recommended, the work to be done comprising the following:

40 linear feet 15-inch pipe sewer.

880 linear feet 12-inch pipe sewer.

9 manholes.

The estimated cost of construction is \$4,100, and the assessed valuation of the property to be benefited is \$18,325.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 4017.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on December 7, 1905, initiating proceedings for the construction of a sewer in Etna street, between Force Tube avenue and Hale avenue, and between Norwood avenue and Richmond street. The resolution also provides for sewer basins on Etna street at the northeast corner of Euclid avenue, at the southwest corner of Pine street, at the northeast, northwest and southwest corners of Hemlock street and at the northwest corner of Eldert's lane.

This resolution has been adopted by the Local Board for the purpose of completing the sewer improvements required in Etna street prior to the laying of an asphalt pavement, a resolution for which has also been adopted and is now before the Board of Estimate awaiting action. It affects a total length of three blocks of Etna street, title to which has been legally acquired. Through the block between Force Tube avenue and Hale avenue and the block between Norwood avenue and Logan street an unshaped wagon path is in use at the present time and the abutting property is unimproved. From Logan street to Richmond street the street is now in use for its full width, but is practically unshaped. The basins proposed are needed for the removal of drainage from Etna street and the intersecting streets, none of which latter has yet been improved, excepting only Euclid avenue and Hemlock street; the former street has been paved with asphalt and the latter has been graded and curbed through the portion north of Etna street.

The outlet sewers have been provided, and approval of the resolution is recommended, the work to be done comprising the following:

830 linear feet 12-inch pipe sewer.

7 manholes.

6 receiving basins.

The estimated cost of construction is \$4,200, and the assessed valuation of the property to be benefited is \$268,360.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 7th day of December, 1905, and approved by the President of the Borough of Brooklyn, on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, pursuant to section 428 of the Greater New York Charter, after duly advertised hearing, had, this 7th day of December, 1905, hereby initiates proceedings to construct a sewer in Etna street, between Force Tube avenue and Hale avenue, and between Norwood avenue and Richmond street; and sewer basins on Etna street, at the northeast corner of Euclid avenue, at the southwest corner of Pine street, at the northeast, northwest and southwest corners of Hemlock street, and at the northwest corner of Eldert's lane,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$268,360, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

REPORT NO. 4013.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on June 30, 1904, initiating proceedings for the construction of a sewer in Fortieth street, between Seventh and New Utrecht avenues.

This resolution affects a length of three blocks of Fortieth street. Title to the portion of the street between Seventh avenue and the Old City Line has been acquired under a deed of cession, and proceedings were authorized on January 20, 1905, for acquiring title to the portion between the Old City Line and New Utrecht avenue. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on June 20, 1905. The street is in use at the present time, and several buildings have been erected upon the abutting property along each block.

The outlet sewer has been provided, and there seems to be no reason why this resolution should not be approved, such action being recommended.

The work to be done comprises the following:

470 linear feet 18-inch pipe sewer.

780 linear feet 15-inch pipe sewer.

762 linear feet 12-inch pipe sewer.

19 manholes.

4 receiving basins.

The estimated cost of construction is \$11,600, and the assessed valuation of the property to be benefited is \$47,470.

I would recommend that title to Fortieth street between the Old City Line and New Utrecht avenue be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment, on the 20th day of January, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Fortieth street, between the Old City Line and New Utrecht avenue, in the Borough of Brooklyn, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Fortieth street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 20th day of June, 1905; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said Fortieth street, between the Old City Line and New Utrecht avenue, in the Borough of Brooklyn, City of New York, so required shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT NO. 4015.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for the construction of manholes on the sewers already built in the following streets:

Eight in Seventy-sixth street, between Eighteenth and Twentieth avenues.

Eight in Seventy-seventh street, between Eighteenth and Twentieth avenues.

Eight in Seventy-eighth street, between Eighteenth and Twentieth avenues.

Eight in Seventy-ninth street, between Eighteenth and Twentieth avenues.

Sixteen in Eightieth street, between Seventeenth and Twenty-second avenues.

Seventeen in Eighty-first street, between Eighteenth and Twenty-third avenues.

Thirteen in Eighty-second street, between Eighteenth and Twenty-third avenues.

Nineteen in Eighty-third street, between Eighteenth and Twenty-third avenues.

Forty-two in Eighty-fourth street, between Fifteenth and Twenty-third avenues.

Eighteen in Eighty-fifth street, between Eighteenth and Twenty-third avenues.

Twenty-six in Eighty-sixth street, between Fifteenth and Twenty-third avenues.

Eighteen in Rutherford avenue, between Eighteenth and Twentieth avenues.

Forty-eight in Cropsey avenue, between Fifteenth and Twenty-third avenues.

Eighteen in Fifteenth street, between Cropsey avenue and Eighty-sixth street.

Nine in Bay Tenth street, between Cropsey avenue and Benson avenue.

Four in Bay Eleventh street, between Warehouse avenue and Cropsey avenue.

Seventeen in Bay Thirteenth street, between Cropsey avenue and Eighty-sixth street.

Eighteen in Bay Fourteenth street, between Cropsey avenue and Eighty-sixth street.

Thirty in Seventeenth avenue, between Warehouse avenue and Eighty-fourth street.

Seventeen in Bay Sixteenth street, between Eighty-fifth street and Bath avenue.

Eighteen in Bay Seventeenth street, between Cropsey avenue and Eighty-sixth street.

Forty-four in Eighteenth avenue, between Cropsey avenue and Seventy-fifth street.

Eleven in Bay Nineteenth street, between Cropsey avenue and Eighty-sixth street.

Seventeen in Bay Twentieth street, between Cropsey avenue and Eighty-sixth street.

Forty-six in Nineteenth avenue, between Cropsey avenue and Seventy-fifth street.

Eighteen in Bay Twenty-second street, between Cropsey avenue and Eighty-sixth street.

Thirty-nine in Twentieth avenue, between Cropsey avenue and Seventy-fifth street.

Seventeen in Bay Twenty-fifth street, between Cropsey avenue and Eighty-sixth street.

Seventeen in Bay Twenty-sixth street, between Cropsey avenue and Eighty-sixth street.

Five in Twenty-first avenue, between Cropsey avenue and Bath avenue.

Sixteen in Bay Twenty-eighth street, between Cropsey avenue and Eighty-sixth street.

Seventeen in Bay Twenty-ninth street, between Cropsey avenue and Eighty-sixth street.

Seventeen in Twenty-second avenue, between Cropsey avenue and Eighty-second street.

Fifteen in Bay Thirty-first street, between Cropsey avenue and Eighty-sixth street.

Fifteen in Bay Thirty-second street, between Cropsey avenue and Eighty-sixth street.

Thirty-one in Twenty-third avenue, between Cropsey avenue and Seventy-eighth street.

The Local Board has also recommended that the entire cost of this improvement be borne by the City at large. From information presented with the resolution it appears that the sewers already built in the district affected, the same being located in the Bath Beach and Bensonhurst sections of the old Town of New Utrecht, were intended for house drainage only, and that but few manholes were built, generally having been provided only at each end of the block. The Sewer Bureau reports that for these reasons it is impossible to secure proper access to them for flushing and cleaning. The sewerage system is now being converted into a storm water system, with an outlet at the foot of Ninety-second street.

The improvement, I believe, is a desirable one, and its authorization is recommended.

I see no reason, however, for relieving the property from assessment as suggested by the Local Board, the work simply being intended to complete an improvement all of which would ordinarily be considered as assessable upon property benefited.

The work to be done comprises the construction of 705 manholes, at an estimated cost of \$31,000. The assessed valuation of the property to be benefited is \$6,516,283.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### SEWERS IN EAST FOURTH STREET AND AVENUE D, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### In the Local Board of the Flatbush District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 1st day of May, 1905, hereby initiates proceedings to construct a sewer in East Fourth street, from Avenue C to Church avenue, with outlet sewers in East Fourth street from Avenue C to Avenue D, and in Avenue D from East Fourth street to East Fifth street, in the Borough of Brooklyn; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 1st day of May, 1905. Commissioner Brackenridge and Alderman Hann voting in favor thereof.

Attest:  
JOHN A. HEFFERNAN, Secretary.

Approved this 18th day of May, 1905.

President of the Borough of Brooklyn.

REPORT No. 4141.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 26, 1906.

HON. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution adopted by the Local Board of the Flatbush District, Borough of Brooklyn, on May 1, 1905, provides for the construction of sewers in East Fourth street, from Church avenue to Avenue D, and in Avenue D, from East Fourth to East Fifth streets.

Accompanying the resolution is a certificate of the Topographical Bureau showing that East Fourth street is in use with rough roadway, and expressing the opinion that the City had acquired a sufficient easement for purposes of sewer construction. There has since been received an opinion from the Corporation Counsel, stating that, after a

personal examination, he believes that there is a sufficient dedication, and that it will not be necessary to institute street opening proceedings before authorizing the improvement. This opinion of the Corporation Counsel was given in connection with a surface improvement, the southerly limit of which was Avenue C, and it does not cover the block between Avenues C and D, but inasmuch as the dedication of the last-named block appears much more complete and satisfactory than that of the block between Beverley road and Avenue C, it would doubtless be safe to accept the statement as applying to the most southerly block. As to Avenue D, there can be no question of the dedication, the street being in use with earth roadway, cement sidewalks for a great part of the distance, and being lighted by electric lights, while a solid block of buildings is now under construction on the south side.

I believe, therefore, that it would be proper to authorize the construction of this sewer, and such action is recommended, the amount of work to be done comprising the following:

315 feet 54-inch brick sewer.  
150 feet 15-inch pipe sewer.  
2,085 feet 12-inch pipe sewer.  
24 manholes.  
6 sewer basins.

The estimated cost of construction is \$16,400, and the assessed valuation of the property within the probable area of assessment is \$579,420.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 1st day of May, 1905, and approved by the President of the Borough of Brooklyn on the 18th day of May, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 1st day of May, 1905, hereby initiates proceedings to construct a sewer in East Fourth street, from Avenue C to Church avenue; with outlet sewers in East Fourth street, from Avenue C to Avenue D; and in Avenue D, from East Fourth street to East Fifth street, in the Borough of Brooklyn."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$16,400, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$579,420, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

#### CHANGE OF DRAINAGE PLAN, MAP Y, DISTRICT 45, BROOKLYN.

The following communication from the Secretary to the Commissioner of Public Works for the Borough of Brooklyn, and report of the Chief Engineer were presented:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
OFFICE OF THE COMMISSIONER OF PUBLIC WORKS,  
BROOKLYN, March 19, 1906.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I beg to transmit herewith change of sewerage and drainage plan of the Borough of Brooklyn, known as Map Y, District No. 45, said change being necessitated by the depression of the Long Island Railroad, in accordance with the Acts of the Legislature of the State.

Kindly have the tracing signed and return to this office.

Respectfully yours,

JOHN MULLER, Secretary.

REPORT No. 4121.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

HON. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the Secretary to the Commissioner of Public Works, of the Borough of Brooklyn, dated March 19, 1906, requesting the approval of changes in the plan of drainage district, designated as Map Y, District 45.

The changes proposed in this plan appear to be due to the improvements being made on the Long Island Railroad property. Under the plan heretofore adopted the sewers crossed under the tracks of the railroad, but the depression of the road will make the execution of such work much more difficult. It is now proposed to avoid railroad crossings except for the mains, the drainage from the railroad property being diverted north and south away from the railroad lines. There has been a slight revision in sewer sizes due to the rearrangement of the drainage.

The modifications appear to be proper ones, and the approval of the map is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Brooklyn, entitled "Bureau of Sewers, Borough of Brooklyn, City of New York—Change of Plan of Map 'Y,' District 45," and dated March 12, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### CURBING AND FLAGGING FIFTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

##### In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 6th day of July, 1905, hereby initiates proceedings to set or reset curb on Fifty-fourth street, between Sixth and Seventh avenues, and to lay cement sidewalks on Fifty-fourth street, between Sixth and Fort Hamilton avenues; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 6th day of July, 1905. Commissioner Brackenridge and Alderman Malone voting in favor thereof.

REPORT No. 4012.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on July 6, 1905, initiating proceedings for curbing Fifty-fourth street between Sixth and Seventh avenues, and for flagging the street between Sixth and Fort Hamilton avenues.

This resolution affects a total length of four blocks of the street, title to which has been legally acquired, a portion of the street under a deed of cession and the remainder under opening proceedings. Between Seventh and Fort Hamilton avenues the street has already been graded and curbed. It is now proposed to lay the curbing through the block to the west, the street having been already graded, and to flag the street for the entire distance affected.

The abutting property is partially improved, and I see no reason why the resolution should not be approved, such action being recommended.

The work to be done comprises the following:

1,470 linear feet curbing.

29,400 square feet cement walk.

The estimated cost of construction is \$7,200, and the assessed valuation of the property to be benefited is \$89,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 6th day of July, 1905, and approved by the President of the Borough of Brooklyn on the 19th day of July, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 6th day of July, 1905, hereby initiates proceedings to set or reset curb on Fifty-fourth street, between Sixth and Seventh avenues, and to lay cement sidewalks on Fifty-fourth street, between Sixth and Fort Hamilton avenues."

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$7,200, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$89,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PAVING RADDE PLACE, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for curbing and flagging Radde place, between Atlantic avenue and a point about 115 feet north, and for laying an asphalt pavement.

Radde place has a length of only one short block extending from Herkimer street northerly to Atlantic avenue. A portion of this block has been curbed, flagged and paved with asphalt. It is now desired to complete the improvement. The street has been legally opened and the abutting property is largely improved.

All the subsurface structures have been provided, and the approval of the resolution is recommended, the work to be done comprising the following:

270 linear feet curbing.

1,200 square feet cement walk.

450 square yards asphalt pavement.

The estimated cost of construction is \$1,700, and the assessed valuation of the property to be benefited is \$20,300.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 4122.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on April 23, 1906, initiating proceedings for laying an asphalt pavement on Van Sicklen avenue, between Pitkin and Dumont avenues.

The grading and curbing of Van Sicklen avenue through the four blocks affected by the resolution now presented was authorized by the Board of Estimate and Apportionment in 1902, at which time it was shown that the street had been dedicated to public use. This work has now been carried out. All the subsurface improvements have been provided and the abutting property is largely improved.

The resolution appears to be a proper one, and its approval is recommended, the work to be done comprising the laying of 7,200 square yards of asphalt pavement. The estimated cost of construction is \$17,000, and the assessed valuation of the property to be benefited is \$104,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bushwick District, duly adopted by said Board on the 23d day of April, 1906, and approved by the President of the Borough of Brooklyn on the 26th day of April, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 23d day of April, 1906, hereby initiates proceedings to pave with asphalt on concrete base Van Sicklen avenue, between Pitkin and Dumont avenues,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$17,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$104,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and

this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4137.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 21, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 29, 1904, initiating proceedings for laying an asphalt pavement on Farragut road, between Rogers avenue and a line 120 feet east of East Thirty-fourth street.

This resolution affects a length of a little over seven blocks of Farragut road, title to which has not been acquired under formal proceedings. A resolution providing for a grading improvement through the same limits was approved by the Board of Estimate and Apportionment on June 15 last, at which time evidences were presented to show that the street had been dedicated to public use. The construction of a sewer in the street was authorized in 1902, and the necessary receiving basins have recently been authorized. The water and gas mains have been laid and there seems to be no reason why this resolution should not be approved, such action being recommended.

The work to be done comprises the laying of 7,120 square yards asphalt pavement at an estimated cost of \$16,800. The assessed valuation of the property to be benefited is \$170,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 29th day of December, 1904, and approved by the President of the Borough of Brooklyn on the 3d day of January, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with asphalt on concrete Farragut road, from Rogers avenue to a point 120 feet, more or less, east of East Thirty-fourth (34th) street, in the Borough of Brooklyn,"

REPORT No. 4016.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted November 2, 1905, initiating proceedings for laying an asphalt pavement on Sixty-fifth street, between Third and Fourth avenues.

On March 23 last a grading improvement affecting the same limits of Sixty-fifth street was authorized, at which time it was shown that the street was in use and that the abutting property on the northerly side had been improved. The tracks of the Long Island Railroad Company, located in deep cut, adjoin the street on its southerly side. The water main has been laid and the sewer has been built, and there is a communication presented from the Deputy Commissioner of Water Supply for the borough advising that the Gas Company has been notified to provide the gas main.

There seems to be no reason why the paving improvement should not be authorized at this time, and such action is recommended.

The work to be done comprises the following:

3,380 square yards asphalt pavement.

The estimated cost of the work to be done is \$8,000, and the assessed valuation of the property to be benefited is \$37,700.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, initiating proceedings for laying an asphalt pavement on East Thirty-first street, between Flatbush avenue and Glenwood road.

Proceedings for acquiring title to East Thirty-first street are in progress at the present time, and in reporting upon a grading resolution affecting the same limits of the street recommendation has been made that title to the land be vested in the City on July 16, 1906. But a very slight amount of grading is required, and all the subsurface improvements having been provided, I see no reason why the paving should not be authorized simultaneously with the grading, and such action is recommended.

