George Cromwell, President, Borough of Richmond.

Joseph Bermel, President, Borough of Queens, by Lawrence Gresser, Commissioner of Public Works.

Louis F. Haffen, President, Borough of The Bronx.

John F. Ahearn, President, Borough of Manhattan.

The President announced that Aldermen Ahner, Carter and Jacobson had been excused from attendance.

The Clerk proceeded to read the minutes of the stated meeting of February 19, 1907.

Alderman Brown moved that the minutes be amended by striking therefrom paper known as Int. No. 1572, on page 420, being a communication from Isaac A. Hopper & Son, Inc.

Which motion was adopted.

The minutes as amended were then approved as printed.

## MESSAGE FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1619.

City of New York—Office of the Mayor,  
February 20, 1907.

Secretary of the Board of Aldermen:

Dear Sir—The Mayor directs me to forward to you, for consideration by your Board, the enclosed communication from S. Schwartz, of the Peddlers' Association. Respectfully,

WILLIAM A. WILLIS, Executive Secretary.

United Citizens Peddlers' Association of Greater New York,  
No. 107 Forsyth Street,  
New York, February 14, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of Greater New York:

Esteemed Sir—On behalf of the peddlers of this City, I earnestly request that an ordinance be immediately adopted, whereby Delancey street, from the Bowery to Clinton street, can be used by push-cart peddlers, who peddle dry merchandise, such as dry goods, notions, etc., pending the establishment of permanent markets.

Relative to the above, I have personally consulted many of the store keepers, business men and residents of Delancey street, between the streets mentioned, and have been assured by more than a majority of them that they would not have the slightest objection to such an ordinance being adopted, and would in fact favor the same, if a provision were inserted prohibiting the sale of fruits, vegetables and other merchandise, such as would cause an accumulation of garbage, dirt and filth on said street.

An ordinance such as above described would be a great boon to the peddlers of this section of the City, and the members of the United Citizens Peddlers' Association of Greater New York are satisfied that with your co-operation and influence its adoption would be certain; and I as their President have, on my own responsibility, assured them of your support.

Kindly add another favor to the many already granted, and mention time and date upon which it will be convenient for me to call, when we can discuss the matter in detail.

Thanking you, in anticipation of an early reply, I remain as ever,

Your obedient servant,

SIGMUND SCHWARTZ, President.

Which was referred to the Joint Committees on Laws and Legislation and Streets, Highways and Sewers.

## PETITIONS AND COMMUNICATIONS.

No. 1620.

The West End Association,  
No. 100 Broadway,  
February 23, 1907.

Hon. PATRICK F. McGOWAN, President Board of Aldermen, City Hall, New York City:

My Dear Sir—The people of the upper west side are greatly interested in the passage of a proposed ordinance requiring the surface railway on Broadway to open the inside gates opposite the parkways, between Fifty-ninth street and Manhattan street, for the ingress and egress of passengers. As matters stand at present citizens desiring to board these cars are required to stand in the roadway amid passing vehicles of all kinds and at imminent danger to themselves. If they stand on the sidewalk, especially after dusk, the chances are that their signals will not be seen by the motorists. This state of affairs is exceedingly annoying, especially to the ladies, who are compelled to submit to the inconveniences and dangers above mentioned. The parkways in question being only two feet from the car steps afford a safe place for those desiring to board the cars and we can see no reason why the inside gates should not be opened as aforesaid.

An ordinance to this effect was presented to the Board of Aldermen by the West End Association last summer and after having been reported favorably by the Railroad Committee of the Board of Aldermen was on the calendar at the last meeting as General Order No. 178, being the second on the list of general orders. The matter was in charge of our local Alderman, Mr. Schloss, but because of the pressure of other business it was not called up. I feel confident that every member of the Board of Aldermen will vote in favor of the ordinance and because of the great interest taken in its passage by the entire people of the upper west side, I write to ask that you will do what you can to promote its consideration at the meeting of next Tuesday, provided other public business will not be thereby delayed.

There are no private interests involved in this matter and I speak simply as a representative of thousands of citizens of the upper west side, both men and women, and especially the latter, whose convenience and safety will be conserved by the passage of said ordinance without any corresponding inconvenience to the railroad company.

Trusting that we may have the pleasure of seeing this ordinance passed at the meeting of next Tuesday, I remain,

Yours truly,

A. WALKER OTIS, Chairman Railroad Committee.

Which was referred to the Committee on Railroads.

## COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the New York City Improvement Commission:

No. 1621.

New York, January, 1907.

To the Honorable GEORGE B. McCLELLAN, Mayor of The City of New York, and to the Honorable Board of Aldermen of The City of New York:

Gentlemen—The New York Improvement Commission was created by virtue of an ordinance of the Honorable Board of Aldermen of The City of New York, approved by the Mayor on the 9th day of December, 1903, to prepare a comprehensive plan for the development of the City.

By the terms of the ordinance it was provided that the Commission should make a report on or before the first day of January, 1905, and in pursuance thereof a preliminary report was submitted. Since the making of such preliminary report the Commission has continued its investigation and begs hereby to make its final report.

In the preliminary report above mentioned the Commission's view as to the scope of its duties was stated as follows:

"A comprehensive plan for the City's development must necessarily anticipate the future growth of the City for many years to come, and be so framed as to meet all possible future requirements, so far at least as they can be reasonably foreseen, and be so designed that all its parts shall be consistent, the one with the other, and form a homogeneous whole, in order that any improvements hereafter made may be entered upon with reference to the accomplishment of a definite purpose and along definite lines, and not, as has been too often the case, without reference to any general plan or regard to the bearing of the particular improvement proposed, or its connection with other improvements already made or which hereafter may be deemed advisable. Such a plan necessarily involves not only the laying out of parks, streets and highways, the location of city buildings, improvement of water fronts, etc., but also questions of more or less detail relating to pavements, sidewalks, appropriate house numbers, gas and electric fixtures, manner of indicating the streets, location of statues and monuments commemorating historical events, tree planting, and a countless number of other matters, all important and essential if New York is to take its

place as one of the great metropolitan cities of the world. No plan that fails to take into consideration all the above subject matters can be deemed a comprehensive one."

The Commission has seen no reason since to modify the views above expressed. In the general plan herewith presented the Commission has endeavored to confine itself to formulating a comprehensive general outline for future development. It is not intended that all the proposed changes or development should be undertaken at once, or that the proposals here made should be deemed exhaustive or exclude specific improvements which may from time to time seem desirable. These must develop naturally as future needs and requirements arise. To attempt to formulate them now in advance would be neither possible nor advisable. The purpose of the Commission is to set forth the essential features of a comprehensive plan for the City as a whole, together with such suggestions as seem to the Commission judicious and proper at the present time, thus establishing a formula or skeleton outline so that all future changes and developments may be considered in connection with their bearing on a general scheme of municipal growth, and be made to conform thereto and form part thereof.

In accordance with this view the Commission has intentionally refrained from treating in this report many questions of much importance, but which seem to this Commission to be outside, for one reason or another, of the scope of its duty. As illustrations are the questions as to the much discussed proposed loop at the Brooklyn Bridge and the removal of the elevated railroad tracks on part of Flatbush avenue and street systems in particular localities, etc. For similar reasons the Commission has refrained from making specific recommendation as to the location and areas of small detached parks. Beyond the general question as to the necessity for small parks and the considerations by which their location should be determined, the Commission feels that an attempt to determine the exact number, area and location would be entirely beyond the limits of a general plan. Many different sites may be equally, or substantially equally, good. The selection necessarily involves questions as to when and how and at what cost they can be respectively acquired, as well as other very important details as to the relative advantages of each, which it is manifestly impossible for the Commission to go into in advance. Such questions must necessarily be determined as each case comes up.

#### COMMISSION'S PROPOSALS.

This report is divided into two general heads—first, a plan for thoroughfares, parks and parkways; second, matters connected with other general questions of manifest importance.

As to the proposed changes in and additions to the thoroughfares, avenues, streets, parks and parkways, plans have been prepared to accompany this report for the purpose of illustration, showing, first, the plan as it affects the City as a whole, and, second, in more detail the different boroughs.

#### GENERAL PLAN.

The salient feature of the general plan as it affects the City as a whole is to afford adequate, proper and suitable avenues of connection between the different parts of each borough, as well as between the different boroughs themselves and the outlying districts, and, while securing to each borough a park system of its own complete in all its parts, to at the same time connect as far as possible the parks of the different boroughs with each other by suitable parkways so as to make them all parts of one harmonious whole, and, by thus making each supplement the other, add largely to the beauty and advantages of all.

By reference to the maps accompanying this report, substantially complete parkway connection will be seen between Central Park, the parks and driveways on the Hudson river, the Bronx parks, and, by way of Randall's Island or Blackwell's Island bridges, the park systems of Queens and Brooklyn, extending from the heights overlooking the Hudson river to the ocean front, and representing a park system both as to extent and variety unrivaled, while ministering to the needs of the different localities in a way that no other distribution of an equal amount of area could do.

It is largely in view of the double purpose to be subserved of uniting the separate park systems into one whole, while at the same time preserving a complete system for each locality, that the Commission has planned for numerous and extended parkways and comparatively small parks rather than extensive park areas. Shaded and properly planted parkways afford much of the relief and enjoyment of parks, and are accessible to a far larger proportion of the inhabitants, especially where population is congested.

For the same reason the usefulness of large parks is much increased by narrow extended arms reaching out into the surrounding territory and forming park-like approaches, thus bringing them nearer a much larger percentage of the population.

In the report of the earlier Commission, appointed in the first years of the last century to formulate a plan for laying out the streets in The City of New York, it was stated almost by way of apology that it might excite the merriment of many that the Commission had contemplated streets as far north as One Hundred and Fifty-fifth street. The experience since must, however, have convinced all that this Commission is well within reason when it contemplates that within the space of not many years the entire district herein referred to will be the seat of a dense and growing population, and the plan herewith submitted has been prepared in view of such eventuality.

#### MANHATTAN.

In its preliminary report the Commission advised that all future improvements of the piers along the water front now or hereafter owned by the City should be made according to certain general plans, determined upon in advance and suited to the purposes for which the piers are to be used, so as to secure uniformity of construction and an appropriate and harmonious architectural effect; that these improvements should be made either by the City itself or by its lessees, in the latter case compliance with the requirements being made obligatory upon the lessees by the terms of the respective leases, and that certain piers at convenient places should be so constructed as to permit of their being also used as recreation piers, in order to give to the inhabitants of the lower parts of Manhattan Island access to the water front. This recommendation the Commission reiterates in the strongest possible manner. It has been largely adopted by the City in the Chelsea improvement and the proposed ferryhouse combined with a recreation pier at the foot of Whitehall street.

In the preliminary report of this Commission the advisability of an elevated street to be built along the Manhattan water front to accommodate the north and south travel was discussed. In view of the rapid development of tunnels and bridges and the broadening of the roads or avenues herein recommended, your Commission has come to the conclusion that such will not be necessary or advisable. The streets, however, along the water front should be preserved of at least their present width, and should be maintained in good condition and all obstructions removed therefrom. This will add greatly both to the appearance and commercial value of the water front. The plan of the Dock Department to ultimately complete a marginal street around the entire commercial water front of Manhattan will be very beneficial and is strongly approved, and is entirely in line with the recommendations of this Commission.

The portions of the water front not adapted to commercial purposes should be reserved for parks. These can be secured at present at relatively moderate cost, and your Commission recommends that the City should take proceedings at once to acquire the same before the advance of the City has impaired them for park purposes by destroying the trees, or building thereon has largely increased the cost necessary to their acquisition. Among such portions are those lying between the Boulevard Lafayette and the North river and certain sections east of said Boulevard from about One Hundred and Fifty-eighth street north to Harlem ship canal and north of such canal to the city line. Also the slope fronting on the Harlem river, as shown on the accompanying maps.

The property at Inwood, included in the above, would furnish an approach by parkway to the proposed Hudson Memorial Bridge, and the drawings accompanying this report show a proposed plan of a roadway connecting the present Boulevard Lafayette by an elevated structure with this parkway approach to the bridge.

An elevated structure should also be constructed from the end of the Riverside drive extension to the south end of Boulevard Lafayette, thus avoiding the crossing of One Hundred and Fifty-eighth street at a grade and leaving that street free for traffic east and west to and from the river front, which is likely to be very large, as the building in that section develops. That the Fort Washington avenue also has its southern terminus near this point accentuates the necessity of this structure.

A parkway properly planned should be laid out along One Hundred and Eighty-first street, connecting the North river front by way of Washington Bridge and the Grand Boulevard and Concourse with the parks in the Bronx, and a similar parkway should be laid along Dyckman street, connecting Boulevard Lafayette, the Speedway, and parks on the Harlem river frontage.

The Dyckman street improvement contemplates, besides the parkway, roadways for handling the traffic which will develop with the building up of the district, from the decks on the North river at the westerly terminus and those on the Harlem river at the easterly terminus of said street. Its adoption will also secure a permanent vista from the Hall of Fame through to the North river.

A broad driveway above the present speedway along the crest of the hills from West One Hundred and Fifty-fifth street to Fort George and the Dyckman street improvement is recommended. There is at present a roadway which can be used for part of the way. The plans submitted include a large arena east of the easterly end of Washington Bridge for baseball or other games, or where outdoor horse shows, automobile exhibitions, military pageants, or similar functions may be held.

#### Fifth Avenue.

The widening of this avenue was recommended in the preliminary report of the Commission. It has been for some time apparent that Fifth avenue is no longer wide enough to accommodate the increased travel. The abolition of the stoop line on both sides would admit of the taking of from 10 to 15 feet from each of the present sidewalks. If 10 feet were so taken it would add 20 feet to the roadway and still leave ample sidewalk. The result would be to give a roadway for vehicle travel of 60 feet in width, half as large again as at present, with sidewalks of 20 feet each. As a further relief to the congestion, trucks should be kept off the avenue during certain hours of the day.

The conversion on Fifth avenue of residential property into business property during the last few years has been very rapid and such change is evidently destined to continue, so that at least as far north as Forty-eighth street must within a very short period be given over exclusively to business.

South of Forty-eighth street the percentage of frontage still occupied by old buildings with old stoop and area encroachments is comparatively small, and it is there that the greatest congestion occurs. The compulsory change of old buildings so as not to substantially encroach will probably not be a very serious burden on property owners, in most cases it will probably increase their renting value. Small encroachments by cornices or similar projections would not materially affect the question of widening the roadway.

Most of the large business buildings recently constructed on Fifth avenue do not substantially encroach on what has heretofore been known as the stoop area.

Undoubtedly some new buildings have been constructed with projections which would materially interfere with the use of the sidewalk when extended as contemplated in the recommendation of this Commission. It is probable that in no case would permanent injury or relatively serious loss to individual interests be occasioned; but be that as it may, in such cases the interests of the public imperatively require that such obstructions should be removed to enable the City to carry out the project of widening the avenue. The New York Chapter of the American Institute of Architects has, since the agitation of this question, appointed a committee to consider this question of encroachments, and has pointed out that if the City adopt a hard and fast rule of allowing no encroachments whatsoever, either by cornices or other ornamental work, it will result disastrously from an architectural point of view in the City's appearance, as property owners can scarcely be expected, in view of the high price of real estate, to sacrifice 2 or 3 feet of space of the whole area of their frontage. Certain moderate encroachments sufficient for balconies and ornamentation in the upper stories, say not less than 10 or 15 feet above the street, would not interfere with the use of the sidewalk, and should be fixed by law and allowed as necessary to give large buildings the artistic appearance essential to city construction, and all encroachments not so allowed should be forbidden. All encroachments should be removed so far as necessary to accomplish the desired result of widening the thoroughfare.

Between about Forty-eighth street and Fifty-eighth street the inroads of business have not been such as to change the character of the avenue from that of a residential district, but if, when, and as they do, a treatment similar to that here recommended for the lower district will doubtless be necessary.

#### Fifth Avenue and Forty-second Street.

The congestion at Fifth avenue and Forty-second street is very great, and will be much greater when the New York Central Railroad terminal is completed. The Commission has caused drawings to be prepared for a plan whereby, in its opinion, such congested conditions can be obviated. Such plan contemplates widening the roadway of Forty-second street 60 feet, thus making it 100 feet wide for a distance of 300 feet east and west of Fifth avenue, by adding to it the entire sidewalk on each side, making a circular roadway at the intersection back as far as the building line, and pushing back the sidewalks, both at the corners and on Forty-second street where widened, behind the building line, so that except at the southwest corner of Forty-second street and Fifth avenue, where the public library is, the sidewalks will pass in an arcade under the first stories of the buildings. The centre of Forty-second street, of a width of 40 feet, the present width, to be depressed so as to pass under Fifth avenue, the additional width of 30 feet on each side to be the roadway or street, crossing Fifth avenue at grade. By this arrangement the crossing of Fifth avenue by the street cars and crosstown traffic will be obviated. On each side of the depressed street there will be a roadway 30 feet wide for traffic with Fifth avenue, and the street area for vehicles at the intersection will, by reason of the circle, be very much increased. This will, it is believed, give permanent relief to the congestion at this point, and prevent the stoppage of Fifth avenue traffic, which now impedes travel on Fifth avenue for a considerable distance north and south, and causes delay over a large portion of the avenue. The City owns the southwest corner where the public library now is, but on the three other corners, as well as on Forty-second street, the right to put the sidewalks back of the building line and under the first stories of the buildings will have to be acquired by the City; but as the rest of the buildings will not be injured, the cost should not be comparatively great. If found necessary a similar construction by arcade and circle can be adopted at the crossing of Forty-second street and Madison avenue.

#### Central Park.

This Commission is of the opinion that the removal of the wall surrounding Central Park will be to the advantage of the City. It will add area to the park and contribute to its usefulness by enabling the large space along the inside of the existing wall, now substantially unused, to be utilized for the purposes of pathways, seats, flowers and shrubbery. This should be done and trees should be planted along the avenues fronting on the park, so as to make them harmonize with the park itself, of which they should practically form a part.

A new driveway along the easterly side of the park parallel with Fifth avenue has been advocated. Such a driveway would be a handsome improvement and may be required hereafter, but at the present time the Commission is of the opinion that it is not necessary; if it shall hereafter appear to be it can be built. That matter may be safely left for the determination of the Department of Parks, as the occasion may require. In connection with the Blackwell's Island Bridge approach such a driveway would make the Fifty-ninth street and Fifth avenue plaza compare favorably with the best European examples.

The bridle path in Central Park should be widened and straightened. It is inadequate and a source of danger to those using it.

A parkway connection between Central Park and the Harlem river was recommended in the preliminary report of this Commission. Since such report a parkway of this character has been projected by the City along Seventh avenue. A new bridge across the Harlem river at One Hundred and Forty-fifth street will give a connection between Central Park and the Grand Boulevard and Concourse, and the parks situated in the Borough of The Bronx. In view of the elevation of the southerly end of the Grand Boulevard and Concourse, such bridge and approaches should be made at an elevation which will obviate the necessity of a drawbridge, and secure for the City a bridge as ornamental as Washington Bridge.

#### Blackwell's Island Bridge.

After considering various plans for a proper approach from the Manhattan side to the Blackwell's Island Bridge, this Commission is of opinion that the best method

is to add 100 feet to the south side of Sixtieth street from Fifth avenue to the bridge entrance. This will give an avenue or street 160 feet wide, which should be laid out with trees as a parkway, and special roadways for light and heavy traffic, thus giving a park connection from Central Park to Blackwell's Island Bridge, and the parkways and park system of Queens.

In order to relieve the congestion of traffic which might otherwise occur at Fifth avenue, a diagonal approach should also be made from the end of Blackwell's Island Bridge in a southwesterly direction from Second avenue to Fifty-seventh street, thus furnishing practically two approaches to this bridge. The street surface tracks on Fifty-ninth street should be depressed so as to pass under Fifth avenue.

The small park or square at the northwest corner of Fifty-eighth street and Fifth avenue should be taken away, or at all events curtailed, and one or more reserved spaces properly planted and laid out be substituted, long and narrow in shape and conveniently situated so as to allow of vehicle traffic on each side, and to also serve as refuges for pedestrians and where people could sit and watch the passing carriages.

Blackwell's Island itself should ultimately be reserved as a park.

Several different plans for the Manhattan approach to the Blackwell's Island Bridge have been suggested and discussed. The question of cost and expense is naturally an important factor. The plan of making the main and only approach to the bridge over Fifty-seventh street by a diagonal street from the bridge entrance at Second avenue to Fifty-seventh street has in its favor the potent factor of economy and probably will satisfy all purely utilitarian requirements. It cannot, however, give the imposing effect of a direct approach and can, at most, be a makeshift. If the question of cost were eliminated there would probably be substantial unanimity in favor of taking the entire block between Fifty-ninth and Sixtieth streets, from Fifth avenue to the bridge entrance, as a parkway approach. The assessed value of such property is approximately between fourteen and fifteen millions of dollars. It would cost the City to acquire it doubtless considerable more. To offset this there is the enhanced value of the surrounding property for the purposes of taxation and the assessment for betterment, which in this case should be levied on adjoining property, as the enhancement in value would be very great. The City has, in many instances, incurred large expenditures for results not as commensurate with cost.

The Commission has, however, selected the middle course of widening Sixtieth street by 100 feet, and building a diagonal connection with Fifty-seventh street as more conservative. This would give a direct and adequate approach at less than half the cost of taking the whole block. At the same time the Commission realizes that this is in a way a makeshift only, and ventures to record its opinion that the only adequate treatment is to appropriate the whole block and thus give the City an improvement worthy of it and on a par with some of the most beautiful cities of Europe. New York is fast becoming an object of sightseeing interest for strangers who are every year coming in increasing numbers, spending their money and adding to its prosperity. Cities in Europe would probably not hesitate to incur the greater expense entailed in taking the whole block in view of the far greater advantage to be derived, and, while the Commission has confined its recommendation to the less expensive plan, it ventures the prophecy that the future will criticize its recommendation as due to a failure to take a broad and comprehensive view of the subject.

The ideal course would be the plan hereinafter recommended of allowing the City to take much more land than needed and reap the benefit of the enhanced price brought about by the proposed improvement. There would seem to be little doubt that the neighboring property, bordering as it would on practically a park connecting Central Park and the residential district of Fifth avenue with the most impressive avenue of communication with the Queens parkways and the country beyond would materially advance in value. As a site for high class hotels and apartment houses it would rival the Fifth avenue plaza, and if the City could realize the benefit of such enhancement in value, it would recoup probably the entire cost of the improvement. The question of taking more land than actually required will be discussed at another place in this report, but attention is especially called to it here, as this particular improvement is a striking illustration in point as to how by such system great improvements can be made without undue burden on the taxpayers. It is possible that in this particular case there is not time enough before the opening of the bridge to bring about such a great departure from existing methods, and even if there were the inevitable public discussion incident to such a change would doubtless, by causing a great advance in the price of property, defeat the possibility of beneficial results.

#### Other Changes.

Riverside drive should be extended south in a southeasterly direction to West End avenue, thus making a continuous direct route from Riverside drive to West End avenue, south on West End avenue to Fifty-ninth street, and thence through the park to the approach to Blackwell's Island Bridge. Riverside drive would be much improved by some treatment which would shut out from view the railroad running along the North river. This can be devised without serious trouble.

Madison avenue should be extended in a southeasterly direction from Twenty-third street to a point at or near the junction of Fourth avenue and the north side of Union square, thus furnishing a continuous thoroughfare to the lower part of the City by Fourth avenue, Lafayette place and Elm street. Any plan for diverting Madison avenue to Broadway or Fourth avenue before reaching Union square would be, in the opinion of this Commission, entirely inadequate and fail to accomplish the purpose desired.

Fourteenth street, from Broadway to Fourth avenue, should be widened by taking a strip off the southerly end of Union square, which would relieve the congestion at that point and enable a better arrangement to be made for the tracks of the surface cars. This would not take away anything from Union square, as an equal amount could be added on the north, the paved surface of Seventeenth street, north of Union square, being unnecessarily wide.

Irving place should be extended south to meet Fourth avenue, from whence it would give a connection south through Lafayette street or the Bowery. Chrystie street should be widened by adding forty feet thereto, from the southerly end of Second avenue to Canal street at a junction with the approach to Manhattan Bridge over the East river, thus making what will be practically a prolongation of Second avenue to a connection with Manhattan Bridge, and furnishing an outlet north for that travel to and from Brooklyn.

Seventh avenue should be extended from its southern terminus, passing through the intersections of the various intervening streets by Jones Park to Christopher street, and thence south to the intersection of Canal and West streets on the waterfront. Varick street should be extended north to Christopher street and should be widened from St. John's Park to its intersection with West Broadway, thus giving a through connection from Seventh avenue to West Broadway at Leonard street, and to West street at the intersection with Canal. The two additional thoroughfares north and south thus provided will take care of a large amount of traffic.

Sixth avenue should be extended south to the intersection of Chambers and West streets, thus forming another through connection with the water front and thence to the Battery. By widening Christopher street from Ninth avenue to Sixth avenue, it will cross the proposed prolongation south of Seventh avenue and facilitate travel from that portion of the waterfront north by both Sixth and Seventh avenues.

The foregoing changes open up several substantially additional avenues for through traffic north and south. These, with the projected diagonal avenue running northwest from the plaza at the Manhattan end of the approach to Manhattan Bridge and tapping all the north and south avenues, will add greatly to the facilities for north and south traffic.

By reference to the map it will be seen that at these new connections a number of circles have been secured which in many instances can be used as open squares or small parks in a part of the City where they are much needed.

All the above changes are shown in detail on the maps accompanying this report. The terminal of the Pennsylvania Railroad Company between Seventh and Ninth avenues and Thirty-first and Thirty-third streets will, when completed, doubtless require a better approach than now exists. This could be best secured by widening Thirty-second street from Sixth to Seventh avenues.

#### BROOKLYN.

Brooklyn needs at the present time, more than any other one thing, additional connections with Manhattan. The bridge approaches, both from the Manhattan and Brooklyn sides, are entirely inadequate. The salient feature of the Commission's plan is a circular plaza, 800 feet in diameter, connected with the Brooklyn and Manhattan bridges, from which the principal routes of travel through the borough and to the districts beyond radiate. This plaza, which for convenience is herein called

the Bridge Plaza, is designed to distribute the traffic between the bridges and the through routes leading in the different directions respectively. For this purpose two new streets 100 feet in width are projected, one to City Hall Park and the other to the Navy Yard. In addition to these the Flatbush avenue extension, 120 feet wide, and a new diagonal street to Myrtle avenue as shown on the drawings, provide new outlets to and from the plaza and the bridges.

Bridge street should be prolonged from Fulton street to Fourth avenue.

Fourth avenue should be extended as shown on the map to the plaza of the Blackwell's Island Bridge. This avenue 120 feet wide, properly planted, will give an attractive through connection between the Shore road and Coney Island and Manhattan by the Williamsburg and Blackwell's Island bridges.

The Shore road should, if possible, be continued through or around Fort Hamilton so as to reach Dyker Beach Park, and the road from there along the shore should be widened and improved so as to make a continuous marginal driveway to Coney Island, and thence following the present roads along the shore of Sheepshead Bay to a projected new parkway, skirting the north shore of Jamaica Bay, to a connection at the borough line with the shore parkway in Queens. For details of this, reference is made to the accompanying map. The islands or lowlands in Jamaica Bay between Bergen Beach, Barren Island and Sheepshead Bay could be made, by filling, available for park purposes, or possibly valuable for commercial uses—how valuable they might be would depend on what dredging could be done, the depth of water obtainable in the channels, etc. A good many engineering problems will have to be solved in order to determine exactly the best treatment for Jamaica Bay and its islands. The Commission has, therefore, confined itself to recommending a parkway as shown on the map, leaving other matters to be decided hereafter. A connection by bridge to the westerly part of Rockaway Beach is shown on the map and will doubtless be ultimately required.

A parkway connection between Fort Hamilton and Prospect Park should be made, along the present Fort Hamilton road, which should be widened to at least 100 feet. This parkway should be further extended east across Flatbush avenue to East New York avenue. This latter should be made a parkway and continued as such to the Eastern parkway.

Faerdegat Basin and the basin of Garretson Creek should be reserved for park purposes.

"Sea Park" should be enlarged by taking in the property to the east of the Ocean parkway between Sea Breeze avenue and Surf avenue.

Bushwick avenue should be extended westerly to Fifth street, and Fifth street to Williamsburg Bridge plaza should be widened. The drawings accompanying this report show the bearing of all these proposed changes.

Thirty-ninth street should be extended to Flatlands avenue. Avenue I should be widened to 80 feet from Ocean parkway to Flatlands avenue. This connects the Flatlands section and beyond through Parkville, Kensington and South Brooklyn with the Thirty-ninth Street Ferry and Manhattan.

Widen New Utrecht avenue to 80 feet from Thirty-ninth Street South. This connects the Bath Beach, Bensonhurst and Gravesend sections to the Thirty-ninth Street Ferry.

Continue Flatbush avenue southerly to the proposed bridge between Barren Island and the westerly end of Rockaway Beach.

Prolong Patchen avenue to the intersection of Rockaway parkway and East New York avenue and connect with Ralph avenue. This will secure a thoroughfare between the Bergen Beach and Canarsie sections and the Williamsburg Bridge.

Open Bedford avenue from the corner of Heyward street to the Williamsburg Bridge plaza; widen Roebling street; cut through Grand street as shown on the map. These latter facilitate traffic handling at the Williamsburg Bridge plaza.

The general plan of parkways in Brooklyn as shown on the map constitutes substantially a marginal parkway on the west, south and east connecting with Queens and its system, and the still more distant park systems of Manhattan and The Bronx by the Blackwell's Island bridge and the proposed connecting railway bridge over Randall's Island.

The question of increased transit facilities between Manhattan and Brooklyn should receive the closest attention by the City authorities. It is a matter of prime importance both to the convenience of residents of the borough and in the interest of the City at large, which requires that the population should be kept within the State of New York and nothing done which might encourage a drifting across the North river.

Underground connections between Brooklyn and the Battery in Manhattan now well under way and those yet to be built, extending to and connecting with the Long Island City tunnels at Forty-second street, Manhattan, and the Pennsylvania Railroad tunnel at Thirty-fourth street, Manhattan, will undoubtedly ultimately relieve greatly the present congestion at the bridges. Doubtless other tunnels will also be built. The question in the immediate future is as to speedy relief of existing conditions, rather than as to a general plan.

#### QUEENS.

The Commission employed the well-known landscape architects, Olmsted Brothers, to investigate and give their advice as to a general plan for the development of this borough, which, by reason of its comparatively small population and large area of unimproved land, is particularly susceptible of a comprehensive scheme of thoroughfares, parks and parkways, and the Commission deems it of great importance at this time that a general plan should be adopted and the properties desired by the City acquired promptly before buildings have increased very largely the cost.

After considering various suggestions that have been made the Committee has prepared a general plan for the parks and parkways of Queens, set forth in the drawing annexed to this report.

If the main thoroughfares are chosen and fixed in advance it is easy to establish the location, grade and width of local streets best adapted to the needs of the different localities. The Commission does not deem such matters, of more or less detail, as coming within its province.

A park system for the Borough of Queens includes three general classes of reservations, viz., shore parks, inland parks and approaching and connecting parkways.

Starting from the terminus of the Blackwell's Island Bridge approach on Thompson avenue, the parkway connection follows easterly along Thompson avenue to a proposed park near Newtown. Thompson avenue for this distance should be widened to not less than 160 feet, suitably planted and laid out for surface cars, heavy traffic and park traffic in separate roadways. The projected park above mentioned consists of lowlands not available for building, but capable of very suitable development as a park. Driveways should be laid out through this park, and from a point not far from Maple Grove Cemetery a parkway is proposed, following the contour of the ground to a point on the highland overlooking Jamaica. A strip of this highland, north of Hillside avenue, is proposed to take for a park, and the parkway continued easterly to a point at or near Douglaston, where a lake and the natural topography of the land is particularly adapted for park purposes.

Returning westerly, south of Bay Side, the parkway is continued to a point near Flushing Cemetery, where it enters again the park projected near Newtown.

Connecting these proposed parks north of Jamaica and near Flushing is a parkway running north and south along the line of a watercourse, where the land is very well adapted to park treatment. From the north side of the park near Douglaston a parkway is laid out along the shore line to Willet's Point, and thence to Cryders Point and through Whitestone—one branch continuing south to a connection with the park near Newtown, and another branch to a point north of Flushing, where an inland park is projected at a low piece of land not suitable for buildings unless filled and liable to development as a section of cheap buildings and unsanitary conditions. If acquired by the City it can be made available for park purposes and provide an inland park in a section where it will be much needed when this part of the City is built up. From this proposed park a parkway leads east along Jackson avenue to Flushing and west to an intersection with Thompson avenue. A park in the lowland between Flushing and College Point with a parkway and water front park at College Point is recommended.

A wooded knoll on the shore of Flushing Bay, known as Stratton Woods, is especially suited for park purposes, and can be connected with the other parks and parkways so as to make an attractive water front terminal.

Towards the south, from the terminus on Thompson avenue of the approach to Blackwell's Island Bridge a parkway is projected, running along and coincident with Van Dam street and Hunter's Point avenue, in a generally southeasterly direction to Highland Park, and thence passing through Highland Park and continuing in a southeast-

erly direction along the Brooklyn aqueduct lands, with small parks at certain suitable points to the city line at Rosedale, near Springfield. Certain lakes along this line forming part of the Brooklyn water supply system make admirable park areas. This avenue should be at least 160 feet in width and laid out with appropriate planting and separate roadways for heavy and light traffic. From Springfield north a parkway runs to a connection with the park near Douglaston and south of Springfield to Rockaway Beach, with a branch skirting the north shore of Jamaica Bay to the line of Brooklyn, where it joins the Shore road in such borough.

From Williamsburg Bridge two parkways are laid out, one running in a north-easterly direction to the projected park near Newtown, and the other in a south-easterly direction, through Forest Park, to Baisley's Pond, and a connection with Brooklyn aqueduct lands.

