THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

STATED MEETING.

Tuesday, December 31, 1907, 1 o'clock p. m.

The Board met in the Aldermanic Chamber, City Hall.

Present:

In the absence of the President, the Vice-Chairman took the chair.

Aldermen

Elias Goodman, Vice-Chairman;	John J. Farrell, Clarence R. Freeman, Herman S. Fried, Max S. Grifenhagen, John D. Gunther, John J. Haggerty, Charles Hahn, John J. Hahn, John Hann, Philip Harnischfeger, Casper Herold, Patrick Higgins, William P. Kenneally, Ardolph L. Kline, Joseph Krulish, Charles L. Kuck, Charles Kuntze, James Lawlor, Harry L. Leverett, Max S. Levine, Frederick Linde, George Markert, James Cowden Meyers,	Thomas J. Moffitt, William E. Morris, Thomas J. Mulligan, Arthur H. Murphy, Cornelius D. Noonan, George W. Olvany, Francis J. O'Neill, Henry Clay Peters, Lewis M. Potter, John J. Reardon, James W. Redmond, David S. Rendt, Frederick Richter, William Rowcroft, George J. Schneider, James J. Smith, Michael Stapleton, Frank D. Sturges, Timothy P. Sullivan, Joseph M. Torpey, William Wentz, Richard Wright.
----------------------------------	---	---

George Cromwell, President, Borough of Richmond.
Joseph Bermel, President, Borough of Queens, and by Lawrence Gresser, Commissioner of Public Works.

Louis F. Haffen, President, Borough of The Bronx.

The Clerk proceeded to read the minutes of the Stated Meeting of December 17, 1907.

On motion of Alderman Markert further reading was dispensed with and the minutes were approved as printed.

On motion of Alderman Sturges the courtesies of the floor were extended to Alderman-elect Tristram B. Johnson.

GENERAL ORDERS.

Alderman Davies called up General Orders Nos. 320, 347 and 368, and moved that they be made Special Orders for 2 o'clock p. m.

Which motion was adopted.

Subsequently, the hour of 2 o'clock having arrived, the Vice-Chairman directed the Clerk to read the Special Orders in their numerical order.

No. 1910.

The Committee on Finance, to whom was referred on April 23, 1907 (Minutes, page 550), the annexed resolution in favor of an issue of Special Revenue Bonds, \$16,800, to pay salary increases in municipal courts, respectfully

REPORTS:

Ex-Alderman James J. Devlin, Secretary of the Board of Justices of the Municipal Court, appeared before the Committee and explained that this money is to provide for the increase in the salaries of the Attendants and Interpreters of the Municipal Court, which was passed early this year by the Board of Estimate and Apportionment and approved by the Board of Aldermen. As this matter is mandatory and the computation has been found to be correct, your Committee therefore recommend the adoption of the same.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of sixteen thousand eight hundred dollars (\$16,800), the proceeds whereof shall be applied to meet the increase in the salaries of several positions in the Municipal Courts of The City of New York, according to the provisions of a resolution adopted by the Board of Estimate and Apportionment March 22, 1907, concurred in by the Board of Aldermen April 2, 1907, and approved by the Mayor April 9, 1907.

JOHN R. DAVIES, JOHN DIEMER, THOS. J. MULLIGAN, JAMES W. REDMOND, A. L. KLINE, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Markert, Meyers, Moffitt, Morris, Mulligan, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Richter, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Haffen and the Vice-Chairman—63.

No. 2259.

The Committee on Finance, to whom was referred on July 1, 1907 (Minutes, page 71), the annexed resolution in favor of an issue of Special Revenue Bonds, \$6,600, to pay increased salaries in Court of General Sessions, New York County, respectfully

REPORTS:

Deputy Clerk Penney appeared before the Committee and stated that this allowance was made necessary by reason of the increase in the salaries of ten Deputy Clerks and four Record Clerks, which was recently authorized by the Board of Estimate and Apportionment and the Board of Aldermen. The Comptroller's bureau of investigations has also submitted the annexed report which recommends same, but computes the amount at \$5,500 instead of \$6,600 as requested. Your Committee therefore recommends the adoption of the substitute resolution providing for \$5,500 for the purposes specified.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand five hundred dollars (\$5,500), the proceeds whereof to be applied to pay increased salaries in Court of General Sessions, New York County.

(ORIGINAL.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment is respectfully requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of sixty-six hundred dollars (\$6,600), the same to be applied to the payment of the increase of salaries of the Deputy Clerks, Assistant Clerk and Record Clerks of the Court of General Sessions of the Peace of the County of New York, for the last six months of the year 1907.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, B. W. B. BROWN, JOSEPH FALK, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Markert, Meyers, Moffitt, Morris, Mulligan, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Richter, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Haffen and the Vice-Chairman—63.

No. 2576.

The Committee on Public Letting, to which was referred on November 19, 1907 (Minutes, page 601), the annexed resolution authorizing the President of the Borough of Manhattan to make repairs to the Municipal Courts, Borough of Manhattan, without public letting, respectfully

REPORTS:

That Acting Superintendent Stewart appeared before the Committee and presented the annexed statement showing the estimates of the work to be done to put the Municipal Court Houses in shape to carry out the provisions of the recent Municipal Court reorganization bill passed by the Legislature of 1907. It is proposed to have nine court houses, one for each of the new districts in the Borough, as provided by the act. The First District is to have three parts, the Second is to have five parts and the other seven districts are to have two parts each. The Superintendent states that it is impossible to accurately estimate on the amount which will actually be required. The Committee believe this to be an urgent matter by reason of the fact that the work must all be done so as to have the rooms ready for the first of January, and the Committee recommends the adoption of the resolution.

Resolved, That in accordance with the provisions of section 419 of the amended Greater New York Charter, the President of the Borough of Manhattan be and he is hereby authorized to contract without public letting for the alteration, repairs and furnishing of the new Municipal Courts in the Borough of Manhattan at an expenditure not to exceed \$25,000.

A. L. KLINE, WM. CLIFFORD, JACOB BARTSCHERER, F. J. O'NEILL, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Krulish, Kuck, Kuntze, Lawlor, Leverett, Levine, Markert, Meyers, Moffitt, Morris, Mulligan, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Richter, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Cromwell, President Haffen and the Vice-Chairman—63.

PETITIONS AND COMMUNICATIONS.

No. 2674.

Standard Concrete-Steel Company,
Thirty-first to Thirty-second Street, East River,
New York, December 21, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall, Manhattan:

Dear Sir—Referring to the hearing before the Aldermanic Commission of the Building Codes yesterday, I beg to bother you sufficiently to call your attention to what seem salient points in the discussion of the proposed code. To my astonishment, I could detect no one who actually spoke in favor of the code as it stands. It is true the aged president of the Board of Underwriters read an elaborate paper on European practice, etc., and his subordinate seconded his paper by calling attention to the hazardous part of New York City.

There was not one hint as to any inherent deficiency in the construction of buildings as standing under the present law, which is principally contained in section 106. So far as the talk of these gentlemen referred to is concerned, there is not one who does not second their appeal for an approved construction in old and wooden buildings to which the fire hazard referred to is confined.

There was not one reference to any unsafeness in first-class constructions which now stand approved, and are generally used and cost about fifty per cent. less than proposed in the new code.

If there is any objection to the many constructions which have been more thoroughly tested than in a Baltimore or San Francisco fire, the sufficiency of which cannot be questioned by any gentleman who discussed this subject, why is it not made? There are some two dozen constructions which have been tested according to law—fire, water and loads, under the jurisdiction of the Building Department and under the control of a professor from Columbia University, who had full charge of such tests, and are beyond reproach.

The new code intends to throw all of these constructions out, and go back to the old original construction of segmental tile arches, with a ceiling hung below, the only purpose of which could be to make a monopoly of this form of construction, giving the arches to a tile trust and giving the ceilings to a known concern who has patents covering the construction specified in section 114.

The writer is somewhat familiar with how the new code happened to be constructed on such revolutionary basis, but does not care to put the same in writing at this time, but we think the matter has gone sufficiently far for each of the Aldermen to conceive that something is radically wrong, and that they and other members of the expert Commission who are not familiar with these things have been imposed upon, and we hope that nothing shall deter the Aldermen from granting the request of having a thorough investigation made and at least a rewriting of the law which is so objectionable.

Very truly yours,

GUY B. WAITE.

Which was referred to the Committee on Buildings.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2675.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, December 18, 1907.

Honorable Board of Aldermen, City Hall, Manhattan:

Gentlemen—I forward to you herewith form of ordinance fixing the width of the roadway and sidewalks of Caton avenue, between Coney Island avenue and St. Paul's place, together with report of the Chief Engineer of the Bureau of Highways showing the necessity for speedy action on this ordinance.

Yours very truly,

BIRD S. COLER, President, Borough of Brooklyn.

December 10, 1907.

Hon. THOMAS R. FARRELL, Superintendent of Highways:

Dear Sir—On October 12 bids were received for regulating, grading, curbing and laying cement sidewalks on Caton avenue, from Parade place to Coney Island avenue. Edward E. Pierson was the low bidder. Owing to complications on this street, due to part of the work called for in the contract being under contract to another contractor, under the jurisdiction of the Park Department, and also that a considerable portion of the work called for had been done by private owners along the street, I deem it advisable that the contract be not awarded to Edward E. Pierson, and that it be readvertised under the same resolution of the Board of Estimate and Apportionment.

The work done by private contract was not done in conformity with the legal street lines, but owing to the large amount of work already done it is thought best that the street widths be changed and the improvements completed in accordance with the changed widths.

Some years ago two ordinances were adopted fixing the roadway of Caton avenue, from Flatbush avenue to the Brighton Beach railroad, and from the Brighton Beach railroad to St. Paul's place, at 39 feet. It is advisable that the balance of the roadway width of Caton avenue through to Coney Island avenue be also fixed at this width. On the limits of the above contract cement curb has been set from Westminster road easterly to Parade place. Though the roadway width was 42 feet, this curb was set by the owners on a roadway width of 39 feet. I attach hereto a form of ordinance to be presented to the Board of Aldermen fixing the width at 39 feet. Upon receipt of instructions from the Commissioner of Public Works we will readvertise this contract, omitting that portion which is being done by the Park Department, and which has been done by private owners, so that when work is resumed in the spring the improvement can be carried on and completed in accordance with the proposed change of the roadway width, ample time elapsing for the adoption of this ordinance by the Board of Aldermen.

Respectfully,

JNO. C. SHERIDAN, Chief Engineer.

AN ORDINANCE to fix the width of the roadway and sidewalks on Caton avenue, between Coney Island avenue and St. Paul's place, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: That the width of the roadway of Caton avenue, between Coney Island avenue and St. Paul's place, in the Borough of Brooklyn, is hereby fixed at thirty-nine (39) feet, the curb lines to be parallel with and nineteen (19) feet six (6) inches distant from the centre line of said street, as laid down on the map of The City of New York, and the sidewalks each to be twenty (20) feet six (6) inches in width from building line to curb.

Which was referred to the Committee on Streets, Highways and Sewers.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 2676.

Board of Estimate and Apportionment,
Office of the Secretary, No. 277 Broadway,
December 23, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 20, 1907, authorizing the issue of \$80,937.54 Corporate Stock to provide means to pay the awards and the interest thereon in the matter of acquiring title to lands, etc., required for the construction of a new bridge over Flushing creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, Borough of Queens, together with copy of communication from the Comptroller relative thereto.

I also transmit herewith form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

December 12, 1907.

To the Board of Estimate and Apportionment:

Gentlemen—I am advised by the Corporation Counsel that the report of the Commissioners of Estimate and Appraisal, in the matter of acquiring title to lands and premises required for the construction of the new bridge over Flushing creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, in the Borough of Queens, was confirmed by an order of the Supreme Court, dated June 28, 1907, and entered in the office of the Clerk of the County of Queens, July 1, 1907.

The title to the lands, etc., taken in this proceeding became vested in The City of New York May 6, 1905, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment adopted March 3, 1905.

The total amount of the awards is..... \$98,252 15
Interest thereon from May 6, 1905, to May 6, 1908 17,685 39

\$115,937 54

Less authorization by the Board of Estimate July 29, 1903,
which can be applied in payment of this obligation..... 35,000 00

Amount to be authorized..... \$80,937 54

To provide means for the payment of these awards and the interest thereon Corporate Stock to the amount of eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54) should be issued, pursuant to the provisions of section 47 of the revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

(Signed) H. A. METZ, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54) to provide means to pay the awards and the interest thereon, in the matter of acquiring title to lands, etc., required for the construction of a new bridge over Flushing creek, between Jackson avenue, in the former town of Newtown, and Broadway, in the former town of Flushing, Borough of Queens,

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 20, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York, to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding eighty thousand nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54) for the purpose of providing means to pay the awards and the interest thereon, in the matter of acquiring title to lands, etc., required for the construction of a new bridge over Flushing creek, between Jackson avenue, in the former town of Newtown, and Broadway, in the former town of Flushing, in the Borough of Queens, City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty thousand, nine hundred and thirty-seven dollars and fifty-four cents (\$80,937.54), the proceeds to be applied to the purposes aforesaid."

No. 2677.

Board of Estimate and Apportionment,
Office of the Secretary, No. 277 Broadway,
December 21, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 20, 1907, authorizing the issue of \$280,000 Corporate Stock for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said borough, together with copy of report of the Comptroller, to whom this matter was referred on December 6, 1907.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

December 19, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Joseph Bermel, President of the Borough of Queens, in communication under date of November 26, 1907, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$306,508 for the use of the Topographical Bureau of this borough, in preparing and completing maps and monuments and monumenting of all territory within the borough.

I would report, that about \$305,232.47 will have been expended for this work during the year 1907, computed as follows:

Balance, December 31, 1906..... \$23,232 47
Corporate Stock issued during 1907..... 260,000 00
In Budget account for 1907..... 42,000 00

Total available for 1907..... \$325,232 47

Balance, December 31, 1907 (estimated)..... 20,000 00

Total expenditure in 1907..... \$305,232 47

On or about September 1, 1907, the force was enlarged, which increase added about \$16,000 to December 31, 1907. If this increase in the force had not been made, the total amount expended for the year 1907 would have been about \$289,000.

Therefore, to carry the present force through the year 1908 it will be necessary to provide \$280,000 additional, computed as follows:

Amount necessary to carry the force as it was constituted prior to September 1, 1907, to 1908..... \$289,000 00
In Budget account for 1908..... 42,000 00
Balance, December 31, 1907 (estimated)..... 20,000 00

62,000 00

Deficit to carry the force through 1908 as constituted prior to September 1, 1907..... \$227,000 00
Increase in force previous to September 1, 1907..... 53,000 00

Deficit to carry the force through 1908, as constituted, subsequent to September 1, 1907..... \$280,000 00

In order to continue the present force through the year 1908, it appears to me it will be necessary that the Board of Estimate and Apportionment must provide, pursuant to section 47 of the Greater New York Charter, Corporate Stock to the amount of \$280,000.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and eighty thousand dollars (\$280,000), for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said Borough.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment, December 20, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred and eighty thousand dollars (\$280,000), for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said Borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and eighty thousand dollars (\$280,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

No. 2678.

Board of Estimate and Apportionment,
Office of the Secretary, No. 277 Broadway,
December 23, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, December 20, 1907, authorizing the issue of \$50,000 Corporate Stock to provide means for the erection of additional stories to the City Court Building (brownstone building) in City Hall Park, fronting on Chambers street in the Borough of Manhattan, for the use of the City Court, of The City of New York, together with copy of communication from the Chief Engineer of the Board of Estimate and copy of memorandum from the Comptroller relative thereto.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

Board of Estimate and Apportionment,
City of New York,
December 4, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Secretary O'Brien has called my attention to the fact that, owing to the strong opposition which developed to the erection of a temporary building in City Hall Park, for the accommodation of the new Judges of the City Court and your veto of the resolution providing for an issue of Corporate Stock for \$40,000 to meet the expense of this building, it becomes necessary to make some immediate provision for the accommodation of these Judges, and there seems no alternative but to carry out the original suggestion of the President of the Borough of Manhattan, which was that the present City Court building, commonly known as the Brownstone Building, be raised so that two stories could be added. This it was estimated would cost \$50,000 and the estimate appears to be a reasonable one. I therefore beg to suggest to the Board the advisability of adopting a resolution authorizing an issue of Corporate Stock for this amount, such resolution being herewith submitted.

Respectfully,

(Signed) NELSON P. LEWIS, Chief Engineer.

Memorandum for the Comptroller.

At meeting of the Board of Estimate and Apportionment held December 13, 1907, the Board referred to the Comptroller a report of the Chief Engineer of the Board, which suggested that Corporate Stock to the amount of \$50,000 be issued for the purpose of carrying out the original recommendation of the President, Borough of Manhattan, of adding two additional stories to the present City Court building (brownstone building) in the City Hall Park, and to provide accommodations for the new Judges of the City Court.

In connection with this matter I have examined the East River Bank Building, situate on the southerly side of Chambers street, near Park row, which in my opinion cannot be altered for court purposes.

(Signed) CHANDLER WITHINGTON,
Chief Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000) to provide means for the erection of additional stories to the City Court building (brownstone building), in City Hall Park, fronting on Chambers street, in the Borough of Manhattan, for the use of the City Court of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:
Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 20, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding fifty thousand dollars (\$50,000), to provide means for the erection of additional stories to the City Court building (brownstone building), in City Hall Park, fronting on Chambers street, in the Borough of Manhattan, for the use of the City Court of The City of New York; and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was made a Special Order for 2.15 o'clock p. m.

Subsequently, the hour of 2.15 o'clock having arrived, the Vice-Chairman directed the Clerk to read the ordinance.

The Vice-Chairman then put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Callahan, Carter, Clifford, Cronin, Davies, Dinwoodie, Dotzler, Downing, Everson, Falk, Freeman, Griffenhagen, Gunther, Haggerty, Harnischfeger, Herold, Kenneally, Krulish, Kuntze, Lawlor, Leverett, Levine, Meyers, Moffitt, Mulligan, Olvany, Peters, Reardon, Richter, Schneider, Smith, Sturges, Sullivan, Wentz, President Cromwell, President Berniel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—40.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting resolution:

No. 2679.

Board of Estimate and Apportionment,
Office of the Secretary, No. 277 Broadway,
December 30, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 20, 1907, recommending the establishment of the position of Pilot in the Department of Water Supply, Gas and Electricity, with salary at the rate of \$1,500 per annum, for one incumbent, together with copy of communication from the Deputy and Acting Commissioner of Water Supply, Gas and Electricity, and report of the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, relative thereto.

I also transmit form of resolution for adoption by the Board of Aldermen, to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

Department of Water Supply, Gas and Electricity,
October 22, 1907.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, New York City:

Dear Sir—The Department secured a suitable boat, which has been in service since October 1, 1907, and which patrols the waters around the five boroughs. It is in charge of Inspectors detailed from the office of the Water Register, who report boats which obtain their supply of water from the shipping hydrants.

The launch previously used for this work, which had been temporarily transferred to the service of this Department, but which was manned by the employees of the Department of Docks and Ferries, has been released.

The services of a Pilot were secured at the time the launch was put into commission, but the Civil Service Commission has refused to certify the payroll containing the Pilot's salary account. As this launch will be a permanent adjunct of the Department's branch of service having in charge the collection of water revenue, I respectfully recommend that under and pursuant to the provisions of section 56 of the revised Charter the position of Pilot be established, at a salary of \$5 per day.

Respectfully,

(Signed) FRANK J. GOODWIN,
Deputy and Acting Commissioner.

Department of Finance.

December 18, 1907.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—I transmit herewith report of the Bureau of Municipal Investigation and Statistics of this Department, dated December 18, 1907, relative to the request of the Acting Commissioner of Water Supply, Gas and Electricity for the establishment of the position of Pilot in that Department, with salary at the rate of \$5 per diem, which matter was referred to the Comptroller for consideration and report at a meeting of the Board of Estimate and Apportionment held December 13, 1907.

In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Yours respectfully,

(Signed) H. A. METZ, Comptroller.

December 18, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the communication addressed by the Acting Commissioner of Water Supply, Gas and Electricity to the Board of Estimate and Apportionment, under date of October 22, 1907, requesting the establishment of the position of Pilot in that Department, with salary at the rate of \$5 per diem, which was referred by the Board of Estimate and Apportionment to the Comptroller on December 13, 1907, for consideration and report, and by you assigned to the Bureau of Municipal Investigation and Statistics for examination, I beg to submit the following:

On or about August 1, 1907, the steamboat "Lavrock" was purchased by the Department of Water Supply, Gas and Electricity for the purposes stated in the communication above referred to. The Captain's salary of \$5 a day was paid during the months of August and September with the approval of the Civil Service Commission under the emergency rules, but the approval of the payroll for the month of October was withheld by said Commission for the reason that the position of Pilot has not been established for that Department.

Your Examiner learns from Mr. John J. Herrick, Mechanical Engineer, Department of Docks and Ferries, that the salaries paid to pilots in that Department who are assigned to boats the size of the "Lavrock" is at the rate of \$1,500 a year.

As the boat "will be a permanent adjunct of the Department's branch of service having in charge the collection of water revenue," your Examiner recommends that the position of Pilot for the Department of Water Supply, Gas and Electricity be established, with salary at the rate of \$1,500 per annum for one incumbent.

Respectfully yours,

(Signed) CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

(Signed) H. A. Metz, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held December 20, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Pilot in the Department of Water Supply, Gas and Electricity, with salary at the rate of fifteen hundred dollars (\$1,500) per annum for one (1) incumbent."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Which was made a Special Order for 2.30 o'clock p. m.

Subsequently, the hour of 2.30 o'clock having arrived, the Vice-Chairman directed the Clerk to read the resolution.

The Vice-Chairman then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Carter, Clifford, Collins, Cronin, Davies, Dinwoodie, Dotzler, Downing, Doyle, Everson, Falk, Farrell, Fried, Griffenhagen, Gunther, Haggerty, Hann, Harnischfeger, Hatton, Krulish, Leverett, Markert, Moffitt, Morris, Olvany, O'Neill, Peters, Reardon, Redmond, Rendt, Richter, Schneider, Smith, Sturges, Torpey, President Cromwell, President Berniel, by Lawrence Gresser, Commissioner of Public Works; President Coler and the Vice-Chairman—41.

The Vice-Chairman laid before the Board the following communication from the Clerk of Richmond County:

No. 2680.

City Clerk's Office, Richmond County.
Richmond, N. Y., December 24, 1907.

Board of Aldermen, New York City, N. Y.:

Gentlemen—Enclosed please find copy of presentment made by the Grand Jury of the County of Richmond at the December term of the County Court.

Yours truly,

C. L. BOSTWICK, County Clerk.

County Court, Richmond County, December Term.

The Grand Jury, duly convened at above term of the County Court of the County of Richmond, having had its attention directed to the conditions existing with respect to the question of water supply to the residents of the Borough of Richmond, has had before it for examination the representatives in this borough of the Department of Water Supply, and also the representatives of the Crystal Water Company and the Staten Island Supply Company.

Upon such investigation it was established that the residents in that part of the borough supplied from the Tottenville plant, owned and operated by The City of New York, are furnished an adequate supply; that owners are charged by meter measurement, and that they are so charged only for the quantity actually used, as shown by meter reading, at the rate of one dollar (\$1) per thousand (1,000) cubic feet; that the Crystal Water Company supplies water to residence property, in some cases by meter, for which a charge of \$3.38 per thousand (1,000) cubic feet is made, and in other cases by what is called a flat rate (being seven dollars (\$7) for first faucet and three dollars (\$3) for each additional faucet); that the Staten Island Water Supply Company bases its charges upon a flat rate exclusively (being eight dollars (\$8) for the first faucet and one dollar (\$1) for each additional faucet); that the rates charged by the private water companies are largely in excess of what the rate would be if the plants of such companies were owned and operated by The City of New York.

It was also shown upon such investigation that negotiations have long been pending for the purchase of each of said plants by The City of New York; that the delay in the consummation of such purchase has been very great, to the great detriment of the people and property holders in this borough; that the officials of The City of New York having the control of the subject should secure the completion of the negotiations and immediately acquire and operate these plants, so that all the residents of the borough shall have the advantage of lower rates that would then be in operation, and of the uniform and sufficient supply that would at once result; that pending such purchase the water gate at Tompkinsville, connecting the mains of said companies, shall be kept open to insure a better service of water to the Fort Hill District; and we recommend that copies of this presentment be forwarded by the Clerk of the Court to the following City officers, viz.: The Mayor, the Comptroller, the Board of Aldermen, the Commissioner of Water Supply, Gas and Electricity and the President of the Borough of Richmond.

We recommend that the Court of Special Sessions be furnished with a suitable court room and quarters for its officers, at a convenient location, for the transaction of its public business.

That steps be taken to establish a Magistrate's Court to be located at Totten-ville, in this borough.

That necessary accommodations be secured for the office of District Attorney.

That the District Attorney be provided with an assistant, at a reasonable compensation.

That we again present the necessity for a new County Court House, in proper location, and which former grand juries have so repeatedly presented.

Dated December 18, 1907.

THOMAS KIERAN, Foreman.
WILLIAM L. HAWKINS, Clerk.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Jurors, Kings County:

No. 2681.

Office of the Commissioner of Jurors,
Room 5, Court House, Borough of Brooklyn.
December 28, 1907.

To the Honorable Board of Aldermen:

Gentlemen—In compliance with the requirements of the Laws of the State of New York (article 2, title 4, chapter 10), chapter 48, I have the honor to submit the following report of the business of this Department from August 30, 1906, to August 30, 1907, inclusive.

The Department of Taxes and Assessments of The City of New York, whose duty it is to furnish the names of persons for jury duty, residing within the County limits, failed to furnish such list to this Department until after the time had expired by law. The Commissioner of Jurors, according to chapter 1135, Laws of 1891, of the State of New York, selected 43,269 persons, the whole of whom were examined by him under chapter 601, Laws of New York.

After an examination and correction as to their qualities, etc., 14,690 were exempt and disqualified by reason of military service, over age, physical incapacity, illiteracy, no property, aliens, discharged volunteer firemen, election officials, etc.; 319 were absent from City and County; 569 were returned as deceased; 3,430 could not be found; 4,409 did not answer; 275 were duplicated; 1,999 were selected as municipal jurors, and 17,578 as being qualified for jury duty for the year 1906-1907. Out of this number 830 were set apart for special jurors.

In accordance with chapter 580, Laws of 1902, I have returned to the municipal Judges of the First, Second, Third, Fourth, Fifth, Sixth and Seventh District Courts of the Borough of Brooklyn, 200 each, making a total of 1,400 jurors to serve during the year.

Under chapter 257, Laws of 1904, I have submitted to the Honorable Board for the selection of Grand Jurors a list of persons, who have qualified before me, to act as jurors during the then ensuing year. From this list they have selected and returned to me the names of 696 persons as being suitable for service as grand jurors.

During the year covered by this report, August 30, 1906, to August 30, 1907, there have been drawn from this list 16,739 who have qualified, 12,890 trial jurors and 440 grand jurors, all of whom have been summoned to attend the several courts held in this County during the interval referred to above.

The number of jurors drawn and the Courts to which they were summoned, the number who served, the number of persons fined, etc., is shown in the following statement:

For the Supreme Court of the State of New York there were drawn 8,140 trial jurors.

For the Kings County Court there were drawn 4,750 trial jurors and 440 grand jurors.

Grand total, 13,330.

By referring to the returns made to this Department by the Clerks of the various Courts, it will be seen that out of a total of 12,890 persons summoned as trial jurors 9,117 served; 2,607 were excused by the Judges of the Courts; 70 were legally exempt from jury duty; 95 were returned as having been fined for non-attendance; 1,001 were returned by the officers serving the jury notices as not to be found after diligent search and inquiry on the part of the jury notice servers.

Of the 440 grand jurors drawn, 250 served; 151 were excused by the Court; 3 were fined, and 36 were returned as not to be found.

I will also state that from the official returns of the several Courts, as will be shown upon examination, I have received the names of 98 delinquents, who were fined. Of this number the Board of Judges has examined the whole, of which 61 were remitted; 1 paid; 33 could not be found, and 3 cases are awaiting the action of the Board.

On the date of my last report there were remaining on my hands, awaiting the action of the Board of Judges, 4 cases. They have been disposed of as follows: Three cases were remitted and 1 could not be found.

The receipts from the fines collected are as follows: No. 9023, William J. Jenks, County Court, May term, 1907, fifty dollars (\$50), which I have paid over to the City Chamberlain, whose receipt I hold.

The excuses and answers offered for remission of fines, and the cause of such remissions, are stated and placed opposite the name of each person on the list herewith annexed.

Respectfully submitted,

JACOB BRENNER,
Commissioner of Jurors for the County of Kings.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 2682.

Bellevue and Allied Hospitals,
Foot of East Twenty-sixth Street.
New York, December 27, 1907.

Hon. JOHN R. DAVIES, Chairman, Committee on Finance, Board of Aldermen:

Sir—The Department of Public Charities has just rendered bills for drugs supplied this Department during September and October, 1907, which are far in excess of the estimated cost of these supplies, and a careful estimate shows that there will be a deficit of more than \$8,000 on this item during the year 1907. This deficit not being anticipated, was not taken into account when the request was made on December 14 for an additional appropriation to Supplies and Contingencies of \$14,500. The Trustees have the honor, therefore, to request that the appropriation asked in that letter for that fund be further increased by \$8,000, making the total of the several appropriations requested now \$43,000, as follows:

Salaries	\$16,500 00
Supplies and Contingencies.....	22,500 00
Ambulances, horses, etc.	2,500 00
Clothing for insane	1,500 00
	<u>\$43,000</u>

Respectfully,

JOHN W. BRANNAN, President, Board of Trustees.

Bellevue and Allied Hospitals,
Foot of East Twenty-sixth Street.
New York, December 19, 1907.

Dr. JOHN W. BRANNAN, President, Board of Trustees, Bellevue and Allied Hospitals, New York City:

Dear Doctor—I regret to report an apparent gross oversight of this office that was due to circumstances beyond the writer's control. The hospitals of this Department are supplied with drugs from the storerooms of the General Drug Department of the Department of Charities, this Department reimbursing the Department of Charities by purchasing, under contract, such drugs as it may need to make up the cost of those supplied to our hospitals. It has been very difficult to get the monthly bills from the General Drug Department, and on July 29 I wrote the Hon. Robert W. Heberd, Commissioner of Charities, inviting his attention to the delay in the transmission of bills, and our consequent inability to determine the status of our accounts.

In making up the estimate of the deficiency in the funds of this Department, in view of the financial situation and the instructions from his Honor the Mayor, the requisition for money was pared down to the lowest amount possible. The General Drug Department was called up and asked what would be the total estimated amount of drugs supplied this Department this year. The reply was about \$45,000, which was about the same amount (\$45,381.85) as was supplied in 1906. The expenditure of drugs bore out this estimate, as will be shown by the following table:

	Cost of Drugs
January	\$3,272 13
February	3,534 25
March	3,489 86
April	3,497 03
May	4,003 91
June	4,554 03
July	3,739 15
August	4,521 47
Total	<u>\$30,611 83</u>

From this it will be seen that the prospective amount for the year would have been about \$45,000, but the months of September, October and November have vastly increased in expenditure of drugs, and it is likely that the cost of those supplied during December will be as great, and it is found that instead of the drugs costing about \$45,000, as was estimated, they are likely to cost \$53,000. This is \$8,000 more than the amount anticipated, and on investigation it is found that it is due to the increased consumption of drugs in Gouverneur, Harlem and Fordham Hospitals, the amounts being approximately the same in each of these institutions.

It is therefore necessary to ask the Board of Aldermen, in view of this need of more drugs and medical and surgical supplies than was anticipated, and which of course had to be supplied, that \$8,000 additional to the amount asked for supplies be allowed, making an issue of \$43,000 instead of \$35,000, Corporate Stock.

The fact of this prospective deficiency was not learned until last night, so that an earlier communication was not possible.

Very respectfully,

S. T. ARMSTRONG, General Medical Superintendent.

July 29, 1907.

Hon. ROBERT W. HEBBERD, Commissioner, Department of Public Charities, Foot of East Twenty-sixth Street, New York City:

Dear Commissioner—Would it be possible for this Department to receive, more promptly, the drug bills of your Department. The delay in this matter prevents the determination of the Department accounts. At present we have not received the drug bills for May or June.

Hoping that it may be possible in some way to expedite the transmission of these bills, and thanking you for your courtesy in the premises, I have the honor to be,

Very respectfully,

S. T. ARMSTRONG, General Medical Superintendent.

In connection therewith Alderman Davies offered the following resolution:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of forty-three thousand dollars (\$43,000), the proceeds whereof shall be applied to meet deficiencies in the funds of the Board of Trustees of Bellevue and Allied Hospitals for the year 1907, as follows:

Salaries	\$16,500 00
Supplies and contingencies.....	22,500 00
Ambulances, horses, etc.	2,500 00
Clothing for insane.....	1,500 00
	<u>\$43,000 00</u>

Which was made a Special Order for 2.10 o'clock p. m. Subsequently, the hour of 2.10 o'clock having arrived, the Vice-Chairman directed the Clerk to read the resolution.

The Vice-Chairman then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. GENERAL ORDERS RESUMED.

Alderman Sturges called up General Order No. 360, being a report and resolution as follows:

No. 2512.

The Committee on Finance, to whom was referred on October 22, 1907 (Minutes, page 266), the annexed resolution in favor of paying certain telephone bills, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted:

Resolved, That the Comptroller be and he is hereby authorized and requested to draw warrants as follows:

One in favor of the New York Telephone Company for two hundred dollars and seventy cents (\$200.70), being for telephone service furnished to the office of the City Clerk for the three months ended September 30, 1907.

One in favor of the New York and New Jersey Telephone Company for eighty-five dollars and thirty-five cents (\$85.35), being for telephone service furnished to the rooms of the Board of Aldermen, in the Borough of Brooklyn, for the three months ended September 30, 1907.

One in favor of the New York and New Jersey Telephone Company for thirty dollars and ninety-two cents (\$30.92), being for telephone service furnished to the office of the City Clerk in the Borough of Brooklyn, for the three months ended September 30, 1907.

The said several sums to be payment in full for all services rendered during the periods stated, and to be charged to and paid out of the appropriation entitled City Contingencies, 1907.

