Now, THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree, as follows:

SECTION 1. The said contract dated August 13, 1907, is hereby declared by the parties hereto to be null and void and of no effect as of November 1, 1914, and the City, upon the payment to it of all compensation up to November 1, 1914, at the rate fixed by said contract, regardless of the date when such payments are due and payable as provided in said contract, shall surrender and deliver to the Company the sum of five hundred dollars (\$500), deposited as security under the said contract.

The grant herein contained, with the conditions thereof, shall in all respects be substituted for and take the place of all the rights and privileges granted by said contract of August 13, 1907, and the Company agrees to release and hereby does release to the City any and all rights acquired by the Company under said contract.

District Number 2.

Bounded on the north by the boundary line of the Wallabout Market lands.

—signed by P. M. Sayford, Treasurer, a copy of which is hereto annexed and made a part of this contract.

Should District Number 1 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended district; provided that the Company shall without further consent of the Board and at the present time have the right and hereby agrees to construct, maintain and operate in and through District Number 2 such conduits and pipes as may be necessary to supply with refrigeration the premises of the Steel Drake Baking Company, known as Nos. 42-43-44-45-159-160 and 162 Wallabout Market, and to supply such premises. The Company shall also have the right to supply such other applicants as may have premises abutting on streets in which said conduits and pipes may be laid for the purpose of supplying said premises of the Steel Drake Baking Company.

SECTION 3. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—That said right to construct, maintain and operate said pipes and conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from November 1, 1914, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

Such right and privilege to be valued as if the Company had not exercised the same for the said period of fifteen (15) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two hundred and fifty dollars (\$250) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than five hundred dollars (\$500).

During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than seven hundred dollars (\$700).

The gross annual receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) In addition to the above payments the Company shall pay to the City an annual payment of ten cents (\$0.10) for each linear foot of pipe (where separately constructed) or conduit

constructed within the limits of any street, avenue, highway or other property belonging to the City, excepting, however, such pipes or conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue, highway or other property belonging to the City.

The annual charges shall commence from November 1, 1914.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between November 1, 1914, and December 31, 1914, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract, (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased, or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything therein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the pipes, conduits and appurtenances of the Company constructed pursuant to this contract within the streets, avenues or other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, conduits and appurtenances constructed pursuant to this contract and the said streets, avenues or other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Should the Company at any time discontinue the use of any pipes or conduits at any time constructed or used by it within either of the districts specified in this contract, the Company shall, at its own expense, immediately on such discontinuance remove such pipes or conduits from the streets and restore the surface of the streets to its original condition.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipes or conduits, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues or other property of the City in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the pipes or conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City and should the said pipes or conduits in any way interfere with the construction of public works in the streets, avenues or other property of the City, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the pipes, conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipes or conduits and the appurtenances thereof.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes hereby authorized whether laid within conduits or separately whenever required by and under the supervision of the Commissioner of Water Supply, Gas and

Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature not lower than 32 degrees Fahrenheit:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates shall not apply to boxes located above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the minimum and maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within District Number 1, or if such district be extended as hereinbefore provided, then within such extended district, shall extend its pipes or conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Nothing contained in this subdivision shall affect the obligations of the Company, as hereinbefore contained, to extend its conduits and pipes outside the present boundaries of District Number 1, so as to furnish refrigeration to the premises of the Steel Drake Baking Company, known as Nos. 42, 43, 44, 45, 159, 160 and 162 Wallabout Market.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1915, showing the exact location of all pipes, conduits and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such pipes and conduits. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all pipes and conduits laid during the preceding year.

Seventeenth—The pipes and conduits hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than supplying refrigeration.

Eighteenth—The Company shall submit a report to the Board not later than February 1, in each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. Number of feet of pipe and conduit now laid.
12. The total amount expended for same.
13. Amount, kind and capacity of machinery now in use and required for operation.
14. The total amount expended for same.
15. Quantity of refrigeration produced during the year and the average price received for same.
16. Quantity used in Company's own warehouses.
17. Quantity furnished to outside consumers.
18. Number and location of warehouses occupied by the Company, exclusively or in part, and the extent of such occupation by the Company.
19. Number of outside consumers supplied.
20. Amounts paid by Company for damages to persons or property on account of construction and operation.
21. Total expenses of operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Nineteenth—The Company shall at all times keep accurate books of account of the gross receipts from the privileges granted under this contract, and on or before February 1 in each year shall make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending December 31 next preceding such form as he may prescribe. Such report shall contain the number of feet of pipe and conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigeration to consumers, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the pipes and conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith. Any false entry in the books of the Comptroller as to a material fact knowingly made by the Company shall constitute such a violation or breach or failure to comply with the provisions herein contained as to warrant the forfeiture of the franchise.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its pipes, conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon fail-

ure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board in case such pipes, conduits or appurtenances which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction or operation of the pipes or conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 3, Twentieth, of this contract.

Twenty-fourth—The grant of this franchise, so far as it shall affect the Wallabout Market lands, is and shall be subject to such further conditions, restrictions, agreement or consent as the Comptroller may see fit to impose or require, pursuant to the authority and control over the lands of the Wallabout Market vested in him by the Charter of the City.

Twenty-fifth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction.
