PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

No. 154 NASSAU STREET, NEW YORK.

CALENDAR OF HEARINGS.

The following hearings will be held during the remainder of the week beginning Monday, March 29, 1909:

Tuesday, March 30—2:30 p. m.—Room 305.—Case No. 254.—INTERBOROUGH RAPID TRANSIT Co.—“Additional station on Columbus Avenue at 99th Street.”—Commissioner Eustis.

2:30 p. m.—Room 310.—Case No. 1066.—NEW YORK AND QUEENS COUNTY Ry. Co.—“Double tracking the Flushing-Jamaica Line and the College Point Line.”—Commissioner Bassett.

Thursday, April 1—2:30 p. m.—Room 305.—Case No. 1074.—INTERBOROUGH RAPID TRANSIT Co.—“Side doors on Subway cars.”—Commissioner Eustis.

Regular meetings of the Commission are held every Tuesday and Friday, at 11:30 a. m., in Room 310.

POLICE DEPARTMENT.

March 17, 1909.

The following proceedings were this day directed by the Police Commissioner:

On reading and filing communication from N. Taylor Phillips, Secretary to the Commissioners of the Sinking Fund, that a resolution was adopted March 1, 1909, calling attention to the heads of Departments who desire the leasing of premises not heretofore leased or included in the statement presented to the Budget Committee, that before making application they apply to the Board of Aldermen for an issue of Special Revenue Bonds covering the amount of rent the City will have to pay if the leases are authorized by the Commissioners of the Sinking Fund; and

Whereas, February 27, 1909, application was made to the Commissioners of the Sinking Fund to authorize the Comptroller to lease premises from Brill Brothers, of Nos. 168 and 170 Fulton street, Borough of Manhattan, for two years, from May 1, 1909, for the purposes of a station house for the Second Police Precinct, at the annual rent of \$9,200,

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of \$6,133.34, to cover the rent of the said premises from May 1, 1909, to December 31, 1909, providing the Commissioners of the Sinking Fund authorize the said lease.

On reading and filing communication from N. Taylor Phillips, Secretary to the Commissioners of the Sinking Fund, that a resolution was adopted March 1, 1909, calling attention to the heads of Departments who desire the leasing of premises not heretofore leased or included in the statement presented to the Budget Committee, that before making application they apply to the Board of Aldermen for an issue of Special Revenue Bonds covering the amount of rent the City will have to pay if the leases are authorized by the Commissioners of the Sinking Fund; and

Whereas, March 1, 1909, application was made to the Commissioners of the Sinking Fund to authorize the Comptroller to lease premises from William Fox on the west side of West Eighth street, 100 feet south of Sheepshead Bay road, Coney Island, in the Borough of Brooklyn, consisting of a one-story frame building 25 by 28 feet, to be altered by lessor so as to accommodate twenty horses, for the purpose of a stable for the One Hundred and Sixty-ninth Police Precinct, for five years, at \$1,100 per annum.

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of \$825, for the purpose of paying rent of said premises for nine months in the year 1909, providing the Commissioners of the Sinking Fund authorize the said lease.

Referred to the Comptroller.

Schedules of vouchers, as follows:

Police Department Fund (Sites and Buildings).....	\$14,136 00
Supplies for Police, 1907.....	108 99
Supplies for Police, 1908.....	147 78
Police Station Houses, etc., 1908.....	284 00
Police Department, Administration, General Supplies, 1909.....	27 84
Police Department, Administration, Apparatus, etc., 1909.....	522 89

Granted.

Permission to Charles F. Haight, Patrolman, Thirty-sixth Precinct, to accept reward of \$50 from Jeweler's Security Alliance, Nos. 9 to 13 Maiden lane, Manhattan, for arrest of burglar. With usual deduction.

Approved.

Application of Robert A. Gay, Deputy Clerk, to be continued as Department Notary, fee to be paid by Police Department.

On File, Send Copy.

Report of Lieutenant in command of Boiler Squad, dated March 17, 1909, relative to engineers licenses granted. For publication in the CITY RECORD.

Special Order No. 71, issued this day, is hereby made part of the proceedings of the Police Commissioner.

Special Order No. 71.

The following probationary Doormen, having qualified as Doormen, are appointed as of March 9, 1909, and assigned to precincts indicated:

Charles W. Nash, One Hundred and Sixty-fifth Precinct; John T. Reilly, One Hundred and Sixty-third Precinct.

The following transfers and assignments are hereby ordered, to take effect 8 p. m., March 18, 1909:

Sergeants—John F. McGuire, Ninth Inspection District, remanded from clerical duty and transferred to One Hundred and Forty-third Precinct; Michael T. Ahearn, One Hundred and Forty-third Precinct, transferred to Ninth Inspection District and assigned to clerical duty.

Patrolmen—David Sheehan, First Precinct, transferred to Twelfth Inspection District and assigned to duty in plain clothes; Paul P. Gallagher, Two Hundred and Eighty-second Precinct, transferred to Twelfth Inspection District and assigned to duty in plain clothes; Andrew McGrattan, Twelfth Inspection District, remanded from duty in plain clothes and transferred to Two Hundred and Eighty-second Precinct; George F. Ring, Twelfth Inspection District, remanded from duty in plain clothes and transferred to First Precinct; Michael J. Cotter, from Thirty-sixth Precinct to Eightieth Precinct; John Kennel, Two Hundred and Seventy-fifth Precinct, transferred to Fourteenth Inspection District and assigned to duty in Bureau of Licenses.

The following temporary assignments are hereby ordered:

Surgeon Arthur S. Vesburgh, to assume charge of Eleventh Surgical District, in addition to his own district, during absence of Surgeon Edward T. Higgins, from 12 noon, March 17, 1909, until 6 a. m., March 21, 1909.

Lieutenant Dennis Grady, Twelfth Precinct, assigned to command precinct, pending assignment of a Captain, from 12:01 a. m., March 16, 1909.

Sergeant Francis J. Kavanagh, Seventy-ninth Precinct, assigned to Eleventh Inspection District, duty in plain clothes, for thirty days, from 8 p. m., March 16, 1909.

The following extensions of temporary assignments are hereby ordered:

Lieutenants—James H. Gillen, One Hundred and Forty-fourth Precinct, to Central Office Squad, duty at School of Instruction for thirty days, from 8 a. m., March 20, 1909; Frederick Blohm, Thirty-sixth Precinct, to Central Office Squad, duty in Second Deputy Commissioner's office for ten days, from 8 p. m., March 16, 1909.

Patrolmen—William A. Cook, One Hundred and Fifty-fifth Precinct (formerly in One Hundred and Forty-seventh Precinct), to Central Office Squad, duty in Second Deputy Commissioner's office, for ten days, from 12 noon, March 16, 1909; Isaac Levy, Two Hundred and Seventy-eighth Precinct, and Myron Morris, Thirty-second Precinct to Eleventh Inspection District, duty in plain clothes, for ten days, from 8 p. m., March 16, 1909; John Watson and Charles F. Figge, Thirty-first Precinct, to Eighth Inspection District, duty in plain clothes, for ten days, from 8 a. m., March 19, 1909; Isaac Steier and William Ornstein, Thirteenth Precinct, to Eighth Inspection District, duty in plain clothes, for ten days, from 8 p. m., March 18, 1909; Samuel Christian, One Hundred and Forty-ninth Precinct, and Herman Stapf, One Hundred and Forty-third Precinct, to Eighth Inspection District, duty in plain clothes, for ten days, from 8 p. m., March 18, 1909; James Doyle, Twenty-third Precinct, to Detective Bureau, duty in Bronx Branch, for thirty days, from 8 a. m., March 19, 1909.

The following temporary assignments are hereby discontinued:

Motorcycle Sergeants—Frank Kennison and William Whitley, Sixth Inspection District, to Traffic Precinct C, from 8 p. m., March 16, 1909.

Patrolmen John J. Sweeney, Fifteenth Precinct, to Detective Bureau, Manhattan, from 12 noon, March 16, 1909; William H. Hopkins, Sixty-eighth Precinct, to Central Office Squad, from 8 a. m., March 19, 1909; Gustave A. Beaufriere, Sixty-sixth Precinct, to Central Office Squad, from 8 a. m., March 19, 1909.

The following members of the Force are excused for eighteen hours, as indicated: Surgeon Edward T. Higgins, Eleventh Surgical District, from 12 noon, March 20, 1909.

Captains—Bernard Gallagher, One Hundred and Forty-eighth Precinct, from 10 a. m., March 22, 1909; James E. Hussey, One Hundred and Fifty-seventh Precinct, from 8 a. m., March 27, 1909, with permission to leave city; Francis A. Creamer, One Hundred and Sixty-sixth Precinct, from 10 a. m., March 20, 1909, with permission to leave city; John W. O'Connor, Two Hundred and Eighty-fifth Precinct, from 12 noon, March 20, 1909.

The following leaves of absence are hereby granted with full pay:

Surgeon Edward T. Higgins, Eleventh Surgical District, for three days, from 12 noon, March 17, 1909, to be deducted from vacation.

Sergeant—David J. Murphy, Traffic Precinct D, for three days, from 8 a. m., March 17, 1909, with permission to leave city.

Patrolmen—John D. Murphy, Eighth Precinct, for three days, from 12 noon, March 16, 1909, with permission to leave city; Peter T. Murphy, Two Hundred and Eighty-first Precinct, for three days, from 12 noon, March 17, 1909, with permission to leave city; Hugh McLaughlin, One Hundred and Fiftieth Precinct, for three days, from 12 noon, March 16, 1909.

The following Special Patrolmen are hereby appointed, to take effect March 16, 1909:

Harry J. Keyes, for Interborough Rapid Transit Company, Manhattan; Henry O'Keefe, for New York Team Owners' Association, No. 377 Broadway, Manhattan; Clarence Mallory, William F. O'Toole and James F. O'Donnell, for Hecker-Jones-Jewell Milling Company, Water and Corlears streets, Manhattan.

The resignations of the following Special Patrolmen are hereby accepted and they are reappointed to take effect as of date indicated:

March 16, 1909—Patrick J. Ryan, for Interborough Rapid Transit Company, No. 165 Broadway, Manhattan; Charles Mueller, for National Bank of Commerce, No. 31 Nassau street, Manhattan; William C. O'Keefe, for New York House of Refuge, Randalls Island; Michael Kane, for Chelsea Exchange Bank, No. 266 West Thirty-fourth street, Manhattan.

The resignations of the following Special Patrolmen are hereby accepted:

Charles J. Patterson, employed by Hecker-Jones-Jewel Milling Company, Water and Corlears streets, Manhattan; James E. Smith, employed by Automatic Vaudeville Company, No. 48 East Fourteenth street, Manhattan.

THEO. A. BINGHAM, Police Commissioner.

POLICE DEPARTMENT.

March 18, 1909.

The following proceedings were this day directed by the Police Commissioner:

Ordered, That, in the light of recent events and for the good of The City of New York, the Board of Aldermen be and is hereby respectfully requested to authorize the issue of Special Revenue Bonds in the sum of one hundred thousand dollars (\$100,000), the proceeds thereof to be added to the appropriation made to the Police Department for the year 1909, entitled Contingent Expenses, and for the purpose of secret investigations; all disbursements from the said fund to be made by the Police Commissioner under the supervision of the Mayor, the Comptroller and the President of the Municipal Civil Service Commission.

On reading and filing communication from the Municipal Civil Service Commission, dated March 4, 1909, in the matter of Samuel Silverstein, and stating that "there is no provision in the Civil Service Law or Rules that would permit the restoration to an eligible list of a candidate who has been dropped at the end of his probationary period for unsatisfactory services,"

Ordered, That the proceedings of February 25, 1909, making requisition upon the Municipal Civil Service Commission for an eligible list from which to enable the Police Commissioner to appoint one Patrolman, and that the name of Samuel Silverstein be included in such eligible list, be and are hereby rescinded.

It appearing that in the investigation as to the conduct and capacity of Samuel Silverstein, a Patrolman on probation, an error was made.

Ordered, That the proceedings of January 20, 1909, declaring that the conduct and capacity of the said Samuel Silverstein "while on probation are unsatisfactory to the Police Commissioner and for that reason that he be and is hereby dismissed from such employment," be and are hereby rescinded.

The following Probationary Patrolman, having qualified, is hereby appointed Patrolman in the Police Department of The City of New York, to take effect as of January 20, 1909: Samuel Silverstein.

Ordered, That the Chief Clerk be and is hereby directed to prepare payroll for the salary of Samuel Silverstein from January 20, 1909.

Concert License Granted.

Harry Harris, Auditorium, No. 172 West Twenty-third street, Manhattan, from April 2, 1909, to April 30, 1909; fee, \$150. No liquors. Renewal.

Masquerade Ball Permits Granted.

I. Levy, Murray Hill Lyceum, Manhattan, March 20; fee, \$25.
 Suesskind & Rehfeldt, Terrace Garden, Manhattan, March 20; fee, \$25.
 Suesskind & Rehfeldt, Terrace Garden, Manhattan, March 27; fee, \$25.
 L. Hirschmann, New York Mannerchor Hall, Manhattan, March 27; fee, \$25.
 C. H. Zeltner, Zeltner's Casino, March 20; fee, \$25.
 L. F. Hauser, Ebling's Casino, The Bronx, March 23; fee, \$25.
 W. B. Heiser, Heiser's Hall, Brooklyn, March 20; fee, \$5.
 H. Fink, Ideal Dancing Academy, Brooklyn, March 27; fee, \$5.
 W. Volkert, Volkert's Hall, Queens, March 20; fee, \$10.

On File, Send Copy.

Communication from Commissioners of the Sinking Fund, transmitting certified copy of resolution adopted March 16, 1909, as follows:

"Resolved, That the resolution adopted by this Board at meeting held February 11, 1909, authorizing a renewal of the lease to the City from W. C. Vosburgh Manufacturing Company, Ltd., of the premises No. 269 State street, Borough of Brooklyn, for the use of the Police Department, for a period of one year from May 1, 1909, be and the same is hereby amended by substituting as the name of the lessor 'Mrs. Ella S. Nix and Mrs. Georgina Lightenstein' in place of 'W. C. Vosburgh Manufacturing Company, Ltd.'"

Copy to the Bookkeeper.

Report of Lieutenant in Command of Boiler Squad, dated March 17, 1909, relative to engineers' licenses granted. For publication in the CITY RECORD.

Special Order No. 72, issued this day, is hereby made part of the proceedings of the Police Commissioner.

Special Order No. 72.

The following Probationary Patrolman having qualified as Patrolman, is appointed and assigned to precinct indicated, as of January 20, 1909, and temporarily assigned to School of Instruction until 8 p. m., March 29, 1909:

Samuel Silverstein, One Hundred and Fiftieth Precinct.

The following transfers and assignments are hereby ordered:

To Take Effect 8 a. m., March 19, 1909.

Bicycle Patrolman Frank C. Lemmon, Traffic Precinct C, transferred to Criminal Court Squad, without wheel, and assigned as Probation Officer to Justice Joseph M. Deuel, Court of Special Sessions.

To Take Effect 8 p. m., March 18, 1909.

Patrolman Charles P. Vosburgh, Fortieth Precinct, transferred to Central Office Squad, and assigned to duty in Complaint Clerk's office.

To Take Effect 8 p. m., March 19, 1909.

Donnelly, from Twenty-eighth Precinct to Thirty-sixth Precinct; John Cramer, from Thirty-third Precinct to Fortieth Precinct; John Pierce, from Eighty-ninth Precinct to Second Precinct; Charles Sheridan, from One Hundred and Forty-seventh Precinct to One Hundred and Forty-ninth Precinct; Robert W. Keppler, from One Hundred and Fifty-third Precinct to One Hundred and Fiftieth Precinct; Gilbert M. Meehan, from One Hundred and Fifty-third Precinct to One Hundred and Forty-ninth Precinct; John E. Mesle, from One Hundred and Fifty-fifth Precinct to Ninth Precinct; Joseph F. Farrington, from One Hundred and Seventy-second Precinct to Twelfth Precinct; Frank X. Conway, from Two Hundred and Seventy-ninth Precinct to Twenty-third Precinct; Charles Martin, from Two Hundred and Seventy-ninth Precinct to Twenty-third Precinct; Edward Doyle, from Seventy-fourth Precinct to Twenty-third Precinct; Willet E. Pendleton, from One Hundred and Forty-third Precinct to Nineteenth Precinct.

The following extensions of temporary assignments are hereby ordered:

Lieutenants—Charles Becker, Fortieth Precinct, to Bureau of Electrical Service, Manhattan, for 30 days, from 8 a. m., March 20, 1909; Max Neumaier, One Hundred and Sixty-fifth Precinct, to Central Office Squad, duty in Second Deputy Commissioner's office, for 10 days, from 8 p. m., March 17, 1909.

The following temporary assignment is hereby discontinued:

Bicycle Patrolman Frank C. Lemmon, Traffic Precinct C, to Central Office Squad, from 8 a. m., March 19, 1909.

The following members of the force are excused for 18 hours, as indicated:

Captains—Frederick G. Carson, Thirty-sixth Precinct, from 12 noon, March 19, 1909; Thomas W. Walsh, Forty-third Precinct, from 2 p. m., March 21, 1909; John Becker, One Hundred and Fifty-fifth Precinct, from 9 a. m., March 22, 1909.

Acting Captain Fred J. Mott, Harbor Precinct, from 8 a. m., March 21, 1909, with permission to leave city.

The following leave of absence is hereby granted with half pay:

Lieutenant Edward J. Gallagher, One Hundred and Fourth Precinct, for one-half day, from 12 noon, March 18, 1909.

Permission granted to leave city:

Captain John F. Gardiner, Two Hundred and Seventy-seventh Precinct, for 30 days, while on sick leave.

Relieved from suspension and restored to duty:

Patrolmen—William J. M. Harte, Second Precinct, is hereby relieved from suspension and restored to duty, to take effect 3.50 p. m., March 17, 1909; Frank X. Werner, Fifteenth Precinct, is hereby relieved from suspension and restored to duty, to take effect 10.30 a. m., March 18, 1909.

Full pay granted:

Frank X. Werner, Fifteenth Precinct, from 12.30 p. m., February 13, 1909, to 10.30 a. m., March 18, 1909, while under suspension.

The following death is reported:

Patrolman Michael J. Murphy, One Hundred and Fiftieth Precinct, at 2.30 p. m., March 15, 1909.

So much of Special Order No. 17, current series, paragraph 11, as dismisses Probationary Patrolman Samuel Silverstein from employment in the Police Department of The City of New York, is hereby rescinded.

The resignation of the following Special Patrolman is hereby accepted and he is reappointed, to take effect as of date indicated:

March 17, 1909—Frederick P. Miller, Jr., for Long Island Railroad Company, Long Island City.

THEO. A. BINGHAM, Police Commissioner.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

REPORT FOR THE QUARTER ENDING JUNE 30, 1908.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, January 11, 1909.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—In compliance with the provisions of section 1554 of the Charter, I beg to submit a report of the transactions of this Department for the quarter ending June 30, 1908. I have obtained from the Deputy Commissioners and chiefs of the several divisions their detailed report, containing very interesting facts and data in connection with the work accomplished by the Department, which I respectfully submit.

In the Boroughs of Manhattan and The Bronx there was a decrease in the daily consumption of 1,000,000 gallons as compared with the first three months of the year, but for the corresponding months of 1907 it represented an increase of 3,000,000 gallons. Strict enforcement of the Department regulations and compliance with the orders of the State Board of Health have served to lessen the danger of pollution of the Croton water supply. The waters have been analyzed daily and found wholesome and pure. The ponds and streams were carefully cleaned and objectionable matter removed. Repairs to fences and roadways were made where necessary. Sixty-eight thousand linear feet of new mains were laid, located principally in the Twenty-fourth Ward, the Annexed District, and 225 hydrants were set. The construction of the Hudson tunnel necessitated the relocation of 1,500 feet of mains and a number of hydrants. All hydrants between the Battery and Thirty-seventh street, capable of yielding 600 gallons or over per minute, were tested, and it was suggested by the Fire Department that these be painted so as to be easily distinguished from the other hydrants. With the exception of a few, the balance of the hydrants were connected with the high pressure mains. The construction of the Williamsburg Bridge subway loop prevented the contractor from installing a few hydrants and several hundred feet of pipe. All the pumps and motors in both of the high pressure stations were connected and in operation for active service.

A public demonstration of the high pressure was given, the Fire Department assisting at the test. Plans for the extension of the mains have been prepared and include the district between Chambers and Fourteenth streets, east of the Bowery and Third avenue.

As far as the appropriations of the Borough of Queens would permit the Department authorized the extension of mains and the installation of hydrants by the private water companies. The construction of the Blackwells Island Bridge had not advanced far enough to permit of definite plans being made for the relocation of the water mains which were disturbed. Contract will be awarded for the filtration of the waters of Oakland Lake as soon as the Board of Estimate and Apportionment approves of the purchase of the necessary lands upon which to locate the plant.

Owing to the low rainfall over the Brooklyn watershed there was a loss of 39,000,000 gallons in the storage reservoirs. The daily consumption of water was lower than the preceding quarter. Most of the driven well stations were completed, and where the results were not satisfactory the stations were shut down, pending the deepening of the wells. The station at Sixth street, under the management of Silas W. Titus, yielded, on an average, two and a half million gallons daily. Twenty wells have been driven by him at this station near the border line of the Borough of Queens, and when the delivery main has been placed he will be in a position to furnish about 7,000,000 gallons daily.

The supply of water from all sources shows about the same analysis as for the corresponding quarter of last year. Specifications and plans for the construction of a pumping station at Wantagh and Massapequa have been prepared. The Board of Estimate and Apportionment have approved of the maps describing the land between Clear Stream and Amityville, to be acquired for the 72-inch pipe line. The City came into possession of the pumping plant connected with the infiltration gallery at Wantagh. Surveys were made of all lands, the owners of which had brought suits against the City for the lowering of the streams. A number of the pumps and boilers were overhauled, thoroughly cleaned and repaired.

The Coney Island high pressure station responded to eight alarms of fire, which were subdued after pumping on an average of seven minutes for each fire. The reserve high pressure station was entirely completed, ready for active service. The pumps and motors were finally tested by Professor Albert F. Ganz and reported very satisfactory and the entire arrangement of the plant excellent. Rapid progress was made toward the completion of the main station at Joralemon street.

A number of contracts for pipe laying for the Borough of Richmond were prepared. In a majority of the contracts the proposed mains will be a continuation of the distribution system of the Crystal and Staten Island Water Companies. The Corporation Counsel has not yet approved of the title to the properties to be conveyed to the City by these water companies. Daily analyses were made of the water furnished by the several private companies and wherever necessary the Department ordered the repair of the pumping machinery in the Crystal and Staten Island Water Companies' plants.

Collections.

The total revenue derived from the sale of water, including the expense for installing meters, taps, etc., was as follows:

Manhattan	\$1,540,735 81
The Bronx	263,128 12
Brooklyn	1,081,188 29
Queens	70,966 77
Richmond	2,004 52
Total.....	\$2,958,026 51

Gas and Electricity.

In conjunction with the Commissioner of Parks, the Department has planned the complete rearrangement of the lighting on Broadway, north from Fifty-ninth street, and several of the park thoroughfares, substituting electric lights for Welsbach. Electric meters were tested on the complaints of consumers alleging overregistration, and a very small percentage was found fast. The increased number of inspections of interior wiring is evidence of the general use of electricity for light and power. Lack of Inspectors has made it necessary to accept the reports of the Fire Underwriters, upon which the Department issues certificates.

Respectfully submitted,
JOHN H. O'BRIEN, Commissioner.

REPORT OF THE CHIEF ENGINEER.

Department of Water Supply, Gas and Electricity,
Office of Chief Engineer,
City of New York, July 15, 1908.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I beg to submit herewith report showing the condition of the water supply in the Boroughs of Manhattan, The Bronx and Queens, for the quarter ending June 30, 1908, the expenditures provided for under the Tax Levy Budget, as well as under the appropriations made by bond issues, and balances remaining on July 1, 1908.

EXPENDITURES.

BOROUGHES OF MANHATTAN AND THE BRONX.

Appropriations of 1908.

Contracts Entered Into During the Quarter Ending June 30, 1908.

Louis D. Gregory—For hauling and laying water mains in Maclay and St. Peters avenues and in Chisholm, One Hundred and Twenty-ninth and One Hundred and Ninety-ninth streets, etc., \$4,586.

Louis D. Gregory—For furnishing, delivering and setting dock hydrants and appurtenances, \$8,710.22.

Hemphill Engineering Company—For furnishing and delivering operating supplies for pumping stations, \$1,924.50.

The Fairbanks Company—For furnishing and delivering 12-inch I. S. gate valves, \$3,000.

The Manhattan Supply Company—For furnishing and delivering operating supplies for pumping stations, \$1,264.77.

United States Cast Iron Pipe and Foundry Company—For furnishing and delivering cast iron water pipe, branch pipe and special castings, \$3,952.50.

John Fox & Co.—For furnishing and delivering cast iron water pipe, branch pipe and special castings, \$5,375.

Henry E. Fox—For furnishing, delivering and laying water mains in Sixty-fourth, Seventieth and Exterior streets, under the river to Blackwells Island and on Blackwells Island, \$38,267.61.

Henry E. Fox—For furnishing, delivering and laying water mains in Eastern boulevard and Pelham Bay Park and subaqueous mains across Eastchester Creek, near Pelham Bridge, \$22,938.86.

A. J. & J. J. McCollum—For furnishing, delivering and storing anthracite coal in the following amount: 17,000 gross tons of broken size anthracite coal, \$82,220.

BOROUGH OF QUEENS.

A. J. & J. J. McCollum—For furnishing, delivering and storing anthracite coal in the following amount: 4,000 gross tons of anthracite coal, \$16,760.

BOROUGH OF MANHATTAN AND THE BRONX.

Water wastes over Croton dam during the quarter, 9,993 million gallons.
Water wastes over Kensico dam during the quarter, 1,220 million gallons.

Work Done on Watersheds and Aqueducts During the Quarter.

Division No. 1—Clearing shore line of Croton Lake of brush, weeds, grass, etc.; cleaning screens, oiling screws and painting gate-stand in gate-house; cutting and peeling telephone poles, patrolling reservoir and streams, collecting water samples.

Division No. 2—Building, repairing and painting fences; repairing the chimneys on Keeper's house and putting new sill under stable; cutting and clearing up the grass, etc., on Aqueduct property, enlarging the vault on Spring street and installing a meter in same; cleaning the gutters, culverts, etc.; hauling and setting telephone poles.

Division No. 3.—Building, repairing and painting fences; cutting and clearing up the grass, etc., on the Aqueduct property; cleaning and repairing the culverts, gutters, etc.; setting telephone poles, cleaning and oiling machinery screws, etc., at shaft sites.

Division No. 4—Building, repairing and painting fences; building retaining walls, hauling earth and stone, cleaning cross walks, culverts, drains, etc.; cutting and clearing up the grass, etc., on Aqueduct property; cleaning and oiling the gates, screws, etc., at shaft sites.

Division No. 5—Building, repairing and painting fences; setting telephone poles, cleaning out culverts and paving new gutter, repairing roof of gate-house and stable, hauling dirt and stones, cutting and clearing up the grass on Aqueduct lines, cleaning and oiling machinery, gates, etc., at shaft sites, etc.

Division No 6—Building, repairing and painting fences; cleaning out and repairing culverts, repairing roads, cutting and clearing up the grass, etc., on the Aqueduct lines; repairing roof of Keeper's house, cleaning and oiling machinery at gate-house.

Division No. 7.—Building, repairing and painting fences; cutting out, rebuilding and pointing brickwork in tower; repairing crown of arch of sewer, flagging and relaying brickwork around gate-house on High Bridge, hoisting and trimming coal, cutting and clearing up the grass, etc., on the division.

Division No. 8.—Patrolling Central Park Reservoir and pipe lines, building, repairing and painting fences; painting Keeper's house and sashes, doors, etc., at gate-house; keeping surface of water clean, cleaning screws at the gate-houses, cleaning screens, spreading gravel on walks, repairing banks of old reservoir, cutting and clearing up grass on division.

Boyd's Corners Reservoir—Cleaning gate-house, cleaning and oiling stop-cocks, etc.; collecting water samples for laboratory, patrolling reservoir and streams.

West Branch Reservoir—Building, repairing and painting fences; repairing road over auxiliary dam, painting roofs of gate-houses, cleaning and oiling stop-cocks, etc.; cutting grass, weeds, etc., along the highways; patrolling the reservoir and streams, collecting water samples for the laboratory.

Middle Branch Reservoir—Rebuilding stone walls, repairing surface of highways, collecting and burning driftwood, etc.; collecting and burying dead fish, cleaning and oiling stop-cocks, etc.; patrolling the reservoir and streams, collecting water samples for the laboratory.

White Pond Reservoir—Patrolling pond and streams, collecting water samples.

Electrozone Plant—The Electrozone plant has been in continuous operation during the quarter.

East Branch and Bog Brook Reservoirs—Building, repairing and painting fences; cleaning gate-houses, oiling gates and stop-cocks, collecting and burying dead fish, collecting water samples.

Titicus Reservoir—Building, repairing and painting fences; stone wall relaid, rip-rap hauled and placed, gate-house cleaned and gearings oiled, grass on slope of dam and along the highways cut and cleaned up, collecting and burning driftwood, collecting and burying dead fish, patrolling reservoir and streams, collecting water samples.

Muscotot Reservoir—Building, repairing and painting fences; rip-rap hauled and placed, gate-house cleaned and gearings oiled, repaired stone bottom of fountain, grass on slope of dam and along highways cut and cleaned up, patrolling reservoir and streams, collecting water samples.

Bronx River Division.

Williamsbridge Section—Repairing fences, paving and repairing gutters, building and repairing roads, cutting and cleaning up grass on banks of reservoir, hauling gravel, stone, etc.

Kensico Section—Building and repairing fences, repairing buildings, patrolling reservoir and streams, cleaning gate-houses and oiling gearing, cutting grass, etc., along the highways, collecting water samples.

[illegible]

Sanitary Patrol and Inspection of Watershed.

During the quarter there were 88 nuisances reported; 39 notices to abate nuisances were served, 15 of which were complied with; 50 dead animals were reported and properly buried; the Patrolmen took several thousand dead fish from the various reservoirs; no typhoid fever cases were reported during this quarter.

Laboratories.

Total Samples of Water Analyzed by	Laboratories.	Physical examinations.....	926
		Chemical examinations, complete..	238
Moun. Prospect Laboratory.....	417	Chemical examinations, partial.....	378

The Bronx.....	134	Metals and alloys.....	2
		Special tests and experiments.....	270
Total.....	1,596		

DISTRIBUTION SYSTEM.

Average Analyses for the Quarter.

The average condition of the Manhattan water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
One Hundred and Thirty-fifth street gate house....	3	17	.097	.028	2.0	662	292
Jerome Park Reservoir.....	4	13	.125	.033	2.0	527	210
High Bridge Reservoir.....	2	14	.093	.018	2.1	558	342
Central Park—							
New reservoir	3	15	.128	.016	2.0	1,087	236
Old Reservoir:							
North basin	3	14	.122	.021	2.0	853	205
South basin	3	13	.120	.046	2.2	689	273
City Hall tap.....	2	14	.090	.005	...	370	129

The average condition of The Bronx water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Williamsbridge Reservoir—							
Influx	5	14	.130	.036	2.5	1,029	457
Efflux	6	16	.131	.031	...	1,077	439

The figures for Manhattan show that throughout the quarter practically the same quality of water has been maintained as during the corresponding quarter for last year except that there have been considerably fewer microscopic organisms and less color.

The water throughout the Bronx Borough has been in its usual good condition.

BOROUGH OF MANHATTAN AND THE BRONX.

Laying Water Mains.

Contracts for laying and relaying water mains in the following streets and avenues have been completed during the quarter:

Blondell avenue, between Halperin and Mary streets.
 Barnes avenue, between Two Hundred and Thirty-seventh street and Nereid avenue.
 Byron avenue, between Two Hundred and Thirty-sixth street and Two Hundred and Thirty-seventh street.
 Devoe avenue, between West Farms road and One Hundred and Eighty-first street.
 Edwards avenue, between Marrin and Latting streets.
 Ellison avenue, between Marrin and Latting streets.
 King avenue (City Island), between Elizabeth and Sutherland streets.
 Morris Park avenue, between West Farms road and Bear Swamp road.
 Nereid avenue, between Barnes and Brunner avenues.
 Railroad avenue, between Washington avenue and Green lake.
 Saratoga avenue, between Eastchester road and 1,150 feet west.
 Balcom avenue, between Marrin and Latting streets.
 Beacon street, between Commonwealth and Rosedale avenues.
 Halperin street, between Main street and Blondell avenue.
 Mary street, between Main street and Blondell avenue.
 Latting street, between Balcom avenue and Fort Schuyler road.
 Madison street (City Island), between present main and end of pier.
 Taylor street, between Morris Park avenue and New Haven Railroad Company.
 Victor street, between Morris Park avenue and 600 feet north.
 Fourteenth street, between present main and Avenue E.
 Two Hundred and Twenty-fourth street, between Second avenue and White Plains road.
 Two Hundred and Thirty-sixth street, between White Plains road and Byron avenue.
 Two Hundred and Thirty-seventh street, between Byron avenue and Barnes avenue.
 Boston road, between Eastchester road and Schieffelin lane.
 Reeds Mill road, between Oak street and 700 feet south.
 One Hundred and Ninety-fifth street and Fort Washington avenue.
 Maclay avenue, between St. Peters avenue and Overing street.
 St. Peters avenue, between West Farms road and Maclay avenue.
 Chisholm street, between Intervale and Stebbins avenues.
 One Hundred and Twenty-ninth street, between Convent avenue and St. Nicholas terrace.
 One Hundred and Ninety-ninth street, between Briggs avenue and Grand Concourse.
 Bear Swamp road, between Morris Park and Kinsella avenues.
 Loring place, between Burnside avenue and One Hundred and Eightieth street.
 Grand Concourse, at intersection of Two Hundred and Sixth street.

Linear Feet of Pipe Laid.

48-inch.....	6,820	12-inch.....	44,221
36-inch.....	1,260	6-inch.....	9,317
30-inch.....	530		
20-inch.....	5,576	Total.....	67,896
16-inch.....	172		

In addition to the above the following amount of pipe was laid in setting dock hydrants and appurtenances:

Four-inch wrought iron pipe, 506 linear feet.

Gate Valves Set.

36-inch.....	3	4-inch.....	2
30-inch.....	3		
20-inch.....	4	Total.....	476
12-inch.....	192		
6-inch.....	272		

Hydrants Placed.

Double nozzle standard New York hydrants.....	225
Double nozzle standard dock hydrants.....	2
Total.....	227

Work Done by the Pennsylvania, New York and Long Island Railroad at Their Own Expense.

Five double nozzle New York case hydrants set.

Work Done by the Hudson Companies at Their Own Expense.

One thousand and forty-four linear feet of 12-inch mains laid, 60 linear feet of 6-inch mains laid, five double nozzle New York standard hydrants set, seven 12-inch stop-cocks set, eight 6-inch stop-cocks set.

Work Done by the Department of Bridges at Their Own Expense.

One thousand linear feet of 12-inch mains laid, ten 12-inch stop-cocks set, two 6-inch stop-cocks set, three double nozzle New York standard hydrants set.

Repairing and Renewal of Pipes, Stop-cocks, etc., by the Regular Repair Companies.

New hydrants set in place of those defective.....	255
Hydrants repaired (leaking or broken).....	3,444
Additional hydrants placed.....	31
Hydrants, improperly closed, closed properly.....	913
New gate valves set in place of those defective.....	24
Old gate valves repaired.....	528
New 4-inch gate valves set.....	7
New 6-inch gate valves set.....	31
New 12-inch gate valves set.....	3
Croton mains repaired (leaking or broken).....	224
Taps shut off at main (service pipe defective).....	322
Linear feet of pipe used in repairs to mains.....	376
City horse troughs repaired.....	95
City horse troughs removed to other locations.....	5
New horse troughs set (resolution of Board of Aldermen).....	5
Hydrants abandoned—Double nozzle New York case hydrant.....	1

Permits Issued—

To place taps, less than 1 inch, on Croton mains:

Manhattan	302
The Bronx	450
Total.....	752

To place taps, over 1 inch, on Croton mains:

Manhattan—	
2-inch	37
6-inch	2
Total.....	39
The Bronx—	
2-inch	1
4-inch	2
Total.....	3

Hydrants and dead ends have been regularly blown off to improve the condition of the water, removing sediment, etc.

Repairing and Renewal of Pipes, etc., by the Emergency Gangs.