Direct connecting parkways are also shown, connecting Forest Park with the projected park near Newtown, and also with the one projected on the highland north of Jamaica. A bridge and roadway connection is also projected with the Bronx over Randall's Island and Ward's Island, both of which should ultimately be reserved for parks. Blackwell's Island, Randall's Island and Ward's Island, reserved as parks and places of public recreation, will be of immeasurable value to the whole City.

The dominating feature of this plan consists of a system of parks and parkways connecting the borough and its park system with the other boroughs and their park systems so as to make them all parts of one harmonious whole, and afford through traffic connection from one to the other, at the same time that proper and adequate breathing spaces and recreation grounds are supplied for the immediate inhabitants of the borough itself. In this, as in other cases, it has not been intended to treat exhaustively the question of small parks. Many may doubtless be required or advisable in Queens, as in other boroughs, in addition to the parks herein recommended. In every large city there should be within easy reach of every house a park or open space for exercise and recreation, varying in size according to circumstances. Queens has an area equal almost to the boroughs of Manhattan, Brooklyn and The Bronx combined. These have now 6,700 acres of parks, Queens 638 acres. The park area of the former three boroughs is concededly not enough, in view of their population. That Queens will ultimately have as dense a population as the other three is probable, and that provision should now be made seems self-evident. The proportion of park area to the total area is, in Manhattan, something over 10 per cent., in the Bronx something over 15 per cent. On the latter percentage Queens should have over 13,000 acres of parks, or twenty times what it now has. We have given it much less. Access to the water should be preserved for the public, and adequate provision therefor made by waterfront parks. Manhattan, with a waterfront of about 44 miles, has fifteen waterfront parks. Queens has a waterfront of 116 miles, and on a percentage basis should have many more.

Although the area proposed to be taken for parks in the borough may seem large, it appears from the above comparison to be in reality rather conservative than otherwise.

Now is the time for the City to seriously take up the question and acquire the necessary land before building and increasing values have made their acquisition too expensive; otherwise it will be compelled later on to condemn lands for park purposes at much greater expense, and the mistake which has been so often made in the course of New York's development of not appreciating in time future needs will be repeated. If the property is acquired its maintenance and gradual development into parks will not be expensive. The work can be done by degrees, and the character of the land is not such as to necessitate heavy expense.

#### THE BRONX.

This borough is better equipped with avenues and parks than any other part of the City. The proposed connection over Washington Bridge and One Hundred and Eighty-first street with the parks on the North river, and by the Grand Boulevard and Concourse, over the proposed bridge at One Hundred and Forty-fifth street and Seventh avenue, with Central Park, and thence to Blackwell's Island Bridge, and the projected bridge and connection with Queens over Randall's Island and Ward's Island, connect The Bronx and its park system with all the other parts of the Greater City.

The northern approach to the Hudson Memorial Bridge should be reserved as a park. On the North river, between the Hudson Memorial Bridge and the City line, the treatment recommended for the waterfront further south should be adopted—that is, the frontage on the river unsuitable for commercial purposes, together with such portions of the sloping land as are not adapted for building, should be reserved for parks. Palisade avenue should be improved so as to make it an appropriate continuation of Riverside drive and Boulevard Lafayette.

Similar portions of the sloping land between Sedgwick avenue and the Harlem river should also be reserved for parks. Much of this is well wooded and particularly adapted to the purpose and could be readily connected with the proposed parkway and arena between Washington Bridge and the Grand Boulevard and Concourse.

The accompanying map, Plate IV., shows the above indicated improvements in detail.

The main through avenues of the Borough of The Bronx, such as the old Boston road, the White Plains road and others, constitute the great arteries of travel and communication between the City and the districts north of it. As such their maintenance in the highest state of efficiency is of the greatest importance to the whole city. At their intersections with cross roads public squares or small parks could be appropriately located.

The general map submitted herewith shows all that has been completed or is under way and indicates the recommendations of the Commission, with reference to the borough itself, as well as the connections between it and the other parts of the city.

#### RICHMOND.

This borough has no overland connection with the other portions of the city, and so far as its parkways and parks are concerned must necessarily be treated separately. The Commission has no doubt, however, that ultimately tunnels will connect this borough with Manhattan and Brooklyn.

A seaside park fronting on the Lower Bay should be selected. The most southerly point of the borough contains the historic Billop place, which is well adapted for the purpose. The map accompanying this report shows a system of proposed roads and parks. Their exact location and extent will necessarily depend on many local engineering and other questions which can scarcely be treated within the limits of a general report.

#### THE MATTER OF PUBLIC BUILDINGS AND THEIR LOCATION.

This question has received much attention by the Commission. The preliminary report of this Commission stated as follows:

"Manifestly any proper solution of such question must take into consideration the purposes for which the various classes of buildings are required and the objects which they are intended to accomplish. City Hall Park has been for many years the centre of the administrative and legislative branch of the City Government. It is probably as well situated with reference to accessibility to all parts of the greater city as any other point. The City Hall is one of the few good monuments possessed by the City."

Further consideration has only strengthened the Commission in its view that the centre of the administrative and legislative branch of the City Government should be the City Hall Park, Manhattan, and that this location should be settled upon as the civic centre of the greater city, and the buildings from time to time required for the administration of the greater city's affairs should be grouped around this park. The underground road, both the east and the west side elevated systems, the Brooklyn Bridge, and the underground connection with Brooklyn by way of the tunnel from the Battery, as well as the surface car lines, all converge to this point, so that from the point of view of accessibility it is probably more conveniently situated with reference to the population of the entire greater city than any other locality. Many Government buildings, including the City Hall, the United States Post Office, the United States Courts, the Hall of Records, with the Corporation Counsel's office, the Criminal Courts and the District Attorney's office, are already there.

The expense of acquiring property fronting on this park is the principal objection to the continued grouping of public buildings in that locality, but the same objection would very shortly apply to any other site for a civic centre that might be selected. The value of surrounding property would be immediately enhanced, and, while that required for present needs might be secured at a comparatively smaller outlay, the benefit to be derived by the City therefrom, even under a very liberal construction of

"present needs," would apply only to its temporary requirements. In twenty-five or thirty years it would be confronted with a repetition of exactly the same conditions that are now presented. The first cost of the land, which is only a percentage of the expense, would alone in any event be affected, and as against this there would be the possible loss on present investment and the expense involved in the change to another site, or in the conduct of the City's affairs from administration offices widely separated. Taking everything into consideration, it is probably doubtful if in the long run the difference in expense would be as material as might seem at first sight. The benefits to the City from thus grouping its administration offices in proximity to each other, both for convenience of business and giving to it monuments worthy of its importance and located in appropriate surroundings, gratifying the civic pride of its citizens and furnishing examples of its progress in the arts, must seem obvious. Buildings, however important and however imposing, if located separately or scattered around the city generally, lose largely their importance. By appropriate and suitable grouping, they represent what they really are and the one adds to the other. Many handsome buildings have been constructed, the effective appearance of which is largely lost by reason of their location. In European cities the effect produced by the public buildings is largely due to their grouping together.

The Commission is very strongly of the opinion that the grouping together of public buildings is an essential part of any comprehensive scheme of City improvement which is to give to the City an appearance worthy of it, and on a par with other great cities of the world.

In this connection it may be well to call attention again to the fact that, if the City were given some latitude in the power of condemnation, it could by acquiring the neighboring property realize the benefit of the increase in rents and value which will doubtless ensue from the construction of additional public buildings and thereby reduce the ultimate expense to the City.

Public buildings other than those connected with the administration of the City as a whole, such as schools, libraries, station houses, engine houses, etc., should be grouped together in the respective different sections of the City and located with reference to parks, public squares, or important highways, so as to add to the adornment of the City and count as municipal monuments instead of being hidden, as has heretofore often been the case. In the grouping of such buildings care, of course, should be taken that the purpose for which they are to be used should not interfere the one with the other.

The Commission is of the opinion that it is not advisable that it should undertake to locate in each separate part of the City such buildings. These must be developed gradually, as the needs of the City require, and the Commission does not consider that their location as a whole at this time is either feasible or advisable, or that such location constitutes a part of a comprehensive plan.

The recommendation of the Commission is that the policy should be adopted of grouping the principal buildings connected with the government of the whole City around City Hall Park, Manhattan, and locating other buildings of what may be called local importance, in such manner that they shall be grouped together in the different sections of the City. The location of such various buildings should be fixed with reference to their environments, so that they should form appropriate monuments for the City and not be lost, so far as effective appearance is concerned, by being placed in surroundings entirely inappropriate. The Prospect Park Plaza, Brooklyn, is a location eminently suited to the grouping together of important buildings.

In this connection it is appropriate to say that the Commission is strongly of opinion that it would be highly beneficial in the carrying out of the improvements of the City that the office of a city architect should be created, whose appointment should be independent of political influences, and under whose direction all the various improvements undertaken should be carried out. Such office exists in the City of Paris, and has tended to contribute largely to that uniformity of construction and harmonious architectural effect which characterizes that City. A type of city architecture should be adopted for all buildings or constructions erected by the City, which should conform, so far as necessary, to the uses for which the buildings are intended, but should have a distinctive stamp as the style of architecture of The City of New York.

A somewhat analogous office to that of city architect now exists in the Treasury Department at Washington, where there is an officer known as Supervising Architect of the Treasury, who exercises a general supervision over the constructions, alterations, and modifications from time to time made. There is at the present time a somewhat similar office provided in each of the five boroughs of Greater New York, but this Commission is of the opinion that it would be much more beneficial and tend to a much better development if there were one Supervising Architect for the whole City.

#### APPROPRIATE HOUSE NUMBERS, GAS AND ELECTRIC FIXTURES, MANNER OF INDICATING THE STREETS.

Uniformity in all such matters is the principal desideratum. A sample or model for house numbers, names of streets, and lighting fixtures should be determined upon, of a simple and at the same time distinctive character, and conformity to these models, both as to form and location, should be rigidly enforced in the whole City, so that they would come ultimately to be a distinctive feature of the metropolis. In many European cities the numbers of the houses are located on the outside wall, instead of on or over the door, as is usual with us. As a result the numbers are much more easily seen.

Advertisements, news stands, bootblacking stands, etc., should be regulated by adopting a uniform system, by way of booths or other similar structures, which should be of a simple and uniform construction, containing advertisements of theatres and other matters. All advertisements, other than in accordance with such uniform regulations, should be prohibited. The City authorities should fix upon one model and then strictly enforce a compliance therewith. This would remove a great nuisance in glaring billboards and other signs which disfigure the City. Large display advertisements are largely the result of competition, if all were compelled to conform to the same requirements there would be no need or desire for existing extravagant display.

Open dumps as now allowed on the water front should be absolutely prohibited and covered dumps should be provided.

Public markets should be located at appropriate points. Uniformity in their construction for the entire City should be made obligatory.

#### THE LOCATION OF STATUES AND MONUMENTS.

It is not possible for the Commission to specify particular locations at this time, but it is desirable, in the opinion of the Commission, that a definite policy be adopted and strictly adhered to, that such monuments and statues as may from time to time be erected hereafter be so located with reference to the adjacent buildings or parks as to be an advantage to the surrounding structures, which in their turn would tend to set off the monument or statue itself. Monuments and statues should not be placed in the middle of street intersections, as they curtail traffic facilities and impair vistas.

The Commission recommends that a permanent reviewing stand for parades be constructed of appropriate design, and a landing station be built at a convenient and suitable location on the North river, where those commanding the ships of war of foreign governments could be appropriately received.

The Commission is informed that there is now in the City treasury some \$54,000 bequeathed to the City for the erection of an ornamental fountain. The small square on Fifth avenue, between Fifty-eighth and Fifty-ninth streets, Manhattan, would be a very appropriate site, and the Commission thinks immediate steps should be taken to erect it.

#### BRIDLE PATHS.

Provision should be made generally throughout the City for bridle paths in all the parks and along all parkways in such manner as to avoid the necessity of equestrians crossing or using the other roads. In view of the large increase in the use of automobiles, this has become much more essential than heretofore. Such bridle paths should be of adequate width, and, so far as possible, with straight stretches. Windings should be avoided, as they are a constant source of danger.

#### RAILROAD CROSSINGS AND TRAFFIC REGULATIONS.

No railroad crossing at grade should be allowed within the City limits. The traffic regulations inaugurated by the Police Department within the last few years have been of great benefit. The action of the Department in that regard is entitled to great commendation. These should be extended so as to prevent the heavy traffic in certain thoroughfares, notably Fifth avenue, during certain hours of the day.

## IN THE MATTER OF THE PAVEMENT OF THE STREETS.

The last ten years has shown great improvement in that regard, but much is still left to be desired. As an essential step in that direction, the City should maintain a repair plant and a regularly organized force for the purpose of repairing the streets. Under the present system, streets and avenues are paved by contract, and there is no regular method of making small repairs as the necessity therefor becomes apparent. The streets are therefore allowed to gradually get out of repair, until a general repaving is necessary, with the result of very bad streets and great expense to the City. If a comparatively small efficient force were permanently employed to make repairs as soon as any deterioration made itself manifest, not only would there be a large saving to the municipality, but a great improvement in the condition of the streets of the City. The paving and maintenance of the principal thoroughfares connecting the boroughs and the outlying districts should be provided for by the central City Government, and not left to the different Borough Presidents. Such thoroughfares are used by the citizens generally, and are not of local character.

## TREE PLANTING.

Trees should be planted in all the important thoroughfares along the sidewalks and where different roadways are laid out between the same. These should be cared for and preserved by the City. Destruction of trees on streets or other City properties, by electric light, telephone, traction companies, or others, should be rigidly prevented.

## CAB SERVICE.

A very great improvement could be brought about in the cab service of The City of New York. Under existing circumstances there are two evils, both working against an adequate cab system; first, allowing hotels, clubs and restaurants to practically rent out part of the public thoroughfares to private livery stables, under the guise of allowing them to stand in front of their premises. A great part of the best and most lucrative cab service is by this means diverted from the public cabman to the livery stableman. This is unfair to the licensed cabman, and is a most unjust appropriation of the City streets for the benefit of the adjoining property owner, where, as is usually the case, he is paid in one form or another for the privilege by the livery stableman. Sometimes as much as several thousand dollars a year is paid for the privilege of standing before the premises. This practice should be prohibited.

Another serious objection to the present cab system is the frequency of disputes as to the amount of the fare. The principal cause of this is the fact that there is no convenient judge or tribunal to which such disputes can be readily submitted, a fact which is often taken advantage of by the cabman to demand exorbitant fares, in the hope that they will be submitted to rather than incur the trouble of pursuing the present methods of redress. In some cities, to remedy this evil, taximeters have been introduced. These are attached to the cabs, and indicate on a dial the distance traveled and the exact amount of fare earned. They have been found, in many cities of Europe, to work well and prevent disputes.

The police should also be instructed in the cab tariff system, and any dispute between a cab driver and a fare should be at once submitted to the nearest policeman, whose determination should be final, so far as the particular transaction is concerned. If either the cabman or the passenger feel aggrieved by the decision, he can pursue his remedy by reporting the policeman. This is the system which is adopted in many large cities in Europe, and would remove a great deal of the trouble which at present exists. Many people hesitate to use cabs from the fear of a disagreeable and unpleasant dispute about the fare. If the matter could be settled by inspection of the taximeter or by appealing to the nearest policeman, the abuse or inconvenience which now exists would rapidly disappear and would result in a large increased use of the cab and a great benefit to cab owners and cab drivers as well as to the passenger public.

## POWER OF CONDEMNATION.

In the preliminary report made by this Commission it was said that although the expenditures necessarily required by any proper plan of development must be large "they can in many instances be greatly reduced if the City had the power exercised in many European cities of condemning more than the area actually required, so that the City might reap the benefit to be derived from the enhanced value of neighboring property, and, in the judgment of the Commission, steps should be taken to secure such changes in the constitution and legislative enactments as may be necessary for the purpose. This method of taking more land than required, with the object by resale at an advance of recouping part of the expenses, has been applied in various large cities of Great Britain and the Continent, where extensive alterations have been undertaken for securing architectural effects, remedying sanitary conditions, or improving the city generally, and it is questionable whether many of the improvements would have been otherwise accomplished. Objection to giving the City such power has sometimes been raised on the ground that it might be abused or injudiciously exercised. In these times, however, of increasing municipal activities, when so many more extensive powers are constantly being entrusted to those charged with the administration of the City's affairs, such objection can scarcely be considered necessarily fatal or conclusive, if proper safeguards and limitations are imposed."

Further reflection has convinced the Commission that the necessary power should be given to the City by appropriate legislation to carry out the above plan, and the Commission recommends that immediate steps be taken on behalf of the City government to effect such result.

Many of the improvements herein suggested will prove very expensive and require the City to take and pay for large areas of expensive properties, and by reason of the very improvements the value of adjoining properties will be largely enhanced. There is certainly no reason why individual property owners should realize this increment, due exclusively to the expenditure of the public moneys. The City is naturally the proper beneficiary, and, if allowed thereby to recoup itself, many improvements of vast importance to the public can be made without burden to the taxpayer. The recently constructed highway through the heart of London has been carried out in this way, and with the result that the city has disposed of the properties and practically recouped the entire cost of the enterprise. The same thing has been done in other instances, and New York, with its growing population, is a field peculiarly fitted for successfully carrying out such an operation. An instance in point is the widening of Livingston street in Brooklyn. A comparison of the prices paid by the City and those at which sales of adjoining property have since been made shows that if this system had been applied, the City would have recouped the entire cost of the improvement.

## CONDEMNATION COURTS.

Connected with this question of condemnation is the one as to the present system which is most strongly to be condemned. The City takes title to the property, leaving the owner to wait for his money until the tedious process of determining the value of the property has been gone through with. It is true the City ultimately pays the amount with 6 per cent. interest, but the property owner has to go without his income for a long time, owing to the long delay, which in many cases is a great hardship, and often results in sales of claims against the City to speculators at sacrifice prices. A special tribunal for condemnation proceedings has often been suggested as a remedy for the evil.

The foregoing report is hereby respectfully submitted by order of the Commission.

F. K. PENDLETON, Chairman.

Which was ordered on file.

The President laid before the Board the following communication from the President, Borough of Manhattan:

No. 1622.

City of New York,  
Office of the President of the Borough of Manhattan,  
City Hall, December 5, 1906.

P. J. SCULLY, Esq., Clerk of the Board of Aldermen:

Dear Sir—On October 23, 1906, the Board of Aldermen adopted a resolution authorizing the Borough President to establish guard rails, or posts or isles of safety, at Columbus Circle for the protection of passengers waiting for and alighting from cars. In reference to this resolution, your attention is called to an act of the Legislature, passed April 21, 1866, which places the land included in Columbus

Circle under the exclusive control and management of the Commissioners of Central Park, who were authorized to make such rules and regulations respecting its use as they may deem proper. In view of the provisions of this law, it would seem that the "Commissioner of Parks" should be substituted for the name "Borough President."

Yours respectfully,

BERNARD DOWNING, Secretary.

Which was referred to the Committee on Parks.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 1623.

Office of the President of the Borough of The Bronx,  
Municipal Building, Crotona Park,  
February 19, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I beg to call your attention to the application made by Commissioner O'Brien, of the Department of Water Supply, Gas and Electricity, for an issue of Special Revenue Bonds in the sum of \$10,000, to provide for the removal and relocation of water mains in the line of sewer work in the Borough of The Bronx, and I would respectfully ask that inasmuch as the work for which this issue of bonds is requested is of vital importance to this borough that the matter receive early consideration by the Board of Aldermen.

Yours truly,

LOUIS F. HAFFEN,  
President of the Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1624.

Law Department—Office of the Corporation Counsel,  
New York, February 21, 1907.

To the Board of Aldermen of The City of New York:

Sirs—In the Budget for the year 1907 there was included in the appropriation for the Law Department the following item: For Contingent Counsel Fees, Including Deficiencies, \$5,000. This was the smallest appropriation made for that purpose in over twenty years. The amount allowed has never been less than \$25,000, and has often exceeded \$50,000.

Conditions have arisen in this Department which will necessitate the employment of special counsel in several matters which cannot be handled by the regular office staff. The sum of \$5,000 will by no means be sufficient to pay the expenses resulting from the employment of such special counsel. An additional sum of at least \$25,000 will be needed.

I therefore ask your Board to adopt a resolution, under subdivision 8 of section 188 of the Charter, requesting that the Board of Estimate and Apportionment authorize the Comptroller to issue Special Revenue Bonds to the amount of \$25,000 to pay the expenses necessary in the employment of such special counsel.

I shall be glad to appear before your Board, or any Committee to which the matter may be referred, and explain the particular purposes for which this money is to be used, and the situation in the Department which renders this request necessary.

I inclose a draft of a resolution which will be sufficient for the purpose.

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to authorize the Corporation Counsel to incur expenses not to exceed \$25,000 in amount for the services and expenses of special counsel, to assist him in legal matters in which the City is or may be interested in the year 1907, and the said Board is also requested to authorize the Comptroller to issue Special Revenue Bonds not to exceed in amount \$25,000, in order to provide means for the payment of said expenses.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1625.

Law Department—Office of the Corporation Counsel,  
New York, February 23, 1907.

P. J. SCULLY, Esq., City Clerk:

Sir—I have your letter dated February 21, 1907, enclosing copy of resolution Int. No. 1589, adopted by the Board of Aldermen on the 19th inst., in which I am requested to advise the Board of Aldermen whether a resolution of the Board of Estimate and Apportionment, concurred in by the Board of Aldermen, increasing the salary of an employee of the City, and providing that such increase shall relate back to a date prior to the adoption of the resolution, is contrary to section 10 of article 8 of the Constitution of the State, or otherwise prohibited by law.

This resolution was introduced, it appears, in connection with resolutions Int. Nos. 1583 and 1584, which resolutions were made Special Orders Nos. 113 and 114, published in the minutes of the Board of Aldermen in the City Record of February 21, 1907.

The specific question presented is whether a resolution is valid which fixes the salaries under section 56 of the Charter of certain positions in the office of the Mayor as the moneys to pay the same were specifically appropriated in the Budget for the year 1907, which appropriations were available on the 1st day of January of that year, the resolution of the two boards having been adopted at a later date. The question may be more simply stated as follows:

Whether the Board of Estimate and Apportionment and the Board of Aldermen, acting under the authority of section 56 of the Charter, can legally adopt a resolution grading a position in the Municipal Civil Service, so that it shall take effect at the time when the money specifically appropriated for the payment of the salaries at an increased amount of the persons in those positions became available.

There can be no doubt that the Legislature of the State may pass resolutions of a retroactive character, provided that it does not interfere with constitutional prohibitions, as for instance that it is not ex post facto legislation or legislation violating the obligation of contract.

On this point it is sufficient to cite the cases of *People ex rel. Peake* against the Board of Supervisors, 43 N. Y., 136, and *People ex rel. Collins vs. Spicer*, 99 N. Y., 225.

It is also well settled that the Board of Aldermen, which is the local legislature of this City, has similar powers so long as it is acting within the scope of its statutory powers. On this point it is sufficient to cite the cases of *Village of Carthage vs. Frederick*, 122 N. Y., 268; *Briggs vs. MacKellar*, 2 Abb. Pr., 30; *Wetmore vs. Story*, 22 Barb., 414, 494.

In the latter case the court was dealing particularly with the Common Council of The City of New York. The following is quoted from the opinion, which has been generally accepted as the law in this City:

"The practice of the English Parliament when acting legislatively has been uniformly followed by the Congress of the United States, by the Legislature of this State, and so far as I know by the Legislatures of all the other States. In all these bodies, when there has been a new election of either branch, the unfinished business of their predecessors is considered as absolutely discontinued, and, if taken up at all, is acted upon without reference to what has been done before. Why is not this rule applicable to the Common Council of New York? Can a power delegated to them be taken without the restraining incidents which enter into its definition? And, above all, can it be supposed that when a superior body confers some of its own power upon an inferior one, it designs to go beyond its own limits? I am satisfied that this rule of action in all legislative bodies must govern and control the Common Council of New York in their legislative proceedings."

I am of opinion that the Board of Aldermen has the power to pass retroactive measures, especially where the same are required by reason of the omission of public officials to present a proposed measure in time for action.

Applying the principles of these cases to the resolution in question I find that in the Budget as requested and presented by Mayor McClellan certain increases in salaries in his office were suggested. I further find that in the Budget for 1907, the amount of which was fixed toward the end of the year 1906, certain specified items were specifically set forth therein, which items previous to their approval had been laid before the taxpayers of the City for their consideration. The money appropriated by virtue of the adoption of the Budget became available and payments might be made therefrom on and after the 1st of January, 1907. At the date of the passage of the resolution adopting the Budget for the Mayor's office, or within a short time thereafter, the Board of Aldermen and the Board of Estimate and Apportionment ought to have fixed the salaries which were in effect approved through the enactment of the Budget for the year 1907. The present resolution is in effect a measure to complete and render operative a principle that was approved by the adoption of the Budget in the year 1906, and is really to remedy the omission of the Board of Estimate and Apportionment and of the Board of Aldermen to act within the time when action would ordinarily have been taken.

The question at most is largely academic. There can be no doubt but that the resolution is entirely valid as to future acts after its adoption, and the question, if any there be, as to its validity as to the interval between January 1, 1907, and its adoption, is of no very great importance.

I have no hesitation, therefore, in advising the Board of Aldermen that a resolution of the character in question is valid.

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

Which was ordered on file.

In connection herewith Alderman Meyers offered the following copy of letter and opinion from the Corporation Counsel:

No. 1626.

February 25, 1907.

Hon. WILLIAM B. ELLISON, Corporation Counsel, Hall of Records, New York City:

Sir—I have read carefully your opinion rendered to the Board of Aldermen in response to the request contained in my resolution adopted at the meeting of February 19, 1907, and I find that it is based upon the assumption that the resolution was directed to resolutions received from the Board of Estimate and Apportionment that day affecting the offices of the Mayor, the President of the Board of Aldermen and the City Clerk. As a matter of fact it contemplated more particularly the resolution then pending before the Board and subsequently adopted affecting certain salaries in your office. I had in mind also the large class of similar resolutions now pending before the Board of Estimate and Apportionment and likely to be transmitted to the Board of Aldermen in the near future. In the majority of these cases the resolutions provide for increases in salaries in departments, including your own, in which the Budget makes no specific distribution of the appropriation for salaries. It seems to me that your opinion distinguishes from these the case of the Mayor's office, where a specific appropriation was made for each of the salaries now sought to be increased. I would, therefore, respectfully ask for a supplementary opinion advising the Board of Aldermen with reference to resolutions providing for increases of salary since January 1, 1907, in cases not specifically provided for in the Budget.

Yours respectfully,

(Signed) JAMES COWDEN MEYERS,  
Chairman, Committee on Salaries and Offices.

No. 1627.

Law Department—Office of the Corporation Counsel,  
New York, February 26, 1907.

Hon. JAMES COWDEN MEYERS, Chairman, Committee on Salaries and Offices,  
Board of Aldermen:

Sir—I have received your letter dated February 25, 1907, referring to my opinion to the City Clerk as Clerk of the Board of Aldermen, dated February 23, 1907, in reference to a resolution, Int. No. 1589, adopted by that Board on the 19th inst.

In reference to that opinion you write as follows:

"I find that it is based upon the assumption that the resolution was directed to resolutions received from the Board of Estimate and Apportionment that day affecting the offices of the Mayor, the President of the Board of Aldermen and the City Clerk. As a matter of fact it contemplated more particularly the resolution then pending before the Board and subsequently adopted affecting certain salaries in your office. I had in mind also the large class of similar resolutions now pending before the Board of Estimate and Apportionment and likely to be transmitted to the Board of Aldermen in the near future. In the majority of these cases the resolutions provide for increases in salaries in departments, including your own, in which the Budget makes no specific distribution of the appropriation for salaries. It seems to me that your opinion distinguishes from these the case of the Mayor's office, where a specific appropriation was made for each of the salaries now sought to be increased. I would, therefore, respectfully ask for a supplementary opinion advising the Board of Aldermen with reference to resolutions providing for increases of salary since January 1, 1907, in cases not specifically provided for in the Budget."

In that opinion I answered the request that was made in the letter from the City Clerk, in which no reference was made to any other resolution than the one affecting the office of the Mayor.

The resolution affecting this Department had already been passed by the Board of Aldermen, and no reference thereto was made in the letter requesting advice.

What the facts may be as to the other offices and Departments referred to in your letter, I am not aware. If my opinion is requested and I am furnished with the facts I shall be glad to pass upon such cases.

The only safe way is to consider each case as it arises, and pass upon it after a careful examination of all of the facts as to that particular case.

Situations that on a superficial examination seem the same as others, are often found to differ very materially when all the facts are presented.

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

Which were severally ordered on file.

Alderman Meyers then asked that the letter of P. J. Scully, City Clerk, requesting opinion in connection with Special Orders Nos. 113 and 114 be read.

Hon. WILLIAM B. ELLISON, Corporation Counsel, The City of New York:

Dear Sir—I herewith inclose you copy of resolution Int. No. 1589, adopted by the Board of Aldermen on Tuesday last, the 19th inst., containing a request for your opinion on the matter therein referred to.

This resolution was introduced in connection with resolutions Int. Nos. 1583 and 1584, which resolutions were made Special Order Nos. 113 and 114, published in the minutes of the Board in to-day's CITY RECORD, copies of which are herewith inclosed.

The Committee on Streets, Highways and Sewers, to which was referred on January 22, 1907 (Minutes, page 93), the annexed resolution in relation to the tracks of the New York Central and Hudson River Railroad Company on City streets, respectfully

#### REPORTS:

That, having examined the subject, they return said resolution to the Board of Aldermen and recommend that the same be placed on file.

Approved Resolution No. 2.

Board of Estimate and Apportionment, City of New York.

In the matter of the amendment of the resolution adopted by the Common Council June 20, 1867, and approved June 22, 1867, granting certain privileges to the New York Central and Hudson River Railroad Company.

See Minutes, January 4, 1907.

Whereas, The Common Council of The City of New York did, on June 20, 1867, adopt resolutions reading, in part, as follows:

"Resolved, That permission is hereby granted to the Hudson River Railroad Company, during the continuance of their charter, to use dummy engines to draw their cars between their several passenger and freight stations in The City of New York, upon condition that they pay in each year a license fee of \$50 for each of said engines used by them during that year, to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business;" and

Whereas, Purporting to act under and by the authority of such resolution, the company has occupied some of the streets of the City, the right to which occupation the City, by its proper officials, is now contesting; and

Whereas, The existence of such a broad privilege is against the policy of the people of The City of New York and contrary to their best interests; now therefore be it

Resolved, That said resolution be and the same is hereby amended by striking therefrom the words "to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business," and substituting in their place the words "but no tracks shall hereafter be laid by such company in the streets of the City by way of extensions, connections, switches or turnouts without the consent of this Board."

A true copy of resolution adopted by the Board of Estimate and Apportionment January 4, 1907.

JOSEPH HAAG, Secretary.

The foregoing resolution is hereby approved.

GEO. B. McCLELLAN, Mayor.

Dated New York, January 8, 1907.

I hereby certify that the foregoing is a true copy of the original approved resolution as filed in this office

Reports of Committee on Finance—

No. 1576.

The Committee on Finance, to whom was referred on February 19, 1907 (Minutes, page 428), the annexed communication from the Department of Water Supply, Gas and Electricity requesting an issue of Special Revenue Bonds, \$10,000, for removing and altering water mains, respectfully

#### REPORTS:

That the details of this application are set forth in the annexed letter of Commissioner O'Brien, and Superintendent Kearny of The Bronx and Engineer Bull of the Water Department appeared and urged its adoption. From these statements and from the letter your Committee believe this to be urgent and necessary.

They therefore recommend that the annexed resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof shall be applied to meet the expense to be incurred by the Department of Water Supply, Gas and Electricity in removing and altering water mains when they are found to be in the line of sewers being constructed under the direction and supervision of the President of the Borough of The Bronx.

JOHN R. DAVIES, JOSEPH FALK, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Bunting, Callahan, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downey, Doyle, Ellery, Everson, Falk, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harmschfeiger, Herold, Higgins, Kenneally, Kline, Krulish, Kuck, Levine, Markert, Meyers, Moffitt, Mounhan, Morris, Mulligan, Noonan, Olvany, O'Neill, Potter, Reardon, Rendt, Richter, Rowcroft, Schloss, Schneider, Smith, Sturges, Sullivan, Torpey, Wafer, Wright; President Cromwell, President Berniel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, the Vice-Chairman and the President—61.

No. 1546—(S. O. No. 122).

The Committee on Finance, to whom was referred, on February 5, 1907 (Minutes, page 368), the annexed ordinance in favor of an issue of Corporate Stock, \$5,000,000, for purposes of Bridge No. 3 over East river, respectfully

#### REPORTS:

That Commissioner Stevenson and Engineer Johnson of Bridge Department appeared and urged that this Manhattan Bridge, connecting Manhattan and Brooklyn, at Canal street, Manhattan, and Flatbush Avenue extension, Brooklyn, would be completed about the end of 1909. The details of this application are set forth in the Comptroller's report annexed. As this installment is necessary to carry on the work, your Committee recommend the adoption of this ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three million dollars (\$3,000,000) for the purpose of providing means for the acquisition of land required for a bridge over the East river, between the Boroughs of Manhattan and Brooklyn, known as Manhattan Bridge No. 3, and for the necessary expenses connected with the construction of said bridge.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 1, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of three million dollars (\$3,000,000) for the purpose of providing means for the acquisition of land required for a bridge over the East river, between the Boroughs of Manhattan and Brooklyn, known as Manhattan Bridge No. 3, and for the necessary expenses connected with the construction of said bridge, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 160 of the Greater New York Charter, to an amount not exceeding three million dollars (\$3,000,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, JOSEPH FALK, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, THOS. J. MULLIGAN, Committee on Finance.

No. 1467—(S. O. No. 123).

