The City Planning Commission (CPC), acting as lead agency, issued a Notice of Completion on May 19, 2017, for a Draft Environmental Impact Statement (DEIS) for the proposed Self-storage Text Amendment in accordance with Article 8 of the Environmental Conservation Law. A public hearing on the DEIS will be held on Wednesday, August 23, 2017, at 10:00 A.M., in Spector Hall, located at 22 Reade Street, New York, NY, in conjunction with the CPC's Citywide public hearing, pursuant to ULURP. The public hearing will also consider a modification to the Proposed Action, (ULURP No. N 170425 (A) ZRY). Comments are requested on the DEIS and will be accepted until 5:00 P.M., on Tuesday, September 5, 2017.

The Department of City Planning is proposing a Citywide zoning text amendment to establish a Special Permit under the jurisdiction of the City Planning Commission for all new self-storage development in the

proposed "Designated Areas." The proposed Designated Areas, all located in Manufacturing (M) districts, would largely coincide with Industrial Business Zones and would be established as text maps.

Since the issuance of the Notice of Completion for the DEIS, the Department of City Planning (DCP) has proposed to modify the zoning text amendment (ULURP No. N 170425 (A) ZRY), which permits self-storage facilities as-of-right in Designated Areas in $\bar{\mathrm{M}}$ districts, provided that a minimum specified amount of ground-floor space is set aside for more job-intensive industrial uses. The industrial ground floor requirement could be modified or waived by applying for a City Planning Commission Special Permit.

The proposed Designated Areas (the areas that would be directly affected by the proposed text amendment) in M districts are New York City's most active industrial areas, encompassing 10,254 acres and portions of 27 Community Districts across Brooklyn, Queens, Staten Island and the Bronx. All of the proposed Designated Areas are zoned for M1, M2 and M3 with FARs of 1, 2 or 5, respectively. Within the proposed Designated Areas, there are 65 self-storage facilities, representing about one quarter of all self-storage facilities in NYC.

It is expected that the likely effects of the proposed text would be to affect the amount and location of future self-storage facilities. Specifically, the proposed text amendment may result in a slight decrease in the number of self-storage facilities that would be developed in the foreseeable future, decreasing the projected amount from 86 to 81 in the foreseeable future. For the purposes of this analysis, the foreseeable future is defined as a ten-year period resulting in an analysis year of 2027.

Based on past and current development trends, it is projected that in the future without the proposed text amendment, there would be a total of 86 self-storage facilities developed in NYC. Of these 86 facilities, 20 are projected to be located within the areas proposed to be Designated Areas and 66 would be developed in M and C8 districts outside of the Designated Areas, where these uses are currently permitted. In the future with the proposed text amendment, there are projected to be 81 self-storage facilities, with 11 facilities located within the areas proposed to be Designated Areas and 70 facilities proposed to be developed in M and C8 districts. In total, there could be five fewer self-storage facilities overall by 2027, with nine fewer in Designated Areas, and four more in M and C8 districts outside of the Designated Areas.

The DEIS has identified significant adverse impacts with respect to hazardous materials, historic and cultural resources (archeology) and socioeconomic conditions (effects on specific industries).

The DEIS considered three alternatives to the Proposed Actions: a No Action Alternative; a Smaller Sites Exemption Alternative, which considers allowing self-storage facilities as-of-right on zoning lots of 20,000 sq. ft. or less; and a Mixed Use Alternative which considers the potential effects of allowing new self-storage uses in Designated Areas above the ground floor of a development. The DEIS also conceptually analyzed the potential adverse impacts that could result from if a Special Permit is obtained to build a self-storage facility within the Designated Areas in M Districts.

Electronic copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Robert Dobruskin, Director (212) 720-3423; or from the Mayor's Office of Environmental Coordination, 253 Broadway, 14th Floor, New York, NY 10007, Hilary Semel, Director (212) 676-3290; and on the New York City Department of City Planning's website legated at http://www.l City Department of City Planning's website located, at http://www1. nyc.gov/site/planning/applicants/eis-documents.page.