JOHN R. DAVIES, JOHN DIEMER, JOSEPH FALK, PH. HARNISCHFEGER, JAMES W. REDMOND, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bunting, Carter, Cole, Collins, Cronin, Davies, Dinwoodie, Dotzler, Doull, Dowling, Ellery, Everson, Farrell, Freeman, Gunther, Haggerty, C. Hahn, Herold, Higgins, Kenneally, Kuntze, Lawlor, Levine, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Olvany, Reardon, Richter, Rowcroft, Stapleton, Sturges, Sullivan, Wafer, Wentz, President Cromwell, President Haffen and the Vice-Chairman—41.

Which report was accepted.

Report of Committee on Rules—

No. 2628.

The Committee on Rules, to which the annexed resolution (Int. No. 2628) was referred on December 10, 1907, respectfully

REPORTS:

That it has given full consideration to the suggestion of a celebration of the tenth anniversary of the creation of Greater New York, and reached the conclusion that the time at the disposal of the present Board of Aldermen was not sufficient to make the arrangements necessary to assure a dignified and appropriate celebration. If a special committee were to be appointed, as provided for by the resolution, it would be properly made up of members of the next Board of Aldermen, and it seems to the Committee on Rules that if such a special committee is to be appointed its selection should be left to the new Board. The committee, therefore, recommends that the Clerk of the Board be directed to submit the resolution and this report to the Board of Aldermen at its first meeting in the year 1908.

Whereas, The tenth anniversary of the birth of the Greater New York will take place on January 1, 1908, and

Whereas, It is fitting that an event of such far-reaching importance to the greatness of the national metropolis be commemorated by suitable exercises,

Resolved, That the President of the Board be and he hereby is authorized to appoint a committee, of as many members as he may deem advisable, on which each of the boroughs shall be represented, to arrange for the celebration of the tenth anniversary of the Greater New York, either on January 1, next, or as soon thereafter as may be found practicable; and that said committee invite the officers and members of the original Greater New York Commission, of the Greater New York

Charter Commission, of the various Commissions that have been, from time to time, appointed to revise the Charter, and such other persons as they may deem proper for this occasion.

JAMES COWDEN MEYERS, ELIAS GOODMAN, T. P. SULLIVAN, Committee on Rules.

Which report was accepted.

Report of Committee on Salaries and Offices—

No. 2589.

The Committee on Salaries and Offices, to which was referred on November 26, 1907, the annexed resolution (No. 2589), hereby recommends its adoption by the Board. This resolution will permit the Comptroller to return to the classified service Mr. Robert B. McIntyre, now an Auditor of Accounts, at the same salary he is now receiving. The highest grade of Examiner (the position named in the resolution) is \$3,500, and this resolution provides an additional grade at \$4,000. Mr. McIntyre was, until February 6, 1905, in the classified service and he was then appointed to the exempt position of Expert Accountant at \$3,500. Since February 1, 1906, he has held his present position with a salary of \$4,000. Independent observers of the work of the Finance Department have commended Mr. McIntyre to the Committee and the Committee is of the opinion that his services to the City justify his receiving the protection of the classified service without sacrifice of salary.

The Committee calls attention to the fact that adoption of this resolution and the transfer of Mr. McIntyre will leave a vacancy in the position of Auditor which the Comptroller can fill if he chooses. In other words the effect of the resolution will be to make an additional place at \$4,000. In the view of the Committee the City's finances do not warrant the employment of another Auditor to take the place of Mr. McIntyre, but the Committee feels that the matter may be safely left to the Comptroller as the chief financial officer of the City.

Whereas, The Board of Estimate and Apportionment at a meeting held November 15, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the establishment of the grade of position of Examiner in the Department of Finance, in addition to those already existing therein, with salary at the rate of four thousand dollars (\$4,000) per annum, for one incumbent."

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

JAMES COWDEN MEYERS, MICHAEL J. CARTER, CHARLES KUNTZE, FRANK D. STURGES, LEWIS M. POTTER, Committee on Salaries and Offices.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Meyers moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Gunther, Haggerty, Hann, Herold, Kuck, Leverett, Markert, Meyers, Moffitt, Mulligan, Olvany, Peters, Potter, Reardon, Redmond, Richter, Smith, Sturges, Sullivan, Wentz, Wright; President Cromwell, President Haffen, and the Vice-Chairman—44.

Reports of Committee on Finance—

No. 2621.

The Committee on Finance, to whom was referred, on December 10, 1907 (Minutes, page 964), the annexed ordinance, in favor of authorizing issue of \$75,000, Corporate Stock, for the Topographical Bureau, Borough of Richmond, respectfully

REPORTS:

The details of this application are fully set forth in the annexed communications and reports, and President Cromwell and Commissioner Tribus appeared before the Committee and stated that there had been no allowance whatsoever made for the maintenance of the Topographical Bureau, Borough of Richmond, for the year 1908, and that if the surveying of the borough was to continue some relief must be given. There can be no development of this borough unless this work is continued, but in view of the present financial conditions, the committee would feel opposed to the resolution were it not for the fact that the Board of Estimate and Apportionment evidently had the City's financial condition in mind when they passed it on December 10, and are prepared to make provision for obtaining the money. The committee therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of seventy-five thousand dollars (\$75,000), for the use of the Topographical Bureau of the Borough of Richmond, for the purpose of preparing and completing maps of all territory within said borough.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 6, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding seventy-five thousand dollars (\$75,000), for the use of the Topographical Bureau of the Borough of Richmond, for the purpose of preparing and completing maps of all territory within said borough, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seventy-five thousand dollars (\$75,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, J. E. BUNTING, B. W. B. BROWN, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Collins, Davies, Diemer, Dinwoodie, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Krulish, Kuck, Lawlor, Leverett, Markert, Meyers, Moffitt, Olvany, O'Neill, Potter, Reardon, Richter, Sturges, Wentz; President Cromwell, President Haffen and the Vice-Chairman—41.

No. 2663.

The Committee on Finance, to whom was referred, on December 17, 1907 (Minutes, page 1068), the annexed resolution in favor of permitting drafts on account of incidental expenses by the Board of Health, respectfully recommend that the said resolution be adopted.

Resolved, That for the purpose of defraying any minor or incidental expense contingent to the Department of Health, the Secretary of the Board of Health, of the Department of Health, may, by requisition, draw upon the Comptroller of The City of New York, for a sum not exceeding five thousand dollars (\$5,000); the Secretary of the Board of Health, of the Department of Health, may, in like manner, renew the draft as often as the Board of Health may deem it necessary, to the extent of the appropriation set apart for contingencies of the Department of Health, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioners of the Board of Health covering the expenditure of money paid thereon.

The fund created by this authority shall be accounted for separately and distinctly from the fund created by resolution of this Board adopted June 26, 1906, and approved by the Acting Mayor July 3, 1906.

JOHN R. DAVIES, J. E. BUNTING, B. W. B. BROWN, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

No. 2624.

The Committee on Finance, to whom was referred, on December 10, 1907 (Minutes, page 972), the annexed ordinance in favor of authorizing issue of \$500,000 Corporate Stock to pay City's share for abolishing certain grade crossings, respectfully

REPORTS:

This matter was before the Board over a month ago in the form of an ordinance for \$1,300,000 for the same purposes. The Committee then took the stand that in spite of the financial conditions the City must pay its just debts, and recommended that that ordinance be rejected and that whatever amount was determined by the Comptroller to be actually due and owing by the City should be embodied in a new ordinance, and that this Board should then provide for the payment of same. This was done and the Board of Estimate and Apportionment now recommends the amount of \$500,000, which they state is actually due and owing. This is to pay for the City's share under the statute for the Flatbush improvement and also the Bay Ridge improvement in Brooklyn. As this money is actually due the Committee recommends the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five hundred thousand dollars (\$500,000) for the purpose of providing means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with the abolishing of grade crossings of highways and railroads, pursuant to chapter 507, Laws of 1903, as amended by chapter 603, Laws of 1904.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen of The City of New York hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 6, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of chapter 507 of the Laws of 1903, as amended by chapter 603 of the Laws of 1904, and the requisition of the Brooklyn Grade Crossing Commission by resolution adopted July 16, 1907, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five hundred thousand dollars (\$500,000) for the purpose of providing means to meet the proportionate cost of the improvements to be borne by The City of New York in connection with the abolishing of grade crossings of highways and railroads, pursuant to said chapter 507 of the Laws of 1903, as amended by chapter 603 of the Laws of 1904, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding five hundred thousand dollars (\$500,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, J. E. BUNTING, B. W. B. BROWN, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Alderman Ahner, Brown, Carter, Clifford, Cole, Cronin, Davies, Dotzler, Dowling, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuck, Leverett, Levine, Markert, Meyers, Moffitt, Morris, Mulligan, Olvany, O'Neill, Potter, Reardon, Redmond, Richter, Schneider, Smith, Sturges, Sullivan, Wright, President Cromwell, President Haffen and the Vice-Chairman—48.

No. 2623.

The Committee on Finance, to whom was referred on December 10, 1907 (Minutes, page 970), the annexed resolution amending an ordinance authorizing \$1,300,000 Corporate Stock for the Department of Public Charities, respectfully

REPORTS:

That this money was appropriated in September, but now comes back merely for the purpose of correcting a clerical error in the name of one of the allowances, changing it from Metropolitan Hospital to City Hospital, Blackwell's Island. There is no additional appropriation involved, and the Committee therefore recommends the adoption of the resolution.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment December 6, 1907:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 21, 1907, which reads as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding one million three hundred thousand dollars (\$1,300,000), for the purpose of providing means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings and new steamboats under the jurisdiction of the Commissioner of Public Charities, said sum to be expended as follows:

	\$1,300,000 00

—"and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million three hundred thousand dollars (\$1,300,000), the proceeds whereof to be applied to the purposes aforesaid."

—"be and the same is hereby amended by striking therefrom the item 'Improvement of operating rooms, Metropolitan Hospital, Blackwell's Island, \$20,000,' and inserting in place thereof the item 'Improvement of operating rooms, City Hospital, Blackwell's Island, \$20,000.'"

JOHN R. DAVIES, J. E. BUNTING, B. W. B. BROWN, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Freeman, Grifenhagen, Gunther, Haggerty, Harnischfeger, Higgins, Lawlor, Leverett, Levine, Morris, Mulligan, O'Neill, Peters, Reardon, Redmond, Rendt, Richter, Smith, Sturges, Torpey, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, and the Vice-Chairman—41.

Report of Committee on Buildings—

No. 2603.

The Committee on Buildings, to which was recommitted on December 17, 1907 (Minutes, page 1067), the annexed Proposed Building Code respectfully

REPORTS:

The Committee on Buildings, to whom the proposed Building Code was referred on December 17, in conformity with the instructions of this Board, held a public hearing on Friday, December 20.

At this hearing there was a general discussion of a number of proposed changes and numerous requests were made for further public hearings at which the different provisions could be given consideration.

Your Committee thereupon passed a resolution returning the new code to this Board, with the recommendation that it be referred back to the Building Code Commission, which revised same, and that said Commission be directed to hold such additional Public Hearings as the public may desire.

MAX S. GRIFENHAGEN, JOHN J. FARRELL, JOHN HANN, FRANK J. DOTZLER, JACOB BARTSCHERER, Committee on Buildings.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Grifenhagen moved the adoption of this report.

Report of Committee on Streets, Highways and Sewers—

No. 2561.

The Committee on Streets, Highways and Sewers, to whom was referred, on November 12, 1907 (Minutes, page 571), the annexed ordinance, in relation to courtyards in the Borough of The Bronx, respectfully

REPORTS:

That, having examined the subject, they recommend that the said ordinance be adopted.

AN ORDINANCE to regulate certain courtyards, etc., in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

No areas, steps, courtyards or other projections, except show windows not exceeding eighteen (18) inches in width and signs not projecting more than twelve (12) inches from the house lines, shall hereafter be built, or erected, or made upon Garfield street, between Morris Park avenue and West Farms road, in the Borough of The Bronx, while said Garfield street remains at its present width of fifty (50) feet.

That any person or persons who shall hereafter make, build or erect any area, steps, stoops, courtyard or other projection in contravention of this ordinance shall be guilty of a misdemeanor, and shall in addition thereto be liable for a penalty of ten dollars (\$10) for each offense, and for ten dollars (\$10) for each and every day that such offense shall continue. The roadway to be 30 feet and the sidewalk 10 feet.

ROBERT F. DOWNING, JOHN HANN, LEWIS M. POTTER, FRANK L. DOWLING, THOS. D. DINWOODIE, Committee on Streets, Highways and Sewers.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Downing moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Dinwoodie, Dotzler, Downing, Ellery, Everson, Falk, Freeman, Gunther, Haggerty, Hann, Herold, Kenneally, Krulish, Lawlor, Linde, Meyers, Moffitt, Morris, Olvany, O'Neill, Potter, Reardon, Rendt, Smith, Stapleton, Sturges, Sullivan, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—42.

Report of Committee on Water Supply, Gas and Electricity—

No. 2655.

The Committee on Water Supply, Gas and Electricity, to which was referred a communication from the Department of Water Supply, Gas and Electricity recommending that the Worthington turbine meter be approved, for use in The City of New York (page 1008, Minutes of December 17, 1907), respectfully

REPORTS:

That, having examined the subject, they offer the annexed resolution for adoption. (SUBSTITUTE.)

Resolved, That, in pursuance of section 475 of the amended Greater New York Charter, the Worthington turbine meter, sizes from 2 to 12 inches, be and the same is hereby approved as to pattern and price as water meters for use in The City of New York.

JOHN D. GUNTHER, THOMAS J. MOFFITT, JOSEPH F. ELLERY, R. S. DOULL, FREDERICK LINDE, MICHAEL STAPLETON, Committee on Water Supply, Gas and Electricity.

Under Rule 21 consideration of this report was deferred. Subsequently Alderman Gunther moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Collins, Cronin, Davies, Dotzler, Doull, Ellery, Everson, Falk, Farrell, Freeman, Fried, Gunther, Hann, Herold, Higgins, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Meyers, Moffitt, Morris, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Smith, Stapleton, Sturges, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—47.

GENERAL ORDERS AGAIN RESUMED.

Alderman Dowling called up General Order No. 335, being a report and resolution, as follows:

No. 2353.

The Committee on Finance, to whom was referred, on August 27, 1907 (Minutes, page 794), the annexed resolution, in favor of an issue of Special Revenue Bonds, \$10,000, to pay salaries of clerical force and incidental expenses of the Building Code Commission, respectfully

REPORTS:

Alderman Grifenhagen, Chairman of the Building Committee, and Secretary Gramer, of the Commission, appeared before the committee and submitted the enclosed letter, showing the necessity for this appropriation. Owing to the fact that the Commission has been holding several sessions every week during the summer, and that this necessitates very considerable stenographic work, and also very considerable printing, the amount heretofore allowed has been expended, and it is estimated from bills already filed that pretty soon all of the \$10,000 now asked for will be needed.

The Commission expects to report a proposed code by November 1. Your committee recommend the adoption of the resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof shall be applied, in addition to the sum heretofore set aside, to meet the further payment of the salaries of the clerical force and incidental expenses necessary to the work of the Commission appointed in pursuance of the provisions of section 407 of the Greater New York Charter for the purpose of preparing a Building Code.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Keely, Kenneally, Krulish, Kuck, Lawlor, Leverett, Levine, Markert, Meyers, Moffitt, Morris, Mulligan, Olvany, O'Neill, Potter, Reardon, Redmond, Rendt, Richter, Schneider, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, Wright, President Cromwell, President Bermel, President Haffen and the Vice-Chairman—61.

On motion of Alderman Kuntze the courtesies of the floor were granted to Alderman-Elect James W. Brown.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Peters asked and obtained unanimous consent to introduce the following:

No. 2683.

Resolved, That the Board of Aldermen of The City of New York asks the Legislature of the State to restore to this Board the franchise power, where it properly belongs, and had been vested a hundred years.

Resolved, That we declare that all revision of the City Charter should originate in this body or in an elective convention assembled for that purpose.

Resolved, That we condemn any attempt that may be made to lengthen the term of lease under the Rapid Transit law, believing the real objects of the people when they voted "for Municipal Construction of Rapid Transit Road," in 1894, may be obtained under the statute as it now stands, and that any attempt to lengthen the term of lease is done at the instance of the Traction Trust which accelerated the public demand for the robbing of this honorable body of its proper functions.

Which was referred to the next Board of Aldermen.

Alderman Meyers asked and obtained unanimous consent to introduce the following:

No. 2684.

Resolved, That the Committee on Salaries and Offices be and the same is hereby discharged from further consideration of resolution (Int. No. 2656) and the Clerk of the Board is hereby directed to refer the same to the Board of Aldermen at its first meeting in 1908.

Which was adopted.

GENERAL ORDERS AGAIN RESUMED.

Alderman Meyers called up the following General Orders (Nos. 341, 349, 361, 366 and 367), and moved their adoption:

No. 2409.

The Committee on Public Letting, to which was referred on September 17, 1907 (Minutes, page 874), the annexed resolution in favor of authorizing the Trustees of the College of The City of New York to contract for certain improvements and extensions to the new organ, respectfully

REPORTS:

That the Curator of the College, Mr. R. V. Davis, appeared before the Committee and stated that the Trustees of the College of The City of New York were authorized to contract without public letting, to an amount not to exceed the sum of twenty-five thousand dollars for the purchase of and erecting an organ for the great hall of the college. It is now deemed advisable to have certain improvements or extensions made to the organ before its erection in its permanent location. This will involve an expense of \$1,600 and it is necessary that the work should be done by the builder of the organ. These improvements and extensions will vastly increase the grandeur and majesty of the tone of the organ. It is the intention of the trustees of the college to give an organ recital at least one evening each week during the winter. The auditorium will seat four thousand people and undoubtedly will be well filled at each one of these entertainments. Your Committee recommends the adoption of said resolution.

Whereas, The Board of Aldermen has authorized the Board of Trustees of the College of The City of New York, pursuant to section 419 of the Greater New York Charter, to contract without public letting for the purchase and erection of an organ for the Great Hall of the College, in an amount not to exceed twenty-five thousand dollars (\$25,000), and

Whereas, It is deemed advisable by the Board of Trustees of the College to have certain improvements or extensions made to the organ before erection in its permanent location, involving an extra expense of sixteen hundred dollars (\$1,600), which will greatly increase the grandeur and majesty of the tone of the instrument by the addition of a thirty-two foot reed to the pedal organ, known as the Bombarde, and which improvements should be made by the maker of the instrument, for the reason that it would be impracticable to have the work performed by another, therefore

Resolved, That the Board of Trustees of the College of The City of New York be and it hereby is authorized, pursuant to section 419 of the Greater New York Charter, to contract without public letting for furnishing the necessary labor and material to make certain improvements and extensions to the new organ, the cost of which shall not exceed the sum of sixteen hundred dollars (\$1,600).

A. L. KLINE, DAVID S. RENDT, F. J. O'NEILL, WM. S. CLIFFORD, JOSEPH SCHLOSS, Committee on Public Letting.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—61.

No. 2437.

The Committee on Finance, to whom was referred on October 1, 1907 (Minutes, page 57), the annexed request of the District Attorney of Queens County for \$5,000 Special Revenue Bonds for Supplies and Contingencies, respectfully

REPORTS:

District Attorney Darrin appeared before the Committee and stated that his Supplies and Contingency Account of \$6,000 allowed in the Budget has been spent and the account is now somewhat in debt owing to the fact that during the first six months of 1907 three intricate murder cases involving considerable expenditure of money arose in his county, whereas in the three years previous there had only been one murder committed. In addition to this it has been necessary in other large cases to spend considerable more than was anticipated when the Budget was made up. The Committee believes the allowance to be necessary and therefore recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is

hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied to meet deficiencies in appropriation for supplies and contingencies in the office of District Attorney, Queens County.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, B. W. B. BROWN, JOSEPH FALK, Committee on Finance.

District Attorney's Office, Queens County, }
Long Island City, October 1, 1907.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—During the month of August application was made by this office to the Board of Estimate and Apportionment, and personally to Hon. George B. McClellan, Mayor, and Hon. Herman A. Metz, Comptroller, for transfer to the appropriation accounts of the office of District Attorney of Queens County of amount of \$5,000, and said applications set forth the necessity for such transfer.

Duplicates of my communications to the Mayor and Comptroller on this subject have been mailed to yourself as President of the Board of Aldermen.

I am advised that it does not appear that there are any available funds which may be transferred from appropriation made to any of the county funds of Queens County, and that any relief which may be given this office must be through the issue of Special Revenue Bonds.

Appropriation made in the Budget for the office of the District Attorney, other than salaries, namely for supplies and contingencies for the year 1907, was in amount \$6,000, and disbursements from that fund have been to the present time the sum of \$5,978.21, leaving a balance of \$21.79 on September 1 available for the purpose for which appropriation was made.

I beg to call your attention to statement made by me in my letter of August 26 to his Honor the Mayor, and the Comptroller of The City of New York, in which was set forth a statement of unpaid bills in my hands at that time to amount of \$1,267.62; since said obligations were incurred the business of the office has been such as to necessitate the incurring of larger and further obligations, and it is my judgment that there will be required in addition to the Budget appropriation of 1907 the further sum of \$5,000 to provide for the necessary expenses of the office for the balance of this year.

I would therefore respectfully request that your Honorable Board by resolution request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$5,000, the proceeds to be applied to the account of Supplies and Contingencies for the District Attorney's office of Queens County for the year 1907.

Yours respectfully,

IRA G. DARRIN, District Attorney.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—61.

No. 2456.

The Committee on Finance, to whom was referred on October 8, 1907 (Minutes, page 119), the annexed request of Burt J. Humphrey, County Judge, Queens County, for \$3,166.84 Special Revenue Bonds, to meet deficit in salary appropriation, Supreme and County Courts, Queens County, respectfully

REPORTS:

The details of this application are set forth in the annexed communication, and Judge Humphrey appeared before the committee, and stated that by order of the Appellate Division, Second Department, a second part of the Supreme Court, Queens County, was inaugurated on the 1st of March, 1907, and has been running since. That this additional part required two additional Clerks at \$2,500 each and two additional Attendants at \$1,500 each. That he has tried to go through the year without asking for relief, but he finds that that is now impossible, and he will require the amount of \$3,166.84 to finish out the year. Your committee recommends the adoption of the resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand one hundred and sixty-six dollars and eighty-four cents (\$3,166.84), the proceeds whereof to be applied to meet deficit in salary appropriation, Supreme and County Courts, Queens County.

JOHN R. DAVIES, JOSEPH FALK, PH. HARNISCHFEGER, JOHN DIEMER, JAMES W. REDMOND, Committee on Finance.

Queens County Court, }
Long Island City, New York, }
October 1, 1907.

Hon. Board of Aldermen:

Gentlemen—Application is hereby made for the issue of Special Revenue Bonds, pursuant to subdivision 8 of section 188 of Charter of New York City in the sum of \$3,166.84. The proceeds are to be added to the Court Fund of the Supreme and County Courts of Queens County to meet a deficit for the current year; and are to be devoted to the payment of the salaries of two (2) Special Deputy Clerks, and three (3) Court Attendants.

The reason for this application is that Hon. Garret J. Garretson, about the first of the current year, owing to the establishment of two parts of Supreme Court in Queens County, and the division of the Second Judicial District, appointed three additional Court Attendants, a Stenographer (who now receives his compensation from the State Comptroller), and the County Clerk of Queens County, with the consent of the Supreme Court Justices of the Second Judicial District, appointed two additional Special Deputy Clerks.

Since the appointment of the officers above named they have received compensation for the services rendered from the Court Fund so-called. I am informed that there is only sufficient remaining in this fund to compensate them for the month of August, this year.

The following is a statement of the amounts required:

Two Special Deputy Clerks, four months, at \$208.33 per month..... \$1,666 64

Three Court Attendants, four months, at \$125 per month..... 1,500 00

Making a total of..... \$3,166 64

Respectfully,

BURT JAY HUMPHREY, County Judge.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—61.

No. 2500.

The Committee on Finance, to whom was referred on October 22, 1907 (Minutes, page 215), the annexed request of the President of the Borough of Brooklyn for \$5,000

Special Revenue Bonds for furnishing Magistrates' Courts, Ninth and Tenth Districts, Second Division, respectfully

REPORTS:

Magistrates Hylan and Geismar, in charge of the two court rooms, appeared before the Committee and stated that with the allowance of \$3,000 for each of these court rooms, granted by the Board last spring, they were able only to put the barest furnishings in the court rooms in addition to the erection of cells, partitions, stairways and other improvements, which barely made the court rooms usable. They have spent this money, and are still in need of much more. They have each submitted an itemized statement, which covers necessary painting and decorating, a law library, judges' chairs, necessary partitions, rubber matting on floors and stairs, gas and electric fixtures, of which they have none, bookcases, typewriter, safe, etc., which together total up over \$6,000, and which statements are annexed to this report. The Committee are impressed with the earnestness of these two judges in their endeavor to properly and economically fit up the two court rooms, and believe that relief should be given them, and, therefore, recommend the adoption of the annexed resolution allowing \$5,000 for the purpose.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied for the purpose of furnishing Magistrates' Courts of the Ninth and Tenth Districts, Second Division, Borough of Brooklyn.

JOHN R. DAVIES, PH. HARNISCHFEGER, J. E. BUNTING, THOS. J. MULLIGAN, JAMES W. REDMOND, JOSEPH FALK, JOHN DIEMER, Committee on Finance.

The City of New York,
Office of the President of the Borough of Brooklyn.
Brooklyn, October 14, 1907.

To the Honorable Board of Aldermen:

Gentlemen—Request is hereby made for an appropriation of Special Revenue Bonds not to exceed five thousand dollars (\$5,000) for the purpose of providing certain furnishings including libraries, safes, cabinets and other supplies for the use of the Ninth and Tenth Districts City Magistrates' Courts in the Borough of Brooklyn.

Both these courts have been established and it is necessary to properly equip them for the transaction of business.

Yours very truly,

BIRD S. COLER, President of the Borough of Brooklyn.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Gunther, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Murphy, Noonan, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wentz, President Cromwell, President Berniel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—61.

No. 2520.

The Committee on Finance, to whom was referred, on October 22, 1907 (Minutes, page 268), the annexed resolution in favor of an issue of \$500 Special Revenue Bonds to replenish salary account, Coroner's office, Borough of The Bronx, respectfully

REPORTS:

Coroner Schwannecke appeared before the Committee and stated that by reason of the extraordinary expenses incurred by the Coroner's office of The Bronx in the matter of the New York Central wreck last spring their contingent fund had been entirely expended and the office was now in debt, and it will take this \$500 asked for to carry them through the year. The Committee recommend the adoption of the resolution.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five hundred dollars (\$500), the proceeds whereof to be applied to replenishing the account entitled "Salaries and Expenses of Coroners in the Borough of The Bronx" for the year 1907.

JOHN R. DAVIES, PH. HARNISCHFEGER, J. E. BUNTING, THOS. J. MULLIGAN, JAMES W. REDMOND, JOSEPH FALK, JOHN DIEMER, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Report of Committee on Streets, Highways and Sewers—

No. 2459.

The Committee on Streets, Highways and Sewers, to whom was referred, on October 8, 1907 (Minutes, page 191), the annexed ordinance in favor of establishing width of sidewalks in City Island avenue, Borough of The Bronx, respectfully

REPORTS:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to establish width of City Island avenue, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That a uniform width of 15 feet be established for the sidewalks of City Island avenue (Main street), from Minneford place to Long Island sound, in the Borough of The Bronx, and that the stoop area and other privileges on the sidewalks of said City Island avenue be restricted to the same width as allowed in the general ordinances for a street 60 feet in width.

Report of Committee on Codification—

Nos. 2340 and 2487.

The Committee on Codification of Ordinances, to whom was recommended for further consideration on December 17, 1907, the report of the Committee on Codification of Ordinances, together with the proposed amendments thereof, offered by the Chairman of said Committee, general orders Nos. 331 and 351, do hereby

REPORT:

That, having reconsidered these matters, they recommend the omission of section 374, subdivision 4, article 3, title 2 of chapter 8, relating to automobiles, and section 461, subdivision 3, article 1 of chapter 10, relating to the playing of musical instruments after midnight.

And they further recommend the immediate adoption of the amendments of said report offered by the Chairman of this Committee, and the adoption of said report as so amended, by the passage of the resolution prefixed to said report, entitled "General Enacting Ordinance," which is contained in the minutes of this Board of August 27, 1907.

CLARENCE R. FREEMAN, FRANK D. STURGES, B. W. B. BROWN, GEO. W. OLVANY, Committee on Codification of Ordinances.

Alderman Sullivan moved that this report be laid on the table.

Which motion was adopted.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Falk, Farrell, Freeman, Grifenhagen, Guntner, Haggerty, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Lawlor, Meyers,

Moffitt, Mulligan, Olvany, Reardon, Rendt, Sullivan, Wentz, President Cromwell, President Haffen and the Vice-Chairman—44.

At this point the Vice-Chairman presented Acting Mayor Patrick F. McGowan to the Board.

Mr. McGowan made a short address eulogizing Vice-Chairman Elias Goodman and Floor Leaders Timothy P. Sullivan and James Cowden Meyers, and expressing his good wishes to the members of the Board who were about to retire and his certainty of carrying through the business of the succeeding Board of Aldermen with the same smoothness and celerity as had obtained in the present Board with the help of those members who were to remain.

Alderman Sullivan for the Democratic members, and Alderman Meyers on behalf of the Republican members of the Board, expressed their appreciation of the uniform courtesy and fairness with which President McGowan had presided at the meetings of the Board of Aldermen for 1906-1907, and commended the extensive knowledge and familiarity with parliamentary practice displayed by him in all rulings he was called upon to make.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned sine die.

P. J. SCULLY,

City Clerk, and Clerk of the Board of Aldermen.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

WEDNESDAY, AUGUST 7, 1907,

AT 320 BROADWAY,

BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, John E. Eustis.

The following business was transacted:

The Secretary presented a communication from Edward Dixon, which, on motion, was referred to the Committee of the Whole. It was as follows:

1027

NEW YORK, August 3, 1907.

The Public Service Commission, No. 320 Broadway, City:

MR. CHAIRMAN AND GENTLEMEN—I trust you will not consider it presumptuous on my part if I call your attention to some very interesting developments in relation to the question of transportation in large cities and its bearing on the Behr Monorail proposal, and at the same time foreshadow a possible danger which might be avoided by learning the lesson dearly bought by others.

The topographical features of this city render the transit question more complex and difficult than in other great cities, and at the same time there is the general question in relation to this problem, depending upon the masses to be moved from one place to another, which is common to all large centres.

This question is very seriously agitating the minds of the people, including financial men, investors, the traveling public, as well as the City authorities, both in this City and in the City of London.

There the traffic is practically unlimited and is increasing by leaps and bounds. But the fact is that almost all the London transportation systems, both municipally operated and otherwise, are working practically remuneratively, and not on account of watered stock.

Three companies have already withdrawn some or all of their motor omnibuses from the streets and another similar company recently held a meeting to arrange for the voluntary liquidation of their affairs. This was due to the fact that they were and are being operated practically at a loss, or only returning most unsatisfactory profits.

This appears an extraordinary condition, when it is considered that this applies, almost in the same way to the street car systems and the "tubes" or underground railways.

The Metropolitan and District Railways, are either paying no dividends or but what is only an insignificant return to their shareholders, and this, despite a thoroughly good system of trains.

The London United Tramways Company is paying an extremely small dividend.

The man in the street does not concern himself with this when he desires to travel, and up to the present time it has been to him a matter of indifference. But it comes to him in quite another light when these facilities are withdrawn, and he then realizes that he either has to pay more or go back ten years, unless some form of relief can be obtained which is a commercially profitable system.

The London County Council, like the authorities of The City of New York, is unable to burden itself with additional financial responsibilities.

The condition can be somewhat appreciated when it is considered that representatives of the chief underground railway, motor omnibus and horse omnibus, companies, carrying passengers in London only, and representing over three hundred and fifty million dollars (\$350,000,000), get together and call a London traffic conference to create an organization to consider the fares, routes and other matters common to their interests and to seriously consider the increasing of their fares.

The first electric tube, or underground railway of the modern type, was the Central London Railway, and as its name implies it traversed the very best and most paying part of the city, like the Interborough Subway. That was a gigantic success at the outset, paying at once 4 per cent. This at once created a desire for more on the same principle, as there was a great demand for accommodation. This is exactly the same case here in this city. In London, this development took place and more underground railways were built. Luckily, New York has not gone to the same extent, and, therefore, a mistake may be prevented, as there is a great lesson to be learned without being dearly bought by experience here.

There are now in London practically four parallel roads running east and west and four running north and south, the last of the latter being opened about a month ago, and already the falling off in traffic on the old roads and the insufficiency of the traffic on the new roads is such that the returns are barely sufficient to cover more than the operating expenses. The effect has also been felt by the street cars and omnibuses and it is evident now that a crisis has been reached.

This, I think, will indicate that if such a development took place like that here, even the elevated railroads would decrease their returns very materially, and if developed to the limit it would involve the whole transportation systems and force them into bankruptcy.

Financial men in this city are very familiar with all this, a number of them being involved in the London enterprises, so that they will not take up similar undertakings here.

The war cry of this Greater New York is "A five cent fare everywhere." Into that question I do not propose to go, but assuming the five cent fare as the basis upon which considerations are to be made, then the capital cost of a transportation system should be such that the normal traffic would pay a reasonable commercial dividend with that fare.

This can be accomplished over long distances by a judicious combination of subway, elevated and surface roads without grade crossings, according as opportunity admits or occasion demands. For instance: A surface road could be operated on Staten Island, a tunnel under the Narrows to Brooklyn, an elevated road in Brooklyn to within two or three blocks of the dense districts, subway and tunnel under the East river into subway in Manhattan, and elevated in The Bronx.

Such a combination would bring down the average cost per mile of the road to such a point that a five cent fare would pay.

This is the principle which has been advocated in relation to the Behr Monorail System, which, on account of its safety, and consequently its speed, which is made possible only on account of its safety, introduces economies of operation, the relative costs of the system as applied in the subway or on the surface being the same as for an ordinary line and considerably less as an elevated line, because of the great reduction of the amount of steel required in the superstructure and its general design, and, therefore, renders the Behr Monorail System a ready agent to come to the relief in the present chaotic condition of things.

