

THE CITY RECORD.

OFFICIAL JOURNAL.

VOL. XXII.

NEW YORK, MONDAY, APRIL 23, 1894.

NUMBER 6,373.

DEPARTMENT OF PUBLIC WORKS.

Report for the Quarter and Year ending December 31, 1893.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, January 13, 1894.

Hon. THOMAS F. GILROY, Mayor :

DEAR SIR—In compliance with section 49 of the New York City Consolidation Act of 1882, I have the honor to present the following report of the transactions of the Department of Public Works for the quarter ending December 31, 1893, with a brief review of the operations of the Department for the past year :

SUMMARY OF EXPENDITURES FOR THE QUARTER.

(Being amount of requisitions drawn on the Comptroller.)

On account of appropriations raised by taxation.....	\$841,236 31
On account of Local Improvement Fund.....	471,166 88
On account of Funded Debt for Improvement and Extension of Water Supply.....	63,630 55
On account of Repavement Fund (chapters 346 of the Laws of 1889 and 35 of the Laws of 1892).....	517,587 92
On account of Criminal Court-house Fund.....	262,065 70
On account of Fund for One Hundred and Fifty-fifth Street Viaduct.....	152,198 68
On account of Special Fund for Restoring Pavements over Street Openings.....	39,822 49
On account of Revenue Bonds for Furnishing and Setting Water Meters.....	5,156 52
On account of Fund for New Harlem River Bridge at Third Avenue.....	11,895 47
On account of Fund for Bridge over Harlem Ship Canal at Kingsbridge Road....	32,204 12
On account of Additional Croton Water Fund, authorized by chapter 189 of the Laws of 1893.....	31,109 80
On account of Fund for Additional High Service Works (chapter 38, Laws of 1892)	16,337 55

Total..... \$2,444,411 99

SUMMARY STATEMENT OF CONTRACTS.

Contracts Entered into During the Quarter.

21 sewer and receiving-basin contracts, estimated cost.....	\$106,948 25
22 regulating and grading contracts, estimated cost.....	30,897 91
14 paving and repaving contracts, estimated cost.....	113,719 20
3 fencing contracts, estimated cost.....	492 60
7 miscellaneous contracts, estimated cost.....	1,310,656 23
67 contracts; total estimated cost.....	\$1,562,714 19

The construction of a bridge over the Harlem river at Third avenue, at an estimated cost of \$1,110,919.70, is included in the miscellaneous contracts in the above summary.

Contracts Completed during the Quarter.

28 sewer contracts, cost.....	\$153,616 07
32 regulating and grading contracts, cost.....	65,418 60
49 paving and repaving contracts, cost.....	1,035,707 19
1 contract for laying water-mains, cost.....	5,151 73
2 fencing contracts, cost.....	369 64
2 miscellaneous contracts, cost.....	681,233 08
114 contracts; total cost.....	\$1,941,496 31

One of the miscellaneous contracts was for the improvement of One Hundred and Fifty-fifth street, from St. Nicholas place to Macomb's Dam Bridge, costing \$672,326.58.

BUREAU OF CHIEF ENGINEER OF THE CROTON AQUEDUCT.

The Croton river has furnished a full supply of water to the Old and New Aqueducts since October 26.

The quantities of water drawn from storage reservoirs were :

	Gallons.
Boyd's Corners Reservoir.....	280,000,000
Middle Branch Reservoir.....	280,000,000
East Branch Reservoir.....	1,300,000,000
Bog Brook Reservoir.....	520,000,000
Total.....	2,380,000,000

The rainfall was as follows :

LOCATIONS.	OCTOBER. INCHES.	NOVEMBER. INCHES.	DECEMBER. INCHES.	TOTAL. INCHES.
Boyd's Corners Reservoir.....	6.42	3.32	5.34	15.08
Middle Branch Reservoir.....	5.32	3.23	5.11	13.66
Kensico Reservoir.....	5.85	3.44	3.89	13.18
Croton Dam.....	4.34	2.99	4.56	11.89
Central Park Reservoir.....	4.77	3.35	3.80	11.92

The necessary lands have been acquired for Reservoir "A" on the Muscoot river, and the construction of the reservoir has been diligently prosecuted.

A daily water supply of 10,000,000 gallons has been received through the Bronx river conduit, and for this supply 320,000,000 gallons of water were drawn from the Kensico and Rye Ponds Reservoirs.

The work of constructing a tunnel to carry the waters of the Byram river to the Kensico Reservoir has been steadily prosecuted, and an opening has been made the full length of the tunnel.

The New Aqueduct has continuously supplied water to the City, and has required no repairs.

The East Branch and Bog Brook Reservoirs have been completed, and will be turned over to this Department during the present month.

Maps have been filed of lands to be acquired for the sanitary protection of the Croton and Bronx river water-sheds, and Commissioners have been appointed to appraise the lands around Kensico Reservoir, along the outlet of Rye Ponds, in the Villages of Mount Kisco, New Castle and Kirby's, along the East Branch of the Croton river and Tonetta Brook, from East Branch Reservoir to bridge below Brewsters and around Lake Gleneida. Measures are being taken for the acquisition of lands for the same purpose at other points.

Sewers and disinfecting plant are in use at Brewsters, and several small forces of men are employed clearing away rubbish and refuse where buildings have been sold and are in course of removal.

A force of Deputy Sheriffs is employed to enforce the rules of the Board of Health as to cleanliness around barns and out-buildings that are a nuisance. These structures will also be demolished as early as practicable.

In extending the water service into new streets, 19,120 lineal feet of water-mains were laid, 104 new hydrants placed, and 61 stop-cocks set.

The abutment of the bridge across the Harlem river having been completed in June, the One Hundred and Fifty-fifth Street Viaduct has been extended thereto, and was opened to public travel October 10, 1893.

The work of constructing the bridge across the United States Ship Canal at Kingsbridge road was delayed until October by the filling of the Canal with water; by a difference between the United States Government and their contractors, and by the City having to obtain authority from the Secretary of War to carry on its work, and to build a temporary bridge across the Canal. The temporary bridge was completed in October, and the contractors for the new Draw Bridge have since carried on their work expeditiously. Owing to the flooding of the canal bed, an increased quantity of caisson and coffer dam work is required, which will necessitate application to the Legislature for increased expenditure under chapter 232 of the Laws of 1892.

A contract was entered into October 16, 1893, for the construction of a bridge over the Harlem river at Third avenue, and the work of constructing a temporary bridge has been commenced. Leases of property to be used in connection with the temporary bridge have been made. A Commission has not yet been appointed to appraise the land to be acquired for the approaches to the bridge.

On November 16 and December 7, 1893, contracts were made for the removal of the old gate-house at Tenth avenue and One Hundred and Nineteenth street, and for the building of a new gate-house. Excavations are in progress for this work, and the necessary pipes are being manufactured.

The contractor for the foundations of an engine and boiler-house for the New High Service Works has made fair progress, and will complete the rock excavation during the winter months. On December 7 a contract was entered into for the pumping engines, pumps and boilers for this service.

The old high service pumping machinery is now used to its full capacity, and on Mondays it is unequal to the demands upon it. The large extent of territory supplied from this service, and the number of new buildings lately erected and constantly increasing, have overtaxed this service. Until the new High Service Works are completed, the pressure in the mains will gradually decrease in the high service district.

During the quarter 553 additional taps were put in and 600 new meters were placed.

BUREAU OF WATER PURVEYOR.

35 contracts for paving and repaving streets were completed during the quarter, 20 being for granite-block pavements, 14 for asphalt pavements and 1 for macadam pavement. Of the contracts for granite-block pavements, 10 were for assessment work on streets in the upper part of the City.

The areas of the different pavements laid during the quarter are : Granite, 179,948 square yards; asphalt, 82,544 square yards; macadam, 10,950 square yards.

The force employed in making repairs to street pavements during the quarter averaged 288 mechanics, 306 laborers, 90 horses and carts and 4 teams.

The work performed by this force consisted mainly of taking up and relaying 144,666 square yards of stone-block pavement.

In repairing and renewing pipes, stop-cocks, etc., an average force of 37 mechanics, 96 laborers and 17 horses and carts was employed.

The openings made in the public streets comprised 4,862 to repair gas, steam and sewer pipes and electric conduits and subways, also for connections therewith. In connection with this work, 506 notices were sent to corporations and individuals to repair defects in pavements relaid over such excavations.

8 miles of gas-mains and 17 miles of subways were laid.

OFFICE OF ENGINEER IN CHARGE OF SEWERS.

25 contracts for sewers and 4 contracts for receiving-basins were completed during the quarter. The work done includes the construction of 17,748 lineal feet of sewers and 11 receiving-basins connected therewith.

The following are the principal items of work done in the maintenance and repairs of the sewerage system :

1,705 receiving-basins and culverts cleaned.

31,924 lineal feet of sewers cleaned.

68,263 lineal feet of sewers examined.

98 lineal feet of brick sewer rebuilt.

15 lineal feet of culvert rebuilt.

129 lineal feet of pipe culvert laid.

45 lineal feet of new pipe sewer laid.

4 new manholes built.

37 basins repaired.

6 manholes repaired.

126 manhole-heads reset.

21 basin-heads reset.

923 cubic feet of brick work built.

264 square feet of flagging relaid.

391 square yards of pavement relaid.
4,121 cubic feet of earth excavated and refilled.
3,439 cart loads of dirt removed.

BUREAU OF STREET IMPROVEMENTS.

During the quarter 4 contracts for regulating and grading streets, 33 contracts for flagging, curbing, etc., and two contracts for fencing vacant lots were completed.

The following are the aggregate quantities of work done under the several contracts :

9,976 cubic yards earth excavated.
19,425 cubic yards rock excavated.
53,746 cubic yards filling furnished.
13,534 lineal feet curb-stones set.
7,032 lineal feet curb-stones reset.
147,007 square feet flagging laid.
36,687 lineal feet flagging relaid.
901 lineal feet fencing built.
10,800 cubic yards retaining walls built.
113 lineal feet culvert built.

BUREAU OF STREETS AND ROADS.

The following are the principal items of work done during the quarter in the maintenance and repairs of macadam roadways and unpaved streets under the charge of the Bureau of Streets and Roads :

8,159 square yards roadways repaired and resurfaced.
311 square yards of gutters repaired.
18,662 square yards roadways regulated and graded.
352 square feet bridge-stones relaid.
1,588 square feet flagging relaid.
942 loads stone hauled and used.
192 loads of gravel spread.
104 loads of stone broken.
200 trees trimmed.
86 miles of roadways cleaned.

BUREAU OF LAMPS AND GAS.

The following statement shows the additions and changes made during the quarter in the service of lighting the streets, parks, docks and bridges of the city :

	GAS LAMPS.	ELECTRIC LAMPS.	NAPHTHA LAMPS.
In use September 30.....	24,052	2,390	152
New lamps placed.....	630	52	...
Old lamps relighted.....	75
Lamps discontinued.....	157	1	...
In use December 31.....	24,600	2,441	152

BUREAU OF REPAIRS AND SUPPLIES.

The New Criminal Court Building is practically completed, and little remains to be done to fit it for occupancy. The furnishing of the courts and offices in the building will be proceeded with as rapidly as practicable.

Repairs have been made to Washington, Fulton, Centre, Clinton, Jefferson, Tompkins and Union Markets.

The Seventh, Ninth, Twenty-second and Sixty-ninth Regiment Armories have been repaired where necessary.

The free floating baths have been stored in winter quarters at Gowanus Bay, where they will be repaired and made ready for service next summer.

BUREAU OF INCUMBRANCES.

The following is a summary of the operations of this Bureau for the quarter :

728 complaints of obstructions received and attended to.
229 seizures and removals of obstructions made.
129 permits issued to place building material on public streets.
132 miscellaneous permits issued.

BUREAU OF WATER REGISTER.

This Bureau collected and paid into the City Treasury the following amounts of revenue from the water service :

For water rents.....	\$520,620 40
For penalties on water rents.....	6,610 60
For permits to tap water-mains.....	2,414 00
Total.....	\$529,645 00

MISCELLANEOUS REVENUE.

There were collected and paid into the City Treasury the following amounts from various sources :

For sewer permits.....	\$3,804 69
For vault permits.....	20,742 14
For redemption of street obstructions.....	309 25
For work and materials furnished citizens.....	5,939 11
For articles sold at auction.....	3,403 85
For use of road rollers.....	42 00
For restoring pavements over street openings.....	36,049 50
For furnishing and setting water-meters.....	4,902 14
Total.....	\$75,192 68

REVIEW OF THE OPERATIONS OF THE DEPARTMENT FOR THE YEAR 1893.

SUMMARY OF EXPENDITURES.

On account of Appropriations raised by Taxation.....	\$3,067,531 52
On account of Local Improvement Fund.....	1,287,245 55
On account of Funded Debt for improvement and extension of water supply.....	250,404 04
On account of additional Croton Water Fund.....	89,249 51
On account of Fund for additional High Service Works.....	33,763 46
On account of Repavement Fund (chapter 346 of the Laws of 1889).....	98,887 29
On account of Repavement Fund (chapter 35 of the Laws of 1892).....	1,261,830 76
On account of Criminal Court House Fund.....	427,023 97
On account of Fund for One Hundred and Fifty-fifth Street Viaduct.....	219,475 06
On account of Special Fund for restoring pavements over street openings.....	88,269 71
On account of Revenue Bonds for furnishing and setting water-meters.....	18,320 51

On account of Fund for New Harlem River Bridge at Third avenue.....	\$27,008 94
On account of Fund for Bridge over Ship Canal at Kingsbridge road.....	43,104 82
On account of Fund for Public Building, Twelfth Ward.....	52,885 66
Total.....	\$6,965,000 84

For expenditures under the Local Improvement Fund the City is reimbursed by the collection of assessments on adjacent and benefited property. The money expended for restoring pavements over plumbers' excavations is collected in advance on permits issued to make and repair sewer connections and water connections. For the expense incurred in furnishing and setting water meters the City is reimbursed by collecting from the owners of the property in which meters are placed. If the owners fail to pay the charges, these become liens on the property.

SUMMARY STATEMENT OF CONTRACTS FOR THE YEAR 1893.

Contracts Entered Into.

85 sewer contracts.....	\$364,313 88
98 regulating and grading contracts.....	221,704 05
110 paving and repaving contracts.....	2,219,477 94
40 fencing contracts.....	6,697 74
37 miscellaneous contracts.....	1,626,649 55
4 contracts for water-mains.....	171,478 50
1 contract for bridge over the Harlem river ship canal.....	331,181 55
375 contracts ; total estimated cost.....	\$4,941,503 21

Contracts Completed.

87 sewer contracts.....	\$442,403 00
97 regulating and grading contracts.....	170,642 18
135 paving and repaving contracts.....	2,044,735 68
6 contracts for laying water-mains.....	64,828 13
27 fencing contracts.....	2,710 69
31 miscellaneous contracts.....	789,827 79
1 contract for court building, Twelfth Ward.....	178,373 00
384 contracts ; total cost.....	\$3,693,520 47

WATER SUPPLY.

At present the City is receiving a daily water supply of 179,000,000 gallons, 109,000,000 gallons through the New Aqueduct, 60,000,000 gallons through the Old Aqueduct, and 10,000,000 gallons through the Bronx river conduit.

The average daily supply received during the past year was 174,000,000 gallons, while that for 1892 was 163,000,000 gallons, showing an increased daily supply of 11,000,000 gallons in 1893, with correspondingly increased pressure in the water-mains below Fourteenth street, and in the Twenty-third and Twenty-fourth Wards.

RAIN-FALL.

A rain-gauge was established at Boyd's Corners Reservoir in 1866, since which time a quarterly and annual record of rain-fall have been kept and published in the reports of this Department. This record shows that in 1891 the rain-fall was 48.19 inches, in 1892 45.37 inches and in 1893 57.83 inches. The highest rain-fall in any one year since 1866 was in 1888, when 63.51 inches were recorded, the lowest record since 1866 being 38.52 inches in 1880.

REMOVAL OF NUISANCES.

The work of acquiring land and removing nuisances at the sources of the City's water supply has been vigorously prosecuted, and an expenditure of \$88,308.87 has been incurred for services of engineer corps, laborers, deputy sheriffs, mechanics, sewerage and disinfecting plant, legal fees, advertising, scavenging, etc.

The importance of this work cannot be overestimated, as an abundant supply of pure water is essential to the good health and prosperity of the population. When the Croton water supply was introduced over fifty years ago laws were enacted for its sanitary protection. Unfortunately the methods provided for enforcing the laws rendered them practically ineffectual. When New York was threatened with invasion by cholera, the City authorities bestirred themselves to protect the water supply from defilement, and secured the passage of a law by the Legislature of 1893, giving the Department of Public Works power to enforce peremptory and summary measures for the removal and abatement of nuisances in the Croton and Bronx river water-sheds, by the acquirement of lands on the borders of streams, reservoirs and lakes tributary to the water supply, and by the demolition and removal of buildings from which impure matter found its way into the City's water.

Immediately after the passage of the law referred to (chapter 189 of the Laws of 1893), instructions were issued to the engineers and their assistants in the Croton water-shed to summarily remove the worst nuisances. This was done under the immediate direction and supervision of the Commissioner of Public Works and the Chief Engineer of the Croton Aqueduct.

Among the nuisances removed there were 356 privies, 129 barn yards, including cattle pens, pig-stys and manure heaps, five factories formerly draining into adjacent streams, and 1,000 other miscellaneous nuisances, all of which defiled the water supply more or less.

In connection with the work of removing nuisances, the difficult problem of diverting from its former channel the sewage of villages contiguous to the sources of the water supply, presented itself for solution. In this respect the Village of Brewsters first claimed attention, and a plant was established there by which the sewage was diverted in a direction where it could do no harm.

An experiment has also been made of purifying the sewage by means of the Wolfe electrozone process. The operation and effect of this system is described in a report by Mr. Edward A. Martin, Chemist to the Board of Health, accompanying the report of the Chief Engineer of the Croton Aqueduct. From this report, it appears that the effect of the system is to neutralize or render inoffensive deleterious matter which, if not subjected to the Wolfe's electrozone process, would be detrimental to health. Scientific evidence of the merits of this process is of great importance, hence Mr. Martin's report will be read with interest. The substance of the report is that the Wolfe electrozone process effects the destruction of bacteria, deodorizes and clarifies water or liquid sewage to a much higher degree than any other chemical process, divesting liquid sewage of its contaminating quality.

THE CROTON AQUEDUCT.

Under the appropriation for "Aqueduct, Repairs, Maintenance and Strengthening," the usual work on the several divisions of the Old Aqueduct was continued during the year ; the items of work done, including 6,652 cubic yards of earth excavated ; 6,383 cubic yards of stone quarried ; 2,318 cubic yards of dry masonry built ; 1,272 cubic yards stone masonry built ; 6,068 cubic yards of brick masonry built ; 5,759 cubic yards of concrete masonry built ; 50 lineal feet of coping set ; 1,561 cubic yards of filling and grading ; 10,845 square feet of flagging ; 8,413 square feet of flagging relaid ; 2,115 square feet sodded ; 11,831 lineal feet fencing placed ; 9,986 lineal feet fence repaired ; 7,370 lineal feet fence painted ; 8 fence gates built ; 268 fence posts set.

DISTRIBUTION OF WATER.

During the year large additions have been made to the system for distributing the City's water supply. These additions were necessary in consequence of the increased supply of water received through the New Aqueduct, and comprised the following items : 69,674 lineal feet of water mains laid ; 144 stop-cocks set ; 266 hydrants placed ; 2,355 taps set, and 3,245 additional water-meters

placed; the total length of water-mains laid to December 31, 1893, being 709 miles, with 7,435 stop-cocks, 9,273 fire-hydrants and 30,286 water-meters.

With these additions and changes in the distributing system, an adequate supply of water is furnished to all houses outside the high service district. Within this district the supply is limited to the capacity of the high service pumping machinery, and complaints are frequently received of scarcity of water and lack of pressure to raise it to the upper floors of houses. The supply in the High Service District cannot be increased until the new High Service Works are completed and in operation.

ONE HUNDRED AND FIFTY-FIFTH STREET VIADUCT.

The subject of affording convenient intercommunication between Washington Heights and the low ground along the Harlem river has long occupied the attention of the City authorities. Finally a plan was prepared by the Engineers of this Department, providing for the construction of a viaduct on the lines of One Hundred and Fifty-fifth street, from the high ground at St. Nicholas Terrace to the approach or entrance to the Central avenue bridge at the Harlem river, at or near the end of Seventh avenue. This plan was endorsed by legislative action authorizing the work to be done, and a contract for the same was made July 14, 1890. On October 2, 1893, the viaduct was completed and opened to the public. The total cost of this improvement, exclusive of the finishing touches which have yet to be made at its connection with the new Central bridge, is \$730,000.

NEW BRIDGES.

To furnish greater facilities for public travel over the Harlem river at Third avenue, chapter 413 of the Laws of 1892 was passed, authorizing and directing the construction of a new bridge, under the supervision of this Department. This improvement was also necessary to afford more space for transportation on the river under the bridge, in accordance with the laws of the United States Government. On October 16 a contract was entered into for the construction of the permanent and temporary bridges, the latter to be used during the construction of the former. Work is now in progress under this contract, and it is believed that the entire improvement can be completed by the close of 1895. The estimated cost of the bridge is \$1,222,000.

For some years the work of constructing a ship canal, under the direction of the United States Government, for the purpose of connecting the Harlem and Hudson rivers, on or near the lines of Dykman's Creek, has been in progress. This work made a draw-bridge necessary across the canal, for which bridge a contract was entered into April 13, 1893, and satisfactory progress is now being made with its construction.

STREET PAVEMENTS.

The work of repaving streets and avenues with new and improved pavements has been carried on without interruption during the year. The area and mileage of new pavements laid are: Granite, 389,408 square yards, or about 17 miles; asphalt, 253,151 square yards, or about 14 miles; macadam, 81,292 square yards, or about 2 miles, and trap block, 5,363 square yards, making the total area and mileage of new pavements laid during the year, 729,216 square yards, or 32.80 miles.

In the summary of paving work for the year, included in the Water Purveyor's report, the quantities of pavement laid under the different laws and appropriations are given in full.

The most important pavement work completed during the year was the paving of Third avenue, the Bowery, Chatham Square and Park Row.

Numerous requests for asphalt pavements still come to hand, showing that this class of pavement increases in popularity the longer and more extensively it is used. As far as practicable, requests for asphalt pavements in residential streets, where traffic is not too heavy, are granted, subject to the approval of the Board of Estimate and Apportionment, and the limits of appropriations.

The areas and lengths of the different kinds of pavements in New York City January 1, 1894, are as follows:

	SQUARE YARDS.	MILES.
Specification granite.....	3,359,677.57	153.67
Square granite.....	596,036.30	21.82
Specification trap.....	1,273,808.03	62.81
Belgian trap.....	1,715,316.77	66.93
Cobble.....	35,080.64	0.27
Asphalt.....	1,017,505.16	52.26
Macadam.....	984,527.70	20.80
Total.....	8,861,952.17	378.56

SEWERAGE AND DRAINAGE.

During the year 40,928 lineal feet, or 7.75 miles, of new sewers and culverts were built, and at the close of the year work was under contract and in progress on 27,472 lineal feet of new sewers and culverts. On January 1st the total length of sewers in the city was 455 miles, with 5,432 receiving-basins.

A large proportion of the work accomplished consisted of alterations and improvements to existing sewers. The Engineer in charge of the sewers states that, in a sanitary point of view, this work is of more importance than the construction of new sewers. The class of sewer in which alterations and improvements are chiefly made is old pipe sewers, which have fallen into decay, and are subject to frequent obstructions and overflows, causing inconvenience, annoyance and damage. The reconstruction of all this class of work should be pushed forward as rapidly as possible.

Among the new sewers completed is the outlet sewer from District No. 25, through One Hundred and Sixty-seventh street to the Harlem river, which has proved a great boon to the district. The necessary legal proceedings for this work were commenced five years ago.

With the rapid improvement of vacant property, and the steady growth of population, diligent work is required by the Engineer in Charge of Sewers and his staff to keep the sewerage system in the van of progress.

The force employed in the care and maintenance of sewers during the year consisted of 14 foremen; 2 assistant foremen; 5 bricklayers, 1 time-keeper, 65 wagons, 21 horses and carts, 48 laborers and 1 skilled laborer.

1,211 complaints were received and attended to as follows: Sewers obstructed, 226; basins stopped up, 804; miscellaneous, 181.

803 permits were issued for new sewer connections, and 1,032 for repairing old connections.

The report of the Engineer in charge of Sewers, hereto annexed, gives full details of the work done during the year.

STREET IMPROVEMENTS.

On January 1, work was in progress on 12 contracts for regulating and grading streets. During the year, 144 contracts were entered into, of which 132 were completed.

1,834 complaints of defective sidewalks were received by the Bureau of Street Improvements. On all these complaints examinations have been made, and the owners or occupants fronting on the defective sidewalks have been notified to repair them. In cases where the notices were not complied with, and the sidewalks were considered to be dangerous, certificates and ordinances have been transmitted to the Common Council in compliance with section 321 of chapter 410 of the Laws of 1882, as amended by chapter 569 of the Laws of 1887. The number of certificates and ordinances transmitted to the Common Council during the year was 172, of which 148 were passed and approved.

MACADAM ROADWAYS.

The present length of macadam roadways in this City is 20.80 miles, covering 894,527.70 square yards. Work on these roadways has been diligently carried on by the Bureau of Streets and Roads, and fewer complaints than usual have been received regarding them. In maintaining these roadways, much resurfacing has been done, a full account of which appears in the report of the Bureau.

PUBLIC LAMPS.

In extending and improving the lighting service, 53 miles of new gas-mains have been laid during the year, making the total miles of gas-mains December 31, 1893, 1,349, of which 1,224 miles are on Manhattan Island, and 125 miles north of the Harlem river.

Over 11 miles of additional streets were lighted during the year, making the aggregate length of streets in the City lighted December 31, 1893, 551 miles, including bridges and docks. The area of parks lighted was 70 acres, and 3¼ acres of Gansevoort Market Square.

During the year 1,025 new gas lamps and 915 new electric lamps have been lighted, 232 gas lamps relighted, and 3,179 gas lamps and 11 electric lamps discontinued, the number lighted December 31 being 24,600 gas lamps, 152 naphtha lamps and 2,241 electric lights, making a total of 27,193.

STREET OBSTRUCTIONS.

The following is a summary of the work done in removing street obstructions during the year:

3,714 complaints of obstructions received and attended to.
1,774 seizures and removals of obstructions made.
789 loads of dirt and stone removed.
783 dead and dangerous shade trees removed.
104 telegraph poles removed.
399 miles of electric wires removed.
4,920 building permits issued.
991 miscellaneous permits issued.

CITY REVENUE.

The following is the total revenue from the water service collected and paid into the City Treasury during the year:

For water rents.....	\$3,576,464.08
For penalties on water rents.....	13,893.80
For permits to tap water-mains.....	9,938.50
Total cash receipts.....	\$3,600,296.38

MISCELLANEOUS REVENUE.

The Department has collected from various sources and paid into the City Treasury during the year the following amounts:

For sewer permits.....	\$19,476.62
For vault permits.....	113,154.85
For redemption of street obstructions.....	2,783.25
For work and materials furnished citizens.....	28,156.38
For articles sold at auction.....	10,744.55
For use of road rollers.....	65.00
For restoring pavements over street openings.....	90,770.30
For furnishing and setting water meters.....	15,589.84
Total.....	\$280,740.79

The following documents accompanying this report contain detailed information of the transactions of this Department:

Document A—Statement of appropriations and expenditures.
Document B—Detailed statement of expenditures.
Document C—Summary statement of contracts.
Document D—Report of the Chief Engineer.
Document E—Report of the Water Purveyor.
Document F—Report of Consulting Engineer on Pavements.
Document G—Report of Engineer in Charge of Sewers.
Document H—Report of Superintendent of Street Improvements.
Document I—Report of Superintendent of Streets.
Document K—Report of Superintendent of Lamps and Gas.
Document L—Report of Superintendent of Repairs and Supplies.
Document M—Report of Superintendent of Incumbrances.
Document N—Report of the Water Register.

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

Document "A."

Document "B."

A Detailed Statement of Expenditures for which Requisitions were drawn on the Comptroller by the Commissioner of Public Works during the Quarter ending December 31, 1893.

Aqueduct—Repairs, Maintenance and Strengthening, 1893—

Blacksmithing	\$210 45
Brick	585 00
Building stone	1,200 00
Coal	8,066 82
Cement	646 25
Hardware	560 20
Horse-hire	448 50
Lumber	1,040 76
Oils	154 50
Paints	201 13
Pay-rolls	36,106 04
Repairing roof of tower, High Bridge	3,275 00
Repairing engines and pumps, Ninety-eighth street pumping station	482 38
Repairing roof of keeper's house, Kingsbridge	75 00
Repairing roof of Ninety-eighth street pumping station	785 00
Rubber goods	186 48
Sand	240 00
Sundry supplies, etc.	100 09
Taxes	1,143 87
Telephone cable	300 00
Traveling expenses	88 53
Wire rope	80 25

Total \$55,976 25

Aqueduct—Repairs, Maintenance and Strengthening, 1891—

Improvement of Old Reservoir, Central Park \$16,281 00

Boring Examinations for Grading and Sewer Contracts, 1893—

Pay-rolls \$871 00

Boulevards, Roads and Avenues, Maintenance of, etc., 1893—

Pay-rolls	\$15,277 80
Rent of lot, One Hundred and Nineteenth street and St. Nicholas avenue	1,000 00
Telephone service	45 08

Total \$16,322 88

Bronx River Works—Maintenance and Repairs, 1893—

Pay-rolls \$4,438 50

Total \$4,728 66

Contingencies—Department of Public Works, 1893—

Analysis of asphalt	\$16 50
Drawing materials	44 97
Horse-hire	270 00
Miscellaneous incidental expenses	233 95
Postage stamps	413 00
Professional services	50 00
Traveling expenses	18 65

Total \$1,047 07

Flagging Sidewalks and Fencing Vacant Lots, etc., in Front of City Property, 1893—

Building fence	\$141 40
Flagging sidewalks	1,277 01
Pay-rolls	56 00

Total \$1,474 41

For New Fire Hydrants, 1893—

Placing fire hydrants \$2,278 40

Free Floating Baths—Care and Maintenance, 1893—

Cartage of anchors	\$30 00
Coal and wood	40 50
Gasfitting	120 86
Ice	72 90
Pay-rolls	273 00
Repairing baths	352 98
Recovering anchors	150 00
Skiff	35 00
Sundry supplies	45 66
Traveling expenses	95 18
Towing baths	645 00
Wharfage	1,310 50

Total \$3,171 58

Lamps and Gas and Electric Lighting, 1893—

Boulevard globes	\$596 25
Cast-iron fenders	105 00
Cross-heads	196 00
Fire-alarm lamps	463 00
Gas examinations	352 00
Horse-hire	525 00
Lamp-irons	359 93

The work on the construction of Reservoir "A," on the Muscote river, has been steadily prosecuted, all of the lands necessary for same having been obtained and paid for.

BRONX AND BYRAM RIVERS SUPPLY.

The Commission appointed to appraise damages on the Bronx river below Williamsbridge are taking testimony. Maps of the balance of the lands affected are now being perfected. The regular force has been employed in repairing conduit, roads and fences, cleaning up new land purchased around Kensico Reservoir and outlet of Rye Ponds.

A full uninterrupted supply has been furnished to the conduit to the amount of 10,000,000 gallons per day.

Storage Drawn during the Quarter.

	Gallons.
Kensico Reservoir.....	200,000,000
Rye Pond Reservoir.....	120,000,000
Total during the quarter.....	320,000,000

Storage Drawn during the Year.

	Gallons.
Kensico Reservoir.....	880,000,000
Rye Pond Reservoir.....	400,000,000
Total during the year.....	1,280,000,000

The Contractor for tunnel, etc., to carry the waters of Byram river to the Kensico Reservoir, has steadily prosecuted the work and has an opening the whole length of the tunnel.

Lands Acquired and Damages Paid in 1893.

NEW AQUEDUCT.

The New Aqueduct has continuously supplied water to the city, and no work has been necessary on same except superintendence. The Aqueduct Commission are still in charge and doing work at Croton Dam and at Shaft No. 25.

Maps of lands required for Reservoir "D" and Cornell's have been furnished the Aqueduct Commissioners.

The East Branch and Bog Brook Reservoirs have been completed and will be turned over to this Department in January, 1894.

SANITARY PROTECTION OF THE CROTON AND BRONX RIVER WATER SHEDS.

Maps of lands, etc., required have been filed and Commissioners appointed to appraise the values around Kensico Reservoir, along outlet of Rye Ponds, in the villages of Mount Kisco, New Castle and Kerby's; along the East Branch of the Croton river and Tonaite Brook, from East Branch Reservoir to First Bridge, below Brewsters and around Lake Gleneida.

Public hearings on lands, etc., to be taken have been had for property necessary at Patterson, West Patterson, Towners, on East Branch of Croton river, from First Bridge below Brewsters to Westchester County line, on West Branch of Croton river, from Reservoir "D" to Middle Branch of Croton river, along Beargutter Creek, from outlet of Rye Ponds to tunnel, and around Byram Pond. Maps of same are being perfected and will be forwarded to the Counsel to the Corporation in a few days for the appointment of Commissioners to appraise same.

Surveys are now being made at White Pond and Farmer's Mills, at Lake Mahopac and Kirk and along Muscote river, along Middle Branch of Croton river, and on Byram river and Rye Ponds.

Sewers and disinfecting plant are operated at Brewsters, and several small forces of men are employed cleaning up at Kensico, Mount Kisco, Carmel and Brewsters where the houses, barns, etc., have been sold and are in process of removal.

A force of men deputized as sheriffs are employed to enforce the regulations as to cleanliness around barns, etc., during the winter, and until the same can be secured and abolished under regular proceedings of appraisal.

Amounts Expended in 1893 for Sanitary Protection.

