The Comptroller presented the following :
At a meeting of the Commissioners of the Sinking Fund, held December 18, 1894, the following preambles and resolution were adopted :

Whereas, Stocks or bonds of the County of New York, amounting to the sum of one hundred and fifty-one thousand dollars (\$151,000), forming a portion of the City Debt, payable by the law authorizing their issue from taxation, become due and payable in the next following calendar year, 1895, and stocks and bonds of the City of New York, amounting to the sum of nine hundred and ten thousand dollars (\$910,000), payable from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882 as amended by chapter 178 of the Laws of 1889, become due and payable in the next following calendar year, 1895, as stated in the Comptroller's report, presented this day, of the condition of the Sinking Fund for the Redemption of the City Debt ; and

Whereas, It appears also by said report that the accumulations of said Sinking Fund for the year 1895 are sufficient to pay and redeem that portion of the City Debt so payable from taxation and from the Sinking Fund, without in any way impairing the preferred claims on said fund as prescribed in sections 175 and 192 of the New York City Consolidation Act of 1882, and other provisions of law ; and

Whereas, The Commissioners of the Sinking Fund deem it to be for the best interests of the City that that portion of the City Debt, payable originally by law from taxation, should be paid and redeemed by said Sinking Fund ; and

Whereas, The accumulations in the Sinking Fund will be sufficient to meet the payment of all bonds and stocks payable from the Sinking Fund falling due in the next calendar year, 1895.

Resolved, That, as provided by section 191 of the New York City Consolidation Act of 1882, the Commissioners of the Sinking Fund do hereby certify to the Board of Estimate and Apportionment that the accumulations in the Sinking Fund will be sufficient to meet the payment of certain stocks and bonds payable in the year 1895 from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882 as amended by chapter 178 of the Laws of 1889, said stocks and bonds amounting to nine hundred and ten thousand dollars (\$910,000) ; and that certain bonds of the County of New York, constituting a portion of the City Debt, which, by the law authorizing its issue, was made payable from taxation, amounting to the sum of one hundred and fifty-one thousand dollars (\$151,000), become due and payable in the next calendar year, to wit, 1895 ; that the amount of stocks and bonds now outstanding, which constitutes a preferred charge against the Sinking Fund for the Redemption of the City Debt, as provided by section 175 of the New York City Consolidation Act of 1882, is four million two hundred and sixty-seven thousand two hundred dollars (\$4,267,200), of which one million seven hundred and sixty-six thousand six hundred dollars (\$1,766,600) become due in the year 1895, and of which last mentioned amount nine hundred and fifty-one thousand three hundred dollars (\$951,300) are held by the Commissioners of the Sinking Fund ; that the amount of stocks and bonds and cash in said Sinking Fund on the 30th day of November, 1894, was sixty-eight million two hundred and sixteen thousand eight hundred and eighty-eight dollars and twenty-one cents (\$68,216,888.21) ; that the amount of the estimated revenues of said Sinking Fund for the next calendar year is seven million dollars (\$7,000,000), and that said portion of the City Debt payable from taxation and becoming due in said year 1895 can be paid and redeemed by said Sinking Fund without in any way impairing the preferred claims thereon, as prescribed by section 175 of the Consolidation Act of 1882.

December 29, 1894.

To the Board of Estimate and Apportionment :

Herewith I present a statement of unexpended balances of appropriations of the several Departments and offices made to them for the year 1893 and previous years, after allowing sufficient to satisfy all known claims payable therefrom, which have been reported by the several Departments and which are on file in the Finance Department, the said balances of appropriations aggregating the sum of two hundred and twenty-two thousand and thirteen dollars and ninety-three cents (\$222,013.93).

Section 207 of the New York City Consolidation Act of 1882 provides that such unexpended balances shall be transferred annually by the Comptroller to the General Fund, to be applied to the reduction of taxation, with the approval of the Board of Estimate and Apportionment. The Board of Estimate and Apportionment is therefore respectfully requested to approve of the transfer of said amount of unexpended balances of appropriations for the year 1893, and previous years, to be applied to the reduction of taxation of the year 1895 ; and for this purpose I submit a resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, December 21, 1894.

