From the Collector of Customs, Port of New York—In relation to the duty imposed on old Spanish bronze cannon proposed to be imported from Cuba.

Commissioner Clausen offered the following:

Whereas, A large quantity of Spanish cannon, imported from Cuba, has been examined by the Landscape Architect of this Department, and eighty pieces designated by him as suitable for permanent exhibition by The City of New York in Central Park, Battery Park, Washington Square, Van Cortland Park, Prospect Park and Washington Park (Fort Greene). In some cases the pieces selected are of an age to be classified as antiquities under the customs regulations, and all are of worth as exhibits in illustration of the progress of ordnance manufacture, as well as of historical interest by reason of association with the early settlements on this side of the Atlantic. Their beauty of form, decoration and excellence as castings give them a further art value. The estimates of the weight of the designated pieces vary from 120,000 to 300,000 pounds and the price at which they are offered is 25 cents a pound, without duty; therefore

Resolved, That the Federal Customs Authorities be and they are hereby respectfully requested to permit The City of New York to remove from the bonded warehouse without payment of any duty the Spanish cannon selected for exhibition in the parks, and that the Board of Estimate and Apportionment be respectfully requested to provide funds for and authorize the Park Department to purchase said cannon, to the amount of Seventy-five thousand dollars, or such part thereof as may be needed for the purpose.

BOARDS OF LOCAL IMPROVEMENTS.

The roll was called, and the following members answered to their names :
Edward M. Grout, President, in the chair, and Aldermen McNeil, Scott and Velton.
The President submitted the following :

(No. 18.)

Communication from the Board of Public Improvements returning to the Local Board for further consideration the matter of construction of sewers in Huron street, from East river to Provost street ; in Provost street, between Huron street and Greenpoint avenue ; in Greenpoint avenue, between Provost street and Jewell street ; in Jewell street, between Greenpoint avenue and Norman avenue ; in Norman avenue, between Jewell street and 100 feet east of Humboldt street, and in Meserole avenue, between Jewell street and Diamond street, with connections.

The President of the Borough read the following communication from the Department of Sewers :

DEPARTMENT OF SEWERS—BOROUGH OF MANHATTAN,
COMMISSIONER'S OFFICE, NOS. 265 AND 267 BROADWAY,
NEW YORK, March 30, 1899.

Hon. EDWARD M. GROUT, President, Borough of Brooklyn :

DEAR SIR—Inclosed please find copy of communication from the Deputy Commissioner of Sewers, Borough of Brooklyn, transmitting a memorandum from the Chief Engineer of Sewers, in relation to the construction of a sewer in Huron street and Provost street, Borough of Brooklyn.

I desire that you will present this matter at the meeting to be held to-day by the Local Board.

I am, yours respectfully,
(Signed) JAS. KANE, Commissioner of Sewers.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF SEWERS,
March 30, 1899.

Hon. JAMES KANE, Commissioner of Sewers :

DEAR SIR—I herewith inclose a copy of certain memoranda relating to the construction of the Huron and Provost street sewer, the Chief Engineer of Sewers in this borough having prepared the same, and requests that this matter may be laid before the Local Board of Improvements upon this date, as the public hearing will be held at 4.30 o'clock.

The memoranda clearly show the many reasons why this sewer should be constructed, the present point of discharge being upon private property and upon marsh lands, where the sewerage becomes putrid and detrimental to the health of the community, the cellars over a populated district of about 250 acres being continually flooded. The Laws of the State of New York compelling its construction, and the manner in which the improvements shall be paid for left to the authorities under whose jurisdiction it comes.

I respectfully request this matter may be laid before the Local Board of Improvements, and to become a part of the recommendations for the construction of this sewer which have emanated from your Department.

Yours respectfully,
(Signed) WM. BRENNAN,
Deputy Commissioner of Sewers, Borough of Brooklyn.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF SEWERS—OFFICE OF CHIEF ENGINEER,
March 29, 1899.

Hon. WILLIAM BRENNAN, Deputy Commissioner of Sewers :

DEAR SIR—In the matter of the construction of the "Huron and Provost streets" sewer, the following memoranda have been compiled in order that your Chief Engineer may set forth the many reasons existing why this sewer should be carried to a speedy completion, and why such recommendation has been made from this office :

I respectfully request that the memoranda herein contained may be laid before the Local Board of Improvements on the 30th instant, for their information, with the request that if favorable action is taken, that said memoranda may be forwarded to the Board of Public Improvements for their consideration.

A small lithographed map is herewith presented explanatory of that which is written.

Chapter 998 of the Laws of 1896 is mandatory to the Commissioner of Sewers, as the successor to the Commissioner of City Works, to construct a sewer through Huron street, or more available streets, to conduct the present sewage discharge into Newtown creek to the tide-waters of the East river.

It therefore becomes the duty of the Engineering force of the Commissioner to provide a more available route than through Huron street, if possible such cannot be done. It is the practice in engineering to find a reasonably safe and economical construction, and the most economical construction providing safety is secured.

The territory drained by this proposed sewer consists of about 500 acres, extending about a line along Meeker avenue, from Newtown creek to the boundary line between Maps O and I as shown on the lithographed map, thence along said boundary line to about Huron street, thence to the East river ; also along Newtown creek, from Meeker avenue to Oakland street, thence to Huron street to the East river.

The present outlet of about one-half of this territory is at a point near Humboldt street and Norman avenue, where it discharges into a marsh land, as shown on the map, finding its way through an irregular channel to Newtown creek, crossing private property throughout its entire course. This marsh land has been filled in to such an extent that an illy graded channel exists, through which the sewerage finds its way, causing the flooding of cellars in the last-mentioned locality. Constant attention is given to the clearance of this channel by this Department, to avoid flooding, but such cannot be avoided. Sewage also lays in the same and upon portions of the marsh, exposed to the effects of the sun. Such flooding and exposure of sewage can but result in serious menace to the health of the immediate community. The Board of Health have presented this condition to the proper authorities, and the writer will not dwell upon the subject.