For Laborers, Engineer Corps, Deputy Sheriffs, Mechanics and sewerage plant.....	\$32,946 40
For materials used.....	7,842 15
For legal fees, witnesses, etc.....	12,407 20
For advertising.....	9,823 03
For scavenging.....	4,004 88
For disinfecting plant.....	21,285 21
Total.....	\$18,308 87

The following nuisances have been abated or abolished since last detailed report of June 30, 1893:

Brewsters.

No.	NAME OR PLACE OF OWNER.	DESCRIPTION AND NATURE OF WORK.
1	2,000 lineal feet of Tonetta Brook paved at bottom, dry stone slope ramp constructed, reaching above the high-water mark.
2	$\frac{3}{4}$ mile of Tonetta Brook cleared of brushwood and cleansed of all filth and animal remains on its border which had previously been concealed by the undergrowth.

The regular work on the several divisions has been continued as usual during the past quarter such as care of surface of Aqueduct, gate-houses, machinery, etc., patrolling reservoirs, etc.

First Division—The work on this division has been cutting brush along line of Old Aqueduct and around lake; repairing and painting fences; repairing highway bridge dam; putting on string pieces and covering iron work; grading in front of breast wall; cleaning out ditches and culverts along line of Old Aqueduct.

Second Division—The work on this division has been rebuilding part of stone-wall on Potter bank; excavating on top of file works arch and refilling with concrete and earth; building, repairing and painting fences and clearing up line.

Third Division—The work on this division has been rebuilding retaining-walls on arch and long bank; tearing down of old wall and excavation necessary for same; quarrying rock for walls; concrete walk built about Keeper's house; building cesspools for Keeper's house, built a brick kitchen for Keeper's house and painting. The grounds around Shaft No. 9, New Aqueduct, received a top dressing of manure; cleaning up line, etc.

Fourth Division—The work on this division has been building retaining-wall; building and repairing fences; cleaning up line; cleaning and repairs to culverts, crosswalks and drains.

Fifth Division—The work on this division has been building retaining-wall on Steward bank and north of Keeper's house. Flagging and relaying sidewalk; coping set on cement; hauling stone and earth; filling and grading and sodding; setting gate-posts; building, repairing and painting fences; cleaning and repairs to crosswalks, gutters and drains, etc.

Sixth Division—The work on this division has been building and painting fences; quarrying stones; repairing cross-roads; filling and grading; cleaning up line; cleaning and repairs to culverts, drains, gutters, etc.

Seventh Division—The work on this division has been cleaning and repairs to all the approaches to High Bridge; cleaning culverts, drains, etc.; repairing and painting fencing; reservoir is cleaned daily and kept free of leaves, scum, etc.; the gate-houses have been kept clean and the screws well greased; fire is kept in tower; finished cleaning reservoir October 3, and refilled the cracks and stopped all leaks both in bottom and sides; the water was turned on October 12; the iron railing around reservoir has been painted; painting in tower and gate-houses; a new flooring was laid on coal dock; wasteway from engine-house was built, also cesspool; spreading ashes along line of Aqueduct; hoisting coal for engine-house, gate-house and tower, as required; cleaning up lines and culverts, drains, etc.

Eighth Division—The work on this division has been cleaning and repairs of Central Park and Forty-second Street Reservoirs, gate-houses, chambers and outside mains; cleaning, repairs and maintenance of high service works, Ninth and Tenth avenue gate-houses and grounds; gathering leaves around reservoirs and from the water; making new screen frames; doing odd jobs of mason and painting; patrolling Central Park reservoirs and pipes lines. The work for the improvement of the Old Central Park Reservoir is still in progress.

Work Done during the Year 1893.

The above is a summary of the work done along the Croton Aqueduct during the year 1893. The general character of the work has been maintenance and strengthening, with the result of considerable improvement all along the line; the more particular work has been abating nuisances around the Croton Lake; extensive repairs in tunnel of Aqueduct, from Sing Sing to and including Kingsbridge, the water being shut off from May 19 to July 11, the prison at Sing Sing being supplied from the water supply of Sing Sing village during this time; a new iron fence was built on Seventh Division; the High Bridge Reservoir was thoroughly cleaned and repaired; the improvement of the Old Central Park Reservoir is still in progress; excavating and filling with concrete on top of File Works Arch at Sing Sing; a new extension kitchen was built for Keeper's house on Third Division.

First Division—The work on this division has been cleaning out ditches; building and repairing fences; abating nuisances; grading in front of breast wall, new gate-house; cleaning tunnel; working highway; placing stone at toe of apron; cutting grass; painting and repairing highway bridge below Dam.

Second Division—The work on this division has been building stone walls; cleaning up line, ditches and drains; shoveling snow; building and repairing fences; repairs in tunnel Aqueduct; cleaning tunnel from upper to lower end of division; rebuilt part of invert on "File Works Arch"; excavated on top of "File Works Arch" and refilled the same with earth and concrete; building, repairing and painting fences, and cleaning up line, ditches, etc.

Third Division—The work on this division has been building stone walls, with all the necessary excavation for same; quarrying stone; spreading manure; hauling stone; shoveling snow; building, repairing and painting fences; built a large shed for storage of brick; repairs and cleaning Aqueduct tunnel; cutting grass and building on Church Bank; building new kitchen and cesspool for Keeper's house; painting in Keeper's house and keeping line and drain clean.

Fourth Division—The work on this division has been building and repairing fences; repairs to banks; cleaning crosswalks of snow; repairs and cleaning Aqueduct tunnel; building retaining-wall near Keeper's house; cleaning Aqueduct grounds, and repairs to culverts, drains, etc.

Fifth Division—The work on this division has been building, repairing and painting fences; filling and grading; building fence-gates; shoveling snow; repairing and cleaning Aqueduct tunnel; pointing up masonry; sodding; building stone walls; excavation for stone walls; hauling stone; building brick basin for drain in Garden street; coping set in cement; flagging and relaying; cleaning up line, ditches, crosswalks, etc.

Sixth Division—The work on this division has been quarrying stone; rebuilding stone fences; building, repairing and painting fences; setting fence-posts; repairing and cleaning Aqueduct tunnel; built an additional room over kitchen in Keeper's house; opened the road at One Hundred and Eighty-fourth street and put two rings of brick over Aqueduct; refilled, curbed and flagged the street; cleaning up line of Aqueduct, drains, culverts and crosswalks; cutting grass, etc.

Seventh Division—The work on this division has been cleaning screws in gate-houses and keeping them well greased; painting tank in tower (fire has been kept in tower during the winter to prevent freezing of the pipes); shoveling snow; putting new bagging on pumps; painting in engine-room; the mason from the Eighth Division has been putting new bars in furnace, spreading manure, spreading limestone screenings, building, repairing and painting fences, hoisting coal, cutting grass and having same hauled away, painting at keeper's house and gate-houses, excavation for and mason-work to hold drainage-pipe from engine-house to Harlem river; water was run off the reservoir September 5 and 6 into the aqueduct until nearly empty and the remaining water turned into the Harlem river. The reservoir was all cleaned and repaired; repairs to tower, repairing walks, ditches, culverts, etc.; water was turned on for reservoir October 12th; new floor was laid on coal dock; cleaning up line, roadways and all approaches to bridge.

Eighth Division—The work on this division has been cleaning and repairs of Central Park and Forty-second street reservoirs, gate-houses and outside mains; cleaning, maintenance and repairs of high-service works, Ninth and Tenth avenue gate-houses and grounds; shoveling snow around reservoir; doing odd jobs of mason-work; painting at high-service works, chamber of gate-house and keeper's house; patrolling Central Park reservoirs and pipe-line; continuing the improvement of old Central Park reservoir; painting gate-house doors, roof, windows and iron-work; pointing slopes on old reservoir, repairing windows and doors of gate-houses, building new frames for screens, cutting grass around reservoir, gathering leaves around reservoir and from the water. Contracts for repairing roof of tower at High Bridge and for furnishing coal have been completed.

LAYING CROTON PIPES.

Contracts for laying water-mains in the following streets and avenues have been completed during the quarter:

Rider avenue, between One Hundred and Forty-second and One Hundred and Forty-fourth streets.

Prospect avenue, between One Hundred and Forty-ninth street and Westchester avenue.

One Hundred and Twelfth street, between Madison and Fifth avenues.

One Hundred and Fifteenth street, between Lenox and Seventh avenues.

One Hundred and Seventeenth street, between Park and Madison avenues.

One Hundred and Thirty-third street, between Trinity and Willow avenues.

One Hundred and Thirty-third street, between Amsterdam avenue and Boulevard.

One Hundred and Thirty-seventh street, between Lenox and Seventh avenues.

One Hundred and Thirty-eighth street, between Walnut and Willow avenues.

One Hundred and Forty-fifth street, between Boulevard and Hudson River Railroad.

One Hundred and Forty-ninth street, between Boulevard and Hudson River Railroad.

One Hundred and Fifty-sixth street, between St. Ann's and Eagle avenues.

One Hundred and Fifty-eighth street, between Mott and Gerard avenues.

One Hundred and Sixty-sixth street, between Amsterdam avenue and Kingsbridge road.

One Hundred and Eighty-fourth street, between Tiebout and Webster avenues.

George street, between Boston and Forest avenues.

One Hundred and Thirty-second street, between St. Ann's and Trinity avenues.

One Hundred and Fifty-fifth street, between Amsterdam and St. Nicholas avenues.

One Hundred and Fifty-seventh street, between Third and Elton avenues.

Tinton avenue, between George and Home streets.

One contract for laying pipe has been made; one contract for pipe and one contract for stop-cocks, hydrants, etc., completed.

STREETS AND AVENUES IN WHICH WATER-MAINS HAVE BEEN LAID IN 1893.

48-inch Pipe.

One Hundred and Third street, between Madison and Second avenues.

Second avenue, between One Hundred and Third and Eighty-sixth streets.

Second avenue, between Fifty-eighth and Seventy-eighth streets.

36-inch Pipe.

From 600 feet south of Shaft No. 25, New Aqueduct, to 1,080 feet south of same.

Southern Boulevard, from Home street, 400 feet south.

Sixth avenue, between Forty-first and Forty-second streets.

30-inch Pipe.

Sixth avenue, crossing Forty-first street.

20-inch Pipe.

Sixth avenue, between Thirty-eighth and Forty-first streets.

12-inch Pipe.

Southern Boulevard, between One Hundred and Sixty-seventh and Home streets.

Baxter street, between Park Row and Canal street.

Twelfth avenue, between Fifty-fifth and Fifty-eighth streets.

Park avenue (west side), between Ninety-fourth and One Hundredth streets.

One Hundred and Thirty-third street, between Amsterdam avenue and Boulevard.

One Hundred and Thirty-eighth street, between Willow and Walnut avenues.

Third avenue, between One Hundred and Thirty-sixth and One Hundred and Forty-first streets.

6-inch Pipe.

Thirteenth avenue, between Thirteenth and Fourteenth streets.

One Hundred and Second street, between Amsterdam and West End avenues.

Hamilton place, between One Hundred and Forty-first and One Hundred and Forty-fourth streets.

One Hundred and Eighty-first street, between Amsterdam and Eleventh avenues.

One Hundred and Forty-eighth street, between Morris and Railroad avenues.

One Hundred and Fifty-third street, between Morris and Railroad avenues.

One Hundredth street, between Third and Lexington avenues.

Topping street, between One Hundred and Seventy-third and One Hundred and Seventy-fourth streets.

Chisholm street, between Jennings street and Stebbins avenue.

West End avenue, between One Hundred and Fifth and One Hundred and Seventh streets.

Ninety-third street, between Boulevard and West End avenue.

One Hundred and Fifteenth street, between Boulevard and Riverside avenue.

One Hundred and Forty-first street, between Amsterdam and St. Nicholas avenues.

Veris avenue (First street, Woodlawn), between Eastchester avenue and City Line.

Clinton avenue, between Tremont avenue (One Hundred and Seventy-seventh street) and Samuel street.

Ninety-first street, between Amsterdam avenue and Boulevard.

One Hundred and Seventieth street, between Webster avenue and Harlem Railroad.

Railroad avenue (west), between One Hundred and Sixtieth and One Hundred and Sixty-first streets.

One Hundred and Fiftieth street, between Morris and Railroad avenues.

Madison avenue, between One Hundred and Thirty-seventh and One Hundred and Thirty-eighth streets.

One Hundred and Thirty-eighth street, between Madison avenue and Harlem river.

Ninety-third street, between First avenue and Avenue A.

Avenue A, between Ninety-second and Ninety-third streets.

Kelly street, between Robbins and Wales avenues.

Union avenue, between One Hundred and Sixty-first street and Westchester avenue.

Beach avenue, between Kelly street and Westchester avenue.

Eagle avenue, between Westchester avenue and Cedar place.

Travers street, between Jerome and Creston avenues.

One Hundred and Forty-eighth street, between St. Nicholas and Amsterdam avenues.

Edgecombe avenue, between One Hundred and Forty-fifth and One Hundred and Forty-sixth streets.

One Hundred and Twelfth street, between Madison and Fifth avenues.

One Hundred and Fifteenth street, between Lenox and Seventh avenues.

Alexander avenue, between One Hundred and Thirty-second street and Southern Boulevard.

One Hundred and Thirty-seventh street, between Lenox and Seventh avenues.

One Hundred and Forty-fifth street, between Boulevard and Hudson River Railroad.

One Hundred and Forty-ninth street, between Boulevard and Hudson River Railroad.

One Hundred and Seventeenth street, between Madison and Park avenues.

Across East river, between One Hundred and Fortieth street and Locust avenue and North Brother Island.

One Hundred and Fiftieth street, between Walton and River avenues.

Eighty-third street, between Avenue B and East river.

One Hundred and Sixty-sixth street, between Amsterdam avenue and Kingsbridge road.

Prospect avenue, between One Hundred and Forty-ninth street and Westchester avenue.

George (One Hundred and Sixty-sixth) street, between Boston and Forest avenues.

One Hundred and Thirty-third street, between Trinity and Willow avenues.

One Hundred and Forty-eighth street, between Amsterdam avenue and Boulevard.

One Hundred and Fifty-sixth street, between St. Ann's and Eagle avenues.

Rider avenue, between One Hundred and Forty-second and One Hundred and Forty-fourth streets.

Fairmount place, between Prospect avenue and a point 550 feet west.

One Hundred and Eighty-fourth street, between Tiebout and Webster avenues.

One Hundred and Thirty-second street, between St. Ann's and Trinity avenues.

One Hundred and Fifty-fifth street, between Amsterdam and St. Nicholas avenues.

One Hundred and Fifty-eighth street, between Mott and Gerard avenues.

One Hundred and Seventy-second street, between Third and Vanderbilt avenues.

One Hundred and Seventy-third street, between Third and Vanderbilt avenues.

One Hundred and Fifty-seventh street, between Third and Elton avenues.

One Hundred and Forty-fourth street, between Mott and Morris avenues.

Oakland place, between Clinton and Prospect avenues.

Prospect avenue, between Oakland place and Grote street.

Tinton avenue, between George and Home streets.

Van Corlears place, between Kingsbridge avenue and a point 455 feet south.

Van Corlears place, between Wicker place and a point 427 feet south.

Wicker place, between Kingsbridge and Jansen avenues.

Jansen avenue, between Terrace View avenue and a point 620 feet south.

Tinton avenue, between Westchester avenue and Denman place.

Wales avenue, between Westchester avenue and Kelly street.

REPAIRING AND RENEWAL OF PIPES, STOP-COCKS, ETC.

A gang of men have been employed relaying mains, changing taps, etc., during the quarter, as follows:

Pearl street and Broadway.
 One Hundred and Fortieth street, between Third and Alexander avenues.
 One Hundred and Thirty-ninth street, between Third and Alexander avenues.
 Lincoln avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-eighth streets.

One Hundred and Thirty-seventh street, between Third and Lincoln avenues.
One Hundred and Tenth street, between intersection of Park avenue.
Thirtieth street, between Eleventh and Thirteenth avenues.
Seventieth street, between Eleventh avenue and Hudson River Railroad.
Bank street, between West and Washington streets.
Bethume street, between West and Washington streets.
Seventeenth street, between Tenth and Eleventh avenues.
Sixty-second street, between intersection of Avenue A.

ONE HUNDRED AND FIFTY-FIFTH STREET VIADUCT.

The abutment of the bridge across the Harlem river having been completed in June, the viaduct structure was extended to same and opened for travel October 10, 1893.

BRIDGE ACROSS SHIP CANAL AT KINGSBRIDGE ROAD.

This work was delayed until October by the filling of the canal with water, the settlement between the United States Government and their contractors on the canal work, and obtaining consent of the Secretary of War allowing the City to carry on their work and to build a temporary bridge across the canal.

The temporary bridge was completed in October, and the contractors for the new draw-bridge have since carried on their work expeditiously, and will continue during the winter with the caisson work. Owing to the change in conditions from a dry canal bed to the same filled with water, the increased amount of caisson and coffer-dam work under the contract prices will necessitate the application to the Legislature for an increased amount to be expended under chapter 232, Laws of 1892.

BRIDGE ACROSS HARLEM RIVER AT THIRD AVENUE.

A contract was entered into for this work October 16, 1893, and work has commenced on the temporary bridge. Leases of the property necessary for the temporary bridge have been made. The Commission to appraise the values of land necessary to be taken for the approaches has not as yet been appointed. The completion of the bridge depends on obtaining control of these lands.

BUILDING NEW GATE-HOUSE AND REMOVAL OF OLD GATE-HOUSE AT TENTH AVENUE AND ONE HUNDRED AND NINETEENTH STREET.

Plans and specifications for this work have been made and contracts for same were entered into November 16, 1893, and December 7, 1893, and work has commenced on the excavation and on the manufacture of the pipes.

NEW HIGH SERVICE WORKS.

The contractor for foundations of engine and boiler-house has continued work, and during this winter will complete the rock excavation for same. A contract was entered into on December 7 for the pumping engines, pumps and boilers.

HIGH SERVICE.

The pumping machinery is now used to its full capacity, and on Mondays is not able to keep up pressures. The large extent of territory supplied and the large number of new buildings has outgrown the pumping facilities, so that until the New High Service Works are completed the pressure will gradually decrease in the High Service district.

TAPS.

Number of taps put in during the quarter.....	553
Number of taps put in during the year	2,355

METERS.

Number of meters placed during the quarter.....	600
Number of meters placed during the year.....	3,245
Number of meters now in use.....	30,286

WASTE AND USE OF WATER.

The supply to the city at present is as follows:	
Through New Aqueduct.....	Gallons per day. 109,000,000
Through Old Aqueduct.....	60,000,000
Through Bronx river conduit	10,000,000
Total gallons per day	179,000,000
Average gallons per day during 1893.....	174,000,000
1892.....	163,000,000

—being an increase of use of 11,000,000 gallons per day, the pressures having been increased below Fourteenth street and in the Twenty-third and Twenty-fourth Wards.

The supply to the city now depends on the laying of large mains and new pumping machinery.

As the streets and avenues are largely filled with subways, vaults, sewers, gas-pipes, etc., it is not practicable to increase the mains in the lower part of the city, necessitating the continuing of metering all buildings so as to stop waste and keep up pressures.

Respectfully yours,

G. W. BIRDSALL, Chief Engineer Croton Aqueduct.

HEALTH DEPARTMENT, NO. 301 MOTT STREET,
NEW YORK, December 6, 1893.

(Enclosure.)

Hon. MICHAEL T. DALY, Commissioner of Public Works, New York City:

SIR—In compliance with your request I have to forward herewith a report of our Chemist, Edward W. Martin, on the effect of electrozone (hypo-chlorite of soda solution) upon the Croton water and upon the sewage of the town of Brewsters. You will remember that in the early part of this year I recommended that the electrozone plant be placed at the town of Brewsters, and so arranged as to treat, by means of electrozone, the sewage of the aforesaid town. The treatment of the sewage by means of a sewage disposal plant had been previously determined upon, and it had been found that the cost of a disposal plant, based upon known scientific principles, would be \$15,000. It occurred to me that the electrozone treatment would be, if anything, more efficacious for the purpose in question at Brewsters than the old method of sewage disposal, and that the cost would be considerably less. Acting upon this opinion I recommended the application of the electrozone method to the sewage disposal for the town. The cost of the plant, completed and doing the work for which it was designed, was, I believe, about \$5,000. Just one-third the proposed expenditure for the sewage plant at first contemplated.

During the months of July and August the Croton acquired a very unpleasant taste, smell and appearance. To correct this, experiments were made to ascertain the effect of electrozone solution on the affected water. The result of these experiments justified the erection of a plant, which I recommended, at Brewsters for the purpose of water purification. The report of the Chemist fully verifies the opinion formed from the preliminary tests.

I have the honor to be, respectfully yours,
(Signed) CYRUS EDSON, Commissioner.

HEALTH DEPARTMENT—OFFICE OF THE CHEMIST,
No. 301 MOTT STREET, NEW YORK.

CYRUS EDSON, M. D., Commissioner:

SIR—I have the honor to make the following report as to the effect upon Croton water and sewage of electrozone (hypo-chlorite of soda).

First—Upon water, the use of hypo-chlorite of soda as a disinfectant is not new. Of late years it has been proven that the hypo-chlorites of the alkaline earths, as lime and magnesia, and of the alkies, as soda potash and ammonia, are not only germicides, but that they rank in efficiency with bi-chloride of mercury, carbolic acid, etc., and under certain conditions are even superior, that is, 1 per cent. solution of hypo-chlorite of soda will prove more efficacious than 1 per cent. solution of bi-chloride of mercury or carbolic acid, and for these reasons:

1. Bi-chloride and carbolic acid tend to form insoluble compounds with albuminous substances. The result is that where a mass of material of this nature is brought in contact with these disinfectants that while the outside layer is disinfected, yet the very process of disinfection forms a wall beyond which the disinfectant cannot penetrate. The result is that the subsequent contact with some solvent, as water, and the breaking up of the mass, permits those bacteria, which were tuated in the interior, to propagate and produce their characteristic disease if brought in contact with man or animals.

Hypo-chlorites, on the other hand, do not tend to coagulate albuminous matter, and, therefore, their penetration is much greater.

2. Carbolic acid and bichloride often merely affect the albuminous material only physically and not chemically.

Hypochlorite, on the other hand, when brought into contact with organic matter of any kind, at once decomposes. Nascent chloride and O₂ is liberated, which unites with a portion of the hydrogen contained in the organic matter, and a true chemical compound is formed.

It is easy to see, therefore, that whether the organic matter be organized, as in the form of bacteria, or unorganized, as in sewage, the media upon which they feed, that it is decomposed and a new chemical compound formed. This is undoubtedly its action, either as a germicide or deodorizer.

The questions then arise: Would it be possible to add hypochlorite to a polluted water supply so as to render the water suitable for domestic uses? Would it be possible to add hypochlorite to a water supply rendered unpleasant to taste and smell (as in storage water), so as to render the water palatable? Would it be possible to add hypochlorite to sewage, or to so treat sewage so as to render it sterile?

As hypochlorites have heretofore been produced, the cost would have forbidden its use; but by means of the action of a current of electricity on a solution of salt or sea-water, hypochlorites can be produced in any quantity, dependent only upon the amount of electricity used.

This is the so-called "Electrozone," and is made by passing a current of electricity, by means of suitable electrode, through a solution of salt in water or through sea-water.

According to your instructions I proceeded to Brewsters, Putnam County, New York, in August last, fitted up a bacteriological laboratory and a chemical laboratory at the Brewsters house in that village, and have from that time until the first of November made an exhaustive series of experiments and analyses, both bacteriological and chemical, to determine the value of the electrozone as a purifier of the Croton water, and as a means of preventing sewage from contaminating our water supply.

The plant for the production of the electrozone is situated in the Village of Brewsters, about 500 feet from the depot of the Harlem River Railroad, and about 1,000 feet from the East Branch of the Croton river, and consists of the engines and dynamos necessary to produce the desired current and tanks in which to produce the electrozone. A pipe was laid from the tanks to the Croton river, at a point about 200 feet above the Red bridge. This pipe was continued across the river, about 100 feet wide at this point. This part of the pipe was perforated with small holes, about $\frac{1}{8}$ of an inch in diameter. A meter was placed in the pipe line, so that the amount of electrozone used could be measured. A branch from this pipe connected with a perforated pipe across Tonetta Brook, about 500 feet from its junction with the Croton, and by a suitable arrangement of valves the electrozone could be measured, and discharged either into Tonetta Brook or into the East Branch (see diagram). On Tonetta Brook, about 100 feet below the pipe, a dam was constructed containing two 12-inch pipes; this enabled me to accurately measure the flow of water in the brook at the time experiments were made or samples taken. I was, therefore, enabled to determine: First, the amount of electrozone which passed into either the East Branch or Tonetta Brook, and, of course, by chemical analyses of samples taken at time of experiment, of the amount of available chlorine contained in the electrozone; approximately the amount of water flowing down the East Branch, and accurately the amount of water flowing down Tonetta Brook at any given time.

Tonetta Brook was selected as giving such varying conditions as would not be obtained in the East Branch. Besides, Tonetta Brook contained a very much larger number of bacteria, and would, therefore, be a more severe test of the efficacy of the electrozone than a purer stream, such as the East Branch, would.

The conclusion drawn in this report are from the result of many hundred chemical and bacteriological analysis made almost daily, so that all possible variations of summer and fall weather were obtained. From the results of the bacteriological and chemical analysis it is evident that the action of electrozone added to water in suitable quantities, dependent of course upon its character:

1. Renders it sterile.
2. Induces sedimentation.
3. Removes completely the odor and taste due to the decomposition of organic matter, as in storage water.
4. Tends to render water colored from peaty bogs, or from the decomposition of organic matter, colorless.
5. The electrozone is transformed by its action upon the organic matter to ordinary salt.

Therefore, I am of the opinion that if plants for the production of electrozone are erected at the reservoirs, and at Croton lake, when the water enters the old and new aqueducts, and the electrozone is discharged into the water at these points, that the water will be purified, as follows:

1. Removal of the intensely disagreeable odor and taste, common to all storage water.
2. Removal of the greater part of the yellow color due to storage water and to water from peaty bogs.
3. Removal of a very large amount of the suspended matter by means of the sedimentation induced.
4. Oxidation of much of the nitrogenous organic matter, with a marked effect in the destruction of bacteria.

Second—As to the action of the electrozone upon sewage. Experiments were made as to the action of the electrozone upon sewage in two ways.

1. The additions of certain amounts to the sewage in the sewer.
2. Submitting the sewage to the action of the electric current.

First—Addition to the sewage in the sewer. The main sewer of Brewsters runs past the electric station. In the station a tank was built of a capacity of 1,000 gallons. This was filled with water, salt was added in sufficient quantities to make the solution one containing 2 per cent. of salt. The electric current was now passed through until the solution in the tank contained about 40 grains of hypochlorite to the gallon. After this the solution was run into the sewer at the rate of about 50 gallons per hour, the flow of the sewer being about 200 gallons per hour.

The sewage, after this addition of the electrozone, as it was discharged upon the surface of the ground and into the ditches which acted as conduits to the filter bed, was almost sterile and perfectly odorless.

Second—The tank was filled with sewage, sufficient salt added so that the sewage contained about 2 per cent. of salt. The electric current was passed through and the following results were obtained, samples being taken for bacteriological analyses every 15 minutes:

- a. Before treatment 10 million bacteria per c. c.
- b. After 1 hour and 30 minutes the sewage contained no bacteria, or, in other words, was sterile.

These experiments and analyses were repeated many times with the same results. Therefore, as to the sewage, I am of the opinion that by the addition of electrozone to the effluent from settling tanks, or by the treatment of the strained sewage to which salt has been added by a current of electricity, as in the manufacture of electrozone, that the said effluent or the strained sewage can be rendered odorless and sterile, or nearly so, that in either case it could be run upon the surface of the ground at points even contiguous to the Croton river or its tributaries. The results as given and the conclusions reached are not from one or two experiments, but from the results of many experiments and analyses under conditions as to temperature and rainfall which would give every possible variation, and such a large number of facts, as to render the conclusions reached nearly positive.

Respectfully submitted,
(Signed) EDWARD A. MARTIN, Chemist.

Document "E."

REPORT OF THE WATER PURVEYOR.

DEPARTMENT OF PUBLIC WORKS,
WATER PURVEYOR'S OFFICE, NO. 31 CHAMBERS STREET, ROOM 1,
NEW YORK, January 1, 1894.

Hon. MICHAEL T. DALY, Commissioner of Public Works:

SIR—I respectfully submit the following report of the transactions of the Bureau of Water Purveyor for the quarter ending December 31, 1893, followed by a summary of the work of the bureau for the same year.

REPORT FOR THE QUARTER.

RECEIPTS.

The following amounts have been received and deposited with the City Chamberlain:
For the construction of vaults..... \$20,742 14
For work and materials furnished..... 5,939 11
Total..... \$26,681 25

Vouchers in payment for work, materials and salaries, amounting in the aggregate to one million sixty-three thousand one hundred and sixty-four dollars and ninety-eight cents, were transmitted and charged to the following accounts:

EXPENDITURES.	
Repairs and Renewal of Pavements and Regrading.....	\$106,332 92
Repairs and Renewal of Pavements and Regrading—Salaries, 1893.....	3,616 48
Repaving Streets and Avenues, 1890.....	28,720 55
Repaving Streets and Avenues, 1891.....	25,809 08
Repaving Streets and Avenues, 1893.....	64,634 15
Repaving Streets and Avenues—Salaries.....	4,686 75
Public Drinking-hydrants.....	263 71
Public Drinking-hydrants—Salaries.....	300 00
Repairing and Renewal of Pipes, Stop-cocks, etc.....	31,601 59
Repaving (chapter 346, Laws of 1889), 1889.....	5,340 34
Repaving (chapter 346, Laws of 1889), 1890.....	20,186 05
Repaving (chapter 346, Laws of 1889), 1891.....	12,294 09
Repaving (chapter 35, Laws of 1892), 1892.....	45,789 03
Repaving (chapter 35, Laws of 1892), 1893.....	440,340 11
Street Improvement Fund.....	234,558 04
Restoring and Repaving—Special Fund—Department of Public Works.....	38,679 09
Contingencies—Department of Public Works.....	13 00

Total.....\$1,063,164 98

PERMITS ISSUED.

43 for the construction of vaults.
55 for repairs to vaults.
44 for the erection of guy posts.
102 for building fires on the streets.
23 for repairs to pavements at owners expense.
53 for building fires under boilers for hoisting purposes.
And under resolution of the Board of Aldermen, approved April 7, 1893, to Joseph Sloan, to lay a crosswalk across Columbus avenue, in front of No. 309, at his own expense.

REPAIRS AND RENEWAL OF PAVEMENTS AND REGRADING.

The force employed in making repairs to street pavements averaged as follows:
In October.....235 mechanics, 269 laborers, 81 horses and carts, 4 teams.
In November.....270 " 322 " 94 " 4 "
In December.....271 " 321 " 95 " 4 "

The work done by this force consisted mainly in taking up and relaying 144,666 square yards of stone-block pavement. Under orders given to the various asphalt paving companies, 843 square yards of asphalt pavement were repaired.

REPAIRING AND RENEWAL OF PIPES, STOP-COCKS, ETC.

The force employed averaged as follows:
In October.....37 mechanics, 96 laborers, 17 horses and carts.
In November.....37 " 96 " 17 "
In December.....36 " 96 " 17 "

The following is a summary of the principal work performed by this force:
193 old fire-hydrants were taken out and new ones put in place.
3 new fire-hydrants were put in.

1,095 fire-hydrants were repaired.
319 stop-cocks were repaired.
263 taps were shut off.
424 defects in Croton water-mains were repaired.
1,455 square yards of pavement were repaired.
298 feet of old water-mains were relaid.
36 feet of new water-mains were laid.

PUBLIC DRINKING-HYDRANTS.

12 public drinking-hydrants were repaired, and water was shut off from all public drinking-hydrants in the City, late in December, so as to prevent damage to them by frost.

STREET OPENINGS.

The following is a statement of work done under the supervision of the General Inspector of Street Openings:

4,862 openings in the pavement were made to repair mains other than Croton water-mains, and to make repairs to connections for gas, steam, sewer, electric-lights and subways and to put in new connections therewith.
506 notices were sent to corporations and others to repair bad places in the pavements where such openings had been made.
368 such places were repaired.
8.12 miles of gas-mains were laid.
17 miles of subways were laid.

CONSTRUCTION OF NEW PAVEMENTS.

The following is a list of paving and repaving contracts completed, classified according to the kind of pavement laid, and the fund or appropriation under which the work was authorized:

REPAVING STREETS AND AVENUES.

With Granite Blocks.

STREET.	FROM	SQUARE YARDS.	LINEAL FEET.
Third avenue.....	Fifty-ninth to Ninety-sixth street.....	46,930.0	9,840.0
Park Row.....	Frankfort street to and including Chatham Square	10,841.0	1,904.5
Eleventh street.....	West street to Hudson river (where not under land grant).....	947 0	312.0
Total (including crosswalks).....		58,718.0	12,056.5

Length in miles, 2.283.

REPAVING (CHAPTER 449, LAWS 1889).

With Granite Blocks.

STREET.	FROM	SQUARE YARDS.	LINEAL FEET.
Eleventh street.....	West street to Hudson river.....	883.1	256.0

Length in miles, .048.

REPAVING (CHAPTER 346, LAWS OF 1889).

With Granite Blocks.

STREET.	FROM	SQUARE YARDS.	LINEAL FEET.
Park Row.....	Frankfort street to Broadway.....	5,583.2	977.8
Beekman street.....	Park Row to Pearl street.....	3,340.2	1,525.0
Total (including crosswalks).....		8,923.4	2,502.8

Length in miles, .474.

REPAVING (CHAPTER 35, LAWS OF 1892).

With Granite Blocks.

STREET.	FROM	SQUARE YARDS.	LINEAL FEET.
Third avenue.....	Ninety-sixth to One Hundred and Twenty-ninth street.....	46,194.7	8,784.7
Fourth avenue.....	Thirty-second to Thirty-fourth street, and from Fortieth to Forty-second street.....	7,155.5	1,101.3
Broadway.....	Thirty-fifth to Forty-second street.....	9,358.0	1,900.0
Bleecker street.....	Crosby street to Eighth avenue.....	16,701.4	5,069.4
Canal street.....	Bowery to East Broadway.....	7,660.0	1,708.4
Total (including crosswalks).....		87,069.6	18,563.8

Length in miles 3.516.