Hon. THOMAS F. GILROY, Chairman, Board of Estimate and Apportionment:

DEAR SIR—On the request and recommendation made in my letter of July 12, 1894, your Board approved the appointment of Mr. Thomas C. Clarke as Consulting Engineer on the construction of the bridge across the Harlem river, between the termini of First avenue and Willis avenue, pursuant to chapter 147, Laws of 1894, Mr. Clarke to furnish, at his own expense, his own services, all necessary plans, all necessary inspections of iron and steel work at the shop, while being made, a general inspector on masonry and piling, a general inspector on the erection of iron and steel work, and a general inspector on paving, the compensation to be paid to him for all such services to be four per centum of the entire cost of the work.

In accordance with the custom regarding professional services of engineers, architects, etc., this Department, on the 7th instant, transmitted a voucher to the Finance Department in favor of Mr. Clarke for \$15,118.79, being one per cent. of the estimated cost of the bridge, after deducting 15 per cent. therefrom.

My letter of appointment to Mr. Clarke provided that, in accordance with the custom referred to, he should be paid for his services four per cent. of the cost of the work, payable from time to time as the work proceeds, and as certified by this Department. Mr. Clarke informs me that the Finance Department has construed this to mean that he shall receive payments from time to time which shall be equal in amount to four per cent. of the work done at the time of payment.

This is not in strict accordance with the agreement made with Mr. Clarke at the time of his appointment, and not in accordance with professional custom. The agreement with Mr. Clarke is that the first payment be one per cent. of the estimated cost of the bridge, less fifteen per cent. for the value of the preliminary work of making the necessary borings and soundings and preparing the plans.

To overcome the objections of the Finance Department I respectfully ask that the resolution adopted by your Board on July 13, 1894, for the appointment of Mr. Clarke, be amended so as to read as follows:

“Resolved, That Thomas C. Clarke be selected as the Consulting Engineer on the construction of a bridge across the Harlem river at Willis avenue and First avenue, in pursuance of chapter 147, Laws of 1894, and that he be paid for his services four per centum of the cost of the work, payable from time to time as the work proceeds, and as certified by the Department of Public Works, the first payment to be one per centum of the estimated cost of the work, after deducting fifteen per cent. therefrom, and to be made when the plans for the bridge have been finally prepared by Mr. Clarke; the appointment to date from July 12, 1894.”

Very respectfully,

MICHAEL T. DALY, Commissioner of Public Works.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 22, 1894.

Hon. ASHBEL P. FITCH, Comptroller:

SIR—The Commissioner of Public Works, in communication of December 21, 1894, to the Board of Estimate and Apportionment with reference to the payment of an account of \$15,118.79 to Mr. Thomas C. Clarke, Consulting Engineer on the construction of the bridge over the Harlem river, between First avenue and Willis avenue, for his professional services, asks, in order to overcome the objections of the Finance Department, that the resolution adopted by your Board on July 13, 1894, for the appointment of Mr. Clarke, be amended so as to read as follows:

“Resolved, That Thomas C. Clarke be selected as the Consulting Engineer on the construction of a bridge across the Harlem river, at Willis avenue and First avenue, in pursuance of chapter 147, Laws of 1894, and that he be paid for his services four per centum of the cost of the work, payable from time to time as the work proceeds and as certified by the Department of Public Works, the first payment to be one per centum of the estimated cost of the work, after deducting fifteen per cent. therefrom, and to be made when the plans for the bridge have been finally prepared by Mr. Clarke; the appointment to date from July 12, 1894.”

The letter of appointment of Mr. Clarke, dated July 12, 1894, approved by the Board of Estimate and Apportionment at its meeting July 13, 1894, says, with reference to payments, “and will be paid for your services four per centum of the cost of the work, payable from time to time, as the work proceeds, and as certified by this Department.”

Mr. Clarke has submitted plans, estimates and specifications for the work, the plans having been approved by the Board of Estimate and Apportionment, and renders a bill of the amount above stated, which is one per cent. of the estimate less fifteen per cent.

The Commissioner says: “Mr. Clarke informs me that the Finance Department has construed this” (the payment, from time to time, as the work progresses) “to mean that he shall receive payments from time to time which shall be equal in amount to four per cent. of the work done at time of payment.”

