#### COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Commissioner of Public Works:

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE, CITY HALL,  
NEW YORK, December 13, 1875.

To the Honorable the Board of Aldermen:

GENTLEMEN—In reply to your resolution, adopted December 9th inst., requesting me to furnish your Honorable Board with plans, estimates, and other details for supplying Croton water to the territory lately annexed to this city, I have the honor to submit herewith the inclosed report of the Chief Engineer of this Department, together with a map of the late town of Morrisania (now Twenty-third Ward), showing the location and extent of existing and proposed Croton water-mains, which are views long entertained.

Very respectfully,

FITZ JOHN PORTER,  
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
CHIEF ENGINEER'S OFFICE,  
CITY HALL, NEW YORK, December 13, 1875.

Hon. FITZ JOHN PORTER, Commissioner of Public Works:

SIR—With this please find maps of that part of Twenty-third Ward, which covers what was Morrisania. On this is marked the Croton-mains now laid in the annexed district. They are shown by full lines in red and blue. The red lines indicate Croton-mains of twelve inches diameter, the blue lines indicate pipes of six inches diameter. The dotted red and blue lines indicate proposed lines of pipes.

I cannot give a map showing the Twenty-fourth Ward, as the Park Department has not yet decided on the streets.

Chapter 329, section 14, of the Laws of 1874, authorized this Department to lay one Croton water-main through and along the Third avenue, from the Harlem river to Fordham station.

Under this law a pipe was laid across the Harlem river, and extended up the Third avenue to near the crossing of Mill Brook. At this point the grade of the avenue was being changed and raised, so that the pipe could not be continued.

It is proposed to carry a main across through One Hundred and Thirty-eighth street, from Third avenue to Port Morris, in accordance with the resolution of the Common Council of the 26th of July, and to extend a pipe up through St. Ann's avenue to the Third avenue, and then through Third avenue to Fordham, in accordance with the law of 1874.

It is also proposed to lay a main across One Hundred and Forty-fourth street to Mott avenue, and thence north and south in this avenue; also a 12-inch main in College avenue.

Between Willis and College avenues the streets are well built upon. The rule adopted by this Department is to lay Croton-mains only in streets where the revenue from the water will pay interest on the cost of the pipes and putting them down, and this is not deviated from except where it may be necessary to give proper circulation to the water.

It is difficult to say what will be the cost of laying mains in this District, as the cost varies with the character of the excavation, whether of earth or rock.

The cost of a twelve (12) inch main, including stop-cocks and hydrants, will average about five dollars per lineal foot, and of a six (6) inch main two dollars and a half—these prices will, however, as I before stated, vary with the character of the excavation.

Streets in which is proposed to now lay Croton-water mains:

One Hundred and Thirty-eighth street, between College avenue and Southern Boulevard, 12-inch pipe.

Alexander avenue, between One Hundred and Thirty-fourth street and Third avenue, 12-inch pipe.

Willis avenue, between One Hundred and Thirty-fourth street and Third avenue, 12-inch pipe.

St. Ann's and Third avenues, between One Hundred and Thirty-eighth street and Fordham station, 12-inch pipe.

College avenue, between One Hundred and Thirty-eighth street and Harlem Railroad, 12-inch pipe.

One Hundred and Forty-fourth street, between Third and Mott avenue, 6-inch pipe.

Mott avenue, between One Hundred and Thirty-eighth and One Hundred and Fiftieth streets, 6-inch pipe.

One Hundred and Forty-seventh to One Hundred and Thirty-ninth street, between Willis and Third avenue, 6-inch pipe.

One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets, between Lincoln avenue and Brown place, 6-inch pipe.

One Hundred and Thirty-eighth street, between Southern Boulevard and Port Morris, 6-inch pipe.

One Hundred and Thirty-ninth to One Hundred and Forty-sixth street, between Third avenue and College place, 6-inch pipe.

One Hundred and Fiftieth street, between Third avenue and College place, 6-inch pipe.

Westchester avenue, between Brook avenue and One Hundred and Fifty-sixth street, 6-inch pipe.

It is not contemplated at present to expend more than \$200,000 in one year in the laying of pipes in this district.

The present supply will be from the south side of the Harlem River. It is in contemplation to construct a reservoir near Fordham station, with which these mains will be connected, but detailed plans have not been prepared as in case another aqueduct should be built, the surveys for which are now being made, a reservoir would be built near Jerome Park, in connection with the new aqueduct, and from which the annexed district would be supplied by connecting with the mains in that district.

Very respectfully yours,  
JOHN C. CAMPBELL,

Chief Engineer Croton Aqueduct.

Which was, on motion of Alderman Purroy, laid over in connection with Special Order No. 6.

#### MESSAGE FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

EXECUTIVE DEPARTMENT—CITY HALL,  
NEW YORK, December 13, 1875.

To the Honorable the Common Council:

GENTLEMEN—I herewith return to you, without my signature, the report and resolution granting permission to the "Board of Trade, etc.," to use the room in the City Hall formerly used as the Chamber of the Board of Aldermen.

I feel constrained to withhold my signature from the resolution, because—  
1st. It seems to me improper to authorize the occupancy, by even the most meritorious private association, of premises belonging to the city, and intended for the use of public officers and public bodies; and

2d. There are at this moment various officers of the local government or of the courts in the city, for whom the premises in question are suitable, and to use by whom the premises may be profitably devoted, if not needed by the Board of Aldermen.

W. H. WICKHAM, Mayor.

Which was laid on the table, and ordered to be printed in the minutes and published in the CITY RECORD.

#### MOTION RESUMED.

Alderman Blessings moved that the Board do now adjourn.  
The President put the question whether the Board would agree with said motion.  
Which was decided in the affirmative.

## JURORS.

## NOTICE

## IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1875.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).