The Committee on Finance, to whom was referred, on January 22, 1907 (Minutes, page 87), the annexed resolution in favor of an issue of \$100,000 Special Revenue Bonds for the purchase of fire hose for use of the Fire Department, respectfully

#### REPORTS:

That Fire Commissioner Lantry appeared before the Committee and stated that no hose appropriation was made in the budget and that the department was in great need of hose, especially for the new high pressure system soon to be in use. The Committee also obtained a report, annexed hereto, from Chief Hervey, of the Comptroller's office, which also confirmed this statement of conditions and recommended an appropriation of \$75,000.

Your Committee believe this to be necessary for the proper equipment of the department, and, therefore, report favorably upon \$75,000.

They recommend that the annexed substitute resolution be adopted.

#### (SUBSTITUTE.)

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed seventy-five thousand dollars (\$75,000), the proceeds whereof to be applied to the purchase of fire hose for use of the Fire Department.

Department of Finance,  
Bureau of Municipal Investigation and Statistics.  
February 19, 1907.

Hon. JOHN R. DAVIES, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—Inclosed is a report of the Bureau of Municipal Investigation and Statistics relative to a request for an appropriation of \$100,000 for fire hose by the Fire Department, as per your inquiry to Mr. Hervey, of this Department, under date of February 5, 1907.

Yours truly,  
H. A. METZ, Comptroller.

February 19, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In answer to a communication of the 5th inst., from Hon. John R. Davies, Chairman, Committee on Finance, Board of Aldermen, addressed to Mr. Hervey, of the Bureau of Municipal Investigation and Statistics, stating that the Committee on Finance of the Board of Aldermen had under consideration a request of the Fire Department for an issue of Special Revenue Bonds to the amount of \$100,000 for the purchase of fire hose, and asking that the Committee be furnished by this Bureau with such information as it may have bearing upon the matter, I beg to state the following facts:

Deputy Fire Commissioner Bonner in an interview with a representative of the Finance Department stated that an additional supply of fire hose is necessary for the best interests of the Fire Department. It is claimed that the amount of money which has been available for the purchase of hose has not been sufficiently large to meet the demands caused by the growth of the Fire Department and the necessity of replacing old hose with new.

The departmental estimate of the Fire Department for 1907, which was submitted in August, 1906, asked for a budget appropriation of \$141,500 for hose, an increase of \$120,000 over the amount available in the budget for 1906. The budget as adopted for 1907 does not include any allowance for hose, for the reason that on September 14, 1906 (subsequent to the presentation of the estimate of the Fire Department), the Board of Estimate and Apportionment approved a resolution of the Board of Aldermen recommending an issue of Special Revenue Bonds to the amount of \$75,000 for the purchase of hose.

With the proceeds of this bond issue, the Fire Department has entered into contracts for the purchase of the following hose:

|                                                                |            |

| 2,500 feet 1½ inch rubber fire hose, at 63 cents per foot..... | \$1,575 00 |
| 50,000 feet 2½ inch rubber hose, at \$1.03½ per foot.....      | 51,750 00  |
| 10,000 feet 3 inch rubber fire hose, at \$1.50 per foot.....   | 15,000 00  |
| 1,120 feet 3½ inch rubber fire hose, at \$1.78 per foot.....   | 1,998 00   |

Total contracts..... \$79,283 00

—leaving \$4,717 still available. To utilize this balance, estimates have been obtained for an additional supply of 3-inch hose, but the contract has not yet been awarded, as the price has been increased from \$1.50 per foot, the price paid under original contract, to \$2.20 per foot.

In order to obtain the best results, it is necessary that the hose used at a fire should be thoroughly dried out before it is again used; failure to do this causes a rapid weakening of the strength of the hose, resulting in frequent bursting when put in use at fires and greatly interfering with the work of the department. To prevent this condition, a reserve supply of hose should be kept in the quarters of each engine company, but owing to the inadequate quantity at the disposal of the Department and the increasing number of fires it has been impossible to do so. The result has been that considerable of the hose in use has deteriorated to such an extent that the customary test of the hose had to be dispensed with in 1906 for the reason, as stated by Chief Croker, that the pressure to which the hose is subjected under such test—150 pounds to the square inch—would destroy it and there is not sufficient supply to replace it with new hose.

Notwithstanding the additional hose which will be secured through the contracts entered into, the Fire Department authorities claim that the supply obtained will not be sufficient to meet the needs of the Department. The installation of the paid fire system in the Boroughs of Queens and Richmond and the necessary increase in the fire companies caused by the rapid development of different sections of the City, call for a considerable increase in the amount of fire hose used. In addition to the hose necessary for the equipment of new companies, a supply is required to replenish the supply of existing companies which is not as serviceable as it should be, owing to the great use to which it has been put. In the portions of the City calling for the greatest amount of work the life of hose is about three years.

Examination of the records show that the Fire Commissioner, on January 4, 1906, made a request to the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of \$300,000 for the purchase of apparatus and hose. In a report dated March 8, 1906, this Bureau, to whom the matter had been referred for examination, recommended that \$120,000 Corporate Stock be issued for the purchase of apparatus only, and that the hose required be purchased through an issue of Special Revenue Bonds amounting to \$155,000, the appropriation for 1906 for Apparatus, Supplies, etc., not being sufficient to meet the expense. Acting upon this recommendation the Fire Commissioner on May 9, 1906, made application to the Board of Aldermen for \$155,000 Special Revenue Bonds. The Board of Aldermen approved the application to the extent of \$75,000, the reduction being made on the ground that the "amount asked for would cause too large a drain on the Revenue Bond account." The Board of Estimate and Apportionment, as before stated, authorized this issue on September 14, 1906.

It would seem from the facts stated herein and the necessity of keeping the Department well equipped with everything requisite for the most effective carrying on of its work, that additional funds are required for the purchase of hose, and I would, therefore, report that an issue of Special Revenue Bonds for that purpose to the amount of \$75,000 would be justified by the existing conditions.

Yours respectfully,  
CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

No. 1580—(S. O. No. 124).

The Committee on Finance, to whom was referred on February 19, 1907 (Minutes, page 433), the annexed ordinance in favor of an issue of Corporate Stock, \$15,000, for the construction of a floating bath in the Borough of Queens, respectfully

#### REPORTS:

That when this matter was previously before this Committee for two floating baths, it recommended that one be provided at Long Island City, where it was needed.

Your Committee favors the installation of a floating bath at Long Island City, and therefore recommends the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifteen thousand dollars (\$15,000) to provide means for the construction of a floating bath in Long Island City, Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 15, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), to provide means for the construction of a floating bath in Long Island City, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding fifteen thousand dollars (\$15,000), the proceeds whereof to be applied to the purposes aforesaid."

The Committee on Finance, to whom was referred, on February 19, 1907 (Minutes, page 437), the annexed ordinance in favor of an issue of Corporate Stock, \$6,000, for the reconstruction of the bridge deck of the Washington Avenue Bridge, Borough of Brooklyn, respectfully

#### REPORTS:

That Commissioner Stevenson and Engineer Johnson appeared before the Committee and furnished a detailed statement (annexed) of this work, and your Committee therefore recommends the adoption of this ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of six thousand dollars (\$6,000), to provide means for the reconstruction of the bridge deck and floor of the Washington Avenue Bridge over Wallabout canal, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 15, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding six thousand dollars (\$6,000), to provide means for the reconstruction of the bridge deck and floor of the Washington Avenue Bridge, over Wallabout canal, in the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six thousand dollars (\$6,000), the proceeds whereof to be applied to the purposes aforesaid."

The Committee on Finance, to whom was referred, on February 19, 1907 (Minutes, page 487), the annexed resolution in favor of an issue of Special Revenue Bonds, \$10,000, for binding into book form certain records in the County Clerk's office, Kings County, respectfully

#### REPORTS:

That Chief Clerk Schultz, of the County Clerk's office, appeared and explained that under order from the Commissioner of Records the County Clerk was engaged in the work of binding into book form all of the bundled records in his office. He had already bound 250,000 papers, and estimated that with this appropriation he could bind about 1,000,000 more. To bring the system to date will take from two to three years, and will cost about \$25,000. The Committee believes that this is a greatly improved system and one well worth the proposed cost, as it will not only preserve the records, but will make it much more convenient to store and refer to same.

Your Committee therefore recommends the adoption of the resolution.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000), the proceeds whereof shall be applied by the County Clerk of Kings County for the purpose of binding into book form certain public records in his office.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof.

Affirmative—Aldermen Brown, Bunting, Callahan, Clifford, Cole, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Dowling, Downing, Doyle, Ellery, Everson, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. The Committee on Finance, to whom was referred on February 19, 1907 (Minutes, page 432), the annexed ordinance in favor of an issue of Corporate Stock, \$4,000, for reconstruction of bridge deck of the Metropolitan Avenue Bridge, Borough of Brooklyn, respectfully

#### REPORTS:

That Commissioner Stevenson and Engineer Johnson appeared before the Committee and furnished the detailed information required, a statement of which is annexed. Your Committee recommends the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of four thousand dollars (\$4,000) to provide means for the reconstruction of the bridge deck and floor of the Metropolitan Avenue Bridge over Newtown creek, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 15, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

The Committee on Finance, to whom was referred on February 19, 1907 (Minutes, page 483), the annexed resolution in favor of an issue of Special Revenue Bonds,

\$6,600, for fitting up, etc., the new court rooms of the Ninth and Tenth Districts Magistrates' Courts, Second Division, Borough of Brooklyn, respectfully

#### REPORTS:

That Magistrates Hyland and Giesmer appeared before the Committee and stated that there had been no provision made for fitting up the two court houses of these two new districts, and that no courts have yet been held in them, although greatly needed.

They both submitted the annexed detailed statements of the furniture and equipment desired, and your Committee believe these to be reasonable and proper, and they therefore recommend that the said resolution be adopted.

Resolved, That pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand six hundred dollars (\$6,600) the proceeds whereof to be expended for the purpose of fitting up, furnishing and equipping the new Court rooms of the Ninth and Tenth Districts Magistrates' Courts, Second Division, Borough of Brooklyn.

#### REPORTS:

That having examined the subject, they recommend that the said resolution be adopted.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Surrogate of Kings County, the Surrogate may, by requisition, draw upon the Comptroller for a sum not exceeding two hundred dollars (\$200), and may, in like manner, renew as often as he may deem necessary to the extent of the appropriation set apart for Supplies and Contingencies in his office, during the year 1907, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Surrogate of Kings County, covering the expenditure of the money paid thereon.

Reports of Committee on Public Letting—

No. 1238—(S. O. No. 127).

The Committee on Public Letting, to which was referred, on October 31, 1906 (Minutes, page 506), the annexed resolution, authorizing the Commissioner of Docks and Ferries to make expenditures for repairs on ferryboats, etc., South Brooklyn Ferry, respectfully

#### REPORTS:

That Mr. Savage, the Secretary to the Department of Docks and Ferries, appeared before the Committee and stated that the reason for this request was that the City had only recently purchased the Ferry, which had been operating between Whitehall street, Manhattan, and Thirty-ninth street, Brooklyn. Unless a resolution authorizing the Commissioner to make repairs without public letting is adopted an accident to the structure or machinery of one of the ferryboats could not be repaired immediately, and would mean the loss of the services of the boat. The Committee therefore recommends the adoption of the resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks and Ferries be and he is hereby authorized and empowered to make expenditures for repairs and for the purchase of new parts, etc., in connection with such repairs on the ferryboats and terminals of the South Brooklyn Ferry, from time to time, as may be necessary, at a cost not to exceed five thousand dollars (\$5,000) in each case.

Reports of Committee on Laws and Legislation—

No. 1069—(G. O. No. 214).

The Committee on Laws and Legislation, to which was referred, on July 31, 1906 (Minutes, page 699), the annexed ordinance providing for the safety of passengers on the waters within the jurisdiction of New York City, respectfully

## REPORTS:

Your Committee has given this matter careful attention, but has been unable to learn of any considerable demand for the proposed ordinance.

The adoption of measures for the protection of those who venture upon the water is commendable, and to this end statutes have been enacted by the Congress of the United States and by the Legislature of this State looking to the safety of travelers by water.

Your Committee is of opinion that the subject is more directly within the province of the State Legislature, and that it is not advisable to attempt by municipal ordinance to supplement such acts or to extend their provisions.

The dangers of travel by water seem to be due mainly to the disregard of existing laws and to their lax enforcement.

Your Committee is also of opinion that the proposed ordinance is too broad in its scope; that it would be impracticable in its application, and unnecessarily burdensome in its effect; that the division of responsibility with reference to its enforcement would lead to confusion, and that the penalty for its violation is unduly severe.

Your Committee therefore recommends that the proposed ordinance be not enacted.

AN ORDINANCE to regulate the safety of persons who sail, row and navigate the waters within the confines and adjacent to The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

First—Hereafter all owners, lessees and renters of boats, and persons who have boats for hire in The City of New York for the conveyance of passengers or used for pleasure, shall be equipped with a life preserver for each and every person who occupies said boat.

Second—Said life preservers shall meet the test for safety and efficiency, as required by the United States Government.

Third—The life preservers shall be in a convenient and safe place on such boat or boats at all times.

Fourth—The Department of the Board of Health of The City of New York, in conjunction with the Police Department of The City of New York, shall enforce this ordinance.

Fifth—For each and every violation of this ordinance, on the conviction of such offenders or offender by a court of competent jurisdiction, he or they shall be fined the sum of one hundred dollars (\$100), and in default of payment of said fine shall be sentenced to the jail for one hundred (100) days.

Sixth—A violation of this ordinance is a misdemeanor.

Seventh—All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed.

Eighth—This ordinance shall take effect immediately.

Which was laid over.

No. 1592—(S. O. No. 136).

The Committee on Laws and Legislation, to which was referred on February 19, 1907 (Minutes, page 482), the annexed ordinance in relation to house numbering, respectfully

## REPORTS:

Your Committee has given this matter careful consideration, more especially in view of the disapproval by his Honor the Mayor of an ordinance affecting the same subject recently adopted by this Board.

The feature of the former ordinance to which objection was made by the Mayor has been omitted from the ordinance now under consideration, which also is limited to the Borough of Manhattan.

Your Committee therefore recommends the adoption of the following substitute ordinance:

## (SUBSTITUTE ORDINANCE.)

AN ORDINANCE providing for the conspicuous numbering of buildings in the Borough of Manhattan, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The owner of every building in the Borough of Manhattan, City of New York, upon a street to which street numbers have been assigned, shall cause the street number of the same to be plainly and legibly displayed in such manner that the same may be seen and read from the sidewalk in front thereof.

Sec. 2. Any person violating this ordinance shall be liable to a penalty of \$25, to be recovered in an action which shall be brought by the Corporation Counsel after giving thirty days' written notice to the owner of the building to comply with the ordinance. Such notice shall be given by depositing the same together with a copy of this ordinance in a postpaid wrapper in the New York Post Office, addressed to the owner of the building at the building.

Sec. 3. It shall be the duty of the Police Department to report to the Corporation Counsel all violations of this ordinance forthwith.

The Corporation Counsel shall furnish the Police Department with duplicates of all notices sent to the owners of buildings, and it shall be the duty of the Police Department immediately after the expiration of thirty days from the date of said notice to report to the Corporation Counsel each instance of non-compliance with the ordinance.

Sec. 4. This ordinance shall take effect immediately.

## (ORIGINAL ORDINANCE.)

The owner of every building in the Borough of Manhattan, City of New York, upon a street to which street numbers have been assigned shall cause the street number of the same to be plainly and legibly displayed in such manner that the same may be seen and read from the sidewalk in front thereof.

Any person violating this ordinance shall be liable to a penalty of \$25, to be recovered in an action which shall be brought by the corporation counsel after giving thirty days' written notice to the owner of the building to comply with the ordinance. Such notice shall be given by depositing the same in a postpaid wrapper in the New York Post Office, addressed to the owner of the building at the building.

It shall be the duty of the Police Department to report to the Corporation Counsel all violations of this ordinance forthwith.

The Corporation Counsel shall furnish the Police Department with duplicates of all notices sent to the owners of buildings and it shall be the duty of the Police Department immediately after the expiration of thirty days from the date of said notice to report to the Corporation Counsel each instance of non-compliance with the ordinance.

FRANK D. STURGES, B. W. B. BROWN, JOHN D. GUNTHER, CLARENCE R. FREEMAN, W. CLIFFORD, Committee on Laws and Legislation.

Which was laid over and made a Special Order for the next meeting at 2 o'clock p. m.

## SPECIAL ORDERS.

Alderman Peters called up Special Order No. 117, being a majority and minority report of the Committee on Salaries and Offices, and a resolution, as follows:

No. 1552—(S. O. No. 117).

The Committee on Salaries and Offices, to which was referred, on February 5, 1907, the appended resolution accompanied by instructions to hold a public hearing and report at the next ensuing meeting of the Board of Aldermen,

## REPORTS:

That on the 14th inst. a hearing was given, and Aldermen Kuntze and Peters appeared in favor of the resolution and made statements intended to afford grounds for favorable action upon it. Assistant Sergeants-at-Arms Campbell and Govan appeared in opposition and made statements contra. Mr. Walter L. Rathborne appeared and addressed the Committee as counsel for Mr. Govan.

On the 18th inst. the Committee considered the matter in executive session and reached the conclusion that there was not sufficient ground for the removal of an employee of the Board whose service has been entirely satisfactory, so far as the Committee has any knowledge upon the subject.

The Committee thinks that in order to justify his removal satisfactory evidence of unfitness of character or dereliction of duty should be presented. The Committee is disinclined to give serious consideration to charges arising out of a personal quarrel, and having reference to acts of an employee of the Board at a time when he was not on duty. The Committee therefore recommends that the resolution be placed on file.

Resolved, That Robert Page, of No. 765 East One Hundred and Forty-sixth street, Borough of The Bronx, be and he is hereby substituted as an Assistant Sergeant-at-Arms in the place and stead of Andrew Govan.

JAMES COWDEN MEYERS, FRANK D. STURGES, LEWIS M. POTTER, MICHAEL J. CARTER, JOHN J. CRONIN, Committee on Salaries and Offices.

As a member of the Committee on Salaries and Offices the undersigned dissents from the report submitted by a majority of the Committee in reference to the resolution substituting the name of Robert Page for that of Andrew Govan as Assistant Sergeant-at-arms of this Board, and recommends the adoption of such resolution—

CHARLES KUNTZE,

Member of Committee on Salaries and Offices.

Alderman Peters moved to substitute the minority report for the majority report.

The President put the question whether the Board would agree with said motion of Alderman Peters.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Clifford, Doull, Dowling, Doyle, Everson, Falk, Fried, Haggerty, Harnischfeger, Higgins, Kenneally, Kuntze, Lawlor, Leverett, Levine, Morris, Mulligan, Noonan, Olvany, O'Neill, Peters, Richter, Rowcroft, Sullivan, Torpey, Wafer, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and President Ahearn—29.

Negative—Aldermen Bartscherer, Brown, Bunting, Cronin, Davies, Dotzler, Ellery, Gunther, J. J. Hahn, Kuck, Linde, Meyers, Moffitt, Potter and Sturges—15.

On motion of Alderman Doull the whole matter was again laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Aldermen Davies called up Special Order No. 88, being a report and resolutions, as follows:

Nos. 1350, 1351, 1352.

The Committee on Finance, to whom was referred on December 11, 1906 (Minutes, pages 1581 to 1584), the annexed communications from the President of the Board of City Magistrates requesting Special Revenue Bonds to pay salaries of employees, respectfully

#### REPORTS:

The details of these applications are set forth in the annexed letters, and in addition Judge Wahle, President of the Board of City Magistrates, appeared and explained that the Board of Estimate had neglected to provide for the \$500 salary of the Secretary, as provided by the Charter; and also for the additional Stenographers now employed by the Board. The other item is for the payment of two female Probation Officers for services performed the latter part of 1906.

The Committee believes that the effective work of the City Magistrates will be seriously hampered unless these appropriations are allowed, and they therefore recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand six hundred and seventy-seven dollars and fifty cents (\$4,677.50), the proceeds whereof shall be applied to the following purposes in connection with the business of the City Magistrates' Courts, First Division:

Six hundred and seventy-seven dollars and fifty cents (\$677.50) to pay the salary of Susanne A. McCusker, female Probation Officer, from June 7 to December 31, 1906; and the salary of Adele Szold, from June 7 to August 15, 1906.

Five hundred dollars (\$500) to provide for the payment of the salary of the Secretary of the Board of City Magistrates, First Division, 1907, the same having not been appropriated as heretofore through inadvertence.

Three thousand five hundred dollars (\$3,500) to pay the salaries of three official Stenographers appointed during the year 1906.

JOHN R. DAVIES, A. L. KLINE, JOHN DIEMER, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Which was recommended to the Committee on Finance.

Alderman Sullivan called up Special Order No. 114, being a resolution, as follows:

No. 1584.

Resolved, That the Board of Aldermen hereby approves of and concurs in the resolution adopted by the Board of Estimate and Apportionment February 8, 1907, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the various grades and positions in the Board of Aldermen and in the office of the City Clerk as set forth in the Budget for the year 1907, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of each of the said grades and positions be fixed at the rates therein indicated and provided for; also that the number of incumbents in each grade in all positions in the 'exempt' class, and all 'ungraded' positions in the 'competitive' class, and all positions in the 'tenth' grade in the 'clerical service,' as those terms are defined by the Civil Service Rules, be limited to the number contained in the foregoing Budget; this action to take effect as of the 1st day of January, 1907."

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Clifford, Cole, Collins, Cronin, Davies, Doull, Dowling, Ellery, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Kuck, Krulish, Kuntze, Levine, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Olvany, Potter, Reardon, Rendt, Richter, Schloss, Schneider, Sturges, Sullivan, Wafer, Wright; President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen and the Vice-Chairman—42.

Alderman Sullivan called up Special Order No. 113, being a resolution, as follows:

No. 1583.

Resolved, That the Board of Aldermen hereby approves of and concurs in the resolution adopted by the Board of Estimate and Apportionment February 8, 1907 which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the various grades and positions in the offices of the Mayor and the Bureau of Licenses in the Mayor's office as set forth in the Budget for the year 1907, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of each of the said grades and positions be fixed at the rates therein indicated and provided for; also that the number of incumbents in each grade in all positions in the 'exempt' class, and all 'ungraded' positions in the 'competitive' class, and all positions in the 'tenth' grade in the 'clerical service,' as those terms are defined by the Civil Service Rules be limited to the number contained in the foregoing Budget; this action to take effect as of the 1st day of January, 1907."

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Cole, Collins, Cronin, Davies, Diemer, Doull, Dowling, Downing, Doyle, Everson, Fried, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Kuck, Lawlor, Levine, Linde, Markert, Morris, Olvany, Potter, Reardon, Rendt, Richter, Schloss, Schneider, Stapleton, Sturges, Sullivan, Wafer, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works, President Haffen, the Vice-Chairman and the President—44.

Alderman Downing called up Special Order No. 100, being a report and resolution as follows:

No. 1525.

The Committee on Streets, Highways and Sewers, to which was referred, on January 29, 1907 (Minutes, page 180), the annexed resolution in favor of rescinding

an ordinance fixing the width of the roadway and sidewalks of Bath avenue, Borough of Brooklyn, respectfully

#### REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the ordinance entitled "An ordinance to fix the width of the roadway and sidewalks of Bath avenue, between Bay Nineteenth (19th) street and Twenty-fourth (24th) avenue, in the Borough of Brooklyn" (Int. No. 1204, Approved Paper No. 612), which was adopted October 16, 1906, and approved October 23, 1906, be and the same is hereby annulled, rescinded and repealed.

ROBERT F. DOWNING, FRANK L. DOWLING, MAX S. GRIFENHAGEN, LEWIS M. POTTER, CORNELIUS D. NOONAN, HARRY L. LEVERETT, Committee on Streets, Highways and Sewers.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Cole, Collins, Cronin, Davies, Doull, Downing, Doyle, Ellery, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kline, Kuck, Krulish, Kuntze, Lawlor, Linde, Markert, Meyers, Moffitt, Monahan, Mulligan, Potter, Rendt, Richter, Schloss, Schneider, Stapleton, Sturges, Sullivan, Wafer, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, the Vice-Chairman and the President—44.

#### GENERAL ORDERS.

S. O. No. 127.

Alderman Kline called up General Order No. 186, being a resolution to authorize the Commissioner of Water Supply, Gas and Electricity to contract without public letting for repaving over water trenches in the Borough of Brooklyn, and moved that it be again laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Alderman Schloss called up General Order No. 178, being a report and ordinance, as follows:

No. 1105.

The Committee on Railroads, to whom was referred, on September 19, 1906 (Minutes, page 751), the annexed ordinance to minimize danger to passengers boarding and alighting from railroad cars on Broadway, between Fifty-ninth street and Manhattan street, Borough of Manhattan, respectfully

#### REPORTS:

That your Committee has held public hearings on this ordinance which were well attended by representative Civic Associations and by the public in general, all of whom were heartily in favor of the ordinance, and your Committee therefore recommends that the same be adopted.

AN ORDINANCE to minimize danger to passengers boarding and alighting from railroad cars on Broadway, between Fifty-ninth and Manhattan streets, in the Borough of Manhattan.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. For the purpose of minimizing danger and in order that passengers may more conveniently board and alight from the railroad cars operated on Broadway, between Fifty-ninth and Manhattan streets, in the Borough of Manhattan, the railroad company, or companies, operating cars on said thoroughfare shall require the conductor to open the gate on the rear end of each and every car on the side nearest the parkways or small parks in the centre of said Broadway.

Sec. 2. A failure on the part of the company, or companies operating cars on said Broadway, or on the part of any employee or employees thereof, to comply with the provisions of this ordinance, shall subject the company, companies or other persons so offending to a penalty of twenty-five dollars for each and every failure so to do.

Sec. 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

JOHN DIEMER, ELIAS GOODMAN, ROBERT F. DOWNING, MAX S. GRIFENHAGEN, THOS. J. MULLIGAN, A. L. KLINE, JOSEPH M. TORPEY, Committee on Railroads.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Callahan, Cole, Cronin, Davies, Diemer, Dowling, Doyle, Ellery, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Kuck, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Moffitt, Monahan, Morris, Noonan, Olvany, Potter, Reardon, Rendt, Richter, Schloss, Schneider, Smith, Stapleton, Sullivan, Wafer, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, the Vice-Chairman—46.

Alderman Diemer called up General Order No. 198, being a report and resolution, as follows:

No. 1491.

The Committee on Streets, Highways and Sewers, to which was referred, on January 22, 1907 (Minutes, page 124), the annexed resolution, in favor of renumbering buildings on Eightieth street, between Fifth and Madison avenues, Borough of Manhattan, respectfully

#### REPORTS:

That having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to number and renumber the buildings on Eightieth street, between Fifth and Madison avenues, in such manner and to such extent as may be necessary.

JOHN HANN, ROBERT F. DOWNING, FRANK L. DOWLING, THOS. D. DINWOODIE, CORNELIUS D. NOONAN, HARRY L. LEVERETT, Committee on Streets, Highways and Sewers.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Callahan, Cole, Cronin, Davies, Downing, Downing, Ellery, Freeman, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Kuck, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Noonan, Reardon, Richter, Schneider, Sturges, Sullivan, Wafer, Wright; President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen and the Vice-Chairman—43.

#### SPECIAL ORDERS RESUMED.

Alderman Brown called up Special Order No. 119, being a report and resolution, as follows:

No. 1439.

The Committee on Laws and Legislation, to which was referred, on January 7, 1907 (Minutes, page 22), the annexed communication from the Board of Supervisors of Monroe County, in relation to road building, respectfully

#### REPORTS:

That the construction and maintenance of good roads are of the utmost importance to the welfare of the State, although for a long period the subject has not received the attention to which it has been justly entitled. It is, however, now fully recognized that communication between the different sections of this State by means of improved highways is deserving of encouragement and support, as an easy and economical means of transportation and travel.

This is evidenced by the laws upon the statute books providing for the building and care of such highways, and by the liberal appropriations made each year by the Legislature for such purposes.

The report of the Committee on Good Roads of the Board of Supervisors of Monroe County, referred to in the communication under consideration, is interesting and instructive, giving in detail the character and cost of road improvement in this State, and the system under which the work is conducted, as compared with similar work in other States, to the alleged disadvantage of the former method.

As a result of the investigation of said Good Roads Committee, it is asserted without qualification that the best results have been obtained under the system adopted in Massachusetts, with regard to the character and economy of construction, which past experience has shown do not obtain in this State.

It is declared by said Committee that the difference in results arises from the fact that in this State the subject is under the jurisdiction and supervision of the State Engineer and Surveyor, whose duties with regard to other work are so important and engrossing as to prevent him giving the proper and necessary care and attention to the subject of good roads.

In Massachusetts the matter is entrusted to a commission, whose sole duty relates to the highways in question, and who are thus enabled by constant personal supervision to produce most satisfactory results.

Your Committee recognizes the importance of the subject, and that it is worthy of serious consideration, and recommends the adoption of the following resolution:

Resolved, That the Board of Aldermen of The City of New York hereby respectfully requests that the Legislature of this State, represented in Senate and Assembly, carefully examine the subject of good roads and the systems under which they are constructed and maintained, with the view to the early determination and adoption of such system as may secure the highest efficiency consistent with proper economy.

Resolved, That a copy of this report be transmitted to the Governor of the State of New York and to the Senate and Assembly of the State.

FRANK D. STURGES, B. W. B. BROWN, CLARENCE R. FREEMAN, JOHN D. GUNTHER, JAMES W. REDMOND, JOHN R. DAVIES, WM. E. MORRIS, Committee on Laws and Legislation.

Which report was accepted.

Alderman Brown called up Special Order No. 121, being a report and ordinance, as follows:

No. 1526.

The Committee on Laws and Legislation, to which was referred, on January 29, 1907 (Minutes, page 180), the annexed ordinance providing for a committee of the Board of Aldermen to determine and hear charges against public hackmen, respectfully REPORTS:

That your Committee has given this subject careful consideration, but has been unable to find any authority under which the proposed ordinance may be enacted.

The trial and punishment of offenders for violations of City ordinances require the exercise of judicial functions, and such functions have not been conferred upon the Board of Aldermen. The Mayor of the City is, under the Charter, a magistrate, and as such possesses judicial powers.

The Bureau of Licenses, under the Mayor, controls and regulates the subject of licenses to hackmen; and even if it were practicable, it would not be advisable, in the opinion of your Committee, to attempt by ordinance to change the scheme of City Government in the respect proposed.

Your Committee therefore requests that it be discharged from further consideration of the matter, and that the proposed ordinance be placed on file.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the power to hear and determine all charges against public hackmen in The City of New York be vested in a committee of the Board of Aldermen of The City of New York to consist of five members, any three of which will constitute a quorum, said committee to be appointed or elected, subject to the rules of said Board of Aldermen and to have absolute power in trying, hearing and deciding any charges brought for the purpose of vacating, suspending or restraining a license to any public hackman under section 51 of the Charter of The City of New York.

Said committee shall be empowered to appoint a clerk at the salary of \$20 per year, to take charge of the calendar papers and cases pending before said committee.

Said committee shall meet for the purpose of trying cases, which may be brought to its attention, at least once a month or more often in the discretion of said committee.

On a hearing before said committee the complainant and the defendant shall be entitled to be represented by counsel.

All power heretofore given to the Mayor of The City of New York or to any appointee of said Mayor to hear and determine such cases as before described is hereby vacated.

All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

This ordinance shall take effect immediately.

FRANK D. STURGES, B. W. B. BROWN, JOHN D. GUNTHER, CLARENCE R. FREEMAN, JOHN R. DAVIES, JAMES W. REDMOND, WM. E. MORRIS, Committee on Laws and Legislation.

Which report was accepted.

Alderman Brown called up Special Order No. 118, being a report and resolutions, as follows:

Nos. 1277, 1379.

The Committee on Laws and Legislation, to which was referred, on November 13, 1906, and December 11, 1906 (Minutes, pages 1248 and 1620), the annexed resolutions in favor of permitting August V. Muller and Herman Bach to erect an ornamental clock in front of their premises, respectfully REPORTS:

That section 50 of the Charter in terms authorizes the Board of Aldermen to regulate the use of the streets for privileges such as are covered by the proposed resolutions. The section, however, requires that such regulation shall be by general ordinance, and expressly forbids the enactment of special ordinances affecting such matters.

With respect to similar resolutions providing for watering troughs and retaining walls, as to which many special ordinances had theretofore been enacted, the Corporation Counsel, in an opinion, under date of June 22, 1906, declared positively that this Board had no power to pass any such ordinances.

In July following Acting Mayor McGowan, in his veto of a resolution permitting the erection of an ornamental sign post, said:

"The passage of a resolution of this character is clearly forbidden by the Charter, and I cannot therefore approve the same."

Your Committee is sensible that the provision of the Charter referred to has been repeatedly disregarded by this Board and by former Boards. Your Committee, however, is not willing to recommend the further adoption of such resolutions in direct conflict with the provisions of law.

Your Committee is also of opinion that in matters of this nature the action of this Board should be consistent, and that such special ordinances should in no instance be adopted, whether presented as original propositions or upon the reports of Committees.

Such privileges, if obtainable at all, must rest upon general ordinances, as to the force and effect of which, however, your Committee does not at this time feel that it is called upon to express any views.

Your Committee therefore requests that it be discharged from further consideration of the resolutions in question, and that they be placed on file.

Resolved, That permission be and the same is hereby given to August V. Muller to place and keep an ornamental post, surmounted by a lamp, in front of the premises No. 1219 Madison avenue, in the Borough of Manhattan; the work to be done and illuminant to be supplied at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to Herman Bach to place and keep a post, surmounted by a clock, on the sidewalk near the curb in front of his premises, No. 1536 Broadway, in the Borough of Manhattan; provided that neither post nor clock shall be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

FRANK D. STURGES, JOHN D. GUNTHER, CLARENCE R. FREEMAN, JAMES W. REDMOND, JOHN R. DAVIES, WM. E. MORRIS, Committee on Laws and Legislation.

Which report was accepted.

