It is thought that by the middle of July the two new public baths now being erected—one in East One Hundred and Ninth street and one in West Forty-first street—will be ready for the public.

The above appropriation is requested to pay the cost of operating these baths for the remainder of the year 1903.

Yours respectfully,

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Supervisor of the City Record:

No. 2251.

Office of the City Record,

No. 2 City Hall,

New York, June 26, 1903.

The Honorable the Board of Aldermen, New York City:

Gentlemen—At a meeting of the Board of City Record, held on Tuesday, June 23, 1903, the following resolution was passed:

Resolved, That the Board of Estimate and Apportionment and Board of Aldermen be asked to create in the office of the City Record the grades of Stenographer and Typewriter, at \$600 and \$750 per annum.

Copy of this resolution has been forwarded to the Board of Estimate and Apportionment, with a request to approve of the same and send it to you for action.

The increased work in the office of the "City Record" and the development of a new system, making the services more efficient, involves the engagement of a Book-Typewriter. Hence the necessity of another employee, and I hope you will give favorable action on the same.

Respectfully yours,

P. COWEN, Supervisor City Record.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Board of Education:

No. 2252.

Department of Education, City of New York,

Board of Education,

Park avenue and Fifty-ninth street,

New York, June 25, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I have the honor to inform you that at the meeting of the Board of Education held June 24, 1903, the action of the Executive Committee on June 10, 1903 in adopting a report and resolution requesting the Board of Aldermen to authorize the issue of Special Revenue Bonds to the amount of \$100,000, to be applied to the purchase of coal for public schools, was approved. A copy of the report and resolution above mentioned was transmitted to you on June 12.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Parks, Borough of The Bronx:

No. 2253.

The City of New York, Department of Parks,

Office of Commissioner for the Borough of The Bronx,

Zbrowski Mansion, Claremont Park,

New York, June 29, 1903.

Hon. CHARLES V. FORNES, President Board of Aldermen, No. 11 City Hall,
New York City:

My Dear Sir—At the last meeting of your Honorable Board the application of this Department for one hundred thousand dollars corporate bonds for improvement of parks and parkways, authorized by the Board of Estimate and Apportionment, was reported adversely by the Finance Committee, and their report approved by the Board.

This action, according to the public press, was caused by a statement made by the Chairman of the Finance Committee that the Park Commissioner for the Borough of The Bronx had declined to appear before the Committee and explain the need for this money, notwithstanding he had been twice invited so to do; and it would appear from the statements in the public press that the action of the Board of Aldermen was based on the belief that I had been disrespectful to your Honorable Board or its Committee and negligent in my duties; and if the facts stated were true I should agree heartily with the action of the Board, but as I never received either of the invitations sent by the Committee, and knew nothing about any meeting

of the Finance Committee in which this matter was to be considered, it would seem rather strange that they took such hasty action without finding out whether their notices had been received by me.

The next day after the meeting I called on the Clerk of your Board to find out when and where the notices were sent, thinking they must have miscarried, and I was surprised to learn that they had no record of any notice having been sent to me or of any meeting of the Finance Committee having been held to consider the matter of the bond issue for this Department. I have been further surprised to learn that similar bond issues for the other two departments have been approved by your Board, without the Commissioners being notified to attend a meeting of the Finance Committee.

I most respectfully ask that you appoint an investigating committee to inquire into this matter in order that I may, in a proper way, deny the charge so publicly made of neglect of duty and disrespect to your Honorable Board.

Respectfully submitted,

Yours truly,

JOHN E. EUSTIS, Commissioner of Parks, Borough of The Bronx.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Finance:

No. 2254.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—I return herewith a resolution adopted by the Board of Aldermen on April 7, 1903, granting permission to the Mutual Life Insurance Company to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan; also a resolution adopted by the Board on June 2, 1903, granting permission to James McCutcheon to lay two terra cotta pipes under and across West Twenty-second street, in the Borough of Manhattan, in both of which resolutions the Commissioners of the Sinking Fund are requested to fix the compensation.

The Corporation Counsel in an opinion, a copy of which was transmitted to you a few days ago, holds that these permits constitute a franchise, and that the compensation should be fixed by the Board of Estimate and Apportionment and not by the Commissioners of the Sinking Fund.