Linear feet of new 4-inch mains laid.....	31
Linear feet of new 6-inch mains laid.....	898
Linear feet of new 12-inch mains laid.....	194
Linear feet of new 20-inch mains laid.....	33
6-inch mains repaired.....	2
20-inch mains repaired.....	2
24-inch main repaired.....	1
30-inch mains repaired.....	4
36-inch main repaired.....	1
New 6-inch gate valves and boxes set.....	14
New 12-inch gate valves and boxes set.....	4
6-inch gate valves repaired.....	4
20-inch gate valves repaired.....	2
Additional double nozzle standard New York hydrants placed.....	38
Additional double nozzle New York case hydrants placed.....	2
Double nozzle standard New York hydrants set in place of defective hydrants..	4
Double nozzle New York case hydrant set in place of a defective hydrant.....	1
Double nozzle New York case hydrant reset.....	1
Double nozzle New York case hydrants reconnected.....	4
New drinking fountains set.....	2
Connection made on 36-inch main without shutting off the water.....	1
Taps changed from old 6-inch to new 12-inch mains.....	40
4-inch gate valves inspected and used.....	5
6-inch gate valves inspected and used.....	178
10-inch gate valves inspected and used.....	2
12-inch gate valves inspected and used.....	132
20-inch gate valves inspected and used.....	47
30-inch gate valves inspected and used.....	12
36-inch gate valves inspected and used.....	38
48-inch gate valves inspected and used.....	13

Mains Abandoned—

Linear feet of 6-inch pipe.....	1,450
Linear feet of 4-inch pipe.....	200

A squad of men has been employed making surveys to bring the maps of the distribution system (scale 100 feet = 1 inch) up to date in the territory included between Fifty-ninth and Eighty-sixth streets and from Fifth avenue to the East River. Also, two additional squads have been engaged in measuring rock, locating hydrants and taking pressures.

Men were detailed for a short time watching the 30-inch main at Ninth avenue and Forty-second street due to dangerous excavation, and others were detailed at Seventy-seventh street and Central Park West watching the 48-inch and 30-inch mains on account of dangerous excavation.

Painting of Hydrants.

Up to June 1, 3,047 hydrants have been tested which yield 600 gallons per minute or more, it being understood that the computations of this yield are based on the use by the Fire Department of the large suction hose on the engine, and of the large nozzle on the hydrant when there is more than one. The district in which these hydrants are located extends from the Battery to Thirty-seventh street and from river to river.

BOROUGH OF QUEENS.

The general condition of the distribution system is fairly good.

The interference with our distribution system by the improvements under way by the Pennsylvania Railroad still continues, and the proposed rearrangement of the mains, while progressing, has not been yet completed.

We have granted the applications by private companies to extend their mains as far as practicable under the available appropriations.

Plans showing the land to be acquired for the filters to utilize the waters from Oakland Lake and remodeling and improving of the Bayside Pumping Station in the Third Ward are still before the Board of Estimate for approval. As soon as favorable action is taken and the commission appointed, we are ready to advertise this work, the urgency and importance of which needs no comment.

Work under the contract with James P. Graham is still progressing slowly. The records show that during the quarter he laid 180 linear feet of 10-inch pipe under Contract No. 1, and 9,400 linear feet of 12-inch pipe, and 2,600 linear feet of 8-inch pipe under Contract No. 2. Some progress has been made in expediting the repaving of trenches opened by this contractor, in regard to which there were numerous complaints, both from private citizens and from the Department of Highways, owing to the poor condition of the streets in which the pipes have been laid.

The work on the contract at the College Point standpipe and at Station No. 1 is entirely completed, and as soon as some small claims for extra work and deductions for work omitted are adjusted, the final estimate will be given to the contractor.

The following table shows the kind and amount of work performed by the regular gangs, and also work under contract, etc.:

Work Done by the Repair Gangs.

Kind of Work Done.	First Ward.	Second Ward.
Number of taps made.....	193	100
Number of leaks repaired.....	14	28
Number of stop-cocks repaired.....	6	19
Number of hydrants repaired.....	200	38
Number of gate boxes repaired.....	3	20
Number of stop-cocks reset.....	1	1
Number of gate boxes reset.....	12	20
Number of hydrants reset.....	5	20
Number of hydrants removed.....	1	1
Number of pressures taken.....	17	5
Number of linear feet of water main laid.....	60	360
Number of times water was shut off and turned on.....	46	22
Number of leaks investigated.....	16	22
Number of consumers notified of shut offs.....	46	22
Number of meters repaired.....	5	..
Number of times water was turned on new pipe lines.....	16	..
Number of taps closed on main.....	7	..
Number of Smith connections made.....	6	1
Number of new hydrants set.....	7	2
Number of new stop-cocks set.....	8	5
Number of new stop-cock boxes set.....	12	4
Number of service lines repaired.....	5	..
Number of new pipe lines blown out.....	16	..
Number of pipe lines blown out (dead ends).....	19	..
Number of days watching pipe yard.....	91	..
Number of hydrants and gates in Flushing greased.....
Number of hydrants in Douglaston and Little Neck greased.....

MECHANICAL DIVISION.

BOROUGH OF MANHATTAN AND THE BRONX.

Ninety-eighth Street Pumping Station.

During the past quarter the water columns on boilers 5, 6, 7 and 8 were repaired, new piping and fittings being used. New globe valves were placed in the feed lines to boilers 7 and 8, a new check valve placed in the feed line to boiler No. 1 and the line repaired. The low pressure trap on the jacket feed pipe of No. 1 engine and the high pressure trap on the steam line of No. 1 engine were repaired.

The jacket feed pipe of No. 3 engine was repaired and a new Foster regulating valve installed. The piping and fittings on the condenser of No. 1 engine were overhauled. The main steam stop valve stems were packed and a new gasket was used in making up a joint on a six-inch gate valve in the main line. Braces and hangers were made for the steam line in the lower part of the engine room.

Pipe covering was installed in the plant as follows: In the engine room thirty feet of 5-inch pipe and two 5-inch gate valves were covered, and in the boiler room twelve feet of 8-inch pipe, thirty feet of 6-inch pipe, five 6-inch tees, four 6-inch gate valves, two 6-inch elbows and three 8-inch tees were covered.

High Bridge Pumping Station.

During the past quarter the bridge wall of each boiler was built up, the back connections repaired and each boiler was thoroughly cleaned twice.

In the engine room new brasses were fitted to two air pump links on engine No. 1, and the rods and valve stems of the engine were packed.

New piston rods and new spool pieces were fitted to the tower pumps and all water valves were repaired, new springs being fitted where necessary. The steam rings were refitted and each pump was packed.

The feed pumps received new rods and new stems and links, and the water valves were repaired. The valve motion was set and the piston rings refitted. The pumps were repacked and are now in good condition.

A new steam trap was installed in the drain from the main steam line and connected to the sewer. A new 3-inch valve was put in the exhaust line from No. 2 tower pump, and new hangers were installed for the feed line to the boilers. Two new nipples were put in the return from the steam jacket of boiler No. 1.

A new coal scale was set up on the dock and a house erected over it. The mast was repaired and a new boom hung for hoisting coal. This work was done by the Department Carpenter.

One Hundred and Seventy-ninth Street Pumping Station.

On boilers 1, 2, 3 and 4 the following work was done during the past quarter:

All leaky tubes in boilers 2 and 3 were expanded and beaded and the dome rivets in No. 1 were caulked. The burnt handhole bolts were cut out of the plate on No. 3 and replaced with new bolts. The 8-inch steam line was covered with magnesia covering, and the 8-inch valve in the line to the head house of shaft No. 25 was replaced in good condition. New joints were made in the steam branch from No. 1 boiler and a new handle was put on the furnace door of No. 2. The safety valves of boilers 1 and 2 were adjusted. The tubes and back connections of all four boilers were cleaned and all clinkers cut from the side and bridge walls. The plates were removed and the tubes, heads and shells scraped and sealed. The dead plates were repaired with fire brick and the cracks in the brick settling were filled.

On boilers 5, 6, 7 and 8, new 1½-inch unions were put in the steam connections to the feed pump, the gauge glass mountings were overhauled and eight new gland nuts were fitted on the trued threads. The tubes and interior of the shells were scaled and washed, clinkers removed from the furnace walls and new gaskets used in making up the joints on the plates. Nine tubes were rolled and beaded. The stems of the stop valves were packed and the check and globe valves on the feed line were overhauled. The boiler fronts were scraped and painted and the boilers tested and approved by the Police Department. The feed pumps were overhauled and repaired and fitted with new piston rods and rings. New water cylinder bushings and plunger glands, valves, rods and links were fitted to these pumps.

Boilers 9, 10 and 11—The back and middle connections were cleaned and the tubes and flues brushed. The bridge walls were rebuilt and the piping, valve and fittings on the blow-off from No. 11 were renewed and the tubes and shells were scaled and washed. New joints were made on the main stop valve bonnet of boiler No. 10 and on the auxiliary valve bonnets of 9, 10 and 11. The fronts and uptakes were painted and new joints were made on the saddle flanges of 10 and 11 boilers. The boilers were tested and approved by the Police Department.

Magnesia covering was put on the 8 and 10-inch steam main in the boiler room, and also on the 4-inch auxiliary line in the engine room.

On No. 1 engine an extension was fitted to the platform around the top of the water cylinders. New hangers were installed to support the jacket return pipe. The dash pots were cleaned and the valves adjusted. The governor belts were repaired and the engine indicated. The valve stems of the engine, the plunger of the air pump and the plunger of the attached air compressor were packed. The steam cylinders, steam chests and auxiliary jacket piping were covered with magnesia. The separator on the main steam pipe was also covered. The condenser heads were removed and the plugs removed from a blanked tube and a new tube put in. All the other tubes were set up and the condenser tested.

No. 2 Engine—The rock shaft of the attached air pump was adjusted and all lost motion taken up in the reach rods and links. The air pump trunk and plunger were packed. The piston rods, the main throttle valve and the stop jacket valves were all packed and the governor belt repaired. All oil cups were cleaned and the cylinder head casing on the intermediate cylinder was refitted to accommodate the changes in the jacket piping. The water cylinders were opened and cleaned and a reducing motion and indicator cocks were attached to the water cylinders. The engine was indicated and the valves properly adjusted. The platform grating on the water cylinders was extended to include the low pressure air chambers.

No. 3 Engine—Seven new valve stems and brackets stuffing boxes and valves were fitted. The connecting rod crank and crosshead brasses were scraped and fitted and the main rods and valve stems packed. A new tube was put in the condenser and the packing on all the other tubes taken up. The condenser was tested and the engine indicated. The dash pots were cleaned and the valves and springs adjusted.

No. 4 Engine—The water cylinders were cleaned and the springs and valves overhauled, two new valve guards and four new springs being used. A new length was sewed in the governor belt. A wrought iron bracket was fitted to the low pressure cylinder cover to support the jacket piping. The dash pots were cleaned and the valves repaired, the main throttle and jacket valve stems and the air pump and compressor plungers were packed. The engine was indicated.

No. 5 Engine—Eight new keys were fitted to the plunger rod couplings. A new set of tubes were put in the exhaust feed-water heater and new joints made in the heater connections. The balancing tank was scraped and cleaned and the air and water column connections were also taken out and cleaned. The intermediate receiver was opened and a new set of tubes was partly installed, but not completed at the end of the quarter. A new set of valves with larger pins and bearing surfaces is also being installed on the left side of the engine. A new set of valves was installed on the attached air compressor. The water cylinders were cleaned and the valves, springs and studs overhauled. New joints were made on the heads of the Westinghouse air compressor and a new valve placed in the steam line to the compressor and also in the line to the accumulator. The accumulator and compensating cylinders and the balancing plungers were packed twice during the quarter.

No. 6 Engine—The accumulator and compensating cylinders and accumulator pumps were packed and the high pressure valve stems, low pressure piston rods and main and independent throttle valves were also packed. The nipples and fittings on the air and water connections to the balancing tank were renewed and the tank and air and water mountings were cleaned. The caps on the rock shaft bearings on the attached air pump were adjusted. A new valve was put in the steam connection to the ejector, a new joint made on the flange coupling on the line and a new 4-inch cast-iron elbow was put on the discharge from the attached air pump.

On the coal conveyor four hundred new iron wheels were installed and ten new shafts, twenty new bucket studs and fifty new buckets fitted. The curves were adjusted and the shafts cleaned. A pit was dug under the trimmer to provide more room necessary on account of the change in the size of coal used. A grating was put under the dock to prevent access to the interior of the conveyor room at low tide.

Jerome Avenue Pumping Station.

During the past quarter the repair work done at this station was as follows: The valves and seats in the water end of the boiler feed pump were refaced, the steam traps on the jacket lines from the engines were repaired and a new joint was made in the old steam line in the engine room. The valve link reach rods and wrist plates in No. 2 engine were rebushed and the brasses on the air pump rods were refitted. The water end of No. 2 engine was examined and cleaned and new connections were made to drain the return drip line from the main in the engine room. New asbestos packed cocks were put in the circulating pipe on the boilers and the old steam line in the boiler room was covered and painted.

BOROUGH OF QUEENS.

FIRST WARD.

Pumping Station No. 1.

During the past quarter the boilers were cleaned regularly each month, the tubes and mud drums scaled, all steam and water valves repacked, water columns overhauled and gauge cocks inspected.

The brickwork of the furnaces was repaired. The Fairbanks wheelbarrow scale was repaired and the boiler feed pump overhauled and repacked.

Engine No. 2 was overhauled, new joints made on the steam cylinder heads and slide valves scraped and reset.

Lumber and material for enlarging and repairing the coal storage bin have been ordered, and this work will be begun as soon as it arrives.

Pumping Station No. 2.

The boiler was cleaned and scaled each month and the furnace relined. Cracks in the boiler setting were pointed up and the engine and pumps were overhauled and repacked.

Metal valves in the pump were replaced with rubber valves, with new valve springs and disks. This change reduced the slip in the pump chamber.

About one pint of kerosene is used daily with the feed water.

Pumping Station No. 3.

The boilers were thoroughly cleaned and scaled each month and slight repairs were made to boiler No. 2. The feed line was cleaned and new nipples put in, and new bolts were put on the baffle plates in the steam drum. All valve stems in the boiler room were repacked, the water columns overhauled and the gauge glasses and try cocks cleaned and repaired. The furnace walls were pointed up. New fire clay arches, new lava blocks and new linings put in boiler firebox.

The Webster vacuum feed water heater was overhauled, cleaned and repaired. The Fairbanks-Morse pump was repaired, valves and seats scraped and new piston rings furnished. A new gland was installed on the Snow boiler feed pump. The engines were overhauled and repacked. New springs were furnished on No. 1 engine and a new charging pipe and nipples furnished for No. 2 engine.

The steam and water pressure gauges were repaired and tested, and the Department Carpenter has constructed a closet for storing small supplies in the engine room and a locker for each Engineer. Lockers were also built in the fireroom for the Stokers.

Slight repairs were made to the floor of the coal storage bin. These repairs were temporary, and a new floor will have to be laid.

THIRD WARD.

Flushing Pumping Station.

Boilers were thoroughly cleaned and scaled each month. New joints were made in the steam line and all valves overhauled and repacked. Water column, gauge glasses and try cocks were cleaned and repaired.

The furnace walls were relined, new fire clay arches and new jamb blocks furnished. Engines and pumps were overhauled and packed with new steam water packing. The air compressor was also overhauled and repacked.

A contract was made for roofing the compressor shed and the porch in front of the residence adjoining the station.

Bayside Pumping Station.

The boilers have been cleaned and scaled regularly each month. All valves were repacked and the water columns, try cocks and gauge glasses cleaned and repaired.

The boiler furnaces were repaired and relined, the engine and pumps overhauled and the steam and water ends repacked. The engine register, steam and water gauges were repaired and tested. New brass valve guards and springs were furnished for the Blake engine.

Whitestone Pumping Station.

The boilers have been regularly cleaned and scaled each month. All valves on the boilers were repacked, the water column, gauge glasses and try cocks carefully examined and new set of shaking grates installed in boiler No. 2.

The furnaces were relined and the engine and pumps repacked. Repairs were made to the water end stuffing box on the main pump.

College Point Standpipe.

Signs have been erected forbidding trespass in the enclosure made by the new fence around the standpipe. These grounds are now in excellent condition.

HIGH PRESSURE FIRE SYSTEM.

Distribution System.

During this quarter the contractors for the high pressure mains completed the setting of the hydrants which were not set last year, and made the two 24-inch connections at both the Oliver street and Gansvoort street stations, which had been held up pending the setting of the Venturi meter tubes in the station.

The contractors also laid a 12-inch blow-off from the dead end at James slip and South street to and through the new concrete bulkhead recently built there by the Dock Department.

At Gansevoort street the Department forces built a 12-inch blow-off from the dead end on Gansevoort street to and into the screen chamber of the salt water suction line.

This work completes the distribution system, except where the work is held up by the construction of the Bridge Loop Subways.

The contractors have been released from the construction of the 20-inch main on Centre street, from Chambers to Broome street, as the subway now under construction there will not be completed until the middle of next year.

Arrangements now under way with the Public Service Commission will allow the completion of the Canal street main during the next month and at the same time the 12-inch main on Mott street will be laid, the back-filling over the deep sewer recently constructed there having sufficiently settled.

The Northern District was accepted from the contractors on November 30, 1907, and the one-year period of maintenance began at that date, the final estimate being completed on March 2, 1908.

The Middle District was accepted from the contractor on January 10, 1908, and the final estimates completed on June 15, 1908.

The Southern District was accepted on May 10, 1908, the final estimate for this district not being completed at the end of the quarter.

Below are given tables showing the cost of the distribution system contracts to date, exclusive of hydrants, which were furnished under a separate contract; materials furnished to date, progress of pipe laying and hydrant setting, month by month, to date, from the commencement of the work.

Cost.

	Northern District.	Middle District.	Southern District.	Total, All Districts.
Contract price	\$870,709 75	\$917,330 50	\$1,036,242 50	\$2,824,282 75
Estimate to date.....	828,469 68	845,531 69	919,050 15	2,593,051 52

	Total to Date.
Total number of tons straight pipe furnished.....	27,528
Total number of tons special castings furnished.....	5,610
Total number of gate valves received.....	2,274
Total number of hydrants received.....	1,280

Pipe Tests.

Pipe line, 12 inches diameter; tested for pressure of 450 pounds per square inch; duration, 10 minutes:

Date.	Section Tested.	Linear Feet of Pipe Line.	Linear Feet of Joints.	Allowable Leakage in Gallons.	Actual Leakage in Gallons.

HIGH PRESSURE PUMPING STATIONS.

Oliver and South Street Station.

During the quarter this building has been practically finished, except for a few minor details. The terrazzo floors have been finished, the main doors have been hung, all electrical apparatus for lighting has been installed and put in operation. The heating plant is finished and in operation.

All excavation in the yard has been done and the sidewalks and yard walks have been completed and the fence delivered.

All of the electrical work, including motors, etc., has been completed and ready for operation. The Edison cables, both high and low tension, are installed and cut in for operation.

All pumps, piping, valves, etc., are installed and are in operation for active service.

All Venturi meters, including registering apparatus, are installed and in operation.

All vacuum pumps are installed and are in operation.

Both fresh water suction lines have been completed and are in active operation.

The salt water suction lines have been installed and are in active operation.

The gate vault for the Venturi meters has been completed.

The telephone system has been completely installed and is in active service.

A complete complement of station operators, consisting of three engineers, three oilers, three telephone operators, two laborers and one carpenter are on duty and have been thoroughly instructed in their duties and are working in watches of eight hours each.

During the months of May and June the five pumping units have been run under varying conditions for testing purposes, and have given entire satisfaction.

At the end of this quarter this station is ready and capable of giving its full capacity for fire purposes.

Gansevoort and West Street Station.

During the past quarter this building has been completed with the exception of the terrazzo floor, hanging the main doors, and the installation of the gas and electric fixtures, all of which will take but a short time.

The heating system has been completed, tested and is ready for operation.

All electrical work, including high and low tension apparatus, has been completed and given preliminary test, and is in active service. All Edison cables, both A. C. and D. C., have been installed and cut in for service.

All pumps, including vacuum pumps, have been installed complete and are ready for active service; all piping, valves, etc., have been installed complete and ready for operation.

All Venturi meters, including registering apparatus, have been installed complete in place and ready for operation.

Both fresh water suction lines have been completed and water turned on to the station.

The salt water line has been completed and is in active operation.

The gate vault for the Venturi meters has been completed.

The telephone system has been completely installed and is in active operation.

A complete complement of station operators, consisting of three engineers, three oilers, three telephone operators, two laborers and one machinist helper are on duty and have been thoroughly instructed in their duties and are working in watches of eight hours each. The pumping units were turned over under their own power on June 8. At the end of this quarter this station is ready and capable of giving its full capacity for fire purposes.

Tests of the System.

The distribution mains were subjected to a pressure test up to 300 pounds per square inch on May 6, 8 and 14, with the most satisfactory results. There was only one break on the 24-inch main on the Bowery, near Bayard street, which, on investigation was found to be due to a defective casting. Taking into consideration the fact that the system consists of over 262,000 feet of mains, or about 52 miles, the results obtained in the test are certainly remarkable.

On May 1 the system was already in a condition to be used for fire services, using the Oliver and South Street Station, and previous to that date the pumps had been repeatedly operated, the water being discharged into the river; and, in view of the progress made at the Gansevoort Street Station, early in June the Fire Department was requested to attend a conference in order to determine upon the details of operation of the system as regards initial pressure and number of pumps to be used, etc. Furthermore, this Bureau made arrangements for a public test of the whole system, to be made with the co-operation of the Fire Department, which was requested to furnish the firemen, hose and other fire fighting appliances requisite for that purpose. This test, the first real service test of the high pressure fire system, was made on June 28, 1908, on West street, between Bank and Gansevoort streets.

In this test eight hydrants were put in service with three lines of hose attached to each, the fourth nozzle having a pressure gauge attached to it. The hydrants that were to be put in service were so selected that five of the hydrants required but from 250 to 300 feet of hose and the remaining three hydrants had approximately 600 feet of hose attached to each nozzle. The longer lines had 1 1/2 inch nozzles, while attached to the shorter lines 2-inch nozzles were used.

The test was begun by notifying the Oliver Street Station to start one pump, notice being given from the telephone box at the corner of Bethune and West streets direct to the Oliver Street Station, through the telephone system connected with the high pressure service. At one minute intervals after this two more pumps were started at Oliver street and three pumps at Gansevoort street, making a total of six pumps in service and delivering over 18,000 gallons a minute against a pressure of 300 pounds at the pump and approximately 275 pounds at the hydrants on West street. The volume of water was so great that after a few minutes in full service the pumps had to be stopped as the sewers on West street were unable to get rid of the water being thrown on the street.

After an interval of about ten minutes to allow this water to drain off, a second test was started in which the hose lines were siamesed together and two lines were attached to a water tower. A stream from this water tower which was standing in the middle of West street, opposite Bethune, was directed upwards towards the twelve-story building on the corner of Bethune and West streets and the water reached very nearly to the roof. Owing to the great quantity of water this test also had to be stopped in a very short time.

In the near future it is proposed to hold further tests of the system on a more extended scale and in a location where the capacity of the sewers will be great enough to take care of all the water thrown on the street. Tests will also be made of the various apparatus necessary to operate and handle the hydrants, hose and nozzles under the heavy pressure furnished by this system.

The system at the end of the quarter was, therefore, entirely ready for service, official declaration to that effect being withheld only to await the conference to which the Fire Department had been invited at the beginning of June to settle upon details of operation, etc., and is expected to be held at the office of the Commissioner of this Department on July 2. The system no doubt will be officially put in operation a few days after.

Extension of System.

It was originally intended if the high pressure fire system now installed proved successful to make its first extension cover the territory south of Chambers street down to the Battery and from river to river, and preliminary plans and approximate estimates were made on that basis.

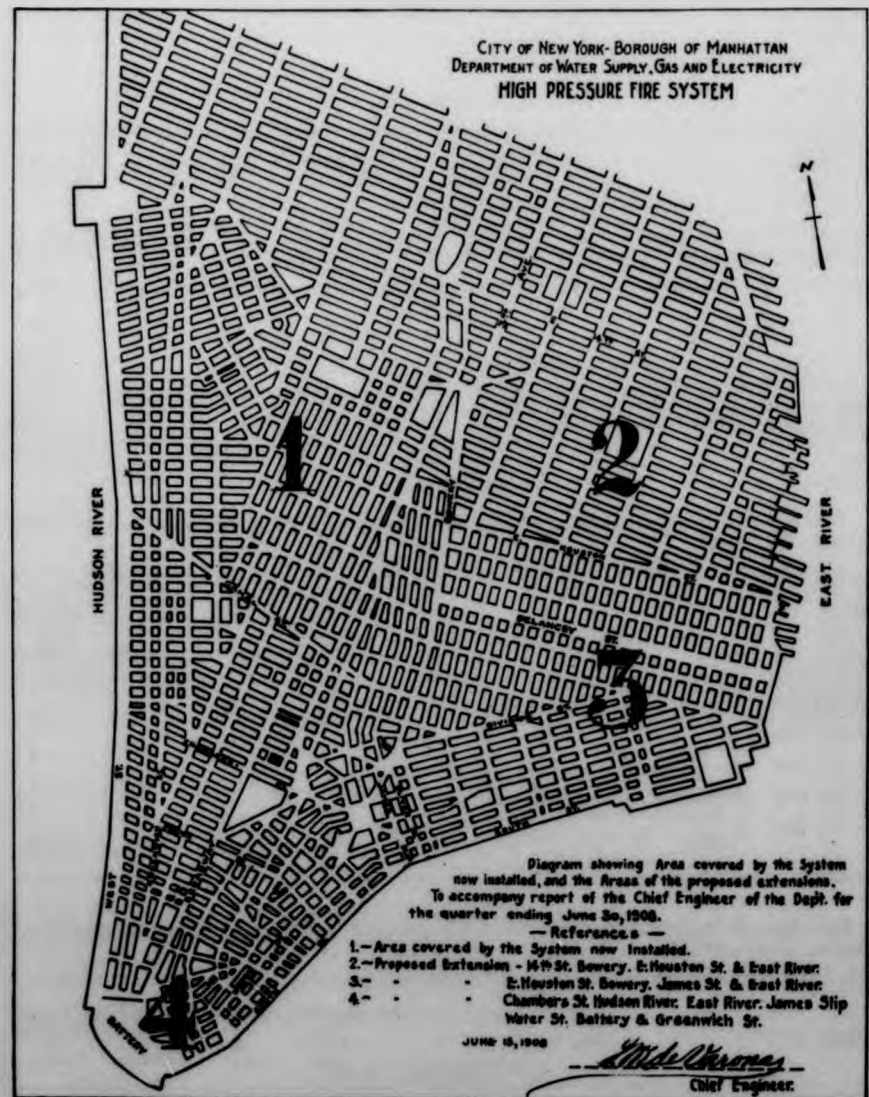

After further study, however, it seems advisable to give preference to the lower east side tenement district, extending from the Bowery to the East River and from Fourteenth street to Chambers street, because, although the values in this territory are not as high as those in the district south of Chambers street or the district above Twenty-third street, the risk of a serious conflagration within it and the danger to life, owing to its crowded condition, as well as the peril to the rest of the City under certain conditions warrant much more adequate fire protection than it has at present.

This district may be divided in two parts, i. e., the northern one, from Fourteenth to Houston street, and the southern one, from Houston to Chambers street. Of these two the southern one offers the greatest danger, and therefore needs more immediate attention in case it be found necessary to divide the work and install the high pressure service at first in only one of these two sections.

Although the unit of value as regards the buildings is high in the district from Chambers street to the Battery and from river to river, the need of high pressure fire service in that territory is much less pressing, because fireproof buildings have largely replaced those of ordinary construction and private fire-fighting appliances have been very generally provided. Furthermore, the contents of these buildings, generally used for office purposes, are of little value and the permanent population very small. The installation of the high pressure fire service here may, therefore, be well deferred until the whole east side tenement district has been provided for, except that a high pressure fire main be extended along the river front from Chambers street, on the east side, looping around the Battery to Chambers street on the west side.

The diagram hereto attached, Plate No. 1, shows the proposed extension. The location of the tie main on the loop, as shown, is only tentative, as the laying of this tie main offers the greatest difficulties.

No additional pumping station will be required for the service of the high pressure fire system as thus extended.

FILTRATION DIVISION.

Jerome Park Experimental Station.

Seven additional runs were made during this quarter, for six of which the raw water was treated with sulphate of alumina previous to filtration. The beds were

prepared for the runs with the washing machine, except that for the last run the preparation was by the ordinary scraping method for a comparison of biological results. Experiments were also made to determine the frictional resistance of the sand and to determine the purification effected at different depths below the surface of the filters.

Respectfully submitted,
I. M. DE VARONA, Chief Engineer.

Bureau of Water Register,
Nos. 13 to 21 Park Row,
New York, September 14, 1908.

Hon. JOHN H. O'BRIEN, Commissioner of Water Supply, Gas and Electricity:
Sir—I herewith transmit statement of receipts for water rents, penalties, taps, permits, etc., in the Borough of Manhattan, for the quarter ending June 30, 1908:

Total..... \$1,540,735 81

Respectfully submitted,
M. C. PADDEN, Water Register.

City of New York, Borough of Brooklyn,
Department of Water Supply, Gas and Electricity,
Bureau of Water Rates,
October 5, 1908.

Hon. WILLIAM C. COZIER, Deputy Commissioner:
Dear Sir—I have the honor to submit herewith a detailed statement of the receipts of this office for the quarter ending September 30, 1908, and statement of the receipts for the corresponding term of 1907.

1908.	Regular.	Meters.	Penalty.	Buildings.	Meter Settings.	Labor and Material.	Taps.	Total.
July	\$724,138 97	\$101,353 96	\$2,481 30	\$2,812 60	\$661 59	\$3,069 75	\$1,481 50	\$835,999 67

BOROUGH OF BROOKLYN.
REPORT OF CHIEF ENGINEER.Department of Water Supply, Gas and Electricity, Borough of Brooklyn,
Chief Engineer's Office,
Brooklyn, July 15, 1908.

Hon. WILLIAM C. COZIER, Deputy Commissioner:

Dear Sir—I beg to submit herewith report showing the condition of the water supply in the Borough of Brooklyn, the work done in connection with the same, and the receipts and expenditures for the quarter ending June 30, 1908:

RECEIPTS AND EXPENDITURES.

Receipts.

Regular water rates.....	\$692,632 90
Metered water rates.....	403,691 58
Penalties, arrears, etc.....	49,339 55
Total collections by Water Registrar, to credit of Water Revenue, Borough of Brooklyn.....	\$1,145,674 03
Setting meters (credited to Water Fund).....	806 33
Total receipts	\$1,146,470 36

EXPENDITURES.

Appropriation Accounts.

Administration— Office of Deputy Commissioner, Salaries and Wages, 1908.....	\$3,062 49
Distribution— Water Registration, Permits, etc., Salaries and Wages, 1908.....	12,807 81
Water Registration, Permits, etc., Supplies and Contingencies, 1908.....	420 10
High Pressure Fire Service, Salaries and Wages, 1908.....	6,734 31
High Pressure Fire Service, Supplies and Contingencies, 1908.....	514 33
Fire Hydrant Rentals, etc., 1908.....	6,250 00
Total, appropriation accounts.....	\$29,789 04

Water Revenue Accounts.

Administration— Office of Deputy Commissioner, Salaries and Wages, 1908.....	\$2,666 66
Office of Chief Engineer, Salaries and Wages, 1908.....	6,090 32
Distribution— Water Registration, Permits, etc., Salaries and Wages, 1908.....	6,080 39
Maintenance, Salaries and Wages, 1908.....	84,577 97
Maintenance, Pipes, Hydrants, etc., 1908.....	1,596 99

Hempstead Storage Reservoir..	3.67	2.17	5.11	5.86	5.93	0.62	14.71	8.65

Condition of the Supply.

The contents of the distributing reservoirs, which were somewhat below normal on April 1, increased during April and until May 18, when reduced pumping at the Ridgewood station, due to the urgent necessity of shutting down some of the engines for repairs, caused the reservoirs to lose considerably until May 28; the loss in the ten days was 75,309,000 gallons. On the latter date, full pumping was resumed at Ridgewood, and the distributing reservoirs steadily gained during the remainder of the quarter, showing on July 1 a net gain of 15,679,000 gallons. It was not found necessary to draw upon Hempstead Storage Reservoir during the quarter, except for five days in May and five days in June, and its contents were above normal during April and May. Due to the extremely low rainfall on the watershed during June, which was only 0.62 inch, the lowest June rainfall since 1901, the amount stored was reduced, the total loss being 38,165,000 gallons by the end of the quarter.

The average daily consumption for the quarter was lower than that for the previous quarter, though it was higher during June, owing, probably, to the prevailing dry weather.

The work of installing the new driven well station at Lynbrook was completed and the station was started on June 9. The total amount pumped up to the end of the quarter was 11,973,000 gallons, or an average daily of 665,167 gallons. Owing to the unsatisfactory yield from the wells, the station was shut down, pending the deepening of the wells. At Rockville Centre the wells have been completed, and the work of laying the suction mains and connecting the wells is progressing rapidly. This station will probably be started during the coming quarter.

A great deal of work was done by the Department driven well gangs, repairing old wells, driving new wells, etc., at various stations, resulting in larger yield from said stations.

The pumping station in Sixth street, established by Mr. Silas W. Titus, under his contract for two pumping plants within the City limits, continued in operation during the quarter. The amount of water pumped was 210,210,522 gallons, or an average daily of 2,310,000 gallons. Progress is being made upon the installation of Mr. Titus' second plant, located at Trotting Course Lane, twenty of the wells having already been driven. At Jameco, Contractor Titus has continued pumping from 15 out of the 21 deep wells at said station.

The total waste from the ponds on the old and new watersheds during the quarter was as follows:

Ponds.	April.	May.	June.	Total.
Baiseley's	26,022,000	18,433,700	44,455,700
Springfield	38,364,900	20,786,400	1,175,800	60,327,100
Conselyeas	137,844,000	55,940,000	9,348,800	203,132,800
Watts	7,177,900	14,664,500	776,200	22,618,600
Smiths	1,272,400	9,069,000	10,341,400
East Meadow	20,703,800	42,531,000	4,518,600	67,753,400
Newbridge	34,315,900	33,628,600	2,542,900	70,557,400
Wantagh	943,600	2,037,400	2,981,000
Massapequa	80,359,500	41,224,400	9,036,800	130,620,700
Total.....	347,004,000	229,316,000	36,468,100	612,788,100

Quality of the Supply.

The analyses made of the water supplied to consumers during the quarter showed that the quality of the water in the entire distribution system was approximately the same as that for the corresponding quarter of 1907. The amount of color has been lowered, and the microscopic growths in the tap samples have been considerably smaller in amount.

Supply—Extension and Improvement.

Driven Wells, Work Under Contract—The work of extending and improving the driven well systems done under contract was as follows:

Contract for furnishing and driving or sinking deep wells, Grant Rohrer, contractor; dated May 21, 1907. At Oconee three wells were driven, making a total of fifteen wells at said station, all of which were pumped and tested, giving good results. The work on this contract was entirely completed on May 30, 1908, and the final estimate for same has been forwarded for payment, the total amount of work done being \$43,513.94.

Contract for furnishing and driving shallow wells, P. H. & J. Conlon, contractors; dated May 31, 1907. Three wells were driven by the contractors at Rockville Centre, making a total of twenty-five wells at this station, all of which were pumped and tested with satisfactory results. The work under this contract was entirely completed on April 16, 1908. The total amount of work done under the contract was \$35,229.17; the final estimate for same has been prepared and forwarded for payment.

Contract for developing the deep wells at Jameco pumping station, Silas W. Titus, contractor; dated March 28, 1906. During the quarter the contractor continued to pump from fifteen of the twenty-one deep wells as follows:

	Total Pumped. Gallons.	Average Per Day. Gallons.
April	196,055,832	6,535,194
May	198,996,426	6,419,239
June	203,653,201	6,788,440
Total.....	598,705,459	6,579,181

Contract for two pumping plants within City limits, Silas W. Titus, contractor; dated July 15, 1907. The contractor has continued the work of installing the plants, both at Sixth street and at Trotting Course lane.

At the Sixth street station the building and the machinery foundations and the receiving basins have been finished, the stack completed and the steel work one-half erected. Two compressors, 15-inch by 28-inch by 23-inch by 24-inch, with a capacity of 2,500 cubic feet of free air per minute each, and two temporary 5,000,000-gallon horizontal triple-expansion Worthington pumps have been installed. Two surface condensers, two Blake air pumps, two boiler feed pumps and two 353-horsepower Babcock & Wilcox boilers have been furnished and delivered on the ground. The settings for the boilers have been erected.