Alderman Brown called up Special Order No. 120, being a report and resolution, as follows:

No. 1312.

The Committee on Laws and Legislation, to which was referred, on November 27, 1906 (Minutes, page 1495), the annexed resolution in favor of requesting the District Attorney of New York County to investigate certain acts of the New York Live Poultry Commission Merchants' Protective Association, respectfully REPORTS:

REPORTS:

That, in conformity with the resolution, a public hearing was held at which there was a large attendance of those interested in the matter.

Alderman Schloss and ex-Borough President Cantor addressed the Committee at length in support of the resolution, and other speakers were also heard upon the same side of the question.

It was evident that the complaining parties were sincere in their convictions that they had been wrongfully treated by the Live Poultry Protective Association, and in violation of law; and that they were entitled to the assistance of this Board in obtaining relief.

Your Committee submits that it is a serious matter for this Board, by its action, to declare its belief that any merchant or association of merchants of this City has been guilty of a crime, and that such declaration should not be made lightly, but only upon the most substantial grounds established to the satisfaction of the Board.

In the opinion of your Committee the statements made at the hearing do not furnish sufficient reason for this Board to declare that the association in question, with respect to the matters complained of, has been guilty of the commission of a crime requiring investigation by the District Attorney of the county.

Your Committee, however, recognizes that the case of the complainants may not have been presented in its entirety at the hearing, and realizes that upon a full presentation of the facts directly to the District Attorney that official may reach a different conclusion and determine that there are sufficient grounds to warrant his taking action.

Your Committee therefore requests that it be discharged from further consideration of the resolution and that it be placed on file.

Whereas, The law restricts the slaughter of poultry in the Borough of Manhattan to places to which permits therefor have been issued by the Department of Health, and

Whereas, Certain persons and firms engaged in business as live poultry commission merchants have formed an association styled "The New York Live Poultry Commission Merchants' Protective Association," and

Whereas, It is alleged that the members of the said association have formed a combination or agreement in restraint of trade with the proprietors of the licensed slaughter houses aforesaid whereby the proprietors of the slaughter houses refuse to kill poultry which is known to have been purchased from commission merchants or dealers who are not members of the said association, and

Whereas, In several instances the customers of commission merchants or dealers outside the association have been arrested for having in their possession live poultry which has been refused killing by the slaughter house proprietors as aforesaid,

Resolved, That the District Attorney of New York County is hereby requested to investigate the allegations aforesaid, and to institute such criminal proceedings as may be proper in the premises.

A communication dated February 1, 1907, was received from the Secretary of the Board of Estimate and Apportionment, transmitting certified copies of resolutions adopted by the Board of Estimate and Apportionment on February 1, 1907, as follows:

Whereas, The Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of chapter 724 of the Laws of 1905, did on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of The City of New York, for obtaining an additional supply of pure and wholesome water for The City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval, as directed in section 5, chapter 724, Laws of 1905, six similar maps or plans, entitled:

"Board of Water Supply of The City of New York. Map of real estate, situated in the City of Yonkers, County of Westchester and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Hill View Reservoir, and appurtenances, north of McLean avenue, between Central Park avenue and Kemball avenue" (Section 1, Southern Aqueduct Department, containing an area of 88,925 acres);

Resolved, That the Board of Estimate and Apportionment of The City of New York, hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel.

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel.

The communication of the Secretary of the Board of Estimate and Apportionment, also the above resolutions, were read for the information of the Board and ordered filed.

The following are copies of paragraphs taken from letter received from the Municipal Civil Service Commission, under date of January 31, 1907:

"1. Request for an amendment of the classification of positions in the exempt class in your department by changing the line '4 Division Engineers' to read '16 Division Engineers.' Public hearing ordered for Wednesday, February 6, 1907, at half past ten o'clock, at which time the Commission would be pleased to have a representative of your Department appear in behalf of the amendment."

"10. With reference to your letter of January 25, requesting approval of the appointment of Mr. Horace Ropes, as an expert to advise you as to the relocation of

some 12 or 14 miles of the Ulster and Delaware Railroad, rendered necessary by the construction of the Ashokan Reservoir, the Commission determined that the employment of Mr. Ropes did not come within the scope of the Civil Service Rules; and the vouchers for his salary, therefore, will bear the Commission's certificate to that effect.

"11. Request that the following named persons be exempted from examination under Rule XII, paragraph 6, to render expert services, with compensation as stated—granted. (These appointments will not become operative until approved by the Mayor and the State Commission).

"Allen Hazen, Consulting Engineer, compensation not to exceed \$5,000 per annum.  
"George W. Fuller, Consulting Engineer, compensation not to exceed \$5,000 per annum.

"Arthur West, Consulting Mechanical Engineer, compensation not to exceed \$1,500 per annum.

"W. O. Crosby, Consulting Geologist, compensation not to exceed \$1,500 per annum.

"James F. Kemp, Consulting Geologist, compensation not to exceed \$1,500 per annum.

"Charles P. Berkey, Ph. D., Consulting Geologist, compensation not to exceed \$1,500 per annum."

Weekly report of Chief Engineer, dated January 29, 1907, read and ordered filed. Communication No. 591 was received from the Chief Engineer, stating that the cost under Agreement No. 17, with Sprague & Henwood, was originally estimated at \$20,000, and that the work done under this agreement has already cost nearly that sum. The Chief Engineer recommended that the work of determining the contour of the rock and its character in the Rondout Valley be done under Agreement No. 17; and on motion, it was

Resolved, That Messrs. Sprague & Henwood, Scranton, Pa., be and they are hereby authorized to do additional work under Agreement No. 17, for making test borings in Rondout Valley, the Board of Water Supply to pay for same at the rate of \$6 per linear foot for every foot of depth bored below the top surface of the earth, water or exposed rock.

The Board, as a Committee of the Whole, reported out Chief Engineer's communication No. 586 for consideration by the Board; and on motion of Commissioner Chadwick, the firm of Cranford Company, No. 52 Ninth street, Brooklyn, was selected to do the work under and in connection with the surveys for determining the crossing of the Hudson river, between Storm King and Breakneck Mountains.

On motion, the Board adjourned.

THOS. HASSETT, Secretary.

## BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENT MATTERS.)

Minutes of meeting of Board of Estimate and Apportionment, City of New York, held in Room 16, City Hall, Friday, January 18, 1907.

The Board met in pursuance of adjournment.

Present—Hon. George B. McClellan, Mayor; Hon. Herman A. Metz, Comptroller; Hon. Patrick F. McGowan, President, Board of Aldermen; Hon. John F. Ahearn, President, Borough of Manhattan; Hon. Bird S. Coler, President, Borough of Brooklyn; Hon. Lawrence Gresser, Acting President, Borough of Queens, and Hon. George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

After considering Franchise and Financial matters, the Board took up the consideration of Public Improvement matters.

## VESTING TITLE TO LAND FOR BLACKWELL'S ISLAND BRIDGE, MANHATTAN AND QUEENS.

The following petition, communication from the Commissioner of Bridges, and report of the Chief Engineer were presented:

To the Board of Estimate and Apportionment of The City of New York:

The undersigned are the owners of the property taken for the new bridge over Blackwell's Island, known as Bridge No. 4, their premises being located in the block between Fifty-ninth and Sixtieth streets, and First and Second avenues, in the Borough of Manhattan, City of New York.

The situation respecting the acquisition of lands of the undersigned required for this bridge is such that they believe that the facts in relation thereto should be submitted to your Board so that immediate action may be taken to grant them relief from the burdens unnecessarily imposed.

The lands required for this bridge from the East river to Second avenue, between Fifty-ninth and Sixtieth streets, were laid out on a map by the City authorities in November, 1899; and thereafter, on the 6th day of March, 1901, proceedings were authorized by your predecessor for the acquisition of part of the land; and again, in 1903, proceedings were authorized by your Board for the taking of another part of the land.

In 1901, contracts were let for the construction of piers and abutments, and thereafter other contracts for the steel construction were awarded. The piers and abutments have been completed.

These lands, having been definitely set apart for bridge purposes, the owners have been compelled to await the pleasure of the City authorities to acquire title.

They have been carrying these lands at an enormous expense for the benefit of the City. They have been unable to secure tenants in some cases and numbers of apartments have remained vacant owing to the fact that prospective tenants were aware of the conditions affecting the property, and that at any time the City might summarily take title to the same.

In order to derive any revenue from the premises it has been necessary for the owners, ever since the laying out of the lands for this improvement, to offer inducements in reduced rents.

The carrying charges, such as interest on mortgages, taxes, etc., have continued to run as though the premises were yielding a commensurate revenue.

In the case of the store properties, it is impossible to make leases, and prospective lessees would not undertake to establish or continue their businesses where there was no assurance of undisturbed tenancy.

The interest upon mortgages have been laid by some of the owners only after great effort, and where the mortgages have come due the owners have been threatened with foreclosure proceedings.

We desire to particularly call your attention to one fact, and that is, that in cases where it is necessary to raise mortgages upon such lands, institutions have refused, as is their custom, to make loans because the properties are under condemnation.

The enormity of this hardship cannot be conceived except by one who has all his capital invested in a small equity in a piece of property affected by a public improvement.

In spite of the fact that the buildings are to be torn down by the City, the Tenement House Commission has insisted on repairs and alterations, and does even now insist on repairs and alterations, the expense of which would, in some individual cases, exceed \$1,000.

Commissioners of Estimate and Assessment were appointed by the Supreme Court to condemn the lands on March 1, 1906. The proceedings under said Commissioners are still pending.

It is unlikely that a report of this Commission will be made within the next six months.

We respectfully request that your Honorable Board, in view of the above facts, will take the necessary action to vest title forthwith in the City, and relieve your petitioners from the immense burdens under which they are suffering.

Respectfully submitted,

JEREMIAH G. COTTER,

Owner of No. 317 East Fifty-ninth Street, and fourteen others.

Dated December 7, 1906.

DEPARTMENT OF BRIDGES, CITY OF NEW YORK,  
Nos. 13 TO 21 PARK ROW,  
New York, December 27, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Bids were opened on the 13th inst. for the construction of the foundations, abutment core and metal works of the steel viaduct of the Queens approach of the Blackwell's Island Bridge, and I hope within a few days to award contract for the execution of this work, the construction of which should begin within ten days after the award of the contract.

I request, therefore, that your Honorable Board will arrange to vest title for the lands required for the Queens approach of the Blackwell's Island Bridge on or before the 15th day of January next.

The portion of the approach in which title should then be vested is that portion of the land required for the Queens approach now under condemnation and lying between the easterly side of Vernon avenue and the westerly side of Crescent street in the Borough of Queens.

Respectfully yours,

J. W. STEVENSON, Commissioner of Bridges.

REPORT No. 4745.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 10, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of December 7, 1906, Jeremiah G. Cotton and fourteen others have addressed a petition to the Board of Estimate and Apportionment requesting that the Board provide, without further delay, for the vesting of title in the City to the land now being acquired for the purpose of constructing the Blackwell's Island Bridge in the Borough of Manhattan. The reasons given in this petition are that the owners in many cases have been unable to secure tenants for this property, that other owners in order to secure tenants have been obliged to reduce their rents, that the carrying charges, such as interest on mortgages, have continued to run at the old rate as if the property were still as productive as formerly, that the Tenement House Commission has insisted upon certain repairs and alterations which would be a useless expense if the City is soon to take over the property.

Your Engineer has consulted the Commissioner of Bridges as to the probable time when he will require use of this land for construction purposes, and he has informed me that it will be necessary for him to have possession of the property free from buildings on or about March 15 next. The Commissioner of Bridges has also, under date of December 27, 1906, addressed a communication to the Board of Estimate and Apportionment stating that bids had been received for the construction of the Queens approach to the Blackwell's Island Bridge, that he expected within a few days to award a contract for the execution of the work, that construction would be commenced within ten days after the awarding of the contract, and requesting that the Board provide that title to the land required for this purpose should be vested in the City on or before January 15.

On June 23, 1905, the Board approved four separate maps submitted by the Commissioner of Bridges showing lands required for the construction of the approaches to the Blackwell's Island Bridge in the boroughs of Manhattan and Queens, covering the territory between Second avenue, Avenue A, East Fifty-ninth and East Sixtieth streets, excepting the portion adjacent to Avenue A, which had already been acquired. They also cover a strip of land lying between Vernon avenue and Jackson street with a width of 250 feet, except that the entire block bounded by Jackson avenue, Academy street, Henry avenue and Skillman avenue was included. At the same time that these plans were approved, the Board authorized the Corporation Counsel to take steps to acquire title to the property. Proceedings were instituted and the Commissioners appointed to act in the case of the Manhattan approach, filed their oaths on April 30, 1906, while the Commission appointed for the Queens approach filed their oaths on June 16, 1906. Upon consulting the representative of the Corporation Counsel who has these proceedings in charge, I am advised that the report in the Manhattan proceeding will probably be rendered before July 1, while in the Queens proceeding the Commissioners will not be ready to report before September next. He further advises me that if this property is required for use in the immediate future, there is no reason to believe that the Commissioners in either of the proceedings would be influenced by any action of the Board in vesting title, and that such vesting of title will not embarrass the Corporation Counsel in completing the proceedings. The Commissioners of the Sinking Fund have requested all Departments applying for possession of property being acquired for them to file their applications sixty days before the use of the property is required, and as action by the Commissioners of the Sinking Fund is necessary to give the Commissioner of Bridges possession of this property, it will be necessary to provide for the vesting of title by February 1, if the Department of Bridges is to be able to use it at the time when the Bridge Commissioner estimates that it will be required.

As there seems no objection to the Board taking action at this time, it is recommended that title to all of the property required for the Manhattan and Queens approaches to the Blackwell's Island Bridge, the acquisition of which was authorized by the Board of Estimate and Apportionment on June 23, 1905, be vested in The City of New York on February 1, 1907.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment did heretofore, on the 23d day of June, 1905, adopt a resolution authorizing the acquisition of the fee of the following described property in the Borough of Manhattan, City of New York, required for the use of Blackwell's Island Bridge, namely:

1. Beginning at a point formed by the intersection of the easterly side of First avenue and the northerly side of Fifty-ninth street and running thence northerly along the easterly side of First avenue 200.83 feet to the southerly side of Sixtieth street; thence easterly along the southerly side of Sixtieth street 200 feet; thence southerly parallel to First avenue 200.84 feet to the northerly side of Fifty-ninth street; thence westerly along the northerly side of Fifty-ninth street 200 feet to the point of beginning.

2. Beginning at a point formed by the intersection of the easterly side of Second avenue and the northerly side of Fifty-ninth street, and running thence northerly along the easterly side of Second avenue 200.84 feet to the southerly side of Sixtieth street; thence easterly along the southerly side of Sixtieth street 650.16 feet to the westerly side of First avenue; thence southerly along the westerly side of First avenue 200.84 feet to the northerly side of Fifty-ninth street; thence westerly along the northerly side of Fifty-ninth street 650.16 feet to the point of beginning.

Whereas, Commissioners of Estimate and Appraisal have been appointed by the Supreme Court in proceedings to acquire title to said property, and the oaths of said Commissioners of Estimate and Appraisal were duly filed as required by law on the 30th day of April, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 1439 of the Greater New York Charter, directs that upon the 1st day of February, 1907, the title to each and every piece or parcel of land lying within the limits hereinbefore described, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Whereas, The Board of Estimate and Apportionment did heretofore, on the 23d day of June, 1905, adopt a resolution authorizing the acquisition of the fee of the following described property in the Borough of Queens, City of New York, required for the use of Blackwell's Island Bridge, namely:

1. Beginning at a point on the easterly side of Vernon avenue, which point is 492.55 feet northerly of the point formed by the intersection of the easterly side of Vernon avenue and the northerly side of Harris avenue, and running thence along the easterly side of Vernon avenue north 33 degrees 13 minutes 47 seconds east 22.45 feet; thence south 56 degrees 46 minutes 13 seconds east 100 feet; thence north 33 degrees 13 minutes 47 seconds east 200 feet; thence north 56 degrees 46 minutes 13 seconds west 100 feet to the easterly side of Vernon avenue; thence along the easterly side of Vernon avenue north 33 degrees 13 minutes 47 seconds east 28.03 feet; thence south 60 degrees 17 minutes 30 seconds east 2,695.80 feet to the westerly side of Crescent street; thence along the westerly side of Crescent street south 34 degrees 57 minutes 37 seconds west 129.42 feet; thence south 55 degrees 02 minutes 23 seconds east 0.58 foot; thence along the westerly side of Crescent street south 34 degrees 57 minutes 37 seconds west 121.56 feet; thence north 60 degrees 17 minutes 30 seconds west 2,688.79 feet to the point of beginning.

2. Beginning at a point in the easterly side of Crescent street which point is 263.95 feet northerly of the point formed by the intersection of the easterly side of Crescent street and the northerly side of Henry street, and running thence along the easterly side of Crescent street north 34 degrees 57 minutes 37 seconds east 116.05 feet; thence north 55 degrees 02 minutes 23 seconds west 0.58 foot; thence along the easterly side of Crescent street north 34 degrees 57 minutes 37 seconds east 134.04 feet; thence south 60 degrees 17 minutes 30 seconds east 723.70 feet to the westerly side of Academy street; thence along the westerly side of Academy street south 34 degrees 57 minutes 37 seconds west 209.21 feet to the northerly side of Hunter avenue; thence along the northerly side of Hunter avenue south 64 degrees 42 minutes 27 seconds west 50.86 feet; thence north 60 degrees 17 minutes 30 seconds west 697.78 feet to the point of beginning.

3. Beginning at a point formed by the intersection of the southerly side of Hunter avenue and the westerly side of Jane street and running thence along the westerly side of Jane street south 25 degrees 17 minutes 33 seconds east 38.23 feet; thence north 60 degrees 17 minutes 30 seconds west 46.67 feet to the southerly side of Hunter avenue; thence along the southerly side of Hunter avenue north 64 degrees 42 minutes 27 seconds east 26.77 feet to the point of beginning.

#### LAND FOR CATSKILL AQUEDUCT.

The following communication from the Board of Water Supply of The City of New York, and report of the Chief Engineer were presented:

January 9, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

SIR—We send you herewith, for the approval of the Board of Estimate and Apportionment, as directed in section 5, of chapter 724, Laws of 1905, six similar maps entitled:

"Board of Water Supply of The City of New York. Map of Real Estate, situated in the town of Olive, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of the Ashokan Reservoir, and appurtenances, in the vicinity of Olive Bridge;" (Section 1, Reservoir Department, consisting of title sheet, index map and sheets Nos. 1 to 7, inclusive, and parts of sheets Nos. 9, 10 and 11):

—also six similar maps entitled:

"Board of Water Supply of The City of New York. Map of Real Estate situated in the town of Olive, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of the Ashokan Reservoir, and appurtenances, in the vicinity of Brown's Station;" (Section 2, Reservoir Department, consisting of title sheet, index map and sheets Nos. 8 to 12, inclusive, and parts of sheets Nos. 13 and 14).

Both these maps are dated January 9, 1907, and signed by the Board of Water Supply of The City of New York and its Chief Engineer. These maps have been prepared strictly in accordance with the specifications set forth in section 5 of chapter 724 of the Laws of 1905, and show in detail a portion of the land to be acquired in

carrying out the plan for obtaining an additional supply of pure and wholesome water for The City of New York, approved by the Board of Estimate and Apportionment on the 27th day of October, 1905.

Yours respectfully,

BOARD OF WATER SUPPLY,  
Per THOS. HASSETT, Secretary.

REPORT No. 4762.

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE CHIEF ENGINEER,  
January 15, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 9, 1907, the Board of Water Supply has submitted for approval maps of real estate situated in the town of Olive, Ulster County, New York, required for the construction of the Ashokan Reservoir and appurtenances, in accordance with the provisions of section 5 of chapter 724 of the Laws of 1905 and the amendments thereto.

The maps are divided into two sections, Section No. 1 comprising eleven sheets and Section No. 2 comprising fourteen sheets, these constituting two of five sections which will cover the real estate needed for the building of the dams required in the construction of this great reservoir. Section No. 1 includes parcels 1 to 41, inclusive, with a total area of 1,085,508 acres; Section No. 2 includes parcels 42 to 81, inclusive, with a total area of 634,882 acres. These two sections lie wholly south of the Ulster and Delaware Railroad, and cover the site of the main dam known as the Olive Bridge Dam. Subsequent sections to be presented will include the sites of the West Dike, Beaver Kill Dike, East Dike and Spillway, and also the overflow weir, or diversion dam, which it is proposed to build. These other three sections will be presented as rapidly as plans can be prepared, and will cover all of the real estate required for this series of dams, as it is essential that title should be vested in the City before contracts are advertised. In selecting the land to be taken the Board of Water Supply has avoided the leaving of any remnants of parcels which would be deprived of outlets, and where portions of holdings are taken the remnants all have access upon some established highway. I am advised by the Chief Engineer of the Board of Water Supply that at the hearings before the State Water Commission, at Kingston, the Ramapo Water Company was represented by counsel, engineers and others, who stated that this company owned no property and held no options upon any real estate in this region. It was admitted that they had at one time acquired options, but that they had expired and had not been renewed, and I am further advised that this statement was verified by the Board of Water Supply.

The land which it is proposed to acquire is not only needed for constructive purposes and for the placing of material and machinery, but also includes native materials which will be used in construction, and it appears to be the policy of the Board of Water Supply to acquire this land and all of the land which will be needed as quickly as possible. Such a policy appears to be wise, and it is recommended that the maps be approved as submitted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Chapter 724 of the Laws of 1905, did on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of The City of New York, for obtaining an additional supply of pure and wholesome water for The City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval, as directed in section 5, chapter 724, Laws of 1905, six similar maps or plans entitled:

#### PARK ALONG WESTERLY SIDE OF RIVERSIDE DRIVE, MANHATTAN.

The President of the Board of Aldermen asked unanimous consent for the present consideration of a motion that the Comptroller be requested to report at the next meeting the value of the entire strip which has been under discussion in connection with laying out a park along the westerly side of Riverside Drive, in the Borough of Manhattan.

No objection being made, the motion was put and unanimously agreed to.

On motion, the Board adjourned to meet on Friday, January 25, at 10.30 o'clock in the forenoon.

JOSEPH HAAG, Secretary.

## BOARD OF ESTIMATE AND APPORTIONMENT.

(FINANCIAL AND FRANCHISE MATTERS.)

MINUTES OF MEETING OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK,  
HELD IN ROOM 16, CITY HALL, FRIDAY, FEBRUARY 15, 1907.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Patrick F. McGowan, President, Board of Aldermen; Herman A. Metz, Comptroller; John F. Ahearn, President of the Borough of Manhattan; Bird S. Coler, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Bermel, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The minutes of meeting held February 1, 1907, were approved as printed.

A communication, dated February 4, was received from the Secretary of the Eleventh Avenue Track Removal Association, transmitting a copy of resolutions adopted by that body, thanking the Board for its action in relation to the New York Central and Hudson River Railroad Company and the surface railroad on One Hundred and Forty-fifth street, Borough of Manhattan.

Which was ordered filed.

Ryan &amp; Saunders.

The Secretary presented the following:

RYAN & SAUNDERS, PRINTERS,  
Nos. 26 AND 28 SULLIVAN STREET,  
NEW YORK, February 2, 1907.

Hon. GEORGE B. McCLELLAN, Mayor:

SIR—We wish to string a private telephone wire across the street to connect with a customer immediately opposite us. Please let us know if permission is necessary, and if so, to whom should we apply for it. Your favor will greatly oblige,

Yours truly,

RYAN &amp; SAUNDERS.

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, No. 280 BROADWAY,  
February 9, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Messrs. Ryan & Saunders, of Nos. 26 and 28 Sullivan street, New York City, in a communication dated February 2, 1907, addressed to Hon. George B. McClellan, Mayor, state as follows:

"We wish to string a private telephone wire across the street to connect with a customer immediately opposite us. Please let us know if permission is necessary, and if so, to whom should we apply for it."

This communication was transmitted to the Secretary of the Board of Estimate and Apportionment, together with a communication from Executive Secretary William A. Willis, of the Mayor's office, for consideration by the Board of Estimate and Apportionment, and the matter was referred to the Bureau of Franchises.

Section 1 of chapter 534 of the Laws of 1884 reads as follows:

"All telegraph, telephone and electric light wires and cables used in any incorporated city in this state having a population of 500,000 or over shall hereafter be placed under the surface of the streets, lanes and avenues of said city."

This act applied to The City of New York as then constituted. It would seem, therefore, that the Board could not grant any consent for an overhead wire as applied for.

It has been the custom of the Board of Estimate and Apportionment, since its succession to the powers formerly held by the Board of Aldermen, to grant consents revocable at any time by the Board, to an applicant to connect premises owned or leased by him on both sides of a street or highway, by tunnel, bridge and also by pipe line to contain wires for lighting and heating purposes, but in all such grants the permission granted was for the exclusive use of the petitioner. It appears from the application of Ryan & Saunders that the proposed connection will not be for the exclusive use of the petitioners, and it would, therefore, appear that the right requested would be somewhat in the nature of a franchise.

I would therefore suggest that the matter be referred to the Corporation Counsel, with the request that he advise the Board as to the course to be pursued in the premises.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The matter was referred to the Corporation Counsel to advise the Board as to the course to pursue.

Estate of Charles Broadway Rouss.

By resolution adopted by the Board January 18, 1907, approved by the Mayor January 22, 1907, the Estate of Charles Broadway Rouss was granted an extension of time in which to complete the construction of a tunnel under and across Mercer street, Borough of Manhattan, which construction was authorized by resolution adopted by the Board June 8, 1906, approved by the Acting Mayor June 14, 1906. Pursuant to the terms of the consent, the petitioner filed a certificate of acceptance, which was forwarded to the Corporation Counsel for approval as to form.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, February 7, 1907.

Board of Estimate and Apportionment:

SIR—I have received from you a letter, dated January 29, 1907, signed by Joseph Haag, Secretary, inclosing for my approval as to form the certificate of the Estate of Charles Broadway Rouss filed with the Board of Estimate and Apportionment January 28, 1907, pursuant to a resolution adopted by the Board of Estimate and Apportionment January 18, 1907, and approved by the Mayor January 22, 1907.

From the agreement inclosed it appears that the Board of Estimate and Apportionment adopted a resolution June 8, 1906, approved by the Mayor June 14, 1906, granting to the Estate of Charles Broadway Rouss permission to construct, maintain and use a tunnel under Mercer street, to connect the premises known as Nos. 123 to 125 and Nos. 122 to 126.

Section 12 of said consent reads as follows:

"Said grantee, its successors or assigns, shall commence the construction of said tunnel under this consent and complete the same within six months from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months."

It appears that the Estate of Charles Broadway Rouss has been unable to complete the construction of this tunnel within the stated time, and the resolution of January 28, 1907, purported to extend such period.

Inasmuch, however, as section 12 of said consent specifically stated that such tunnel should be completed within six months from the day of the approval of the consent by the Mayor, and such period of six months expires December 14, 1906, I am of the opinion that on that date such consent became void and inoperative ipso facto, and for any further acts in the premises a new application should be made and a new consent granted.

I herewith return to you such certificate of acceptance.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The matter was laid over for two weeks to enable the petitioner to submit a new application.

H. C. F. Koch &amp; Co.

By resolution adopted by the Board January 18, 1907, approved by the Mayor January 22, 1907, the firm of H. C. F. Koch & Co. was granted an extension of time in which to complete the construction of a tunnel under and across West One Hundred and Twenty-fourth street, Borough of Manhattan, which construction was authorized by resolution adopted by the Board July 6, 1906, and approved by the Acting Mayor July 13, 1906. Pursuant to the terms of the consent the petitioner filed a certificate of acceptance, which was forwarded to the Corporation Counsel for approval as to form.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, February 7, 1907.

Board of Estimate and Apportionment:

SIR—I have received from you a communication, dated January 29, 1907, signed by Joseph Haag, Secretary, inclosing for my approval as to form the certificate of H. C. F. Koch & Co., filed with the Board of Estimate and Apportionment January 28, 1907, pursuant to a resolution of the Board of Estimate and Apportionment adopted January 18, 1907, and approved by the Mayor January 22, 1907.

It appears from the agreement inclosed that the Board of Estimate and Apportionment adopted a resolution on July 6, 1906, approved by the Acting Mayor July 13, 1906, granting to such firm permission to construct, maintain and use a tunnel under and across West One Hundred and Twenty-fourth street, to connect premises known as Nos. 137 and 140 West One Hundred and Twenty-fourth street.

Section 12 of said consent reads as follows:

"Said grantee, its successors or assigns, shall commence the construction of said tunnel under this consent and complete the same within six months from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months."

It appears that the said firm was unable to complete the construction of such tunnel within the stated period and the resolution of the Board of Estimate and Apportionment of January 28, 1907, purported to extend the time in which such work of construction might be completed.

Inasmuch, however, as the six months' period prescribed in section 12 of said consent expired January 13, 1907, I am of the opinion that the said consent became void and inoperative ipso facto on that date. For any right thereafter in the premises the said firm would have to make a new application, and the Board of Estimate and Apportionment act upon such application de novo.

I herewith return to you such certificate of acceptance.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

H. C. F. KOCH & CO.,  
WEST ONE HUNDRED AND TWENTY-FIFTH STREET,  
NEW YORK, February 14, 1907.

Board of Estimate and Apportionment, City of New York, Bureau of Franchises:

In re tunnel connection in West One Hundred and Twenty-fourth street, Borough of Manhattan, connecting premises Nos. 137 and 140.

In pursuance of the opinion of the Corporation Counsel, as expressed in a letter directed to us under date of February 13, 1907, signed by Harry P. Nichols, Assistant Engineer, we hereby renew our original application and beg that:

Permission be hereby given to H. C. F. Koch & Co. to take up the pavement and excavate such portion as may be necessary of the roadway of One Hundred and Twenty-fourth street for the purpose of constructing a tunnel across said roadway, to connect premises known as Nos. 137 and 140 West One Hundred and Twenty-fourth street, in the Borough of Manhattan, for the purpose of carrying steam pipes and electric conduit, transportation of merchandise, and to be used as a passageway between said buildings, in accordance with plan dated June 25, 1906, on file in the office of the Bureau of Franchises.

Respectfully submitted,

Very truly yours,

H. C. F. KOCH &amp; CO.

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, No. 280 BROADWAY,  
February 14, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Board of Estimate and Apportionment, by resolution dated July 6, 1906, which was approved by the Acting Mayor July 13, 1906, granted its consent to the firm of H. C. F. Koch & Co. to construct, maintain and use a tunnel under and across West One Hundred and Twenty-fourth street, between Lenox avenue and Seventh avenue, in the Borough of Manhattan, connecting buildings owned and leased by the firm, being on opposite sides of the street.

Owing to unforeseen difficulties encountered during the construction of the foundations of the new building on the south side of the street, the work was delayed and the tunnel could not be completed within the time limit named in the resolution of the above date, or before January 13, 1907. The firm of Koch & Co. therefore made application, dated December 29, 1906, to the Board, requesting an extension of time for completing the tunnel.

In accordance with this application, the Board of Estimate and Apportionment did, by resolution adopted on January 18, 1907, which was approved by the Mayor January 22, 1907, grant to Koch & Co. an extension of time of three months in which to complete the tunnel. The firm complied with all the provisions of the resolution of January 18, 1907, and filed a written agreement, as required, with the Board of Estimate and Apportionment, January 28, 1907, which agreement was referred to the Corporation Counsel for his approval.

The Corporation Counsel returned the agreement with an opinion that as the time limit for completion of the tunnel expired January 13, 1907, in accordance with the provision named in section 12 of the resolution of July 6, 1906, the tunnel not being completed, the consent became void and inoperative ipso facto on that date; that for any right thereafter in the premises the firm of Koch & Co. would have to make a new application to the Board.

Therefore the firm have presented an application, dated February 14, 1907, to the Board of Estimate and Apportionment, requesting its consent to the construction, maintenance and use of a tunnel under and across West One Hundred and Twenty-fourth

street, in the Borough of Manhattan, to connect premises known as Nos. 137 and 140, for the purpose of carrying steam pipes and electric conduit, transportation of merchandise and to be used as a passageway between the buildings, in accordance with plan dated June 25, 1906, on file in the office of the Bureau of Franchises.

The firm of Koch & Co. have paid the compensation named in the resolution of July 6, 1906, up to November 1, 1907, the twenty-five dollars (\$25) required by the resolution of January 18, 1907, and filed the security required under resolution of July 6, 1906, and have therefore complied with all the conditions of the above resolutions in good faith. They state that they have already commenced the construction of the tunnel and will push the work as fast as possible to final completion.

I would suggest that the Board of Estimate and Apportionment grant the application of February 14, 1907, upon the terms and conditions named in the former resolutions, with the provision that the amounts already paid and the security deposited with the Comptroller be applied to the new consent when granted; also that this new consent shall commence on January 13, 1907, at which time the consent of July 6, 1906, terminated.

I transmit a form of resolution for the consideration of and adoption by the Board. Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of H. C. F. Koch & Co., lessee of certain land on the northerly side and owner of land on the southerly side of West One Hundred and Twenty-fourth street, between Lenox and Seventh avenues, Borough of Manhattan, City of New York, to construct a tunnel under and across the roadway of said West One Hundred and Twenty-fourth street, to connect the buildings owned and leased by said firm. The location of the tunnel is shown on a plan entitled:

"Plan accompanying application of H. C. F. Koch & Co., for a tunnel permit to connect premises Nos. 137 and 140 West One Hundred and Twenty-fourth street, in the Borough of Manhattan, to the Board of Estimate and Apportionment," dated June 25, 1906, and signed by H. C. F. Koch & Co.,

—a copy of which is attached hereto and made a part hereof.

The consent hereby given is subject to the following terms and conditions:

1. Said consent shall commence on January 13, 1907, and shall not extend beyond a period of fifteen (15) years from the said date, provided, however, that the same may be canceled and annulled upon six months' notice, in writing, to the firm of H. C. F. Koch & Co., its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of the grantee, its successors or assigns, in and upon the aforesaid portion of West One Hundred and Twenty-fourth street shall cease and determine.

