DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, OCTOBER 10, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.
CHARLES L. CRAIG, Comptroller.

Borough of Brooklyn.

Hearing on the Proposed Areas of Assessment and Apportionment of Cost in the Matter of Acquiring Title to Dupont Street, from Franklin Street to Property Acquired by the State of New York for a Barge Canal Terminal, Borough of Brooklyn (Cal. No. 4).

(The hearing in this matter was fixed for June 28, 1918, by resolution adopted June 7, 1918 (Cal. No. 86). On June 28, 1918 (Cal. No. 9), the hearing was continued to July 12, 1918, and the Chief Engineer instructed to prepare and submit for consideration new areas of assessment.)

(On July 12, 1918 (Cal. No. 2), the Chief Engineer submitted new areas of assessment and proposed apportionment of cost. The Board thereupon fixed September 27, 1918, as the date for a public hearing on the new proposition.)

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

C. T. Terry, representing Steers Estate, and John J. Schwartz, representing Greater New York Extract Company, appeared in favor.

No one else desiring to be heard, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, and of chapter 580 of the Laws of 1918, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the real property required for the opening and extending of Dupont street, from Franklin street to the line of the property of the State of New York, acquired for a Barge Canal terminal, in the middle of West and Commercial streets, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York;

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the compensation to be made to the owners of the real property to be acquired shall be ascertained and determined by the Supreme Court without a jury;

Resolved, That the Board of Estimate and Apportionment hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court to have the compensation, which should justly be made to the respective owners of the real property proposed to be taken, ascertained and determined by the Supreme Court without a jury, and to have the said Court assess the cost and expense of the proceedings upon the real property within the areas of assessment hereinafter determined, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the real property that shall or may be required for the purpose of opening and extending Dupont street from Franklin street to the line of the property of the State of New York acquired for a Barge Canal terminal, in the middle of West and Commercial streets, in the Borough of Brooklyn, City of New York, upon the receipt by him of a rule map and damage map, certified as having been approved by this Board;

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn in the preparation of rule, damage and benefit maps for the use thereof, and all other expenses and disbursements authorized by section 977 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby as hereinafter determined:

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the real property required for this improvement that the Board of Estimate and Apportionment would consider proposed areas of assessment and apportionment of cost as therein described, and would give a public hearing thereon upon the 27th day of September, 1918; and

Whereas, At the aforesaid time a public hearing was given to all persons interested in such proposed areas of assessment and apportionment of cost, who appeared, and such proposed areas of assessment and apportionment of cost were duly considered by this Board;

Resolved, That the Board hereby determines that 331-3 per cent. of the entire cost and expense of the proceedings herein shall be borne by the following area of assessment designated as Zone "A" and 662-3 per cent. of such cost and expense by the following area of assessment designated as Zone "B":

Zone A, Upon Which Is to Be Placed 331-3 Per Cent. of the Entire Cost and Expense.

Beginning at a point on the westerly line of Franklin street distant 100 feet northerly from the northerly line of Dupont street and running thence southwardly along the westerly line of Franklin street to a point distant 100 feet southerly from the southerly line of Dupont street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Dupont street and the prolongation thereof to the intersection with the center line of West street; thence northwardly along the center line of West street to the intersection with the center line of Commercial street; thence northeastwardly along the center line of Commercial street to the intersection with a line parallel with Dupont street and passing through the point of beginning; thence eastwardly along the said line parallel with Dupont street to the point or place of beginning.

Zone B, Upon Which Is to Be Placed 662-3 Per Cent. of the Entire Cost and Expense.

Beginning at a point on the southerly bulkhead line of Newtown Creek where it is intersected by the center line of Blue street and running thence southeastwardly along the center line of Blue street and along the prolongation of the said line to the intersection with the center line of Commercial street; thence southwestwardly along the center line of Commercial street to the intersection with the center line of West street; thence southwardly along the center line of West street to a point distant 105 feet northerly from the northerly line of Eagle street; thence westwardly at right angles to West street to the intersection with the bulkhead line of East River; thence

northeastwardly along the bulkhead lines of East River and Newtown Creek to the point or place of beginning.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

REPORTS.

From Standing Committees.

Committee on Finance and Budget.

Fire Department—Issue of Corporate Stock (Cal. No. 9).

(On June 14, 1918 (Cal. No. 123), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented a communication dated May 27, 1918, from the Fire Commissioner herein; and the following report of the Committee on Finance and Budget:

September 21, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On June 14, 1918 (Cal. No. 123), your Board referred to its Committee on Finance and Budget a communication dated May 27, 1918, from the Commissioner of the Fire Department, requesting the issuance of corporate stock in

the sum of \$11,000 to improve the fire alarm system in the Rockaways, Borough of Queens.

It appears that on November 9, 1916, the Fire Commissioner requested an appropriation of \$25,000 for improving the fire alarm system in the Rockaways. The improvement proposed consisted of removing the overhead wires of the system from the wooden poles which had been abandoned by the telephone company and installing new lead covered cables in subways built and furnished by the telephone company. In connection with this work, there was included the furnishing and installing of 48 new cast iron alarm posts, with underground pipe connections, building manholes, installing junction and terminal boxes and other incidentals. The work contemplated for the complete improvement did not include the purchase of any new fire alarm boxes, keyless doors, storage batteries or central station apparatus, it being the intention to supply any deficiencies from the salvage of the abandoned system in the Borough of Manhattan. Bids for the work exceeded the original estimate of cost, but it was found that the entire improvement could be completed within the appropriation if the installation of the cables were done by the department employees and charged against the budget appropriation.

In a letter to you, dated March 24, 1917, the Fire Commissioner said: "In view of the fact that the entire Rockaway improvements can be accomplished within the appropriation of \$25,000, it is requested that you increase the estimate of cost on the two contracts, bids for which have been received, to \$22,517.82." Your Board acted favorably on this request on March 30, 1917.

It will, therefore, be seen that no new appropriation is required to complete all of the improvement to the fire alarm system in the Rockaways that was contemplated or authorized in pursuance of the application of the Fire Commissioner, dated November 9, 1916, and that a system much superior to the one in use in the past and at present, can be completed without any additional appropriation.

The new improvement which is now proposed and for which this appropriation of \$11,000 is requested, includes purchasing an entire new set of fire alarm boxes for the system, the purchase of new keyless doors without waiting for the release of the doors used in the system to be abandoned in Manhattan (67 needed), the division of the one circuit of the system into four independent circuits and the creation of a new automatic central station, the last item to cost \$4,160.

The estimated cost of this work is from 60 to 70 per cent. higher than similar work would have cost in 1914.

Your Committee, at its meeting on June 26, 1918, determined to recommend that the request be denied. Respectfully submitted,

CHARLES L. CRAIG, Comptroller and Chairman, Committee on Finance and Budget.

The following resolution was offered:

Resolved, That, whereas investigation of the application of the Commissioner of the Fire Department of May 27, 1918, for the issuance of corporate stock in the sum of \$11,000, for improving the fire alarm system in the Rockaways, Borough of Queens, shows that this improvement is not absolutely necessary, this request is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

Committee on Salaries and Grades.

President, Borough of Brooklyn—Transfer of Appropriation; Modification of Schedules and Establishment of Additional Grade of Position (Cal. No. 10).

(On September 20, 1918 (Cal. No. 221-e-1), this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication dated August 23, 1918, from the Acting President, Borough of Brooklyn, herein; and the following report of the Committee on Salaries and Grades:

September 24, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Committee on Salaries and Grades recommends approval of a request made by the Acting President of the Borough of Brooklyn for modification of two personal service schedules involving a transfer of funds and establishment of a grade of position as follows:

Meeting of:	Calendar No.	Schedule No.	Proposed Action.

Board of Elections—Issue of Special Revenue Bonds (Cal. No. 12).
The Secretary presented the following:

September 17, 1918.

To the Board of Estimate and Apportionment, The City of New York:
Gentlemen—Under date of August 20, 1918, the President of the Board of Elections forwarded to the Comptroller a copy of a resolution of the Board of Elections adopted August 6, 1918, reading:

"Resolved, That the Comptroller of The City of New York be and is hereby requested to provide and issue revenue bonds in the sum of \$441,300, pursuant to

the provisions of chapter 17 of the Consolidated Laws of the State of New York, and subdivision 7 of section 188 of the Charter of The City of New York, to be used by the Board of Elections of the City to meet and supply deficiencies in its Budget appropriation for the year 1918."

Following is a schedule of the 1918 appropriations it is desired to augment, the additional requests and the total allowances provided the requests are granted:

Mr. Harry W. Taylor, Clerk in the Office of the Board of Elections, has furnished the following information relative to the needs of the various funds above enumerated:

Code 177—Wages Temporary Employees, For Making Duplicate Copies of Enrollment Lists, All Parties.

From the original amount appropriated in the code in the 1918 Budget, namely, \$20,000, the sum of \$6,606 was expended for work done in connection with the special enrollment of women on May 25 last. The amount of bonds asked for in connection with this code is \$13,000, half of which is to be used to reimburse the appropriation account for the sum expended on the special enrollment referred to and the other half is to be used in defraying the additional expenses which will be incurred this fall on account of the increased registration due to the enfranchising of women.

Code 178—Wages Temporary Employees, For Election Officers.

Due to vacancies in four congressional districts this year, namely, the Seventh and Eighth Districts in Brooklyn and the Twenty-first and Twenty-second Districts in Manhattan, there was expended for special enrollments in these districts the sum of \$30,900, and for special elections, the sum of \$56,942, making a total expenditure of \$87,842 out of the original amount appropriated in this code in the 1918 Budget, namely, \$511,700. The amount of bonds asked for in connection with this code is \$195,000, \$87,842 of which will be used for the purpose of reimbursing the appropriation account and the remainder of which, \$107,158, will be used to pay the wages of additional election officers due to the increased number of election districts. The present number of election districts is 2,073. Representatives of the Board of Elections estimate that the number of districts will be increased to at least 2,622, a net increase over the present number of 549. It is also stated by the Election Board that it costs \$208 to officer each district. It will be seen, therefore, that the amount of revenue bonds requested in connection with this code is conservative.

Code 179—Supplies.

From the original amount appropriated in this code in the 1918 Budget, namely, \$234,500, the sum of \$12,250 was expended for supplies used in connection with the special enrollment of women on May 25 last, \$9,995 for supplies used in connection with the special elections held for the purpose of filling the congressional vacancies referred to under Code 178 above, and \$3,131.41 for office and other miscellaneous supplies, aggregating \$25,376.41. Contracts have been entered into for supplies for the various polling places of the City for primary day, registration day and election day amounting to \$118,819. In addition to this contract, two other contracts have been let, one for the primary ballots aggregating \$57,816.20, and the other for assembly district maps amounting to \$7,684, making a total existing contract liability of \$184,319.20. The unencumbered balance in this code is therefore \$24,785.59.

The amount of bonds asked for is \$125,000, of which \$25,376.41 will be used to reimburse this code for the amounts expended for supplies used in the special enrollment of women and in the special election of congressmen. The remaining amount, approximately \$100,000, is to be used for the purchase of ballots for the coming elections. Last year the election ballots cost \$85,680. Representatives of the Board of Elections estimate that with the increased cost of labor and materials and the increased number of ballots required this year, the cost of this item will reach \$100,000.

Code 180—Equipment.

The amount of bonds requested to augment this code is \$1,000. This amount is asked for the purpose of buying additional ballot boxes to be used in the new election districts to be established this year and to purchase new desks and other office equipment needed for the 28 additional Clerks recently put to work in the various borough offices of the Board.

Code 181—Contract or Open Order Service, Repairs and Replacements.

For 1918 the appropriation was \$13,000, of which \$12,139.44 has already been expended, due to the increased demands caused by the enfranchising of women, leaving a balance of \$860.56. The \$10,000 is needed to meet the normal and increased expenditures for the purchase of and repairs to booths, ballot boxes, etc., for the balance of the year. The cost of the portable building booths that will be required is estimated at \$4,000. The bond request is in addition to special revenue bonds issued July 19 for \$9,000, of which \$7,896.50 is being expended for 1,000 new booths ordered.

Code 183. Transportation.

To meet the depletion in the account caused by the expenses of special enrollment and special election amounting to \$9,195.90, an additional \$6,000 is required.

Code 184. Communication, Telephone Service.

The expenses incurred, including contract liability, are \$1,122.35, leaving a balance of appropriation of only \$177.65. It is for the balance of the year that the \$300 is requested.

Code 186. Contingencies.

The \$1,000 requested is needed chiefly to meet the increased cost of postage and automobile hire for registration and election days.

Code 187. Fixed Charges and Contributions, Rents.

The \$40,000 requested is to reimburse the account for expenditures made for special elections and special enrollments amounting to \$33,617, and for further expenditures necessary to meet the increased cost in election districts.

Code 188. Advertising.

The amount expended for special election and special enrollment is \$19,709.72. This and the added cost of printing and advertising due to the enfranchising of women is estimated to bring the amount required to \$50,000.

As the request of the Board of Elections seems to be reasonable, and as appropriations of this nature appear to be mandatory, and have been so considered heretofore, you are asked to approve the action of the Comptroller, authorizing the issuance of special revenue bonds, under subdivision 7 of section 188 of the Charter, in the sum of \$441,300, as requested. A resolution to that end is hereto attached.

Respectfully submitted,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the

issuance by the Comptroller of special revenue bonds, under subdivision 7 of section 188 of the Greater New York Charter, in the sum of four hundred and forty-one thousand three hundred dollars (\$441,300), to provide for deficiencies in the 1918 Budget appropriations of the Board of Elections.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

Department of Public Markets; Department of Plant and Structures—Transfer of Appropriation (Cal. No. 13).

(On August 9, 1918 (Cal. No. 74-E) this matter was referred to the Comptroller.)

The Secretary presented a communication dated July 17, 1918, from the Commissioner of Public Markets, herein; and the following report of the Comptroller:

September 18, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On August 9, 1918 (Calendar No. 74-E), your board referred to the Comptroller a communication dated July 17, 1918, from the Commissioner of Public Markets, requesting the transfer of \$500 from the appropriations to his department for 1918 to the Department of Plant and Structures as follows:

FROM		
DEPARTMENT OF PUBLIC MARKETS.		
287 Contingencies	\$500 00	
TO		
DEPARTMENT OF PLANT AND STRUCTURES.		
2790 Motor Vehicle Supplies	\$200 00	
2793 Motor Vehicles and Equipment	200 00	
2796 Motor Vehicle Repairs	100 00	

The Commissioner states that the request is necessary because of the fact that some time ago the Police Department sent to the Municipal Garage for the account of the Department of Public Markets two automobiles which his department has been unable to use because the Department of Plant and Structures had no funds for their maintenance, and that the sum requested will keep the cars in repair and furnish gasoline and other supplies for the remainder of 1918.

Investigation shows that two Ford automobiles formerly used by the Police Department were turned over in the latter part of June, 1918, to the Department of Markets for its use. These machines were in very bad condition, one of them being unable to run at all because of engine trouble and other defects. The Department of Plant and Structures has agreed to repair the cars, store them in the Municipal Garage and supply the necessary gasoline, oil, etc., for the balance of 1918 for the sum of \$500, the estimated cost of the repairs, supplies furnished and rent for storing the cars from July 1, 1918, to December 31, 1918.

The adoption of the attached resolution providing for the transfer requested is therefore recommended. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated to the Department of Markets for the year 1918, as follows:

FROM		
DEPARTMENT OF PUBLIC MARKETS.		
287 Contingencies	\$500 00	
TO		
DEPARTMENT OF PLANT AND STRUCTURES.		
2790 Motor Vehicle Supplies	\$200 00	
2793 Motor Vehicles and Equipment	100 00	
2796 Motor Vehicle Repairs	200 00	
	\$500 00	

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

President, Borough of Manhattan—Transfer of Appropriation (Cal. No. 14).

(On September 20, 1918 (Cal. No. 220-K-2), this matter was referred to the Comptroller.)

The Secretary presented a communication dated September 17, 1918, from the President, Borough of Manhattan, herein; and the following report of the Comptroller:

September 24, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Under date of September 17, 1918, the President of the Borough of Manhattan addressed a communication to the Board of Estimate and Apportionment requesting the replenishment of Code 417TS, 1918, Highway Materials, President, Borough of Manhattan, in the sum of \$18,000, by transfer from other Budget appropriations. An examination of this request disclosed the following facts:

The sum of \$190,000 was appropriated in the 1918 Budget for the purpose of highway materials by the President of the Borough of Manhattan. This was later increased \$1,420 by a transfer authorized by your Board May 3, 1918, making a total so far provided from the tax levy appropriations for the purchase of such materials, \$191,420.

Chiefly because the cost of highway materials have been greater during 1918 than was estimated when the Budget for this year was prepared, the amount so far appropriated has proven insufficient. The following comparison of the prices on which the 1918 Budget was based with the prices actually paid illustrates this point:

	Unit.	Budget Prices.	Prices Actually Paid.
Asphaltic cement	Gallon	\$0 08	\$0 11½ & \$0 13
Asphaltic sand	Cubic yard	90	\$1 10
Three-quarter inch binder stone	Cubic yard	1 25	1 90
Portland cement	Bag	44 net	*\$7 net

*\$0.60½ gross.

The balance in Code 417TS, 1918, tax levy appropriation, after taking into consideration the unfilled orders and uncompleted contracts outstanding is now approximately \$9,000, and I am advised that the following materials should be purchased from this account before the end of the year, in addition to those already ordered or on hand:

	Estimated	
	Price.	Cost.
Asphaltic cement, 60,000 gallons	\$0 12	\$7,200 00
Asphaltic sand, 10,000 cubic yards	1 20	12,000 00
Three-quarter inch binder stone, 2,000 cubic yards	1 90	3,800 00
Portland cement, 5,000 bags	60	3,000 00
Miscellaneous materials		1,000 00
		\$27,000 00

As the unencumbered balance is but about \$9,000, an additional sum of \$18,000 is necessary for the purchase of the above materials. With reference to asphaltic cement and three-quarter inch stone it may be said that they cannot be secured during the winter season and it is therefore necessary to provide a sufficient stock to last until the spring.

The Borough President in his communication to your Board states that the additional amount required in Account 417TS, 1918, can be obtained by transfer from other 1918 budgetary accounts of his Department, as follows, and that he believes the balances remaining in these accounts will be sufficient for the balance to the year after the transfers have been made:

Code 396 Supplies, Motor Vehicle Supplies	\$10,000 00
Code 419 Materials, Sewer Materials	2,000 00
Code 424 Contract or Open Order Service, General Repairs	3,500 00
Code 425 Contract or Open Order Service, Repairs to Sidewalks	2,500 00

\$18,000 00

In view of the above explanations I herewith submit a resolution which, if adopted by your Board, will authorize the replenishment of Code 417TS, 1918, in the amount and in the manner requested by the President of the Borough of Manhattan. Yours very truly,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves of the transfer of funds within the appropriations to the office of the President of the Borough of Manhattan for the year 1918, as follows:

Supplies.		
396TS Motor Vehicle Supplies (Tax Levy Allowance)	\$10,000 00

General Fund for the Reduction of Taxation; President, Borough of The Bronx—Retransfer of Funds (Cal. No. 15).

The Secretary presented the following:

September 13, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On July 10, 1914, the Board of Estimate and Apportionment adopted a resolution granting a preliminary authorization for the construction of a sewer in Davidson avenue, Borough of The Bronx. At a meeting of your Board on May 3, 1918, that resolution was rescinded.

During the year 1914, \$55.69 was advanced from the Street Improvement Fund on account of work performed by the engineering forces of the President of the Borough of The Bronx, under the above preliminary authorization. Since that authorization has been rescinded, it will not be possible to reimburse the Street Improvement Fund from the collection of assessments, and the expenditures referred to should be transferred to the proper budgetary appropriation account, which in this instance is:

President, Borough of The Bronx, Code 460TCS, 1914, Personal Service, Salaries, Regular Employees, Engineering, Tax Levy, Corporate Stock and Special and Trust Fund Force.

There is, however, no balance in Code 460TCS, 1914, by reason of the fact that said account has been closed by transfer to the General Fund. The amount transferred from that account to the General Fund was greatly in excess of the sum referred to as having been advanced from the Street Improvement Fund, and it would therefore appear that \$55.69 should be retransferred from the General Fund to Code 460TCS, 1914, in order that charges against the Street Improvement Fund in that amount may be transferred to the proper account.