Eighteen (18) wells have been driven, as follows: Two on the property, 2 on Fifth street, 6 on Sixth street, 3 on Seventh street, 2 on Eighth street and 3 on Fourth avenue.

The contractor has submitted plans and specifications, as called for in the contract, for the permanent building, including stack, general and detail plans of steel work, foundation, main steam line, plumbing, compressor details and piping arrangement.

During the quarter the contractor continued pumping from five wells at this station, as follows:

	Total Pumped. Gallons.	Average Per Day. Gallons.
April	68,198,462	2,273,282
May	71,210,050	2,297,099
June	70,802,010	2,360,067
Total.....	210,210,522	2,310,006

The quality of the water has been good.

At the Trotting Course lane station nineteen wells have been completed and work has been started on the twentieth well.

Contract for delivering water, Queens County Water Company, contractors; dated August 22, 1903. The company has continued to deliver without interruption the 3,000,000 gallons per day called for by their contract. The accuracy of the 20-inch Gem Meter used for measuring this water was tested on April 6. The meter was cleaned on May 1 and again tested on May 4. In the first test the meter was found to be 11.86 per cent. fast, and in the second 1.06 per cent. slow.

Contract for sinking shallow wells and laying suction mains at the Canarsie and Gravesend Pumping Stations, Isaac Harris Company, contractors; dated May 20, 1907. The contractors having refused to do any further work on their contract, they have been notified that their contract has been declared abandoned and that the contract will be re-advertised. New forms of contract and specifications for this work have been prepared and forwarded for printing.

Driven Wells—Work Done by Department Men.

Gravesend Pumping Station—At this station a new suction main was laid from the old wells to the new pumping station, and the old wells connected to the new engine.

Oconee Pumping Station—Sixteen of the deep wells, driven by contract at this station, were connected up and are now in service.

Baiseleys Pumping Station—The suction main was lengthened on both ends and the sixteen wells driven here by the contractors were connected up. The yield from this station is unsatisfactory. The new wells will have to be cleaned out before any good results can be obtained from them.

St. Albans Pumping Station—One of the wells driven at this station by the contractors was connected up to the system and is now in commission.

Clear Stream Pumping Station—Eight of the deep wells started by the contractors were completed. At a depth of 335 feet a strata of good water-bearing sand and gravel was struck, from which a good supply of water will be obtained, as each well, when pumping, shows a yield of 1,000,000 gallons in twenty-four hours. Ten new 6-inch shallow wells were also driven at this station, and all of the old 2-inch wells have been pulled up.

Matowa Pumping Station—At this station eleven new wells were driven and connected to the system.

Massapequa Pumping Station—At this station one of the gangs has been at work driving borings for the foundation of the proposed pumping station. Two gangs have been driving 2-inch test wells in the vicinity of Wantagh during the quarter, 40 new test wells having been completed north and south of the gallery. Six house wells were driven in the vicinity of Springfield; also three at Forest Stream and one at Aqueduct.

In order to locate a site for a new deep well station within the Borough, a test well is being driven at Alabama avenue, near Fresh Creek, East New York. One shallow well, 60 feet in depth, was driven, the water from which is being utilized to drive the deep test well. The latter has reached a depth of 443 feet 7 inches. Clay was encountered at a depth of 148 feet and it is still present at the depth reached. Above the clay bed the materials are mostly good water-bearing sands and gravels. The indications are that a good supply of water will be found at this point.

Pumping Stations—Work Under Contract.

Contract for remodelling the Ridgewood North Side Pumping Station, Fuller & O'Connor, contractors; dated April 3, 1907. Practically nothing has been done during the quarter on this contract, except some little work on the erection of the chimney. Progress on this contract continues very unsatisfactory.

Contract for furnishing, delivering and erecting a new pumping plant in the remodelled Ridgewood North Side Pumping Station, Davis & Farnum Manufacturing Company, contractors; dated November 28, 1906. Good progress was made during the quarter on this contract. The water ends of two of the engines have been completed and erected at the shop in Walton, Mass., and the steam end of one engine has also been completed and erected at the shop at Hamilton, Ohio.

Contract for furnishing, delivering and erecting eight water-tube boilers in the remodelled Ridgewood North Side Pumping Station, Heine Safety Boiler Company, contractors; dated February 5, 1907. All of the boilers have been completed at the shop and are ready to be shipped. Nothing can be done, however, until the work on the building has advanced far enough to allow the erection of the boilers.

Contract for furnishing, delivering and erecting and connecting four water-tube boilers at the new Ridgewood Pumping Station, Ralph J. F. Gerstle Company, contractors; dated January 2, 1906. The work on this contract having been abandoned by the contractors, a contract for the completion of the work was prepared, printed and advertised. Bids for same were received on April 1, 1908. The lowest bidders were the Borough Construction Company, and the amount of their bid was \$3,500. The contract was awarded to them and they were ordered to commence work on May 25. The contractors have practically completed the work, and the boilers are now in service.

Contract for furnishing and erecting two new brick chimneys at the new Ridgewood Pumping Station, H. R. Heinicke (Inc.), contractors; dated September 21, 1905. No work was done on this contract during the quarter, as the Department has been unable to turn over the old west chimney to the contractors for removal.

Contract for two pumping engines at the New Lots Pumping Station, Marine Engine and Machine Company, contractors; dated December 15, 1905. Both of the engines furnished under this contract were tested early in April, and the report of the experts on the test was filed on June 1. There was no bonus allowed or penalty inflicted. Only some finishing up work on the engines remains to be done.

Contract for erecting one pumping engine at the new Gravesend Pumping Station, Snow Steam Pump Company, contractors; dated September 26, 1905. The contractors have completed all the work on the engine. A temporary suction main has been laid, connecting the old wells to the new engine, and trials have been made of the running of the engine, but without much success, owing to leaks in the suction main.

Contract for erecting two boilers and one economizer at the new Gravesend Pumping Station, Thomas F. Purcell, contractor; dated January 28, 1907. The boilers have been entirely completed. They will be tested as soon as the station is in regular running condition.

Contract for erecting the necessary steam fitting at the new Gravesend Pumping Station, William Horne Company, contractors; dated November 2, 1905. The work on this contract has been practically completed. All that remains to be done is the connecting up of the vacuum pump to the receiver from the driven wells; this connection cannot be made until the receiver has been set in place.

Contract for erecting a concrete culvert and doing all grading at the new Gravesend Pumping Station, Walter M. Bristow, contractor; dated April 26, 1907. The work on this contract has been completed, except the sodding of the slopes of the well trench, which is now being done.

Contract for erecting the Canarsie Pumping Station, Richard Whalen & Co., contractors; Henry Newman, assignee; dated July 15, 1905. During the quarter the contractors completed the concrete roof and the skylights and the concrete floor in the boiler room. The outside walls were finished off and some cleaning up done. Progress on this contract was a little more satisfactory.

Contract for erecting concrete coal shed and culvert and doing all grading, etc., at the Canarsie Pumping Station. During the quarter 12,000 cubic yards of earth were excavated, 2,000 cubic yards of top soil placed and 5,000 square feet of sodding done. The work on this contract is very nearly completed, only a part of the soiling, sodding and seeding remaining to be done.

Contract for erecting two pumping engines at the Canarsie Pumping Station, Marine Engine & Machine Company, contractors, dated June 22, 1906. The foundations for both the pumping engines have been completed, a large amount of material has been delivered and the work of erecting the engines is being actively pursued by the contractors.

Contract for erecting three boilers at the Canarsie Pumping Station, B. Franklin Hart, Jr., & Company, contractors, dated June 5, 1906. All the work on the boilers has been completed, except the trimming of same. The latter cannot be done until the windows and door openings of the building are closed up.

Contract for erecting the necessary steamfitting at the Canarsie Pumping Station, Blake & Williams, contractors, dated June 6, 1906. No work was done on this contract during the quarter and none can be done until the work of erecting the pumping engines is further advanced.

Contracts, plans and specifications have been prepared and forwarded for printing, for erecting new boilers and for taking down the old chimneys and erecting new chimneys at the Millburn Pumping Station.

The contract forms and specifications for the new 10,000,000 gallon engine for Mount Prospect Pumping Station have been approved and printed. The contract has been advertised and bids for same will be received on July 15, 1908.

Contract forms and specifications for remodeling and extending the Jameco Pumping Station have been prepared and forwarded for printing. Plans for this work are in course of preparation.

A contract has been entered into with Mr. Walter E. Parfitt, architect, for the preparation of preliminary drawings for the proposed pumping stations at Wantagh and at Massapequa.

Contract forms, specifications and plans are being prepared for the engines, boilers, etc., at said stations.

Contract forms and specifications are now ready for erecting new pumping stations and pumping plants at Smiths Pond, Clear Stream and Valley Stream. These contracts will be advertised early in the coming quarter.

Plans and specifications are in course of preparation for erecting the necessary steamfitting and breeching at the Remodeled Ridgewood Pumping Station.

Pumping Stations—Work Done by Department Men.

At Aqueduct Station the new 4,000,000 gallon Deane engine was connected to the suction lines and a discharge pipe laid from this engine to the 72-inch steel pipe line. A branch line was also laid and connected to the weir box. All the necessary steamfitting for this engine, including exhaust and steam piping between the engine and the condenser, was erected. The engine was put in operation on May 30, and has been running smoothly, giving entire satisfaction.

At the Oconee Station the new 4,000,000 gallon Deane engine, delivered during last quarter, was erected and connected to the suction main from the wells. A discharge line was laid from this engine to the 72-inch pipe line, a distance of over 300 feet; a branch line was laid to the weir box and all steam and exhaust piping between the boilers, engine and condenser erected. The installation of this engine was completed and the engine put in operation during the last week of the quarter. It is proposed to use the Deane engine to pump about 3,000,000 gallons into the 72-inch line and the Davidson engine to pump about 2,000,000 gallons a day into the conduit, so that the yield of this station will be about 5,000,000 gallons per day.

At the Forest Stream Pumping Station a Davidson pump was erected and connected to feed the boilers; a locomotive boiler, which was formerly at Ridgewood, was shipped to this station and installed, thus increasing the boiler capacity at the station.

The work of installing the Lynbrook Station was completed during the quarter. The engine and boiler were connected up and an attempt was made to put the plant in operation, but the yield from the wells not proving satisfactory, it was given up. These wells will be driven deeper under the clay bed, when it is expected that a good yield will be obtained from them.

Additional Pipe Conduit.

The 72-inch steel pipe line from Ridgewood to Valley Stream has continued to be used as an auxiliary to the old conduit. The pumping stations connected with it and which are now delivering into it are as follows: Aqueduct, Shetucket, Morris Park, Oconee, Springfield and St. Albans.

The necessary plans for the extension of this pipe line to Amityville are all completed and signed. The proof of the contract forms and specifications for the work has been received, corrected and returned for final printing. The Board of Estimate and Apportionment on June 19, 1908, approved the maps of the lands to be acquired for this purpose. As soon as the Commissioners of Appraisal have been appointed and the forms printed the contract can be advertised.

Infiltration Galleries.

Wantagh—The plant was turned over to the City on April 6, 1908. No pumping was done during April and May; during June 107,523,000 gallons were pumped into the conduit.

Massapequa—No work done on the West Leg; on the East Leg 1,314 linear feet of gallery were constructed, consisting of 36-inch vitrified pipe. Manholes were built at the following stations: Station 132+12.50, Station 135+31.82, Station 138+58.27, Station 141+51.00, Station 144+42.67.

The lumber left in the trench amounted to 103,092 feet (B. M.). The water pumped into the conduit during the quarter was as follows:

	Gallons.
Central Station—	
April	529,524,000
May	555,286,000
June	519,744,000
Total	1,604,554,000
Station 10—	
June	4,888,000
Total pumped.....	1,609,442,000

Surveys.

A topographical survey and map of the site of the proposed pumping station at Wantagh were made.

A survey was made for proposed double culvert on Park avenue, Wantagh. The following surveys were made of farms, the owners of which have brought suits against the City for alleged lowering of the water table:

Edwin Snow farm at Bellmore, Petty Estate at Bellmore, Moses Hunt farm at Bellmore, George Bloomer farm at Bellmore, Chris. Hunt farm at Wantagh, Willis farm at Baldwins, Reisserts farm at Watts Pond.

Also a line of section levels were run north and south of the Infiltration Galleries, along Washington and Jackson avenues, along Seamans Neck, Hicksville, Bathpage, Wurttemberg and Unqua roads, Clocks boulevard and County Line road. Also profiles were made showing ground surface along these lines and the ground water variations for each month.

Test Wells—Weekly observations of the ground water level were taken in the 2-inch test wells from Spring Creek to Babylon. Daily observations were taken of the test wells at Watts Pond Pumping Station for a period of four weeks, for the purpose of determining the limit of influence on the ground water level when pumping from the wells alone. All 2-inch test wells found clogged up were cleaned. Forty new test wells were driven between Newbridge and Amityville, north and south of the galleries.

Complete records of the test wells are being kept in books especially prepared for that purpose, and the work of bringing these records up to date is progressing rapidly.

Contracts.

The following contracts for work on the extension and improvement of the supply were prepared during the quarter and forwarded for approval, printing and advertising:

April 2—For furnishing and erecting two new brick chimneys at the Millburn Pumping Station.

May 14—For remodeling and extending the Jameco Pumping Station.

May 26—For furnishing and installing steam turbine generators and electric light equipment at the New Lots, Gravesend and Canarsie Pumping Stations.

June 5—For remodeling the boiler plants at the Millburn Pumping Station.

June 9—For furnishing, delivering and erecting turbine pumping units at various pumping stations.

June 11—For sinking shallow wells and laying suction mains and appurtenances at Canarsie and Gravesend Pumping Stations.

June 16—For services of Walter E. Parfitt, Architect, for the preparation of preliminary drawings and specifications of proposed pumping stations at Wantagh and Massapequa.

June 16—For services of Walter E. Parfitt, architect, for the preparation of plans and specifications for furnishing concrete foundation, concrete piling, etc., required in remodeling the Ridgewood North Side Pumping Station.

June 16—For furnishing concrete foundation, concrete piling, etc., required in remodeling the Ridgewood North Side Pumping Station.

SUPPLY, MAINTENANCE AND REPAIRS.

Pumping Stations—Operation and Maintenance.

Mount Prospect—For fifty-five days during the quarter, engine No. 1 at this station was operated in order to furnish an additional supply for the Mount Pros-

pect reservoir service. This engine pumped into the reservoir during the quarter a total of 129,610,000 gallons, or an average daily of 2,356,000 gallons.

The tower service consumption has continued to increase, further emphasizing the need of the new engine at this station for the service. The consumption increased from a daily average of 7,942,000 gallons during the first quarter to a daily average of 8,274,000 gallons during the second quarter. It is imperative that the contract for the new engine be advertised and awarded without delay, that we may be able to meet this constantly growing consumption. During May a new valve plate and two new diaphragm plates were installed in the discharge end of engine No. 1. Since that time, this engine has been operated continuously and satisfactorily. Engine No. 2, as well as the Davidson engines, are in good condition.

The turbine engine was shut down twice for repairs during the quarter, from June 5 to June 8, and from June 23 to June 25. Since then the engine has been working fairly well. The boilers at this station are in good condition.

Gravesend—The average amount of water pumped per day at this station during the quarter was 3,083,000 gallons, slightly less than that pumped last quarter. The machinery at this station requires overhauling, which can be done as soon as the engine at the new station is placed in service. This is ready for operation, but it cannot be started until the new wells are driven, as the old wells, which have been temporarily connected to the new engine, cannot furnish water sufficient to operate the engine successfully. The contract for these new wells should be advertised and awarded at the earliest possible date.

New Utrecht—The average daily pumping at this station during the quarter was 887,000 gallons, about 500,000 gallons less than that pumped during last quarter.

The engines at this station are in good condition. Boiler No. 2 has been thoroughly repaired and is now in good condition. Boiler No. 1 will now be overhauled in the same manner.

New Lots, Old Station—The average daily pumping at this station during the quarter was 2,133,700 gallons. The station was kept in continuous operation, only minor repairs being necessary. Engine No. 1 was refitted with new leathers and feed pump. No. 1 refitted with new cylinder lining. During June, the steel smokestack ordered to replace the old one was received and erected in place, thus materially improving this plant. During the quarter the boilers were fitted with new blow-off piping and with new try-cocks. New water column and fittings were placed in boiler No. 2. Each boiler was thoroughly cleaned, scaled and washed in turn, and all are now in excellent condition.

New Lots, New Station—The average amount of water pumped per day at this station during the quarter was 4,649,400 gallons. This plant is in very good condition and only minor repairs were necessary during the quarter. The plunger boxes of both engines repacked and the plunger rod of engine No. 1 adjusted and the shoe refitted to guide. Each of the boilers were cleaned, scaled and washed during the quarter.

Ridgewood, North Side—The engines at this station were all kept in almost continuous operation, the average daily pumped during the quarter being 76,708,000 gallons.

Triple Engine No. 1—The jacket pump of this engine was disconnected and removed and a new one put in its place. The old 8-inch offset branch steam pipe connecting engines Nos. 1 and 2, which leaked badly, was removed and replaced with new piece.

Triple Engine No. 2—The iron tube heads on main exhaust heater of this engine, which were found badly corroded, were removed and replaced with new brass ones, and the heater was thoroughly overhauled and repaired. Three new compensating cylinder rams, with glands and a new accumulator ram with gland, were installed on this engine, as well as four new brass trunnion sleeves. The usual repackings were made and a number of new valves placed in lower pumps.

Triple Engine No. 3—This engine was fitted with a new horsepower piston, several worn parts of cut-off were rebushed, and the suction pipe to pump was repaired. The usual pump examinations were made and packing renewed where required. The condenser of this engine and a number of tubes in the exhaust heater were repaired.

Beam Engine—This engine was put out of service on March 23, principally on account of the bad condition of the west wall of the engine room. While out of service the engine was thoroughly overhauled, the following repairs being made: The main cylinder head was taken up, the steam piston removed and taken apart and rings and springs taken out, and all repaired and put back in place. The steam and exhaust valves were taken out, their seats refaced and the stems turned. All metallic packing was removed and refitted. The beam centre caps were removed on the west side of engine, rebabbitted, boxed and put back in place. Shaft on outboard bearing was raised and relined. New crank pin brasses installed and new guard bolts fitted to crank pin strap. The beam pin on front end of beam and also fork end of beam were refitted with new keys and moved back to place. A new 4-inch galvanized iron pipe for main injection was installed. The main pump was examined and several new valves put in. The main upper pump and the air pump were repacked. Finally the engine was cleaned and painted. All the repairs were completed and the engine put in operation on May 28. This engine is now in first class condition.

Davidson Engines—The water ends of these engines were examined and a number of new valves and springs placed where required. No other repairs were necessary.

Morris Boilers—The usual repairs were made to these boilers during the quarter. Fifty tubes were removed from boiler No. 8 and replaced with new ones, and a small crack which showed in the furnace of same boiler was repaired by riveting a patch over it. A serious crack which appeared in the bottom of the combustion chamber of boiler No. 4 was repaired in the same manner. The steam and water rod boxes on the feed pumps connected with this battery were repacked; the water ends were examined and a number of new springs placed.

Davidson Boilers—Boiler No. 20 was thoroughly overhauled during the quarter. All the old tubes were cut out and a whole new set put in; a new steel blow-off flange was riveted to the boiler and a patch riveted on the shell under the flange. The bridgeway of this boiler was renewed and the brick setting repaired. The remaining boilers of this battery were washed and cleaned.

Ridgewood, South Side—Most of the engines at this station were kept in constant service during the quarter; the average pumped per day was 48,042,400 gallons.

Worthington Engine No. 1—During the quarter this engine was repacked several times; the rods, compensators and accumulators being under repair almost continuously. During the last week of June the compensators and accumulators were repacked with waterproof hydraulic packing. It is expected that with the use of this packing the work of repacking the engine will be considerably reduced.

Worthington Engine No. 2—The rod boxes, compensators and accumulators were repacked several times, the new waterproof hydraulic packing being also used on this engine.

Worthington Engine No. 3—The water end of this engine was overhauled and a number of valves and springs placed. The compensators, accumulators and rod boxes, also the lower end of balancing cylinder were repacked with waterproof hydraulic packing. The jacket pipes were repaired and four new bolts were put in between high and low pressure cylinders.

Worthington Engine No. 4—The water ends of this engine were examined and several valves and springs replaced. The compensators, accumulators and rod boxes were repacked. Two new check valves were placed on trunnion pump and five new bolts put in between the high and low pressure cylinders. The jacket pipes were repaired.

Worthington Engine No. 5—The compensators, accumulator and pump rod boxes were repacked. The water ends were examined and a number of valves, springs and guards and plates were placed in same. New check valves were set on trunnion pump, and new holding bolts put in between the high and low pressure cylinders. During the quarter, the 5-inch steam pipe between engines Nos. 2 and 3 was cross-connected; this has made quite an improvement in the running of the engines, especially Nos. 3, 4 and 5.

Strong Boilers—Each boiler was put out of service in turn during the quarter, cleaned, scaled and washed. These boilers are in good condition.

Babcock & Wilcox Boilers—The boilers in this battery were each cleaned, scaled and washed during the quarter. The new Thompson damper regulator was connected to the main damper and is now operating same.

Locomotive Boilers—This battery of boilers was put out of service on March 23, and the work of fitting each boiler with new door frames was taken up. While the boilers were shut down they were thoroughly cleaned, scaled and washed. They were put in commission again on May 28.

Spring Creek—Engine No. 3 at this station was overhauled during the quarter; the steam pistons were refitted with new rings and new valve rods, the water ends

with new rubber valves and the water pistons with new leathers. The vacuum pump connected to this engine was also repaired; new piston rods were placed in same and the water end refitted with new valves. The other engines required only minor repairs. The boilers were cleaned, scaled and washed.

Woodhaven—The piston rod gland of the engine was repaired; the valves and the piston rod boxes were repacked; also the boxes on water end and the piston and rod boxes of feed pumps. The boiler was put out of service each month and cleaned, scaled and washed.

Aqueduct—The new Deane engine at this station was started on May 30, and has been kept in continuous service pumping into the 72-inch pipe line since that date. The centrifugal pump required very few repairs during the quarter. Each boiler was cleaned, scaled and washed in turn.

Shetucket—The steam and water rod boxes and pistons of the engine were repacked and the discharge chamber was refitted with a new set of valves and springs. The boiler was shut down and cleaned, scaled and washed; a number of leaky tubes were rolled and a leak in the steam drum was repaired. This boiler is now in good condition.

Oconee—As already mentioned, a new Deane pumping engine has been erected at this station and connected to the suction and discharge mains. This new engine was put in operation during the last week of the quarter. The pistons of the Davidson engine were refitted with new leathers; other repairs made were of a minor nature. The boilers required no repairs during the quarter, but they were cleaned, scaled and washed and are in good condition.

Morris Park—The engine at this station was shut down for repairs during May. All the old packing was removed from the valves and piston rod boxes and they were repacked; the pistons were also refitted with new packing. The engine is now in good condition. The boiler was shut down each month, cleaned, scaled and washed.

Baiseleys—The pistons of both engines were refitted with new leathers. No other repairs of importance were required. This plant is now in first class condition.

Jameco—The valve rod and piston rod boxes of the Worthington engine were repacked and the water end refitted with eight new rubber valves, nine brass plates and six new springs. The Davidson engine was refitted with new leathers. The filter engine was overhauled and refitted with new piston valve and valve rod. The crank pin brasses of the dynamo engine were removed, scraped and replaced. The condenser sprays on both Worthington air pumps were repaired. The Davidson condenser pump was refitted with new valves, springs and guards and its piston rod and valve boxes were repacked. Both feed pumps were overhauled, their suction and discharge chambers being refitted with new springs. A number of new grate bars were placed in the boilers. Boiler No. 2 was furnished with new fire doors, and No. 1 with new door linings. A "Diamond" tube blower was fitted to boiler No. 4. Each boiler was cleaned, scaled and washed each month.

St. Albans—The valve and piston rod boxes on the steam ends and the piston rod boxes on the water end of the Worthington engine were repacked, and a number of new valves and springs were placed in the discharge chamber. The air pump on the suction line was overhauled. The piston rod boxes of the feed pump were repacked and the water end was refitted with a new set of valves. The damper regulator was repaired and fitted with a new regulating valve. The boilers did not require any repairing, but received the usual cleaning.

Springfield—The plunger of the Davidson engine was refitted with new leathers and a number of new valves and seats placed. The filter engine was thoroughly overhauled and refitted with new valves and stem, new piston and piston rod. The valve stem and piston rod boxes of dynamo engine were repacked. The boilers were cleaned, scaled and washed every month; they are in first class condition.

Rosedale—The centrifugal engines at this station required no repairs during the quarter. Feed pump No. 2 was overhauled; the valve and piston rod boxes were repacked and the water ends refitted with new springs and valves. Boiler No. 1 was fitted with new blow-off valve and piping and No. 2 was fitted with new valves and new pipe connections on the water column. The stop-valve was refitted with new disc and all other valves were repacked. The building and tool houses were painted during May.

Forest Stream—During May each of the engines was shut down in turn and the valve rods, piston rods and piston rod boxes were cleaned out and repacked, and each of the pumps was refitted with a new set of springs in the discharge chambers. The Cameron air pump which was used on the well suction line was disconnected and in its place was erected an old Dean air pump which was formerly used at Jameco and which was thoroughly overhauled and refitted with new valve, piston and rods in the steam end, with new plunger and with new lining, valves, valve guards, plates and springs in the water end. The boilers were each cleaned, scaled and washed, and are now in good condition.

Clear Stream—Engine No. 1 was overhauled, the rod boxes were repacked, a number of valve seats were removed and replaced with new ones and the water end furnished with several new valves. Air pump No. 1 was thoroughly overhauled and the boilers were cleaned, scaled and washed.

Watts Pond—No repairs of importance were required on the engine at this station. The air pump, which was in poor condition, was sent to the Ridgewood shops to be overhauled; it was replaced temporarily with a Worthington air pump. The boilers were cleaned, scaled and washed in turn and are in very good condition.

Smiths Pond—The valves and piston rod boxes of engine No. 1 were repacked; the water end was refitted with 58 new rubber valves and 99 springs; the piston was refitted with new leathers. Engine No. 2 was refitted with 56 new rubber valves and 80 springs, and the piston refitted with new leathers. The boilers were cleaned, scaled and washed. This plant is now in excellent condition.

Millburn—Only minor repairs to the engines were required during the quarter. The jacket pumps were refitted with new valves, springs and guards, the rod boxes were repacked and the water ends refitted with new pistons. The east battery of boilers, which was put out of service during the quarter, were thoroughly cleaned, scaled and washed. They were furnished with 12 new grate bars, one new bridge wall and one new furnace door lining. One boiler tube was removed and replaced with a new one. The safety valves were ground in. These boilers are now in good condition and ready for service.

Agawam, Merrick, Matowa—These stations, which had to be shut down since early in the first quarter, were started on June 26. Very few repairs were required, except at Merrick, where the main engines were thoroughly overhauled and repaired. The boilers at these stations were repaired during the long shut down and are all in fair condition.

Wantagh—This station was shut down during the entire quarter. No repairs of importance were required.

Wantagh Infiltration Gallery—This plant was transferred by the contractors to the Department on June 25, and on the same day was put in operation. The plant is in good condition. The machine, pipe, blacksmith and carpenter shops at Ridgewood have been kept busy during the quarter, doing a large amount of work on repairs, pipe and steamfitting, etc., for the Ridgewood and all line stations.

Filter Plants—Operation and Maintenance.

The Baiseleys' filter plant was operated all through the quarter. The air pipes and strainers on tanks 6, 7 and 15 were replaced, and new air pipes were placed in tank 10. The gravel in these tanks was washed and screened and the tanks were filled with new sand. The level of the sand in tanks 1, 2 and 4 was brought up to the wash gutter, and all the sedimentation tanks were drained and flushed. During the quarter the pond was treated with copper sulphate on three different occasions.

The Springfield filter plant was shut down from April 12 to May 9 on account of repairs to the main engine; from May 17 to 21, May 27 to June 1, June 7 to 11, June 14 to 19 and from June 24 to the end of the quarter, on account of low water.

The Forest Stream beds were cleaned and started on April 22, but were shut down from April 29 to June 9 on account of repairs to boilers.

The Hempstead beds remained out of commission during the quarter.

The amount of water filtered at the various plants during the quarter was as follows:

	Baiseleys.	Springfield.	Forest Stream.	Total.
April	109,501,050	26,863,340	27,875,960	164,240,350
May	109,082,540	36,092,780	145,175,320	145,175,320
June	93,304,520	28,847,180	68,844,280	190,995,980
Total	311,888,110	91,803,300	96,720,240	500,411,650

Ponds, Conduits and Reservoirs.

The usual work of patrolling and cleaning the ponds and streams on the water-sheds, and of protecting the supply from pollution, was carried on during the quarter.

The following table shows the work done during the quarter in cleaning closets and cesspools to prevent pollution of the surface supplies:

Closets and Cesspools Cleaned.

Near Fosters Meadow Stream.....	635
Near Springfield and Baiseleys Streams.....	2,967
Near Valley Stream and Pines Brook.....	409
Near Millburn Stream and Schodack Brook.....	366
Near Wantagh and East Meadow Streams.....	367
Along conduit line.....	784
	<hr/> 5,528

The total cost of this work was \$2,155.10.

Contracts.

The following contracts for supplies for pumping stations, reservoirs, etc., were forwarded for approval and printing during the quarter:

For furnishing and delivering pipe, pipe fittings, valves, boiler tubes, etc.

For furnishing and delivering tools, garden implements, etc.

For furnishing and delivering ten horses.

For furnishing and delivering sulphate of alumina.

For furnishing and delivering lead lined iron pipes, etc.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the amount of their bids:

June 5—For furnishing and delivering 81,200 gross tons of anthracite coal—

Rudolph Reimer \$398,346 00

June 10—For furnishing and delivering pipe, pipe fittings, valves, boiler tubes, etc.—

Class A—Manhattan Supply Company..... \$4,669 56

Class B—The Crane Company..... 875 74

Class C—The Crane Company..... 933 02

Class D—Manning, Maxwell & Moore..... 2,648 27

Class E—Pancoast, Rogers & Richards..... 3,297 50

June 10—For furnishing and delivering tools, garden implements, etc.—

J. Edward Ogden Company..... \$4,175 53

June 10—For furnishing and delivering sulphate of alumina—

General Chemical Company..... \$2,550 00

June 10—For furnishing and delivering supplies for pumping stations, reservoirs, etc.—

Class A—Griscom, Spencer Company..... \$753 40

Class B—Manhattan Electrical Supply Company..... 493 65

Class C—J. K. Larkin..... 1,432 92

Class D—Thomas C. Dunham, Inc..... 1,713 27

Class E—Standard Gauge Manufacturing Company..... 3,223 16

Class F—Cavanagh Bros. & Co..... 725 36

Class G—Joseph H. Early..... 352 33

Class H—Manhattan Supply Company..... 420 75

Class I—Manhattan Supply Company..... 799 55

Class J—Pittsburgh Plate Glass Company..... 344 30

Class K—Cavanagh Bros. & Co..... 719 61

Class L—Henry Franke..... 1,269 12

Class M—John B. Roache..... 346 15

Class N—New York Asbestos Company..... 1,583 65

DISTRIBUTION SYSTEM—EXTENSION AND IMPROVEMENT.

Extension of System.

The work of extending the water mains was continued during the quarter under the existing contract for hauling and laying mains, and by the Department gang for emergency work.

During the quarter applications for laying water mains in 94 streets and avenues were investigated and reports on same forwarded.

The work done on the extension of distribution during the quarter was as follows:

Work Done by Contract.

Contract for hauling and laying water mains, Robert Carter Company, contractors, dated February 14, 1907:

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
12-inch	291	1	..
8-inch	19,169	51	..
6-inch	1,283	90	..
Total.....	20,743	142	83

The laying of pipe and appurtenances under the above contract has been completed.

Contract for furnishing, delivering and laying an 8-inch water main in Grand street extension, Gallo, Tucillo & Putelli, contractors, dated May 1, 1908:

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
8-inch	1,726	4	..
6-inch	70	11	..
Total.....	1,796	15	11

Contract for hauling, setting and replacing fire hydrants, Isaac Harris Company, contractors, dated August 23, 1906:

6-inch pipe laid, linear feet.....	2,001
6-inch gates set	277
Additional hydrants set.....	254
Old hydrants replaced.....	23

There are still 400 hydrants to be set under this contract.

A contract for setting 1,000 additional hydrants in the western and southern sections of the Borough has been prepared and forwarded for printing.

Work Done by Department Men.

Size of Main.	Linear Feet Laid.	Gates Set.	Hydrants Set.
8-inch	1,500	4	..
6-inch	2,350	24	..
Total.....	3,850	28	19

Removal of Old Mains.

The work done during the quarter in replacing old mains by new and larger mains was as follows:

Contract for replacing mains in Bedford, Greenpoint, Harrison avenues, etc., James H. Holmes, contractor, dated October 9, 1907. Very good progress was made on the work under this contract, the following new mains being completed during the quarter:

Sixteen-inch main in Bedford avenue, from North Twelfth street to Division avenue; 20-inch main in Greenpoint avenue, from Oakland street to Leonard street; 16-inch main in Harrison avenue, from Walton street to Division avenue; 16-inch main in Johnson avenue, from Union avenue to White street; 12-inch main in Meserole avenue, from Guernsey street to Diamond street; 12-inch main in Nassau avenue, from Guernsey street to Meeker avenue; 20-inch main in Humboldt street, from Metropolitan avenue to Meeker avenue; 16-inch main in Keap street, from Metropolitan avenue to Division avenue; 16-inch main in Lorimer street, from Broadway to Newton street; 16-inch main in Meserole street, from Bushwick avenue to Waterbury street; 16-inch main in Scholes street, from Bushwick avenue to Morgan avenue; 16-inch main in Waterbury street, from Meserole street to Stagg street; 16-inch main in White street, from Johnson avenue to Cook street; 16-inch main in Evergreen avenue, from Cook street to Flushing avenue; 16-inch main in Delmonico place, from Flushing avenue to Park avenue.

Work is now being done in Manhattan avenue, the last of the streets covered by the contract. It is expected that the work of pipe laying will be completed by the end of July.

The pipe laid and removed, hydrants and gates set and removed during the quarter was as follows:

Size of Main.	Linear Feet Laid.	Linear Feet Removed.	Gates Set.	Gates Removed.	Hydrants Set.	Hydrants Removed.
30-inch.....	29	28	1
24-inch.....	5	5
20-inch.....	2,173	65	5
16-inch.....	29,339	10	127
12-inch.....	7,191	169	52
8-inch.....	4,965	284	169	8
6-inch.....	2,093	37,105	277	96
Total.....	45,795	37,666	631	104	264	62

A form of contract and specifications for replacing the old mains in Evergreen, Lee, Marcy and Sumner avenues, in Forest and Roebling streets, has been prepared and forwarded for printing. The plans for this work are in course of preparation. Contract forms, specifications and plans are being prepared for replacing the old mains in the following streets and avenues:

Beaver street, from Flushing avenue to Myrtle avenue; Bushwick avenue, from Myrtle avenue to Decatur street; Lexington avenue, from Sumner avenue to Broadway; Macon street, from Sumner avenue to Broadway; Hopkinson avenue, from Atlantic avenue to Broadway; Howard avenue, from Atlantic avenue to Broadway; Reid avenue, from Macon street to Broadway; Lewis avenue, from Macon street to Broadway; Stuyvesant avenue, from DeKalb avenue to Broadway; Sixth avenue, from Flatbush avenue to Twenty-fourth street; Union street, from Fifth avenue to Eastern Parkway; Cropsey avenue, from Sixteenth avenue to Twenty-fourth avenue.

Distribution System—Maintenance and Repairs.

The work of maintaining the distribution system in good condition and of repairing gates, hydrants, etc., was carried on regularly and systematically during the quarter.

The number of permits issued and the taps driven were as follows:

Street opening permits.....	1,243	Draw tap and plug permits.....	84
Extension permits.....	69	Special water permits.....	18
Old and new building permits.....	455	Taps driven and inspected.....	1,171
Cement sidewalk permits.....	384		

The work done by the gang assigned to the regular inspection, operation and repair of gates and hydrants was as follows:

Gates Inspected and Operated.		Gates Repaired.	
36-inch	6	36-inch	1
30-inch	20	30-inch	2
24-inch	13	24-inch	1
20-inch	64	20-inch	3
16-inch	16	8-inch	1
12-inch	6		
8-inch	29	Total.....	8
6-inch	150		
4-inch	1	Regular hydrants repaired.....	143
Total.....	305	High pressure hydrants repaired.....	6
		Total.....	149

All the hydrants in the high pressure fire service system were thoroughly inspected and overhauled.