Incidentally the fact of the lower cost and the smaller amount of steel in the elevated structure would show that the obstruction to light and air must be consider-

ably less than in any two rail arrangement where cross girders and ties are required of wood. There is also no reason why the structure should not be made artistic in appearance.

Additional transportation systems are an absolute necessity here in this city, and the experience in London in the extensive development of subways has proved unremunerative with a cheap fare because of their enormous capital and increased operating cost, and this experience should have a very large place in the consideration of your Commission.

Yours very truly,

(Signed) EDWARD DIXON.

The Secretary presented a communication from H. G. Friedmann, Counsel for the South Bronx Property Owners' Association, stating that the association had endeavored to obtain more frequent service of cars on Willis avenue, The Bronx, from the Union Railway Company, and asking the Commission to take the matter up, and, on motion, duly seconded, it was ordered that the communication be made a part of the present inquiry.

The Secretary presented the following communication from Hon. Louis F. Haffen, President of the Borough of The Bronx, and, on motion, the matter was referred to the Chief Engineer for report:

1326

NEW YORK, August 5, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission of the First District, Room 401, No. 320 Broadway, Manhattan, City:

DEAR SIR—I beg to call your attention to the slow progress on the work of the Interborough Railroad Construction Company on its contract for the extension of the Rapid Transit system along Broadway.

So many complaints have been forwarded to me recently about the slow progress made by said contractors on their work that I deem it my duty to call the attention of the Public Service Commission to the subject, with a view that your Commission will urge upon the contractor the necessity for completing the work.

Yours truly,

(Signed) LOUIS F. HAFFEN,
President of the Borough of The Bronx.

On motion, the Commission called for a detailed report from the Chief Engineer.

The Secretary presented the following communication from the Merchants' Association of New York, in the matter of the removal of the tracks on Eleventh avenue, which, on motion, was referred to the Committee on Eleventh Avenue Tracks:

1033

NEW YORK, August 6, 1907.

The Honorable Public Service Commission, First District, No. 320 Broadway, City:

GENTLEMEN—In the matter of the removal of the tracks of New York Central Railroad from the surface of the street, there appears to be but one project pending before you, namely, the placing of said tracks in the subway.

This association has hitherto given some consideration to the subject of the movement of freight upon the Hudson river water front and the whole subject presents a very important problem of which the disposition of the New York Central tracks is but one of the elements.

This association has in contemplation the making of a very careful study of the whole subject, not only with reference to removing the danger to life incident to the operation of railroad tracks upon the street but also with a view to the adequate and economical handling of merchandise and the facilitation of its delivery to, and movement along, the water front.

As the subject is a large one, a competent study will require some time, and we therefore respectfully request that you will defer final action in the matter pending the proposed investigation by this Association and the report to it of the experts it may employ, whereupon the Association will endeavor to present to you suggestions which will afford a more adequate solution of the problem than is presented by the pending project for a subway.

Very respectfully,

THE MERCHANTS' ASSOCIATION OF NEW YORK,

By S. C. MEAD, Secretary.

In the matter of the complaint of Walter S. McKinney against the New York and Queens County Railway Company as to transfers from Flushing cars to College Point, an answer was received from S. L. Fuller, President of the New York and Queens County Railway Company, which was ordered on file, and which was as follows:

1282

LONG ISLAND CITY, N. Y., August 6, 1907.

Public Service Commission, No. 320 Broadway, New York City:

DEAR SIR—Your favor of August 5, together with copy of letter signed by Walter S. McKinney, received, and in reply thereto will say that previous to May 4 of this year the easterly or southerly terminal of what was known as the College Point line was at Broadway and Lawrence street, Flushing, and the westerly or northerly terminal was at First avenue and entrance to College Point Ferry. All passengers who desired to go beyond the Flushing terminal were compelled to transfer at all times at this point.

On May 4 additional cars were put on and a thorough service established between College Point and Long Island City. Passengers bound west on a Flushing car can obtain a free transfer to College Point cars, bound to College Point—and passengers coming from College Point cars can obtain a free transfer entitling them to a ride on a Flushing car bound east—but a passenger boarding a Flushing car going east cannot obtain a transfer to a College Point car going in the same direction; neither can a passenger going east on a College Point car obtain a transfer to a Flushing car going in the same direction.

In other words, both the College Point and Flushing cars traverse the same route between Long Island City and Lawrence and Bridge streets, Flushing, at which point they diverge, and passengers desiring to go to Flushing are supposed to take a car so marked, and passengers desiring to go to College Point are supposed to take a car marked "College Point."

Trusting this information will prove satisfactory to your Honorable Board, I remain,

Yours very respectfully,

(Signed) F. L. FULLER,
President and General Manager.

Relative to the complaint of W. W. Niles, of the Automobile Club of America, against the Union Railway Company as to the maintenance of certain poles on Jerome avenue, the following communications were received, and, on motion, they were ordered filed, and the matter declared closed:

1072

NEW YORK, August 5, 1907.

WM. R. WILLCOX, Esq., Public Utilities Commission, First District, No. 320 Broadway, New York City:

DEAR SIR—I received word from the Union Railway Company that they had fully complied with the suggestions contained in my complaint to your Board, under date of July 16 last, regarding the dangerous condition existing on Jerome avenue, opposite the entrance gate of Woodlawn Cemetery, and would report that this morning I had visited the locality referred to and find that the statement of the Railway Company is correct and that the Railway company had done all that in my opinion it could reasonably be asked to do to make the point safe, by removing the trolley poles standing in the middle of Jerome avenue above the bend, and by placing electric lights upon the first of the poles below that point, which, if lighted at night, should give ample warning to persons using the highway.

I cannot close without expressing my appreciation of the benefit that the public has received through your action in the matter, and the apparent disposition on the part of the Railway Corporation to comply promptly with reasonable requests that have the sanction of your approval.

Yours very truly,

(Signed) W. W. NILES.

NEW YORK, August 6, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, No. 320 Broadway, New York City:

DEAR SIR—We inclose herewith copy of letter received this morning, which is self-explanatory.

Yours very truly,
(Signed) EDWARD A. MAHER, President.

"NEW YORK, August 5, 1907.

EDWARD A. MAHER, Esq., President, Union Railway Company, No. 204 East One Hundred and Twenty-eighth Street, New York City:

DEAR SIR—Yours, notifying me that the complaint made by me to the Public Service Commission on behalf of the Automobile Club, regarding trolley poles on Jerome avenue, near the Woodlawn Cemetery gate, came duly to hand.

I inspected that point this morning and am glad to note that the change which you referred to in your letter has been made. It seems to me that you have done all in your power to comply with the desire of the Club that this point should be made safe.

Yours very truly,
(Signed) W. W. NILES."

The Secretary presented the following communication from Abel E. Blackmar, Counsel to the Commission, relative to contracts for additional work at the Ninety-sixth street station of the subway, transmitting copies of the contract, with the approval of the Corporation Counsel as to form, which, on motion, was referred to the Committee of the Whole:

1258

NEW YORK, August 6, 1907.

Public Service Commission for the First District, TRAVIS H. WHITNEY, Esq., Secretary:

DEAR SIR—I am in receipt of your letter of August 1, regarding the transmission of proposed contracts for additional extra work at the Ninety-sixth street station of the subway, which were forwarded to the Corporation Counsel for approval as to form by the Board of Rapid Transit Railroad Commissioners under date of June 29, and calling attention to the fact that Mr. Shonts had indicated that if the Ninety-sixth street station situation was cleared up, the subway could add to the local service a third more trains.

In accordance with your suggestion, Mr. Semple procured to-day at the Corporation Counsel's office the approval of the Acting Corporation Counsel to the form of this contract upon the four original contracts as to this matter referred to by you.

I accordingly send you herewith these four original contracts, with the approval of the Acting Corporation Counsel thereon.

Yours very truly,
(Signed) ABEL E. BLACKMAR, Counsel to the Commission.

In the matter of the complaint of James C. Smith, of the Tax and Rent Payers' Alliance of Wakefield, against the Union Railway Company as to lack of shelter houses at transfer points, and also as to the running of certain New Rochelle express cars, the Secretary reported that an answer had been filed by the Company, stating that the company declared that it could not lawfully erect structures within the highways without making itself liable for maintaining a nuisance. That as to the express cars, they were not given the preference over the local cars, but they ran only every half hour and made four designated stops within the City.

On motion, duly seconded, the matter was referred to Commissioner Eustis, in connection with other matters on the same subject, already referred to him.

The Secretary presented various notices from the Building Department as to the condition of certain buildings along the subway line, which, on motion, were referred to the Chief Engineer to be transmitted to the proper contractors.

The Secretary presented the following communication from Burton Thompson, and, on motion, the matter was referred to the Chief Engineer:

1396

NEW YORK, August 5, 1907.

GENTLEMEN—Under date of June 12, we addressed a letter to the Board of Rapid Transit Commissioners, requesting the privilege of putting a window in the subway wall at the building No. 1 Wall street, north of the present exit from this building to the subway platform. This letter will be presented to you by Mr. E. J. Preston, who represented United Cigar Stores Company, lessees of the space abutting the subway platform, and we trust that you will see fit to grant this privilege, as we believe it will in no way be a detriment to the subway construction.

Very truly yours,
(Signed) BURTON THOMPSON.
TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
THURSDAY, AUGUST 8, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, John E. Eustis.

The following communication was received from Abel E. Blackmar, Counsel to the Commission, relative to the adoption of a rule governing applications of extensions of street surface railroads, and inclosing a form of the rules:

2002

NEW YORK, August 8, 1907.

Public Service Commission, for the First District:

GENTLEMEN—I herewith inclose to you a form of rules of procedure to govern the application for permission and approval of the Commission to the construction and operation of extensions of street surface railroads.

I return the letter of Mr. Whitney, together with communications from the Nassau Electric Railway Company, regarding the permission and approval of this Commission to extend its tracks to certain streets in Brooklyn.

Yours very truly,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

The Secretary presented the following communication from Abel E. Blackmar, Counsel to the Commission; on motion, the Secretary was directed to request the Civil Service Commission to establish such classifications and grant such exemptions as set forth in the communication, and to transmit a copy of the letter:

1339

August 8, 1907.

Public Service Commission for the First District:

GENTLEMEN—I have now been in office as Counsel to the Commission for about two weeks and have had an opportunity of forming some judgment as to the probable amount of work which will be required of this department and the number of assistants that I shall require in the near future.

The Public Service Commission Law casts upon your Commission many duties and entrusts it with many powers which, before the enactment of this law, were almost unknown, especially in matters of investigation and regulation of the public service corporations. My experience during the last two weeks has shown me that new questions of law continually arise which require solution and in all probability in the near future we will have serious problems to meet and solve in the courts. Your Commission is also vested with the powers of the Board of Rapid Transit Railroad Commissioners. As successors to such Board you are now engaged in the construction of subways in The City of New York, specifically the subway loop which connects the Brooklyn Bridge with the new Manhattan and the Williamsburg Bridge, and the subway under process of construction beneath the East river, and through Fulton street in Brooklyn. This work of construction creates many legal questions which are continually arising as to the use and occupation of the streets, as to the extent of your powers to condemn and take easements and rights of way through private property, and also the fee of the private property, and also the interpretation and enforcement of the contracts for construction. There is also devolved upon your

Commission the work of building the Fourth avenue subway in Brooklyn, which will give rise to many legal questions requiring prompt and accurate solution, besides the whole broad field of the future extensions of rapid transit facilities in the future. Your Commission is also vested with the powers heretofore exercised by the Board of Railroad Commissioners, by the Commission of Gas and Electricity, and by the Inspector of Gas Meters; and in each of these fields of activity you will require the aid and service of counsel.

In order properly to administer the legal department, it will be necessary to have the immediate assistance of experienced and mature members of the legal profession as regular assistants, or that such aid should be secured by a special retainer of counsel for the particular work before me. The latter course is much more expensive and unsatisfactory, and I therefore think there should be a material increase in the staff of assistants in this Department.

When I was chosen Counsel there was, as I am informed, a provision made for three assistants exempt from competitive examination under the Civil Service Law. Two of these positions are already filled, one by Mr. Semple, who is working on the problems generally as they present themselves, and the other by Mr. Walker, who is devoting his time to the investigation of franchises of some of the railroad companies, and particularly of the rights of the New York Central Railroad Company in Eleventh avenue, and the other streets in the city, and who is also aiding Mr. Ivins in his investigation. I think that a provision should at once be made for three more assistants exempt from competitive examination, at salaries ranging from \$3,500 upwards, so that the positions may be filled from time to time, as occasion may require.

I hope to be able to occupy our new offices some time next week, and by that time I shall attempt to increase the staff of this department so as to make it immediately effective for the work before us. I think it would be well to communicate with the State Civil Service Commission with a view to establishing the following classifications and grades of employees in this department in the competitive class:

- I. A classification for ten Junior Assistant Counsels at salaries ranging from \$1,200 to \$2,500.
- II. A classification of five Law Clerks at salaries ranging from \$900 to \$1,200 a year.
- III. A classification of one Filing Clerk and Librarian at a salary of \$1,000 a year.
- IV. A classification of two Process Servers at salaries of \$75 a month.
- V. A classification for three Office Boys at salaries ranging from \$500 to \$800 a year.
- VI. A classification for one Record and Docket Clerk at a salary of \$1,000 a year.

Yours very truly,
(Signed) ABEL E. BLACKMAR, Counsel to the Commission.

On motion, duly seconded, it was

Resolved, That Chairman Willcox be authorized to designate another Commissioner to preside in his absence at the sessions of the general inquiry now under his direction.

Ayes—Commissioners Willcox, McCarroll, Eustis.

Nays—None.

Carried.

The Chairman designated Commissioner McCarroll to preside at the sessions of the inquiry during the week beginning August 12, 1907.

The Chairman also designated Commissioner Eustis as Acting Chairman of the Commission in his absence during the week of August 12, 1907.

The Secretary brought up the matter of the slowness of the Brooklyn Rapid Transit Company in reporting an accident on August 7, submitting the following statement:

On August 7, 1907, a block occurred on the Brooklyn Rapid Transit line lasting from about 5.43 p. m. to about 7.45 p. m., caused by the derailing of motor car No. 734 of a Ridgewood train.

This delay was reported to this office at 6.56 by an employee of the Commission, and an Inspector was sent to the scene but found it impossible to obtain any information from the employees of the company, some of whom even denied that there was or had been any accident or tie-up.

At 8 o'clock a citizen telephoned to the office in regard to the matter and stated that at 7.50 trains had begun running.

It will thus be seen that one hour and thirteen minutes after the blockade began this Commission had notice of it, and within ten minutes of the time that it was raised it had notice to that effect, yet the company did not telephone notice of it until 10.50 p. m., five hours and seven minutes after it began and three hours and five minutes after it ended.

In this connection it is to be noted that the same agent who later reported the tie-up reported at 8.49 p. m. that at 7.20 p. m. a man had fallen from the running board of a car on the Third avenue line and been injured. This report was transmitted here an hour and twenty minutes after it happened.

On motion, the Secretary was directed to request the Chief Engineer to make immediate investigation as to the cause of the accident and to communicate with the company enquiring as to the delay in reporting the accident.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
FRIDAY, AUGUST 9, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, John E. Eustis.

The Secretary presented the following communication from the Chief Engineer, dated August 9, 1907, which, on motion, was referred to the Committee of the Whole:

2095

NEW YORK, August 7, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—Prior to letting contracts for the Brooklyn Loop Lines to Centre, Canal and Delancey streets, the Board of Rapid Transit Railroad Commissioners decided to include in these contracts provisions for the construction of pipe galleries.

While the Board deemed it advisable to construct such galleries in Centre street, Canal street and the extension of Delancey street, west of the Bowery, where practically the entire width of the streets will be included in the construction of the subway proper, there was some question as to the desirability of including these pipe galleries on section 9-0-5, on Delancey street extending east from the Bowery, owing to the great width of the street and the uncertainty at the time as to just what pipes would be disturbed and be placed in the galleries.

A further investigation of the conditions of this portion of Delancey street leads me to consider the advisability of a modification of the plans for pipe galleries or their entire omission.

A modification of the plans would lead to an extra claim by the contractors. It would necessitate the removal of a number of the pipes not now contemplated. While at the same time there would remain many pipes undisturbed that we could not call upon the contractors to place in the galleries, therefore, they would not well serve the purpose for which they are intended without tearing up a great part of the street that would not be affected by the construction of the subway itself. In this it differs from the other contracts where the construction of the subway itself practically necessitates the changing of every pipe in the street. I am, therefore, of the opinion that it would be best to cancel so much of the contract 9-0-5 as includes the construction of pipe galleries. This, I am informed, the contractors will assent to.

Very respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented a communication from the Deputy Comptroller under date of August 5, stating that on July 24 there had been deposited the sum of fifty thousand dollars (\$50,000) to the credit of the Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10, chapter 4, Laws of 1891, and section 4, chapter 72, Laws of 1894, as amended.

On motion, the communication was ordered filed.

The Secretary presented a communication from the Chief Engineer, dated August 7, 1907, which, on motion, was referred to the Committee of the Whole:

1368
BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
New York, August 7, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—In accordance with the Commission's resolution of July 31, 1907, requesting a report from me as to what extent inspection has been made of the work on the tunnel railroads of the Hudson and Manhattan Railroad Company and the New York and Jersey Railroad Company, I respectfully submit the following:

The Hudson and Manhattan Company is constructing tunnels under the Hudson river, from Jersey City to Manhattan, with a terminal between Cortlandt and Fulton streets, in the vicinity of Church street. Construction has been in progress for some time, and considerable work done on the terminal and approaches from Greenwich street, which work, however, has about reached the elevation of the surface of the street. I have personally visited and watched, in a general way, the construction and progress about once a week, since it was started.

No work has been done on the Manhattan tunnels, except in the middle of the river, which is only reached from the Jersey side. Shields, however, have been placed and are soon to be driven westward from the terminal approaches at Greenwich street to facilitate the completion of the tunnel work.

The work of the New York and Jersey Railroad Company consists of a tunnel under the Hudson river, from Hoboken to Manhattan, in the vicinity of Morton and West streets, thence continuing up Greenwich street where a terminal was to have been constructed near the corner of Christopher street; thence up Christopher street to the junction of Sixth avenue and West Ninth street, the tunnels diverging here, one going up Sixth avenue to Thirty-third street, and another extending easterly along West Ninth street and East Ninth street to Fourth avenue.

That portion under the Hudson river, and extending to the junction of Ninth and Christopher streets and Sixth avenue is constructed under a franchise formerly given to this company and perfected by the Rapid Transit Board in the year 1902. The sections north and east of Ninth street, after an interval of twenty-five years, may be purchased by the City, the valuation not to exceed the total cost of the work, which cost is to be ascertained by vouchers within a short time after the completion of the work. That portion which may in time become the property of the City I have visited on an average of about once a week since the starting of the work at the beginning of the year, and one of the Division Engineers who has been detailed to look after this work, has also visited it weekly. During the month of July, however, some constructive work was examined by one of the Inspectors in addition to the visits of myself and the Division Engineer.

In reference to the actual cost of this work, the method of obtaining its value is fully described in Article X. of the franchise granted to the New York and Jersey Railroad Company, and the Public Service Commission has the right, from time to time, to examine the books, contracts and papers of the tunnel company relating to that portion of the railroad which it may acquire. The tunnel portion of this work I have visited before the formation of the Public Service Commission, but I did not consider that I had any legal right to inspect this work, inasmuch as the franchise granted did not contemplate the supervision by the Rapid Transit Board and was a perpetual franchise.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented a communication from Mr. C. A. Angell, of the Cranford Company, which was as follows:

2093
BROOKLYN, N. Y., August 8, 1907.

The Public Service Commission, First District, No. 320 Broadway, New York City: GENTLEMEN—Pursuant to the provisions of paragraph No. 12, we beg to advise you that we are about to enter into a contract with the American Bridge Company of New York, with offices at No. 42 Broadway, New York, to furnish and deliver the riveted structural steel work, also the fabricated beams for section 9-0-3 of the subway, known as the Brooklyn Loop Line, and with the Carnegie Steel Company of Pittsburgh, Penna., to furnish steel sheet piling, as may be required for the same work.

We are also about to enter into a contract with the United Building Material Company of No. 320 Broadway, New York, for cement known as the Giant Portland Cement, subject to the test and acceptance of the representative of your Board.

We desire the approval of your Board as called for in our contract.

Very truly yours,
(Signed) C. A. ANGELL, Treasurer.

1383
The Secretary presented a communication from the Acting President of the Borough of Richmond, requesting transfer to the Borough of Richmond of Charles E. Webber, employed for some time as Assistant Engineer. On motion, the request was referred to the Chief Engineer for report thereon.

The Secretary presented a communication from Mr. Blackmar, with regard to the matter of the Westchester Lighting Company, as follows:

1116
August 6, 1907.

Public Service Commission for the First District, TRAVIS H. WHITNEY, Secretary:

SIR—I am in receipt of your letter of July 24 transmitting a copy of communication of the Hon. John H. O'Brien, Commissioner of Water Supply, etc., requesting the Public Service Commission for the First District to take up with the Westchester Lighting Company the question of the removal of its main on Broadway, between Two Hundred and Thirtieth and Two Hundred and Forty-second streets, on the ground that the same was laid without the approval of the Commissioner or the Borough President, and because the space is soon to be needed for the placing of a new twelve-inch water pipe, and asking also that hereafter all contractors working under the Public Service Commission be required to submit their plans for approval to the Department of Water Supply under section 469 of the Charter, where it becomes necessary to shift water or gas pipes or other subsurface structures.

Upon investigation of the facts by your Chief Engineer and by Commissioner Bassett, as reported in writing and transmitted also to me by you, it appears that the Westchester Lighting Company's pipe was relaid by a contractor for the building of superstructure for a rapid transit railway in that street under the terms and obligations of a contract between the contractor and the City, acting by the Board of Rapid Transit Railroad Commissioners is sufficient authority for a contractor to line of improvements and necessary to be relocated at the contractor's expense by the terms of this contract.

It was so relocated without a permit from the Department of Water Supply, because under his contract with the City he was authorized and was bound to do it, and the Corporation Counsel and the Courts have held that a permit of the Board of Rapid Transit Railroad Commissioners is sufficient authority for a contractor to proceed with work and because the permit of the Commissioner of Water Supply is unnecessary.

I am also informed by the Chief Engineer's report that the relocation and placing of the Westchester Lighting Company's pipe was with the knowledge of the officials of the Department of Water Supply, and that there is sufficient room in the street for the placing of the proposed twelve-inch water main without a removal of the gas main.

Under the circumstances I cannot see that the contractor or this Board is under a duty to take up and relocate the gas pipe complained of, and I cannot advise you to undertake to do it.

The request of the Commissioner that hereafter contractors working under the Public Service Commission be required to submit their plans for approval to the Department of Water Supply under section 469 of the Charter, when it becomes

necessary to shift subsurface structures, introduces to this Board the same question which was often brought to the attention of the Board of Rapid Transit Railroad Commissioners, whether in prosecution of its duties under the Rapid Transit Act and contracts made thereunder permits of various City Departments are necessary to a use of the streets or to opening the same by the Board or its officers or contractors.

The question was finally submitted to the Corporation Counsel and by the opinion of Mr. Delany, dated June 19, 1906, addressed to the Borough President, to be found in volume 7, page 4226 of the Rapid Transit Board's minutes, it was held that that Board alone had control and that a permit from such Board is all that is required to enable a contractor to proceed, and it was recommended to the Borough President that for the convenience of his office an arrangement be made whereby the Board of Rapid Transit Railroad Commissioners should notify the Borough President's office of each permit issued. The same question substantially has been in various forms also before the Courts, most recently in the case in the Second Department, Appellate Division, not yet reported, brought by the Rapid Transit Subway Construction Company against Bird S. Coler, as President of the Borough of Brooklyn, to restrain the removal of the plaintiffs from cross streets occupied by them for the purposes of a construction contract without the permit of the Borough President.

In this case the Court said: "It is apparent * * * that it was the intent of the Legislature to confer upon the Commission all of the necessary powers properly to construct the subway, and this without concurrent action of the ordinary municipal authorities, except where such action was specifically required by the Act. The power to grant a valid permit to a contractor or subcontractor to occupy an adjacent part of cross streets where such is necessary in the prosecuting of the work is * * * an incidental power which the Commission possesses under the Act."

In regard to the placing of subsurface structures in the line of construction and necessary to be relocated by a contractor under such a contract made by the City pursuant to the Rapid Transit Act, I think the authority of the Commission is final and that this Board or its contractor is not required by law to submit the plan of such relocation to the Department of Water Supply, but it would seem well that the practice be observed of notifying the Department of Water Supply of any proposed action by the contractor and of regarding, as far as may be practicable, its wishes in the matter.

Yours very truly,
(Signed) ABEL E. BLACKMAR, Counsel to the Commission.

On motion, duly seconded, the Secretary was directed to send a copy to the Commissioner of Water Supply, Gas and Electricity.

The Secretary presented the following report from Chief Engineer Rice, with regard to the block of the Union Elevated Railroad Company lines on August 7:

2874
NEW YORK, August 9, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—In accordance with your request of August 9, with reference to the block on the Union Elevated Railroad line of the Brooklyn Rapid Transit system on August 7, I respectfully present the enclosed report of Assistant Engineer Kane bearing upon this accident, transmitted to me by the General Inspector of Stations.

Yours very truly,
(Signed) GEORGE S. RICE, Chief Engineer.

"BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHIEF ENGINEER'S OFFICE, August 9, 1907."

GEORGE S. RICE, Esq., Chief Engineer:

DEAR SIR—Herewith is a report prepared and submitted by Assistant Engineer Kane on the block occurring on the Brooklyn Union Elevated lines on the afternoon of August 7, 1907.

Accidents of this character cannot be entirely prevented; their occurrence, however, can be minimized by constant and careful inspection of all equipment.

Respectfully,
(Signed) D. L. TURNER, General Inspector of Stations.

NEW YORK, August 9, 1907.

D. L. TURNER, Esq., General Inspector of Stations:

DEAR SIR—I respectfully submit herewith a report on the block of the Brooklyn Union Elevated lines of the Brooklyn Rapid Transit system on August 7, 1907:

A Ridgewood train, consisting of cars 708, 68, 734, 35, 606 and 700, in charge of Conductor Monihan and Motorman Leschhorn, left High street at 5:39 p. m. and the rear truck of motor car 734 was derailed on Adams street in front of platform No. 1, City Hall station.

The track arrangement at this place consists of two tracks (eastbound and westbound), with a cross-over connection. On the underside of the motor frame a roller is attached to act as a fender for the bridge cable and to keep the cable from chafing on the edge of the motor frame. This roller on the rear truck of motor car No. 743 had worked loose and caught on the rail of the cross-over, derailling the truck. The upper portion of the wooden guard alongside the rail was badly damaged, and the fascia on the platform scraped. Also the contact rail was short-circuited, which caused the stoppage of all traffic between High street and Grand avenue until this section of the contact rail could be cut out. When this was done the westbound trains were switched to a third track west of Bridge street station, and from thence on to the eastbound track. Some of these trains were run west on this track as far as platform No. 2, City Hall station.

The eastbound track between High street and City Hall station was blocked until 7:43 p. m.

The lines affected by this accident consisted of the Lexington avenue, Myrtle avenue, Bay Ridge, Culver, West End and Sea Beach.

The information embodied in this report was procured in part from Mr. Menden, General Superintendent of the Brooklyn Rapid Transit and the remainder from personal observation at the time of the block and on the following day.

Respectfully,
(Signed) J. F. KANE, Assistant Engineer."

On motion, duly seconded, it was

Resolved, That the following be adopted as Rule No. 21 of the Rules of Procedure of this Commission.

Ayes—Commissioners Willcox, McCarroll, Eustis.

Nays—None.

Carried.

Rule No. 21, as adopted, is as follows:

Rule XXI. Governing the procedure to obtain the permission and approval of the Commission to the construction and operation of extensions of street surface railroads; wholly within the limits of any city or incorporated village:

First—The application for such permission and approval shall be by petition verified by the president or other officer of the street surface railroad, containing the matter hereinbelow required, and asking that the Commission determine that such construction and operation is necessary or convenient for the public service, and give its permission and approval thereto.

Second—With the petition there shall be filed with the Commission:

(a) A copy of the articles of association of the street surface railroad corporation, certified by the Secretary of State and the County Clerk, and showing the date of filing.

(b) Copies of all statements filed at any time in procuring extensions heretofore authorized and constructed, certified by the Secretary of State and the County Clerk, and showing the date of filing.

(c) A copy of the statement of the names and descriptions of the streets, roads, avenues and highways in or upon which it is proposed to construct, maintain and operate such extensions or branches, filed pursuant to section 90 of the Railroad Law, and for which construction and operation the permission and approval of the Commission is sought. Said copy to be certified by the Secretary of State and the County Clerk, and to show the date of filing.

(d) A certified copy of the written application for the consent of the local authorities to the construction and operation of such extension, and the consent of the local authorities granted thereon, if such consent has been granted; and if not, the petition shall contain a statement to that effect.

(e) A certified copy of the report of the Commission appointed by the Appellate Division of the Supreme Court pursuant to section 94 of the Railroad Law, and

the order of the Court thereon, if such report and order have been made, and if such report and order have not been made, the petition shall contain a statement to that effect.

(f) A map of the said extension as proposed, showing the streets, avenues and highways in or upon which it is proposed to construct such extension.

(g) All copies of documents so filed shall be printed or typewritten, and, so far as practicable, shall be upon paper eight by eleven inches in size, and bound on the left edge.

Third—The petition shall

(a) Show whether the consent of the abutting property owners has been obtained and recorded, and if recorded, the time and place thereof.

(b) State that the company has not prior to June 6, 1907, received a certificate of public convenience and necessity for the construction of such extension.

Fourth—If any of the documents hereinabove required have been already filed with the Commission, duplicates need not be filed, but the petition shall show that they have already been filed, and the date of filing.

Fifth—Upon receipt of such petition, the Commission shall appoint a time and place for a hearing upon such application, giving to the applicant ten days' notice thereof, either personally or by mail; and the applicant shall publish, at least three days prior to such hearing, a notice of such application and hearing, setting out the names and descriptions of the streets, roads and avenues in and upon which it is proposed to construct and operate such extension or such matter as the Commission may require, in such newspapers and at such times as the Commission shall direct. The Commission may, at the request of the applicant, or on its own motion, prescribe a shorter notice for such hearing and modify the directions for publication accordingly.

Sixth—At the hearing, proof must be made to the satisfaction of the Commission that the construction of such extension and the exercise of such franchise of operating the same is necessary or convenient for the public service.

Seventh—Proof must be made of the bona fides of the enterprise and of the financial ability of the applicant to build the extension.

On motion, duly seconded, it was ordered that the Counsel be requested to prepare Rules of Procedure for bonds and securities.

The Secretary presented the following communication from Mr. Blackmar, Counsel to the Commission:

Public Service Commission for the First District:

GENTLEMEN—Pursuant to authority vested in me by section 6 of the Public Service Commissions Law, I hereby appoint Henry H. Whitman as Assistant Counsel to the Commission, at a compensation to be fixed by the Commission.

This appointment is hereby referred to the Commission for action thereon.

Very truly yours,

(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

On motion, duly seconded, it was

Resolved, That the Public Service Commission for the First District approve the appointment of Henry H. Whitman as Assistant Counsel for the Commission, and that his salary be fixed at six thousand dollars (\$6,000) per annum.

That the appointment take effect as of August 12, 1907.

Ayes—Commissioners Willcox, McCarroll, Eustis.

Nays—None.

Carried.

The Secretary reported that in accordance with the resolution of the Commission, he had requested the State Civil Service Commission for a list of Office Boys and for a list of Telephone Operators. After he had received such lists, he sent for the persons whose names appeared on them, and as a result thereof, recommended the appointment of the following:

Katherine B. Mullins, No. 955 Park avenue, New York, as Telephone Operator at \$15 per week, to date from August 19, 1907.

Adolph Moss, No. 462 Bainbridge street, Brooklyn, N. Y., as Office Boy, at \$5 per week, to date from August 1, 1907.

On motion, duly seconded, it was

Resolved, That the following appointments be made:

Katherine B. Mullins, as Telephone Operator, at \$15 per week, to take effect August 19, 1907, and Adolph Moss, as Office Boy, at \$5 per week, to take effect August 1, 1907.

Ayes—Commissioners Willcox, McCarroll, Eustis.

Nays—None.

Carried.

The Secretary presented a communication from William H. Comer, President of the Borough Park and Martense Subway Association, making inquiry as to when the Commission would take action upon the Fourth Avenue Subway, and it was understood that the Secretary would write him as to the present situation.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
MONDAY, AUGUST 12, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner John E. Eustis, Acting Chairman; Commissioners William McCarroll, Milo R. Maltbie.

The Secretary presented a communication from John H. Behrman, transmitting resolution from the Westchester Firemen's Exempt Association, as follows:

"NEW YORK CITY, August 10, 1907.

At a regular meeting, held August 9, of the Westchester Exempt Firemen's Association, whose members comprise the citizens and taxpayers who organized and maintained the several volunteer fire companies in the district annexed by chapter 934 of the Laws of 1895, the following was unanimously adopted:

Resolved, That in view of the poor and grossly inefficient service on the trolley lines operated by the Interborough Company, and the failure on the part of the said Interborough Company to build and operate the extension of the rapid transit system from West Farms through White Plains avenue to the City line, as approved and adopted by the former Board of Rapid Transit Commissioners, that this association respectfully petitions the Public Utilities Commissioners to withhold the granting of any favors or concessions to the said Interborough Company until the said company shall agree to build and operate the said White Plains Avenue extension as laid out, approved and adopted.

Certified correct.

WILLIAM M. WALLACE, Recording Secretary."

On motion, duly seconded, the resolution was ordered upon file.

The Secretary presented communications from the Municipal Civil Service Commission, approving of transfers of Charles M. Madden, Rodman, to the Bureau of Water Supply; John J. Callahan, Rodman, to the office of the President of the Borough of Brooklyn; John F. Dunn, to the Department of Parks, Manhattan and Richmond. On motion, the communications were ordered on file.

The Secretary presented the following communication from S. Morrill Banner, which, on motion, was referred to the Committee of the Whole:

Public Service Commission, No. 320 Broadway, New York City:

DEAR SIRS—On behalf of a committee of property owners on Columbus avenue, which has been formed with the object of abating preventable noises of the elevated railroad trains on that avenue, I beg hereby to call your attention to the fact that we have received from experts employed by us reports showing that the traffic noises occasioned by the express and other trains of this avenue could be easily done away with at a comparatively reasonable cost to the road, by substituting wood filled wheels for those now used on the cars, and longitudinal sleepers instead of the cross-ties now used on the tracks.