Any property-holder, by obstructing the channel above mentioned within the bounds of his property, could flood 250 acres of a populated district. I need not mention what would be the result of said action to the city.

Confining myself for the present within the limits of the territory to be drained, is it possible to drain through other streets to tidewater?—arguments having been made in this direction by people in opposition to the construction of this sewer.

You will notice that no drainage can be effected in a northerly direction, as there we are hemmed in by the law "remove sewage discharge from Newtown creek."

Norman avenue and Meserole avenue, in a southerly direction, have been suggested ; by an inspection of the map you will notice that it would become necessary to destroy great lengths of sewers in either street, and a most important factor that one-half of the territory would have to be provided for by a future main sewer to be constructed through some street with the like removal of sewers ; a glance at the map will show no street with an outlet in the East river which will not so result.

It is therefore true, and a necessity, that we should remove small sewers in Huron street, from Oakland street to the East river, in the proposed plan ; but in selecting this street the entire territory is cared for by one sewer, which can be built at an exceedingly smaller cost than two sewers, and the expense to the property benefited thereby materially lessened if the usual procedure in payment for local improvements is enforced.

It is not within the purview of the Engineer to say how improvements should be paid for ; his duty is in finding the way and not the means ; nor, I believe, has the Department itself any option in how improvements shall be paid for, such authority resting with the Board of Public Improvements and the Department of Assessment.

Should the proper authorities decide that the usual procedure in payment for local improvements ensue, it becomes a pertinent question that the respective Boards should become acquainted with that which follows :

The original design for a main sewer for Map O, of which the territory in question is a part, made in 1869, contemplated a large main, 132 inches in diameter, to discharge at the foot of Dupont street and to skirt the low elevation of land necessarily adjacent to Newtown creek, crossing private property from Paidge avenue and Emory street to Scott avenue and Townsend street. This sewer would have called for a pile foundation and would have been exceedingly expensive.

Owing to the more rapid development of Map O, south of Johnson avenue, that portion of the mains of the design shown in black on the map were built in the early seventies, or mains in Knickerbocker avenue, Central avenue, Woodbine street, etc., completing main sewers, as shown, from 90 inches in diameter down to 30 inches in diameter, a temporary outlet being constructed at the head of the Newtown Creek Canal.

The people south of Johnson avenue only being assessed, said assessment amounting to \$25.48 for 25-foot lot.

In 1884 that portion of the mains ranging in size from 90 inches to 132 inches in diameter over the route shown by a dotted blue line being eliminated from the drainage plan of Map O.

In 1886 the Johnson avenue and South Fifth street main sewer was built for an outlet to tidewater from this southerly half of Map O, and the people therein have paid in addition to their assessment for original mains to this date about \$170,000 for the Johnson avenue, etc., main, just \$5,000 less than the estimated cost of the "Huron street sewer."

Thus you will notice that the people in the northerly half of Map O, from Johnson avenue to the boundary of Newtown creek, embracing the "Huron street sewer" district, have escaped any assessment for large mains in Map O.

The only mains which have been laid in the "Huron street sewer" district are the small mains in Oakland street (36 inches in diameter) and in Norman avenue (48 inches and 36 inches in diameter), of which only 803 feet of the latter was built by the city, the remaining lengths, as shown on the map, by private enterprise.

The assessment for the Oakland street sewer, extending only along Oakland street and Manhattan avenue, from Newtown creek to Calyer street, amounting to \$15.77 per lot. That of the Norman avenue mains \$5.40 per lot.

The territory of Map O, between Meeker avenue and Johnson avenue, will be cared for by a main in Morgan avenue, said territory never having been assessed, and a parallel case with the "Huron street sewer" district, chapter 998 of the Laws of 1896 also governing its construction.

The estimated cost of the Huron street sewer, extending through Huron street, from the East river to Provost street, to Greenpoint avenue, to Jewell street, to Norman avenue, to a point 100 feet east of Jewell street, and in Meserole avenue, for one block between Diamond and Jewell streets, is \$175,000.

The estimated assessment per lot has been calculated to be \$22, or about \$1.10 per running foot over the entire district benefited.

To sum up, it is here contended that the Huron street sewer is the least expensive route which can be obtained ; that it is the most efficient route ; that the health of the community demands its speedy construction ; that the change of plan has been beneficial to the district to be drained in cost, and that only a few people within the area to be drained have been assessed for main sewers.

Very respectfully,
(Signed) H. R. ASSERSON, Chief Engineer of Sewers, Borough of Brooklyn.

Hearing was given to Hon. George W. Palmer, Robert Stewart and others on the question of the necessity for the construction of the sewer, and also on the question of how the sewer should be paid for. Laid over until next meeting.

No bonds or deposit required on bids under One Thousand Dollars. Awards will be made on the lowest items.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may

be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or her bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, No. 148 East Twentieth street, New York City, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the articles, and list showing locations and places of delivery, may be seen and forms of proposals may be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. for Hay, Straw, Oats and Bran. Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates, as may be deemed to be for the public interest.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of Forty-five Hundred (\$4,500) Dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his

liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of Two Hundred and Twenty-five (\$225) Dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject all bids should it be deemed to the public interests so to do.

No estimates will be accepted from or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the per-

formance of the contract in the manner prescribed by law in the sum of Fifteen Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Samples of all goods, materials, supplies, etc., estimated on and for which bids are submitted must be delivered at the office of the Chief Clerk, when required by the Department.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.