The work done by the Inspectors assigned to investigate complaints, etc., was as follows:

Complaints of poor pressure investigated.....	71
Complaints of leaks in mains, etc., investigated.....	74
Complaints of muddy water investigated.....	31
Complaints of waste of water investigated.....	7
Complaints of damages due to leaks investigated.....	4
Miscellaneous complaints investigated.....	42
Total.....	229

The work of testing and sealing meters throughout the Borough was continued during the quarter. The total number of meters tested and sealed was 1,090.

The work done by the repair yards during the quarter was as follows:

Western District Repair Yard.

Fire Hydrants Repaired, etc.		New screws put on fire hydrants.....	
New fire hydrants set.....	4	New bolts put on fire hydrants.....	20

Special Work.

Laid 264 feet of 12-inch pipe at Oconee Pumping Station.
 Made five 6-inch "cut-ins" on 14-inch main and three 6-inch "cut-ins" on 12-inch main at Oconee Pumping Station.
 Set one 20-inch by 16-inch fourway branch, two 16-inch gates, one 16-inch off-set and one 20-inch cap at Lynbrook Pumping Station.
 Run and caulked two 12-inch joints at Canarsie Pumping Station.
 Laid 240 feet of 12-inch pipe at Baiseleys Pumping Station.
 Made one 6-inch patent connection on 16-inch main at St. Albans Pumping Station.
 Connected 8-inch main in Sutter avenue to 6-inch main in Bristol street.
 Connected 6-inch main in Folsom place to 12-inch main in Essex street.
 Connected 6-inch main in Jerome street to 8-inch main in Atlantic avenue.
 Connected 8-inch main in Ashford street to 8-inch main in Pitkin avenue.
 Connected 6-inch main in Vermont street to 6-inch main in Belmont avenue.
 Connected 6-inch main in Olive place to 6-inch main in Atlantic avenue.
 Connected 6-inch main in Pleasant place to 6-inch main in Herkimer street.

Coney Island Repair Yard.

Special Work.

Laid 175 feet of 12-inch pipe in Seventh avenue, between Forty-sixth and Forty-seventh streets; set two fire hydrants, two 8-inch gates, and connected mains in both streets to main in Seventh avenue.

Laid 168 feet of 6-inch pipe in East Twenty-first street and connected same to main in Jerome avenue.

Laid 120 feet of 16-inch pipe and 19 feet of 12-inch pipe at Gravesend Pumping Station, and connected the two 12-inch delivery pipes at said station.

Laid 561 feet of 12-inch pipe in Seventh avenue, between Forty-seventh and Forty-ninth streets, and connected mains in Forty-eighth street and Forty-ninth street to new main in Seventh avenue; set two new fire hydrants and set two new 12-inch gates, one new 8-inch gate and two new 6-inch gates.

Laid 30 feet of 6-inch pipe in East Twenty-third street, and connected same to main in Jerome avenue.

Laid 60 feet of 12-inch pipe in Fifteenth avenue and Sixty-first street, and capped both ends over bridge.

Connected main in Ovington avenue to main in Fifth avenue.

Connected main in Emmons avenue to main in East Twenty-seventh street.

Connected main in Emmons avenue to main in Ocean avenue.

Contracts.

The following contracts for work on the distribution system were prepared and forwarded for printing during the quarter:

For furnishing, delivering and laying water mains and appurtenances in Flatbush, Carlton, Vanderbilt avenues, etc.

For furnishing and delivering double-nozzle hydrants.

The following are the contracts for which bids were received, together with the names of the lowest bidders and the amount of their bids:

April 1—For furnishing, delivering and laying an 8-inch water main and appurtenances in Grand street extension. Gallo, Tucillo & Putelli, \$3,838.77.

May 13—For furnishing, delivering and laying a 30-inch cast-iron force main and appurtenances along Trotting Course lane and Myrtle avenue. Robert Carter Company (Inc.), \$99,160.97.

June 10—For hauling and laying water mains, District No. 1. Robert Carter Company (Inc.), \$15,053.50.

June 10—For hauling and laying water mains, District No. 2. James Kelly, \$13,993.50.

June 10—For hauling and laying water mains, District No. 3. Robert Carter Company (Inc.), \$17,252.50.

June 10—For hauling and laying water mains, District No. 4. Robert Carter Company (Inc.), \$16,465.25.

HIGH PRESSURE FIRE SERVICE.

Coney Island System.

This system gave satisfactory service during the quarter. The following alarms were received at the station from the protected district:

April—One alarm; ran one pump for five minutes.

May—Two alarms; average run of one pump was seven and one-half minutes.

June—Five alarms; average run of one pump was eleven minutes.

An order has been issued for the installation of an automatic electrically driven air compressor at the station.

Main System.

Buildings—The reserve station has been entirely completed and a final estimate for the work, amounting to \$45,881, was rendered on April 20, 1908.

Work on the main station, at Furman and Joralemon streets, was continued, rapid progress being made during the quarter. It is expected that this building will be entirely completed during the coming quarter.

Equipment, Main Station—The five 6-stage centrifugal pumps connected to the five 800-horse-power induction motors, as well as the two (2) vacuum pumps and motors, have been placed on the foundations and lined up, as reported in the last quarter; the bus bar and oil switch compartments, bus bars, oil switches, operating switchboard, controllers, etc., comprising the electrical portion of the equipment, have been entirely completed. All of the valves, fittings, pipe, etc., have been delivered and bolted in place, with the exception of one 20-inch check valve and five pressure regulating valves. The station will be entirely finished and ready for service as soon as these valves are delivered and installed and the connections outside of the station made.

Equipment, Reserve Station—The equipment in this station, which was completed on January 31, 1908, was tested on May 16 and 17 by Professor Albert F. Ganz, Mechanical Engineer, the expert appointed by the Commissioner to conduct the test. Professor Ganz was assisted by Professor E. L. Pryor, Mechanical Engineer. The 800-horse-power, 3-phase, 6,000-volt induction motors were tested at the works of the General Electric Company under the supervision of Professor George F. Sever, Consulting Electrical Engineer to the Department. The following are extracts from Professor Sever's report:

"As a result of the test made in April, 1907, I find that the full load efficiency is 95 per cent. and the power factor 96 per cent., as against the specifications, which call for not less than 92 per cent. and not less than 93 per cent., respectively, thus showing that in these respects the motors are entirely satisfactory. The slip called for in the specifications must not exceed 2 per cent., whereas in the test this amount was not exceeded. At three-quarters load the efficiency is 95 per cent., as against 92 per cent. in the specifications, and the power factor is 95½ per cent., as against 90 per cent. in the specifications, and the slip does not exceed 1½ per cent. Thus, at three-quarters load, the specifications are fully complied with and indicate that the motors are satisfactory at this portion of the load. I find that the last test shows that after twenty-four hours' continuous run at full rated load the maximum rise of temperature is not over 35 degrees centigrade, while at the end of two hours' run at 25 per cent. overload the maximum rise is not over 45 degrees centigrade. Both of these values are well within the limits set by the specifications."

The following is the "summary" in the report of Professors Ganz and Pryor:

"Endurance—The three motors and pumps operated satisfactorily at full or overload for twenty-four hours without a single shut-down.

"Capacity—The combined capacity of the three motor pumps was 9,800 gallons per minute at 300 pounds net pressure, or 9,000 gallons per minute at 318 pounds net pressure.

"Efficiency—The average efficiency developed by the three pumps during the best eight hours, operating together and delivering 9,000 gallons per minute at 318 pounds net pressure, was 67.5 per cent.

"We desire to note that, whereas the full load efficiency of the pumps is 2½ per cent. less than called for in the specifications, the full load efficiency of the motors, as reported by Professor Sever, is 3 per cent. higher than called for in the specifications. The combined efficiency of the motor and pump as tested is 67.5% × 95% = 64.13%, and the combined efficiency calculated from the specification figures is 70% × 92% = 64.40%.

"Heat Test—After continuous operation for twenty-four hours at full or overload, the maximum temperature rise of any part of any motor was 37 degrees centigrade above the surrounding air, which is within the limit of 40 degrees centigrade allowed by the specifications.

"Starting Test—The motors could be started and brought to full speed, when started under service conditions, within less than 45 seconds with a starting current less than 150 per cent. of full load current, as required by the specifications. The motors could also be satisfactorily started at five-minute intervals as required.

"Pressure Regulation—The pressure in the distribution mains could be maintained constant at any previously adjusted point between 100 and 300 pounds for varying rates of delivery of water and without overloading the motors, provided that an operator was stationed at each set of valves to manually keep the valves in proper adjustment. Without constant attention the regulating valves would not maintain an equal distribution of load between motors when two or three motor pumps were operating together.

"Each set of regulating valves is at present located close to its pump. If these valves should be brought together at one point it may be possible that one operator can maintain the adjustment of all three sets of valves. Whether or not this can be done we cannot state without trial.

"General Remarks—The voltage of the supply during the test was maintained within the limits 6,000 and 6,300 volts, as called for by the specifications. The speed of the motors during the time was also substantially that required by the specifications.

"The general arrangement of the entire plant is excellent and well suited for its purpose. The operation was in every respect satisfactory and the ease of manipulation and absence of vibration were especially noticeable."

The following tables show the results of the above tests in detail:

Table No. 1.

Results of efficiency tests of three Worthington six-stage centrifugal pumps, motor-driven, May 16 and 17, 1908.

Made at reserve high pressure fire service station at Willoughby and St. Edwards streets, Borough of Brooklyn.

On May 25, 1908, the Fire Department was notified that the reserve station was ready to respond to alarms.

Private Telephone Service.

The private telephone service to be used in connection with the system has been installed. This consists of a switchboard at each one of the stations. To the switchboard at the main station are wired 51 telephone call boxes, and to the switchboard at the reserve station 60 such boxes. These private telephone boxes are located near the fire alarm signal boxes, not more than six (6) on a circuit, and these scattered so that in case a circuit should get out of order the boxes affected thereby shall be located over different blocks. There is an extension telephone station connected to each switchboard, current supply wires from the switchboard to the central office of the New York and New Jersey Telephone Company, a reserve machine at each station to furnish current on emergency, a private tie line between the two switchboards, a central office line from each of the switchboards to central, a private tie line from each switchboard to the office of the Edison Electric Illuminating Company, and a private tie line between each switchboard and fire headquarters. For this service, including the privilege of 3,600 local messages per year from each station to central, the City pays the New York and New Jersey Telephone Company \$4,243.50 per year.

Salt Water Suction Mains—Very good progress was made during the quarter on the work of laying the salt water suction mains for the main station at Furman and

Joralemon streets. The laying of the three lines of 24-inch pipe is practically completed, and work is now being done on the construction of the intake and suction well. It is expected that the work under this contract will be entirely completed during the coming quarter.

Traveling Cranes—The work of installing the traveling cranes at both the stations was started by the contractors, the Cleveland Crane and Car Company, on April 6, and the installation was completed on June 30. The final estimate on this contract is being prepared. The total cost of the work amounted to \$3,520.

Work of Mount Prospect Laboratory.

During the quarter 1,324 samples of water from the various sources of the Brooklyn supply were analyzed. The number of examinations made were as follows:

Physical examinations	855
Chemical examinations (complete)	125
Chemical examinations (partial)	375

Microscopical examinations	258
Bacteriological examinations	1,241
Bacteriological examinations (coli tests)	1,258

The number of miscellaneous analyses made was as follows:

Coal	109	Metals and alloys	10
Cement	16	Special test experiments	471
Oil	14		

The average condition of the Brooklyn water supply during the quarter is shown by the following figures:

Locality.	Turbidity.	Color.	Albuminoid Ammonia.	Free Ammonia.	Chlorine.	Micro-Organisms.	Bacteria.
Ridgewood, average influxes	2	12	.033	.020	8.8	29	294

July 1, 1908.

Hon. JOHN E. BOWE, Deputy Commissioner, Borough of Richmond:

Dear Sir—The following is a report of the work done at the Tottenville Pumping Station for the quarter ending June 30, 1908:

Building tripod derrick for driving new well. To furnish the necessary timber for this derrick I had three trees cut down and trimmed up.

Built box to put 3-inch air line in from compressor over to new well; distance about 228 feet.

Renewed planking on run to coal bunker.

Took out grate bars in No. 1 and No. 2 boilers, cleaned out furnace and repaired bars and grate bars.

Cut down two trees to make foundation blocks for temporary setting for an air compressor to use on new well for blowing out while driving, and to keep well working while permanent foundations were being built for the same.

Took out old packing from No. 1 well pump, both steam and water ends, and repacked same new.

Took out old packing from No. 6 well pump, both steam and water ends, and repacked same new.

Took old packing out of No. 2 engine, both steam and water ends, and repacked same new.

Packing stop-valve on steam line to No. 1 and No. 2 boilers, and packing two valves on steam line to well pumps.

Excavating and laying 228 feet of 3-inch pipe from air compressor to new well.

Putting air compressor together and getting it ready for operation; this means that we have had to clean up all parts of the engine and air compressor, fix up all of the valves in air end, connect up all gear on steam end, connecting rods, pistons, valve gear, brass main bearings, flywheels, eccentric, steam and air governors, pipes for cylinder cocks, steam and exhaust pipes, throttle valve, oil cup lubricators, repack both steam engine and air compressor, running water pipe for jacket on air compressor 47 feet; also overflow from same.

Taking off No. 3 boiler, taking out grate bars, cleaning and repairing same; taking off tube caps, cleaning out tubes, steam and mud drum; taking down water column, gauge cock and gauge glass cocks, cleaning same and renewing nipples in same; taking out check and globe valves on feed line, cleaning and repairing same.

Running ¾-inch main for jackets on air compressor, connecting up drip pipes from air compressor.

Run 82 feet of 3-inch steam line from boiler room to air compressor.

Covered 82 feet of 3-inch steam pipe; made pipe hangers for same.

Running new steam line for lubricator on air compressor.

Stud bolt broke off in shell of No. 3 boiler; had to drill out and retap same.

Drove one new wheel for air lift.

Sixty feet of 10-inch pipe, 100 feet of 8-inch pipe, which is the full depth of the well; both the 10-inch and the 8-inch pipe had to be connected down in well.

Run 192 feet of 6-inch pipe (cast-iron) from well to receiving well with lead joints. Repaired two hydrants with rubber gaskets for each; also leather washers.

Tapping hole in 10-inch cap for 2-inch air pipe.

Repaired clock of rain gauge.

Took down exhaust of air compressor and changed it so that it would discharge inside of ground at station.

Building shed over air compressor so that air compressor could be worked until such time as we can get a building erected over same.

Maintenance to grounds, cutting and trimming trees, taking care of flowers on grounds and repairing fences.

Cutting four 1¼-inch bolts, 3 feet 6 inches long, for holding down No. 3 pump; also two ¾-inch bolts, 3 feet 6 inches long.

Making six square washers, 6 inches by 9 inches, with holes to fit bolts in same; making templates of bed plates of No. 3 pump, to set holding bolts in concrete foundation.

Repairing hydrant with new valve and gaskets, which necessitated the hydrant being taken out of the ground and then to the station and back again, the same night.

No. 5 well dropped inside, plungers and rods down into well; had to move engine and put derrick over well to pull out rods and plungers, fish out plunger, then connect up and put back in well, then put engine and house back in place.

Made new hoe head and new handle and welded both together, for cleaning fires in boilers.

Repaired one No. 6 swing check on No. 6 well.

Repaired steam line to syphon on No. 6 well, taking out rods, plungers and working barrels; fitting up pipe from air compressor down to bottom of well, and blowing out well under air pressure. Put working barrels, rod and plungers back in well and put engine back in place, and put well back into commission again in good order.

Digging foundation, propping up and making concrete foundation 16 feet long by 7 feet wide by 7 feet deep, for No. 3 engine.

Boxing up broken plunger to be shipped to Manhattan for repairs.

Cleaning out and scaling, repairing and renewing grate bars in No. 3 boiler.

Rigging up derrick, moving hoisting engine and making the necessary arrangements for driving new well to take the place of the No. 3 well that went out of commission owing to the fact that the perforated pipe which was in the well was continually plugging up with quicksand and stopping the flow of water. This 6-inch well we put down 93 feet, with a Cook strainer on the end 11 feet long, making the well over all 104 feet deep. We are getting good results from this well at the present time.

Connecting up two lengths of cast-iron pipe 10 inches in diameter for temporary air receiver for air compressor; drilling and tapping hole in same for 3-inch connection on air compressor. This was done to get better results from the compressor when the two wells were working.

Running extra water line to air compressor.

Repairing 2-inch valve for blow-down on boiler.

Drilling and tapping hole in main steam line. Dressing and hardening four crow-bars.

Running new steam line for steam turbine for cleaning tubes in boiler.

Repairing sling chain with new link and ring.

Water Pumped, Gallons.

Respectfully submitted,

FRANK P. TORNEY, Engineer in Charge of Pumping Stations.

New Brighton, S. I.

JOHN E. BOWE, Esq., Deputy Commissioner, Department of Water Supply, Gas and Electricity, Borough of Richmond, New York City:

Dear Sir—I herewith respectfully submit the following report of the work done in the Bureau of the Chief Engineer, Department of Water Supply, Gas and Electricity, Borough of Richmond, for the three months ending June 30, 1908:

Prepared plans and specifications for 20-inch pipe line in Morningstar road, from Richmond terrace to Old Stone road, Old Stone road to Yukon avenue, etc.

Plans for additional distribution in the Tottenville System (Contract No. 5). Checked plans and specifications for 12-inch main in Fresh Kills road, from Kreischerville to Giffords lane.

Checked plans and specifications for laying mains across bridge to be known as Contract No. 4.

Prepared plans for a 12-inch main in the Village of Richmond, and a 16-inch main in Huguenot avenue.

Prepared plans for improvements to pumps and piping at the Tottenville Pumping Station.

Prepared plans and specifications for the erection of a new stack at Tottenville Station.

Prepared plans and specifications for well driving apparatus.

Prepared plans and specifications for a storehouse at the Tottenville Pumping Station.

Prepared studies for increasing the yield of the Tottenville plant, and installed an air lift system on one well, thereby almost doubling its yield.

Inspection of streets in which the water mains are required in the Tottenville distribution system.

Prepared map of the Staten Island Water Company, the Crystal Water Company and the Tottenville distribution systems on a 400-foot scale.

Preparing tracing of the plan of the Tottenville distribution system.

The inspection of improvements to the Crystal distribution system in Old Tom road, Clove avenue, Cromwell avenue, Garrettson avenue, Sea View avenue, Liberty avenue, Hancock street, Fletcher avenue, Reynolds street, St. Marys avenue and Fingerboard road.

Preparing and checking monthly estimates for the laying of water mains in the Tottenville distribution system.

The distribution system at Tottenville has been extended as follows:

Sixteen-inch and 8-inch mains in Amboy road, from Huguenot to Crooks crossing. 462 linear feet of 8-inch pipe laid, and 6 linear feet of 6-inch pipe laid.

One 6-inch gate and one 6-inch gate box set.

One 8-inch pipe cap and 15 cubic yards of broken stone put in place by Department employees.

Numerous hydrants were repaired, and the following were taken out and replaced: Huguenot Station and Amboy road, Amboy road near St. Paul's Church, Main street, Tottenville, and Garrettson avenue and Amboy road.

The following hydrants were repaired: Amboy road near ship yard, Wood avenue, Butler avenue near Engine Company 201, Tottenville, Amboy road and Wood avenue, Broadway and Bentley street, Sprague avenue, Tottenville, Eureka place and Butler avenue, East Broadway at the Terra Cotta Works, Tottenville.

Numerous leaks in the Tottenville system were recaulked. Hydrants of said system were regularly blown off.

In addition there were 431 fire hydrants and 49 draw hydrants tested in the Crystal Water Company distribution system, and 609 fire and 6 draw hydrants of the Staten Island Water Supply Company distribution system, and the repairing of 64 and the replacing of 6 hydrants inspected in the Staten Island Water Supply Company system.

Inspection of 150 new connections and the repairing of 35 service connections.

The collection and transmitting to the Brooklyn Laboratory of sample of water from the several pumping plants in this Borough.

The following men and team were detailed from the Richmond office: Three Laborers, 168 days, and one team and Driver, 2 days.

The following material was received from the Brooklyn office: 11 pigs of lead and one roll of yarn.

Respectfully submitted,

JAS. H. RICHES, Assistant Engineer.

Statement of Water Rents and Charges Collected and Deposited for the Quarter Ending June 30, 1908.

Annual and frontage rates.....	\$207 00
Meter charges for water supplied in buildings.....	1,761 04
Charges for water supplied for building purposes.....	31 48
Charges for water supplied in shipping not metered.....	5 00

Meters in use.....	678
Frontage rates.....	47

Department of Water Supply, Gas and Electricity,
Borough of Richmond,
New Brighton, July 3, 1908.

Hon. JOHN H. O'BRIEN, Commissioner:

Dear Sir—Following is a report of the condition of the water supply, and the work done in connection therewith (together with financial statement), in the Borough of Richmond, for the quarter ending June 30, 1908.

Respectfully yours,

J. W. McKAY, Acting Chief Engineer.

Statement of Vouchers.

Administration, Office of Deputy Commissioner, Salaries and Wages—	
Appropriation for year 1908.....	\$4,700 00
Total vouchers drawn against account to July 1, 1908.....	1,759 14

Charges for water supplied for building purposes.....	31 48
Charges for water supplied in shipping not metered.....	5 00
Total.....	\$2,004 52

Number of Taps in This Borough Belonging to the City at Present.

Metered.....	678
Frontage rates.....	47

Collection and Storage—Pumping Stations.

Drove one new 8-inch well and placed in same 2-inch air pipe, and said well is now being operated by air, the delivery from same being through 192 feet of 6-inch cast iron pipe.

Assembled and lined up the air compressor and put same into service. This involved cleaning up all parts of the engine and the compressor, fixing up all the valves in air end, connecting up all gear on steam end, connecting rods, pistons, valve gear, brass main bearings, fly wheels, eccentric, steam and air governors, pipes for cylinder cocks, steam and exhaust pipes, throttle valve, oil cup lubricators, repacking both steam engine and air compressor, running water pipe for jacket on air compressor 47 feet; also overflow from same.

Made necessary excavation, built and placed in same boxing and 228 linear feet of 3-inch piping for air line from compressor to new well.

Ran 82 feet of 3-inch steam line from boiler room to air compressor, and covered same with non-conducting material.

Ran new steam line for lubricator on air compressor.

Extended exhaust of air compressor to discharge into drain back of station.

Ran 34-inch main for jackets on air compressor, and connected up drip pipes from same.

Connected up two lengths of cast iron pipe 10 inches in diameter, for temporary air receiver for air compressor; drilled and tapped hole in same for 3-inch connection to air compressor; this was done to get better results from the compressor when the two wells were working.

Ran extra water line to air compressor.

Built temporary shed over air compressor so that said compressor could be worked until such time as we can get a permanent building erected.

Rigged up derrick, moved hoisted engine and drove new 6-inch well to take the place of the No. 3 well that went out of commission owing to the fact that the perforated pipe which was in the well was continually clogging up with sand which stopped the flow of water. This 6-inch well we put down 93 feet, with an 11-foot Cook strainer opposite the water bearing strata. Good results from this well are being obtained.

Repacked No. 1 and No. 6 well pump and engine, repaired one 6-inch swing-check valve on No. 6 well discharge, Repaired steam line to syphon on No. 6 well, took out rods, plungers and working barrels of said well pump, placed pipe from air compressor to bottom of well and blew out well with air pressure; put working-barrels, rods and plungers back in well, and put engine back into place, and put well in commission again.

Took out grate bars in Nos. 1 and 2 boilers, cleaned out furnace and repaired and replaced bars and grates.

Repacked stop-valve in steam line from Nos. 1 and 2 boilers, and repacked two valves in steam line to well pumps.

Cut out No. 3 boiler and took out grate bars; cleaned and repaired same; took off tube caps; cleaned out tubes, steam and mud drum; took down water column, gauge-cock and gauge-glass cocks; cleaned same and renewed nipples; also took out check and globe valves on feed line and cleaned and repaired same.

One stud bolt which broke off in shell of No. 3 boiler was drilled out and retapped.

Cleaned out and scaled No. 3 boiler and repaired grate bars in same.

Repaired 2-inch valve in blow-off on boiler.

Ran new steam line for steam turbine for cleaning tubes in boilers.

Repaired sling chain with new link and ring.

All boilers were regularly cut out, scaled and cleaned.

Repacked steam and water ends of No. 2 Worthington pumping engine.

Made necessary excavation and placed concrete foundation 16 feet long by 7 feet wide by 7 feet deep for No. 3 pumping engine.

Renewed planking on run to coal bunker.

Repaired clock of rain gauge.

The grounds were maintained as usual by cutting and trimming trees, taking care of flowers on grounds and repairing fences, etc.

Water Pumped.

April, gallons.....	7,881,339.41
May, gallons.....	9,140,199.67
June, gallons.....	12,206,645.50

Total for quarter, U. S. gallons..... 29,228,184.58

Daily average, U. S. gallons..... 321,188

Plans, etc., Prepared.

Plans, specifications and estimates prepared for additional distribution mains and appurtenances in the Tottenville system.

Plans, specifications and estimates for 12-inch main and appurtenances in Fresh Kills road, from Kreischerville to Giffords lane.

Prepared plans, specifications and estimates for laying water mains in Bridge avenue, from Yukon avenue to Fresh Kills road.

Prepared plans, specifications and estimates for a 12-inch main in the Village of Richmond and a 16-inch main and appurtenances in Huguenot avenue.

Prepared plans, specifications and estimates for new boilers, piping, etc., at the Tottenville pumping station.

Prepared plans and specifications for well driving apparatus.

Completed installation of air lift system in No. 7 well at the Tottenville pumping station, thereby almost doubling the yield, and work of installing the system in well No. 3 is in progress.

Inspected streets in which water mains are required in the Tottenville distribution system, preparatory to making estimate of cost of same.

Prepared map of the Staten Island Water Company, the Crystal Water Company and the Tottenville distribution systems, on a 400-foot scale.

Made tracing of the plan of the Tottenville distribution system.

Inspected extensions to the Crystal Company's distribution system in Old Town road, Clove avenue, Cromwell avenue, Garrettson avenue, Sea View avenue, Liberty avenue, Hancock street, Fletcher avenue, Reynolds street, St. Marys avenue and Fingerboard road.

Certified monthly estimates for the laying of water mains in the Tottenville distribution system.

Extension to Distribution System, Consalus Contract.

Amboy road, from Huguenot to Crooks Crossing—462 linear feet of 8-inch pipe laid and 6 linear feet of 6-inch laid; one 6-inch gate and one 6-inch gate box set; one 8-inch pipe capped and 15 cubic yards of broken stone put in place by Department employees.

Fire hydrants were taken out and replaced at the following points:

Huguenot station and Amboy road; Amboy road, near St. Paul's Church, Main street, Tottenville; Garrettson avenue and Amboy road.

Hydrants Repaired.

In Amboy road, near shipyard, Wood avenue; Butler avenue, near Engine Company 201, Tottenville; Amboy road and Wood avenue; Broadway and Bentley street; Sprague avenue, Tottenville; Eureka place and Butler avenue; East Broadway, at terra cotta works, Tottenville.

Miscellaneous.

Numerous leaks in the Tottenville system were recaulked. Hydrants of said system were regularly blown off.

In addition there were 431 fire hydrants and 49 draw hydrants tested in the Crystal Water Company's distribution system; 609 fire and 6 draw hydrants of the Staten Island Water Supply Company's distribution system, together with the repairing of 64 and replacing of 6 hydrants in the Staten Island Water Supply Company's system.

Inspected 150 new connections and repaired 35 service connections.

Collected and transmitted to the Brooklyn Laboratory sample of water from the several pumping plants in this Borough.

The following men and teams were detailed from Brooklyn Borough: Three Laborers, 168 days, and one team and Driver, 2 days.

The following material was received from Brooklyn Borough: Eleven pigs of lead and one roll of yarn.

Private Water Companies.

A regular supervision of the plants of the private water companies was maintained by the Department, and general repairs were made where necessary, resulting in a better service than would otherwise have been furnished by these companies.

Owing to lack of proper system and means, no accurate records have been kept by the companies of the quantity of water pumped at their several stations, and, consequently, the records of pumping and cost of same cannot be given.

The contract for the purchase of the properties, franchises and business of the Staten Island Water Company was executed April 2, 1908.

On June 7, 1908, I requested to be advised as to when the City would take title to the properties, franchises and business of the Crystal and Staten Island Water Supply Companies, in order that an intelligent estimate of the amounts of money needed to operate and maintain the plants and systems for the remainder of the year could be made. Under date of June 21, 1908, I was advised that the title to these properties would pass to the City on July 1 of this year. I thereupon prepared an itemized estimate of the moneys needed to operate and maintain the systems of these companies and make necessary renewals during the remainder of the current year.

The water supplied by the various water supply systems in the Borough was all of good sanitary quality during the quarter.

By the terms of the contract entered into with the Hudson County Water Company under date of May 25, 1905, and amended July 25, 1907, for the purchase of from 3,000,000 to 10,000,000 United States gallons of water for supplying the Borough of Richmond, the said company is required to deliver water within one year from the date of execution of the contract, or by July 25, 1908. This company, however, will not be in readiness to deliver the water on said date, and even though they were, the necessary mains to be furnished and laid by the Department to receive and distribute the water will not be available at that time. I would, therefore, recommend that the said company be given an extension of time in which to deliver the water.

Respectfully submitted,

J. W. McKAY, Acting Chief Engineer, Boroughs of Brooklyn and Richmond.

Electrical Bureau, Manhattan and The Bronx,
No. 21 Park Row,
New York, November 30, 1908.

Hon. JOHN H. O'BRIEN, Commissioner:

Sir—I submit herewith a report of work done by the Electrical Bureau of this Department for the second quarter, ending June 30, 1908:

Applications closed.....	7,987
Balance open.....	2,648

Certificates issued for interior wiring.....	7,413
Temporary certificates issued for interior wiring.....	56

Total certificates issued for interior wiring.....	7,469
--	-------

Permits issued for signal wires.....	697
Permits issued for electric lighting.....	1,194
Permits issued for pole lines.....	82
Permits issued for resetting poles.....	164
Permits issued for City lamp-posts.....	59
Permits issued for underground conductors.....	1,333
Permits issued for subsidiary connections.....	1,096
Permits issued for subways.....	224
Permits issued for electric signs.....	409

Total permits issued for outside electrical work.....	5,258
---	-------

Complaint notices issued.....	1,547
Complaint notices attended to.....	1,460
Balance open.....	1,412

Number of incandescent lamps covered by certificates.....	175,127
Number of arc lamps covered by certificates.....	1,836
Number of motors covered by certificates.....	2,477
Horse power capacity of motors covered by certificates.....	9,476½
Number of generators covered by certificates.....	17
Kilowatt capacity of generators covered by certificates.....	2,076½
Heaters.....	28
Total number of inspections made by twenty-nine men.....	29,295

The Inspectors have removed 149,350 feet, or 28.29 miles, of overhead wires without any additional expense to the City.

Respectfully submitted,

H. S. WYNKOOP, Electrical Engineer.

SCHEDULE I.

SCHEDULE XI.

Cost of Steam Heat Furnished to Public Buildings in Manhattan and The Bronx.
Heating Public Buildings—Total, quarter..... \$2,574 51

SCHEDULE XII.

High Pressure Fire Service, Reservation of Machinery, etc..
Expenditures for months of April, May and June, 1908 (in suspense).

SCHEDULE XIII.

Photometric Station Expenses.
Fitting up station at Sheepshead Bay..... \$905 32

SCHEDULE XIV.

Testing Electric Meters for Private Consumers.
As per contract with Trustees of Columbia College in The City of New York:
Months of January, February, March, April, May and June..... \$750 00

BUREAU OF LAMPS AND LIGHTING.

BOROUGHES OF MANHATTAN AND THE BRONX.

Summary—Table Showing Expenses Under the Various Appropriations in Manhattan and The Bronx, Second Quarter of 1908.

Description.	Appropriation.	Funds Available, End of First Quarter.	Expenditures, Second Quarter.	Balance.
Heat, Light and Power, Bureau of Lamps and Lighting, Street and Park Lighting.....	\$1,275,782 75	\$972,969 53
Vouchers Drawn Against Above—				
Lighting Public Lamps:				
Electric, Schedule 1.....	\$162,965 72			
Gas, Schedule 2.....	123,761 34			
Naphtha, Schedule 3.....	21,309 08			
Heat, Light and Power, Bureau of Lamps and Lighting, Lighting Public Buildings.....	455,000 00	293,229 85	\$308,036 14	\$664,933 39
Vouchers Drawn Against Above—				
Electric Lighting, Public Buildings, Schedule 4.....	\$62,097 64			
Gas Lighting, Public Buildings, Schedule 5.....	41,128 05			
Payroll of Lamplighters and Inspectors, Schedule 6.....	\$103,225 69			
Inspections of Arc and Incandescent Lamps, Schedule 6.....	1,820 00			
Rental of Gas Regulators, Schedule 6-A.....	129 60			
Heat, Light and Power, Bureau of Lamps and Lighting, Bureau Expenses.....	22,650 00	19,779 65	107,147 15	186,082 70
Vouchers Drawn Against the Above—				
Bureau Expenses, Schedule 7.....	4,797 01	14,982 64
Heat, Light and Power, Bureau of Lamps and Lighting, Administration, Office of Chief Engineer, Salaries and Wages.....	18,650 00	15,037 52
Vouchers Drawn Against the Above—				
Salaries of Chief Engineer and Employees, Schedule 6-B.....	3,612 48	11,425 04
Heat, Light and Power, Bureau of Lamps and Lighting, Salaries and Wages.....	56,390 00	43,200 08
Vouchers Drawn Against the Above—				
Salaries, Office Employees, Inspectors, etc., Schedule 8.....	13,310 00	29,890 08
Heat, Light and Power, Bureau of Lamps and Lighting, Office of Chief Gas Examiner.....	17,400 00	13,524 20
Vouchers Drawn Against the Above—				
Salaries of Chief Gas Inspector and Inspectors, Schedule 9.....	3,895 16	9,629 04
Heat, Light and Power, Bureau of Lamps and Lighting, Heat and Power for City Departments, etc..	36,940 00	22,093 22
Vouchers Drawn Against the Above—				
Electric Current for Power to Public Buildings, Schedule 10.....	\$6,971 72			
Heat to Public Buildings, Schedule 11.....	2,574 51			
Heat, Light and Power, Bureau of Lamps and Lighting, High Pressure Fire Service, Reservation of Machinery and Current.....	75,000 00	72,367 00	9,546 23	12,546 99
Vouchers Drawn Against the Above—				
Reservation of Machinery, Current, etc., Schedule 12.....	72,367 00
Heat, Light and Power, Bureau of Lamps and Lighting, Administration, Laboratory for Testing Electric Meters, 1908.....	1,500 00	1,500 00
Vouchers Drawn Against the Above—				
Meter tests, as per Contract with Trustees of Columbia College, Schedule 14.....	750 00	750 00
Total.....	\$1,959,312 75	\$1,453,701 05	\$451,094 17	\$1,002,606 88
On September 1, 1905, a Revenue Bond Fund was appropriated for the Operation and Maintenance of Nine Photometric Stations and for the Salaries of Gas Examiners, Balance.....	\$4,980 20			
Expenditures, first quarter of 1908.....	\$506 00			
Expenditures, second quarter of 1908.....	905 32			
Liabilities, 1907.....	\$603 00	\$3,568 88		
Liabilities, 1908.....	49 27	652 27		
Balance.....				\$2,916 61

SCHEDULE I.
BUREAU OF LAMPS AND LIGHTING.
BOROUGH OF BROOKLYN.

Cost of Lighting Public Lamps in the Borough of Brooklyn, Repairs, etc., to Same, During the Second Quarter of 1908—By Companies.

Companies.	Kind of Lamp.	Number of Lamps at End of Month.	Lighting, etc.	Deductions for Outages	Price Per Lamp Per Year.	Repairs.

BOROUGH OF BROOKLYN.

REPORT OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN FOR THE WEEK ENDING MARCH 13, 1909.

BUREAU OF PUBLIC BUILDINGS AND OFFICES.