In addition, a technical memorandum assessing whether the modifications to the text amendment (ULURP No. N 170425 (A) ZRY) would alter the conclusions presented in the DEIS is available on DCP's website (http://www1.nyc.gov/site/planning/applicants/eis-documents.page). The analyses presented in the technical memorandum will be incorporated into the Final Environmental Impact Statement (FEIS).

Olga Abinader, Deputy Director (212) 720-3493 Environmental Assessment and Review Division (EARD) New York City Department of City Planning (DCP)

The City Planning Commission (CPC), acting as lead agency, issued a Notice of Completion on April 21, 2017, for a Draft Environmental Impact Statement (DEIS) for the proposed East Harlem Rezoning in accordance with Article 8 of the Environmental Conservation Law. A public hearing on the Draft Environmental Impact Statement (DEIS) will be held on Wednesday, August 23, 2017, at 9:30 A.M., in Spector Hall, at the Department of City Planning, located at 22 Reade Street, New York, NY 10007, in conjunction with the CPC's Citywide public hearing, pursuant to ULURP. The public hearing will also consider a modification to the Proposed Action, (ULURP No. N170359(A)ZRM). Comments are requested on the DEIS and will be accepted until Tuesday, September 5, 2017.

The New York City Department of City Planning (DCP), together with the Department of Housing Preservation and Development (HPD), is proposing a series of land use actions—including zoning map amendments, zoning text amendments, and amendments to the Milbank Frawley Circle-East Urban Renewal Plan (collectively, the "Proposed Actions"). The Proposed Actions are intended to facilitate the development of affordable housing, preserve existing neighborhood character, improve the pedestrian experience, and create new commercial and manufacturing space to support job creation adjacent to existing and future transit nodes. The Proposed Actions would affect an approximately 96-block area of the East Harlem neighborhood of Manhattan.

The DEIS identified significant adverse impacts related to shadows, historic and cultural resources, transportation (traffic, pedestrians, and transit), and construction (noise). The DEIS identified measures and/or potential measures that would fully or partially mitigate several of the significant adverse impacts; some impacts would remain unmitigated. Between DEIS and FEIS, potential mitigation measures will be studied further to determine whether they are feasible and whether any significant adverse impacts would remain unmitigated.

The DEIS considered four alternatives—a No Action Alternative, a No Unmitigated Significant Adverse Impact Alternative, a Lesser Density Alternative, and the Sendero Verde Development Alternative. Under the Sendero Verde Development Alternative, the DEIS considered a series of actions - subject to a concurrent, related land use application proposed by HPD - needed to facilitate an affordable housing development (the "Sendero Verde – East 111th Street" Proposal). The affected property is bounded by East 111th Street, Madison Avenue, East 112th Street, and Park Avenue (the "Sendero Verde Site"). The land use actions necessary to facilitate the development of the Sendero Verde Site include a zoning map amendment, zoning text amendment, UDAAP designation, disposition of City-Owned property, acquisition of a portion of the disposition area by the City, a large-scale general development (LSGD) special permit, and a City Planning Commission certification to waive retail continuity requirements.

The Sendero Verde Development Alternative would result in significant adverse impacts beyond those identified for the Proposed Actions. Unlike the Proposed Actions, the Sendero Verde Development Alternative is expected to result in significant adverse impacts related to indirect effects to open space. Mitigation measures could include the provision of new open space on the Sendero Verde site; this and other possible mitigation measures to address the significant adverse impacts related to open space will be explored between DEIS and FEIS. In addition to the impacts identified above, the Sendero Verde Development Alternative would result in similar significant adverse impacts in the areas of transportation impacts (traffic, transit and pedestrians) and construction (noise) as the Proposed Actions. The extent and severity of the significant adverse impacts are expected to differ from those resulting from the Proposed Actions. Mitigation measures could be similar to the mitigation measures identified for the Proposed Actions for transportation and construction. The Sendero Verde Development Alternative would also result in the same significant adverse impacts related to shadows and historic and cultural resources that would occur in the Proposed Actions. Mitigation measures for shadows, historic and cultural resources for the Sendero Verde Development Alternative are expected to be the same mitigation measures as proposed for the Proposed Actions.