With Asphalt.

One Hundred and Twenty-third street.....	Seventh to Eighth avenue.....	2,632.2	820.9
One Hundred and Twenty-seventh street.....	Park to Fifth avenue.....	2,940.2	884.0
Fifty-eighth street.....	Sixth to Seventh avenue.....	2,770.2	831.6
Seventy-sixth street.....	Central Park, West, to Boulevard.....	6,624.9	1,986.6
Twenty-seventh street.....	Fifth to Sixth avenue.....	2,957.8	905.6
Twenty-ninth street.....	Third to Lexington avenue.....	1,409.4	442.0
Boulevard (westerly side).....	Ninety-second to One Hundred and Eighth street.....	16,265.4	4,396.0
Thirty-fourth street.....	Fourth to Eighth avenue.....	14,848.8	3,438.2

SUMMARY OF THE BUSINESS OF BUREAU FOR THE YEAR 1893.

RECEIPTS.

The following is a statement of money received; all of which has been deposited with the City Chamberlain:

For the construction of vaults.....\$113,154 65
For work done and materials furnished.....30,156 38

Total.....\$143,311 03

This amount is more than \$50,000 in excess of the sum which was required to pay the salaries of the following employees of the department in this bureau for the whole of the year 1893, viz.:

The Water Purveyor and three clerks in the Water Purveyor's office; the Consulting Engineer and the Assistant Engineer and all the employees in that office; the General Inspector of Street Openings and the clerks and inspectors in his office; the inspectors of vaults and public drinking hydrants and all the inspectors of paving—about sixty in number—engaged on paving contracts, etc.

EXPENDITURES.

Vouchers in payment for work done, materials furnished, salaries of officers, wages of employees, etc., were drawn and charged to the following accounts, viz.:

Repairing and Renewal of Pipes, Stop-cocks, etc., 1892.....\$2,597 12
Repairing and Renewal of Pipes, Stop-cocks, etc., 1893.....117,906 52
Repairs and Renewal of Pavements and Regrading, 1892.....37,261 49
Repairs and Renewal of Pavements and Regrading, 1893.....255,554 09
Repairs and Renewal of Pavements and Regrading—Salaries, 1892.....147 00
Repairs and Renewal of Pavements and Regrading—Salaries, 1893.....15,260 42
Repaving Streets and Avenues, 1890.....45,432 35

Repaving Streets and Avenues, 1891.....	\$56,103 70
Repaving Streets and Avenues, 1892.....	18,883 35
Repaving Streets and Avenues, 1893.....	140,123 83
Repaving Streets and Avenues—Salaries, 1892.....	87 50
Repaving Streets and Avenues—Salaries, 1893.....	11,960 74
Public Drinking Hydrants, 1892.....	215 76
Public Drinking Hydrants, 1893.....	1,862 02
Public Drinking Hydrants—Salaries, 1893.....	1,200 00
Repaving (chapter 346, Laws of 1889), 1889.....	17,766 23
Repaving (chapter 346, Laws of 1889), 1890.....	47,267 37
Repaving (chapter 346, Laws of 1889), 1891.....	29,498 69
Repaving (chapter 35, Laws of 1892), 1892.....	259,084 15
Repaving (chapter 35, Laws of 1892), 1893.....	1,009,343 23
Street Improvement Fund.....	482,375 12
Restoring and Repaving—Special Fund—Department of Public Works.....	84,389 12
Boulevards, Roads and Avenues, Maintenance of—For Resurfacing Sixth Avenue.....	27,305 36
Contingencies—Department of Public Works.....	55 25
Total.....	\$2,661,680 52

PERMITS ISSUED.

214 for the construction of vaults.
 203 for repairs to vaults.
 205 for setting guy-posts.
 446 for building fires in the streets for heating tar, etc.
 239 for placing engines on the streets, for building purposes.
 63 for repairing pavements at applicant's expense.
 Also the following special permits, authorized by the Board of Aldermen:
 Resolution of March 27, 1893, to Gerson Stein, to lay a crosswalk, at his own expense, across One Hundred and Twenty-fifth street, in front of No. 149.
 Resolution of December 30, 1892, to Yonkers City Ice Company, to place a platform scale at the bulkhead-line on the south side of Pier 43, East river.
 Resolution of June 29, 1893, to C. V. Halsey, to lay a crosswalk, at his own expense, across Twenty-third street, between Fifth and Sixth avenues.
 Resolution of June 15, 1893, to Brokaw Brothers, to lay crosswalks, at their own expense, across Fourth avenue, from their store to Cooper Union, and across Livingston place, south of Astor place.
 Resolution of August 23, 1893, to the Sicilian Asphalt Paving Company, to lay an asphalt pavement in Cedar street, from William street to a point 150 feet easterly, at property owners' expense.
 Resolution of April 7, 1893, to Joseph Sloan, to lay a crosswalk, at his own expense, across Columbus avenue, in front of No. 309.

REPAIRS AND RENEWAL OF PAVEMENTS AND REGRADING.

The force employed in making repairs to stone-block pavements during 1893 averaged as follows:

162 mechanics, 179 laborers, 53 horses and carts, 3 teams.	
The principal work done by this force consisted in taking up and relaying 302,642 square yards of pavement at 6,894 different locations and repairing 659 crosswalks. 1,136.7 square yards of asphalt pavement were repaired by the different asphalt paving companies where damaged by bon-fires, etc., and under contracts awarded in the latter part of the year 1892, 30,616.7 square yards of stone-block pavement were taken up and relaid in the following-named streets:	
	Square Yards.
Pearl street, from Fulton street to Hanover Square.....	6,790.8
Rector street, from Broadway to Church street.....	513.0
Warren street, from Broadway to College place.....	3,326.6
Murray street, from Broadway to College place.....	3,234.9
Dey street, from Broadway to Church street.....	995.7
Spruce street, from Nassau to William street.....	821.9

Twenty-second street, from Fourth to Lexington avenue.....	1,455.9
Twenty-second street, from Fifth avenue to Broadway.....	408.3
Thirty-first street, from Lexington to Fifth avenue.....	4,377.6
Total.....	30,616.7

Making the total area of pavement relaid during the year 334,395.4 square yards.
 The following is a list of locations of places repaired by the street repair force:

Streets Relaid.

Nineteenth street, between Broadway and Fifth avenue.
 Nineteenth street, between Eleventh and Thirteenth avenues.
 Twenty-first street, between Eleventh and Thirteenth avenues.
 Twenty-second street, between Eleventh and Thirteenth avenues.
 Twenty-fifth street, between Fourth and Lexington avenues.
 Twenty-fifth street, between Third and Lexington avenues.
 Twenty-seventh street, between Second and Third avenues.
 Thirty-second street, between Fifth avenue and Broadway.
 Thirty-second street, between Sixth avenue and Broadway and intersection Sixth avenue, east side.
 Thirty-sixth street, between Broadway and Seventh avenue.
 Thirty-sixth street, between Seventh and Eighth avenues.
 Thirty-sixth street, between Lexington and Park avenues.
 Fortieth street, between Broadway and Sixth avenue.
 Fiftieth street, between Lexington and Third avenues.
 Fifty-fourth street, between Broadway and Eighth avenue.
 Fifty-sixth street, between Broadway and Seventh avenue.
 Sixty-third street, between Columbus and Amsterdam avenues.
 Seventy-fourth street, between Third and Lexington avenues.
 Seventy-sixth street, between Second and Third avenues.
 Seventy-eighth street, between Second and Third avenues.
 Eighty-fifth street, between Amsterdam and Columbus avenues.
 One Hundred and Third street, between Park and Lexington avenues.
 One Hundred and Third street, between Lexington and Third avenues.
 Broadway, between Fiftieth and Fifty-first streets, east side.
 Broadway, between Fifty-seventh and Fifty-eighth streets, east side.
 Elm street, between Worth and Pearl streets.
 Pelham Square, between Monroe and Cherry streets, with second-hand granite blocks.

Streets Relayed One-half the Block.

Catharine street, between Division street and East Broadway, south side.
 Catharine street, between East Broadway and Henry street, south side, and intersection Henry street.
 Duane street, between Elm and Centre streets, one-half south side.
 Lawrence street, between Amsterdam avenue and One Hundred and Twenty-sixth street, north side.
 Thirty-second street, between Third and Lexington avenues, west one-half.
 Thirty-ninth street, between Broadway and Sixth avenue, north one-half.
 One Hundred and Eighth street, between Lexington and Third avenues, east one-half.

Avenues Relayed.

Central Park, West, between Eighty-sixth and Eighty-seventh streets, west side.
 Central Park, West, between Eighty-seventh and Eighty-eighth streets, west side.
 Central Park, West, between Eighty-eighth and Eighty-ninth streets, west side.
 Central Park, West, between One Hundred and Third and One Hundred and Fourth streets, west side.
 West End avenue, between Eighty-eighth and Eighty-ninth streets.
 Amsterdam avenue, between Eightieth and Eighty-first streets, west side.
 Amsterdam avenue, between Eighty-first and Eighty-second streets, east and west sides.
 First avenue, between Fifty-seventh and Fifty-eighth streets.
 First avenue, between Seventy-seventh and Seventy-eighth streets.
 First avenue, between Seventy-eighth and Seventy-ninth streets.
 First avenue, between Seventy-ninth and Eightieth streets, west side.
 First avenue, between Ninety-ninth and One Hundredth streets, west side.
 Second avenue, between Twenty-third and Twenty-fourth streets, east and west sides.

Second avenue, between Ninety-second and Ninety-third streets.
 Fifth avenue, between Fifty-seventh and Fifty-eighth streets.
 Tenth avenue, between Forty-first and Forty-second streets.
 Tenth avenue, between Forty-second and Forty-third streets, west side.
 Twelfth avenue, between Thirty-fourth and Thirty-fifth streets.
 Thirteenth avenue, between Thirteenth and Fourteenth streets, east side.
 Park avenue, between Eighty-second and Eighty-third streets, east side.

Intersections Relaid.

First avenue and Seventy-seventh street.
 First avenue and Seventy-ninth street.
 First avenue and Seventh street.
 First avenue and Eighth street.
 Second avenue and Seventy-ninth street.
 Second avenue and Ninety-first street, west side.
 Fifth avenue and Thirty-fourth street, south side.
 Fifth avenue and Fifty-seventh street, west side.
 Fifth avenue and Fifty-eighth street, west side.
 Sixth avenue and Nineteenth street.
 Sixth avenue and Twentieth street.
 Sixth avenue and Twenty-first street.
 Sixth avenue and Twenty-second street.
 Sixth avenue and Twenty-third street, east side.
 Sixth avenue and Forty-second street, west side.
 Sixth avenue and Thirty-eighth street.
 Sixth avenue and Waverley place.
 Ninth avenue and Forty-eighth street, east side.
 Tenth avenue and Fifty-second street.
 Twelfth avenue and Gansevoort street.
 Twelfth avenue and Seventy-ninth street.
 Eleventh avenue and Twenty-first street.
 Eleventh avenue and Twenty-sixth street.
 Thirteenth avenue and Twelfth street.
 Amsterdam avenue and Eighty-first street, east and west sides.
 West End avenue and Eighty-first street, east and west sides.
 Madison avenue and Thirty-fourth street, south side.
 Lexington avenue and Ninety-first street, south side.
 Lexington avenue and Eighty-seventh street.
 Lexington avenue and One Hundred and Twenty-fourth street, north side.
 Greenwich and Liberty streets.
 Greenwich avenue and Eleventh street, east side.
 Washington and Fourteenth streets, south side.
 Duane and Elm streets.
 Park Row and New Chambers street, east side.
 Canal street and East Broadway, north side.
 Sullivan and Watts streets.
 Greenwich and Chambers streets.
 Greenwich and Franklin streets.
 Grand and Orchard streets.
 Grand and Forsyth streets.
 West and Jane streets, east and west sides.
 West and Horatio streets.
 West and Gansevoort streets.

Streets Repaired.

Astor place, between Broadway and Lafayette place.
 Bank street, between West street and Thirteenth avenue.
 Bethune street, between West street and Thirteenth avenue.
 Broom street, between Mott and Mulberry streets.
 Beekman place, between Forty-ninth, Fiftieth and Fifty-first streets.
 Broadway, between Waverly and Clinton places, west side.
 Broadway, between Ninth and Tenth streets, east side.
 Broadway, between Twenty-second and Twenty-third streets, west side.
 Broadway, between Twenty-third and Twenty-fourth street, west side.
 Broadway, between Twenty-fourth and Twenty-fifth street, west side.
 Broadway, between Fifty-second and Fifty-third street, west side.
 Broadway, between Fifty-seventh and Fifty-eighth streets, east side.
 Broadway, between One Hundred and Thirty-first and One Hundred and Thirty-second street, east side.
 Broadway, between One Hundred and Thirty-second and One Hundred and Thirty-third street, east side.
 Center Market place, between Grand and Broome streets.
 Catharine street, between Division street and East Broadway.
 Catharine street, between East Broadway and Henry street.
 Cliff street, between John and Fulton streets.
 Clinton place, between Broadway and Mercer street.
 Cherry street, between Market and Pike streets.
 Collister street, between Huber and Laight streets.
 Center street, between Grand and Broome streets.
 College place, between Chambers and Warren street.
 Church street, between Chambers and Murray streets.
 Duane street, between Broadway and Church street.
 Dey street, between Washington and Greenwich streets.
 Dey street, between Washington and West streets.
 Elm street, between Howard and Canal streets.
 Greenwich street, between Liberty and Cortlandt streets.
 Great Jones street, between Broadway and Bowery.
 Gouverneur slip, between Water and Front streets.
 Hudson street, between Spring and Canal streets.
 Houston street, between Greenwich and Washington streets.
 Houston street, between Washington and West streets.
 Jay street, between Hudson and Greenwich streets.
 James Slip, between Cherry and South streets.
 James Slip, between Front and South streets.
 Little West Twelfth street, between West street and Thirteenth avenue.
 North William street, between Park Row and Frankfort street.
 Nassau street, between Beekman and Ann streets.
 Nassau street, between Spruce and Beekman streets.
 Nassau street, between John and Fulton streets.
 Pearl street, between Fulton and Beekman streets.
 Pearl street, between Elm and Centre streets.
 Pearl street, between Park Row and Park place.
 Platt street, between William and Gold streets.
 Prince street, between Mott and Mulberry streets.
 South Fifth avenue, between Third and Fourth streets.
 South Fifth avenue, between Third and Bleeker streets.
 Shimbone alley, between Bleeker and Bond streets.
 St. Mark's place, between Second and Third avenues.
 Temple street, between Liberty and Thames streets.
 Worth street, between West Broadway and Church street.
 Wall street, between William and Pearl streets.
 Wall street, between Hanover and Pearl streets.
 White street, between West Broadway and Church street.
 Third street, between Avenues B and C.
 Third street, between Goerck street and East river.
 Fourth street, between Bowery and Second avenue.
 Eighth street, between Second and Third avenues.
 Ninth street, between Broadway and University place.
 Tenth street, between Third and Fourth avenues.
 Eleventh street, between Third and Fourth avenues.
 Twelfth street, between Third and Fourth avenues.
 Fourteenth street, between First and Second avenues.
 Fifteenth street, between First avenue and Avenue A.
 Seventeenth street, between Broadway and Fifth avenue.
 Seventeenth street, between Eighth and Ninth avenues.
 Eighteenth street, between Sixth and Seventh avenues.
 Nineteenth street, between Sixth and Seventh avenues.
 Nineteenth street, between Tenth and Eleventh avenues.
 Nineteenth street, between Eleventh and Thirteenth avenues.
 Twentieth street, between Sixth and Seventh avenues.
 Twentieth street, between Tenth and Eleventh avenues.

Twenty-first street, between Sixth and Seventh avenues.
 Twenty-first street, between Seventh and Eighth avenues.
 Twenty-second streets, between Sixth and Seventh avenues.
 Twenty-second street, between Seventh and Eighth avenues.
 Twenty-third street, between First and Second avenues.
 Twenty-third street, between Broadway and Madison avenue.
 Twenty-fourth street, between Fourth and Madison avenues.
 Twenty-fourth street, between Second and Third avenues.
 Twenty-fourth street, between First avenue and Avenue A.
 Twenty-sixth street, between Ninth and Tenth avenues.
 Twenty-seventh street, between Eighth and Ninth avenues.
 Twenty-eighth street, between Fourth and Lexington avenues.
 Twenty-ninth street, between Broadway and Sixth avenues.
 Thirtieth street, between Sixth and Seventh avenues.
 Thirtieth street, between Seventh and Eighth avenues.
 Thirty-first street, between Second and Third avenues.
 Thirty-second street, between Third and Lexington avenues.
 Thirty-third street, between Madison and Park avenues.
 Thirty-third street, between Lexington and Third avenues.
 Thirty-third street, between First and Second avenues.
 Thirty-third street, between First avenue and East river.
 Thirty-fourth street, between Madison and Fifth avenues.
 Thirty-fourth street, between Lexington and Third avenues.
 Thirty-fourth street, between Second and Third avenues.
 Thirty-fifth street, between Eighth and Ninth avenues.
 Thirty-fifth street, between First and Second avenues.
 Thirty-sixth street, between Park and Lexington avenues.
 Thirty-sixth street, between Second and Third avenues.
 Thirty-seventh street, between Seventh and Eighth avenues.
 Thirty-seventh street, between Tenth and Eleventh avenues.
 Thirty-eighth street, between Tenth and Eleventh avenues.
 Thirty-eighth street, between First and Second avenues.
 Thirty-eighth street, between Second and Third avenues.
 Thirty-ninth street, between Madison and Park avenues.
 Thirty-ninth street, between Second and Third avenues.
 Thirty-ninth street, between First and Second avenues.
 Thirty-ninth street, between Tenth and Eleventh avenues.
 Fortieth street, between Broadway and Sixth avenue.
 Fortieth street, between Tenth and Eleventh avenues.
 Fortieth street, between Park and Lexington avenues.
 Fortieth street, between Lexington and Third avenues.
 Fortieth street, between First and Second avenues.
 Fortieth street, between Second and Third avenues.
 Forty-second street, between Broadway and Sixth avenue.
 Forty-second street, between Fifth and Sixth avenues.
 Forty-second street, between Second and Third avenues.
 Forty-second street, between First and Second avenues.
 Forty-third street, between First avenue and East river.
 Forty-fourth street, between Third and Madison avenues.
 Forty-fourth street, between First and Second avenues.
 Forty-sixth street, between First and Second avenues.
 Forty-sixth street, between Third and Lexington avenues.
 Forty-seventh street, between Tenth and Eleventh avenues.
 Forty-seventh street, between Sixth and Seventh avenues.
 Forty-seventh street, between First and Second avenues.
 Forty-seventh street, between First avenue and East river.
 Forty-eighth street, between First and Second avenues.
 Forty-eighth street, between First avenue and East river.
 Fifty-first street, between Broadway and Eighth avenue.
 Fifty-first street, between Lexington and Third avenues.
 Fifty-first street, between First and Second avenues.
 Fifty-third street, between Broadway and Seventh avenue.
 Fifty-third street, between Second and Third avenues.
 Fifty-fourth street, between Sixth and Seventh avenues.
 Fifty-fourth street, between Second and Third avenues.
 Fifty-fifth street, between Second and Third avenues.
 Fifty-fifth street, between Sixth and Seventh avenues.
 Fifty-sixth street, between Tenth and Eleventh avenues.
 Fifty-sixth street, between Sixth and Seventh avenues.
 Fifty-sixth street, between Lexington and Third avenues.
 Fifty-seventh street, between Eighth and Ninth avenues.
 Fifty-seventh street, between Sixth and Seventh avenues.
 Fifty-seventh street, between Second and Third avenues.
 Fifty-eighth street, between Third and Lexington avenues.
 Sixty-first street, between Third and Lexington avenues.
 Sixty-first street, between Second and Third avenues.
 Sixty-second street, between First avenue and Avenue A.
 Sixty-second street, between Park and Lexington avenues.
 Sixty-third street, between Park and Lexington avenues.
 Sixty-third street, between Lexington and Third avenues.
 Sixty-fourth street, between Lexington and Park avenues.
 Sixty-fourth street, between Columbus and Amsterdam avenues.
 Sixty-fifth street, between Amsterdam and West End avenues.
 Sixty-fifth street, between Fifth and Madison avenues.
 Sixty-sixth street, between Eighth and Columbus avenues.
 Sixty-eighth street, between Amsterdam avenue and Boulevard.
 Sixty-eighth street, between Boulevard and Columbus avenue and Eighth avenue.
 Sixty-ninth street, between West End and Amsterdam avenues.
 Sixty-ninth street, between Amsterdam avenue and Boulevard.
 Sixty-ninth street, between Columbus and Eighth avenues.
 Seventieth street, between Columbus avenue and Boulevard.
 Seventieth street, between First and Second avenues.
 Seventy-first street, between West End avenue and Boulevard.
 Seventy-first street, between Columbus and Eighth avenues.
 Seventy-third street, between Madison and Fifth avenues.
 Seventy-fourth street, between Columbus and Amsterdam avenues.
 Seventy-fifth street, between Boulevard and West End avenue.
 Seventy-fifth street, between Madison and Park avenues.
 Seventy-fifth street, between Park and Lexington avenues.
 Seventy-fifth street, between Second and Third avenues.
 Seventy-fifth street, between First and Second avenues.
 Seventy-eighth street, between West End avenue and Riverside Drive.
 Seventy-ninth street, between Park and Madison avenues.
 Seventy-ninth street, between Lexington and Third avenues.
 Eightieth street, between Columbus and Amsterdam avenues.
 Eightieth street, between Fifth and Madison avenues.
 Eightieth street, between First avenue and Avenue A.
 Eighty-first street, between Fifth and Madison avenues.
 Eighty-first street, between Park and Lexington avenues.
 Eighty-first street, between Lexington and Third avenues.
 Eighty-first street, between Second and Third avenues.
 Eighty-second street, between Amsterdam and Columbus avenues.
 Eighty-second street, between Columbus avenue and Central Park, West.
 Eighty-third street, between West End avenue and Boulevard.
 Eighty-third street, between Amsterdam avenue and Boulevard.
 Eighty-third street, between Columbus avenue and Central Park, West.
 Eighty-third street, between Lexington and Third avenues.
 Eighty-third street, between Second and Third avenues.
 Eighty-third street, between First avenue and Avenue A.
 Eighty-fourth street, between West End avenue and Riverside Drive.
 Eighty-fourth street, between First and East End avenues.
 Eighty-sixth street, between Columbus avenue and Central Park, West.
 Eighty-seventh street, between Columbus and Amsterdam avenues.
 Eighty-seventh street, between Park and Lexington avenues.
 Eighty-eighth street, between Central Park, West, and Columbus avenue.
 Eighty-eighth street, between First and Second avenues.
 Eighty-eighth street, between First avenue and Avenue A.
 Ninetieth street, between Boulevard and West End avenue.
 Ninety-second street, between Boulevard and Amsterdam avenue.

Ninety-second street, between Fifth and Madison avenues.
 Ninety-second street, between Madison and Park avenues.
 Ninety-third street, between Amsterdam and Columbus avenues.
 Ninety-third street, between First avenue and Avenue A.
 Ninety-fourth street, between Lexington and Park avenues.
 Ninety-fifth street, between Central Park, West, and Columbus avenue.
 Ninety-fifth street, between Amsterdam and Columbus avenues.
 Ninety-fifth street, between Madison and Park avenues.
 Ninety-fifth street, between Park and Lexington avenues.
 Ninety-fifth street, between Lexington and Third avenues.
 Ninety-sixth street, between West End avenue and Riverside Drive.
 Ninety-sixth street, between Lexington and Third avenues.
 Ninety-ninth street, between First and Second avenues.
 One Hundred and Fourth street, between Riverside Drive and West End avenue.
 One Hundred and Fourth street, between Boulevard and West End avenue.

Pike and Monroe streets.
Wooster and Fourth streets.
Washington and Warren streets.
Washington and Chambers streets.

REPAIRING AND RENEWAL OF PIPES, STOP-COCKS, ETC.

The force employed under this appropriation, engaged in making repairs to Croton water mains and pipes, fire hydrants, stop-cocks, etc., averaged during the year as follows:
37 mechanics, 95 laborers, and 17 horses and carts, and the principal work which this force accomplished was as follows:

3 new fire hydrants were put in where none existed before.
858 old fire hydrants were taken out and new ones put in place.
5,162 fire hydrants were repaired.
1,002 water stop-cocks were repaired.
747 water taps were shut off.
1,585 defects in water mains were repaired.
1,198 feet of water mains were relaid.
644 feet of water mains (new) were laid.
3,916 square yards of pavement were repaired.

PUBLIC DRINKING HYDRANTS.

148 public drinking hydrants were repaired.
No new ones were erected, because the appropriation made for 1893, \$2,000, was not more than enough to keep in repair such as already existed.

STREET OPENINGS.

The following is a summary of work done under the supervision of the General Inspector of Street Openings:

18,640 openings were made in the pavements for the purpose of repairing all mains, except Croton water mains, and to make repairs and connections for gas, sewer, water, electric lights and subways.

4,175 notices were sent to corporations and others to repair bad places in the pavements where such openings had been made.
3,258 such places were repaired.
21 miles of gas mains were laid.
35 3/4 miles of subway were laid.
1,994 feet of Fire Department subsidiary ducts were laid.
4,270 feet of Police Department subsidiary ducts were laid.
7.95 miles of cable railroad were built.

CONSTRUCTION OF NEW PAVEMENTS.

The following is a list of streets and avenues paved under contracts, and shows under what appropriation or fund the work was authorized:

REPAVING STREETS AND AVENUES.

With Granite Blocks.

REPORT OF CONSULTING ENGINEER ON PAVEMENTS.

DEPARTMENT OF PUBLIC WORKS,
OFFICE OF THE CONSULTING ENGINEER ON PAVEMENTS,
NO. 31 CHAMBERS STREET,
NEW YORK, January 2, 1894.

Hon. MICHAEL T. DALY, *Commissioner of Public Works*:

DEAR SIR—In compliance with your instructions I would submit a statement of the work done in connection with the new pavements laid during the past year.

The following table shows the extent of the different kinds of pavement laid:

KIND OF PAVEMENT.	SQUARE YARDS OF PAVEMENT.	MILES OF PAVEMENT.
Stone.....	294,772.1	17.00
Asphalt.....	253,151.9	13.95
Macadam.....	81,293.3	1.86
Total.....	729,216.3	32.81

The total length of pavements in the city, exclusive of the Twenty-third and Twenty-fourth Wards, are as follows:

KIND OF PAVEMENT.	EXTENT IN MILES.
Stone.....	305.50
Asphalt.....	52.26
Macadam.....	20.80
Total.....	378.56

The work has progressed without interruption from strikes or want of materials.

Several main thoroughfares have been completed, among them, on the east side, Third avenue, from Fifty-ninth street to the Harlem river; the Bowery and Park Row. On the west side, Tenth avenue, from One Hundred and Fifty-fifth street northward to the Washington Bridge.

The completion of these two routes now afford to the upper part of the city and to the annexed district direct communications with the lower part of the city by well paved thoroughfares.

The benefit to manufacturers and business men will be great.

The completion of the new pavements on the avenues parallel with Broadway and Fifth avenue has drawn to them a very large traffic, that heretofore used Broadway and Fifth avenue on account of their superior pavements. This has had the effect to relieve these avenues from overcrowding and preventing "vehicles jam" so common to them.

The cable cars are now run quicker and safer, and Fifth avenue is greatly relieved, as the heavy loaded and slow moving trucks now use the newer pavements. The extension of the new pavement has had the effect of relieving whole districts from the delays from overcrowding and jams.

This is particularly noticeable on the business streets in the lower part of the city and streets leading to ferries and depots.

Merchants, manufacturers and truckmen all bear witness to the great benefit and profit these new pavements have been to their business.

Of the 14 miles of asphalt pavement laid during the year the greater portion was in the tenement districts, east of the Bowery—

Stanton street, from Clinton to Cannon street.
Columbia street, from Broome to Houston street.
Second street, from Avenue A to Avenue D.
Henry street, from Oliver to Rutgers street.
Rutgers street, from Henry street to East Broadway.
Forsyth street, from Grand to Houston street.
Mulberry street, from Broome to Bleecker street.
Avenue B, from Houston to Fourteenth street.

These streets are occupied by the most ignorant of emigrants, whose unclean habits were a constant menace to the public health.

This danger was increased by the condition of the old pavements, which were very old and worn out and quite past repairing. The ruts and hollows were filled with decomposing filth, thrown on the pavements by the tenants, and which the most thorough Health and Police supervision could not prevent or street cleaning remove.

This liquid waste had soaked through the pavement into the gravel beneath it, which it kept saturated to a depth of several inches, giving off unwholesome and foul gas, to great danger to health.

The new asphalt pavement is waterproof, rendering this saturation impossible. The pavements can be kept clean at a fraction of the cost of cleaning the old ones, which at best were only partially cleaned.

Besides cleaning, the new pavements were flushed with water daily during the summer. Not only were these pavements a comfort to the poor people, but they were aids to the Health Department and to the Street Cleaning Department.

The asphalt paving of Twenty-sixth street, from Bellevue Hospital to Ninth avenue, has proved a great advantage and comfort to the sick people while being carried in ambulances to the hospital. The Hospital Directors claim that the ease and quickness with which patients can now be brought to them has been the means of saving lives.

Respectfully,
STEVENSON TOWLE, Consulting Engineer.

Document "G."
REPORT OF ENGINEER IN CHARGE OF SEWERS.

DEPARTMENT OF PUBLIC WORKS,
OFFICE OF ENGINEER IN CHARGE OF SEWERS,
NO. 31 CHAMBERS STREET, ROOM 9,
NEW YORK, January 5, 1894.

Hon. MICHAEL T. DALY, *Commissioner of Public Works*:

DEAR SIR—In compliance with your instructions I hand you herewith my report of the transactions of the Office of the Engineer in Charge of Sewers for the quarter ending December 31, 1893.

17,748 linear feet of new sewers and 11 receiving-basins connected therewith have been built, making the present total length of the sewerage of the City 2,406,647 linear feet (455⁸⁰/₁₀₀ miles), with 5,432 receiving-basins, which number includes 4 built under special contract as hereafter stated.

In the schedule accompanying this report you will find a detailed statement showing the status of the several contracts under charge of this office.

25 sewer and 4 basin contracts have been completed, viz.:

Sewer in Nineteenth street, between Eleventh and Thirteenth avenues.
Sewer in Seventy-eighth street, between Avenue A and East river.
Sewer in Ninety-fourth street, between Boulevard and Amsterdam avenue.
Sewer in Ninety-fourth street, between West End avenue and Boulevard.
Sewer in Ninety-fifth street, between Fifth and Madison avenues.

Sewer in Ninety-sixth street, between Madison and Park avenues.
Sewer in Ninety-seventh street, between Madison and Park avenues.
Sewer in Ninety-seventh street, between Madison and Fifth avenues.
Sewer in Ninety-eighth street, between Madison and Fifth avenues.
Sewer in Ninety-eighth street, between West End avenue and Boulevard.
Sewer in One Hundred and First street, between Madison and Fifth avenues.
Sewer in One Hundred and Third street, between Madison and Fifth avenues.
Sewer in One Hundred and Fifth street, between Central Park, West, and Manhattan avenue.
Sewer in One Hundred and Eighteenth street, between Fifth and Madison avenues.
Sewer in One Hundred and Twentieth street, between Amsterdam avenue and Boulevard.
Sewer in Madison avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, and in One Hundred and Thirty-seventh, between Madison and Fifth avenues.

Sewer in Fifth avenue, between One Hundred and Thirty-seventh and One Hundred and Thirty-eighth streets, and in One Hundred and Thirty-eighth street, between Fifth and Lenox avenues.

Sewer in Park avenue, west side, between Ninety-fifth and Ninety-ninth streets, and in Ninety-eighth and Ninety-ninth streets, between Park and Madison avenues.

Sewer in South street, between Fulton and Wall streets, etc.

Sewer in One Hundred and Forty-sixth street, between Hudson river and Boulevard.

Outlet sewer for Sewerage District, No. 25, through One Hundred and Sixty-seventh street and acquired lands to Harlem river.

Alteration and improvement to sewer in Goerck street, between Rivington and Stanton streets.

Alterations and improvements to sewer in North William street, between Frankfort street and Park Row.

Alteration and improvement to sewer in Sixty-third street, between Park and Madison avenues.

Alteration and improvement to sewer in Bowling Slip, between South and Water streets, in Wall street, between South and Pearl streets, and in Front street, between Bowling slip and Wall street, and outlet sewer through Pier, old 20, East river.

Receiving basin on the southwest corner of One Hundred and Twenty-third street and Lexington avenue.

Receiving basin on the northwest and northeast corners of Seventy-sixth street and Columbus avenue.

Receiving basin on the southeast corner of One Hundred and Fifty-eighth street and Boulevard.

There are now in progress 23 contracts for new sewers, and 1 basin contract.

1,343 receiving basins and 42,325 linear feet of sewer have been cleaned.

Yours, respectfully,

HORACE LOOMIS, Engineer in Charge of Sewers.

NEW YORK, January 5, 1894.

Hon. MICHAEL T. DALY, Commissioner of Public Works.

DEAR SIR—Agreeable to your instructions I transmit the following as my report of the transactions of this office for the year 1893:

There have been built

Brick sewer.....	24,154 feet.
Pipe sewer.....	13,700 "
Wooden barrel sewer.....	889 "
Culvert.....	2,184 "

Total..... 40,928 feet, or 7⁷/₁₀ miles.

The cost of these works, including 27,165 cubic yards of rock excavated from the sewer trenches and 68 receiving-basins connected therewith, for surface drainage, was \$375,649.78.