The work to be done comprises the laying of 2,400 square yards of asphalt pavement at an estimated cost of \$5,700. The assessed valuation of the property to be benefited is \$38,000.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

REPORT NO. 4117.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On November 3, 1905, the Board of Estimate and Apportionment approved a resolution adopted by the Local Board of the Williamsburg District, Borough of Brooklyn, on April 12, 1905, providing for laying an asphalt pavement on Engert avenue, between Graham avenue and Eckford street.

Evidently because the street will be used for heavy trucking, the Local Board has, on October 2, 1905, adopted a resolution apparently intended to amend the original resolution by the substitution of a more suitable pavement, although the limits are improperly described, being given as between Graham avenue and Leonard street, the new resolution providing for laying a granite block pavement on the street between these limits.

At the office of the President of the Borough I am advised that bids were received last fall for laying the asphalt, but that they were rejected, so that there is no reason to prevent the rescission of the original resolution, and such action is hereby recommended.

Title to the two blocks affected by the resolution now presented has been legally acquired. The sewer has been built and the water main has been laid through one block. The Deputy Commissioner of Water Supply advises that the main through the remaining block is shortly to be laid.

Approval of this resolution is recommended, with the understanding that the gas main will be completed before the work is undertaken.

The work to be done comprises the laying of 1,660 square yards of granite block pavement at an estimated cost of \$6,100. The assessed valuation of the property to be benefited is \$76,200.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Williamsburg District, duly adopted by said Board on the 2d day of October, 1905, and approved by the President of the Borough of Brooklyn on the 16th day of October, 1905, having been transmitted to the Board of Estimate and Apportionment as follows, to wit:

"Resolved, That the Local Board of the Williamsburg District, Borough of Brooklyn, this 2d day of October, 1905, hereby amends pending proceedings to pave Engert avenue with asphalt, from Graham avenue to Leonard street, by having same provide for granite pavement, the amended resolution to read as follows:

"Resolved, That the Local Board of the Williamsburg District, Borough of Brooklyn, after hearing had this 2d day of October, 1905, hereby initiates proceedings to pave with granite block on concrete foundation Engert avenue, from Graham avenue to Leonard street,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,100, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$76,200, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 22, 1906, initiating proceedings for grading, curbing and flagging East One Hundred and Seventy-fourth street, between the Southern Boulevard and the Bronx river.

This resolution affects a length of a little over six blocks of East One Hundred and Seventy-fourth street, title to which has been legally acquired. A narrow road is in use leading from West Farms road to the Bronx river, and the adjoining land is used for the storage of lumber. The street is not in use through the remainder of its length, and the abutting property is unimproved. A subway station is located at the Southern Boulevard and I believe that there can be no question as to the immediate development of the property in this vicinity.

Approval of the resolution is recommended, the work to be done comprising the following:

5,700 cubic yards earth and rock excavation.

11,200 cubic yards filling.

2,925 linear feet curbing.

12,450 square feet flagging.

The estimated cost of construction is \$17,500 and the assessed valuation of the property to be benefited is \$523,500.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 24, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 22, 1905, initiating proceedings for grading, curbing and flagging East One Hundred and Seventy-second street, between Boston road and the Southern Boulevard.

This resolution affects a length of three blocks of East One Hundred and Seventy-second street, proceedings for acquiring title to which between the same limits were authorized on April 14, 1905. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on July 25 following. The street has been shaped and approximately graded, but up to a recent date the abutting property was unimproved. Extensive building operations are in progress in this vicinity and the proposed improvement seems to be a desirable one. The approval of the resolution is recommended, the work to be done comprising the following:

1,400 cubic yards excavation.

1,600 linear feet curbing.

6,700 square feet flagging.

The estimated cost of construction is \$5,100, and the assessed valuation of the property to be benefited is \$155,900.

I would recommend that title to East One Hundred and Seventy-second street, between the limits named in the resolution, be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 14th day of April, 1905, adopted a resolution requesting the Corporation Counsel to acquire title wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending East One Hundred and Seventy-second street, between Boston road and the Southern Boulevard, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said East One Hundred and Seventy-second street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 25th day of July, 1905; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said East One Hundred and Seventy-second street, between Boston road and the Southern Boulevard, in the Borough of The Bronx, City of New York, so required shall be vested in The City of New York.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 22, 1905, initiating proceedings for grading, curbing and flagging Seabury place, between Charlotte street and Boston road.

This resolution affects the entire length of Seabury place, or two blocks. Proceedings for acquiring title to this street were authorized on April 14, 1905, and the oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on December 1, 1905. Up to a recent date this street had not been put in use and the abutting property was unimproved.

I see no reason why this resolution should not be approved and would recommend such action, the work to be done comprising the following:

4,000 cubic yards excavation.

1,500 linear feet curbing.

6,100 square feet flagging.

The estimated cost of construction is \$5,600, and the assessed valuation of the property to be benefited is \$68,500.

I would recommend that title to Seabury place be vested in the City on August 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 24, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 22, 1905, initiating proceedings for grading, curbing and flagging Kingsbridge terrace, between Kingsbridge road and Boston avenue.

This resolution affects the entire length of Kingsbridge terrace, title to which has been legally acquired. The roadway is in use and has been approximately shaped through the southerly portion adjoining Kingsbridge road and several houses have here been erected upon the abutting property. The northerly portion of the street is not in use and no improvements have yet been made.

There seems to be no reason to prevent the approval of this resolution, such action being recommended. The work to be done comprises the following:

16,000 cubic yards earth and rock excavation.

4,700 linear feet curbing.

18,700 square feet flagging.

The estimated cost of construction is \$27,000, and the assessed valuation of the property to be benefited is \$231,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones and flagging sidewalks a space of four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Leggett avenue, from Southern Boulevard to Randall avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 18th day of January, 1906.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
May 24, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on January 18, 1906, initiating proceedings for grading, curbing and flagging Leggett avenue, between the Southern boulevard and Randall avenue.

This resolution affects a length of about four blocks of Leggett avenue, title to which has been legally acquired. An unshaped roadway is in use at the present time crossing the tracks of the New York, New Haven and Hartford Railroad at grade. The abutting property is unimproved. Under the agreement recently executed with the railway company a bridge is to be provided.

The improvement seems to be a proper one and the approval of the resolution is recommended, the work to be done comprising the following:

85,000 cubic yards filling.

3,800 linear feet curbing.

14,400 square feet flagging.

The estimated cost of construction is \$50,000, and the assessed valuation of the property to be benefited is \$170,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 18th day of January, 1906, and approved by the President of the Borough of The Bronx on the 20th day of January, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating and grading, setting curbstones and flagging sidewalks a space of four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Leggett avenue, from Southern Boulevard to Randall avenue, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$50,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$170,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on May 24, 1906, initiating proceedings for grading, curbing and flagging East One Hundred and Fifty-eighth street, between Morris and Park avenues, and for laying an asphalt block pavement.

This resolution affects a length of one block of East One Hundred and Fifty-eighth street, title to which has been legally acquired. The street is in use at the present time and has been approximately graded. The abutting property on the northerly side has been compactly built up with apartment houses. The sewer has been built, but neither water nor gas mains have been laid. In view of the short length of this block, the Borough authorities advise that it is not probable that either of the latter improvements will be required. Under these conditions, the approval of the resolution is recommended, the work to be done comprising the following:

300 linear feet curbing.

850 square feet flagging.

420 square yards asphalt block pavement.

The estimated cost of construction is \$2,000, and the assessed valuation of the property to be benefited is \$94,200.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

May 24, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on February 8, 1906, initiating proceedings for grading, curbing and flagging Nelson avenue, between Boscobel avenue and Featherbed lane.

This resolution affects a length of two blocks of Nelson avenue, title to which has been legally acquired. The street is not in use at the present time north of Boscobel avenue and there are no buildings in the vicinity. The land is very much below the established grade.

There seems to be no reason why this improvement should not be carried out, the same having been petitioned for by a large number of owners of property in the vicinity. The approval of the resolution is recommended, the work to be done comprising the following:

3,850 cubic yards earth and rock excavation.

28,600 cubic yards filling.

3,200 linear feet curbing.

12,850 square feet flagging.

The estimated cost of construction is \$31,000, and the assessed valuation of the property to be benefited is \$68,750.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on February 8, 1906, initiating proceedings for the construction of sewers in the following streets:

Albany road, between West Two Hundred and Thirty-first and West Two Hundred and Thirty-third streets.

Bailey avenue, between West Two Hundred and Thirty-third street and the summit southerly therefrom.

West Two Hundred and Thirty-first street, between Bailey avenue and Broadway.

Title to the three streets affected by this resolution has been legally acquired. The roadway is in use along the line of Bailey avenue and Albany road and through the westerly block of West Two Hundred and Thirty-first street. Several houses have been erected upon the abutting property. The improvement is asked for by a large number of property owners.

The outlet sewer has been built, and I see no reason why the resolution should not be approved, such action being recommended. The work to be done comprises the following:

391 linear feet 18-inch pipe sewer.

386 linear feet 12-inch pipe sewer.

923 linear feet 12-inch pipe sewer.

18 manholes.

The estimated cost of construction is \$9,400, and the assessed valuation of the property to be benefited is \$142,450.

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on March 22, 1906, initiating proceedings for grading, curbing and flagging East One Hundred and Seventieth street, between Grant and Clay avenues.

This resolution affects a length of four blocks of East One Hundred and Seventieth street, title to which has been legally acquired. A rough wagon trail is in use approximately along the line of the street, but the abutting property is unimproved. The improvement is asked for by the owners of a large number of lots fronting upon the street.

I see no reason why this resolution should not be approved, and would recommend such action, the work to be done comprising the following:

11,300 cubic yards earth and rock excavation.

28,300 cubic yards filling.

2,620 linear feet curbing.

10,250 square feet flagging.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on April 12, 1906, initiating proceedings for laying an asphalt pavement on Fox street, between Longwood and Intervale avenues.

Title to this block of Fox street has been legally acquired. The grading of the street and the construction of a sewer were authorized last year, and I am advised that the Department of Water Supply has made the laying of the water main the subject of a contract. The abutting property is unimproved, with the exception of that at the southeasterly corner of Longwood avenue and Fox street, where buildings are now being erected.

Approval of this resolution is recommended, with the understanding that before the work is undertaken the gas main will be provided.

The work to be done comprises the laying of 1,850 square yards of asphalt pavement at an estimated cost of \$5,500. The assessed valuation of the property to be benefited is \$150,250.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 4074.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on December 21, 1905, initiating proceedings for laying a granite block pavement and for setting curb where necessary on the following streets:

Longwood avenue, between Southern boulevard and Tiffany street.

Tiffany street, between Longwood avenue and the East river.

This resolution affects a length of five blocks of Longwood avenue and four blocks of Tiffany street, title to both of which streets has been legally acquired. The streets have been graded, curbed and flagged, and the sewers have been built. The water main has been laid in Longwood avenue, and has been placed under contract for Tiffany street. The gas mains have not been laid, and the abutting property is generally unimproved. At the present time a grade crossing is in use at Longwood avenue over the tracks of the New York, New Haven and Hartford Railroad, but under the improvements now being made by the railroad company a bridge is to be provided. At the present time no one of the streets leading to the East river water front, where important industrial improvements are now being planned, has yet been paved.

I believe that there can be no question as to the desirability of the improvement now proposed, and approval of the resolution is recommended, with the understanding, however, that before work is begun the gas main will be provided.

The work to be done comprises the following:

25,000 square yards granite block pavement.

8,000 linear feet new and old curbing.

The estimated cost of construction is \$55,000, and the assessed valuation of the property to be benefited is \$212,665.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

A copy of a resolution of the Local Board of the Morrisania District, duly adopted by said Board on the 21st day of December, 1905, and approved by the President of the Borough of The Bronx on the 26th day of December, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For paving with granite block pavement on a sand foundation the roadway of Longwood avenue, from the Southern Boulevard to Tiffany street, and Tiffany street, from Longwood avenue to the East river, and setting curb where necessary, in the Borough of The Bronx, City of New York,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$55,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$212,665, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for grading,

curbing and flagging Graham avenue, between Steinway avenue and Second avenue, in the First Ward.

Proceedings for acquiring title to Graham avenue between Jackson and Vernon avenues were authorized on May 26, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on December 14, 1905. The resolution now presented affects a length of eight blocks of the street, through which an unshaped, rough, narrow roadway is in use. The abutting property is practically unimproved.

There seems no reason why this improvement should not be authorized, and such action is recommended, the work to be done comprising the following:

6,000 cubic yards embankment.  
3,400 linear feet curbing.  
18,400 square feet flagging.

The estimated cost of construction is \$12,000, and the assessed valuation of the property to be benefited is \$190,000.

I would recommend that title to that portion of Graham avenue between the westerly side of Second avenue and the easterly side of Tenth avenue (Steinway avenue) be vested in the City on August 15, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment on the 26th day of May, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Graham avenue, between Jackson and Vernon avenues, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Graham avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 14th day of December, 1905; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said Graham avenue, between the westerly side of Second avenue and the easterly side of Tenth (Steinway) avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb, flag and lay crosswalks on Graham avenue, from Steinway avenue to Second avenue, in the First Ward of the Borough of Queens,"

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for grading, curbing and flagging First avenue, between Webster and Paynter avenues.

Title to these three blocks of First avenue was vested in the City in 1900, and on this date a report has been prepared upon a resolution providing for the construction

of a sewer in the street between the same limits as those covered by the grading resolution. In this report it was shown that a rough, unshaped roadway is in use through one block, and that for the remainder of its length the street is unimproved.

The resolution seems to be a proper one, and the approval of the same is recommended, the work to be done comprising the following:

5,000 cubic yards excavation.  
2,900 linear feet curbing.  
14,000 square feet flagging.

The estimated cost of construction is \$10,700, and the assessed valuation of the property to be benefited is \$101,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

REPORT No. 4101.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on November 1, 1905, and readopted on February 8, 1906, initiating proceedings for grading, curbing and flagging William street, between Graham avenue and Thirteenth street, in the First Ward.

This resolution affects the entire length of William street, the same being a little over a mile. Proceedings for acquiring title to the street between the same limits were authorized on November 1, 1899, and the oaths of the Commissioners of Estimate and Assessment were filed on November 20, 1901. The final report of the Commissioners of Estimate and Assessment is now before the Court for confirmation. An examination of the ground shows that a rough, narrow road is in use along a few short and disconnected sections of the street, and that through the remainder and greater part of its length the land is low, swampy and unimproved. A large amount of filling is required along the line of this street, making the improvement an expensive one. The tax books show that nearly three hundred full size lots having valuations of \$50 and upwards will be unable to defray their share of the assessment, and that there are a large number of others having a shallow depth of less value than is required.

It is evident that this improvement is premature, and I would recommend that the resolution be referred back to the President of the Borough to be withheld until after values have advanced sufficiently to justify carrying it out.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### *SEWER IN HOPKINS AVENUE, QUEENS.*

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

Whereas, The public needs of the City require the paving of Hopkins avenue, from Grand avenue to Broadway, in the First Ward of the Borough of Queens, which improvement cannot be made for the reason that the block between Grand avenue and Temple street has not been sewered; and

Whereas, One person owns almost all of the property fronting on said block between Grand avenue and Temple street; and

Whereas, Section 428 of the Greater New York Charter provides that in similar cases the necessary improvements can be made by resolution of the Local Board; therefore be it

Resolved, by the Newtown Local Board of Improvements of the Borough of Queens, in meeting assembled on September 20, 1905, That this Board hereby initiates proceedings for the construction of a sewer and appurtenances in Hopkins avenue, from a point one hundred and eighty (180) feet south of Grand avenue to Temple street, in the First Ward of the Borough of Queens; and it is hereby further Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 22, 1906, initiating proceedings for the construction of a sewer in Hopkins avenue, between Temple street and a point 180 feet south of Grand avenue, in the First Ward.

Title to Hopkins avenue through the half block affected by this resolution has not been acquired under formal proceedings, but the resolution is accompanied by two affidavits certifying that the street has been in public use for more than twenty years. There is also presented a certificate signed by the Topographical Engineer of the Borough showing that the street has been improved and that there are no encroachments upon its lines. These evidences are deemed sufficient by the local authorities to establish a dedication to public use. An examination of the ground shows that the roadway has been shaped, a portion of the curbing and flagging has been laid, that several houses have been erected upon the abutting property, and that through a large portion of the block the street line has been fenced. From papers accompanying the resolution it is evident that the desire for this improvement is to provide for the completion of the subsurface structures before the pavement is laid, a resolution providing for the latter improvement having been adopted by the Local Board over two years ago.

The outlet sewer has been built and the approval of the resolution is recommended, the work to be done comprising the following:

80 linear feet 12-inch pipe sewer.

3 manholes.

The estimated cost of construction is \$800, and the assessed valuation of the property to be benefited is \$10,550.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$10,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for the construction of a sewer in First avenue, between Webster avenue and Payntar avenue, in the First Ward.

This resolution affects a length of three blocks of First avenue, title to which has been vested in the City. The street is now in use through the block between Beebe avenue and Freeman avenue and a few houses have been erected upon the abutting property. Through the remaining two blocks the street is not in use and the abutting property is unimproved.

The outlet sewer has been built, and I see no reason why the resolution should not be approved, such action being recommended. The work to be done is as follows:

504 feet 24-inch pipe sewer.

468 feet 18-inch pipe sewer.