The attached resolution, if adopted by your Board, will authorize such retransfer. Yours very truly,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, to provide for deficits in appropriation accounts, pursuant to section 237 of the Greater New York Charter, hereby approves of the retransfer by the Comptroller from the General Fund for the Reduction of Taxation of the following amount previously transferred from the account below indicated to that fund:

FROM		
The General Fund for the Reduction of Taxation	\$55 69	
TO		
PRESIDENT, BOROUGH OF THE BRONX.		
460TCS 1914, Personal Service, Salaries, Regular Employees, Engineering, Tax Levy, Corporate Stock and Special and Trust Fund Force	\$55 69	

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, and the Acting President of the Borough of Queens—15.

Police Department—Modification of Schedule (Cal. No. 16).

(On June 14, 1918 (Cal. No. 48), a resolution was adopted, recommending that the Board of Aldermen establish the position of Policewoman and fix the rate of compensation at \$1,200 per annum. On July 2, 1918, this action was taken by the Board of Aldermen.)

The Secretary presented the following:

September 24, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—The Police Commissioner has requested the modification of the salary schedule of the Police Department entitled "1602, Personal Service, Salaries Regular Employees, Safeguarding Life and Property, Uniformed Force, Surgeons, etc., to permit the payment from August 15 to December 31, 1918, of ten Policewomen appointed by the Commissioner under the authority granted to him by chapter 651 of the Laws of 1917.

The Board of Estimate and Apportionment and the Board of Aldermen on June 14 and July 2, respectively, passed resolutions establishing these positions and fixing the rate of compensation at \$1,200 per annum. The new schedule line proposed is Policewoman, 10 at \$1,200, 4½ months, \$4,500, this sum being deducted from the present line for Patrolmen.

The adoption of the attached resolution will effect the changes desired.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the Police Department for the year 1918 as follows:

Personal Service, Salaries, Regular Employees, Safeguarding Life and Property.

Department of Health—Transfer of Appropriation (Cal. No. 17).

(On August 9, 1918 (Cal. No. 74-A), the request in this matter was referred to the Comptroller.)

The Secretary presented a communication, dated July 27, 1918, from the Secretary, Department of Health, herein; and the following report of the Comptroller:

August 22, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—The Secretary of the Department of Health, in a communication dated July 27, 1918, Calendar No. 74-A, August 9, 1918, requested the transfer of the sum of \$38,000, as follows:

FROM	
MISCELLANEOUS, NEW YORK CITY.	
3048. City Fund for Salary and Wage Accruals from Schedule-supported Appropriations, to be expended as provided in budget resolutions herewith	\$38,000 00

TO	
DEPARTMENT OF HEALTH.	
Supplies.	
1855 Office Supplies	\$14,000 00
1856 Medical and Surgical Supplies	9,000 00
Transportation.	
1873 Carfare and Traveling Expenses	15,000 00
	\$38,000 00

The \$14,000 requested for Code 1855, Office Supplies, is to provide funds to meet the increased postal rates, no provision therefor having been made in the 1918 budget. The Department of Health, in its departmental estimate for 1918, Code 1855, Office Supplies, requested the sum of \$50,000 for postage, basing its estimate on a bill before Congress to increase the old postal rates. The budget allowance was \$39,500. The total amount allowed in this code for office supplies, including postage at the old rate was \$44,300, or \$5,700 less than that requested for postage alone. The expenditures to July 31st amounted to \$36,674.47, leaving an unencumbered balance of \$7,625.53. It would seem that, with the above unencumbered balance, the sum of \$11,000, instead of \$14,000, as requested, should be sufficient to meet the needs of this Department for the remainder of the year. This amount will be satisfactory to the Department.

The \$9,000 requested for Code 1856, Medical and Surgical Supplies, is to provide funds for the purchase of drugs, needles and such other supplies as may be required for the remainder of the year. The sum of \$41,322 was allowed in this account for 1918, and the expenditures to July 31st amounted to \$31,835.09, leaving an unencumbered balance of \$9,486.91, which amount, with the \$9,000 now requested, would appear sufficient for the remainder of the year. During the preparation of the budget, through error, the Examiner omitted the sum of \$3,463, which sum was set up for the purchase of surgical needles, horse bleeding needles and various other supplies which the Department is now anxious to purchase. The average monthly expenditure for drugs for the use of this Department amounts to \$2,500.

The \$15,000 requested for Code 1873, Transportation, Carfare and Traveling Expenses, is for the purpose of providing sufficient funds to meet the necessary expenses of the country milk inspection force for the remainder of the year. The Department of Health, in its departmental estimate for 1918, requested the sum of \$48,500 for Code 1873, which amount was reduced by the Board of Aldermen to \$40,000. Since the budget was prepared, the railroad rates have been increased, and the cost of hotel accommodations is now between 25 per cent. and 50 per cent. more than the cost of the same accommodations in 1917. There is an unencumbered balance in this account of \$12,029.32, and the transfer of \$12,000, instead of the \$15,000 now requested, would appear sufficient for the remainder of the year. This amount will be satisfactory to the Department.

There are no other funds available in the Department of Health from which the above transfers can be made. It is recommended, however, that the transfer of funds be made from Code 3052, Miscellaneous, New York City, Repairs and Replacements to Sidewalks, rather than from Code 3048, Miscellaneous, New York City, City Fund for Salary and Wage Accruals.

Appended hereto is a resolution approving the transfer proposed.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to Section 237 of the Greater New York Charter, hereby approves transfers within the appropriations for the year 1918, as follows:

FROM	
MISCELLANEOUS, NEW YORK CITY.	
3052 Repairs and Replacements to Sidewalks	\$32,000 00
TO	
DEPARTMENT OF HEALTH.	
Supplies.	
1855 Office Supplies	\$11,000 00
1856 Medical and Surgical Supplies	9,000 00
Transportation.	
1873 Carfare and Traveling Expenses	12,000 00
	\$32,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

Department of Public Charities—Transfer of Appropriation (Cal. No. 18).

The Secretary presented a communication dated August 29, 1918, from the Commissioner of Public Charities, herein; and the following report of the Comptroller:

September 17, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—I herewith transmit a communication from Mr. Bird S. Coler, Commissioner of Public Charities, dated August 29, 1918, requesting that funds to the amount of \$35,000 be provided for the purpose of replenishing Code 3075, "Donations, Spanish War Veterans," and suggesting that the money be obtained by transfer from Code 2615, "Children's Home Bureau, Department of Public Charities."

Section 80 of the Poor Law provides that "No poor or indigent soldier, sailor or marine who has served in the military or naval service of the United States and who has been honorably discharged from such service, nor his family nor the families of any who may be deceased, shall be sent to any almshouse, but shall be relieved and provided for at their homes in the city or town where they may reside, so far as practicable, provided such soldier, sailor or marine or the families of those deceased are and have been residents of the state for one year; and the proper auditing board

of such city or town * * * shall provide such sum or sums of money as may be necessary * * * Section 81 requires that

"* * * The comptroller of the city of New York shall, out of the amount appropriated for such relief, provide a cash fund to be placed under the control of the commissioner of public charities from which to pay such relief, and he shall replenish said fund upon presentation of properly receipted recommendations for the amounts paid out of said fund * * *"

The amount appropriated for 1918 for the purpose of enabling the City of New York to comply with the mandatory provisions of the Poor Law which relate to the relief of Spanish War Veterans and their families, was, as stated by the Commissioner of Public Charities, \$60,000. This was less than the expenditures for such purposes in 1917 by about \$5,000, and the expenditures for the year 1918 so far exceeded those for the corresponding portion of 1917. There are two principal reasons for this, viz:

(1) There has been an increase in the number of beneficiaries, the average per month having been 257 in 1918, as against 238 in 1917. (It is understood that this is due to the fact that the Board of Child Welfare will no longer aid cases which relate to the children of Spanish War Veterans.)

(2) On account of the increased cost of living it has been necessary to grant increased allowances for the year 1918 in making provision for the beneficiaries.

The payments actually made from the 1918 appropriation as at August 31, 1918, amounted to \$51,143.50, and it is estimated that there are further claims for the month of August (some of which are in process of payment and others not presented) of about \$5,000. The balance of the 1918 appropriation of \$60,000 which is available for the months of September, October, November and December, is therefore but \$4,000, approximately. The expenditures for the past three months have averaged \$8,900 per month, and if they continue at the same rate the expenditures for the last four months of the year will amount to \$35,600, or \$31,600 more than the amount now available. The Commissioner of Public Charities requests that \$35,000 be furnished, but he evidently does not take into consideration the balance in the appropriation now available, and it would seem that \$32,000 is the maximum amount which need be furnished at this time.

It seems evident that this amount can be taken from Code 2615, "Children's Home Bureau, Department of Public Charities," since the number of children being boarded out by the City is very much less than the number provided for in the budget. I therefore submit a resolution which, if adopted by your Board, will authorize the transfer of \$32,000 from Code 2615 to Code 3075. Yours very truly,

CHARLES L. CRAIG Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated for the year 1918, as follows:

FROM	
PAYMENTS TO CHARITABLE INSTITUTIONS, FIXED CHARGES AND CONTRIBUTIONS.	
2615 Children's Home Bureau, Department of Public Charities for the Boarding out of Dependent Children, Accepted by the Department of Public Charities as Proper Public Charges.....	\$32,000 00

TO	
MISCELLANEOUS, NEW YORK CITY FIXED CHARGES AND CONTRIBUTIONS.	
3075 Donations, Spanish War Veterans	\$32,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx and the Acting President of the Borough of Queens—15.

Department of Street Cleaning—Approval of Contracts and Specifications for Removal of Snow and Ice in the Boroughs of Manhattan, Brooklyn and The Bronx During the Winter Season of 1918-1919 (Cal. No. 19).

The Secretary presented a report, dated September 17, 1918, of the Comptroller, recommending approval of the terms and conditions of five forms of contracts and specifications submitted by the Commissioner of Street Cleaning for the removal of snow and ice in the Boroughs of Manhattan, Brooklyn and The Bronx, during the winter season of 1918-1919.

The report states that the proposed contracts will provide for the removal of about 20 per cent. of the total snow removed by the City, the remaining 80 per cent. being removed or disposed of by the City by being deposited in the sewers, not by contract, but by labor employed by the Department of Street Cleaning.

(On July 19, 1918 (Cal. No. 75), this matter was referred to the Comptroller.)

The matter was laid over one week (October 4, 1918).

City Court of New York—Transfer of Appropriation (Cal. No. 20).

(On September 20, 1918 (Cal. No. 220-C), this matter was referred to the Comptroller.)

The Secretary presented a communication, dated August 29, 1918, from the Clerk of the City Court, herein, and the following report of the Comptroller:

September 17, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In a communication, dated August 29, 1918, the Chief Clerk of the City Court of The City of New York requested that \$2,500 be transferred from the General Accrual Fund to the City Court's appropriation for equipment.

The Chief Clerk states that the linoleum on the trial parts of the City Court is in very bad condition and that the purpose of the request is to provide funds to replace it.

Investigation shows that the floor covering in trial term Parts Nos. 1, 2, 3, 4, 5, 6, 8, and special term Part No. 2 of the City Court is in very poor condition. In some of the parts mentioned the linoleum is so badly worn that the boards are visible; in other parts the linoleum appears to have been pieced over.

It is estimated that 1,186 yards of linoleum will be required to cover the floors of the parts of the City Court before mentioned and, at the rate of \$2.11 a yard, which includes the relaying of good parts of the old linoleum, at least \$2,500 will be necessary to cover the cost of this work. It is recommended, however, that the \$2,500 be transferred from Code 3052, Repairs and Replacements to Sidewalks, instead of from the City Accrual Fund, as requested.

The adoption of the attached resolution providing for the transfer of \$2,500 from Code 3052, Repairs and Replacements to Sidewalks, is therefore recommended.

Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Municipal Courts—Issue of Special Revenue Bonds (Cal. No. 21).

The Secretary presented a report dated September 17, 1918, of the Comptroller, recommending concurrence in resolution adopted July 16, 1918, by the Board of Aldermen, requesting an issue of special revenue bonds in the sum of \$2,500, the proceeds whereof to be used by the Board of Justices, Municipal Courts, for the purpose of purchasing equipment.

The report states that it is necessary to provide funds for the payment of bills for fitting and furnishing the new quarters of the 7th District Municipal Court, for which no appropriation was made in the 1918 budget, and also for the purchase of new law books.

(On August 9, 1918 (Cal. No. 66), this matter was referred to the Comptroller.)

The matter was laid over one week (October 4, 1918), under Rule 19.

National Defense Emergency Fund; Board of City Record—Transfer of Appropriation (Cal. No. 22).

(On August 9, 1918 (Cal. No. 74-B), this matter was referred to the Comptroller.)
The Secretary presented a communication dated July 29, 1918, from the Mayor's Second Red Cross War Fund Industrial Campaign Committee, herein; and the following report of the Comptroller:

August 16, 1918.

To the Board of Estimate and Apportionment, The City of New York:
Gentlemen—Your Board on August 9, 1918 (Cal. No. 74B), referred to the Comptroller a letter of the treasurer of the Mayor's Second Red Cross War Fund Industrial Campaign Committee, dated July 29, 1918, requesting that \$1,620.90 be transferred from the appropriation known as 3081-C National Defense Emergency Fund, Expenses of the Treasurer of the Mayor's Second Red Cross War Fund Industrial Campaign Committee, granted by your Board on June 21, 1918, to Code 2999, 1918, General Plant Service, Printing, Stationery, Blank Books and Publications of City Record.

The \$1,620.90 is due the Board of City Record for printing, \$1,603, and stationery, \$17.90 furnished by it to the Mayor's Committee.

The adoption of the attached resolution will effect the transfer requested.
Respectfully,
CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following transfer within the appropriations for 1918:

FROM
MISCELLANEOUS, NEW YORK CITY.
3081C National Defense Emergency Fund, Expenses of the Treasurer of the Mayor's Second Red Cross War Fund Industrial Campaign Committee \$1,620 90

TO
GENERAL PLANT SERVICE.

Commissioner of Jurors, Richmond County—Modification of Schedule (Cal. No. 23).

The Secretary presented a report, dated September 18, 1918, of the Comptroller, recommending modification of Schedule 3670 for the office of the Commissioner of Jurors, Richmond County, for the year 1918, to include an item of \$1,200 special revenue bonds issued to that office on May 24, 1918, and which does not appear in a recent modification of that schedule.

Which was laid over one week (October 4, 1918).

Public Service Commission for the First District—Approval of Contract with the Powers-Kennedy Contracting Corporation for Installing Steel Ladders Leading from Track Floor to Top of Duct Bench Between Stations on That Part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad Extending Under Greenwich Street, West Broadway, Varick Street, 7th Avenue Extension and 7th Avenue, from Battery Park to Times Square, Borough of Manhattan, and Issue of Corporate Stock Therefor (Cal. No. 24).

(On September 20, 1918 (Cal. No. 69), this matter was referred to the Comptroller.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette Street, New York, September 3, 1918.

To the Board of Estimate and Apportionment of the City of New York:

The Public Service Commission for the First District herewith transmits to you for your consent, as required by law, a proposed contract between The City of New York, acting by this Commission, and Powers-Kennedy Contracting Corporation for installing steel ladders leading from track floor to the top of duct bench between stations on that part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad extending under Greenwich street, West Broadway, Varick street, 7th Avenue Extension and 7th Avenue, from Battery Park to Times Square, amounting to four thousand nine hundred and seventeen dollars (\$4,917).

The Public Service Commission for the First District requests your honorable Board to consent to said proposed contract herewith transmitted and to prescribe a limit to the amount of bonds available to meet the requirements of the City of executing said proposed contract, to wit: the sum of five thousand two hundred dollars (\$5,200), and also to direct the Comptroller of the City to issue the bonds of said City at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe for the purpose of providing the necessary means for meeting the City's obligations under the said proposed contract, to wit: the sum of five thousand two hundred dollars (\$5,200). In order to cover the contingencies and extra work which, as the experience of the Engineers of the Commission indicate, are bound to occur on work of this character, the amount hereby requisitioned is slightly in excess of the bid price of four thousand nine hundred and seventeen dollars (\$4,917).

The Public Service Commission for the First District does hereby, pursuant to section 45 of the Greater New York Charter, make requisition for the authorization of corporate stock for the full amount sufficient to pay the entire estimated expense to the City of executing the said proposed contract, to wit: the sum of five thousand two hundred dollars (\$5,200), such requisition to be charged against the appropriations made by your honorable Board for the purpose of carrying out Contract No. 3, being the contract dated March 19, 1913, between The City of New York, acting by this Commission, and Interborough Rapid Transit Company for additional rapid transit railroads.

In witness whereof the Public Service Commission for the First District has caused its official seal to be hereto affixed and these presents to be signed by its Secretary this 3d day of September, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

(Seal.)

(Copy of contract referred to herein is on file.)

September 23, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 3, 1918, the Public Service Commission for the First District accepted subject to the consent of the Board of Estimate and Apportionment, the bid of the Powers, Kennedy Contracting Corporation, for installing steel ladders leading from track floor to the top of duct bench between stations on that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad extending under Greenwich street, West Broadway, Varick street, Seventh Avenue Extension and Seventh Avenue, from Battery Park to Times square.

The estimated cost of the contract is \$4,917, for which an appropriation of \$5,200 is requested to provide for contingencies and extra work.

The construction of the Seventh Avenue-Lexington Avenue Subway between Times square and Battery Park, included a duct bench extending along the sides of the structure immediately adjacent to the local tracks between stations, which in case of an emergency, serves as a safety walk for passengers from stalled trains to points of exit, and also serves as a refuge for trackmen and maintenance forces during the passage of trains. The duct benches are so constructed that passengers from local trains may step from the trains on to the bench, but passengers on the express trains must climb down on to the track floor, cross the local track and climb on to the bench, which is 4 feet above the base of rail. No provision was made in the construction contract for ladders leading from the track floor to the top of the duct bench, and it was deemed necessary to install these at intervals of approximately 100 feet.

Bids were asked for the installation of these ladders from 10 firms, and the following were received:

Powers, Kennedy Contracting Corporation..... \$4,917 00
Whale Creek Iron Works 7,517 40
Vulcan Rail and Construction Company..... 8,250 00

Being advised that the work to be performed is necessary, and that under present

market conditions, the price bid by Powers, Kennedy Contracting Corporation is reasonable, I recommend the adoption of the attached resolution approving the request. Respectfully,
CHARLES L. CRAIG, Comptroller.

William Fullen, representing the Public Service Commission for the First District appeared and requested that Rule 19 be waived.

On motion, Rule 19 was waived in this matter and the following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended, the provisions of section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made by said Commission on September 3, 1918, the Board of Estimate and Apportionment does hereby consent to the contract proposed to be entered into between The City of New York, acting by said Commission, and the Powers-Kennedy Contracting Corporation, for installing steel ladders leading from track floor to the top of duct bench between stations on that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad extending under Greenwich street, West Broadway, Varick street, Seventh Avenue Extension and Seventh Avenue, from Battery Park to Times Square, at an estimated cost of five thousand two hundred dollars; and be it further

Resolved, That the Board of Estimate and Apportionment does hereby prescribe that the limit to the proceeds of corporate stock available for said purpose shall be five thousand two hundred dollars (\$5,200); and be it further

Resolved, That the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York to an amount not exceeding five thousand two hundred dollars (\$5,200), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds to the amount of the par value thereof to be applied to the purposes of the contract with the Powers-Kennedy Contracting Corporation, as set forth in this resolution and more particularly described in the requisition of the Public Service Commission to this Board dated September 3, 1918; said issue of corporate stock to be charged as a sub-authorization against the general appropriation of twenty-eight million two hundred thousand dollars (\$28,200,000) made by the Board on March 18, 1913, and the supplemental general appropriations subsequently made thereto, for the purpose of providing funds to meet the City's obligations under rapid transit Contract No. 3.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Approval of Contract with the Powers-Kennedy Contracting Corporation for the Construction of Parapet Walls, New Sewer and Drains and Installation of Drain Pipes on Section No. 1 of Routes Nos. 36 and 37 of the Queensboro Subway Rapid Transit Railroad, and Issue of Corporate Stock Therefor (Cal. No. 25).

