Whereas, The legal proceedings, which have been for a long time pending, on behalf of the Mayor, Aldermen and Commonalty of this city, for the opening of Webster avenue in the Twenty-third and Twenty-fourth Wards, preliminary to the extension of Mill Brook sewer northward from East One Hundred and Sixty-fifth street to the northerly line of East One Hundred and Eighty-fourth street, have at length been concluded, and the title to said avenue is now vested in the corporation; and

Whereas, The said Mill Brook, between the above-mentioned points, is now, and has been for a long time past, a public nuisance, depreciating the value of property along the line thereof, and causing a large amount of sickness among the people dwelling in its vicinity; and

Whereas, It is absolutely imperative for the preservation of the health of a large and increasing population that said nuisance be abated by the immediate construction of a proper sewer in said avenue; be it therefore

Resolved, That the Commissioners of the Department of Public Parks be and they are hereby most urgently requested to take such action as may be necessary to cause a proper sewer to be constructed as soon as possible in said avenue between the aforesaid limits.

Adopted by the Board of Aldermen, January 9, 1883.
Approved by the Mayor, January 15, 1883.

Resolved, That permission be and the same is hereby given to Peter Burns to place and keep two show-windows, each projecting not more than two feet outwardly from the house-line, as shown on the annexed diagram, on the building near the junction of Marion and Elm streets, at Spring street, the work to be done at his own expense, under the direction of the Commissioners of the Fire Department; such permission to continue only during the pleasure of the Common Council.

Approved by the Mayor, January 17, 1883.

Whereas, The need for wharf and pier accommodation is severely felt in all that section of the city situated north and east of the Harlem river, and much inconvenience and annoyance is suffered by, and great expense imposed upon, those of our citizens doing business therein, especially those engaged in manufacturing and building enterprises, on account of the total lack of this necessary public improvement; be it therefore

Resolved, That the Department of Docks be and it is hereby requested to cause a public dock or bulkhead, or other appliance for loading and unloading vessels, to be constructed as soon as possible at the foot of East One Hundred and Thirty-eighth street, near Port Morris, or at some other suitable and convenient point on Long Island Sound, or on the northeasterly side of the Harlem river, in order to supply a present pressing and constantly increasing need of wharf accommodations for builders, manufacturers, merchants, and others doing business in the Twenty-third and Twenty-fourth Wards.

Approved by the Mayor, January 18, 1883.

Resolved, That the Department of Public Works be and is hereby requested to communicate to the Common Council the condition of the water provided for the use of the city, its source and quantity, its storage and distribution, the dimensions and conditions of the reservoirs which contain it, and of the ducts which convey it to them, the quantity of water they are capable of conveying and storing, and the adequacy thereof to the wants of the city, the quantity of water they actually convey and store, and whether the city is thereby sufficiently supplied, and if not, the initiate period, the causes and the extent, and the probable duration of said defective supply, together with any other information in possession of the Department touching the water problem of the City of New York.

Adopted by the Board of Aldermen, January 16, 1883.
Approved by the Mayor, January 17, 1883.

Adopted by the Board of Aldermen, January 16, 1883.
Approved by the Mayor, January 19, 1883.

Whereas, The discontinuance of the trains on the Sixth Avenue Railroad, from 12 o'clock, M., until 5 o'clock A. M., every day, by order of the Managers of the Manhattan Elevated Railway Company, causes great annoyance and inconvenience to all the residents on the west side of the city, and many others, and is such a reprehensible exercise of arbitrary power, and such an outrage upon them, as to justify the most indignant remonstrance and condemnation, and a resort to the most extreme measures to compel this Railway Company to respect the rights of these people, and restore to them the accommodation for transit to which they have been accustomed, and to which they are entitled; and

Whereas, It is generally supposed to be the duty of this Railway Company, which is simply a common carrier, and bound by every consideration of justice and equity to operate its road, primarily, for the convenience of the public, in return for the valuable public property it uses, and for which it is asked to pay no other equivalent; but, as it chooses, deliberately to subordinate this duty to the saving of a few paltry dollars from its enormous receipts during the other portion of each day, action should be taken by the representatives of the people, in this Common Council, to compel it to afford all the facilities necessary to enable all our citizens to reach their homes and places of business, both by day and night, with rapidity and safety; and

Whereas, As it is doubtful if the local authorities possess the requisite power to compel a prompt compliance with any direction they may give, in the premises, it being claimed that by the special act of the State Legislature that called the scheme of elevated railways in this city into existence, the company is amenable for its acts, only to that body, it is the imperative duty of this Common Council to interfere to the extent of its power, in favor of our aggrieved citizens, and to take the lead in the effort to secure to them their rights, thus wantonly violated by this giant monopoly, by an appeal to the Legislature in their behalf; be it therefore

Resolved, That the Legislature of this State be and hereby is respectfully requested, by the corporate authorities of this city, in behalf of its people, to take prompt and decided action to compel the Manhattan Elevated Railway Company to operate its roads in such a manner as to afford all needed facilities for public travel, both day and night, by specifically providing that trains shall be run on its roads continually, as often as the public convenience may require, and at no greater

intervals of time, from twelve o'clock, M., until five o'clock A. M., than fifteen minutes; and be it further

Resolved, That this Common Council hereby reiterates and approves of the proceedings taken by their predecessors in recommending to the Legislature the passage of a law similar to the law of the last session (which failed to receive the approval of the Governor), fixing the fare at a uniform rate of five cents for any distance traveled on either of the elevated railways; and be it further

Resolved, That the members of the State Legislature representing constituencies in this city, be and they are hereby earnestly requested to use every honorable means to secure the passage of an act that will secure to our citizens the rights and privileges mentioned in the foregoing preamble and resolutions, and the Clerk of this Board is hereby directed to transmit to the President of the Senate, to the Speaker of the Assembly, and to each Senator and Assemblyman from this city, a copy of the foregoing preamble and resolutions.