“This is not in strict accordance with the agreement made with Mr. Clarke at the time of his appointment, and not in accordance with professional custom. The agreement with Mr. Clarke is that the first payment be one per cent. of the estimated cost of the bridge, less 15 per cent. for the value of the preliminary work of making the necessary borings and soundings and preparing the plans.”

There being nothing in the letter of appointment, or in the approval of the Board of Estimate and Apportionment, as to any amount being fixed for the first payment, or any “agreement” such as mentioned in the above paragraph, I sought information in the Department of Public Works. Mr. Birdsall, Chief Engineer of the Croton Aqueduct, told me that the Commissioner of Public Works did, in his presence, verbally agree with Mr. Clarke that the first payment should be as stated in the Commissioner's letter, “one per cent. of the estimated cost of the bridge less 15 per cent.”

With regard to the “professional custom,” I do not think it is very definitely fixed with reference to city engineering work, but in the case of the Third Avenue Bridge, now under course of construction, Mr. Clarke, the Consulting Engineer, was paid one-half of one per cent. on the estimate of cost, and another one-half of one per cent. on the cost as fixed by contract. Mr. Burr was paid one-half of one per cent. on the contract cost as Consulting Engineer on the bridge now under construction over the Ship Canal.

Mr. Boller, the Consulting Engineer on the bridge over the Harlem river, at One Hundred and Fifty-fifth street, was not paid such percentage.

In architectural work the architects have invariably been paid a certain percentage on the completion of plans, specifications and estimates in advance of the commencement of construction. On all City Surveyor's work the preliminary survey is paid, at rates fixed by ordinance, in advance of the actual construction.

In the study and preparation of plans, estimates and specification of such a work as this a very large proportion of the duties of the Consulting Engineer has been completed. Several months of his time have been devoted to the matter, and, as he states in his letter to the Comptroller, it has cost him “a large outlay in money.”

On account of certain difficulties in the way it is not expected that the work can be commenced in some months.

In view of the amount of approved work done, and the time and money expended in it, and giving full consideration to the verbal agreement, I think it would be just to authorize the payment as provided in the proposed amendment.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the resolution of the Board of Estimate and Apportionment adopted July 13, 1894, in relation to the selection of Thomas C. Clarke, Esq., as Consulting Engineer of the bridge

across the Harlem river, at Willis avenue and First avenue, be and the same hereby is amended so as to read as follows:

Resolved, That Thomas C. Clarke be selected as the Consulting Engineer on the construction of a bridge across the Harlem river, at Willis avenue and First avenue, in pursuance of chapter 147, Laws of 1894, and that he be paid for his services four per centum of the cost of the work, payable from time to time as the work proceeds, and as certified by the Department of Public Works, the first payment to be one per centum of the estimated cost of the work after deducting fifteen per cent. therefrom, and to be made when the plans for the bridge have been finally prepared by Mr. Clarke; the appointment to date from July 12, 1894.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller offered the following:

Resolved, That, pursuant to chapter 459 of the Laws of 1894, the Board of Estimate and Apportionment hereby approves of the issue of School-house Bonds, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to be known as "Consolidated Stock of the City of New York," as provided by section 132 of the New York City Consolidation Act of 1882, to the amount of nineteen thousand nine hundred and fourteen dollars and fifty cents (\$19,914.50), and that the Comptroller is hereby authorized and directed to issue the same for such period as he may determine, but not longer than twenty years, bearing interest at a rate not exceeding three and one-half per centum per annum, the proceeds of which bonds shall be applied to the payment of the award made by the Commissioners of Estimate in the matter of acquiring title to certain lands on the northerly side of Fourth street, between Avenues B and C, for school site purposes, viz: sixteen thousand five hundred dollars (\$16,500), and the costs, charges and expenses of said proceeding, namely, three thousand four hundred and fourteen dollars and fifty cents (\$3,414.50), confirmed and taxed by the Supreme Court by an order bearing date the third day of July, 1894, as specified in a resolution relating thereto, adopted by the Board of Education, December 19, 1894; and

Resolved, That the Commissioners of the Sinking Fund be and hereby are requested to exempt the said stock from taxation by the City and County of New York, pursuant to an ordinance of the Common Council approved by the Mayor, October 2, 1880, and the provisions of section 137 of the New York City Consolidation Act of 1882.