Since the issuance of the Notice of Completion for the DEIS, DCP

has proposed to modify the zoning text amendment (ULURP No. N170359(A)ZRM). A technical memorandum assessing whether this modification would alter the conclusions presented in the DEIS is available on DCP's website (http://www1.nyc.gov/site/planning/applicants/eis-documents.page). The analyses presented in the technical memorandum will be incorporated into the Final Environmental Impact Statement (FEIS).

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Olga Abinader, Deputy Director (212) 720-3493; or from the Mayor's Office of Environmental Coordination, 253 Broadway, 14st Floor, New York, NY 10007, Hilary Semel, Director (212) 676-3290; and on DCP's website: http://www1.nyc.gov/site/planning/applicants/eis-documents.page.

Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face. For the purposes of this paragraph, (d)(1), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(2) Three setbacks facing Harlem River

The upper #stories# of a tower shall provide setbacks with a minimum depth of 15 feet measured from the west-facing wall of the #story# immediately below. Such setbacks shall be provided at the level of three different #stories#, or as many #stories# as are located entirely above a height of 230 feet, whichever is less. Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways Contiguity of Fire Apparatus Access Road with Adjacent

Contiguity of Fire Apparatus Access Road with Adjacent Zoning Lots on Parcels 2, 3 and 4

[NOTE: Existing provisions, moved to paragraph (b) of this Section]

On Parcels 2, 3 and 4, in addition to the certification provisions of Section 87-62 (Fire Apparatus Access Roads), a fire apparatus access road shall be provided in accordance with the provisions of this Section.

(a) Bi-Directional Road

[NOTE: Existing provisions, moved from Section 87-66 (Connection with Adjacent Zoning Lots) and modified]

On each of Parcels 2, 3 and 4, and only among such Parcels, a connection for bi-directional vehicular travel lanes to an adjacent #zoning lot line# shall be provided. When complete, such fire apparatus access road shall provide bi-directional contiguous vehicular access from the northerly #upland connection# of Parcel 2 along the mapped parkland, along the #shore public walkway# of Parcels 2, 3 and 4, and within the southerly #upland connection# of Parcel 4.

Any connection of fire apparatus access roads across a shared #zoning lot line# must meet the grade of, and maintain the street width of, the existing adjacent fire apparatus access road. Such fire apparatus access road shall extend along the entire #shore public walkway# of the #zoning lot#, from #lot line# to #lot line#. A connection need not be opened unless and until such declaration of restrictions, in accordance with Section 87-64, has been recorded against the adjacent #zoning lot#.

(b) Interim fire apparatus turnaround

[NOTE: Existing provisions of Section 87-63, modified]

When bi-directional vehicular travel lanes are constructed that terminate at a #lot line# and do not continue on the adjacent #zoning lot# at the time of their construction, an interim dead-end fire apparatus access road turnaround may be constructed as an alternative to the provisions of paragraph (a) of this Section, in accordance with the following provisions.

An applicant utilizing the provisions of this paragraph shall construct a fire apparatus access road that extends along the entire #upland connection# and #shore public walkway# of the #zoning lot#, from #lot line# to #lot line#, and shall provide an "approved turnaround area," constructed as part of a "dead-end fire apparatus access road," as those terms are defined in the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or its successor.