During the week ending March 13, 1909, there were issued by the Bureau of Public Buildings and Offices five (5) orders for supplies and twenty-seven (27) orders for repairs, making a total of thirty-two (32) orders.
Bills aggregating \$4,587.24 were signed by the Commissioner and transmitted to the Department of Finance for audit and payment.

BUREAU OF INCUMBRANCES AND PERMITS.

Complaint Department.

Bureau of Complaints, 1; mail, 5, office, 7; Inspectors, 46; Police Department, 5. Total, 64.

Classification and Disposal.

Boulders removed, 7; trees and limbs removed, 17; miscellaneous removed, 3. Total, 27.

Inspectors' Department.

Complaints made, 46; complaints settled, 96; slips settled, 133.

Permit Department.

Permits Issued—Builders, 25; cross walks, 36; vaults, 2; vault repairs, 5; driveways, 4; gas companies, 100; electric companies, 57; railroad companies, 13; special permits, 130. Total, 372.

Permits Passed—Tap water pipes, 101; repair water connections, 43; sewer connections, 87; sewer connection repairs, 20. Total, 251.

Cashier's Department.

Moneys Received—

Repaving over water connections.....	\$812 70
Repaving over sewer connections.....	406 90
Inspection of work done by corporations.....	23 70
Extra paving.....	22 55
Special paving.....	13 81
Telephone.....	357 75
Vaults.....	75 13
	<hr/> \$1,712 54

BUREAU OF SEWERS.

Moneys received for sewer permits, \$969.60.

Number of permits issued, 93; for new sewer connections, 82; for old sewer connections (repairs), 11.

Requisitions drawn on Comptroller, 9; appropriations, \$3,349.98; funds, \$25,379.29.
Number of basins repaired, 15; linear feet of pipe sewers cleaned, 27,000; linear feet of large sewers cleaned, 400; linear feet of sewers examined, 53,200; number of basins cleaned, 725; number of basins examined, 1,352; manhole head and cover reset, 1; manhole covers put on, 10; number of basin pans set, 3; number gallons sewage pumped, Twenty-sixth Ward, 71,015,400; number gallons sewage pumped, Thirty-first Ward, 26,085,492; cubic feet sludge pumped, Twenty-sixth Ward, 24,148; cubic feet sludge pumped, Thirty-first Ward, 7,464; complaints examined, 10.

Laboring Force Employed During the Week.

Repairing and Cleaning Sewers—Inspector of Construction, 1; Inspectors of Sewer Connections, 9; Foremen, 7; Inspectors of Sewers and Basins, 9; Mechanics, 4; Laborers, 78; horses and carts, 36.

Street Improvement Fund—Inspectors of Construction, 26; Mechanics, 2; Laborers, 22.

Twenty-sixth Ward Disposal Works—Laborers, 17.

Thirty-first Ward Disposal Works—Foremen, 2; Mechanic, 1; Laborers, 16.

Cleaning Large Brick and Cement Sewers—Foremen, 4; Laborers, 25; horses and carts, 10.

BUREAU OF HIGHWAYS.

Division of Street Repairs.

Force Employed on Repairs to Street Pavements—Mechanics, 22; Laborers, 60; horses and wagons, 15; horses and carts, 9; Foremen, 16; teams, 5.

Work Done by Connection Gangs—Water and sewer connections repaired, 12; gas and electric light connections repaired, 4; dangerous holes repaired and made safe, 254; complaints received, 269; defects remedied, 67.

Work Done by Repair Gangs.

	Repairs.	Connections.	Total.
Square yards T. and G. granite.....	415	415
Square yards sand.....	360	629	989

3. Thro, William C., No. 512 West One Hundred and Fifty-sixth street.....	80.40
4. Oppenheimer, Adele, No. 2345 Broadway.....	80.40
5. Meyer, Joseph H., No. 229 East Twenty-first street.....	78.40
6. Russianoff, Max J., No. 479 Stone avenue, Brooklyn.....	77.80
7. Smith, Elizabeth C., Lying-in Hospital, No. 307 Second avenue.....	77.00
8. Bartholmew, Paul, No. 23 West Thirty-sixth street.....	77.00
9. Horowitz, Alfred J., No. 512 West One Hundred and Thirty-fourth street.....	76.80
10. Blackburn, Louisa P., No. 324 West Fifty-eighth street.....	76.00
11. Esperance, Elise S. L., No. 405 West One Hundred and Eighteenth street.....	74.20

F. A. SPENCER, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

New York, March 1, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel—

1 (80446). Requesting information relative to the dismissal of Charles E. Victory, Jr., Attendant. Information furnished.

2 (80457). Transmitting, approved as to form, renewal lease of wharf property on the East River, between Sixty-eighth and Sixty-ninth streets, to the Central Brewing Company. Filed.

From the Municipal Civil Service Commission—

1 (80439). Authorizing the transfer of John C. Clark from the position of Deck-hand to that of Dock Laborer. Clark changed to Dock Laborer at 31¼ cents per hour, while employed, to take effect March 5, 1909.

2 (80464). Authorizing the transfer of Owen J. Williams from the position of Water Tender to that of Machinist's Helper. Williams changed to Machinist's Helper at 37½ cents per hour, while employed, to take effect at once.

3 (80440). Approving the reassignment of Henry Schwenk, Dock Laborer. Filed.

4 (80463). Authorizing the transfer of Joseph Hannan from the position of Marine Stoker to that of Dock Laborer. Hannan changed to Dock Laborer at 31¼ cents per hour, while employed, to take effect at once.

From the Department of Health (80451)—Asking that this Department make the necessary repairs to the Health Department's boat, "Riverside," where damaged by this Department's tug "Brooklyn." Answered that the request cannot be complied with pending the determination as to the responsibility for the accident.

From the President of the Borough of Brooklyn (80445)—Stating that the transfer of Edward F. X. Fitzpatrick, Stenographer and Typewriter, became effective March 1, 1909. Name taken from this Department's list.

From Charles Wehlen (80304)—Asking that his permit for the occupation of Lot 13 of Block 3, at Broad Channel, Jamaica Bay, Borough of Queens, be transferred to Paul Kemp. Permit transferred to Kemp, to continue during the pleasure of the Commissioner, but not longer than May 1, 1912, rental to be at the rate of \$21.74 per annum, payable in advance.

From the R. G. Packard Company (80293)—Requesting permission, on behalf of the John Pierce Company, to dredge in front of the bulkhead foot of Douglass street, westerly side, Gowanus Canal, Brooklyn. Permit granted, work to be done under the supervision of the Chief Engineer.

From Margaret A. Hill (80290)—Requesting permission to construct a foot bridge over Hook Creek, near the head of Jamaica Bay, between private property in the Borough of Queens and private property in Nassau County. Permit granted, work to be done under the supervision of the Chief Engineer, the structure to remain only during the pleasure of the Commissioner, the permit to expire by limitation of time on April 30, 1909, rental to be paid at the rate of \$1 per annum; the permittee is to obtain whatever consents may be requisite from the War Department and the authorities of Nassau County and is not to charge toll for the use of the bridge.

From Thomas F. McLaughlin (80255)—Requesting permission to occupy space for the storage of building material on the upland in rear of the bulkhead between One Hundred and Twenty-ninth and One Hundred and Thirtieth streets, North River. Privilege granted for a space 30 by 100 feet in dimensions, to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$37.50 per month, payable monthly in advance to the Dockmaster.

From the Senate Limited (80209)—Requesting permission to erect and maintain boat house foot of Bayside avenue, Hammels Station, Jamaica Bay, Borough of Queens. Privilege granted, to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$5 per month, payable monthly in advance to the Dockmaster.

From John Freeman (80176)—Asking that his permit for the occupation of Lot 1 of Block 6, at Broad Channel, Jamaica Bay, Borough of Queens, be transferred to C. Young. Permit transferred to Young, to continue during the pleasure of the Commissioner, but not longer than May 1, 1912, rental to be at the rate of \$14.70 per annum, payable in advance.

From the Local Bond and Mortgage Company (78599)—Requesting permission to occupy a plot of ground at Broad Channel, Jamaica Bay, Borough of Queens. Privilege granted to occupy Lots 33, 34, 35 and 36 of Block 30, an area of 4,500 square feet, to continue during the pleasure of the Commissioner, commencing as of October 1, 1908, and expiring by limitation of time on May 1, 1912, rental to be at the rate of \$54 per annum, payable in advance.

From Joseph S. Dixon (80097)—Requesting permission to construct a movable runway, about 115 feet in length, near the foot of Minneford avenue, on the westerly side of City Island, Borough of The Bronx. Permit granted, work to be done

in accordance with plans submitted and under the supervision of the Chief Engineer.

From the Union Sulphur Company (80453)—Accepting permit granted February 20, 1909, for the construction of a storehouse near the westerly side of the southerly portion of the Erie Basin Breakwater, Brooklyn. Filed.

From Samuel Robinson and John Flanagan (80322)—Requesting permission to occupy Lot 13 of Block 35, at Broad Channel, Jamaica Bay, Borough of Queens. Answered that permit will be granted upon payment of rent at the rate of \$30 per annum.

From Compagnie Generale Transatlantique (80444, 80321)—Stating it has no objection to the establishment of a landing place at the pier foot of Forty-fourth street, North River, for the accommodation of Naval officers and men in connection with the Hudson-Fulton celebration. Chief Engineer directed to place the landing at the pier during the celebration.

From Frederick Gessler (80180)—Requesting permission to store a boat in rear of Lot 145, at Broad Channel, Jamaica Bay, Borough of Queens. Answered that this Department has no objection to the storage of the boat as desired.

From James S. Williamson (80122)—Requesting permission to occupy Lot 38 of Block 19a, at Shad Creek, Jamaica Bay, Borough of Queens. Answered that permit will be granted upon payment of rent at the rate of \$31.50 per annum.

From the Atlantic Mutual Insurance Company (80118)—Requesting information relative to certain additional repairs made to the ferryboat "Bay Ridge" as the result of her grounding in Buttermilk Channel, on December 31, 1908. Information furnished.

From the New York Motor Boat Club (80068)—Requesting information relative to the property between West One Hundred and Forty-seventh street and West One Hundred and Forty-eighth street, North River. Information furnished.

From the Banister Realty Company (80051, 80052)—Requesting permission to construct a jetty foot of Rue de St. Felix, Far Rockaway, Borough of Queens, and another foot of Dickerson avenue, Wave Crest, Borough of Queens. Answered that before the applications can be considered by this Department the consent of the War Department must be obtained.

From the Port Richmond and Bergen Point Ferry Company (79653)—Requesting a renewal of the lease of the premises foot of Richmond avenue, Port Richmond, Borough of Richmond. Company requested to have representative call for the purpose of taking up question of changing location of terminal; also requested to furnish information as to the ferry receipts.

From the Chief Engineer—

1 (80450). Reporting that the New England Navigation Company, lessees, and the Cruikshank Company, agents for the owners, have failed to comply with the Department's request that Pier (old) 11, North River, be placed in safe condition. Companies directed to stop using the pier, pending the making of proper repairs.

2 (79713). Recommending that James Kerrigan and William Kern be transferred from the position of Stoker to that of Marine Engineer. Municipal Civil Service Commission requested to authorize change or to hold a promotion examination.

3 (80449). Recommending that the Cruikshank Company, agents, the New England Navigation Company and the Brunswick Steamship Company be directed to immediately cease using Pier (old) 9, North River, until such time as the premises are repaired and made safe for use. Companies notified as recommended.

4 (80447). Submitting report of work done under his charge and supervision for the week ending February 13, 1909. Filed.

From the Superintendent of Docks—

1 (80467). Reporting that Patrick Carr, Dock Laborer, died on February 28, 1909. Name taken from list.

2 (79619). Reporting the lack of landing facilities for excursion boats at the Chelsea Section, North River. Filed.

From the Auditor (80312)—Suggesting that as the New York Central and Hudson River Railroad Company disclaims responsibility for the damage to dolphin at outer end of easterly ferry rack of the Whitehall terminal of the Thirty-ninth Street, Brooklyn, Ferry, the claim against the company be cancelled. Claim cancelled.

The Board of Estimate and Apportionment was requested to authorize the advertising and award of contracts as follows:

1. For pier between Thirty-first and Thirty-second streets, Brooklyn.
2. For shed on pier between Thirty-first and Thirty-second streets, Brooklyn.
3. For laying tracks and placing overhead wiring at the approach to the Brooklyn terminal of the Thirty-ninth Street Ferry.
4. For paints, etc.
5. For piles.

John Heaney, General Foreman, was ordered paid for the period during which he was absent on account of illness (80316).

A communication (80461) was received from the Staten Island Rapid Transit Railway Company, asking that the Commissioner reconsider his action of February 20, 1909, relative to the acceptance of the railroad's tickets on the Municipal Ferry, and was advised that the action will not be reconsidered.

The Municipal Civil Service Commission was requested to authorize the transfer of Nicholas Brickfield, Edward J. Quinn, Frank W. Pearsall and Joseph Hyland from Stationary Engineer to Pile Driver Engineer; the transfer of J. Thomas Burke and Joseph Trainor from Marine Sounder to Rigger, and the transfer of Adolph Clachko from Deckhand to Dock Laborer.

Permission (79740) was granted Frederick R. Welch to erect and maintain, in accordance with plans submitted as amended, a building 20 by 20 feet in dimensions, foot of West One Hundred and Fortieth street, North River, to be used for the storage of motor boat supplies, rental to be at the rate of \$5 per month, payable monthly in advance to the Dockmaster.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, March 2, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Commissioners of the Sinking Fund (80490)—Transmitting certified copies of resolutions adopted March 1, 1909, as follows:

1. Approving of lease to the Foster-Scott Ice Company of bulkhead about 130 feet in length, lying between the northerly side of Pier (new) 30 and the southerly side of Pier (new) 31, East River, for a term of five years, from May 1, 1909, at a rental of \$1,890 per annum; the lessees to have the privilege of maintaining on said bulkhead during the term of the lease an ice bridge, scales and tally house; all structures to be erected on said bulkhead to be so constructed under the direction and supervision of the Chief Engineer of this Department, in accordance with plans to be first submitted to and approved by him; the remaining terms and conditions to be similar to those contained in leases of wharf property now used by the Department.

2. Approving of lease to the Foster-Scott Ice Company of the northerly side of the platform in the rear of the approach to Pier 47, North River, the said side having a water-front length of 102.94 feet; the lease to commence May 1, 1909, for a term of five years, at a rental of \$3,255 per annum; the lessees to have the privilege of maintaining an ice bridge, scales and tally house thereon, to be erected in accordance with plans and specifications to be first submitted to and approved by the Chief Engineer of the Department of Docks and Ferries; the remaining terms and conditions to be similar to those contained in leases of wharf property now used by this Department.

3. Approving of lease to Bunke & Meyer of bulkhead space, commencing at the northerly line of East One Hundred and Ninth street, Harlem River, and running northerly a distance of 187 feet, for a term of five years, from June 1, 1909, at a rental of \$1,984.50 per annum; the lessees to have the privilege of erecting and maintaining upon said bulkhead such coal handling appliances as may be necessary for the transaction of their coal business, and shall also have the privilege of erecting and maintaining such trestles as may be necessary for the purpose of conveying coal from the bulkhead leased to their yard located on the westerly side of Pleasant avenue, between One Hundred and Ninth and One Hundred and Tenth streets; the plans for structures to be first submitted to and approved by the Chief Engineer of this

Department; the remaining terms and conditions to be similar to those contained in leases of wharf property now used by this Department.

4. Approving of lease to the Lehigh Valley Railroad Company of about 7,000 square feet of land under water at and near the foot of East One Hundred and Twenty-fourth street, Harlem River, bounded and described as follows:

Beginning at a point in the easterly prolongation of the northerly line of East One Hundred and Twenty-fourth street, where a stone wall about on the easterly line of Pleasant avenue intersects the same; and running thence easterly along said prolongation of the northerly line of East One Hundred and Twenty-fourth street 97.4 feet to the bulkhead line adopted by the Board of Docks, October 13, 1887, and approved by the Commissioners of the Sinking Fund December 19, 1887; thence southeasterly and along said bulkhead line to the easterly prolongation of the southerly line of East One Hundred and Twenty-fourth street; thence westerly and along said prolongation of the southerly line of East One Hundred and Twenty-fourth street 137 feet to said stone wall about in the easterly line of Pleasant avenue; thence northerly and along the said stone wall more or less to the point or place of beginning; said described area comprising about 7,032 square feet,

—the rental to be 25 cents per square foot per annum, the lease to commence from the date the company takes possession of said property for the purpose of said improvement and to expire on May 1, 1915, the date on which its lease from private owners of the adjoining upland expires. The lessee to have the privilege of erecting upon said land under water platforms and sheds in accordance with the plans and specifications to be submitted to and approved by the Commissioner of Docks; the remaining terms and conditions to be similar to those contained in leases of wharf property now used by this Department.

5. Approving lease to the United Fruit Company of Pier (new) 1, North River, together with the right to use the shed on said pier, for a term of ten years, beginning May 1, 1909, with the privilege of a renewal for a further term of ten years; the rental for the first term to be \$35,000 per annum, and for the renewal term 10 per cent. advance; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now in use by this Department.

6. Recommending to the Board of Estimate and Apportionment, pursuant to the provisions of section 180 of the Greater New York Charter, that the Comptroller be authorized to issue from time to time, as may be required, Corporate Stock of The City of New York to an amount not exceeding \$12,300,000, the proceeds whereof to be applied to the uses and purposes of the Department of Docks and Ferries.

Filed.

From the Corporation Counsel (80314)—Requesting plan and model of the ferryboat "Queens." Plan furnished; advised that the Department has no model of the boat.

From the Comptroller (80386)—Advising that a claim has been filed by Paul Dolan in the sum of \$5,000 damages for personal injuries alleged to have been sustained on September 19, 1908, by being struck by a certain gate on the ferryboat "Bay Ridge," and requesting information relative thereto. Information furnished.

From the Municipal Civil Service Commission (80245)—Advising that after March 1, 1909, the Commission will not attach its certificate to payrolls where it is shown that the character of the work performed by the persons named therein pertains to any title other than that under which they were appointed. Filed.

From the Bouker Contracting Company (80473)—Requesting permission to dredge at its dumping board, south of Fourteenth street, East River, and at its dumping board between Seventy-first and Seventy-second streets, East River. Permit granted, work to be done under the supervision of the Chief Engineer.

From Rafferty Brothers (80470)—Requesting permission to construct a temporary frame shed, 50 by 50 feet in dimensions, in rear of the bulkhead north of One Hundred and Fifty-first street, Harlem River, Borough of The Bronx. Permit granted, work to be done under the supervision of the Chief Engineer, in accordance with plans to be first submitted to and approved by him.

From the John N. Robins Company (80336, 79899)—Requesting permission to construct a new air compressor house and electric switch and transformer houses, between Dwight and Otsego streets, Erie Basin, Brooklyn. Permit granted, work to be done in accordance with plans submitted and under the supervision of the Chief Engineer.

From the R. G. Packard Company (80425)—Requesting permission, on behalf of the Borough Development Company, to dredge at the Sixth and Seventh street basins, Gowanus Canal, Brooklyn, in front of the dumping boards maintained by the latter company thereat. Permit granted, work to be done under the supervision of the Chief Engineer.

From James B. Denyse (80356)—Requesting permission to moor a float at the southerly side of the tying up slip at the St. George terminal of the Staten Island Ferry. Privilege granted, to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$5 per month, payable monthly in advance to the Dockmaster.

From the Curtis-Blaisdell Company (80345)—Asking that, as it is the successor to Samuel Stewart, the permit for the occupation of that portion of the northerly side of the pier foot of Twenty-eighth street, East River, commencing at a point 50 feet easterly of the bulkhead and running outshore a distance of 100 feet, with privilege of maintaining steam hoist, be transferred to the name of the company. Permit granted to Curtis-Blaisdell Company to occupy the premises during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$900 per annum, payable quarterly in advance to the Cashier.

From Burns Brothers (80471)—Suggesting an amendment in the form of the agreement to be executed by them in connection with permit for the erection of a structure foot of West One Hundred and Thirty-fourth street, North River. Amended form of agreement submitted to Corporation Counsel for approval.

From Ewald Bittorf (80326)—Requesting permission to occupy Lot 2 of Block 20, at Broad Channel, Jamaica Bay, Borough of Queens, formerly occupied by George W. McFadden, deceased. Estate of George W. McFadden requested to advise as to whether it desires to remain in occupation of the space.

From Edward H. Schlueter (80324)—Requesting permission to occupy Lot 11a of Block 6, at Broad Channel, Jamaica Bay, Borough of Queens. Answered that permit will be granted upon payment of rent at the rate of \$53.72 per annum.

From the Taylor Dredging Company (80323)—Requesting an extension of time on Contract 1154, for dredging on the North River. Answered that extension will be granted if surety consents.

From Mather & Co. (80486)—Stating that the claim of Zophar Mills against the City for damage to barge "Erebus" by ferryboat "Bay Ridge," on December 31, 1908, has been adjusted. Release forwarded.

From H. L. Herbert & Co. (80188)—Asking that, in view of the fact that they have been interfered with by the progress of repairs in their occupation of the south side of pier foot of Twentieth street, East River, they be allowed a rebate in their rental. Rebate granted; advised that hereafter for any period during which they are interfered with by the progress of repairs to the pier, they will be accommodated within the 100 feet of space immediately south of the pier.

From the Dyckman Taxpayers' Association (80474)—Asking that the Commissioner grant the Association's committee an interview relative to increasing the wharfage facilities in the vicinity of Dyckman street, North River. Time for interview fixed.

From the East Boston Company (80330)—Requesting information as to the improvements made in the Port of New York during the year 1908. Answered that when the Department's report for the year 1908 is received from the printer a copy will be forwarded to the company.

From Albert J. Teller (80468)—Tendering his resignation from the position of Clerk. Accepted.

From the Chief Engineer—

1 (80469). Submitting report relative to illness of Joseph Trainor, Marine Sounder. Department of Health requested to make examination.

2 (80378). Recommending the issuance of an order for repairs to the rip-rap wall under the pier foot of One Hundred and Twenty-ninth street, North River. Order issued to Chief Engineer.

3 (80376). Recommending the issuance of an order for the installation of four mooring posts at the bulkhead near the foot of East One Hundred and Thirty-second street, Harlem River, Borough of Manhattan. Order issued to Chief Engineer.

4 (80357). Stating a notice has been received from the Department of Water Supply, Gas and Electricity, calling attention to the fact that the water meter in the ferry house foot of Grand street, East River, is out of repair. Department of Water Supply, Gas and Electricity advised that the ferry house has been abandoned, but that if same is used at some future period the question of repairing the meter will be taken up.

Leave of absence for one month, beginning March 1, 1909, with pay, was granted to James C. Daly, General Foreman (80300).

In accordance with the request of the Department of Street Cleaning (79526) dredging was ordered at the dumping board, foot of One Hundred and Thirty-fourth street, North River.

Consent was granted for the substitution of the Fidelity and Deposit Company, of Maryland, as surety on the proposal of the Curtis-Blaisdell Company, for furnishing coal under Contract 1168, in the place of P. C. Blaisdell and J. Samuel Sinoot.

The following open market orders were issued:

No. 6906. Furnished launch and supplies to the Chief Engineer of the Commissioners of Accounts.

Secretary's Order No. 20506. Revised base line along West street, and Twelfth and Thirteenth avenues, and relocated the outer end of the piers, between Pier A and West Fifty-ninth street, North River.

Secretary's Order No. 12837. Maintained man-of-war landing, foot of Forty-second street, North River.

Commissioner's Order No. 471. Repaired deck of pier, foot of North Second street, Brooklyn.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, March 3, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (80359)—Transmitting check for \$50 on account of rent due from the Manhattan Harbor Improvement Company for dumping board on the northerly side of pier foot of West Forty-seventh street, North River.

Corporation Counsel requested to secure payment of the entire amount due at once.

From the Comptroller—

1 (80398). Requesting to be furnished with the cost of land acquired by this Department since consolidation, as well as the cost of dock construction, etc. Information furnished.

2 (80287). Stating a claim has been filed by Zophar Mills for \$1,725 damages, due to a collision between the ferryboat "Bay Ridge" and barge "Erebus," on December 31, 1908, and requesting information in relation thereto. Information furnished.

From the Municipal Civil Service Commission (80431)—Asking that the pier foot of Twenty-fourth street, East River, be set aside for a Dockbuilders' examination for one week, commencing March 22, 1909. Permit granted for the use of the pier.

From the Long Island Railroad Company (80483)—Requesting permission to open granite pavement at the approach to Pier (new) 22, East River, for the purpose of laying a lead water pipe thereat. Permit granted, on usual terms, work to be done under the supervision of the Chief Engineer.

From the Lehigh Valley Railroad Company (80218)—Requesting permission to use and occupy land under water covered by platform between the north side of Pier 66 and the transfer bridge north of said pier, North River. Permit granted for the area, 3,817 square feet, commencing as of February 8, 1909, and continuing during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$1,049.68 per annum, payable quarterly in advance to the Cashier.

From the Cornell Steamboat Company (80190)—Again denying responsibility for the damage alleged to have been done by its tug "S. L. Crosby" to the pier foot of Fiftieth street, North River. Advised that unless work of repairs is commenced within ten days, it will be done by this Department; Chief Engineer notified to do the work and to report the cost for collection, unless done by the company within ten days.

From the Old Dominion Steamship Company (80389)—Requesting dredging in the half slip adjoining the southerly side of Pier No. 26, North River. Dredging ordered.

From the Chief Engineer—

1 (80487)—Submitting report relative to injury sustained on February 23, 1909, by Edward Sevel, Dock Laborer, in the course of his duty. Ordered paid at the rate of \$15 per week for the period of absence due to the injury.

2 (80164)—Submitting report relative to the condition of the extension to Pier 22, North River. Filed.

3 (80379)—Reporting that the steamship "La Savoie" damaged the outer end of Pier (new) 42, North River, on February 20, 1909, and recommending that Compagnie Generale Transatlantique, lessees of the pier, be directed to make the necessary repairs. Company notified to make repairs.

4 (80421). Reporting that a frame building is being maintained on the marginal street area about on the easterly line of Pier (new) 27, East River, without authorization, and recommending that the Maine Steamship Company, occupants of the pier, be directed to remove the building. Company notified to remove the structure.

5 (80426). Recommending the issuance of an order for repairs to the crib bulkhead foot of One Hundred and Thirty-ninth street, Harlem River, and recommending that the Department of Street Cleaning be directed to repair its dumping board thereat. Order issued to Chief Engineer for repairs to the crib bulkhead; Department of Street Cleaning requested to repair the dumping board.

6 (80459). Recommending the issuance of an order for maintaining the pier foot of Third street, East River, in good condition, from time to time. Order issued to Chief Engineer.

From the Auditor (80308)—Submitting report relative to rental due from Bernard Rolf for lease of premises, between One Hundred and Forty-ninth and One Hundred and Fiftieth streets, North River. Rolf notified that unless rental is paid on or before March 10, 1909, the lease will be canceled and the claim will be forwarded to the Corporation Counsel for collection.

The pay of all Riggers in the Department (78771) was fixed at the rate of 43¾ cents per hour, while employed, to take effect March 5, 1909.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, March 4, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Board of Estimate and Apportionment—

1 (80502). Transmitting copy of communication from Alderman Thomas J. McAleer urging the resumption of the ferry service foot of Broadway, Brooklyn. Filed.

2 (80496). Transmitting certified copy of resolution adopted February 26, 1909, authorizing the advertising for bids and award of Contract 1150 for heat, light and power equipment in the Chelsea Section pier sheds, North River, and of Contract 1156, for alterations and repairs to Pier 53, North River, and the erection of a shed on the pier and on the bulkhead in front of the pier. Filed.

From the Corporation Counsel (80499)—Returning, approved as to form, agreement to be executed by Burns Brothers in connection with their application for permission to erect a brick building in the vicinity of West One Hundred and Thirty-fourth street, North River, also lease to the United Fruit Company of Pier (new) 1, North River. Filed.

From the New York Submarine Contracting Company, Incorporated (80420)—Requesting permission, on behalf of George Ehret, to make sundry repairs to bulkhead, foot of Ninety-third street, East River. Permit granted, work to be kept within existing lines and to be done under the supervision of the Chief Engineer.

From Clara C. Edwards (80260)—Requesting permission to construct a walk 10 feet wide and about 30 feet long, near the foot of Davis avenue, West New Brighton, Borough of Richmond. Permit granted, work to be done under the supervision of the Chief Engineer, in accordance with plans submitted.

From Delany & St. John, Attorneys for Phelps Brothers & Co. (80501)—Submitting a new offer for a lease of one of the piers to be constructed in South Brooklyn. Filed.

From the Fifth Ward Improvement Association, of the Borough of Richmond (80508)—Requesting to be advised as to whether the Department's notice abrogating the commutation rates to the patrons of the Staten Island Railway Company has been withdrawn. Answered that the notice has been withdrawn.

From Daniel J. Donohue (80510)—Asking that he be promoted from the position of Marine Sounder to that of Inspector of Dredging. Municipal Civil Service Commission requested to authorize the promotion.

From the Chief Engineer—

1 (80509). Recommending that Nicholas Kaufman, Cornelius Ryan, Lawrence F. Boves and James Knox be promoted from Foremen of Dockbuilders to Inspectors of Pier Building. Municipal Civil Service Commission requested to authorize promotion.

2 (80504). Reporting that John King, Dockbuilder, died on March 3, 1909. Name taken from list of employees.

3 (80498). Submitting report of work done under his charge and supervision for the week ending February 20, 1909. Filed.

The Department of Health (80507) was requested to make a physical examination of William H. Reilly, Leveler.

The Municipal Civil Service Commission was requested to hold an examination for promotion from the position of Collector to that of Clerk.

The Municipal Civil Service Commission (80245) was requested to authorize the transfer of William J. Hamilton from the position of Dock Laborer to that of Deckhand.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, March 5, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel—

1 (80511). Returning papers in the matter of the Dowd Lumber Company against The City of New York. Filed.

2 (76308), and Comptroller (80435). Transmitting copy of order of the Supreme Court and copy of the report of the Commissioners of Estimate and Assessment in the proceedings for the acquisition of Piers (old) 2 and 3, East River, and adjoining bulkheads. Filed, vouchers in the sum of \$190,455.13 having been prepared for part payment and forwarded to the Finance Department.

From the Municipal Civil Service Commission—

1 (80513). Submitting the name of Daniel J. Donohue from the promotion list for Inspector of Dredging. Donohue promoted to Inspector of Dredging, to take effect at once, pay to be at the rate of \$1,200 per annum.

2 (80514). Certifying list of persons eligible for promotion from the position of Foreman Dockbuilder to that of Inspector of Pier Building. Nicholas Kaufman, Cornelius Ryan, Lawrence F. Boves and James Knox promoted to Inspector of Pier Building at 62½ cents per hour while employed, to take effect March 9, 1909.

3 (80517). Transmitting an anonymous communication alleging that Laborers in this Department are performing work other than that called for by their title. Answered that Laborers are not assigned to other than laboring work.

4 (80512). Authorizing the transfer of Nicholas Brickfield, Edward J. Quinn, Frank W. Pearsall and Joseph Hyland from the position of Stationary Engineer to that of Pile Driver Engineer. All changed to Pile Driver Engineer, at 56¼ cents per hour while employed, to take effect at once.

From the Department of Health—

1 (80335). Submitting report relative to the physical condition of Peter Leonard, Pilot. Leonard ordered paid for period of absence.

2 (80406). Submitting report relative to physical condition of W. J. Duggan, Marine Sounder. Duggan ordered paid for period of absence.

From Robert R. Howard, attorney for the Trustees in Bankruptcy of the Atlantic Cement Company (80349)—Stating the company is the owner of the stock of the Fort George Coal and Lumber Company and asking whether the Commissioner will waive the non-assignment clause contained in the lease to the latter company of bulkhead at the outer end of Shermans Creek, Harlem River, or consent to the assignment of the lease to a purchaser of the same at auction. Referred to Corporation Counsel for advice as to what action should be taken.

From William H. Hurst (80500)—Requesting to be relieved from the bond on the lease of the Fort George Coal and Lumber Company of bulkhead at Shermans Creek, Harlem River. Referred to Corporation Counsel.

From the Chief Engineer (80365)—Complaining that Alfred Richards has failed to comply with the Department's order for the removal of certain boats from the area being dredged at the Gowanus section, Brooklyn. Richards' permit for the occupation of space in the vicinity of Thirty-second street, Brooklyn, revoked, to take effect at once, and Richards notified to have all boats removed within ten days, or the Department will do the work at his expense.

From the State Board of Tax Commissioners (80492)—Requesting a copy of grant to Riverside and Fort Lee Ferry Company for pipes located at foot of West One Hundred and Thirtieth street, North River. Answered that the Department has no knowledge of any privilege for the maintenance of pipes by the company.

The Corporation Counsel was requested to transmit a technical description of the property at the foot of North First street, Brooklyn, which it is necessary for the City to acquire in order to construct a pier upon the lines shown on the new plan approved by the Commissioners of the Sinking Fund March 1, 1909, and to prepare a form of agreement in connection therewith.

The Erie Railroad Company (80466) was advised, in response to its request, that repairs will be made to the pavement in the vicinity of Chambers street, North River, as soon as the asphalt repair contract becomes operative.

The Board of Estimate and Apportionment was requested to adopt a resolution recommending to the Board of Aldermen the establishment of the position of Ticket Agent for this Department, with pay at the rate of \$80 per month.

The Corporation Counsel, in response to his inquiries, was advised as follows:

1 (80352). That the Department is opposed to the passage of Senate Bill No. 360, Printed No. 384, relating to the designation of ash receiving stations in the Borough of Brooklyn, for the reason that the bill is mandatory and that the Department at present sets aside any available wharf property for the use of City Departments.

2 (80495). That the Department is opposed to the passage of Senate Bill No. 488, Printed No. 539, for the construction and setting aside for public use certain piers in Kings County, for the reason that the Department has ample authority in the premises at the present time.

3 (80305). That the Department is opposed to the passage of Senate Bill No. 365, Printed No. 342, amending the rates of wharfage on vessels at the port of New York, for the reason that the rates in vogue are considered sufficiently low.

4 (80370). That, in connection with the passage of Assembly Bill No. 663, Printed No. 708, for the closing of and prohibiting the moving of boats on Sunday, the Department has no jurisdiction over canals.

DENIS A. JUDGE, Deputy and Acting Commissioner.

CHANGES IN DEPARTMENTS, ETC.

DEPARTMENT OF FINANCE.

March 26—William R. Droege, Prospect Hotel, Coney Island, reinstated to the position of Stenographer and Typewriter in the Division of Inspection, taking effect March 22, 1909; salary \$750 per annum.

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 29, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from

MONDAY, MARCH 29, UNTIL 4 P. M.
MONDAY, APRIL 12, 1909,

for the position of
LABORATORY ASSISTANT (MALE AND FEMALE).

(No application received by the Commission, by mail or otherwise, after 4 p. m. on April 12 will be accepted.)

The examination will be held on Tuesday, May 4, 1909, at 10 a. m.

The subjects and weights of the examination are as follows:

Special 6
Experience 3
Arithmetic 1

The percentage required is 70.

Candidates should have some acquaintance with the routine work of laboratories, and knowledge of the preservation and care of slides, etc.

A number of questions will be put which must be answered by all candidates. In addition, can-

didates will be required to answer questions referring to one of the following:

1. Chemical Laboratory.
2. Vaccine Laboratory.
3. Hospital Laboratory.
4. Diagnostic Laboratory.

Vacancies, one.
Salary, \$600 to \$900 per annum.
Minimum age, 18 years.
Application blanks can be had at No. 299 Broadway, Room 1119.

F. A. SPENCER, Secretary.
m29,a12

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 27, 1909.

PUBLIC NOTICE IS HEREBY GIVEN OF the proposed amendment of Rule XIX. of the Municipal Civil Service rules by changing paragraph 2 of clause 9 to read as follows:

"No person shall remain eligible for selection for employment from such list who, on the 1st day of January, April, July or October, in any year, has been carried thereon for one year or longer; but the Commission may, by request or in its discretion, allow a re-examination of all such persons, physically, at the termination of any period of their eligibility, and if they shall again be qualified as the result of such examination their names shall be retained on such list for one year from such quarterly date."

and by striking from clause 9 the fourth paragraph, which reads as follows:

"Notice shall be sent, with a copy of this clause, to each person whose eligibility, either for appointment from a registration list or for examination, is about to terminate, not less than two weeks in advance of such termination."

A public hearing will be had on the proposed amendment, in accordance with Rule III., at the Commission's offices, No. 299 Broadway, on Wednesday, March 31, 1909, at 10 o'clock a. m.