Which were adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller presented the following:

HALL OF THE BOARD OF EDUCATION,
No. 146 GRAND STREET,
NEW YORK, December 27, 1894.

(In Finance Committee, December 27, 1894.)

Resolved, That, in pursuance of the power conferred upon the Finance Committee by the resolution adopted by the Board of Education December 19, 1894 (Journal, pp. 1429, 1430, 1431), the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer from the appropriation for 1894, entitled "Rents of School Premises, etc.," which is in excess of its requirements, the sum of four thousand dollars (\$4,000) to the fund for same year for "Salaries of Teachers in Grammar and Primary Schools," which is insufficient for the purposes thereof; and, further, that the sum of three thousand dollars (\$3,000) be transferred from the appropriation for 1894, entitled "Repairs to Buildings," which is in excess of its requirements, to the fund for same year, entitled "Gas for all the Schools, etc.," which is insufficient for the purposes thereof; and, further, that the sum of one thousand five hundred dollars (\$1,500) be transferred from the appropriation for 1894, entitled "Salaries of Teachers and Janitors in Evening Schools," which is in excess of its requirements to the fund for same year, entitled "Incidental Expenses of the Board of Education," which is insufficient for the purposes thereof.

A true copy of resolution adopted by the Finance Committee December 27, 1894.

ARTHUR McMULLIN, Clerk.

OFFICE OF THE BOARD OF EDUCATION,
CORNER OF GRAND AND ELM STREETS,
NEW YORK, December 27, 1894.

(In Board of Education, December 19, 1894.)

To the Board of Education:

The Finance Committee respectfully calls attention to the condition of the fund for 1894 for Salaries of Teachers in Grammar and Primary Schools:

The balance remaining in said fund is..... \$293,199 40

The pay-roll for December is estimated as follows:

Pay-roll for November was..... \$271,655 86
Estimated saving in December on Special Teachers and Substitutes by reason of holidays..... 2,500 00

Estimated December Pay-roll..... 269,155 86

\$24,043 54

In connection with this, attention is called to the approximate condition of the Retirement Fund, so far as "Salaries of Teachers" is concerned.

Deductions for absence:

April 14-30..... \$2,279 57
May..... 3,982 42
June..... 3,569 66
September..... 3,346 32
October..... 4,891 61
November..... 3,354 49

\$21,424 07

December (estimated)..... 3,354 49

Approximate amount necessary, according to provisions of by-laws adopted to-day covering Special Teachers and Substitutes..... 3,264 98

Total..... \$28,043 54

This amount is approximately the minimum, and will be considerably increased if the proposed by-laws now before the Board of Education are adopted.

The following figures will, therefore, show the approximate minimum deficit in "Salaries of Teachers":

Balance on hand..... \$293,199 40
December Pay-roll (estimated)..... \$269,155 86
Retirement Fund (statutory)..... 28,043 54
Deficit (minimum estimated)..... 4,000 00

\$297,199 40 \$297,199 40

The Committee apprehends that the adjustment of the Retirement Fund will take from three weeks to a month to complete, as the complications connected therewith are more considerable than what appears by cursory inspection.

To make a general deduction from teachers' salaries might cause dissatisfaction, as also would any delay occasioned by the time taken to adjust the Retirement Fund. Under the circumstances the Committee would suggest that some recuperative action be taken in connection with the fund, by requesting the Board of Estimate and Apportionment to make transfers from other appropriations now on hand and unused.

In addition to the before-mentioned fund two others are short of their requirements, viz.: "Gas," \$3,000, and "Incidental Fund of the Board of Education," \$1,000.

Collectively, Deficiency Account stands as follows:

Salaries of Teachers..... \$4,000 00
Incidental Fund, Board of Education..... 1,000 00
Gas..... 3,000 00

\$8,000 00

The shortage in the Incidental Fund is occasioned by the payment therefrom, by advice of the Corporation Counsel, of the "Pope" and "Hoffman" judgments. The estimated shortage in "Gas" was foreseen when the Board of Estimate and Apportionment appropriated the amount for the year, viz., \$30,000, and they were so informed. To meet the deficit the Committee would respectfully suggest the advisability of all Committees refraining from further expenditures until after 1st proximo, and that this Committee be authorized to obtain transfers. It is believed that

the reference of this matter by the Board to the Finance Committee, with power in the premises, will facilitate adjustment. The following resolutions are submitted for adoption:

Resolved, That the various Committees having funds of the Board under control be and they are hereby requested to refrain from expending the unused balances of appropriations now on hand, in order to meet the anticipated deficit in sundry funds.