Such turnaround area shall be constructed to dimensions no greater than required under the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or its successor, and shall be located at the end of the fire apparatus access road, abutting the adjacent #lot line#. Such turnaround area may extend into the designated #shore public walkway, but at no point may such turnaround area extend into the associated circulation path. Sidewalks shall not be required adjacent to the turnaround area. The portion of the turnaround area that lies within a #shore public walkway# shall remain clear of obstacles, shall be composed of permeable materials to the extent permissible by the Fire Commissioner and shall meet all applicable requirements set forth in the New York City Fire Code Section 503.2 (Fire apparatus access roads), or its successor. In addition, the roadbed material of a fire apparatus access road leading to a turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage.

At the time of certification pursuant to Section 87-62, the site plan shall demonstrate a suitable design for the dead-end fire apparatus access road that demonstrates both the approved turnaround area and the repurposed turnaround area outside of the roadbed upon the issuance of a notice of substantial compliance for the adjacent #zoning lot#. In addition, a conceptual site plan shall demonstrate that the proposed site plan and grading plan for required contiguous access pursuant to the provisions of paragraph (a) of this Section is compatible with future #development# on the adjoining #zoning lot#. Such site plans shall be included as an exhibit to the declaration of restrictions recorded pursuant to Section 87-64.

Repurposing a turnaround area and providing contiguous access in accordance with an approved conceptual site plan shall not necessitate a certification pursuant to Section 62-811, provided that there are no further modifications to an approved #waterfront public access area#.

[BELOW: Original provisions of Section 87-66 (Connection with Adjacent Zoning Lots)]

The following provisions apply to #developments#, #enlargements#, alterations or changes of #use#, pursuing certification, pursuant to either Section 87-62 (Certification to Waive Supplemental Public Access Area Requirement) or 87-63 (Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways).

On each of Parcels 2, 3 and 4, and only among Parcels 2, 3 and 4, a #development#, #enlargement#, alteration or change of #use#, shall provide a connection for bi-directional vehicular travel at an adjacent #zoning lot line# if such adjacent #zoning lot# has previously constructed a connection that terminates at the shared #lot line#. Any connection of fire apparatus access roads across a shared #zoning lot line# must meet the grade of, and maintain the street width of, the existing adjacent private street. In addition to such physical shared #lot line# connection, a #private road# declaration shall be provided pursuant to the provisions of Section 87-64. A connection need not be opened unless and until such declaration of restrictions, in accordance with Section 87-64, has been recorded against the adjacent #zoning lot#.

When no connection for vehicular travel terminating at the opposite side of a shared #lot line# exists, a dead-end fire apparatus access road turnaround may be constructed, pursuant to Section 87-63, which may extend into the designated #shore public walkway#. Such certification is also contingent upon providing a declaration of restrictions, in accordance with Section 87-64.

[BELOW: Original provisions of Section 87-63 (Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways)]

On Parcels 2, 3 and 4, a dead-end fire apparatus access road turnaround, as defined in the New York City Fire Code, Section 503.2.5 (Dead-ends) may, by certification, extend into the designated #shore-public walkway#, provided that:

- (a) a declaration of restrictions has been provided, pursuant to Section 87-64;
- (b) a fire apparatus access road abutting the shared #zoning lot line#between the #development#, #enlargement#, alteration or change of #use# seeking certification under this Section and Parcels 2, 3 or 4 does not exist; and
- (c) the fire apparatus access road serves as a segment of a bi-directional loop road along the #shore public walkway#, providing a connection to Exterior Street at the northeast corner of Parcel 2 and a connection to Exterior Street at the southeast corner of Parcel 4.

Such turnaround shall have a diameter of 70 feet and be located at the end of the fire apparatus access road, abutting the adjacent #lot line#. At no point may the turnaround extend into the #shore public walkway# for a distance greater than 23 feet. Sidewalks shall not be required adjacent to the turnaround. The portion of the turnaround that lies within a #shore public walkway# shall remain clear of obstacles, shall be composed of permeable materials, and shall meet all applicable requirements set forth in the New York City Fire Code Section 503.1.1 (Fire apparatus access roads), or its successor. In addition, the roadbed material of a fire apparatus access road leading to a vehicular turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage. In addition, the level of the area within the turnaround shall be raised to be flush with the level of adjoining sidewalks.