At the present time there is under construction

Brick sewer.....	20,990 feet.
Pipe sewer.....	5,122 "

Wooden box sewer.....	158 feet.
Culvert.....	1,202 "
Total.....	27,472 feet.

Estimated to cost \$354,238.90.

Petitions have been received for and plans and specifications are in various stages of progress for the construction of 15,910 feet of new sewer, connected with which there will be 621 feet of culvert and 20 receiving-basins.

The accompanying schedules marked A, B, C and D, etc., gives all the data with reference to work completed and in progress and proposed.

The most important of those completed during the year are the following:

One Hundred and Eighty-first street, between Amsterdam and Eleventh avenues.
 Park avenue, west side, between Ninety-fifth and Ninety-ninth streets, and in Ninety-eighth and Ninety-ninth streets, between Park and Madison avenues.
 Ninety-eighth street, between Third and Park avenues.
 One Hundred and Forty-seventh street, between Boulevard and Amsterdam avenues.
 Twelfth avenue, between Fiftieth and Fifty-second streets, connecting with outlet sewer under pier at Fiftieth street, North river, and connections with existing sewers in Fifty-first and Fifty-second streets.
 Thirteenth avenue, between Twentieth and Twenty-third streets, and alteration and improvement to sewers in Twenty-first and Twenty-second streets, between Eleventh and Thirteenth avenues.
 One Hundred and Seventh street, between Manhattan and Amsterdam avenues.
 Columbus avenue, west side, between One Hundred and Eighth and One Hundred and Tenth streets, and in One Hundred and Eighth street, between Columbus and Amsterdam avenues.
 South street, between Fulton and Wall streets, with curves in Wall street, Maiden Lane and Burling Slip, and curve to outlet sewer.
 Outlet sewer for Sewerage District No. 25, through One Hundred and Sixty-seventh street and acquired lands to Harlem river.
 One Hundred and Seventeenth street, between Lenox and Seventh avenues.
 One Hundred and Thirty-sixth street, between Fifth and Lenox avenues.
 Fifth avenue, between One Hundred and Thirty-seventh and One Hundred and Thirty-eighth streets, and in One Hundred and Thirty-eighth street, between Fifth and Lenox avenues.

Of alteration and improvement to existing sewers, the following are worthy of mention:

Alteration and improvement to sewers in Gansevoort and Horatio streets, between Thirteenth avenue and West street, and in Thirteenth avenue, between Gansevoort and Bloomfield streets, and new sewer in Thirteenth avenue, between Gansevoort and Horatio streets, with outlet under pier at Gansevoort street, North river.
 Alteration and improvement to sewer in Third street, between East river and Goerck street, connecting with sewer built by Department of Docks.
 Alteration and improvement to existing sewers in Burling Slip, between South and Water streets, and in Wall street, between South and Pearl streets, and in Front street at Burling Slip and Wall street, and outlet sewer through Pier, old 20, East river.
 Alteration and improvement to sewer in Columbia street, between Houston and Stanton streets.
 Alteration and improvement to sewer in Goerck street, between Rivington and Stanton streets.
 Alteration and improvement to sewer in Lewis street, between Rivington and Stanton streets.
 Alteration and improvement to sewer in Willett street, between Rivington and Stanton streets.
 Alteration and improvement to sewer in Sixty-third street, between Park and Madison avenues.
 Alteration and improvement to wooden box sewer at Forty-second street, North river.

The latter class of work, styled alteration and improvement to existing sewers, is of more importance in a sanitary point of view than the construction of new sewers, since it consists for the most part in substituting brick sewers for those originally constructed of pipe, many years ago, in an imperfect manner. These having fallen into decay, and being very inefficient in operation and often subject to stoppages and overflows, have been a great source of annoyance, inconvenience and damage. The re-building of all of this class of sewer should be carried on as speedily as circumstances will permit, since they are located in thickly populated portions of the City, and their bad condition is a danger to the public health.

The changes of the system along the water-front consists in adapting it to the new outlets built under new piers, constructed by the Department of Docks and in pursuance of a plan adopted several years ago for removal of nuisances from the river front.

This plan has been so far accomplished that I can report that the Hudson river front is protected from the Battery to Forty-second street and the East river, with the exception of the Broad street outlet, as far east as Montgomery street.

Of the new sewers completed, I take pleasure in noting that the outlet sewer of District No. 25, through One Hundred and Sixty-seventh street and acquired lands to Harlem river, has been completed. Proceedings looking to the accomplishment of this work were started five years ago and have finally been brought to a conclusion to the great advantage of the district in question. While most of the other new works are local, yet it is proper to call attention to them, as showing that vacant property is being rapidly improved, buildings are being erected thereon and all other improvements made, which are required by a growing population.

Of the marginal sewer work which has been progressing for a number of years past, the most important is the one in South street, between Fulton and Wall streets, and the readjustment thereto of sewers in the neighboring streets.

In this portion of the City only one outlet remains to be built, viz., at Broad street. Plans for this work are made and will be commenced early in the spring.

The total length of the sewer system is now 455⁸/₁₀ miles, being an increase of the length reported one year ago of 6⁴/₁₀ miles, and connected therewith there are 5,432 basins for surface drainage.

The most important contracts now under way are as follows:

Outlet sewer in Dyckman street, between Hudson river and Kingsbridge road.
 Sewer in Kingsbridge road, between Dyckman street and Naegle avenue.
 Sewer in Kingsbridge road, between Naegle avenue and One Hundred and Seventy-fifth street, with curves in One Hundred and Seventy-fifth, One Hundred and Eighty-first and One Hundred and Eighty-fifth streets.

These three together form one large outfall sewer draining about 356 acres. The total length is about 1.8 miles and is the largest sewer work undertaken for many years.

The completion of this improvement will open up for settlement and building the region around Fort George and the surrounding territory as far north as Dyckman street.

Other large works worthy of mention are:

Sewer in Amsterdam avenue, west side, between One Hundred and Seventy-third street and a point about 316.5 feet north of One Hundred and Seventy-eighth street and sewers on the north and south sides of One Hundred and Seventy-fifth street, between Amsterdam and Wadsworth avenues, with curves in Eleventh avenue.
 Sewer in Avenue St. Nicholas, between One Hundred and Thirty-seventh and One Hundred and Forty-first streets, and alteration and improvement to curve in One Hundred and Thirty-seventh street and Avenue St. Nicholas.
 Sewer in Twelfth and Thirteenth avenues, between Twenty-seventh and Thirtieth streets, and in Twenty-seventh, Twenty-eighth and Twenty-ninth streets, between Eleventh and Thirteenth avenues, and alteration and improvement to sewer in Thirtieth street, between Eleventh avenue and North river, connecting with sewer to be built by Department of Docks, at Pier, new 60.

Altogether there are now about five miles of sewer under contract; a detailed statement of all the material facts connected therewith may be found in schedule.

This is a great falling off from the amount of work being done last year at a corresponding date, when there was nearly nine (9) miles under contract, due to the fact that the sewer system is nearly completed in many portions of the city, and also to the business depression of the past season, which prevented any very extensive operations.

Three contracts have been abandoned during the year and were readvertised and relet, viz.:

Ninety-eighth street, between West End avenue and Boulevard.
 Amsterdam avenue, west side, between Eighty-ninth and Ninety-second streets.

Twelfth and Thirteenth avenues, between Twenty-seventh and Thirtieth streets, and in Twenty-seventh, Twenty-eighth and Twenty-ninth streets, between Eleventh and Thirteenth avenues, and alteration and improvement to sewer in Thirtieth street, between Eleventh avenue and Hudson river, connecting with sewer to be built by Department of Docks at Pier, new 60.

The first mentioned failure was due to the death of the original contractor, while the other two were caused by various difficulties which the contractors were unable to overcome.

The most vexatious question to decide in the final settlement of all contracts is that of overtime, so-called. This has been particularly troublesome during the past year, for the reason that there have been a greater number of such cases than usual and a greater number of days to be accounted for. In certain cases, the Department would have been justified in vacating the contracts, but where the contractor showed a disposition to finish the same, it was considered better policy to allow him to do so than to bear the expense and loss of time of reletting.

In many of these cases the alleged causes of delay urged by the contractor were frivolous and unreasonable, and were not recognized in the contract, and could not truthfully be certified to by the officers of this Department. But the impression is so strong among contractors that these charges are illegal, that they have been contested in every case when the amount is considerable. Several suits are now pending in which this is the only issue. If these charges are illegal and cannot be maintained in a Court of Law, it seems to me some other means of enforcing the time clause of sewer contracts should be adopted.

In order to settle this question, I recommend that the opinion of the Corporation Counsel be obtained as to the advisability of continuing this clause as a part of the contract.

I would further request an opinion as to whether this Department has power to extend the time of contracts beyond that named therein, before the same has expired; this being intended to meet cases where it is plain that the work will not be finished at the time agreed, but where a fair consideration of the circumstances would justify such extension.

MAINTENANCE.

The sewer system undercharge of this Department has been cleaned and kept in repair by the usual force of laborers and mechanics.

A statement of the classification of this force and the work performed by it will appear in its proper place. The contracts for cleaning of brick sewers at agreed prices have been continued, and under the same 92,963 feet of brick sewer have been cleaned; the cost of which was \$13,243.45, being an average of 14.10 cents per linear foot.

The amount spent for this class of work in 1892 was \$11,186.18.

The greater amount of work done this year is accounted for by the fact that no cleaning of any account was done in the last quarter of 1892, for lack of funds. During that time dirt accumulated, which had to be removed as soon as the new appropriation became available.

It is safe to say, that the sewer system is now in as good condition as it ever has been, but it needs constant attention to keep it so.

To afford this office information as to the general condition of the system as to cleanliness, so that funds may be spent judiciously, one gang of men has been employed in examinations.

This party examined 497,974 feet of sewer, or about 94 miles, in addition to assisting in the work of cleaning pipe-sewers, when not so employed.

The Department laborers also cleaned, by flushing, 75,244 feet of pipe-sewer, at a cost of \$6,776 or an average of 9.00 cents per foot. Altogether about 31.7 miles of sewers were cleaned at a cost of about \$20,000, averaging 12 cents per foot.

The appropriation for the year was expended as follows:

Appropriation	\$100,000 00
Pay-roll of laborers, etc.	\$77,991 00
Material, etc.	7,950 85
Work done under orders.	12,421 86
Liabilities outstanding.	1,592 16
	<hr/>
	99,955 87
Balance.	\$44 13

The laboring force is classified as follows:

Foremen	14
Assistant Foremen	2
Bricklayers.	5
Timekeeper	1
Horses and wagons.	6
Horses and carts.	21
Laborers	48
Skilled laborer.	1
	<hr/>
Total.	98

This force is $\frac{1}{100}$ less than stated in my last annual report.

The reduction was made necessary by a smaller appropriation than the previous year. Furthermore, to enable the Department to meet any emergency that might call for an extra force during the summer months, when it was predicted that the cholera epidemic would break out afresh, the following members of the force were laid off for the winter months, viz.: 2 bricklayers, 2 foremen, 2 horses and wagons, 6 horses and carts, 2 skilled laborers and 14 common laborers.

A detailed statement of the services rendered and various items of work of mechanics and laborers will be found in its proper place in this report.

An examination of the complaint book shows that 1,211 complaints were received, against 1,283 for the previous year, classified as follows:

Sewers stopped	226
Basins stopped	804
Miscellaneous	181
Total.	<hr/>
	1,211

Of these 131 were found to be without cause or belonging to other departments or bureaus. The labor of investigation and report, however, was thrown upon our men, which caused much loss of time.

The following is a statement of the number of permits issued to connect buildings with the public sewers, and the number of permits to repair or relay old house connections.

Also the amount of money received for connecting with sewers and drains, and for restoring and repaving over sewer connections, and for restoring new pavement taken up by gas companies, subways, electric light companies, vaults, guy posts, etc., for the year 1893:

Permits for sewer connections	803
Permits for repairing old connections.	1,032
Number of buildings in the above.	2,619

Moneys received for sewer permits.	\$19,476 62
Moneys received for restoring and repaving.	74,424 30

Total.	<hr/>
	\$94,900 92

The Draftsmen employed in this office have made 30 filed plans containing the legal data for the 126 contract plans, 82 of which were for sewers and 44 for receiving-basins, which were furnished in connection therewith. They also furnished 88 assessment lists, containing 320 maps, covering 14,516 separate pieces of property and 98 Inspector's books.

The Inspector of Cement reports as follows:

Number of specimens tested for the Water Purveyor	1,742
Number of specimens tested for the Engineer in Charge of Sewers	604
Number of specimens tested for the Bureau of Repairs and Supplies	7
Number of specimens tested for the Bureau of Street Improvements	4

Total.	<hr/>
	2,357

Of these, 136 samples were rejected as not complying with the specifications. The number of specimens submitted for examination exceeded those of 1892 by 76.

The party engaged in estimating the amount of rock to be excavated in sewer and grading contracts by boring, tested, in this way, 18,200 linear feet of sewer work, besides several works of street grading.

The party engaged in a re-examination, by field surveys, of the recorded levels upon our office maps, and obtaining other useful data as to sewers, having completed their labors as far as needed for the present, were discharged.

In conclusion, I desire to return thanks to the Assistant Engineers, and the members of their several parties, to the Clerks, Inspectors and other employees of this office for faithful and efficient services during the year.

Respectfully submitted,

HORACE LOOMIS, Engineer in Charge of Sewers.

WORK DONE BY LABORERS, MECHANICS, ETC., FOR YEAR ENDING DECEMBER 31, 1893.

1,518 receiving-basins relieved.
5,420 receiving-basins and culverts cleaned.
75,244 lineal feet of sewer cleaned.
22,020 lineal feet of sewer relieved.
497,974 lineal feet of sewer examined.
362 lineal feet of brick sewer rebuilt.
19 lineal feet of brick culvert rebuilt.
256 lineal feet of new pipe culvert laid.
66 lineal feet of new pipe sewer laid.
9 lineal feet of new pipe sewer relaid.
54 lineal feet of spur pipe laid.
75 lineal feet of new curb set.
15 lineal feet of new curb reset.
5 new manholes built.
3 new basins built.
100 basins repaired.
15 manholes repaired.
345 manhole-heads reset.
35 basin heads reset.
21 new basin heads and covers put on.
109 new manhole-heads and covers put on.
108 new manhole covers put on.
86 new basin covers put on.
116 new basin grates put in.
26 new basin hoods put in.
3,612 cubic feet of brickwork built.
716 square feet of flagging relaid.
1,145 square yards of pavement relaid.
10,754 cubic feet of earth excavated and removed.
278 cart loads of earth filling.
16,475 cart loads of dirt removed.

Contracts completed during the Year 1893.

REPORT OF THE SUPERINTENDENT OF STREET IMPROVEMENTS.

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF STREET IMPROVEMENTS, NO. 31 CHAMBERS STREET, ROOM 5,
NEW YORK, December 31, 1893.

Hon. MICHAEL T. DALY, Commissioner of Public Works:

SIR—In accordance with your instructions, I have the honor to herewith submit my report of the operations of the Bureau of Street Improvements for the quarter ending December 31, 1893, also my yearly report showing all the expenditures of this Bureau, for the year ending December 31, 1893, together with a statement of the amount of work done and also balances of the appropriations.

On the commencement of the year 12 contracts were in existence; during the year 1893 144 contracts were entered into and 132 contracts were completed, at a cost of \$192,593.60, for which assessment lists have been transmitted to the Chief Clerk.

The most important of these completed contracts are as follows, viz:

REGULATING, GRADING, CURBING, FLAGGING, ETC.

One Hundred and Forty-fifth street, from Boulevard to Twelfth avenue.
One Hundred and Sixty-second street, from Eleventh avenue to Kingsbridge road.
Ninetieth street, from Avenue A to East river.
Ninety-first street, from Avenue A to East river.
One Hundred and Forty-fourth street, from Boulevard to Twelfth avenue.
One Hundred and Sixtieth street, from Eleventh avenue to Kingsbridge road.
One Hundred and Thirty-seventh street, from Convent avenue to St. Nicholas terrace.
Convent avenue, from One Hundred and Thirty-fifth to One Hundred and Fiftieth street.
One Hundred and Twenty-fourth street, from Boulevard to Amsterdam avenue.
One Hundred and Thirty-third street, from Boulevard to Twelfth avenue.
Claremont avenue, from One Hundred and Twenty-second to One Hundred and Twenty-seventh street.

The following are the most important unfinished contracts, viz.:
Regulating, grading, etc., Boulevard, from One Hundred and Fifty-sixth to Inwood street.

This is a very large contract and there remains a vast amount of work to complete same; it consists mainly of earth and rock excavation and building of retaining-walls, and will not be finished before next Fall.

Regulating, grading, etc., St. Nicholas terrace, from One Hundred and Thirtieth street to Convent avenue.

This is also a very large work, consisting mainly of earth filling and rock excavation, also the building of retaining-walls, and will be completed the latter part of this year.

Regulating, grading, etc., Dyckman street, from Hudson river to Exterior street.

This was a large contract, the excavation has been very nearly completed, but there remains a great quantity of filling to be furnished before the work can be finished, which will be about next August.

Regulating, grading etc., One Hundred and Twenty-third street, from Tenth avenue to Boulevard.

This work will be completed this month, the weather permitting.

Regulating, grading, etc., One Hundred and Thirtieth street, from Amsterdam to Convent avenue. This was a large filling contract and will be finished early in the spring of this year.

Regulating, grading, etc., One Hundred and Fiftieth street, from Amsterdam avenue to Boulevard. After this contract was let the property-owners petitioned for a change of grade, which will necessitate the contractor furnishing a larger amount of filling than originally called for in the contract. This work will be completed about April, 1893.

Regulating, grading, etc., One Hundred and Eighty-seventh street, from Amsterdam avenue to Kingsbridge road.

Regulating, grading, etc., One Hundred and Ninetieth street, from Audubon to Eleventh avenue. The work consists mainly of rock excavation, and will be completed about the middle of this year.

APPROPRIATIONS.

Street Improvements, for surveying, monumenting and numbering of streets.

The amount appropriated this year was \$6,500, which included the sum of \$3,500 for expenses of surveying, laying out and monumenting north of One Hundred and Sixty-fifth street west of Kingsbridge road, which work was done under the supervision of Mr. J. O'B. Webster, Assistant Engineer. The amount expended for numbering of streets, etc., has been \$2,520.50, outstanding liability \$56, leaving a balance of \$423.50. The amount expended for surveying, etc., north of One Hundred and Sixty-fifth street and west of Kingsbridge road has been \$3,270.86, leaving a balance of \$229.14, making a total balance in this fund of \$652.64.

Flagging sidewalks and fencing vacant lots in front of City property.

The appropriation for this purpose was \$3,600, which included the amount of \$1,600 for fencing City property at Fifty-sixth street and Exterior street, North river. The amount expended has been \$3,554.61, liability outstanding of \$36.50, leaving a balance of \$88.90.

In regard to defective sidewalks in accordance with the provisions of section 321, chapter 410, Laws of 1882, as amended by chapter 569, Laws of 1887, I would state that 1,834 complaints have been received at this Bureau, which have been promptly examined and notices served on the owners or occupants of the premises complained of, notifying them to make the necessary repairs, when the sidewalks were dangerous, and upon re-examination we found they were not repaired, the usual certificates and ordinances were then transmitted to the Common Council to enable this Department to do the work. The number of certificates and ordinances transmitted to the Common Council during the year was 172, of which there was passed and approved 148.

Respectfully submitted,

W. M. DEAN, Superintendent of Street Improvements.

REPORT OF THE SUPERINTENDENT OF STREETS.

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF STREETS AND ROADS, NO. 31 CHAMBERS STREET, ROOM 12,
NEW YORK, January 8, 1894.

Hon. MICHAEL T. DALY, *Commissioner of Public Works*:

SIR—I transmit herewith report of work done and materials used by this Bureau during the quarter ending December 30, 1893; also a summary of the work done during the year 1893.

Respectfully submitted,

JOHN L. FLORENCE, Superintendent of Streets.

The following is a statement of the work done on "Boulevards, Roads, and Avenues—Maintenance of"—during the quarter ending December 31, 1893:

Macadam roadway repaired and resurfaced.....	8,159 square yards.
Roadway cleaned.....	86 miles.
Gutters cleaned.....	351 "
Gutters repaired.....	311 square yards.
Roadway regulated and graded.....	18,662 "
Gravel roadway repaired.....	84 "
Bridge-stone relaid.....	120 square feet.
Telford laid.....	24 square yards.
Pipe-drain laid.....	30 lineal feet.
Trees cultivated.....	200 "
Stone broken.....	104 truck-loads.
Gravel spread.....	192 "
Stone hauled.....	497 "
Sand hauled.....	85 "
Screenings hauled.....	316 "
Telford hauled.....	24 "
Gravel hauled.....	192 "
Earth hauled.....	381 "

In making the above-mentioned repairs there were used of—

Broken stone.....	396 truck-loads.
Gravel.....	192 "
Screenings.....	296 "
Sand.....	85 "
Telford.....	1 "
Earth.....	381 "

3,560 truck-loads of refuse were removed during the quarter.

The following is a summary of the work done during the year ending, December 31, 1893:

Macadam roadway repaired and resurfaced.....	49,993 square yards.
Roadway cleaned.....	762 miles.
Gutters cleaned.....	3,430 "
Gutters repaired.....	2,168 square yards.
Roadway regulated and graded.....	52,593 "
Roadway covered with gravel.....	58,080 "
Roadway covered with gravel screenings.....	163,000 "
Roadway covered with trap-rock screenings.....	18,670 "
Gravel roadway repaired.....	34,708 "
Bridge-stone relaid.....	1,300 square feet.
Flagging relaid.....	614 "
Telford laid.....	43 "
Curb reset.....	66 lineal feet.
Sidewalk cleaned of snow.....	18 miles.
Snow spread on roadway.....	32 "
Pipe drain laid.....	30 lineal feet.
Trees cultivated.....	1,710 "
Broken stone.....	122 truck-loads.
Gravel spread.....	3,000 "
Screenings spread.....	3,000 "
Stone hauled.....	2,724 "
Sand hauled.....	123 "
Screenings hauled.....	993 "
Telford hauled.....	24 "
Ashes hauled.....	3 "
Gravel hauled.....	991 "
Earth hauled.....	724 "
Stone piled.....	143 "
Gravel piled.....	17 "
Screenings piled.....	103 "

In making the above-mentioned repairs there were used of—

Broken stone.....	2,841 truck-loads.
Screenings.....	3,000 "
Gravel.....	3,000 "
Earth.....	724 "
Boiler ashes.....	3 "
Telford.....	15 "
Sand.....	276 "
Paving stone.....	4 "

5 new sprinkling wagons were built in repair shops.

1,851 truck-loads of snow and ice and 25,801 truck-loads of refuse, were removed and the macadam and gravel roads regularly and thoroughly sprinkled.

REPORT OF THE SUPERINTENDENT OF LAMPS AND GAS.

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF LAMPS AND GAS, No. 31 CHAMBERS STREET, ROOM 11,
NEW YORK, January 10, 1894.

Hon. MICHAEL T. DALY, Commissioner of Public Works:

SIR—In compliance with the directions contained in your circular letter of 16th ultimo, I herein submit a report of the transactions of the Bureau of Lamps and Gas for the quarter ending December 31, 1893, together with a summary for the year:

In Exhibit "A" will be found a statement showing the amounts on vouchers drawn for a supply of illuminating gas to the various public markets, court-rooms, offices, armories, etc., and for fitting-up, lighting and maintenance of the public lamps for each of the four quarters of the year.

Exhibit "B" is a summary of the appropriation for "Lamps and Gas and Electric-lighting," showing an expenditure during the quarter of three hundred and twelve thousand nine hundred and thirty dollars and eighteen cents (\$312,930.18), and for the year of eight hundred and eighty-eight thousand six hundred and fourteen dollars and one cent (\$888,614.01), with outstanding liabilities for work not yet completed amounting to three hundred and thirty dollars (\$330), making a total expenditure for the year 1893 of eight hundred and eighty-eight thousand nine hundred and forty-four dollars and one cent (\$888,944.01), leaving a surplus balance of seventeen thousand and fifty-five dollars and ninety-nine cents (\$17,055.99). This surplus was caused by the delay of the several electric-light companies in getting their additional electric-lamps erected and lighted, so that instead of these lamps being lighted for the full year they were lighted only on an average of about seven months.

Exhibit "C" is a summary of the appropriation for "Salaries—Lamps and Gas and Electric-lighting," and this shows an expenditure during the quarter of fifteen hundred and twenty-seven dollars and seventy-three cents (\$1,527.73), and for the year of six thousand four hundred and two dollars and fifty-eight cents (\$6,402.58), leaving a surplus balance of ninety-seven dollars and forty-two cents.

Exhibit "D" is a summary of the "Lamp Account," showing the number of new lamps lighted, old lamps relighted and lamps discontinued by each gas and electric-light company during the quarter and the year: 630 new gas lamps and 52 new electric lamps having been lighted, 75 gas lamps relighted, 157 gas lamps and 1 electric lamp discontinued during the quarter; and 1,025 new gas lamps and 915 new electric lamps have been lighted, 232 gas lamps relighted, and 3,179 gas lamps and 11 electric lamps discontinued during the year. Of the gas lamps discontinued 2,833 were displaced by electric lamps. The total number of public lamps lighted on December 31, 1893, was 24,600 gas, 152 naphtha and 2,441 electric, making a total of 27,193.

Exhibit "E" is a statement showing the lowest, highest and average illuminating power of the gases supplied to the City during the quarter and the year by such of the gas companies as connect with our photometric stations.

Exhibit "F" is a copy of the time-table for lighting and extinguishing the public lamps.

New gas-mains have been laid by the several gas-light companies during the year, as follows:

By WHAT COMPANY.	FEET.	INCHES.
Consolidated Gas Company.....	131,495	..
New York Mutual Gas-light Company	7,390	..
Equitable Gas-light Company.....	59,884	7
Standard Gas-light Company.....	24,764	..
East River Gas-light Company.....	37,311	..
Central Gas-light Company.....	15,816	..
Northern Gas-light Company.....	3,200	..
Yonkers Gas-light Company.....	2,784	..
Total laid in 1893	282,644	7

Or 53²⁸⁸⁰⁴/₂₈₈₀₄ miles.

The Consolidated Gas Company has taken up 96,592 feet.
The Consolidated Gas Company has abandoned 29,290 feet.
The Central Gas-light Company has taken up 9,187 feet.
The Northern Gas-light Company has taken up 10,050 feet.

The total miles of gas-mains in the streets of this city on December 31, 1893, was—

Of WHAT COMPANY.	MILES.	FEET.
Consolidated Gas Company.....	804	3,486
New York Mutual Gas-light Company.....	125	2,076
Equitable Gas-light Company.....	146	4,592
Standard Gas-light Company.....	143	2,940
East River Gas-light Company.....	7	351
Central Gas-light Company.....	65	1,227
Northern Gas-light Company.....	37	1,289
Yonkers Gas-light Company.....	19	2,197
Total	1,349	2,338

Of these mains, 1,227²⁸⁸⁰⁴/₂₈₈₀₄ miles are on Manhattan Island, and 121¹⁷¹³/₂₈₈₀₄ miles are in the annexed territory north of Harlem river.

The franchise of the Equitable Gas-light Company, as fixed by the Gas Commission, requires this company to pay to the City at the rate of twenty cents for each linear foot of main land; hence the amount received from this company for mains should be \$154,764.00. It is also compelled to light all the public street lamps situated on the lines of its mains, at a rate not to exceed \$12 per year for each lamp.

The Standard Gas-light Company is required by its charter (chapter 248 of the State Laws of 1886) to light the public lamps on the lines of its mains, at the rate of \$12.50 for each lamp per year of 3,833¹/₂ hours; but as the New York City table has a total of 4,000 hours per year, the company makes a charge of \$13.04¹/₂ per year for each lamp.

The gas supplied by the Consolidated Gas Company is manufactured at seven stations, viz.: Fourteenth Street Station (formerly Manhattan Gas-light Company), located at Fourteenth street and Avenue C; manufactures coal-gas.

Eighteenth Street Station (formerly Manhattan Gas-light Company), located at Eighteenth street and Tenth avenue; manufactures coal-gas.

Twenty-first Street Station (formerly New York Gas-light Company), located at Avenue A and Twenty-first street; manufactures water-gas.

Forty-second Street Station (formerly Metropolitan Gas-light Company), located at Forty-second street, North river; manufactures coal-gas.

Forty-fourth Street Station (formerly Municipal Gas-light Company), located at Forty-fourth street, North river; manufactures water-gas.

Ninety-ninth Street Station (formerly Knickerbocker Gas-light Company), located at Ninety-ninth street, East river; manufactures water-gas.

One Hundred and Eleventh Street Station (formerly Harlem Gas-light Company), located at One Hundred and Eleventh street and First avenue; manufactures coal-gas.

The general office of the company is at No. 4 Irving place; its capital is \$35,430,000, and the capacity of the several works is 30,000,000 cubic feet of gas per day.

Branch Office No. 1, at corner of Hester and Elizabeth streets, attends the gas supply, including the lighting of the public lamps in that part of the city lying south of the centre line of Houston street.

Branch Office No. 2, at No. 4 Irving place, attends to the gas supply, including the lighting of the public lamps in that part of the city lying north of the centre line of Houston street and south of the centre-line of Twenty-third street.

Branch Office No. 3, at the corner of Fourth avenue and Twenty-sixth street, attends to the gas supply, including the lighting of the public lamps, in that part of the city lying north of the centre line of Twenty-third street and east of the centre-line of Fifth avenue to Fifty-ninth street, and all east of Central Park, from Fifty-ninth street to the centre line of Seventy-ninth street.

Branch Office No. 4, at Broadway and Forty-sixth street, attends to the gas supply, including the lighting of the public lamps in that part of the city lying north of the centre line of Twenty-third street and west of the centre line of Fifth avenue to Fifty-ninth street, and on the west side of Central Park, between Fifty-ninth and One Hundred and Tenth streets, and south of the centre line of One Hundred and Tenth street, from Eighth avenue to the North river, including Transverse Roads Nos. 1 and 2.

Branch Office No. 6, at No. 2084 Third avenue, attends to the gas supply, including the lighting of the public lamps in that part of the city lying north of the centre line of Seventy-ninth street to One Hundred and Tenth street, east of the Central Park, and all the city north of One Hundred and Tenth street to Harlem river, including Transverse road No. 3, and the bridges over the Harlem river.

The New York Mutual Gas-light Company has mains in various streets or parts of streets between Battery place and Sixty-fifth street, and lights a portion of the public lamps north of Thirty-fourth street. It manufactures water-gas at its works at Eleventh street, East river, and its office is at Fourth avenue and Sixteenth street. The capital is \$3,500,000, and the capacity of its works is 4,000,000 cubic feet per day.

The Equitable Gas-light Company has mains in various streets between Division and Eighty-sixth streets, and it lights the public lamps on the line of its mains. Its works are at Forty-first street, East river. It manufactures water-gas, and its office is at Third avenue and Twenty-fifth street. The capital is \$4,000,000, and the capacity of its works is 6,000,000 cubic feet per day.

The Standard Gas-light Company has mains in various streets, between Thirteenth and One Hundred and Thirty-eighth streets and between Avenue C and St. Nicholas avenue. It has also a main under the Harlem river, from Second to Lincoln avenue, and in a few streets in the Twenty-third Ward. The works of this company are at One Hundred and Fifteenth street, East river, and its main office is at No. 71 Broadway, with branch offices at the corner of Forty-second street and Lexington avenue, and at No. 19 West One Hundred and Twenty-fifth street, and No. 2590 Third avenue. The manufacture is water-gas. Its capital is \$10,000,000 and the capacity of its present works is 4,000,000 cubic feet per day.

The East River Gas Company, of Long Island City, obtained its franchise from the State Legislature (chapter 338 of the Laws of 1892). By this law said corporation is required "to pay annually into the treasury of the City of New York three per centum of its gross receipts from gas furnished by it to private and public buildings in the City of New York." The gas-works of this company are now being constructed in Long Island City, and it is intended to supply gas to the City of New York by means of gas-mains laid in a tunnel now being constructed under the East river.

The Central Gas-light Company supplies gas to the Twenty-third Ward (formerly the Town of Morrisania), and lights all the public gas lamps therein. It manufactures coal gas at its works at One Hundred and Thirty-eighth street, East river, and its office is at No. 350 Alexander avenue. The capital is \$487,000 and the capacity of its works is 800,000 cubic feet per day.

The Northern Gas-light Company supplies gas to that part of the Twenty-fourth Ward formerly Town of West Farms, and lights all the public gas-lamps therein. It manufactures coal gas at its works on the Bronx river, and its office is at No. 1845 Vanderbilt avenue. The capital is \$125,000 and the capacity of its works is 250,000 cubic feet per day.

The Yonkers Gas-light Company has mains in, lights the public lamps and supplies gas to that part of the Twenty-fourth Ward formerly Town of Kingsbridge, except the section known as Woodlawn Heights. Its gas works and office are in the City of Yonkers, Westchester County, and its manufacture is water gas. This company has been leased to the United Gas Improvement Company, and its business is principally confined to the City of Yonkers.

The New York and New Jersey Globe Gas-light Company lights 152 lamps at Woodlawn Heights in the Twenty-fourth Ward, being at the extreme north-easterly section of the City, and which is at present beyond the reach of gas-mains. The lamps are lighted by means of naphtha contained in a reservoir on each lamp.