Yours very truly,

N. TAYLOR PHILLIPS,

Secretary, Commissioners of the Sinking Fund.

Resolved, That permission be and the same is hereby given to the Mutual Life Insurance Company of New York, its successors and assigns, to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan, between Nassau and William streets, to connect the properties Nos. 33 and 35 Liberty street and Nos. 41 to 49 Liberty street, on the north side of said street, with No. 46 Liberty street, on the south side of said street, which properties are owned by the said Mutual Life Insurance Company of New York (the location, size and other details respecting the construction of said tunnel to be as shown in the diagrams accompanying this resolution marked "A" and "B"); provided that the said Mutual Life Insurance Company of New York shall pay to The City of New York as compensation for the privilege such amount as may be determined as an equivalent therefor by the Commissioners of the Sinking Fund, and provided further that the said Mutual Life Insurance Company of New York shall stipulate with the President of the Borough of Manhattan to save the City harmless from any loss or damage that may be occasioned during the progress or subsequent to the completion of the work of constructing the said tunnel, the work to be done and materials to be supplied at their own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen April 7, 1903, a majority of all the members elected voting in favor thereof.

Approved by the Mayor April 20, 1903.

P. J. SCULLY, Clerk.

Resolved, That permission be and the same hereby is given to James McCutcheon to lay two terra-cotta pipes, as shown on the accompanying diagram, under and across West Twenty-second street, so as to connect No. 4 on the south side of West Twenty-second street and Nos. 5 and 7 on the north side of West Twenty-second street, which properties are owned by the said James McCutcheon; the said pipes to be each 12 inches in diameter, to be laid about one foot apart, and one of them to be used for steam heat supply and the other for steam return; the work to be done at the expense of the said James McCutcheon, subject to the directions of the President of the Borough of Manhattan, and the said James McCutcheon to pay therefor such sum or sums as the Commissioners of the Sinking Fund shall determine; such permission to continue only during the pleasure of the Board of Aldermen.

Adopted by the Board of Aldermen June 2, 1903, a majority of all the members elected voting in favor thereof.

Approved by the Mayor June 15, 1903.

P. J. SCULLY, Clerk.

In connection herewith Alderman Foley offered the following:

No. 2255.

Resolved, That the resolution giving permission "to the Mutual Life Insurance Company, its successors and assigns, to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan, between Nassau and William streets, to connect the properties Nos. 33 and 35 Liberty street and Nos. 41 to 49 Liberty street, on the north side of said street, with No. 46 Liberty street, on the south side of said street, etc.," which was adopted by the Board of Aldermen April 7, 1903, and approved by the Mayor April 20, 1903, be and the same is hereby amended by striking therefrom the words "Commissioners of the Sinking Fund" and substituting in lieu thereof the words "Board of Estimate and Apportionment."

Which was adopted.

In further connection herewith, Alderman Parsons offered the following:

No. 2256.

Resolved, That the resolution giving permission "to James McCutcheon to lay two terra cotta pipes * * * under and across West Twenty-second street so as to connect No. 4, on the south side of West Twenty-second street, and Nos. 5 and 7 on the north side of West Twenty-second street," which was adopted by the Board of Aldermen June 2, 1903, and approved by the Mayor June 15, 1903, be and the same is hereby amended by striking therefrom the words "Commissioners of the Sinking Fund" and substituting in lieu thereof the words "Board of Estimate and Apportionment."

Which was adopted.

The communication from the Finance Department was then ordered on file.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

Department of Correction of The City of New York,
New York, April 28, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—In answer to request of your Honorable Board for the reasons why application had been made by this Department for permission to appoint a Purchasing Agent, I beg to state that when the position was abolished early in 1902 the cause for such abolition was that a change in the law requiring purchases by advertisement and public letting seemed to me to so lessen the need for the services of a Purchasing Agent that, in the interest of an economical administration of the Department, it was thought best to abolish the office, believing that the work could be performed by the Clerk who was familiar with the duties of the office.