(On September 20, 1918 (Cal. No. 72), this matter was referred to the Comptroller.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette street, New York, August 21, 1918.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District herewith transmits to you for your consent as required by law a proposed contract between The City of New York, acting by this Commission, and Powers-Kennedy Contracting Corporation, for the construction of parapet walls upon the portal and retaining walls east of Hunters Point Avenue Station, for the construction of a new sewer and drains at and near Bliss Street Station, and for the installation of drain pipes in roadway stop valves in seven street manholes all in the Borough of Queens amounting to six thousand and seventy-five dollars (\$6,075).

The Public Service Commission for the First District requests your honorable Board to consent to said proposed contract herewith transmitted and to prescribe a limit to the amount of bonds available to meet the requirements of the City of executing said proposed contract, to wit, the sum of seven thousand dollars (\$7,000) and also to direct the Comptroller of The City of New York to issue the bonds of said City at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe for the purpose of providing the necessary means for meeting the City's obligations under said proposed contract, to wit, the sum of seven thousand dollars (\$7,000). In order to cover the contingencies and extra work which, as the experience of the Engineers of the Commission indicate, are bound to occur on work of this character, the amount hereby requisitioned is slightly in excess of the bid price of six thousand and seventy-five dollars (\$6,075).

The Public Service Commission for the First District does hereby pursuant to section 45 of the Greater New York Charter make requisition for the authorization of corporate stock for the full amount sufficient to pay the entire estimated expense to the City of executing said proposed contract, to wit, the sum of seven thousand dollars (\$7,000), such requisition to be charged against the appropriations made by your honorable Board for the purpose of carrying out Contract No. 3, being the contract dated March 19, 1913, between The City of New York, acting by this Commission, and Interborough Rapid Transit Company for additional rapid transit railroads.

In witness whereof the Public Service Commission for the First District has caused its official seal to be hereto affixed and these presents to be signed by its Acting Secretary, this 21st day of August, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by A. McKINNEY, Acting Secretary.

(Seal.)

(Copy of contract referred to herein is on file.)

September 23, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On August 21, 1918, the Public Service Commission for the First District accepted, subject to the consent of the Board of Estimate and Apportionment, the bid of the Powers, Kennedy Contracting Corporation for the construction of parapet walls, new sewer and drains and installation of drain pipes on Section 1 of Routes Nos. 36 and 37 of the Queensboro Rapid Transit Railroad.

The estimated cost of the work is \$6,075, for which an appropriation of \$7,000 is requested to provide for contingencies and extra work.

The items of work to be performed under this contract, with the prices bid, are:

Item 850Y—For constructing concrete parapet walls upon the portal and retaining walls east of the Hunter's Point Avenue Station, lump sum bid	\$3,650 00
Item 850Z—For constructing new sewer and drains at and near Bliss Street Station, lump sum bid.....	2,250 00
Item 770A—For constructing drain pipes and roadway stop valves in seven (7) street manholes in place, \$25 per manhole.....	175 00
Total.....	\$6,075 00

The parapet walls are for the proper protection of the subway tracks which, at the location in question, are within the Long Island Railroad yard.

The construction of the new sewer is for the purpose of connecting the Bliss Street Station with a sewer recently constructed under a contract let by the President of the Borough of Queens, thereby permitting the use of the toilets at this station.

The installation of the drain pipes is for the purpose of draining water from the roadway valves, to conform to the regulations of the Department of Water Supply. The contract and specifications are, in substance, the same as the general form of contract adopted by the Public Service Commission.

The following bids were received for this work:

Powers, Kennedy Contracting Corporation.....	\$6,075 00
D. Donegan	6,600 00
D. C. Serber	7,050 00
Rapid Construction Co.....	13,868 00
John Hann	23,295 00

Being advised that the work to be performed is necessary and that under present conditions the prices bid by the Powers, Kennedy Contracting Corporation are reasonable, I recommend the adoption of the attached resolution approving the request.

Respectfully,

CHARLES L. CRAIG, Comptroller.

William Füllen, representing the Public Service Commission for the First District, appeared and requested that Rule 19 be waived.

On motion, Rule 19 was waived in this matter, and the following resolution was offered:

Resolved, That, pursuant to the provisions of section 37 of the Rapid Transit Act, being chapter 4 of the Laws of 1891, as amended; the provisions of section 45 of the Greater New York Charter, and the requisition of the Public Service Commission for the First District, duly made by said Commission on August 21, 1918, the Board of Estimate and Apportionment does hereby consent to the contract proposed to be entered into between The City of New York, acting by said Commission, and the Powers-Kennedy Contracting Corporation, for the construction of parapet walls, new sewer and drains, and installation of drain pipes, on Section No. 1 of Routes No. 36 and 37, of the Queensboro Rapid Transit Railroad, at an estimated cost of seven thousand dollars (\$7,000); and be it further

Resolved, That the Board of Estimate and Apportionment does hereby prescribe that the limits to the proceeds of corporate stock available for said purpose shall be seven thousand dollars (\$7,000); and be it further

Resolved, That the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York to an amount not exceeding seven thousand dollars (\$7,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds to the amount of the par value thereof to be applied to the purposes of the contract with the Powers-Kennedy Contracting Corporation, as set forth in this resolution and more particularly described in the requisition of the Public Service Commission to this Board dated August 21, 1918; said issue of corporate stock to be charged as a sub-authorization against the general appropriation of twenty-eight million two hundred thousand dollars (\$28,200,000) made by the Board on March 18, 1913, and the supplemental general appropriations subsequently made thereto, for the purpose of providing funds to meet the City's obligations under rapid transit Contract No. 3.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the Degnon Contracting Company for Construction of Section No. 2, Routes Nos. 4 and 38, of the 7th Avenue-Lexington Avenue Rapid Transit Railroad (Cal. No. 26).

(On September 20, 1918 (Cal. No. 59), this matter was referred to the Committee on Finance and Budget.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette Street, New York.

Board of Estimate and Apportionment of the City of New York:

Sirs—The Public Service Commission for the First District, pursuant to a resolution adopted by it on the 10th day of September, 1918 (a certified copy of which is transmitted herewith), transmits herewith for the consent of your honorable Board a proposed agreement modifying the contract between The City of New York, acting by this Commission, Interborough Rapid Transit Company and The Degnon Contracting Company for the construction of that part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad known as Section No. 2 of Routes Nos. 4 and 38, so as to provide for the return to the contractor of the sum of \$40,000 of the moneys reserved and retained pursuant to the provisions of said contract.

The Public Service Commission for the First District requests your honorable Board to consent to said proposed agreement herewith transmitted.

In witness whereof the Public Service Commission for the First District has caused its official seal to be hereto affixed and these presents to be signed by its Secretary this 10th day of September, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.
(Seal.)

Resolved, That this Commission do and hereby does approve and adopt the proposed agreement now submitted to this Commission modifying the contract between The City of New York, acting by this Commission, Interborough Rapid Transit Company and The Degnon Contracting Company for the construction of that portion of the 7th Avenue-Lexington Avenue Rapid Transit Railroad known as Section No. 2 of Routes Nos. 4 and 38 so as to provide for the return to the Contractor of forty thousand dollars (\$40,000) of the moneys reserved and retained as additional security, pursuant to the provisions of said contract, and that the Secretary of this Commission be and hereby is authorized and directed to transmit said proposed agreement to the Board of Estimate and Apportionment of the City of New York for the consent of said Board, and that the Chairman and Secretary of this Commission be and hereby are authorized and directed to execute and deliver said proposed agreement if and when consented to by said Board and approved as to form by the Acting Corporation Counsel.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on September 10, 1918, and on file in the office of said Commission, and that it is a correct transcript thereof and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 10th day of September, 1918.

(Seal.)

JAMES B. WALKER, Secretary.

Agreement made this day of 1918, between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, Interborough Rapid Transit Company, a domestic corporation (hereinafter referred to as the "Company"), party of the second part, and the Degnon Contracting Company, a corporation organized and existing under the laws of New Jersey (hereinafter referred to as the "Contractor"), party of the third part;

Whereas, Heretofore and on or about the 13th day of March, 1914, the City, acting by the Commission, and the Company entered into a contract with the Contractor for the construction of that part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Section No. 2 Routes Nos. 4 and 38, which section of said rapid transit railroad is hereinafter referred to as the "Railroad" and which contract as heretofore modified is hereinafter referred to as the "Contract"; and

Whereas, As security for the faithful performance of the Contract on its part the Contractor deposited a bond in the sum of seventy-five thousand dollars (\$75,000) and upon which bond there are now sureties as follows: Fidelity and Deposit Company of Maryland and American Surety Company of New York; and

Whereas, The Contract provides that the City shall pay to the Contractor from time to time as the work progresses eighty-five per centum (85%) or ninety per centum (90%) of the value of the work done and materials furnished as estimated by the Chief Engineer, or Acting Chief Engineer for the time being of the Commission (hereinafter referred to as the "Engineer") and shall reserve and retain the remaining fifteen per centum (15%) or ten per centum (10%) thereof, and

Whereas, The amount so reserved and retained by the City from said partial payments heretofore made to the Contractor under the Contract up to and including the 31st day of July, 1918, is four hundred six thousand two hundred eighty-six and eighty-one one-hundredths dollars (\$406,286.81); and

Whereas, It is provided in the Contract that such moneys so reserved and retained or so much thereof as shall not be retained for the purposes therein specified shall be returned to the Contractor at the time of making final payment to the Contractor under the Contract; and

Whereas, Under the provisions of Article XXXIII of the Contract the Contractor has deposited with the Comptroller of the City corporate stock of the City of the par value of four hundred one thousand dollars (\$401,000) in lieu of an equal amount of moneys so reserved and retained under the Contract as aforesaid; and

Whereas, Under and pursuant to an agreement dated June 8, 1918, modifying the Contract the City returned to the Contractor three hundred fifty thousand dollars (\$350,000) of such moneys so reserved and retained as aforesaid; and

Whereas, The Contractor has requested the City to pay to it a portion of the

moneys so reserved and retained under the Contract to the amount of forty thousand dollars (\$40,000) and

Whereas, The Board of Estimate and Apportionment of the City has consented to this agreement;

Now, therefore, In consideration of the mutual stipulations and agreements hereinafter contained the parties hereto do hereby agree that the Contract be and hereby is modified as follows:

First—The City shall return to the Contractor on or before the expiration of ten (10) days after the date of the delivery of this agreement forty thousand dollars (\$40,000) on account of and as a portion of the moneys reserved and retained by the City from partial payments made to the Contractor pursuant to the terms of the Contract, provided, however that in case any claim against the City for injuries or alleged injuries to persons or property for which the Contractor is responsible under the Contract shall have been filed prior to the said payment, the Contractor shall dispose of such claims, or indemnify the City against the same in a manner satisfactory to the Comptroller as a condition precedent to receiving such payment and shall also cause all liens filed for work and material to be discharged prior to receiving such payment. Such payment by the City shall be made to the Contractor by returning to the Contractor corporate stock of the City of the par value of forty thousand dollars (\$40,000).

Except as herein expressly provided, the Contract and all the provisions thereof shall remain in all respects unchanged and in full force and effect as though this agreement had not been made.

The sole purpose of this agreement is to permit the Contractor to receive prior to the time stipulated in the Contract certain of the moneys reserved and retained as additional security for the performance of the Contract; and nothing in this agreement contained shall be deemed or construed to be a waiver by the City of any default on the part of the Contractor; or a waiver of any claim that the City may have against the Contractor; or a waiver by the Contractor of claims, if any, against the City arising from or out of the Contract.

No member of the Commission shall be liable personally under or by reason of this agreement or any of its articles or provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided, however, that this agreement shall not take effect unless and until it shall be consented to in writing by Fidelity and Deposit Company of Maryland and American Surety Company of New York in the form subjoined.

In witness whereof the Commission has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman and the Company has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President and the Contractor has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President, all the day and year first above written.

September 24, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 10, 1918, the Public Service Commission for the First District approved, subject to consent by the Board of Estimate and Apportionment, a proposed agreement modifying the contract, No. 39001, dated March 9, 1914, of the Degnon Contracting Co., for the construction of a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad (Routes 4 and 38, Section 2), in the Borough of Manhattan.

The said agreement provides for the return to the contractor on or before the expiration of ten days after the date of the delivery of the proposed agreement, corporate stock of the par value of \$40,000, deposited in lieu of moneys reserved and retained by the City from partial payments made to contractor—

"Provided, however, that in case any claim against the City for injuries or alleged injuries to persons or property for which the contractor is responsible under the contract, shall have been filed prior to the said payment, the contractor shall dispose of such claims, or indemnify the City against the same in a manner satisfactory to the Comptroller, as a condition precedent to receiving such payment, and shall also cause all liens filed for work and material to be discharged prior to receiving such payment."

The sole purpose of this agreement is to permit the contractor to receive part of the retained percentage money prior to time stipulated in the contract.

The contract is about 99½ per cent. completed, requiring about \$20,000 to complete the contract, the remaining work is substantially restoration of pavement, which will be done by the President of the Borough of Manhattan, pursuant to agreement previously approved.

The contract being practically completed with the exception of the preparation of the final estimate, I recommend the adoption of the attached resolution approving the request. Respectfully,

CHARLES L. CRAIG, Comptroller.

William Fullen, representing the Public Service Commission for the First District, appeared and requested action.

The following was offered:

Whereas, On March 6, 1914, the Board of Estimate and Apportionment authorized the awarding by the Public Service Commission for the First District of a contract to Degnon Contracting Company for the construction of Section No. 2, Routes No. 4 and No. 38, of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, Borough of Manhattan, at an estimated cost of three million and fifty-nine thousand five hundred and twenty-two dollars (\$3,059,522), of which there had been earned, as per certificates of the Public Service Commission Engineer, rendered to July 31, 1918, the sum total of three million and forty-three thousand eight hundred and twenty-one dollars (\$3,043,821), and of which there had been paid, as per construction vouchers furnished, two million six hundred and thirty-seven thousand five hundred and thirty-four dollars and nineteen cents (\$2,637,534.19), leaving a remainder of retained percentages of four hundred and six thousand two hundred and eighty-six dollars and eighty-one cents (\$406,286.81), consisting of four hundred and ten thousand dollars (\$410,000) par value of corporate stock deposited in lieu of four hundred and six thousand dollars (\$406,000) of cash retained percentages heretofore paid to the contractor and two hundred and eighty-six dollars and eighty-one cents (\$286.81) cash. Of these retained percentages there was three hundred and fifty thousand dollars (\$350,000) par value of corporate stock released by resolution of the Board of Estimate and Apportionment June 7, 1918, to the contractor, modifying the contract so as to provide for the return of said amount; and

Whereas, The Public Service Commission adopted a resolution on September 10, 1918, under which a proposed agreement modifying the foregoing contract with Degnon Contracting Company was transmitted to and submitted for the consent and approval of the Board of Estimate and Apportionment so as to provide for the release and payment to said contractor of forty thousand dollars (\$40,000) par value of corporate stock from the sixty thousand dollars (\$60,000) par value now held by the City as retained percentages under the terms and provisions of the contract, and which, if released, would leave twenty thousand dollars (\$20,000) par value of corporate stock held, together with two hundred and eighty-six dollars and eighty-one cents (\$286.81) as cash retained percentages, and the original bond of seventy-five thousand dollars (\$75,000) to assure the faithful performance and completion of the contract, which is now fully ninety-nine and one-third (99 1/3) per cent. completed; therefore be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the proposed agreement modifying the said contract with Degnon Contracting Company, and authorize and request the Comptroller, subject to the performance by the contractor of the conditions precedent set forth in said proposed modifying agreement, to pay over to the contractor forty thousand dollars (\$40,000) par value of corporate stock from the sixty thousand dollars (\$60,000) par value of such now held by the City as retained percentages, in accordance with the terms of the contract.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the Litchfield Construction Company for the Construction of Section 4, Routes Nos. 4 and 36 of the Broadway-4th Avenue Rapid Transit Railroad (Cal. No. 27).

The Secretary presented the following:

Public Service Commission for the First District, 149 Lafayette street, New York, September 17, 1918.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Public Service Commission for the First District, pursuant to a resolution adopted by it on the day of September, 1918 (a certified copy of which resolution is transmitted herewith), transmits herewith for the consent and approval of your honorable Board, a proposed agreement modifying the contract between The City of New York, acting by the Commission and Litchfield Construction Company for the construction of that portion of the Broadway-Fourth Avenue Rapid Transit Railroad known as Section No. 4 of Routes Nos. 4 and 36 so as to provide for the return of sixty thousand dollars (\$60,000), of the moneys deducted and reserved as additional security pursuant to the provisions of said contract.

The Public Service Commission for the First District requests your honorable Board to consent to said proposed agreement.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

Resolved, That this Commission do and hereby does approve the proposed agreement now submitted to this Commission modifying the contract between The City of New York acting by this Commission and Litchfield Construction Company for the construction of that portion of the Broadway-Fourth Avenue Rapid Transit Railroad, known as Section No. 4 of Routes Nos. 4 and 36, so as to provide for the return to the contractor of sixty thousand dollars (\$60,000) of the moneys deducted and reserved as additional security pursuant to the provisions of said contract, and that the Secretary of this Commission be and hereby is authorized and directed to transmit said proposed agreement to the Board of Estimate and Apportionment for the consent of said Board, and that the Chairman and Secretary of this Commission be and hereby are authorized and directed to execute and deliver said proposed agreement in the form hereby approved if and when consented to by said Board of Estimate and Apportionment and approved as to form, by the Acting Corporation Counsel.

State of New York, County of New York, ss:

I, James B. Walker, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on September 13, 1918, and on file in the office of said Commission, and that it is a correct transcript thereof and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 13th day of September, 1918.

(Seal)

JAMES B. WALKER, Secretary.

Agreement made this day of , 1918, between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, and Litchfield Construction Company, a domestic corporation (hereinafter referred to as the "Contractor"), party of the second part.

Whereas, heretofore and on or about the 26th day of May, 1915, the City, acting by the Commission, entered into a contract with the Contractor for the construction of that part of the Broadway-Fourth Avenue Rapid Transit Railroad known as Section No. 4 of Routes Nos. 4 and 36, which contract as heretofore duly modified is hereinafter referred to as the "Contract"; and

Whereas, as security for the faithful performance of the Contract on its part the Contractor deposited a bond in the sum of two hundred thousand dollars (\$200,000) and upon which bond there are now sureties as follows: United States Fidelity & Guaranty Company and Globe Indemnity Company; and

Whereas, the Contract provides that the City shall pay to the Contractor from time to time as the work progresses eighty-five per centum (85%) or ninety per centum (90%) of the value of the work done and materials furnished as estimated by the Chief Engineer or Acting Chief Engineer for the time being of the Commission (hereinafter referred to as the "Engineer"), and shall reserve and retain the remaining fifteen per centum (15%) or ten per centum (10%) thereof; and

Whereas, the amount so reserved and retained by the City from partial payments heretofore made to the Contractor under the Contract up to and including the 12th day of September, 1918, is one hundred twenty-four thousand eight hundred fifty-eight and two one-hundredths dollars (\$124,858.02); and

Whereas, it is provided in the Contract that such moneys so reserved and retained or so much thereof as shall not be retained for the purposes therein specified shall be returned to the Contractor at the time of making the final payment to the Contractor under the Contract; and

Whereas, the Contractor has requested the City to pay to it a portion of the moneys so reserved and retained under the Contract to the amount of sixty thousand dollars (\$60,000); and

Whereas, the Board of Estimate and Apportionment of the City has consented to this agreement,

Now therefore in consideration of the mutual stipulations and agreements hereinbefore contained the parties hereto do hereby agree that the Contract be and hereby is modified as follows:

First: The City shall return to the Contractor on or before the expiration of ten (10) days after the date of the delivery of this agreement sixty thousand dollars (\$60,000) on account of and as a portion of the moneys reserved and retained by the City from partial payments made to the Contractor pursuant to the terms of the Contract; provided however that in case any claim against the City for injuries or alleged injuries to persons or property for which the Contractor is responsible under the Contract shall have been filed prior to the said payment, the Contractor shall dispose of such claims, or indemnify the City against the same in a manner satisfactory to the Comptroller as a condition precedent to receiving such payment and shall also cause all liens filed for work and material to be discharged prior to receiving such payment. Such payment by the City shall be made to the Contractor by paying to the Contractor cash or by City warrant at the option of the Comptroller of the City the sum of sixty thousand dollars (\$60,000).