The following additional streets have been lighted by gas during the year:

Fiftieth street, from Beckman place, east one hundred feet.
Seventy-fifth street, from West End avenue, to Riverside Drive.
Seventy-eighth street, from Avenue A to East river.
Seventy-ninth street, north side, from West End avenue to Riverside Drive.
Ninetieth street, from Amsterdam avenue to Boulevard.
Ninety-first street, from Amsterdam avenue to Boulevard.
One Hundred and First street, from First avenue to East river.
One Hundred and First street, from Madison to Park avenue.
One Hundred and Sixth street, from West End avenue to Riverside Drive.
One Hundred and Eleventh street, from Fifth to Lenox avenue.
One Hundred and Twelfth street, from Fifth to Lenox avenue.
One Hundred and Fifteenth street, from Lenox to Seventh avenue.
One Hundred and Eighteenth street, from Madison to Fifth avenue.
One Hundred and Thirty-fourth street, from Madison to Park avenue.
One Hundred and Thirty-sixth street, from Madison to Fifth avenue.
One Hundred and Thirty-seventh street, from Fifth to Lenox avenue.
One Hundred and Thirty-eighth street, from Amsterdam avenue to Hamilton place.
One Hundred and Thirty-ninth street, from Boulevard to four hundred feet west.
One Hundred and Fortieth street, from Seventh to Eighth avenue.
One Hundred and Forty-first street, from Fifth to Seventh avenue.
One Hundred and Forty-second street, from Fifth to Lenox avenue.
One Hundred and Forty-third street, from Convent to Amsterdam avenue.
One Hundred and Forty-fifth street, from Fifth to Lenox avenue.
One Hundred and Forty-fifth street, from Boulevard to Hudson river.
One Hundred and Forty-eighth street, from St. Nicholas avenue to Boulevard.
One Hundred and Forty-ninth street, from Amsterdam avenue to Boulevard.
One Hundred and Fifty-fifth street, Viaduct Bridge, from Eighth avenue to Macomb's Dam road.

One Hundred and Sixty-second street, from Kingsbridge road to Boulevard.
One Hundred and Sixty-second street, from Kingsbridge road to four hundred feet east.
One Hundred and Seventy-fifth street, south side, from Amsterdam avenue to Wadsworth avenue.

One Hundred and Eighty-fifth street, south side, from Amsterdam avenue to Kingsbridge road.

Avenue B, from Eighty-sixth to Eighty-ninth street.
Bradhurst avenue, from One Hundred and Fifty-third to One Hundred and Fifty-fourth street.
Central Park, West, east side, from Fifty-ninth to One Hundred and Tenth street.
Fort George avenue, from Eleventh to Amsterdam avenue.
Inwood street, from Kingsbridge road west six hundred feet.
Kingsbridge avenue, from Terrace View avenue, north, to Terrace View avenue, south.
Kingsbridge road, west side, from One Hundred and Ninetieth street to Ship Canal.
Lexington avenue, from One Hundred and Thirtieth to One Hundred and Thirty-second street.

McComb's Dam road, from Eighth avenue to One Hundred and Fifty-fourth street.
Park avenue, east side, from Ninety-sixth to Ninety-seventh street.
Ship Canal, temporary bridge.

Terrace View avenue, from Broadway to Janson place.
Van Corlear place, from Kingsbridge avenue to Jacobus place.
Wicker place, from Kingsbridge avenue to Janson place.
Eighth avenue, east side, from One Hundred and Tenth to One Hundred and Eleventh street.
Eleventh avenue, from One Hundred and Eighty-fifth street to Fort George avenue.

The following streets in Twenty-third Ward:
Beach avenue, from Kelly street to Westchester avenue.
Cedar place, from Eagle to Cauldwell avenue.
Eagle avenue, from One Hundred and Fifty-sixth street to Cedar place.
Fleetwood avenue, from One Hundred and Sixty-third to One Hundred and Sixty-fourth street.

Grant avenue, from One Hundred and Sixty-fourth to One Hundred and Sixty-fifth street.
Rogers place, from Westchester avenue to One Hundred and Sixty-fifth street.
Tinton avenue, from Denman to Cedar place.
Wales avenue, from Westchester avenue to One Hundred and Fifty-second street.
One Hundred and Fifty-sixth street, from Beach to Prospect avenue.
One Hundred and Sixty-ninth street, from Union avenue to Simpson street.

The following streets in Twenty-fourth Ward:
Anthony avenue, from Southern Boulevard to Potter place.
Bainbridge avenue, from Kingsbridge road to Cole's lane.
Bathgate avenue, from Third avenue to One Hundred and Eighty-eighth street.
Briggs avenue, from Travers street to 500 feet south.
Creston avenue, from One Hundred and Eighty-first street to Kirk place.
Decatur avenue, from Travis to Isaac street.
Decatur avenue, from Scott avenue to Mosholu parkway.
Decatur avenue, from Gunhill road to Eclipse street.
Decatur avenue, from Suburban street to 200 feet north.

Edenwood avenue, from St. James street to Kingsbridge road.
Elsmere place, from Prospect to Marmion avenue.
Fleetwood avenue, from One Hundred and Seventy-fifth street to Tremont avenue.
Fulton avenue, from One Hundred and Eighty-seventh street to Pelham avenue.
Hampton street, from Jerome avenue to Macomb's Dam road.
Irving street, from Ryer to Creston avenue.
Lowmede street, from Olin avenue to 500 feet south.
Marmion avenue, from Elsmere place to Tremont avenue.
Morris lane, from Sedgwick avenue to Macomb's Dam road.
Mount St. Vincent, from Riverdale avenue to Hudson River Railroad.
One Hundred and Eighty-fourth street, from Webster to Jerome avenue.
Palisade avenue, from Independence avenue to Koppock street.
Perry avenue, from Scott avenue to 400 feet east.
Ryer avenue, from One Hundred and Eighty-fourth to Irving street.
Sherwood street, from Briggs to Bainbridge avenue.
Summit street, from Anthony avenue to 300 feet east.
Taylor avenue, from Kingsbridge road to Columbine street.
Troy street, from Sidney street to 500 feet south.
Van Cortlandt avenue, from Palisade avenue to Park place.
Villa place, from Southern Boulevard to Potter place.

The total aggregate length of additional streets lighted during the year was 11.930 miles.

The total aggregate length of streets of the City lighted on December 31, 1893, was 549.337 miles.

The total length of bridges lighted was 2.390 miles.

The total length of piers lighted was 3.330 miles.

The total area of parks lighted was 70 acres.

The total area of Gansevoort Market Square lighted was 3 1/4 acres.

On December 11 and 22 last, awards of contracts were made by the Gas Commission for the lighting and maintenance of the public lamps for the year 1894, as follows:

TO WHOM AWARDED.	For gas to and lighting each lamp per year.	For each lamp-post straightened.	For each column re-leaded.	For each column re-fitted.	For each service-pipe refitted.	For each stand-pipe refitted.	For each lamp-post removed.	For each lamp-post reset.	For each new lamp fitted up.

In addition to the foregoing, an award of contract has been made by yourself to the Equitable Gas-light Company, for furnishing illuminating gas of not less than thirty candle power, for the year 1894, to such of the public buildings under your charge as are situated on the lines of the gas-mains of said company, at the rate of one dollar and twenty-five cents per 1,000 cubic feet. Also one to the Consolidated Gas Company, for furnishing gas of not less than twenty candle power, at the rate of one dollar and twenty-five cents per 1,000 cubic feet.

The following statement will show the average amount of impurities found in the gases of such of the companies as have gas-mains on the lines of our photometric stations, as determined by the analyses of Dr. E. G. Love, our Gas Examiner, in the laboratories of this Bureau:

OF WHAT COMPANY.	SULPHUR, (Grains in 100 Cubic Feet.)				AMMONIA, (Grains in 100 Cubic Feet.)				SULPHURET HYDROGEN.
	First Quarter.	Second Quarter.	Third Quarter.	Fourth Quarter.	First Quarter.	Second Quarter.	Third Quarter.	Fourth Quarter.	
Consolidated Gas Company, Twenty-first Street Station.....	3.46	4.14	5.92	4.80	0.31	0.40	2.18	0.88	Trace.
Consolidated Gas Company, Fourteenth and Eighteenth Street Stations.....	10.54	10.06	7.90	8.68	2.54	2.08	7.10	5.06	
Consolidated Gas Company, Forty-fourth Street Station.....	3.21	3.60	3.52	3.56	0.52	0.36	0.48	0.40	
Consolidated Gas Company, Forty-second Street Station.....	7.42	8.18	6.58	7.38	2.22	2.34	14.65	8.02	
Consolidated Gas Company, One Hundred and Eleventh Street Station.....	5.04	4.96	4.79	5.04	0.52	0.56	2.25	1.08	
New York Mutual Gas-light Company.....	8.82	7.44	5.13	7.18	0.24	0.16	0.08	0.12	Present
Equitable Gas-light Company.....	7.03	6.84	4.81	6.06	Trace	0.08	Trace	0.06	
Standard Gas-light Company.....	5.51	5.60	6.27	6.10	0.51	0.36	0.17	0.28	Trace.

The following shows the specific gravity of the gases:

OF WHAT COMPANY.	FIRST QUARTER.	SECOND QUARTER.	THIRD QUARTER.	FOURTH QUARTER.
Consolidated Gas Company, Twenty-first Street Station.....	.643	.612	.602	.616
Consolidated Gas Company, Fourteenth and Eighteenth Street Stations.....	.536	.500	.509	.510
Consolidated Gas Company, Forty-fourth Street Station.....	.667	.648	.649	.650
Consolidated Gas Company, Forty-second Street Station.....	.546	.520	.504	.524
Consolidated Gas Company, Ninety-ninth and One Hundred and Eleventh Street Stations.....	.608	.640	.606	.608
New York Mutual Gas-light Company.....	.736	.705	.726	.718
Equitable Gas-light Company.....	.706	.705	.688	.692
Standard Gas-light Company.....	.680	.666	.687	.670

The gases manufactured by the several companies are of the following kinds:

Consolidated Gas Company, Twenty-first Street Station, water-gas, "Tessie du Motay" process.
Consolidated Gas Company, Fourteenth and Eighteenth Street Stations, coal-gas.
Consolidated Gas Company, Forty-fourth Street Station, water-gas, "Tessie du Motay" process.
Consolidated Gas Company, Forty-second Street Station, coal-gas.

Consolidated Gas Company, Ninety-ninth Street Station, water-gas, "Tessie du Motay" process.

Consolidated Gas Company, One Hundred and Eleventh Street Station, coal-gas.
New York Mutual Gas-light Company, water-gas, "Wilkinson's" process.
Equitable Gas-light Company, water-gas, "Jerzmanowski" process.
Standard Gas-light Company, water-gas, "Flannery" process.
Central Gas-light Company, coal-gas.
Northern Gas-light Company, coal-gas.
Yonkers Gas-light Company, water-gas, "Saulsbury" process.

The following statement will show the average maximum and minimum pressure on the mains of each of the gas companies as connect with our photometric stations, as recorded on the pressure registers during the year, the average being made for the time during which the public lamps are required to be kept lighted:

OF WHAT COMPANY.	AVERAGE MAXIMUM PRESSURE.				AVERAGE MINIMUM PRESSURE.			
	First Quarter.	Second Quarter.	Third Quarter.	Fourth Quarter.	First Quarter.	Second Quarter.	Third Quarter.	Fourth Quarter.
	Inches.	Inches.	Inches.	Inches.	Inches.	Inches.	Inches.	Inches.
Consolidated Gas Company, Twenty-first Street Station.....	2.22	1.79	1.94	2.27	1.93	1.73	1.92	2.17

Consolidated Gas Company, Forty-second Street Station.....	2.23	1.88	2.32	2.13	1.11	1.06	1.27	1.23
Consolidated Gas Company, One Hundred and Eleventh Street Station.....	2.67	2.53	2.84	2.92	1.49	1.49	1.71	1.71
New York Mutual Gas-light Company.....	3.13	3.78	3.79	4.05	2.03	2.50	2.71	2.78
Equitable Gas-light Company.....	3.84	3.44	3.43	3.70	1.59	1.56	2.04	1.70
Standard Gas-light Company.....	1.97	1.70	1.94	2.08	1.78	1.56	1.81	1.91

All the contracts awarded for the year 1894 have been prepared and are ready for execution, but they have not been signed because the adequacy and sufficiency of the sureties have not as yet been approved by the Comptroller.

All the contracts with the several gas and electric-light companies for lighting the streets, etc., for the year 1893, have been completed and final vouchers passed. Contracts have also been completed and final payments made with the Bartlett Lamp Manufacturing Company, for 1,950 street lamps at \$2.13 each; for 100 Boulevard lamps at \$4.75 each; for 1,950 globes at \$2 each. With M. J. Drummond, for 1,200 cast iron lamp-posts at 01 $\frac{1}{10}$ of a cent per pound; and with the Manhattan Supply Company for 12,000 glass street signs at 16 $\frac{3}{10}$ cents each.

Yours, respectfully,

S. McCORMICK, Superintendent of Lamps and Gas.

Surplus balance	\$17,055 99

EXHIBIT "C."

Summary of the Appropriation for "Lamps and Gas and Electric Lighting—Salaries," for the Year ending 1893, showing the Amount of Vouchers drawn during each of the four Quarters of the Year, with the Balance Standing to the Credit of Appropriation.

Amount of appropriation for "Lamps and Gas and Electric Lighting," for the year 1893	\$6,500 00
Amount of vouchers drawn in first quarter	\$1,624 95
Amount of vouchers drawn in second quarter	1,624 95
Amount of vouchers drawn in third quarter	1,624 95
Amount of vouchers drawn in fourth quarter	1,527 73
Total expenditure for the year	6,402 58
Surplus balance	\$97 42

EXHIBIT "D."

Summary of the "Lamp Account," Showing the Number of New Lamps Lighted, Old Lamps Relighted and Lamps Discontinued by each Gas and Electric Light Company during the Quarter ending December 31, 1893.

CONSOLIDATED GAS COMPANY, BRANCH 1.				
Number of lamps lighted September 30, 1893	2,338			
Number of new lamps lighted during the quarter	2			
Number of old lamps relighted during the quarter	9		2,349	
Less lamps discontinued during the quarter	4			
Number of lamps discontinued during the quarter on account of electric lights	57		61	
Number of lamps lighted December 31, 1893	2,288
CONSOLIDATED GAS COMPANY, BRANCH 2.				
Number of lamps lighted September 30, 1893	1,228			
Number of new lamps lighted during the quarter	1			
Number of old lamps relighted during the quarter	3		1,232	
Less lamps discontinued during the quarter	6			
Number of lamps discontinued during the quarter on account of electric lights	3		9	
Number of lamps lighted December 31, 1893	1,223
CONSOLIDATED GAS COMPANY, BRANCH 3.				
Number of lamps lighted September 30, 1893	1,350			
Number of new lamps lighted during the quarter	10			
Number of old lamps relighted during the quarter	2		1,362	
Less lamps discontinued during the quarter	3			
Number of lamps discontinued during the quarter on account of electric lights	0		3	
Number of lamps lighted December 31, 1893	1,359
CONSOLIDATED GAS COMPANY, BRANCH 4.				
Number of lamps lighted September 30, 1893	3,196			
Number of new lamps lighted during the quarter	121			
Number of old lamps relighted during the quarter	11		3,328	
Less lamps discontinued during the quarter	16			
Number of lamps discontinued during the quarter on account of electric lights	0		16	
Number of lamps lighted December 31, 1893	3,312

DEPARTMENT OF PUBLIC WORKS—BUREAU OF LAMPS AND GAS, }
NEW YORK, December 26, 1893. }

SIR—The above table will show the time for lighting and extinguishing the public lamps during the year 1894. All the lamps to be lighted within one hour from the time of beginning.

MICHAEL T. DALY, Commissioner of Public Works.

S. McCORMICK, Superintendent of Lamps and Gas.

INSTRUCTIONS TO LAMP-LIGHTERS.

I.—The lamps must be lighted and extinguished strictly in accordance with the time specified in this time table, and all the lamps must be lighted within one hour from the time of beginning.

II.—The lamps must be kept clean and in good condition; the top glass, sides and bottom glass must be thoroughly cleaned, both on the outside and inside of the lantern, three times in each week, and oftener if necessary to keep them clean, and dust and dirt must be brushed from the frames, and the glass street signs must also be cleaned. Lighters must bear in mind that with clean glass a greater brilliancy is obtained from the flame. In the winter season the snow must be brushed from the lanterns after each snow fall. Dirty and disordered lamps will be considered as evidence of a careless and incompetent Lamp-lighter.

III.—The glass street signs and house numbers must be kept in their proper positions. The sign bearing the name of any avenue or main street must face the roadway of such avenue or street. One of the signs bearing the name of a cross street must face the roadway of such street and the other sign must be placed on the opposite side of the lantern. Be careful to observe that the name does not face the inside of the lantern.

IV.—Advertising signs on lamp posts or lanterns, or colored or ground glass in the lantern, are a violation of a Corporation Ordinance, and must not be permitted, except the red glass near the fire-alarm boxes, and these must be kept in place.

V.—If a Lighter, on extinguishing a lamp, should find a glass broken, he must replace the same before lighting time of the same day. If he should find a glass broken, while lighting, he must replace the same before lighting time of the following day, and the bottom glass must be kept in place as well as sides and tops. If he should find any portion of the tin work broken, he must take the lantern to his Superintendent for repairs. Broken glass must not be deposited on the street.

VI.—The burners must be kept in good condition to burn with a full, clear, steady flame, and not with a single or forked jet. If a burner, when lighted, should not emit the proper flame, then the same must be immediately cleared from its obstruction; and if it will not burn properly, another burner must be substituted.

VII.—If a lighter, when lighting, finds that a lamp will not burn, he will leave such lamp and finish his route. He must then return to the unlighted lamps and endeavor to get them in burning order. If he cannot make the lamp burn, he must report the same on the following morning to the Superintendent of the Gas Company.

VIII.—Lamp-lighters will not be permitted to climb the lamp-posts. The lamps must be lighted either by means of a torch or the use of a ladder.

IX.—In case a lamp-post should be found broken or taken down, or requiring repairs, or an excavation should be made near the same which would endanger its safety, he must report the same at once to the Superintendent of the Gas Company, stating the correct location of the post and what repairs are required. If the post has been taken down, he must report by whom, and for what purpose, and date when done. No excuse will be accepted from any Lamp-lighter who fails to report lamp-posts taken down or broken.

X.—Lighters must not break the lamp bottoms, nor the street-sign slots. Lamps furnished with these slots should be placed on corner lamp-posts.

XI.—Ladders must not be left tied to the lamp-posts.

S. McCORMICK, Superintendent of Lamps and Gas.

CORPORATION ORDINANCES RELATING TO THE PUBLIC LAMPS.

Sec. 68. Any person breaking, mutilating or obstructing any of the public lamps in the City of New York shall be liable to a penalty of five dollars for each offense.

Sec. 69. Any person who shall break, misplace or carry away any of the glass street-signs now or hereafter to be placed in any of the public lamps shall be liable to a penalty of three dollars for each offense.

Sec. 70. No person, without permission of the Commissioner of Public Works, shall take up, remove or carry away any public lamp-post in the City of New York, under the penalty of ten dollars for each offense.

Sec. 71. No person shall remove, or cause or permit to be removed, any public lamp-post now or hereafter to be placed in front of their premises for the purpose of constructing a vault or otherwise, without the permission of the Superintendent of Lamps and Gas; and the owner or owners of such vault shall cause the lamp-posts so removed to be reset at their own expense immediately upon the completion of the vault, under the penalty of twenty-five dollars for each offense.

Sec. 226. No person shall attach, place or paste, or caused to be attached, placed or pasted, any sign or advertisement or other matter upon any public lamp-post now erected in the City of New York, or that may hereafter be so erected, under the penalty named in the next section.

Sec. 227. The violation of any of the provisions of the preceding section shall be punishable by a fine of not less than one dollar or more than ten dollars.

Sec. 412. It shall not be lawful to erect any telegraph-post within a distance of ten feet of any public street-lamp. Any person offending against any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof before any of the police magistrates or justices of this city, shall be punished by a fine not exceeding ten dollars, or in default of the payment of such fine, by imprisonment not exceeding ten days.

Sec. 1953 of the New York City Consolidation Act of 1882. If any person shall wilfully break, take down or carry away any glass lamp hung or fixed in any of the streets of the City of New York, or extinguish the lights therein, or by aiding or abetting in the same, shall be subject to a fine of twenty-five dollars, and in default of payment of such fine the offender shall be committed to the penitentiary for the term of two months.

Document "L."

REPORT OF THE SUPERINTENDENT OF REPAIRS AND SUPPLIES.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC WORKS,
BUREAU OF REPAIRS AND SUPPLIES,
SUPERINTENDENT'S OFFICE, No. 31 CHAMBERS STREET, ROOM 15,
NEW YORK, January 2, 1894. }

Hon. MICHAEL T. DALY, Commissioner of Public Works:

SIR—In accordance with your instructions, I have the honor to submit the following report of the transactions of this Bureau for the quarter ending December 31, 1893, and a summary of the work done during the past year.

NEW CRIMINAL COURT-HOUSE.

This building is now practically completed as far as the existing contracts are concerned, and little remains to be done to fit the building for occupancy, except the partitions and railings required for the subdivision of the rooms to meet the wants of the several courts and offices for whose use it has been erected, and furnishing the same to meet their requirements.

The cleaning of the building is being proceeded with as fast as the several rooms are made ready.

A supply of coal has been put in and engineers and firemen employed to keep the building heated during the winter.

The rooms of the Street Cleaning Department have been made ready, and the office of the Department has been removed from the Stewart Building, and are now occupying their new rooms in the building.

Arrangements are being made for the removal of the office of the Excise Board to their room in the building; this work will be done so as to interfere as little as possible with the work of the office.

Specifications for carpets and furniture have been prepared, and the work of furnishing the courts and offices will be proceeded with as far as the appropriations for the same will admit.

THE COUNTY COURT-HOUSE.

Superior Court—A new cherry book-case was furnished for use of Judge Sedgwick. New curtains were put up behind the Judge's bench in Parts I. and II., and repairs made to the safe in the office of the Clerk of the Court.

Court of Common Pleas—Linoleum was laid around the Judge's bench in "Chambers," and a number of law books furnished for use of the Court. The water-tanks have been cleaned, and repairs made to the plumbing, steam and gas-fitting throughout the building. One barrel of cylinder and one barrel of machinery oil have been furnished for use of the Engineer, and about 1,000 feet of white pine and necessary hardware have been supplied for use of the carpenter in the employ of the Bureau.

THE CITY HALL.

The Mayor's Office—One 22-foot flag, with the City arms in blue on a white ground, was supplied for use of the office. Some circular-top shades were put on the windows. The electric current for operating the ventilating fans, and steam for heating and running the steam pump were supplied.

The City Court—Two new ivory gavels and some law books were supplied. The platform scale in the Park has been taken out to be overhauled and rebuilt, and will be completed and in place in a few days. The plumbing has been repaired, and one barrel of Phenyle disinfectant furnished for use in the toilet-rooms.

BROWN-STONE BUILDING.

Two gas radiators have been put up in the District Attorney's office, and some law books furnished for use of the Court of General Sessions. The waste-pipes have been overhauled and cleaned, and a barrel of Phenyle furnished to disinfect the closets and urinals.

THE HALL OF RECORDS.

A new desk has been furnished for use of the Satisfaction Clerk, and some repairs made to the glazing and plumbing work.

THE CORPORATION COUNSEL'S OFFICE, STAATS-ZEITUNG BUILDING.

The parquet flooring in the entrance room on the fourth floor and three rooms on the third floor has been cleaned off, scraped smooth and filled and varnished. New gas-fixtures, chandeliers, brackets, desk-lights and tubing have been put up. A new case of shelving and pigeon-holes has been put up on the third floor and a case of shelving on the second floor; these have been painted and grained. 2 five-feet roll-top desks, 1 small desk, 2 rotary high stools, 1 black walnut wardrobe, 1 dozen office chairs, 5 rotary chairs, 1 Hayward arm-chair and 1 No. 21 rotary desk-chair and 3 large rugs have been furnished. Carpet has been laid in 1 room on the fourth floor, and linoleum laid in 3 other rooms. About 45 yards of Brussels carpet runners and some cocoa mats and small desk rugs have been supplied. New window shades, on Hartshorn's spring rollers, have been hung on the windows of the fourth floor.

THE STEWART BUILDING.

Finance Department—Three Smyrna rugs have been placed in the ante-room of the Comptroller's office. The speaking tube in the office of the Receiver of Taxes has been repaired, and the electric current supplied to operate the ventilating fans.

Department of Taxes and Assessments—The desks of the three Commissioners have been mounted with 5 push button boards, with necessary electric wiring, connecting them with 3 new drop annunciators, with battery and fixtures complete.

The Commissioner of Accounts—In this office the ash sash partition has been extended to the ceiling, so as to entirely enclose Commissioner Owens' room.

THE STREET CLEANING DEPARTMENT.

The office of this Department, being obliged to vacate their apartments in the Stewart Building, arrangements have been made for removing the safes and furniture, books and papers of the Department, to the office-rooms assigned for its use in the new Criminal Court Building. This work will be done as rapidly as possible, so as not to interfere with the business of the office.

THE MARKETS.

Washington Market—Repairs were made to the flooring near Stand No. 262.

Fulton Market—Repairs have been made to the flat tin roofs, and the slate roofs of the towers. The gutters between the towers on Beekman street side have been relined, 5 new galvanized iron chimney tops have been put up, and new roofing collars put round them. The leaders have been repaired and some new leader pipe put in. The valleys and pediments have been repaired and new treble-coated tin put in to replace the damaged tin removed. All the new tin was given two coats of metallic paint and the old tin one coat. The sewer pipes on South street side have been cleaned and repaired.

Catherine Market—One new glazed sash was put in one of the arches, and some repairs made to the glazing and flooring.

Centre Market—Two pair of doors have been repaired and two new glazed sashes put in, and repairs made to the glazing.

Clinton Market—Three new galvanized iron skylights were put up over Stands Nos. 17, 19 and 67.

Jefferson Market—The whole interior of the market has been cleaned off, and the ceilings, iron work, skylights, rods and braces painted three coats of lead and oil paint, and the doors, frames, window sashes, and trim on the first floor of the building, and the under side of the iron shed and front of the same were given two coats of lead and oil paint, and the glazing repaired.

Tompkins Market—The glazing has been repaired.

Union Market—The glazing has been repaired.

THE ARMORIES.

Troop "A" Armory—The timber butt in the range, back of the targets, has been rebuilt, and new blocks and timbers put in. A new door bell has been hung.

The Seventh Regiment Armory—A contract and specification were prepared for the pointing-up of the brick and stonework of the exterior of the building, this work was advertised and given out at public letting, and is now nearly completed. The lamps at the Fourth avenue entrance have been reglazed with polished bevel plate-glass.

Eighth Regiment Armory—The flag-poles have been puttied-up and painted, and new halyards were reeved through the trucks; six new galvanized iron leaders were put up to replace the old ones on the north and south sides of the building. These were connected with new leader heads and the sewer drains.

Ninth Regiment Armory—A new grate was put in the large boiler furnace.

Twenty-second Regiment Armory—Repairs have been made to the rifle range, the butts have been rebuilt and newly timbered, and a new cable, containing 33 electric wires, was put in and connected with the electric bells in the range. Some repairs have been made to the gas-fitting.

Sixty-ninth Regiment Armory—The furnaces under the boilers have been repaired and relined and two sets of grate bars furnished. About 75 new window sash cords were put in and the glazing repaired.

Naval Battalion—A supply of fuel has been furnished for use on board the armory ship "New Hampshire."

THE COURTS—POLICE AND CIVIL.

City Prison Courts—The chimneys were pointed-up with Portland cement, and four new galvanized iron chimney tops, with Emerson heads, put on to replace those damaged.

Second District Police Court—A safe, 62 inches high, 42 3/4 inches wide, and 28 1/2 inches deep, fitted up with suitable compartments, was furnished for use of the Clerk's office, and a dozen office and half a dozen rotary chairs were supplied.

Third District Police Court—The hot-air furnaces have been repaired and relined, and new smoke-pipe and about 30 feet of new hot-air tin pipe. A new register and chimney top furnished and put in place.

Fourth District Police Court—A new roll-top desk, a rotary desk-chair and six arm-chairs have been furnished for use of the Court, and new carpet laid on the Judge's bench and in the two basement rooms.

HARLEM COURT-HOUSE.

A new pair of storm doors were put up at the entrance; 4 pair of outside blinds and 4 pair of inside venetian blinds were hung on the windows of Janitor's rooms.

The walls and ceiling of the circular stairway have been repaired, the ceiling calcimined in tints, the walls painted 4 coats of lead and oil paint stippled, and a dado 3 1/2 feet high painted from bottom to top of stairs, lined, grained in walnut and varnished.

Repairs have been made to the roof and the two scuttle-holes covered with 18-ounce copper.

BOARD OF POLICE JUSTICES.

Bibles and law books for use of the Police Courts and the Police Justices have been supplied.

THIRD DISTRICT COURT-HOUSE.

A contract and specifications were prepared for the pointing-up and painting the entire exterior of the building, including the clock tower, and cleaning and pointing-up the stonework. This work was advertised and given out at public letting, and is now completed. All the joints in the brick work and masonry were cut out and pointed-up with the best quality of Portland cement, and the work jointed with steel jointers. The stonework was thoroughly cleaned off and the brickwork painted with lead and oil paint. The vestibule and circular stone stairway leading to the Civil Court was also cleaned and painted. This work, while adding greatly to the beautiful appearance of the building, will preserve the walls for many years.

Some law books have been furnished for use of the Third District Civil Court.

THE COUNTY JAIL.

Repairs have been made to the kitchen range, and a set of new grate-bars put in the boiler furnace.

THE BUILDING DEPARTMENT

Has been furnished with a letter-press stand.

DEPARTMENT OF STREET IMPROVEMENTS, TWENTY-THIRD AND TWENTY-FOURTH WARDS.

A 5-foot oak roll-top desk, 1 large rotary and 4 arm-chairs have been furnished, and a Tucker file, with 50 files, and case of 30 drawers (in oak), for legal blanks, have been supplied for use of the Attorney of the Department.

THE FREE FLOATING BATHS.

The baths are safely stored in winter quarters, at South Brooklyn, where they will be carefully examined with a view of ascertaining what repairs will be required to put the baths in order for the coming season.

SUMMARY.

Contracts and Specifications.

Contracts and specifications were made for the following work, materials and supplies during the year 1893:

For 500,000 pounds of ice and 140 pieces for water coolers.
For 5,000 tons of coal for the several buildings.
For repairs to carpenter work on the baths.
For repairs to tin roofs on the baths.
For painting the baths.
For pointing-up and painting the Third District Court-house.
For pointing-up exterior walls of the Seventh Regiment Armory.
For panel partitions and railings for sub-division of the fourth floor of New Criminal Court.
For gas and electric combination fixtures for New Criminal Court Building.
For flagging sidewalks around the New Criminal Court Building.
For iron railings, snow and window guards for New Criminal Court Building.
For balconies, columns, stairs, railings and gates for access to City Prison Yard from New Criminal Court Building.
For putting in columns and girders in the building corner of One Hundred and Forty-first street and Third avenue, the Department of Street Improvements, Twenty-third and Twenty-fourth Wards.
For building a shed for the Department of Street Cleaning.
For building an office and inclosed shed for the Bureau of Incumbrances—both of the above sheds are in the Corporation Yard, West Fifty-sixth street.
For repairing the roofs of the Twelfth Regiment Armory.
For repairing the roof of the Eighth Regiment Armory.
For repairs to skylights and roof of Washington Market.
For repairs to Fulton Market roof.
For repairs to the roofs of the Seventh Regiment Armory.
For repairs to Rifle Range, Twenty-second Regiment Armory.
In addition to the above work, the boiler furnaces in the County Court-house, Eighth Regiment Armory, Twelfth Regiment Armory, Seventh Regiment Armory, Sixty-ninth Regiment Armory, the County Jail and Harlem Court-house have been overhauled and relined, and new grate-bars furnished where needed.
In addition to the foregoing about 1,000 requisitions were drawn for repairs to carpentry, masonry, plastering, painting, plumbing, gas and steam-fitting, electric wiring, ironwork, glazing and other handicrafts. The repairs to slate and metal roofs, the furnishing of carpets, desks and other furniture, repairing, cleaning and regulating the public clocks, furnishing engineer's and cleaner's supplies, and toilet articles, window awnings and shades.
Besides this a supervision is kept over contractors, carpenters, janitors, engineers, and firemen, and male and female cleaners in the employ of the Bureau.
The care and supervision of the free floating baths is also an important feature in the work of the Bureau.
The careful examination of work done and materials furnished for use in the several buildings and offices, and the bills and vouchers rendered for the same constitutes a most exacting part of the work of the Bureau.

Respectfully,

W. G. BERGEN, Superintendent Repairs and Supplies.

Respectfully submitted,

JOSEPH RILEY, Water Register.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office at 1 o'clock P. M. on Tuesday, April 10, 1894.

Present—Thomas F. Gilroy, Mayor; Ashbel P. Fitch, Comptroller; Joseph J. O'Donohue, Chamberlain, and Nicholas T. Brown, Chairman Committee on Finance, Board of Aldermen.

The minutes of the meeting held April 5, 1894, were read and approved.

The following communication was received from the Commissioner of Public Works with forms of contracts for furnishing the New Criminal Court Building:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 10, 1894.

Hon. THOMAS F. GILROY, Chairman, Commissioners of the Sinking Fund:

DEAR SIR—In accordance with the resolution adopted by your Board on the 30th ultimo, I have the honor to transmit herewith the form of contract and specifications furnished by the Architect for the New Criminal Court Building, for the furnishing of said building, in accordance with the schedule presented by the Architects February 23, 1894, and approved by your Board March 1, 1894.

Very respectfully,
MICHAEL T. DALY, Commissioner of Public Works.

Which were referred to the Comptroller.

The following communication was received from the Commissioner of Public Works notifying the Board that the Civil Service Boards and the Board of Coroners would move into the New Criminal Court Building before May 1, 1894:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 10, 1894.

Hon. THOMAS F. GILROY, Chairman, Commissioners of the Sinking Fund:

DEAR SIR—I have the honor to inform you that, under date of 3d inst., I notified the Health Department, the Civil Service Board and the Board of Coroners that the offices and rooms assigned to them in the New Criminal Court Building were ready for their occupancy, and requested them to inform me when they would be ready to vacate their present offices and occupy the new ones, suggesting at the same time that if this be done before May 1 proximo it would save the City the expense of rentals for offices now occupied by them.