I find, however, that although many supplies are advertised for, there is still much to be done in the Bureau; that much of the work requires good judgment and a thorough knowledge of the rules governing purchases for City Department; intelligent appreciation of the work done by the State Prisons, and, in fact, that the Purchasing Department requires the services of an official of more authority than could be delegated to a Clerk.

It is therefore my desire to re-establish the office, and to appoint Mr. Josiah C. Long to the position, at a salary of \$1,800 per annum. Mr. Long is a veteran of the Civil War; he stands first on the Civil Service eligible list for Purchasing Agent, and he has performed the active duties of the position conscientiously and faithfully since early in 1896.

No increase in the force of the Purchasing Bureau, however, is contemplated. Should your Honorable Board grant this request Mr. Long will continue to perform both the executive and clerical duties of the position.

I beg to return herewith letter of April 13 from this Department.

Very respectfully yours,

(Signed) THOMAS W. HYNES, Commissioner.

The following resolutions are offered for adoption:

The City of New York,

Office of the President of the Borough of Brooklyn,

Brooklyn, June 17, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

Dear Sir—Kindly have placed on the calendar of the Board of Estimate and Apportionment, at its meeting on Friday next, resolutions fixing the salaries of Attendants for public baths and public comfort stations, Bureau of Public Buildings and Offices, Borough of Brooklyn, as follows:

| | |
|----------------------------------|------------|
| Male Attendant, per annum..... | \$1,200 00 |
| Male Attendant, per annum..... | 1,050 00 |
| Female Attendant, per annum..... | 750 00 |

In a short time three of the interior baths now under construction will have been completed, and at the same time several public comfort stations will be ready for use. It is necessary, therefore, to arrange for the employment of Attendants. These resolutions are required for that purpose. It is my desire to have the grade of \$1,200 established for an Attendant who will be in the nature of a Chief Caretaker, and a salary of \$1,050 established for an Attendant who will be in the nature of an Assistant. It is believed that the rate of \$750 will be sufficient for the female Attendants. Some of the public comfort stations will be ready in the course of one or two weeks, and it is, therefore, of utmost importance that this resolution be passed at the very first opportunity in the Board of Estimate.

Yours very truly,

(Signed) J. EDWARD SWANSTROM,
President, Borough of Brooklyn.

June 17, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

Dear Sir—I beg leave to transmit to you, herewith enclosed, a resolution fixing the salary of Watchman, under the jurisdiction of the Bureau of Public Buildings and Offices, in this Borough, at the rate of \$900 per annum. There is no intermediate grade between \$750 and \$1,050 a year.

There are eight such Watchmen in this Borough, five of whom are veterans of the Civil War. They perform their duties in the Borough Hall, the Municipal Building, the Kings County Courthouse and the Hall of Records, respectively.

They have been paid for their services up to the present time at the rate of \$750 per year.

They have discharged their duties with fidelity and efficiency, and I trust that the Board of Estimate and Apportionment will take favorable action in the premises.

Very truly yours,

(Signed) J. EDWARD SWANSTROM,
President, Borough of Brooklyn.

The City of New York,

Office of the President of the Borough of Brooklyn,

Brooklyn, June 17, 1903.

Mr. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment: Sir—I have requested the transfer of Mr. J. O. Farrell, a Searcher employed in the Department of Taxes and Assessments, to the office of the Borough President, to assist in searching titles of land and property in the Bureau of Street Openings, recently established in this Department.

His duties here will be of a character identical with the work he has been called on to perform in the Department of Taxes and Assessments, and the salary will be the same, namely: \$1,200 a year.

The necessity for the services of such a Searcher has become more and more evident as the work of the Bureau progressed, and it is the opinion of the Corporation Counsel, with which I fully coincide, that the Bureau, wherein he will be employed in this Department, will result in a saving to the City of about \$30,000 a year.

The transfer has been verbally approved by the Civil Service Commission, and consent for it has been given by the Commissioners of the Department of Taxes and Assessments. It now awaits the action of the Board of Estimate and Apportionment, and I earnestly request that you will kindly have this resolution placed on the calendar for next Friday.

Very truly yours,

(Signed) J. EDW. SWANSTROM, President of the Borough.