Resolved, That it be referred to the Finance Committee, with power in the premises, to make requisitions on the Board of Estimate and Apportionment for such transfers of the funds of the year 1894, and adjustment of the same, as may be found necessary.

The Comptroller presented the following:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, December 14, 1894.

CHARLES V. ADEE, Esq., Clerk of the Board of Estimate and Apportionment:

SIR—I have received your letter of 8th instant, transmitting a communication from the Police Department to the Board of Estimate and Apportionment, requesting a transfer of \$41,076 from the Police Pension Fund, 1893, to election expenses, 1894, which was referred to me by resolution adopted December 3, 1894.

The power to transfer appropriations was conferred by section 207 of the Consolidation Act embodying prior provisions in relation thereto.

The power as defined in the Consolidation Act was general in that it applied to the appropriations for all Departments of the City Government, and authorized a transfer at any time of any appropriation for any year which was found by the head of the Department to be in excess of the amount required or deemed to be necessary for the objects thereof to such other purposes or objects for which the appropriations were insufficient. There was no limitation in respect to the transfer of unexpended balances from an appropriation made for one year to an insufficient appropriation in a subsequent year.

The section was, however, amended in 1893 by chapter 186 of the Laws of 1893, and by the amendment it was provided that nothing in the power to transfer should authorize the transfer by said Board of Estimate of an appropriation made for any object or purpose in one year to any purpose or object, whether an appropriation had been made therefor or otherwise, in any subsequent year.

In the amendatory act it was, however, provided as follows:

"Nothing in this act contained shall in anywise apply to the Department of Public Works or the Police Department of the City of New York."

I am, therefore, of the opinion that the amendment of 1893 does not affect the power to transfer appropriations so far as the Department of Public Works or Police Department are concerned, and that unexpended balances and appropriations for objects and purposes of said two departments may still be transferred in the manner provided by the original section 207 of the Consolidation Act.

It follows, therefore, that the transfer requested by the Police Department may be made, upon the certificate of said Department that the appropriation for Police Pension Fund for the year 1893 is in excess of the amount required for the purposes and objects thereof, to the appropriation for Election Expenses for the year 1894.

I remain, yours respectfully,
WM. H. CLARK, Counsel to the Corporation.

And offered the following:

Resolved, That the sum of forty-one thousand and seventy-six dollars (\$41,076) be and hereby is transferred from the appropriation made to the Police Department for the year 1893, entitled, "Police Pension Fund," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the said Department (Bureau of Elections), for the year 1894, entitled, "For compensation of Inspectors, Poll Clerks and Ballot Clerks," which is insufficient to enable the Comptroller to pay the compensation of the additional Inspector of Election in each of the one thousand one hundred and forty-one (1,141) Election Districts, appointed under the provisions of chapter 348 of the Laws of 1894.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

Wm. S. Andrews, Commissioner of Street Cleaning, appeared and presented the following statement:

DEPARTMENT OF STREET CLEANING—CITY OF NEW YORK,
NEW CRIMINAL COURT BUILDING,
CENTRE, WHITE, ELM AND FRANKLIN STREETS,
NEW YORK, December 29, 1894.

Hon. THOMAS F. GILROY, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—As directed by the Board of Estimate and Apportionment, I submit herewith my estimate of the amount necessary to be appropriated for the account of extra pay of the members of the uniformed force of the Department of Street Cleaning for work on Sundays, in accordance with the opinion of the Counsel to the Corporation in relation thereto.

The Counsel to the Corporation, in the opinion referred to, says:

"The statute, therefore, contemplates that the annual salary shall be a fixed sum covering all services rendered upon the ordinary working days of the year, and that in addition thereto extra pay shall be given to the members of the uniformed force for work on Sundays, and that the Board of Estimate and Apportionment shall fix not only such annual salary but also the extra pay for work on Sundays."