87-64 Declaration of Restrictions

[NOTE: Existing provisions, modified]

For any fire apparatus access road proposed for certification pursuant to Sections 87-62 (<u>Fire Apparatus Access Roads</u>), a declaration of restrictions shall be provided to guarantee the construction, improvement, operation, maintenance and repair of such road, and any sidewalk adjacent to such road, to guarantee that such road, and any sidewalk adjacent to such road, remains open, unobstructed and accessible to all members of the public, except as necessary to avoid public dedication, and to ensure compliance with all applicable provisions. Such declaration of restrictions shall be prepared in a form acceptable to the Department of City Planning, shall be filed and duly recorded in the Borough Office of the Register of the City of New York and indexed against the property. Filing and recording of the declaration of restrictions shall be a precondition for the Chairperson's certification under Sections 87-62 and 87-63, where applicable.

For certifications proposed pursuant to Section 87-6362 on Parcels 2, 3 or 4, where #developments# or #enlargements# on such parcels utilize the allowance for interim fire access turnaround, in accordance with paragraph (b) of Section 87-63 (Cross Access Connection with Adjacent Zoning Lots on Parcels 2, 3 and 4), any declaration of restrictions shall include that, at the time of the issuance of the notice of substantial compliance for the adjacent #development#, or #enlargement# pursuant to this Section, thereby permitting vehicular connection between #zoning lots#, the #zoning lot# containing a previously-constructed fire apparatus access road turnaround area shall be responsible for the following actions on the portion of the connection on such #zoning lot#:

- (a) repurposing the fire apparatus access road turnaround area pursuant to the requirements set forth in paragraph (b) of Section 87-63;
- (b) extending all required sidewalks that had remained short of the #lot line# to the shared #lot line# to connect to the required adjacent sidewalks and enable unobstructed pedestrian movement across parcels;
- (c) complying with all applicable waterfront rules, #street# regulations and the New York City Fire Code; and
- (d) providing a connection with the adjacent #zoning lot# pursuant to Section 87-63.

[BELOW: Original provisions of Section 87-64 (Declaration of Restrictions)]

For any fire apparatus access road proposed for certification pursuant to Sections 87-62 or 87-63, a declaration of restrictions shall be provided to guarantee the construction, improvement, operation, maintenance and repair of such road, to guarantee that such road remains open, unobstructed and accessible to all members of the public, except as necessary to avoid public dedication, and to ensure compliance with all applicable provisions. Such declaration of restrictions shall be prepared in a form acceptable to the Department of City Planning, shall be filed and duly recorded in the Borough Office of the Register of the City of New York and indexed against the property. Filing and recording of the declaration of restrictions shall be a precondition for the Chairperson's certification under Sections 87-62 and 87-63, where applicable:

For certifications proposed pursuant to Section 87-63, at the time a declaration of restrictions has been provided by the adjacent #development#, #enlargement#, alteration or change of #use#, pursuant to this Section, permitting vehicular connection between #zoning lots#, the #zoning lot# containing a previously-constructed fire apparatus access turnaround shall be responsible for the following actions on the portion of the connection on such #zoning lot#:

- (a) deconstructing the fire apparatus access road turnaround;
- (b) re-landscaping the area that had extended into the #shore public walkway#, so as to create the conditions of the immediatelysurrounding #shore public walkway#, which may include anycombination of tree planting, laying sod, removing pavers, or anyother required landscaping action;
- (c) extending all required sidewalks that had remained short of the #lot line# to the shared #lot line# to connect to the required adjacent sidewalks and enable pedestrian movement across-parcels: and
- (d) complying with all applicable waterfront rules, #street# regulations and the New York City Fire Code.

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)

Department of Corrections (DOC)

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH).