Department of Water Supply, Gas and Electricity,
City of New York, April 30, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

Sir—I respectfully request that your Honorable Board recommend to the Board of Aldermen that the salary of Mechanical Draughtsman in this Department be fixed at \$1,350 per annum, in order that I may appoint Amos T. Smith to the position. Mr. Smith's name was included in my general letter of March 11, 1903, on which no action has as yet been taken by your Board. As it is highly important that this Department should have additional Draughtsmen, I submit this case separately.

The only salary fixed for this position in this Department at present is \$1,500 per annum, and it is manifestly unwise to make new appointments at a salary as high as that received by employees of several years' experience.

I therefore urge that this salary be fixed as requested, and inclose copy of proposed resolution.

Respectfully,

(Signed) WM. A. DE LONG,
Deputy and Acting Commissioner.

ROBERT F. DOWNING, WILLIAM D. PECK, WEBSTER R. WALKLEY,
SAMUEL H. JONES, PATRICK H. MALONE, Committee on Salaries and Offices.

(Copy.)

Board of Education,
Park Avenue and Fifty-ninth Street,
New York, June 15, 1903.

To the Board of Estimate and Apportionment:

Gentlemen—Permit me to recommend to the consideration of your Honorable Board for approval the action of the Board of Education increasing the salaries of the positions of the following-named Attendance Officers:

| Name and Borough. | Present Salary. | Recommended. |
|-------------------------------------|-----------------|--------------|
| Richard Springmeyer, Manhattan..... | \$1,080 00 | \$1,200 00 |
| William J. Black, Brooklyn..... | 1,050 00 | 1,200 00 |
| Joseph M. Mead, Brooklyn..... | 1,050 00 | 1,200 00 |
| Charles T. Gartland, Brooklyn..... | 1,050 00 | 1,200 00 |
| George Williams, Brooklyn..... | 1,050 00 | 1,200 00 |
| Frank J. Nichols, Brooklyn..... | 1,050 00 | 1,200 00 |
| Jennie F. Walsh, Brooklyn..... | 1,050 00 | 1,200 00 |
| Albert E. Schalkenbach, Queens..... | 1,050 00 | 1,200 00 |
| William H. Thornton, Queens..... | 1,050 00 | 1,200 00 |
| P. Edward Rausch, Queens..... | 1,050 00 | 1,200 00 |
| John Giblin, Queens..... | 1,050 00 | 1,200 00 |
| James O'Shaughnessy, Queens..... | 1,050 00 | 1,200 00 |
| George J. O'Reilly, Queens..... | 1,050 00 | 1,200 00 |
| James W. Allen, Richmond..... | 900 00 | 1,200 00 |
| George L. Merrell, Richmond..... | 1,050 00 | 1,200 00 |
| Jesse G. Winant, Richmond..... | 600 00 | 750 00 |
| Abram E. Depuy, Richmond..... | 480 00 | 750 00 |

The reasons for the proposed increases are as follows:

The maximum salary now paid and that has been paid for many years is \$1,200.

Before consolidation officers in New York and Brooklyn were appointed at \$1,000 for the first year and advanced to \$1,200 by action of the Board of Education.

At present under this schedule twenty-four (24) officers in Manhattan and The Bronx and nine (9) officers in Brooklyn receive \$1,200.

In Brooklyn five (5) officers appointed in 1900 at \$1,000 were raised to \$1,100 in 1901 with the understanding that in 1902, as provided in the schedule of salaries for Attendance Officers adopted by the Brooklyn Borough Board, the salary should be \$1,200. Since consolidation of the schools under the new Charter this provision has not been carried out, but, on the contrary, they were reduced to \$1,050 to conform to a new schedule.

The budget of the Board of Education, approved by the Board of Estimate and Apportionment for the year 1903, provided for the increase of the salaries of the five (5) Brooklyn officers, and for the increase of the salaries of several other officers in other boroughs (see pages 2105, 2262, 2292, 2306 of the Journal of the Board of Education).

The Board of Education had intended to put the new schedule into effect January 1, 1903, subject to the approval of your Honorable Board.