2. The firm of H. C. F. Koch & Co., its successors or assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years, the annual sum of \$310.

During the second five years, the annual sum of \$325.

During the third five years, the annual sum of \$341.

Such sums shall be paid into the Treasury of The City of New York on November 1st of each year, provided, however, that the payments already made under resolutions approved July 13, 1906, and January 22, 1907, shall cover the compensation due up to November 1, 1907. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatever kind or description, now or hereafter to be paid by any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns shall, at its own cost, cause the tunnel to be removed and all that portion of West One Hundred and Twenty-fourth street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York, or its duly authorized representatives. If the tunnel to be constructed by said grantee under this consent shall not be required to be removed, it is agreed that the said tunnel shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee and shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any person or corporation whatsoever, either by the acts of said grantee its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority.

5. The said grantee shall pay the entire cost of:

- The construction and the maintenance of the tunnel.
- The protection of all surface and subsurface structures which shall in any way be disturbed by the construction of the tunnel.
- All changes in sewer or other subsurface structures made necessary by the construction of the tunnel, including the laying or relaying of pipes, conduits, sewers or other structures.
- The replacing or restoring the pavement in said street which may be disturbed during the construction of said tunnel.
- Each and every item of the increased cost of any future substructure caused by the presence of said tunnel under this consent.
- The inspection of all work during the construction or removal of the tunnel, as herein provided, which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Manhattan and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans which shall include and show in detail the method of construction of such tunnel and the mode of protection or changes in all subsurface structures required by the construction of the tunnel.

7. The grantee, its successors or assigns shall allow to The City of New York a right of way through, under or above any part of the tunnel constructed under the consent hereby granted, for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of West One Hundred and Twenty-fourth street occupied by said tunnel.

8. The said tunnel and all pipes and electrical conductors laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to West One Hundred and Twenty-fourth street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and opera-

tion or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee, its successor or assigns, shall commence the construction of said tunnel under this consent, and complete the same within six months from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding three months.

13. This consent is upon the express condition that the said grantee, within thirty days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of seven hundred dollars (\$700), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the street pavement. In case of default in the performance by said grantee of any of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten (10) days' notice in writing, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or in case of default in the payment of the annual charges, shall collect the same with interest, from such fund after ten (10) days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee, shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of seven hundred dollars (\$700), and in default of the payment thereof the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Manhattan and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized at least forty-eight (48) hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced and also the date on which the same is completed.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons and property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

#### Brooklyn City Railroad Company.

By resolution adopted by the Board March 16, 1906, approved by the Mayor March 26, 1906, the Brooklyn City Railroad Company was granted permission to construct, maintain and operate a street surface railroad on Fulton, Tillary and Washington streets, Borough of Brooklyn. The consent was revocable at the pleasure of the Board, and for this and other reasons the railroad company declined to accept it.

At the meeting of January 18, 1907, a report was received from the Select Committee on the application of the Nassau Electric Railroad Company for a franchise, and in such report it was recommended that the Board take up and consider a portion of this spur connection.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BEDFORDWAY,  
February 9, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held March 16, 1906, a petition was presented from the Brooklyn City Railroad Company, for the grant of a franchise or right to construct, maintain and operate a street surface railroad, commencing at the tracks of the petitioner at the intersection of Tillary and Fulton streets, running thence on a curve easterly across Fulton street and Liberty street, to the private property abutting on Liberty street owned by the Brooklyn Union Railroad Company; thence continuing easterly across said private property of the Brooklyn Union Railroad Company to the private property of The City of New York, across said private property to Washington street, and continuing north-easterly to the tracks of the Brooklyn City and Newtown Railroad Company on Washington street, Borough of Brooklyn; together with a report from the Bureau of Franchises, proposing certain terms and conditions for the proposed grant, and recommending that the company be granted a revocable permit and not a franchise, as the Board at that time had no power to grant a franchise; and further, the proposition was looked upon as merely a temporary relief, pending the time when the problem of traffic congestion on the Brooklyn side of the bridge should be solved.

The Board of Estimate and Apportionment duly adopted resolutions, on March 16, 1906, granting the company such revocable permit. This resolution was approved by the Mayor March 26, 1906.

At the meeting of June 8, 1906, a communication was presented from the railroad company, stating:

"We have been unable to accept the consent thereby granted under the terms and conditions attached to such consent."

—for reasons therein given. A report was also submitted, from the Bureau of Franchises, calling attention of the Board to the fact that it was thought best to grant a temporary permit, pending a time when a more complete solution of the problem of traffic congestion in this vicinity should be arrived at, at which time it might be necessary for the company to apply for extensions, in accordance with such solution, but until such time this connection was considered to be a temporary relief.

It was further pointed out that the application of the company for a franchise was not in the form required by the Board, and it was suggested that the company be required to present its application in the proper form, as required by the resolution adopted by the Board on June 9, 1905.

The matter was thereupon referred to the Bureau of Franchises for investigation and suggestions.

In a communication dated June 19, 1906, Vice-President Williams, of the railroad company, requested to be advised as to the proper form of such application. He was

so advised, and a copy of the resolution of the Board, pertaining thereto, was furnished him, in a communication dated June 20, 1906. No answer has as yet been received to this communication. In consequence, no negotiations have been opened with the company.

At the meeting of the Board of Estimate and Apportionment of January 18, 1907, a report was presented on the application of the Nassau Electric Railroad Company for a franchise on Livingston and other streets in the Borough of Brooklyn, by the Select Committee to whom this matter had previously been referred, and that report read in part as follows:

"In connection with the Livingston street franchise, your committee recommends that there be taken up also the matter of the proposed spur connection between the tracks of the Brooklyn Heights Railroad Company in Fulton street and the tracks of the said company on the Brooklyn Bridge, said connection crossing Fulton street and Liberty street just below Tillary street, and proceeding thence through the bridge terminal yard to the bridge. Such a connection will add materially to the benefits to be derived by reason of the operation of the Livingston Street Railroad, inasmuch as it will enable the railroad company to divide its north and south bound cars, and to avoid the numerous crossings in the vicinity of the Borough Hall, which add to the difficulty and danger of transportation in Brooklyn."

From the wording of the paragraph quoted, it would appear that the Select Committee does not recommend the consideration of the application of the Brooklyn City Railroad Company in its entirety, but rather only the portion within Fulton and Tillary streets, for the purpose of connecting the tracks in Fulton street with the bridge property, and not connecting those tracks with the tracks on Washington street, as applied for. This would seem to indicate that a plan for the crossing of cars in the bridge yard and the use of that property for entering the bridge was in the mind of the Committee, a similar plan having been heretofore suggested.

If this is the case, the question of whether or not the application should be granted in the form of a franchise or in the form of a revocable consent, should be considered.

In the first report by this Bureau upon the application in question, it was suggested that no franchise be granted, but that a revocable consent only be given, for the reason that it was considered that the laying of these tracks was practically a temporary makeshift, with a view of reducing congestion, pending the adoption and completion of a comprehensive plan for reducing traffic delay.

Should a plan similar to that referred to be finally agreed upon, it is possible that a franchise for that portion of the connection within Fulton and Tillary streets may be properly granted for the reason that that portion of the connection would become a part of such plan.

Since it is the opinion of the bridge engineers that the Brooklyn Bridge should be reconstructed upon the completion of the Manhattan Bridge, it is possible that the bridge yard and approaches may be entirely changed in time, and it would be inadvisable to give vested rights either upon the bridge property or approaching the same, which may be held as having a value which the City may be obliged to pay in order to make the improvement.

For that reason, I would suggest that either a revocable consent be given or that a franchise be granted upon the condition that the same shall terminate when the City requires the removal of such tracks because of improvements which may be made upon the bridge, or bridge approaches, or when it may be necessary to shift such tracks for the same reason.

I therefore ask that the Board consider the question of whether the grant shall be made in the form of a franchise or revocable consent. The application now before the Board is sufficient if a revocable consent is given, but if it is decided that a franchise should be given, I would suggest that the Secretary be directed to notify the railroad company to present a verified petition in duplicate.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

#### *One Hundred and Forty-fifth Street Railway Company.*

In the matter of the application of the One Hundred and Forty-fifth Street Railway Company for a franchise to construct, maintain and operate a double-track street surface railway upon and along West One Hundred and Forty-fifth street, from Lenox avenue to Broadway, Borough of Manhattan.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,  
February 8, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The One Hundred and Forty-fifth Street Railway Company, under date of January 25, 1907, presented a verified petition to the Board for the right to use certain streets, roads, avenues, etc., belonging to the City for the construction and operation of a double-track street surface railway, the route of such railway being on West One Hundred and Forty-fifth street, in the Borough of Manhattan, from its intersection with Lenox avenue to its intersection with Broadway. This application was referred to the Bureau of Franchises for investigation and suggestions, and to a select committee.

Upon request the company has furnished a map showing the route of the proposed railroad, and has furnished a copy of the certificate of incorporation.

The certificate of incorporation states that the company is incorporated "for the purpose of building, maintaining and operating a railroad, or of maintaining and operating a railroad already built, not owned by a railroad corporation, and for both purposes."

The facts which have led up to the organization of this company and the application referred to are as follows:

The New York City Railway Company, acting for the Fort George and Eleventh Avenue Railroad Company, began in 1905 to construct a double-track street surface railway in the portion of West One Hundred and Forty-fifth street between Eighth avenue and Broadway. Permit to take up the pavement for that purpose was obtained pursuant to a franchise granted to the Fort George and Eleventh Avenue Railroad Company by ordinance adopted by the Board of Aldermen and the Council December 30, 1899, and approved by the Mayor January 8, 1900.

On June 23, 1905, the former Comptroller addressed a communication to the Corporation Counsel, in which he set forth the facts in regard to the rights of the Fort George and Eleventh Avenue Railroad Company, stating that he believed "the company was in default, and was now attempting to construct its road after the franchise had become void," and if this is true it "would seem to be a case calling for immediate and drastic action." He asked the Corporation Counsel to detail an assistant to examine the same, and if the facts seemed to warrant it to immediately commence action for the forfeiture of the franchise.

After obtaining further data and information the Corporation Counsel wrote to the President of the Borough of Manhattan on October 30, 1906, in which he stated that after a careful examination of the facts and law, he is led to the conclusion that the Fort George and Eleventh Avenue Railroad Company has forfeited its franchise and right to construct said railroad because of its failure to comply with section 5 of the Railroad Law. This referred to the portion of the franchise which, up to that time, had not been used by the Fort George and Eleventh Avenue Railroad Company; that is, on Broadway, between One Hundred and Thirtieth and One Hundred and Seventy-fifth streets.

The Corporation Counsel advised the Borough President that any permits for the opening of the street on Broadway should be revoked, and that no further permits should be issued.

On December 28, 1906, the Corporation Counsel addressed a letter to the New York City Railway Company, a part of which is as follows:

"The line of street surface railroad on One Hundred and Forty-fifth street, from the Boulevard east to the Harlem river, which, as I am informed, was constructed by the Fort George and Eleventh Avenue Railroad Company, or by some persons or corporation acting in its behalf, and which is now controlled and operated by you, is without authority.

"The only right to construct such a street surface railroad which the Fort George and Eleventh Avenue Railroad Company, or any other person ever had, was by virtue of whatever rights and privileges the said Fort George and Eleventh Avenue Railroad Company might have acquired by virtue of its consolidation with the North End Street Railway Company, which was incorporated on or about November 5, 1895.

"Whatever rights the last named corporation might have had to construct and operate such a railroad were forfeited and lost by its failure to begin the construction of its road and expend thereon 10 per cent. of the amount of its capital within five years after its certificate of incorporation was filed, as is required by section 5, chapter 39 of the General Railroad Law.

"The construction of this railroad subsequent to this period and its present operation by you is therefore illegal and is a trespass and nuisance, and the track laid in One Hundred and Forty-fifth street, as aforesaid, is an obstruction of the street and an interference and invasion of a public right."

Upon request of the Corporation Counsel, the Police Department on January 21, 1907, stopped the operation of cars on One Hundred and Forty-fifth street.

Subsequently the One Hundred and Forty-fifth Street Railway Company was incorporated and it made the application as before stated. The service on One Hundred and Forty-fifth street has since been resumed.

On January 25, 1907, I made a report to the Board of Estimate and Apportionment upon the application of the New York City Interborough Railway Company, the Union Railway Company and the Southern Boulevard Railroad Company, for various extensions in the Borough of The Bronx, in which I stated that I believed there were other routes which should be applied for by the Union and the Interborough Companies, and the Board should require the companies to make such application before finally determining upon the application of this company already before the Board.

One of the extensions suggested and which had not been applied for was on One Hundred and Forty-fifth street, as extension to the present line of the Interborough Company on One Hundred and Forty-ninth street, in the Borough of The Bronx, crossing the Harlem river upon the One Hundred and Forty-ninth Street Bridge, to Lenox avenue and One Hundred and Forty-fifth street in the Borough of Manhattan, the purpose of such extension being to carry passengers riding on One Hundred and Forty-ninth street crosstown line, into the Borough of Manhattan, and across the north and south lines of the Borough of Manhattan, for the purpose of obviating the congestion at the bridge approach and distributing passengers at the several points near their destination.

This report was referred to a Select Committee, and as I believe treatment of the application of the One Hundred and Forty-fifth Street Railway Company depends entirely upon the decision of the Board, upon the suggestion made in the report referred to relative to the extension of the Interborough Company on One Hundred and Forty-fifth street, I would suggest that the communication be referred to the same Committee, in order that it may be considered in conjunction with said report.

Should the Board decide to consider the application of the One Hundred and Forty-fifth Street Railway Company rather than adopt the suggestion in the report, the Board should set a date for a public hearing on the petition, as required by the Charter. This Bureau will then be ready to propose terms and conditions to govern the grant.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

#### *Long Island Railroad Company, as Lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company.*

In the matter of the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, for a franchise to construct, maintain and operate a street surface railway upon and along certain portions of Atlantic avenue, Borough of Brooklyn, and upon which a report was submitted by the Bureau of Franchises December 7, 1906, and the matter referred to a Select Committee.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,  
February 9, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment, held December 7, 1906, the Bureau of Franchises presented a report, dated November 26, 1906, upon the application of the Long Island Railroad Company, as lessee of the Nassau Electric Railroad Company, and the Nassau Electric Railroad Company, for a franchise to construct a double-track electrical railroad on portions of Atlantic avenue, Borough of Brooklyn, "one track to be laid on each side of said avenue in the portions thereof adjoining the places where the right of way of the Long Island Railroad Company is obstructed by the elevated and depressed tracks."

The former steam railroad operated by the Long Island Railroad Company upon the surface of Atlantic avenue, from Flatbush avenue easterly, was under the provisions of chapter 499 of the Laws of 1897 removed from the surface of Atlantic avenue, and is now operated partly in a tunnel under the surface of such street and partly on an elevated structure above such surface. The franchise, if granted, would permit the Long Island Railroad Company to operate a continuous surface railroad by the overhead trolley system from Flatbush avenue easterly to a point near the westerly boundary line of the Borough of Brooklyn, the company having already laid tracks upon the property which it claims to own in fee in the centre of Atlantic avenue beneath the portion of its elevated structure and over the portions of its tunnel structure, upon which it is operating its former steam railroad. The company desired to secure from the City permission to construct three turnouts outside of its alleged right of way in the centre, which turnouts were to connect the tracks already laid so as to permit the operation of a continuous surface line.

The report of the Bureau raised certain questions as to the right of the company to operate a street surface line, and since that report was made, the Appellate Division of the Supreme Court was handed down a decision in the matter of the company's application for the appointment of Commissioners to determine whether or not the road should be built. This decision is as follows:

"In re Long Island Railroad as lessee of Nassau Electric Railroad. Motion for the appointment of Commissioners denied and proceedings dismissed, not in the exercise of discretion but solely on the ground that the petitioners are not possessed of the legal right to construct and operate the roads contemplated." (New York "Law Journal," February 1, 1907.)

The report of the Bureau was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough

of Brooklyn, and it would therefore seem advisable that the attention of this Committee be called to this opinion.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Which was referred to the Select Committee appointed December 7, 1906.

*Brooklyn Grade Crossing Commission, Long Island Railroad Company, as Lessee of the New York, Brooklyn and Manhattan Beach Railway Company, and the New York, Brooklyn and Manhattan Beach Railway Company.*

In the matter of the application of the Brooklyn Grade Crossing Commission, Long Island Railroad Company, as lessee of the New York, Brooklyn and Manhattan Beach Railway Company, and the New York, Brooklyn and Manhattan Beach Railway Company for the consent of the Board to a relocation and change of grade of the Manhattan Beach Division of the last-named railroad from Avenue M to a point south of Emmons or Neptune avenue, in the Borough of Brooklyn.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,  
BUREAU OF FRANCHISES, ROOM 79, No. 280 BROADWAY,  
February 9, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held on May 11, 1906, this Bureau presented a report upon the petition of the Brooklyn Grade Crossing Commission, the New York, Brooklyn and Manhattan Beach Railway Company and the Long Island Railroad Company, the lessee of the first named railroad, for the consent of the Board to the proposed relocation and change of grade of the Manhattan Beach Division of the above named railroad, from Avenue M to a point south of Emmons or Neptune avenue, in the Borough of Brooklyn.

This report offered certain suggestions as to changes in the map submitted, and also certain conditions which might properly be imposed by the Board when granting its consent to such relocation.

The matter was referred to the Committee of the Whole, and at a later meeting of the Board, on November 23, 1906, referred to a Select Committee, which reported to the Board on December 21, 1906, and a resolution was thereupon adopted, directing that the map be returned to the Grade Crossing Commission with a request to amend the same, so as to provide

"That legal grades of all streets intersecting the lines of the proposed railroad and embankments be shown on the map for adoption, and that no streets crossing under the railroads be depressed more than four feet below such legal grades, giving in every case a minimum clearance of fourteen feet from the proposed surface of such streets to the under side of track girders, except where sewer crossings or other conditions at Avenues J and K necessitate some reduction in this clear head room of fourteen feet."

Under date of January 22, 1907, the Brooklyn Grade Crossing Commission has transmitted an amended plan to be substituted for the plan previously submitted with the original petition. This plan, however, has not received the approval of the Commissioner of Public Works for the Borough of Brooklyn, as required under section 4 of the act authorizing the change of location, and this approval should be obtained before final action is taken by the Board.

In all other respects the plan would appear to conform to the requirements stated in the resolution of the Board, adopted December 21, 1906, and I would, therefore, suggest that after the approval of the Commissioner of Public Works has been obtained that the plan be accepted and the consent of the Board be granted to the relocation and change of grade of the roadbed of the New York, Brooklyn and Manhattan Beach Railway Company, in accordance with the lines shown upon said plan and the elevation shown upon the profile and the streets passing beneath, provided that the railroad companies shall enter into an agreement with The City of New York, in which they shall stipulate to conform to and abide by the following conditions, the reasons for which were fully set forth in the report hereinbefore referred to, which is printed in full in the Minutes of the Board of May 11, 1906.

First—The railroad companies shall convey to the City, without cost and free from all encumbrances, all their right, title and interest in the land occupied by the present right of way, which is about to be abandoned between Avenue M and Neck road, and between the northerly line of Avenue Z and the southerly line of Voorhees avenue and the westerly line of East Fifteenth street, wherever such land lies within the limits of any street or highway now opened or laid down upon the land map of Kings County.

Second—The railroad companies shall remove the tracks and convey to the City, without cost and free from all encumbrances, all their right, title and interest in the land occupied by the present right of way, lying within the limits of Avenue I, east of the westerly line of East Seventeenth street, and within the limits of East Seventeenth street, south of Avenue I.

Third—The railroad companies shall give their consent to the opening by the City of any streets, at any time in the future, across the right of way of the New York, Brooklyn and Manhattan Beach Railway Company, between First avenue, at or near Sixty-fifth street, and the boundary line between the Boroughs of Brooklyn and Queens, and of its Manhattan Beach Division, between Avenue M and a point south of Neptune avenue, and convey to the City the land within the limits of the right of way necessary for the opening of such streets, without cost to the City.

Fourth—The railroad companies shall at their own cost and expense, whenever required by the City so to do, construct the necessary roadway and crossing underneath the right of way and the easterly approaches thereto, at each of the following streets: Avenues L, M, P, Q, W, X and Z and Voorhees avenue; also East Fourteenth street and East Fifteenth street with the southerly approaches thereto; also an overhead bridge at East Nineteenth street, between Avenue H and Avenue I; each crossing to be for the full width of the streets named.

Fifth—The railroad companies shall agree that bridge abutments to be constructed shall not extend into the streets beyond the house line; that no columns for the support of the railroad shall be placed in streets whose width is less than seventy-five feet, and that the slopes on East Sixteenth street shall not extend beyond the side line of the street, and that such slopes shall be sodded and so maintained to the satisfaction of the President of the Borough of Brooklyn.

Sixth—All work within, upon or over the public streets and avenues shall be subject to the supervision and inspection of the proper municipal officer or officers, and under such regulations as he or they may determine or be authorized by law to impose.

Seventh—The railroad companies shall agree to hold the City harmless from all damages to persons or property which may result from the construction, maintenance or operation of the railroads as relocated.

Eighth—The railroad companies shall furnish a bond of a guaranty or surety company, duly authorized by law to act as such surety, conditioned upon the faithful performance of all the terms and conditions of this agreement, in the sum of one hundred thousand dollars, at the time of signing the agreement.

I transmit herewith a proposed resolution embodying the foregoing, together with a proposed form of agreement to be executed by the railroad companies, and would suggest that the same be referred to the Select Committee, to whom this matter was also referred on February 1, 1907, for such action as it may see fit to recommend to the Board.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

#### Proposed Resolution.

Whereas, By chapter 507 of the Laws of 1903, amended by chapters 589 and 635 of the Laws of 1905, the Brooklyn Union Elevated Railroad Company (Brooklyn Heights Railroad Company, lessee), and the New York, Brooklyn and Manhattan Beach Railway Company (Long Island Railroad Company, lessee), were required to elevate their tracks so that all intersecting streets south of Manhattan Junction, so-called, could be carried beneath them; and the New York, Brooklyn and Manhattan

Beach Railway Company was also required to relocate its line and place its tracks upon an embankment adjacent to and easterly of the present right of way of the said Brooklyn Union Elevated Railroad Company between Avenue M and a point south of Emmons or Neptune avenue, in the Borough of Brooklyn, City of New York, if in the judgment of the Brooklyn Grade Crossing Commission, which was created by said acts, said relocation should be for the public interest; and

Whereas, The said Brooklyn Grade Crossing Commission did determine upon said relocation on March 24, 1905, and the said Commission, the said New York, Brooklyn and Manhattan Beach Railway Company and the said Long Island Railroad Company, lessee, presented a joint petition, dated January 12, 1906, to the Board of Estimate and Apportionment, for its consent to said relocation, such consent being required under section 13 of the Railroad Laws of the State of New York, and said petition being accompanied by a plan and profile showing the lines and grades of the railroad as relocated, having been approved by the said Grade Crossing Commission, and the Commissioner of Public Works for the Borough of Brooklyn, as required by said acts; and

Whereas, At the request of the Board of Estimate and Apportionment, the said Grade Crossing Commission has amended the plan and profile accompanying the original petition and has submitted such amended plan in place of such original, which amended plan is entitled:

"Brooklyn Grade Crossing: Amended joint plan and profile of Section No. 3 of the Bay Ridge Improvement, and Section No. 3 of the Brighton Beach Improvement, also showing change of location of the New York, Brooklyn and Manhattan Beach Railway Company," dated December 27, 1906, and approved by the Brooklyn Grade Crossing Commission December 28, 1906, and the Commissioner of Public Works for the Borough of Brooklyn on ..... 1907; now therefore be it

Resolved, That the consent of The City of New York be and is hereby given to the relocation and reconstruction of the tracks of the New York, Brooklyn and Manhattan Beach Railway Company, the Long Island Railroad Company, as lessee, from Avenue M to a point south of Emmons or Neptune avenue, in accordance with the said amended plan and profile, described as above; provided that the said railroad companies shall execute an instrument in writing within sixty (60) days after the approval of this consent by the Mayor, in which said railroad companies shall covenant and agree to abide by the following conditions:

First—The railroad companies shall convey to the City without cost and free from all encumbrances, all their right, title and interest in the land occupied by the present right of way, which is about to be abandoned, between Avenue M and Neck road, and between the northerly line of Avenue Z and the southerly line of Voorhees avenue and westerly line of East Fifteenth street, wherever such land lies within the limits of any street or highway now opened or laid down upon the land map of Kings County.

Second—The railroad companies shall remove the tracks and convey to the City without cost and free from all encumbrances all their right, title and interest in the land occupied by the present right of way, lying within the limits of Avenue I, at its intersection with East Seventeenth street and within the limits of East Seventeenth street, between Avenues I and J.

Third—The railroad companies shall give their consent to the opening by the City of any streets at any time in the future across the right of way of the New York, Brooklyn and Manhattan Beach Railway Company between First avenue, at or near Sixty-fifth street, and the boundary line between the Boroughs of Brooklyn and Queens, and of its Manhattan Beach Division between Avenue M and a point south of Neptune avenue, and convey to the City the land within the limits of their right of way necessary for the opening of such streets, without cost to the City.

Fourth—The railroad companies shall, at their own cost and expense, whenever required by the City so to do, construct the necessary roadway and crossing underneath their right of way and the easterly approaches thereto at each of the following streets: Avenues L, M, P, Q, W, X and Z and Voorhees avenue; also East Fourteenth street and East Fifteenth street, with the southerly approaches thereto; also an overhead bridge at East Nineteenth street, between Avenue H and Avenue I; each crossing to be for the full width of the streets named.

Fifth—The railroad companies shall agree that bridge abutments to be constructed shall not extend into the streets beyond the house line, that no columns for the support of the railroad shall be placed in streets whose width is less than seventy-five feet, and that the slopes on East Sixteenth street shall not extend beyond the side line of the street and that such slopes shall be sodded and so maintained to the satisfaction of the President of the Borough of Brooklyn.

Sixth—All work within, upon or over the public streets and avenues shall be subject to the supervision and inspection of the proper municipal officer or officers and under such regulations as he or they may determine or be authorized by law to impose.

Seventh—The railroad companies shall agree to hold the City harmless from all damages to persons or property which may result from the construction, maintenance or operation of the railroads as relocated.

Eighth—The railroad companies shall furnish a bond of a guaranty or surety company, duly authorized by law to act as such surety, conditioned upon the faithful performance of all the terms and conditions of the agreement, in the sum of one hundred thousand dollars, at the time of signing the agreement.

#### Proposed Agreement.

This agreement, made and entered into this ..... day of ..... 1907, by and between the New York, Brooklyn and Manhattan Beach Railway Company, leased to the Long Island Railroad Company; the Long Island Railroad Company, lessee, steam surface railroad corporations, organized and existing under and by virtue of the Laws of the State of New York, and The City of New York, a municipal corporation, organized and existing under the laws of said State of New York (hereinafter referred to as "The City"), witnesseth:

Whereas, The Brooklyn Union Elevated Railroad Company and the Manhattan Beach Division of the New York, Brooklyn and Manhattan Beach Railway Company (leased to the Long Island Railroad Company), have each been operating a steam surface railroad running parallel with each other and separated by a distance of only two blocks between Avenue M and a point south of Neptune avenue, in the Borough of Brooklyn; and

Whereas, By the Bay Ridge Improvement Act, chapter 507 of the Laws of 1903, and the amendments thereto, these railroads were required to elevate the tracks so that all the intersecting streets and highways could be carried beneath them; and

Whereas, By the amendment of section 1 of said act, contained in chapter 589 of the Laws of 1905, it was provided that if, in the judgment of the Brooklyn Grade Crossing Commission, created by said act, such relocation should be for the public interests, the New York, Brooklyn and Manhattan Beach Railway Company, or its lessee, the Long Island Railroad Company, after acquiring the right in accordance with law to so relocate its line, shall remove its railroad from its present location between Avenue M and a point south of Emmons or Neptune avenue, and shall reconstruct the same between the said points upon such grades as the said Commission shall determine, upon a right of way acquired by said corporations, or one of them, adjacent to and easterly of the present right of way of the Brooklyn Union Elevated Railroad Company between said points, and shall carry all intersecting streets and highways between said points beneath said railroad so relocated; and

Whereas, It further provided in said acts that whenever any structure was located in any public street or avenue, the approval of the Commissioner of Public Works of the Borough of Brooklyn, City of New York, to the location of such structure shall be first obtained; and

Whereas, The said Commission, on the 24th day of March, 1905, determined that it was for the public interest that the location provided for in said act of a portion of the railroad of the New York, Brooklyn and Manhattan Beach Railway Company, known as the Manhattan Beach Division, should be made by that company, and its lessee, the Long Island Railroad Company, so that such tracks should be placed alongside of and easterly of the right of way of the Brooklyn Union Elevated Railroad Company between the points above mentioned, so that a single embankment should carry the tracks of both companies, and the public inconvenience of having two parallel railroad embankments, only two blocks apart, bisecting this portion of the Borough of Brooklyn, should be avoided; and

Whereas, The said Commission thereupon caused a plan and profile designating specifically the relocation of the tracks, which plan was entitled: "Brooklyn Grade Crossing Commission; joint plan and profile of section No. 3 of the Bay Ridge Improvement and section No. 3 of the Brighton Beach Improvement, also showing

change of location of the New York, Brooklyn and Manhattan Beach R. R., dated December 14, 1905, and approved by said Commission December 22, 1905.

Whereas, On December 29, 1905, said Commission duly adopted and transmitted to the New York, Brooklyn and Manhattan Beach Railway Company, and its lessee, the Long Island Railroad Company, a resolution wherein was recited the facts hereinbefore stated, and to which resolution a copy of the map and profile heretofore mentioned was annexed; and

Whereas, The Commissioner of Public Works of the Borough of Brooklyn has approved and placed on record said plans and profile; and

Whereas, On February 16, 1906, the said Brooklyn Grade Crossing Commission, the Long Island Railroad Company and the New York, Brooklyn and Manhattan Beach Railway Company, presented to the Board of Estimate and Apportionment, as the local authorities, pursuant to section 13 of the Railroad Law, a petition dated January 12, 1906, for the consent of said Board to said change and relocation, which application cited all the facts hereinbefore stated; and

Whereas, On the 21st day of December, 1906, the Board of Estimate and Apportionment adopted a resolution that the plan approved by the Grade Crossing Commission on December 22, 1905, be amended so as to provide that the legal grades of all streets intersecting the lines of the proposed railroad embankments be shown upon the map for adoption, giving in every case a minimum clearance of 14 feet from the proposed surface of such streets to the underside of the track girders, except where conditions at Avenues J and K necessitates some reduction in this clear headroom of 14 feet; and

Whereas, The said Commission have approved an amended plan and profile as requested, entitled: "Brooklyn Grade Crossing Commission; amended joint plan and profile of section No. 3 of the Bay Ridge Improvement, and section No. 3 of the Brighton Beach Improvement, also showing change of location of the New York, Brooklyn and Manhattan Beach Railway," dated December 27, 1906, and approved by the said Commission December 28, 1906, and approved by the Commissioner of Public Works of the Borough of Brooklyn on

January 12, 1907, and have presented such amended plan to the Board of Estimate and Apportionment to take the place and to be substituted for the one accompanying the petition, dated January 12, 1906.

Now, therefore, in consideration of the consent of the Board of Estimate and Apportionment, as contained in a resolution adopted

by the Mayor, to the change of route and relocation of the tracks as aforesaid, the New York, Brooklyn and Manhattan Beach Railway Company and the Long Island Railroad Company, lessee, for themselves, their successors and assigns, do hereby covenant and agree as follows:

First—To convey to the City without cost and free from all encumbrances, all their right, title and interest in the land occupied by the present right of way, which is about to be abandoned, between Avenue M and Neck road, and between the northerly line of Avenue Z and the southerly line of Voorhees avenue and westerly line of East Fifteenth street, wherever such land lies within the limits of any street or highway now opened or laid down upon the land map of Kings County.

Second—To remove the tracks and convey to the City, without cost and free from all encumbrances, all their right, title and interest in the land occupied by the present right of way, lying within the limits of Avenue I, at its intersection with East Seventeenth street and within the limits of East Seventeenth street, between Avenues I and J.

Third—To give their consent to the opening by the City of any streets at any time in the future across the right of way of the New York, Brooklyn and Manhattan Beach Railway Company, between First avenue, at or near Sixty-fifth street, and the boundary line between the Boroughs of Brooklyn and Queens, and of its Manhattan Beach division between Avenue M and a point south of Neptune avenue, and convey to the City the land within the limits of their right of way necessary for the opening of such streets, without cost to the City.

Fourth—At their own cost and expense, whenever required by the City so to do, to construct the necessary roadway and crossing underneath their right of way and the easterly approaches thereto at each of the following streets: Avenues L, M, P, Q, W, X and Z and Voorhees avenue; also East Fourteenth street and East Fifteenth street, with the southerly approaches thereto; also an overhead bridge at East Nineteenth street, between Avenue H and Avenue I; each crossing to be for the full width of the streets named.

Fifth—That bridge abutments to be constructed shall not extend into the streets beyond the house line; that no columns for the support of the railroad shall be placed in streets whose width is less than seventy-five feet, and that the slopes on East Sixteenth street shall not extend beyond the side line of the street and that such slopes shall be sodded and so maintained to the satisfaction of the President of the Borough of Brooklyn.

Sixth—That all work within, upon or over the public streets and avenues shall be subject to the supervision and inspection of the proper municipal officer or officers and under such regulations as he or they may determine or be authorized by law to impose.

Seventh—To hold the City harmless from all damages to persons or property which may result from the construction, maintenance or operation of the railroads as relocated.

Eighth—To furnish a bond of a guaranty or surety company, duly authorized by law to act as such surety, conditioned upon the faithful performance of all the terms and conditions of this agreement, in the sum of one hundred thousand dollars, at the time of signing the agreement.