Except as herein expressly provided, the Contract and all the provisions thereof shall remain in all respects unchanged and in full force and effect as though this agreement had not been made.

The sole purpose of this agreement is to permit the Contractor to receive prior to the time stipulated in the Contract certain of the moneys reserved and retained as additional security for the performance of the Contract; and nothing in this agreement contained shall be deemed or construed to be a waiver by the City of any default on the part of the Contractor; or a waiver of any claims that the City may have against the Contractor; or a waiver by the Contractor of claims, if any, against the City arising from or out of the Contract;

No member of the Commission shall be liable personally under or by reason of this agreement or any of its articles or provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided, however, that this agreement shall not take effect unless and until it shall be consented to in writing by United States Fidelity & Guaranty Company and Globe Indemnity Company, in the form subjoined.

In witness whereof the Commission has caused its official seal to be hereto affixed and attested by its Secretary and these presents to be signed by its Chairman and the Contractor has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President all the day and year first above written.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 17, 1918, the Public Service Commission for the First District approved, subject to consent of the Board of Estimate and Apportionment, a proposed agreement modifying the Contract No. 42706, dated May 20, 1915, of Litchfield Construction Co. for the construction of a part of the Broadway-Fourth Avenue Rapid Transit Railroad (Routes 4 and 36, Section 4), in the Borough of Manhattan. The proposed agreement was referred to the Comptroller by the Board of Estimate and Apportionment on September 20, 1918, Calendar No. 55.

The said agreement provides for the return to the contractor on or before the expiration of ten days after the date of the delivery of the proposed agreement, \$60,000 on account of and as a portion of the moneys reserved and retained by the City from partial payments made to contractor, provided, however, that in case any claim against the City for injuries or alleged injuries to persons or property for which the contractor is responsible under the contract, shall have been filed prior to said payment, the contractor shall dispose of such claims, or indemnify the City against the same in a manner satisfactory to the Comptroller as a condition precedent to receiving such payment, and shall also cause all liens filed for work and material to be discharged prior to receiving such payment.

The sole purpose of this agreement is to permit the contractor to receive part of the retained percentage money prior to time stipulated in the contract.

The contract is about 96½ per cent. completed, requiring about \$60,000 to complete the contract on a basis of revised Engineer's final estimate.

Financial status of this contract, as of August 31, 1918:

Being advised that the security retained is amply sufficient for the faithful completion of the contract, I recommend the adoption of the attached resolution approving the request. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following was offered:

Whereas, On May 14, 1915, the Board of Estimate and Apportionment authorized the awarding by the Public Service Commission for the First District of a contract to the Litchfield Construction Company for the construction of Section No. 4, Routes No. 4 and No. 36, of the Broadway-Fourth Avenue Rapid Transit Railroad, at an estimated cost of one million nine hundred and thirty-seven thousand five hundred and nine dollars (\$1,937,509), of which there had been earned as per certificates of the Public Service Commission Engineer rendered to September 13, 1918, the sum total of one million six hundred and two thousand seven hundred and forty-three dollars and eighty-nine cents (\$1,602,743.89), and of which there had been paid as per construction vouchers furnished, one million three hundred and seventy-seven thousand eight hundred and eighty-five dollars and eighty-seven cents (\$1,377,885.87), leaving a remainder of retained percentages of two hundred and twenty-four thousand eight hundred and fifty-eight dollars and two cents (\$224,858.02). Of these retained percentages there was one hundred thousand dollars (\$100,000) released to the contractor by resolution of the Board of Estimate and Apportionment on December 7, 1917, modifying the contract so as to provide for the return of said amount; and

Whereas, The Public Service Commission adopted a resolution on September 13, 1918, under which a proposed agreement modifying the foregoing contract with the Litchfield Construction Company was transmitted to and submitted for the consent and approval of the Board of Estimate and Apportionment so as to provide for the release and payment to said contractor of sixty thousand dollars (\$60,000) from the one hundred and twenty-four thousand eight hundred and fifty-eight dollars and two cents (\$224,858.02), of cash now held by the City as retained percentages under the terms and provisions of the contract, and which, if released, would leave sixty-four thousand eight hundred and fifty-eight dollars and two cents (\$64,858.02), as cash retained percentages, and the original bond of two hundred thousand dollars (\$200,000) to assure the faithful performance and completion of the contract, which is now fully ninety-six and one-half (96½) per cent. completed; therefore be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the proposed agreement modifying the said contract with Litchfield Construction Company, and authorize and request the Comptroller, subject to the performance by the contractor of the conditions precedent set forth in said proposed modifying agreement, to pay over to the contractor sixty thousand dollars (\$60,000) in cash from the one hundred and twenty-four thousand eight hundred and fifty-eight dollars and two cents (\$224,858.02) of such now held by the City as retained percentages in accordance with the terms of the contract.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Withdrawal of Request for Modification of Contract with J. H. Burton & Company, Inc., for Supply of Untreated Ties and Timber, Order No. 3 (Cal. No. 28).

The Secretary presented the following report of the Comptroller:

September 17, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On December 3, 1917, the Public Service Commission adopted a resolution and transmitted a requisition thereon to the Board of Estimate and Apportionment, requesting modification of a contract with J. H. Burton & Co. for the supply of untreated ties and timber (authorized by the Board on September 24, 1915), so as to provide for an additional sum of \$80,000 to meet the requirements of the City's obligations under said contract, for which there had been \$1,273,856.93 of corporate stock authorized.

The proposed modification requesting an additional appropriation of \$80,000 has never been acted on by the Board, and on September 3, 1918, the Public Service Commission adopted a resolution rescinding its resolution of December 3, 1917, with respect to the proposed modification of said contract and has advised that said requisition is consequently withdrawn. Yours truly,

CHARLES L. CRAIG, Comptroller.

The requisition herein was ordered returned to the Public Service Commission.

Defiance Manufacturing Company—Claim of (Cal. No. 29).

The Secretary presented the following certificate of the Comptroller:

September 23, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Pursuant to section 246 of the Greater New York Charter, I hereby certify that a claim has been presented by the Defiance Manufacturing Company for the sum of \$23.64, which is alleged to be due for tracing cloth furnished the Police Department in September, 1916; that no action has been started on this claim; that investigation of the facts upon which the claim is based discloses that upon an emergency arising a Patrolman assigned to the Bureau of Supplies and Repairs of the Police Department ordered, over the telephone, three rolls of tracing cloth from claimant company; that the Patrolman neglected to make a written requisition for

the goods and consequently an order was never issued for the same; that the tracing cloth was duly delivered and used by the Police Department in making alterations to various station houses; that owing to the informal manner in which the material in question was ordered, no certificate of necessity having been placed on file, this claim is illegal and invalid as against The City of New York, but notwithstanding, in my judgment it is equitable and proper for the City to pay the same, inasmuch as it has received value and a benefit from the goods furnished by claimant company, and that the sum of \$20.88, which is the actual cost of the tracing cloth without profit or interest, is the value of that benefit, which should be paid in full satisfaction thereof. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to section 246 of the Greater New York Charter, being chapter 601 of the Laws of 1907 of the State of New York, as amended, The Board of Estimate and Apportionment hereby determines that The City of New York has received a benefit from the Defiance Manufacturing Company and is justly and equitably obligated to pay to the said Defiance Manufacturing Company without interest, the sum of \$20.88, for three rolls of tracing cloth furnished the Bureau of Supplies and Repairs of the Police Department during September, 1916; that the said sum shall be paid in full satisfaction of the claim which has been presented on behalf of the Defiance Manufacturing Company for the goods above mentioned; that the interests of the City will be best subserved by the payment of said sum, and that the same shall be paid only upon the execution by the said company of a full release in favor of the City in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claim from an appropriate fund.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

New York Central Railroad Company (Cal. No. 30).

Application of the New York Central Railroad Company requesting the return of \$500 deposited by the Company for the faithful performance of the terms and conditions of consent to construct and maintain a temporary railroad track across East 241st street, near the Bronx River, Borough of The Bronx.

(On May 10, 1918 (Cal. No. 5), this matter was referred to the Bureau of Franchises.)

The Secretary presented the following:

Bureau of Franchises, September 16, 1918.

Hon. JOHN F. HYLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board held May 10, 1918, there was referred to the Bureau of Franchises a communication dated May 3, 1918, from the New York Central Railroad Company requesting the return of \$500 deposited by the Company for the faithful performance of the terms and conditions of a consent granted by the Board to construct and maintain a temporary railroad track across East 241st street, near the Bronx River, Borough of The Bronx. The resolution granting consent was adopted by the Board November 4, 1910, and approved by the Mayor November 23, 1910; the consent to run for a period of one year only and the track to be used to facilitate the conveyance of material to the Company's improvements in the City of Mount Vernon. The improvements referred to consisted of a grade crossing elimination ordered by the Public Service Commission for the Second District. The Company accepted the consent and deposited the \$500 with the Comptroller in accordance therewith. The Company gradually filled in along the line of this track and in 1911, acting without authority, built an embankment twelve feet high across East 241st street and placed the track thereon.

The portion of 241st street on which the track was authorized is owned in fee by the City and was acquired in 1905 for an approach to a bridge carrying the street across the Bronx River, and a contract was let by the City for the erection of such a bridge. It is not physically open, but was used only by pedestrians crossing the Bronx River on a small foot bridge.

The consent was renewed from time to time, in answer to petitions from the Company, and the renewals authorized the maintenance of the track on the embankment. At that time it was well known that the Company had been taking up with the officials of the Borough the project of the construction of a viaduct carrying East 241st street across this embankment and the Bronx River to Yonkers. The grade crossing elimination work in Mount Vernon consisted of the moving of the main tracks to a point some distance to the westward and carrying them over Mount Vernon avenue. This resulted in curvature in the railroad between Mount Vernon and East 241st street. The erection of the viaduct would permit of the relocation of the Company's tracks to a straight line running south from Mount Vernon and passing under the viaduct, thus eliminating the curve. It would also permit of additional tracks being laid by the Railroad Company and a plan prepared by the Railroad shows it to be the intention of the Company to develop a railroad yard along this section of its line, with nine tracks crossing under the viaduct.

At the meeting of the Board held March 6, 1913, the President of the Borough of The Bronx submitted to the Board a form of agreement between the Railroad Company, the New York, New Haven and Hartford Railroad Company, the City of Yonkers and The City of New York providing for the construction of a viaduct. The matter was referred to the Comptroller and the Corporation Counsel. A report of the latter official was, at the meeting held February 20, 1914, referred to the Committee on City Plan.

The outstanding features of the proposed agreement were:

1. The City to construct the viaduct.
2. The Railroad Companies and the City of Yonkers to pay certain stated sums towards the cost, leaving the City to pay an estimated balance of \$16,000.
3. The estimated costs did not provide for cost and damages due to incidental closing and change of grade of streets, erection of viaduct, etc., thus leaving a large amount to be paid by the City.
4. 115,500 square feet of street area to be closed under the agreement would revert to the Railroad Companies, because the streets are legally open by dedication and acceptance and it is understood that the fee is owned by the Railroad Companies.
5. The New York Central Company would be enabled to place a large additional number of tracks under the viaduct without obtaining further authority from the City, because they will not cross any public streets.

An examination into this matter by this Bureau, in response to a request from the Corporation Counsel, disclosed that the proposition to erect a viaduct at East 241st street had been taken up tentatively by the Railroad Company with the Office of the Borough President for a number of years previously.

On March 9, 1915, the Public Service Commission for the First District directed a hearing to be held to ascertain what alteration should be made to the existing railroad conditions across 241st street. Prior to April 24, 1913, such action could not have been taken by the Commission, but on that date section 95 of the Railroad Law was amended so as to authorize the initiation of such proceedings by the Commission.

In view of the action of the Commission, a resolution was adopted by the Board on April 16, 1915, giving the Railroad Company formal notice that all shadow of authority to maintain the embankment and track authorized by the several resolutions adopted from time to time would be revoked, and on May 21, 1915, a resolution was adopted revoking the consent, and directing the Company to remove the track and embankment. Said resolution was approved by the Acting Mayor on May 22, 1915. On May 17, 1915, a resolution was adopted by the Public Service Commission for the Second District, recommending immediate relocation of the Railroad Company's track south of 241st street to enable the operation of the railroad over the Mount Vernon improvement. A joint meeting of the Public Service Commission for the First and Second Districts was held and an order adopted August 3, 1915, directing the relocation of the tracks and station, the closing of the streets and the erection of the viaduct. This order practically embodies all the features of the proposed agreement submitted to the Board in March, 1913, by the Borough President, as hereinabove recited.

The Corporation Counsel was directed to take such steps as might be necessary to protect the City against the expenditure of any excessive amounts in this matter, and a proceeding was begun in the courts questioning the power of the Public Service Commission to issue the order. The question was decided in favor of the Public Service Commission and ultimately confirmed by the Court of Appeals.

Had the Public Service Commission not issued this order, an adequate crossing at the old position could have been provided at a comparatively small expenditure by making slight changes in the grades of the railroad and the street. With the railroad in its present position, large sums must now be spent in erecting a viaduct, paying damages for closing and changing grades, and the Railroad Company may be enabled to place additional tracks on the closed portion of the street under the proposed viaduct without additional authority from the City.

The elimination of the undesirable curvature in the railroad between East 241st street and Mount Vernon is a proper railroad betterment. However, the grade crossing removal in Mount Vernon is the direct cause of the said curvature, and it would seem that no present or future burden should be placed upon the City because of the elimination of the curvature.

Under date of January 22, 1918, the Comptroller requested the Secretary of the Board to advise if the said security of \$500 should be returned to the Railroad Company, the latter having made application therefor. In response to such request, the Corporation Counsel was requested to advise if the decision of the Court of Appeals upholding the order of the Public Service Commission permanently disposes of the question, and if the deposit should be returned, or, if any further legal action is contemplated, and should the deposit be retained pending the results.

In an opinion dated August 3, 1918, the Corporation Counsel simply advises that since the Borough President reports that the embankment and tracks are still in existence and close the street to traffic, the security deposit should not be returned to the Company. No opinion is given on the other questions asked as to whether the decision of the Court of Appeals disposes of the question or if any further legal action is contemplated by the City.

In view of the opinion of the Corporation Counsel, it would seem that the Board should deny the present petition of the Company for the return of the security, and a resolution to that effect is transmitted herewith. Nevertheless, I think it advisable that the Corporation Counsel be requested to advise with respect to the other questions asked by the Bureau in order that the Board may have definite knowledge of the legal status of the structure now in the street and as to what final disposition should be made of the security deposit.

Respectfully, JOHN A. McCOLLUM, Acting Chief of Bureau.

The Secretary presented a communication, dated September 27, 1918, from the Corporation Counsel herein, further advising that the decision of the Court of Appeals did not permanently dispose of the question concerning the return of the above mentioned deposit of \$500, and that said deposit should not be returned, but should be retained to await the result of any litigation which may be instituted.

The matter was referred to the Committee on Finance and Budget.

Public Service Commission for the First District—Agreement Modifying Contract with Booth & Flinn, Ltd., for Construction of Sections Nos. 2 and 3 of Route No. 33, Rapid Transit Railroad (Cal. No. 31).

(On September 20, 1918 (Cal. No. 58), the Board adopted a resolution approving the proposed agreement submitted by the Public Service Commission, providing for the return of retained percentages. The Comptroller, however, had requested a certain modification of the payment provision of said agreement which is embodied in the resolution now submitted by the Public Service Commission.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette street, New York, September 21, 1918.

To the Board of Estimate and Apportionment of the City of New York:

Gentlemen—On September 13, 1918, this Commission transmitted to your Honorable Board a proposed agreement modifying the contracts between The City of New York, acting by the Commission, and Booth & Flinn, Ltd., for the construction of Sections Nos. 2 and 3 of Route No. 33 so as to provide for the return of retained percentages, to wit, \$300,000 under the former and \$200,000 under the latter. The Comptroller has requested a certain modification of the payment provision of said proposed agreement and the Commission has accordingly, in order to conform with his wishes, adopted a resolution, a certified copy of which is transmitted herewith, modifying the said proposed agreement so transmitted on September 13th.

The Public Service Commission for the First District requests your Honorable Board to consent to said proposed agreement so transmitted on September 13, 1918, as modified by the resolution herewith transmitted.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

Whereas, By resolution adopted on the 13th day of September, 1918, this Commission has approved a proposed agreement modifying the contracts between The City of New York, acting by this Commission, and Booth & Flinn, Ltd., for the construction of Sections Nos. 2 and 3 of Route No. 33, so as to provide for the return of corporate stock of The City of New York of the par value of one hundred and eighty thousand dollars (\$180,000) and the payment of retained percentages in the amount of one hundred and twenty thousand dollars (\$120,000) under the contract for the construction of said Section No. 2 of Route No. 33 and for the return to the Contractor of corporate stock of The City of New York of the par value of forty-three thousand dollars (\$43,000) and the payment of retained percentages in the sum of one hundred and fifty-seven thousand dollars (\$157,000) under the contract for the construction of the said Section No. 3 of Route No. 33 which said proposed agreement was transmitted to the Board of Estimate and Apportionment for the consent of said Board, and

Whereas, The Comptroller of the City has requested a certain modification in the payment provisions of said proposed agreement,

Resolved, That the first paragraph of Article First on Page 4 of said proposed agreement approved by this Commission as aforesaid be and the same hereby is modified so as to read as follows:

"The City shall return to the Contractor on or before the expiration of ten (10) days after the date of the delivery of this agreement corporate stock of the City of the par value of one hundred and eighty thousand dollars (\$180,000) deposited pursuant to the provisions of the First Contract as aforesaid, and shall also within said time herein set forth pay to the Contractor one hundred and twenty thousand dollars (\$120,000) on account of and as a portion of the moneys reserved and retained by the City from partial payments made to the Contractor pursuant to the provisions of the First Contract. The City shall, also, within said time herein set forth return to the Contractor corporate stock of the City of the par value of forty-three thousand dollars (\$43,000) deposited, pursuant to the provisions of the Second Contract as aforesaid, and the City shall also within said time herein set forth pay to the Contractor one hundred and fifty-seven thousand dollars (\$157,000) on account of and as a portion of the moneys reserved and retained as additional security pursuant to the provisions of the Second Contract; provided however, that in case any claim against the City for injuries or alleged injuries to persons or property for which the Contractor is responsible under the First Contract and the Second Contract shall have been filed prior to the said payments, the Contractor shall dispose of such claims or indemnify the City against the same in a manner satisfactory to the Comptroller as a condition precedent to receiving such payments. The payments of one hundred and twenty thousand dollars and one hundred and fifty-seven thousand dollars (\$120,000 and \$157,000) respectively provided for herein may be made to the Contractor either in cash or by City warrant at the option of the Comptroller."

And

By striking out the second and third paragraphs of Article First on Page 4 of said proposed agreement,

Further resolved, That the Secretary of this Commission be and hereby is authorized and directed to transmit a certified copy of this resolution to the Board of Estimate and Apportionment together with a request that the proposed agreement so transmitted to the said Board of Estimate and Apportionment be approved as modified by this resolution.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First

District, do hereby certify, that I have compared the above with the original adopted by said Commission on September 18, 1918, and on file in the office of said Commission, and that it is a correct transcript thereof and of the whole of the original. In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission, this 21st day of September, 1918.

The Secretary presented the following:

September 24, 1918.

Hon. JOHN F. Hylan, Mayor, Chairman, Board of Estimate and Apportionment: Sir—On May 31st last the Board of Estimate and Apportionment adopted the following resolution:

"Resolved, By the Board of Estimate and Apportionment, that the Chief Engineer of the Board be designated to collect and forward to the State Commissioner of Highways, at Albany, full information with reference to the needs of The City of New York for asphalt and other bituminous material required for paving work in the various boroughs."

At a meeting of the Committee on Finance and Budget, on June 3d, the Committee, in response to an inquiry made by the Chief Engineer, agreed that the applications for the material described in the above resolution should be signed by the Chief Engineer.

Since September 10th the War Industries Board and the United States Highway Council have extended the requirement for applications and consent to certain other materials of construction, especially cement, and a number of applications for cement have been sent to me for handling in the same manner as applications for asphalt have been handled, while some applications, addressed directly to the State Commissioner of Highways, have been referred to me for approval.