"The Board of Estimate and Apportionment, pursuant to the statute, by resolution passed July 31, 1894, fixed the salaries and compensation of the members of the uniformed force at the

maximum sum named in the statute, and, in the words of the statute, also provided for 'extra pay for work on Sundays.'

"The amount of extra pay has not been expressly determined by the Board of Estimate and Apportionment, but I think that it is obviously implied by the resolution of that Board that the extra pay to be given for Sunday work is to be at the same rate provided by the annual salary for week-day work."

"In the case of hostlers it therefore appears to me that the Board indicated its intention that \$720 should be paid for the week-day work within the year, which is at the rate of \$2.30 for each week-day, and the Sunday work should be compensated by extra pay at the same rate, namely, \$2.30 per day."

"The conclusion which I have hereinabove indicated applies also to the case of drivers or any other employee from whom Sunday work may be required, namely, that the per diem rate of annual compensation for week-day work, under the resolution of the Board of Estimate and Apportionment, determines the amount to be paid for such Sunday work as may be performed by the employees."

With the exception of time collectors all the officers of the uniformed force are continuously on duty on Sundays the same as on week-days, except the eleven District Superintendents and the fifty-eight Section Foremen, who are on duty on Sundays for half a day.

As "the per diem rate of annual compensation for week-day work" * * * determines the amount to be paid for such Sunday work," the sum required for the extra pay of the officers of the uniformed force for work on Sundays will be \$21,202.74, chargeable to "Administration."

For such extra pay for boardmen there will be required \$2,392, chargeable to "Final Disposition."

As I understand the opinion, it determines that hostlers should receive \$2.30 per day for Sunday work. The law provides for 88 hostlers, and the amount required for such extra pay for that number would be \$10,524.80—\$2,272.40 is chargeable to account of "Sweeping," and \$8,252.40 to account of "Carting." That amount is included in my estimate as heretofore presented.

The Sunday work performed by sweepers and drivers is done by the hour, and will average about four hours for each man employed. There is no statutory provision fixing the amount to be paid per hour, but the prevailing rate of compensation paid to employees of the City working by the hour is twenty-five cents per hour, and that was the amount fixed for "extra pay" of drivers in the Department of Street Cleaning for "overtime" by chapter 415, Laws of 1892, which was repealed by chapter 368 of the Laws of 1894, providing for the increased pay of drivers and sweepers from \$600 to \$720 per year.

The average number of sweepers at work on Sundays is 635, or about one-half the force. To pay them for four hours work at twenty-five cents per hour will require \$33,020, chargeable to account of "Sweeping."

The average number of drivers at work on Sundays is 125, or about one-fourth the force. To pay them for four hours work at twenty-five cents per hour will require \$6,500, chargeable to account of "Carting."

The total amount necessary, therefore, to be now appropriated for extra pay of the members of the uniformed force for work on Sundays is \$63,114.74.

A detailed statement is appended hereto.

Respectfully submitted,

WILLIAM S. ANDREWS, Commissioner of Street Cleaning.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE
Police Department with Twelve Patrol Wagons will be received at the Central Office of the Department of Police, in the City of New York, until 4 o'clock P. M. of Friday, the 11th day of January, 1895.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Patrol Wagons," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the kind of wagons required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished, in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Three of the wagons are to be completed and delivered within sixty-five (65) days after the execution and delivery of the contract, three additional wagons are to be completed and delivered within eighty (80) days after the execution and delivery of the contract, and the six additional wagons called for in the contract are to be completed and delivered within one hundred and fifty-five (155) days after the execution and delivery of such contract. The deliveries to be made at such places as shall be directed by the Board of Police.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIVE THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the city so to do, and to readvertise until satisfactory bids or proposals shall be received.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

By order of the Board.

SALE OF THE ASTORIA FERRY, LONG ISLAND.

THE FRANCHISE OF THE FERRY FROM
Ninety-second street, East river, to Astoria, Long Island, will be offered for sale by the Comptroller of the City of New York, at public auction, to the highest bidder, at his office, room No. 15, Stewart Building, No. 280 Broadway, on Monday, January 21, 1895, at twelve o'clock P. M., together with the wharf property belonging to the Corporation of said city, used and required for ferry purposes, for a term of ten years, from May 1, 1894, and the following terms and conditions of sale:

The highest bidder for the lease of the franchise and wharf property of said ferry will be required to pay the auctioneer's fee, and to deposit with the Comptroller, at the time of sale, twenty-five per cent. of the yearly rental of the wharf property, and twenty-five per cent. also of the minimum amount, paid yearly for the franchise of the ferry, to be credited upon the first quarter's rent, or to be forfeited to the City if the lease is not executed by the purchaser when notified that it is ready for execution.