F. A. SPENCER, Secretary.
m27,30

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 23, 1909.

PUBLIC NOTICE IS HEREBY GIVEN that the time for receiving applications for the position of

FIREMAN, FIRE DEPARTMENT,
has been extended to 4 p. m.

THURSDAY, APRIL 15, 1909.

(No application received by the Commission, by mail or otherwise, after 4 p. m. on April 15 will be accepted.)

The subjects and weights are as follows:

Physical development and strength 50
Mental test 50

The subjects and weights of the mental test are as follows:

Memory test 2
Government 5
Localities 1
Arithmetic 2

A candidate, to be eligible for appointment, must obtain an average of not less than 70 per cent. on the mental test and 70 per cent. on the physical development and strength. Candidates who obtain an average of over 80 per cent. on physical development and strength and a final average of 75 per cent. shall also be eligible for appointment.

Applications will not be received from persons who are less than twenty-one years of age on April 15, 1909, or who are more than thirty (30) years of age.

Naturalized citizens must attach their naturalization papers to applications.

Applicants must not be less than 5 feet 8 inches in height.

Applicants will be notified later of the dates of the physical and mental examinations.

Application blanks can be had at No. 299 Broadway, Room 1119.

F. A. SPENCER, Secretary.
m23,a15

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, March 16, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT applications will be received from

TUESDAY, MARCH 16, UNTIL 4 P. M.
TUESDAY, MARCH 30, 1909,

for the position of
TYPEWRITER ACCOUNTANT, THIRD GRADE (MALE AND FEMALE). (\$1,200 to, but not including, \$1,800 per annum.)

(NO APPLICATION RECEIVED BY THE COMMISSION, BY MAIL OR OTHERWISE, AFTER 4 P. M. ON MARCH 30 WILL BE ACCEPTED.)

The examination will be held on Monday, April 26, 1909, at 10 a. m.

The subjects and weights of the examination are as follows:

Accuracy and neatness 6
Speed on machine 3
Arithmetic 1

Candidates need bring no typewriter, but must be familiar with the Elliott-Fisher billing machine and able to operate one of those furnished at the examination.

The accuracy test will consist of an exercise in digesting and tabulating certain statistical matter. The speed rating will be graded according to the length of time required for this work by the candidate.

The percentage required is 70.

Vacancies, two; salary, \$1,200 per annum.

Minimum age, 21 years.

Application blanks can be had at No. 299 Broadway, Room 1119.

F. A. SPENCER, Secretary.
m16,30

MUNICIPAL CIVIL SERVICE COMMISSION, No. 54 LAFAYETTE STREET, NEW YORK CITY, March 3, 1909.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated.

No information will be given by telephone, and the Commission will not be responsible for such if given by employees, either as to date of filing applications or upon other subjects.

Specimen questions of previous examinations may be obtained at Room 1108.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

FRANK L. POLK.

President;
R. ROSS APPLETON,
ARTHUR J. O'KEEFE,
Commissioners.

OFFICIAL PAPERS.

German—"Staats-Zeitung."

Designated by the Board of City Record, January 22, 1906. Amended March 1, 1906; November 20, 1906; February 20, 1907, and March 5, 1908.

BELLEVUE AND ALLIED HOSPITALS.

BELLEVUE AND ALLIED HOSPITALS, DEPARTMENT OF NEW YORK CITY, TWENTY-SIXTH STREET AND FIRST AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Board of Trustees at the above office until 3 o'clock p. m. on

MONDAY, APRIL 5, 1909.

FOR FURNISHINGS, ETC., FOR TRAINING SCHOOL FOR WOMEN NURSES, BELLEVUE HOSPITAL, NEW YORK.

The surety required will be not less than fifty per cent. (50%) of the amount of the bid.

The time for the delivery of the supplies and the full performance of the contract is within twenty-one days from the date of the signing of the contract.

The bids will be read from the total, and will be compared and awarded to the lowest bidder for the line or class, as specified, as soon thereafter as practicable, according to law.

Blank forms may be obtained at the office of the Contract Clerk, No. 419 East Twenty-sixth street, Borough of Manhattan, where the bids and deposits are also delivered.

JOHN W. BRANNAN, President of the Board of Trustees, Bellevue and Allied Hospitals.

Dated March 22, 1909.

See General Instructions to Bidders on the last page, last column, of the "City Record."

BELLEVUE AND ALLIED HOSPITALS, DEPARTMENT OF NEW YORK CITY, TWENTY-SIXTH STREET AND FIRST AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Board of Trustees at the above office until 3 p. m. on

MONDAY, APRIL 5, 1909.

FOR LABOR AND MATERIALS REQUIRED FOR ALL THE EXCAVATION, TOP SOIL, SODDING, SEEDING, CONCRETE WORK, STONE WORK, BRICK WORK, IRON WORK, PLUMBING, CARPENTER AND OTHER WORK IN THE LAYOUT OF THE GROUNDS, PATHS, FENCES AND INCLOSING WALLS AND GATEWAYS AT THE NEW TRAINING SCHOOL FOR WOMEN NURSES, BELLEVUE HOSPITAL, FOOT OF EAST TWENTY-SIXTH AND TWENTY-FIFTH STREETS, THE CITY OF NEW YORK.

The time allowed for doing and completing all the work included under this contract, except the sodding, seeding and maintenance of lawns, will be not more than sixty (60) consecutive calendar days from date of executing the contract; the time allowed for the sodding, seeding and maintenance of lawns will be not more than seventy-five (75) consecutive calendar days.

The surety required will be Five Thousand Dollars (\$5,000).

The bids will be compared and the contract awarded at a lump or aggregate sum to the lowest bidder as soon thereafter as practicable, according to law.

Blank forms may be obtained at the office of the Contract Clerk, No. 419 East Twenty-sixth street, Borough of Manhattan, where bids and deposits are also delivered.

JOHN W. BRANNAN, President of the Board of Trustees, Bellevue and Allied Hospitals.

Dated March 22, 1909.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

TUESDAY, APRIL 13, 1909.

Boroughs of Manhattan, The Bronx and Brooklyn.

No. 1. CONTRACT FOR FURNISHING AND DELIVERING PAINTS AND PAINT OILS.

The time for the delivery of the articles, materials and supplies and the performance of the contract is sixty (60) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

No. 2. CONTRACT FOR FURNISHING AND DELIVERING 30 SETS OF SINGLE DRIVING HARNESS, 12 SETS FOR MANHATTAN, 3 SETS FOR THE BRONX, 15 SETS FOR BROOKLYN.

The time for the delivery of the articles, materials and supplies and the performance of the contract is thirty (30) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

No. 3. CONTRACT FOR FURNISHING AND DELIVERING 24 SETS OF SINGLE TRUCK HARNESS, 10 SETS FOR MANHATTAN, 2 SETS FOR THE BRONX, 12 SETS FOR BROOKLYN.

The time for the delivery of the articles, materials and supplies and the performance of the contract is thirty (30) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

No. 4. CONTRACT FOR FURNISHING AND DELIVERING 45 SETS OF DOUBLE TRUCK HARNESS, 20 SETS FOR MANHATTAN, 10 SETS FOR THE BRONX, 15 SETS FOR BROOKLYN.

The time for the delivery of the articles, materials and supplies and the performance of the contract is thirty (30) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidders will state the price of each article contained in the specifications or schedules herein contained or hereto annexed per gallon, per set, or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

WM. H. EDWARDS, Commissioner.
Dated March 27, 1909.

See General Instructions to Bidders on the last page, last column, of the "City Record."

ASHES, ETC., FOR FILLING IN LANDS.

PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

WILLIAM H. EDWARDS,
Commissioner of Street Cleaning.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW, CITY OF NEW YORK.

NOTICE OF SALE AT AUCTION.

ON WEDNESDAY, APRIL 7, 1909,

at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction, to the highest bidder, by Samuel Vorzimer, auctioneer, at the East New York Repair Yard, No. 137 Jamaica avenue, Borough of Brooklyn, N. Y., the following:

50 tons scrap iron.
2,000 pounds scrap brass.
600 pounds old rubber.
1 horse.

TERMS OF SALE.

The upset price at which this material will be sold is as follows:

Seven dollars per ton for scrap iron.

Six cents per pound for scrap brass.

No bid below these prices will be considered or accepted.

The sale of the material will be based on delivery on the ground, but the purchaser or purchasers must agree to have the material weighed at the nearest public scale to the point where the material is sold.

Successful bidders must make cash payment in bankable funds at the time and place of sale.

Bids will be received for one or all the items, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material within thirty days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser or purchasers must remove the material under the supervision of an employee of the Department, and will not be allowed to select material for removal at will.

JOHN H. O'BRIEN, Commissioner.
m26,a7

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY, ROOM 1536, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Water Supply, Gas and Electricity at the above office until 2 o'clock p. m. on

WEDNESDAY, MARCH 31, 1909.

Boroughs of Manhattan and The Bronx.

FOR FURNISHING MATERIALS, REPAIRING AND RESTORING ARTIFICIAL STONE SIDEWALKS AND CURBING AND RESETTING NATURAL STONE CURBING FOR THE COMPLETION OF THE CONTRACT ABANDONED BY THOMAS M. HART.

The time allowed for doing and completing the work will be until August 24, 1909.

The amount of security will be Five Hundred Dollars.

The bidder will state the price, per unit, of each item of work or supplies contained in the specifications or schedule, by which the bids will be tested.

The bids will be compared and the contract awarded for all the work, articles, materials and supplies contained in the specifications or schedule attached thereto.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation

Counsel, and any further information may be obtained upon application therefor at the office of the Chief Engineer, Room 922, Nos. 13 to 21 Park row, Borough of Manhattan.

BOROUGH OF RICHMOND.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND, BOROUGH HALL, ST. GEORGE, NEW BRITAIN, NEW YORK CITY.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Richmond at the above office until 12 o'clock m. on

TUESDAY, APRIL 6, 1909.

Borough of Richmond.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH VITRIFIED BRICK PAVEMENT ON A CONCRETE FOUNDATION THE GUTTERS OF LAFAYETTE AVENUE, SHARP AVENUE, ELM STREET AND MAPLE AVENUE, FROM RICHMOND TERRACE TO HARRISON AVENUE; AND ALSO THE GUTTERS OF TOWNSEND AVENUE, FROM A POINT TWO HUNDRED AND NINETY (290) FEET WEST OF BAY STREET TO CENTRE STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

5,223 square yards of vitrified brick pavement, including sand bed, and laid with cement grout joints, with one (1) year maintenance.

1,183 cubic yards of concrete foundation, 1 cubic yard of brick masonry.

500 linear feet of new sixteen (16) inch bluestone curbstone, furnished and set.

11,033 linear feet of old bluestone curbstone, rejointed and reset.

10 linear feet of twelve (12) inch vitrified culvert pipe.

8,160 square feet of old sidewalk, relaid.

50 square feet of new flagstone, furnished and laid.

72 square feet of old flagstone, recut and reset.

3 square feet of four (4) inch bluestone drip, furnished and set.

16 square feet of old bluestone drip, recut and reset.

The time for the completion of the work and the full performance of the contract is seventy-five (75) days.

The amount of security required is Eight Thousand Dollars (\$8,000).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH GRANITE BLOCK PAVEMENT ON A CONCRETE FOUNDATION THE SOUTH SIDE OF RICHMOND TERRACE, FROM MORNING STAR ROAD TO VAN NAME AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

518 square yards of new granite block pavement, including sand bed, and laid with paving cement and gravel joints, for the maintenance of which the railroad company is responsible.

1,752 square yards of new granite block pavement, including sand bed, and laid with paving cement and gravel joints, with one (1) year maintenance.

405 cubic yards of concrete foundation.

840 square feet of new bridgestone, furnished and set.

500 square feet of old bridgestone, rejointed and relaid.

2,230 linear feet of new sixteen (16) inch curbstone, furnished and set.

200 square feet of old sidewalk, relaid.

60 square yards of old granite block pavement, relaid.

The time for the completion of the work and the full performance of the contract is fifty (50) days.

The amount of security required is Four Thousand Dollars (\$4,000).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR REGULATING AND REPAVING WITH VITRIFIED BRICK PAVEMENT ON A CONCRETE FOUNDATION THE GUTTERS OF PROSPECT STREET, FROM BURGER AVENUE TO COLUMBIA STREET; BRITTON STREET, FROM BROADWAY TO END OF STREET; SOUTH STREET, FROM BURGER AVENUE TO BROADWAY; VAN PELT AVENUE, FROM RICHMOND TERRACE TO A POINT ABOUT ONE HUNDRED AND SEVENTY-FIVE (175) FEET SOUTH OF THE

STATEN ISLAND RAPID TRANSIT RAILROAD CROSSING, AND VAN NAME AVENUE, FROM RICHMOND TERRACE TO THE STATEN ISLAND RAPID TRANSIT RAILROAD CROSSING, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

5,395 square yards of vitrified brick pavement, including sand bed, and laid with cement grout joints, with one (1) year maintenance.

1,263 cubic yards of concrete foundation.

2 cubic yards of steel concrete.

1,225 linear feet of new sixteen (16) inch bluestone curbstone, furnished and set.

10,741 linear feet of old bluestone curbstone, rejointed and reset.

30 linear feet of ten (10) inch vitrified pipe, in place.

6,400 square feet of old sidewalk, relaid.

20 square feet of new flagstone, furnished and laid.

40 square feet of old flagstone, recut and reset.

The time for the completion of the work and the full performance of the contract is sixty (60) days.

The amount of security required is Eight Thousand Dollars (\$8,000).

No. 4. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CONSTRUCTING A REINFORCED CONCRETE RETAINING WALL ON STUYVESANT PLACE, AND OTHER WORK IN CONNECTION WITH THE ST. GEORGE FERRY APPROACH.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

6,300 cubic yards of concrete, in place, including forms.

100 cubic yards of extra concrete, for foundation (1-3-6).

608,000 pounds of steel rods, in place.

27,000 pounds of steel (structural), in place.

14,200 cubic yards of excavation.

250 cubic yards of broken stone for foundation.

640 linear feet of granite coping on parapet wall.

1,360 square feet of granite facing.

4 granite pedestals, Type A.

1 granite pedestal, Type B.

1 granite pedestal, Type C.

1,076 linear feet of eight-inch (8-inch) vitrified drain pipe, in place.

324 linear feet of iron fence.

The time for the completion of the work, and the full performance of the contract is three hundred (300) days.

The amount of security required is Sixty Thousand Dollars (\$60,000).

The contracts must be bid for separately, and the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the said President. The plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, New Brighton, Borough of Richmond.

GEORGE CROMWELL, President.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

CONTRACT D.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 13, 1909.

FOR PRINTING AND DELIVERING THE SECOND ANNUAL REPORT OF THE BOARD OF WATER SUPPLY OF THE CITY OF NEW YORK.

Further information is given in the Information for Bidders, forming part of the contract. At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any or all bids.

A bond in the sum of five hundred dollars (\$500) will be required for the faithful performance of the contract. The bond must be signed by the contractor and the surety, who must be satisfactory to the Board. The name and address of the surety offered must be stated in the bid or proposal.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of one hundred dollars (\$100).

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of five dollars (\$5) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet. This deposit will be refunded upon the return of the pamphlet in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,

Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.
THOMAS HASSETT, Secretary.

TO CONTRACTORS.

CONTRACT 7.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

WEDNESDAY, APRIL 14, 1909.

FOR THE CONSTRUCTION OF A FIELD OFFICE BUILDING on the north side of North-castle road, in the vicinity of Valhalla, in the Town of Mount Pleasant, Westchester County, N. Y.

The building is to be two stories and attic, 39 feet 6 inches by 38 feet, in plan, with stone foundations, fireproof concrete or brick vault, frame superstructure, shingle roof and steam-heating, plumbing and electric lighting systems. Further information is given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any or all bids.

A bond in the sum of Two Thousand Dollars (\$2,000) will be required for the faithful performance of the contract. The bond must be signed by the contractor and the surety, who must be satisfactory to the Board. The name and address of the surety offered must be stated in the bid or proposal.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of three hundred dollars (\$300).

Time allowed for the completion of the work is six months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of five dollars (\$5) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or ten dollars (\$10) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

CATSKILL AQUEDUCT.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

THURSDAY, APRIL 8, 1909.

For Contract 46 for the construction of a portion of the Catskill Aqueduct, consisting of MILLWOOD, SARLES, HARLEN RAILROAD, PLEASANTVILLE and REYNOLDS HILL tunnels, PUTNAM SIPHON and MILLWOOD SOUTH, SARLES and PLEASANTVILLE cut-and-cover. The tunnels are 17 feet high by 13½ feet wide inside, and aggregate about 3 miles. Of the remainder about 2.5 miles are standard cut-and-cover, 17 feet high by 17½ feet wide inside, and about 2,000 feet are cut-and-cover of special design. The work is located about 4 miles east of the Hudson River, in the Towns of New Castle and Mount Pleasant, Westchester County, N. Y.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract. At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board reserves the right to reject any and all bids.

Two or more bonds, the aggregate amount of which shall be five hundred twenty-five thousand dollars (\$525,000), will be required for the faithful performance of the contract.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of sixty thousand dollars (\$60,000).

Time allowed for the completion of the work is 30 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal and contract, specifications, etc., and pamphlets of contract drawings can be obtained at Room 1515 at the above address upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSEL, President;
CHARLES N. CHADWICK,
CHARLES A. SHAW,

Commissioners of the Board of Water Supply.
J. WALDO SMITH, Chief Engineer.
THOMAS HASSETT, Secretary.

Note—See General Instructions to Bidders on last page, last column of the City Record as far as applicable hereto and not otherwise provided therein.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 6, 1909.

for—
CONTRACT 17—FOR THE CONSTRUCTION OF ABOUT 14,100 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT; and

CONTRACT 18—FOR THE CONSTRUCTION OF ABOUT 15,600 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT.

The aqueduct will be 17 feet high by 17½ feet wide inside. The work is located in the towns of Shawangunk, Ulster County, and Montgomery, Orange County, about eight miles northwest of Newburg, New York.

Bids or proposals are invited for either or both contracts separately, and for both contracts combined. Any bidder may make a bid for either contract or for both contracts combined. A separate form of proposal will be furnished for the purpose of a combined bid.

An approximate statement of the quantities of the various classes of work and further information are given in the "Information for Bidders," forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be Two Hundred and Sixty Thousand Dollars (\$260,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in

which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of twenty-five thousand dollars (\$25,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined. Time allowed for the completion of work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency or check drawn to the order of the Board of Water Supply for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, MARCH 30, 1909.

For Contract 25, for the construction of CROTON AND CHADEAYNE TUNNELS, KITCHAWAN AND MILLWOOD NORTH CUT-AND-COVER, and a portion of CROTON CUT-AND-COVER, in the Croton division of the Catskill Aqueduct, in the towns of Yorktown and New Castle, Westchester County, New York.

The tunnels are on the hydraulic gradient and are 3,000 feet and 700 feet long, respectively, and 17 feet high by 13½ feet wide inside. The portions of cut-and-cover aqueduct are of plain concrete, 17 feet high by 17½ feet wide inside, and aggregate 13,200 linear feet. An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be three hundred thousand dollars (\$300,000), will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of thirty thousand dollars (\$30,000).

Time allowed for the completion of the work is fifty-two (52) months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency, or check drawn to the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

No. 1. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON ALABAMA AVENUE, FROM PITKIN AVENUE TO BELMONT AVENUE, AND LAYING CEMENT SIDEWALKS FROM SUTTER AVENUE TO RIVERDALE AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

860 linear feet new curbstone, set in concrete.
40 linear feet old curbstone, reset in concrete.

1,750 cubic yards earth excavation.
10 cubic yards earth filling (not to be bid for).

50 cubic yards concrete (not to be bid for).
18,600 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Fifteen Hundred and Fifty Dollars (\$1,550).

No. 2. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF CENTRE STREET, FROM HENRY STREET TO HICKS STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,120 square yards asphalt pavement (five years' maintenance).
155 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Eight Hundred Dollars (\$800).

No. 3. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST FORTH STREET, FROM AVENUE C TO CORTELYOU ROAD, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,760 square yards asphalt pavement (five years' maintenance).
385 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required will be Two Thousand and Fifty Dollars (\$2,050).

No. 4. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST FORTH STREET, FROM JOHNSON STREET TO CHURCH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,870 square yards asphalt pavement (five years' maintenance).
260 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required will be Four Hundred Dollars (\$400).

No. 5. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF EAST TWENTY-NINTH STREET, FROM FOSTER AVENUE TO AVENUE F, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,660 square yards asphalt pavement (five years' maintenance).
370 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required will be Two Thousand Dollars (\$2,000).

No. 6. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON EAST THIRTY-FOURTH STREET, FROM GLENWOOD ROAD TO AVENUE H, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,650 linear feet new curbstone, set in concrete.
40 linear feet of old curbstone, reset in concrete.

1,290 cubic yards earth excavation.
90 cubic yards concrete. (Not to be bid for.)

8,080 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is forty (40) working days.

The amount of security required is Twelve Hundred and Fifty Dollars (\$1,250).

No. 7. FOR REGULATING AND REPAVING WITH ASPHALT ON CONCRETE FOUNDATION THE ROADWAY OF EVANS STREET, FROM HUDSON AVENUE TO NAVY YARD, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

790 square yards asphalt pavement. (Five years' maintenance.)
10 square yards old stone pavement, relaid in approaches, etc.

110 cubic yards concrete.
550 linear feet new curbstone, set in concrete.
10 linear feet old curbstone, reset in concrete.

5 noiseless manhole covers and heads.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Eight Hundred Dollars (\$800).

No. 8. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF FORTY-THIRD STREET, FROM SEVENTH AVENUE TO EIGHTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,680 square yards asphalt pavement. (Five years' maintenance.)
375 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Dollars (\$2,000).

No. 9. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON SEVENTY-SIXTH STREET, FROM SECOND AVENUE TO THIRD AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

930 cubic yards earth excavation.
1,510 linear feet cement curb.
4,310 square feet cement sidewalks.

The time allowed for the completion of the work and the full performance of the contract is thirty-five (35) working days.

The amount of security required is Six Hundred Dollars (\$600).

No. 10. FOR REGULATING AND REPAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF TREMONT STREET, FROM VAN BRUNT STREET TO RICHARDS STREET, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,710 square yards asphalt pavement. (Five years' maintenance.)
10 square yards old stone pavement, to be relaid in approaches, etc.

240 cubic yards concrete.
610 linear feet new curbstone, set in concrete.
410 linear feet old curbstone, reset in concrete.

3 noiseless manhole covers and heads.

The time allowed for the completion of the work and the full performance of the contract is twenty-five (25) working days.

The amount of security required is Fifteen Hundred Dollars (\$1,500).

No. 11. FOR REGULATING AND PAVING WITH ASPHALT ON A CONCRETE FOUNDATION THE ROADWAY OF WINTHROP STREET, FROM ROGERS AVENUE TO NOSTRAND AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,510 square yards asphalt pavement (five years' maintenance).
350 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is Fifteen Hundred and Fifty Dollars (\$1,550).

No. 12. FOR GRADING PORTIONS OF LOTS ON THE NORTH SIDE OF FORTIETH STREET, BETWEEN SIXTH AND SEVENTH AVENUES, KNOWN AS NOS. 58, 59, 60, 61 AND 63, BLOCK 914; ON THE SOUTH SIDE OF FORTIETH STREET, BETWEEN SIXTH AND SEVENTH AVENUES, AND ON THE EAST SIDE OF SIXTH AVENUE, BETWEEN FORTIETH AND FORTY-FIRST STREETS, KNOWN AS LOTS NOS. 6, 7 AND 12, BLOCK 918, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

4,005 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Seven Hundred Dollars (\$700).

No. 13. FOR GRADING A LOT ON THE NORTH SIDE OF FORTY-FIRST STREET, BETWEEN SEVENTH AND EIGHTH AVENUES, KNOWN AS LOT NO. 55, BLOCK 919, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

114 cubic yards earth filling, furnished.

The time allowed for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is Fifty Dollars (\$50).

No. 14. FOR GRADING A LOT ON THE SOUTH SIDE OF SECOND STREET, BETWEEN FIFTH AND SIXTH AVENUES, KNOWN AS LOT NO. 16, BLOCK 975, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

543 cubic yards earth filling, furnished.

The time allowed for the completion of the work and the full performance of the contract is twenty (20) working days.

The amount of security required is One Hundred and Fifty Dollars (\$150).

No. 15. FOR GRADING A LOT ON THE SOUTHEAST CORNER OF SEVENTH AVENUE AND FORTY-FIFTH STREET, KNOWN AS LOT NO. 9, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

190 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is ten (10) working days.

The amount of security required is Fifty Dollars (\$50).

No. 16. FOR GRADING LOTS ON THE NORTHEAST CORNER OF SEVENTH AVENUE AND FORTY-SIXTH STREET AND ON THE NORTH SIDE OF FORTY-SIXTH STREET, ABOUT 100 FEET FROM SEVENTH AVENUE, KNOWN AS LOTS NOS. 1 AND 71, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantity is as follows:

1,783 cubic yards earth excavation.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Three Hundred Dollars (\$300).

No. 17. FOR GRADING LOTS ON THE NORTH SIDE OF FORTY-SIXTH STREET, BETWEEN SEVENTH AND EIGHTH AVENUES, KNOWN AS LOTS NOS. 54, 58, 60 AND 64, BLOCK 750, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

4,369 cubic yards earth excavation.
36 cubic yards earth filling (not to be bid for).

The time allowed for the completion of the work and the full performance of the contract is fifty (50) working days.

The amount of security required is Six Hundred Dollars (\$600).

No. 18. FOR FURNISHING AND DELIVERING SIX HUNDRED (600) TONS OF TWO THOUSAND (2,000) POUNDS EACH OF REFINED ASPHALT, TO BE DELIVERED AT THE MUNICIPAL ASPHALT PLANT, SEVENTH STREET BASIN, NORTH SIDE, GOWANUS CANAL.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security will be Seven Thousand Dollars (\$7,000).

No. 19. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF BAY RIDGE AVENUE, FROM THIRD AVENUE TO FIFTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,670 square yards asphalt block pavement, outside railroad area (five years' maintenance).
660 square yards asphalt block pavement, within railroad area (no maintenance).
410 cubic yards concrete, outside railroad area.
110 cubic yards concrete, within railroad area.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Twenty-eight Hundred Dollars (\$2,800).

No. 20. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF FORTY-FIFTH STREET, FROM SIXTH AVENUE TO SEVENTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

2,400 square yards asphalt block pavement (five years' maintenance).
370 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Two Thousand Dollars (\$2,000).

No. 21. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF FIFTY-FIRST STREET, FROM SECOND AVENUE TO A POINT FOUR HUNDRED AND TWENTY-FIVE (425) FEET WEST OF FIRST AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

3,870 square yards asphalt block pavement (five years' maintenance).
590 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Thirty-two Hundred Dollars (\$3,200).

No. 22. FOR REGULATING AND PAVING WITH ASPHALT BLOCK ON A CONCRETE FOUNDATION THE ROADWAY OF EIGHTY-FOURTH STREET, FROM ELEVENTH AVENUE TO THIRTEENTH AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

4,350 square yards asphalt block pavement (five years' maintenance).
620 cubic yards concrete.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Thirty-four Hundred Dollars (\$3,400).

No. 23. FOR REGULATING, GRADING, CURBING AND LAYING SIDEWALKS ON AVENUE S, FROM EAST EIGHTEENTH STREET TO OCEAN AVENUE, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

Engineer's estimate of the quantities is as follows:

1,120 linear feet new curbstone, set in concrete.
40 linear feet old curbstone, reset in concrete.

1,300 cubic yards earth excavation.
65 cubic yards concrete (not to be bid for).
5,180 square feet cement sidewalk.

The time allowed for the completion of the work and the full performance of the contract is thirty (30) working days.

The amount of security required is Ten Hundred and Fifty Dollars (\$1,050).

No. 24. FOR FURNISHING AND DELIVERING FIFTEEN HUNDRED (1,500) CUBIC YARDS OF BINDER STONE.

To be delivered at the Municipal Asphalt Plant.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security required is One Thousand Dollars (\$1,000).

No. 25. FOR FURNISHING AND DELIVERING SEVEN HUNDRED (700) NET TONS OF LIMESTONE OR OTHER SUITABLE INORGANIC DUST.

To be delivered at the Municipal Asphalt Plant.

The time allowed for the delivery of the articles, materials and supplies and the performance of the contract is on or before December 31, 1909.

The amount of security required is One Thousand Dollars (\$1,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per ton, cubic yard, square yard or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Bureau of Highways, No. 14 Municipal Building, the Borough of Brooklyn.

BIRD S. COLER, President.

No. 1. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWERS IN SIXTY-EIGHTH STREET, FROM FIRST AVENUE TO SECOND AVENUE, ETC.

The Engineer's preliminary estimate of the quantities is as follows:

45 linear feet 15-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, \$1.80.....

1,500 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, \$1.35.....

1,855 linear feet 6-inch house connection drain, laid complete, including all incidentals and appurtenances, per linear foot, 75 cents.....

15 manholes, complete, with iron heads and covers, including all incidentals and appurtenances, per manhole, \$50.....

1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances, per basin, \$135.....

7,500 feet (B. M.) sheeting and bracing, driven in place, complete, including all incidentals and appurtenances, per thousand feet, board measure, \$21.....

\$4,839 75

The time allowed for the completion of the work and full performance of the contract will be sixty (60) working days.

The amount of security required will be Two Thousand Four Hundred and Twenty Dollars (\$2,420).

No. 2. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN AVENUE I, FROM EAST THIRTY-FOURTH STREET TO BROOKLYN AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

450 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances, per linear foot, \$1.65.....

833 linear feet 6-inch house connection drain, laid complete, including all incidentals and appurtenances, per linear foot, 75 cents.....

6 manholes, complete, with iron heads and covers, including all incidentals and appurtenances, per manhole, \$50.....

\$1,667 25

The time allowed for the completion of the work and full performance of the contract will be thirty (30) working days.

The amount of security required will be Eight Hundred Dollars (\$800).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN BEAVER STREET, FROM BELVIDERE STREET TO LOCUST STREET.

The Engineer's preliminary estimate of the quantities is as follows:

295 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances; per linear foot, \$2.40.....

3 manholes, complete

CONSTRUCTING SEWER BASINS ON BARBEY STREET, SOUTHWEST CORNER OF BELMONT AVENUE; BARBEY STREET, SOUTHWEST CORNER OF SUTTER AVENUE, ETC.

The Engineer's preliminary estimate of the quantities is as follows:

7 sewer basins, complete, of either standard design, with iron pans or gratings, iron basin hoods and connecting culverts, including all incidentals and appurtenances; per basin, \$130..... \$910 00

The time allowed for the completion of the work and full performance of the contract will be thirty-five (35) working days.

The amount of security required will be Four Hundred and Fifty Dollars (\$450).

No. 5. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER IN DUMONT AVENUE, FROM HINSDALE STREET TO WILLIAMS AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

218 linear feet 12-inch pipe sewer, laid complete, including all incidentals and appurtenances; per linear foot, \$2.45..... \$534 10

3 manholes, complete, with iron hoods and covers, including all incidentals and appurtenances; per manhole, \$55..... 165 00

9,000 feet (B. M.) sheeting and bracing, driven in place, complete, including all incidentals and appurtenances; per thousand feet (B. M.), \$21..... 189 00

\$888 10

The time allowed for the completion of the work and full performance of the contract will be thirty (30) working days.

The amount of security required will be Four Hundred and Fifty Dollars (\$450).

No. 6. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASINS IN SECOND AVENUE AT THE WESTERLY CORNER OF FORTY-FOURTH STREET AND SECOND AVENUE AT THE WESTERLY CORNER OF FORTY SEVENTH STREET.

The Engineer's preliminary estimate of the quantities is as follows:

2 sewer basins, complete, of either standard design, with iron pans or gratings, iron basin hoods and connecting culverts, including all incidentals and appurtenances; per basin, \$150..... \$300 00

The time allowed for the completion of the work and full performance of the contract will be fifteen (15) working days.

The amount of security required will be One Hundred and Fifty Dollars (\$150).

No. 7. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASIN AT THE NORTHEAST CORNER OF NEWKIRK AVENUE AND EAST TWENTY-THIRD STREET.

The Engineer's preliminary estimate of the quantities is as follows:

1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances; per basin, \$155..... \$155 00

The time allowed for the completion of the work and full performance of the contract will be ten (10) working days.

The amount of security required will be Eighty Dollars (\$80).

No. 8. FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR CONSTRUCTING SEWER BASIN AT THE EAST-ERLY CORNER OF WAKEMAN PLACE AND SECOND AVENUE.

The Engineer's preliminary estimate of the quantities is as follows:

1 sewer basin, complete, of either standard design, with iron pans or gratings, iron basin hood and connecting culvert, including all incidentals and appurtenances; per basin, \$135..... \$135 00

The time allowed for the completion of the work and full performance of the contract will be ten (10) working days.

The amount of security required will be Seventy Dollars (\$70).

The foregoing Engineer's preliminary estimates of total cost for the completed work are in each case to be taken as the 100 per cent. basis and case for bidding. Proposals shall each state a single percentage of such 100 per cent. (such as 95 per cent., 100 per cent., or 105 per cent.), for which all material and work called for in the proposed contracts and the notices to bidders are to be furnished to the City. Such percentage, as bid for each contract, shall apply to all unit items specified in the Engineer's preliminary estimate to an amount necessary to complete the work described in the contracts.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot or other unit of measure, by which the bids will be tested. The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Bureau of Sewers, No. 215 Montague street, the Borough of Brooklyn.

BIRD S. COLER, President.

Dated March 16, 1909. m17,31

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN, ROOM 2, BOROUGH HALL, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Brooklyn at the above office until 11 o'clock a. m. on

WEDNESDAY, MARCH 31, 1909.

FOR FURNISHING AND DELIVERING SOAP FOR THE VARIOUS PUBLIC BUILDINGS, BATHS AND COMFORT STATIONS, BOROUGH OF BROOKLYN, THE CITY OF NEW YORK.

The time allowed for the delivery of the same and full performance of the contract will be 90 days.

The amount of security required will be Two Thousand Dollars (\$2,000).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per

gross or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item (class) and awards made to the lowest bidder on each item (class); or the bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Bureau of Public Buildings and Offices, No. 29 Municipal Building, the Borough of Brooklyn.

BIRD S. COLER, President.

Dated March 16, 1909. m17,31

See General Instructions to Bidders on the last page, last column, of the "City Record."

COLLEGE OF THE CITY OF NEW YORK.

THE COLLEGE OF THE CITY OF NEW YORK, NO. 17 LEXINGTON AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Trustees of The College of The City of New York, at No. 17 Lexington avenue, until 12 m. on

THURSDAY, APRIL 1, 1909.

FOR THE LANDSCAPE WORK ABOUT THE BUILDINGS OF THE COLLEGE OF THE CITY OF NEW YORK, LOCATED ON ST. NICHOLAS TERRACE, ONE HUNDRED AND FORTIETH STREET, AMSTERDAM AVENUE AND ONE HUNDRED AND THIRTY-EIGHTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

The time allowed for doing and completing the work is forty-five (45) calendar days from the date of the execution of the contract, with an extension for maintenance until November 1, 1909.

The amount of security required will be not less than 25 per cent. of the amount of the bid or estimate.

The bidders will state in their estimate the amount for which they will agree to completely perform and finish all the work shown on the drawings and described in the specifications.

The plans may be seen and the blank forms of the contract and specifications and bid sheet may be obtained at the office of George B. Post, No. 347 Fifth avenue, The City of New York, Borough of Manhattan.

EDWARD M. SHEPARD, Chairman.

JAMES W. HYDE, Secretary.

FREDERICK P. BELLAMY,
HENRY W. HERBERT,
PARKER D. HANDY,
THEO. F. MILLER,
LEE KOHNS,
CHARLES STRAUSS,
WM. HENRY CORBITT,
EGERTON L. WINTHROP, JR.,

Board of Trustees and Committee on Building.

Dated Borough of Manhattan, March 19, 1909. m20,a1

See General Instructions to Bidders on the last page, last column, of the "City Record."

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, NO. 300 MULBERRY STREET, BOROUGH OF MANHATTAN.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York at the Bookkeeper's office, Central Department, until 10 o'clock a. m. on

FRIDAY, APRIL 9, 1909.

FOR FURNISHING AND DELIVERING BLANKETS, HORSE EQUIPMENTS, HARNESS AND HARNESS MAKERS' SUPPLIES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is during the year 1909, in such quantities and at such time or times as the Police Department may direct.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each item, and the Police Department reserves the right to award for each item.