410 feet 12-inch pipe sewer.

1,250 feet 6-inch pipe sewer for house connections.

10 manholes.

6 receiving basins.

The estimated cost of construction is \$7,000, and the assessed valuation of the property to be benefited is \$66,375.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on September 20, 1905, initiating proceedings for the construction of a temporary sewer in Fifteenth street, between Seventh avenue and the crown 225 feet north, in the Third Ward.

This street is located within the limits of what was formerly College Point, and has not been placed upon the map of the City. The street, however, was recognized and improved by the trustees of the former village.

An examination of the ground shows that the roadway has been macadamized, that the sidewalks have been laid, that shade trees have been planted, and that most of the abutting property has been fenced. There are several houses along the line of the street through the half block affected by the resolution, and the sewer through the northerly half of the block has already been built.

There is also presented a map of the temporary sewer proposed.

The outlet sewer has been built, and I see no reason why the resolution should not be approved, such action being recommended. I would also recommend the approval of the plan.

The work to be done comprises the following:

255 linear feet 12-inch pipe sewer.

1 manhole.

The estimated cost of construction is \$800, and the assessed valuation of the property to be benefited is \$11,550.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Queens, entitled "Plan for construction of temporary sewer in Fifteenth street, from Seventh avenue to 225 feet north of Seventh avenue, College Point, Third Ward, Borough of Queens," and dated November 22, 1905.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 20th day of September, 1905, and approved by the President of the Borough of Queens on the 20th day of September, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a temporary sewer in Fifteenth street, from Seventh avenue to the crown 225 feet north of Seventh avenue, in the Third Ward of the Borough of Queens,"—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$800, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$11,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for laying an asphalt block pavement on Eleventh avenue, between Broadway and Newtown road, in the First Ward.

This resolution affects a length of about one and a half blocks of Eleventh avenue, proceedings for acquiring title to which were authorized in 1901. In 1903 improvements were desired in this street between the same limits as those named in the resolution now presented, but the oaths of the Commissioners of Estimate and Assessment in the proceeding had not then been filed. Information was presented, however, to show that the street had been dedicated to public use. The evidences of dedication having been deemed sufficient to justify the grading of the street and the construction of the sewer, I see no reason why there should be any necessity for the formal vesting of title at this time. The improvements authorized have been carried out, the water main has been laid, and there are a large number of houses upon the abutting property.

The improvement is, in my judgment, a proper one, and its authorization is recommended, the work to be done comprising the following:

5,300 square yards asphalt block pavement.

The estimated cost of construction is \$17,300, and the assessed valuation of the property benefited is \$179,000.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 6, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for the laying of an asphalt block pavement on Sixteenth avenue, between Broadway and Graham avenue, in the First Ward.

Title to the block of Sixteenth avenue affected by this resolution has been formally vested in the City. The grading, curbing and flagging of this street and the construction of a sewer were authorized last year. The water main has been laid and a few houses have been erected upon the abutting property.

The improvement seems to be a proper one and its authorization is recommended, the work to be done comprising the laying of 3,100 square yards of asphalt block pavement, at an estimated cost of \$7,500. The assessed valuation of the property to be benefited is \$35,000.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for laying an asphalt block paving on Seventh avenue, between Jackson and Washington avenues, in the First Ward.

This resolution affects a length of two blocks of Seventh avenue, title to which has been legally acquired. The grading, curbing and flagging of the street and the construction of the sewer have been authorized, and both improvements have been carried out. A number of houses have been erected upon the abutting property, and the water main is now being laid.

I see no reason why the improvement should not be authorized, and would recommend such action, with the understanding that the gas main be laid before the work is undertaken. The work to be done comprises the laying of 3,600 square yards of asphalt block pavement. The estimated cost of construction is \$12,000, and the assessed valuation of the property to be benefited is \$44,310.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for the laying of an asphalt pavement on Thirteenth avenue, between Broadway and Jamaica avenue, in the First Ward.

This resolution affects a length of one block of Thirteenth avenue, proceedings for acquiring title to which were authorized in 1904, and are yet in progress. For the purpose of carrying out other improvements in the street, title was vested in the City on May 15, 1906. The street has been graded, curbed and flagged, the sewer has been built, the water main is now being laid, and a large number of houses have been erected.

Approval of the resolution is recommended, with the understanding that before construction is begun the gas mains will be provided. The work to be done comprises the laying of 3,100 square yards of asphalt block pavement. The estimated cost of construction is \$10,000, and the assessed valuation of the property to be benefited is \$49,750.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

##### *In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 3d day of May, 1906, and approved by the President of the Borough of Queens on the 3d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with asphalt block pavement the roadway of Thirteenth avenue, from Broadway to Jamaica avenue, in the First Ward of the Borough of Queens,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$10,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$49,750, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### PAVING JAMAICA AVENUE, QUEENS.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

##### *In the Local Board of the Newtown District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave with sheet asphalt Jamaica avenue, from Steinway avenue to Newtown avenue, in the First Ward of the Borough of Queens; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

OFFICE OF THE CHIEF ENGINEER,  
June 22, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on May 3, 1906, initiating proceedings for the laying of an asphalt pavement on Jamaica avenue, between Steinway and Newtown avenues, in the First Ward.

This resolution affects a length of three blocks of Jamaica avenue, title to which has been legally acquired. The street has been graded, curbed and flagged, the sewer has been built and the water main has been laid. Several houses have been erected upon the abutting property.

Approval of the resolution is recommended, with the understanding that before the work is undertaken the gas main will be provided. The work to be done comprises the laying of 3,500 square yards of asphalt pavement. The estimated cost of the construction is \$8,600, and the assessed valuation of the property benefited is \$184,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 3d day of May, 1906, and approved by the President of the Borough of Queens on the 3d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, that this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with sheet asphalt Jamaica avenue, from Steinway avenue to Newtown avenue, in the First Ward of the Borough of Queens,"

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWERAGE PLAN FOR DISTRICT 6-A, RICHMOND.

The following communication from the President of the Borough of Richmond, and report of the Chief Engineer were presented:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, }  
NEW BRIGHTON, N. Y., May 2, 1906. }

Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—I send you herewith, with request that the matter be given the earliest possible consideration, a map showing a change of grade and size of sewer in Sewerage District 6-A, New York avenue, between Fingerboard road and Nautilus street, in the Fourth Ward, Borough of Richmond; with accompanying explanatory schedule showing the change and estimate of cost of the proposed sewer over the one heretofore adopted; the great difference in the change being the possible reduction in velocity of flow from 22 feet per second in the old plan to 14 feet per second in the new.

Yours respectfully,

GEORGE CROMWELL,

President of the Borough of Richmond.

REPORT No. 4097.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 25, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Richmond, dated May 2, 1906, requesting the approval of a modification in the drainage plan of Sewerage District 6-A, in the Fourth Ward.

This change affects the sewer in Nautilus street, between New York avenue and the bulkhead line, and in New York avenue, between St. John's avenue and Fingerboard road. On this date a report has been prepared recommending the approval of a resolution providing for the construction of these sewers, and attention has been called to the proposed change in plan on Nautilus street, it being the intention to substitute temporarily a 20-inch iron pipe through that portion of its length now under water, the original plan calling for a sewer having a diameter of six feet six inches. The plan now presented shows both sewers, so that the larger one can be built in the future when the increased capacity is needed.

The change in plan along New York avenue provides for a slight increase in size, with flatter gradients; there is no material increase in the cost of construction by reason of the change.

Approval of the plan is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Richmond, entitled "Map or plan showing a change of grade and size of sewer on New York avenue, from Fingerboard road to Nautilus street, and on Nautilus street from the pierhead line to a point 520 feet westerly therefrom, in Sewerage District No. 6-A, Fourth Ward, Borough of Richmond, The City of New York," and dated June 6, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWERAGE PLAN FOR DISTRICT 19-A, RICHMOND.

The following communication from the President of the Borough of Richmond, and report of the Chief Engineer were presented:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, }  
NEW BRIGHTON, N. Y., April 26, 1906. }

Board of Estimate and Apportionment, City Hall, New York City:

GENTLEMEN—I send you herewith for approval map or plan showing location, size and grades of sewers in Sewerage District 19-A, Third Ward, Borough of Richmond. This map also indicates the watershed boundary lines and includes two sanitary sewer districts which should have connection with the main system, though topographically outside of the strict watershed lines. In one district we wish to construct the sewers in connection with the main system; in the other there is no immediate requirement. We would ask the earliest possible consideration and approval of the plan submitted, so that the Local Board of the Staten Island District may initiate proceedings for the actual construction of the sewers, which are very greatly needed.

Yours truly,

GEORGE CROMWELL,

President of the Borough of Richmond.

REPORT No. 4098.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 25, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Richmond, bearing date of April 26, 1906, requesting the approval of a drainage plan for Sewerage District 19A, in the Third Ward.

The map submitted affects the territory bounded approximately by New York Bay, Harbor road, the Staten Island Rapid Transit Railroad and Holland avenue.

On July 18, 1902, the drainage plan for a portion of this area was approved by the Board of Estimate and Apportionment, and on September 26 following the construction of the sewers for the district was authorized, the resolution affecting Andros avenue, Mersereau street and Richmond terrace. At that time it was believed that the City owned sufficient land in Andros avenue, between Richmond terrace and the bulkhead line, to permit of building the outlet sewer required, but it was subsequently found that this title was insufficient, so that the work has not yet been undertaken. The plan now submitted affects a larger district than that covered by the original plan, and changes the location of the outlet to Harbor road, along the extension of which street a dock has been built, and the same is owned by the City.

The plan now submitted seems to be a proper one, and its approval is recommended.

The effect of this change will be the substitution of this plan for the one heretofore adopted, and I would therefore recommend that the resolution of September 26, 1902, providing for the construction of sewers in Mersereau street, Andros avenue and Richmond terrace be rescinded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby rescinds the resolution adopted by said Board on the 26th day of September, 1902, providing for the construction of sewers in Mersereau avenue, Richmond terrace and Andros avenue, in the Borough of Richmond.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the map submitted by the President of the Borough of Richmond, entitled "Map or plan showing location, size and grades of sewers in Sewerage District 19-A, Third Ward, Borough of Richmond, The City of New York."

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWERS IN NAUTILUS STREET, ETC., RICHMOND.

The following resolution of the Local Board of Staten Island, Borough of Richmond, and report of the Chief Engineer were presented:

*In the Local Board of the Staten Island District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a combined sewer with appurtenances in the right of way from the bulkhead line to the easterly end of Nautilus street, in Nautilus street, from its easterly end to New York avenue; in New York avenue, from Fingerboard road to St. John's avenue; in Fingerboard road, from New York avenue to Summer street; in Summer street, from Fingerboard road to Lyman avenue; in St. John's avenue, from New York avenue to Staten Island Rapid Transit Railroad right of way; in First street, from St. John's avenue to Maryland avenue; in Second street, from St. John's avenue to a point about 100 feet south of Maryland avenue; and in Third street, from St. John's avenue to a point 100 feet south of Maryland avenue, in Sewer District 6A, in the Fourth Ward of the Borough of Richmond; and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Staten Island District on the 20th day of March, 1906, all the members being present and voting in favor thereof.

REPORT No. 4096.

BOARD OF ESTIMATE AND APPORTIONMENT, }  
OFFICE OF THE CHIEF ENGINEER, }  
June 25, 1906. }

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On July 11, 1905, the Local Board of the Staten Island District, Borough of Richmond, adopted a resolution providing for the construction of sewers in a large number of streets in the Fourth Ward. Title to some of the streets to be occupied had not been acquired and proceedings were instituted to acquire title to two of them, while a third proceeding was delayed owing to an objection made to the width of the street as mapped. The delay in this last-mentioned case has made it necessary to omit several of the sewers proposed, and for the purpose of beginning construction in the immediate future, the Local Board has rescinded its original resolution, and under date of March 20, 1906, adopted a new one providing for sewers in the following streets:

Nautilus street, between New York avenue and the bulkhead line.  
New York avenue, from Fingerboard road to St. John's avenue.  
Fingerboard road, from New York avenue to Summer street.  
Summer street, from Fingerboard road to Lyman avenue.  
St. John's avenue, from New York avenue to the Staten Island Rapid Transit right-of-way.  
First street, from St. John's avenue to Maryland avenue.  
Second street, from St. John's avenue to a point about 100 feet south of Maryland avenue.  
Third street, from St. John's avenue to a point about 100 feet south of Maryland avenue.

The streets affected were placed upon the map of the City on September 16, 1903, and the lines as then fixed were intended to agree with the lines of the existing streets. The drainage map for the district was adopted on the same date.

Proceedings for acquiring title to Second street, between St. John's avenue and Maryland avenue, were authorized on January 20, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on July 25 following.

Proceedings for acquiring title to an easement at the foot of Nautilus street were authorized on June 12, 1903, but progress with the same was delayed owing to the existence of some doubt as to the necessity for filing a map showing the proposed easement, and it was not until a short time ago that the Commissioners of Estimate and Assessment were appointed. The Commissioners have not yet filed their oaths, but I am advised that they will qualify at about the end of this month, so that there is no question as to the proceeding now being properly advanced. The land to be taken under the easement is encroached upon by a frame shed.

Affidavits are presented with the resolution showing that all of the remaining streets have been in public use for more than twenty years, and there is presented a statement from the Principal Assistant Engineer of the Borough to the effect that the streets as in use coincide with the lines fixed upon the map. An examination of the ground shows that there can be no question as to the sufficiency of the dedication. The plan heretofore adopted provides for the building of a sewer having a diameter of 6 feet 6 inches in Nautilus street, extending to the bulkhead line. Until the district is more populated it is believed that a 20-inch pipe sewer through the portion under water will prove of sufficient size, and a map providing for this modification and for a change in a few other details is also presented for adoption.

Owing to the great need of sewers in this section the Borough President requests the immediate authorization of the improvement, although it will not be possible to enter upon the Nautilus street easement until some time early next year, and he states that this portion of the work will be deferred, the remaining sewers being built first.

I see no reason why this resolution should not be approved, and would recommend such action, the work to be done comprising the following:

- 424 linear feet 20-inch cast-iron pipe sewer.
- 250 linear feet 6-foot 6-inch reinforced concrete sewer.
- 768 linear feet 6-foot 4-inch reinforced concrete sewer.
- 120 linear feet 3-foot 8-inch by 5-foot 6-inch reinforced concrete sewer.
- 285 linear feet 3-foot 6-inch by 5-foot 3-inch reinforced concrete sewer.
- 510 linear feet 5-foot 10-inch by 5-foot 9-inch reinforced concrete sewer.
- 110 linear feet 3-foot 8-inch by 5-foot 6-inch reinforced concrete sewer.
- 168 linear feet 3-foot 6-inch by 5-foot 3-inch reinforced concrete sewer.
- 1,172 linear feet 3-foot 10-inch by 5-foot 9-inch reinforced concrete sewer.
- 220 linear feet 3-foot 2-inch by 4-foot 9-inch reinforced concrete sewer.
- 270 linear feet 3-foot by 4-foot 6-inch reinforced concrete sewer.
- 240 linear feet 2-foot 4-inch by 3-foot 6-inch brick sewer.
- 170 linear feet 2-foot 2-inch by 3-foot 3-inch brick sewer.
- 465 linear feet 1-foot 8-inch by 2-foot 6-inch brick sewer.
- 680 linear feet 12-inch vitrified pipe.
- 35 receiving basins.
- 21 manholes.

The estimated cost of construction is \$73,900, and the assessed valuation of the property to be benefited is \$1,299,545.

I would recommend that title to Second street, between St. John's and Maryland avenues, be vested in the City on August 15, 1906, and that title to the easement at the foot of Nautilus street be vested in the City six months after date of filing of the oaths of the Commissioners of Estimate and Assessment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 20th day of January, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Second street, between St. John's avenue and Maryland avenue, in the Borough of Richmond, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Second street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 25th day of July, 1905; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said Second street, between St. John's and Maryland avenues, in the Borough of Richmond, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Whereas, The Board of Estimate and Apportionment on the 12th day of June, 1903, adopted a resolution requesting the Corporation Counsel to acquire title to an easement, for the purpose of a sewer outlet, over and in the private property at the foot of Nautilus street, in the Fourth Ward of the Borough of Richmond, more particularly described as follows:

"Beginning at a point on the northerly line of Nautilus street, at its easterly end, said point being seven hundred and twenty-seven (727) feet, more or less, easterly from the intersection of the northerly line of Nautilus street with the easterly line of New York avenue, thence easterly along the southerly line of the property of the New York State Quarantine Boarding Station, seven hundred and seventy-five (775) feet, more or less, to the pierhead line, approved by the Secretary of War June 21, 1889; thence southerly along said pierhead line ten (10) feet; thence westerly and parallel to the first-mentioned line and ten (10) feet distant therefrom seven hundred and seventy-five (775) feet, more or less, to Nautilus street; thence northerly ten (10) feet to the point or place of beginning"; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said easement; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, as amended, directs that the title to the easement hereinbefore described in the Borough of Richmond, City of New York, so required, shall be vested in The City of New York six months after the filing of the oaths of the Commissioners of Estimate and Assessment in said proceeding.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### *\* In the Board of Estimate and Apportionment.*

A copy of the resolution of the Local Board of the Staten Island District, duly adopted by said Board on the 20th day of March, 1906, and approved by the President of the Borough of Richmond on the 20th day of March, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a combined sewer with appurtenances in a right of way from the bulkhead line to the easterly end of Nautilus street, in Nautilus street from its easterly end to New York avenue; in New York avenue, from Fingerboard road to St. John's avenue; in Fingerboard road, from New York avenue to Summer street;

in Summer street, from Fingerboard road to Lyman avenue; in St. John's avenue, from New York avenue to Staten Island Rapid Transit Railroad right of way; in First street, from St. John's avenue to Maryland avenue; in Second street, from St. John's avenue to a point about 100 feet south of Maryland avenue; and in Third street, from St. John's avenue to a point 100 feet south of Maryland avenue, in Sewer District 6A, in the Fourth Ward of the Borough of Richmond; and to do such other work as may be necessary to the completion of the work described,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$73,900; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$1,299,545, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### MISCELLANEOUS.