We have already laid this matter before the Mayor, and, at his direction, before Mr. Ellison, recent incumbent of the office of Corporation Counsel, to whose attention we called the opinion of the Appellate Division, in the case of Auchincloss vs. Metropolitan Railroad, 69 App. Div., 63, in which it was held that the laying of the additional express track is in violation of the Constitution. Nothing has ever been done, but it has been estimated that this would be a matter that would be handled by the new Commission, and we venture to hope that it may have your attention and result in the bettering of the intolerable conditions that now exist.

Assuring you of our hearty co-operation and willingness to assist, and to secure any expert testimony which you may consider necessary to your investigation of the subject, I remain,

Very respectfully yours,

(Signed) S. MORRILL BANNER, for the Committee.

The Secretary presented a communication from W. W. Niles, President of the Civic League of The Bronx, transmitting a petition with regard to the inadequacy of the service of the New York Central and the New York and Harlem and the New York and Putnam railroads within the district of The Bronx, and requesting the Commission to take steps for the relief of the said district by compelling the above named companies to increase their service and to stop their trains more frequently at local stations, and by compelling the New York Central Railroad to complete their terminal at Forty-second street as early as possible, in the meanwhile completing a loop so that local trains could be run continuously, and to employ an Engineer for suggesting improvements in handling local traffic. On motion, duly seconded, the Secretary was instructed to send a copy to William M. Ivins, Special Counsel.

It was stated by Commissioner McCarroll that a hearing would be held in the afternoon before the Commission on the question of the application of the Nassau Electric Railroad for a certificate for the construction on Livingston street.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TUESDAY, AUGUST 13, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner John E. Eustis, Acting Chairman; Commissioners William McCarroll, Milo R. Maltbie.

The Secretary presented the following communication from Abel E. Blackmar, Counsel to the Commission, transmitting form of an order permitting and approving the construction of the Livingston street and Lafayette avenue extension of the subway:

2002

August 12, 1907.

Public Service Commission for the First District:

GENTLEMEN—I herewith send you a form for an order permitting and approving the construction of the Livingston street and Lafayette avenue extension of the Nassau Electric Railroad Company. The order should be adopted, entered in full on the minutes, filed, and I think a certified copy should be furnished to the applicant, or more than one, if he so desires.

Yours very truly,

(Signed) ABEL E. BLACKMAR, Counsel to the Commission.

On motion, duly seconded, it was

Resolved, That the following order be adopted.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The order so adopted is as follows:

ORDER No. 9.

In the Matter

of
The application of the Nassau Electric Railroad Company for the permission and approval of this Commission to the construction and operation of an extension of its street surface railroad upon the routes described in the statement and certificate filed by the said corporation with the Secretary of State and the Clerk of Kings County on the 14th day of June, 1905.

The Nassau Electric Railroad Company having made application to the Public Service Commission for the First District, by a petition duly verified and filed, and accompanied by the documents required by the rules of practice of the Commission, for the Commission and approval of the Commission to the construction and operation of an extension to its street surface railroad, upon the routes described in the statement and certificate filed pursuant to section 90 of the Railroad Law with the Secretary of State and County Clerk of Kings County on the 14th day of June, 1905, the following being a description of the streets, roads, avenues and highways in and upon which it is proposed to construct, maintain and operate such extensions, viz.:

Along and upon Livingston street, from Court street to Flatbush avenue; on Flatbush avenue, from Livingston street to Lafayette avenue; and on Lafayette avenue, from Flatbush avenue to Fulton street, by a double track street surface electric railroad, to be operated by the overhead single trolley system, together with the necessary poles, wires and equipments, with connections at Court street, Third avenue, Flatbush avenue, Lafayette and Flatbush avenues and Lafayette avenue and Fulton street, with tracks of the Brooklyn City Railway Company; at Boerum place with tracks of the Nassau Electric Railway Company, and at Smith street with tracks of the Coney Island and Brooklyn Railroad Company.

And the Commission having fixed Monday, August 12, 1907, at 3 o'clock p. m., in its rooms at No. 320 Broadway, in the Borough of Manhattan, City of New York, for a hearing on said petition, and upon said hearing, which was held by the Commission at the time and place aforesaid, said applicant, the Nassau Electric Railroad Company, having appeared by T. S. Williams, its vice-president, and George D. Yoe-mans, its counsel, having presented its allegations and made its proofs whereby it satisfied the Commission that the construction and operation of said extension is necessary and convenient for the public service, and that said petitioner means in good faith and has sufficient financial ability to construct and operate such extension and due consideration having been had:

It is Ordered, that the application be and the same hereby is granted; and the Public Service Commission for the First District does hereby determine that the construction and operation of said extension is necessary and convenient for the public service and does hereby permit and approve of the construction and operation of said extension.

TRAVIS H. WHITNEY, SECRETARY.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
THURSDAY, AUGUST 15, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner John E. Eustis, Acting Chairman; Commissioners William McCarroll, Milo R. Maltbie, Secretary Travis H. Whitney.

There was also present, George S. Rice, Chief Engineer.

The Secretary presented a request from the Engineering Department for authorization of telephone contract at No. 4 Court street, at twelve dollars (\$12) per annum,

and for extension station at No. 323 Schermerhorn street, Brooklyn, at thirty-six dollars (\$36) per annum.

After inquiry of the Chief Engineer, George S. Rice, and discussion as to the need and economy of the telephone service requested, it was moved and duly seconded that the contract be authorized and approved.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented a report from Chief Engineer Rice, advising approval of execution of contracts by the Cranford Company, contractors of Section 9-0-3 of the Brooklyn loop lines, with the American Bridge Company, and with Carnegie Steel Company, and with the New York Building Material Company, for certain materials. This report was made as a result of a communication from the Cranford Company, which at a previous meeting of the Commission was referred to the Chief Engineer, for his report thereon.

2093

It was moved and duly seconded, that it be referred to the Counsel for his opinion as to the form of approval, and to express to the Commission his opinion as to the provision of the contract with regard to the approval of subcontractors.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented a communication from Chief Engineer Rice, transmitting a blue print, which had already been transmitted to the Counsel, showing the owners on Broadway, between Ninety-fifth and One Hundred and Third streets, to be used in procuring consents of property owners.

On motion the communication was ordered filed.

The Secretary presented the following communication from President Haffen:

1431

NEW YORK, August 12, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District, No. 320 Broadway, Manhattan, New York City:

DEAR SIR—I beg to acknowledge receipt of your communication of July 24, 1907, answering mine of July 22, 1907, relative to the replacement of a 6-inch sewer by a 12-inch sewer on the north side of One Hundred and Forty-ninth street, and would say that the report of Chief Engineer Rice on the subject was duly referred by me to Mr. Graham, Engineer in charge of sewers of this borough, who reports as follows:

"Mr. Rice goes quite fully into the matter of the construction of this sewer, which is of 6-inch pipe, and makes reference to certain approval of plans by the officials of the former Department of Sewers of the Borough of The Bronx. Upon investigation I learn that such approval was, to a large extent pro forma, inasmuch as the Rapid Transit Commission, as I am informed, submitted its plans more as a matter of information than for the purpose of amendment if such were necessary. It appears that the plan which was approved included the construction of a flush tank, as referred to by Mr. Rice; such flush tank, however, was never built. I coincide with Mr. Rice's view that 'if a flush tank is installed as suggested and as originally planned, it would cost very little (about \$100), this entire matter would be satisfactorily adjusted.' It would appear, however, that inasmuch as the original sewer in One Hundred and Forty-ninth street was removed owing to the construction of the subway, and the present sewer on the north side of the street substituted in lieu thereof, and inasmuch as this work was never fully completed in accordance with the plan of the Rapid Transit Commission, its successor (the Public Service Commission for the First District) should be requested to construct the flush tank referred to, thereby completing the work as originally intended. It is believed that if this be done there will be no need for the laying of a large pipe as suggested in mine of June 26 and July 1, 1907. The difficulty of laying such large sewer is recognized in view of the statement of Mr. Rice that the clearance between the Rapid Transit Railroad and private property on the northwest corner of One Hundred and Forty-ninth street and Bergen avenue is only 0.54 feet."

The suggestion of Mr. Graham is respectfully referred to the Public Service Commission for its attention.

Yours truly,

(Signed) LOUIS F. HAFFEN,
President of the Borough of The Bronx.

It was moved and duly seconded that the Secretary notify President Haffen that the Commission was ready and willing to build the flush tank, but that it would be useless unless water was provided, which up to the present time had been refused; that if the water should be supplied the tank would be built.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

2092

The Secretary presented a communication from the Chief Engineer relative to the subway entrance at the southeast corner of Centre and Franklin streets, stating that it was not desirable to have subway entrances in Franklin street, as it was a side street.

This communication was in reply to a letter from John M. Jones, received by this Commission and referred to the Chief Engineer.

On motion, duly seconded, it was referred to the Counsel for his consideration.

The Secretary presented the following communication from Carlton Macy:

QUEENS BOROUGH GAS AND ELECTRIC COMPANY,
FAR ROCKAWAY, N. Y., August 9, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 320 Broadway, New York City:

DEAR SIR—We received, some weeks ago, copies of the annual report to be made to the Commission of Gas and Electricity, for the year ending June 30.

It was my understanding that this report should be filed before September 1. As this is our extremely busy season, it is going to be a very difficult matter for us to get this report out on time, and we would like to ask whether we cannot obtain an extension of time of at least five or six weeks.

We would not ask for this delay were it not for the fact that this company is operating in a district, which we believe is entirely dissimilar to any other district, probably, in the United States.

We are in the Greater City of New York, but in reality nothing but a country district, and to make matters very much worse, it is a seashore resort with a very large population during July and August, and a particularly small population for nine months of the year. For instance, our output of gas for yesterday (August 8), was 718,000 cubic feet; the day after labor day it will undoubtedly be down to 500,000 or below, and before the end of September below 300,000, and before the end of October below 200,000. So, just at this time, all hands are having practically all the work they can possibly attend to.

Trusting that our request for an extension will be granted, we remain,

Yours respectfully,

(Signed) CARLTON MACY, President.

It was moved and duly seconded that an extension of time, until November 1, be granted.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

The Secretary presented a communication from Joseph Morgenstern, who stated that he was engaged in express business between New York and Brooklyn, and asking whether his business comes under the supervision of this Commission.

The letter was referred to the Counsel of the Commission, who stated as his opinion that this Commission had jurisdiction over such a local express business.

It was moved and duly seconded that the Secretary communicate with Mr. Joseph Morgenstern, quoting that portion of the Counsel's letter stating that his business did come under the Commission's jurisdiction.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented a communication from J. F. Calderwood, Vice-President, Brooklyn Union Elevated, explaining the delay in reporting the delay to traffic on August 7, from derailment of car.

This was in reply to a communication sent by direction of the Commission on August 8, inquiring as to the apparent delay in reporting the accident, as telephone notice was not given until five hours and seven minutes after commencement of delay.

On motion the communication was ordered filed.

The Secretary presented a communication from Chief Engineer Rice, transmitting report upon complaint of Jacob D. Bennett, referred to him July 31, as to the lack of flagman service at New Utrecht avenue and Eighty-first street, particularly on Sunday.

1191

The report showed that adequate provision was not made for protecting pedestrians and vehicles from trains at this crossing, as a flagman was on duty only from 6 a. m. to 11 a. m., and from 3 p. m. to 8 p. m. on week days, and there was none on duty on Sundays.

It was moved and duly seconded that it be referred to Mr. Ivins, Special Counsel, to be used in the present investigation.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following report from the Chief Engineer, and on motion, duly seconded, it was ordered that a copy be sent to President Haffen of the Borough of The Bronx:

1265

NEW YORK, August 10, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—Referring to the communication from the President of the Borough of The Bronx, enclosed with your letter of 7th August, relative to the slow progress, alleged, of the work on the Van Cortlandt Park Extension, I beg to state that this work was commenced last fall, and the Contractor was in such haste to finish it that he commenced before all the legal steps had been taken to entirely complete the contract, and on that account a conflict arose with reference to a Contractor who had a contract with the Bureau of Highways for grading the street on Broadway on this same section of work. On this account advantage could not, at that time, be taken of this portion of the work. During the months of January, February and March, however, the Contractor could not, on account of the bad weather, do much work, but since that time it has been pushed with vigor.

The peculiarity of the foundation work of this contract is apparently the cause of the slowness of the work, in regard to which complaints have been made. This elevated structure is not only obliged to span a sewer, but is placed in a street where the foundations, for the most of the distance, have to be placed on piles, in many cases the foundations going from 9 to 10 feet below high tide. This intricate work has required constant pumping and careful handling.

I have no criticism to make of the way in which the contractors pushed the work since they commenced in the spring, but the only source of delay which has been in any way troublesome in carrying out the plans of the contract has been the inability of the contractor to get into portions of the street at Two Hundred and Thirty-first and Two Hundred and Thirty-eighth streets, on account of the City authorities making necessary changes in the location of the streets. The Board of Estimate and Apportionment have passed the plans for these changes, but have not consummated the arrangements for acquiring the private property caused by the change in the street lines. These changes necessitated a change of plans, and will necessarily delay the completion of the contract, which is not in any way due to the contractor.

Yours very truly,

(Signed) GEO. S. RICE, Chief Engineer.

The Secretary presented the following communication:

1447

NEW YORK, August 13, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission for the First District:

DEAR SIR—Referring to the petition of the Inspectors of Masonry employed in this Department, asking for a vacation of two weeks with pay, which was referred to me, I respectfully report as follows:

All Inspectors of Masonry in this Department are paid per diem, eight hours constituting a day's work.

Time worked in excess of eight hours is paid for pro rata on the basis of an eight-hour day.

The Rapid Transit Board in the past has not allowed its Inspectors of Masonry a vacation with pay.

Inquiry made at the offices of the Aqueduct Commission, the Department of Bridges and the Building Bureau of the Department of Education (these Departments employ large forces of Inspectors) reveals the fact that they do not grant per diem employees vacations with pay.

In my opinion the general law under which per diem men are employed by The City of New York provides that such employees shall be paid only for time actually worked by them in the performance of their duties.

All the other employees in this Department, consisting of Engineers, Draughtsmen and others, are employed on a monthly basis, and as they are often required to work overtime or on Sundays or holidays without extra compensation they are allowed a two-weeks' vacation with pay every year.

My personal desire in this matter would be to allow these Inspectors of Masonry an annual vacation of two weeks with pay, but, in view of the facts as above noted, I feel it my duty to recommend that the request contained in the petition at issue be denied.

Yours very truly,

(Signed) GEO. S. RICE, Chief Engineer.

P. S.—I return herewith the petition, which was transmitted to me with your letter of the 2d inst.

It was moved, and duly seconded, that the recommendation contained in the report be approved.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

The Secretary presented a communication as follows:

1443

NEW YORK, August 12, 1907.

Mr. W. R. WILLCOX, Chairman, Public Service Commission, First District, New York City:

MY DEAR SIR—We recently had the pleasure of a visit from the Public Service Commission of the Second District over our entire Electric Zone in connection with their consideration of the problem of eliminating grade crossings in Westchester County. It occurs to me that the Public Service Commission of the First District may desire to make a similar examination of the portion of our electrical installation embraced within the limits of The City of New York, and if so I shall be very glad indeed to arrange the details for any date that may suit your convenience.

You may also care to have a collection of what we term our "laymen's" drawings of the proposed Grand Central terminal improvements, and if so it will give me much pleasure to send them to you.

Yours respectfully,

(Signed) M. J. WILGUS, Vice-President.

It was moved, and duly seconded, that the Secretary send a letter to Mr. Wilgus thanking him for the invitation, which was accepted, to take place at such time as might be convenient for the Commission, which would be fixed later, and that the Commission also desired to thank him for the drawings, which it would be pleased to receive.

Ayes—Commissioners McCarroll, Maltbie, Eustis.
Nays—None.

The Secretary presented an opinion of Counsel as follows:

August 9, 1907.

Public Service Commission for the First District, TRAVIS H. WHITNEY, Esq., Secretary:

DEAR SIR—I am in receipt of your letter of August 8, inquiring whether the fees payable to the Public Service Commission under section 37 of the Rapid Transit Act for copies of proposed contracts are to be turned over to The City of New York, or whether the same may be used for the purposes of the Commission.

I am of the opinion that under section 18 of the Public Service Commissions Law these fees charged and collected by the Commission for the First District belong to The City of New York, and are to be paid monthly, accompanied by a detailed statement thereof, into the treasury of the City.

Yours very truly,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

It was moved, and duly seconded, that the Secretary take the course advised by the Counsel, obtaining receipt for every deposit made.

Ayes—Commissioners McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

The Secretary presented a communication from the Realty Associates, asking that contractors be required to plank over open space in front of their building on Flatbush avenue extension, in order that they might remove corner of their building.

On motion, it was referred to the Committee of the Whole.

The Secretary presented a communication from Chief Engineer Rice, transmitting prints of plans for commemorative tablets to be placed in the Borough Hall Station of the Brooklyn subway.

On motion, it was referred to the Committee of the Whole.

The Secretary presented a suggested communication to the Commission for the Second District, asking for reports on various gas and electric companies operating in New York City and filed with the former Commission of Gas and Electricity.

On motion, it was referred to the Committee of the Whole.

The Commission then went into the Committee of the Whole.

A hearing was held on the subject of general transit conditions in The Bronx.

Edward H. Healey, Chairman of the Joint Committee of Forty, read the following resolutions of that Committee:

First—That continuous third tracks on the existing Second and Third Avenue Elevated Railroads be at once constructed from Chatham square to the Harlem river; and that the third track be thence continued and constructed on the elevated structure in the Borough of The Bronx, to Bedford Park station; and in that connection that the railroad company now operating said roads be compelled to run express trains on said third tracks at least to and from One Hundred and Forty-ninth street, in said Borough of The Bronx, the entire day, and express trains in like manner further north to Bedford Park therein during rush hours.

Second—That provision be made at once to establish connection between the Third Avenue Elevated Railroad and the subway without change of cars for passengers going eastward, by extending the spur now located at One Hundred and Forty-fifth street, near Willis avenue, through said Willis avenue and Bergen avenue in the elevated structure in Westchester avenue, there to be joined with the existing subway system. This can be done by continuing the present aforesaid spur by elevated or subway structures, whichever may be found most feasible.

Third—That an elevated extension be built from the present structure at the junction of Westchester and Brook avenues to the elevated structure at the junction of Brook and Third avenues, thus connecting the existing subway system with the Third Avenue Elevated Railroad, and facilitating the carriage of passengers northward. This will give the operating railroad company the opportunity of running part of the subway trains to and from Bedford Park in The Bronx.

Fourth—That steps be taken at once to lay out and advertise for bids to build an extension of the present subway system (by elevated structure) from Westchester avenue at the junction of Southern boulevard on and along said Westchester avenue and Westchester turnpike through the former Village of Westchester to the westerly side of Eastern boulevard in The Bronx.

Fifth—That steps be at once taken to advertise for bids to build the route known as No. 18, adopted by the late Rapid Transit Commission June 17, 1906, and also known as the White Plains avenue route.

Fifth-A—That steps be at once taken to lay out and advertise for bids to build a spur in connection with the White Plains avenue route above named, from the junction of Morris Park and Bronx Park avenues, through Morris Park avenue to Bear Swamp road. This would be a natural and profitable feeder to the main line.

Sixth—That relief be given to the west side of The Bronx by necessary steps being at once taken to construct an elevated three-track railroad upon Jerome avenue connecting with and in extension of the present west side elevated system at One Hundred and Fifty-fifth street, thus providing direct train service, without change, to and from the lower part of Manhattan to or near the City line in The Bronx, and with auxiliary subway connections, if possible.

The following persons then spoke:

Hon. Louis F. Haffen, President of the Borough of The Bronx;
Hon. James L. Wells;
Julius E. Haas;
Hon. William W. Penfield.
George H. Huber;
William A. Cokely;
William W. Niles;
J. Fairfax McLaughlin;
Frederick W. Hottenroth;
Charles W. Smith, representing White Plains Taxpayers' Association;
John F. Dolan, representing Westchester and Van Nest sections;
Charles D. Steurer, representing Bergen Avenue Property Owners' Association;
Sigmund Fuest, representing South Bronx Property Owners' Association;
Albert E. Davis, representing the Civic League;
A. C. Miller, representing United Associations of the East Bronx;
Charles F. Sharrott, on behalf of individual property owners.
The hearing was then adjourned.

TRAVIS H. WHITNEY, SECRETARY.

BOARD OF ELECTIONS.

Meeting of the Board of Elections held Wednesday, August 28, 1907, at 12 o'clock m.

Present—Commissioners Dooling, Page and Fuller.

The minutes of the meeting of the Board held on the 27th inst., were read and approved.

The following communications were received and disposed of as stated, viz.:

From Frank E. O'Reilly, Secretary Kings County Democratic General Committee, dated the 28th inst., transmitting copy of a resolution adopted by said Committee on the 27th inst. stating the conventions and committees for which delegates and members are to be elected at the forthcoming primary election, together with the number of

delegates to conventions and members of committees to be elected in each unit of representation. Filed.

From Peter J. Garvey, without date, in relation to the Democratic primary polling places for the Fifteenth and Sixteenth, and Tenth and Twentieth Election Districts of the Seventh Assembly District, New York County. Referred to Commissioner Dooling.

From Spray Electric Company, dated the 27th inst., requesting the designation of the store premises occupied by said company for polling place purposes. Filed.

From the Chief Clerk of the Bronx Borough office, dated the 27th inst., reporting in relation to the number of ballot boxes, locks, etc., in the custody of the Board in said borough. Filed.

From the Chief Clerk of the Queens Borough office, dated the 28th inst., reporting in relation to the number of ballot box locks available for use in said borough, and the additional number required. Filed.

The President stated that he had received the following bids for furnishing ballot paper for the forthcoming primary elections, viz.:

From J. W. Pratt Company, No. 52 Duane street, Borough of Manhattan, Democratic ballots, 8½ by 14 inches, \$1.74 per 1,000 ballots; 8½ by 28 inches, \$3.48 per 1,000 ballots. Republican ballots, 8½ by 14 inches, \$1.74 per 1,000 ballots. Socialist ballots, 8½ by 14 inches, \$1.74 per 1,000 ballots. Prohibition ballots, 8½ by 14 inches, \$1.74 per 1,000 ballots.

From Martin B. Brown Company, No. 49 Park place, Borough of Manhattan, Democratic ballots, 8½ by 14 inches, \$1.65 per 1,000 ballots; 8½ by 28 inches, \$3.30 per 1,000 ballots. Republican ballots, 8½ by 14 inches, \$1.65 per 1,000 ballots. Socialist ballots, 8½ by 14 inches, \$1.65 per 1,000 ballots. Prohibition ballots, 8½ by 14 inches, \$1.65 per 1,000 ballots.

On motion, said proposals were ordered on file and the following resolution adopted, viz.:

Resolved, That the Board of Elections of The City of New York, in compliance with the provisions of section 6, chapter 473, Laws of 1899, hereby selects and approves as the paper to be used for the ballots at the annual primary elections to be held September 24, 1907, that represented by samples marked "A," submitted and filed with the proposal this day received from Martin B. Brown Company, No. 49 Park place, Borough of Manhattan, City of New York, containing the water mark "Interborough Bond," on condition that the said Martin B. Brown Company duly execute and file within five days herefrom, in consideration of such selection, an agreement to promptly furnish from September 1, 1907, to September 24, 1907, in conformity with the requirements set forth in the resolution of the Board adopted August 22, 1907 (relating to paper for the primary ballots), such quantities of said paper as may be ordered by party committees of electors desiring the same, upon the approval and authorization of the Board of Elections, and at the prices named in said proposal of Martin B. Brown Company, viz.: One dollar and sixty-five cents (\$1.65) per 1,000 ballots of size 8½ by 14 inches, and three dollars and thirty cents (\$3.30) per 1,000 ballots of size 8½ inches by 28 inches, with the express understanding and agreement that all payments and liabilities for paper furnished in accordance herewith are to be accepted from or assumed by the parties respectively who furnish, order or receive the same, and that in no event will a claim of any nature whatever be entertained or created against The City of New York or the Board of Elections of said City for any paper or ballots furnished or supplied by the said Martin B. Brown Company of New York City in conformity with the terms and conditions of this resolution.

From Lester W. Eisenberg, dated the 28th inst., tendering his resignation from the position of Clerk in the service of the Board of Elections of The City of New York, to take effect September 14, 1907. Filed.

On motion, the following resolutions were adopted, viz.:

Resolved, That the resignation of Lester W. Eisenberg, residing at No. 287 Third street, Borough of Manhattan, from the position of Clerk in the service of the Board of Elections of The City of New York, be and it is hereby accepted, to take effect September 14, 1907.

Resolved, That John J. O'Donnell, residing at No. 320 East Eighty-ninth street, Borough of Manhattan, be and he is hereby appointed to the position of Clerk in the service of the Board of Elections of The City of New York, at a compensation at the rate of \$1,500 per annum until otherwise ordered, said appointment to take effect from the time of the actual commencement of his service; and be it further

Resolved, That the said John J. O'Donnell be and he is hereby assigned to duty in the branch office of the Board for the Borough of Manhattan.

Resolved, That the proposal of the Martin B. Brown Company (it being the lowest bidder), to print and color 15,750 maps of the several Assembly Districts within The City of New York, showing the boundaries and numbers of election districts therein, for the sum of \$840, be and the same is hereby accepted.

The President submitted for the consideration of the Board a proposed estimate and statement in detail of expenditures of the Board of Elections for 1908, required by section 226 of the Greater New York Charter to be furnished to the Board of Estimate and Apportionment for use in preparing the Annual City Budget. On motion, the said estimate and statement was approved and a copy thereof directed to be transmitted to the Mayor, as Chairman of said Board, the Secretary of said Board, the Comptroller, and the President of the Board of Aldermen.

The President reported that copies of affidavits and orders to show cause in proceedings brought for the purpose of having the names of divers persons therein named as respondents stricken from the primary enrollment records of the Second, Tenth, Thirteenth, Twentieth and Twenty-third Election Districts, Twenty-third Assembly District, New York County, were served upon him to-day. On motion, said papers were referred to the Corporation Counsel for such action on behalf of the Board as he may deem necessary or proper.

The President also reported that he had been served with a copy of petition and order to show cause in a proceeding brought by one George Levison for the purpose of having his enrollment changed from Republican to Democratic in the enrollment books of the Fourteenth Election District, Seventeenth Assembly District, Kings County. Referred to the Corporation Counsel with the request that he oppose the granting of said application.

The following payrolls were approved and ordered to be transmitted to the Municipal Civil Service Commission for certification and thence to the Comptroller for payment, viz.:

C. T. Cunningham, storage rent	10 00
Miller & Bayles, printing	159 00
New York Telephone Company, telephone service	131 52
Remington Typewriter Company, repairing typewriters	55 00

Total..... \$1,472 12

The Board then adjourned.

CHAS. B. PAGE, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES, MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,
HELD IN ROOM 16, CITY HALL, FRIDAY, DECEMBER 13, 1907.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; Patrick F. McGowan, President, Board of Aldermen; Bird S. Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The Chair directed a roll-call, and the Secretary called the roll, omitting "the President, Borough of Manhattan."

Mr. John F. Ahearn—I ask the Chair to direct the Secretary to call my name. I am a member of this Board and entitled to sit."

By the Chair—The Chair is obliged to rule against the gentleman's application in view of an opinion he has received from the Corporation Counsel, which the Secretary will read.

The following opinion of the Corporation Counsel was then read:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 12, 1907.

Hon. GEO. B. MCCLELLAN, Mayor:

SIR—In regard to the complications that have arisen through the removal by the Governor of John F. Ahearn as President of the Borough of Manhattan, I write the following:

Two actions have been begun in the Supreme Court by John McMahon, as a taxpayer, one against you as Mayor and the other against the County Clerk of New York County.

Preliminary injunctions in these actions have been obtained, one restraining you from calling any meeting of the members of the Board of Aldermen for the purpose of holding an election of a President of the Borough of Manhattan and from presiding at such meeting; the other, against the County Clerk, restrains him from receiving and filing in his office a certificate executed by the Governor purporting to remove Mr. Ahearn and from notifying him of said removal.

The argument of the motions to make these injunctions permanent during the pendency of the actions is set for the 13th inst. The question may arise as to what attitude you should take while the present injunction against you is in force.

In my opinion Mr. Ahearn has already been removed from office by virtue of the Governor's order of removal and there is an existing vacancy in that office, notwithstanding the fact that certain provisions of the statute in regard to the method of giving notice of the order have not been complied with. These provisions do not affect the validity of the removal. It follows that you should not recognize him as Borough President and that he should not be allowed to sit as a member of any Board of which the President of the Borough of Manhattan is a member.

Respectfully yours,

F. K. PENDLETON, Corporation Counsel.

Mr. John F. Ahearn—I desire to say that I dispute the right and power of the Governor of this State to remove me from office.

The Chair then read the following provision of section 383 of the Charter:

The President of a borough * * * may appoint and at pleasure remove a commissioner of public works for his borough * * * who shall, in the absence, or illness of such president, discharge all the duties of such president, * * *

—and made the following statement:

"In view of the fact that there is no provision in the Charter for the Commissioner of Public Works acting in the case of a vacancy in the office of President of a borough, the Chair is also obliged to rule that the Borough of Manhattan cannot be represented by the Commissioner of Public Works acting as President."

Mr. Ahearn then withdrew from the meeting.

New York and Port Chester Railroad Company.

By resolution adopted July 8, 1907, the public hearing on the proposed form of contract, consenting to certain modifications and alterations in the line of the route of the New York and Port Chester Railroad Company, in the Borough of The Bronx, as laid down in the contract dated May 31, 1906, granting a franchise to said company, was fixed for September 20, 1907, and on that date was continued until November 1, 1907, in consequence of an opinion of the Acting Corporation Counsel advising the Board that the injunction order entered in the action of Robinson vs. New York, Westchester and Boston Railway Company allowed the Board to continue the advertisement of the hearing, but not hold the same, and on November 1, 1907, the hearing was continued until this day.

Allen W. Wardwell of counsel for the petitioner appeared, stated the decision of the court had not as yet been rendered, and requested that the matter be laid over.

The President of the Board of Aldermen moved that the hearing be continued until January 10, 1908.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—14.

Seaboard Refrigeration Company.

The public hearing on the application of the Seaboard Refrigeration Company for certain modifications in the contract, dated June 22, 1906, granting a franchise to this company, was opened. The hearing was fixed for this day by resolution duly adopted November 1, 1907.

Affidavits of publication were received from the "Brooklyn Daily Eagle," the "Brooklyn Citizen" and the CITY RECORD.

Thomas D. Rambaut, of counsel, appeared in favor of the proposed grant.

No one appeared in opposition to same.

No one else desiring to be heard, the Chair declared the hearing closed.

The following was offered:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Seaboard Refrigeration Company the modifications of the contract dated June 22, 1906, as fully set out and described in the following form of proposed contract,

and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made the _____ day of _____, 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of the said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Seaboard Refrigeration Company, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Board did, on June 15, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the Company and the City, granting to the Company the right or franchise to construct, maintain and operate a conduit, with the necessary branches and connections therefrom, for the sole purpose of supplying refrigeration to consumers, under and along certain streets in the Borough of Brooklyn, City of New York, upon certain conditions therein fully set forth; and

Whereas, On the 6th day of July, 1906, the Acting Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the Company such right, which contract was dated the 22d day of June, 1906; and

Whereas, On September 14, 1906, November 9, 1906, April 26, 1907, and May 10, 1907, by resolutions duly adopted by the Board and subsequently approved by the Mayor, the Company was granted various extensions of time up to and including May 1, 1908, in which to comply with the provisions of "Section 2, Third," and "Section 2, Twenty-second" of the aforesaid contract; and

Whereas, The Company, in a communication dated May 3, 1907, requested that the payments provided for in "Section 2, Third" and "Section 2, Twenty-second" of the aforesaid contract be reduced; that the term of the franchise be extended; and that the various dates for the completion of a certain amount of pipe line be extended; and

Whereas, On the 1st day of November, 1907, the Board held a public hearing upon the proposed modifications, at which citizens were entitled to appear and be heard, such hearing being held after due publication; and

Whereas, On the _____ day of _____, 1907, the Board adopted a resolution consenting to certain changes and modifications in the aforesaid contract and authorizing the Mayor to execute and deliver an amended contract in accordance therewith, in the name and on behalf of the City, which resolution was approved by the Mayor on the _____ day of _____, 1907.

Now therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. All the terms, provisions and conditions contained in said contract between the City and the Company, dated June 22, 1906, shall remain unchanged and in full force and effect except the modifications hereinafter set forth, as follows:

First—Section 2, First, first paragraph, is hereby amended to read as follows:

"The said franchise, right and privilege to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessees or successors, for a term of fifteen years from the date of the signing of this modified contract by the Mayor, with the privilege of renewal of said grant for a further period of ten years, upon a fair revaluation of said franchise, right and privilege."

Second—Section 2, Third, clauses 1 and 2, is hereby amended to read as follows:

"1. Five hundred dollars (\$500) in cash within thirty (30) days after the signing of this contract.

"2. During the first five years of this contract an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

"During the second five years of this contract an annual sum which shall be in no case less than seven hundred and fifty dollars (\$750), and which shall be equal to four per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

"During the third and remaining five years of this contract an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to five per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of twelve hundred dollars (\$1,200)."

Third—Section 2, Seventh, is hereby amended by inserting the date "May 1, 1913" in place of the date "May 1, 1911" therein contained.

Fourth—Section 2, Twenty-second, is hereby amended by substituting the sum of two thousand dollars (\$2,000) for the sum of five thousand dollars (\$5,000), as herein contained.

Section 2. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in the original contract, dated June 22, 1906, fixed and contained, and as modified by this amended contract.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

Brooklyn Heights Railroad Company, as Lessee of the Brooklyn City Railroad Company, and Coney Island and Brooklyn Railroad Company, as Proprietor and Operator of the Brooklyn City and Newtown Railroad Company.