No bids will be received for this ferry franchise which shall be less than its value as appraised and fixed by the Commissioners of the Sinking Fund.

The lessee will be required to give bonds in double the amount of the minimum yearly rentals, with two sufficient sureties, to be approved by the Comptroller, conditioned for the faithful performance of the covenants and conditions of the lease and the payment of the rent quarterly and in advance for the fixed rent payable on the wharf property.

The lease will contain the usual covenants and conditions in conformity with the provisions of law and the ordinances of the Common Council relative to ferries, that the lessees will maintain and operate the ferry during the whole term, and will provide ample accommodation in the way of safe and capacious boats and frequency of trips as to the sufficiency of which boats and the number of trips to be made on said ferry the decision of the Mayor and Comptroller shall be final; also conditions that the lessees will dredge the ferry slips, as required by the Department of Docks, and that during the term of the lease they will erect and build, at their own expense, and will maintain and keep in good order all and singular the floats, racks, fenders, bridges and other fixtures at the landing places, and in the event of any damage to the bulkheads or piers, from collision by their ferry-boats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition, free of cost and expense to the City of New York, and also that if at any time during the term of the lease the Department of Docks shall require any of the wharf property used for ferry purposes, in order to proceed with the water-front improvement in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damage whatever, upon written notice being given to the lessees three months in advance of the intention of said department.

The rates of ferrage and charges for vehicles and freight shall not exceed the rates now charged.

Sworn returns of the amounts of the ferry receipts shall be made to the Comptroller, when required by him, and the books of account of the ferry shall be subject to his inspection.

The lease shall also contain a covenant providing for the purchase at a fair valuation of the boats, buildings and other property of the lessees used in and actually necessary for the operation of said ferry, upon the termination of the lease and the surrender and yielding up of the premises by the lessees, if the lessee shall not become the purchaser of the franchise for another term; but the Mayor, Aldermen and Commonalty of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The form of lease which the purchaser will be required to execute can be seen at the office of the Comptroller, and is made part of these terms of sale.

The right to reject any bid is reserved, if deemed for the interest of the City.

(No. 491.)

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 600 TONS OF ANTHRACITE COAL.

ESTIMATES FOR FURNISHING AND DELIVERING
about 600 Tons of Anthracite Coal will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, on 11 o'clock A. M. of

THURSDAY, JANUARY 17, 1895.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Dollars.

The Engineer's estimate of the quantity of coal to be furnished and delivered is about 600 tons. It is expected that about 500 tons will be required to be delivered at the West Fifty-seventh Street Yard of the Department of Docks, and that about 100 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per ton, to be specified by the lowest bidder, shall be due or payable for the entire work.

A ton of coal under these specifications shall be 2,240 pounds avoirdupois.

The work to be done under the contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of coal, and the delivery will be continued in lots of about 200 tons, at such times and places and in such manner as may be directed by the Engineer, and the delivery of

said coal will be fully completed on or before the 1st day of July, 1895; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and, if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Feet, B. M.
3-inch and 4-inch plank, as ordered, in pieces varying in length from 11 feet to 26 feet, 9 inches wide and upward, about.....250,000
The 3-inch and 4-inch plank called for shall be delivered in lots of not less than 500 feet, board measure, within six hours after receipt of an order that said delivery is to commence.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, no charge will be made to the contractor for wharriage upon vessels conveying said materials.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per thousand feet, B. M., to be specified by the lowest bidder, shall be due or payable for the entire work.

The contractor shall be ready to commence the delivery of the materials called for under this contract within five days after the date of this contract, and the delivery shall be commenced and shall be continued in such manner and quantities and at such times and places as may from time to time be directed by the Engineer-in-Chief, and the entire work is to be fully completed on or before the 1st day of July, 1895, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per thousand feet, B. M., for spruce timber delivered, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default of the Corporation; and the contract will be readvertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and

found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