On motion of the Comptroller the following was adopted:

Whereas, At a meeting of the Board of Estimate and Apportionment, held April 6, 1906, it was determined that the Local Improvements to be authorized during the year 1906 be limited in amount to the sum authorized for the year 1905, viz., \$5,858,230; and

Whereas, The estimated cost of Local Improvements authorized in the year 1906, up to and including the meeting of June 15, 1906, amount to \$5,090,450; and the estimated cost of Local Improvements upon the calendar for the meeting of June 29, 1906, amount to \$784,900, making together \$5,875,350; therefore be it

Resolved, That the consideration of further authorizations of Local Improvements be taken up at the first Public Improvement meeting of the Board in September, and that the Presidents of the several Boroughs be requested to submit at that time a schedule of Local Improvements requiring urgent action, and which should be authorized during the present year.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion of the Comptroller, the following resolutions were adopted:

Resolved, That at the next meeting of this Board both financial and public improvement matters will be considered, and that the Secretary be directed to make up his calendar in accordance with this resolution; and be it further

Resolved, That if a meeting shall be called during the recess of the Board, both public improvement and financial matters shall be considered at the meeting.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWERS IN UNIONPORT SECTION, THE BRONX.

The President of the Borough of The Bronx moved that the Chief Engineer be directed to confer with him relative to the construction of sewers in the Unionport section, Borough of The Bronx, which motion was unanimously agreed to.

The Board then took up the consideration of financial matters.

JOSEPH HAAG, Secretary.

Minutes of meeting of Board of Estimate and Apportionment, City of New York, held in Room 16, City Hall, Friday, July 6, 1906.

The Board met in pursuance of adjournment.

Present—The Mayor (Acting Mayor McGowan), the Comptroller, the President of the Board of Aldermen (Acting President Goodman), the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Acting Mayor, Hon. Patrick F. McGowan, presided.

After considering franchise and financial matters the Board took up the consideration of public improvements.

#### WATER SUPPLY FROM SCHOHARIE WATERSHED.

The question of the approval of certain plans prepared by the Board of Water Supply of The City of New York, and involving the diversion of water from the Schoharie creek in the County of Greene, came up for consideration.

It appeared that at a meeting of the Board of Estimate and Apportionment held on June 15, 1906, a report was presented by the Board of Water Supply of The City of New York, bearing date June 13, 1906, accompanied by a map or plan entitled "Map and profile showing manner of obtaining from Schoharie creek an additional supply of water for The City of New York," whereupon the said Board did adopt the following resolution:

"Whereas, The Board of Water Supply of The City of New York, pursuant to chapter 724 of the Laws of 1905, has made such surveys, maps, plans, specifications, estimates and investigations as it deemed proper in order to ascertain the facts as to what sources for an additional supply of pure and wholesome water for The City of New York exist and are most available, desirable and best for the said supply, and has reported to the Board of Estimate and Apportionment with recommendations as to what action should, in its opinion, be taken with reference thereto, which report with a map, plan and profile accompanying the same bears the date of June 13, 1906, and is entitled 'Map and profile, showing manner of obtaining from Schoharie creek an additional supply of water for The City of New York'; said map is on file in the

office of the Board of Water Supply of The City of New York, No. 299 Broadway, New York City; now therefore be it

"Resolved, That the 6th day of July, 1906, at 10.30 o'clock in the forenoon, at Room 16 in the City Hall, in The City of New York, be fixed as the time and place for a public hearing upon the said report, and that notice be given of such public hearing by publication in the newspapers designated by the Board of City Record as official city papers, excluding all borough papers, and in all papers published in the counties affected, which are designated as 'official papers' for the publication of official notices, if any, and if there be none such, then in any two papers published in the counties so affected; and be it further

"Resolved, That the Secretary of this Board be directed to give such notices as are provided for in said statute and as he may be advised by the Corporation Counsel, with whom he is directed to confer in regard to this matter."

Whereupon certain notices were given and certain publications made pursuant to the said resolution, all of which is evidenced by papers, affidavits and documents on file with the Secretary of this Board.

The matter having thus come on for a hearing as to the adoption of the said report there appeared in favor thereof Charles N. Chadwick, Commissioner of the Board of Water Supply, and Seely Conover, Chairman of the Board of Supervisors of the County of Montgomery, opposed; no others appearing after all persons had been afforded a reasonable opportunity to be heard.

Whereupon the Acting Mayor presented the following resolutions, which were unanimously adopted:

Whereas, The Board of Water Supply of The City of New York, pursuant to chapter 724 of the Laws of 1905, has made such surveys, maps, plans, specifications, estimates and investigations as it deemed proper in order to ascertain the facts as to what sources for an additional supply of pure and wholesome water for The City of New York exist and are most available, desirable and best for the said supply, and has reported to the Board of Estimate and Apportionment with recommendations as to what action should, in its opinion, be taken with reference thereto, which said report with a map, plan and profile accompanying the same bears the date of June 13, 1906; and

Whereas, The Board of Estimate and Apportionment, upon the receipt of the said report with the map, plan and profile accompanying the same, and on the 15th day of June, 1906, did adopt a resolution that July 6, 1906, at 10.30 o'clock in the forenoon, at Room No. 16, in the City Hall, in The City of New York be fixed as the time and place for a public hearing upon the said report, and that notices be given of such public hearing by publication in the newspapers designated by the Board of City Record, as official City papers, excluding all Borough papers, and in all papers published in the counties affected which are designated as "official papers" for the publication of official notices, if any; and if there be none such, then in any two papers published in the counties so affected; and

Whereas, The Board of Estimate and Apportionment, in order to afford to all persons interested a reasonable opportunity to be heard respecting said report, map, plan and profile, has given reasonable public notice of such hearing, and in addition has given notice of such hearing by mailing or delivering to the Chairman and Clerk of each of the Boards of Supervisors of the counties where the real estate to be acquired is situated a notice of such hearing at least eight days before the 6th day of July, 1906, to wit, to the Chairman and Clerk of the respective Boards of Supervisors of the counties of Albany, Columbia, Delaware, Dutchess, Greene, Montgomery, Orange, Putnam, Rensselaer, Rockland, Schenectady, Saratoga, Schoharie, Ulster, Westchester, and to the President of the Board of Aldermen of The City of New York, and to the City Clerk of The City of New York for the counties of New York, Kings, Queens and Richmond; and

Whereas, The said notice of such hearing was published in all of the papers specified and referred to above, being the CITY RECORD, the newspapers designated by the Board of City Record as official City papers, excluding all borough papers, and in all papers published in the counties affected, which are designated as official papers for the publication of official notices, if any; and if there be none such, then in any two papers published in the counties so affected, all of which is evidenced by the affidavits, certificates and documents filed in the office of the Secretary of the Board of Estimate and Apportionment; and

Whereas, On the 6th day of July, 1906, at 10.30 o'clock in the forenoon, at Room No. 16, in the City Hall, in The City of New York, the Board of Estimate and Apportionment met pursuant to said notice, and a public hearing was given to all persons interested in the matter, and a reasonable opportunity to be heard respecting the same was afforded to such persons, at which hearing the said report, with the map, plan and profile accompanying the same was considered and due deliberation was had, and Charles N. Chadwick, Commissioner of the Board of Water Supply, appearing and being heard in favor of the said report, map, plan and profile, and Seely Conover, Chairman of the Board of Supervisors of the County of Montgomery, appearing and being heard in opposition thereto; now therefore be it

Resolved, That the Board of Estimate and Apportionment does hereby approve and adopt said report and the map, plan and profile accompanying the same, bearing the date June 13, 1906, and presented by the Board of Water Supply of The City of New York, the same being entitled "map and profile showing manner of obtaining from Schoharie creek an additional supply of water for The City of New York," and does direct that the said map, plan and profile be executed, signed, certified and filed as directed in section 3 of chapter 724 of the Laws of 1905, and does hereby declare the same to be the final map, plan or plans, approved and adopted by the Board of Estimate and Apportionment as provided for in said section; and be it further

Resolved, That The City of New York make application by petition, in writing, to the State Water Supply Commission for the approval of the said maps and profiles of the said proposed new or additional source or sources of water supply of The City of New York, pursuant to chapter 723 of the Laws of 1905, and that the Corporation Counsel be and he hereby is requested to prepare such papers and to take such steps with that end in view as may be proper.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT CARROLL STREET, BROOKLYN.

In the matter of the proposed laying out of Carroll street, between Rogers and Nostrand avenues, in the Borough of Brooklyn, affidavits of publication were presented, showing that the matter had been duly advertised.

Nobody appearing in favor of, or in opposition to, the proposed lay-out, the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 22d day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as

to lay out Carroll street, between Rogers avenue and Nostrand avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 6th day of July, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 6th day of July, 1906; and.

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 6th day of July, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out Carroll street, between Rogers avenue and Nostrand avenue, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to lay out the aforesaid street as follows:

Beginning at a point on the easterly side of Rogers avenue distant 255 feet 7 inches southerly from the corner formed by the intersection of the easterly side of Rogers avenue with the southerly side of President street; thence easterly parallel with President street 700 feet to the westerly side of Nostrand avenue, which point is distant 255 feet 7 inches southerly from the corner formed by the intersection of the westerly side of Nostrand avenue with the southerly side of President street; thence southerly at right angles with the last mentioned line and along the westerly side of Nostrand avenue as now laid out 70 feet, which point is distant 255 feet 7 inches northerly from the corner formed by the intersection of the westerly side of Nostrand avenue and the northerly side of Crown street; thence westerly and parallel with Crown street 700 feet to a point 255 feet 7 inches from the corner formed by the intersection of the easterly side of Rogers avenue with the northerly side of Crown street; and thence northerly along the easterly side of Rogers avenue as now laid out 70 feet to the point or place of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT SEVENTY-FOURTH STREET, BROOKLYN.

Hearing in the matter of the proposed laying out of Seventy-fourth street, from Narrows avenue to the Shore road, in the Borough of Brooklyn, which was postponed on June 29, was opened.

Nobody appearing in favor of, or in opposition to, the proposed lay-out, the hearing was closed.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 1st day of June, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out Seventy-fourth street, from Narrows avenue to the Shore road, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 29th day of June, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that the aforesaid resolutions and notice have been published in the CITY RECORD and in the corporation newspapers for ten days prior to the 29th day of June, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out Seventy-fourth street, from Narrows avenue to the Shore road, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to lay out the aforesaid street as follows:

Seventy-fourth street, from Narrows avenue to the Shore road, to be laid down by prolonging westerly the lines of Seventy-fourth street as the same are laid down on the map of the City east of Narrows avenue.

Seventy-fourth street as herewith laid out to be 60 feet wide and about 250 feet long.

Note—The lines of Seventy-fourth street as herewith laid out are the same as those originally laid down on the Commissioners' map.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### LAYING OUT WEST ONE HUNDRED AND FIFTY-SEVENTH STREET, MANHATTAN.

The following report from the Comptroller was presented:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 3, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment, at its meeting held January 12, 1906, referred to you the matter of the laying out of West One Hundred and Fifty-seventh street, between St. Nicholas avenue and Edgecombe road, in the Borough of Manhattan, in order that the property owners could confer with you as to the compensation for additional 10-foot strips which the City still has title to. The delay in the matter was caused by the fact that this office requested a further opinion in the matter from the Corporation Counsel, and while he is of the opinion that the interest of the City is material, he also states that the property cannot be used to advantage for any building operations by the City.

In the original opinion in regard to the matter, under date of May 20, 1905, the Corporation Counsel stated that the title to the lands acquired for West One Hundred and Fifty-seventh street, between St. Nicholas avenue and Edgecombe road, is still in The City of New York, relieved of the trust of maintaining the same as a public street, but still subject to the burden for the beneficial use of it by the abutting owners.

This office has agreed with the attorney for the property owners upon a price to be paid by them for the property, subject to the approval of the Commissioners of the Sinking Fund.

I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt the necessary resolution laying out West One Hundred and Fifty-

seventh street, between St. Nicholas avenue and Edgcombe road, in the Borough of Manhattan, as a 60-foot street.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved :

H. A. METZ, Comptroller.

The following was then adopted:

Whereas, At a meeting of this Board, held on the 1st day of December, 1905, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out West One Hundred and Fifty-seventh street, between Avenue St. Nicholas and Edgcombe road, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 12th day of January, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 12th day of January, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 12th day of January, 1906; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out West One Hundred and Fifty-seventh street, between Avenue St. Nicholas and Edgcombe road, in the Borough of Manhattan, City of New York, does hereby favor the same, so as to lay out the aforesaid street as follows:

Beginning at a point in the easterly line of Avenue St. Nicholas distant 476.75 feet northerly as measured along the easterly line of Avenue St. Nicholas from the northeasterly corner of West One Hundred and Fifty-fifth street and Avenue St. Nicholas, thence easterly and parallel to West One Hundred and Fifty-fifth street, distance 150.95 feet to the westerly line of Edgcombe road; thence northerly along the said line, distance 60 feet; thence westerly and parallel to the first course, distance 167.46 feet to the easterly line of Avenue St. Nicholas; thence southerly along said line, distance 62.23 feet to the point or place of beginning.

The said street to be 60 feet wide between Avenue St. Nicholas and Edgcombe road.

(The land to be acquired is found in Section 8, Blocks 2107 and 2108, of the Land Map of the Borough of Manhattan, City of New York.)

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### WIDENING UNION AND DEGRAW STREETS, BROOKLYN.

The following report from the Chief Engineer was presented, and the matter was referred to the President of the Borough of Brooklyn:

REPORT No. 4166.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On December 6, 1905, the Local Board of the Flatbush District, Borough of Brooklyn, adopted a resolution providing for regulating, grading, curbing and laying cement sidewalks on Union street, between New York and Brooklyn avenues. The resolution was not received in this office until May 31, 1906.

Before reporting upon the resolution to improve this street I beg to call the attention of the Board to the unusual width of Union and Degraw streets, between New York avenue and East New York avenue. When the Eastern parkway was laid out and improved, under special acts of the Legislature, Union and Degraw streets, which are, respectively, the next streets south and north of the Eastern parkway, and parallel therewith, were made thirty-five feet wide. The Eastern parkway has a width of 210 feet, and the blocks between this parkway and the two adjacent streets, are about 220 feet wide, of which, however, the 30 feet along the Eastern parkway, appears to be restricted against buildings. An extraordinary piece of legislation prohibited the erection on either Union or Degraw streets, of anything except stables, it having apparently been assumed that the Eastern parkway would be devoted to residences with spacious grounds, and that Union and Degraw streets would be their stable streets. This development did not take place. The land has for years been unimproved, and it is now being built up with block houses of a very modest type. The restriction against any structures but stables has been removed, and we have two streets which will undoubtedly be devoted to residences, with a width of 35 feet, each having on one side a boulevard 210 feet in width and a street 100 feet in width on the other. Union street is practically unimproved for its entire length. Several blocks of Degraw street have been built upon, and while it is possible by setting back the houses to make these streets, actually 35 feet wide, very attractive, and to give them an appearance of greater width, the abutting property owners who do so are at the mercy of any owner who cares to carry his building out to the street line. A 35-foot street would not be considered in any borough at the present time, and before reporting upon the improvement of either of these streets, I beg to recommend that these conditions be brought to the attention of the President of the Borough, with a request for a report from him as to the advisability of so changing the map of the City as to give to Union and Degraw streets, between New York and East New York avenues, an adequate width for a residential street.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

#### LAYING OUT GOUVERNEUR PLACE, THE BRONX.

The following communication from the Corporation Counsel was placed on file:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
New York, June 26, 1906.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment a resolution was passed changing the map or plan of The City of New York by laying out Gouverneur place, from Park avenue to Washington avenue, between East One Hundred and Sixty-sixth and East One Hundred and Sixty-seventh streets, Borough of The Bronx, City of New York. The Secretary of the Board was instructed not to forward the resolution to the Mayor for approval until a deed of cession had been accepted by the City.

At a previous meeting held on February 9, 1906, the report of Nelson P. Lewis, Chief Engineer of the Board of Estimate and Apportionment, dated January 25, 1906, was spread on the minutes. It stated, among other things, that "the attorneys for the petitioner have advised me that he proposes to remove the buildings now encroaching upon the street, and that as soon as the street has been placed upon the map of the City he will give a satisfactory deed to such of his land as falls within its lines."