At the meeting of November 15, 1907, a communication was received from the Chief Engineer, transmitting a report from the Division of Franchises, stating the Brooklyn Heights Railroad Company, as lessee of the Brooklyn City Railroad Company, had constructed a railway track from the existing tracks of the latter company on Fulton street, across Liberty street, through private property to the property of The City of New York; there to connect with a track laid by the Coney Island and Brooklyn Railroad Company, as proprietor and operator of the Brooklyn City and Newtown Railroad Company, from that point, across the sidewalk and roadway of Washington street, connecting the easterly track of the latter company on said street. The Brooklyn Heights Railroad Company had also laid an additional track across Fulton and Liberty streets and private property to the property of The City of New York, and resolutions were thereupon adopted by the Board requiring both railroad companies to show cause on November 25, 1907, why the operation of cars over said track should not cease and such tracks be removed.

The Secretary presented the following:

THE BROOKLYN HEIGHTS RAILROAD COMPANY,
No. 85 CLINTON STREET, BROOKLYN, N. Y.,
November 21, 1907.

To the Board of Estimate and Apportionment, City of New York, Office of Secretary,
No. 277 Broadway, New York:

GENTLEMEN—Replying to the resolution passed by your Honorable Board asking the Brooklyn Heights Railroad Company, as lessee of the Brooklyn City Railroad Company, to show by what authority it has installed surface railroad tracks connecting its railroad tracks on Fulton street with tracks of the bridge railroad, on property used for bridge purposes, belonging to the City, and connecting with tracks on Washington street, would say:

Heretofore this company entered into an agreement with the Commissioner of Bridges of The City of New York, providing for the operation of the Brooklyn Bridge Railroad and for the operation of the Brooklyn Heights Railroad Company's cars for the carrying of passengers between the Boroughs of Brooklyn and Manhattan, on the property of the Brooklyn Bridge, under the jurisdiction of the Commissioner of Bridges of The City of New York. That in and by such agreement, said railroad company received from The City of New York the right to operate its cars over the bridge and bridge property for the transportation of passengers between the Borough of Brooklyn and the Borough of Manhattan, and agreed to operate sufficient cars to transport such passengers in accordance with the then and the increasing public demand. That the requirements of the public have made it necessary for the Bridge Department to rearrange the tracks, for both surface and elevated cars, and the terminals on the bridge property in Brooklyn, in order to increase facilities for the operation of cars to meet this demand, and the Bridge Department has formulated a comprehensive plan for doing this, which plan includes the connection of the tracks of the Brooklyn City Railroad Company on Fulton street near Tillary street with the tracks of the City on the bridge property.

Also, said rearrangement of tracks and the said connection with them are necessary, so that the cars passing through Livingston street, Court street and Fulton street may go on to the bridge property and pass over the Brooklyn Bridge to New York in order to decrease the congestion of cars on Fulton street, thereby subserving the very purpose for which Livingston street was widened, at great expense to the City. The Brooklyn Heights Railroad Company, at large expense, is constructing the tracks on the bridge property near Tillary street, and is expending about one hundred thousand dollars to assist the City in carrying out the said rearrangement of tracks and terminals on said bridge property.

We have thought that the right given by the Railroad Law to one railroad company to make track connections between its railroad and another railroad is so well known and well established by the courts of this State, that we are surprised to hear our authority to connect the tracks of the Brooklyn City Railroad Company with those of the City on bridge property questioned.

The making of a curve, necessary to make connections with tracks of the railroad of the Bridge Department, is only a necessary incident to the right of the railroads to be in Fulton street and on bridge property, in transporting passengers between the said Boroughs. This, under similar circumstances, was emphatically decided by Justice Wilmet M. Smith in the case of Kunz vs. Brooklyn Heights Railroad Company (25 Misc., 335), and we especially call attention to the authorities cited in this learned opinion. This case applies particularly to a surface railroad.

Among the general powers given to railroads by the Railroad Law, are those in section 5 of the Railroad Law, which reads as follows:

"Intersection of Other Railroads.—To cross, intersect, join, or unite its railroad with any other railroad before constructed, at any point on its route and upon the ground of such other railroad corporation, with the necessary turnouts, sidings, switches, and other convenience in furtherance of the objects of its connections."

The question again came up in making connection of an elevated structure of the Long Island Railroad Company with the elevated railroad on Flatbush avenue at or near the Long Island Railroad station on Flatbush avenue, in the case of Gallagher vs. Keating (27 Misc., 136). We quote the following from said case:

"To join, to unite, to connect, are synonymous terms, and may be used interchangeably in the consideration of this question. Such right so to connect, under that section, may be granted and created by written agreement, and, if the corporations are unable to agree thereon, the right to necessary intersections and connections may be compulsorily enforced by proceedings under section 12 of the Railroad Law. As was said by Mr. Justice Wilmet M. Smith, in Kunz vs. The Brooklyn Heights Railroad Company (25 Misc. Rep., 335), 'That the companies have the right to make such connections is not open to serious question. Railroad Law, Sec. 12; Buffalo, B. & L. R. Co. vs. N. Y. L. E. & W. R. R. Co., 72 Hun, 583; 25 N. Y. Supp., 263. If the tracks of the two companies were lawfully constructed, the curve is a necessary incident thereto and no further consent or authority is necessary for its construction.'"

Also, from said case we quote the following:

"The consent of the Municipality, by its Municipal Assembly, under sections 72, 73 and 74 of the Charter of The City of New York, is not a necessary prerequisite to the making of such connection or the construction of such viaduct, nor is it to the operation of the cars of one company upon the tracks of the other company, under a traffic agreement, for no new franchise is created thereby (Ingersoll vs. Nassau R. R. Co., supra), and the right to use the tracks of another company is of a contractual character. It is the power to so contract that attaches to the franchise and is the property right."

"So it follows that title 1 of chapter 3 of the New York Charter has no bearing upon this case, nor upon any of the questions presented."

"By section 524 of said Charter, the Commissioner of Highways has cognizance and control of the laying or relaying of railroad tracks in any public street, the form of rail used, character of foundation, method of construction, and the restoration of the surface of the streets after the doing of such work. There shall be no disturbance of the surface, except with his permission (section 525), hence a duty was cast upon him, but his permit creates no franchise and cannot be construed as a consent by the City."

"By the granting of the permits complained of, the Commissioner acted legally and within his authority."

This case of Gallagher vs. Keating was affirmed by both the Appellate Division and the Court of Appeals, and it has more recently been approved by the Court of Appeals, the court of last resort, in the case of Bennett vs. Long Island Railroad Company, 181 N. Y., 436.

We quote the following from The People vs. Brooklyn, F. & C. I. R. Co., 89 N. Y., 86 and 88:

"But the question now comes whether it could get there, and whether its connection with the other roads was lawful? Its main line approached the avenue nearly at right angles. By its character its terminus in Brooklyn was 'at or near Atlantic avenue.' Its line, as shown upon the map and survey filed, stopped twelve feet south of the south line of the avenue. To reach the tracks in that highway, and connect with it, what is called in railroad parlance a 'Y' was built. A double track curving to the westward was laid across the south line of the avenue and joined to the tracks in its centre, and a similar curve at the east united with the avenue rails in that direction. These connecting tracks were built by the Long Island Company, but paid for by the defendant, and were laid in pursuance of the contract between the two companies, and for the purpose of making their arrangement effectual. * * *

"It built these curves for a purpose consistent with its business and because deemed necessary to its successful conduct, and with the consent of adjoining land holders. These facts, taken in connection with the provisions of the act of 1850, which give the right to any company 'to intersect, join and unite its railroad with any other railroad before constructed, at any point upon its route, and upon the grounds of such other company, with the necessary turnouts, sidings and switches and other conveniences in furtherance of the objects of its connection' (Laws of '850, chapter 140, section 28 subdivision 6), seem to us to make it our duty to hold that these curves were authorized by the charters of the companies, and were in no just sense or respect a separate and independent road. As a consequence the objections founded upon that idea, that the curves were in excess of defendant's charter, that the Common Council did not consent, that a map of the curves was not filed, that their construction was prohibited by the charter of 1873, and that the constitutional consents were not given, seem to us without force and inapplicable to the real situation."

The President of the Borough of Brooklyn, under the Charter, has all the powers of the former Commissioner of Highways, and had the authority to grant the permit for the said connection.

We assert no right to maintain any new or different railroad on Fulton street other than the right to operate a double-track street surface railroad, but we do claim that when we make a connection with the Bridge property, or with railroad tracks on the Bridge property, at one place instead of another, under an arrangement with the proper authorities in control of the Bridge with reference to the rearrangement of tracks on the bridge, that such connection does not call for a new franchise, but is only incident to the use of the franchise rights and privileges that the railroad company has, both as a railroad company and in connection with its agreements to operate cars over the Bridge between the Boroughs of Brooklyn and Manhattan.

These turnouts and connections are of no financial benefit to the railroad company save and except as they are used in conjunction with tracks on the Bridge property, in accordance with increasing demands of the public to be transported between the Borough of Brooklyn and the Borough of Manhattan, and the public are greatly benefited by these connections.

The Coney Island and Brooklyn Railroad Company evidently has the same right to make a connection between its railroad on Washington street and the tracks of the City on Bridge property that the Brooklyn Heights Railroad Company has to connect the tracks of the Brooklyn City Railroad Company on Fulton street with said tracks. However, our operation of cars over the turnout from Bridge property to Washington street is temporary only, and by permission of the Coney Island and Brooklyn Railroad Company, during the installation and rearrangement of the tracks on the Bridge property in Brooklyn by the Bridge Department.

The right of the railroad company to use and operate over the tracks on the property of the City used for bridge purposes, is revocable by the Bridge Commissioner under agreement between the Commissioner and the various railroads which operate over the Brooklyn Bridge, on such notice as is provided therein.

If at any time the City is desirous of divesting the railroad company of the right to operate over the tracks constructed on property of the City, it has ample protection and authority under said agreement, and, by the exercise of such authority, and the termination of said agreement, and the removal of the tracks from the Bridge property, the right of the railroad company to maintain such turnouts and connection would ipso facto terminate.

Yours respectfully,

GEORGE D. YEOMANS, General Counsel.

OFFICE OF THE CONEY ISLAND AND BROOKLYN RAILROAD COMPANY,
BROOKLYN, N. Y., November 23, 1907.

To the Board of Estimate and Apportionment of The City of New York, No. 277 Broadway, New York City, N. Y.:

GENTLEMEN—The Coney Island and Brooklyn Railroad Company has received from your Secretary a certified copy of resolution adopted by your Honorable Board November 15, 1907, and directing it to show cause why the operation of cars on the track constructed on Washington street connecting its easterly track with the Brooklyn Bridge Railroad should not cease, and why the track should not be removed.

In answer, the Coney Island and Brooklyn Railroad Company respectfully shows that its railroad is operated over the Brooklyn Bridge under an agreement with The City of New York made by the Commissioner of Bridges. The track referred to in the communication of your Honorable Board is one of several tracks connecting the Coney Island and Brooklyn Railroad with the railroad over the bridge and is laid under agreement with the Commissioner of Bridges and with the approval and permit of the President of the Borough of Brooklyn.

It is respectfully submitted that the junction of two railroads to make a continuous line of travel is not the exercise of a new franchise and does not need a grant from the Board of Estimate and Apportionment.

The Coney Island and Brooklyn Railroad Company, therefore, respectfully submits that the Board of Estimate and Apportionment should not make any order in the premises.

THE CONEY ISLAND AND BROOKLYN RAILROAD COMPANY.

By JOHN L. HEINS, President.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 11, 1907.

Board of Estimate and Apportionment:

SIRS—I have received the following communication from you, dated November 29, 1907:

"I transmit herewith copy of a report dated November 12, 1907, made by the Division of Franchises, and action of the Board thereunder, on November 15, 1907, calling upon the Brooklyn Heights Railroad Company and the Coney Island and Brooklyn Railroad Company to show cause why the operation of cars over certain tracks recently laid by the said companies should not cease and the tracks be removed."

"I also enclose copies of the companies' replies and a further report from the Division of Franchises dated November 26, 1907."

"Will you kindly advise the Board on or before December 10 whether the tracks as laid by the companies are within the law, or whether the said companies should apply to the Board of Estimate and Apportionment for a franchise, pursuant to the provisions of the terms of the Charter."

"Should you decide that such tracks have been laid without authority, kindly advise the Board of the procedure necessary to secure the removal of the same."

The report of the Division of Franchises of November 26, 1907, states in part:

"In a report under date of November 12, 1907, I called attention to the action of the Brooklyn City Railroad Company and the Brooklyn City and Newtown Railroad Company in laying tracks and operating cars in Liberty street and Washington street, respectively, and stated that such track had been laid without authority of the Board of Estimate and Apportionment."

"A report was presented at the meeting of the Board on November 15, 1907, and resolutions were adopted calling upon the respective companies to show cause in writing on November 25, why such operation should not cease, the tracks be removed and the streets restored to their original condition."

"Both companies have replied—the Brooklyn Heights Railroad Company, as the lessee of the Brooklyn City Railroad Company, in a communication dated November 21, 1907, and signed by George D. Yeomans, general counsel; and the Coney Island and Brooklyn Railroad Company, as owner of the Brooklyn City and Newtown Railroad Company, in a communication dated November 23, and signed by John L. Heins, president."

Copies of the replies of the two companies in question were annexed to such report. From such replies it appears the contention of the said companies is, that the tracks complained of are used solely to connect their tracks in Washington and Fulton streets with the railroad over the bridge on the City property."

There being an apparent conflict in the statement of facts furnished by the Division of Franchises and that of the said companies as contained in such replies, I had an examination made of the situation by my office which confirms the report of the Division of Franchises. It thus appears that a single track has been laid from the tracks of the Brooklyn City Railroad Company in Fulton street, across that street and Liberty street; thence over private property of the Brooklyn Union Elevated Railroad Company, and underneath its elevated structure to property of The City of New York underneath the bridge terminal structure used for the storage of cars, and thence on Washington street connecting with the tracks of the Coney Island and Brooklyn Railroad Company on that street. A second track parallel with the first has been laid from Fulton street almost to the said City property and it is proposed to operate this track in connection with the new track to be laid on the City property. The completed track is now used as a through connection from Fulton street to Washington street."

The Coney Island and Brooklyn Railroad Company in its reply claims that its track on Washington street "is one of several tracks connecting the Coney Island and Brooklyn Railroad Company with the railroad over the bridge and is laid under agreement with the Commissioner of Bridges and with the approval and permit of the President of the Borough of Brooklyn."

The Brooklyn City Railroad Company makes similar claim as to the portion of its tracks in Fulton and Liberty streets.

It is, however, the fact that the plans of the Commissioner of Bridges to construct an incline from the terminal structure which will permit cars to descend to the street level, and to lay railroad tracks underneath such structure, have not been carried out and that at the present time there are no tracks on City property with which the tracks in question can be connected. It is, therefore, clear that whatever may be the ultimate purpose of these two companies, the tracks in question to-day are and can be used for no other purpose than that of connecting the two railroad systems on Fulton and Washington streets.

An application for such a right was made by the Brooklyn City Railroad Company to the Board of Estimate and Apportionment and granted by that body on March 16, 1906, for the term of one year. The company had previously filed its certificate of extension with the Secretary of State for this identical route. On June 8, 1906, however, the company declined to accept such permission, but failed to make any application for a franchise for a greater period of time.

Thus it is now sought to do without the permission of the Board of Estimate and Apportionment what the company by such previous application conceded required the permission of that body.

I am of the opinion that the right to connect tracks on Fulton street across Liberty street and the intervening City block with tracks on Washington street was not given either of said companies by virtue of their charters or the amendments of the Railroad Law and the consents of the local authorities thereunder and that the tracks in question are, therefore, in the City streets without legal authority. The Brooklyn City Railroad Company, as stated above, has already filed a certificate of extension for this route and upon making proper application to your Board can be given the right to operate its cars over this route.

I therefore advise you that the City is empowered to compel the said companies to remove their tracks from the streets in question, and upon failure of the companies so to do, the Borough President may be directed to remove these illegal obstructions from the streets of the City. This answers both the questions asked me in the above communication.

I have examined carefully the memoranda submitted by the two companies, but the authorities cited therein are all advanced to demonstrate the rights of the respective roads to connect with tracks on bridge property, and in my opinion are in no way controlling on the question as to the actual situation.

Inasmuch as no tracks are now constructed on the bridge property, I do not feel called upon to state my opinion as to what rights, if any, such companies would have to connect with a City railroad on the bridge property, and further, an immediate reply having been requested by your Board, it is impossible in the limited time given me to examine into all the facts pertinent to such an inquiry.

I will state, however, I have been in consultation with the Commissioner of Bridges and have examined the plans on file in his office under which, in his opinion, the present congested traffic situation will be in great part done away with. The contemplated changes are now being made and he states should be finished within six months. Under such plans many tracks will be laid and operated by the City under the present elevated structure at the place where the tracks now under discussion are laid and it is necessarily have to be made with the existing

railroads in Fulton and Washington streets. Pending completion of such improvements the said Commissioner gave the company oral permission to construct and operate a railroad across the bridge property, believing that thereby traffic conditions might be temporarily alleviated. This permission and the permit of the Borough President could give such companies no rights to the City streets, the Board may, however, take cognizance of the fact that the arrangement is but a temporary one and was authorized, even if erroneously, with the idea of benefiting the travelling public and freeing the streets from much traffic confusion. If any permission be given for the continued use of this track it should be made subject to revocation on very short notice and should in any case be limited to the completion by the bridge authorities of the contemplated terminal improvements at that point.

If it is your desire to be more fully advised in the premises before taking any action, I will be glad on request to take up for consideration all the facts bearing upon the situation.

Respectfully yours,

GEORGE L. STERLING, Acting Corporation Counsel.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 13, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On November 15 last the Board of Estimate and Apportionment adopted two resolutions calling upon the Brooklyn Heights Railroad Company and the Coney Island and Brooklyn Railroad Company to show cause why the tracks laid by the Brooklyn Heights Railroad Company on Fulton street across Liberty street and the property of The City of New York, and the tracks laid by the Coney Island and Brooklyn Railroad Company across the roadway and sidewalk of Washington street, should not be removed, there being, in the opinion of the Board, no authority for the laying of these tracks.

The two companies submitted their statements, the former company under date of November 21 and the latter company under date of November 23. The companies held that the Railroad Law gave them the right they had exercised, and stated that the work had been done under permits issued by the President of the Borough of Brooklyn. Several cases were cited to show that the right to make such connections has been established by the courts.

The answers of the two companies were submitted to the Corporation Counsel, and under date of December 11 he has advised the Board that the cases cited in the answers of the railroad companies are not similar or applicable to the particular conditions. He states that the tracks have been illegally laid, and that the companies should apply in a formal manner for the right to maintain them or they should be directed to remove them, and in case of their failure to do so that the President of the Borough may be directed to remove them as illegal obstructions.

Since this matter was taken up by the Board communications have been received from individuals and organizations pointing out that it would cause public inconvenience to insist upon the removal of these tracks and that they should be allowed to remain. It appears from the Corporation Counsel's opinion that the action of the companies in laying these tracks is illegal. The attention of the Board has already been called to the fact that the companies at one time made application for the right to construct them, but at that time the Board was enjoined from granting franchises and gave a revocable consent for one year for the laying and operating of these tracks. This consent the company refused to accept, since which time it has made no application for a franchise.

I believe that the Board will be disposed to insist that these tracks, which may be necessary for the satisfactory operation of the surface railroads through Livingston street, should be laid in accordance with law and the regulations made by the Board, and that to cause some public inconvenience would be less unfortunate than to countenance illegal action on the part of the railroad company. A resolution has therefore been prepared and is herewith submitted to the Board for its consideration, calling upon the companies to make application within ten days to maintain and operate these tracks.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Resolved, That the Brooklyn City Railroad Company be and it is hereby directed to present an application to this Board within ten days after the date of the adoption of this resolution, praying for the right to maintain and operate the tracks constructed and in operation on Fulton street, near Tillary, connecting with the existing tracks of the Brooklyn City Railroad Company at this point, and proceeding upon and across Fulton and Liberty streets and across private property and the property of The City of New York; and be it further

Resolved, That the Coney Island and Brooklyn Railroad Company be and it hereby is directed to present an application to this Board within ten days after the date of the

adoption of this resolution, praying for the right to maintain and operate the single track constructed and in operation connecting with the easterly existing track of the Brooklyn City and Newtown Railroad Company on Washington street, and proceeding over the roadway and sidewalk of Washington street and upon property of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—14.

Brooklyn, Queens County and Suburban Railroad Company.

In the matter of the application of the Brooklyn, Queens County and Suburban Railroad Company for a franchise to construct, maintain and operate a double track street surface railroad from the intersection of the existing tracks of the company at Metropolitan avenue and Dry Harbor road, in the Borough of Queens, upon and along Metropolitan avenue and Jamaica plank road, there to connect the existing tracks on such street and also to connect the existing tracks on Dry Harbor road.

This petition was presented to the Board at its meeting of September 20, 1907, and referred to the Chief Engineer.

Public hearing was had November 15, 1907.

The Secretary presented the following:

REPORT No. F-67.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 10, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of September 19, 1907, the Brooklyn, Queens County and Suburban Railroad Company applied for a franchise to construct and operate a double-track surface railroad on Metropolitan avenue, from Dry Harbor road to the Jamaica plank road, in the Borough of Queens. On November 15 the Board gave a preliminary hearing, at which time a number of citizens appeared in favor of the proposed franchise, and others opposed it. As there were certain questions which it was necessary for the Corporation Counsel to pass upon before the Board could take action, the matter was referred back to the Chief Engineer.

The investigations into the needs of the locality and the conditions under which it would probably be wise to grant a franchise have been completed and are embodied in a report from the Engineer in charge of the Division of Franchises, which is herewith submitted, together with a proposed form of contract covering such a franchise. The principal features brought out in this report and incorporated in the proposed contract are as follows:

Free transfers to be given to both lines with which the proposed tracks would connect, as well as all intersecting lines, and the prohibition of the collection of a second five cent fare on any of the lines operated and controlled by the Brooklyn Rapid Transit system in the Borough of Queens. This might be made to apply to the Flushing and the North Beach lines, upon which a second fare is now collected before the cars reach their destination. In view of the numerous complaints recently made concerning the unreasonable use of the tracks of this company for the transportation of freight, ashes, etc., it is suggested that the franchise, if granted, be limited to the transportation of passengers only.

The proposed contract requires that feed wires shall be placed in conduits beneath the surface at any time upon six months' notice from the Board of Estimate and Apportionment, and it also provides that all overhead wires shall be placed underground within one year, upon notice by the Board of Estimate and Apportionment. It will probably be a number of years before such action will be necessary, but this provision has been inserted in all recent franchises granted in the Boroughs of Brooklyn and The Bronx. The contract also provides that the company shall make such payments to the City as are required by its franchise and the Railroad Law, not only on these lines, but on all other lines in the Borough of Queens. The payments specified for the new line are as follows:

Initial payment \$5,000.

For the first five years, 3 per cent. of the gross receipts.

For the next ten years, 5 per cent. of the gross receipts.

For the next ten years, 6 per cent. of the gross receipts.

Minimum annual payments are also provided, computed in accordance with the Railroad Law, on the basis of reports made by the companies, as follows:

For the first five years, \$4,800.

For the second five years, \$8,800.

For the third five years, \$9,700.

For the fourth five years, \$12,800.

For the fifth five years, \$15,000.

The proposed term of the franchise is twenty-five years, with provision for a renewal for a similar period. All of the other provisions are similar to those recently incorporated in surface railway franchises.

Should the Board decide to grant a franchise, it is recommended that the proposed agreement be referred to the Corporation Counsel and be spread upon the minutes, and that a date be fixed for a final hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, NO. 277 BROADWAY,
December 10, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—The Brooklyn, Queens County and Suburban Railroad Company (hereinafter referred to as the Suburban Company), under date of September 19, 1907, petitioned the Board of Estimate and Apportionment for the grant of a franchise to construct, maintain and operate a double track street surface railroad in the former towns of Newtown and Jamaica, now known as the Second and Fifth Wards of the Borough of Queens, upon Metropolitan avenue, from the intersection of Metropolitan avenue and Dry Harbor road to the intersection of Metropolitan avenue and Jamaica Plank road, otherwise known as Fulton street, with the right to connect with existing tracks on Jamaica Plank road, and with existing tracks on Metropolitan avenue at Dry Harbor road. The route and connections are shown upon a map and plan accompanying the petition, which map is entitled: "Map showing proposed extension in the routes of the Brooklyn, Queens County and Suburban Railroad, in the Borough of Queens, to accompany petition to the Board of Estimate and Apportionment, dated September 19, 1907," signed and approved by T. S. Williams, Vice-President, and W. S. Menden, Chief Engineer. The length of the route applied for is approximately three miles.

The petition was presented to the Board at a meeting of September 20, 1907, and referred to the Chief Engineer. At a meeting held October 18, 1907, the Board adopted a resolution fixing November 15, 1907, as the date for the preliminary public hearing. The public hearing was duly held on that date. There appeared in opposition Mr. T. E. Hodgkins, on behalf of property owners of Richmond Hill, who filed a protest with seven signatures, giving reasons for their objection to granting the franchise, as follows:

First—The avenue is protected against surface railroads by an act of the Legislature.

Second—The signers of the protest have never consented as owners of the abutting property of the granting of a franchise, or the construction of a railroad.

Third—The protestants object to the granting of a franchise until the necessary consents required by law have been obtained and filed, and especially to granting of a franchise conditional upon the obtaining of the consents, for the reason that such a franchise would cast a cloud upon their property, and prevent its sale at fair value.

Fourth—The effect of the construction of the railway will be the delivery upon or alongside the property of the protestants of a large number of excursionists who will trespass upon such property, thus causing annoyance and damage, and necessitate additional police protection.

Fifth—The railroad is unnecessary as ample facilities are afforded in Jamaica and all parts of Brooklyn by other lines already established, and more convenient of use.

Sixth—Metropolitan avenue is the principal thoroughfare for market wagons, and is also largely used by automobiles; construction of an electric railroad upon the avenue would interfere with its present use, and would cause congestion thereon.

Seventh—The construction of the line will be of no utility to the residents along the avenue, but on the contrary will be highly detrimental to their interests, inasmuch as the Richmond Hill section is fully developed as the residential section and the railroad would depreciate the value of abutting property.

Eighth—The construction of the railroad will under such conditions make the property unavailable for residences and unsalable for such purposes.

Ninth—There is no public demand for the road.

There also appeared in opposition Mr. A. D. Man.

Appearing in favor of the grant were: Mr. John Adikes, representing the Fourth Ward Allied Civic Associations and the Jamaica Citizens' Association; Mr. Cord Meyer, Rev. Edward M. McGuffey, of St. James Church, Newtown; Mr. William F. Wyckoff and Mr. A. M. Williams of counsel for the Suburban Company.

Mr. Wyckoff stated that he appeared for two clients owning or representing about 105 acres of land abutting on Metropolitan avenue and for fourteen other clients owning or representing land of an estimated value of about \$163,000. He urged the granting of the franchise as desirable on account of its furnishing a direct route from Richmond Hill to the Williamsburg Bridge.

At the close of the hearing, the matter was again referred to the Chief Engineer.

One of the reasons for the objection to the construction of the extension, as set forth in the protest filed with the Board at the public hearing, was that the avenue is protected against surface railroads by an act of the Legislature. The act referred to is chapter 686 of the Laws of 1894, as amended.

Under date of November 23, 1907, I addressed to you a communication stating that this law had been referred to at the public hearing, and suggested that the question be referred to the Corporation Counsel for his opinion as to whether the act prohibits the granting of a franchise on Metropolitan avenue. The matter was subsequently referred to the Corporation Counsel, and as yet no reply has been received.

In regard to the property owners' consents referred to in the protest filed with the Board, I would say that a communication was addressed to the Suburban Company, requesting a statement as to the property owners' consents obtained upon the route.

Under date of November 16, 1907, Mr. T. S. Williams, Vice-President of the Company, in reply states that the consent of one-half of value of the abutting property between St. John's cemetery and Jamaica avenue were obtained in 1891, others were obtained in 1894. The assessed valuation of that portion of the avenue for 1906 was \$195,770; the consents obtained aggregate \$93,300; according to these figures, therefore, one-half the consents, as based upon the value of the property as given in the assessment roll for 1906, were not obtained.

Object of the Extension.

The proposed extension connects the lines of the Suburban Company, now operating on Metropolitan avenue, from the Broadway ferry, Brooklyn, to Dry Harbor road, and the existing line of the company upon Jamaica plank road, or Fulton street, in the Village of Jamaica, which lines connect with lines extending from other points in Brooklyn. By the construction of this extension with the proposed connections a through line will be provided from the Broadway ferry, in the Williamsburg district, to points in Richmond Hill and Jamaica. The only existing line in this territory is the Myrtle avenue line, of the Brooklyn City Railroad Company, which practically parallels the proposed Metropolitan avenue extension at an approximate distance therefrom of from 2,300 to 3,600 feet.

From Dry Harbor road to Union turnpike, approximately one-half the total length of the proposed extension, there is little development at the present time; between Union turnpike and Jamaica avenue there has been developed a high-class residential section. The object of the extension, therefore, is no doubt to develop the section between Dry Harbor road and Union turnpike and provide direct railway facilities to the more densely populated sections in the Williamsburg district.

Other Lines Operating in the Borough of Queens.

Other street railways operating in the Borough of Queens are:

First—New York and Queens County Railway Company, owned by the Interborough Rapid Transit Railroad Company, and operating several lines between Long Island City and various sections in the northern portion of the borough, such as Astoria, Steinway, North Beach, College Point, a Flushing line between Long Island City and Middle Village, and a line from Flushing to Jamaica. The total length of the routes operated by this company is about forty miles.

Second—The New York and Long Island Traction Company and the New York Electric Railway Company, both of which are owned jointly by the Interborough Rapid Transit Company and the Long Island Railroad Company. They operate lines in the southern portion of the borough, the principal lines of which are through Woodhaven, Richmond Hill, Jamaica and Queens, from the Borough of Brooklyn to the city line, and a line from Jamaica to Far Rockaway. The length of the routes operated by the former company is about thirty miles and the length of the routes operated by the latter company is about seventeen miles.

Third—The Brooklyn City Railway Company. This company is leased to the Brooklyn Heights Railroad Company, which latter company is controlled by the Brooklyn Rapid Transit Company through ownership of stock. The lines of the Brooklyn City Railway which are operated by the Brooklyn Heights Railroad Company lying wholly or in part in the Borough of Queens are as follows:

(a) Flushing Avenue Line—From the Borough of Manhattan by way of the Brooklyn Bridge, Sands street, Hudson avenue, Flushing avenue and Grand street to Fisk avenue, Maspeth, and returning by way of Grand street, Flushing avenue, Navy and Sands streets.

(b) Grand Street Line—From Delancey street, Manhattan, over the Williamsburg Bridge to Havemeyer street, to South Fourth street, to Marcy avenue, to Grand street, to Maspeth. This line also operates cars beyond Maspeth to North Beach by way of Grand street, Junction avenue and Bowery Bay road.

(c) Myrtle Avenue Line (Richmond Hill Branch)—Over Myrtle avenue from Wyckoff avenue, Ridgewood, to Market street, Richmond Hill.

(d) Cypress Hills Line—On Cypress avenue, from Myrtle avenue to Cypress Hills Cemetery.

(e) Flushing-Ridgewood Line—From Fresh Pond station to Flushing over Fresh Pond road, Flushing avenue and Strong's Causeway to the intersection of Maine street and Bradford avenue.

(f) Calvary Cemetery Line—From the Greenpoint ferry, along and over Greenpoint avenue to Calvary Cemetery.

The Lines and Franchises of the Applicant Company Within the Borough of Queens.

The lines operated by the Suburban Company in the Borough of Queens are the two which it is proposed to connect by the extension applied for; the first of these is the Metropolitan avenue line, which runs from Broadway ferry through Kent avenue, Grand street and Metropolitan avenue to Dry Harbor road, at which latter point it is proposed to connect the tracks of the extension; the second one is the Jamaica avenue line, which runs from the intersection of Jamaica and Crescent avenues, in the Borough of Brooklyn, to the intersection of Fulton and Canal streets, in Jamaica.

The franchise on Metropolitan avenue seems to have been granted to two different companies; one was to the Grand street and Newtown Railroad Company, by chapter 462 of the Laws of 1860, which authorized the formation of this company and gave the right to construct a street surface railroad upon certain routes named in the act. The company on August 18, 1860, filed its articles of association. Later, by chapter 746 of the Laws of 1870, this company was given the right to construct a street surface railroad upon Metropolitan avenue to the Lutheran Cemetery. A portion of the railroad of this company constructed on Metropolitan avenue from Grand street, in the City of Brooklyn, to Lutheran

Cemetery and Middle Village, in Queens County, was conveyed by deed on April 4, 1873, to the North Second Street and Middle Village Railroad Company.

The other company receiving a franchise upon Metropolitan avenue was the Metropolitan Railroad Company. This company filed its articles of association on December 3, 1863, pursuant to the Railroad Law of 1850. A franchise was granted by the Common Council of the City of Brooklyn in 1863, and the Legislature, by chapter 910 of 1866, authorized the company to construct and operate a single or double track horse railroad upon various streets in the City of Brooklyn, and upon Metropolitan avenue to the city line, and further authorized the company to extend its line along Metropolitan avenue to Fresh Ponds and Lutheran Cemetery, in the County of Queens. The Metropolitan Railroad Company was later reorganized under the name of the Grand Street Ferry and Middle Village Railroad Company, which company filed its articles of association on June 3, 1869, and in 1870 the franchises and property of the latter company were conveyed to the North Second Street and Middle Village Railroad Company. It should be noted that both franchises—that is, the one originally granted to the Grand Street and Newtown Railroad Company and the one originally granted to the Metropolitan Railroad Company—became the property of the North Second Street and Middle Village Railroad Company. This latter company was twice sold under foreclosure proceedings, passing through the Brooklyn, Bushwick and Queens County Railroad Company, and finally, on September 10, 1892, becoming the property of the Broadway Ferry and Metropolitan Avenue Railroad Company, which was merged with the Suburban Company on January 16, 1894.