It now appears that this requirement will apply to cement and possibly other materials used for sewer and other construction as well as highways, and a com-

munication from the State Department of Highways, dated September 23d, states that it is the understanding that the State Council of Defense has been designated as the medium through which such applications should be transmitted to the United States Highway Council at Washington and suggesting that such applications be addressed to the Secretary of the State Defense Council at Albany.

If the Board desires me to act in the same capacity with respect to applications for cement and other materials of construction required for highway improvements and other purposes, I would suggest that the authorization given by the resolution of May 31st be extended to include such other material and that applications be transmitted to such officers as may be designated by the War Industries Board and the United States Highways Council.

There have been several cases where applications for the release of paving material have been disapproved, either by the State Highway Department or the United States Highways Council, although contracts for the work have been entered into by the City of New York through the Borough President having jurisdiction. This may result in a contract liability on the part of The City of New York which the City will be unable to carry out and the only way in which it seems possible to avoid this in cases that are at all doubtful would be to refrain from entering into a contract until application shall have been made for the material and its release secured. The advisability of adopting such a policy is suggested to the Board for its consideration. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that the Chief Engineer of the Board be designated to act as the representative of The City of New York in submitting to the State Commissioner of Highways or such other authority as may be designated by the War Industries Board or the United States Highways Council applications for such materials of construction as may be prescribed as requiring release by the said Board and Council.

Which was adopted by the following vote:

The Secretary presented a communication, dated September 18, 1918, from the Secretary, Borough of Manhattan, submitting communication from the International Union of Steam and Operating Engineers, the Master Steam and Hot Water Fitters' Association, the Marble Industry Employers' Association of New York, United Board of Business Agents, and licensed firemen employed by the President of the Borough of Manhattan, requesting the establishment of new rates for various skilled labor positions, and requesting, if the wages proposed are the recognized prevailing rates for these positions, that they be incorporated in the budget schedules for the year 1919.

Which was referred to the Committee on Salaries and Grades and to the Secretary of the Board for consideration in connection with the Budget for 1919.

Fourth of July Committee—Statement of Expenditures Chargeable to Appropriation for Celebration of Independence Day (Cal. No. 42).

The Secretary presented the following communication from the Secretary of the Fourth of July Committee, which was ordered printed in the Minutes and filed:

September 23, 1918.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, Borough of Manhattan:

Dear Sir—The Budget for 1918 contained an appropriation of \$25,000 for Expenses of Independence Day Celebration. To supervise the expenditure of this allowance, a Committee was appointed, of which Mr. George W. Loft was Chairman, and the undersigned Secretary. Such Committee, which included the Borough Presidents, made the following allotment of funds for the various activities in connection with the many diversified exercises scheduled for Independence Day:

Aldermen, music	\$5,500 00
Stadium celebration	2,500 00
Athletics and festivals	4,000 00
Borough of Manhattan	2,000 00
Borough of Brooklyn	2,000 00
Borough of Queens	1,200 00
Borough of The Bronx	1,600 00
Borough of Richmond	1,000 00
Mayor's Committee on National Defense (stand)	5,200 00
	\$25,000 00

Subsequently the sum of \$300 was transferred from the appropriation made to the Borough of Manhattan to that for the Mayor's Committee on National Defense to entirely cover the cost of the stand used in connection with the mammoth parade. Of these allotments, the following sums have been expended, bills for same have been audited, and from the best information attainable at this time there are no more outstanding claims:

Aldermen, music	\$4,920 00
Stadium celebration	2,506 49
Athletics and festivals	3,968 03
Borough of Manhattan	1,466 74
Borough of Brooklyn	1,285 35
Borough of Queens	980 79
Borough of The Bronx	1,589 60
Borough of Richmond	1,000 00
Mayor's Committee on National Defense	5,500 00
	\$23,217 00

This entire amount was expended without one cent for overhead expenses. The object of the Committee, in addition to the parade, which stands unique among all other such activities of past years, was to give the fullest opportunity and pleasure to the greatest number of our citizenry, and this, we believe, was accomplished in a thorough and practical manner.

The observance of Independence Day, 1918, was conducted, in other words, in a way that was certainly safe and sane. Respectfully submitted,

ALBERT E. HULL, Secretary, Fourth of July Committee.

Bronx River, from the East River to Its Northerly Terminus—Damage Map in Proceeding for Acquiring Title to Upland Within U. S. Bulkhead Lines, etc. (Cal. No. 43).

The Secretary presented a communication, dated September 23, 1918, from the President of the Borough of The Bronx, relative to the damage map to be used in the proceeding for acquiring title to the upland within the United States bulkhead lines of the Bronx River, from the East River to its northerly terminus, and to portions of Lacombe avenue and Patterson avenue, Borough of The Bronx.

(On May 17, 1918 (Cal. No. 61), this damage map was referred to the Committee on Assessments. The Borough President now requests that this matter be withdrawn from the consideration of that Committee and referred to the Committee on Finance and Budget, and that consideration of the map be had without delay, upon the report of the Chief Engineer of the Board, which has been available since May 28, 1918.

The matter was referred to the Committee on Assessments.

(On July 19, 1918 (Cal. No. 91), this estimate of cost was approved in the sum of \$3,500.)

The matter was referred to the Committee on Finance and Budget, and the Secretary directed to report to said Committee.

Department of Education—Acquisition of Property for School Site (Cal. No. 49).

The Secretary presented a communication, dated September 18, 1918, from the Secretary of the Board of Education, enclosing copy of resolution adopted by the Board, appropriating from Surplus Fund No. 1, the sum of \$135,000 to be applied to the purchase of the property located on the northwesterly corner of 176th street and Washington avenue, Borough of The Bronx, for a school site.

(On September 20, 1918 (Cal. No. 178-A), the request of the Board of Education that action be taken to vest title to this plot, at as early a date as possible, was referred to the Comptroller and Chief Engineer.)

The matter was referred to the Comptroller.

Department of Education—Approval of Plans, Specifications, Etc. (Cal. No. 50).

The Secretary presented a communication, dated September 17, 1918, from the Architect of the Board of Education, submitting for approval, plans and specifications for sewer connections, etc., at Public School 14, Borough of The Bronx, at an estimated cost of \$5,000.

The matter was referred to the Committee on Finance and Budget, and the Secretary directed to report to said Committee.

Department of Parks, Borough of Queens—Additional Appropriation (Cal. No. 51).

The Secretary presented a communication, dated September 19, 1918, from the Commissioner of Parks, Borough of Queens, requesting an appropriation of \$11,000 corporate stock to carry on the work of the Department for the remainder of the year.

The matter was referred to the Committee on Finance and Budget, and the Secretary directed to report to said Committee.

Department of Public Charities—Establishment of Prevailing Rates of Wages for Skilled Trades and Incorporation of Such Rates in the Budget for 1919 (Cal. No. 52).

The Secretary presented a communication, dated September 18, 1918, from the Commissioner of Public Charities, requesting consideration, as a supplement to the budget for the year 1919, of certain changes in the rates for various classes of skilled trades in order to comply with the prevailing rate of wages.

Which was referred to the Committee on Salaries and Grades and to the Secretary of the Board for consideration in connection with the Budget for 1919.

Department of Water Supply, Gas and Electricity—Additional Appropriation for Purchase of Fuel Supplies (Cal. No. 53).

The Secretary presented a communication, dated September 17, 1918, from the Commissioner of Water Supply, Gas and Electricity, submitting statement showing the amount of coal which will be required for the operation of the various plants of the Department for the remainder of the year 1918, and asking that funds to the amount of \$127,997.54 be provided for the purchase of such fuel supplies.

Which was referred to the Committee on Finance and Budget.

Department of Water Supply, Gas and Electricity—Approval of Contract, Specifications, Etc. (Cal. No. 54).

The Secretary presented a communication, dated September 17, 1918, from the Commissioner of Water Supply, Gas and Electricity, submitting for approval proposed contract, specifications and estimate of cost in the sum of \$95,059, for furnishing, delivering, etc., cast iron pipe and fittings in the different Boroughs for reserve purposes.

Which was referred to the Committee on Finance and Budget, and the Secretary directed to report to said Committee.

Department of Plant and Structures—Establishment of Additional Grades of Positions and Appropriation to Provide for Increased Rates (Cal. No. 55).

The Secretary presented a communication, dated September 23, 1918, from the Commissioner of Plant and Structures, requesting the establishment, effective as of June 1, 1918, of the position of Captain at \$2,100 per annum, for 22 incumbents, and of Chief Marine Engineer at \$1,980 per annum, for 26 incumbents, in order to comply with the award of the Board of Arbitration, affecting employees on ferryboats, and that the sum of \$2,450 be provided for payment of the increased rates for the remainder of the year.

Which was referred to the Committee on Salaries and Grades.

Department of Plant and Structures—Proposed Increase in Salaries of Municipal Ferryboat Employees and Appropriation Therefor (Cal. No. 56).

The Secretary presented a communication, dated September 23, 1918, from the Commissioner of Plant and Structures, requesting that the wages of men employed on the municipal ferries be increased as follows: Marine Stokers, from \$105 to \$115 per month; Water Tenders, from \$110 to \$120 per month; Oilers, from \$110 to \$115 per month. Also requesting that these increased rates be established, effective as of September 1, 1918, and that the sum of \$7,030 be provided for payment thereof for the remainder of the year.

The matter was referred to the Committee on Salaries and Grades and to the Secretary of the Board for consideration in connection with the Budget for 1919.

Various City and County Offices and Departments—Transfers of Appropriations (Cal. No. 57).

The Secretary presented requests for transfers within appropriations for other than Personal Service, as follows:

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with John B. Roberts for Construction of Station Finish on Sections Nos. 1 and 2, Route No. 48, of the 7th Avenue-Lexington Avenue Rapid Transit Railroad (Cal. No. 59).

(On September 20, 1918 (Cal. No. 56), the matter was laid over until this meeting.)

The Secretary presented the following:
State of New York, Public Service Commission for the First District, 49 Lafayette Street, New York, August 21, 1918.

Board of Estimate and Apportionment, of the City of New York:
Gentlemen—On April 16, 1918, the Public Service Commission for the First District transmitted to your honorable Board a proposed agreement modifying the contract between The City of New York, acting by this Commission, and John B. Roberts for the construction of station finish for part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad, Route 48, Sections 1 and 2, to provide for the inclusion of certain unit prices.

On May 25, 1918, the Commission adopted a resolution modifying the said proposed agreement adopted by the Commission on April 16, 1918, so as to eliminate therefrom and provide for the omission from said modifying agreement of all reference therein to the proposed increase in the limitation of the establishment of lump sum prices from two thousand dollars (\$2,000) to five thousand dollars (\$5,000), thereby bringing said proposed modifying agreement into accord with the resolution of your Board consenting to said modifying agreement adopted on May 31, 1918. It appears, however, that the consent and approval of said modifying agreement was limited to (a) the substitution of cinder concrete in place of gravel concrete, and (b) the modification of the third paragraph of article XX of the contract, so as to increase the limitation described therein on two (2) per centum of the total estimated contract cost to five (5) per centum thereof. No action was taken by your Board with respect to the proposed new schedule item 546-G (new type of platform edge), one of the items of said proposed agreement. This item appears to have been contained in the modifying agreement as signed and delivered, and the Public Service Commission for the First District requests the Board of Estimate and Apportionment to consent to the inclusion of said item 546-G within the terms of its consent of May 31, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by A. McKINNEY, Acting Secretary.

Whereas, This Commission, by resolution on April 16, 1918, requested the Board of Estimate and Apportionment to consent to a proposed agreement modifying the contract between The City of New York, acting by this Commission, and John B. Roberts for the construction of station finish on Sections 1 and 2 of Route No. 48 of the Lexington Avenue Rapid Transit Railroad, Borough of Manhattan, which said agreement was amended by resolution of the Commission on May 25, 1918; and

Whereas, Said modifying agreement, among other things, provided for a new schedule item 546-G (new type of platform edge); and

Whereas, The Board of Estimate and Apportionment in consenting to said modifying agreement by resolution of May 31, 1918, took no action with respect to said proposed new schedule item; and

Whereas, The Comptroller, because of the omission of said item from the resolution of approval of the Board of Estimate and Apportionment, has withheld payment for the work done under said schedule item.

Resolved, That the Secretary of the Commission be and hereby is directed to request the Board of Estimate and Apportionment to consent to the inclusion of the said item 546-G within the terms of its consent contained in its resolution of May 31, 1918.

State of New York, County of New York, ss.:

I, Arthur McKinney, duly designated by James B. Walker, Secretary of the Public Service Commission for the First District, to perform the duties of such Secretary in his absence, and the said James B. Walker being now absent, do hereby certify, as Acting Secretary of the Public Service Commission for the First District, and pursuant to such designation, that I have compared the above with the original adopted by said Commission on August 21, 1918, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 22d day of August, 1918.

(Seal.)

ARTHUR McKINNEY, Acting Secretary.

Agreement made this day of , 1918, between The City of New York (hereinafter referred to as the "City"), acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission"), party of the first part, and John B. Roberts of New York City, New York (hereinafter referred to as the "Contractor"), party of the second part.

Whereas, on or about the 9th day of June, 1917, the City, acting by the Commission, entered into a contract with the Contractor for the construction of station finish for a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad known as Route No. 48, Sections Nos. 1 and 2, which contract as heretofore duly modified is hereinafter referred to as the "Contract" and which portions of said rapid transit railroad are hereinafter referred to as the "Railroad"; and

Whereas, the Contractor as security for the faithful performance of the Contract on its part deposited a bond in the sum of fifteen thousand dollars (\$15,000) and upon which bond there are now sureties as follows: United States Fidelity & Guaranty Company and National Surety Company; and

Whereas, the Chief Engineer of the Commission has recommended the substitution of a new type of platform edge and the substitution of cinder concrete in place of gravel concrete, for which items there are no unit prices in the Contract; and

Whereas, the Contract in the third paragraph of Article XX thereof provides for the establishment by the Chief Engineer or Acting Chief Engineer of the Commission for the time being of additional unit prices or lump sum prices for work found necessary to be performed which in the opinion of the said Chief Engineer or Acting Chief Engineer is not susceptible of classification under the items of the schedule of unit prices in the Contract, the exercise of such right being subject to the approval of the Commission and being limited to two per centum (2%) of the total estimated Contract cost on which the Contract award was made; and

Whereas, said unit prices or lump sum prices heretofore so established, aggregate in the total one thousand and five dollars (\$1,005), which is about half of the two per centum (2%) allowance of two thousand seven hundred ninety-eight and thirty-eight one-hundredths dollars (\$2,798.38); and

Whereas, in the performance of work of such varying detail as the construction of station finish it is found necessary in order to obviate the necessity of repeated modifications of the Contract to resort from time to time to the exercise of the power given the Chief Engineer under said provisions of Article XX of the Contract; and

Whereas, it is anticipated that additional work will be required under the Contract which will not be susceptible of classification under the Schedule of Unit Prices and which in value will exceed the said limitation of two per centum (2%) prescribed in the Contract for the establishment of such unit prices or lump sum prices and the parties accordingly desire to modify the Contract so as to increase such limitation to five per centum (5%) of the total estimated contract cost on which the Contract award was made; and

Whereas, this agreement has been consented to by the Board of Estimate and Apportionment of the City.

Now therefore, the parties hereto agree that the Contract be and hereby is modified as follows:

First: The Schedule of Unit Prices set forth in Article XIX of the Contract is hereby modified by inserting after Item 523 (e) the following:

523 (h) * * * For three inch cement finish for train platforms and mezzanine floors, the two inch bottom layer to be composed of one (1) part of cement, two and one-half (2½) parts of sand and six (6) parts of thoroughly burned steam cinders washed and free from ashes and dirt, and the one inch top layer to be composed of one (1) part cement and two (2) parts of sand, the sum of 11¾ cents per square foot.

—and by adding after Item 524 (g) the following:

524 (h) * * * For foundation concrete for train platforms and mezzanine floors composed of one (1) part of cement, two and one-half (2½) parts of sand, and six (6) parts of thoroughly burned steam cinders washed and free from ashes and dirt, the sum of \$8.75 per cubic yard.

—and by adding after Item 546 (e)

546 (g) * * * For furnishing and erecting complete, platform edge as per plan marked Drawing No. 1195, File No. 3, and including payment for all claims that may arise on account of change in design of platform edge, the sum of thirty (30) cents per foot.

The third paragraph of Article XX is hereby amended so as to read as follows:

Instead of the method above described in this Article for paying for any such work or materials to be paid for under this Article the Engineer may, but only with the approval of the Commission, agree with the Contractor upon reasonable unit prices or a reasonable lump sum price for such work or materials. Such additional unit prices or such lump sum prices shall be embodied in a supplemental schedule. The total amount to be paid for any work and materials under such unit prices or lump sum prices as provided in this paragraph shall not exceed five per centum (5%) of the total estimated contract cost on which the contract award was made, but the total amount to be expended under this contract for all purposes, including those contemplated by this Article, shall not exceed the amount set aside, authorized and appropriated by the Board of Estimate and Apportionment for the execution thereof. In the case of any single order of work or materials, or both, for a particular job or purpose where the lump sum price for such order to be agreed upon under the provisions of this paragraph or the estimated cost of such order according to the unit prices therefor to be agreed upon under the provisions of this paragraph shall exceed five thousand dollars (\$5,000), such agreement shall not be binding upon the City until the Board of Estimate and Apportionment shall approve or consent to such agreement or such lump sum price or such unit prices.

Except as herein expressly provided the Contract and all the provisions thereof shall remain in all respects unchanged as though this agreement had not been made. No member of the Commission shall be liable personally under or by reason of this agreement or any of its provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided, however, that this agreement shall not take effect unless and until consented to by the sureties upon the bond deposited as security for the performance of the Contract.

In witness whereof the Commission has hereto caused its official seal to be affixed and attested by its Secretary and these presents to be signed by its Chairman and the Contractor has set his hand and seal all the day and year first above written.

THE CITY OF NEW YORK, acting by the Public Service Commission for the First District, by Chairman.

September 17, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On August 21, 1918, the Public Service Commission for the First District adopted a resolution requesting the consent of the Board of Estimate and Apportionment to the inclusion of Item 546-G, for furnishing and erecting platform edge, within the terms of the consent contained in the resolution of the Board of Estimate and Apportionment of May 31, 1918, approving an agreement modifying the contract (No. 47790), dated June 9, 1917, of John B. Roberts for the construction of station finish for a part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad (Route No. 48, Sections Nos. 1 and 2).

The modifying agreement of Contract No. 47790 provides for the inclusion in the schedules of unit prices in said contract schedule items for a new type of platform edge and for the substitution of cinder concrete in place of gravel or broken stone concrete.

The Board of Estimate and Apportionment on May 31, 1918, considered all the items, except it appears that no action was taken by the Board with respect to Item 546-G, for furnishing and erecting platform edge, and the Public Service Commission now requests that the Board of Estimate and Apportionment consent to the inclusion of this item within the terms of its consent contained in its resolution of May 31, 1918.

The design of the platform edge was modified at the request of the operating company (Interborough Rapid Transit Company), the flexibility of the new design rendering the platform edge easier to adjust to the alignment of the tracks. The substitution will result in a probable saving of approximately \$700.

Being advised that the price agreed upon for furnishing and installing the platform edge appears reasonable, I recommend the adoption of the attached resolution approving the request. Respectfully, CHARLES L. CRAIG, Comptroller.

The following was offered:

Whereas, On May 11, 1917, the Board of Estimate and Apportionment approved a contract between The City of New York, acting by the Public Service Commission for the First District, and John B. Roberts, for the construction of station finish for Sections No. 1 and No. 2, Route No. 48, of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad; and

Whereas, On May 31, 1918, the Board authorized certain modifications of said contract but from which the modification with respect to Item No. 546-G for furnishing and erecting complete platform edge was inadvertently omitted, and the Public Service Commission now requests the Board to consent to the inclusion of this item within the terms of its approval contained in the resolution of May 31, 1918; be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the modification of said contract with John B. Roberts, as more particularly described in the requisition of the Public Service Commission to this Board dated August 21, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Approval of Agreement Modifying Contract with the 7th Avenue Construction Company, Inc., for the Construction of Station Finish on Sections Nos. 1-A and 1 to 4 of Routes Nos. 4 and 38 of the 7th Avenue-Lexington Avenue Rapid Transit Railroad (Cal. No. 60).

