In the statement of the estimated revenues of the Sinking Fund for the Redemption of the City Debt, for the year 1889, as reported to the Commissioners of the Sinking Fund at a meeting held December 19, 1888, the "surplus revenues" of the Sinking Fund for the Payment of Interest on the City Debt amounted to \$3,000,000, while in the foregoing statement of estimated revenues for 1890 they amount to \$1,500,000. This reduction arises from the operation of chapter 178 of the Laws of 1889, which provides for the payment of interest on bonds payable from taxation held as investments by the Commissioners of the Sinking Fund, from the Sinking Fund for the Payment of Interest on the City Debt. The total revenues of the Sinking Fund for the Redemption of the City Debt are, therefore, reduced accordingly for the year 1890.

The sufficiency of the Sinking Fund for the Redemption of the City Debt are of the Sinking Fund for the Redemption of the City Debt are reduction of the revenues applicable to that purpose.

It will thus be seen that the accumulations and revenues of the Sinking Fund are sufficient to pay and redeem the stocks and bonds becoming due during the next following fiscal year, 1890, which, by the laws authorizing their issue, were made payable from taxation, without in any way impairing the preferred claims upon that fund.

Section 191 of the said Consolidation Act provides as follows, to wit:

"Whenever and as often as the Commissioners of the Sinking Fund shall certify to the Board of Estimate and Apportionment that the accumulations in the Sinking Fund will not be sufficient to meet the payment of any bonds or stocks falling due in the next following calendar year, it shall be the duty of said Board of Estimate and Apportionment, and it is hereby required to include in the annual estimate for such year, to be raised by tax on the estates, real and personal, in said city, subject to taxation, such an amount to be applied to the payment of said bonds or stocks as shall be certified by said Commissioners, and

Respectfully submitted, THEO. W. MYERS, Comptroller. •

Whereas, Stocks and bonds of the City and County of New York, amounting to four million two hundred and ninety-eight thousand dollars (\$4,208,000), and forming a portion of the City Debt, originally by law payable from taxation, become due and payable in the next calendar and fiscal year, eighteen hundred and ninety (1890), as stated by the Comptroller in his report of the condition of the Sinking Fund for the Redemption of the City Debt, this day presented; and Whereas, It appears also by the statements presented by the Comptroller, that the accumulations and estimated revenues of said fund in the next calendar year, eighteen hundred and ninety (1890), are sufficient to pay and redeem that portion of the City Debt without in any way impairing the preferred charge upon said fund provided for by section 175 of the Consolidation Act of 1882, and other provisions of law; and

the preferred charge upon said fund provided for by section 175 of the Consolidation Act of 1882, and other provisions of law; and
Whereas, The Commissioners of the Sinking Fund deem it to be for the best interests of the City that the portion of the City Debt originally payable by law from taxation, should be paid and redeemed by said Sinking Fund; therefore,
Resolved, That, as provided by section 191 of the New York City Consolidation Act of 1832, the Commissioners of the Sinking Fund do hereby certify to the Board of Estimate and Apportionment, that certain stocks and bonds constituting a portion of the City Debt which was originally payable by law from taxation, amounting to four million two hundred and ninety-eight thousand dollars (\$4,208,000) become due and payable in the next calendar and fiscal year, eighteen hundred and ninety (1890); that the amount of stocks and bonds and cash in the Sinking Fund for the Redemption of the City Debt on the thirtieth day of November, 1889, was forty-five million four hundred and eighty-three thousand seven hundred and twenty-five dollars and fifty-eight cents (\$45,483,725.58), and the total estimated revenues of said fund for said year are six million seven hundred and thirty-three thousand six hundred and sixty-four dollars and fifty-four cents (\$6,733,664.54); that the amount of stocks and bonds now outstanding, which constitute a preferred hundred and thirty-three thousand six hundred and sixty-four dollars and fifty-four cents (\$6,733,664.54); that the amount of stocks and bonds now outstanding, which constitute a preferred charge against said fund, is four million five hundred and and ninety-three thousand four hundred dollars (\$4,593,400), of which said preferred claims the sum of three hundred and twenty-one thousand four hundred dollars (\$321,400) becomes due and payable in the said year eighteen hundred and ninety (1890), and that said portion of the City Debt originally payable by law from taxation, becoming due in said year eighteen hundred and ninety (1890), can be paid and redeemed by said Sinking Fund for the Redemption of the City Debt without in any way impairing the preferred claims thereon. claims thereon

Since my appointment of Joseph B. Coe to be Deputy Clerk, to take effect January 1, 1890, there will on that day be a vacancy in one of the \$2,500 clerkships, which I have filled by an appointment to take effect that day at a salary of \$1,500, the above amount of \$150,000 should be reduced by.