The authority for the existing tracks of the Suburban Company on Jamaica avenue, with which it is proposed to connect the extension now applied for, was a franchise originally granted by the Legislature by chapter 507 of the Laws of 1863. This act incorporated the East New York and Jamaica Bay Railroad Company; it gave the company the general power and privileges of turnpike companies, and authorized the laying of rails for the passage of horse cars on each side of the road, known as the Jamaica and Brooklyn Plank road, from the intersection of the Brooklyn City line and Fulton street to any point in the Village of Jamaica. This company was sold under foreclosure and consolidated with other companies, passing through the Jamaica, Woodhaven and Brooklyn Railroad Company, and the Jamaica and Brooklyn Plank Road Company; the latter company was merged with the Suburban Company on January 16, 1894.

Brooklyn, Queens County and Suburban Company.

This company filed its certificate of incorporation under the General Railroad Law with the Secretary of State, on November 24, 1893, for the purpose of building, maintaining and operating a street surface railroad in the County of Queens upon Dry Harbor road, Juniper Swamp road, and other streets from Metropolitan avenue to Strong's Causeway, and upon Metropolitan avenue from Dry Harbor road to the line between the towns of Jamaica and Newtown.

A franchise was granted to the company on December 15, 1893 by the Commissioners of Highways of the Town of Newtown for the right to construct and operate a single or double track street surface railroad to be operated by some power other than steam upon the routes named in the certificate of incorporation, "upon the express condition that the provisions of Article IV. of the Railroad Law pertinent thereto shall be complied with."

The Suburban Company was leased to the Brooklyn Heights Railroad Company on July 1, 1898, for one year, which lease was renewed from year to year. On July 1, 1901, the lease expired and the company since that time has been a separate operating company. All the capital stock of the Suburban Company is owned by the Brooklyn Rapid Transit Company, which latter company owns all the street railways in the Borough of Brooklyn, with the exception of the system operated by the Coney Island and Brooklyn Railroad Company.

Metropolitan Avenue.

Metropolitan avenue was originally laid out and opened by the Williamsburg Turnpike Road and Bridge Company, pursuant to chapter 39 of the Laws of 1814, incorporating said company. "For the purpose of making a turnpike road from Williamsburg in the County of Kings on the East river, to the place where the Newtown road falls in with and intersects the Brooklyn, Jamaica and Flatbush Turnpike road near the Village of Jamaica."

Chapter 760 of the Laws of 1872, provided for the improvement of this highway from Bushwick avenue, in the City of Brooklyn, to Union turnpike in the Town of Newtown, by Commissioners to be appointed by the Supreme Court, and for the payment for property taken for such improvement. Upon the confirmation of their report, the lands for which awards were made were to become vested in the City of Brooklyn, and the Town of Newtown. The said Commissioners in a report dated July 5, 1872, and confirmed by the Supreme Court July 22, 1872, stated that the sole award made by them under the said act was to the Williamsburg and Jamaica Turnpike Company in the sum of \$15,000. As laid out under the act of 1814 Metropolitan avenue was 66 feet in width, and is so shown on the present maps of Queens Borough.

On a map now before the Board for its consideration, it is proposed to widen the avenue to 100 feet.

The portion of Metropolitan avenue from the Brooklyn City line to Dry Harbor road, over which the Suburban Company is now operating, is paved with wood block and asphalt with a granite block permanent between the tracks. From Dry Harbor road to Jamaica avenue it is a macadamized or partially macadamized road in fair condition, having a travelled roadbed varying from 25 to 35 feet in width.

Former Grants Claimed on Metropolitan Avenue.

In December, 1896, the Suburban Company made application to the Deputy Commissioner of Water Supply, Gas and Electricity for the Borough of Queens, for permission to construct a pole line and string wires on Metropolitan avenue, from Dry Harbor road to the dividing line between the towns of Newtown and Jamaica, for the purpose of operating a new trolley line, and for permission to construct a pole line and string feed wires on Metropolitan avenue, in Richmond Hill, from the Newtown town line to Ward street, and on Ward street from Metropolitan avenue to Jamaica avenue.

Under date of December 12, 1896, these applications were referred by the Commissioner of Water Supply, Gas and Electricity to the Corporation Counsel, with a request to be advised as to the Suburban Company's right to the permits applied for, and as to whether the company is obliged to file a certificate with the State Board of Railroad Commissioners for authority to operate street railways by electric power.

Various documents in support of its right to the privilege applied for were transmitted with the applications by the Suburban Company, among them the consents of the Highway Commissioners of the Town of Newtown to the Brooklyn, Bushwick and Queens County Railroad Company April 18, 1891, and to the Suburban Company December 15, 1893, already referred to.

The Corporation Counsel under date of June 25, 1907, rendered an opinion in this matter, in which in reference to the application for permission to erect poles and string wires on Metropolitan avenue he said:

"It is, therefore, my opinion that if any rights were legally granted the Brooklyn, Bushwick and Queens County Railroad Company, or of any of its constituent companies, all of which rights have, it is claimed, been taken over by the applicant company, they have become void and inoperative as to the route in question by the operation of section 5 of the Railroad Law, and it is therefore impossible for you legally to grant the permit applied for."

And in specifically speaking of the consent granted December 15, 1893, by the Commissioners of Highways of the Town of Newtown, he further said:

"In this case it would appear that, as the five-year period provided for in section 5 of the Railroad Law, during which the company must commence construction and expend 10 per cent. of its capital, expired on November 22, 1896, the corporate existence and powers of such company as to such route had ceased, and with it the consent of the local authorities. This applies quite irrespective of what the company may have done by way of construction or operation on any other route * * * I am of the opinion that * * * the corporate existence and powers of such company have ceased, and the company has no authority to construct and operate the line in question, and in consequence, no company now exists to whom a permit as applied for could be issued."

In relation to the application for permission to erect poles and string wires on Metropolitan avenue from the town line to Ward street and on Ward street, the opinion holds that inasmuch as it appears that no consents had ever been obtained from the authorities of the former town of Jamaica for the use of these streets "No authority

exists under which the said permits could be granted by your department to erect poles and string wires on these streets."

It would, therefore, seem that the former grant upon Metropolitan avenue has become null and void.

Transfers and Double Fare.

In a reply to a communication of this division to the President of the Borough of Queens asking to be advised whether there were any special conditions which should be imposed in a franchise to the Suburban Company for the extension applied for, that official states:

"The construction of this route would tend to aid in the developing of a large amount of what is now vacant property, and in addition will benefit the general public by shortening the running time between Manhattan and Jamaica.

"In my opinion one of the conditions of the franchise should be to compel the railroad company to give transfers at all intersecting points going east and west."

Generally speaking, the several companies which are owned, operated or controlled by the Brooklyn Rapid Transit Company do not exchange transfers at all points of intersection of lines of one company with those of another company, though transfers are exchanged at all points where the lines of one company intersect other lines of the same company. The proposed extension does not intersect any existing line, but only connects with two existing lines of the Suburban Company; that is, one on Metropolitan avenue, connection to be made at Dry Harbor road, and the other on Jamaica avenue (Fulton street), the connection to be made at Metropolitan avenue.

However, should the proposed extension be operated as an extension to what is now known as the Metropolitan Line, the cars of such route would cross other street surface railways at Fresh Pond road, Flushing avenue and Grand street, and several other lines in the Williamsburg district, in the Borough of Brooklyn. Beside these intersections there is an existing station of the Myrtle avenue elevated line at Lutheran Cemetery, and a connection has recently been made between the tracks on Metropolitan avenue and those of the Myrtle avenue line.

The existing lines operated on Grand street or on Flushing avenue are operated from either the New York and Brooklyn Bridge or the Williamsburg Bridge to points in the Borough of Queens, some of the cars running as far as North Beach, at Bowery Bay, and connecting with cars which run to Flushing. Transfers are exchanged between the Metropolitan avenue line and the Grand street line, but no transfers are exchanged at the intersection of Metropolitan avenue and Flushing avenue. The railways in both Grand street and Flushing avenue are the properties of the Brooklyn City Railroad Company, and are leased to and operated by the Brooklyn Heights Railroad Company, which latter company is owned by the Brooklyn Rapid Transit Company.

It appears to be desirable that transfers be exchanged between the Metropolitan avenue line and lines leading into the Borough of Queens, and I would therefore suggest that a condition be inserted in the contract requiring the issuance of such transfers.

There exists a station at Lutheran Cemetery from which cars are operated to the Myrtle avenue railroad at Ridgewood. At Ridgewood transfers are issued to the elevated railroad, which entitle a passenger to ride to either the New York and Brooklyn Bridge or to the Williamsburg Bridge. If transfers were exchanged between the Metropolitan avenue line and this station at Lutheran Cemetery a passenger would be able to reach Manhattan by the way of either the New York and Brooklyn Bridge or the Williamsburg Bridge in much less time than that which would be required if the street surface cars only were used to reach the same points. Transfers at this point would, therefore, be a great convenience to those living in the vicinity of Metropolitan avenue, and, of course, would relieve street surface railway congestion to some extent.

The Jamaica Citizens' Association has addressed a letter to the Board, dated November 22, 1907, in regard to the proposed extension upon Metropolitan avenue, and requests the City to require the giving of transfers at this point.

I believe transfers are desirable at all the intersecting points above referred to, and that the issuance of such transfers would not entitle a passenger to ride for a greater distance than that over which passengers are carried for a single fare of five cents in many portions of the Borough of Brooklyn. It is recommended, therefore, that the Suburban Company be required by the terms of the contract to issue transfers to all lines intersecting and connecting with the Metropolitan avenue line in the Borough of Queens.

Since the lines to which transfers should be given pursuant to such a condition are owned or operated by companies other than the Suburban Company which are a part of the Brooklyn Rapid Transit system, it is suggested that such companies be made parties to the agreement, and that they be required by the terms of the same to issue transfers at all intersecting points upon Metropolitan avenue which shall entitle such passengers to a continuous ride upon the Metropolitan avenue line. Both of such provisions should require transfers to be given at Lutheran Cemetery to and from the railway between Lutheran Cemetery and the Myrtle avenue railroad at Ridgewood.

I wish also to call your attention to certain lines of the Brooklyn City Railroad Company operating over the railway on Flushing avenue and Grand street upon which two fares are charged. Two lines are operated between points in Brooklyn and North Beach. One of these runs from the New York side of the New York and Brooklyn Bridge over the bridge, and upon various streets in the Borough of Brooklyn, and Flushing avenue, Grand street, Union avenue and Junction avenue, in the Borough of Queens, to North Beach. This line is known as the Flushing avenue line. The other line is that known as the Grand street line, beginning at Delancey street, in the Borough of Manhattan, across the Williamsburg Bridge, thence through various streets in the Borough of Brooklyn and Grand street, Union avenue and Junction avenue in the Borough of Queens, to North Beach. The routes of these two lines are the same between the junction of Flushing avenue and Grand street and North Beach. Some of the cars operating on these routes to points from Brooklyn run only as far as Maspeth, at which point transfers are issued for a continuing trip toward North Beach; a second fare, however, of five cents is collected about Jackson avenue, so that two fares are required by the company for a continuous trip. A line is also operated between the Village of Flushing and Maspeth upon which a passenger from points in Brooklyn receives a continuing trip transfer at Maspeth upon this line; a second fare is collected at Corona Heights, thus making two fares to reach Flushing from points in Brooklyn.

Two fares are also charged for a continuous ride between Flushing and North Beach. I have examined the franchise rights for these lines in the Borough of Queens, and am unable to find that any such franchises contained any provision authorizing the exaction of a second fare. In fact one franchise which authorizes the construction of a portion of the line granted by the Town Board of Newtown on December 19, 1892, was granted upon the express condition that not more than five cents should be charged for a continuous ride in the Town of Newtown, and if the conditions of the grant were not carried out, the consent would become null and void. The provisions of the Railroad Law also seem to prohibit the collection of a fare exceeding five cents for a continuous ride, and it appears that the company may be violating such provision by charging two fares. If this case comes clearly within the meaning of the Railroad Law, that law would be sufficient to prevent the collection of more than one fare. However, in order to get a universal transfer system for one fare in the Borough of Queens, it would seem best that a provision prohibiting the charging of a second fare be inserted in any contract granting further rights to any company of the Brooklyn Rapid Transit system. I would, therefore, suggest that the Brooklyn City Railroad Company, which company operates and owns the railway upon which a second fare is charged, and the Brooklyn Heights Railroad Company, which company operates the railway of the Brooklyn Rapid Transit Company, which owns the Brooklyn Heights Railroad Company, all be made parties to the agreement, in so far as this condition is concerned.

Extension to be Used for Passenger Service Only—Great annoyance has been caused by some of the street surface lines in the Borough of Brooklyn by the carrying of freight in cars. This practice during the day serves to add to the congestion of traffic existing on certain streets, and if carried on at night increases the number of cars passing through residential districts.

As before stated, the portion of Metropolitan avenue upon which the abutting property is developed, is entirely residential in character, and no doubt the remaining undeveloped portion will be also residential. It is, therefore, suggested that the franchise for this extension be limited to the operation of passenger cars only and

that a condition be inserted prohibiting the use of freight cars upon any portion of the route authorized.

Wires and Conduits—Inasmuch as a large portion of the abutting property on Metropolitan avenue is undeveloped, it does not seem necessary to require the company to place feed wires in conduits at present.

It is recommended, however, that a clause be inserted in the contract, reserving to the Board the authority to require the company upon six months' notice to remove any or all of its feed wires or other wires used in the operation of the railway, with the exception of the overhead trolley wires, and place the same in conduits underneath or alongside the railway tracks.

Paving of Streets—Metropolitan avenue, between Dry Harbor road and Jamaica avenue is an unpaved street. Before a street surface railroad operates over this portion of the street, there should be some form of pavement other than macadam.

The President of the Borough of Queens in communications dated September 30 and November 14, 1907, replying to inquiries from this office, states that a plan for the paving of the roadway in this street for a width of 30 feet with either brick or granite block has been under consideration for the past two years. The presence of street railroad tracks will emphasize the necessity for this improvement, and it would seem no more than equitable that the railroad company should assume its proportional share of the expense. I would, therefore, suggest that the Suburban Company be required by the terms of the franchise, to pave the portion between its tracks and two feet outside thereof. The work to be done under the supervision of the Borough President, and the character of the pavement to be designated by him. Such a clause has been inserted in the proposed form of contract attached hereto.

Underground System—There is no necessity at the present time for the operation of this road by the underground system; such construction in the section through which the road is to run would be uncalled for, and involve an unnecessary expense. I believe, however, that the Board may properly reserve the right to cause the removal of all wires from above the surface of the street, thus compelling the adoption of the underground system at any time upon one year's notice during the term of the contract, should such construction seem advisable and necessary.

This condition was recommended in the reports upon the applications of the New York and Queens County Railway Company, and the Queens Borough Street Railway Company, and is similar to that used in the franchise to the New York City Interborough Railway Company. Accordingly, it is recommended that a similar clause be inserted in the contract to the Suburban Company.

Compensation.

An examination of the City's receipts from railroad companies since January 1, 1898, does not disclose any payments by the Suburban Company for cars operated in the Borough of Queens, although for cars operated in the Borough of Brooklyn, car license fees at the rate of \$20 per car have been paid upon the average number of cars run in that borough.

The Railroad Law, section 95, is specific in regard to payments to be made by street surface railroads constructing or operating pursuant to the provisions of chapter 252 of the Laws of 1884, and under date of November 2, you submitted the question of the liability of the Suburban Company for such payments to the Corporation Counsel, and he has advised that the company is liable for such payments.

I, therefore, believe that a clause should be inserted in the contract for this extension, by which the Suburban Company will bind itself to pay the 5 per cent. of its gross receipts upon its existing lines.

For compensation for the franchise applied for, I would suggest for the first fifteen years the percentage of the gross receipts be the minimum required by the Railroad Law, that is 3 per cent. for the first five years, 5 per cent. for the succeeding ten years and for the remaining ten years I would suggest 6 per cent. of the gross receipts. For the initial sum I would recommend \$5,000.

Minimum sums should be required to be paid annually, fixed upon the basis of the present earnings of the company, and the length of the extension applied for, using the method outlined in the Railroad Law for computing percentages for extensions. Upon this calculation, I have arrived at the following:

For the first five years.....	\$4,800 00
For the second five years.....	8,800 00
For the third five years.....	9,700 00
For the fourth five years.....	12,800 00
For the fifth five years.....	15,000 00

For a security deposit to insure the faithful performance of the terms and conditions of the contract, I would recommend that \$10,000 in either money or securities be required and deposited with the Comptroller within thirty days of the signing of the contract by the Mayor.

Other Conditions.

The contract is drawn to provide for a term of twenty-five years, with the privilege of renewal for a further term of twenty-five years.

In answer to an inquiry from this office, the Commissioner of Water Supply, Gas and Electricity, under date of October 1, 1907, states that "The Department has no objection to offer to the granting of the franchise for the building of this railroad, and asks for no special conditions under which the work shall be done, further than the electrical appliances and equipment shall be of a standard and placed in a manner satisfactory to and in accordance with the established rules of this department."

This condition is, I think, amply covered by the usual clause in the form of contract placing the construction and operation of the road under the control of all authorities of the City having jurisdiction under the provisions of the City Charter.

The other conditions proposed and inserted in the proposed form of contract which is appended are those which have been employed in former grants to street surface railroad companies, and need, therefore, no discussion.

Should the Board be inclined to grant a franchise upon the conditions proposed, or should amend the same, I would suggest that since one public hearing has been held, the proposed form of contract be referred to the Corporation Counsel for his approval as to form or that he may incorporate therein such matters as he may deem necessary to fully protect the interests of the City, after which the contract should be placed upon the minutes of the Board for thirty days before final action can be taken.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Synopsis of Provisions of Contract.

Section 1. Grant of right to Suburban Company. Description of route and map referred to.

Section 2. Conditions for Suburban Company:

First—Consent of property owners must be obtained within six months or an appeal must be made to the court within two months thereafter; otherwise rights cease.

Second—Term twenty-five years; renewal twenty-five years, upon revaluation and appraisal.

Third—Compensation to be paid to the City; payments not to be considered a tax.

Fourth—Upon termination of contract property in the streets to become the City's without cost. City may purchase property not in streets and can cause the property in streets to be removed by Company.

Fifth—Annual charges to be maintained throughout the term of contract.

Sixth—Rights not to be assigned.

Seventh—City has right to grant similar privileges. Tracks may be used by other companies upon compensation to the Suburban Company.

Eighth—The railway to be operated by overhead electric power. Board reserves power to compel operation by underground system.

Ninth—The Board reserves the right to require all wires for the transmission of power, except trolley wires, to be placed in conduits.

Tenth—Commencement and completion of railroad.

Eleventh—Construction under control of City authorities.

Section 5. The Company agrees to abide by all terms and conditions.

BROOKLYN, QUEENS COUNTY AND SUBURBAN RAILROAD COMPANY.

Proposed Form of Contract.

This contract, made this _____ day of _____, 190____, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board); the Brooklyn, Queens County and Suburban Railroad Company, incorporated for the purpose of building, maintaining and operating a railroad (hereinafter called the Company), party of the second part; the Brooklyn Rapid Transit Company, incorporated for the purpose of constructing railways, owning stocks and bonds of railroad corporations and other similar purposes (hereinafter called the Transit Company); the Brooklyn Heights Railroad Company, incorporated for the purpose of constructing railways and holding stocks and bonds of railroad corporations (hereinafter called the Heights Company), and the Brooklyn City Railroad Company, a railroad corporation (hereinafter called the Brooklyn Company), parties of the third part; Witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railroad by the overhead electric system similar to that now used by the Company in the Borough of Queens, with the necessary wires and equipment, for the purpose of conveying persons only in the Borough of Queens, in The City of New York, upon the following routes:

Commencing at the intersection of Metropolitan avenue and Dry Harbor road, thence easterly in and upon Metropolitan avenue to a point where said Metropolitan avenue intersects the Jamaica plank road, in the Village of Jamaica, together with the right to connect the aforesaid tracks with the existing tracks of the petitioner on Jamaica plank road.

The said route and connections hereby authorized are more particularly shown upon a map entitled: "Map showing the proposed extension in the routes of the Brooklyn, Queens County and Suburban Railroad, in the Borough of Queens, to accompany petition to the Board of Estimate and Apportionment, dated September 19, 1907," signed and approved by T. S. Williams, Vice-President, and W. S. Menden, Chief Engineer, which map is attached hereto, is made a part of this franchise, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches, crossovers and spurs which are consistent with the foregoing description, and the other provisions of this franchise may be permitted by resolution of the Board of Estimate and Apportionment.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within six months of the signing of this contract by the Mayor and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Company shall, within two months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double-track street surface railroad, as herein described, shall be held and enjoyed by the Company, its successors or assigns, for the term of twenty-five (25) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation and such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination

of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company, its successors or assigns, shall pay to the City for this privilege the following sums of money:

The sum of five thousand dollars (\$5,000) in cash, within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years an annual sum which shall in no case be less than four thousand eight hundred dollars (\$4,800), and which shall be equal to 3 per cent. of the gross annual receipts of the railway constructed under this contract, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of four thousand eight hundred dollars (\$4,800).

During the second five years an annual sum which shall in no case be less than eight thousand eight hundred dollars (\$8,800), and which shall be equal to 5 per cent. of the gross annual receipts of the railway so constructed under this contract, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of eight thousand eight hundred dollars (\$8,800).

During the third five years an annual sum which shall in no case be less than nine thousand seven hundred dollars (\$9,700), and which shall be equal to 5 per cent. of the gross annual receipts of the railway constructed under this contract, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of nine thousand seven hundred dollars (\$9,700).

During the fourth five years an annual sum which shall in no case be less than twelve thousand eight hundred (\$12,800), and which shall be equal to 6 per cent. of the gross annual receipts of the railway so constructed under this contract, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of twelve thousand eight hundred dollars (\$12,800).

During the remaining five years an annual sum which shall in no case be less than fifteen thousand dollars (\$15,000), and which shall be equal to 6 per cent. of the gross annual receipts of the railway constructed under this contract, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of fifteen thousand dollars (\$15,000).

The payment of such minimum sums shall begin from the day on which the contract is signed by the Mayor.

Such minimum annual sums shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with. The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to the City for the rights and privileges hereby granted, and it shall not be construed as providing for the payment by the Company, its successors or assigns, for said right and privilege of a percentage of gross receipts within the meaning of any general or special statute, or to any ordinance of the City.

The compensation hereafter to be fixed for any renewal term of this contract shall not be less than the sum required to be paid for the last year of this original contract, and no renewal shall provide for a further renewal.

In addition to the payments herein required for this extension, the Company agrees to pay five (5) per cent. of the gross receipts from all of its existing lines.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and highways of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice in writing from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of the contract hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways, and the right to make the requisite and necessary connections with the tracks of the Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract, including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways, for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railroad which may necessitate the use of any portion of the railroad, which shall be constructed under this contract.

If at any time during the term of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Company shall allow the City to use the whole or any part of the track and track equipment, together with sufficient power to operate the cars over such track upon payment of an annual sum by the City to the Company which shall not exceed the legal interest upon such proportion of the whole cost of construction of the portion of the railroad so used as the number of cars operated by the City shall bear to the number of cars operated by the companies then using the same, and the City shall further pay to the company the actual cost of the power necessary for the operation of its cars thereon.

Eighth—The railway to be constructed under this contract may be operated by overhead electric power substantially similar to the overhead electric traction now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by owners of property, in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Provided, however, that the Board of Estimate and Apportionment or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets, avenues and highways of the City.

Ninth—Upon six months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway hereby authorized shall be placed in conduits beneath or along side of the railway. The Company shall provide in such conduits two ducts not less than 3 inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Tenth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or upon the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed, and shall complete the construction of the same within six months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each.

Eleventh—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City.

Twelfth—The said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of the Company shall be maintained in good condition throughout the term of this contract.

Thirteenth—The rate of fare for any passenger upon such railway shall not exceed 5 cents, and the Company shall not charge any passenger more than 5 cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the city.

The Suburban Company hereby agrees that transfers shall be given upon all the cars operated upon Metropolitan avenue for the payment of a single fare of 5 cents, which will entitle passengers to a continuous passage upon any street surface railway intersecting said Metropolitan avenue within the boundary of the Borough of Queens and upon any line of railway owned or controlled by the Transit Company having a station within one thousand (1,000) feet of Metropolitan avenue. Such transfers shall be accepted in payment for a continuous passage from such points of intersection or such station or stations.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire departments of the City when such employees are in full uniform.

This right is given upon the express condition that no cars shall be operated upon the tracks hereby authorized, other than passenger cars, and cars necessary for the repair or maintenance of the railway, and that no freight or express cars shall be operated upon such tracks.

Fourteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railway shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Eighteenth—All cars operated on said railways shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Nineteenth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks upon and along the streets, avenues and highways of the routes hereby authorized, which are now either unpaved or paved with macadam. The work of such paving shall be done under the supervision of the Municipal authorities having jurisdiction in such matters. Such authorities shall designate the character of the pavement to be laid.

As long as the said railway, or any portion thereof, remains in the street, avenue or highway, the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Twenty-first—Any alteration which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, conduits, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—Should the grades or lines of the streets in which franchises herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the President of the Borough of Queens.

Twenty-third—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

Twenty-fourth—All franchises heretofore granted or intended to be granted to the Company, or to companies which have been merged with or are now owned by the Company, under which no authority has been exercised in constructing and operating a street surface railway, are hereby declared void, and the Company, its successors or assigns shall not at any time attempt to construct and operate railways pursuant to such authority.

Twenty-fifth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 of each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain a statement of the gross receipts from operation of the railway, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-sixth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-seventh—If the Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Twenty-eighth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-ninth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railroad; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirtieth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. The grant of the privilege to the Company is likewise subject to the following conditions:

First—The Transit Company, the Heights Company and the Brooklyn Company, the parties of the third part, each hereby agrees that transfers shall be given upon all

cars operating upon any street surface railway which intersects Metropolitan avenue within the boundary of the Borough of Queens, and upon any line of railway owned or controlled by the Transit Company and having a station within one thousand (1,000) feet of Metropolitan avenue, upon the payment of a single fare of five cents, which will entitle passengers to a continuous passage upon Metropolitan avenue from such points of intersection or said stations.

Second—The Transit Company, the Heights Company and the Brooklyn Company, the parties of the third part, each hereby agrees that no more than a single fare of five (5) cents shall be charged any passenger for a continuous passage from any point upon the railways owned, operated or controlled by such companies in the Borough of Queens, to any other point upon such railways in the Borough of Queens.

Section 4. This contract is also upon the further and express condition that the provisions of Article IV. of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railroads operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the company.

Section 5. The Transit Company, the Heights Company, and the Brooklyn Company, each promises, covenants and agrees on its part and behalf, to conform to, and abide by, and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the parties of the second and third parts by their officers, thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.

The Comptroller moved that the matter be referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen, and also be referred to the Corporation Counsel for his approval of the contract as to form, and that he be requested to act with the Committee.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—14.

Brooklyn, Queens County and Suburban Railroad Company.

The Secretary presented the following:

REPORT No. F-68.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 10, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—In the investigation made in connection with the application of the Brooklyn, Queens County and Suburban Railroad Company for a franchise for a double-track railroad on Metropolitan avenue, from Dry Harbor road to the Jamaica Plank road, in the Borough of Queens, it was found that the company making the application, which has for some years operated a number of miles of track in this borough, has not made to the City the payments which appear to be required by the Railroad Law since this borough became a part of The City of New York. The question as to the liability of the company was presented to the Corporation Counsel, and he advises that the company is, in his judgment, liable for these payments at least for the last six years, while the statute of limitations would probably prevent the City from demanding payments for the period between consolidation and a period six years prior to action brought by the City to compel such payments. The payments which might be demanded under the law have been carefully computed, and the total for the last six years amounts to more than \$368,000, while the penalties prescribed in the statute of 5 per cent. a month would amount to an additional sum of \$447,000. These amounts are so large that it was thought best to omit consideration of the question in reporting upon the proposed new franchise. The situation is treated in more detail, and a tabular statement of the amounts which appear to be due under the law, and indicating the manner in which they were computed, is contained in a report from the Engineer in charge of the Division of Franchises, which is herewith submitted.

I would recommend that the matter be referred to the Corporation Counsel, in order that he may take such action against the company as he deems proper under the circumstances.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 10, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

Sir—During the progress of the examination of the application of the Brooklyn, Queens County and Suburban Railway Company for a franchise upon Metropolitan avenue, from Dry Harbor road to the Jamaica Plank road (Fulton street), in the Borough of Queens, it was found that that company does not pay to the City any percentage of its gross receipts, but that it only pays a car license fee of \$20 each upon

the average number of cars operated upon that portion of the company's system lying within the Borough of Brooklyn; the system as operated by the Suburban Company lies in both the Boroughs of Brooklyn and Queens.

The amount of the payment for car license fees during the last few years has amounted to an annual sum varying from about \$2,000 to \$3,500.

It appeared to me that the present Railroad Law required the payment to the City of either 3 or 5 per cent. of its gross receipts by any company building or operating a railroad in New York City, pursuant to the Railroad Law of 1884, or Railroad Law subsequent thereto; the 3 or 5 per cent. of the gross receipts depending upon whether the operation had been extended over a period of less or more than five years.

Section 95 of the present Railroad Law is the section referred to, and reads as follows:

"Every corporation building or operating a railroad or branch or extension thereof, under the provisions of this article, or of chapter 252 of the laws of 1884, within any city of the state having a population of 1,200,000 or more, shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on November first, pay into the treasury of the city in which its road is located, to the credit of the sinking fund thereof, three per cent. of its gross receipts for and during the year ending September thirtieth next preceding; and after the expiration of such five years make a like annual payment into the treasury of the city to the credit of the same fund of five per cent. of its gross receipts. If a street surface railroad corporation existing and operating any such railroad in any such city on May 6, 1884, shall have thereafter extended its tracks or constructed branches therefrom, and shall operate such branches or extensions under the provisions of chapter 252 of the laws of 1884, or of this article, such corporation shall pay such percentages only upon such portion of its gross receipts as shall bear the same proportion to its whole gross receipts as the length of such extension or branches shall bear to the entire length of its line. In any other incorporated city or village the local authorities shall have the right to require, as a condition to their consent to the construction, operation or extension of a railroad under the provisions of this article, the payment annually of such percentage of gross receipts, not exceeding three per cent., into the treasury of the city or village, as they may deem proper. In case of extension the amount to be paid shall be ascertained in the manner heretofore provided. The corporation failing to pay such percentage of its gross earnings shall, after November first, pay in addition thereto five per cent. a month on such percentage until paid. The president and treasurer of any corporation required by the provisions of this article to make a payment annually upon its gross receipts shall, on or before November first in each year, make a verified report to the comptroller or chief fiscal officer of the city of the gross amount of its receipts for the year ending September thirtieth next preceding, and the books of such corporation shall be open to inspection and examination by such comptroller or officer, or his duly appointed agent, for the purpose of ascertaining the correctness of its report as to its gross receipts. The corporate rights, privileges and franchises acquired under this article or such chapter by any corporation, which shall fail to comply with all the provisions of this section, shall be forfeited to the people of the state, and upon judgment of forfeiture rendered in an action brought in the name of the people by the attorney-general, shall cease and determine."

Chapter 252 of the Laws of 1884, referred to in the section above quoted, was the first street surface railroad law. Section 8 of that law reads in part as follows:

"Every corporation incorporated under or constructing or operating a railroad constructed or extended under the provisions of this act within the cities of the state having a population of two hundred and fifty thousand or more, as aforesaid, shall, for and during the first five years after the commencement of the operation of any portion of its railroad, annually, on the first day of November, pay into the treasury of said respective cities in which its road is located, to the credit of the sinking fund thereof, three per cent. of its gross receipts for and during the year ending the next preceding thirtieth day of September, and after the expiration of said five years make a like annual payment into the treasury of said respective cities, for the credit of said sinking fund, of five per cent., instead of three per cent., of said gross receipts;" * *

This condition continued to apply to cities of a population of 250,000 or more until the enactment of chapter 676 of the Laws of 1892, that being an amendment to the Railroad Law, and amended section 95 to the form above quoted. The amendment went into effect on May 18, 1892.

This provision, therefore, applied only to cities having a population of 1,200,000 or more. Brooklyn and the municipalities in the Borough of Queens each having a population of less than 1,200,000, the companies operating in those portions of the present city would have been exempt from this provision from May 18, 1892, to January 1, 1898, at which latter date Brooklyn and Queens became a part of The City of New York. Since January 1, 1898, The City of New York has had a population exceeding 1,200,000, and it therefore appears that this provision would apply to railroads in Brooklyn and Queens since that date.

The Brooklyn, Queens County and Suburban Railroad Company filed its certificate of incorporation in the office of the Secretary of State on November 24, 1893, and became a corporation under and in pursuance of the Railroad Law.

On January 16, 1894, the Suburban Company merged with it the Broadway Railroad Company, Broadway Ferry and Metropolitan Avenue Railroad Company and the Jamaica and Brooklyn Railroad Company.

The Suburban Company was leased to the Brooklyn Heights Railroad Company on July 1, 1898, for one year. This lease was subsequently renewed from year to year until June 30, 1901. Since that date the Suburban Company has operated its own lines independently of the Brooklyn Heights Railroad Company, and has made annual reports to the State Board of Railroad Commissioners, giving the amounts of its gross receipts, etc.

These facts conclusively show that the Suburban Company was not existing or operating a railway prior to May 6, 1884, but is operating a railroad under the provisions of chapter 252 of 1884, or subsequent laws affecting railroads, and has since January 1, 1898, been so operating a railroad in a city having a population of more than 1,200,000 inhabitants, and would, therefore, be obligated to pay to such city five per cent. of its gross receipts, pursuant to section 95 of the Railroad Law.

Under date of November 2, 1907, I called your attention to these facts in regard to the Suburban Company, and suggested that the matter be presented to the Corporation Counsel, and that he be requested to advise the Board on the following points:

"1. Is not the Brooklyn, Queens County and Suburban Railroad Company liable for a payment of five per cent. of its gross receipts from January 1, 1898, pursuant to section 95 of Article 4 of the Railroad Law?"

"2. If the provisions of said section 95 do apply to such company, would the statute of limitations operate against a demand made for the payment of the percentages imposed by said section?"

"3. If the statute of limitations does apply, from what date can the demand for such payment be made?"

This communication was forwarded to the Corporation Counsel, and under date of November 30, 1907, he advised the Board in reply thereto, as follows:

"I beg to acknowledge the receipt of your communication, dated November 4, 1907, inclosing a report from the Division of Franchises, respecting the Brooklyn, Queens County and Suburban Railroad Company, and the request contained for an opinion as to the liability of the said Company under the Railroad Law for payment to The City of New York of a percentage of its gross earnings.