(On September 20, 1918 (Cal. No. 57), the matter was laid over until this meeting.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette street, New York, August 21, 1918.

Board of Estimate and Apportionment of The City of New York:

Gentlemen—On April 16, 1918, the Public Service Commission for the First District transmitted to your Honorable Board a proposed agreement modifying the contract between The City of New York, acting by this Commission, and Seventh Avenue Construction Company, Inc., for the construction of station finish for sections 1A and 1 to 4 of Routes Nos. 4 and 38 of the Lexington Avenue Rapid Transit Railroad, Borough of Manhattan.

On May 25, 1918, the Commission adopted a resolution modifying the said proposed agreement adopted by the Commission on April 16, 1918, so as to eliminate therefrom and provide for the omission from said modifying agreement of all reference therein to the proposed increase in the limitation of the establishment of lump sum prices from two thousand dollars (\$2,000) to five thousand dollars (\$5,000), thereby bringing said proposed modifying agreement into accord with the resolution of your Board consenting to said modifying agreement adopted on May 31, 1918. It appears, however, that the consent and approval of said modifying agreement was limited to (a) the substitution of cinder concrete in place of gravel concrete, and (b) the modification of the third paragraph of Article XX of the contract, so as to increase the limitation described therein on two (2) per centum of the total estimated contract cost to five (5) per centum thereof. No action was taken by your Board with respect to the proposed new schedule item 546G (new type of platform edge), one of the items of said proposed agreement. This item appears to have been contained in the modifying agreement as signed and delivered, and the Public Service Commission for the First District requests the Board of Estimate and Apportionment to consent to the inclusion of said item 546G within the terms of its consent of May 31, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by A. McKINNEY, Acting Secretary.

Whereas, This Commission, by resolution on April 16, 1918, requested the Board of Estimate and Apportionment to consent to a proposed agreement modifying the contract between The City of New York, acting by this Commission, and Seventh Avenue Construction Company, Inc., for the construction of station finish on sections 1-A and 1-4 of Routes Nos. 4 and 38 of the Lexington Avenue Rapid Transit Railroad, Borough of Manhattan, which said agreement was amended by resolution of the Commission on May 25, 1918; and

Whereas, Said modifying agreement, among other things, provided for a new schedule item 546-G, new type of platform edge; and

Whereas, The Board of Estimate and Apportionment in consenting to said modifying agreement by resolution of May 31, 1918, took no action with respect to said proposed new schedule item; and

Whereas, The Comptroller, because of the omission of said item from the resolution of approval by the Board of Estimate and Apportionment, has withheld payment for the work done under said schedule item;

Resolved, That the Secretary of the Commission be and hereby is directed to request the Board of Estimate and Apportionment to consent to the inclusion of the said item 546-G within the terms of its consent contained in its resolution of May 31, 1918.

State of New York, County of New York, ss.:

I, Arthur McKinney, duly designated by James B. Walker, Secretary of the Public Service Commission for the First District, to perform the duties of such Secretary in his absence, and the said James B. Walker being now absent, do hereby certify, as Acting Secretary of the Public Service Commission for the First District, and pursuant to such designation, that I have compared the above with the original adopted by said Commission on August 21, 1918, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 22d day of August, 1918.

(Seal)

ARTHUR McKINNEY, Acting Secretary.
Agreement made this day of , 1918, between The City of New York (hereinafter referred to as the "City") acting by the Public Service Commission for the First District (hereinafter referred to as the "Commission") and Seventh Avenue Construction Co., Inc., a domestic corporation (hereinafter referred to as the "Contractor"), party of the second part.

Whereas, on or about the 15th day of February, 1917, the City, acting by the Commission, entered into a contract with the Contractor for the construction of station finish for a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad (Routes Nos. 4 and 38, Sections Nos. 1-A, and 1 to 4, inclusive), which contract as heretofore duly modified is hereinafter referred to as the "Contract," and which portions of said rapid transit railroad are hereinafter referred to as the "Railroad"; and

Whereas, as security for the faithful performance of the Contract on its part the Contractor deposited a bond in the sum of forty thousand dollars (\$40,000), and upon which bond there are now sureties as follows: Globe Indemnity Company and Hartford Accident and Indemnity Company; and

Whereas, the Chief Engineer of the Commission has recommended the substitution of a new type of platform edge and the substitution of cinder concrete in place of gravel concrete, for which there are no unit prices in the Contract; and

Whereas, the Contract in the third paragraph of Article XX thereof provides for the establishment by the Chief Engineer or Acting Chief Engineer for the time being of the Commission of additional unit prices or lump sum prices for certain work found necessary to be performed which in the opinion of said Chief Engineer or Acting Chief Engineer is not susceptible of classification under the items of the Schedule of Unit Prices in the Contract, the exercise of such right being subject to the approval of the Commission and being limited to two per centum (2%) of the total estimated contract cost on which the Contract award was made; and

Whereas, said unit prices or lump sum prices heretofore so established aggregate a total of five thousand and six and sixty-two one-hundredths dollars (\$5,006.62), which almost equals the said two per centum (2%) allowance of seven thousand seven hundred and ninety-seven and sixty one-hundredths dollars (\$7,797.60); and

Whereas, in the performance of work of such varying detail as the construction of station finish it is found necessary in order to obviate the necessity of repeated modifications of the Contract to resort from time to time to the exercise of the power given the Chief Engineer under said provisions of Article XX of the Contract; and

Whereas, it is anticipated that additional work will be required under the Contract which will not be susceptible of classification under the Schedule of Unit Prices and which in value will exceed said limitation of two per centum (2%) prescribed in the Contract for the establishment of such unit prices and lump sum prices and the parties hereto accordingly desire to modify the Contract so as to increase such limitation to five per centum (5%) of the total estimated contract cost on which the Contract award was made; and

Whereas, this agreement has been consented to by the Board of Estimate and Apportionment of the City.

Now therefore the parties hereto hereby agree that the Contract be and hereby is modified as follows:

First: The Schedule of Unit Prices set forth in Article XIX of the Contract is hereby modified by inserting after Item 523 (e) the following:

523(h) * * * For three inch cement finish for train platforms and mezzanine floors, the two inch bottom layer to be composed of one (1) part of cement, two and one-half (2 1/2) parts of sand and six (6) parts of thoroughly burned steam cinders washed and free from ashes and dirt, and the one inch top layer to be composed of one (1) part cement and two (2) parts of sand, the sum of 11 1/4 cents per square foot.

—and by inserting after Item 524(e) the following:

524(h) * * * For foundation concrete for train platforms and mezzanine floors composed of one (1) part of cement, two and one-half (2 1/2) parts of sand, and six (6) parts of thoroughly burned steam cinders washed and free from ashes and dirt, the sum of \$7.50 per cubic yard.

—and by inserting after Item 546 (e) the following:

546 (g) * * * For furnishing and erecting complete, platform edge as per plan marked Drawing No. 1195, File No. 3 and including payment for all claims that may arise on account of change in design of platform edge the sum of thirty cents (30c.) per foot.

Second: The third paragraph of Article XX of the Contract is hereby modified so as to read as follows:

Instead of the method above described in this Article for paying for any such work or materials to be paid for under this Article the Engineer may, but only with the approval of the Commission, agree with the Contractor upon reasonable unit prices or a reasonable lump sum price for such work or materials. Such additional unit prices or such lump sum price shall be embodied in a supplemental schedule. The total amount to be paid for any work and materials under such unit prices or lump sum prices as provided in this paragraph shall not exceed five per centum (5%) of the total estimated contract cost on which the contract award was made, but the total amount to be expended under this contract for all purposes, including those contemplated by this Article, shall not exceed the amount set aside, authorized and appropriated by the Board of Estimate and Apportionment for the execution thereof. In the case of any single order of work or materials, or both, for a particular job or purpose where the lump sum price for such order to be agreed upon under the provisions of this paragraph or the estimated cost of such order according to the unit prices therefor to be agreed upon under the provisions of this paragraph shall exceed five thousand dollars (\$5,000), such agreement shall not be binding upon the City until the Board of Estimate and Apportionment shall approve or consent to such agreement or such lump sum price or such unit prices.

Except as herein expressly provided the contract and all the provisions thereof shall remain in all respects unchanged and in full force and effect as though this agreement had not been made.

No member of the Commission shall be liable personally under or by reason of this agreement or any of its provisions.

This agreement shall bind the parties hereto and their respective successors and assigns.

Provided, however, that this agreement shall not take effect unless and until it shall be consented to in writing by the sureties upon the bond deposited as aforesaid.

In witness whereof the Commission has hereunto caused its official seal to be affixed and attested by its Secretary and these presents to be signed by its Chairman and the Contractor has caused its corporate seal to be hereto affixed and attested by its secretary and these presents to be signed by its president the day and year first above written.

September 17, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On August 21, 1918, the Public Service Commission for the First District adopted a resolution requesting the consent of the Board of Estimate and Apportionment to the inclusion of Item 546-G, for furnishing and erecting platform edge, within the terms of the consent contained in the resolution of the Board of Estimate and Apportionment of May 31, 1918, approving an agreement modifying the contract (No. 46941), dated February 15, 1917, of 7th Avenue Construction Company, Incorporated, for the construction of station finish for a part of the 7th Avenue-Lexington Avenue Rapid Transit Railroad (Routes Nos. 4 and 38, Sections Nos. 1-A and 1 to 4, inclusive).

The modifying agreement of Contract No. 46941 provides for the inclusion in the Schedule of Unit Prices in said contract, schedule items for a new type of platform edge and for the substitution of cinder concrete in place of gravel or broken stone concrete.

The Board of Estimate and Apportionment on May 31, 1918, considered all the items except it appears that no action was taken by the Board with respect to Item 546-G, for furnishing and erecting complete, platform edge, and the Public Service Commission now requests that the Board of Estimate and Apportionment consent to the inclusion of this item within the terms of its consent contained in the resolution of May 31, 1918.

The design of the platform edge was modified at the request of the operating company (Interborough Rapid Transit Company), the flexibility of the new design rendering the platform edge easier to adjust to the alignment of the tracks.

Being advised that the price agreed upon for furnishing and installing the platform edge appears reasonable, I recommend the adoption of the attached resolution approving the request. Respectfully,
CHARLES L. CRAIG, Comptroller.

The following was offered:

Whereas, On January 19, 1917, the Board of Estimate and Apportionment approved a contract between The City of New York, acting by the Public Service Commission for the First District, and the Seventh Avenue Construction Company, Inc., for the construction of station finish for Sections No. 1-A and 1 to 4 of Routes Nos. 4 and 38 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad; and

Whereas, On May 31, 1918, the Board authorized certain modifications of said contract but from which the modification with respect to Item No. 546-G for furnishing and erecting complete platform edge was inadvertently omitted, and the Public Service Commission now requests the Board to consent to the inclusion of this item within the terms of its approval contained in the resolution of May 31, 1918; be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the modification of said contract with Seventh Avenue Construction Company, Inc., as more particularly described in the requisition of the Public Service Commission to this Board dated August 21, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Reduction in Appropriation so as to Correct Amount Available for Rescission Under Contract No. 3 (Cal. No. 61).

(On September 20, 1918 (Cal. No. 65), the matter was laid over until this meeting.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette street, New York, September 3, 1918.

To the Board of Estimate and Apportionment of The City of New York:

Transmitted to you herewith, pursuant to the direction contained in such resolution, is a certified copy of a resolution adopted by the Public Service Commission for the First District at its meeting held to-day requesting your Honorable Board to make certain rescindments or reductions in respect of the appropriations heretofore made by your Honorable Board for certain contracts referred to in said resolution for the construction of rapid transit railroads under Contract No. 3, the total of such requested rescindments being ninety-three thousand one hundred and fifty dollars (\$93,150), such total amount to be credited and added to the appropriations heretofore made by your Honorable Board for the purpose of carrying out the obligations of the City under Contract No. 3, so that such amount may be made available for other construction contracts under Contract No. 3.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.
(Seal.)

Resolved, That this Commission do and hereby does request the Board of Estimate and Apportionment to rescind in respect of the several contracts for rapid transit railroad construction hereinafter set forth the respective amounts of the proposed rescindments and reductions, to wit: the sum of ninety-three thousand one hundred and fifty dollars (\$93,150) to be credited and added to the appropriations heretofore made by said Board of Estimate and Apportionment for the purpose of carrying out the obligations of the City under Contract No. 3, being the contract dated March 19, 1913, between The City of New York, acting by this Commission, and Interborough Rapid Transit Company for additional rapid transit railroads, said several contracts in respect of which such rescindments or reductions are hereby requested in the respective amounts of the rescindments or reductions so requested being as follows:

Resolved, That the Secretary of this Commission be and hereby is directed to transmit to said Board of Estimate and Apportionment a certified copy of this resolution.

State of New York, County of New York, ss.:

I, James B. Walker, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on September 3, 1918, and on file in the office of said Commission, and that it is a correct transcript thereof and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 3d day of September, 1918.

JAMES B. WALKER, Secretary

September 17, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—In response to communications from the Comptroller to the Public Service Commission requesting that body to take steps to release whatever amounts could possibly be rescinded from corporate stock heretofore authorized for rapid transit construction under Contracts No. 3 and No. 4, in cases where contracts had been completed at an actual cost within the estimated cost and also where contracts had proceeded so far as to allow sufficiently close estimates to be made of the actual cost below the estimated cost and thus permit rescindments of corporate stock which could

be made available for new contracts for rapid transit work, the Commission under date of July 11 transmitted statements of such aggregating upwards of \$800,000 under Contract No. 3, and \$489,000 under Contract No. 4.

Another communication has recently been received from the Commission transmitting a resolution adopted on September 3, 1918, requesting the Board of Estimate and Apportionment to make rescindments of corporate stock and other contributions heretofore authorized for the purpose of Contract No. 3 in amounts which aggregate \$93,150. These have been compared with the balances of the corresponding accounts in the Department of Finance, and I herewith submit a resolution the adoption of which would authorize the rescindments requested and make the aggregate sum available for such new work under Contract No. 3 as the Board may authorize on requisition of the Public Service Commission. Yours truly,
CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that, in accordance with a resolution of the Public Service Commission adopted September 3, 1918, and a requisition upon the Board of Estimate and Apportionment predicated thereon, the sum of eighty-eight thousand, one hundred and fifty dollars (\$88,150), being the aggregate amount of remainders of corporate stock, as more particularly stated hereunder, heretofore authorized by the Board for the purposes of rapid transit construction, station finish, etc., under Contract No. 3, is hereby rescinded and the total amount thereof shall be credited and added to the general appropriations heretofore made by the Board of Estimate and Apportionment for the purpose of carrying out the City's obligations under said Contract No. 3. The Commission states that the amounts thus requested to be rescinded are not now required for the purposes of the contracts for which the authorizations were originally made, and the estimated amounts required to meet the obligations of said contracts are consequently correspondingly reduced:

Resolved, That, in accordance with said resolution of the Public Service Commission and the requisition upon the Board predicated thereon, the Comptroller is hereby authorized and requested to transfer the sum of five thousand dollars (\$5,000) from the remainder of two hundred and sixty-nine thousand, two hundred and twenty dollars and fifty cents (\$269,220.50) of cash received from the Interborough Rapid Transit Company on July 27, 1916, for the purposes of the contract with Thomas J. Buckley Construction Company for the construction of the 180th Street Storage Yard, and said sum of five thousand dollars (\$5,000), being no longer required for the purpose for which originally contributed, is to be set aside and made available for future contract purposes under Rapid Transit Contract No. 3, and the estimated requirements for the carrying out of the original contract with Thomas J. Buckley Construction Company are consequently to be correspondingly reduced, viz.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Issue of Corporate Stock for Additional Work and Supplies Furnished in Connection with Contract with D. C. Serber for Construction of Station Finish for Parts of Broadway-4th Avenue Rapid Transit Railroad (Cal. No. 62).

(On September 20, 1918 (Cal. No. 71), the matter was laid over until this meeting, under Rule 19.)

The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette Street, New York, September 3, 1918.

To the Board of Estimate and Apportionment of The City of New York:

On December 7, 1917, your Honorable Board consented to a contract between The City of New York, acting by this Commission, and D. C. Serber, for the completion of construction of station finish for parts of the Broadway-Fourth Avenue Rapid Transit Railroad (Broadway-Manhattan Loop, known as Route 9, and the Fourth Avenue Subway, known as Route 11), and appropriated the sum of \$64,000 in payment of the estimated cost of the work to be done thereunder. Said contract, dated December 17, 1917, was thereafter duly delivered on December 26, 1917.

Owing to the fact that it is practically impossible to make an exact survey of quantities involved in a contract of this kind, made up largely of "odds and ends" of replacement and repair work, it is now found the estimated quantities have been exceeded and that the amount appropriated will not be sufficient to cover the cost of the work remaining to be done. The following statement shows the present status of the contract:

Appropriation \$64,000 00
Total of estimates to June 30, 1918..... 55,908 25

..... \$8,091 75

Work done under Article XX but not yet paid for..... \$2,400 00
Work done under regular unit prices but not paid for..... 3,500 00
Balance of appropriation remaining after work done is paid..... 2,191 75

..... \$8,091 75

The work remaining to be done is chiefly in connection with trainmen's quarters at 86th street, repairing leaks, some plaster work (chiefly at Essex Street Station) and some tile work.

The estimated cost of the above work is as follows:

Trainmen's quarters at 86th street..... \$8,000 00
Leaks 4,000 00
Tile work, plastering, etc..... 2,000 00

..... \$14,000 00

Deducting from the above balance remaining from the appropriation after the work has been paid for (\$2,191.75) it is evident that an additional appropriation of \$12,000 will be required.

The present contractor for the above contract, D. C. Serber, is doing satisfactory work; his unit prices obtained in October, 1917, would probably be exceeded by new unit prices obtained at the present time; it would therefore be in the interests of economy to continue the present contract and obtain an additional appropriation for the purpose of completing the trainmen's quarters at 86th street station and for stopping the various leaks.

The Commission, therefore, asks your Honorable Board to appropriate the further sum of \$12,000 on account of the said contract and to prescribe a limit to the amount of bonds available to meet said additional appropriation, to wit, the sum of

\$12,000, and also to direct the Comptroller of The City of New York to issue the bonds of said City at such a rate of interest as the Commissioners of the Sinking Fund of said City may prescribe for the purpose of providing the necessary means for meeting the City's obligations under said contract, to wit, the sum of \$12,000.

The Public Service Commission for the First District does hereby, pursuant to section 45 of the Greater New York Charter, make requisition for the authorization of corporate stock for the full amount sufficient to pay the additional estimated expense to the City of carrying out said contract, to wit, the sum of \$12,000, such requisition to be charged against the appropriation made by your Honorable Board for the purpose of carrying out Contract No. 4, being the contract dated March 19, 1913, between The City of New York, acting by this Commission, and New York Municipal Railway Corporation, for additional rapid transit railroads.

In witness whereof the Public Service Commission for the First District has caused its official seal to be hereunto affixed and these presents to be signed by its Secretary this 3d day of September, 1918.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.
(Seal.)

September 17, 1918.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 3, 1918, the Public Service Commission for the First District passed a resolution directing the Secretary to transmit a communication to the Board of Estimate and Apportionment requesting the continuation of the Contract of D. C. Serber, for the completion of construction and station finish on parts of the Broadway-Fourth Avenue Rapid Transit Railroad, known as Route 9 and Route 11, and an appropriation of the additional sum of \$12,000 to cover additional work.

On December 17, 1917, a contract was entered into with D. C. Serber for the completion of construction and station finish on parts of the Broadway-Fourth Avenue Rapid Transit Railroad (Broadway-Manhattan Loop), known as Route 9, and the Fourth Avenue Subway in Brooklyn, known as Route 11. This contract was for the making of certain repairs and completion of stations on lines already in operation.

Damage caused by leaks and frost will necessitate the making of more replacements of tile and plaster than anticipated, and the constructing of toilet facilities at 86th street, Brooklyn, will cause the quantities to overrun the appropriation. To complete this work it is estimated that an additional appropriation of \$12,000 will be necessary.