A careful investigation of the work required and of the efficiency of these officers has been made. It is found that the work required in all the districts in Brooklyn and Queens and some of the districts in Richmond is as difficult and as exacting as in the districts where the officers are receiving \$1,200.

It is important that a uniform schedule be established whenever the work is of equal difficulty, because the officers are frequently transferred from one borough to another, as has been the case of three officers transferred to Manhattan this year.

The Board of Education realizes that justice to the officers and a proper recognition of merit and fitness demands the proposed increases.

Yours very truly,

(Signed) H. A. ROGERS, President, Board of Education.

ADJOURNED JOINT MEETING LOCAL BOARDS—BEDFORD DISTRICT AND WILLIAMSBURG DISTRICT.

No. 35.

Petition to alter the map or plan of The City of New York by locating and laying out a street 110 feet wide, extending from the intersection of Grand street and Union avenue, as an approach to the Williamsburg Bridge at Havemeyer street and South Fifth street, in the Thirteenth, Fifteenth and Sixteenth Wards, in the Borough of Brooklyn.

Following report and technical description from the Chief Engineer of the Bureau of Highways:

January 29, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works:

Dear Sir—I send you herewith a map and technical description for the extension of Grand street, from Union avenue to Havemeyer and South Fifth streets, in order to make an approach to the new East river bridge. Instead of making the line of this street exactly straight between these two points I have deflected it at the school building on South Second street, between Keap and Rodney streets, so that this school and the one on South Fourth street, between Marcy avenue and Havemeyer street, should not be destroyed. The deflection is slight and will not be noticed as far as traffic is concerned.

I attach to this letter a statement of the assessed valuation of the property taken. I have given the assessed valuation of the entire lot where any portion of a lot is taken, although in many instances a small part only is taken, but the detailed list will show just how this is.

The location of the street is my idea of what would meet the needs of this section, but any change being desirable can be made. The assessed valuation is \$619,000.

Respectfully,

(Signed) GEO. W. TILLSON, Chief Engineer.

Technical description for a public hearing in the matter of locating and laying out a street, extending from the intersection of Grand street and Union avenue, to the approach to the Williamsburg Bridge at Havemeyer street and South Fifth street, in the Thirteenth, Fifteenth and Sixteenth Wards, Borough of Brooklyn, City of New York.

The street to begin at the intersection of Grand street and Union avenue, as the same are laid down on the map of the City.

I. Thence running westerly to the approach to the Williamsburg Bridge, at Havemeyer street and South Fifth street, as indicated on the accompanying map.

The street to be 110 feet wide.

Dated New York, January 26, 1903.

Topographical Bureau, Borough of Brooklyn.

(Signed) GEO. J. BISCHOF,

Assistant Engineer in Charge.

(Signed) GEO. W. TILLSON.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by

changing the lines of White Plains road, between Morris Park avenue and West Farms road, and by laying out Unionport road, from White Plains road to West Farms road.

—in the Borough of The Bronx, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 8th day of July, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 12th day of June, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of White Plains road, between Morris Park avenue and West Farms road, and by laying out Unionport road, from White Plains road to West Farms road, in the

Borough of The Bronx, City of New York, more particularly described as follows:

This change consists in excluding from the land formerly required for White Plains road, the portions between White Plains road and Unionport road, as hereafter described, and also the portion lying northerly of Unionport road, as hereafter described, between West Farms road and White Plains road.

The change in lines of White Plains road consists in laying out White Plains road 100 feet in width from West Farms road to Unionport road, the northern line of the present road (to be parallel and 100 feet north of the southern line of White Plains road, as formerly laid out), and to extend from West Farms road to a point about 200 feet southeast of Jackson avenue, to extend thence northeasterly 11.809 feet parallel to Jackson avenue to the southern line of Unionport road as now in use.

The laying out of Unionport road consists in retaining the southern line of said road (as now laid out) from White Plains road to West Farms road, and to laying out the northern line of Unionport road 60 feet north and parallel to the western portion of said road, and extending said northern line in both directions and in a straight line from White Plains road to West Farms road.

This change discontinues and excludes from the former White Plains road a triangular plot between White Plains road, and also a strip of land about 55 feet in width and about 570 feet in length, lying north of Unionport road, from White Plains road to West Farms road, an area of about 21 city lots.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed changes and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed changes at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 8th day of July, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed changes will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 8th day of July, 1903.