Mr. Benjamin Reich, attorney for Barnett Schapiro and Abraham Kahn, the petitioning property owners, has presented to me a deed of so much of the land of his clients as lies within the lines of Gouverneur place as laid out by the resolution of

March 9, 1906. This deed is apparently the one referred to in the last mentioned resolution, and it is accepted by the City.

The resolution laying out Gouverneur place, from Park avenue to Washington street, between East One Hundred and Sixty-sixth and East One Hundred and Sixty-seventh streets may therefore be forwarded to the Mayor for approval, pursuant to the instructions of the Board of Estimate and Apportionment at the meeting of March 9, 1906.

Yours respectfully,

G. L. STERLING,

Acting Corporation Counsel.

#### OPENING SENATOR STREET, BROOKLYN.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
New York, June 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor:

SIR—I am in receipt of a letter dated June 7, 1906, signed by William A. Willis, Assistant Secretary, transmitting for my consideration two communications from Albert J. Shaw, one dated June 7, 1906, addressed to Hon. George B. McClellan, Chairman of the Board of Estimate and Apportionment, and the other dated June 6, 1906, addressed to the Board of Estimate and Apportionment, referring to the opening of Senator street, from First avenue to Fifth avenue, in the Borough of Brooklyn.

Mr. Shaw states in his letter to the Board of Estimate and Apportionment that a client of his, the State Realty and Mortgage Company, owns all the land adjoining on either side of the proposed street between Third and Fourth avenues, and also owns the fee of all but a small portion of land lying in the proposed street between said avenues; that his client is willing to agree with the City under section 994 of the Charter, whereby the State Realty and Mortgage Company will convey to the City for a nominal consideration, all the land owned by it in the proposed Senator street, provided that in return the company receive upon its adjoining land only a nominal assessment in the condemnation proceeding.

In the proceeding now pending for the opening of Senator street the Commissioners were appointed on May 14, 1906, and have not yet qualified or organized for the purpose of holding meetings, and consequently a very small expense has been incurred.

I find upon an examination, that the total expense of said proceeding up to date is, approximately, \$220, and that the amount that should be borne by the property owned by the State Realty and Mortgage Company abutting on Senator street, which should be assessed for the opening of Senator street is, approximately, \$55.

I beg to advise you that the proper way to dispose of this offer of the State Realty and Mortgage Company is for the Board of Estimate and Apportionment to pass a resolution that the City accept a deed from said company for all of the land lying in the bed of Senator street, between Third and Fourth avenues, owned by it, for a nominal consideration and that an assessment of \$55 for benefit be placed on the abutting property owned by the State Realty and Mortgage Company, including any additional sum as an assessment for any buildings which may be taken in said proceeding, according to the provisions of the Charter of The City of New York.

After this is done, the State Realty and Mortgage Company may appear before the Commissioners with a copy of said resolution and the deed to the City, and the award and assessment will be made accordingly.

Very respectfully,

G. L. STERLING,

Acting Corporation Counsel.

The following resolution was then adopted:

Resolved, By the Board of Estimate and Apportionment of The City of New York, that the Corporation Counsel be and he hereby is requested to accept a deed from the State Realty and Mortgage Company for all of the land lying in the bed of Senator street, between Third and Fourth avenues, in the Borough of Brooklyn, owned by it, for a nominal consideration; and that an assessment of \$55 for benefit be placed on the abutting property owned by the said State Realty and Mortgage Company, including any additional sum as an assessment for any buildings which may be taken in the proceeding for opening Senator street, from First avenue to Fifth avenue, in the Borough of Brooklyn.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### OPENING BEDFORD AVENUE, BROOKLYN.

The matter of discontinuing proceedings for opening Bedford avenue, from Heyward street to the Williamsburg Bridge plaza, was, on motion of the Comptroller, referred back to the Committee.

#### PRELIMINARY REPORT OF AWARDS ON HIGH BRIDGE PARK, MANHATTAN.

The following petition and report of the Chief Engineer were presented, and the matter was laid over:

Before the Board of Estimate and Apportionment.

In the Matter

of  
The application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired to the lands, tenements and hereditaments required for the extension of High Bridge Park, as shown on a map filed in the office of the Register of the County of New York, December 21, 1903, in accordance with the plan adopted by the Board of Estimate and Apportionment, December 11, 1903, and approved by the Mayor December 18, 1903, in Twelfth Ward, Borough of Manhattan, City of New York.

To the Honorable Board of Estimate and Apportionment:

The petition of John O. Baker respectfully shows:

1. That your petitioner was, until the vesting of certain real property designated as damage map Nos. 54, 54A, 55 and 55A in the above entitled proceeding.
2. That the above-entitled proceedings were initiated by a resolution of your Honorable Board, adopted on the 22d day of April, 1904, and by a further resolution of said Board, title to the lands and premises within the limits of said proceeding duly vested in The City of New York on April 3, 1905.
3. That the case of property owners has now been closed with reference to said parcels Nos. 54, 54A, 55, 55A and 56.
4. Your petitioner further shows that the award for his said property so taken will certainly be large, as the property is of great value, and that therefore it will be desirable for The City of New York to terminate the proceedings as to petitioner's said lands at an early date in order to avoid the payment of 6 per cent. interest to your petitioner, which will continue to run in the favor until payment of the award to be made herein to him.

That the other parcels of land taken in this proceeding are of diverse character and topography, and that in considering the evidence relative to said fifty-four parcels and in making awards therefor the Commissioners of Estimate and Assessment will certainly be occupied for a great length of time, and that consequently the proceedings as a whole will be prolonged.

Your petitioner further shows that there is no obstacle whatsoever to the making of a separate report of awards as to said damage parcel Nos. 54, 54A, 55 and 55A, owned by him as aforesaid, and that for uniformity parcel 56 of the final number in said proceeding should be included in said separate report.

Your petitioner further shows that a petition treating substantially of the foregoing facts was denied by this Board on the 27th day of February, 1906, but that since that time the testimony of the City's experts as to the property of your petitioner has been practically completed, and there is no obstacle to the making of a partial report as to the said parcels above referred to.

Wherefore your petitioner prays that your Honorable Board will reconsider the said petition and that the Board adopt a resolution in conformity with section 985 of the Greater New York Charter, directing the Commissioners of Estimate and Assessment herein to make and file a separate report of awards as to parcels 54, 54A, 55, 55A and 56.

JOHN O. BAKER, Petitioner.

Dated New York, May 18, 1906.

County of New York, ss.:

John O. Baker, being duly sworn says, that he is the petitioner herein, that he has read the foregoing petition and knows the contents thereof, that the same is true to his own knowledge except as to those matters therein stated to be alleged upon information and belief, and as to those matters he believes it to be true.

JOHN O. BAKER.

Sworn to before me this 18th day of May, 1906.

ROBERT C. SPENCE,  
Notary Public, New York County.

REPORT No. 4145.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 27, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition of Mr. John O. Baker, dated May 18, 1906, asks that the Board of Estimate and Apportionment direct the Commissioners of Estimate and Assessment appointed for the acquisition of an extension of High Bridge Park to file a separate report of awards as to Parcels 54, 54A, 55, 55A and 56.

A similar petition was presented to the Board in January last, and a report was submitted from this office and considered at a meeting held on March 23 following, when the request was denied as recommended in the report. This recommendation was made after a consultation with the Bureau of Street Openings and with Mr. Edward H. Hawke, Jr., special counsel in this proceeding, the reasons given being that Mr. Baker, the present and former petitioner, had filed claims for \$746,925 for four of the parcels owned by him, while the fifth parcel was claimed to be worth \$221,650, and that the total claims presented to the Commission amounted to over two millions of dollars. It was further stated that the City would probably be placed at a disadvantage if the Commissioners should adopt a unit of value and make a partial report giving the attorneys for the various property owners the benefit of the City's cross-examination. I have again conferred with the Bureau of Street Openings to see if the situation had in any way changed, and I am now advised that at the present stage of the proceeding the Bureau believes that the completion and filing of a special report as to these five parcels would be unobjectionable and might give the City valuable information as to the line of testimony to be submitted by other owners.

As stated in the previous report, title to the entire park has been vested in the City, and interest has been running since April 3, 1905, when title was vested in the City upon the recommendation of the Corporation Counsel. The Board of Estimate and Apportionment has as a rule been reluctant to consent to the making of separate reports on portions of land taken in condemnation proceedings, believing that such action tended to prolong the proceedings unnecessarily. In reporting upon petitions of this kind your Engineer has been governed largely by the opinions and recommendations of the Bureau of Street Openings, and in view of the statements of that Bureau, as above given, I believe that it would be proper to consent to a separate report, unless the Board desires to maintain its position and refuse its consent unless the circumstances are entirely exceptional, which does not appear to have been shown to be the case in this proceeding.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

#### BRIDGES OVER RAILROAD TRACKS, THE BRONX.

The matter of approving plans for the abutments of bridges to cross railroad tracks, in the Borough of The Bronx, which was laid over on June 20, was taken up, and the following resolution was adopted:

Whereas, The New York, New Haven and Hartford Railroad Company has, in accordance with the provisions of article 12 of the agreement dated December 21, 1904, providing for the six-tracking of the Harlem River and Portchester Railroad, submitted to the Board of Estimate and Apportionment, for its approval, plans for the abutments and piers of bridges over the ten different streets crossed by the said Harlem River and Portchester Railroad; therefore be it

Resolved, That the plans submitted by the New York, New Haven and Hartford Railroad Company in a communication dated June 21, 1906, for the following structures, namely:

1. Abutments for crossing at East One Hundred and Thirty-fourth street, dated May 11, 1906;
2. Abutments for crossing at East One Hundred and Thirty-fifth street, dated April 27, 1906;
3. Abutments for crossing at East One Hundred and Thirty-sixth street, dated May 14, 1906;

The following communication and report of the Chief Engineer were presented: To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York, New Haven and Hartford Railroad Company respectfully shows as follows:

That whereas the twelfth clause of the agreement, dated December 21, 1904, between the New York, New Haven and Hartford Railroad Company and The City of New York, relative to the six-tracking of the Harlem river and Port Chester Railroad, provides as follows:

"Twelfth—The character, design and construction of all bridges which shall be built in accordance with the terms of this agreement, and with the plans hereunto annexed, shall be approved by the Board of Estimate and Apportionment, and no work upon any of the said bridges shall be commenced until detailed plans of the

same shall have been approved by it in writing upon the face of the plan. All such structures shall be constructed of steel, concrete or masonry, or of a combination of those materials."

In accordance with the provisions of the said agreement above set forth, detailed plans for the steel superstructures of the bridges at the following named streets are submitted herewith for approval by this Honorable Board:

1. East One Hundred and Thirty-fourth street.
2. East One Hundred and Thirty-fifth street.
3. East One Hundred and Thirty-sixth street.
4. East One Hundred and Thirty-seventh street.
5. East One Hundred and Thirty-eighth street.
6. East One Hundred and Thirty-ninth street.
7. East One Hundred and Forty-first street.

8. Leggett avenue.
9. Lafayette avenue.
10. Tiffany street.
11. Barretto street.
12. Whittier street.
13. Williamsbridge road.
14. West Farms road.

And also detailed plans for the proposed abutments for the overhead crossings at

1. White Plains road.
2. Bungay street (East One Hundred and Forty-ninth street).
3. Leggett avenue.
4. West Farms road.
5. Longfellow street.
6. Bryant street.
7. Whittier street.
8. Willow avenue and One Hundred and Thirty-first street.
9. One Hundred and Fifty-sixth street.

Wherefore, your petitioner prays that this Board may adopt such resolution or resolutions as may be necessary to approve the said plans, and to cause the said approval to be evidenced in writing upon the face of each of said plans.

Dated New York, June 29, 1906.

THE NEW YORK, NEW HAVEN AND HARTFORD  
RAILROAD COMPANY,

By WILLIAM GREENOUGH, Assistant Attorney.

REPORT No. 4163.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a communication from Mr. William Greenough, Assistant Attorney of the New York, New Haven and Hartford Railroad Company, accompanied by detailed plans for the abutments of the bridges of the New York, New Haven and Hartford Railroad Company's Harlem River Branch at nine different streets crossed by it in the Borough of The Bronx, and also detailed plans for the steel superstructures of fourteen different bridges, the approval of which by the Board of Estimate and Apportionment is asked for in accordance with the provisions of the Twelfth Clause of the agreement of December 21, 1904, between The City of New York and the New York, New Haven and Hartford Railroad Company relative to the six-tracking of the Harlem River and Portchester Railroad. The clause referred to provides that the character, design and construction shall be in accordance with the agreement and with plans approved by the Board of Estimate and Apportionment.

I have already submitted to the Board plans for the masonry abutments of a number of these bridges, some of which have already been approved, while the plans for the abutments of ten different bridges were presented to the Board at the meeting held on June 20, but at the suggestion of your Engineer action was deferred until an opportunity had been afforded for an examination of the remaining abutment plans and those of the superstructures. The plans for both abutments and superstructures appear to agree with the general plan upon which the agreement of December 21, 1904, was based, and I see no reason why they should not be approved.

The plans for the superstructures have been the subject of repeated discussion with the engineers of the Railroad Company, while the President of the Borough of The Bronx, or his representatives, have also been consulted freely as to all the details; the general requirements as to the standard of material and construction have been given the Railroad Company and these instructions have been carried out in the plans now submitted.

Unusual precautions have been taken to protect the steel of the bridges from injury by the atmosphere or fumes, each member below the level of the roadway being encased in concrete. The floors of both railroad and highway bridges are solid, the railroad bridges having a trough system, while the highway bridges are composed of arches of concrete and expanded metal, and provision is made for asphalt paving on the roadways. The highway bridges have all been designed to provide for carrying water and gas mains, with proper frost-proof covering. In order to secure room for these mains it has in several instances been necessary to raise the sidewalks some 18 inches above the level of the roadway, a step being introduced at the curb line to accomplish this purpose. The grades of the railroad tracks and of the streets having already been fixed, it was impossible to secure the necessary space in any other way.

Your Engineer has taken the precaution to confer with one of the engineers of the Department of Bridges, who has been asked to freely criticize the plans, and his opinion is that they call for an excellent class of structure in all respects in accordance with the very best modern practice.

I have, therefore, no hesitation in recommending the approval of the plans for abutments and for superstructures, separate resolutions for which are herewith submitted.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, The New York, New Haven and Hartford Railroad Company has, in accordance with the provisions of Article 12 of the agreement dated December 21, 1904, providing for the six-tracking of the Harlem River and Portchester Railroad, submitted to the Board of Estimate and Apportionment, for its approval, plans for the abutments and piers of bridges over ten different streets crossed by the said Harlem River and Portchester Railroad; therefore be it

Resolved, That the plans submitted by the New York, New Haven and Hartford Railroad Company in a communication dated June 29, 1906, for the following structures, namely:

1. Abutments for crossing at White Plains road, dated May 21, 1906.
2. Abutments for crossing at Bungay, or East One Hundred and Forty-ninth street, June 22, 1906.
3. Abutments for crossing at Leggett avenue.
4. Abutments for crossing at West Farms road, June 25, 1906.
5. Abutments for crossing at Longfellow street, June 15, 1906.
6. Abutments for crossing at Bryant street, June 14, 1906.
7. Abutments for crossing at Whittier street, June 16, 1906.
8. Abutments for crossing at Willow avenue and East One Hundred and Thirty-first street, June 11, 1906.
9. Abutments for crossing at East One Hundred and Fifty-sixth street, June 19, 1906.

—be, and the same hereby are approved.

New York, July 6, 1906.

Whereas, The New York, New Haven and Hartford Railroad Company has, in accordance with the provisions of Article 12 of the agreement dated December 21, 1904, providing for the six-tracking of the Harlem River and Portchester Railroad, submitted to the Board of Estimate and Apportionment, for its approval, detailed plans for the superstructures of bridges at fourteen (14) different streets crossed by the said Harlem River and Portchester Railroad; be it

Resolved, That the plans submitted by the New York, New Haven and Hartford Railroad Company in a communication dated June 29, 1906, for the superstructures of the following bridges, namely:

1. Plate girder bridge carrying the railroad over East One Hundred and Thirty-fourth street, four sheets, dated May 31, 1906.
  2. Plate girder bridge carrying the railroad over East One Hundred and Thirty-fifth street, three sheets, dated May 22, 1906.
  3. Girder bridge carrying the railroad over East One Hundred and Thirty-sixth street, three sheets, dated June 5, 1906.
  4. Girder bridge carrying the railroad over East One Hundred and Thirty-seventh street, three sheets, dated June 8, 1906.
  5. Girder bridge carrying the railroad over East One Hundred and Thirty-eighth street, four sheets, dated June 2, 1906.
  6. Girder bridge carrying the railroad over East One Hundred and Thirty-ninth street, three sheets, dated June 26, 1906.
  7. Girder bridge carrying the railroad over East One Hundred and Forty-first street, three sheets, dated June 15, 1906.
  8. Truss bridge of three spans carrying Leggett avenue over the tracks and head of yard, nine sheets, bearing dates from March 24 to April 27, 1906.
  9. Truss bridge of one span carrying Lafayette avenue across the railroad tracks, six sheets, dated February 17, 1906.
  10. Girder bridge carrying Tiffany street across the railroad tracks, four sheets, dated January 1, January 31 and March 14, 1906.
  11. Girder bridge carrying Barretto street across the railroad tracks, three sheets, dated May 21, 1906.
  12. Girder bridge carrying Whittier street across the railroad tracks, two sheets, dated June 25, 1906.
  13. Girder bridge carrying Williamsbridge road over the railroad tracks, four sheets, dated March 18 and May 18, 1906.
  14. Girder bridge carrying West Farms road across the railroad tracks, seven sheets, dated May 10, 1906.