This is \$2,500 less than the estimate for the year 1889.

The two appointments referred to were made to take effect January 1, 1890, to avoid splitting up salaries in the December pay-roll.

All of which is respectfully submitted.

S. JONES, Clerk.

STATE OF NEW YORK—EXECUTIVE CHAMBER, ALBANY, December 29, 1889.

Tibbant, December 29, 1009.
To the Board of Estimate and Apportionment, New York City: GENTLEMEN—I am directed by Governor Hill to acknowledge your communication of the 23d instant, and to say in reply that, before taking action in the matter of Judge Pitshke, the Governor has been awaiting his return to this country, his friends having assured the Governor that he would probably soon return to this country or resign the office which he now holds. A reasonable time having now elapsed, and no word having been received in reference to his return or his intentions, the Governor will feel constrained to suspend him from office under section 321 of the Code of Civil Procedure, and, upon the assembling of the Legislature, recommend his removal under section 11 of article VI. of the Constitution.
The Governor directs me to call your attention to chapter 62 of the Laws of 1881, whereby, in case of his removal he may be allowed, in the discretion of the body removing him, a sum equal to one-half of the salary of his office, etc. Possibly it might be wise to anticipate that contingency. Nevertheless, the matter is simply suggested for your consideration. Very respectfully, yours, T. S. WILLIAMS, Private Secretary.
Which was received and placed on file.
The Secretary presented the following:
GENERAL SOCIETY OF MECHANICS AND TRADESMEN OF THE CITY OF NEW YORK, MECHANICS' HALL, 18 EAST SIXTEENTH STREET, NEW YORK, December 30, 1889.
To the Honorable Board of Estimate and Apportionment of the City of New York: GENTLEMEN—I observe by the public prints of the 28th instant, that your honorable body has appropriated \$12,500 for the New York Free Library and \$7,500 for the Apprentices' Free Library. If this statement be officially correct, I beg leave most respectfully to make the following statements:
No objection is made to any amount given the New York Free Library, but we do most earnestly feel that the appropriation for the Apprentices' Free Library should not be scaled down \$2,500 for the exclusive benefit of the New York Free Library. I freely admit that the almoners of the Apprentices' Free Library have a considerable income, but a very large part of this income is expended in educational and benevolent work entirely outstde of the free library, namely: In maintaining a free school, in mechanical and architectural drawing, of 250 to 300 young men, a considerable class in modeling, a class of some 50 young women in stenography and typewriting, and an annual free course of literary and scientific lectures given at Steinway Hall. In all this educational work expert professors and tutors are employed, suitable rooms with proper appliances, comfortably heated, lighted, ventilated and furnished, are
supplied at a large expense to the society. All this useful educational work is cheerfully done for the benefit of the young men and women of our city, to help make them self-dependent, and better able to earn an honest living, and to become good, useful citizens.
There are few, if any members of the Society who are not tax-payers, thus aiding in making up the 30 odd million dollars for the maintenance of the city government. In view of these facts, gentlemen, it would appear to me that \$2,500 is a small item in the general budget, and should not be deducted from the usual appropriation made to the Apprentices' Free
Library. Permit me to suggest the problem may be easily overcome by your Honorable Board making the general library appropriation \$27,500 in place of \$25,000, and dividing among the three institutions who possess the right to apply under the law of 1886, as follows: \$12,500 to the New York Free Library. \$10,000 to the Apprentices' Free Library. \$5,000 to the Aguilar Free Library Society.
This division would give the additional aid to the first named institution, and at the same time would not reduce the sum applicable to the second, and thus enable them to fully carry out their plans for the coming year. Trusting your Honorable Body may give these remarks a favorable consideration and
reconsider your former action, I remain, with great respect, Yours, sincerely,
Which was received and placed on file. ROBERT RUTTER, President.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has