Section 1. The Board of Aldermen of The City of New York hereby grants to the Erie Railroad Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railroad, with a single switch connecting the two tracks, to be operated by steam locomotives or other motive power which may be lawfully employed, except horses or the overhead system of electricity, across Thirteenth avenue and the marginal wharf or way extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City, County and State of New York.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—This ordinance as to the marginal wharf which extends from the westerly line of Thirteenth avenue to the waters of the Hudson river shall not be operative and no rights thereunder shall vest in the grantee, its successors or assigns until the Commissioner of Dock, under the provisions of section 819 of the Charter of The City of New York, shall approve by resolution, license or otherwise, the use of such marginal wharf by the grantee in the manner herein provided, or in such other manner as he may prescribe, not inconsistent with the terms of this ordinance.

Second—The said right, privilege and franchise to construct and operate such railroad shall be held and enjoyed by the grantee, its successors or assigns, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, unless sooner terminated as hereinafter provided, with the privilege of renewal of the grant for a further period of twenty-five years, upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for

any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and is not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Provided, however, that this grant is upon the express condition that the right, privilege and franchise conferred by this ordinance may be cancelled and annulled upon one year's notice in writing to the grantee, its successors or assigns, by the joint act of the Commissioner of Docks of The City of New York and of the Board of Estimate and Apportionment, or their respective successors in authority, and thereupon all the rights of the grantee, its successors or assigns in and upon the street and marginal wharf or way aforesaid shall cease, and the railroad and its structures thereon shall be forthwith removed and the pavement of the street or wharf restored under the same conditions and covenants as are contained in the following paragraph of this section, designated third:

Third—Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property, with its appurtenances, of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper legal authorities may cause such property and plant to be removed from the street and wharf aforesaid and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Fourth—The grantee, its successors or assigns shall pay for this franchise to The City of New York the following sums of money:

During the first term of five years the annual sum of \$675.

During the second term of five years the annual sum of \$700.

During the third term of five years the annual sum of \$725.

During the fourth term of five years the annual sum of \$750.

During the fifth term of five years the annual sum of \$800.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year.

Fifth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Erie Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Thirteenth avenue, or upon the marginal wharf or street at any time.

Seventh—The railroad constructed under this ordinance shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Eighth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the Commissioner of Docks of The City of New York and the President of the Borough of Manhattan. Such railroad of the grantee, its successors or assigns shall be maintained in good condition throughout the term of this grant.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and especially shall in all respects be subject to the power and authority of the Commissioner of Docks to regulate and control the uses of the marginal wharf or way above described, and the transportation of property thereon.

Tenth—The grantee, its successors or assigns, shall at all times keep the street between the tracks, and for a distance of two feet beyond the rails on either side thereof, free and clear from ice and snow.

Eleventh—The grantee, its successors or assigns, shall keep in permanent repair the portion of the surface of the street and of the marginal wharf or way between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street and marginal wharf or way, and in that event the grantee, its successors or assigns shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—In case of any violation or breach or failure to comply with any of the provisions

herein contained, this grant may be forfeited and annulled by The City of New York by an action brought by the Corporation Counsel on ten days' notice to the grantee, its successors or assigns.

Sec. 3. This grant is upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York shall be strictly complied with.

Sec. 4. The grantee, its successors or assigns shall commence the construction of the railroad under this franchise and complete the same within six months from the date when it has obtained the necessary permits and resolutions of the City officials and Departments, and on or before January 1, 1904, otherwise this grant shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose, provided, however, that such time may be extended under and for causes specified in section 99 of the Railroad Law, by the Board of Estimate and Apportionment, for a period not exceeding six months.

Sec. 5. This grant is upon the express condition that the grantee, within thirty days after it has been duly authorized to construct or operate its railroad hereunder, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of \$1,500, either in money or in securities, to be approved by him, which shall be security for the performance of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad. In case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said company.

In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 6. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the signing of this ordinance by the Mayor.

Sec. 7. This ordinance shall take effect immediately.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