#### WIDENING WEST ONE HUNDRED AND SEVENTY-SEVENTH STREET, THE BRONX.

The following report from the Chief Engineer, was presented:

REPORT No. 4167.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 5, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On February 23, 1906, there was presented to the Board of Estimate and Apportionment a communication from the President of the Borough of The Bronx, requesting the Board to provide by resolution for the vesting of title in the City to two parcels needed for the widening of West One Hundred and Seventy-seventh street, between the Harlem river and the tracks of the New York Central and Hudson River Railroad Company, required for the construction of a bridge across the railroad tracks, and also one parcel required for the same purpose at Depot place, or High Bridge. This action was requested in order that the work of eliminating grade crossings at these points by the construction of overhead bridges could be proceeded with. The Board adopted resolutions providing for the vesting of title under one of the proceedings for widening West One Hundred and Seventy-seventh street, and under the proceeding for widening Depot place. It was unable, however, to take similar action in the case of the second proceeding at West One Hundred and Seventy-seventh street, as the oaths of the Commissioners had not at that time been filed. The proceeding in which action was not taken related to a widening laid down upon the map of the City on June 9, 1905, covering that part of the street between the bulkhead of the Harlem river and a point about 150 feet easterly. Proceedings to acquire title were authorized on December 1, 1905. I am now advised by the Bureau of Street Openings that the Commissioners in this proceeding were appointed on April 30, 1906, and filed their oaths on May 25, 1906, and I would therefore recommend the adoption of a resolution vesting title to this area in the City on August 1 next.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment, on the 1st day of December, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of widening West One Hundred and Seventy-seventh street on the southerly side from the bulkhead line of the Harlem river to a point about 150 feet easterly, in the Borough of The Bronx, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said West One Hundred and Seventy-seventh street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 25th day of May, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of August, 1906, the title to each and every piece or parcel of land lying within the lines of said West One Hundred and Seventy-seventh street, on the southerly side from the bulkhead line of the Harlem river to a point about 150 feet easterly, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWER IN EAST NINETY-SIXTH STREET, MANHATTAN.

The following resolution of the Local Board of Harlem, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Harlem District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Harlem District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Extension of sewer in East Ninety-sixth street, between Second and Third avenues; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Harlem District on the 12th day of June, 1906, all the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

REPORT No. 4146.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 27, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Harlem District, Borough of Manhattan, adopted on June 12, 1906, initiating proceedings for the extension of the sewer in East Ninety-sixth street, between Second and Third avenues.

Title to East Ninety-sixth street has been legally acquired and the street has been paved. The abutting property is almost wholly improved. It appears that the sewer was not completed through the block, and that buildings are now being erected at the Third avenue end which are without drainage facilities, depending for the same upon the carrying out of the improvement now proposed.

The outlet sewer has been built, and the approval of the resolution is recommended, with the understanding that before construction is begun a map will be presented providing for incorporating the sewer upon the drainage plan of the City.

The work to be done comprises the following:

60 linear feet 2 feet 4 inch by 3 feet 6 inch brick sewer.

1 manhole.

The estimated cost of construction is \$900, and the assessed valuation of the property to be benefited is \$60,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Harlem District, duly adopted by said Board on the 12th day of June, 1906, and approved by the President of the Borough of Manhattan on the 12th day of June, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Extension of sewer in East Ninety-sixth street, between Second and Third avenues,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$900, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$60,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

REPORT No. 4148.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 26, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 17, 1906, initiating proceedings for the construction of a sewer in West One Hundred and Thirty-ninth street, between Riverside drive and Broadway.

On March 9 last a resolution was adopted by the Board of Estimate and Apportionment providing for the acquisition of title to West One Hundred and Thirty-ninth street, between Riverside drive and a point 425 feet west of Broadway, this portion of the street having been fenced off from public use and title to it not having been previously acquired. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on June 22 last. The remaining portion of the block is open and has been graded, curbed and flagged, and a few buildings have been erected on the abutting property.

The outlet sewer has been built, and I see no reason why this resolution should not be approved, such action being recommended, with the understanding that before construction is begun a map will be presented providing for incorporating the sewer upon the drainage map of the City.

The work to be done comprises the following:

470 feet 15 inch pipe sewer.  
6 manholes.  
2 receiving basins.

The estimated cost of construction is \$7,000, and the assessed valuation of the property to be benefited is \$490,000.

I would recommend that title to West One Hundred and Thirty-ninth street, between the limits named in the opening resolution, be vested in the City on August 15, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 9th day of March, 1906, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending West One Hundred and Thirty-ninth street from Riverside drive to a point 425 feet west of Broadway, in the Borough of Manhattan, City of New York; and

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct sewer in West One Hundred and Thirty-ninth street, between Riverside drive and Broadway,"

—and there having been presented to said Board of Estimate and Apportionment an estimate, in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$7,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$490,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

#### GRADING BAY RIDGE PARKWAY (SEVENTY-FIFTH STREET), BROOKLYN.

The following report from the Chief Engineer was presented:

REPORT No. 4164.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On May 4, 1906, the Board of Estimate and Apportionment approved a resolution adopted by the Local Board of the Bay Ridge District, Borough of Brooklyn, on September 27, 1905, providing for improving Bay Ridge Parkway, between Shore road and Seventh avenue. On June 1 following, a resolution was presented by the same Local Board, adopted on June 28, 1905, initiating proceedings for curbing and flagging Seventy-fifth street, between Fifth and Tenth avenues, and for laying a brick gutter. This resolution was approved. My attention has just been drawn to the fact that, although different street names are used in the resolutions, both apply to the same street, so that a double authorization for curbing, flagging and guttering this street through the two blocks between Fifth and Seventh avenues, has been made.

I would therefore recommend that the resolution of June 1, 1906, providing for the improvement of the street between Fifth and Tenth avenues be rescinded.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on the 1st day of June, 1906, providing for the curbing and flagging of Seventy-

fifth street, between Fifth and Tenth avenues, and for laying a brick gutter, be and the same hereby is rescinded.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### GRADING COOPER STREET, QUEENS.

The following communication from the Corporation Counsel was presented, and the matter was referred to the President of the Borough of Queens:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, June 22, 1906.

#### Board of Estimate and Apportionment:

GENTLEMEN—I have received a letter from your Assistant Secretary, dated May 11, 1906, inclosing a copy of a communication to the Comptroller from Messrs. Campora & Thiery, dated December 6, 1905, protesting against the grading of Cooper street, between Grand and Newtown avenues, in the Borough of Queens, together with copies of a report by J. D. Van Bussum, Assistant Engineer, to the Comptroller, dated March 28, 1906, and of a report from Chief Engineer Lewis to your Board, dated April 28, 1906. My advice is requested as to the proper course to pursue.

It appears that this street has been regulated and graded under a resolution of the Local Board, approved by the Board of Estimate and Apportionment March 31, 1905. It seems to be conceded that this work was not done according to the legal grade established by a map filed December 31, 1875, but that it was illegally done according to a grade that it was supposed would be established some time in the future. This is, of course, clearly illegal, and the City is in danger of being unable to collect the assessment which will in due course be levied.

The situation is a surprising one, and would seem to call upon the President of the Borough of Queens to institute a rigid investigation as to who is responsible therefor. I think that Chief Engineer Lewis' observations in his report to the Board, dated April 28, 1906, were amply justified.

It remains to consider what should now be done to correct the error. I think steps should be taken through a new contract, in order that the street shall be constructed according to the legal grade. When that shall have been done and the expense ascertained, the Assessors will be able to assess such part of the cost upon the property benefited as may be legal.

I take this occasion to call your attention to the fact that very large numbers of claims for damages for changes of grade are being made against the City, particularly in the boroughs of Kings, Queens and Richmond. Great care should be taken to see that grades are not changed unless there is good reason therefor, and, when changed, that all formalities of law are complied with, and that all contracts for regulating and grading shall be carried out in conformity with the legal grade.

I would suggest that the Board of Estimate and Apportionment bring these matters particularly to the attention of each of the Borough Presidents of those boroughs.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

#### PLAN FOR SEWERAGE DISTRICT I-D, RICHMOND.

The following communication from the President of the Borough of Richmond and report of the Chief Engineer were presented:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,  
NEW BRIGHTON, N. Y., May 5, 1906.

#### Board of Estimate and Apportionment, City Hall, New York City:

GENTLEMEN—I send herewith for approval map or plan showing location, sizes and grades of sewers in Sewerage District I-D, First Ward, Borough of Richmond, covering the northerly district tributary to the Arrietta street sewer (already constructed), bounded by Richmond turnpike on the south, Vine street on the north, Westervelt avenue on the west and Stuyvesant place on the east.

Yours truly,

GEORGE CROMWELL,  
President of the Borough of Richmond.

REPORT No. 4099.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
June 25, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Richmond, bearing date of May 5, 1906, transmitting for adoption a map laying out and fixing grades for sewers in District I-D, in the First Ward.

On July 10, 1900, the Board of Public Improvements adopted a drainage map for the entire district, the same having an outlet in Arrietta street. The sizes and grades of sewers in that portion of the area covered by the map now submitted were not fixed, but the boundary of the drainage district remains practically unchanged. The map of the streets affected was adopted by the Board of Estimate and Apportionment on March 31, 1905.

The plan submitted seems to be a proper one, and its approval is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Richmond, entitled "Map or Plan Showing Location, Size and Grades of Sewers in Sewerage District I-D, in the First Ward, Borough of Richmond, The City of New York," and dated March 28, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### SEWERS IN FOURTH AVENUE AND NINETY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

#### In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 26th day of April, 1906, hereby initiates proceedings to construct a sewer in Fourth avenue, westerly side, between Ninety-second street and Ninety-fifth street,

with outlet sewers in Fourth avenue, westerly side, between Ninety-fifth street and Marine avenue, and in Ninety-fourth street, between Fourth avenue and Fifth avenue; and it is hereby

Resolved, that a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 26th day of April, 1906,

Commissioner Dunne and Aldermen Linde and Potter voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 22d day of May, 1906.

BIRD S. COLER,  
President of the Borough of Brooklyn.

REPORT NO. 4168.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 5, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on April 26, 1906, initiating proceedings for the construction of sewers in the following streets:

Fourth avenue, west side, between Ninety-second street and Marine avenue. Ninety-fourth street, between Fourth and Fifth avenues.

This resolution is intended to take the place of one adopted by the Local Board early in 1905, providing for the construction of a sewer in Fourth avenue and in Ninety-fourth street, which improperly included both sides of Fourth avenue. The sewer in the easterly side has now been omitted, for the reason that between Ninety-second and Ninety-fifth streets the property division is such that drainage can be secured through the Fifth avenue sewer.

Title to Fourth avenue, between Ninety-second and Ninety-fifth streets, and to Ninety-second street, has been acquired under formal proceedings. Fourth avenue, through the remainder of its length, the same comprising the three blocks between Ninety-fifth street and Marine avenue, was legally opened under the name of Stewart avenue, with a width of 75 feet. A map which was subsequently adopted fixed the width of this street at 100 feet. In view, however, of the development which has already taken place, the street being fully marked upon the ground, the roadway occupied by trolley tracks and the abutting property largely built up, I believe there can be no question as to the sufficiency of the present title to permit the carrying out of the sewer improvement. I would suggest, however, that the attention of the Borough President be called to the desirability of reducing the width of the street to conform with the lines as at present in use.

The necessary outlet sewers have been built, and the approval of the resolution is recommended, the work to be done comprising the following:

1,815 linear feet 12-inch pipe sewer.

19 manholes.

3 receiving basins.

The estimated cost of construction is \$9,600, and the assessed valuation of the property to be benefited is \$60,068.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 26th day of April, 1906, and approved by the President of the Borough of Brooklyn, on the 22d day of May, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 26th day of April, 1906, hereby initiates proceedings to construct a sewer in Fourth avenue, westerly side, between Ninety-second street and Ninety-fifth street, with outlet sewers in Fourth avenue, westerly side, between Ninety-fifth street and Marine avenue, and in Ninety-fourth street, between Fourth avenue and Fifth avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$9,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$60,068, having also been presented; it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

#### PAVING EAST FIFTH STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

*In the Local Board of the Flatbush District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition, was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 29th day of March, 1906, hereby initiates proceedings to pave with asphalt, on concrete base, East Fifth street, between Greenwood and Fort Hamilton avenues; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 29th day of March, 1906.

Commissioner Dunne and Aldermen Wentz, Ellery and Hann voting in favor thereof.

Attest:

CHARLES FREDERICK ADAMS, Secretary.

Approved this 16th day of April, 1906.

BIRD S. COLER,  
President of the Borough of Brooklyn.

REPORT NO. 4165.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
July 3, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on March 29, 1906, initiating proceedings for laying an asphalt pavement on East Fifth street, between Greenwood and Fort Hamilton avenues.

On February 9 last a resolution was adopted providing for grading, curbing and flagging this street between the limits named, at which time evidences were presented showing that the street had been dedicated to public use.

The grading required is small in amount, and all the subsurface improvements having been provided, I see no reason why the resolution should not be approved, such action being recommended.

The work to be done comprises the laying of 2,800 square yards of asphalt pavement, at an estimated cost of \$6,600. The assessed valuation of the property to be benefited is \$37,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*In the Board of Estimate and Apportionment.*

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 29th day of March, 1906, and approved by the President of the Borough of Brooklyn, on the 16th day of April, 1906, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 29th day of March, 1906, hereby initiates proceedings to pave with asphalt, on concrete base, East Fifth street, between Greenwood and Fort Hamilton avenues,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$37,800, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

On motion of the President of the Borough of Brooklyn, the Board adjourned to meet at 2 o'clock in the afternoon.

JOSEPH HAAG, Secretary.

On motion, the following orders were entered:

Whereas, The premises southwest corner of One Hundred and Thirty-fourth street and Park avenue, Manhattan, in The City of New York, and the business pursuit specified in this case, being, in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: All accumulations of water, refuse and garbage be removed from vacant lot and said lot be properly fenced in.

Whereas, The premises Ferris lane, Throgg's Neck, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being, in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom, and that the saturated flooring of the cow stable be removed, and that the space beneath the same be disinfected and filled with fresh earth; that the entire stable floor be cemented, and so graded and drained as to discharge all water and liquid matter into a properly trapped, cesspool-connected valley drain; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else that the air allowed each cow be not less than 800 cubic feet; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards, and that said boards be painted; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily, and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises Spuyten Duyvil Parkway, opposite Seton Hospital, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stable be removed, and that the space beneath the same be disinfected and filled in with fresh earth; that the entire stable floor be cemented and so graded and drained as to discharge all water and liquid matter into a properly-trapped, sewer-connected valley drain; that either a moveable rack be provided in the present stalls or that a water-tight wooden platform be provided for the cows to lie upon; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture every day, or else that the air space allowed each cow be not less than 800 cubic feet; that the milk house be properly cleaned and disinfected and that the floor of same be cemented and properly graded and drained to a properly-trapped, sewer-connected drain; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that additional windows to promote light and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards and said boards be painted; that a manure box with a properly fitting cover be built, sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point not less than 300 feet from the stable or any inhabited dwelling.

Whereas, The premises Kings County Iron Foundry, north side of North Thirteenth street, between Wythe avenue and Berry street, Brooklyn, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

The nuisance caused by the discharge of black smoke and fumes be abated.

Whereas, The premises Alley road, near Broadway, Little Neck, Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth and the surface so graded that all surface water shall be freely discharged therefrom; that the handling of milk in the cellar of the dwelling be discontinued forthwith, and that hereafter no milk be handled or stored except in the milk house; that the defective wooden floor of the cow stalls and the saturated earth beneath be removed, the site cleaned and disinfected, and the floor of the cow stalls be cemented and so graded as to discharge all liquid matter into the valley

drain thereat; that each stall be provided with a movable rack; that the ground about the stable be cleaned of all manure and rubbish, and that hereafter all manure be kept in a water-tight covered box, built not less than three feet from the stable; said box to be large enough to hold the accumulation of manure for not more than forty-eight hours; that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling.

Whereas, The premises Bayview avenue, near Willett's Point road, Little Bayside, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth and the surface so graded that all surface water shall be freely discharged therefrom; that the keeping of cows thereat without a permit from this Department be discontinued forthwith; that the saturated flooring of the cow and horse stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly-trapped, sewer-connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable; that the interior walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least three feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that an adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milkmen be thoroughly clean before milking; that the milkmen be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times; that the privy vault thereat be disinfected, emptied and cleaned by a licensed scavenger, filled with fresh earth and a new properly-constructed privy vault be provided thereat, said vault to be at least 100 feet from the milk house; that the filthy pig pens and fowl coop adjoining stable be removed, and the ground space thereat disinfected.