In witness whereof, the New York, Brooklyn and Manhattan Beach Railway Company and the Long Island Railroad Company, lessee, have caused this instrument to be executed and acknowledged by their Presidents and their corporate seals to be hereto affixed and the same to be attested by the signature of their Secretaries, the day and the year first above mentioned.

The matter was referred to the Select Committee appointed November 23, 1906.

#### *Hudson and Manhattan Railroad Company.*

The Secretary presented a communication from the Board of Rapid Transit Railroad Commissioners, submitting for the approval of the Board a proposed certificate to be issued to the Hudson and Manhattan Railroad Company further modifying the certificate dated February 2, 1905, issued to the New York and Jersey Railroad Company.

The proposed certificate is incorporated in the following resolution, which was offered:

Whereas, The Board of Rapid Transit Railroad Commissioners of The City of New York, constituted pursuant to the provisions of chapter 4, of the Laws of 1891 and acts amendatory thereof, has, under date of January 31, 1907, submitted to the Board of Estimate and Apportionment, for its approval, a proposed certificate to the Hudson and Manhattan Railroad Company, as the successor of the New York and Jersey Railroad Company, further modifying the certificate dated February 2, 1905, issued to the New York and Jersey Railroad Company, as follows:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO HUDSON AND MANHATTAN RAILROAD COMPANY.

*Certificate Modifying Terms of Certificate to New York and Jersey Railroad Company, Dated February 2, 1905.*

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York and Jersey Railroad Company (which is hereinafter called the Tunnel Company) was a railroad corporation duly incorporated under the laws of the State of New York for the purpose (among other things) of constructing and operating a tunnel railroad in The City of New York (which city is hereinafter called The City) to be connected with a railroad or railroads within the State of New

Jersey and thereby forming a continuous line for the carriage of passengers and property between a point or points within, and a point or points without the City; and

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York (which is hereinafter called the Board) by a certificate dated the 2d day of February, 1905, did grant to the Tunnel Company the right and franchise to extend its road (which said road had been theretofore duly authorized) from the intersection of Greenwich and West Tenth and Christopher streets, in the Borough of Manhattan, under Christopher street to Sixth avenue; thence with one branch under Sixth avenue to a terminal station at or near the intersection of Sixth avenue and Thirty-third street, in said borough, and with another branch crossing diagonally under Sixth avenue to Ninth street and thence easterly under Ninth street to a terminal station at or near the intersection of Fourth avenue and Ninth street, in said borough; which certificate was thereafter duly accepted by the said Tunnel Company; and

Whereas, The said certificate was duly modified by a supplemental certificate dated the 12th day of April, 1906, and accepted by the Tunnel Company on the 26th day of April, 1906; and

Whereas, The said certificate dated February 2, 1905, provided that no exit from the tunnel at the surface should be constructed except through private property unless the Board by resolution should especially approve of an exit or exits situated within one or more of the streets or avenues therein mentioned; and

Whereas, Hudson and Manhattan Railroad Company is a corporation formed by agreement of consolidation between the said New York and Jersey Railroad Company, Hoboken and Manhattan Railroad Company, a corporation of the State of New Jersey, and Hudson and Manhattan Railroad Company, a corporation of the State of New York; which agreement of consolidation is dated December 1, 1906, and was filed in the office of the Secretary of State of New York, December 5, 1906, and in the office of the Clerk of the County of New York on December 6, 1906; and

Whereas, By the said agreement of consolidation all and singular the rights, powers, privileges, exemptions, immunities, franchises, roads, rights of way and property, real and personal of every kind and nature of the Tunnel Company were conveyed and transferred to the said Hudson and Manhattan Railroad Company, which thereupon expressly assumed and agreed to discharge all liabilities, duties and obligations of the Tunnel Company and especially the obligations and duties assumed by the Tunnel Company by acceptance of the franchises granted by the Board by said certificate dated February 2, 1905, modified as hereinbefore stated; and

Whereas, The Hudson and Manhattan Railroad Company has requested the Board to approve of exits from the tunnel in Sixth avenue, situated in Fourteenth street near the westerly side of Sixth avenue, in Twenty-third street near the westerly side of Sixth avenue, in Twenty-eighth street near the easterly side of Sixth avenue, and in Twenty-eighth street near the westerly side of Sixth avenue; all of the said streets being mentioned in the said certificate dated February 2, 1905; and

Whereas, The said certificate also provided that in case any part of the stations and station approaches should be within the streets or avenues and above a horizontal plane to feet below the street surface, such space should be deemed to be vault space within the meaning of the said certificate; and that the Tunnel Company should pay to the City annually during the term of years mentioned in the said certificate, as rental for vault space occupied by it, such a sum as should be equal to 4 per cent. upon the valuation of the horizontal area occupied by such vault space, said valuation to be at the same rate per square foot as the valuation of the land, exclusive of buildings, contained in the abutting property, fixed for purposes of taxation for the year 1904; and

Whereas, Doubts have arisen as to the mode of computation of the payments for vault space in station approaches not immediately abutting upon private property, and also as to what space is to be considered as vault space, and also as to the mode of fixing the compensation to be paid for exits from the tunnel situated in the streets, and the Board is satisfied that in respect to the provisions last above recited fixing the mode of computing rental for vault space the said certificate varies from the intent of the parties and that the same should be modified so as to make it conformable to the true intent of the parties; and

Whereas, It is to the interest of both the City and the Hudson and Manhattan Railroad Company to modify the said certificate so as to remove all such doubts and to avoid causes of difference and the uncertainty, expense and delay of possible litigation, and it is therefore proposed to modify the terms of the contract constituted by the delivery of said certificate of February 2, 1905, and its acceptance by the Tunnel Company, by adding thereto provisions which shall fix the compensation or annual rental to be paid to the City for exits from the tunnel situated within streets and shall also define more clearly what space is to be considered as vault space and shall fix clearly and precisely the mode of calculating the payments to be made for vault space generally so as to conform to the true intent of the parties in respect thereto; and

Whereas, To the end and for the purpose hereinbefore recited, the Board has, by a concurrent vote of at least six of its members, determined upon certain modifications of the said contract as hereinafter set forth, and has prescribed such terms, conditions and requirements in relation thereto as to it appear just and proper, including all the terms, conditions and requirements provided for by the Rapid Transit Act in case of such modification;

Now, therefore, the Board, with the consent of the Hudson and Manhattan Railroad Company, does hereby modify said certificate dated February 2, 1905, by adding thereto the following provisions:

#### *First.*

The Hudson and Manhattan Railroad Company shall have the right to construct and maintain exits from the tunnel at the surface of the following streets, viz.: Fourteenth street near the westerly side of Sixth avenue, Twenty-third street near the westerly side of Sixth avenue, Twenty-eighth street near the easterly side of Sixth avenue, Twenty-eighth street near the westerly side of Sixth avenue; provided that the same shall be constructed in substantial accordance with the drawings or plans submitted to the Board by the said company and entitled.

The Hudson and Manhattan Railroad Company shall not be required to construct all of the said exits, but it shall on or before the first day of January, 1908, by written notice to the Board, state which of the said exits (if any) it determines to construct; and thereupon the right of the said company under this certificate to construct any of the above mentioned exits which are not included in such notice shall wholly cease.

#### *Second.*

The Hudson and Manhattan Railroad Company shall pay to the City annually for the right, franchise and license to construct and maintain such of the said exits as the said company determines to construct (including the station approaches connected therewith) the following sums, to wit:

For the exits in Fourteenth street near the westerly side of Sixth avenue, and the station approaches connected therewith, including so much of the said station approaches as may be within Sixth avenue, the sum of one thousand dollars.

For the exits in Twenty-third street near the westerly side of Sixth avenue, and the station approaches connected therewith, including so much of the said station approaches as may be within Sixth avenue, the sum of one thousand dollars.

For the exits in Twenty-eighth street near the easterly side of Sixth avenue, and the station approaches connected therewith, including so much of the said station approaches as may be within Sixth avenue, the sum of one thousand dollars.

For the exits in Twenty-eighth street near the westerly side of Sixth avenue, and the station approaches connected therewith, including so much of the said station approaches as may be within Sixth avenue, the sum of one thousand dollars.

The foregoing sums shall be paid during the whole period beginning on the day when the Hudson and Manhattan Railroad Company shall first commence actual operation of the extensions authorized by the said certificate dated February 2, 1905 (but not later than the last day on which the said company shall be bound to begin such operation), and ending on the day when the rentals payable under the franchise granted to the Tunnel Company and dated July 10, 1902, shall become subject to readjustment under the terms of the said last mentioned franchise.

#### *Third.*

The said certificate dated February 2, 1905, is hereby amended by striking from Article IV, thereof the paragraph which reads as follows:

"2. The Tunnel Company shall pay to the City annually, as rental for any vault space occupied by it (as the phrase vault space is hereinafter defined), such a sum as

shall be equal to 4 per cent. upon the valuation of the horizontal area occupied by such vault space, said valuation to be at the same rate per square foot as the valuation of the land, exclusive of buildings, contained in the abutting property, fixed for purposes of taxation for the year 1904.

Instead of the payments provided for in the paragraph so struck out as aforesaid, the Hudson and Manhattan Railroad Company shall pay an annual rental to the City, at the rates hereinafter provided, for any vault space occupied by it (as the phrase vault space is defined in the said certificate dated February 2, 1905), provided that such vault space is not to be paid for under any other clauses of the contract with the City. Inasmuch as payments are to be made by the said Company for station platforms under Article IV. of the said certificate, dated February 2, 1905, and for the exits and station approaches mentioned and described in Article II. of this present certificate, the same shall not be charged or paid for as vault space under this article.

The rental payable for any vault space occupied by the said Company and not paid for under any other clauses of the contract with the City shall be 4 per cent. per annum upon the valuation of the horizontal area so occupied by the said Company. Such valuation shall be ascertained as follows: The valuation per square foot of the neighboring or adjacent land, exclusive of buildings, as fixed for purposes of taxation for the year 1904, shall first be determined. One-fourth of the aforesaid valuation shall be the valuation per square foot, for the purposes of this agreement, of any such vault space area for the period beginning on the day when the said Company shall first commence actual operation of the extensions authorized by the aforesaid certificate dated February 2, 1905 (but not later than the last day on which the Hudson and Manhattan Railroad Company shall be bound to begin such operation), and ending on the day ten years after the day when any part of the said extensions is in actual operation. One-half of the aforesaid valuation of neighboring or adjacent land shall be the valuation per square foot, for the purposes of this agreement, of the same vault space area for the period beginning on the last day of such period of ten years, and ending on the day when the rentals payable under the franchise to the Tunnel Company dated July 10, 1902, shall next thereafter become subject to readjustment under the terms of the said last-mentioned franchise.

#### Fourth.

All payments to be made under this present certificate, as well as all annual payments by way of rental under the terms of the said certificate dated February 2, 1905, are to be subject to readjustment at one and the same time.

#### Fifth.

This certificate is only to take effect if and when approved by the Board of Estimate and Apportionment of The City of New York, and consented to by the sureties on the bond given by the Tunnel Company, in so far as it alters or modifies the aforesaid certificate dated February 2, 1905, in respect (1) to the definition of vault space within the meaning of the said certificate, and (2) the mode of calculating the payments for vault space.

In witness whereof this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York, by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this \_\_\_\_\_ day of \_\_\_\_\_, 1907.

#### THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

..... President.

..... Secretary.

State of New York, County of New York, ss.:

On the \_\_\_\_\_ day of \_\_\_\_\_, 1907, before me personally appeared Alexander E. Orr and Bion L. Burrows, to me known and known to me to be the said Alexander E. Orr, the President, and the said Bion L. Burrows, the Secretary, of the Board of Rapid Transit Railroad Commissioners for The City of New York; and the said Alexander E. Orr and Bion L. Burrows, being by me duly sworn, did depose and say, each for himself and not for the other, the said Alexander E. Orr, that he resides in the Borough of Brooklyn, in the said City, that he is the President of the said Board and that he subscribed his name to the foregoing contract by virtue of the authority thereof; and the said Bion L. Burrows, that he resides in the Borough of Brooklyn, in the said City of New York, that he is the Secretary of the said Board and that he subscribed his name thereto by like authority; and both the said Alexander E. Orr and Bion L. Burrows that they know the seal of the said Board, that the seal affixed to the foregoing instrument is such seal, and that the same was affixed thereto by the authority of the said Board and pursuant to a resolution duly adopted by the said Board.

Hudson and Manhattan Railroad Company hereby accepts the foregoing certificate and all the terms, conditions and requirements thereof; and expressly consents to the modifications of the contract constituted by the certificate of February 2, 1905, as above set forth, and agrees to make the payments as above provided.

Dated, New York, \_\_\_\_\_, 1907.

HUDSON AND MANHATTAN RAILROAD COMPANY.

By ..... President.

..... Secretary.

State of New York, County of New York, ss.:

On this \_\_\_\_\_ day of \_\_\_\_\_, 1907, before me personally came William G. McAdoo and Charles W. King, to me known and known to me respectively to be the said William G. McAdoo, the President, and the said Charles W. King, the Secretary, of Hudson and Manhattan Railroad Company; and being by me duly sworn they did depose and say, each for himself and not one for the other, the said William G. McAdoo, that he resides at Yonkers, in the State of New York, and is the President of the Hudson and Manhattan Railroad Company, the corporation named in and which executed the foregoing consent, and that he subscribed his name to the foregoing consent by the authority of the Board of Directors thereof; and the said Charles W. King that he resides in the Borough of Brooklyn, City of New York, in the State of New York, that he is the Secretary of the said Hudson and Manhattan Railroad Company and subscribed his name to the foregoing consent by like authority; and both the said William G. McAdoo and Charles W. King that they know the seal of the said Hudson and Manhattan Railroad Company, that the seal affixed to such consent is such seal, and that the same was affixed thereto by authority of the Board of Directors of the said Hudson and Manhattan Railroad Company and pursuant to a resolution adopted by the said Board.

Now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves of such proposed certificate, modifying the terms of certificate in New York and Jersey Railroad Company, dated February 2, 1905, in respect to definition of vault space within the meaning of such certificate and the mode of calculating payments for same.

And which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—14.

A communication, dated January 30, was received from the Secretary, Bedford Park Taxpayers' Association, submitting recommendations of the executive committee relative to subway routes and opposing the construction of two elevated lines along White Plains and Jerome avenues, as extensions to the proposed subways in Manhattan.

Which was referred to the Board of Rapid Transit Railroad Commissioners.

The Presidents of the Boroughs of The Bronx and Richmond took their places in the Board.

The following matters, not on the calendar, were considered by unanimous consent:

#### New York Connecting Railroad Company.

At the meeting of March 23, 1906, a committee was appointed to confer with the Committee on Plans and Contracts of the Board of Rapid Transit Railroad Commissioners in the matter of the proposed certificate to be issued to the New York Connecting Railroad Company.

The President of the Board of Aldermen, as Chairman of the Select Committee, presented the following report:

#### To the Board of Estimate and Apportionment:

The undersigned, members of a committee of this Board appointed to confer with a committee of the Board of Rapid Transit Railroad Commissioners of The City of New York in reference to the application of the New York Connecting Railroad Company for a franchise to fix and determine the route or routes by which the applicant corporation may connect with other railroads and may establish, connect and extend its lines within the city, and for other authority and rights, report as follows:

The form of the certificate to be granted to the applicant corporation has been the subject of prolonged and detailed negotiation between representatives of the City on the one side and representatives of the railroad company on the other.

The accompanying proposed certificate was finally adopted at a joint meeting of your committee and a committee of the Board of Rapid Transit Railroad Commissioners, held at the City Hall on Wednesday, the 13th day of February, 1907. At this meeting there were present the President of the Board of Aldermen (who presided at the meeting), the Comptroller of the City, the Presidents of the Boroughs of Manhattan and Queens, and the Commissioner of Public Works of the Borough of The Bronx, the President and Vice-President of the Board of Rapid Transit Railroad Commissioners, and Commissioner Smith of that Board. Mr. Samuel Rea and Mr. Ralph Peters were also present representing the railroad. Mr. Bion L. Burrows, Secretary of the Board of Rapid Transit Railroad Commissioners, acted as Secretary.

The proposed certificate was read and fully discussed, and by unanimous vote of all the members of the two committees present it was agreed to in the form hereto annexed. Your committee recommends that the said certificate in the said form be approved by this Board when adopted by the Board of Rapid Transit Railroad Commissioners.

Dated February 14, 1907.

Respectfully submitted,

P. F. MCGOWAN,  
President, Board of Aldermen, Chairman;  
.....  
President, Borough of Brooklyn.

LOUIS F. HAFEN,  
President, Borough of The Bronx.

JOSEPH BERMEI,  
President, Borough of Queens.

Which was ordered printed in the minutes and placed on file.

The certificate recommended by the Committee of Conference is identical with the one subsequently adopted by the Board of Rapid Transit Railroad Commissioners, and will be found printed as a part of the resolution below.

The Secretary presented the following:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
No. 320 BROADWAY, NEW YORK.

#### To the Board of Estimate and Apportionment of The City of New York:

The New York Connecting Railroad Company (hereinafter called for the sake of brevity the "Connecting Company") is a railroad corporation, owning a railroad wholly within the limits of The City of New York. In pursuance of the provisions of the General Railroad Law, it has filed a route and profile showing an extension which it desires to build entirely within this City. The proposed route begins in the Borough of Brooklyn, close to the line of the Borough of Queens, and thence the route runs through the Borough of Queens to the East river, crosses over the East river by a bridge, and runs over Ward's Island and Randall's Island to a point in the Borough of The Bronx, where it forms a connection with the lines of the New York, New Haven and Hartford Railroad Company. The total length of the proposed main line is about eleven and a half miles.

The Connecting Company has applied to this Board, pursuant to chapter 4 of the Laws of 1891 and the various acts amendatory thereof and supplemental thereto, to fix and determine the route or routes by which the applicant corporation may connect with other railroads, and may establish, connect and extend its lines within the City, and for other authority and rights.

The Connecting Company has obtained from the Legislature of the State of New York, by chapter 752, Laws of 1900, as amended by chapter 691, Laws of 1905, the right and privilege to construct upon the line of its railroad a bridge of a single span across the East river, at or near Hell Gate, together with the necessary viaduct and approaches, and to maintain and operate the same. The said bridge is to have an elevation of not less than one hundred and thirty-five feet above mean high water, and to span the East river from abutments built upon the shores thereof. This Board is advised that the railroad company has also obtained from the United States authorities approval of the proposed bridge.

The proposed route of the Connecting Company lies wholly within private property acquired or to be acquired by it, except where the same crosses over or under various City streets, and except where it crosses over Ward's Island and Randall's Island and the waters adjacent thereto. The route does not at any point follow the line of any City street or avenue. For the most part it will be constructed upon a viaduct or embankment running through the blocks. Near the East river it will necessarily attain a great height above the ground, inasmuch as the bridge, as above stated, must be at a height of one hundred and thirty-five feet above mean high water.

The stock of the Connecting Company is owned jointly by the Pennsylvania Railroad Company and the New York, New Haven and Hartford Railroad Company. The Pennsylvania Railroad Company also owns the stock of the Pennsylvania, New York and Long Island Railroad Company, which is now constructing the new tunnel line extending from New Jersey under the Borough of Manhattan to the Borough of Queens, and a controlling interest in the stock of the Long Island Railroad Company.

By means of the new railroad now proposed, the controlling interests have in contemplation the establishment of a through line of railroad for the transportation of freight and passengers between all points reached by the Long Island Railroad and all points reached by the New York, New Haven and Hartford Railroad. The new railroad will, it is expected, be used chiefly for carrying freight. The result here chiefly sought is a closer intimacy between the business interests of New England with those of Brooklyn and the rest of Long Island, and a direct freight outlet and inlet from Long Island to the northeast, north and northwest.

Upon a previous application by the Connecting Company and after very prolonged negotiations and an examination of the subject both by the Comptroller's engineers and the engineering staff of this Board, it was voted on June 23, 1904, to grant a franchise upon terms which in many respects differ from those in the grant now proposed. That certificate was duly transmitted to the Board of Aldermen, which held it under advisement until April 18, 1905, and then declined to approve it on the following grounds:

"First—That the use of electricity as a motive power be made an imperative condition of the franchise.

"Second—That the City shall have the right at any time it determines that a public necessity does exist, to open streets across the route of the railroad.

"Third—That the City and not the railroad company should bear the cost of such street opening.

"Fourth—That the City shall have the right to place police and fire telegraph and telephone wires along the railroad structure.

"Fifth—That inasmuch as it is provided to permit the said New York Connecting Railroad to conduct a local traffic business for the carrying of passengers within the limit of the Greater City of New York, we request that the rate of fare for one continuous ride within the limits of the Greater City be fixed at five cents."

On November 17, 1905, a new application for a franchise was submitted by the Connecting Company to this Board, and the subject was thereafter carefully reconsidered in the light not only of the suggestions made by the Board of Aldermen, but also of a valuable report made by the Chief of the Bureau of Franchises, and has been discussed with a Committee of your Honorable Board. This Board has now by a concurrent vote of six of its members, fixed and determined the locations and plans of construction of the proposed new railroad, the times within which they are to be respectively constructed, and the compensation to be paid therefor to the City by the company, and also prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant in question, including the terms, conditions and requirements provided by the Rapid Transit Act.

The general form of the certificate follows the form of the certificate heretofore granted to the Pennsylvania, New York and Long Island Railroad Company, with which the Connecting Company will have close relations. The essential features of the proposed grant are as follows:

First—It provides that the Connecting Company may construct, maintain and operate a railway upon a route which is described in great detail, and that it may have four tracks upon the main stem and two tracks upon certain spurs connecting such main stem with other existing lines of railroad. There may also be sidings not exceeding 40 per cent. in all of the total length of the main line. The structure, including siding, cuttings and embankments, is not to exceed 100 feet in width wherever it crosses over or under any street. The company has the right to add an additional track by way of siding along any portion of its main line not exceeding in length 40 per cent. of the total length of the main line, but power is reserved to this Board to increase the percentage allowed for sidings.

Second—The franchise is to be void at the option of the Board unless the consent of the Board of Estimate and Apportionment and the Mayor is obtained within six months, and the consent of the property owners (so far as may be necessary), or of the Supreme Court, is obtained within one year. These periods may be extended by this Board upon reasonable cause shown.

Third—Construction of the new railroad is to begin within three months after the consents required by the State Constitution are obtained, and is to be completed within five years after it is begun. If construction is not begun and completed within the periods above mentioned, or is suspended at any time for a period exceeding three months, this Board may annul the franchise as to any part of the new railroad not completed and in operation; but power is reserved to the Board to extend the time upon reasonable cause shown for a period not exceeding in all five years. Additional time must be allowed in case the company is delayed by injunction or condemnation proceedings, provided proper notice be given to the Board, and provided the Board is permitted to intervene if desired.

Fourth—The Connecting Company is to pay the City one hundred and ten thousand dollars (\$110,000) within sixty days after obtaining the consents required by the Constitution.

Fifth—In addition, the Company is to pay the following annual sums:

1. One hundred dollars (\$100) a year for whatever rights it derives from the City to cross the East river.

2. Twenty-seven thousand five hundred dollars (\$27,500) a year for ten years for the privilege of constructing and operating the new railroad across streets and public property other than Ward's Island and Randall's Island, and fifty-five thousand dollars (\$55,000) a year for the next fifteen years.

3. The reasonable value of the use and occupation of the property belonging to the City upon Ward's Island and Randall's Island, including both property on the surface and also the overhead space taken by the elevated structure across the islands.

The annual payments for crossing the East river and for crossing streets are to begin when the railroad is ready for operation, but not later than two years after the necessary consents have been obtained; the payments for Ward's Island and Randall's Island are to begin as soon as possession of any part of those islands is required for construction.

The payments are to be readjusted at the expiration of the twenty-five year period above mentioned, and if the City and the Connecting Company do not agree upon what is a reasonable amount of payment the matter is to be determined by the Courts by the same methods prescribed in the franchise of the Pennsylvania, New York and Long Island Railroad Company. In no event, however, are the payments to be less than the largest payments made during the first twenty-five years.

Sixth—The new railroad is not to cross any street at grade. If it becomes necessary to raise or depress the grade of any street, the maximum grade allowed in approaching the railroad is not to exceed 4 per cent. The Connecting Company is to restore all streets at its own expense. Sixteen feet clearance is to be allowed for crossing over all except five specified streets where (owing to local conditions) only fourteen feet is to be allowed. Any superstructure crossing the street and having a length of seventy-five feet or less is to be constructed in a single span; and if it is more than seventy-five feet in length, intermediate columns may be placed in the street when approved by the Board and the necessary local authority. Over Ward's Island and Randall's Island the elevated structure is to be at a height of not less than thirty feet above the present natural grade of the surface. All structures across streets are to be floored throughout and are to be watertight and ballasted with blast furnace slag or broken trap rock. Abutments or foundations for bridges crossing the streets (except intermediate supports for bridges or viaducts as above mentioned), and all stations are to be placed on the land of the Railroad Company. The entire right of way of the Connecting Company, except its stations, is to be fenced throughout, but this is not to apply to Ward's Island or Randall's Island. The Company, at its own expense, is to light the space beneath all superstructures which it shall erect across streets and the approaches to stations, in a manner satisfactory to the Board of Estimate and Apportionment. No structures erected or property owned by the Company are to be used for advertising purposes. The Company is to observe "all reasonable regulations which shall be prescribed by any lawful authority tending to prevent the throwing, deposit or dropping of noxious or offensive objects, substances or things from the portion of the new railroad across the East River, Ward's Island and Randall's Island, on streets or other public property." The Company, at its own expense, is to maintain and care for all underground and overground structures, including pipes, wires, etc., which are not on its own property; it is to make good all damage done to the City's property, and to make good to every abutting property owner all damage which shall be done to his property through any fault or negligence of the Railroad Company or its contractors or servants. The Connecting Company is also to save the City harmless from all claims, is to pay all costs of changes in the grades of streets (including the damages to property owners caused by such changes of grade), and is to keep its property in good order where it crosses streets, etc. All plans for and the method of doing the work are to be subject to the approval of the Board. Necessary permits are to be obtained from the Presidents of the respective boroughs and other officers, as provided by law. The plans for the bridge over the East river are to be submitted to the Municipal Art Commission. The City is to have the right to install for its own exclusive use, police, fire alarm, telephone and telegraph wires over the East River Bridge and its approaches. The location of yards, stations and storage tracks is to be approved by the Board of Estimate and Apportionment.

Seventh—The motive power to be used is to be steam, with the right to the Connecting Company to substitute electricity therefor. If steam is used, and the Board is hereafter of opinion that by reason of the increased density of population along the line of the new railroad such use of steam constitutes a nuisance, or is dangerous to the residents along the route, or materially depreciates the value of property, it may call upon the Company to change its motive power, and in case of refusal an application may be made to the Court for mandamus, in which case the only questions to be considered are whether the Board is right in its facts.

Eighth—The right of opening any streets whatever over any part of the route, or the yards or the terminals of the Connecting Company is expressly retained. The Company is to convey to the City without charge the land for opening any of the streets named in the act, and for additional streets at certain points in the Borough of Queens. It is also to pay the cost of regulating, grading and paving such streets, including not only the cost of actual construction within the limits of the Railroad Com-

pany's right of way, but also the cost of bridges to carry the railroad over the street or the street over the railroad, the cost of raising or depressing the grade of any of such streets in order to enable them to pass under or over the road, and the damages payable to abutting property owners by reason of such changes of grade. The Connecting Company is also to convey to the City without charge the lands required for any other streets that are necessary, and to pay for the cost of regulating, grading or paving them. The question of whether a public necessity does really exist may be submitted to the Supreme Court in case of disagreement on this point.

Ninth—Local traffic (which is defined to mean the carriage of passengers between any two points in the City of New York) is prohibited, unless with the approval of this Board, of the Board of Estimate and Apportionment, and the Mayor of the City, and upon payment of additional compensation.

Tenth—The Railroad Company is to give a bond for fifty thousand dollars (\$50,000) to perform all the terms and conditions of the franchise, and the City is also to have a lien upon the franchise to secure the payment of the annual compensation and the performance of all the other obligations undertaken by the Company.

Eleventh—The grant of this franchise, it is expressly declared, "shall not affect in any way the right of the City to grant rights or franchises, or to enter into contracts to or with any other person or corporation for constructing or operating and maintaining any railroad or railroads which shall not physically interfere with the structure, maintenance or operation of the New York Railroad as herein authorized." The Connecting Company further agrees to give its consent, upon request of the Board, to the construction of any such railroad.

Twelfth—The City authorities are to have the right to inspect the new railroad at all times.

Thirteenth—The Connecting Company may assign or mortgage the franchise, and every assignee is to be a corporation, subject to the laws of the State of New York, and is to assume and agree to perform all the obligations imposed on the Connecting Company by the franchise.

This certificate, as will be observed, departs in certain respects from the suggestions made by the Board of Aldermen and others, and it is therefore proper to state some of the reasons which have actuated the Board in its recommendations that the grant be made upon the terms above outlined.

#### *The Use of Electricity as Motive Power.*

The Committee of the Board of Aldermen in reporting on the subject of the previous grant said that an elevated freight railroad operated by steam would be, from its very beginning, "a nuisance, dangerous to life, and materially depreciate the value of property along the route;" that it should be the policy of the City, in making the terms and conditions for corporations seeking franchises, to prevent and not to seek or invite costly litigation; that the Company would unquestionably resist the demand of the City to change to electric motive power, if made hereafter; that it would be far cheaper for the Company to install an electric system at the outset of its operations than to furnish and maintain a steam power system, and then to be compelled, after a few years, to go to the expense of installing an electric system; and that therefore the use of electricity should be insisted on at the present time.

The Connecting Company, on the other hand, replied that its proposed line was a mere link between the two systems—the Long Island Railroad Company and the New York, New Haven and Hartford Railroad Company; that it was the intention that the traffic passing over it should be moved by the motive power of one or both of these railroads; and that to require it to use a different motive power than that used on either of these roads would, in a large measure, defeat the purpose of the franchise.

This Board is of the opinion that the objections of the Connecting Company are not unreasonable. If the proposed road were an independent and isolated system the views expressed by the Committee of the Board of Aldermen would unquestionably be sound; but at the present time the part of the City through which the Connecting Railroad is to be built is practically a rural region, without any dense population, and this condition of things is likely to continue for some time.

It is not at all impossible that within a comparatively short time both the Long Island Railroad Company and the New York, New Haven and Hartford Railroad Company will find it to their interest, or may be compelled by the State, to substitute electricity as motive power upon all their lines within the City limits. If they do so, the use of electricity on the connecting railroad will follow as a matter of course.

In any event, if a controversy ever arises concerning the use of steam on this proposed line, the issues before the Court will be such that the legal proceedings are not likely to be either protracted or particularly expensive.

#### *The City's Right to Open New Streets.*

The Board of Aldermen, in rejecting the former franchise, expressed the opinion that the language used limited the right which the City would otherwise possess "to open and establish streets wherever and whenever the City determines a public necessity exists, providing it does not interfere with the proper operation of the franchise."

The Board was advised by its counsel that the proposed certificate did not and could not take from the City any powers which it possessed in this regard. But to put the matter beyond dispute, the present certificate expressly states that the City's powers to open any new streets whatever across the route, or the yards or terminals of the Connecting Company, is left unimpaired.

The Board of Aldermen were of opinion that the City ought to pay the cost of all such street openings. It seems to this Board that such a concession to the Connecting Company would be unjust to the City; and that at least in the case of streets already laid out on the map or plan of Queens and The Bronx, the company should deed the necessary land free and also pay all the expenses of constructing such streets across the line. Certainly there can be no objection to this arrangement from the City's point of view, and it is not understood that the Board of Aldermen criticized this feature of the certificate.

The one detail of this matter of street crossings upon which there has been serious discussion, has been as to who should pay for opening streets not yet on the map. The Board of Aldermen says that the City should pay; the Bureau of Franchises that the company should pay. This Board believes that a fair arrangement is that the company should pay in every case where a public necessity for any such new street can be shown to exist; and upon that basis the certificate is drawn.

The situation here is novel, because the line of the road runs through what is now largely open country, but which will certainly become a thickly settled part of the City. It seems just that a railroad, acquiring a franchise under such circumstances, should agree to pay for all necessary streets.

The clause, it must be repeated, does not in any way limit the City's right to open any streets it chooses. It is only concerned with the question who shall pay for them.

#### *The Right of the City to Maintain Electric Wires Along the Route.*

The Committee of the Board of Aldermen suggested that as the proposed franchise was practically an extension of the Pennsylvania Railroad franchise, a clause ought to be inserted permitting the City to use the proposed structure for police and fire telegraph and telephone wires just as the Pennsylvania Railroad franchise gave the City the right to use the tunnels of that railroad for this purpose.

The Board is of the opinion that the two cases are not analogous. It is true that this railroad connects by spur with the Pennsylvania, New York and Long Island Railroad but it is a line essentially different in character. It is to be built on a private right of way throughout and is therefore not at all in the same position as an electric railroad built in a tunnel, running lengthwise under streets, and necessarily having ducts through which wires belonging to the City could readily be drawn. Nor has the City the same need of the privilege; because it can, and probably would, prefer in most cases to run its wires along the lines of the streets now or hereafter to be obtained.

It has, however, been agreed that the bridge and its approaches from Stenler street, in the Borough of Queens, to Willow avenue, in the Borough of The Bronx, may be used for the purpose of installing city wires. This it is thought meets all reasonable criticism that can be made upon the subject.

#### *Rates of Fare for Local Passenger Business.*

The former certificate permitted the Connecting Company to carry on a passenger business between any point in the Borough of The Bronx and any point on its lines on Long Island, and the Board of Aldermen requested that the rate of fare for one continuous ride within the limits of the City should be fixed at five cents.

In the present certificate the company is prohibited from doing any local passenger business on its own line, except under a new agreement.

*Character of the East River Bridge.*

It has been suggested by several persons and associations that the bridge of the Connecting Company across the East river should not be merely a railroad bridge, but should be constructed so as to be available for use by foot passengers or vehicles.