The unit prices of the present contractor, D. C. Serber, would probably be exceeded if new unit prices were obtained at the present time, it would therefore be more economical to continue the contract and appropriate sufficient money to construct the toilet facility and stop the existing leaks.

Being advised that the work to be performed is necessary and that the prices for the same are reasonable, I recommend the adoption of the attached resolution approving the request. Respectfully,
CHARLES L. CRAIG, Comptroller.

The following was offered:
Whereas, On December 7, 1917, the Board of Estimate and Apportionment authorized the awarding of a contract by the City, acting by the Public Service Commission, to D. C. Serber for the completion of construction of station finish on parts of the Broadway-Fourth Avenue Rapid Transit Railroad known as Route No. 9 and Route No. 11, and for which an appropriation of sixty-four thousand dollars of corporate stock was made; and

Whereas, On September 3, 1918, the Public Service Commission requested the Board of Estimate and Apportionment to provide a supplemental appropriation in the sum of twelve thousand dollars (\$12,000), to cover additional work under said contract with D. C. Serber, which said additional work and the prices therefor appear by a report of the Comptroller to be necessary and reasonable; therefore be it

Resolved, That the Board of Estimate and Apportionment does hereby consent to and approve of the proposed additional work, and the Comptroller is hereby authorized to issue corporate stock of The City of New York to an amount not exceeding twelve thousand dollars (\$12,000), at such rate of interest as the Commissioners of the Sinking Fund shall prescribe, the proceeds to the amount of the par value thereof to be applied to the purposes of the contract with D. C. Serber as set forth in this resolution and more particularly described in the requisition of the Public Service Commission to this Board dated September 3, 1918; said issue of corporate stock to be charged as a sub-authorization against the general appropriation of sixty million dollars (\$60,000,000) made by the Board on March 18, 1913, and the supplemental general appropriations subsequently made thereto for the purpose of providing funds to meet the City's obligations under rapid transit Contract No. 4.

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Public Service Commission for the First District—Reduction in Appropriation so as to Correct Amount Available for Rescission Under Contract No. 4 (Cal. No. 63).

(On September 20, 1918 (Cal. No. 73), the matter was laid over until this meeting.)
The Secretary presented the following:

State of New York, Public Service Commission for the First District, 49 Lafayette street, New York, August 27, 1918.

To the Board of Estimate and Apportionment of The City of New York:

Dear Sirs—On July 11, 1918, this Commission transmitted to you a certified copy of a resolution requesting you to rescind certain unneeded remainders of corporate stock theretofore authorized for rapid transit purposes under Contract No. 4. It now appears that with respect to one item there is an actual balance available for transfer, in excess of the amount requested, and I accordingly transmit herewith a certified copy of a resolution of the Commission adopted at its meeting on August 27, 1918, amending the resolution of July 11, 1918, so as to request a rescindment of the actual balance available from Route No. 5, Section No. 1.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by A. McKINNEY, Acting Secretary.

Whereas, This Commission by resolution adopted on July 11, 1918, requested the Board of Estimate and Apportionment to rescind in respect of several contracts for rapid transit railroad construction, the respective amounts in said resolution more particularly set forth, said amounts to be credited and added to the appropriations theretofore made by the said Board of Estimate and Apportionment for the purposes of carrying out the obligations of the City under Contract No. 4; and

Whereas, One of said requested rescindments was in the sum of fifteen thousand three hundred eighty-nine dollars and eighty-two cents (\$15,389.82) with respect to the contract for Route No. 4, Section No. 1; and

Whereas, It now appears that the actual balance available for rescindment under said contract for Route No. 5, Section No. 1, is the sum of fifteen thousand six hundred twenty-three dollars and one cent (\$15,623.01) instead of the said sum of fifteen thousand three hundred eighty-nine dollars and eighty-two cents (\$15,389.82).

Resolved, That the said resolution of this Commission of July 11, 1918, be and the same hereby is amended by striking therefrom the sum of fifteen thousand three hundred eighty-nine dollars and eighty-two cents (\$15,389.82) as the sum requested to be rescinded with respect to the contract for Route No. 5, Section No. 1, substituting in place thereof the sum of fifteen thousand six hundred twenty-three dollars and one cent (\$15,623.01) as the amount requested to be rescinded with respect to said contract for Route No. 5, Section No. 1.

Further resolved, That the Secretary of this Commission be and hereby is directed to transmit to said Board of Estimate and Apportionment a certified copy of this resolution.

State of New York, County of New York, ss.:

I, Arthur McKinney, duly designated by James B. Walker, Secretary of the Public Service Commission for the First District, to perform the duties of such Secretary in his absence, and the said James B. Walker being now absent, do hereby certify, as Acting Secretary of the Public Service Commission for the First District, and pursuant to such designation, that I have compared the above with the original adopted by said Commission on August 27, 1918, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the Commission this 27th day of August, 1918.
(Seal.) ARTHUR McKINNEY, Acting Secretary.

September 17, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Public Service Commission has transmitted a resolution and a requisition predicated thereon, dated August 27, 1918, amending a previous resolution of July 11, 1918, requesting that an additional rescindment of \$233.19 be made from the appropriation of \$275,290 of corporate stock made by the Board of Estimate and Apportionment on July 9, 1915, for the construction of Section No. 1, Route No. 5, of the Broadway route of the Broadway-Fourth Avenue Line, as the contract is completed and said amount is no longer required therefor. The adoption of the resolution herewith submitted will authorize the rescindment and make the amount available as requested by the Commission.

Yours truly,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that, in accordance with a resolution and requisition of the Public Service Commission for the First District adopted August 27, 1918, amending a previous resolution of July 11, 1918, the sum of two hundred and thirty-three dollars and nineteen cents (\$233.19), being the remainder of two hundred and seventy-five thousand two hundred and ninety dollars (\$275,290) of corporate stock authorized on July 9, 1915, for the construction of Section No. 1, Route No. 5, Broadway Route of the Broadway-Fourth Avenue Line, being not now required for the purpose of said contract, is hereby rescinded and the estimated contract cost correspondingly reduced; and the said two hundred and thirty-three dollars and nineteen cents (\$233.19) shall be credited and added to the general appropriations heretofore made by the Board of Estimate and Apportionment for the purpose of carrying out the City's obligations under rapid transit Contract No. 4.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the Acting President of the Borough of Queens and the President of the Borough of Richmond—16.

Quartermaster, Chemical Warfare Section, U. S. A. (Cal. No. 72).

Consent granted Quartermaster, Chemical Warfare Section, U. S. A., to erect, maintain and use a bridge across Honeywell street, Long Island City, Borough of Queens, at a point about 116 feet south of Jackson avenue.

(On September 20, 1918 (Cal. No. 127), the matter was presented, laid over until this day and the Bureau of Franchises directed to present a report.)

The Secretary presented the following:

Gas Defense Plant, Chemical Warfare Service, U. S. Army, Long Island City, N. Y., August 30, 1918.

From CAPTAIN P. V. HOLLENBECK, Q. M. C., U. S. A., Gas Defense Plant, Long Island City, N. Y.:

To the Board of Estimate and Apportionment of The City of New York, Bureau of Franchises, Room 317 Municipal Building, Centre and Chamber Streets, New York City:

Subject: Bridge Over Honeywell Street, Long Island City, N. Y.

1. Request is made to build a bridge across Honeywell street, Long Island City, in the location indicated on the attached plan No. M-107, said bridge to connect building formerly occupied by the Ford Motor Company on the one side, and the building formerly occupied by the Goodyear Tire and Rubber Company on the other side.

2. The two buildings referred to are now under lease by the United States Government, and used by the Gas Defense Division of the Chemical Warfare Service. Both buildings are used for the manufacture of war materials.

3. It is necessary to have these buildings joined by a bridge in order to transport goods in the process of manufacture from one building to the other.

4. The bridge is to be built in accordance with plans and specifications submitted herewith and made a part of this application for permit.

5. The bridge will be removed at the termination of the war.

P. V. HOLLENBECK, Captain, Q. M. C., U. S. A.

Bureau of Franchises, September 20, 1918.

Hon. JOHN F. Hylan, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—At the meeting of the Board of Estimate and Apportionment held September 20, 1918, there was presented a petition dated August 30, 1918, from Captain P. V. Hollenbeck, Q. M. C., U. S. A., requesting permission to erect, maintain and use a bridge across Honeywell street, Long Island City, Borough of Queens, at a point about 116 feet south of the southerly line of Jackson avenue, connecting building formerly occupied by the Ford Manufacturing Company on the easterly side of said street, with a building formerly occupied by the Goodyear Tire & Rubber Company on the westerly side, both the said buildings being now leased by the United States Government and used by the Gas Defense Division of the Chemical Warfare Service, in the manufacture of war materials. The petition states the bridge is desired in order to transport goods in the process of manufacture from one building to the other. The bridge is to be removed upon the termination of the war. At the said meeting, the Bureau of Franchises was instructed to report upon the matter at the next meeting of the Board.

Copies of the petition, with accompanying plan, were forwarded to the President of the Borough of Queens, and to the Fire Commissioner, with a request that examinations be made by the various Bureaus of their Departments having jurisdiction, with a view to ascertaining if there are any objections to the proposed bridge, or any particular condition necessary to be incorporated in the form of consent heretofore used by the Board for similar privileges. Replies have been received stating there are no objections to the bridge. The reply from the Fire Commissioner, however, recommends that self-closing, sliding fireproof doors, of the standard underwriter type, be installed, and it has been made a condition of the customary form of resolution granting consent, herewith submitted, that such doors shall be installed to the satisfaction of the Fire Commissioner.

The bridge is desired solely for use in connection with the war, and, as the administrative Departments have no objection, I beg to recommend that the requested consent be granted. The consent should continue during the pleasure of the Board, but in no event to extend beyond one year after the termination of the war, and should be revocable upon sixty days' notice; the bridge to be removed upon the expiration of the grant.

The bridge is designed with supporting columns at the curbline. This is a departure from the policy heretofore strictly pursued in all cases of bridges over City streets. In this case, however, the bridge is to be removed upon the termination of the war, and the design with columns at the curbline will materially lessen the cost of construction.

In accordance with the policy of the Board in granting similar privileges for war purposes, the customary compensation and security deposit should not be required.

The usual form of resolution granting revocable consent is herewith submitted.

Respectfully, JOHN A. McCOLLUM, Acting Chief of Bureau.

The following resolution was offered:

Whereas, Captain P. V. Hollenbeck, Q. M. C., U. S. A., presented a petition dated August 30, 1918, to the Board of Estimate and Apportionment for permission to erect, maintain and use a bridge over and across Honeywell street, at a point about 116 feet south of the southerly line of Jackson avenue, Long Island City, Borough of Queens, connecting properties leased by the United States Government and used by the Gas Defense Division of the Chemical Warfare Service; now, therefore, be it

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to Quartermaster, Chemical Warfare Section, U. S. A., to erect, maintain and use a bridge over and across Honeywell street, at a point 116 feet south of the southerly line of Jackson avenue, Long Island City, Borough of Queens, connecting properties leased by the United States Government and occupied by the Gas Defense Division of the Chemical Warfare Service, the said bridge to be used as a passageway and to transport goods in process of manufacture from one building to the other; all as shown upon the plan accompanying the petition and entitled: "Gas Defense Plant Long Island City, N. Y. Planning Division. Plan & description of proposed bridge to be constructed over Honeywell St. Borough of Queens. To accompany application to Bd. of Est. & Apporment, N. Y. C."

—a copy of which is attached hereto and made a part hereof upon the following terms and conditions:

1. This consent shall continue only during the pleasure of the Board of Estimate and Apportionment, and shall be revocable upon sixty (60) days' notice in writing to the grantee, but in no case shall it extend beyond one year after the termination of the war, and thereupon all rights of the grantee in said street by virtue of this consent shall cease and determine.

2. In accordance with the policy of the City in granting consent for structures to be used for war purposes, the customary compensation and security deposit are expressly waived.

3. Upon the removal of the grantee from either of the premises to be connected by the structure, or upon the revocation or termination by limitation of this consent, the grantee shall cause the structure hereby authorized to be removed and all of said street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives, and the entire cost of such work shall be borne by the said grantee. If the structure hereby authorized shall not be required to be removed, it is agreed that it shall become the property of The City of New York.

4. This consent is for the exclusive use of the grantee and shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the grantee or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment.

5. The grantee shall pay the entire cost of all work, labor and material in connection with the structure hereby authorized, and particularly—

(a) Its construction, maintenance and removal.

(b) The protection of all structures which shall in any way be disturbed by its construction or removal.

(c) All changes in sewers or other subsurface structures necessitated by its construction or removal, including the laying or relaying of pipes, conduits, sewers or other structures.

(d) The replacing or restoring of the pavement in said street which may be disturbed during its construction or removal.

(e) Each and every item of the increased cost of the installation of any future structures or repairs or alterations to any existing or future structures caused by its presence in the street.

(f) The inspection of all work during its construction or removal as herein provided, which may be required by the President of the Borough and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun, the grantee shall obtain permits to do the work from the President of the Borough and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the structure hereby authorized and the mode of protection or changes in all structures required by the construction or removal of the same.

Upon the completion of the work, the grantee shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure erected or installed under this consent; also the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb-line intersection.

The bridge shall be equipped with self-closing, sliding, fireproof doors, of the standard underwriter type, at both ends, to the satisfaction of the Fire Commissioner.

7. The grantee shall allow to The City of New York a right of way through, under or above any part of the structure hereby authorized for any and all structures which are now or may be hereafter placed in said street by The City of New York.

If at any time it shall become necessary to replace or alter any structure in said street, the City shall have the right to break through or remove all or any portion of the structure hereby authorized and the grantee shall pay to the City the expense incurred by such removal.

8. The structure hereby authorized and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. It shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title, or interest the owners of abutting property or others may have in and to said street.

10. Said grantee shall be liable for all damages to persons or property, including the street and structures therein and thereunder, by reason of the construction and operation or maintenance of the structure hereby authorized, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee shall give notice, in writing, to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice, in writing, of the date on which the work is commenced and also the date on which the same is completed, not later than ten (10) days after such dates.

13. Said grantee shall commence the construction of the structure hereby authorized and complete the same on or before July 1, 1919, otherwise this consent shall be forfeited forthwith, and without any proceedings, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

14. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

MATTERS CONSIDERED BY UNANIMOUS CONSENT.

The following matters, not on the calendar for this day, were considered by unanimous consent:

Department of Health—Appropriation for Controlling "Spanish Influenza" (Cal. No. 73).

The Secretary presented the following:

September 24, 1918.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, New York City:

Dear Sir—Acting for and in behalf of the Board of Health and the Department of Health of The City of New York, I respectfully request your honorable Board to appropriate immediately the sum of five thousand dollars (\$5,000), to be expended for the purpose of controlling the spread of "Spanish Influenza" and pneumonia, subject to such restrictions and limitations as your honorable Board may prescribe.

Section 1177 of the Charter provides for the compensation of special inspectors, Physicians and Nurses, and for supplies and contingencies as may be at any time appropriated by the Board of Estimate and Apportionment for the prevention of danger from contagious or infectious diseases found to exist in The City of New York, and for the care of persons exposed to danger from contagious or infectious diseases, in excess of the annual appropriation.

We have the facilities in the Willard Parker and Kingston Avenue Hospitals to take care of the large number of Spanish Influenza and pneumonia cases being sent there for treatment. There is a serious shortage of Nurses due to war conditions. In order to attract the additional Nurses necessary to care for these patients, we must pay more than the fifty dollars per month now authorized. In addition to the need of increasing the number of Physicians and Nurses there is the necessity of obtaining the necessary supplies and contingencies in the present emergency. In all probability these Nurses can be had for sixty dollars per month, but we must have forty or fifty Nurses even though we pay seventy-five dollars per month.

In other hospitals in the city, sixty dollars is the minimum wage. It is customary always to pay more to Nurses who take care of infectious and contagious diseases. We cannot escape the responsibility resting upon us, and must take care of our citizens living in boarding houses and so situated that they cannot be quarantined at home. I cannot say that imminent peril confronts us, but I do say that here is an emergency that demands prompt attention on the part of the City.

In Boston there are upwards of fifteen thousand cases of influenza and hundreds of cases of pneumonia, with an appalling death rate. By reason of the watchful care of the Board of Health and the Health Officer of the Port, the number of cases here has been kept down to five hundred or less, but it is only by the quarantine

we have established that the spread of the disease in this city has been controlled up to the present time. We cannot go further without spending a little money.

Due to the shortage of Nurses and the other conditions mentioned, we have been compelled to refuse Government patients paying us \$2.50 per day. The expenditure of such portion of the sum requested to be appropriated by the City for the purposes referred to, will result in the Department being able to care for Government patients, and the City will again benefit by the compensation paid therefor. Under these circumstances, if your honorable Board appropriates the sum of money herein requested for these special purposes, there will be no financial loss to the City. However, irrespective of any other consideration, I wish to emphasize that the protection of the lives and health of the citizens of The City of New York is of paramount importance at this critical time, and the appropriation asked for is necessary and urgent. Very truly yours,

R. S. COPELAND, Commissioner.

Hon. R. S. Copeland, Commissioner of Health, appeared and requested that the amount be increased to \$25,000.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 1177 of the Greater New York Charter, hereby appropriates \$25,000 to be used by the Department of Health for the purpose of controlling the spread of "Spanish Influenza" and pneumonia, the said sum to be raised by the issuance by the Comptroller of special revenue bonds under subdivision 9 of section 188 of the said Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Department of Health—Establishment of Corporate Stock Schedule (Cal. No. 74).

The Secretary presented a communication, dated August 28, 1918, from the Commissioner of Health, urging the establishment of a wage schedule aggregating \$11,844, payable from the Corporate Stock Fund, for the employment of laborers and carpenters at the Tuberculosis Sanitarium, Otisville, for the completion of new buildings and repairs to roads and paths.

(On July 19, 1918 (Cal. No. 96), acting upon a previous request of the Department of Health, the Board granted this request in part, to an amount of \$1,445.)

The Secretary also presented a report, dated September 26, 1918, of an Assistant Engineer in his office recommending the establishment of a corporate stock schedule amounting to \$5,795 to provide for completion of staff house.

Hon. R. S. Copeland, Commissioner of Health, appeared.

The matter was referred to the Committee on Finance and Budget.

Department of Plant and Structures—Appropriation from Bridge Revenues to Provide for Operation and Maintenance of Brooklyn Bridge (Cal. No. 75).

(On January 25, 1918 (Cal. No. 170), the Board adopted a resolution in this matter.)

The Secretary presented the following:

September 25, 1918.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—On January 29, 1918, your Board, pursuant to subdivision 2 of section 242 of the Greater New York Charter, appropriated \$169,456.50 from the 1918 revenues of the Brooklyn Bridge to provide for the maintenance of said bridge for the first six months in 1918. On June 28, 1918, an additional appropriation of \$79,617 was made by your Board to defray the expenses of the maintenance of the Brooklyn Bridge for the third quarter of 1918. It is now necessary to make provision for the maintenance of said bridge for the last three months.

The report of the Comptroller made to your Board on June 24, 1918, stated as follows:

"An examination of the Brooklyn Bridge revenue account shows collections for the first five and a half months of 1918 of about \$120,000. On this basis the total revenues for 1918 will approximate \$262,000, or about \$60,000 less than the budget allowance to be met therefrom."

A further examination of the account was made, disclosing the same average collections for the first seven months.

The total amount allotted from the Brooklyn Bridge for 1918 was \$249,073.50, leaving approximately \$12,926.50 to be allotted for the balance of the year.

On January 25, 1918, when your Board apportioned the sum of \$169,456.50 for the maintenance of Brooklyn Bridge for the first six months of 1918, the sum of \$5,020 was allotted to S-77a-67 (2744 TB) instead of only \$520. As this account will require only \$1,040 for the whole year, there is an excess of \$3,980, which it is recommended be retransferred to account S-77a-63—Brooklyn Bridge Revenue 1918—thus making the amount of revenues available for apportionment for the balance of the year \$16,906.50.

The Commissioner of Plant and Structures is now making an examination as to what his requirements will be for the balance of the year. In order that the work of the Department may be carried on without interruption it appears advisable, however, to allot the balance of the revenues without delay, to the accounts below enumerated, pending final report of the actual requirements for the balance of the year.

