#### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, SEPTEMBER 5, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

#### Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, July 2, 1918, at 2.30 p. m.

Present—Dr. Brannan, the President, in the chair; Messrs. O'Keeffe, Sachs, Farley, Wright and Stern, Trustees. Excused—Mr. Paulding, Trustee, and Mr. Coler, Commissioner of the Department of Public Charities, ex-officio.

#### COMMITTEE REPORTS.

Dr. Brannan presented a tabulation of bids received at the office of the Central Purchase Committee on Monday, July 1, for canned goods and groceries. After consideration, on the recommendation of the Committee on Supplies, contracts were awarded to the low formal bidders on all lines with the exception of line 127, as this item should not have been advertised, as the specifications prohibit the purchase of evaporated apples during the summer months. As no bids were received on sugar, readvertisement was authorized.

Reference was made to the resignation of Charles Norris as Director of Laboratories, Bellevue and Allied Hospitals. After discussion, it was moved, seconded and carried to inform Dr. Norris that the Trustees reluctantly accepted his resignation, severing cordial relations of over thirteen years, during which time he did splendid work in developing the organization of the laboratories of the hospitals of the department, and the Board accepts his resignation with sincere regret.

Reference was made to a bill for \$1,706.53, presented by the Department of Docks and Ferries, under date of June 17, for providing a berth for the "Camp Huddleston." As the Trustees have no funds specifically allowed for this purpose and as the general appropriations are over-encumbered to the extent of \$238,000, for which a request is now pending for an issue of special revenue bonds, it was moved, seconded and carried to inform the Dock Commissioner of this situation, and that the Trustees also understood that his department was to provide the funds for the work and that the Trustees are ready to endorse his request and support his application before the Board of Aldermen for an issue of special revenue bonds to meet the cost of the work.

Reference was made to the death on June 24, 1918, of Willis M. Polk, Consulting Gynaecologist to the Second Division of Bellevue Hospital, whereupon the following preamble and resolutions were adopted:

Whereas, The Trustees have learned with profound sorrow of the death of William M. Polk, a graduate of the house staff of Bellevue Hospital in the year 1870, Visiting Gynaecologist from 1874 to 1915, and Consulting Gynaecologist since June 22, 1915, who brought to these positions an unflinching sympathy and fidelity, in addition to signal ability in the discharge of his duties.

Therefore, Be it Resolved, That the Board of Trustees of Bellevue and Allied Hospitals spread upon its minutes an expression of appreciation which shall serve as a record of his service to Bellevue, the city and the nation; and further be it

Resolved, That a copy of this resolution be sent to his widow and family, together with the earnest sympathy of the Trustees.

#### COMMUNICATIONS.

The minutes of the Medical Board of Harlem Hospital for June 18 were presented. On motion, duly seconded and carried, the nominations of Samuel Roth, S. Arthur Morris and William Finkelstein to the house staff were approved. The nomination of Dr. Weinstein as Provisional Otolgologist for the duration of the war was referred to the Conference Committee. The resignation of S. A. Agats-

ton from the Eye Clinic of the Out Patient Department was noted, but no action could be taken thereon as there is no record in the office of the Board of Trustees that S. A. Agatston was ever appointed by the Trustees. The attention of the Medical Board was called to the fact that the Trustees insist upon a strict compliance with the rules requiring nominations by the Medical Board and appointments by the Trustees before permitting affiliations in any branch of the medical and surgical administration of the hospitals of the department.

Two letters, dated June 20 and 21, were presented from the Granite City Soap Co., Newburgh, N. Y., asking for permission to assign to the Columbus Trust Co. an invoice dated June 13, order B-678, requisition No. 448, amounting to \$673.89, and invoice of Jan. 28, 1918, order No. 59, amounting to \$1,141.36, respectively. After consideration, this request was approved without guarantee as to the amount, and expressly subject to any claim, set-off or equity which The City of New York now has, or may have, against the moneys or any part thereof covered by said assignment; and subject to the rights, if any, of lienors who may have duly filed liens with or affecting the interests of The City of New York in the said contracts.

An assignment dated June 19, 1918, was presented from the Frank J. Murray Co., asking for permission to assign to the Bank of the United States invoice covering order No. 2580, amounting to \$8,464. After consideration, this assignment was approved without guarantee as to the amount, and expressly subject to any claim, set-off or equity which The City of New York now has, or may have, against the moneys or any part thereof covered by said assignment; and subject to the rights, if any, of lienors who may have duly filed liens with or affecting the interests of The City of New York in the said contracts.

A letter dated June 17 was presented from the Board of Estimate and Apportionment, transmitting certified copies of resolution adopted by that Board on June 14 approving the transfer of \$4,375.26, and \$5,266.85 from the personal service appropriations of Bellevue and Allied Hospitals to Code No. 3038, City Fund for Salary and Wage Accruals, which communication was ordered placed on file.

The Chute-Thornton & Bagley Corporation presented a request for final payment on their contract for the construction of steam line from Gouverneur Hospital to the new building for the Out Patient Department. On motion, duly seconded and carried, on the recommendation of the Building Committee, the work under the contract was accepted and final payment authorized.

A motion to adjourn the meeting was moved, seconded and carried.

JNO. G. O'KEEFFE, Secretary, Board of Trustees.

**NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.**

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that this work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon be conveyed in fee to The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and he it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished.