This provision the Board under the existing law has no right to insist on. The statute authorizing a bridge (chapter 752, Laws of 1900) expressly provides that the bridge shall be for railroad purposes only; but even if the statute were amended, the Board thinks it would be impracticable to adopt the suggestion referred to.

As already stated, the War Department required the bridge to be 135 feet in the clear above high water, which raises the floor level to a height of 140 feet or more. Before the approaches can be brought to the level of the ground on either side of the river, a considerable distance is required if a grade suitable for railway purposes is to be maintained. Accordingly, the length of this bridge and its approaches will be about three and one-half miles. It ends on the Long Island side near Stemler street, in the Borough of Queens, in a section which would not be convenient for most people, and it ends in the Borough of The Bronx in a railroad yard.

The location of the bridge is therefore not desirable for highway purposes, although well adapted for railroad purposes. Moreover, the use of such a bridge by the general public would certainly be extremely dangerous so far as the use of horses was concerned.

Finally, the suggested requirement would obviously add a very great burden on the Connecting Company, and one which they state they would not be willing to assume. The bridge, as designed by the company, will cost a very large amount of money; as much, probably, as seven million dollars. If a highway was to be added, whether at the side of the railway tracks or over them, the character of the structure would have to be entirely changed, and its cost enormously enhanced. For this enhanced cost, the company would get no return.

*Rates of Compensation.*

The Board of Aldermen in April, 1905, while disapproving the former certificate, made no suggestions adverse to the compensation proposed by this Board in June, 1904; nor did the present Board of Aldermen do so in the resolution adopted January 23, 1906, which was transmitted to the Board of Estimate and Apportionment with the request that its former suggestions should be considered before any new certificate was approved.

The Rapid Transit Act provides that every grant of a franchise such as this, shall be upon condition that the corporation to which the grant is made "shall from the time of the commencement of the operation of any such railway, or track or tracks, under such determination, authorization or license annually pay to the said City a sum or rental." It does not define how such sum or rental is to be fixed, nor upon what basis it is to be ascertained, and it is apparent that there can be in the nature of things no fixed nor definite standard by which to measure the amount of rental.

The late Mr. A. J. Cassatt, the President of the Pennsylvania Railroad Company, under date of January 18, 1906, addressed a letter to the Mayor and the President of this Board, in which he contended that inasmuch as the Connecting Company asked no exclusive franchise, and did not intend to operate along streets, it would be unreasonable to require the Company to pay for the mere right to cross a street more than a fraction of the value of the land in the street; and that the City ought to make no charge for the franchise beyond the value of overhead or underground occupation of the streets to be crossed.

To this contention the Board finds itself unable to accede. It believes that the grant of a perpetual right to occupy even a small portion of the streets of the City, so as to form a link in a far-reaching railroad system, has a value which is much greater than, and apart from, the mere abstract value of the space in each separate street actually occupied. It is the value of this space when taken in connection with the other property of the Railroad Company that is to be considered in fixing the rental to be paid.

If this important principle be insisted upon, the precise number of dollars which the Railroad Company should pay is a matter of minor consequence, although it is one of very serious difficulty. No mathematical test can be applied, and there is no standard of comparison to which an appeal may be made.

Mr. Nichols, the Chief of the Bureau of Franchises, in a report to the Comptroller, to which allusion has already been made, has very clearly stated the considerations to be taken into account. The following extracts from his report may here be quoted:

"The object of the New York, New Haven and Hartford Railroad Company and the Pennsylvania Railroad Company in combining interests and forming the New York Connecting Railroad Company, which is the applicant for this franchise, has been to secure a continuous line through The City of New York, thus avoiding the present unsatisfactory and expensive means of transporting both passengers and freight from the lines of the New Haven Company to those of the Pennsylvania Company, through Hell Gate and via the East and North rivers to New Jersey. At the same time the purpose is also to connect the New York, New Haven and Hartford Railroad with the Long Island Railroad system. By the operation of this connecting link a few of the advantages which will accrue to the railroad companies will be:

"(a) Increased facilities by means of which greater business can be handled, more particularly in freight lines.

"(b) Saving in cost of transfer from one road to the other.

"(c) Saving in time of transfer from one road to the other.

"(d) Establishment of a distributing freight centre upon Long Island in direct connection with all New England points, as well as with the West and South.

"(e) Development of a territory within the City limits which will eventually produce enormously increased business. \* \* \*

"It is claimed that at the present time the Borough of Queens, through which the proposed road is largely to be constructed, is not developed, and in consequence but little damage will be done to abutting property, but it must be borne in mind that the right which the company seeks to acquire is for all time, and from present indications it would appear that it is only a matter of a few years when the greater part of the section which is to be traversed by this railroad will be as closely populated as many of the older sections of the City.

"The construction of the road will form an artificial barrier between the districts on either side, will be unsightly, and will, when in operation, be more or less a public nuisance. The increased cost to the City at large by the very fact of the existence of the railroad from one cause or another cannot now be estimated, and the amounts which the City has already been compelled to contribute, by legislative enactment, to the railroad companies interested in this very project, in removing tracks from the surface to overhead or underground positions, to wit: \$1,250,000 for the Atlantic Avenue Improvement, and \$3,250,000 for the Bay Ridge and Brighton Beach Improvement, should not be forgotten. In addition, the presence of the railroad may necessitate the opening of future streets at such a grade over or below the railroad as will cause an expense appreciably greater than were the railroad not in existence. Again, its presence will remove from the property liable to assessment for street openings the entire property of the company occupied by its main line, and the railroad's share, judging from past experience, will have to be paid by the City at large, unless abutting property owners are to be unduly assessed. The compensation to be required by the City should be adequate and proportionate to the value of the privilege granted. \* \* \*

"A percentage of gross receipts is probably the fairest and most satisfactory obligation which can be imposed, but I see no way in which such a percentage could be fixed, owing to the fact, as before stated, that the New York Connecting Railroad Company is simply a link between two or more trunk lines, and its gross receipts would not show increased benefit derived by the trunk lines. In consequence I believe it will be necessary to fix a flat sum to be paid annually."

Mr. Nichols suggested that there should be the sum of two hundred and fifty thousand dollars (\$250,000) paid upon the granting of the certificate, and annual payments of fifty thousand dollars (\$50,000) for the first ten years, and one hundred thousand dollars (\$100,000) for the next fifteen years. These figures the Board believes are unreasonably high, and such as the Connecting Company could not be induced to agree to pay.

The amount of compensation has been the most perplexing question with which the Board has had to deal in connection with the present application. The price to be fixed must necessarily be a matter of bargain and compromise; and the amounts now agreed upon are the result of prolonged discussion. Taking into account the comparative shortness of the line and the fact that it is for the most part built on the Company's own right-of-way, the Board believes the terms to be extremely satis-

factory to the City. They are certainly far in advance of anything ever obtained by any other City for a similar grant.

*Freight Rates.*

It was strongly urged upon the Board that a provision should be inserted in the certificate by which the Connecting Company and its allied roads should agree not to discriminate in freight rates against The City of New York; and it was suggested that this agreement might be enforced by means of a provision in the certificate for heavy fines, or for forfeiture of the franchise, in case the agreement was violated.

To this suggestion the Company positively refused to accede, and the Board, after full discussion, determined not to insist upon it.

*General Considerations.*

The Board, in conclusion, can best state its view of the value to the City of the proposed improvement by repeating the statements contained in its communication of June 23, 1904, to the Board of Aldermen:

"This Board is of the opinion that while every improved means of communication is of benefit to the City, the fact that the proposed new road will give to the boroughs of Brooklyn and Queens—and through them, the whole of Long Island—direct railroad communication with New England, is a matter of peculiar advantage to the City as a whole, and to the two boroughs above mentioned in particular. It is to be remembered that large tracts of land in those two boroughs are vacant and well adapted for manufacturing and other business enterprises. Up to the present time the fact that they were cut off from the continent of America by broad tidal streams has undoubtedly operated to retard their development. The plans now in contemplation will, it is believed, tend to bring into use many tracts of land within the City which would otherwise not be available; and by enhancing taxable values and also by broadening the area within which the industries of the City are carried on, it will in a great variety of ways ensure to the benefit of the entire community. When to this is added the fact that the City will receive a substantial income from the railroad corporation, which is to be readjusted in the future at intervals of twenty-five years, but is never to be less than the greatest rental now fixed, it is believed that the proposed arrangement is one which will commend itself to the judgment of your Honorable Board."

A copy of the proposed certificate of this Board, together with a copy of a written instrument to be executed by the New York Connecting Railroad Company accepting the said franchise and all the terms, conditions and requirements thereof, is transmitted herewith.

This Board is satisfied that it is for the interest of the public and of The City of New York that the proposed railroad should be constructed as soon as possible on the terms proposed, and it therefore requests your Honorable Board to approve the said certificate, pursuant to and as required by section 32 of chapter 4 of the Laws of 1891, as amended by chapters 472 and 606 of the Laws of 1906.

In witness whereof, the Board of Rapid Transit Railroad Commissioners for The City of New York has caused its official seal to be hereto affixed, and these presents to be attested by its President and Secretary, this 14th day of February, 1907.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS  
FOR THE CITY OF NEW YORK.

By A. E. ORR, President.

Attest:

HION L. BURROWS, Secretary.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO  
THE NEW YORK CONNECTING RAILROAD COMPANY.

Certificate, February 14, 1907.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York Connecting Railroad Company (which is hereinafter called the Railroad Company) is a railroad corporation duly incorporated under the laws of the State of New York, and owns and actually operates a railroad now constructed, which is, including the termini thereof, wholly within the limits of The City of New York, which City is hereinafter called the City, and which railroad is hereinafter called the railroad now constructed, and is engaged in interstate commerce in connection with the trunk line railroad operated by the Long Island Railroad Company, and is operated and used as part of an interstate trunk line; and

Whereas, The Railroad Company, as hereinafter in this certificate provided, is hereby required to own or actually operate a railroad wholly or partly within the City, with a terminus or termini therein, and to be engaged in interstate commerce in connection with a trunk line railroad, and to be operated and used as part of an interstate trunk line; and

Whereas, The Railroad Company desires that the termini of the said railroad now constructed shall within the City be connected with the railroad of the Harlem River and Port Chester Railroad Company and thereby with the railroad of the New York, New Haven and Hartford Railroad Company, and that the termini of the said railroad now constructed shall be also connected within the City with the railroad of the Long Island Railroad Company (both railroads with which connection is so desired being trunk line railroads within the State of New York engaged in interstate commerce, and being partly within and having a terminus or termini within the City), and that the termini of the said railroad now constructed shall be also connected within the City with the railroad of the Pennsylvania, New York and Long Island Railroad Company (being a trunk line railroad now under construction and situate and to be situate, including the termini thereof, entirely within the City, and by its Certificate from the Board of Rapid Transit Railroad Commissioners for the City, dated October 9, 1902, required to be engaged in interstate commerce in connection with other trunk line railroads); and

Whereas, The Railroad Company, by such connections, intends and covenants, as it is hereinafter in this Certificate required, to engage in interstate commerce in connection with other trunk line railroads between points, on the one hand, within the City, and, more particularly, points within the Boroughs of Brooklyn and Queens therein, and, still more particularly, points on the Long Island Railroad therein, and, on the other hand, points as follows: First, points without the State of New York, along the railroad of the New York, New Haven and Hartford Railroad Company between the various points thereby reached in the States of Connecticut, Rhode Island and Massachusetts and other States of New England; secondly, points upon the line of the railroad of the Pennsylvania, New York and Long Island Railroad Company, now being constructed and thereby and through it, by the Pennsylvania Railroad and otherwise, with points without the State of New York, upon the said Pennsylvania Railroad and upon its connections in the States of New Jersey, Pennsylvania and other States to the west and south, the intention being to establish rapid, direct and convenient connections between the said Boroughs of Brooklyn and Queens and such States of New England, the West and South; and

Whereas, The Legislature of the State of New York has, by chapter 752 of the Laws of 1900, as amended by chapter 691 of the Laws of 1905, granted to the Railroad Company the right to construct upon the line of its railroad a bridge for railroad purposes only, of a single span across the East river at or near Hell Gate, together with necessary viaduct approaches, and to maintain and operate the same, the said bridge to have an elevation of not less than 135 feet above mean high water and to span the East river from abutments built upon the shores thereof and within the bulkhead lines, so as not to impede navigation upon the said river; and

Whereas, The Railroad Company did, prior to the 11th day of June, 1903, duly file its route and profile, as provided by the Railroad Law; and

Whereas, Later the Railroad Company did, duly and with the assent of two-thirds of all the Directors of the said Company, as required by the Railroad Law, file an amended route and profile, and with like assent did file a further amended route and profile on the 10th day of December, 1905, in the offices of the Clerks of the Counties of Queens and New York, and on the 20th day of December, 1905, in the office of the Clerk of the County of Kings; and

Whereas, The said route, whether original or as amended, lies wholly within private property acquired or to be acquired by the Railroad Company, except where the same crosses over or under certain streets, and also except where the same extends over

and across Ward's Island and Randall's Island and the waters surrounding the said islands, and the shores of the East river, Little Hell Gate and Bronx Kills; and

Whereas, The Railroad Company, pursuant to section 32 of chapter 4 of the Laws of 1891, as amended by chapter 606 of the Laws of 1906 (which entire statute, as amended by various acts and as now in force, is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which Board is hereinafter called the Board) to fix and determine the route or routes by which the Railroad Company may connect with the several railroads above mentioned, and may establish, construct and extend the lines of the Railroad Company within the City, and also for authority to the Railroad Company to construct and operate its railway within the City, under, over and across lands, waters, rivers, streets, avenues, parkways, highways or public places in the City, as hereinafter provided, and otherwise for the authority and rights hereinafter more particularly set forth, including the right to transport over its railroad passengers or freight, or both; and

Whereas, The railroad, extensions and connections hereby authorized (but not including the portion of the routes upon which the Railroad Company has already constructed and now owns a railroad) are, with its terminals, stations and all other appurtenances thereto hereinafter called the new railroad; and

Whereas, The Board, by a concurrent vote of at least six of its members, has fixed and determined the locations and plans of construction of such new railroad of the Railroad Company upon such routes, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Railroad Company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Railroad Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Railroad Company shall, from the time of the commencement of the operation of such new railroad of the Railroad Company under such determination, but not later than two years from and after the Railroad Company shall be entitled to begin construction under and by force of this certificate, annually pay to the City certain sums or rentals, for a period of twenty-five years, and also providing for a readjustment of the amount of such sums or rentals at the expiration of such period and at intervals thereafter of twenty-five years; and

Whereas, The Board has required, and the Railroad Company hereby covenants, that the Railroad Company shall own or actually operate a railroad, wholly or partly within the City, with a terminus or termini therein, which shall be engaged in interstate commerce in connection with a trunk line railroad, and shall be operated or used as a part of an interstate trunk line;

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the Railroad Company:

1. To lay down, construct and operate a railway upon a route the centre line of which is as follows, to wit: Beginning at a point in the Borough of Brooklyn over the northeasterly side of Knickerbocker avenue near the Roman Catholic Cemetery of the Most Holy Trinity, and not more than one hundred and fifty-eight (158) feet or less than one hundred and twenty-eight (128) feet southeasterly from the southeasterly side of Moffatt street as the same is now laid out or proposed, and running thence into the Borough of Queens and to the west of the Evergreen Cemetery and crossing over Cooper avenue at or near its intersection with Wyckoff avenue as now existing or proposed; thence running in a generally northeasterly direction, crossing over Cypress avenue at a point not more than one hundred and thirty-nine (139) feet or less than one hundred and nine (109) feet northwesterly from the intersection of the centre line of Cypress avenue with the centre line of Washington avenue; thence continuing in a generally northeasterly direction to a point over the centre line of Myrtle avenue not more than nine hundred and fifty-eight (958) feet or less than nine hundred and twenty-eight (928) feet westerly from the intersection of the said centre line of Myrtle avenue with the centre line of Fresh Pond road; thence crossing over Fresh Pond road at a point in its centre line not more than seven hundred and nineteen (719) feet or less than six hundred and eighty-nine (689) feet northwesterly from the intersection of the centre line of that road with the centre line of Myrtle avenue; thence continuing still in a generally northeasterly direction and crossing over Edsall avenue at a point in the centre line thereof at or near its intersection with Howard street as now laid out or proposed until it intersects a portion of the railroad now constructed of the Railroad Company at a point distant not more than two hundred and fifty-nine (259) feet or less than two hundred and twenty-nine (229) feet east of the centre line of the railway of The Brooklyn Heights Railroad Company, where it crosses the railroad now constructed of the Railroad Company; thence northeasterly and crossing under the centre line of Metropolitan avenue at a point not more than seven hundred and twenty-nine (729) feet or less than six hundred and ninety-nine (699) feet westerly from the intersection of the centre line of Metropolitan avenue with the centre line of Juniper avenue as now laid out or proposed; thence running northeasterly and crossing under the centre line of Juniper avenue at a point not more than eleven hundred and fifty-nine (1,159) feet or less than eleven hundred and twenty-nine (1,129) feet northerly from the intersection of the centre line of Juniper avenue with the centre line of Metropolitan avenue; thence running northeasterly on a curve with its concavity to the west to a point under the centre line of Nagy street as now proposed at a point not more than three hundred and seven (307) feet nor less than two hundred and seventy-seven (277) feet southeasterly from the intersection of the centre line of Nagy street with the centre line of Eliot avenue, as now proposed; thence continuing north-easterly on a curve with its concavity to the west to a point under the centre line of Eliot avenue not more than two hundred and thirty-six (236) feet nor less than two hundred and six (206) feet northeasterly from the intersection of the centre line of Eliot avenue with the centre line of Nagy street; thence continuing northeasterly on a curve with its concavity to the west to a point under the centre line of Johnson avenue not more than three hundred and thirty-seven (337) feet or less than three hundred and seven (307) feet easterly from the intersection of the centre line of Johnson avenue with the centre line of Weston avenue as now laid out or proposed; thence northerly to a point under the centre line of the North Hempstead plank road not more than sixteen hundred and three (1,603) feet or less than fifteen hundred and seventy-three (1,573) feet easterly from the intersection of the said line of the said plank road with the centre line of Grand street; thence northerly to a point under the centre line of Grand street not more than five hundred and thirty-eight (538) feet or less than five hundred and eight (508) feet easterly from the intersection of the said centre line of Grand street with the centre line of Back street (or avenue); thence northerly to a point over the centre line of Calamus road not more than one thousand and thirty (1,030) feet or less than one thousand (1,000) feet southeasterly from the intersection of the said centre line of Calamus road with the centre line of Jackson avenue; thence northerly to a point over the centre line of the main line of the Long Island Railroad not more than five hundred and fifteen (515) feet or less than four hundred and eighty-five (485) feet southeasterly from the intersection of said centre line with the centre line of Maurice avenue; thence northerly to a point over the centre line of Maurice avenue not more than seven hundred and forty-three (743) feet or less than seven hundred and thirteen (713) feet easterly from the intersection of said centre line of Maurice avenue with the centre line of Jackson avenue; thence northerly to a point over the centre line of Thompson avenue not more than five hundred and seventy-three (573) feet or less than five hundred and forty-three (543) feet southeasterly from the intersection of the said centre line of Thompson avenue with the centre line of Lexington avenue; thence northwesterly to a point under the centre line of the Newtown turnpike not more than one hundred and seventy-seven (177) feet or less than one hundred and forty-seven (147) feet westerly from the intersection of the said centre line of Newtown turnpike with the centre line of Walnut street; thence northwesterly to a point under the centre line of Chestnut street not more than two hundred and forty-six (246) feet or less than two hundred and sixteen (216) feet westerly from the intersection of the said centre line of Chestnut street with the centre line of Walnut street; thence northwesterly to a point under the centre line of Prospect street not more than three hundred and eighteen (318) feet or less than two hundred and eighty-eight (288) feet westerly from the intersection of the said centre line of Prospect street with the centre line of Walnut street; thence northwesterly to a point under the centre line of Woodside avenue not more than four hundred (400) feet or less than three hundred and seventy (370) feet westerly from the intersection of the said centre line of Woodside avenue with the centre line of Walnut street; thence northwesterly to a point under the centre line of First

street not more than two hundred and three (203) feet or less than one hundred and seventy-three (173) feet easterly from the intersection of the said centre line of First street with the centre line of Worthington street; thence northwesterly to a point under the centre line of Forest street not more than nine hundred and seventy-three (973) feet or less than nine hundred and forty-three (943) feet easterly from the intersection of the said centre line of Forest street with the centre line of Trains Meadow road; thence northwesterly to a point under or over the centre line of Trains Meadow road not more than one hundred and ninety (190) feet or less than one hundred and sixty (160) feet westerly from the intersection of the said centre line of Trains Meadow road with the centre line of Sprague street as now laid out or proposed; thence northwesterly to a point over the centre line of Jackson avenue not more than eighty-one (81) feet or less than fifty-one (51) feet easterly from the intersection of the said centre line of Jackson avenue with the centre line of Ninth street as now laid out or proposed; thence northwesterly to a point over the centre line of Charlotte avenue not more than one hundred and ninety-six (196) feet or less than one hundred and sixty-six (166) feet westerly from the intersection of the said centre line of Charlotte avenue with the centre line of Ninth street as now laid out or proposed; thence northwesterly to a point over the centre line of the Bowery Bay road not more than five hundred and fifty-four (554) feet or less than five hundred and twenty-four (524) feet southwesterly from the intersection of the said centre line of the Bowery Bay road with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Cabinet street not more than three hundred and eighty (380) feet or less than three hundred and fifty (350) feet southwesterly from the intersection of the said centre line of Cabinet street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Baldwin street not more than two hundred and ten (210) feet or less than one hundred and eighty (180) feet southwesterly from the intersection of the said centre line of Baldwin street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Wilson avenue at or near its intersection with Oakley street not more than seven hundred and eighty-four (784) feet or less than seven hundred and fifty-four (754) feet northwesterly from the intersection of the said centre line of Wilson avenue with the centre line of the Bowery Bay road; thence northwesterly to a point over the centre line of Titus street not more than one hundred and sixty-one (161) feet or less than one hundred and thirty-one (131) feet northeasterly from the intersection of the said centre line of Titus street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Luyster street not more than three hundred and thirty-one (331) feet or less than three hundred and one (301) feet northeasterly from the intersection of the said centre line of Luyster street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Stemler street not more than four hundred and ninety-six (496) feet or less than four hundred and sixty-six (466) feet northeasterly from the intersection of the said centre line of Stemler street with the centre line of Wilson avenue; thence northwesterly, the railroad here beginning to ascend from natural grade by-way of approach to the bridge over the East river and while rising upon such approach, crossing over Flushing avenue at a point in the centre line thereof at or near its intersection with the centre line of Grace street as now laid out or proposed; thence crossing Nassau street, at a point over the centre line thereof not more than four hundred and seventy-four (474) feet or less than four hundred and forty-four (444) feet southeasterly from the intersection of the said centre line of Nassau street with the centre line of Steinway avenue, thence crossing Albert street at a point over the centre line thereof not more than four hundred and twenty-six (426) feet or less than three hundred and ninety-six (396) feet northeasterly from the intersection of the centre line of Albert street with the centre line of Flushing avenue, crossing Frankfort street at a point over the centre line thereof not more than one hundred and thirty-four (134) feet or less than one hundred and four (104) feet southeasterly from the intersection of the said centre line of Frankfort street with the centre line of Steinway avenue, crossing Steinway avenue at a point over the centre line thereof not more than four hundred and thirty-two (432) feet or less than four hundred and two (402) feet southwesterly from the intersection of the said centre line of Steinway avenue with the centre line of Potter avenue, crossing Kouwenhoven street at a point over the centre line thereof not more than three hundred and twenty-one (321) feet or less than two hundred and ninety-one (291) feet southwesterly from the intersection of said centre line of Kouwenhoven street with the centre line of Potter avenue as now laid out or proposed crossing Pomeroy street at a point over the centre line thereof not more than two hundred and sixteen (216) feet or less than one hundred and eighty-six (186) feet southwesterly from the intersection of said centre line of Pomeroy street with the centre line of Potter avenue as now laid out or proposed; thence in a northwesterly direction on a curve with its convexity towards the east, crossing Blackwell street at a point over the centre line thereof not more than one hundred and eleven (111) feet or less than eighty-one (81) feet southwesterly from the intersection of the said centre line of Blackwell street with the centre line of Potter avenue, crossing Potter avenue at a point over the centre line thereof about midway between Blackwell street and Rapelje street, crossing Rapelje street at a point over the centre line thereof not more than one hundred and one (101) feet or less than seventy-one (71) feet northeasterly from the intersection of the said centre line of Rapelje street with the centre line of Potter avenue, crossing Debevoise avenue at a point over the centre line thereof not more than two hundred and nine (209) feet or less than one hundred and seventy-nine (179) feet northeasterly from the intersection of the said centre line of Debevoise avenue with the centre line of Potter avenue, as now laid out or proposed, crossing Lawrence street at a point over the centre line thereof not more than two hundred and eighty-seven (287) feet or less than two hundred and fifty-seven (257) feet northeasterly from the intersection of the said centre line of Lawrence street with the centre line of Potter avenue, crossing Chauncey street at a point over the centre line thereof not more than three hundred and thirty (330) feet or less than three hundred (300) feet northeasterly from the intersection of the said centre line of Chauncey street with the centre line of Potter avenue, crossing Goodrich street at a point over the centre line thereof not more than three hundred and sixty-four (364) feet or less than three hundred and thirty-four (334) feet northeasterly from the intersection of the said centre line of Goodrich street with the centre line of Potter avenue, crossing Merchant street at a point over the centre line thereof not more than three hundred and eighty-eight (388) feet or less than three hundred and fifty-eight (358) feet northeasterly from the intersection of the said centre line of Merchant street with the centre line of Potter avenue, crossing Crescent street at a point over the centre line thereof not more than four hundred and five (405) feet or less than three hundred and seventy-five (375) feet northeasterly from the intersection of the said centre line of Crescent street with the centre line of Potter avenue, as now laid out or proposed, crossing Howland street at a point over the centre line thereof not more than four hundred and thirteen (413) feet or less than three hundred and eighty-three (383) feet northeasterly from the intersection of the said centre line of Howland street with the centre line of Potter avenue, crossing Hallett street at a point over the centre line thereof not more than four hundred and twenty-one (421) feet or less than three hundred and ninety-one (391) feet northeasterly from the intersection of the said centre line of Hallett street with the centre line of Potter avenue, crossing Van Alst avenue at a point over the centre line thereof not more than four hundred and thirty-two (432) feet or less than four hundred and two (402) feet northeasterly from the intersection of the said centre line of Van Alst avenue with the centre line of Potter avenue, to a point over the centre line of the Boulevard not more than four hundred and sixty-five (465) feet or less than four hundred and thirty-five (435) feet northeasterly from the intersection of the said centre line of the Boulevard with the centre line of Potter avenue as now laid out or proposed; thence by bridge in a northwesterly direction over the East river to a point on Ward's Island; thence with a curve towards the east in a general northeasterly direction by bridge over Ward's Island and Little Hell Gate to a point on Randall's Island; thence still continuing in a general northeasterly direction by bridge over Randall's Island and the Bronx Kills to a point over the centre line of Willow avenue in the Borough of The Bronx, not more than eight hundred and sixty-eight (868) feet nor less than eight hundred and thirty-eight (838) feet southwesterly from the intersection of the said centre line of Willow avenue with the centre line of East One Hundred and Thirty-second street; thence northeasterly, the route here descending on the approach from The Bronx side of the bridge over the East river, and while upon such approach crossing Willow avenue to a point about one hundred and sixty (160) feet southwesterly from the centre line of East One Hundred and Thirty-second street and about two hundred and seventy (270) feet southeasterly from the centre line of Willow avenue, said point being the point of divergence of a branch from the centre line, hereinafter described as extending northeasterly and parallel to the centre line hereby described;

thence crossing East One Hundred and Thirty-second street at a point over the centre line thereof not more than four hundred and two (402) feet or less than three hundred and fifty-two (352) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-second street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-third street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-third street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fourth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of said centre line of East One Hundred and Thirty-fourth street, with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fifth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fifth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-sixth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-sixth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-seventh street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-seventh street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-eighth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-eighth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-ninth street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet, or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-ninth street with the centre line of Walnut avenue, crossing East One Hundred and Fortieth street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet, or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Fortieth street with the centre line of Walnut avenue, crossing East One Hundred and Forty-first street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Forty-first street with the centre line of Walnut avenue; thence crossing over the railroad of the New York and Harlem Railroad Company, and here connecting with the railroad of the Harlem River and Port Chester Railroad Company.

Also from a point heretofore described, as being the point of divergence of a branch from the centre line hereby described and as being about one hundred and sixty (160) feet southwesterly from the centre line of East One Hundred and Thirty-second street and about two hundred and seventy (270) feet southeasterly from the centre line of Willow avenue, northeasterly on a curve with its concavity to the west, crossing East One Hundred and Thirty-second street at a point over the centre line thereof not more than four hundred and thirty-two (432) feet, or less than three hundred and eighty-two (382) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-second street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-third street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-third street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fourth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fourth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fifth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fifth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-sixth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-sixth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-seventh street at a point over the centre line thereof not more than four hundred and thirty (430) feet nor less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-seventh street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-eighth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-eighth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-ninth street at a point over the centre line thereof not more than four hundred and thirty-one (431) feet, or less than three hundred and eighty-one (381) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-ninth street, with the centre line of Walnut avenue, crossing East One Hundred and Fortieth street at a point over the centre line thereof not more than four hundred and thirty-one (431) feet, or less than three hundred and eighty-one (381) feet northwesterly from the intersection of the said centre line of East One Hundred and Fortieth street with the centre line of Walnut avenue, crossing East One Hundred and Forty-first street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Forty-first street with the centre line of Walnut avenue, and thence over the railroad of the New York and Harlem Railroad Company, and here connecting with the railroad of the Harlem River and Port Chester Railroad Company.

Together with spurs or connections as follows, to wit:

A. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described about midway between the crossings of Fresh Pond Road and Edsall avenue; and running thence northeasterly along a curve with its convexity towards the north to a point in the railroad now constructed of the Railroad Company south of the Lutheran Cemetery and not more than fourteen hundred and fifteen (1,415) feet, or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale station of the said railroad as now constructed.

B. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the Railroad Company not more than fourteen hundred and fifteen (1,415) feet, or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale station of the said railroad as now constructed; running thence northwesterly along a curve with its convexity towards the southwest and crossing the railroad now constructed of the Railroad Company at a point not more than four hundred and seven (407) feet, or less than three hundred and seventy-seven (377) feet southeasterly from the intersection of the said railroad now constructed with the centre line of the railway of The Brooklyn Heights Railroad Company; thence running northerly and west of the Lutheran Cemetery to a point in the railway hereinbefore in paragraph 1 described not more than five hundred and forty (540) feet, or less than four hundred and forty (440) feet along said railway northeasterly from the intersection of its centre line with the railroad now constructed of the Railroad Company.

C. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the Railroad Company distant not more than one thousand and eighty (1,080) feet, or less than nine hundred and eighty (980) feet northwesterly from the intersection of the centre line of the said railroad now constructed with the centre line of the railway of The Brooklyn Heights Railroad Company west of the Lutheran Cemetery; running thence upon a curve with its convexity towards the southeast to a point in the railway hereinbefore in paragraph 1 described not more than three hundred and sixty-five (365) feet, or less than two hundred and sixty-five (265) feet southwesterly along said railway from the intersection of the centre line of the said railway with the centre line of Metropolitan avenue.

D. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described, about fifty (50) feet southeasterly from the intersection of its centre line with the centre line of Bowery Bay road, thence in a general southwesterly direction to a point over the centre line of Charlotte avenue not more than one hundred and thirty-five (135) feet or less than one hundred and five (105) feet easterly from the intersection of the said centre line of Charlotte avenue with the centre line of Fourth street; thence crossing Fourth street at a point over the centre line thereof not more than four hundred and sixty-one (461) feet or less than four hundred and thirty-one (431) feet northerly from the intersection of the said centre line of Fourth street with the centre line of Jackson avenue; thence crossing over Third street and Jackson avenue at a point at or near the northwest corner of their intersection; thence still in a general southwesterly direction crossing Woodside avenue at a point over the centre line thereof to a point in the centre line of the railroad of the Pennsylvania, New York and Long Island Railroad Company, now being constructed on the westerly side of Woodside avenue.

The said route and its spurs and connections being illustratively shown upon the plan and profile of the new railroad hereto attached—which plan and profile are to be deemed a part of this franchise and to be construed with the text hereof, and are to be substantially followed; provided that deviations therefrom which are consistent with the foregoing description and the other provisions of this franchise may be permitted by the Board.

2. To lay down, construct and operate, upon the main line of the said route of the said railway, tracks not exceeding four in number, and upon the said spurs A, B, C and D, tracks not exceeding two in number; provided that the entire structure of the said railway, including sidings, cuttings and embankments, shall not over or under any street or road now laid out and opened, or to be hereafter laid out and opened, exceed one hundred (100) feet in width, measured at right angles to the centre line of the railroad, and provided, still further, that the Railroad Company shall have the right to add an additional track by way of siding along any portion or portions of its main line of its said railway not in all exceeding in length of such siding or sidings forty (40) per cent. of the total length of the said main line; provided, however, that the said percentage of sidings may be increased upon consent of the Board; and provided further that this provision shall not limit the right of the Railroad Company in the use of lands owned or which shall be owned by it.

3. To acquire and maintain terminals or stations.

4. To run upon the said railway, locomotives, motors, cars and carriages, for the transportation of persons and property and to use thereon and in connection therewith all suitable appliances.

5. To maintain and operate under or over the routes aforesaid including all streets which shall be intersected by the new railroad, or over or under which any part of the routes thereof shall run, telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat and light, and other appurtenances for use of the new railroad, but for no other purpose.