"I note that the Brooklyn, Queens County and Suburban Railroad Company was incorporated under the General Railroad Law on November 24, 1893, and that subsequent thereto it acquired by lease several other railroad companies operating in the Boroughs of Brooklyn and Queens, and that the capital stock of the leased companies was thereafter transferred to the Suburban Company. That the Suburban Railroad Company has been since January 1, 1898, and is now, operating certain lines of railroad in what then became and is now the Borough of Queens in The City of New York, and that the population of The City of New York on January 1, 1898, was upward of 1,200,000 inhabitants. It would appear, therefore, that on January 1, 1898, the roads operated within the Greater City of New York became subject to section 95 of Article IV. of the Railroad Law, then and now in force, which provides for the payment to the City of percentages of gross earnings of railroads located within any city having a population of 1,200,000 or over.

"I am therefore of the opinion (1) that the Brooklyn, Queens County and Suburban Railroad Company is liable for a payment of five per cent. of its gross receipts from January 1, 1898, pursuant to section 95 of Article IV. of the Railroad Law; (2) that unless the franchises of these subsidiary companies provided for the payment of a

percentage of gross earnings, or that the company should be subject to the provisions of the General Railroad Law with respect to percentages, then the Statute of Limitations has operated against the collection of a portion of the percentages due subsequent to January 1, 1898, according to subdivision 2, paragraph 382, chapter 4, Title II., of the Code of Civil Procedure; (3) that a demand for the payment of such percentages should be made for a period of six years from 1901 to the present date."

In accordance with this opinion, I have computed as nearly as possible with the data at hand, the amount due the City as five per cent. of the gross receipts for the six years between December 1, 1901, and December 1, 1907, and also the penalties of five per cent. per month, due pursuant to section 95 of the Railroad Law. In making these computations I have used the reports of the Suburban Company to the State Board of Railroad Commissioners. These reports cover years ending June 30, while the computation should be made for years ending September 30, and penalties beginning from November 1 of each year, to comply with section 95 of the Railroad Law. I have used the proportionate amounts of the earnings for the years ending June 30, to obtain the earnings for the years ending September 30. This computation shows that the company owes the City \$368,361.68, as five per cent. of the gross receipts for six years ending

December 1, 1907; the amount of penalties due for non-payment is \$446,834.64, making a total of \$815,196.32.

I append herewith a table showing the gross receipts of the company and amounts due each year during this period, which I have used in calculating the amount due as percentages of gross receipts and as penalties for non-payment of the same.

I am of the opinion that there are other companies in the City liable for a percentage of gross receipts, pursuant to this law. I will, therefore, make an examination in regard to these companies to ascertain whether they would seem to come under this provision of the Railroad Law, and shall report to you my findings on a later date.

In regard to the amounts due the City by the Suburban Company, I would suggest that the Board of Estimate and Apportionment adopt a resolution referring the matter to the Corporation Counsel, and directing that he immediately take such action as may be necessary to recover the sums due from the Suburban Company.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

The following was offered:

Whereas, The Corporation Counsel, in an opinion dated November 30, 1907, has advised this Board that the Brooklyn, Queens County and Suburban Railroad Company is liable for a payment of five (5) per cent. of its gross receipts under the provisions of the Railroad Law for the operation and maintenance of its railway in the Boroughs of Brooklyn and Queens; and

Whereas, The Chief Engineer of this Board has this day submitted a report and table showing the amount of money due The City of New York by the Railroad Company; now therefore be it

Resolved, That the Corporation Counsel be and he hereby is requested to institute proceedings to recover the moneys due The City of New York by the Brooklyn, Queens County and Suburban Railroad Company, and to take whatever steps he may deem necessary in the premises, and he is further requested to advise the Board of any action taken.

Which was adopted by the following vote:

Eberhard Faber Pencil Company.

An application was received from the Eberhard Faber Pencil Company for permission to construct, maintain and use a 6-inch wrought-iron pipe under and across Kent street, east of West street, in the Borough of Brooklyn, to connect the buildings owned on both sides of Kent street by the petitioner, and to contain wires for supplying light and power to one of the buildings.

Which was referred to the Chief Engineer.

G. B. Seely's Son.

An application was received from G. B. Seely's Son, requesting that the consent granted by the Common Council and approved by the Mayor December 6, 1895, permitting the petitioner to lay a 6-inch iron pipe on West Fifteenth street, from Nos. 311 to 319, be revoked, the bond be canceled, and a proportionate amount of the compensation paid for the current year be refunded.

Which was referred to the Chief Engineer.

The following matter not on the calendar for this day, was considered by unanimous consent:

New York Central and Hudson River Railroad Company.

The Secretary presented a communication from the Acting Corporation Counsel on the questions raised in the report of the Division of Franchises presented to the Board on April 12, 1907, relative to the occupation of portions of Twelfth avenue, from Sixtieth to Seventy-first streets, Borough of Manhattan, by the New York Central and Hudson River Railroad Company.

Which was referred to the Chief Engineer.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

A. \$6,000, as requested by the President, Borough of Brooklyn, from various accounts for the year 1907 to other accounts for the same year.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, December 5, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made for a transfer of the sum of two thousand dollars (\$2,000) from the appropriation known as Salaries, Bureau of Sewers, office of the President of the Borough of Brooklyn, 1907, to the appropriation known as Salaries, General Administration, office of the President of the Borough of Brooklyn, 1907; and for the sum of four thousand dollars (\$4,000) from the appropriation known as Salaries and Supplies, Division of Substructures, office of the President of the Borough of Brooklyn, 1907, to the appropriation known as Salaries and Supplies, Topographical Bureau, office of the President of the Borough of Brooklyn, 1907, there being surplus in the former funds and a deficit in the latter.

Yours very truly,

BIRD S. COLER,

President of the Borough of Brooklyn.

The following resolution was offered:

Resolved, That the sum of six thousand dollars (\$6,000) be and the same is hereby transferred from the appropriation made to the President of the Borough of Brooklyn for the year 1907, entitled and as follows:

Bureau of Sewers—Salaries..... \$2,000 00
Salaries and Supplies—Division of Substructures..... 4,000 00
\$6,000 00

—the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said President for the same year, entitled and as follows:

General Administration—Salaries..... \$2,000 00
Topographical Bureau—Salaries and Supplies..... 4,000 00
\$6,000 00

—the amount of said appropriation being insufficient.

B. \$1,552.15, as requested by the Board of Assessors, from the account Salaries to the account Contingencies for the year 1907.

OFFICE, BOARD OF ASSESSORS,
No. 320 BROADWAY,
NEW YORK, December 4, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

DEAR SIR—I am instructed by the Board of Assessors to transmit herewith copy of letter sent to Hon. George B. McClellan, as Chairman of the Board of Estimate and Apportionment, regarding transfer of appropriations.

Respectfully,

WM. H. JASPER, Secretary.

OFFICE, BOARD OF ASSESSORS,
No. 320 BROADWAY,
NEW YORK, December 3, 1907.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

SIR—We hereby request a transfer of appropriations made to this office for the year 1907, as follows:

From Salaries to Contingencies..... \$1,552 15

There will be a deficiency of that amount in the Contingent Account (taking into consideration expenditures which should be made as hereinafter explained) and a surplus in the Salary Account of about \$2,100, notwithstanding the fact that we have employed four temporary Clerks for a period of three months to assist in disposing of the large amount of work that has been sent into the office during the last six months. There will be an unexpended balance of about \$700 in the salary account, provided the transfer requested is made.

Of the \$1,552.15 asked to be transferred to the Contingent Account it is intended to use \$1,100 for the payment of two real estate experts employed by the Board in the matter of the claims for damages alleged to have been caused by a change in the grade of Elm street from City Hall place to Great Jones street. The amount of these claims filed with the Board was approximately \$1,000,000. The claimants introduced before the Board the testimony of real estate experts in support of their claims, and in view of the large amounts involved the Board felt that it should have the benefit of expert advice other than that supplied by experts employed by claimants.

The Corporation Counsel was asked if it would be legal to employ experts and include the amount paid them in the assessment for benefit, and he advised the Board that he did not think it expedient to follow that course. An application was then made to him for the assignment of one of his experts, but he replied to the effect that there were no funds available in his department for the purpose. He said, however, that he realized the desirability of an expert being employed in such a case, and added:

"While the theory of the law is that the assessors are themselves experts in such matters and able in ordinary cases to determine the amount of damages, still in cases so peculiar as this, where special knowledge is required to estimate the real damage, the assessors could not, perhaps, be expected to have sufficient technical knowledge to pass upon questions that might be raised * * *. It would seem to me that the assessors would be justified in applying to the Board of Estimate and Apportionment for an appropriation to be included in the annual Budget which would enable

them to hire experts to furnish information upon technical matters as occasion arises. The fact that the duties imposed by law upon the assessors are steadily increasing, and often through special legislation, would make such an application the more reasonable."

This Board, however, knowing that it would have a balance in the Salary account, refrained from making such an application for a special appropriation, and employed the experts, with the expectation of having the requisite amount transferred from one account to the other.

At the suggestion of the Comptroller the form of assessment list has been changed (to facilitate his office in the matter of collections), and this necessitates a change in our files, and in the form of cover used for assessment lists. In order to make these changes an expense of about \$480 has been incurred, and this, added to the \$1,100 for the real estate experts, makes up the amount for which the transfer is asked.

Respectfully,
(Signed) ANTONIO ZUCCA,
PAUL WEIMANN,
JAMES H. KENNEDY,
Board of Assessors.

The following resolution was offered:

Resolved, That the sum of one thousand five hundred and fifty-two dollars and fifteen cents (\$1,552.15) be and the same is hereby transferred from the appropriation made to the Board of Assessors for the year 1907, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Board for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

C. \$267.07, as requested by the Public Administrator, New York County, from various accounts for the year 1907 to the Contingent Fund for the same year.

BUREAU OF THE PUBLIC ADMINISTRATOR,
No. 119 NASSAU STREET, ROOM 1025,
NEW YORK, December 4, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—During the current year, pending the appointment of another Clerk, I was compelled to employ extra help for ten weeks, with the approval of the Civil Service Commission at Albany, at an expense of \$250. This expense was paid from my contingent fund, and was not anticipated at the time of my application to you for \$800 for supplies and contingencies for the current year.

The amount appropriated for salaries for 1907 will exceed the amount used by \$67.07. In a letter of even date, I have requested you to transfer this amount to my contingent fund. This will leave a deficiency of \$183, and for that reason, I respectfully request that you transfer from some unexpended balance the sum of \$200 to cover this deficiency.

Yours respectfully,
WILLIAM M. HOES, Public Administrator.

The following resolution was offered:

Resolved, That the sum of two hundred and sixty-seven dollars and seven cents (\$267.07) be and the same is hereby transferred from the appropriation made to the Public Administrator, New York County, for the year 1907, entitled and as follows:

Salaries	\$67 07
County of New York—Supplies for County Offices.....	200 00
	<hr/> \$267 07

—the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Public Administrator for the same year, entitled: Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

D. \$300, as requested by the Justice, Thirteenth District Municipal Court (Manhattan), from the appropriation made to said Court for the year 1907, entitled Salaries, to the account Supplies and Contingencies.

MUNICIPAL COURT OF THE CITY OF NEW YORK—THIRTEENTH DISTRICT,
No. 264 MADISON STREET,
December 4, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Owing to the fact that under the Laws of 1907, this Court will be merged with that of the present Fourth and Fifth Municipal Districts, into that of the new Second Municipal District, it is necessary to clear up some of the outstanding bills contracted by me for law books. No law library was ever furnished this Court by the City with the exception of a few books hardly sufficient to meet ordinary requirements. It was therefore necessary for me to purchase for the use of the Court, a set of New York Supplement Reports and a Code of Civil Procedure in order to enable me or any other Justice sitting here, to properly discharge the duties of our office.

I would therefore ask that your Honorable Board transfer the sum of \$300, an unexpended balance appropriated to this Court, to that of the contingent fund of this Court. This unexpended balance was created by the resignation of Hermann Freid, a Court Attendant, which went into effect on October 1, 1907, and which vacancy has not and will not be filled before January 1, 1908.

Trusting that this request will meet with your favorable consideration, I am,
Yours very respectfully,

LEON SANDERS.

The following resolution was offered:

Resolved, That the sum of three hundred dollars (\$300) be and the same is hereby transferred from the appropriation made to the Municipal Courts (Thirteenth District, Manhattan) for the year 1907, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Municipal Courts (Thirteenth District, Manhattan) for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

E. \$266.70, as requested by the Justice, Fourteenth District Municipal Court (Manhattan), from the appropriation made to said Court for the year 1907, entitled Salaries, to the account Supplies and Contingencies.

MUNICIPAL COURT OF THE CITY OF NEW YORK—FOURTEENTH DISTRICT,
SOUTHWEST CORNER MADISON AVENUE AND FIFTY-NINTH STREET,
November 29, 1907.

To the Honorable Board of Estimate and Apportionment, City of New York, No. 280 Broadway, City:

GENTLEMEN—I respectfully request that your Honorable Board transfer the sum of \$266.70 from the appropriation for Salaries of the Municipal Court of The City of New York, Borough of Manhattan, applicable to the Fourteenth District, for the year 1907, which is not required, to the account of Supplies and Contingencies for the same Court, for the year 1907, the appropriation therefor being insufficient to meet the requirements.

In explanation of this application, I would say that by chapter 603 of the Laws of 1907, there was effected a consolidation and rearrangement of the districts of the Municipal Court of The City of New York, and it is particularly desirable that each District Court, as constituted under the new act, have as complete a working library for the use of the Justices thereof, as it is possible to obtain. The appropriation for supplies and contingencies of \$200 for the year 1907 does not permit of any expenditure for library purposes, and this sum is required for the incidental expenses pertaining to the Court. I desire to use the funds which will be applicable, by virtue of this transfer, to perfecting the existing library of the Court, and adding the book-cases necessary to shelve such additional books as I may be able to acquire by the funds thus transferred. I believe that it will require no argument to convince your Honorable Board of the extreme desirability of having a good working library attached to each Court, as law books are the working tools of lawyers and judges.

I trust, therefore, that the application here made may meet with your approval.

Very respectfully yours,
EDGAR J. LAUER, Justice.

H. \$2,000, as requested by the County Clerk, New York County, from the account entitled Salaries for the year 1907 to the account entitled Supplies and Contingencies.

COUNTY CLERK'S OFFICE, COUNTY OF NEW YORK,
NEW COUNTY COURT HOUSE,
NEW YORK, December 5, 1907.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I respectfully request the transfer of the sum of \$2,000 from the appropriation entitled County Clerk, New York County, Salaries, 1907, to the appropriation entitled County Clerk, New York County, Supplies and Contingencies, 1907, the amount appropriated being insufficient. This is to be applied to replacing desk, furniture and fittings which have been in use for more than a quarter of a century and consequently are now in a very dilapidated condition; also for the purpose of purchasing a number of chairs for the several departments in this office; for

bookcase for the preservation of bound copies of the Statutes and the Codified Laws, which are being badly damaged through exposure; for carpet to cover stone floors, and for an index card cabinet and necessary repairs to book typewriters.

Very respectfully yours,

PETER J. DOOLING, County Clerk.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the County Clerk, New York County, for the year 1907, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said County Clerk for the same year, entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative--The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond--14.

The Secretary presented a communication from the Commissioners of Accounts requesting the fixing of salaries of following positions, to take effect January 1, 1908:

Chief Accountant, \$4,000 (one incumbent).
 Examiners of Accounts, \$2,400; \$2,250; \$2,100 (two incumbents for each grade).
 Accountants, \$2,400; \$2,250 (two incumbents for each grade).
 Examining Engineer, \$3,500; \$3,000; \$2,100 (one incumbent for each grade).
 Examining Inspector, \$2,250 (one incumbent).
 Examiner, \$1,350 (one incumbent).

Which was laid over.

The Secretary presented a communication from the Chief Engineer calling attention to the fact that the resolution providing for an issue of Corporate Stock in the sum of \$40,000 for a temporary building in City Hall Park for the accommodation of the additional Judges of the City Court, which was approved by the Board of Aldermen, having been vetoed by his honor, the Mayor, it becomes necessary to make immediate provision for the accommodation of these courts, and it is suggested that the Board authorize an issue of Corporate Stock in the sum of \$50,000 for carrying out the original recommendation of the President of the Borough of Manhattan for raising the present brown-stone Court-house and providing the needed court rooms in that building.

Which was referred to the Comptroller.

The Secretary presented the following communication from the President, Borough of The Bronx, requesting an issue of Corporate Stock to the amount of \$16,000 for the preparation of drainage and sewerage district plans of the Borough of The Bronx for the balance of the year and for 1908, together with communication from the Assistant Deputy Comptroller transmitting report of the Chief Engineer, Department of Finance, without the approval or disapproval of the Comptroller, relative to the issue of \$16,000 Corporate Stock for carrying on the work of making maps, etc., and for making drainage and sewerage plans of the Borough of The Bronx.

(On November 15 the request of the President of The Bronx for this issue was referred to the Comptroller.)

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
 MUNICIPAL BUILDING, CROTONA PARK,
 NEW YORK, November 11, 1907.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR--I transmit herewith a copy of a report made by Mr. Charles H. Graham, Engineer in charge of Sewers, advising that the Corporate Stock Fund for Drainage and Sewerage District Plans, Borough of The Bronx, will be insufficient for the balance of this year.

I therefore respectfully request that the Board of Estimate and Apportionment authorize the issue of Corporate Stock in the sum of sixteen thousand dollars (\$16,000) for Drainage and Sewerage District Plans, Borough of The Bronx, so that this work, which is of urgent importance, be provided for during the balance of this year and the following year, 1908.

Respectfully,

LOUIS F. HAFFEN,
 President of the Borough of The Bronx.

November 7, 1907.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

SIR--In the matter of Corporate Stock Fund for Drainage and Sewerage District Plans, Borough of The Bronx, I write to advise you that the balance available on this account will be insufficient for the balance of this year; and I, therefore, write to ask that the Board of Estimate and Apportionment be requested to issue Corporate Stock in the amount of sixteen thousand dollars (\$16,000) for Drainage and Sewerage District Plans, Borough of The Bronx, in order that this work, which is one of great importance, be provided for during the balance of this year and 1908.

Respectfully,

CHARLES H. GRAHAM,
 Engineer in charge of Sewers.

CITY OF NEW YORK--DEPARTMENT OF FINANCE,
 COMPTROLLER'S OFFICE,
 December 10, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR--I herewith transmit original papers and report of the Chief Engineer of the Department of Finance, in reference to the request of the President of the Borough of The Bronx for the issue of Corporate Stock in the sum of \$16,000, for drainage and sewerage district plans, Borough of The Bronx, which matter was referred to the Comptroller at a meeting of the Board of Estimate and Apportionment, held November 15, 1907. The report in question is transmitted without the approval or disapproval of the Comptroller, for consideration by the Board of Estimate and Apportionment at its next meeting, to be held Friday, December 13.

Very respectfully yours,

HUBERT L. SMITH,
 Assistant Deputy Comptroller.

CITY OF NEW YORK--DEPARTMENT OF FINANCE,
 COMPTROLLER'S OFFICE,
 December 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR--Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of November 11, 1907, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock in the sum of \$16,000 for drainage and sewerage district plans, Borough of The Bronx. I would report:

Accompanying the request of President Haffen is a communication to Mr. Josiah A. Briggs, Chief Engineer of the Borough of The Bronx, signed by Charles H. Graham, Engineer in charge of Sewers. In this communication, Mr. Graham says that the funds available on this account would be insufficient for the remainder of the year; that the work for which the money is required is of great importance and that the amount named should be provided that the said work may be continued for not only the balance of this year, but also during the year 1908.

Appropriations have hitherto been made for drainage and sewerage plans, Borough of The Bronx, as follows: Under resolution of the Board of Estimate and Apportionment, dated December 23, 1905, the sum of \$12,500, and on October 26, 1906, the sum of \$13,110 were authorized. The balance now in this Fund is only \$1,425.

The work for which the said appropriation is requested consists of making studies, investigations, surveys, etc., and in making new sewerage and drainage plans and maps for the outlying districts of said Borough.

I append a statement furnished me by Mr. Graham, Engineer in charge of the work, showing the force employed and manner in which the said amount is to be expended.

The amount asked for this year is somewhat increased over that of a year ago, but this is explained by Mr. Graham to be due to the extended character of the work to be done during the ensuing year.

It is necessary that this work should be continued, and I suggest that you advise the Board of Estimate and Apportionment, that it may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by Chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$16,000, in addition to the amount heretofore authorized, to provide means for carrying on the work of making maps, etc., and for making drainage and sewerage plans of the Borough of The Bronx.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Total \$16,000 00

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding sixteen thousand dollars (\$16,000), in addition to the amount heretofore authorized, to provide means for carrying on the work of making maps, etc., and for making drainage and sewerage district plans of the Borough of The Bronx, and when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding sixteen thousand dollars (\$16,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative--The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond--14.

The Secretary presented the following communication from the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, relative to the communication from the New York City Federation of Women's Clubs, urging the granting of an additional appropriation of \$353,000 for the extension of the present system of milk inspection by The City of New York.

Which was ordered on file and a copy of report sent to the said Federation of Women's Clubs.

DEPARTMENT OF FINANCE--CITY OF NEW YORK,
 BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
 December 6, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN--Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Finance Department, dated December 6, 1907, relative to communication containing copy of preamble and resolutions from the New York City Federation of Women's Clubs endorsing the extension of the present system of milk inspection by The City of New York by an additional annual expenditure of \$363,000, which matter was referred to a Select Committee, consisting of the Comptroller and President of the Board of Aldermen.

In view of the facts contained in said report your committee recommends that the Secretary of the Board of Estimate and Apportionment transmit a copy of the accompanying report to the New York City Federation of Women's Clubs.

Yours respectfully,

H. A. METZ, Comptroller,
 P. F. MCGOWAN, President, Board of Aldermen,
 Select Committee.

DEPARTMENT OF FINANCE--CITY OF NEW YORK,
 BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
 December 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR--In regard to a communication containing a copy of preamble and resolutions from the New York City Federation of Women's Clubs endorsing the extension of the present system of milk inspection by The City of New York, by the appropriation of an additional annual expenditure of \$353,000, I beg to report as follows:

The matter of the recommendations of the so-called Milk Commission was referred by the Board of Estimate and Apportionment to the Comptroller and the President of the Board of Aldermen on September 20, 1907. The proposition as presented contemplated the appropriation of \$175,000 for extending milk inspection for the last half of the year 1907, and an allowance of \$353,000 for the same purpose in 1908. A report was made by the Bureau of Municipal Investigation and Statistics on this matter on November 21, 1907, in which attention was called to the fact that the Budget for 1908 contained an additional allowance of \$25,000 for milk inspection, to begin the work recommended by the Commission previously referred to, making a total amount of \$68,500 for milk inspection included in the said Budget for 1908. In view of the present financial condition of the City and the fact that the year had nearly elapsed, no recommendation was made for an extension of the milk inspection in the present year.

It would appear, therefore, that the matter had been fully considered by the Board of Estimate and Apportionment, and I would respectfully suggest that information to this effect be conveyed by the Secretary of the Board of Estimate and Apportionment in a communication to the New York City Federation of Women's Clubs.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The Secretary presented a communication from the Commissioner of Street Cleaning, requesting authority, in accordance with directions contained in resolution adopted December 6, 1907, to purchase 200 horses for the use of the Department of Street Cleaning, to be paid for out of the proceeds of Corporate Stock heretofore authorized to be issued, pursuant to section 546 of the Charter.

Which was referred to the Comptroller.

The Secretary presented the following communication from the Commissioner of Bridges, stating that John C. Rodgers is the lowest bidder for the construction of approaches to the Manhattan Bridge, and requesting authority to let the contract for said work at the bid of \$2,168,304:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 to 21 PARK ROW,
MANHATTAN, N. Y., December 10, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—As directed by your resolution adopted last Friday, I request authority to let a contract for the construction of approaches to the Manhattan Bridge, at a cost of \$2,168,304.

The necessity of proceeding with this work at once, to have it completed when the superstructure is finished, is explained in the accompanying copies of reports made by Mr. C. M. Ingersoll, Chief Engineer of the Department of Bridges, and Mr. O. F. Nichols, Consulting Engineer of the Department of Bridges. Any delay would retard the opening of and use of the Manhattan Bridge.

I appreciate the fact that your Board has in view the curtailing of municipal expenses, on account of the present financial condition. You will note, however, that no payments would be made on account of the contract now submitted to you within a period of approximately six months. During the intervening period, shop drawings for about 16,000 tons of steel will be prepared, a construction plant will be secured, and granite will be cut at the quarry.

Allow me to call your attention to a paragraph in the attached report of the Chief Engineer, showing that in the cost of the construction of the Manhattan Bridge, a saving of about \$1,200,000 has been made on account of changes in the plans and specifications of the superstructure made by the present administration, and by taking advantage of the present market conditions for steel; such conditions being due to the fact that manufacturers desire now to get public work, as commercial work is practically at a standstill.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 to 21 PARK ROW,
MANHATTAN, N. Y., December 10, 1907.

Hon. JAMES W. STEVENSON, Commissioner of Bridges, New York City:

DEAR SIR—Referring to the contract for the approaches of the Manhattan Bridge, bids for which were opened on the 9th inst., I inclose you herewith a letter from Mr. O. F. Nichols, Consulting Engineer in charge of this work, setting forth the necessity for awarding this contract at once in order that the bridge approaches may be completed at the same time as the main span now under construction.

If this contract is awarded now, payments on the work done until May of 1908 would amount to very little. The contractor will need this intervening time for the cutting of stone, the completion of working drawings and the preparation of plant necessary for construction. Unless the contract is let now this preliminary work will necessarily be delayed.

The low bid received, that of John C. Rodgers, viz., \$2,168,304 is about \$400,000 less than our estimated cost of the work. This difference is based mainly upon the very low price for steel which was bid, a price accountable for by the present financial conditions and by the consequent desire of steel manufacturers to obtain contracts for municipal and government work.

The saving by awarding the contract now and the saving made in the second award for the construction of the main span amount to about \$1,200,000.

I earnestly recommend that the contract for the construction of the Manhattan Bridge approaches be awarded at this time.

Respectfully,

C. M. INGERSOLL, Chief Engineer.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
Nos. 13 to 21 PARK ROW,
MANHATTAN, N. Y., December 10, 1907.

C. M. INGERSOLL, Esq., Chief Engineer, Department of Bridges:

DEAR SIR—The contract for the approaches of the Manhattan Bridge involves a great deal of difficult and tedious work, all of which must be done in order that the approaches may be ready by the time the construction of the main and land spans of the bridge are finished or before the 31st day of December, 1909.

The time for the completion of the approaches is fixed as September 1, 1909, and this is based on allowing the contractor twenty months after the date of commencement of the work in which to do the work.

About 56,000 cubic yards of difficult excavation must be made; about 12,000 cubic yards of high grade masonry and about 20,000 cubic yards of concrete must be built before the steel work can be erected.

It is assumed that this portion of the work, the excavation and masonry, will consume about fifteen months, during which time the contractor will complete his shop drawings, secure his material and manufacture a large portion of the 16,000 tons of steel work required and that he will then have about five months in which to complete the manufacture and erect all the steel work in place.

The experience with the Williamsburg Bridge approaches shows that the time allowed for this work is none too great. The approaches on that bridge involved about the same quantity of steel, about half as much excavation, and about half as much masonry; the contract was awarded in the fall of 1900 and its completion delayed the opening of the bridge to vehicular traffic three years later.

The opportunities for doing work were far better on the Williamsburg Bridge and the contractor was experienced and abundantly capable of pushing the work.

The work involved in the approaches of the Manhattan Bridge is far more difficult than on the Williamsburg Bridge; the foundations must be carried deeper; the masonry involves a higher grade of ornamental work, requiring careful and tedious stone cutting, and the steel work is in long spans requiring more time for its manufacture and erection.

The time within which this work must be done is as brief as it is wise to make it, and the work must be commenced at once in order to have the approaches completed by the time the work on the main and land spans under the Ryan-Parker contract is completed.

Unless this work is commenced at once there is every reason to believe that the main and land spans will be completed before the approaches are done, and any delay at this time will certainly delay the opening of the bridge to public use a corresponding amount.

Very truly yours,

O. F. NICHOLS, Consulting Engineer.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held December 6, 1907, adopted a resolution directing all heads of departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized, without further approval of this Board.

Resolved, That the request of the Commissioner of Bridges for authority to let the contract for the construction of approaches to the Manhattan Bridge, at a cost of \$2,168,304 be approved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Secretary presented a report of the Chief Engineer, to whom on October 18 was referred the communication from the Fire Commissioner, submitting plans and specifications for a new fire alarm signal system in the Borough of Manhattan, stating that he has secured the advice of Dr. Samuel Sheldon, lately President of the American Institute of Electrical Engineers, who has reviewed the plans and specifications; that the specifications call for the highest possible class of construction, which might be considered extravagant except for the fact that no precaution should be omitted to make the fire alarm system as nearly perfect as possible, and recommending that the said plans and specifications be formally approved by the Board, together with communication from the United Electric Protection Company relative to some of the specifications.

Which were referred to the Chief Engineer.

The Secretary presented the following communication from the Secretary, Metropolitan Sewerage Commission requesting the issue of \$5,000 Corporate Stock for the expenses of said Commission, together with report of the Comptroller, to whom said request was referred on September 20, also report of the President, Board of Aldermen, as a Select Committee, to whom this matter was referred on November 15, recommending that the request be denied.

METROPOLITAN SEWERAGE COMMISSION OF NEW YORK,
No. 17 BATTERY PLACE,
NEW YORK CITY, August 9, 1907.

Board of Estimate and Apportionment, New York City, N. Y.:

GENTLEMEN—I am directed by the Metropolitan Sewerage Commission of New York to request the adoption by the Board of Estimate and Apportionment of a resolution authorizing the issue of Corporate Stock amounting to \$5,000 to meet the expenses of this Commission pursuant to the provisions of chapter 639, Laws of 1906.

Respectfully yours,

A. J. PROVOST, JR., Secretary.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the request of the Metropolitan Sewerage Commission for an issue of \$5,000 Corporate Stock, referred to the Comptroller by the Board of Estimate and Apportionment and by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The Metropolitan Sewerage Commission was created by chapter 639, Laws of 1906, which provided for the appointment by the Mayor of five Commissioners to investigate and consider means for protecting the waters of New York bay and vicinity against pollution. The law creating the Commission provides for the disbursement of a sum not to exceed \$15,000 to pay the expenses of the Commission.

On June 20, 1906, an issue of \$5,000 Corporate Stock was authorized for this purpose. On March 1, 1907, a second issue of \$5,000 Corporate Stock was authorized for the same purpose. The Commission, therefore, since its requisition, has received \$10,000 of the \$15,000 authorized for its expenditures.

The expenditures of the Commission have amounted to \$9,728.94, as the following schedule will show:

Rent of office.....	\$845 85
Furniture and supplies.....	572 41
Stenographer's salary.....	566 66
Telephone	92 26
Commissioners' traveling expenses.....	515 12
Rental of boats.....	1,452 550
Fuel	166 96
Apparatus	421 23
Carpenter work	127 08
Salaries, Pilot and crew.....	647 94
Plumbing work.....	53 81
Chemicals and laboratory supplies.....	457 42
Salaries, technical staff.....	2,980 04
Expenses of staff.....	102 52
Consulting Analyst.....	425 00
Incidentals	66 47
Contingencies	235 67

\$9,728 94

Balance on hand October 10, 1907..... \$271 06

The work of the Commission up to the present time has been in the nature of investigation necessitating, it is alleged, the establishment of a laboratory for chemical and bacteriological research, the employment of a Consulting Analyst and Chemist and the maintenance of a motor boat and crew for several months. The number of individual samples of waters and mud analyzed included 874 of water and 705 of mud. Other work performed has been the placing, locating and charting of a series of float observations for the purpose of ascertaining the direction and extent of surface, tidal and other currents by means of which the sewage discharged into the waters travels from the point of discharge and the ultimate destination of this material. In the opinion of the Commission the greater part of the sewage waste discharged into the waters surrounding The City of New York does not reach the ocean, but is precipitated upon the bottom of the harbor in the form of mud subject to decomposition.

The Commission is in favor of continuing the work of float observation. It is also proposed to make special investigation to ascertain the rate of accumulation of sewage deposits in various portions of the harbor and the rate at which these deposits will decrease by decomposition and putrefaction if not added to.

The Commission is required to submit to the Mayor before February 1, 1909, a full and complete report of its investigations, conclusions and recommendations.

As nearly \$10,000 have already been expended by the Commission, and as the Commission is confident that with the expenditure of the remaining \$5,000 of the amount authorized for expenditures, a full and complete report can be prepared and submitted, which will include plans and recommendations for improving and protecting the waters in the vicinity of the Greater City, your Examiner recommends the issue of \$5,000 of Corporate Stock, as requested, to meet the further and final expenses of the Commission.

Attached to this report is a statement from the Secretary of the Commission, prepared at your suggestion and addressed to you, which shows the amount and character of the work already accomplished.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOARD OF ALDERMEN,
CITY HALL, NEW YORK, December 11, 1907.

To the Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—Your Committee, to whom was referred on November 15, 1907, a communication from the Metropolitan Sewerage Commission, requesting an issue of Corporate Stock in the sum of \$5,000 to meet the "further and final expenses of the above Commission," respectfully submits the following report:

On the 21st of November, 1907, your Committee gave a hearing in regard to the above matter, at which all the members of the Commission were present except one. At the close of the hearing I stated to the members that unless some degree of harmony could be brought about in regard to the work for which the Commission was appointed I should not feel justified in recommending a further expenditure of public money. I also stated that I would defer making a report in the matter until the Commission had had an opportunity to meet and decide on a harmonious plan of action.

I have concluded from the facts adduced at that hearing and from subsequent correspondence and interviews with members of the Commission that dissensions have existed between the members practically since its formation and radical differences of opinion relative to the conduct of the experimental work for which they were appointed. I believe that any report which might be made by a divided and inharmonious Commission in regard to the pollution of the bay by sewerage would be of little value, and a further expenditure of public money would not result in furnishing the City authorities with such data and information as could be relied upon in providing means for protecting the waters of New York bay and vicinity against pollution.