Adopted by the Board of Aldermen, January 9, 1883.

Received from his Honor the Mayor, January 20, 1883, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Whereas, Grave charges have appeared, from time to time, in the public papers of this city, of brutal and inhuman treatment of the inmates of the prisons of this State, in forcing from them heavy tasks of labor beyond their physical endurance, in the interests of the contractors, for which the State receives but a fraction of the value of such labor; and

Whereas, A strong growing public feeling demands justice, both to the convict and to the free artisan, in the abolition of the contract labor system in the penal institutions of this State, which has proved so detrimental to the interests of the honest working class of our citizens, by bringing the products of the labor of convicts in direct competition with that of the free artisan; and

Whereas, This Board, representing one and a quarter millions of people, a large majority of whom depend on their daily toil for subsistence, we deem it not only wise, but just, that some action should be taken to check this unjust monopoly of convict labor; be it therefore

Resolved, That the Legislature of this State, now in session, be and is hereby respectfully and most earnestly requested to pass such laws as shall remedy this grave evil, and, if possible, entirely abolish this infamous system, by which the prisons of this State have been prostituted from the legitimate objects for which they were erected into money-making concerns, for the enriching of a few favored monopolists, to the injury of manufacturers and mechanics outside of prison walls; and be it further

Resolved, That a copy of the foregoing preamble and resolution be transmitted by the Clerk of this Board to the President of the Senate, the Speaker of the Assembly, and to each Representative from this city in the Legislature of this State.

Adopted by the Board of Aldermen, January 16, 1883.

Received from his Honor the Mayor, January 20, 1883, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Whereas, A resolution introduced and referred to Committee in the Board of Aldermen, February 21, 1882, expressive of censure upon James S. Coleman, Commissioner of the Department of Street Cleaning in this city, for his action in contracting the work of his Department and allowing the reduction of laborers' wages, failed to receive sanction and authority by reason only of the known opposition of and the assured veto of his Honor William R. Grace, then Mayor (whose protege the said Commissioner was); and

Whereas, The same Board of Aldermen adopted a resolution, July 3, 1882, censuring the said Commissioner for permitting the street refuse to be used in filling in streets at "Harlem," and thereby endangering the health and lives of its inhabitants; and

Whereas, The said Commissioner, replying September 5, 1882, to the said resolution, in a communication to his Honor William R. Grace, the then Mayor, which communication was transmitted to the Board of Aldermen, and may be found upon page 403 of minutes of the Board, 1882, uses the following language:

"In reply, I beg to state that I have not authorized any one to dump on any street which 'dumping would be contrary to the laws governing the different departments having control over such streets."

"It has been done against my orders, and in the future, if it is repeated, will result in the dismissal of the offender." And

Whereas, The language above quoted is conclusive evidence that the dumping of such refuse, as charged, was a fact found by said Commissioner, and it necessarily follows, as testifying to his lack of knowledge of the doings of his employees, and tends to the conclusion that he is incompetent to administer his office; and

Whereas, The fact is equally patent, by assertion of the "inhabitants" of Harlem, through their representative in this Board, that the street refuse has been continuously used in filling in streets and "lots," between Ninety-second and One Hundred and Eighth streets, east of Third avenue, since said Commissioner's reply, and "rumor, with its busy tongue, gives evidence of fact to report," circulated, that considerable sums of money have been paid to the officials of the Street Cleaning Department for the use of said street refuse; and that the practice of said Department is to require money to be paid not only for such privilege, but also that such Department has placed names of persons upon its pay-rolls who never performed labor, and certified to loads of dirt removed from streets when only half loads were taken, and that other gross irregularities exist and are practiced in said Department, which if allowed to go unrebuked would bring disrepute upon the present administration of the government of this municipality; now, therefore, be it

Resolved, That this Board of Aldermen hereby express its severe condemnation of the practices alleged against the said James S. Coleman.

Resolved, That the Committee on Street Cleaning is hereby instructed to investigate the allegations above referred to, and report to this Board as soon as possible.

Adopted by the Board of Aldermen, January 16, 1883.

Received from his Honor the Mayor, January 20, 1883, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

JURORS.

NOTICE
IN RELATION TO JURORS FOR STATE
COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE
heard here, from 10 to 3 daily, from all persons
hitherto liable or recently serving who have become ex-
empt, and all needed information will be given.

Those who have not answered as to their liability, or
proved permanent exemption, will receive a "jury enroll-
ment notice" requiring them to appear before me this
year. Whether liable or not, such notices must be an-
swered (in person, if possible, and at this office only) under
severe penalties. If exempt, the party must bring proof
of exemption; if liable, he must also answer in person,
giving full and correct name, residence, etc., etc. No
attention paid to letters.

Persons "enrolled" as liable must serve when called
or pay their fines. No mere excuse will be allowed or
interference permitted. The fines if unpaid will be entered
as judgments upon the property of the delinquents.

All good citizens will aid the cause of justice, and
secure reliable and respectable juries, and equalize their
duty by serving promptly when summoned, allowing their
clerks or subordinates to serve, reporting to me any attempt
at bribery or evasion, and suggesting names for enrollment.
Persons between sixty and seventy years of age, summer
absentees, persons temporarily ill, and United States and
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-
demeanor to give any jury paper to another to answer.
It is also punishable by fine or imprisonment to give or
receive any present or bribe, directly or indirectly, in rela-
tion to a jury service, or to withhold any paper or make
any false statement, and every case will be fully prose-
cuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the Contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (\$50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of Chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-

box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, January 20, 1883.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.