Whereas, The premises corner Dry Harbor and Juniper Swamp roads, Middle Village, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable, and that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water-tight manure box with a tight-fitting cover be constructed (at least three feet from the stable), sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milkmen be thoroughly clean before milking; that the milkmen be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times; that no feed be kept in the hay loft unless the ceiling of the stable is made perfectly dust proof.

Whereas, The premises west side of Elm street, first house south of Chichester avenue, Richmond Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being, in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the keeping of cows and fowl and the selling of milk thereat without a permit from this Department be discontinued forthwith; that the saturated flooring of the stable be removed, the space beneath the same be cleaned and disinfected and filled with fresh earth; that the entire stable floor be cemented and so graded and drained as to discharge all water and liquid matter into a properly constructed tight covered cesspool by and through an earthen or iron pipe, properly trapped; that each stall be provided with a movable wooden rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else that the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows to promote light and a suitable ventilator from the roof of the stable be provided; that the walls and ceilings of the stable be scraped and disinfected and sheathed with matched boards; that said boards be then painted; that a manure box with a tight fitting cover be built sufficiently large to hold the accumulation of manure for not more than forty-eight hours and that all manure be removed from the premises daily and deposited at a point 300 feet from the stable or any inhabited dwelling; that a properly constructed milk house, having no connection with stable or dwelling be provided thereat; said house to have cement floor properly drained to cesspool; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided.

Whereas, The premises west side of Greenwood avenue, about 200 feet north of Liberty avenue, Richmond Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that application for approval of site of cow stable be made to

charged therefrom; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer connected valley drain; that each stall be provided with a movable rack; that no more than one cow for each 600 cubic feet of air space be kept in the stable, and that the cows be turned out to pasture during the entire day, or else the air space in the stable allowed each cow be not less than 800 cubic feet; that additional windows and a suitable roof ventilator be provided in the stable, and that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight fitting cover be constructed (at least 3 feet from the stable) sufficiently large to hold the accumulation of manure for not more than 48 hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling; that adequate means of washing and sterilizing the milk cans, milk pails and other utensils be provided; that the cows be cleaned daily; that the udders of the cows and the hands of the milk men be thoroughly clean before milking; that the milk men be clothed in white overalls and jumper while milking; that the grounds about the stable and milk house be cleaned of all manure and rubbish, disinfected and kept clean at all times; that the stable ceiling be made perfectly dust proof.

Whereas, The premises west side of Chestnut street, about 150 feet north of Chichester avenue, Richmond Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that application for approval of site of cow stable be made to this Department; that the keeping of cows thereat and the selling of milk without a permit from this Department be discontinued forthwith; that the saturated flooring of the cow stalls and stable and milk house be removed, the space beneath said flooring be cleaned, disinfected and filled with fresh earth; that the entire stable and milk house floors be cemented and so graded and drained as to discharge all water and liquid matter into a properly trapped, sewer connected valley drain; that each stall be provided with a movable rack; that additional windows and a suitable roof ventilator be provided in the stable; that the walls and ceilings of the stable and milk house be scraped, disinfected and sheathed with matched boards, and that said boards be painted; that a water tight manure box with a tight-fitting cover be constructed (at least three feet from the stable) sufficiently large to hold the accumulation of manure for not more than forty-eight hours, and that all manure be removed from the premises daily and deposited at a point at least 300 feet from the stable or any inhabited dwelling.

Borough of Queens—Disinfection.....	2 50
	<u>\$287 50</u>

—the amounts of said appropriation being insufficient, was received and ordered on file.

Report of the Chief Clerk, recommending that the Board of Estimate and Apportionment be requested to transfer the sum of \$200 from unexpended balance of fund appropriated for the use of this Department for the year 1904, which is in excess of the amount required, to funds of the same year which are deficient in the amounts required, was received, and, on motion, it was

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of \$200 from the appropriation made to this Department for the year 1904 entitled and as follows:

Hospital Fund, Borough of Manhattan, 1904.....	\$100 00
Hospital Fund, Borough of The Bronx, 1904.....	100 00
	<u>\$200 00</u>

—the amount of said appropriations being insufficient.

Report of the Chief Clerk, containing a tabulated statement of the condition of the fund for the payment of salaries of Nurses employed in the work of medical school inspection and in the treatment of tuberculosis, was received and referred to the President.

A communication from the Department of Finance relative to the expenditure of a sum not exceeding \$20,000, authorized by the Board of Aldermen for the purpose of making repairs, additions and alterations to the present buildings on the site acquired by The City of New York at Otisville, Town of Mt. Hope, Orange County, N. Y., for the location of a sanatorium for the treatment of persons living in The City of New York affected with tuberculosis, and for the purpose of purchasing furniture and furnishings in the public market without public letting, was received, and on recommendation of the Secretary the following preambles and resolution were adopted:

Whereas, The Board of Aldermen on the 3d day of April, 1906, duly adopted the following resolution:

"Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$20,000 for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, Town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining-hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby

"Ordered, Pursuant to the provisions of section 419 of the Greater New York Charter, that said contract or contracts made for said work and furnishings need not be founded on sealed bids or proposals made in compliance with public notices, and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with;" and

Whereas, The same was duly approved by his Honor the Mayor on April 10, 1906; and

Whereas, The said resolution does not specify the fund from which the said \$20,000 is to be taken, and the Comptroller of The City of New York will not honor requisitions drawn for the payment of any part of the expenditure authorized to be paid by the said resolution until the said resolution shall specify the fund to be charged therewith; now therefore be it

Resolved, That the Board of Aldermen of The City of New York be and is hereby requested to amend the said resolution of April 3, 1906, so that the same shall read as follows:

"Resolved, That the resolution adopted by this Board on April 3, 1906, and approved by his Honor the Mayor April 10, 1906, be and the same is hereby amended so as to read as follows:

"Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$20,000 for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, Town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining-hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby further

"Resolved, That the said sum of \$20,000 be charged against the fund created by the issue of Corporate Stock to an amount not exceeding \$250,000 by the resolution of the Board of Estimate and Apportionment dated July 14, 1905; and it is hereby

"Ordered, Pursuant to the provisions of section 419 of the Greater New York Charter, that said contract or contracts made for said work and furnishings need not be founded on sealed bids or proposals made in compliance with public notices, and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with."

On recommendation of the President the following preambles and resolutions were adopted:

Whereas, Land with numerous buildings thereon has been acquired by The City of New York at Otisville, Orange County, New York, for the purpose of establishing thereon a sanatorium and other buildings and structures for the care and treatment of persons affected with tuberculosis, to be under the jurisdiction of the Board of Health of the Department of Health of The City of New York; and

Whereas, It is of imperative necessity that certain improvements shall be made immediately so that persons affected with tuberculosis may be sent from The City of New York for treatment with all convenient speed; and

Whereas, A sum not exceeding \$11,000 is required for the purpose of preparing the sanatorium for the occupancy by patients and in making repairs and alterations in the present buildings on the site so acquired and in the erection of tents and portable houses, a storehouse and dining-hall, a laundry, in building roadways and providing drainage and water supplies, and in the acquisition of furniture and furnishings for the said sanatorium and buildings and in making such other necessary temporary arrangements for fitting the premises for immediate occupancy; now therefore be it

Resolved, That this Board deems it for the public interests that a sum not exceeding \$11,000 is necessary for the purpose aforesaid in addition to the \$20,000 heretofore authorized; further be it

Resolved, That it is not practicable to do the said work and furnish the said supplies by contracts founded on sealed bids or proposals made in compliance with public notice, as provided by section 419 of the Greater New York Charter; further be it

Resolved, That the Board of Aldermen of The City of New York be and is hereby requested to order the said improvements, repairs, alterations and furnishings made other than by contract or contracts founded on sealed bids or proposals made in compliance with public notice; further be it

Resolved, That the said Board of Aldermen be respectfully requested to adopt the following resolution and order, to wit:

Resolved, That The City of New York, by and through the Board of Health of the Department of Health of The City of New York, is authorized and empowered to apply a sum not exceeding \$11,000, for the purpose of preparing the sanatorium for the occupancy by and treatment of patients, and in making repairs, additions and alterations in the present buildings on the site acquired by The City of New York at Otisville, Town of Mt. Hope, Orange County, New York, and in the erection of tents and portable houses, a dining hall and laundry, in building roadways and providing drainage and water supplies and in the acquisition of furniture and furnishings for the said sanatorium and the buildings, and in making such other temporary and necessary arrangements for fitting the premises for immediate occupancy and to contract and make contracts therefor; and it is hereby further

Resolved, That the said sum of \$11,000 be charged against the fund created by the issue of Corporate Stock to an amount not exceeding \$250,000 by the resolution of the Board of Estimate and Apportionment, dated July 14, 1905; and it is hereby

Ordered, Pursuant to the provisions of section 419 of the Greater New York Charter, that said contract or contracts made for said work and furnishings, need not be founded on sealed bids or proposals made in compliance with public notices and said sealed bids and proposals and advertising aforesaid are hereby ordered dispensed with.

On recommendation of the Secretary, the following preambles and resolutions were adopted:

Whereas, The following resolution was duly adopted by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, to wit:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), for the purpose of providing means to purchase a site located in the Town of Mount Hope, Orange County, State of New York, and for the erection of proper and suitable buildings to be used for the care and treatment of persons living in The City of New York, who are suffering from tuberculosis, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), the proceeds whereof to be applied to the purposes aforesaid;" and

Whereas, The said resolution inadvertently omitted to specify all the purposes for which the said Corporate Stock was to be issued; therefore be it

Resolved, That the said Board of Estimate and Apportionment and the Board of Aldermen are hereby respectfully requested to amend the said resolution of July 14, 1905, so that the same shall read as follows, to wit:

"Resolved, That the resolution of the Board of Estimate and Apportionment adopted July 14, 1905, in relation to the issue of Corporate Stock to an amount not exceeding \$250,000 for the purpose of providing means to purchase a site located in the Town of Mount Hope, Orange County, State of New York, and for the erection of proper and suitable buildings to be used for the care and treatment of persons living in The City of New York who are suffering from tuberculosis, etc., be and the same is hereby amended so as to read as follows, to wit:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), for the purpose of providing means to purchase a site located in the Town of Mount Hope, Orange County, State of New York, and for the erection of proper and suitable buildings to be used for the care and treatment of persons living in The City of New York, who are suffering from tuberculosis, and for the additions to existing buildings now erected on said site, for the establishment of a proper, suitable and adequate water supply and drainage facilities of said lands and premises; for the purchase and planting of trees, and to provide furniture and other equipment for the said buildings and for other permanent improvements to the said site and buildings; and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and fifty thousand dollars (\$250,000), the proceeds whereof to be applied to the purposes aforesaid."

On recommendation of the President, the following preambles and resolutions were adopted:

Whereas, Under date of March 1, 1906, the Commissioner of Health of The City of New York forwarded to his Honor the Mayor an estimate of the cost of new buildings and sites and betterments required by the Department of Health; and

Whereas, In the opinion of the Board of Health of the said Department the necessary duties of said Department as enjoined by law, more particularly to protect, guard and preserve the public health require the carrying out of the plans proposed and as shown by the said estimate, and the acquiring, constructing, improving and permanently bettering and equipping the public buildings referred to in the estimate and plan aforesaid; now therefore be it

Resolved, That the Board of Aldermen be respectfully requested to provide for the acquiring, constructing, improving and permanently bettering and equipping the public buildings and sites referred to in the estimate and plan hereto annexed and made a part hereof, in accordance with the provisions of section 47 of the Greater New York Charter as amended by chapter 409 of the Laws of 1904 and chapter 629 of the Laws of 1905; and further be it

Resolved, That the Board of Estimate and Apportionment of said City be and the said Board is hereby respectfully requested to approve of an issue of Corporate Stock therefor, and to adopt a resolution substantially as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended by chapter 409 of the Laws of 1904, and chapter 629 of the Laws of 1905, the Board of Estimate and Apportionment hereby approves of an issue of Corporate Stock of The City of New York

On recommendation of the President the following preamble and resolution were adopted:

Whereas, The emergency has arisen for making an increased number of inspections, especially of the various food products, and also sanitary inspections, and the number of Inspectors now in the employ of the Department of Health is entirely insufficient, and it is necessary, in the interests of the public health, to make an examination and inspection of many places in The City of New York where food products are sold, and to keep such places and the products prepared and sold thereat under observation; now therefore be it

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, the Board of Health hereby certifies to the Board of Estimate and Apportionment that the sum of one hundred thousand dollars (\$100,000) will be required by the Board of Health for the preservation of the health of the community, and respectfully requests that said sum be appropriated for the year 1906, for the purpose of employing additional Sanitary and Food Inspectors in the Department of Health, and also additional Clerks, and to promote employees now in said Department to fill vacancies.

Communication regarding the necessity for additional classifications in the non-competitive service of the Department of Health in the contagious diseases hospitals was received and referred to the President.

The Finance Committee presented vouchers for the expenditure of one hundred and fifty dollars (\$150) received from the office of the Comptroller on April 13, 1906 (series No. 28, check No. 15,940), pursuant to the resolution of the Board of Aldermen, adopted July 1, 1902, and approved by the Mayor, July 15, 1902. The same were approved and the Secretary was directed to forward them to the Comptroller.

#### On motion, it was

Resolved, That the Secretary be and is hereby directed to make requisition No. 29 upon the Comptroller for the sum of one hundred and fifty dollars (\$150), account of Fund, Supplies and Contingencies, 1906 (Queens), for the purpose of defraying any minor or incidental expenses contingent to the Department of Health, pursuant to the resolution adopted by the Board of Aldermen, July 1, 1902, and approved by the Mayor, July 15, 1902.

The Finance Committee presented vouchers for the expenditure of three hundred and fifty dollars (\$350), received from the office of the Comptroller on May 28, 1906 (series No. 35, check No. 23,166), pursuant to the resolution of the Board of Aldermen, adopted July 1, 1902, and approved by the Mayor, July 15, 1902. The same were approved and the Secretary was directed to forward them to the Comptroller.

On motion, it was

Resolved, That the Secretary be and is hereby directed to make requisition No. 36 upon the Comptroller for the sum of three hundred and fifty dollars (\$350), account of Fund, Supplies and Contingencies, 1906 (Brooklyn), for the purpose of defraying any minor or incidental expenses contingent to the Department of Health, pursuant to the resolution adopted by the Board of Aldermen, July 1, 1902, and approved by the Mayor, July 15, 1902.

Upon recommendation of the Acting General Medical Officer, it was

Resolved, That the President of this Board be and is hereby authorized to employ the services of C. Odilon Mailloux, electrical engineer, of No. 76 William street, Borough of Manhattan, for the purpose of preparing plans for wiring and conduits on the grounds of the Willard Parker and Reception Hospitals, foot of East Sixteenth street, Borough of Manhattan, and specifications to install wiring for outside lighting, a fire alarm system and watchman's time clock.

On recommendation of the Acting General Medical Officer, it was

Resolved, That the President of this Board be and is hereby authorized to employ the services of Charles W. Leavitt, Jr., civil and landscape engineer, of Broadway and Ann street, Borough of Manhattan, to prepare specifications and to supervise the work of grading and drainage on the grounds of the Willard Parker and Reception Hospitals, at the foot of East Sixteenth street, Borough of Manhattan, at a cost not to exceed five per cent. of the cost of same.

Report in respect to repairs necessary to the boiler, air pump and dynamo engine on the steamboat "Riverside," before being put in service, was received, and the Secretary was directed to communicate with the builders of said steamboat "Riverside," and call their attention to same.

A communication from John H. Duncan, architect of the plans and specifications for the repairs and alterations to the laundry building on the grounds of the Kingston Avenue Hospital, Borough of Brooklyn, calling attention to the impracticability of using the wooden stairway on the west side of said building, and recommending the substitution of an iron stairway, at a cost not to exceed the sum of \$275, together with the estimate of Christopher Dooley, to whom was awarded the contract for the repairs and alteration to said building, agreeing to furnish and erect the necessary iron stairs for the sum of \$275, were received, and

On motion, it was

Resolved, That the estimate of Christopher Dooley, to whom was awarded a contract for the repairs and alterations to the laundry building on the grounds of the Kingston Avenue Hospital, in the Borough of Brooklyn, to substitute an iron stairway in place of the wooden stairway on the west side of said laundry building, for the sum of \$275, be and the same is hereby accepted.

## BOROUGH OF BROOKLYN.

## ADJOURNED MEETING—LOCAL BOARD, BUSHWICK DISTRICT.

Meeting in Kings County Court House, Wednesday, March 7, 1906, 8 p. m.  
The roll was called, and the following members answered to their names:  
Hon. Bird S. Coler, President of the Borough, presiding; Alderman Falk, Sixty-sixth Aldermanic District.

The Secretary presented the following:

No. 349.

February 10, 1906.

To the Local Board of the Bushwick District, Borough of Brooklyn, New York:

Gentlemen—I respectfully direct to your attention the existence of a nuisance occasioned by the maintenance and operation by the American Railway Transit Company of an ash dumping station on Broadway, near Gillen place, and hereby request your Honorable Board to proceed in accordance with the provisions of section 429 of the Charter of The City of New York to bring about its abatement.

Respectfully,  
(Signed) BIRD S. COLER,  
President of the Borough of Brooklyn.