I now have report from the Superintendent of Repairs and Supplies that arrangements have been made to move the offices of the Civil Service Boards to the New Criminal Court Building after the 18th inst., and the Coroners' offices before May 1.

The Secretary of the Health Department, by direction of the Commissioners of Health, informs me, however, that at present no date can be fixed when that Department can take possession and occupy the new offices, and that it is necessary that the cases for the reception of the voluminous records and papers of the Department be constructed and in place, and that the chemical and bacteriological laboratories must be completed before that Department can occupy its offices in the new building.

Very respectfully,
MICHAEL T. DALY, Commissioner of Public Works.

Which was ordered on file.

The following communication was received from the Board of Health for lease of premises No. 42 Bleecker street :

HEALTH DEPARTMENT, No. 301 MOTT STREET, }
NEW YORK, April 5, 1894.

To the Honorable the Commissioners of the Sinking Fund, New York City :

At a meeting of the Board of Health of the Health Department, held on Wednesday, April 4, 1894, it was

Resolved, That application be and is hereby made to the Honorable the Commissioners of the Sinking Fund for the lease of premises No. 42 Bleecker street, for the use of this Department, upon the following terms : The rent to be at the rate of \$100 per month, and the lease to extend from May 1, 1894, to June 30, 1894, an appropriation of that amount having been made by the Board of Estimate and Apportionment for this purpose, said lease to contain a proviso that it can be terminated by either party upon three days' notice.

A true copy.

EMMONS CLARK, Secretary.

Whereupon the Comptroller offered the following :

Resolved, That permission be and is hereby granted to the Board of Health of the Health Department to rent the premises No. 42 Bleecker street from May 1, 1894, to June 30, 1894, at a monthly rental of one hundred dollars (\$100), as requested by a resolution relating thereto, adopted by said Board of Health April 4, 1894, and that the Comptroller be and is hereby authorized to pay the said rental upon the proper voucher of the Commissioners of the Health Department.

Which was unanimously adopted.

The following communication was received from the Board of Health for lease of premises No. 309 Mulberry street :

HEALTH DEPARTMENT, No. 301 MOTT STREET, }
NEW YORK, April 5, 1894.

To the Honorable the Commissioners of the Sinking Fund, New York City :

At a meeting of the Board of Health of the Health Department, held Wednesday, April 4, 1894, it was

Resolved, That application be and is hereby made to the Honorable the Commissioners of the Sinking Fund for the lease of premises No. 309 Mulberry street, for the use of this Department, upon the following terms : The rent to be at the rate of one hundred and sixty-six dollars and sixty-six cents per month, and the lease to extend from May 1, 1894, to June 30, 1894, an appropriation of that amount having been made by the Board of Estimate and Apportionment for this purpose.

EMMONS CLARK, Secretary.

Whereupon the Comptroller offered the following :

Resolved, That permission be and is hereby granted to the Board of Health of the Health Department to rent the premises No. 309 Mulberry street from May 1, 1894, to June 30, 1894, at a monthly rental of one hundred and sixty-six dollars and sixty-six cents (\$166.66), as requested by a resolution relating thereto, adopted by said Board of Health April 4, 1894, and that the Comptroller be and is hereby authorized to pay the said rental upon the proper voucher of the Commissioners of the Health Department.

Which was unanimously adopted.

The following communication was received from the Board of Fire Commissioners, approving amended form of lease for premises No. 112 West Eighteenth street :

HEADQUARTERS FIRE DEPARTMENT, }
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET, }
NEW YORK, April 5, 1894.

Hon. ASHBEL P. FITCH, Comptroller :

SIR—I have the honor to acknowledge receipt of communication of 2d instant, inclosing form of lease of George G. Guion to the Mayor, etc., of premises No. 112 West Eighteenth street, as temporary quarters of Engine Company No. 14, and to reply that the Board of Commissioners of this Department deems it for the best interests of the City that the form of lease submitted by Mr. Guion (and which is returned herewith) be approved and executed as early as practicable.

Very respectfully,

ANTHONY EICKHOFF, Acting President.

GEORGE G. GUION, REAL ESTATE, BONDS AND MORTGAGES, AND INSURANCE, }
Nos. 68 AND 70 WILLIAM STREET, }
NEW YORK, March 30, 1894.

Hon. ASHBEL P. FITCH, Comptroller, City of New York, Stewart Building, New York :

DEAR SIR—I beg to inclose herewith the lease prepared in the Corporation Counsel's office for the premises No. 112 West Eighteenth street, as I am not prepared to make the letting on the conditions named. I inclose leases drawn substantially in accordance with the understanding I had with the parties who called here in reference to the matter, after making certain modifications to conform to that of the Corporation Counsel's, to the extent that I am willing to concede. I understand that it is proposed to make certain alterations in the premises for the occupation of the engine company, and will consent to the same on condition that the building is restored to its present condition on the termination of the letting.

In reference to the payment of the water rate, as the occupation may involve a considerable sum, I consider it only right that it should be paid by the lessee.

This letter is addressed to you at the suggestion of Mr. Rush of the Corporation Counsel's office, who has had the matter in charge.

Very respectfully, yours,

GEO. G. GUION.

In connection therewith the Comptroller presented the following :

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, }
April 10, 1894.

To the Commissioners of the Sinking Fund :

GENTLEMEN—At a meeting of the Commissioners of the Sinking Fund, held March 1, 1894, a resolution was adopted requesting the Counsel to the Corporation to prepare a lease to the City of the premises No. 112 West Eighteenth street, for temporary quarters for Engine Company No. 14, of the Fire Department—the lease to contain the usual terms and conditions.

I submit herewith a communication from Mr. George G. Guion, agent for the owner, under date of March 30, 1894, refusing to make the letting on the conditions named in this lease, and giving the reasons for his action. I also submit a communication from the Acting President of the Fire Department, dated April 5, 1894, in which it is stated that the Board of Commissioners of the Fire Department "deems it for the best interests of the City that the form of lease submitted by Mr. Guion (and which is returned herewith) be approved and executed as early as practicable."

I submit herewith the form of lease prepared by Mr. Guion, which provides for the payment of water rents by the City, and the restoration of the building to its original condition at the end of the term demised.

In accordance with the views of the Fire Department I offer the following resolution for such action as your Board may deem proper.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the lease to the City for the term of one year from March 1, 1894, to March 1, 1895, of the premises known as No. 112 West Eighteenth street, for temporary quarters for Engine Company No. 14, of the Fire Department, at an annual rental of fifteen hundred dollars (\$1,500), this day submitted by the Comptroller, be and the same is hereby approved, and the Commissioners of the Sinking Fund, deeming the rent fair and reasonable, the Comptroller is hereby authorized and directed to execute such lease, when properly approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882 ; and

Resolved, That the resolution adopted March 1, 1894, in relation thereto be and is hereby rescinded.

The report was accepted and the resolutions unanimously adopted.

The following communication was received from the Board of Fire Commissioners, for renting portion of premises Nos. 104 and 106 East One Hundred and Twenty-sixth street :

HEADQUARTERS FIRE DEPARTMENT, }
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET, }
NEW YORK, April 6, 1894.

The Honorable Commissioners of the Sinking Fund :

GENTLEMEN—I have the honor to inform you that the following resolution was adopted at a meeting of the Board of Fire Commissioners held on the 4th instant :

Resolved, That as, in consequence of delay in completing the new building for quarters of Engine Company No. 36, at No. 1849 Park avenue, it becomes necessary to continue the occupancy of a portion of the premises known as Nos. 104 and 106 East One Hundred and Twenty-sixth street until April 30, 1894, the Commissioners of the Sinking Fund be requested to authorize the Comptroller to continue the payment of the rental, at one hundred and ten dollars (\$110) per month therefor, from April 1, 1894, to May 1, 1894.

Very respectfully,

ANTHONY EICKHOFF, Acting President.

Whereupon the Comptroller offered the following :

Resolved, That permission be and hereby is granted to the Board of Fire Commissioners to continue the occupancy of a portion of the premises known as Nos. 104 and 106 East One Hundred and Twenty-sixth street until April 30, 1894, as requested in their resolution in relation thereto, adopted April 4, 1894, at a monthly rental of one hundred and ten dollars (\$110), said premises to be used as temporary quarters for Engine Company No. 36, and that the Comptroller be and is hereby authorized to pay the said rental upon the proper voucher of the Commissioners of the Fire Department.

Which was unanimously adopted.

The Comptroller called up the application of Mr. Edward Bridge, by Mr. George W. Van Slyck, his attorney, for renewal of lease of premises Nos. 84, 86 and 88 Park Row.

After discussion, the papers were referred to the Comptroller for examination, and to report whether the buildings on the premises can be altered for court purposes, and for the use of the Fire Department, Department of Public Works, etc., with advantage to the City.

The Comptroller reported orally on the application of Mr. Richard M. Montgomery for the purchase of corporation property at No. 28 Beaver street.

The Comptroller said that the premises in question were held by John A. Aspinwall and Ambrose C. Kingsland, executors of William H. Aspinwall, deceased, under a lease from the City for the period of twenty-one years from January 1, 1888, the City reserving the lower floor for a fuel depot.

It would not be for the public interest, therefore, to offer the property for sale.

The Comptroller recommended that no further action be taken on the application.

The report was accepted and the recommendation of the Comptroller approved.

The Mayor announced that the sale of the Staten Island and Bay Ridge Ferry franchises would now be considered.

Mr. Alrick H. Man, President of the New York and Sea Beach Railway Company, was heard in relation to the sale.

Mr. Man submitted the following statement :

The New York and Sea Beach Railway Company respectfully presents the following statement in relation to the upset price and rental of the Bay Ridge ferry.

The late Comptroller, seeing that the Sea Beach Railway Company must buy this franchise in absence of other bidders, placed the upset price at \$15,000 per annum, although the present lessee, the Staten Island Rapid Transit Railroad Company, declared that at such a price it could not bid, though anxious to control the ferry. In addition to this upset price, an annual rental of \$5,000 was to be paid to the lessee of the Staten Island ferries for the use of the necessary portions of the terminals—making an annual charge of \$20,000 in all. This sum was totally disproportionate to the income of the ferry and to the rental paid by other and more valuable ferries. The gross income of the ferry has ranged from \$100,000 to \$85,000, charging all comers the maximum rate of fare, ten cents, which is prohibitory as against the great bulk of the passengers from Bay Ridge and the territory naturally tributary to the ferry.

The high rate paid under the just expired lease is accounted for as follows :

The Staten Island Rapid Transit Railroad Company had built a railroad encircling Staten Island, and had acquired the old Staten Island Railway and its ferry franchise. To stop competition it was necessary for them to acquire the other franchise to Staten Island, which was operated by Mr. Starin. The Commissioners of the Sinking Fund decided to sell that franchise and the Bay Ridge franchise, which were created from the same pier, jointly to the same bidder.

Mr. Starin forced the bidding up to the phenomenal figure of 14 1/4 per cent. for the two ferries in one parcel. The absolute necessity of acquiring the Staten Island ferry induced this high bid, and the earning capacity of the Bay Ridge ferry was not even considered.

Subsequently Mr. Wiman ran all his Staten Island boats to St. George, a new terminus, and the lessee has ever since paid only 5 per cent. on the passengers thus carried, on the theory that the present ferry to St. George is operated under the other Staten Island ferry.

The Bay Ridge ferry, however, has continued to be burdened by the enormous charge of 14 1/4 per cent., which compelled the lessee to charge the maximum rate of ten cents fare, thus precluding the building up of the business to the great detriment of the city, and of the extensive territory which ought naturally to be tributary to this ferry.

Comptroller Myers observed the high amounts paid in as percentages during the last lease, and fixed the upset or minimum price a little above the largest amount which had been paid in any one year, viz., \$15,000. In addition he provided, and the Commissioners of the Sinking Fund approved, a rental of \$5,000 to be paid to the lessee of the Staten Island franchise for the use of the slip and terminal facilities at the Battery. It was decided yesterday, after a brief hearing (for which we were altogether unprepared, not knowing what it was intended to do), to raise this latter rental to \$8,000 per annum, making a total minimum annual charge to be paid by the lessee of \$23,000, equivalent to 25 per cent. of the average gross receipts.

As a single instance of the excessive nature of this charge, the upset price placed upon the Staten Island Ferry, which carried (according to the statement yesterday of the present lessee of both ferries) eight millions of passengers, is set at \$22,500, while the Bay Ridge Ferry is placed at \$15,000, and carries one million.

There are several bona fide bidders for this franchise, including the present lessee, the New York and Sea Beach Railway Company, the Thirty-ninth Street Ferry Company and General Butterfield, and if the upset price were a moderate figure the franchise would bring its fair market value. This railway company will be compelled to buy the franchise at this enormous price, because otherwise it will not be bought or operated by any one, and the railway will be without a connection. It is anxious to adopt a liberal policy—reduce the fares now charged, build ample terminals at Bay Ridge, and build up the business for the city. It will not be able to do so with this enormous annual charge, in addition to interest on the cost of boats and Bay Ridge terminals, and of operating the ferry, the average receipts of which per annum are about \$90,000.

No business can or does pay 25 per cent. per annum for the privilege of existence.

It will be seen that no bidder can possibly hope to earn the upset price. This state of affairs will be greatly against the city's interests, for it will prevent the building up of the business of the ferry and will force the lessee to charge a maximum toll to local passengers.

We respectfully urge that the sum named in the resolution offered by the Comptroller as the upset price is prohibitory, and that it is the true policy of the City to place a moderate upset price upon the franchise and sell it upon its merits—instead of compelling the one willing and liberal bidder, which has at all times been ready to bid up to a fair sum for the franchise, to take it at an exorbitant price without competition.

This statement is respectfully presented in the belief that the situation has been misunderstood by the city authorities and that we who have been in touch with the business of this ferry and railroad for so long have perhaps taken too much for granted and not made the situation sufficiently clear.

We respectfully ask that the terms of sale be modified in such a manner that the upset price shall not exceed \$10,000, and urge that free and open competition among the bidders will result in the sale of the ferry at its fair market price, which is all that the taxpayers can expect from the Commissioners of the Sinking Fund.

THE NEW YORK AND SEA BEACH RAILWAY COMPANY,
ALRICK H. MAN, President.

Dated April 10, 1894.

Which was ordered on file.

Mr. Erastus Wiman was heard on the question of the fare for passengers. Mr. Wiman urged that the fare to Staten Island be fixed at five cents for all persons, and not as at present, five cents for passengers who use the railroad and ten cents for others, so that the railroad which leases this ferry shall not discriminate against other roads.

Discussion followed, participated in by all the members of the Board and the representatives of the different parties in interest.

Whereupon the Comptroller, on behalf of the committee appointed at the meeting of March 30, 1894, offered the following resolutions for the sale of the said ferry franchises to Staten Island and Bay Ridge, Long Island:

STATEN ISLAND FERRY.

Resolved, That the Comptroller be and hereby is authorized to take measures to advertise and sell at public auction, to the highest bidder, as provided by law, the lease of the franchise of the ferry from the foot of Whitehall street, New York, to Staten Island, for a term of ten years from June 1, 1894, together with the wharf property belonging to the Corporation of the City of New York, upon the usual terms and conditions; and the minimum or upset price for the franchise shall be five per centum of the gross receipts, and the total yearly rental therefor shall not be less than

.....	\$22,500 00
For the wharf property the yearly rental is fixed at	21,500 00
Total	\$44,000 00

—payable in advance quarterly.

A further condition of the sale is that the purchaser and lessee of the franchise of the ferry to Bay Ridge, Long Island, may have the use, for its ferry purposes, of that portion of the landing and buildings at the foot of Whitehall street which are now and were heretofore occupied and used in connection with the operation of the Bay Ridge ferry, and of the privileges heretofore exercised in operating said Bay Ridge ferry, by the payment of eight thousand dollars (\$8,000) per annum, during the term of the new lease, beginning June 1, 1894, to the lessees of the Staten Island ferry. The rates for ferriage shall not exceed those now charged, and the number of boats employed and the number of regular trips made daily shall not be less than those now employed and made in operating the said ferry, and at least three regular trips shall be made between the hours of 1 o'clock A. M. and 5 o'clock A. M. daily, at an interval of one hour and twenty minutes each trip.

The purchaser of the franchise, in case the purchaser shall be any one other than the Staten Island Rapid Transit Railroad Company, will be required to pay, upon the execution of the lease, and the delivery of possession of said wharf property, to the said Staten Island Rapid Transit Railroad Company the sum of one hundred and seventy-five thousand dollars (\$175,000), the appraised value thereof, as fixed by a resolution of the Commissioners of the Sinking Fund adopted July 18, 1893.

The lease to contain a covenant providing for the purchase at a fair valuation of the boats, buildings and other property of the lessee used in and actually necessary for the operation of said ferry upon the termination of the lease and the surrender and yielding up of the premises by the lessee, if the lessee shall not become the purchaser of the franchise for another term; but the Mayor, Aldermen and Commonalty of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

Which was unanimously adopted.

BAY RIDGE FERRY.

Resolved, That the Comptroller be and hereby is authorized to take measures to advertise and sell at public auction to the highest bidder, as provided by law, a lease for the term of ten years from June 1, 1894, of the franchise of the ferry from the foot of Whitehall street, New York, to Bay Ridge, at Sixty-fifth street, Long Island, upon the usual terms and conditions; and

In addition to the yearly rental to be paid for the ferry franchise, a further condition of the sale is that the purchaser and lessee of said franchise may have the use for its ferry purposes of that portion of the landing and buildings at the foot of Whitehall street which are now and were heretofore occupied and used in connection with the operation of the Bay Ridge ferry, and of the privileges heretofore exercised in operating said Bay Ridge ferry, by the payment of eight thousand dollars (\$8,000) per annum, payable quarterly, during the term of the new lease, beginning June 1, 1894.

The boats of said ferry shall make half-hourly trips each way during the regular summer season, and trips during the rest of the year, as may be directed by the Mayor and Comptroller of the City of New York; and the rates of ferriage and charges for vehicles and freight shall not exceed the rates now charged. During the term demised the minimum or upset price of the franchise of said ferry for and during the term of the lease thereof is appraised and fixed at five per centum of the gross receipts for ferriage of passengers, vehicles, freight, etc., the total amount of which rental shall not be less than fifteen thousand dollars (\$15,000) per annum, payable quarterly in advance. The lease shall provide that any person or corporation that may acquire said ferry franchise, after the expiration of said term, shall be required to purchase, at a fair appraised valuation, the boats, buildings and other property of the former lessees or grantees actually necessary for the purpose of said ferry or franchise, provided that the Mayor, Aldermen and Commonalty of the City of New York shall not, in any event, be deemed to covenant to purchase said property.

The lessee will be required to provide improved facilities for the safe and more convenient landing of passengers and vehicles at the Long Island terminus.

Which was unanimously adopted.

The Mayor moved that when the Board adjourns it adjourns to meet on Monday, April 16, 1894, at 1 o'clock P. M.

Which was agreed to.

The Comptroller stated that, by resolution adopted on January 19, 1894, the Board had authorized the sale of the leases of certain ferry franchises for ten years from May 1, 1894 (Minutes, page 303).

He requested that a member of the Board be associated with him with the right to call in the services of the Counsel to the Corporation.

On motion of the Chairman of the Finance Committee of the Board of Aldermen, the Mayor and Comptroller were appointed a committee to confer with the Counsel to the Corporation in regard to the terms of sale of these ferries, and the forms of advertisements and leases.

Adjourned to meet at the Mayor's office on Monday, April 16, 1894, at 1 o'clock P. M.

RICHARD A. STORRS, Secretary.

BOARD OF ELECTRICAL CONTROL.

Minutes of a meeting of the Board of Electrical Control, held at the office of the Mayor, in the City of New York, on Tuesday, April 10, 1894, at 11 o'clock A. M.
Present—Mayor Thomas F. Gilroy, President; Commissioners Jacob Hess, Theodore Moss, Walton Storm.

The minutes of the last meeting were read and approved.

The Engineer submitted the following report and accompanying applications:

OFFICE OF THE BOARD OF ELECTRICAL CONTROL,
No. 1264 BROADWAY,
NEW YORK, April 10, 1894.

To the Honorable Commissioners of the Board of Electrical Control:

GENTLEMEN—In response to the resolution passed at the last meeting, and sent to all the electric companies operating in the City of New York, extending the time for them to make application for subway work in the coming season, I have received the following communications, which are herewith submitted:

United Electric-light and Power Company (dated April 2).
New York Heat, Light and Power Company (dated April 4).
Postal Telegraph Cable Company (dated April 4).

Mount Morris Electric-light Company.

Metropolitan Telephone and Telegraph Company (dated April 5).

Edison Electric Illuminating Company of New York (dated April 3 and 5).

Many of the applications of these various companies request subways to be constructed in streets that have been recently paved (the new paving, including 1890 and since), where the Board frequently gave notice before said paving was begun to these various companies that, after the completion of this paving, they would not be allowed to disturb the new paving unless for very urgent requirements. I, therefore, have separated the requests above enumerated into two classes; those including streets where there has been no new paving since 1890, and those in streets that have been paved, and have recommended that the Board authorize the construction of subways in the streets where the old paving remains, and submit for the consideration of the Board the applications in streets where the new paving exists, in order that, if possible, the various companies may show good reason why they should be allowed to disturb the new paving.

I have to recommend under the above schedule the construction of a subway, as requested:

For the United Electric-light and Power Company.

In Fourteenth street, from First avenue to Avenue B.
In Grand street, from Goerck street to east side of East street.
In Astor place, from Third avenue to Broadway.
In First avenue, from Houston to Twenty-ninth street.
In Avenue A, from Houston to Seventh street.
In Nassau street, from Fulton street to Maiden Lane.

For the New York Heat, Light and Power Company.

In Water street, from Fulton to Dover street.
In Nassau street, from Spruce to Liberty street.
In Maiden Lane, from Broadway to Pearl street.
In Liberty street, from William street to Maiden Lane.
In Ann street, from Broadway to Nassau street.
In Theatre Alley, from Ann to Beekman street.
In Beekman street, from Nassau street to Park Row.
In Frankfort street, from Pearl to Gold street.
In Gold street, from Frankfort to Spruce street.
In Pearl street, from Frankfort to Dover street.
In Dover street, from Pearl to Water street.
In Dey street, from Broadway to Church street.

For the Mount Morris Electric-light Company.

In Broome street, from Wooster street to South Fifth avenue.
In Pearl street, from Whitehall street to Hanover Square.
In Christopher street, from Greenwich to West street.

For the Postal Telegraph Cable Company.

In Front street, from Fletcher to Gouverneur ship.

For the Edison Electric Illuminating Company of New York.

In Nineteenth street, from Broadway to Fourth avenue.
In Nassau street, from Maiden lane to Beekman street.

For the Metropolitan Telephone and Telegraph Company.

In Thirty-second street, from Second to Third avenue, and from Second to First avenue.
In Madison avenue, east side, from Sixty-sixth to Seventy-first street.
In Manhattan street, from Amsterdam to Twelfth avenue.
In Ninetieth street, from Columbus avenue to Boulevard.
In Columbus avenue, from Eighty-sixth to One Hundredth street.
In Sixty-ninth street, from Columbus to West End avenue.
In Seventy-fifth street, from Columbus to West End avenue.
In Seventy-seventh street, from Columbus to West End avenue.
In Eighty-sixth street, from Columbus to West End avenue.

Very respectfully,

HENRY S. KEARNY, Engineer.

THE UNITED ELECTRIC-LIGHT AND POWER COMPANY,
NASSAU AND BECKMAN STREETS,
NEW YORK, April 2, 1894.

Hon. THEODORE MOSS, Secretary, The Board of Electrical Control, No. 1266 Broadway, City:

DEAR SIR—In response to your favor of the 1st ultimo, advising us of streets to be repaved during the coming season, and requesting that we advise you as to what subways we require in such streets, we beg to report as follows:

Fourteenth street, from First avenue to Avenue B.
First avenue, from Twenty-ninth to Houston street.
Houston street, from First avenue to Avenue B.
Avenue A, from Houston to Seventh street.
Second avenue, from Houston to Fourteenth street.
Grand street, from Goerck street to east side East street.
Nassau street, from Fulton street to Maiden Lane.
Astor place, from Third avenue to Broadway.

Very truly yours,

C. H. JACKSON, President.

THE NEW YORK HEAT, LIGHT AND POWER COMPANY,
OFFICE NOS. 33 TO 43 GOLD STREET,
NEW YORK, April 4, 1894.

To the Honorable Board of Electrical Control, Hon. THEODORE MOSS, Secretary:

DEAR SIR—Replying to your notice of 3d inst. covering resolution passed by your Board, on applications for subways for the coming season, we beg to say that we will need the construction of ducts for our use in the following streets, in which there are now no ducts which can be assigned to us. The following is in addition to those applied for under ours of 22d March, viz.:

Water street, from Fulton to Dover street, one 3-inch duct.
Dover street, from Water to Pearl street, one 3-inch duct.
Pearl street, from Dover to Frankfort street, one 3-inch duct.
Frankfort street, from Pearl to Gold street, one 3-inch duct.
Gold street, from Frankfort to Spruce street, one 3-inch duct.
Beekman street, from Park Row to Nassau street, one 3-inch duct.
Fulton street, from Broadway to Pearl street, one 3-inch duct.
Nassau street, from Maiden Lane to Liberty street, one 3-inch duct.
William street, from Maiden Lane to Liberty street, one 3-inch duct.
Maiden Lane, from Broadway to Pearl street, one 3-inch duct.
Liberty street, from William street to Maiden Lane, one 3-inch duct.
Ann street, from Broadway to Nassau street, one 3-inch duct.
Theatre alley, from Ann to Beekman street, one 3-inch duct.

Trusting the above will meet with your favorable consideration and approval,

We remain, gentlemen, very truly yours,
THE NEW YORK HEAT, LIGHT AND POWER COMPANY
C. L. HEINS, Treasurer.

POSTAL TELEGRAPH CABLE COMPANY,
OFFICE OF GENERAL SUPERINTENDENT, No. 253 BROADWAY,
NEW YORK, April 4, 1894.

To the Honorable Board of Electrical Control, No. 1264 Broadway, New York City:

GENTLEMEN—Replying further to your circular letter of March 1, I beg to say that the Postal Company has made application to the Empire City Subway Company (Limited) for space in subway from Broadway and Dey street through John and Front streets to the south side of Wall street, and that this involves the construction of a subway in Front street, from Pine to Wall street, 270 feet.

Yours respectfully,

POSTAL TELEGRAPH CABLE COMPANY,
By J. H. EMERICK, General Superintendent.

THE MOUNT MORRIS ELECTRIC-LIGHT COMPANY,
April 4, 1894.

To the Honorable the Commissioners of the Board of Electrical Control, Hon. THEO. MOSS, Secretary, No. 1262 Broadway, New York City:

DEAR SIR—We beg to submit herewith for your approval and authorization, a statement of these extensions of subway facilities, for the construction of which in the usual manner for a distributing system this is our application, and for which we ask your favorable consideration:

Broome street, from Wooster street to South Fifth avenue, one duct, north side.
Pearl street, from Whitehall street to Hanover Square, one duct, south side.
Franklin street, from West Broadway to Greenwich street, one duct, for north and south sides.
Broadway, from Bleecker to Fourteenth street, one duct, east side.

Eighth avenue, from Thirteenth to Fourteenth street, one duct, west side.
 Reade street, from Hudson to Washington street, one duct, south side.
 Christopher street, from Greenwich to West street, one duct, south side.
 Carmine street, from Bleecker street to Minetta Lane, one duct, south side.
 Sixth avenue, from Minetta Lane to West Third street, one duct, east side.
 West Third street, from Sixth avenue to South Fifth avenue, one duct, south side.
 P. S.—Duct to be built on Franklin street is to be built on the south side of the street, from West Broadway to Varick street, crossing Franklin street to the northwest corner of Varick street, then on north side of Franklin to Greenwich street.

Yours respectfully,
THE MOUNT MORRIS ELECTRIC-LIGHT COMPANY.
 EDWARD MAY, President.

GENERAL OFFICE OF
THE METROPOLITAN TELEPHONE AND TELEGRAPH COMPANY,
 No. 18 CORTLANDT STREET,
 NEW YORK, April 5, 1894.

The Board of Electrical Control, Hon. THEO. MOSS, Secretary, No. 1264 Broadway, New York City:

DEAR SIR—Responding to your favor of the 3d inst., we beg to make application for the construction of subways as follows:

Columbus avenue, from Eighty-sixth to Ninety-sixth street, eight 3-inch trunk ducts.
 Columbus avenue, from Ninety-sixth to One Hundredth street, six 3-inch trunk ducts.
 Sixty-ninth street, from Columbus to West End avenue, one 3-inch distributing duct.
 Seventy-second street, from Central Park, West, to West End avenue, one 3-inch distributing duct.
 Seventy-fifth street, from Columbus to West End avenue, one 3-inch distributing duct.
 Seventy-seventh street, from Columbus to West End avenue, one 3-inch distributing duct.
 Eighty-sixth street, from Columbus to West End avenue, one 3-inch distributing duct.
 Ninetieth street, from Columbus to West End avenue, one 3-inch distributing duct.
 Hudson street, from Spring to Christopher street, six 3-inch trunk ducts.
 Thirty-second street, from Third to Second avenue, six 3-inch trunk ducts.
 Thirty-second street, from Second to First avenue, two 3-inch trunk ducts.
 Madison avenue (east side), from Sixty-sixth to Seventy-first street, one 3-inch distributing duct.
 Sixty-fifth street, from Madison to Fifth avenue, one 3-inch distributing duct.
 Sixty-seventh street, from Madison to Fifth avenue, one 3-inch distributing duct.
 Sixty-ninth street, from Madison to Fifth avenue, one 3-inch distributing duct.
 Amsterdam avenue, from One Hundred and Twenty-fourth to Manhattan street, ten 3-inch trunk ducts.
 Manhattan street, from Amsterdam to Twelfth avenue, one 3-inch distributing duct.

Yours truly,
UNION N. BETHELL, Acting General Manager.

FORM OF APPLICATION TO BOARD OF ELECTRICAL CONTROL FOR CONSTRUCTION OF SUBWAYS.

The Edison Electric Illuminating Company, of New York, by this application, respectfully shows that it is a corporation duly organized under the Laws of the State of New York, having lawful power to manufacture, use and supply electricity, and to operate electrical conductors in the streets, avenues and highways of the City of New York hereinafter mentioned.

That said company requires for the accommodation of its electrical conductors in said streets, avenues and highways, spaces in the electrical subways as follows:

From East intersection of New Bowery and New Chambers street, running east 400 feet, to Nos. 18-20 Oak street.

The said company further shows that there are at present no spaces in subways in said streets, avenues and highways, available for such accommodation of electrical conductors of said company.

The said company therefore requests that a sufficient construction of subways be made in said streets, avenues and highways for the accommodation of its electrical conductors, in accordance with the above statement of its requirements.

The said company agrees to comply with all the rules and regulations of the Board of Electrical Control in and for the City of New York governing the occupancy of the subways, and to furnish security for the occupation of the subways which shall be constructed at its request, and the payments of the established rental therefor as required by the provisions of chapter 263 of the Laws of 1892.

THE EDISON ELECTRIC ILLUMINATING COMPANY, OF NEW YORK,
 R. R. BOWKER, First Vice-President.

NEW YORK, April 5, 1894.

FORM OF APPLICATION TO BOARD OF ELECTRICAL CONTROL FOR CONSTRUCTION OF SUBWAYS.

The Edison Electric Illuminating Company, of New York, by this application respectfully shows that it is a corporation duly organized under the laws of the State of New York, having lawful power to manufacture, use and supply electricity, and to operate electrical conductors in the street, avenues and highways of the City of New York hereinafter mentioned.

That said company requires, for the accommodation of its electrical conductors in said streets, avenues and highways, spaces for the electrical subways, as follows:

From East side of Broadway, running east 260 feet to No. 38 East Nineteenth street; length of block 500 feet.

The said company further shows that there are at present no spaces in subways in said streets, avenues and highways available for such accommodation of electrical conductors of said company.

The said company therefore requests that a sufficient construction of subways be made in said streets, avenues and highways for the accommodation of its electrical conductors, in accordance with the above statement of its requirements.

The said company agrees to comply with all the rules and regulations of the Board of Electrical Control in and for the City of New York governing the occupancy of the subways, and to furnish security for the occupation of the subways which shall be constructed at its request, and the payment of the established rentals therefor, as required by the provisions of chapter 263 of the Laws of 1892.

THE EDISON ELECTRIC ILLUMINATING COMPANY, OF NEW YORK,
 By R. R. BOWKER, First Vice-President.

NEW YORK, April 5, 1894.

FORM OF APPLICATION TO BOARD OF ELECTRICAL CONTROL FOR CONSTRUCTION OF SUBWAYS.

The Edison Electric Illuminating Company, of New York, by this application respectfully shows that it is a corporation duly organized under the Laws of the State of New York, having lawful power to manufacture, use, and supply electricity, and to operate electrical conductors in the streets, avenues, and highways of the City of New York hereinafter mentioned.

That said company requires for the accommodation of its electrical conductors in said streets, avenues and highways, spaces in the electrical subways as follows:

Nassau street, east side, from south side of Maiden Lane to south side of Beekman street.

The said company further shows that there are at present no spaces in subways in said streets, avenues, and highways, available for such accommodation of electrical conductors of said company, except its old "two wire" tubing, which it is desired to replace.

The said company therefore requests that a sufficient construction of subways be made in said streets, avenues, and highways, for the accommodation of its electrical conductors in accordance with the above statement of its requirements.

The said company agrees to comply with all the rules and regulations of the Board of Electrical Control in and for the City of New York governing the occupancy of the subways, and to furnish security for the occupation of the subways which shall be constructed at its request, and the payment of the established rentals therefor as required by the provisions of chapter 263 of the Laws of 1892.

THE EDISON ELECTRIC ILLUMINATING COMPANY, OF NEW YORK,
 By R. R. BOWKER, First Vice-President.

NEW YORK, April 10, 1894.

THE UNITED ELECTRIC-LIGHT AND POWER COMPANY,
 NASSAU AND BECKMAN STREETS,
 NEW YORK, April 9, 1894.