Samples will be on exhibition at the office of the Bureau of Repairs and Supplies, No. 300 Mulberry street, Borough of Manhattan, until the bids are opened.

All goods must be delivered at such place or places in The City of New York as may be directed by the Police Commissioner (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at institutions.

Bidders are requested to make their bids or estimates upon the blank forms prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies of the Police Department, No. 300 Mulberry street, Borough of Manhattan.

THEODORE A. BINGHAM, Commissioner.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FOURTH WARD.

RESTORING AND REPAIRING THE PAVEMENT at the northeast corner of SINEY STREET AND MERRICK ROAD, JAMAICA. Area of assessment: Northeast corner of Siney street and Merrick road, known as Lot No. 45, map page 41, in the Fourth Ward, Jamaica.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered March 26, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before May 24, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller. City of New York, Department of Finance, Comptroller's Office, March 25, 1909. m26,a8

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

TWENTY-NINE CATCH BASINS to connect with the sewer in JAMAICA AVENUE, between the Boulevard and Steinway avenue. Area of assessment: Both sides of Sherman street, extending about 308 feet north of Jamaica avenue; north side of Jamaica avenue, extending about 100 feet west of Sherman street; north side of Jamaica avenue, from Sherman street to Hopkins avenue; south side of Jamaica avenue, from Sherman street to Ninth avenue;

thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon or before May 25, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller. City of New York, Department of Finance, Comptroller's Office, March 26, 1909. m27,a9

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 9.

WASHINGTON AVENUE — REPAIRING SIDEWALK AND PLACING GUARD RAIL on the easterly side, beginning about 75 feet north of One Hundred and Sixty-seventh street and extending about 120 feet. Area of assessment: Easterly side of Washington avenue, 75 feet north of One Hundred and Sixty-seventh street, and known as Lot No. 7, in Block 2372.

TWENTY-THIRD AND TWENTY-FOURTH WARDS, SECTIONS 9, 10, 11 AND 12.

RECEIVING BASINS at the southeast and northeast corners of CRESTON AVENUE AND ONE HUNDRED AND NINETY-THIRD STREET; southeast corner of CRESTON AVENUE AND ONE HUNDRED AND NINETY-SEVENTH STREET; southeast and southwest corners of CRESTON AVENUE AND ONE HUNDRED AND NINETY-EIGHTH STREET; northeast corner of ONE HUNDRED AND SIXTY-SECOND STREET AND SHERMAN AVENUE; southwest and northwest corners of ONE HUNDRED AND SIXTY-FOURTH STREET AND SHERMAN AVENUE, and southwest corner of ONE HUNDRED AND SIXTIETH STREET AND TRINITY AVENUE. Area of assessment: Both sides of One Hundred and Ninety-third street, from the Grand Boulevard and Concourse to Creston avenue; south side of One Hundred and Ninety-eighth street, between Jerome avenue and the Grand Boulevard and Concourse; both sides of One Hundred and Ninety-seventh street, from Creston avenue to the Grand Boulevard and Concourse; north side of One Hundred and Ninety-sixth street, from Morris avenue to the Grand Boulevard and Concourse; both sides of Creston avenue, from East One Hundred and Ninety-sixth street to East One Hundred and Ninety-eighth street; block bounded by Grant avenue, Sherman avenue, One Hundred and Sixty-second and One Hundred and Sixty-third streets; both sides of One Hundred and Sixty-fourth street and south side of One Hundred and Sixty-fifth street, between Sheridan and Sherman avenues; both sides of Trinity avenue, from One Hundred and Fifty-eighth street to One Hundred and Sixtieth street; both sides of One Hundred and Sixtieth street, from Cauldwell avenue to Trinity avenue; east side of Cauldwell avenue, from One Hundred and Fifty-eighth street to One Hundred and Sixtieth street; also Lots 20 and 22 of Block 2630.

—that the same were confirmed by the Board of Revision of Assessments and Arrears on March 25, 1909, and entered on March 25, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon or before May 24, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller. City of New York, Department of Finance, Comptroller's Office, March 25, 1909. m26,a8

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS:

FIRST WARD.

TWENTY-NINE CATCH BASINS to connect with the sewer in JAMAICA AVENUE, between the Boulevard and Steinway avenue. Area of assessment: Both sides of Sherman street, extending about 308 feet north of Jamaica avenue; north side of Jamaica avenue, extending about 100 feet west of Sherman street; north side of Jamaica avenue, from Sherman street to Hopkins avenue; south side of Jamaica avenue, from Sherman street to Ninth avenue;

north side of Jamaica avenue, from Van Alst avenue to Ely avenue; north side of Jamaica avenue, from Academy street to First avenue; north side of Jamaica avenue, from Fourth avenue to Ninth avenue; west side of Hopkins avenue, extending about 100 feet south of Jamaica avenue and about 200 feet north of Jamaica avenue; east side of Van Alst avenue, from about 100 feet south of Jamaica avenue to about 160 feet north of Jamaica avenue; west side of Ely avenue, extending about 270 feet north of Jamaica avenue; west side of Academy street, extending about 650 feet south of Jamaica avenue; east side of Academy street and west side of First avenue, extending about 650 feet south of Jamaica avenue; also block bounded by Academy street, First avenue, Elm street and Jamaica avenue; east side of First avenue, extending about 650 feet south of Jamaica avenue; both sides of Second avenue, Third avenue, Fourth avenue, Fifth and Sixth avenues, from Broadway to Jamaica avenue; east side of Fourth avenue, extending about 675 feet north of Jamaica avenue; west side of Fifth avenue, extending about 850 feet north of Jamaica avenue; east side of Fifth avenue, extending about 850 feet north of Jamaica avenue; both sides of Sixth avenue, from Jamaica avenue to Grand avenue; both sides of Seventh avenue, extending about 400 feet south of Jamaica avenue; both sides of Seventh avenue, extending about 850 feet north of Jamaica avenue; both sides of Eighth avenue, extending about 375 feet south of Jamaica avenue; both sides of Eighth avenue, extending about 575 feet north of Jamaica avenue; and on the west side of Ninth avenue, extending 650 feet north of Jamaica avenue.

—that the same was confirmed by the Board of Revision of Assessments March 25, 1909, and entered March 25, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 24, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 25, 1909. m26,a8

NOTICE TO PROPERTY OWNERS.

NOTICES OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of assessments for **OPENING AND ACQUIRING TITLE** to the following named street and avenue in the **BOROUGH OF BROOKLYN**:

TWENTY-FOURTH AND TWENTY-NINTH WARDS, SECTION 5.

CROWN STREET—OPENING, from Albany avenue to East New York avenue. Confirmed December 31, 1908; entered March 23, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly side of Albany avenue with the centre line of the blocks between Montgomery street and Crown street, and running thence northerly along said easterly side of Albany avenue to its intersection with the centre line of the blocks between Crown street and Carroll street; thence easterly along said centre line of the blocks between Crown street and Carroll street to its intersection with the northeasterly side of East New York avenue; thence southwesterly along the northeasterly side of East New York avenue to its intersection with the centre line of the blocks between Montgomery street and Crown street; thence westerly along said centre line of the blocks between Montgomery street and Crown street to the point or place of beginning.

THIRTY-SECOND WARD, SECTION 23.

AVENUE L—OPENING, from the easterly side of Nostrand avenue to the westerly side of Flatbush avenue. Confirmed January 11, 1909; entered March 23, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of East Thirty-fourth street where the same is intersected by the centre line of the blocks between Avenue K and Avenue L; running thence easterly and along the centre line of the blocks between Avenue K and Avenue L to the westerly side of East Thirty-sixth street; running thence southerly along the westerly side of East Thirty-sixth street to the centre line of the blocks between Avenue L and Avenue M; running thence westerly along the centre line of the blocks between Avenue L and Avenue M to the easterly side of East Thirty-fourth street; running thence northerly and along the easterly side of East Thirty-fourth street to the point or place of beginning.

Also beginning at a point formed by the intersection of the northerly side of Kings Highway with the easterly side of East Thirty-eighth street; running thence northerly and along the easterly side of East Thirty-eighth street to its intersection with the westerly side of Flatbush avenue; running thence southeasterly and along the westerly side of Flatbush avenue to its intersection with the northerly side of Kings Highway; running thence westerly and along the northerly side of Kings Highway to the point or place of beginning.

The above-entitled assessments were entered on the day hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of said assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 23, 1909. m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for **LOCAL IMPROVEMENTS** in the **BOROUGH OF BROOKLYN**:

LAYING CEMENT SIDEWALKS ON MANHATTAN AVENUE, between Engert avenue and Eckford street; on **LEONARD STREET**, east side, between Manhattan avenue and Newtown street; on **BAYARD STREET**, south side, between Union and Graham avenues; on **LEONARD STREET**, west side, between Richardson and Bayard streets; on **RICHARDSON STREET**, north side, between Lorimer street and Manhattan avenue; on **RICHARDSON STREET**, both sides, between Leonard street and Manhattan avenue; on **MANHATTAN AVENUE**, between Bayard and Frost streets; on **MEERKE AVENUE**, north side, between Manhattan and Graham avenues, and southwest corner of **DRIGGS AVENUE AND SUTTON STREET**. Area of assessment: Both sides of Manhattan avenue, from Engert avenue to Eckford street; east side of Leonard street, between Manhattan avenue and Newtown street; north side of Richardson street, between Lorimer and Leonard streets; south side of Bayard street, between Union avenue and Leonard street; both sides of Richardson street, between Manhattan avenue and Leonard street; on Manhattan avenue, both sides, between Richardson street and Bayard street; north side of Meeker avenue, between Manhattan and Graham avenues; south side of Bayard street, between Manhattan avenue and Graham avenue, and southwest corner of Sutton street and Driggs avenue.

SEVENTEENTH WARD, SECTION 9.

HURON STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS from a point 160 feet east of Oakland street to Provost street. Area of assessment: Both sides of Huron street, from a point 160 feet east of Oakland street to Provost street.

TWENTY-SIXTH WARD, SECTION 12.

GRAFTON STREET—PAVING, from Pitkin to Sutter avenue. Area of assessment: Both sides of Grafton street, from Pitkin to Sutter avenue, and to the extent of half the block at the intersecting avenues.

TWENTY-SIXTH WARD, SECTION 13.

SUTTER AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Elton and Berriman streets. Area of assessment: Both sides of Sutter avenue, from Elton street to Berriman street, and to the extent of half the block at the intersecting streets and avenues.

THIRTIETH WARD, SECTION 17.

FIFTY-SIXTH STREET—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, between Fourteenth and Fifteenth avenues. Area of assessment: Both sides of Fifty-sixth street, from Fourteenth to Fifteenth avenue, and to the extent of half the block at the intersecting avenues.

THIRTIETH WARD, SECTION 18.

LAYING CROSSWALKS IN FIFTH AVENUE, on all four crossings at **BAY RIDGE AVENUE**; north and south crossings of **OVINGTON AVENUE**; at the north and south crossings of **SEVENTY-SECOND STREET**; and at the north and south crossings of **SEVENTY-THIRD STREET**. Area of assessment: Both sides of Fifth avenue, from Ovington avenue, northerly side, to Bay Ridge avenue, southerly side, and to the extent of half the block at the intersecting avenues.

THIRTY-SECOND WARD, SECTION 23.

FLATLANDS AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, from Mill lane to Lotts lane. Area of assessment: Both sides of Flatlands avenue, from Mill lane to Lotts lane, and to the extent of half the block at the intersecting streets.

—that the same were confirmed by the Board of Assessors on March 23, 1909, and entered March 23, 1909, in the Record of Titles of

Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 23, 1909. m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF THE BRONX**:

TWENTY-THIRD WARD, SECTION 10.

HUNTS POINT AVENUE—PAVING AND CURBING, from the Southern boulevard to Lafayette avenue. Area of assessment: Both sides of Hunts Point avenue, from the Southern boulevard to Lafayette avenue, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Assessors on March 23, 1909, and entered on March 23, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 23, 1909. m25,a7

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS** in the **BOROUGH OF QUEENS**:

FIRST WARD.

NINTH AVENUE—RELAYING SEWER, between Woolsey avenue and Potter avenue. Area of assessment: Both sides of Ninth avenue, from Woolsey avenue to Potter avenue.

—that the same was confirmed by the Board of Assessors March 23, 1909, and entered March 23, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 22, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 23, 1909. m25,a7

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., now standing within the lines of West One Hundred and Seventy-eighth street, from Broadway to Haven avenue, in the Borough of Manhattan, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, APRIL 7, 1909,

at 11 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and

made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised, and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, March 20, 1909.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessments for **OPENING AND ACQUIRING TITLE** to the following-named streets in the **BOROUGH OF MANHATTAN**:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND SIXTIETH STREET—OPENING, from Broadway to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of Edgcombe road with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; thence westerly along said parallel line and its westerly prolongation to its intersection with the middle line of the block between Riverside drive and the New York Central and Hudson River Railroad; thence northerly along said middle line of the block to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line and its easterly prolongation to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Edgcombe road; thence southerly along said parallel line to the point or place of beginning.

WEST ONE HUNDRED AND SIXTY-FIRST STREET—OPENING, from Broadway to Riverside drive. Confirmed March 2, 1909; entered March 19, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet easterly from the easterly line of St. Nicholas avenue with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; running thence westerly along said prolongation and parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; thence westerly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line to its intersection with the middle line of the block between Riverside drive and the property of the New York Central and Hudson River Railroad Company; thence northerly along said middle line to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line and its easterly prolongation to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Broadway; thence southerly along said parallel line to its intersection with the line parallel to and distant 100 feet northerly from the northerly line of West One Hundred and Sixtieth street; thence easterly along said parallel line and its easterly prolongation to its intersection with the line parallel to and distant 100 feet easterly from the easterly line of Edgcombe road; thence southerly along said parallel line to the point or place of beginning.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., lying within the lines of Avenue T, from Coney Island avenue to Ocean parkway, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Sinking Fund Commissioners adopted at a meeting held March 16, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909

at 1.30 p. m., upon the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the

occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., lying within the lines of Seventy-seventh street, between First and Second avenues, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Sinking Fund Commissioners adopted at a meeting held March 16, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, APRIL 2, 1909,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession, will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school purposes, in the

Borough of Brooklyn.

(1) Being all of the rear building at No. 117 Carroll street, situated on all that certain plot of ground located on the north side of Carroll street and the south side of President street, distant 125 feet easterly from the easterly side of Hicks street and extending easterly along the north side of Carroll street and the south side of President street, respectively, 150 feet to a point distant 129 feet westerly from the westerly line of Henry street.

Pursuant to a resolution of the Sinking Fund Commissioners adopted at a meeting held March 16, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909,

at 11 a. m. on the premises.

(2) Being all those buildings, parts of buildings, etc., situated upon all that certain plot of ground described as follows:

Beginning at a point on the westerly side of East Twelfth street distant 177 feet 11 1/4 inches

southerly from the southwest corner of Elm avenue and East Twelfth street; running thence westerly 177 feet 7 3/4 inches to a point 22 feet 4 1/4 inches distant from the easterly side of Coney Island avenue; thence northeasterly 184 feet 6 1/2 inches to the westerly side of East Twelfth street; thence southerly along the westerly side of East Twelfth street 49 feet 11 1/2 inches to the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held March 16, 1909, the sale of the above-described buildings will be held by direction of the Comptroller on

THURSDAY, APRIL 1, 1909,

at 12.30 p. m. on the premises.

The above sales will be held upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than 2 feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

INTEREST ON CITY BONDS AND STOCK.

THE INTEREST DUE ON MAY 1, 1909, ON the Registered Bonds and Stock of The City of New York will be paid on that day by the Comptroller, at his office in the Stewart Building, corner of Broadway and Chambers street (Room 85).

The transfer books thereof will be closed from March 31 to May 1, 1909.

The coupons, that are payable only in New York, for interest due on May 1, 1909, on Bonds and Stock of the present and former City of New York will be paid on that day by the Guaranty Trust Company, Nos. 28 and 30 Nassau street.

The coupons, that are payable in New York or in London, for the interest due on May 1, 1909, on Assessment Bonds and Corporate Stock of The City of New York, will be paid on that day, at the option of the holders thereof, either at the office of the Guaranty Trust Company, Nos. 28 and 30 Nassau street, New York, in United States money, or at the office of Messrs. Seligman Brothers, No. 18 Austin Friars, London, E. C., England, in sterling money at the rate of \$4.8780 to the pound.

The interest due on May 1, 1909, on Coupon Bonds of other corporations now included in The City of New York will be paid on that day at the office of the Comptroller.

The interest due May 1, 1909, on Registered and Coupon Gold Revenue Bonds of The City of New York will be paid on that day by the Guaranty Trust Company, Nos. 28 and 30 Nassau street, New York, in United States money, or, at the option of the holder, upon three weeks' prior notice, as stipulated in said bonds, by Messrs. J. S. Morgan & Co., No. 22 Old Broad street, London, England, at the rate of \$4.83 to the pound.

HERMAN A. METZ, Comptroller.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

WEST ONE HUNDRED AND THIRTY-SIXTH STREET—PAVING, CURBING AND RECURBING, between Amsterdam avenue and Broadway. Area of assessment: Both sides of One Hundred and Thirty-sixth street, from Amsterdam avenue to Broadway, and to the extent of half the block at the intersecting and terminating street and avenue.

WEST ONE HUNDRED AND THIRTY-NINTH STREET—REGULATING, GRADING, CURBING AND FLAGGING, from a point 425 feet west of Broadway to Riverside drive. Area of assessment: Both sides of West One Hundred and Thirty-ninth street, from a point 425 feet west of Broadway to Riverside drive, and to the extent of half the block at the intersecting streets.

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND FIFTY-EIGHTH STREET—SEWER, between Amsterdam and St. Nicholas avenues. Area of assessment: Both sides of West One Hundred and Fifty-eighth street, from Amsterdam avenue to St. Nicholas avenue.

That the same were confirmed by the Board of Assessors on March 16, 1909, and entered March 16, 1909, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 16, 1909.

m17,30

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

TIFFANY STREET—SEWER, between the Southern boulevard and Fox street. Area of assessment: Both sides of Tiffany street, from Southern boulevard to Fox street.

TWENTY-FOURTH WARD, SECTION 11.

HUGHES AVENUE AND OAK TREE PLACE, NORTHWEST CORNER—RECEIVING BASINS. Area of assessment: North side of Oak Tree place, from Arthur avenue to Hughes avenue, and west side of Hughes avenue, from Oak Tree place to East One Hundred and Eighty-second street.

That the same were confirmed by the Board of Assessors on March 16, 1909, and entered on March 16, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the

period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

INTEREST ON CITY BONDS AND STOCK.

THE INTEREST DUE ON APRIL 1, 1909, ON the Registered Bonds and Stocks of The City of New York will be paid on that day by the Comptroller, at his office in the Stewart Building, corner of Broadway and Chambers street (Room 85).

The transfer books thereof will be closed from March 15 to April 1, 1909.

The interest due on April 1, 1909, on the Coupon Bonds and Stock of the former City of New York will be paid on that day by the Guaranty Trust Company, Nos. 28 and 30 Nassau street.

The interest due on April 1, 1909, on Coupon Bonds of other corporations now included in The City of New York will be paid on that day at the office of the Comptroller.

HERMAN A. METZ, Comptroller.

City of New York, Department of Finance, Comptroller's Office, March 8, 1909.

m9,a1

DEPARTMENT OF FINANCE, CITY OF NEW YORK, December 14, 1906.

UNTIL FURTHER NOTICE AND UNLESS otherwise directed in any special case surety companies will be accepted as sufficient upon the following contracts to the amounts named:

Supplies of Any Description, including Gas and Electricity—

One company on a bond up to \$50,000.

Two companies on a bond up to \$125,000.

Three companies on a bond up to \$200,000.

Asphalt, Asphalt Block and Wood Block Pavements—

Two companies on a bond up to \$50,000.

Three companies on a bond up to \$125,000.

Regulating, Grading, Paving, Sewers, Water Mains, Dredging, Construction of Parks, Parkways, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

New Docks, Buildings, Bridges, Aqueducts, Tunnels, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

Repairs, Ventilating, Heating, Plumbing, Etc.—

One company on a bond up to \$25,000.

Two companies on a bond up to \$75,000.

Three companies on a bond up to \$150,000.

Four companies on a bond up to \$250,000.

On bonds regarded as hazardous risks additional surety will be required as the Comptroller sees fit in each instance.

All bonds exceeding \$250,000 will by that fact alone be considered hazardous risks, no matter what the nature of the work.

H. A. METZ, Comptroller.

DEPARTMENT OF TAXES AND ASSESSMENTS.

PUBLIC NOTICE IN RELATION TO ASSESSMENTS FOR TAXATION OF SHARES OF STOCK OF BANKS AND BANKING ASSOCIATIONS IN THE CITY OF NEW YORK, IN AND FOR THE YEARS 1901 TO 1907, INCLUSIVE.

PURSUANT TO THE PROVISIONS OF chapter 74, Laws of 1909, public notice is hereby given that the assessments for taxation of shares of stock of banks and banking associations in The City of New York, made for the years 1901 to 1907, inclusive, by the Board of Taxes and Assessments of The City of New York, will be open to public inspection, beginning March 18, 1909, and until October 31, 1909, in the office of the Board of Taxes and Assessments of The City of New York, in the Hall of Records, Borough of Manhattan, City of New York; that applications for reduction or cancellation of said assessments may be made to said Board at its said office, in writing, on or before September 1, 1909, specifying the ground therefor, by any person deeming himself aggrieved by said assessments, and that upon such application a hearing, if requested, will be granted by said Board or by a member or members thereof.

DEPARTMENT OF TAXES AND ASSESSMENTS, MAIN OFFICE, BOROUGH OF MANHATTAN, HALL OF RECORDS, THE CITY OF NEW YORK, JANUARY 7, 1909.

NOTICE IS HEREBY GIVEN, AS REQUIRED by the Greater New York Charter, that the books called "The Annual Record of the Assessed Valuation of Real and Personal Estate of the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond," comprising The City of New York, will be open for public inspection, examination and correction on the second Monday of January, and will remain open to and including the 31st day of March, 1909.

During the time that the books are open for public inspection, application may be made by any person or corporation claiming to be aggrieved by the assessed valuation of real or personal estate to have the same corrected.

In the Borough of Manhattan, at the Main Office of the Department of Taxes and Assessments, No. 31 Chambers street, Hall of Records.

In the Borough of The Bronx, at the office of the Department, Municipal Building, One Hundred and Seventy-seventh street and Third avenue.

In the Borough of Brooklyn, at the office of the Department, Municipal Building.

In the Borough of Queens, at the office of the Department, Hackett Building, Jackson avenue and Fifth street, Long Island City.

In the Borough of Richmond, at the office of the Department, Borough Hall, New Brighton, S. I.

Applications for the reduction of real estate assessments must be in writing and should be upon blanks furnished by the Department.

Applications for the correction of the personal assessments of corporations must be filed at the main office of the Borough of Manhattan.

Application in relation to the assessed valuation of personal estate must be made by the person assessed at the office of the Department in the Borough where such person resides, and in case of a non-resident carrying on business in The City of New York at the office of the Department in the Borough where such place of business is located, between the hours of 10 a. m. and 2 p. m., except on Saturday, when all applications must be made between 10 a. m. and 12 noon.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 5, 1909, the following petition was received:

Brooklyn, N. Y., March 2, 1909.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company, a street surface railroad corporation, organized and existing under the laws of the State of New York, owning and operating a double-track street surface electric railroad in DeKalb avenue, Gold street, Jay and High streets, in the Borough of Brooklyn, hereby makes application to your Honorable Board for the grant of a franchise to construct, maintain and operate a double-track street surface electric railroad, with the necessary poles, wires, conduits, turnouts, cross-overs, switches, sidings and equipment, for the purpose of conveying persons and property upon the following route, in the Borough of Brooklyn, City and State of New York:

Commencing at the intersection of DeKalb avenue and Flatbush avenue; thence northwesterly along and through the centre of Flatbush avenue (the same being the extension of Flatbush avenue northwesterly from Fulton street) to a point at or about Nassau street, where said extension terminates and the plaza to be used in connection with the new Manhattan Bridge begins; thence westerly on Nassau street to a point about thirty-seven feet (37') easterly from the easterly side or line of Jay street; thence northerly across the plaza of the said Manhattan Bridge and parallel with Jay street to a point at or about Sands street, together with two spurs connecting the proposed tracks on Nassau street and the plaza of the said Manhattan Bridge with the tracks of the applicant on Jay street; also for the extension of the double-track street surface electric railroad now on Gold street northerly from Wiloughby street to Flatbush avenue at a point near Myrtle avenue (the said Flatbush avenue being the extension of Flatbush avenue northwesterly from Fulton street).

All of which more fully appears on the blueprint plan annexed hereto and made a part of this application.

Together with the right to connect the aforesaid tracks with the existing tracks of the Coney Island and Brooklyn Railroad Company, as shown upon the plan annexed hereto, so as to permit of the operation of street surface railroad cars for the conveyance of persons and property across the Manhattan Bridge.

Respectfully submitted,

CONEY ISLAND AND BROOKLYN

RAILROAD COMPANY,

By S. W. HUFF, President.

City and State of New York, County of Kings,

Borough of Brooklyn, ss:

S. W. Huff, being duly sworn, deposes and says that he is the President of the Coney Island and Brooklyn Railroad Company, which is a domestic corporation of the State of New York; that the facts stated in the above application are true of his own knowledge except as to the matters therein stated on information and belief, and as to those matters he believes it to be true, and he is authorized by the Board of Directors to make this application on behalf of said company.

S. W. HUFF.

Sworn to before me this 2d day of March, 1909.

GEORGE P. FORT, Notary Public, Kings Co.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Coney Island and Brooklyn Railroad Company, dated March 2, 1909, was presented to the Board of Estimate and Apportionment at a meeting held March 5, 1909;

Resolved, That in pursuance of law, this Board sets Friday, the 2d day of April, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held March 5, 1909, the following petition was received:

BROOKLYN, N. Y., March 2, 1909.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company, a street surface railroad, duly organized and existing under the laws of the State of New York and owning and operating a double-track street surface electric railroad in the Borough of Brooklyn, City of New York,

having this day filed with your Honorable Board an application to construct, maintain and operate a double-track street surface electric railroad along and through the extension of Flatbush avenue, northwesterly from DeKalb avenue to the plaza of the Manhattan Bridge, and over the said plaza and through Gold and Nassau streets, intersecting the said extension of Flatbush avenue, as laid out northwesterly from DeKalb avenue, makes application to your Honorable Board for the right to use two of the street surface railroad tracks upon the Manhattan Bridge when constructed across the East River, together with the necessary terminal, switches, sidings, turnouts, wires and equipment for the operation of street surface railroad cars for the carriage of persons and property from the Borough of Brooklyn, over and across said bridge and approaches thereto at and to the most northwesterly point in the Borough of Manhattan of the plaza and approach of said Manhattan Bridge.

Respectfully submitted,
CCNEY ISLAND AND BROOKLYN
RAILROAD COMPANY,
By S. W. Huff, President.
City and State of New York, County of Kings,
Borough of Brooklyn, ss:

S. W. Huff, being duly sworn, deposes and says that he is president of the Coney Island and Brooklyn Railroad Company, which is a domestic corporation of the State of New York; that the facts stated in the above application are true of his own knowledge, except as to the matters therein stated on information and belief, and as to those matters he believes it to be true, and he is authorized by the Board of Directors to make this application on behalf of said company.

S. W. HUFF,
Sworn to before me this 2d day of March, 1909.

GEORGE P. FORT, Notary Public, Kings County.
—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Coney Island and Brooklyn Railroad Company dated March 2, 1909, was presented to the Board of Estimate and Apportionment at a meeting held March 5, 1909.

Resolved, That, in pursuance of law, this Board sets Friday, the 2d day of April, 1909, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further,

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

(Brooklyn "Daily Eagle" and Brooklyn "Daily Times" designated.)

JOSEPH HAAG, Secretary.
New York, March 5, 1909.

m22.a2

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company, has, under date of December 16, 1908, and January 18, 1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway as an extension to its proposed route upon and along various streets and avenues from the Village of Flushing to the Village of Whitestone, in the Borough of Queens, together with certain alternative routes, as set forth in said petition; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 18, 1908, fixing January 22, 1909, as the date for public hearing on the first named petition, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, On January 22, 1909, the public hearing on the petition dated December 16, 1908, was continued until February 19, 1909, and the Board adopted a resolution on January 22, 1909, fixing the date for public hearing on the petition dated January 18, 1909, as February 19, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and the public hearing on the petition dated December 16, 1908, was concluded on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth: In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to

construct, maintain and operate a double-track street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the proposed tracks of the Company to be constructed upon a route for which a franchise was granted by a contract dated February 1, 1909, on Chestnut street at Murray lane; thence northerly in and upon Murray lane to Higgins lane; thence easterly in and upon Higgins lane to a point where Ninth avenue if extended would intersect said Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly in and upon Fourth street to Eighth avenue; thence northerly in and upon Eighth avenue to Twenty-first street; thence easterly in and upon Twenty-first street to Eleventh avenue; thence northerly in and upon Eleventh avenue to a point about 300 feet north of the north side line of the Boulevard in the former Village of Whitestone, all in the Borough of Queens.

One of the following alternative routes may be used in the place of and upon the abandonment of the portion of the route above described between the intersection of Chestnut street and Murray lane and the intersection of Fourth street and Eighth avenue:

(1) Beginning at and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Van Riper avenue, so called; thence northerly in and upon Van Riper avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(2) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Brewster avenue; thence in and upon Brewster avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon westerly from the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(3) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by contract dated February 1, 1909, in Chestnut street, at a point near the intersection of Central avenue with Chestnut street; thence northerly upon private property, and crossing Bayside avenue; thence, still upon private property, to Higgins lane, at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence in and upon Higgins lane to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

The said routes, with switches and cross-overs, are shown upon a map entitled:

"Map showing proposed street surface railway of the New York and North Shore Traction Company in the Borough of Queens, to accompany petition for a franchise to the Board of Estimate and Apportionment, dated December 17, 1908, and also petition dated January 18, 1909, to said Board."

—and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches and cross-overs which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company before commencing construction on any portion of the routes herein described lying between Chestnut street and the intersection of Fourth street with Eighth avenue, shall notify the Board in writing which one of the three routes herein described between Chestnut street and the intersection of Fourth street with Eighth avenue the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are hereby granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than six months from the date upon which this contract is signed by the Mayor.

Second—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Third—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until February 1, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year

before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fourth—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one thousand five hundred and seventy-five dollars (\$1,575), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and seventy-five dollars (\$1,575).

During the second term of five (5) years an annual sum, which shall in no case be less than two thousand six hundred and fifty dollars (\$2,650), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand six hundred and fifty dollars (\$2,650).

During the third term of five (5) years an annual sum, which shall in no case be less than two thousand nine hundred dollars (\$2,900), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand nine hundred dollars (\$2,900).

During the fourth term of five (5) years an annual sum, which shall in no case be less than three thousand eight hundred and fifty dollars (\$3,850), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand eight hundred and fifty dollars (\$3,850).

During the remaining term of five (5) years an annual sum, which shall in no case be less than four thousand two hundred dollars (\$4,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand two hundred dollars (\$4,200).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimums shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes, of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or

any structure in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues hereinbefore described, for street railway purposes, for a distance not exceeding two thousand (2,000) feet, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen (18) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structure in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any

other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Thirteenth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway, and by the City as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the said railway shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board. Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide, for such purpose at least one tank car the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—As long as the said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized, be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets and avenues be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street or avenue.

Twenty-sixth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner as directed by the City officials having jurisdiction over such public work.

Twenty-seventh—If at any time before or during construction of the railway the Board

should deem any of the streets and avenues on which said railway is to be constructed of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, or avenues, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street or avenue is so widened the Company shall grade the roadway thereon as directed by the City official having jurisdiction over the construction of streets and avenues.

Twenty-eighth—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Provided, however, that the Company shall not be required to pay the portion of the cost of strengthening or rebuilding of the existing bridge across the tracks of the Long Island Railroad at Eighth avenue, which the Long Island Railroad Company shall be required to pay, pursuant to law.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report, not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources, within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Thirty-fifth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-sixth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with

the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or, in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—The words "streets or avenues," and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

By _____, Mayor.

[CORPORATE SEAL.]

Attest:

City Clerk.

NEW YORK AND NORTH SHORE TRACTION COMPANY,

By _____, President.

[SEAL.]

Attest:

Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, April 2, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to April 2, 1909, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said

Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, April 2, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard. ("Flushing Evening Journal" and "Long Island City Daily Star" designated.)

JOSEPH HAAG, Secretary.

Dated New York, February 19, 1909.

DEPARTMENT OF CORRECTION.

OFFICE OF THE DEPARTMENT OF CORRECTION, No. 148 EAST TWENTIETH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Correction at the above office until 11 o'clock a. m. on

THURSDAY, APRIL 8, 1909.

Borough of Manhattan.

No. 1. FOR FURNISHING AND DELIVERING HARDWARE, PAINTS, IRON, STEAM FITTINGS, LUMBER AND MISCELLANEOUS ARTICLES.

The time for the delivery of the articles, materials and supplies and the performance of the contract is by or before ten (10) days.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the totals and awards made to the lowest bidder on each item. The bids on lumber will be compared and the contract awarded at a lump or aggregate sum.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Correction, the Borough of Manhattan, No. 148 East Twentieth street.

JOHN J. BARRY, Commissioner.

Dated March 26, 1909.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of ROSEWOOD STREET (although not yet named by proper authority), from Bronx boulevard to White Plains road, and from White Plains road to Cruger avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Norbert Blank, William G. Draddy and Charles H. Collins, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 3.30 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs

and allegations as may then be offered by such owner, or on behalf of The City of New York. Dated Borough of Manhattan, City of New York, March 30, 1909.

CHARLES H. COLLINS,
NORBERT BLANK,
WILLIAM G. DRADDY,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of CRUGER AVENUE, from Williamsbridge road to South Oak drive; CRUGER AVENUE, from South Oak drive to Gun Hill road; HOLLAND AVENUE, from Williamsbridge road to South Oak drive, and MAPLE STREET, from Gun Hill road to East Two Hundred and Fifteenth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Thomas C. Larkin, Wallace S. Fraser and Michael Rauch, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said Michael Rauch was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 30, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FOX STREET (although not yet named by proper authority), from Leggett avenue to Longwood avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Francis J. Kuerzi, John J. Mackin and Thomas J. McLaughlin, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said John J. Mackin was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 14th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 30, 1909.
FRANCIS J. KUERZI,
THOMAS J. MCLAUGHLIN,
JOHN J. MACKIN,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of FAIR STREET (although not yet named by proper authority), from Garrison avenue to a point about 183 feet north of Whitlock avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Michael J. Egan, Anthony J. Oliver and Stanislaus Vanecek, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 27, 1909.

MICHAEL J. EGAN,

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND SIXTY-FIRST STREET, as widened, from Brook avenue to Third avenue, in accordance with resolution adopted by the Board of Estimate and Apportionment, January 17, 1908, in the Twenty-third Ward, Borough of The Bronx, The City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County

of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Herman F. G. Hartung, Martin C. Dyer and Albert Elterich, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Martin C. Dyer was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 27, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of GARRISON AVENUE (although not yet named by proper authority), from Leggett avenue to Longwood avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Peter L. Mullaly, Henry A. Stadler and Herman A. Rappolt, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York, on the 17th day of February, 1909, and the said Peter L. Mullaly was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 27, 1909.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County

of New York at his office in the Borough of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Herman F. G. Hartung, Martin C. Dyer and Albert Elterich, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Martin C. Dyer was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BURNETT PLACE, from Garrison avenue to Tiffany street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909,

and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 15th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

The territory bounded by Lafayette avenue, Tiffany street, Spofford avenue, Longwood avenue and the tracks of the New York, New Haven and Hartford Railroad, together with the territory lying on the easterly side of Tiffany street, between the northerly side of Spofford avenue and a line at right angles to the easterly side of Tiffany street opposite a point midway between the intersection of the westerly side of Tiffany street and the southeasterly side of Burnett place and the intersection of the westerly side of Tiffany street with the southeasterly side of Barry street, and extending from the easterly side of Tiffany street to a line 100 feet easterly of the same and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 10, 1909.

FRED. W. FUHRMAN, Chairman;
JOHN GIBSON,
P. J. KANE,
Commissioners of Estimate;
P. J. KANE,
Commissioner of Assessment.
JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND EIGHTY-SECOND STREET (although not yet named by proper authority), from Tibout avenue to Folin street, and for the widening of TIEBOUT AVENUE, from Ford street to East One Hundred and Eighty-third street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY an order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, William Henderson, Edward A. Bauer and John V. Sheridan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said John V. Sheridan was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 25, 1909.