Alderman Falk offered the following resolution:

Whereas, A complaint of a public nuisance, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said complaint, at which meeting the said complaint would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said complaint has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said complaint would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said complaint was duly submitted thereafter to the said Local Board, which did duly consider the same and give full hearing thereon; now therefore it is

Resolved, That the Local Board of the Bushwick District, pursuant to section 429 of the Greater New York Charter, hereby urgently recommends that the owner or owners of the premises situated on Broadway, near Gillen place, be compelled immediately to abate the public nuisance occasioned by the improperly maintained and operated ash dumping station on the premises aforementioned, by providing a suitable building for the reception and handling of ashes and refuse, in accordance with the terms of the contract between said owner or owners and The City of New York, and hereby requests the Mayor to direct the Commissioner of Street Cleaning to enforce all the provisions of said contract;

Resolved, That a copy of this resolution be transmitted forthwith to the Mayor for the institution of such legal action as the law demands for the abatement of public nuisances.

Which was adopted, all present voting in the affirmative.

No. 350.

February 10, 1906.

To the Local Board of the Bushwick District, Borough of Brooklyn, New York:

Gentlemen—I respectfully direct to your attention the existence of a nuisance occasioned by the maintenance and operation by the American Railway Transit Company, of an ash dumping station on Gates avenue, east of Knickerbocker avenue, and hereby request your Honorable Board to proceed in accordance with the provisions of section 429 of the Charter of The City of New York to bring about its abatement.

Respectfully,  
(Signed) BIRD S. COLER,  
President of the Borough of Brooklyn.

Alderman Falk offered the following resolution:

Whereas, A complaint of a public nuisance, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said complaint, at which meeting the said complaint would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said complaint has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said complaint would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said complaint was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, That the Local Board of the Bushwick District, pursuant to section 429 of the Greater New York Charter, hereby urgently recommends that the owner or owners of the premises situated on Gates avenue, between Irving and Knickerbocker avenues, be compelled immediately to abate the public nuisance occasioned by the improperly maintained and operated ash dumping station on the premises aforementioned, by providing a suitable building for the reception and handling of ashes and refuse, in accordance with the terms of the contract between said owner or owners and The City of New York; and hereby requests the Mayor to direct the Commissioner of Street Cleaning to enforce all the provisions of said contract.

Resolved, That a copy of this resolution be transmitted forthwith to the Mayor for the institution of such legal action as the law demands for the abatement of public nuisances.

Which was adopted, all present voting in the affirmative.

No. 351.

February 10, 1906.

To the Local Board of the Bushwick District, Borough of Brooklyn, New York:

Gentlemen—I respectfully direct to your attention the existence of a nuisance occasioned by the maintenance and operation by the American Railway Transit Company of an ash dumping station on Johnson avenue, south side, west of Bogart street, and hereby request your Honorable Board to proceed in accordance with the provisions of section 429 of the Charter of The City of New York to bring about its abatement.

Respectfully,  
(Signed) BIRD S. COLER,  
President of the Borough of Brooklyn.

Alderman Falk offered the following resolution:

Whereas, A complaint of a public nuisance, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said complaint, at which meeting the said complaint would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said complaint has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said complaint would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said complaint was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, That the Local Board of the Bushwick District, pursuant to section 429 of the Greater New York Charter, hereby urgently recommends that the owner or owners of the premises situated on the south side of Johnson avenue, west of Bogart street, be compelled immediately to abate the public nuisance occasioned by the improperly maintained and operated ash dumping station on the premises aforementioned,

by providing a suitable building for the reception and handling of ashes and refuse, in accordance with the terms of the contract between said owner or owners and The City of New York; and hereby requests the Mayor to direct the Commissioner of Street Cleaning to enforce all the provisions of said contract.

Resolved, That a copy of this resolution be transmitted forthwith to the Mayor for the institution of such legal action as the law demands for the abatement of public nuisances.

Which was adopted, all present voting in the affirmative.

On motion, the meeting adjourned.

CHARLES FREDERICK ADAMS, Secretary.

## BOROUGH OF BROOKLYN.

## LOCAL BOARD, BUSHWICK DISTRICT.

Meeting in Borough Hall, Monday, April 2, 1906, at 2.30 p. m.

The roll was called, and the following members answered to their names:

Hon. Desmond Dunne, Commissioner of Public Works, presiding; Alderman Bartscherer, Sixty-fourth Aldermanic District; Alderman Rowcroft, Sixty-fifth Aldermanic District.

The Secretary presented the following:

No. 352.

On motion of Alderman Rowcroft, a petition to close Degraw street, between Howard avenue and Eastern parkway extension, was denied, all present voting in the negative; and,

Based upon a recommendation of the Assistant Engineer in charge of the Topographical Bureau, a resolution recommending to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out as a public place the property bounded by Eastern parkway extension, Howard avenue and Degraw street, was adopted, on motion of Alderman Rowcroft, all present voting in the affirmative.

No. 207.

In connection with a petition to grade, curb and pave with asphalt and lay cement sidewalks on Sunnyside avenue, between Vermont street and Miller avenue, affidavits of property owners purporting to show dedication by long usage of Sunnyside avenue as a thoroughfare were filed and submitted to the Board of Estimate and Apportionment for approval.

At a meeting of said Board, held on March 9, 1906, the matter was referred back to the President of the Borough for the purpose of having opening proceedings initiated, the Board of Estimate and Apportionment having refused to accept the affidavits as sufficient evidence of dedication, and, on motion of Alderman Bartscherer, a resolution initiating proceedings to open Sunnyside avenue, between Vermont street and Miller avenue, was adopted, all present voting in the affirmative.

No. 197.

In connection with resolutions previously adopted initiating proceedings to regulate, grade, curb and lay cement sidewalks on Shepherd avenue, from Atlantic avenue to New Lots road, affidavits purporting to show dedication by long usage were filed by two property owners and submitted to the Board of Estimate and Apportionment for approval.

The Chief Engineer of that Board, in a report dated February 2, 1906, recommends that the resolution be returned to the President of the Borough, to be withheld until opening proceedings have been inaugurated or until some satisfactory evidences of title can be established.

On motion of Alderman Rowcroft, a resolution initiating proceedings to open Shepherd avenue, between Atlantic avenue and New Lots road, was adopted, all present voting in the affirmative.

No. 353.

On motion of Alderman Rowcroft, a resolution initiating proceedings to construct a sewer in New Lots road, between Stone and Vesta (now Van Sinderen) avenues, was adopted, all present voting in the affirmative.

In connection with the above, the Chief Engineer of the Bureau of Highways reported that there was no record of the street having been opened, but a certificate of dedication was furnished and transmitted to the Board of Estimate and Apportionment for approval.

No. 354.

On motion of Alderman, Rowcroft, a resolution initiating proceedings to regulate, grade, set curb or concrete and lay cement sidewalks on Howard avenue, between Eastern Parkway extension and Pitkin avenue, was adopted, all present voting in the affirmative.

No. 355.

On motion of Alderman Rowcroft, a resolution directing that the sidewalk opposite lot lying on the south side of Myrtle avenue, between Knickerbocker avenue and Bleecker street; and on the northeast side of Knickerbocker avenue, between Myrtle avenue and Bleecker street, known as No. 1, Block 3299, be paved with cement five feet wide, was adopted, all present voting in the affirmative.

No. 356.

On motion of Alderman Bartscherer, a resolution directing that the lot lying on the east side of Junius street, between Glenmore and Pitkin avenues, and on the south side of Glenmore avenue, between Junius street and Van Sinderen avenue, known as No. 1, Block 3713, be inclosed with a fence 6 feet high, was adopted, all present voting in the affirmative.

No. 357.

## BOROUGH OF BROOKLYN.

## ADJOURNED MEETING—LOCAL BOARD, BAY RIDGE DISTRICT.

Meeting in Kings County Court House, Wednesday, March 7, 1906, 8 p. m.

The roll was called and the following members answered to their names.

Hon. Bird S. Coler, President of the Borough, presiding; Alderman Linde, Fifty-first Aldermanic District.

No. 475.

The Secretary presented the following communication:

February 10, 1906.

To the Local Board of the Bay Ridge District, Borough of Brooklyn, New York:

Gentlemen—I respectfully direct to your attention the existence of a nuisance occasioned by the maintenance and operation by the American Railway Transit Company of an ash dumping station on Fourth avenue, west side, south of Thirty-eighth street, and hereby request your Honorable Board to proceed in accordance with the provisions of section 429 of the Charter of The City of New York to bring about its abatement.

Respectfully,  
(Signed) BIRD S. COLER,  
President of the Borough of Brooklyn.

The following persons appeared before the Board to testify against the improper maintenance of the ash removal station on the west side of Fourth avenue south of Thirty-eighth street:

James B. Thomas, No. 992 Fourth avenue.

William T. Reynolds, No. 616 Third avenue.

Michael Hughes, No. 615 Third avenue.

Alderman Linde offered the following resolution:

Whereas, A complaint of a public nuisance, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said complaint, at which meeting the said complaint would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said complaint has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said complaint would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said complaint was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, That the Local Board of the Bay Ridge District, pursuant to section 429 of the Greater New York Charter, hereby urgently recommends that the owner or owners of the premises situated on the west side of Fourth avenue, south of Thirty-eighth street, be compelled immediately to abate the public nuisance occasioned by the improperly maintained and operated ash dumping station on the premises aforementioned, by providing a suitable building for the reception and handling of ashes and refuse, in accordance with the terms of the contract between said owner or owners and The City of New York; and inasmuch as this particular nuisance is in the immediate neighborhood of a public school, it is especially recommended that said ash dumping station be at once removed; and hereby requests the Mayor to direct the Commissioner of Street Cleaning to enforce all the provisions of said contract.

Resolved, That a copy of this resolution be transmitted forthwith to the Mayor for the institution of such legal action as the law demands for the abatement of public nuisances.

Which was adopted, all present voting in the affirmative.

On motion, the meeting adjourned.

CHARLES FREDERICK ADAMS, Secretary.

## NOTICE TO PROPERTY OWNERS.

### NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

### IN PURSUANCE OF SECTION 1005 OF THE

Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of Assessments for opening and acquiring title to the following-named street, avenue and road in the Borough of Brooklyn:

TWENTY-NINTH WARD, SECTION 16.

BUTLER STREET—OPENING, between Flatbush avenue and Nostrand avenue. Confirmed December 29, 1905; entered August 2, 1906. Area

of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Flatbush avenue where the same intersects the centre line of the block between Butler street and Vernon avenue; running thence easterly through the said centre line of the block and parallel with Butler street to the westerly side of Nostrand avenue; running thence northerly along the westerly side of Nostrand avenue to a point distant 111.03 feet north of the northerly side of Butler street; running thence westerly and parallel with Butler street to the easterly side of Flatbush avenue; thence southerly along the easterly side of Flatbush avenue to the point or place of beginning.

TWENTY-NINTH WARD, SECTION 15.

NEW YORK AVENUE—OPENING, between Church avenue and Canarsie lane or avenue. Confirmed June 8, 1906; entered August 2, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southerly side of Church avenue with the westerly side of East Thirty-fourth street; running thence southerly and along the westerly side of East Thirty-fourth street to the northerly side of Canarsie lane; running thence westerly and along the northerly side of Canarsie lane to a line drawn parallel with the westerly side of New York avenue and distant 200 feet westerly therefrom; running thence northerly and parallel with New York avenue and distant 200 feet westerly therefrom to the southerly side of Church avenue; running thence easterly and along the southerly side of Church avenue to the point or place of beginning.

TWENTY-NINTH WARD, SECTION 15.

BEVERLY ROAD—OPENING, between East Thirty-first street and Holy Cross Cemetery. Confirmed June 8, 1906; entered August 2, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of East Thirty-first street where the same is intersected by the centre line of the block between Beverly road and Vernon avenue; running thence easterly and along the centre line of the blocks between Beverly road and Vernon avenue to the westerly side of Canarsie avenue; running thence southerly along the westerly side of Canarsie avenue to the centre line of the block between Beverly road and Avenue C; running thence westerly and along the centre line of the blocks between Beverly road and Avenue C to the easterly side of East Thirty-first street; running thence northerly along the easterly side of East Thirty-first street to the point or place of beginning.

The above-entitled assessments were entered on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles and Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before October 1, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for Carnegie Library purposes, in the

### Borough of Manhattan.

All the buildings, parts of buildings, etc., situated and erected upon property owned by The City of New York, acquired for Carnegie Library purposes, and bounded and described as follows:

Beginning at a point on the northerly side of East Thirty-sixth street distant 52 feet 10 1/2 inches, more or less, easterly from the point of intersection of the northerly side of East Thirty-sixth street with the westerly side of Second avenue; running thence northerly and parallel with Second avenue 98 feet 9 inches, more or less, to the centre line of the block; running thence easterly along the centre line of the block 47 feet 1 1/2 inches, more or less; running thence southerly and parallel with Second avenue 98 feet 9 inches, more or less, to the northerly side of East Thirty-sixth street; running thence westerly along the northerly side of East Thirty-sixth street 47 feet 1 1/2 inches, more or less, to the point or place of beginning.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

TUESDAY, AUGUST 28, 1906,

at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or

an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoop and area walls, shall be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and all from damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

By direction of the Comptroller, the sale of the above described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

**WEDNESDAY, AUGUST 22, 1906,**

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

##### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stoops and area walls shall be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and all from damages and costs to which it, they or any of them be put by reason of injury to the person or

property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

## NOTICE TO PROPERTY OWNERS.

**IN PURSUANCE OF SECTION 1018 OF THE** Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN:**

**TWENTY-FOURTH WARD, SECTION 5.**  
**HOPKINSON AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS,** between Eastern Parkway Extension and Blake avenue. Area of assessment: Both sides of Hopkinson avenue, from Eastern Parkway to Blake avenue and to the extent of half the block at the intersecting and terminating streets and avenues.

That the same was confirmed by the Board of Assessors on July 24, 1906, and entered July 24, 1906, in the Record of Titles and Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessment, interest will be collected thereon, as provided for in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the time when such assessments became liens, as provided in section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays till 12 m., and all payments made thereon on or before September 22, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for athletic field purposes, under the jurisdiction of the Board of Education, in the Borough of Queens, being the property bounded by Orchard street, Munson street and the East river, being about 310 feet on Orchard street by 474 feet on Munson street.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance. The buildings to be sold are: One in the centre and the other which is situated second from the lighthouse.

The sale will take place on

**MONDAY, AUGUST 6, 1906,**

at 11 a. m., on the premises, and will be sold at the highest marketable price on the following

**TERMS AND CONDITIONS.**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area, are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any and from all damages and costs to which it, they or any of

them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

## SUPREME COURT—FIRST DEPARTMENT.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of THE FIRST STREET (unnamed) east of the Bronx river, extending from Tremont avenue to Bronx river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 22d day of August, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of September, 1906, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of August, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the southerly prolongation of a line parallel to the easterly side of Tremont avenue and distant 100 feet easterly therefrom (said easterly side of Tremont avenue being the southerly prolongation of the easterly side of First street) with a line parallel to and distant 100 feet southerly from the southerly side of Tremont avenue; running thence westerly along the last-mentioned parallel line and its prolongation westwardly to the centre line of the Bronx river; thence northerly along the said centre line of the Bronx river to its intersection with the westerly prolongation of a line parallel to and distant 200 feet northerly from the southerly boundary line of Bronx Park; thence easterly along the last-mentioned westerly

prolongation and parallel line and its prolongation westwardly to its intersection with a line parallel to and distant 100 feet easterly from the easterly side of Bronx Park avenue; thence southerly along the last-mentioned parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly side of East One Hundred and Seventy-seventh street; thence westerly along the last-mentioned parallel line and its prolongation westwardly to its intersection with a line parallel to and distant 100 feet easterly from the easterly side of Tremont avenue (said easterly side of Tremont avenue being the southerly prolongation of the easterly side of First street); thence southerly along the last-mentioned line parallel and its prolongation southwardly to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 18th day of October, 1906, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated BOROUGH OF MANHATTAN, NEW YORK, July 30, 1906.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening MARTENSE STREET, between New York avenue and Flatbush avenue, in the Twenty-ninth Ward in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.

**WE, THE UNDERSIGNED** Commissioners of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn in The City of New York, on or before the 20th day of August, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 4th day of September, 1906, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn in The City of New York, there to remain until the 5th day of September, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Commencing at a point where the easterly side of Flatbush avenue is intersected by the centre line of the block between Linden and Martense avenues as said avenues are laid down on the Commissioners' Map of The City of New York; running thence easterly along the centre line of the block between Linden and Martense avenues to the westerly side of New York avenue; running thence southerly along the westerly side of New York avenue to a point where said westerly side of New York avenue is intersected by the centre line of the block between Martense and Church avenues as laid down on said map of The City of New York; running thence westerly along the centre line of the block between Martense and Church avenues to the easterly side of Flatbush avenue, and thence northerly along the easterly side of Flatbush avenue to the point or place of beginning.

Fourth—That provided there be no objection filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn in The City of New York, on the 15th day of October, 1906, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date hereafter to be specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record and corporation newspapers pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, The City of New York, August 1, 1906.

MARTIN E. HALPIN,  
Chairman;  
DOMINIC B. GRIFFIN,  
DANIEL G. CAMPION,  
Commissioners.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