Hon. THEO. MOSS, Secretary, Board of Electrical Control, No. 1266 Broadway, New York:

DEAR SIR—We wish to amend our communication of the 2d instant, as to subways, to read "Nassau street, from Fulton street to south side of Wall street, to connect with subway in Broad street;" and to add "Subway in Fourth street, from Second avenue to Avenue B."

Very truly yours,
THE UNITED ELECTRIC-LIGHT AND POWER COMPANY,
 Per WM. H. BROWNE, General Manager.

POSTAL TELEGRAPH-CABLE COMPANY,
 OFFICE OF GENERAL SUPERINTENDENT, No. 253 BROADWAY,
 NEW YORK, April 9, 1894.

To the Honorable Board of Electrical Control, No. 1264 Broadway, New York City:

GENTLEMEN—I am informed by the Empire City Subway Company (Limited) that there is no subway on Pearl street, between Fletcher street and Maiden Lane. I desire, therefore, to amend

the application of the Postal Telegraph-Cable Company, dated April 4, and to ask for facilities on Pearl street, between Fletcher street and Maiden Lane, in addition to the facilities applied for between Pine and Wall streets.

Yours respectfully,
POSTAL TELEGRAPH-CABLE COMPANY,
 By J. H. EMERICK, General Superintendent.

The Board considered the foregoing report and applications, directed them to be filed and spread at length on the minutes, and adopted the following resolutions:

Resolved, That the application of the United Electric Light and Power Company for the construction of subways for the accommodation of its electrical conductors, dated April 2, 1894, as to the streets named in the following resolution, be and is hereby granted, and as to the other streets, be and is hereby laid over.

Resolved, That the Consolidated Telegraph and Electrical Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of high tension electrical conductors in the following localities:

Fourteenth street, from First avenue to Avenue B.
 First avenue, from Houston to Twenty-ninth street.
 Grand street, from Goerck to east side of East street.
 Astor place, from Third avenue to Broadway.
 Avenue A, from Houston to Seventh street.
 Nassau street, from Fulton to Maiden Lane.

Provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Consolidated Telegraph and Electrical Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890.

Resolved, That the application of the New York Heat, Light and Power Company for the construction of subways for the accommodation of its electrical conductors, dated April 4, 1894, as to the streets named in the following resolution, be and is hereby granted, and as to the other streets, be and is hereby laid over.

Resolved, That the Consolidated Telegraph and Electrical Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of high tension electrical conductors in the following localities:

Nassau street, from Liberty to Spruce street.
 Ann street, from Broadway to Nassau street.
 Theatre alley, from Ann to Beekman street.
 Beekman street, from Nassau street to Park Row.
 Frankfort street, from Pearl to Gold street.
 Gold street, from Frankfort to Spruce street.
 Pearl street, from Frankfort to Dover street.
 Dover street, from Pearl to Water street.
 Water street, from Fulton to Dover street.
 Maiden Lane, from Broadway to Pearl street.
 Liberty street, from William street to Maiden Lane.
 Dey street, from Broadway to Church street.

Provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Consolidated Telegraph and Electrical Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890, except Nassau street, which will soon be disturbed by the East River Gas Company to lay gas pipe.

Resolved, That the application of the Mount Morris Electric-Light Company for the construction of subways for the accommodation of its electrical conductors, as to the streets named in the following resolution, be and is hereby granted, and as to the other streets, be and is hereby laid over.

Resolved, That the Consolidated Telegraph and Electrical Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of high tension electrical conductors in the following localities:

Broome street, from Wooster street to South Fifth avenue.
 Pearl street, from Whitehall street to Hanover Square.
 Christopher street, from Greenwich to West street.

Provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Consolidated Telegraph and Electrical Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890.

Resolved, That the application of the Postal Telegraph-Cable Company for the construction of subways for the accommodation of its electrical conductors, dated April 4, 1894, be and is hereby granted.

Resolved, That the Empire City Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of low tension electrical conductors in Front street, from Fletcher to Gouverneur slip; provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Empire City Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890.

Resolved, That the application of the Edison Electric Illuminating Company, of New York, for the construction of subways for the accommodation of its electrical conductors, dated April 3, 1894, be and is hereby granted.

Resolved, That the Empire City Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of low tension electrical conductors, in

Nineteenth street, from Broadway to Fourth avenue.
 Nassau street, from Maiden Lane to Beekman street.

Provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Empire City Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890.

Resolved, That the application of the Metropolitan Telephone and Telegraph Company for the construction of subways for the accommodation of its electrical conductors, dated April 5, 1894, as to the streets named in the resolution following, be and is hereby granted, and as to the other streets, be and is hereby laid over.

Resolved, That the Empire City Subway Company be and it is hereby authorized and directed to construct subways for the accommodation of low tension electrical conductors in the following localities:

Ninetieth street, from Columbus avenue to Boulevard.
 Thirty-second street, from First to Third avenue.
 Madison avenue, from Sixty-sixth to Seventy-first street.
 Manhattan street, from Amsterdam to Twelfth avenue.
 Columbus avenue, from Eighty-sixth to One Hundredth street.
 Sixty-ninth street, from Columbus to West End avenue.
 Seventy-fifth street, from Columbus to West End avenue.
 Seventy-seventh street, from Columbus to West End avenue.
 Eighty-sixth street, from Columbus to West End avenue.

Provided, however, that this resolution shall not take effect until the corporations and individuals making application for the construction of said subways shall have first furnished to said Empire City Subway Company security for the occupation of said subways and the payment of rentals therefor in advance, as provided by chapter 263 of the Laws of 1892. And it being understood that none of the localities above named are streets where new pavements have been laid since 1890.

An application of the North River Electric-Light and Power Company, dated April 9, 1894, to run one circuit on existing poles, on Lincoln avenue, from Southern Boulevard to One Hundred and Thirty-eighth street, was referred to the Secretary of the Board, with power to grant same, if necessary.

The following application of the Mercantile Electric Company was read:
 No. 120 BROADWAY, April 7, 1894.

To the Honorable the Board of Electrical Control:

GENTLEMEN—The Mercantile Electric Company would respectfully ask permission or authority to have the necessary wires for the proper carrying on of its business placed in the subways in this city, and we beg to hand you herewith a certified copy of the Act of Incorporation.

Yours respectfully,
THE MERCANTILE ELECTRIC COMPANY,
 By LYMAN RHOADES, Director and Acting Manager.

On motion of his Honor the Mayor, it was Resolved, That the application of the Mercantile Electric Company, for the purpose of placing wires in the subways for the carrying on of its business, be referred to the Corporation Counsel. The Secretary submitted the following report, which was directed to be filed and spread at length on the minutes:

NEW YORK, April 10, 1894.

To the Board of Electrical Control:

DEAR SIRS—I beg to submit the following report of the private wires, and all other wires, that have been removed during the past week or so. You will see from the attached diagram the way the wires were cut across New street, Broad street, Wall street and Exchange place. In all, there have been removed about 500 private wires that crossed streets at these points without permits.

Very respectfully,
T. MOSS, Secretary.

The following communication from the Fire Department, with accompanying list, was referred to the Engineer for examination and report:

HEADQUARTERS FIRE DEPARTMENT,
No. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 9, 1894.

The Honorable Board of Electrical Control:

GENTLEMEN—I have the honor to forward herewith the inclosed, list of streets wherein subway facilities will be required in addition to the list (where new pavement is required) transmitted to you on the 15th ultimo, to enable this Department to remove the remainder of its poles and overhead lines in that portion of the city south of One Hundred and Twenty-fifth street.

Very respectfully,
ANTH. EICKHOFF, Acting President.

The following communications from the Manhattan Electric-light Company, the Postal Telegraph-Cable Company and the Metropolitan Telephone and Telegraph Company, giving statistics of removals of poles and wires during the month of March, were read, and ordered to be filed and spread on the minutes:

MANHATTAN ELECTRIC-LIGHT COMPANY (LIMITED),
OFFICE AND STATION, EIGHTIETH STREET AND EAST END AVENUE,
NEW YORK, April 4, 1894.

Hon. THEODORE MOSS, Secretary, Board of Electrical Control, No. 1266 Broadway, City:

DEAR SIR—We beg to advise you that during the month of March this company removed overhead wire as follows:

On Eightieth street, from station to First avenue	5,328 feet
On First avenue, Eightieth to Fifty-ninth street	11,190 "
On First avenue, Eightieth to Forty-second street	20,196 "
Total	36,714 feet = 6.95 miles.

MANHATTAN ELECTRIC-LIGHT COMPANY (LIMITED),
E. A. LESLIE, Vice-President.

P. S.—In our next communication on this subject we hope to report the removal of every foot of overhead wire now operated by this company.

L.

POSTAL TELEGRAPH-CABLE COMPANY,
OFFICE OF SUPERINTENDENT, 187 BROADWAY,
NEW YORK, April 4, 1894.

To the Board of Electrical Control, No. 1266 Broadway, New York:

GENTLEMEN—During the month of March we removed about three and one-half miles of overhead wire between Bowling Green and Twenty-third street on Broadway and adjoining streets.

Very respectfully,
POSTAL TELEGRAPH-CABLE CO.,
E. G. COCHRANE, Superintendent.

GENERAL OFFICES OF THE METROPOLITAN TELEPHONE AND TELEGRAPH COMPANY,
No. 18 CORTLANDT STREET,
NEW YORK, April 7, 1894.

Adopted by the Board of Aldermen, April 17, 1894.

Resolved, That Garrett J. Byrne, Jr., of No. 2289 Seventh avenue, be and he is hereby appointed a City Surveyor.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That permission be and the same is hereby given to A. Weiner to place and keep an ornamental clock and post in front of No. 2703 Third avenue, provided that the post shall not exceed the dimensions prescribed by law (eighteen inches square at the base), the clock not to exceed two feet in diameter, provided the flagging be put down in the same condition it was before being disturbed, the work to be done and material supplied at his own expense, under the direction of the Commissioner of Street Improvements, Twenty-third and Twenty-fourth wards; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Ninety-sixth street, between Park and Madison avenues, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in One Hundred and Sixty-third street, from Trinity avenue to Caldwell avenue, and in Caldwell avenue, from One Hundred and Sixty-first street to One Hundred and Sixty-third street, as provided in section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Teasdale place, between Third and Trinity avenues, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That the Commissioner of Public Works be and he is hereby authorized, to lay water-mains in Eighth avenue, between Ninety-ninth and One Hundred and First streets; in One Hundredth street, between Eighth avenue and Boulevard, and in Ninety-sixth street, between Boulevard and Riverside Drive, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That the Commissioner of Public Works be and he is hereby authorized to lay water-mains in One Hundred and Thirty-eighth street, between Rider and Gerard avenues, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That the Commissioner of Public Works be and he is hereby authorized to lay water-mains in One Hundred and Sixtieth street, between Courtlandt and Railroad avenues, and in Kelly street, between Union and Prospect avenues, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Vyse avenue, from Home street to Cook place, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Leggett avenue, between Prospect avenue and Leggett lane, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in George street, from Boston avenue to Prospect avenue, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Union avenue, between One Hundred and Fifty-sixth street and Dawson street, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.

Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in One Hundred and Fifty-sixth street, between Westchester and Prospect avenues, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That water-mains be laid in Briggs avenue, from Southern Boulevard to Suburban street, as provided by section 356 of the New York City Consolidation Act of 1882.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That permission be and the same is hereby given to Philip Reilly to place and keep a watering-trough on the northwest corner of One Hundred and Forty-fifth street and Willis avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That permission be and the same is hereby given to Louis Lutz to place and keep a watering-trough on the sidewalk, near the curb, on the northeast corner of Morris avenue and One Hundred and Eighty-first street, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That a lamp-post be erected and four street-lamps placed thereon and lighted in Sherman Square, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in Eagle avenue, between Cedar place and One Hundred and Sixty-first street, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in Hoe avenue, from West Farms road to Charlotte place, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted in Leggett avenue, between Prospect avenue and Leggett lane, under the direction of the Commissioner of Public Works.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps lighted in Lafayette avenue, from Hunt's Point road southerly about six hundred and thirty feet, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That College avenue, from the northerly curb-line of One Hundred and Forty-sixth street to the southerly curb-line of One Hundred and Forty-eighth street, be regulated and graded, the curb-stones set, the sidewalks flagged a space four feet in width, and crosswalks laid at each intersecting street or avenue, where not already laid, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Lowell street, from Third avenue to Rider avenue, be regulated and paved with granite-block pavement, and crosswalks be laid at each intersecting and terminating street or avenue, where not already laid, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Rutgers Slip, from Cherry to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present

ridge-stones where not worn or broken so far as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Moore street, from Pearl to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Montgomery street, from Water to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Houston street, from Lewis to Mangin street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That crosswalks of two courses of North river blue stone, with a row of paving-blocks between the courses, be laid across Seventy-fourth street at its intersection with the easterly sides of Columbus avenue, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Wall street, from Pearl to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Pearl street, from Whitehall street to Hanover Square, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Pine street, from Pearl to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Gouverneur lane, from Water to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stone where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Seventy-first street, between West End and Hudson river wall, be paved with asphalt pavement, and that crosswalks be laid at each intersecting or terminating street or avenue, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Sixth street, from Lewis street to five hundred feet east, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Jones lane, from Front to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of Broad street, from Pearl to South street, so far as the same is within the limits of grants of land under water, be paved with granite-block pavement on concrete foundation, and that the present crosswalks within that space be relaid, using the present bridge-stones where not worn or broken so as to be unfit for use, and using new bridge-stones in place of defective stones, and laying new bridge and curb stones where required, under chapter 449, Laws 1889, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the north side of One Hundred and Sixth street, between First and Second avenues, and on both sides of One Hundred and Seventh street, between First and Second avenues, be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the north side of Fifty-ninth street, from Amsterdam to Eleventh avenue, be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the south side of Sixtieth street, from Amsterdam avenue to Eleventh avenue, be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the north side of One Hundred and Fifteenth street, between Park and Madison avenues, be fenced in with a tight board fence, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the Department of Public Charities and Correction be and it is hereby authorized to contract without public letting or advertising with the Metropolitan Telegraph and Telephone Company, for the year 1894, in accordance with the provisions of section 64, chapter 410 of the Laws of 1882, at a price not to exceed eleven thousand five hundred dollars (\$11,500).

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the north side of Fifty-first street, between Tenth and Eleventh avenues, be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the carriageway of One Hundred and First street, from First avenue to the Harlem river, be paved with granite-block pavement, and that crosswalks be laid at each intersecting and terminating street or avenue, where not already laid, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That the vacant lots on the north side of Sixty-seventh street, from Central Park West, to Columbus avenue, be fenced in with a tight board fence, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

Resolved, That East One Hundred and Fifty-sixth street, from Railroad avenue, East, to the summit between Railroad avenue, East, and Courtlandt avenue, be re-regulated and regraded, the curb-stones, flagging and crosswalks be readjusted to the established lines and grades, under the direction of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, April 10, 1894.
Approved by the Mayor, April 18, 1894.

MICHAEL F. BLAKE, Clerk Common Council.

DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS,
Nos. 49 and 51 CHAMBERS STREET,
New York, April 20, 1894.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES, FOR EACH of the following-mentioned works with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received by the Department of Public Parks, at its offices, Nos. 49 and 51 Chambers street, until eleven o'clock A. M., on Wednesday, May 2, 1894.

No. 1. FOR SLATE TANKS, CARPENTER WORK, PLUMBING, TILING, ETC., FOR THE AQUARIUM IN THE CASTLE GARDEN BUILDING, IN BATTERY PARK.

No. 2. FOR FOUNDATION-WALLS, GRANITE-WORK, IRON RAILING, ETC., FOR THE PADDOCK ENCLOSURES FOR CATTLE BUILDINGS NEAR THE ARSENAL, IN CENTRAL PARK.

No. 3. FOR FURNISHING AND DELIVERING BROKEN TRAP-ROCK SCREENINGS.

Special notice is given that the works must be bid for separately.
The estimates of the work to be done, and by which the bids will be tested, are as follows:

No. 1. ABOVE-MENTIONED.

Bidders are required to state, in writing, and also in figures, in their proposals, ONE PRICE OR SUM for which they will execute the ENTIRE WORK.

The time allowed for the completion of the whole work will be SIXTY-FIVE CONSECUTIVE WORKING DAYS.

The damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at FIFTY DOLLARS per day.
The amount of security required is EIGHT THOUSAND DOLLARS.

No. 2. ABOVE-MENTIONED.

Bidders are required to state in writing and also in figures, in their proposals, ONE PRICE OR SUM for which they will execute the ENTIRE WORK.

The time allowed for the completion of the whole work will be FORTY CONSECUTIVE WORKING DAYS.

The damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at TEN DOLLARS per day.
The amount of security required is EIGHTEEN HUNDRED DOLLARS.

No. 3. ABOVE-MENTIONED.

1,000 cubic yards of trap-rock screenings to be delivered on Bronx Park and Moshulu Parkway, in the Twenty-fourth Ward, within thirty days.

The penalty for non-completion within the specified time will be TEN DOLLARS PER DAY.
The amount of security required is ONE THOUSAND DOLLARS.

Bidders will be required to complete the entire works to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the works and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded, in each case, will be awarded to the lowest bidder.

Blank forms for proposal and forms of the several contracts which the successful bidders will be required to execute, can be had, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

A. B. TAPPEN,
NATHAN STRAUS,
GEORGE C. CLAUSEN,
EDWARD BELL,
Commissioners of Public Parks

DEPARTMENT OF STREET CLEANING.

TERMS OF SALE.

The purchase money to be paid in bankable funds at the time of sale, or the articles will be resold.

Purchasers will be required to remove their articles from the stables within twenty-four hours after the sale. Information in relation to the articles to be sold may be obtained from the Storekeeper, Seventeenth street and Avenue C.

WILLIAM S. ANDREWS,
Commissioner of Street Cleaning.

BOARD OF EDUCATION.

SEALED PROPOSALS WILL BE RECEIVED BY the Board of School Trustees for the Seventeenth Ward, at the Hall of the Board of Education, No. 146 Grand street, until 9.30 o'clock A. M., on Tuesday, May 1, 1894, for making Sanitary Improvements at Grammar School No. 25.

HIRAM MERRITT, Chairman,
HENRY H. HAIGHT, Secretary,
Board of School Trustees, Seventeenth Ward.
Dated New York, April 18, 1894.

Sealed proposals will also be received at the same place by the School Trustees of the Eighteenth Ward, until 10 o'clock A. M., on Tuesday, May 1, 1894, for making Sanitary Improvements at Primary School No. 4.

A. G. VANDERPOEL, Chairman,
EWEN MCINTYRE, Secretary,
Board of School Trustees, Eighteenth Ward.
Dated New York, April 18, 1894.

Sealed proposals will also be received at the same place by the School Trustees of the Twenty-third Ward, until 4 o'clock P. M., on Tuesday, May 1, 1894, for making Repairs, Alterations, etc., at Grammar Department, Grammar School No. 60, Primary Department, Grammar School No. 60, Grammar Schools Nos. 85 and 90.

JAS. A. FERGUSON, Chairman,
J. C. JULIUS LANGBEIN, Secretary,
Board of School Trustees, Twenty-third Ward.
Dated New York, April 18, 1894.

Sealed proposals will also be received at the same place by the School Trustees of the Twenty-second Ward, until 4 o'clock P. M., on Thursday, April 26, 1894, for making Sanitary Improvements at Grammar School No. 28, located West Fortieth street, near Eighth avenue.

JAMES R. CUMING, Chairman,
R. S. TREACY, Secretary,
Board of School Trustees, Twenty-second Ward.
Dated New York, April 13, 1894.

Sealed proposals will also be received at the same place by the School Trustees of the Ninth Ward, until 10 o'clock A. M., on Wednesday, April 25, 1894, for making Sanitary Improvements at Grammar School Building No. 3 and Primary School Buildings Nos. 7 and 13.

WILLIAM C. SMITH, Chairman,
ARTHUR H. KENNEDY, Secretary,
Board of School Trustees, Ninth Ward.
Dated New York, April 12, 1894.

Sealed proposals will also be received at the same place by the School Trustees of the Twelfth Ward, until 10 o'clock A. M., on Monday, April 23, 1894, for Heating and Ventilating Apparatus for the Addition to Grammar School Building No. 54, on north side of One Hundred and Fourth street, near Amsterdam avenue.

JOHN WHELEN, Chairman,
ANTONIO RASINES, Secretary,
Board of School Trustees, Twelfth Ward.
Dated New York, April 10, 1894.

Plans and specifications may be seen, and blank proposals obtained, at the office of the Superintendent of School Buildings, No. 146 Grand street, third floor.

The Trustees reserve the right to reject any or all of the proposals submitted.

The party submitting a proposal, and the parties proposing to become sureties, must each write his name and place of residence on said proposal.

Two responsible and approved sureties, residents of this city, are required in all cases.

No proposal will be considered from persons whose character and antecedent dealings with the Board of Education render their responsibility doubtful.

The party submitting a proposal must include in his proposal the names of all sub-contractors, and no change will be permitted to be made in the sub-contractors named without the consent of the School Trustees and Superintendent of School Buildings.

It is required as a condition precedent to the reception or consideration of any proposals, that a certified check upon, or a certificate of deposit of, one of the State or National banks, or Trust Companies of the City of New York, drawn to the order of the President of this Board, shall accompany the proposal to an amount of not less than three per cent. of such proposal, when said proposal is for or exceeds ten thousand dollars, and to an amount not less than five per cent. of such proposal when said proposal is for an amount under ten thousand dollars; that on demand, within one day after the awarding of the contract by the proper Board of Trustees, the President of the Board will return all the deposits of checks and certificates of deposit made, to the persons making the same, except that made by the person or persons whose bid has been so accepted; and that if the person or persons whose bid has been so accepted shall refuse or neglect, within five days after due notice has been given that the contract is ready for execution, to execute the same, the amount of the deposit or of the check or certificate of deposit made by him or them shall be forfeited to and retained by this Board, not as a penalty, but as liquidated damages for such neglect or refusal, and shall be paid into the City Treasury to the credit of the Sinking Fund of the City of New York; but if the said person or persons whose bid has been so accepted shall execute the contract within the time aforesaid, the amount of his or their deposit of check or certificate of deposit shall be returned to him or them.

CORPORATION NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants, of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.: List 4439, No. 1. The limits embraced by such assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Forest avenue, from Westchester avenue to One Hundred and Sixty-third street, and to the extent of half the block at the intersecting streets.

No. 2. Both sides of Seventy-sixth street, from the Boulevard to Riverside Drive, on Block 210, Ward Nos. 61 and 61½, Block 256, Ward Nos. 38, 39, 45, 46, 48 and 49, and Block 257, Ward Nos. 13 to 17 inclusive.

No. 3. North side of One Hundred and Thirty-sixth street, from Seventh to Eighth avenues, on Block 837, Ward Nos. 1, 4½, 5 and 6.

No. 4. Block No. 204, Ward Nos. 1 to 4, inclusive, and 58 to 64, inclusive, and Block 205, Ward Nos. 8 and 9, in the Twenty-second Ward.

No. 5. South side of One Hundred and Thirty-second street, between Madison and Park avenues, on Block 516, Ward Nos. 43 to 46, inclusive.

No. 6. North side of Seventy-first street, between Park and Madison avenues, on Block 456, Ward Nos. 26 to 33, inclusive.

No. 7. Block 206, Ward Nos. 1 to 12, inclusive, and Ward Nos. 51 and 52, in the Twelfth Ward.

No. 8. Block 615, Ward Nos. 49 to 56, inclusive, and 59 to 62, inclusive, in the Twelfth Ward.

No. 9. Block 205, Ward Nos. 9 to 14, inclusive, in the Twelfth Ward.

No. 10. Block 150, Ward Nos. 57 to 60, inclusive, in the Twenty-second Ward.

No. 11. North side of Eighty-third street, Block 218, Ward Nos. 24 to 29, inclusive, in Twenty-second Ward.

No. 12. Block 168, Ward Nos. 44 to 47, inclusive, in Twenty-second Ward.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Chairman of the Board of Assessors, at their office, No. 27 Chambers street, within thirty days from the date of this notice.

The above-described lists will be transmitted, as provided by law, to the Board of Revision and Correction of Assessments for confirmation on the 23d day of May, 1894.

CHARLES E. WENDT, Chairman,
PATRICK M. HAVERTY,
EDWARD CAHILL,
HENRY A. GUMBLETON,
Board of Assessors,
OFFICE OF THE BOARD OF ASSESSORS,
No. 27 CHAMBERS STREET,
NEW YORK, April 23, 1894.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants, of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.: List 4272, No. 1. Alteration and improvement to sewers in Jane and West Twelfth streets, between Thirtieth avenue and Washington street, and in Bethune street, between Thirtieth avenue and West street, and new sewer in Thirtieth avenue, between Bethune and Horatio streets, with outlet through Pier at West Twelfth street, North river.

List 4502, No. 2. Sewer and appurtenances in One Hundred and Fifty-seventh street, from existing manhole in Third avenue to Elton avenue.

List 4509, No. 3. Receiving-basins and appurtenances on the northeast and southeast corners of Webster avenue and One Hundred and Seventy-ninth street.

List 4515, No. 4. Setting curb-stones, flagging the sidewalks, and paving with trap-blocks and laying crosswalks in One Hundred and Fiftieth street, from Courtlandt to Morris avenue.

List 4533, No. 5. Alteration and improvement to receiving-basins on the northeast and southeast corners of One Hundred and Twenty-sixth street and Seventh avenue.

List 4534, No. 6. Sewer in One Hundred and Thirty-eighth street, between Lenox and Seventh avenues, and in Seventh avenue, east side, between One Hundred and Thirty-eighth and One Hundred and Thirty-ninth streets.

The limits embraced by such assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Blocks bounded by Bank and Horatio streets, Greenwich avenue and the North river; also, both sides of Eighth avenue, from Horatio to Thirtieth street; also, both sides of Twelfth and Thirteenth streets, from Greenwich to Sixth avenue; also, both sides of Greenwich avenue, from Bank street to its junction with Eighth avenue, just south of Fourteenth street; also, both sides of Seventh avenue, from Twelfth to Fourteenth street; also, both sides of Sixth avenue, from Thirteenth to Fourteenth street; also, south side of Fourteenth street, extending westerly from Sixth avenue about 400 feet, and also block bounded by Thirteenth and Fourteenth streets, Fifth and Sixth avenues.

No. 2. Both sides of One Hundred and Fifty-seventh street, from Third to Elton avenue.

No. 3. Both sides of One Hundred and Seventy-ninth street, from Vanderbilt avenue, West, to Webster avenue; also, west side of Vanderbilt avenue, West, from One Hundred and Seventy-eighth to One Hundred and Seventy-ninth street; also, east side of Webster avenue, from One Hundred and Seventy-ninth street to Samuel street.

No. 4. Both sides of One Hundred and Fiftieth street, from Courtlandt to Morris avenue, and to the extent of half the block at the intersecting avenues.

No. 5. Both sides of One Hundred and Twenty-sixth street, extending about 515 feet easterly from Seventh avenue; also, east side of Seventh avenue, from One Hundred and Twenty-fifth to One Hundred and Twenty-seventh street; also, south side of One Hundred and Twenty-seventh street, extending about 485 feet easterly from Sixth avenue.

No. 6. Both sides of One Hundred and Thirty-eighth street, from Lenox to Seventh avenue, and east side of Seventh avenue, from One Hundred and Thirty-eighth to One Hundred and Thirty-ninth street.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Chairman of the Board of Assessors, at their office, No. 27 Chambers street, within thirty days from the date of this notice.

The above-described lists will be transmitted, as provided by law, to the Board of Revision and Correction of Assessments for confirmation on the 19th day of May, 1894.

CHARLES E. WENDT, Chairman,
PATRICK M. HAVERTY,
EDWARD CAHILL,
HENRY A. GUMBLETON,
Board of Assessors,
OFFICE OF THE BOARD OF ASSESSORS,
No. 27 CHAMBERS STREET,
NEW YORK, April 19, 1894.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants, of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.: List 4488, No. 1. Paving St. Ann's avenue, between One Hundred and Fifty-sixth street and Third avenue, with granite blocks, and laying crosswalks.

List 4494, No. 2. Paving One Hundred and Seventieth street, from Third to Washington avenues, with granite blocks.

List 4495, No. 3. Paving One Hundred and Thirty-ninth street, from Willis to Brook avenue, with trap blocks.

List 4506, No. 4. Sewer and appurtenances in Eagle avenue, from Westchester avenue to the summit north of Westchester avenue.

List 4510, No. 5. Receiving-basin and appurtenances at the southwest corner of Brook avenue and One Hundred and Thirty-ninth street.

List 4511, No. 6. Receiving-basin and appurtenances on the southeast corner of Alexander avenue and One Hundred and Forty-first street.

List 4512, No. 7. Receiving-basin on the southwest corner of Bergen avenue and One Hundred and Forty-eighth street.

The limits embraced by such assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of St. Ann's avenue, from One Hundred and Fifty-sixth street to Third avenue, and to the extent of half the block at the intersecting streets.

No. 2. Both sides of One Hundred and Seventieth street, from Third to Washington avenue, and to the extent of half the block at the intersecting avenues.

No. 3. Both sides of One Hundred and Thirty-ninth street, from Willis to Brook avenue, and to the extent of half the block at the intersecting avenues.

No. 4. Both sides of Eagle avenue, from Westchester avenue to a point distant about 275 feet south of One Hundred and Fifty-sixth street.

No. 5. South side of One Hundred and Thirty-ninth street, extending about 550 feet westerly from Brook avenue.

No. 6. East side of Alexander avenue, extending about 100 feet south of One Hundred and Forty-first street.

No. 7. South side of One Hundred and Forty-eighth street, from Bergen to Willis avenue.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Chairman of the Board of Assessors, at their office, No. 27 Chambers street, within thirty days from the date of this notice.

The above-described lists will be transmitted, as provided by law, to the Board of Revision and Correction of Assessments for confirmation on the 18th day of May, 1894.

CHARLES E. WENDT, Chairman,
PATRICK M. HAVERTY,
EDWARD CAHILL,
HENRY A. GUMBLETON,
Board of Assessors,
OFFICE OF THE BOARD OF ASSESSORS,
No. 27 CHAMBERS STREET,
NEW YORK, April 18, 1894.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants, of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.: List 4453, No. 1. Alteration and improvement to sewer in Sixty-third street, between Park and Madison avenues.

List 4486, No. 2. Regulating and grading, curbing and flagging One Hundred and Forty-eighth street, from Boulevard to Twelfth avenue.

List 4501, No. 3. Sewers and appurtenances in One Hundred and Thirty-second and One Hundred and Thirty-third streets, between Willow avenue and New York, New Haven and Hartford Railroad.

List 4518, No. 4. Sewer and appurtenances in One Hundred and Fifty-sixth street, from existing sewer in Railroad avenue, East, to summit east.

List 4519, No. 5. Sewer and appurtenances in One Hundred and Fifty-sixth street, from existing sewer in Courtlandt avenue to summit west.

List 4520, No. 6. Sewer and appurtenances in Eagle avenue, between One Hundred and Forty-ninth street and Westchester avenue.

The limits embraced by such assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Blocks bounded by Park and Fifth avenues, Sixty-third and Sixty-fourth streets, including south side of Sixty-third street, between Park and Fifth avenues.

No. 2. Both sides of One Hundred and Forty-eighth street, from the Boulevard to the Hudson River Railroad, and to the extent of half the block at the intersection of the Boulevard.

No. 3. Both sides of One Hundred and Thirty-second street, extending easterly from Willow avenue about 185 feet; also both sides of One Hundred and Thirty-third street, extending easterly from Willow avenue about 260 feet.

No. 4. Both sides of One Hundred and Fifty-sixth street, extending easterly from Railroad avenue, East, about 375 feet.

No. 5. Both sides of One Hundred and Fifty-sixth street, extending westerly from Courtlandt avenue about 424 feet.

No. 6. Both sides of Eagle avenue, from One Hundred and Forty-ninth street to Westchester avenue.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Chairman of the Board of Assessors, at their office, No. 27 Chambers street, within thirty days from the date of this notice.

The above-described lists will be transmitted, as provided by law, to the Board of Revision and Correction of Assessments for confirmation on the 17th day of May, 1894.

HENRY A. GUMBLETON,
Board of Assessors,
OFFICE OF THE BOARD OF ASSESSORS,
No. 27 CHAMBERS STREET,
NEW YORK, April 16, 1894.

PUBLIC NOTICE IS HEREBY GIVEN TO THE owner or owners, occupant or occupants, of all houses and lots, improved or unimproved lands affected thereby, that the following assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.: List 4383, No. 1. Paving Washington street, from Battery place to Chambers street, with granite blocks, and laying crosswalks, so far as the same is within the limits of grants of land under water.

List 4387, No. 2. Paving One Hundred and Thirty-seventh street, from Lenox to Seventh avenue, with granite blocks, and laying crosswalks.

List 4449, No. 3. Paving One Hundred and Forty-sixth street, from Amsterdam avenue to the Boulevard, with granite blocks, and laying crosswalks.

List 4466, No. 4. Sewer in Madison avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, and in One Hundred and Thirty-seventh street, between Madison and Fifth avenues.

List 4479, No. 5. Laying crosswalks across Avenue St. Nicholas, at the north and south sides of One Hundred and Twentieth street.

List 4481, No. 6. Paving One Hundred and Eighth street, from Ninth to Tenth avenue, with granite blocks.

List 4482, No. 7. Paving One Hundred and Forty-eighth street, from Amsterdam avenue to the Boulevard, with granite blocks, and laying crosswalks.

List 4483, No. 8. Paving West Eleventh street, from West street to the bulkhead-line of the Hudson river, with granite blocks, and laying crosswalks, so far as the same is within the limits of grants of land under water.

The limits embraced by such assessments include all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. Both sides of Washington street, from Vesey street to Chambers street, and to the extent of half the block at the intersecting streets; also to the extent of half the block from the southerly intersection of Albany and Washington streets.