Your Committee is of the opinion that because of irreconcilable differences and dissensions among its members the usefulness of the Commission is at an end and no further appropriation should be made for its purposes.

Respectfully submitted,

PATRICK F. MCGOWAN,
President of the Board of Aldermen.

The following resolution was offered:

Resolved, That the request of the Metropolitan Sewerage Commission for an appropriation of \$5,000 to meet further and final expenses of said Commission be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Secretary was directed to transmit a copy of the report of the Select Committee—the President of the Board of Aldermen—to his Honor the Mayor.

The Secretary presented the following communication from the District Attorney, New York County, requesting an additional appropriation of \$15,000, for conducting the criminal action against Harry K. Thaw, together with report of the Comptroller, to whom, on November 22, 1907, this matter was referred, recommending the issue of \$15,000 Special Revenue Bonds, as requested:

DISTRICT ATTORNEY'S OFFICE,
COUNTY OF NEW YORK,
November 15, 1907.

To the Honorable the Board of Estimate and Apportionment of The City of New York, New York City:

GENTLEMEN—Pursuant to the provisions of section 1542 of the amended Greater New York Charter, I hereby certify that the public interests demand, for the proper conduct of the criminal action against Harry K. Thaw, which is of exceptional difficulty, that an additional appropriation be made, and I respectfully request that your Honorable Board authorize the Comptroller to issue Special Revenue Bonds to the amount of \$15,000, to provide the necessary means therefor.

Yours very truly,

WM. TRAVERS JEROME, District Attorney.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held November 22, 1907, a communication was presented from the District Attorney, New York County, requesting an issue of \$15,000 Special Revenue Bonds, to provide additional means to properly conduct the criminal action against Harry K. Thaw, which was referred to you for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics for investigation. I beg to report as follows:

On the first trial of Harry K. Thaw, the District Attorney asked for an issue of \$15,000 Revenue Bonds for expenses in connection therewith. This request was granted by resolution of the Board of Estimate and Apportionment on March 15, 1907. During the progress of the trial the District Attorney was called upon to secure the services of more experts than he originally thought would be necessary, entailing an expense of \$24,900, or \$9,900 more than provided. To make up this deficiency of \$9,900 on the first trial, and to provide for expenses of second trial, which is estimated at \$5,000, making a total of \$14,900, the District Attorney requests the issue of Special Revenue Bonds for \$15,000, under section 1542 of the Greater New York Charter.

The District Attorney states that the conduct of this case is of exceptional difficulty, requiring the services of the best alienists and other experts that he can procure. I would respectfully recommend that the request of the District Attorney be granted.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 1542 of the Greater New York Charter, the Board of Estimate and Apportionment hereby appropriates the sum of fifteen thousand dollars (\$15,000), in addition to the sum heretofore appropriated, to meet the necessary expenses in connection with the proper conduct of the criminal action against Harry K. Thaw, as requested in a communication from the District Attorney, New York County, dated November 15, 1907, and for the purpose of

providing means therefor, the Comptroller be and is hereby authorized to issue Special Revenue Bonds of The City of New York, to the amount of fifteen thousand dollars (\$15,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Secretary presented a communication from the Secretary, Board of Education, submitting for approval form of specifications for a four-ton gasoline motor truck for the Department of Education.

Which was referred to the Comptroller.

The Secretary presented the following communication from the Comptroller submitting resolution modifying resolution adopted December 6, 1907, which directed the heads of the various departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized, without the approval of the Board of Estimate—by excepting the Board of Education (relative to construction and betterment of school buildings); the Public Service Commission; the Department of Docks and Ferries, and the Department of Water Supply, Gas and Electricity:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
December 10, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—I beg to present herewith a resolution modifying the one adopted by the Board of Estimate and Apportionment at the meeting held December 6, 1907. The purpose of the resolution is to except from the provisions of the resolution of December 6, 1907, such improvements as the completion of school houses, transportation facilities, and those producing revenue, such as the work of the Department of Docks and Ferries and the Department of Water Supply, Gas and Electricity.

Yours truly,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment, That Corporate Stock heretofore authorized to be issued for the construction and betterment of school buildings under the jurisdiction of the Board of Education; for the purposes of the Public Service Commission as successor to the Board of Rapid Transit Commissioners; for the Department of Docks and Ferries, and for the Department of Water Supply, Gas and Electricity, be and is hereby excepted from the provisions of the resolution of this Board adopted at a meeting held December 6, 1907, in relation to incurring any new or additional indebtedness payable from funds provided by the issue of Corporate Stock.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The following matters not upon the calendar for this day were considered by unanimous consent:

The Comptroller presented the following communication, submitting a revised copy of report relative to the City's indebtedness (presented at a meeting of the Board held December 6), and requesting that the revised report be substituted for the one presented on that date.

The Secretary was directed to comply with the request of the Comptroller, and the revised report was ordered printed in the minutes of the meeting of December 6.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 13, 1907.

To the Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—Since the presentation to your Board on December 6 last of a report prepared in the Bureau of Municipal Investigation and Statistics of the Department of Finance relating to the City's indebtedness as affecting the further debt contracting power of the corporation of The City of New York, there has been a considerable demand for copies of the said report.

In consequence of the many requests received, I have caused an order to be given for the printing in pamphlet form of fifteen hundred copies of the said report.

Meanwhile some typographical errors occurring in the original sheets due to the haste in which the work was done, as submitted to your Board on the 6th inst., have since been corrected. Besides these typographical errors it will be seen by referring to the revised report, herewith submitted, that on page 3 in the tabulation showing the total assessed valuation of real estate, 1898 to 1907, inclusive, some slight changes in the tax rate for City purposes have been made in those given for the years 1902 to 1907, inclusive. Those given in the original report included the rate for taxes levied for State purposes, the same not having been shown separately on the statements from which the tabulation was compiled.

On page 7 in the last column of the tabulation showing the City Budget totals by years, 1898 to 1908, inclusive, the caption over the last column of figures has been changed so as to read as follows: "Total amount necessary to be raised by taxation and general fund revenues."

On page 8, in the tabulation showing the amount of the tax levies by years, 1898 to 1907, inclusive, the heading of the third column has been changed so as to read as follows: "Revenue of the general fund applied."

On page 9 of the revised edition of the report it will be seen that the City debt statement as of October 1, 1907, furnished by the Bookkeeping Division of the Department of Finance, has been further amplified by showing the gross funded debt, the amounts in detail of the outstanding County and Water Bonds exempted from the operation of the constitutional provision relating to the City debt limit, as well as the value of the holdings of the Sinking Funds.

Also on page 4 of the report it will be found that there have been several changes made in the distribution of the net contract liabilities of date of November 1, 1907, among the several City departments, these changes being called for by errors in the preparation of the schedule of contract liabilities, as shown by City departments in Schedule A, which begins on page 11. In many instances the resolutions authorizing public improvements fail to specify the name of the department under whose jurisdiction the expenditure is to be made.

While these revisions in no way affect or alter the essential and important phases of the City's debt situation, as shown in the statement presented to your Board December 6, 1907, I would request that in the printed minutes of the Board of Estimate and Apportionment of that date the revised copy of the report herewith transmitted be substituted for the one submitted on the date mentioned.

Yours respectfully,

H. A. METZ, Comptroller.

The following transfers were made upon the recommendation of the Comptroller:
I. \$22,658.08, as requested by the Police Commissioner, from various accounts for the year 1907 to other accounts for the same year.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of six thousand two hundred and fifty-eight dollars and eight cents (\$6,258.08) from the appropriation made to the Police Department for the year 1907, entitled Police Fund, Salaries of Police Commissioner, Deputy Commissioners and Chaplains, which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same department for the same year, entitled Police Station Houses, Alterations, Fitting Up, etc., which is insufficient.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of five thousand dollars (\$5,000) from the appropriation made to the Police Department for the year 1907, entitled Extra Telephone and Telegraph Supplies, which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same department for the same year, entitled Police Station Houses, Alterations, Fitting Up, etc., which is insufficient.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of one thousand four hundred dollars (\$1,400) from the appropriation made to the Police Department for the year 1907, entitled Male Cleaners—Station Houses, which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same department for the same year, entitled Police Station Houses, Alterations, Fitting Up, etc., which is insufficient.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of two thousand dollars (\$2,000) from the appropriation made to the Police Department for the year 1907, entitled Police Fund, Salaries of Clerical Force and Employees, which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same department for the same year, entitled Police Station Houses, Alterations, Fitting Up, etc., which is insufficient.

Respectfully,

THEO. A. BINGHAM, Police Commissioner.

The following resolution was offered:

Resolved, That the sum of twenty-two thousand six hundred and fifty-eight dollars and eight cents (\$22,658.08) be and the same is hereby transferred from the appropriations made to the Police Department of the year 1907, entitled and as follows:

Contingent Expenses of Central Department and Station Houses..	\$8,000 00
Police Fund, Salaries of Police Commissioner, Deputy Commissioners and Chaplains	6,258 08
Extra Telephone and Telegraph Supplies.....	5,000 00
Male Cleaners—Station Houses.....	1,400 00
Police Fund—Salaries of Clerical Force and Employees.....	2,000 00
	<hr/>
	\$22,658 08

—the same being in excess of the amounts required for the purposes thereof, to the appropriations made to said department for the same year, entitled and as follows:

Police Station Houses—Rents.....	\$8,000 00
Police Station Houses, Alterations, Fitting Up, etc.....	14,658 08
	<hr/>
	\$22,658 08

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

II. \$2,000, as requested by the District Attorney, New York County, from the account Salaries for the year 1906, to the account Supplies and Contingencies, including arrearages, for the same year.

DISTRICT ATTORNEY'S OFFICE,
COUNTY OF NEW YORK,
December 9, 1907.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—There is an unexpended balance in the appropriation for Salaries for the year 1906, District Attorney's office, New York County, amounting to \$7,254.74. As the appropriation for Supplies and Contingencies, 1906, including Arrearages, is insufficient to pay the pending claims, I respectfully request that \$2,000 of the unexpended balance of the Salary Appropriation be transferred to the appropriation for Supplies and Contingencies, 1906, including Arrearages, and the remaining \$5,254.74 transferred to the General Fund for the reduction of taxation.

Respectfully,

WM. TRAVERS JEROME, District Attorney.

The following resolution was offered:

Resolved, That the sum of two thousand dollars (\$2,000) be and the same is hereby transferred from the appropriation made to the District Attorney, New York County, for the year 1906, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said District Attorney for the same year, entitled Supplies and Contingencies, including Arrearages, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Comptroller presented a claim of John F. Walsh, Jr., pursuant to chapter 601, Laws of 1907, for the sum of \$623.47, for improvements and repairs to the launch "Vim," by order of the Department of Correction.

Which was referred to the Comptroller.

The Comptroller presented the following communication from the Commissioner of Street Cleaning, requesting the issue of \$100,000, Revenue Bonds, pursuant to section 546 of the Charter, of which \$70,000 is for the Boroughs of Manhattan and The Bronx and \$30,000 for the Borough of Brooklyn, together with report thereon, recommending the issue of \$70,000 for the Boroughs of Manhattan and The Bronx, as requested (this matter having been referred to the Comptroller on December 6, 1907):

DEPARTMENT OF STREET CLEANING,
Nos. 13 TO 21 PARK ROW,
December 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I have to request that, in accordance with the provisions of section 546 of the Greater New York Charter, the Comptroller be authorized and directed to issue Revenue Bonds of The City of New York to the amount of one hundred thousand dollars (\$100,000), for the Boroughs of Manhattan, The Bronx and Brooklyn, as follows:

Boroughs of Manhattan and The Bronx.....	\$70,000 00
Borough of Brooklyn.....	30,000 00

The above request is made for the purpose of meeting an emergency that may arise in case of a snowfall, as there is no balance remaining in the account set aside for this purpose.

Respectfully,

FOSTER CROWELL, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 11, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Foster Crowell, Commissioner, Department of Street Cleaning, in communication under date of December 5, 1907, requests the Board of Estimate and Apportionment to authorize the issue of Revenue Bonds to the amount of \$100,000, for the boroughs of Manhattan, The Bronx and Brooklyn, as follows:

Boroughs of Manhattan and The Bronx.....	\$70,000 00
Borough of Brooklyn.....	30,000 00

Total	\$100,000 00
-------------	--------------

—for the purpose of meeting an emergency that may rise in case of a snowfall. I would report:

First—\$70,000 for the boroughs of Manhattan and The Bronx.

There are no snow and ice contracts for these boroughs for the winter season of 1907-1908; none of the bids opened last week, on account of the price, were accepted, and the work is being readvertised and bids will be opened on December 18, 1907.

In order to pay for the work done last Sunday, December 8, 1907, and to provide for the taking care of any snow storm that may fall within the next ten days or two weeks, it will be necessary to supply the funds, as there is no available balance for this work. If the money is not used within this period, it can be applied to further payments during the remainder of the winter season of 1907.

I therefore see no reason why said allowance should not be made.

Second—\$30,000 for the Borough of Brooklyn.

Snow and ice contracts for the winter season of 1907-1908 were approved by the Board of Estimate and Apportionment at a meeting of the Board held December 6, 1907; therefore, I do not think it urgent to make this appropriation at present. The money can be provided for when the expenditure has been earned by the Contractors.

I therefore suggest that this authorization be deferred.

In order to provide means for the Street Cleaning Commissioner to pay for the work done of removing snow and ice last Sunday, December 8, 1907, amounting to about \$6,000, also to enable him to meet any emergency that may arise in case of a snowfall before the snow and ice contracts are awarded for the removal of snow and ice in the boroughs of Manhattan and The Bronx, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 546 of the Greater New York Charter, to issue Revenue Bonds to the amount of \$70,000, to be used for removing snow and ice in the boroughs of Manhattan and The Bronx.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, for the purpose of providing means for the removal of snow and ice in the boroughs of Manhattan and The Bronx, the Comptroller be and is hereby authorized, pursuant to the provisions of section 546 of the Greater New York Charter, to issue Revenue Bonds of The City of New York to the amount of seventy thousand dollars (\$70,000), redeemable from the tax levy of the year succeeding their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Comptroller presented the following communications from the Board of Trustees, College of The City of New York, requesting the fixing of the salary of position of Stationary Engineman at \$4.50 per diem, and of position of Assistant Engineers at \$1,400 per annum, for seven incumbents, which were referred to the Select Committee consisting of the Comptroller and the President, Board of Aldermen, on October 18 and October 25 respectively; also report of said Committee, recommending the fixing of salary of position of Assistant Engineman at \$4.50 per diem, for six incumbents:

THE COLLEGE OF THE CITY OF NEW YORK,
OFFICE OF THE BOARD OF TRUSTEES,
ST. NICHOLAS TERRACE AND ONE HUNDRED AND THIRTY-NINTH STREET,
NEW YORK, September 20, 1907.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, New York, N. Y.:

DEAR SIR—Application is herewith made to the Board of Estimate and Apportionment to fix the salary of the position of Stationary Engineman in the College of The City of New York at \$4.50 per day. The Board of Trustees of the College has recently met with considerable difficulty in securing the services of competent Enginemen willing to take charge of the extensive and intricate machinery installed in the new College buildings at the salary fixed by the Board of Estimate and Apportionment of \$1,400 per annum, and it was only after promising those men who, in the opinion of the Board of Trustees, possessed the necessary qualifications to be intrusted with the care of a plant of such magnitude, that application would be made to the Board of Estimate and Apportionment to fix the salary of the position of Engineman at the rate of \$4.50 per day that the Board was successful in securing the services of competent men at the present established salary of \$1,400 per annum, which is not only less than \$4 per day, but less than the rate allowed by other City Departments.

Yours truly,

JAMES W. HYDE, Secretary, Board of Trustees.

THE COLLEGE OF THE CITY OF NEW YORK,
ST. NICHOLAS TERRACE AND ONE HUNDRED AND THIRTY-NINTH STREET,
NEW YORK, October 21, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment, New York, N. Y.:

DEAR SIR—On the 26th of October, 1906, the Board of Estimate and Apportionment adopted a resolution fixing the salaries of various positions in the College of

The City of New York, among which were the salaries of Assistant Engineers, limiting the number of incumbents to be employed at \$1,400 per annum to two.

In accordance with the advice and recommendations of Mr. Alfred E. Wolfe, Consulting Engineer of the Mechanical Plant, there will be required, to safely operate the plant in all its branches, seven additional Engineers.

The buildings are now gradually being transferred to the Board of Trustees for maintenance and operation of the Mechanical Plant, but before the plant can be successfully and safely operated it will be necessary to employ at least seven additional Assistant Engineers. As the original resolution of October 26, 1906, limits to two the number of Assistant Engineers to be employed at \$1,400 per annum, request is herewith made to the Board of Estimate and Apportionment, pursuant to section 56 of the Charter, to fix the salaries of Assistant Engineers at \$1,400 per annum, effective October 21, 1906, thus empowering the Board of Trustees to employ as many Assistant Engineers as may be needed. It is requested that early action be taken on this application, as the services of additional Engineers are needed immediately.

Yours very truly,

JAMES W. HYDE, Secretary, Board of Trustees.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 10, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—In a communication referred to the Select Committee at a meeting of the Board of Estimate and Apportionment under date of October 18, 1907, a request is made by the Board of Trustees of the College of The City of New York for the establishment of the grade of Assistant Engineman in that institution at a rate of \$4.50 per diem.

Under date of October 25, 1907, there was referred to this Committee a second request of said Board of Trustees relative to the establishment of said grade and also asking that the Department be allowed seven additional Assistant Enginemen at said per diem rate.

Your Committee recommends the adoption of the accompanying resolution which approves of the establishment of the grade of Assistant Engineman at \$4.50 per diem, for six (6) incumbents.

Yours truly,

H. A. METZ, Comptroller.

P. F. McGOWAN, President, Board of Aldermen.
Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Assistant Engineman in the College of The City of New York, in addition to those already existing therein, with compensation at the rate of \$4.50 per diem, for six incumbents.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Comptroller presented the following communication from the Board of Trustees, College of The City of New York, requesting the fixing of salary of position of Pipe Fitter, at \$4.75 per diem, to take effect October 1, 1907, together with report of the Select Committee consisting of the Comptroller and the President, Board of Aldermen, to which, on November 22, 1907, said request was referred, recommending the fixing of salary of said position as requested, to take effect October 1, 1907:

THE COLLEGE OF THE CITY OF NEW YORK,
OFFICE OF THE CURATOR,
ST. NICHOLAS TERRACE AND ONE HUNDRED AND THIRTY-NINTH STREET,
NEW YORK, November 18, 1907.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, New York, N. Y.:

DEAR SIR—Request is herewith made to the Board of Estimate and Apportionment to fix the salary of the position of Pipe Fitter in the College of The City of New York, at \$4.75 per diem, effective October 1, 1907. In order that the steam-heating plant, which had been transferred by the contractor to the Board of Trustees for operation early in October, might be in charge of a competent person with knowledge of the steamfitting trade, it became urgently necessary to make this appointment on October 1, 1907. It is therefore requested that the salary of the position be made effective as of that date.

Yours truly,

JAMES W. HYDE, Secretary, Board of Trustees.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 10, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Department of Finance, dated December 9, 1907, relative to a communication from the Secretary of the Board of Trustees, College of The City of New York, requesting the fixing of the salary of the position of Pipe Fitter, at \$4.75 per diem, to take effect October 1, 1907, which matter was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Yours respectfully,

H. A. METZ, Comptroller;

P. F. McGOWAN, President, Board of Aldermen;
Select Committee.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
December 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to a communication from the Secretary of the Board of Trustees, College of The City of New York, requesting the fixing of the salary of position of Pipe Fitter, at \$4.75 per diem, to take effect October 1, 1907, which was referred by the Board of Estimate and Apportionment to the Comptroller and President of the Board of Aldermen for consideration and report, and by you referred to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

The Secretary of the Board of Trustees explained to your Examiner that the application is intended for a Steam Pipe Fitter, the Civil Service title being "Pipe Fitter." In order that the large steam-heating plant of the new buildings of the College of The City of New York might be placed in charge of a competent steamfitter in October last, it became necessary to make the appointment on the first of that month, and also to compensate the incumbent at the rate of \$4.75 a day.

It is the desire of the Board of Trustees to have a grade of Steam Pipe Fitter fixed at the rate of \$4.75 a day, the salary of the position to be made effective as of the date of October 1, 1907.

I recommend that the request of the Board of Trustees of the College of The City of New York be granted, and that the accompanying resolution be adopted by the Board of Estimate and Apportionment.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Steam Pipe Fitter in the College of The City of New York, with compensation at the rate of four dollars and seventy-five cents (\$4.75) per diem, to take effect October 1, 1907, for one incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Comptroller presented the following communication requesting the transfer of \$10,000 from the account of the Board of Elections, entitled Expenses made Necessary by the Primary Election Law, for the year 1907, to the account of the Court of Special Sessions, First Division, Supplies and Contingencies (\$1,500), and to the Department of Finance, Supplies and Contingencies, Comptroller's Office (\$8,500):

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
December 13, 1907.

Honorable Board of Estimate and Apportionment:

GENTLEMEN—I respectfully request the transfer of \$10,000 from the appropriation made for the Board of Elections for the year 1907, entitled Expenses made Necessary by the Primary Election Law, to the following appropriations: Court of Special Sessions, First Division, Supplies and Contingencies, 1907, \$1,500, and Department of Finance, Supplies and Contingencies, Comptroller's Office, 1907, \$8,500. Copy of consent of Board of Elections is hereto attached.

Yours respectfully,

H. A. METZ, Comptroller.

December 12, 1907.

Hon. JOHN H. MCCOY, Deputy Comptroller, New York City:

DEAR SIR—I beg to inform you that at a meeting of the Board of Elections, held this day, your request of November 20, that this Board consent to the transfer of \$10,000 from the appropriation made to it for the year 1907, entitled, "For Expenses Made Necessary by the Primary Election Law" to such appropriations as you may deem necessary, was granted.

Respectfully yours,

JOHN T. DOOLING, President.

The following resolution was offered:

Resolved, That the sum of ten thousand dollars (\$10,000) be and the same is hereby transferred from the appropriation made to the Board of Elections for the year 1907, entitled "For Expenses Made Necessary by the Primary Election Law," the same being in excess of the amount required for the purposes thereof, to the appropriations made for the same year, entitled and as follows:

Court of Special Sessions, First Division—Supplies and Contingencies	\$1,500 00
Department of Finance—Supplies and Contingencies—Comptroller's Office	8,500 00
	<hr/>
	\$10,000 00

—the amounts of said appropriations being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

The Comptroller presented a communication from a sub-committee of the Brooklyn Subway Committee of One Hundred, relative to the Poulson plan for the relief of the congestion at the Manhattan terminal of the Brooklyn Bridge.

Which was referred to the Bridge Commissioner.

The Comptroller presented a communication from the Secretary, Board of Justices, Municipal Courts of The City of New York, requesting an appropriation of \$43,200, to meet the salaries of thirty-six additional Attendants for said courts.

Which was referred to the Comptroller.

The Comptroller presented a communication from the Secretary, Board of Justices, Municipal Courts, City of New York, requesting that an Italian Interpreter be appointed to serve in the several districts in the Borough of Brooklyn, at such salary and such term as the Board of Estimate shall fix.

Which was referred to the Comptroller.

The Comptroller presented a resolution of the Board of Education, to which, on November 15, was transmitted a copy of report of the Select Committee, consisting of Comptroller and President, Board of Aldermen, relative to fixing of salaries of Firemen employed in the Manual Training High School, Brooklyn, at \$3 per diem, stating that said Board is of the opinion that no increase in the salaries of said Firemen should be made.

Which was referred back to the Select Committee, consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented a communication from District Attorney, Queens County, requesting the abolishing of positions of Assistant District Attorney and Deputy Assistant District Attorney, and the creation of positions of First, Second, Third and Fourth Assistant District Attorney, with salary at the rate of \$3,000 per annum for the First Assistant, and \$2,400 per annum for each of the other grades.

Which was referred to the Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented communications as follows:

Resolution of the Board of Aldermen, requesting that the Board of Estimate authorize the Corporation Counsel to incur expenses, not to exceed \$12,500, for services and expenses of Special Counsel, to assist in legal matters in which the City is or may be interested in during the year 1907, and further requesting that the Board authorize the Comptroller to issue Special Revenue Bonds to this amount, in order to provide means therefor.

Communication from the Commissioner of Parks, Borough of The Bronx, requesting, in accordance with resolution adopted by the Board of Estimate, December 6, 1907, permission to continue certain work of the Department, at a cost of about \$10,000, in order to carry on the work to a point where it may safely be suspended.

Resolution of the Board of Education, requesting approval of the action of said Board, in awarding contracts for pianos to other than the lowest bidders.

Which were referred to the Comptroller.

The Comptroller presented the following communication from the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which, from time to time, were referred reports of the Commission on Salaries and Grades, indorsing the recommendations made relative to the clerical, engineering, inspection, attendance, ferry, prison and medical services:

December 12, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—Your Committee, to which, from time to time, were referred reports made to the Board by the Commission on Salaries and Grades, appointed by resolutions adopted June 1 and June 22, 1906, begs to report that it has carefully examined and considered the schedules submitted by the Commission, covering the "Clerical Service," the "Engineering Service," the "Inspection Service," the "Attendance Service," the "Ferry Service," the "Prison Service" and the "Medical Service" and is satisfied that the adoption of these several schedules will result in simplifying the classification of these branches of the Civil Service of The City of New York, and will establish a more equitable and economical system of promotions than prevails at the present time.

Your Committee heartily indorses the carrying into effect of the recommendations made by the Commission in relation to the above-named branches of the service, and for that purpose submits herewith, for adoption by the Board of Estimate and Apportionment, resolutions prepared by a representative of the Corporation Counsel.

Respectfully submitted,

H. A. METZ, Comptroller.

P. F. MCGOWAN, President, Board of Aldermen.

The following resolution was offered:

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon of

WEDNESDAY, JANUARY 15, 1908,

FOR A LEASE FOR A TERM OF FIVE YEARS, BEGINNING ON A DATE TEN DAYS AFTER SAID LEASE SHALL BE APPROVED BY THE COMMISSIONERS OF THE SINKING FUND, OF THE RIGHT TO USE AND OCCUPY THE INSHORE OR MOST EASTERLY DUMP ON THE NORTHERLY SIDE OF THE PIER AT THE FOOT OF WEST THIRTIETH STREET, NORTH RIVER, BOROUGH OF MANHATTAN, TOGETHER WITH THE RIGHT TO USE THE RAMP OR APPROACH THERETO.

It being understood that the lessee shall not in any way interfere with the operation of the Department of Street Cleaning dumps on the northerly side of said pier.

The lessee shall make all repairs to the dumping board above described.

All repairs to that portion of the ramp or approach extending from the easterly end thereof to the westerly end of the inshore dumping board shall be made by the Department of Street Cleaning, but one-half of the cost thereof, as shown by the books and accounts of the Department of Street Cleaning shall be borne by the lessee.

The lessee shall covenant and agree that he will at all times do such dredging from time to time during the term of said lease as may be considered necessary or proper by the Commissioner of Docks to a depth of at least 20 feet at mean low water, in the basin or slips or water adjacent at the northerly side of said pier, commencing at the bulkhead line and extending outshore to the westerly end of the inshore or most easterly dumping board.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department.

No bid will be considered unless accompanied by a certified check payable to order of Department of Docks and Ferries, or cash in the sum of \$500 as security for the execution of the lease, which \$500 will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute

the lease, and the successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

J. A. BENDEL,
Commissioner of Docks.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Grandview avenue, between Metropolitan avenue and Stanhope street, and between Linden street and Forest avenue, in the Borough of Queens, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southerly line of Metropolitan avenue where it is intersected by the prolongation of a line midway between Amory street and Grandview avenue, as laid out between Metropolitan avenue and Amory court, and running thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the center line of Stanhope street; thence southeasterly along the center line of Stanhope street to the intersection with the prolongation of a line midway between Grandview avenue and Amory street as laid out between Stanhope street and Ralph street; thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the intersection with a line which is the bisector of the angle formed by the intersection of the westerly line of Forest avenue and the northeasterly line of Grandview avenue; thence southeasterly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of Grandview avenue, the said distance being measured at right angles to the line of Grandview avenue; thence southeasterly and parallel with Grandview avenue to the easterly line of Forest avenue; thence easterly at right angles to the line of Forest avenue a distance of 100 feet; thence southerly and parallel with Forest avenue to a point distant 100 feet southerly from the southerly line of Palmetto street; thence westwardly and southwardly and always distant 100 feet from Palmetto street to the intersection with the prolongation of a line midway between Grandview avenue and Fairview avenue; thence northwardly along the said line midway between Grandview avenue and Fairview avenue and the prolongations of the said line to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the southerly line of Metropolitan avenue midway between Grandview avenue and Starr street; thence northwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet northerly from the northerly line of Metropolitan avenue; thence easterly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue, and passing through the point described as the point of beginning; thence southwardly along the said line at right angles to Metropolitan avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments:

The "Fifth Installment" in each case is now due and payable, and hereafter for fifteen years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1907, and the "Fifth Installment," entered on December 29, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the fifth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

WEST ONE HUNDRED AND THIRTY-NINTH STREET—SEWER, between Riverside drive and Broadway. Area of assessment: Both sides of West One Hundred and Thirty-ninth street, from Riverside drive to Broadway.

—that the same was confirmed by the Board of Assessors on December 17, 1907, and entered on December 17, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before February 15, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid:

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York.

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907,

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN,

Collector of Assessments and Arrears

of The City of New York.

The foregoing sale will continue on

WEDNESDAY, JANUARY 15, 1908,

at 10 o'clock a. m., in Room 129, Borough Hall,

Borough of Richmond.

DANIEL MOYNAHAN,

Collector of Assessments and Arrears.

DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

FRIDAY, JANUARY 10, 1908.

Boroughs of Manhattan, The Bronx and Brooklyn.

CONTRACT FOR FURNISHING AND DELIVERING:

- No. 1. IRON AND STEEL.
- No. 2. HARNESS-MAKERS' SUPPLIES.
- No. 3. MISCELLANEOUS SUPPLIES.
- No. 4. PLUMBING SUPPLIES.
- No. 5. MALLEABLE IRON CASTINGS.
- No. 6. SCRAPER STEEL.
- No. 7. HARIWARE.
- No. 8. CARRIAGE BOLTS AND NUTS.
- No. 9. MACHINE BOLTS AND NUTS.
- No. 10. LEATHER.
- No. 11. LUMBER.

The times for the delivery of the supplies and the completion of the contracts will be as follows: Harness-makers' Supplies, Scraper Steel,

Hardware, Carriage Bolts and Nuts, Machine Bolts and Nuts, sixty (60) days; for Iron and Steel, Miscellaneous Supplies, Malleable Iron Castings, ninety (90) days, and for Leather and for Lumber, the year 1908, as required.

The amount of security is fifty per cent. (50%) of the amount of the bid or estimate.

For the purpose of proper inspection of the supplies to be furnished under each of the above contracts, a Special Inspector will be appointed by the Commissioner of Street Cleaning, and the compensation of this Inspector is to be paid by the contractor under each contract at the rate of 2½ per cent. of the total amount of each contract.

In making a bid for any one of the above contracts, this amount of 2½ per cent. for compensation of the Special Inspector should be taken into account, but must not be distributed among the prices of the several items. It must be added by the bidder at the foot of his bid, as a separate and distinct item, thus: "Compensation of Special Inspector at 2½ per cent."—then extending this amount as 2½ per cent. of the total of his extended prices.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, per hundred pounds, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each class and awards made to the lowest bidder on each class.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

FOSTER CROWELL,
Commissioner of Street Cleaning.
Dated December 27, 1907.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

THURSDAY, JANUARY 9, 1908, Borough of The Bronx.

CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR LOADING AND TRIMMING DECK SCOWS AND OTHER VESSELS OF THE DEPARTMENT, AND FOR THE PRIVILEGE OF SORTING AND PICKING OVER AND APPROPRIATING CERTAIN REFUSE.

The time for the completion of the work and the full performance of the contract is by or before one year.

The amount of security required is Three Thousand Dollars.

The period of this contract will be one (1) year of fifty-two (52) weeks, beginning on the Monday following the date of the contract.

Bidders will write out the price in their bids or estimates, in addition to inserting the same in figures, and this price will be the compensation to be paid to The City of New York by the contractor per week in advance for the privilege and work at all the dumps and at dumps to be provided and maintained by the contractor at his own cost and expense.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five per centum (5%) of the amount for which the bidder proposes to perform the work for one year.

From the bids or estimates so received the Commissioner may select the bid, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND THIRTY-THIRD STREET (although not yet named by proper authority), from Bronx river to Hutchinson river; also the PUBLIC PLACE at the intersection of East Two Hundred and Thirty-third street with Morris Park avenue, and the PUBLIC PLACE at the eastern terminus of East Two Hundred and Thirty-third street and Hutchinson river, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York, as amended by an order entered herein discontinuing the above-entitled proceeding, so far as the same affects that part of East Two Hundred and Thirty-third street lying between the westerly side of Baychester avenue and Hutchinson river.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of January, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have

been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street with the centre line of the Bronx river; running thence northerly along the centre line of the Bronx river to its intersection with a line parallel to and distant 1,500 feet northerly from the northerly line of East Two Hundred and Thirty-third street; thence easterly along said parallel line to its intersection with a line parallel to and distant 500 feet easterly from the easterly line of Baychester avenue; thence southerly along said last-mentioned parallel line to its intersection with the easterly prolongation of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street; thence westerly along said prolongation and parallel line to the point or place of beginning; as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of February, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of January, 1908, at 12 o'clock m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 28th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the southwesterly prolongation of the middle line of the blocks between the Crescent and William street with a line parallel to and 100 feet southwesterly from the southwesterly line of Thirteenth street; running thence northwesterly along said parallel line to its intersection with a line parallel to and 100 feet southeasterly from the southwesterly line of Ely avenue; thence northeasterly along said last-mentioned parallel line to its inter-

section with the middle line of the blocks between William street and Ely avenue and continuing northeasterly along said middle line and its prolongation to its intersection with a line parallel to and 100 feet northeasterly from the northeasterly line of Graham avenue; thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of the middle line of the blocks between the Crescent and William street; thence northwesterly along said prolongation and middle line to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the ninth day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, December 20, 1907.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