JOHN V. SHERIDAN,
WILLIAM HENDERSON,
EDWARD A. BAUER,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of TWO HUNDRED AND TWENTY-FIFTH STREET (Muscoota street) (although not yet named by proper authority), from Broadway to the line dividing the Boroughs of Manhattan and The Bronx, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 28th day of January, 1909, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Cambridge Livingston, Nathan Fernbacher and Ferdinand Levy, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire within ten days after the date of this notice.

York on the 17th day of February, 1909, and the said Cambridge Livingston was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 25, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of SENECA

AVENUE, from Hunts Point road to the Bronx River, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owner, occupant or occupants of all houses and lots, and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit: First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in the City of New York, on or before the 16th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in the City of New York, on or before the 16th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 4 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx in the City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between the northerly side of Seneca avenue and the southerly side of Garrison avenue and the prolongation thereof; on the east by the west side of the Bronx River; on the south by a line midway between the southerly side of Seneca avenue and the northerly side of Lafayette avenue, and the prolongation thereof, and on the west by a line 100 feet west of the westerly side of Hunts Point road and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in said City, there to remain until the 19th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 5, 1909.

J. FREDERICK CRYER, Chairman;
JOHN LANZER,
SIDNEY B. HICKOX,
Commissioners of Estimate.
JOHN LANZER,
Commissioner of Assessment.
JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THE SECOND NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, from Broadway west to Overlook terrace, and THE THIRD NEW STREET NORTH OF WEST ONE HUNDRED AND EIGHTY-FIRST STREET, between Broadway and Overlook terrace, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 1st day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in the City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, James D. McClelland, John A. Wrede and William Moores, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said John A. Wrede was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

fining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 24, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of GUN HILL ROAD (although not yet named by proper authority), from Jerome avenue to Mosholu Parkway North, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, John J. Hynes, John M. Ruhl and Robert J. Vane, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Robert J. Vane was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 12th day of April, 1909, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 24, 1909.

JOHN J. HYNES,
ROBERT J. VANE,
JOHN M. RUHL,
Commissioners.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of TRAFALGAR PLACE, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PER- sons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 14th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 13th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 14th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of February, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line midway between Trafalgar place and Waterloo place with the northerly line of East One Hundred and Seventy-fifth street, and running thence northerly along the centre line of the block between Trafalgar place and Waterloo place and the prolongation of said line to a point distant 100 feet north of the northerly side of East One Hundred and Seventy-sixth street; thence eastwardly and parallel with the northerly line of East One Hundred and Seventy-sixth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-sixth street, and passing through a point on the southerly side of the street midway between Trafalgar place and the Southern boulevard; thence southwardly along the line last described to the southerly line of East One Hundred and Seventy-sixth street; thence southwardly to a point on the northerly line of East One Hundred and Seventy-fifth street, midway between the easterly line of Trafalgar place and the westerly line of the Southern boulevard; thence continuing along the said course to the southerly line of East One Hundred and Seventy-fifth street; thence southwardly at right angles to the southerly line of East One Hundred and Seventy-fifth street 100 feet; thence westwardly and parallel with the southerly line of East One Hundred and Seventy-fifth street to the intersection with a line drawn at right angles to the line of East One Hundred and Seventy-fifth street, and passing through the point described as the point or place of beginning; thence northwardly to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 25th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 16, 1909.

WALLACE S. FRASER, Chairman;
W. GARROW FISHER,
ANDREW J. TIMONEY,
Commissioners of Estimate.

WALLACE S. FRASER,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND TWENTY-THIRD STREET, between Laconia avenue and Bronxwood avenue; EAST TWO HUNDRED AND TWENTY-FOURTH STREET, between Laconia avenue and Bronxwood avenue; EAST TWO HUNDRED AND TWENTY-FIFTH STREET, between Laconia avenue and Bronxwood avenue, all of said streets being in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of April, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of April, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between East Two Hundred and Twenty-fifth and East Two Hundred and Twenty-sixth streets, and by the prolongation of the said line; on the east by a line 100 feet east of and parallel with the easterly side of Laconia avenue; on the south by a line midway between East Two Hundred and Twenty-third street and East Two Hundred and Twenty-second street, and by the prolongation of the said line, and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Bronxwood avenue, through that portion of its length between East Two Hundred and Twenty-third street and East Two Hundred and Twenty-fifth street, and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 19th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 15th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 24, 1909.

EDGAR HIRSCHBERG, Chairman;
ANTONIO RASINES,
JOHN J. MACKIN,
Commissioners of Estimate.

JOHN J. MACKIN,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY SIXTH STREET (although not yet named by proper authority), from Amsterdam avenue to St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceedings, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 13th day of April, 1909, at 3 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 13th day of April, 1909, at 4 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by a line midway between West One Hundred and Seventy-seventh and West One Hundred and Seventy-eighth streets; on the south by a line midway between West One Hundred and Seventy-fourth and West One Hundred and Seventy-fifth streets; on the east by a line 100 feet east of the easterly side of Amsterdam avenue and parallel therewith, and on the west by a line 100 feet west of the westerly side of St. Nicholas avenue and parallel therewith.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 281 and 284 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 15, 1909.

THOS. O'CALLAGHAN, Chairman;
THOMAS S. SCOTT,
FERDINAND LEVY,

Commissioners of Estimate.
THOS. O'CALLAGHAN,
Commissioner of Assessment.

JOHN P. DUNN, Clerk. m24,a12

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening and extending WOODLAWN ROAD (although not yet named by proper authority), from Jerome avenue to Bronx Park, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of April, 1909, at 10 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of April, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the northerly side of Moshulu avenue and distant 100 feet northerly therefrom with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; thence southerly and southwesterly along said line drawn parallel to the westerly and northwesterly sides of Jerome avenue and distant 100 feet westerly and northwesterly therefrom to its intersection with a line drawn parallel to the southerly side of Gun Hill road and distant 100 feet southerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the west-

erly side of Steuben avenue and distant 100 feet westerly therefrom; thence southerly along said parallel line to its intersection with the northeasterly side of Moshulu Parkway North; thence southeasterly and southerly along said northeasterly and easterly sides of Moshulu Parkway North to its intersection with the middle line of the block between Bainbridge avenue and Perry avenue; thence northeasterly along said middle line of the block to its intersection with the middle line of the blocks between Moshulu Parkway North and Woodlawn road; thence southeasterly along said middle line of the blocks to its intersection with the northwesterly side of Webster avenue; thence southeasterly along a line drawn at right angles to the northwesterly side of Webster avenue to its intersection with a line drawn parallel to the northwesterly side of Bronx Park and distant 100 feet southeasterly therefrom; thence northeasterly along said parallel line to its intersection with the prolongation southeasterly of the middle line of the blocks between Woodlawn road and East Two Hundred and Fifth street; thence northwesterly along said prolongation and said middle line of the blocks to its intersection with the middle line of the blocks between Woodlawn road and Perry avenue; thence northerly along said middle line of the blocks between Woodlawn road and Perry avenue and said middle line produced northerly to its intersection with the southerly side of Reservoir Oval East; thence northerly on a straight line to its intersection with the prolongation southerly of the middle line of the block between Tryon avenue and Kings College place; thence northerly along said prolongation and said middle line of the block between Tryon avenue and Kings College place to its intersection with the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence northerly along a line drawn parallel to the easterly side of Woodlawn road and distant about 620 feet easterly therefrom to its intersection with a line drawn at right angles to a point on the easterly side of Woodlawn road and distant about 1,845 feet northerly from the northerly side of East Two Hundred and Eleventh street (North Ridge street); thence westerly along said line drawn at right angles to its intersection with a line drawn parallel to the easterly side of Jerome avenue and distant 100 feet easterly therefrom; thence northerly along said parallel line to its intersection with a line drawn parallel to the northwesterly side of Mount Vernon avenue and distant 100 feet northwesterly therefrom; thence southwesterly along the said parallel line to its intersection with a line drawn parallel to the northerly side of Moshulu avenue and distant 100 feet therefrom; thence westerly along said parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of The City of New York; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as afore-said.

Fourth—That, provided there be no objections filed to said abstract, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 281 and 284 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 27, 1909.

JOHN DE WITT WARNER, Chairman;
WM. H. MCCARTHY,
WILLIAM M. LAWRENCE,

Commissioners.
JOHN P. DUNN, Clerk. m23,a10

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of KINGSBRIDGE AVENUE (although not yet named by proper authority), from West Two Hundred and Thirtieth street to Broadway, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Max R. Hein, Roderick J. Kennedy and George M. S. Schulz, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said George M. S. Schulz was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Dated Borough of Manhattan, City of New York, March 23, 1909.

THOMAS R. LANE,
GEO. W. KEARNEY,
GEORGE V. MULLAN,

Commissioners.
JOHN P. DUNN, Clerk. m23,a3

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AN UNNAMED STREET, located about 1,500 feet north of West One Hundred and Eighty-first street, extending from Fort Washington avenue to Northern avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 28th day of January, 1909, and duly entered in the office of the Clerk of the County of Manhattan in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Joseph W. Keller, Henry Murray and Samuel Prince, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Henry Murray was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assess-

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND FORTY-FIRST STREET (although not yet named by proper authority), from Park avenue to Rider avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 25th day of January, 1909, and duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Thomas R. Lane, George V. Mullan and George W. Kearney, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Thomas R. Lane was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Dated Borough of Manhattan, City of New York, March 23, 1909.

JOSEPH W. KELLER,
HENRY MURRAY,
SAMUEL PRINCE,

Commissioners.
JOHN P. DUNN, Clerk. m23,a3

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of HILLSIDE AVENUE (although not yet named by proper authority), from Nagle avenue, near Broadway, to Nagle avenue, near Dyckman street, as heretofore laid out on the map or plan of The City of New York, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT, BY AN order of the Supreme Court, bearing date the 4th day of February, 1909, and duly entered in the office of the Clerk of the County of New York at his office, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1909, a copy of which order was duly filed in the office of the Register of the County of New York, we, Jacob P. Solomon, Thomas A. Clark and Edward V. Nicholson, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and the said Edward V. Nicholson was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of February, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Dated Borough of Manhattan, City of New York, March 23, 1909.

EDWARD V. NICHOLSON,
THOS. A. CLARK,
J. P. SOLOMON,

Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of the addition to BRONX PARK, on its easterly side, as laid out on the map on July 7, 1905, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage as to Damage Parcels Nos. 1, 1A, 2 and 2A, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of April, 1909, at 10 o'clock a. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of April, 1909.

Third—That, provided there be no objections filed to said abstract of estimate of damage, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 20th day of May, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage the notice of motion to confirm our final last partial and separate report herein, will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 2, 1909.

JOSEPH J. MARRIN, Chairman;
MICHAEL RAUCH,
WILLIAM G. FISHER,
Commissioners.

JOHN P. DUNN, Clerk.

SUPREME COURT—SECOND DEPARTMENT.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to the lands, tenements and hereditaments required for the purpose of widening ROEBLING STREET, 20 feet on its westerly side, from the bridge plaza, at South Fourth street, to Union avenue, in the Thirtieth and Fourteenth Wards, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT THE final report of the Commissioners of Estimate and Assessment in the above-entitled matter will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 5th day of April, 1909, at 10.30 o'clock in forenoon of that day, and that the said final report has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of five days, as required by law.

Dated Borough of Brooklyn, New York, March 30, 1909.

PETER F. LYNAN,
JAMES L. MADIGAN,
JAMES F. LILLY,
Commissioners of Estimate and Assessment.

JAMES F. QUIGLEY, Clerk.

m30,a3

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BROADWAY (although not yet named by proper authority), from its present terminus south of Elizabeth street southwardly in a straight line to Mersereau avenue, joining said avenue at an angle of about 85 degrees, in the Third Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved

and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of April, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of April, 1909, at 12 o'clock m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 19th day of April, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23d day of April, 1909, at 1 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz:

The westerly boundary to be a line midway between the westerly side of Broadway as now laid out and in use and the said line produced southwardly, and the easterly side of Richmond avenue, the easterly boundary to be a line midway between the present easterly side of Broadway and the said line produced southwardly, and the westerly line of Heberton avenue and the said line produced northwardly to Richmond terrace; its northerly boundary to be the southerly side of Richmond terrace between the westerly and easterly boundaries above described, and its southerly boundary to be a line parallel with the southerly side of Mersereau avenue and 100 feet southerly therefrom, between the easterly and westerly boundaries above described.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22d day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 11, 1909.

STEPHEN D. STEPHENS, Chairman;
F. A. BRANIFF,

Commissioners of Estimate;
STEPHEN D. STEPHENS,
Commissioner of Assessment.

JOHN P. DUNN, Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending AVENUE R, from Coney Island avenue to East Seventeenth street, omitting land occupied by the Brooklyn and Brighton Beach Railroad, in the Thirty-first Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee, by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Avenue R, from Coney Island avenue to East Seventeenth street, omitting land occupied by the Brooklyn and Brighton Beach Railroad, in the Thirty-first Ward, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz:

Parcel A.

Beginning at the intersection of the southern line of Avenue R with the eastern line of Coney Island avenue, as the same are laid out on the map of the City;

1. Thence northerly along the eastern line of Coney Island avenue 80.29 feet;
2. Thence deflecting 85 degrees 7 minutes to the right 1,175.76 feet to the land of the Brooklyn and Brighton Beach Railroad;
3. Thence deflecting 90 degrees to the right along the land of the Brooklyn and Brighton Beach Railroad 80 feet;
4. Thence 1,182.59 feet to the point of beginning.

Parcel B.

Beginning at the intersection of the northern line of Avenue R with the eastern line of East Seventeenth street, as the same are laid out on the map of the City;

1. Thence southerly along the eastern line of East Seventeenth street 80 feet;
2. Thence deflecting 90 degrees to the right 415 feet to the land of the Brooklyn and Brighton Beach Railroad;

3. Thence deflecting 90 degrees to the right along the land of the Brooklyn and Brighton Beach Railroad 80 feet;

4. Thence 415 feet to the point of beginning. Note—These angles and dimensions are approximate.

The Board of Estimate and Apportionment, on the 14th day of June, 1907, duly fixed and determined the area of assessment for benefit in this proceeding, as follows:

Bounded on the north by a line midway between Avenue Q and Avenue R; on the east by a line midway between East Seventeenth street and East Eighteenth street; on the south by a line midway between Avenue R and Avenue S, and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Coney Island avenue, the said distance being measured at right angles to the line of Coney Island avenue.

Dated New York, March 18, 1909.

FRANCIS K. PENDLETON,

Corporation Counsel.

Hall of Records, Borough of Manhattan, City of New York.

m22,a1

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending FIFTY-NINTH STREET, from Kouwenhoven lane to Thirtieth avenue, and from Seventeenth avenue to West street, in the Thirtieth and Thirty-first Wards, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Fifty-ninth street, from Kouwenhoven lane to Thirtieth avenue, and from Seventeenth avenue to West street, in the Thirtieth and Thirty-first Wards, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz:

Parcel A.

Beginning at the intersection of the east line of Thirtieth avenue with the north line of Fifty-ninth street, as the same are laid out on the map of the City;

1. Thence southerly along the east line of Thirtieth avenue 60 feet;
2. Thence westerly deflecting 90 degrees to the right 2,170.34 feet to the west line of Kouwenhoven lane;
3. Thence northerly deflecting 86 degrees 31 minutes 59 seconds to the right along the west line of Kouwenhoven lane 60.11 feet;
4. Thence easterly 2,173.98 feet to the point of beginning.

Parcel B.

Beginning at the intersection of the east line of Seventeenth avenue with the south line of Fifty-ninth street, as the same are laid out on the map of the City;

1. Thence northerly along the east line of Seventeenth avenue 60 feet;
2. Thence easterly deflecting 90 degrees to the right 4,772.48 feet to the east line of West street;
3. Thence southerly deflecting 43 degrees 21 minutes 17 seconds to the right 87.40 feet;
4. Thence westerly 4,836.03 feet to the point of beginning.

Note—These angles and dimensions are approximate.

The Board of Estimate and Apportionment on the 5th day of June, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

1. Bounded on the northwest by the southeasterly line of Kouwenhoven lane; on the northeast by a line midway between Fifty-eighth street and Fifty-ninth street; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Thirtieth avenue, the said distance being measured at right angles to the line of Thirtieth avenue, and on the southwest by a line midway between Fifty-ninth street and Sixtieth street.

2. Beginning at a point on a line midway between Fifty-eighth street and Fifty-ninth street distant 100 feet northwesterly from the northwesterly line of Seventeenth avenue, and running thence southwesterly along the said line midway between Fifty-eighth street and Fifty-ninth street to the westerly line of West street; thence easterly at right angles to the line of West street a distance of 180 feet; thence southwardly and parallel with West street to the intersection with a line at right angles to West street, and passing through a point on its westerly side where it is intersected by a line midway between Fifty-ninth street and Sixtieth street; thence westwardly along the said line at right angles to West street to its westerly side; thence northwesterly along the said line midway between Fifty-ninth street and Sixtieth street to the intersection with a line parallel with Seventeenth avenue, and passing through the point of beginning; thence northwesterly and parallel with Seventeenth avenue to the point or place of beginning.

Dated New York, March 18, 1909.

FRANCIS K. PENDLETON,

Corporation Counsel.

Hall of Records, Borough of Manhattan, New York City.

m22,a1

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending EIGHTY-NINTH STREET, from Narrows avenue to Third avenue, and NINETY-FIRST STREET, from First avenue to Shore road, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the open-

ing of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Eighty-ninth street, from Narrows avenue to Third avenue, and Ninety-first street, from First avenue to Shore road, in the Thirtieth Ward, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz:

Eighty-ninth Street.

Beginning at the intersection of the east line of Narrows avenue with the south line of Eighty-ninth street, as the same are laid out on the map of the City;

1. Thence northerly along the east line of Narrows avenue 60 feet;
2. Thence easterly deflecting 90 degrees to the right 2,260 feet to the west line of Third avenue;
3. Thence southerly along the west line of Third avenue 60 feet;
4. Thence westerly 2,260 feet to the point of beginning.

Ninety-first Street.

Beginning at the intersection of the west line of First avenue with the north line of Ninety-first street, as the same are laid out on the map of the City;

1. Thence southerly along the west line of First avenue 60 feet;
2. Thence westerly deflecting 90 degrees to the right 443.40 feet;
3. Thence westerly deflecting 28 degrees 1 minute 4 seconds to the left 141.33 feet;
4. Thence northerly deflecting 119 degrees 30 minutes 3 seconds to the right 68.94 feet;
5. Thence easterly deflecting 60 degrees 29 minutes 57 seconds to the right 122.36 feet;
6. Thence easterly 458.36 feet to the point of beginning.

The Board of Estimate and Apportionment on the 10th day of April, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Eighty-eighth street and Eighty-ninth street distant 100 feet southeasterly from the southeasterly line of Third avenue, and running thence southwesterly and parallel with Third avenue to the intersection with the prolongation of a line midway between Eighty-ninth street and Ninetieth street, as laid out between Second avenue and Third avenue; thence northwesterly along the said line midway between Eighty-ninth street and Ninetieth street and the prolongation thereof to a point distant 100 feet northwesterly from the northwesterly line of Second avenue; thence southwesterly and parallel with Second avenue to the intersection with a line midway between Eighty-ninth street and Ninety-first street; thence northwesterly along the said line midway between Eighty-ninth street and Ninety-first street to a point distant 100 feet southeasterly from the southeasterly line of First avenue, the said distance being measured at right angles to the line of First avenue; thence southwesterly and parallel with First avenue to a point midway between Ninety-first street and Ninety-second street; thence northwesterly and always midway between Ninety-first street and Ninety-second street and along the prolongation of the said course to a point distant 150 feet westerly from the easterly line of Shore road, the said distance being measured at right angles to the line of Shore road; thence northwardly and always 150 feet distant from and parallel with the easterly line of Shore road to the intersection with the prolongation of a line distant 100 feet northwesterly from and parallel with the northwesterly line of Narrows avenue, the said distance being measured at right angles to the line of Narrows avenue; thence northwesterly along the said line parallel with Narrows avenue and the prolongation thereof to the intersection with the prolongation of a line midway between Eighty-eighth street and Eighty-ninth street; thence southeasterly along the said line midway between Eighty-eighth street and Eighty-ninth street and the prolongation thereof to the point or place of beginning.

Dated New York, March 18, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending BAY SEVENTH STREET, between Benson avenue and Cropsey avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 2d day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Bay Seventh street, between Benson avenue and Cropsey avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York, being the following-described lots, pieces or parcels of land, viz:

Beginning at the intersection of the south line of Benson avenue with the west line of Bay Seventh street, as the same are laid out on the map of the City;

1. Thence easterly along the south line of Benson avenue 60 feet;
2. Thence southerly deflecting 90 degrees to the right 1,560.19 feet to the south line of Cropsey avenue;
3. Thence westerly deflecting 90 degrees 11 minutes to the right 60 feet;
4. Thence northerly 1,560 feet to the point of beginning.

The Board of Estimate and Apportionment on the 24th day of April, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the northeast by a line distant 100 feet northeasterly from and parallel with the northeasterly line of Benson avenue, the said distance being measured at right angles to the line of Benson avenue; on the southeast by a line midway between Bay Seventh street and Bay Eighth street and the prolongations of the

said line; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Cropsey avenue, the said distance being measured at right angles to the line of Cropsey avenue, and on the northwest by a line midway between Fourteenth avenue and Bay Seventh street and the prolongations of the said line.

Dated New York, March 18, 1909.

SECOND JUDICIAL DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the easterly side of FOREST AVENUE, adjoining Public School 71, between Prospect place and Metropolitan avenue, in the Second Ward of the Borough of Queens, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court of the State of New York, bearing date the 15th day of March, 1909, and filed and entered in the office of the Clerk of the County of Queens on the 18th day of March, 1909, William E. Stewart, John A. Rapelyea and Thomas Stuart were appointed Commissioners of Estimate and Appraisal in the above entitled proceeding.

Notice is further given, pursuant to the statutes in such case made and provided, that said William E. Stewart, John A. Rapelyea and Thomas Stuart will attend at the Special Term of the Supreme Court for the hearing of motions, to be held at the County Court House, in the Borough of Brooklyn, in The City of New York, on the 2d day of April, 1909, at 10.30 o'clock in the forenoon of that day, for the purpose of being examined under oath by the Corporation Counsel of The City of New York, or by any person having an interest in said proceeding, as to their qualification to act as such Commissioners of Estimate and Appraisal in said proceeding.

Dated New York, March 19, 1909.
FRANCIS K. PENDLETON,
Corporation Counsel,
Borough of Manhattan, City of New York.

m20,31

SECOND DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the closing and discontinuance of COWENHOVEN LANE, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House in the Borough of Brooklyn, City of New York, on the 1st day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding to ascertain and determine the compensation which should justly be made to the lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by the discontinuance and closing of Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Borough of Brooklyn, City of New York, as follows:

The northern line of Cowenhoven lane as herewith closed begins at a point on the eastern line of Twelfth avenue distant 134.34 feet southerly from the intersection of the eastern line of Twelfth avenue with the southern line of Fifty-fifth street as the same are laid out on the map of the City; thence easterly in a straight line to a point on the southern line of Fifty-fifth street distant 329.20 feet easterly from the intersection of the eastern line of Twelfth avenue with the southern line of Fifty-fifth street. The southern line of Cowenhoven lane as herewith closed is 83 feet from and parallel with the above-described line.

Note—These dimensions are approximate. Said Cowenhoven lane as closed and discontinued is shown on a map made at the direction of the Board of Estimate and Apportionment entitled "Map or plan showing the closing and discontinuance of Cowenhoven lane, between Twelfth avenue and Fifty-fifth street, in the Thirtieth Ward, Borough of Brooklyn, City of New York," dated the 15th day of July, 1908, and filed in the office of the Corporation Counsel on the 16th day of July, 1908.

Dated Borough of Brooklyn, City of New York, the 16th day of March, 1909.

FRANCIS K. PENDLETON,
Corporation Counsel,
No. 166 Montague street, Brooklyn, N. Y.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, by the Corporation Counsel, for the appointment of Commissioners of Estimate and Assessment to ascertain and determine the compensation which should justly be made for the closing and discontinuance of BENNETTS LANE, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN THAT AN application will be made to the Supreme Court of the State of New York, at a Special Term of said Court for the hearing of motions, to be held in and for the County of Kings, in the County Court House, in the Borough of Brooklyn, City of New York, on the 1st day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding to ascertain and determine the compensation which should justly be made to the lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by the discontinuance and closing of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York, as follows:

Beginning at a point on the northern line of Eighty-fifth street distant 333 feet westerly from the intersection of the northern line of Eighty-fifth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-fifth street 34 feet;

2. Thence northerly deflecting 72 degrees 5 minutes to the right 215 feet to the southern line of Eighty-fourth street;

3. Thence easterly along the southern line of Eighty-fourth street 23 feet;

4. Thence easterly deflecting 22 degrees 7 minutes to the right 12 feet;

5. Thence southerly 213 feet to the point of beginning.

Parcel "B."

Beginning at a point on the northern line of Eighty-sixth street distant 248 feet westerly from the intersection of the northern line of Eighty-sixth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-sixth street 34 feet;

2. Thence northerly deflecting 72 degrees 4 minutes to the right 210 feet to the southern line of Eighty-fifth street;

3. Thence easterly along the southern line of Eighty-fifth street 34 feet;

4. Thence southerly 209 feet to the point of beginning.

Parcel "C."

Beginning at a point on the northern line of Benson avenue distant 45 feet westerly from the intersection of the northern line of Benson avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Benson avenue 31 feet;

2. Thence northerly deflecting 79 degrees 32 minutes to the right 386 feet;

3. Thence northerly deflecting 7 degrees 27 minutes to the left 152 feet to the eastern line of Bay Eleventh street;

4. Thence northerly along the eastern line of Bay Eleventh street 106 feet;

5. Thence southerly deflecting 162 degrees 1 minute to the right 255 feet;

6. Thence southerly 394 feet to the point of beginning.

Parcel "D."

Beginning at the intersection of the northern line of Bath avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Bath avenue 19 feet;

2. Thence northerly deflecting 89 degrees 54 minutes to the right 495 feet;

3. Thence northerly deflecting 11 degrees 1 minute to the left 209 feet to the southern line of Benson avenue;

4. Thence easterly along the southern line of Benson avenue 34 feet;

5. Thence southerly deflecting 79 degrees 45 minutes to the right 151 feet to the western line of Sixteenth avenue.

6. Thence southerly along the western line of Sixteenth avenue 551 feet to the point of beginning.

Parcel "E."

Beginning at the intersection of the western line of Sixteenth avenue with the southern line of Bath avenue, as the same are laid down on the map of the City;

1. Thence southerly along the western line of Sixteenth avenue 396 feet;

2. Thence southwesterly deflecting 8 degrees 43 minutes to the right 224 feet to the northern line of Cropsey avenue;

3. Thence westerly along the northern line of Cropsey avenue 34 feet;

4. Thence northeasterly deflecting 102 degrees 40 minutes to the right 309 feet;

5. Thence northerly deflecting 8 degrees 26 minutes to the left 314 feet to the southern line of Bath avenue;

6. Thence easterly along the southern line of Bath avenue 19 feet to the point of beginning.

Parcel "F."

Beginning at a point on the southern line of Cropsey avenue distant 364 feet easterly from the intersection of the southern line of Cropsey avenue with the eastern line of Bay Tenth street, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Cropsey avenue 34 feet;

2. Thence southwesterly deflecting 102 degrees 5 minutes to the right 372 feet;

3. Thence southerly deflecting 13 degrees 43 minutes to the left 320 feet to Gravesend Bay;

4. Thence westerly deflecting 77 degrees 14 minutes to the right 34 feet;

5. Thence northerly deflecting 102 degrees 46 minutes to the right 332 feet;

6. Thence northeasterly 369 feet to the point of beginning.

Note—All these dimensions are approximate. Said Bennetts lane, as closed and discontinued, is shown on a map made at the direction of the Board of Estimate and Apportionment entitled "Map or plan showing the closing and discontinuance of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Thirtieth Ward, Borough of Brooklyn, City of New York," dated the 26th day of March, 1907, and filed in the office of the Corporation Counsel on the 27th day of March, 1907.

Dated Borough of Brooklyn, City of New York, the 16th day of March, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending LINDEN AVENUE, from East Fifty-seventh street to East Ninety-eighth street, in the Twenty-ninth and Thirty-second Wards of the Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, City of New York, on the 1st day of April, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and Assessment in the above-entitled proceeding to ascertain and determine the compensation which should justly be made to the lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by the discontinuance and closing of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York, as follows:

Beginning at a point on the northern line of Eighty-fifth street distant 333 feet westerly from the intersection of the northern line of Eighty-fifth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-fifth street 34 feet;

2. Thence northerly deflecting 72 degrees 5 minutes to the right 215 feet to the southern line of Eighty-fourth street;

3. Thence easterly along the southern line of Eighty-fourth street 23 feet;

4. Thence easterly deflecting 22 degrees 7 minutes to the right 12 feet;

5. Thence southerly 213 feet to the point of beginning.

Parcel "B."

Beginning at a point on the northern line of Eighty-sixth street distant 248 feet westerly from the intersection of the northern line of Eighty-sixth street with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Eighty-sixth street 34 feet;

2. Thence northerly deflecting 72 degrees 4 minutes to the right 210 feet to the southern line of Eighty-fifth street;

3. Thence easterly along the southern line of Eighty-fifth street 34 feet;

4. Thence southerly 209 feet to the point of beginning.

Parcel "C."

Beginning at a point on the northern line of Benson avenue distant 45 feet westerly from the intersection of the northern line of Benson avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Benson avenue 31 feet;

2. Thence northerly deflecting 79 degrees 32 minutes to the right 386 feet;

3. Thence northerly deflecting 7 degrees 27 minutes to the left 152 feet to the eastern line of Bay Eleventh street;

4. Thence northerly along the eastern line of Bay Eleventh street 106 feet;

5. Thence southerly deflecting 162 degrees 1 minute to the right 255 feet;

6. Thence southerly 394 feet to the point of beginning.

Parcel "D."

Beginning at the intersection of the northern line of Bath avenue with the western line of Sixteenth avenue as the same are laid down on the map of the City;

1. Thence westerly along the northern line of Bath avenue 19 feet;

2. Thence northerly deflecting 89 degrees 54 minutes to the right 495 feet;

3. Thence northerly deflecting 11 degrees 1 minute to the left 209 feet to the southern line of Benson avenue;

4. Thence easterly along the southern line of Benson avenue 34 feet;

5. Thence southerly deflecting 79 degrees 45 minutes to the right 151 feet to the western line of Sixteenth avenue.

6. Thence southerly along the western line of Sixteenth avenue 551 feet to the point of beginning.

Parcel "E."

Beginning at the intersection of the western line of Sixteenth avenue with the southern line of Bath avenue, as the same are laid down on the map of the City;

1. Thence southerly along the western line of Sixteenth avenue 396 feet;

2. Thence southwesterly deflecting 8 degrees 43 minutes to the right 224 feet to the northern line of Cropsey avenue;

3. Thence westerly along the northern line of Cropsey avenue 34 feet;

4. Thence northeasterly deflecting 102 degrees 40 minutes to the right 309 feet;

5. Thence northerly deflecting 8 degrees 26 minutes to the left 314 feet to the southern line of Bath avenue;

6. Thence easterly along the southern line of Bath avenue 19 feet to the point of beginning.

Parcel "F."

Beginning at a point on the southern line of Cropsey avenue distant 364 feet easterly from the intersection of the southern line of Cropsey avenue with the eastern line of Bay Tenth street, as the same are laid down on the map of the City;

1. Thence easterly along the southern line of Cropsey avenue 34 feet;

2. Thence southwesterly deflecting 102 degrees 5 minutes to the right 372 feet;

3. Thence southerly deflecting 13 degrees 43 minutes to the left 320 feet to Gravesend Bay;

4. Thence westerly deflecting 77 degrees 14 minutes to the right 34 feet;

5. Thence northerly deflecting 102 degrees 46 minutes to the right 332 feet;

6. Thence northeasterly 369 feet to the point of beginning.

Note—All these dimensions are approximate. Said Bennetts lane, as closed and discontinued, is shown on a map made at the direction of the Board of Estimate and Apportionment entitled "Map or plan showing the closing and discontinuance of Bennetts lane, from Eighty-fourth street to Gravesend Bay, in the Thirtieth Ward, Borough of Brooklyn, City of New York," dated the 26th day of March, 1907, and filed in the office of the Corporation Counsel on the 27th day of March, 1907.

Dated Borough of Brooklyn, City of New York, the 16th day of March, 1909.

SECOND DEPARTMENT.

1. Thence northerly along the west line of East Fifty-seventh street 100 feet;

2. Thence easterly deflecting 90 degrees to the right 520 feet to the southwest line of Remsen avenue;

3. Thence easterly deflecting 19 degrees 30 minutes 50 seconds, more or less, to the left 113.05 feet, more or less, to the northeast line of Remsen avenue;

4. Thence northeasterly deflecting 16 degrees 9 minutes 23 seconds, more or less, to the left 2,240 feet to the northeast line of East Ninety-eighth street;

5. Thence southeasterly along the northeast line of East Ninety-eighth street 80 feet;

6. Thence southwesterly deflecting 90 degrees to the right 2,240 feet to the northeast line of Remsen avenue;

7. Thence southwesterly deflecting 10 degrees 5 minutes 35 seconds, more or less, to the left 101.57 feet, more or less, to the southwest line of Remsen avenue;

8. Thence westerly deflecting 45 degrees 45 minutes 48 seconds, more or less, to the right 602.35 feet, more or less, to the point of beginning.

The Board of Estimate and Apportionment, on the 6th day of November, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the west by a line midway between East Fifty-fifth street and East Fifty-sixth street; on the north by a line always midway between Lenox road and Linden avenue and by the prolongation thereof; on the east by a line distant 100 feet easterly from and parallel with the easterly line of East Ninety-eighth street, the said distance being measured at right angles to East Ninety-eighth street, and on the south by a line always midway between Linden avenue and Church avenue and by the prolongation thereof.

Dated New York, March 16, 1909.
FRANCIS K. PENDLETON,
Corporation Counsel,
Hall of Records, Borough of Manhattan, New York City.

SECOND DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises in the Borough of Queens, beginning on the easterly side of VERNON AVENUE, north of Harris avenue, and other property hereinafter described, duly selected for bridge purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of New York, Room No. 1405, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Friday, March 19, 1909, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 31st day of March, 1909, at 3 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 18, 1909.
JOHN W. BENNETT,
LUCIUS N. MANLEY,
FREDERICK BOWLEY,
Commissioners.

m19,30

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of JAY STREET (although not yet named by proper authority), on the westerly side at its intersection with Richmond terrace, in the First Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 9th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of April, 1909, at 2 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage map and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 16th day of April, 1909.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 22d day of June, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and

984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 26, 1909.

STEPHEN D. STEPHENS, Chairman;
J. HARRY TIERNAN,
Commissioners.

JOHN P. DUNN, Clerk.

SUPREME COURT—NINTH JUDICIAL DISTRICT.

NINTH JUDICIAL DISTRICT, WESTCHESTER COUNTY.

KENSICO RESERVOIR, SECTION No. 6.

Second Separate Report.

In the matter of the application and petition of J. Edward Simmons, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, and the acts amendatory thereof, in the Town of Mount Pleasant, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN THAT the second separate report of Vincent Nelany, John I. Storm and Charles H. Lovett, who were appointed Commissioners of Appraisal in the above entitled matter by an order of this Court, made at a Special Term thereof, held at the Court House in White Plains, Westchester County, N. Y., on July 20, 1907, was filed in the office of the Clerk of the County of Westchester on the 6th day of February, 1909.

Said report bears date February 1, 1909, and affects Parcels Nos. 367, 368, 373, 375, 379, 381, 383, 384, 389, 392, 393, 396, 397, 408, 409, 411, 420, 423, 424, 427, 429, 430, 431, 433, 434, 437, 438, 447 and 448, shown on the map in this proceeding.

Public notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Ninth Judicial District, at the Court House at White Plains, Westchester County, N. Y., on the 3d day of April, 1909, at 10 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as may be just.

Dated March 6, 1909.
FRANCIS KEY PENDLETON,
Corporation Counsel,
Office and Post-Office Address, Hall of Records, corner of Chambers and Centre Streets, Borough of Manhattan, New York City.