No. 2. Both sides of One Hundred and Thirty-seventh street, from Lenox to Seventh avenue, and to the extent of half the block at intersecting avenues.

No. 3. Both sides of One Hundred and Forty-sixth street, from Amsterdam avenue to the Boulevard, and to the extent of half the block at intersecting avenues.

No. 4. Both sides of Madison avenue, from One Hundred and Thirty-sixth to One Hundred and Thirty-seventh street, and both sides of One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, from Madison to Fifth avenue.

No. 5. To the extent of half the block from the northerly and southerly intersections of One Hundred and Twentieth street and Avenue St. Nicholas.

No. 6. Both sides of One Hundred and Eighth street, from Columbus to Amsterdam avenue, and to the extent of half the block at the intersecting avenues.

No. 7. Both sides of One Hundred and Forty-eighth street, from Amsterdam avenue to the Boulevard, and to the extent of half the block at intersecting avenues.

No. 8. North side of West Eleventh street, from West street to the Hudson river, and both sides of Thirtieth avenue, extending about 100 feet north of West Eleventh street, including the pier at foot of said street.

All persons whose interests are affected by the above-named assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Chairman of the Board of Assessors, at their office, No. 27 Chambers street, within thirty days from the date of this notice.

The above-described lists will be transmitted, as provided by law, to the Board of Revision and Correction of Assessments for confirmation on the 14th day of May, 1894.

CHARLES E. WENDT, Chairman,

AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE,
Room 209, STEWART BUILDING, No. 280 BROADWAY,
NEW YORK, April 14, 1894.

PUBLIC NOTICE.

TO ALL WHOM IT MAY CONCERN.

IN CONFORMITY WITH THE REQUIREMENTS of section 2, chapter 490, Laws of 1889, of the State of New York, public notice is hereby given to all persons interested that full opportunity will be afforded them to be heard in relation to the plan for the construction of a storage and distributing reservoir in the Twenty-fourth Ward of the City of New York, as shown upon the map now on file in this office. Said public hearing to be at the office of the Aqueduct Commissioners, Room 209, Stewart Building, No. 280 Broadway, New York, on Wednesday, April 25, 1894, at 2 o'clock P. M., and upon subsequent dates thereafter to which said hearing may be adjourned until finally concluded.

By order of the Aqueduct Commissioners,
JAMES C. DUANE, President.
EDWARD L. ALLEN, Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, April 20, 1894.

THE UNDERSIGNED WILL SELL AT PUBLIC Auction, by order of the Commissioners of Public Charities and Correction, at their office, No. 66 Third avenue, on Wednesday, May 2, 1894, at 11 o'clock A. M., the following, viz.:

OLD IRON.

60,000 pounds, more or less, Old Iron "as are" to be removed from Storehouse Pier, Blackwell's Island, by the purchaser, in one lot, by lighter to be furnished by him, and as soon as he is notified that the iron is ready for delivery.

50,000 pounds, more or less, Mixed Rags.

12,000 pounds, more or less, Grease.

75 Iron Round Barrels, more or less.

All the above (except the iron) to be received by the purchaser at pier foot of East Twenty-sixth street, "as are," and removed therefrom immediately on being notified that same are ready for delivery. The articles can be examined at Blackwell's Island by intending bidders on any week day before the sale.

Twenty-five per cent. of estimated value to be paid on day of sale, and the remainder on delivery.

F. A. CUSHMAN, Purchasing Agent,
Department of Public Charities and Correction.

DEPARTMENT OF DOCKS.

J. SERGEANT CRAM,
JAMES J. PHELAN,
ANDREW J. WHITE,

Commissioners of the Department of Docks.
Dated New York, April 16, 1894.

CIVIL SERVICE SUPERVISORY AND EXAMINING BOARDS.

NEW YORK CITY CIVIL SERVICE BOARD,
NEW CRIMINAL COURT BUILDING,
NEW YORK, April 16, 1894.

PUBLIC NOTICE IS HEREBY GIVEN THAT open competitive examinations, for the positions below mentioned, will be held at this office on the dates specified:

April 23. MECHANICAL STEAM ENGINEER.
April 24. STEAM ROLLER ENGINEER.

LEE PHILLIPS,
Secretary and Executive Officer.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 12, 1894.

TO CONTRACTORS.

SEALED PROPOSALS FOR REGULATING and paving with vitrified brick, the drill yard in rear of 157 and 159 East Sixty-seventh street, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, April 25, 1894, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement (showing the manner of payment for the work), with specifications, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (\$10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand (\$1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (\$50) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

JOHN J. SCANNELL,
ANTHONY EICKHOFF,
S. HOWLAND ROBBINS,
Commissioners.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 12, 1894.

TO CONTRACTORS.

SEALED PROPOSALS FOR PLACING FIRE-alarm Electrical Conductors Underground will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, April 25, 1894, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement (showing the manner of payment for the work), with specifications, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered as provided in the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at twenty (\$20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which they relate, specifying the kind of cables it is proposed to furnish.

The Fire Department reserves the right to decline any and all bids or estimates, or any part thereof, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of ten thousand (\$10,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five hundred (\$500) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

JOHN J. SCANNELL,
ANTHONY EICKHOFF,
S. HOWLAND ROBBINS,
Commissioners.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 12, 1894.

TO CONTRACTORS.

5,000 tons egg coal.

750 tons stove coal.

1,500 tons nut coal.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, April 25, 1894, at which time and place they will be publicly opened by the head of said Department and read.

The anthracite coal is to be of the best quality of Pittston, Scranton or Lackawanna, all to weigh 5,000 pounds to the ton, and be well screened and free from slate.

JOHN J. SCANNELL,
ANTHONY EICKHOFF,
S. HOWLAND ROBBINS,
Commissioners.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 and 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 12, 1894.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING

5,000 tons egg coal.

750 tons stove coal.

1,500 tons nut coal.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, April 25, 1894, at which time and place they will be publicly opened by the head of said Department and read.

The anthracite coal is to be of the best quality of Pittston, Scranton or Lackawanna, all to weigh 5,000 pounds to the ton, and be well screened and free from slate.

All of the coal is to be delivered at the various houses, etc., of the Department, in such quantities and at such times as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department, upon scales furnished by the Department, which are to be transported from place to place by the contractor.

No estimate will be received or considered after the hour named.

The form of the agreement (with specifications), showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of thirteen thousand (\$13,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of six hundred and fifty (\$650) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

JOHN J. SCANNELL,
ANTHONY EICKHOFF,
S. HOWLAND ROBBINS,
Commissioners.

FINANCE DEPARTMENT.

PROPOSALS FOR \$1,370,421 CONSOLIDATED STOCK OF THE CITY OF NEW YORK.

EXECUTORS, ADMINISTRATORS, GUARDIANS AND OTHERS HOLDING TRUST FUNDS ARE AUTHORIZED BY LAW TO INVEST IN THESE BONDS.

INTEREST THREE AND ONE-HALF PER CENT. PER ANNUM.

SEALED PROPOSALS WILL BE RECEIVED by the Comptroller of the City of New York, at his office, until Friday, the 27th day of April, 1894, at 2 o'clock P. M., when they will be publicly opened in the presence of the Commissioners of the Sinking Fund, or such of them as shall attend, as provided by law, for the whole or a part of an issue of \$1,370,421 of registered

CONSOLIDATED STOCK OF THE CITY OF NEW YORK,

bearing interest at the rate of THREE AND ONE-HALF PER CENTUM PER ANNUM, payable semi-annually on the first day of May and November in each year, the principal payable in lawful money of the United States of America at the Comptroller's Office of said city on November first, 1913.

The said stock is issued in pursuance of the provisions of section 132 of the New York City Consolidation Act of 1882 and chapter 529 of the Laws of 1884, as amended by chapter 251 of the Laws of 1894, for the payment of the awards for the lands in the Seventh Ward of the City of New York described in the report of the Commissioners of Estimate and Appraisement appointed in the matter of the application of the Board of Street Opening and Improvement of the City of New York, to acquire title to certain lands required for a public park at or near Corlears Hook, confirmed by an order of the Supreme Court, dated July 17, 1893.

AUTHORITY FOR TRUST INVESTMENTS.

Attention is called to the provisions of an act passed by the Legislature, March 14, 1889, authorizing executors, administrators, guardians and trustees, and others holding trust funds to invest such funds in the stocks or bonds of the City of New York.

CONDITIONS.

Section 146 of the New York City Consolidation Act of 1882 provides that "the Comptroller, with the approval of the Commissioners of the Sinking Fund, shall determine what, if any, part of said proposals shall be accepted, and upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates therefor shall be issued to them as authorized by law"; and provided also, "that no proposals for bonds or stocks shall be accepted for less than the par value of the same."

Those persons whose bids are accepted will be required to deposit with the City Chamberlain the amount of the stock awarded to them at its par value, together with the premium thereon, within three days after notice of such acceptance.

The proposals should be inclosed in a sealed envelope, indorsed "Consolidated Stock" of the Corporation of the City of New York, and each proposal should also be inclosed in a second envelope, addressed to the Comptroller of the City of New York.

ASHBEL P. FITCH,
Comptroller.
CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, April 16, 1894.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND AVENUES.

IN PURSUANCE OF SECTION 916 OF THE "New York City Consolidation Act of 1882," as amended, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court of the assessments for opening and acquiring title to the following streets, to wit:

TWELFTH WARD.

ONE HUNDRED AND THIRTY-EIGHT STREET, from Amsterdam to Convent avenue. Confirmed March 30, 1894. Assessments on Blocks 1064 and 1065.

ONE HUNDRED AND FIFTY-SECOND STREET, between Bradhurst avenue and bulkhead-line at Harlem river. Confirmed April 2, 1894. Assessment on Blocks 738, 739, 852, 853, 963 and 964.

The above-entitled assessments were entered on the 5th day of April, 1894, in the Record of Titles of Assessments kept in the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents." Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon as provided in section 917 of said "New York City Consolidation Act of 1882."

Section 917 of the said act provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment."

The above assessments are payable to the Collector of Assessments and Clerk of Arrears at the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents," Room 31, Stewart Building, between the hours of A. M. and 2 P. M., and all payments made thereon on or before June 5, 1894, will be exempt from interest as above provided, and after that date will be charged interest at the rate of seven per cent. per annum from the above date of entry of the assessments in the Record of Titles of Assessments in said Bureau to the date of payment.

ASHBEL P. FITCH,
Comptroller.
CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, April 10, 1894.

NOTICE OF ASSESSMENT FOR OPENING STREETS AND AVENUES.

IN PURSUANCE OF SECTION 916 OF THE "New York City Consolidation Act of 1882," as amended, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court of the assessments for opening and acquiring title to the following streets, to wit:

TWELFTH WARD.

ONE HUNDRED AND FIFTY-FIRST STREET, between Bradhurst avenue and Bulkhead line, Harlem river; confirmed March 28, 1894. Assessment on Blocks 737, 738, 851, 852, 962 and 963.

TWENTY-FOURTH WARD.

ONE HUNDRED AND SEVENTY-NINTH STREET, between Tiebout and Third avenues; confirmed February 20, 1894. Assessment on Blocks 1109 to 1115, 1119 and 1120.

The above-entitled assessments were entered on the 3d day of April, 1894, in the Record of Titles of Assessments kept in the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents," Room 31, Stewart Building, between the hours of A. M. and 2 P. M., and all payments made thereon on or before June 4, 1894, will be exempt from interest as above provided, and after that date will be charged interest at the rate of seven per cent. per annum from the above date of entry of the assessments in the Record of Titles of Assessments in said Bureau to the date of payment.

The above assessments are payable to the Collector of Assessments and Clerk of Arrears at the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents," Room 31, Stewart Building, between the hours of A. M. and 2 P. M., and all payments made thereon on or before June 4, 1894, will be exempt from interest as above provided, and after that date will be charged interest at the rate of seven per cent. per annum from the above date of entry of the assessments in the Record of Titles of Assessments in said Bureau to the date of payment.

ASHBEL P. FITCH,
Comptroller.
CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, April 10, 1894.

INTEREST ON CITY BONDS AND STOCKS.

THE INTEREST DUE MAY 1, 1894, ON THE Registered Bonds and Stocks of the City and County of New York will be paid on that day by the Comptroller at the office of the City Chamberlain, Room 27, Stewart Building, corner of Broadway and Chambers street.

The Transfer Books will be closed from March 31 to May 1, 1894.

The interest due May 1, 1894, on the Coupon Bonds and Stocks of the City of New York will be paid on that day by the State Trust Company, No. 36 Wall street.

ASHBEL P. FITCH,
Comptroller.
CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, March 20, 1894.

DEPARTMENT OF PUBLIC WORKS

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET,
NEW YORK, April 18, 1894.

NOTICE OF SALE AT PUBLIC AUCTION.

ON MONDAY, MAY 7, 1894, at 10.30 A. M., The Department of Public Works will sell at Public Auction, by Peter F. Meyer, Auctioneer, under the direction of the Superintendent of Incumbrances, at the Corporation Yards, One Hundred and Nineteenth street and St. Nicholas avenue, Fifty-sixth street, between Eleventh and Twelfth avenues, and foot of Rivington street; sale to commence at the One Hundred and Nineteenth Street Yard, the following articles, viz:

TRUCKS, WAGONS, STANDS, BOOTHS, FURNITURE, ROOT-BLACK STANDS, IRON SAFE, ELECTRIC WIRE, ETC., ETC.

TERMS OF SALE.

Cash payments in bankable funds at the time and place of sale, and the immediate removal by the purchaser of the articles purchased, otherwise the purchaser will forfeit the same, together with all moneys paid therefor, and the Department will proceed to resell the same.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, April 18, 1894.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock A. M., on Tuesday, May 1, 1894, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR FLAGGING EIGHT FEET WIDE THE SIDEWALK ON THIRTIETH STREET, from Eleventh to Twelfth avenue.

No. 2. FOR REREGULATING AND REGRADING THE SIDEWALKS ON SEVENTY-EIGHTH STREET from Avenue A to East River, and SETTING AND RESETTING CURB-STONES AND FLAGGING AND REFLAGGING SIDEWALKS THEREIN.

No. 3. FOR FLAGGING EIGHT FEET WIDE AND REFLAGGING, CURBING AND RECURBING THE SIDEWALKS ON ONE HUNDRED AND THIRTY-FIFTH STREET, between Fifth and Seventh avenues.

No. 4. FOR REGULATING AND GRADING ONE HUNDRED AND FORTY-FORTH STREET, from Seventh avenue to East River, and SETTING CURB-STONES AND FLAGGING SIDEWALKS THEREIN.

No. 5. FOR REGULATING AND GRADING ONE HUNDRED AND FIFTIETH STREET, from Bradhurst avenue to Harlem river, and SETTING CURB-STONES AND FLAGGING SIDEWALKS THEREIN.

No. 6. FOR ALTERATION AND IMPROVEMENT TO SEWER IN STANTON STREET, between old bulkhead-line and first manhole west of west house-line of Mangin street, connecting existing sewers at Mangin street and curve for Tompkins street.

No. 7. FOR SEWER IN NINETIETH STREET, between Harlem river and Avenue A.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 5 and 9, No. 31 Chambers street.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, April 11, 1894.

NOTICE OF SALE AT PUBLIC AUCTION.

ON MONDAY, APRIL 23, 1894, AT 10.30 A. M., the Department of Public Works will sell at Public Auction, by Peter F. Meyer, Auctioneer, under the supervision of the Superintendent of Repairs and Supplies, at the office of the Civil Service Boards, Room No. 30, Cooper Institute, the following:

White pine paneled glass partitions, of the following dimensions:

No. 1. 16 1/2 feet long and 13 feet high.
No. 2. 16 1/2 feet long and 8 feet high.
No. 3. 17 1/2 feet long and 8 feet high.
No. 4 has two doors and pivoted upper sash, glazed with ground glass.
No. 5 has one door and a standing desk with cash opening, glazed with clear glass.
No. 6 has one door and is glazed with ground glass.
These partitions consist of clear white pine, and are painted, grained and varnished.

TERMS OF SALE.

Cash payments in bankable funds at the time and place of sale, and the removal by the purchaser of the articles bought within 48 hours, otherwise the purchaser will forfeit the articles, together with all moneys paid therefor, and the Department will proceed to resell the partition.

MICHAEL T. DALY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY,
Commissioner of Public Works.

THE NORMAL COLLEGE OF THE CITY OF NEW YORK.

SEALED PROPOSALS WILL BE RECEIVED BY the Executive Committee for the care, etc., of the Normal College, until 4 o'clock P. M., on Friday, May 1, 1894, at the Hall of the Board of Education, No. 146 Grand street, for supplying the Normal College and Training Department of the Normal College, located East Sixty-eighth and Sixty-ninth streets, Lexington and Park avenues, with 500 tons, more or less, of Egg Coal; 20 tons, more or less, of Stove Coal; 15 tons, more or less, of Nut Coal, mixed, and 5 tons, more or less, of Nut Coal, all to be Plymouth Red Ash Coal, 2,240 pounds to the ton, and to be stored in bins at the expense of the contractor.

The Executive Committee reserve the right to reject any or all proposals submitted.

The party submitting a proposal, and the parties proposing to become sureties, must each write his name and place of residence on said proposal.

Two responsible and approved sureties, residents of this city, are required.

RANDOLPH GUGGENHEIMER,
Chairman Executive Committee.
ARTHUR McMULLIN,
Secretary.
Dated New York, April 21, 1894.

DEPARTMENT OF TAXES AND ASSESSMENTS

DEPARTMENT OF TAXES AND ASSESSMENTS,
STEWART BUILDING,
NEW YORK, January 8, 1894.

IN COMPLIANCE WITH SECTION 817 OF THE New York City Consolidation Act of 1882, it is hereby advertised that the books of "The Annual Record of the Assessed Valuations of Real and Personal Estate" of the City and County of New York, for the year 1894, are open, and will remain open for examination and correction until the thirtieth day of April, 1894.

All persons believing themselves aggrieved must make application to the Commissioners of Taxes and Assessments, at this office, during the period said books are open, in order to obtain the relief provided by law.

Applications for correction of assessed valuations on personal estate must be made by the person assessed to the said Commissioners, between the hours of 10 A. M. and 2 P. M., except on Saturdays, when between 10 A. M. and 12 M., at this office, during the same period.

EDWARD P. BARKER,
JOHN WHALEN,
JOSEPH BLUMENTHAL,
Commissioners of Taxes and Assessments.

SUPREME COURT.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to CAULDWELL AVENUE (although not yet named by proper authority), extending from the Boston road to East One Hundred and Sixty-third street, and from Clifton street to Westchester avenue, in the Twenty-third Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court-house in the City of New York, on the 4th day of May, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 20, 1894.
EDWARD JACOBS,
CHARLES D. BURRILL,
ELSWORTH L. STRIKER,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to HAWTHORNE STREET (although not yet named by proper authority), between the lines of Seaman avenue and Tenth avenue, in the Twelfth Ward of the City of New York.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court-house, in the City of New York, on the 1st day of May, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 20, 1894.
JOHN CONNELLY,
WILLIAM P. TOLER,
ISAAC FROMME,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Counsel to the Corporation, for and in behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to the estimate of the loss and damage, and to the assessment of the benefit and advantage resulting from the closing of the KINGSBRIDGE ROAD, between One Hundred and Thirty-seventh and One Hundred and Forty-ninth streets (except where said road has been retained, or title thereto has been legally acquired, for street purposes), in the Twelfth Ward of the City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court, bearing date the 22d day of March, 1894, Commissioners of Estimate and Assessment, for the purpose of ascertaining and determining the compensation which should justly be made to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises, or rights or interests therein taken, affected or damaged by the closing of said Kingsbridge road, between One Hundred and Thirty-seventh street and One Hundred and Forty-ninth as shown and delineated on a certain map, dated December 29, 1893, and signed "Jos. O. B. Webster, Assistant Engineer, D. P. W.," and attached to the petition of the Counsel to the Corporation, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter, which said petition is now on file in the office of the Clerk of the City and County of New York; and also for the purpose of determining the benefit and advantage to the lands, tenements, hereditaments and premises benefited by the closing of the said Kingsbridge road, between One Hundred and Thirty-seventh and One Hundred and Forty-ninth streets, and of performing the trusts and duties required of us by chapter 129 of the Laws of 1892, passed March 15, 1892.

All parties and persons entitled unto or interested in the lands, tenements, hereditaments and premises, or rights or interests affected or damaged by the closing of the said street, avenue or road, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 2 Tryon Row, in the City of New York (Room No. 1), with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice (April 20, 1894); and we, the said Commissioners, will be in attendance at our said office, on the 9th day of May, 1894, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such further or other time and place as we appoint, we will hear such owners in relation thereto, and examine the proofs of such claimants or claimants.

Dated New York, April 20, 1894.
WILLIAM E. ELLISON,
ROBERT E. DEYO,
ROBERT McCAFFERTY,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to MARCHER AVENUE (although not yet named by proper authority), extending from Jerome avenue to Featherbed lane, in the Twenty-third and Twenty-fourth Wards of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road, by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court-house, in the City of New York, on the 1st day of May, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 17, 1894.
JAMES MITCHELL,
HENRY WINTHROP GRAY,
SAMUEL W. MILBANK,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to BROOKLINE STREET (although not yet named by proper authority), from Webster avenue to Bainbridge avenue in the Twenty-fourth Ward of the City of New York, as the same has been heretofore designated and laid out as a first-class street or road by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court-house, in the City of New York, on the 1st day of May, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Department of Public Works, there to remain for and during the space of ten days.

presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof in the County Court House, in the City of New York, on the 27th day of April, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 13, 1894.

THOMAS NOLAN,
JOHN F. MCINTYRE,
JAMES P. CAMPBELL,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to FOREST AVENUE, extending from the southerly side of Home street to the northerly side of East One Hundred and Sixty-eighth street, in the Twenty-third Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE supplemental bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof in the County Court House, in the City of New York, on the 27th day of April, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said supplemental bill of costs, charges and expenses has been deposited in the Office of the Department of Public Works, there to remain for and during the space of ten days.

Dated, New York, April 13, 1894.

JAMES MITCHELL,
JOHN H. ROGAN,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to HOME STREET (although not yet named by proper authority), extending from Boston road to Intervale avenue, in the Twenty-third Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court House, in the City of New York, on the 30th day of April, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 16, 1894.

JOSEPH C. WOLFF,
J. B. MORGAN,
APPLETON L. CLARK,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to that part of BROWN PLACE (although not yet named by proper authority) extending from Harlem river to East One Hundred and Thirty-eighth street, in the Twenty-third Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

Dated New York, April 14, 1894.

JEFFERSON M. LEVY, Chairman,
J. B. ECCLESINE,
J. ROMAIN BROWN,
Commissioners.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court House, in the City of New York, on the 27th day of April, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 14, 1894.

JEFFERSON M. LEVY, Chairman,
J. B. ECCLESINE,
J. ROMAIN BROWN,
Commissioners.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to TWO HUNDRED AND TENTH STREET (although not yet named by proper authority), between Tenth avenue and the United States Channel Line, Harlem river, in the Twelfth Ward of the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 2 Tryon Row (Room 1), in said city, on or before the 17th day of May, 1894, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of May, 1894, and for that purpose will be in attendance at our said office on each of said ten days, at 1.30 o'clock p.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and other documents used by us in making our report, have been deposited with the Commissioner of Public Works of the City of New York, at his office, No. 31 Chambers street, in the said city, there to remain until the 17th day of May, 1894.

Third—That the limits of our assessment for benefit include all those lots, pieces or parcels of land situate, lying and being in the City of New York, which, taken together, are bounded and described as follows, viz.: On the north by the centre line of the block between Two Hundred and Tenth and Two Hundred and Eleventh streets, on the east by the westerly line of Exterior street, on the south by the centre line of the block between Two Hundred and Tenth and Two Hundred and Ninth streets and on the west by the easterly side of Tenth avenue.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held at the Chambers thereof, in the County Court House, in the City of New York, on the first day of June, 1894, at the opening of the

Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, April 5, 1894.

JOHN R. FELLOWS, Chairman,
SAMUEL SANDERS,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to TWO HUNDRED AND NINTH STREET, between Tenth avenue and the United States Channel Line, Harlem river, in the Twelfth Ward of the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 2 Tryon Row (Room 1), in said city, on or before the 17th day of May, 1894, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of May, 1894, and for that purpose will be in attendance at our said office on each of said ten days, at 1 o'clock p.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and other documents used by us in making our report, have been deposited with the Commissioner of Public Works of the City of New York, at his office, No. 31 Chambers street, in the said city, there to remain until the 17th day of May, 1894.

Third—That the limits of our assessment for benefit include all those lots, pieces or parcels of land situate, lying and being in the City of New York, which, taken together, are bounded and described as follows, viz.: On the north by the centre line of the block between Two Hundred and Ninth and Two Hundred and Tenth streets; on the east by the westerly line of Exterior street; on the south by the centre line of the block between Two Hundred and Ninth and Two Hundred and Eighth streets, and on the west by the easterly line of Tenth avenue.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held at the Chambers thereof, in the County Court House, in the City of New York, on the 1st day of June, 1894, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, April 5, 1894.

JOHN R. FELLOWS, Chairman,
BENJAMIN PATTERSON,
SAMUEL SANDERS,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to TWO HUNDRED AND EIGHTH STREET (although not yet named by proper authority), between Tenth avenue and the United States Channel Line, Harlem river, in the Twelfth Ward of the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots, and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 2 Tryon Row (Room 1), in said city, on or before the 17th day of May, 1894, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of May, 1894, and for that purpose will be in attendance at our said office on each of said ten days, at 2 o'clock p.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and other documents, used by us in making our report, have been deposited with the Commissioner of Public Works of the City of New York, at his office, No. 31 Chambers street, in the said city, there to remain until the 17th day of May, 1894.

Third—That the limits of our assessment for benefit include all those lots, pieces or parcels of land situate, lying and being in the City of New York, which, taken together, are bounded and described as follows, viz.: On the north by the centre line of the block between Two Hundred and Eighth and Two Hundred and Ninth streets, on the east by the westerly line of Exterior street, on the south by the centre line of the block between Two Hundred and Eighth and Two Hundred and Seventh streets, and on the west by the easterly side of Tenth avenue.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held at the Chambers thereof, in the County Court House, in the City of New York, on the 1st day of June, 1894, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, April 5, 1894.

JOHN R. FELLOWS, Chairman,

Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to NAEGLE AVENUE (although not yet named by proper authority), from Kingsbridge road to Tenth avenue, in the Twelfth Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court bearing date the 16th day of February, 1894, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening a certain street or avenue, herein designated as Naegle avenue, as shown and delineated on a certain map made by the Commissioners of the Department of Public Parks of the City of New York, entitled "Map or plan, with field notes and explanatory remarks, showing the location, width, course, widenings and classification of certain streets, roads, avenues, public squares and places within that part of the Twelfth Ward of the City of New York, lying northerly of the southern line of One Hundred and Fifty-fifth street, as laid out and classified, discontinued and

closed by the Commissioners of the Department of Public Parks of the City of New York, in pursuance of chapter 410 of the Laws of 1882, dated New York, April 2, 1884," and filed in the office of the Register of the City and County of New York, and in the office of the Department of Public Parks, on the 16th day of April, 1884, and in the office of the Secretary of State of the State of New York, on the 17th day of April, 1884, and as shown and delineated on a certain map made by the Board of Street Opening and Improvement of the City of New York, entitled "Map of plan of streets, roads and avenues within that part of the Twelfth Ward of the City of New York, lying northerly of the northerly line of Dyckman street (formerly known as Dyckman street and Inwood street) under authority of chapter 360 of the Laws of 1883, and chapter 185 of the Laws of 1885," and filed in the office of the Register of the City and County of New York, and in the office of the Department of Public Works, on the 28th day of January, 1889, and in the office of the Council to the Corporation, and in the office of the Secretary of State of the State of New York, on or about the 25th day of January, 1889, and more particularly set forth in the petition of the Board of Street Opening and Improvement, filed in the office of the Clerk of the City and County of New York; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively, entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 16, title 5, of the Act entitled "An Act to consolidate into one Act and to declare the special and local laws affecting public interests in the City of New York," passed July 1, 1882, and the Acts or parts of Acts in addition thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 2 Tryon Row, in the City of New York, Room No. 2, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice (April 3, 1894).

And we, the said Commissioners, will be in attendance at our said office on the 27th day of April, 1894, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of the Mayor, Aldermen and Commonality of the City of New York.

Dated New York, April 3, 1894.

J. A. LAMB,
T. E. SMITH,
E. A. NATHAN,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Police of the Police Department of the City of New York, by the Council to the Corporation of the City of New York, relative to acquiring title, by the Mayor, Aldermen and Commonality of the City of New York, to certain lands on the westerly side of RIDGE STREET, between Broome and Delancey streets, in the Thirteenth Ward of said city, duly selected and approved by said Board as a site for buildings for Police purposes, under and in pursuance of the provisions of chapter 350 of the Laws of 1892.

PURSUANT TO THE PROVISIONS OF CHAPTER 350 of the Laws of 1892, entitled "An Act to provide for the acquisition of necessary sites for buildings for Police purposes by the Board of Police of the City of New York," notice is hereby given that an application will be made to the Supreme Court of the State of New York, at a Special Term of said Court, to be held at the chambers thereof, in the County Court House in the City of New York, on Thursday, the 3d day of May, 1894, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title by the Mayor, Aldermen and Commonality of the City of New York to certain lands and premises, with the buildings thereon and the appurtenances thereto belonging, on the westerly side of Ridge street, between Broome and Delancey streets, in the Thirteenth Ward of said city, in fee simple absolute, the same to be conveyed, appropriated and used to and for the purposes specified in said chapter 350 of the Laws of 1892; said property having been duly selected and approved by the Board of Police of the Police Department of the City of New York as a site for buildings for Police purposes, under and in pursuance of the provisions of said chapter 350 of the Laws of 1892, being the following described lots, pieces or parcels of land, namely:

All those certain lots, pieces or parcels of land and premises situate, lying and being in the Thirteenth Ward of the City of New York, and taken together are bounded and described as follows:

Beginning at a point on the westerly side of Ridge street, distant one hundred feet northerly from the corner formed by the intersection of the westerly side of Ridge street with the northerly side of Broome street, and running thence westerly and at right angles to Ridge street one hundred feet; thence northerly and parallel with Ridge street, seventy-six and eleven hundredths (76 11-100) feet; thence easterly and again at right angles to Ridge street one hundred feet to the westerly side of Ridge street; and thence southerly along the westerly side of Ridge street seventy-six and eleven hundredths (76 11-100) feet to the point or place of beginning.

Dated New York, April 9, 1894.

WILLIAM H. CLARK,
Council to the Corporation,
No. 2 Tryon Row, New York City.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to MACOMBS STREET (although not yet named by proper authority), extending from Broadway to Bailey avenue, in the Twenty-fourth Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT THE BILL of costs, charges and expenses, incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court, at the Chambers thereof, in the County Court House, in the City of New York, on the 23d day of April, 1894, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the Office of the Department of Public Works, there to remain for and during the space of ten days.

Dated New York, April 9, 1894.

WILLIAM B. ELLISON,
WILLIAM M. LAWRENCE,
GEORGE C. COFFIN,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to PROSPECT AVENUE (although not yet named by proper authority), from Westchester avenue to Boston road, in the Twenty-third Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road, by the Department of Public Parks.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court, bearing date the 5th day of February, 1894, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening a certain street or avenue herein designated as Prospect avenue, as shown and delineated on a certain map entitled, "Map or Plan and Profile showing the location, width, windings, courses and grades in that part of Hunt's Point District in the City of New York bounded on the west by Union avenue, on the north by Boston road, Freeman street, Lyon street and West Farms road, on the east by Wilkins place, Hoe street and Edgewater road, and on the south by Westchester avenue, as laid out and established by the Commissioners of the Department of Public Parks in pursuance of the provisions of chapter 604 of the Laws of 1874 and 436 of the Laws of 1876 of the Laws of the State of New York," and filed one in the office of the Department of Public Parks on the 4th day of June, 1879; one in the office of the Register of the City and County of New York, on the 4th day of June, 1879, and one in the office of the Secretary of State of the State of New York, on the 5th day of June, 1879, and more particularly set forth in the petition of the Board of Street Opening and Improvement filed in the office of the Clerk of the City and County of New York; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively, entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 16, title 5, of the act entitled "An act to consolidate into one act and to declare the special and local laws affecting public interests in the City of New York," passed July 1, 1882, and the acts or parts of acts in addition thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 2 Tryon Row, in the City of New York (Room No. 1); with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice (April 7, 1894).

And we, the said Commissioners, will be in attendance at our said office on the 5th day of May, 1894, at 11 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of the Mayor, Aldermen and Commonality of the City of New York.

Dated New York, April 7, 1894.

JOHN E. WARD,
JOS. C. WOLFF,
HUGH DONOHUE,
Commissioners.

JOHN P. DUNN, Clerk.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to acquiring title (wherever the same has not been heretofore acquired) to COOPER STREET (although not yet named by proper authority), from Academy street to Isham street, in the Twelfth Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by said Board.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 2 Tryon Row (Room 1), in said city, on or before the 17th day of May, 1894, and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 17th day of May, 1894, and for that purpose will be in attendance at our said office, on each of said ten days, at 1 o'clock p.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and other documents used by us in making our report, have been deposited with the Commissioner of Public Works of the City of New York, at his office, No. 31 Chambers street, in the said city, there to remain until the 30th day of April, 1894.

Third—That the limits of our assessment for benefit include all those lots, pieces or parcels of land, situate, lying and being in the City of New York, which, taken together, are bounded and described as follows, viz.: On the north by the center line of the block between Cooper street and unknown street, on the east by the westerly line of Isham street, on the south by the center line of the block between Cooper street and unknown street and on the west by the easterly line of Academy street.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held at the Chambers thereof, in the County Court House in the City of New York, on the 14th day of May, 1894, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, March 17, 1894.

WALTER EDWARDS, Chairman,
EDWARD F. ODWYER,
JAMES F. HORAN,
Commissioners.

JOHN P. DUNN, Clerk.