The adoption of the attached resolutions will effect the transfer and the allotment of revenues desired. Respectfully,

CHARLES L. CRAIG, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 2 of section 242 and section 237 of the Greater New York Charter, hereby approves of the following transfer in the Department of Plant and Structures, to correct an error in a previous allotment of bridge revenues:

FROM
Personal Service, Salaries, Regular Employees, Purchase and Storage of Supplies.
S77a 67 (2744TB) Tax Levy and Bridge Revenue Force \$3,980 00

TO
S77a 63 Brooklyn Bridge Revenue, 1918 \$3,980 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of subdivision 2 of section 242 of the Greater New York Charter, hereby appropriates from the revenues of the Brooklyn Bridge the sum of sixteen thousand seven hundred and seventy-one dollars and twenty-five cents (\$16,771.25), to provide for the maintenance of said bridge during 1918, said appropriation to be administered in accordance with schedules duly approved by the Board of Estimate and Apportionment, to be apportioned as follows:

DEPARTMENT OF PLANT AND STRUCTURES.

Personal Service.

Salaries, Regular Employees—	
Care of Bridges—	
S77a 69 (2750B) Bridge Revenue Force	\$1,800 00
Salaries, Temporary Employees—

S77a 72 (2757B) Bridge Revenue Force	5,000 00
Wages, Temporary Employees—	
Care of Bridges—	
S77a 73 (2760TB) Tax Levy and Bridge Revenue Force	3,000 00
S77a 74 (2762B) Bridge Revenue Force	4,000 00
	\$16,771 25

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Street Improvement Fund—Issue of Assessment Bonds (Cal. No. 76).

The Secretary presented the following:

September 26, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—It will be necessary to again have recourse to section 181 of the Greater New York Charter, which permits the Board of Estimate and Apportionment to authorize the Comptroller to issue assessment bonds of the City of New York and apply the proceeds to liquidating the obligations of the Street Improvement Fund.

From the 1st of January to the 16th of the present month there has been \$2,999,970.13 paid from the Street Improvement Fund on account of contracts, payrolls, awards, etc., relating to improvements in progress under the jurisdiction of the various Borough Presidents, and during the same period the total amount of receipts to the Fund from assessment collections on property and reimbursements from street railroad companies for paving between tracks and work done on their account has aggregated \$2,389,975.65, or practically \$610,000 less receipts than the payments from the Fund.

It was therefore necessary to request the Board of Estimate on two different occasions during this year to authorize the issuance of assessment bonds in the sums of \$150,000 and \$350,000, respectively. This \$500,000, together with the cash balance in the Fund at the beginning of the year, has all been needed to meet the warrants registered against the Fund, in addition to which there was \$306,146.43 of vouchers registered as of September 16, 1918, still unaudited and for which warrants had not yet been drawn.

The following resume will serve to more clearly indicate the operations of the Street Improvement Fund from the 1st of January to August 31st, and show the excess of amounts paid out on account of contracts, payrolls, etc., for improvements in progress, as compared with the collections payable into the Fund during the same period from each one of the five boroughs constituting the Greater City.

Borough.	Amount Advanced.	Assessment Collections.	Excess of Amount Advanced.
Manhattan	\$389,211 01	\$179,062 92	\$210,148 09
The Bronx	567,711 85	539,256 28	28,455 57
Brooklyn	852,520 62	741,723 40	110,797 22
Queens	1,021,832 69	735,426 57	286,406 12
Richmond	39,016 31	62,631 42	*23,615 11
	\$2,870,292 48	\$2,258,100 59	†\$612,191 89

*Excess of collections over disbursements.

†Reflects the net shortage or deficiency between the total amount of assessment collections and the total amount of disbursements from the Street Improvement Fund during the first eight months of the year.

It has therefore become necessary to provide additional credits to meet the obligations of the Street Improvement Fund, which now approximate \$300,000 on account of contracts, payrolls, etc., and I hereby request the Board to authorize the issuance of \$500,000 of assessment bonds for account of the Street Improvement Fund, which bonds would be issued from time to time as cash is required. The adoption of the resolution herewith submitted would authorize such issue. Yours truly,

CHARLES L. CRAIG, Comptroller.

The President of the Borough of Queens objected to the present consideration of this matter.

The Acting President of the Board of Aldermen moved that Rule 10 of the Rules of Procedure of the Board be suspended, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 181 of the Greater New York Charter, as amended by chapter 492 of the Laws of 1912, the Comptroller be and is hereby authorized to issue from time to time, as may be required, assessment bonds of The City of New York to the amount of \$500,000, redeemable in not more than ten years from date of issue, the proceeds of which bonds shall be applied to the liquidation of the obligations of the Street Improvement Fund.

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn and the Presidents of the Boroughs of The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

United States Fuel Administration; Board of Estimate and Apportionment—Designation of Representative of City of New York on Committee to Consider "Skip-Stop System" (Cal. No. 77).

The Secretary presented the following:

United States Fuel Administration, 149-151 Fifth avenue, New York City, September 26, 1918.

Hon. JOHN F. HYLAN, Mayor, City of New York:

My dear Mr. Mayor—As Chief of Fuel Conservation for the State of New York, I am sure that you and your associates on the Board of Estimate and Apportionment will be interested with me in a consideration of meeting the request of the United States Fuel Administration with respect to the adoption of the "Skip-Stop System" on the surface lines of Greater New York.

After mature consideration it appears that the best method of approaching this subject lies in the formation of a committee that shall represent the interests of all concerned. Therefore, if it meets with your approval, I would especially urge your nomination of someone who shall represent the City on such committee.

The personnel of this committee, in my judgment, should be a representative from each of the following:

The Mayor's office or City Administration, the office of the Public Service Commission, the New York Railways Company, the Brooklyn Rapid Transit Company, the Third Avenue Railroad Company, New York State Fuel Administration.

May I not invite your attention to the most important relation of your traffic department to this subject? In my judgment it is the crux of the situation and it would be extremely desirable that someone competent to visualize and put into operation such conditions as will be necessary be considered in connection with this matter.

Recognizing the magnitude of your duties, I hesitate to request that you give this your early consideration, but in view of the approach of the winter months and the necessity for fuel conservation, I beg that you expedite this matter as much as you may find it convenient to do so. Very truly yours,

M. P. MOSELEY, Assistant State Fuel Administrator.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment that the President of the Board of Aldermen be designated to represent The City of New York on the committee to be appointed at the request of the Assistant State Fuel Administrator, to consider the adoption of the "skip stop system" on the surface car lines within the City.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

Pacific Street, Discontinued Road, Fresh Pond Road, Clermont Avenue, Maspeth Avenue, Broad Street, Flushing Avenue and Collins Avenue, Borough of Queens—Map Showing Subdivision of Private Property (Cal. No. 78).

(On September 20, 1918 (Cal. No. 149), this matter was referred to the Committee on City Plan and Public Improvements.)

The Secretary presented a communication, dated September 10, 1918, from the Secretary to the President, Borough of Queens, herein and the following report of the Committee on City Plan and Public Improvements:

Report No. 17744.

September 26, 1918.

The Committee on City Plan and Public Improvements, Board of Estimate and Apportionment:

Gentlemen—At a meeting of the Board of Estimate and Apportionment held on September 20, 1918, there was referred to the Committee on City Plan and Public Improvements a map showing a proposed subdivision of property designated "Map of Property Belonging to the Maspeth Development Company, in the Second Ward, Borough of Queens" (Calendar No. 149), and the Chief Engineer was instructed to submit a report in the matter to that Committee.

This plan relates to the territory bounded approximately by Broad street, Hill street, Clermont avenue, Fresh Pond road, Pacific street, Mary street, Mt. Olivet avenue, Collins avenue, Flushing avenue and Edward street.

The street system upon which this property subdivision is based agrees with that as laid out upon the city map except as to the treatment of Flushing avenue to which it is proposed to give a width of 70 feet instead of 80 feet as shown on the city map, and of the block bounded by Mt. Olivet avenue, Fresh Pond road, Pacific street and Mary street which is to be subdivided by a new street designated as Clermont place, 50 feet wide.

On March 19, 1915, a communication from the Borough President advising that the Newtown Local Board had adopted a resolution recommending a change in the lines of Flushing avenue between Grand street and the Borough Line, so as to agree with those which had been recognized by the property owners, these affording a street width ranging from 49.5 feet to 80 feet, was referred to the Chief Engineer for investigation and report. In a report dated March 24, 1917, presented at the meeting of March 30, 1917 (Calendar No. 72), the Chief Engineer recommended that the width be decreased to 70 feet. A number of hearings were thereupon given, and the matter was finally referred back to the Borough President on October 19, 1917. The Engineer in Charge of the Topographical Bureau advises that the street is now in use as a 60-foot street and lies within the 70-foot lines as now shown.

This map is submitted in accordance with the provisions of chapter 513 of the Laws of 1916, which require its approval within 21 days after its receipt by the Secretary of the Board. This period will expire on October 1, 1918.

I see no reason to prevent favorable action upon the plan and would recommend its approval. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Approved: FRANK L. DOWLING, Chairman, Committee on City Plan and Public Improvements.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 1540 of the Greater New York Charter, as amended by chapter 513 of the Laws of 1916, hereby approves the map showing the subdivision into lots of private property bounded by Pacific street, Discontinued road, Fresh Pond road, Clermont avenue, Maspeth avenue, Broad street, Flushing avenue and Collins avenue, and designated as "Map of Property Belonging to the Maspeth Development Co. in the Second Ward, Borough of Queens, dated February, 1918," said map having been approved in quadruplicate by the Acting President of the Borough of Queens and having been transmitted by the Borough President to and received in the office of the Secretary of the Board on September 10, 1918.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx, Queens and Richmond—16.

City Fund for Salary and Wage Accruals; President, Borough of Brooklyn—Transfer of Appropriation and Modification of Schedules (Cal. No. 79).

(On September 20, 1918 (Cal. No. 221-E-2), this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:

September 11, 1918.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, Municipal Building, New York City:

Dear sir—Herewith I am forwarding to you a request for the modification of the budget schedule controlling the appropriation of my office, known as "Personal Service, Salaries Regular Employees, Code 562, Janitorial Service, Cleaning and Attendance."

This modification contemplates an increase in the total of the schedule allowance of \$5,459 and I would ask that you arrange to have this amount transferred from either the accruals turned over to the General Fund, by this department, the total of which to June 1st amounted to \$19,763.86, or from the accruals in our department which have not as yet been transferred to the General Fund.

This transfer and modification of schedule is made necessary in order to provide for the salaries of elevator operator, cleaners, laborers and firemen, that will be needed to operate the Supreme Court Building, which we intend to open on October 1st, the alterations having been practically completed.

The reason for the need of this additional help in this building, as enlarged and renovated, is that elevators have been installed requiring elevator operators (there were no elevators in the old building), an extra story has been added and the entire interior remodelled requiring the additional cleaning and laboring force, and two additional firemen are necessary because of the increased power plant.

Will you please have this request placed on the next calendar of the Board of Estimate and Apportionment, in order that it may secure prompt action.

Yours very truly, EDWARD RIEGELMANN, President, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter and in accordance with the terms and conditions of resolution Second (f) of the 1918 Budget, hereby approves of the transfer of funds appropriated for the year 1918, as follows:

FROM

MISCELLANEOUS, NEW YORK CITY.

Public Service Commission for the First District—Contract with Powers-Kennedy Contracting Corporation for Constructing Subway Approach Structures and Subsurface Restoration at Southeast Corner of William and Ann Streets, Manhattan, Section No. 2, Route 48, 7th Avenue-Lexington Avenue Rapid Transit Railroad, and Authorization of Corporate Stock Therefor (Cal. No. 80).

The Secretary presented a communication, dated September 25, 1918, from the Public Service Commission, requesting approval of proposed contract with the Powers-Kennedy Contracting Corporation for the construction of a subway approach structure, and the sub-surface restoration work at the southeast corner of William and Ann streets, Borough of Manhattan, on Section No. 2 of Route No. 48, Seventh Avenue-Lexington Avenue Rapid Transit Railroad; also a proposed contract with Charles F. Noyes, owner, for the construction and maintenance of a subway approach within said premises, and the authorization of \$24,500 corporate stock for the purposes of said contract.

The President of the Borough of Queens objected to the present consideration of the matter.

The Acting President of the Board of Aldermen moved that Rule 10 of the Rules of Procedure of the Board be suspended, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, and the Presidents of the Boroughs of The Bronx and Richmond—15.

Negative—The President of the Borough of Queens—1.

The matter was referred to the Comptroller.

Department of Public Charities—Approval of Plans and Specifications (Cal. No. 81).

The Secretary presented a communication, dated August 26, 1918, from the Commissioner of Public Charities submitting for approval plans and specifications for certain repairs in the toilet rooms in "The Towers" on Randall's Island, and communication, dated September 24, 1918, requesting action in this matter.

Which was referred to the Committee on Finance and Budget and Secretary directed to report to said Committee.

Department of Public Charities—Approval of Plans and Specifications (Cal. No. 82).

The Secretary presented a communication, dated August 26, 1918, from the Commissioner of Public Charities submitting for approval plans and specifications for the completion of trolley stations, stairs and connecting passageway to the elevator storehouse at Queensborough Bridge, Blackwell's Island, and communication, dated September 24, 1918, requesting action in this matter.

Which was referred to Committee on Finance and Budget and Secretary directed to report to said Committee.

On motion the Board adjourned to meet Friday, October 4, 1918, at 10:30 o'clock a. m.

JOSEPH HAAG, Secretary.

DEPARTMENT OF FINANCE.

Corporation Sale of Buildings and Appurtenances Thereon to City Real Estate by Sealed Bids.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is

hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.
Being the buildings, parts of buildings, etc., standing within the lines of Perry ave., from Maurice ave. to Mueller st., in the Borough of Queens, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held Sept. 26, 1918, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, OCTOBER 18, 1918,
at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel No. 16. Two-story frame house, No. 77 Broad st., Maspeth. Upset price, \$200.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Manhattan, until 11 a. m., on the 18th day of October, 1918, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened Oct. 18, 1918," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, Manhattan," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

SUPREME COURT—FIRST DEPARTMENT.

Filing Tentative Decree—Notice to File Objections.

In the Matter of Acquiring Title by The City of New York to certain lands and premises situated on the southerly side of East Sixty-third street, between Second and Third avenues, in the Borough of Manhattan, in the City of New York, duly selected as a site for school purposes according to law.

NOTICE IS HEREBY GIVEN TO THE owners respectively entitled to or interested in the real property, title to which has been acquired in the above proceeding, and to all others whom it may concern, to wit:

That the Supreme Court of the State of New York, at a Special Term, Part III, for trials, held in and for the County of New York at the County Court House, in the Borough of Manhattan, City of New York, has, after considering the testimony and proofs offered by the City of New York and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which ought justly to be made by the City of New York to the respective owners of the real property so acquired and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said court upon the trial of said proceeding and states the several sums respectively estimated for each parcel shown on said damage map, with the names of the owners, so far as ascertained. Said transcript of estimate, dated July 5, 1918, is signed by Hon. Henry D. Hotchkiss, Justice of the Supreme Court, presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which same is based, was filed in the office of the Clerk of the County of New York on the 9th day of July, 1918, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN THAT any person or persons whose rights may be affected by said transcript of estimate and who may object to the same on any part thereof may, within fifteen days after the first publication of this notice, October 8, 1918, set forth the objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by objector and his post office address and file the same with the Clerk of the County of New York, and within the same time serve upon the Corporation Counsel of the City of New York at his office, Room 1743, seventeenth floor, Municipal Building, Borough of Manhattan, City of New York, a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN THAT on the 25th day of October, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of the City of New York will apply to Hon. Henry D. Hotchkiss, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at the County Court House in the Borough of Manhattan, City of New York, to fix a time when said Justice will hear the parties so objecting.

Dated, New York, October 8, 1918.

SUPREME COURT—SECOND DEPARTMENT.

Filing Tentative Decree—Notice to File Objections.

In the Matter of Acquiring Title by The City of New York to certain lands and premises situated in the block bounded by HENRY STREET, HARRISON STREET, BALTIMORE STREET and CLINTON STREET, in the Borough of Brooklyn, in The City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN TO THE owner or owners, respectively entitled to or interested in the real property, title to which is sought to be acquired in the above proceeding, and to all others whom it may concern, to wit:

That the Supreme Court of the State of New York, at a Special Term for trials, held in and for the County of Kings, has, after considering the testimony and proofs offered by The City of New York, and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which should justly be made by The City of New York to the respective owners of the real property so acquired in this proceeding, and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said Court upon the trial of said proceeding, and states the several sums respectively estimated for each parcel shown on said damage map, with the names of each owner as far as ascertained. Said transcript of estimate, dated October 7, 1918, is signed by Hon. Russell Benedict, the Justice of the Supreme Court presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which the same is based, was filed in the office of the Clerk of the County of Kings on the 8th day of October, 1918, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same on any part thereof may, within fifteen days after the first publication of this notice on October 11, 1918, set forth their objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his post office address, and file the same with the Clerk of the County of Kings and within the same time serve upon the Corporation Counsel of The City of New York, at his office, 153 Pierrepont street, Borough of Brooklyn, City of New York, a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN that on the 28th day of October, 1918, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. Russell Benedict, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at Special Term, Part II of the Supreme Court, to be held at the Kings County Court House, in the Borough of Brooklyn, City of New York, to fix a time when said Justice will hear the parties so objecting.

Dated, New York, Borough of Brooklyn, October 11, 1918.

Filing Preliminary Abstracts.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of 85TH ROAD (FERISS STREET), from 83rd street (Forest Parkway) to 91st street (Columbia avenue), in the 4th Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PER- sons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 25th day of October, 1918, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of October, 1918, at 10 o'clock a. m.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 25th day of October, 1918, and that the said

Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of October, 1918, at 10 o'clock a. m.

That the Supreme Court of the State of New York, at a Special Term for trials, held in and for the County of Kings, has, after considering the testimony and proofs offered by The City of New York, and the parties and persons who have appeared in the above proceeding, completed its estimate of the compensation which should justly be made by The City of New York to the respective owners of the real property so acquired in this proceeding, and has prepared a transcript of its estimate of the damages so ascertained and estimated. Said transcript of estimate is accompanied by the damage map used by said Court upon the trial of said proceeding, and states the several sums respectively estimated for each parcel shown on said damage map, with the names of each owner as far as ascertained. Said transcript of estimate, dated October 7, 1918, is signed by Hon. Russell Benedict, the Justice of the Supreme Court presiding at the trial of the above proceeding, and said transcript, accompanied by said damage map, together with the proofs upon which the same is based, was filed in the office of the Clerk of the County of Kings on the 8th day of October, 1918, for the inspection of whomsoever it may concern.

NOTICE IS HEREBY FURTHER GIVEN that The City of New York, or any person or persons whose rights may be affected by said transcript of estimate and who may object to the same on any part thereof may, within fifteen days after the first publication of this notice on October 11, 1918, set forth their objections to the same in writing, duly verified in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector, and his post office address, and file the same with the Clerk of the County of Kings and within the same time serve upon the Corporation Counsel of The City of New York, at his office, 153 Pierrepont street, Borough of Brooklyn, City of New York, a copy of such verified objections.

NOTICE IS HEREBY FURTHER GIVEN that on the 28th day of October, 1918, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon, the Corporation Counsel of The City of New York will apply to Hon. Russell Benedict, the Justice of the Supreme Court signing said transcript of estimate or tentative decree, at Special Term, Part II of the Supreme Court, to be held at the Kings County Court House, in the Borough of Brooklyn, City of New York, to fix a time when said Justice will hear the parties so objecting.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further:

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS ON WORK TO BE DONE FOR, OR SUPPLIES TO BE FURNISHED TO THE CITY OF NEW YORK.

The person or persons making a bid for any service, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the bids will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making a bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer or employee of The City of New York is, shall be, or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid must be verified by the oath, in writing, of the party or parties making the bid that the several matters stated therein are in all respects true.

No bid will be considered unless, as a condition precedent to the reception or consideration of such bid, it be accompanied by a certified check upon one of the State or National banks or trust companies of The City of New York, or a check of such bank or trust company signed by a duly authorized officer thereof, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

All bids for supplies must be submitted in duplicate.

The certified check or money should not be inclosed in the envelope containing the bid, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid.

For particulars as to the quantity or quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished. Plans and drawings of construction work may be seen there.