6. To acquire and use private property for power plants, pumping stations, shafts or stairways for access to or from the railroad, and other necessary purposes of the new railroad, as well as for stations and station extensions, as such private property has been or shall be lawfully acquired, within the scope of the corporate rights and powers of the Railroad Company.

Nothing herein contained shall be deemed to give any right to construct or operate a railroad upon the surface of any street in The City of New York.

The rights hereinbefore granted to maintain and operate the new railroad or necessary or convenient for that purpose, shall be held by the Railroad Company in perpetuity except as may be herein otherwise expressly provided.

But this authorization including all the rights and privileges hereby granted, is subject to certain terms, conditions and requirements which appear to the Board to be just and proper and as so subject, is hereinafter called the franchise hereby granted.

The following further terms, conditions and requirements are accordingly hereby prescribed as follows, to wit:

#### I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register or County Clerk of each of the Counties of Kings, Queens and New York, and to be filed in the office of the Secretary of State of the State of New York, all of which will be delivered by the Board to the president, vice-president, secretary or treasurer of the Railroad Company. The franchise hereby granted shall be inoperative, and this certificate shall be void unless within thirty days after such delivery or such further period not exceeding three months as shall be prescribed in writing by the Board, the Railroad Company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the Railroad Company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

#### II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within six calendar months after the time of the delivery to the Board of the acceptance of this certificate by the Railroad Company, that Company shall, in due and lawful form, obtain or receive the consent of the Board of Estimate and Apportionment of the City, or other local authority having the control of the streets, across and over or under which it is proposed to construct the new railroad, and of the other property of the City upon, under or over which such new railroad is to be constructed, together with the approval of the Mayor of the City.

The franchise hereby granted shall, if the Board shall so determine, become void, unless within one year after the time of such acceptance of this certificate by the Railroad Company, that Company shall further, and in due and lawful form, obtain, so far as may be necessary, and, if and when obtained, file in the office of the Board, the consent of the owners of one-half in value of the property bounded on the portions of streets over or under which the new railroad or any part of the route thereof runs, to the construction and operation of the new railroad or such part thereof, or, in case such consent of such property owners cannot, where necessary, be so obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court in the First Department or the Second Department (as the case may be) that such portion of the new railroad ought to be constructed and operated, the said determination of such commissioners, when confirmed by the Appellate Division which shall have appointed such commissioners, to be taken in lieu of such consent of property owners, provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed.

#### III.

The Railroad Company shall begin or continue the construction of the new railroad within three months after it shall have obtained the consents aforesaid, or such of them as shall be necessary as aforesaid and shall complete the construction of the Railroad and begin its operation within five years after such construction shall be begun or continued.

In case the Railroad Company, within the period of three months after it shall have obtained the consents necessary as aforesaid, shall not have begun or continued the actual construction of the new railroad, or if, after having begun or continued such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the new railroad within the said period of five years, then and in that case, the Board, upon a written notice to be delivered to the Railroad Company, may annul the franchise hereby granted as to any part of the new railroad not then completed and in operation and the same shall thereupon cease and determine; provided, that the Board shall have the power upon reasonable cause shown, to extend by written order any of the periods in this article prescribed; but provided, further, however, that such extension or extensions shall not in all exceed five years. Additional time shall be allowed by way of extension of any period for such commencement or continuance of construction or for the completion thereof, or for the commencement of operation of the new railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the Railroad Company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Railroad Company. In no

case shall such delay be deemed to begin until the Railroad Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other order or orders causing delay and of such of the papers upon which the same shall have been granted as shall have been served upon the Railroad Company, and unless, upon the request of the Board, the Railroad Company shall in writing consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings or other suit or proceeding. In the event of annulment of any part of the franchise as provided in this article the Railroad Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

## IV.

The Railroad Company shall pay to the Comptroller of the City the sum of one hundred and ten thousand dollars (\$100,000) within sixty days after it shall have obtained the consents required by Article II. of this certificate.

## V.

The Railroad Company shall make further and annual payments to the City as follows, these payments to be over and above all taxes lawfully levied upon the property of the Railroad Company:

First—The Railroad Company shall pay to the City for the right, so far as derived and held by it under this certificate, to construct, maintain and operate the new railroad over the East River between bulkhead lines as heretofore determined by the War Department of the United States, the sum of one hundred dollars (\$100) for each year beginning on the date on which the Railroad Company shall first commence the actual operation of the new railroad, but not later than two years after the first day when the Railroad Company shall have obtained all the consents required to be obtained by Article II. of this certificate, and ending on the day twenty-five (25) years from the day when the said payments are to begin.

Second—The Railroad Company shall pay to the City for the right to construct, maintain and operate the new railroad across streets and other public property other than Ward's Island and Randall's Island, the following compensation or rental, to wit: The sum of twenty-seven thousand five hundred dollars (\$27,500) per annum, the said payments to begin on the date when the Railroad Company shall first commence actual operation of the new railroad, but not later than two years after the first day when the Railroad Company shall have obtained the consents required to be obtained by said Article II. hereof, and to end on the day ten (10) years next thereafter, and fifty-five thousand dollars (\$55,000) per annum during the period beginning on the last day of such ten (10) years and ending on the day fifteen (15) years next thereafter.

Third—The Railroad Company shall pay as rental the reasonable value of the use and occupation by the Railroad Company of the portions of ground upon the said Ward's Island and Randall's Island permanently occupied by the abutments, piers and other supports of the bridge or elevated structure and of the use and occupation by the Railroad Company of the portions of overhead space above said islands occupied by such bridge or elevated structure or for any purpose whatsoever to be used in connection with the construction of the railroad. The time for such payment shall be computed from the date of the first occupation of the ground of Ward's or Randall's Island for any purpose of such bridge or elevated structure. The amount of such annual payments may be agreed upon in writing by the Railroad Company and the Board of Commissioners of the Sinking Fund of the City or other authorities in control of said islands. If such agreement shall not be made within six months after such date of the first occupation of the ground as aforesaid, then the rates of such payment shall be prescribed by the Board of Commissioners of the Sinking Fund or such other authorities, and, as so prescribed, shall be paid by the Railroad Company; provided, that, if the Railroad Company shall claim that the amount prescribed is unreasonable, it shall have the right, notwithstanding such payment, to recover back from the City the amount of the excess, if any, of its payment over and above the amount which shall be reasonable, and the City shall repay to the Railroad Company the amount of such excess. Two rates shall be agreed upon or prescribed as aforesaid: The first for the period which shall begin on the date of the first occupation of the ground on Ward's or Randall's Island for any purpose of such elevated structure and shall end ten (10) years from and after the date from which shall be first computed as aforesaid the annual payments in this article hereinbefore first prescribed to be paid by the Railroad Company, and the second rate for the period of fifteen (15) years, which shall begin on the last day of such first period and end on the day fifteen (15) years next thereafter. In case either of the said rates shall be prescribed, not by agreement, but by the Board of Commissioners of the Sinking Fund or other authorities as aforesaid, and if the Railroad Company shall, as aforesaid, object that the rate is unreasonable, then the rate, if any, which shall be ascertained to be reasonable in any suit or proceeding brought by the Railroad Company as aforesaid, shall be deemed to be the reasonable rate for the remainder of the said period ending on the last day of the said period ending ten (10) years after the date aforesaid or for the said period of fifteen (15) years, as the case may be. The payments hereinbefore provided with respect to Ward's Island and Randall's Island are to be limited to amounts which are reasonable for the occupation and use of the estate and title of the City in the property occupied or used as aforesaid. In determining what amounts shall be reasonable, due regard shall be had to such estate and title.

All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The annual amounts to be paid by the Railroad Company as aforesaid shall be readjusted at the end of the first period of twenty-five (25) years, and shall thereafter be readjusted at intervals of twenty-five (25) years. The said amounts to be paid by the Railroad Company at the end of the first period and at the end of each successive period of twenty-five (25) years shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Railroad Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five (25) years. The determination shall be sufficient if agreed to in writing by the Railroad Company and the Board or such other authority in its place, with the approval of the Board of Estimate and Apportionment and Mayor of the City. If the Railroad Company and the Board or such other authority in its place for the City, with the approval of said Board of Estimate and Apportionment and Mayor, shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five (25) years period, then the rate of compensation for such succeeding twenty-five (25) years period shall be reasonable; and either the City (by the Board or such other authority in its place, with such approval of the Board of Estimate and Apportionment and the Mayor) or the Railroad Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then they shall enter into a written agreement fixing such rate at such amount as shall be determined by the Supreme Court of the State of New York in the First or Second Judicial Department; and either party may in such case apply to the said Court to fix such rate. The determination of the Appellate Division of the Supreme Court, in case an appeal is taken by either party, shall be the decision of the Supreme Court herein intended. If, in any case, the rate shall not be fixed prior to the commencement of such succeeding twenty-five (25) years period, then the Railroad Company shall pay the rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of the excess of the rate then determined over the previous rate. Nothing herein contained shall be deemed to determine or affect the basis of any such readjustment of amounts to be paid except as herein expressly stated, it being intended that such basis shall, except as so stated, be completely open to either the City or the Railroad Company whenever any such readjustment is to be made, except that no such readjusted amount shall be less than the greatest corresponding amount specifically provided herein.

The Board shall certify to the Comptroller the dates from which the payments herein provided for shall respectively be computed.

## VI.

The new railroad wherever the same shall intersect any street shall be constructed above or below the grade thereof.

In case it shall be necessary to raise or depress the grade of any street so as to pass over or under the new railroad, the maximum grade of such street in approaching the railroad from either side shall not exceed four (4) per centum.

All streets in any way disturbed by the construction of the new railroad shall be restored to their original condition at the expense of the Railroad Company. In case of failure on the part of the Railroad Company to restore any such street to its original condition within a reasonable period, The City of New York shall have the right under a resolution of the Board to cause the work to be done after ten (10) days' notice to the Railroad Company, and the Railroad Company shall pay the reasonable cost of such work, including the materials therefor.

Viaducts or bridges over streets shall have a vertical clearance of not less than fourteen (14) feet for each of the streets at the following five crossings, to wit: Cooper avenue and Wyckoff avenue, Myrtle avenue, Fresh Pond road, Edsall avenue and Howard street and Calamus road, and for all other streets a vertical clearance of not less than sixteen (16) feet. The clearance for streets crossing above the route shall not be less than eighteen (18) feet.

In case of tunnel construction under a street, there shall be at least four (4) feet between the grade of the surface of the street and the exterior surface of the arch or cover of said tunnel.

Any superstructure of the new railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street if and when the same shall be duly approved by the Board and any necessary local authority.

In crossing Ward's Island and Randall's Island the railroad shall be upon an elevated structure in continuation of the bridge over the East river; and the under side of the roadway of such elevated structure over the said islands shall be at a height of not less than thirty (30) feet above the present natural grade; and the Railroad Company shall have the right upon the said islands to construct all necessary or proper piers, columns and other supports for the elevated structure or bridge and all necessary or proper foundations therefor.

All structures across streets shall be floored throughout and shall be water tight. The road bed, except on the bridge across the East river, and except over Ward's Island, Little Hell Gate, Randall's Island and Bronx Kills, shall be ballasted throughout its entire length with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel orinders shall be used in such ballast.

All abutments or foundations for bridges or viaducts crossing a street (except intermediate supports for bridges or viaducts as hereinbefore provided), and all stations or abutments or foundations therefor, shall be placed on land of the Railroad Company, except that foundations for such abutments may extend a distance not exceeding one (1) foot within the street lines but below the grade of such street so as not to interfere therewith.

The entire right of way of the Railroad Company except at stations shall be fenced throughout; but this shall not apply to Ward's Island or Randall's Island.

The Railroad Company shall, at its own expense, light the space beneath all superstructures which it shall erect across streets and the approaches to stations in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

Any necessary alteration which shall be required to the sewerage or drainage system or to any subsurface structures (including pipes, wires and other conduits) laid in the roads, streets or avenues, on account of the construction or operation of the Railroad, shall be made at the sole cost of the Railroad Company, and in such manner as the proper City officials may require, provided, however, that if the Railroad Company shall claim any such requirement to be unreasonable and refuse to conform to the same, then the City or its proper officer or officers may make application to the Supreme Court in the First or Second Judicial Department for an order or judgment directing the Railroad Company to provide such cost, whereupon the Supreme Court may grant such order or judgment to the extent that such alteration shall be rendered directly necessary by the construction or operation of the Railroad, but not to any extent caused or necessitated by the imperfect or insufficient character or condition of such drainage system or subsurface structures.

The Railroad Company shall in the course of its construction and at its own expense, maintain and care for all underground and overground structures (including pipes, wires and other conduits) not on the property of the Railroad Company, but which shall be in its route or directly interfered with by its construction; and any such necessary interference with underground or overground structures shall be subject to reasonable regulation by the department, if any, of the government of the City in control or charge thereof.

No structures erected or property owned by the Railroad Company on the new railroad as herein described shall be used for advertising purposes in any way under a penalty of fifty dollars (\$50) per day for each offense, to be recovered by The City of New York, provided, however, that this prohibition shall not apply to the interior of stations, of offices or store rooms of the Railroad Company, or to time tables or other notices concerning the operation of the railroad.

The Railroad Company shall observe all reasonable regulations which shall be prescribed by any lawful authority tending to prevent the throwing, deposit or dropping of noxious or offensive objects, substances or things from the portion of the new railroad crossing the East river, Ward's Island and Randall's Island or streets, or other public property.

The bridge across the East river shall in all respects conform with the provisions of the said acts of the legislature granting the right to build the same.

The Railroad Company shall make good to the City all damage which shall be done to the property of the City by the construction and operation of the new railroad, and shall make good to every owner of property abutting upon the new railroad, or which shall be injured by the work of construction or by operation thereof, all damage which shall be done to such abutting or injured property through any fault or negligence of the Railroad Company or any successor thereof, or of any contractor, sub-contractor or other person, in the course of any employment upon the construction or operation of the new railroad or any part thereof. The Railroad Company shall save harmless the City of and from all claims made against the City by reason of any act or proceeding of the Railroad Company hereunder.

The cost of all changes caused by the construction of the new railroad in the grades of streets now open and in use, including the damages to property owners caused by such changes of grade, shall be paid by the Railroad Company.

The Railroad Company shall keep its structure in good order, and where the same crosses public property it shall have such access thereto as may be reasonably necessary in order to maintain and repair the same.

All plans for, and the method of doing, the work, including necessary interference with streets or other public property during construction, and including also the mode of installing telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat or light and other appurtenances of the new railroad shall, from time to time, be subject to the approval of the Board, which shall be given when reasonably requested. All necessary permits for work upon streets or other public property and other departmental permits, so far as any shall be necessary, shall be respectively granted by the presidents of the proper boroughs or other officers as provided by law.

The Railroad Company shall, before it shall be entitled to proceed with their erection, submit its plans for the bridge over the East river and for passenger stations to the Municipal Art Commission of The City of New York, and secure thereto the approval of such Commission, unless the Mayor, the Board and the Board of Estimate and Apportionment shall consent to dispense with such approval.

Upon the bridge over the East river and the elevated structures or bridges connected therewith, extending northerly from the intersection of the new railroad with Stenler street, in the Borough of Queens, to the intersection of the new railroad with Willow avenue, in the Borough of The Bronx, the City shall have the right to install for its own exclusive use, police, fire alarm, telephone or telegraph wires, to such reasonable extent and in such reasonable manner as is not inconsistent with the purposes of this franchise, and to enter upon the said bridge and structures whenever necessary to install such wires or to keep them in repair.

The Railroad Company shall have the right to locate, construct, maintain and operate terminal or other yards, stations and all tracks for storage of cars, but only at such points or places, and including such rights to occupation of land under streets or of spaces over streets, as shall first be approved by the Board of Estimate and Apportionment.

The Railroad Company shall file with the Comptroller of the City on or before the first day of October of each year during the term of this franchise, a map or maps showing the number and length of tracks laid, including all sidings, switches, cross-overs, yards and terminals. The lengths shown on such map or maps shall be accurately determined by measurement.

## VII.

The motive power to be used upon the new railroad shall be steam, with the right to the Railroad Company to substitute electricity therefor; but any other motive power may at any time hereafter be substituted for steam or electricity upon the consent of the Board and the Railroad Company.

If the Railroad Company shall use steam and if, by reason of increased density of population along the line of the new railroad, such use of steam shall constitute a nuisance or be dangerous to the residents along the route, or materially depreciate the value of property along the route, then the Board may notify the Railroad Company that the public interests require a change to electricity or such other motive power not less convenient to the public, as may be prescribed by the Board and approved by the Railroad Company, and that the Board accordingly requires the change to be made within a time to be specified in such notice, not less than three (3) years thereafter.

The Railroad Company shall thereupon within ninety (90) days notify the Board whether it will change its motive power as required by the Board.

If the Railroad Company refuse to make such change or neglect to notify the Board within the time above specified, the Board may thereupon apply to the Supreme Court of the State of New York for a writ of mandamus or other proper remedy to compel the required change to be made. The only issues upon such application shall be whether the use of steam by the Railroad Company does in fact constitute a nuisance or is dangerous to the residents along the route, or does materially depreciate the value of property along the route to such an extent that the public necessity for the change of motive power by reason thereof is such that the Railroad Company should make the change. In case the Supreme Court upon such proceeding shall decide against the Railroad Company upon any of the said issues, then within a period of not less than three (3) years to be fixed by the Court, the Railroad Company shall change its motive power to electricity or to such other motive power as the Board may have prescribed.

## VIII.

The Railroad Company shall itself bear the entire cost of preserving the streets already opened across the route of the Railroad Company from injury or interference with the traffic thereof or with the lawful public use thereof, by the construction or operation of the new railroad under or over the same.

The City shall have the right to open across the said route in the Boroughs of Queens and The Bronx any of the streets hereinbefore named which have not already been lawfully opened. The City shall, in addition, have the right to lay out and open across the said route in the Borough of Queens two streets between Juniper avenue and Johnson avenue, a third street between Trains Meadow road and Jackson avenue, and a fourth street between Charlotte avenue and Bowery Bay road. The Railroad Company shall convey to the City, free of encumbrance and without charge, all such land lying within its right-of-way as may be required for any of the aforesaid streets, whether hereinbefore named or not, but subject to the right of the Railroad Company without interference to control, maintain and operate its road as herein provided (such right being hereinafter called the Company's easement).

The City shall also have the right to open across the route of the Railroad Company any new streets whatever, in addition to those above mentioned, and the Railroad Company shall give its consent to such opening and shall convey to the City free of encumbrance and without charge all such land lying within its right-of-way as may be required for such streets (subject only to the Company's easement) whenever the Board of Estimate and Apportionment shall certify that a public necessity exists therefor; provided, however, and it is expressly agreed, that if the Railroad Company shall deny that a public necessity does, in fact, exist, it may raise an issue as to the existence of such necessity either in the City's proceedings to acquire title to such street or in some other proper action or proceeding, and, if the Supreme Court shall not decide that such public necessity does exist, then, and in every such case, the Railroad Company shall not be required to consent to such street opening or to convey without charge the use of the land required for such street, as above provided. The determination of the Appellate Division of the Supreme Court, in case an appeal is taken by either party, shall be the decision of the Supreme Court herein intended.

In every case in which, by this article, the Railroad Company shall be required to convey the land lying within its right of way for the purpose of opening a street, the Railroad Company shall also bear and pay the cost of regulating, grading and paving the street so opened within such right of way. The cost of regulating, grading and paving streets within the meaning of this article shall be deemed to include: (a) The cost of actual construction within the limits of the right of way of the Railroad Company; (b) the cost of bridges within the lines of such streets and the abutments thereof and supports therefor, whether such bridges be used to carry the new railroad over streets or to carry streets over the new railroad; (c) the cost of raising or depressing the grade of any such streets so as to enable them to pass under or over the said route, and (d) the damages, if any, payable to abutting property owners in consequence of such raising or depressing the grade.

In case any of the streets opened or to be opened as aforesaid, and crossed by the railroad above grade, are widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and the City shall each pay one-half of the cost of such alteration.

Nothing in this article contained shall be construed as restricting or impairing in any manner the power of The City of New York to open any new streets whatever across the route or the yards or terminals of the Railroad Company without the consent of the Railroad Company in such manner and by means of such legal proceedings as may from time to time be authorized by the statutes of the State of New York; but in all such cases where the consent of the Railroad Company is not secured as above provided, the Railroad Company shall be entitled to due hearing by any court of competent jurisdiction, and the City shall pay to the Railroad Company all such amounts as may be awarded to it by any such court in any such legal proceedings, and shall pay all other expenses of opening any such new streets last mentioned, and the cost of regulating, grading and paving the same, as may be required by law.

## IX.

The new railroad shall be diligently and skillfully operated, with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall be in force.

It is understood that the intention of the Railroad Company is to use the new railroad principally for the carriage of property; but the Railroad Company shall have the right to transport passengers over the new railroad; provided, however, that the Railroad Company shall have no power to carry on merely local traffic unless its application therefor shall have the approval of the Board and of the Board of Estimate and Apportionment and Mayor of the City, subject to such additional conditions and to the payment of such additional compensation to the City as they shall prescribe.

Local traffic, within the meaning of this article, shall be deemed to include the carriage of passengers between any two points within the limits of the present City of New York, except as the same may be incidental to the carriage or transference of passengers traveling to or from points beyond the limits of the City, or incidental to the operation of the railroad as herein expressly authorized.

If the Railroad Company shall acquire, as above provided, the right to do a local traffic business, then no rate of fare for such local passenger traffic shall exceed five cents.

## X.

This franchise is granted upon the express condition that the Railroad Company, within sixty (60) days after the date on which this franchise is approved by the Mayor, or such other period as shall be prescribed by the Board, and before anything is done in exercise of the rights conferred hereby, shall file with the Comptroller of the City a bond in the penal sum of fifty thousand dollars (\$50,000), in a form to be approved by the Board. Such bond shall be executed by the Railroad Company and by the New York, New Haven and Hartford Railroad Company and the Pennsylvania Rail-

road Company as sureties, or by other sureties approved by the Board. The Railroad Company may, at its option, in lieu of such bond, deposit with the Comptroller the sum of fifty thousand dollars (\$50,000), either in money or securities approved by the Board. The said bond and the money, or securities deposited in lieu thereof, shall be security for the performance by the Railroad Company of all the terms and conditions of the franchise hereby granted, especially those terms and conditions which relate to the annual payments to be made to the City, as hereinbefore provided.

The City shall also have a lien upon the franchise and real property of the Railroad Company to secure the payment of such annual compensation and for the performance of all the other obligations by the Railroad Company hereunder, including the obligation to make good to the City damage in the cases and as prescribed in Article VI hereof. In case of any failure to make such payments as herein prescribed, the lien aforesaid may be enforced by the Board or by any authority which shall be authorized to act for the City in place of the Board, either by entry, foreclosure or other proper proceeding, and by sale of such franchise and real property.

The Board may, in its own name or in the name and behalf of the City, bring action for specific performance, or may apply, by mandamus or other proper action or legal proceeding, to compel the performance by the Railroad Company of the duties and obligations hereby imposed upon the said Company, or any of them. And the Board may, in behalf or in the name of the City, bring actions or proceedings to recover possession of any part of the property of the City to be used by the Railroad Company as aforesaid, where such recovery is necessary to the enforcement hereof or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section nine (9) of the Rapid Transit Act, or any other proper action or proceeding.

## XI.

The grant of this franchise shall not affect in any way the right of the City to grant rights or franchises or to enter into contracts to or with any other person or corporation for constructing or operating and maintaining any railroad or railroads which shall not physically interfere with the structure, maintenance or operation of the new railroad, as herein authorized.

The Railroad Company will not at any time oppose, but shall at any time, upon the request of the Board or of the Board of Estimate and Apportionment, consent to, the construction of any bridge or bridges or any rapid transit or other railroad otherwise duly authorized which may be constructed over, on or under Ward's Island, Randall's Island, East river, Little Hell Gate or Bronx Kills, and to the construction of any rapid transit or street railroad otherwise duly authorized over, along, under or across any portion of any of the streets to be occupied by the new railroad where such bridges or railroads do not physically interfere with the structure, maintenance and operation of the new railroad, as herein authorized.

## XII.

The City, the Board and all duly authorized representatives of the City, shall have the right at all reasonable times, as well during construction as afterwards, to inspect the new railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this certificate shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

## XIII.

The Railroad Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer, and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Railroad Company, and that no such grant, conveyance, assignment or transfer shall relieve the Railroad Company of its obligations hereunder. Such obligations shall be deemed to include all obligations for damages or otherwise and whether such obligations shall have been reduced to judgment or not.

The annual payments hereinbefore provided for shall not be affected by any clause in any statute heretofore or hereafter enacted, or in the charter of any railroad company heretofore or hereafter incorporated, which may provide for like or corresponding rentals or payments for railroad rights or franchises at any different rate; and every such grant, assignment or transfer as aforesaid shall expressly provide that the grantee, assignee or transferee assumes and agrees to pay the amounts hereinbefore provided for and waives any more favorable conditions created by any statute or charter, and agrees that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this grant.

## XIV.

If, at any time, the powers of the Board or any other of the authorities or courts herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, court or courts, then and in such case such other board, authority, officer or officers, court or courts, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers, court or courts.

## XV.

The word "street," or the plural thereof, wherever used in this certificate, shall be deemed to include all that is included in the words "street," "avenue," "road," "alley," "lane," "highway" and "boulevard," or the plurals thereof, respectively.

The word "notice," wherever used in this certificate, shall be deemed to mean a written notice. Every such notice to be served upon the Railroad Company shall be delivered at such office in The City of New York as shall have been designated by the Railroad Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Railroad Company at The City of New York. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing.

## XVI.

No modification of any of the terms or conditions of this grant shall be valid unless approved by the Board of Estimate and Apportionment and the Mayor of The City of New York.

In witness whereof this certificate has been executed by the Board of Rapid Transit Railroad Commissioners for The City of New York by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this day of , 1907.

# BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

Orr, that he resided in the Borough of Brooklyn in the said City, that he was the President of the said Board and that he subscribed his name to the foregoing certificate by virtue of the authority thereof, and the said Bion L. Burrows, that he resided in the Borough of Brooklyn in the said City, that he was the Secretary of the said Board and that he subscribed his name thereto by like authority; and both the said Alexander E. Orr and Bion L. Burrows that they knew the

seal of the said Board and that the same was affixed to the foregoing certificate by the authority of the said Board and of a resolution duly adopted by the same.

The New York Connecting Railroad Company hereby accepts the foregoing franchise and all the terms, conditions and requirements thereof.

Dated New York, ..... 1907.

THE NEW YORK CONNECTING RAILROAD COMPANY,

By

President.

Attest:

Secretary.

State of New York, County of New York, ss.:

On this day of ..... 1907, at The City of New York, before me personally came Charles S. Mellen and Frank E. Hafl, to me known and known to me respectively to be the said Charles S. Mellen, the President and the said Frank E. Hafl the Secretary of The New York Connecting Railroad Company, and being by me duly sworn they did depose, each for himself and not one for the other, the said Charles S. Mellen that he resided at New Haven, in the State of Connecticut, and was the President of the New York Connecting Railroad Company, the corporation named in and which executed the foregoing consent, and that he subscribed his name to the foregoing consent by the authority of the Board of Directors thereof; and the said Frank E. Hafl that he resided in the Borough of Manhattan, City and State of New York; that he was the Secretary of the said The New York Connecting Railroad Company and subscribed his name to the foregoing consent by like authority; and both the said Charles S. Mellen and Frank E. Hafl that they knew the corporate seal of the said The New York Connecting Railroad Company; that the seal affixed to such consent was such corporate seal, and that the same was affixed to the foregoing consent by authority of the Board of Directors of the said The New York Connecting Railroad Company and pursuant to a resolution adopted by the said Board.

The following was offered:

Whereas, The Board of Rapid Transit Railroad Commissioners of The City of New York, constituted pursuant to the provisions of chapter 4 of the Laws of 1891, and acts amendatory thereof, has, under date of February 14, 1907, submitted to the Board of Estimate and Apportionment for its approval a proposed certificate, dated February 14, 1907, to the New York Connecting Railroad Company, now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves such proposed certificate and the proposed grant and franchise therein contained.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Queens and Richmond—14.

Negative—The President of the Borough of Brooklyn—2.

*New York Central and Hudson River Railroad Company, as Lessee of the New York and Harlem Railroad Company, and the New York Central and Hudson River Railroad Company.*

In the matter of the application of the New York Central and Hudson River Railroad Company, for itself, and as lessee of the New York and Harlem Railroad Company, for a franchise to construct, maintain and use ducts and subways to transmit electricity from their power house to their lines in the Borough of The Bronx. At the meeting held September 28, 1906, the Bureau of Franchises presented a report and a proposed form of contract, and on November 23, 1906, the matter was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of The Bronx.

The Comptroller, as Chairman of the Select Committee, presented the following report:

February 6, 1907.

Hon. GEORGE B. McCLELLAN, Mayor and Chairman of the Board of Estimate and Apportionment:

Sir—At meeting of the Board of Estimate and Apportionment, held November 30, 1906, a franchise petitioned for by the New York Central and Hudson River Railroad Company, for itself, and as lessee of the New York and Harlem Railroad Company, to construct, maintain and operate ducts and subways to transmit electricity from the power house to the lines of the company in the Borough of The Bronx, was referred to a Select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of The Bronx.

In a communication dated October 19, 1906, Albert Harris, General Attorney for the company, states the company's objections to certain requirements in the form of franchise offered, and requests that the Board may see fit to modify the terms of the proposed franchise as set forth in his communication.

Your Committee will only report in detail upon the terms which the company wishes to have modified.

1. Compensation, an Annual Charge of \$6,000, Fixed by Tentative Agreement—Railroad company is willing to pay \$3,000; the Bureau of Franchises has fixed this rate upon a schedule established by the Board of Estimate and Apportionment, namely, \$2 per foot for the first hundred feet, and decreasing by regular steps to \$1 per foot for 600 feet and over.

While these rates are applicable, in the opinion of your Committee, for a distance up to 600 feet, we feel that further reduction should be made when the distance is for 5,000 feet and over; 65 cents per linear foot for a duct 2 feet 11 inches by 3 feet 11 inches for a distance of 6,370 feet, with an additional charge of \$25 for each splicing chamber or manhole constructed, would, in our opinion, be a fair rate, making the annual charge \$4,500 per annum.

2. Repairs and Maintenance to Street Surface—It is the opinion of your Committee that the company should be required, after the construction of the ducts, to restore the street surface to its original construction; and if at any future time the street is disturbed by the company they should replace it in the same condition as it was before being disturbed by them. The company should also be required to pay for the cost of paving and repaving of whatever the character of the pavement may be, and be required to keep in good repair during the entire term of this agreement, the surface of the street for a distance of five (5) feet from all splicing chambers or manholes constructed by the company.

3. Use of two ducts by the City—This requirement is good and should be in all City franchises, but on account of the high voltage, 11,000 volts, that it is proposed to carry in these ducts, we do not think any of them will be suitable for City purposes, and in our recommendation for the annual compensation, we have taken into consideration that these ducts are for the sole use of the company.

4. Clause 23—We see no objection to the company's request to change this clause to read as follows:

"The subway hereby authorized shall be used only by the company and for no other purpose other than for the transmission of electrical current required in the operation, management and maintenance of its railroads owned or leased."

In substitution for Clause 23, which reads:

"The subway hereby authorized shall be used only by the company and for no other purpose than transmitting electrical power for the operation of its trains."

5. A deposit of \$10,000 either in money or securities—We recommend that the City should have a bond of at least \$10,000 for the faithful performance of the work.

The company can deposit with the City Chamberlain, railroad or City bonds as surety, the company receiving the interest on said bonds. By this agreement, the company will be put to no expense by carrying indemnity company bonds or losing the interest on money deposited.

In conclusion, we recommend to the Board that the above changes be made in the form of agreement for said franchise, presented to the Board on September 28, 1906, by the Bureau of Franchises, and when said modifications are made, the form of contract or agreement be approved.

Respectfully,

H. A. METZ,

Comptroller.

P. F. McGOWAN,

President, Board of Aldermen.

LOUIS F. HAFFEN,

President, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The report was then referred to the Bureau of Franchises with instructions to incorporate the provisions therein contained in the proposed form of contract.

The Secretary presented the following communication from the Comptroller transmitting communications from various departments requesting transfers of appropriations:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 11, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I herewith return the following requests of the heads of the various departments for transfers of appropriations, which were transmitted to the Comptroller, for examination and report, in accordance with the resolution of the Board of Estimate and Apportionment adopted January 4, 1907, viz.:

|                                    |            |

| Department of Correction.....      | 3,062 26   |
| Supervisor of the City Record..... | 1,212 46   |

In view of the fact that there are sufficient funds available to provide for the transfers requested, and the same appear to be proper and reasonable, I recommend to the Board of Estimate and Apportionment that the necessary resolutions be adopted making such transfers.

Respectfully,

H. A. METZ, Comptroller.

A. Board of Education, \$2,000 from various accounts for the year 1906 to other accounts for the same year.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve the following transfers:

From the Special School Fund for the year 1906 and from the items contained therein as follows:

|                                                |                   |

—to the appropriation made to the Board of City Record for 1906, entitled Printing, Stationery and Blank Books for City Departments and Offices, the amount of said appropriation being insufficient.

Respectfully submitted,

PATRICK J. TRACY, Supervisor of the City Record.

The following resolution was offered:

Resolved, That the sum of one thousand two hundred and twelve dollars and forty-six cents (\$1,212.46) be and the same is hereby transferred from the appropriations made to the Board of City Record for the year 1906, entitled and as follows:

|                                                    |                   |

|                                                    | <u>\$1,212 46</u> |

—the same being in excess of the amounts required for the purposes thereof, to the appropriations made to said Board of City Record for the same year, entitled Printing, Stationery and Blank Books for City Departments and Offices, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen and report of Finance Committee of said Board, rejecting the ordinance containing the resolution adopted by the Board of Estimate December 21, 1906, authorizing the issue of \$24,000 Corporate Stock for the construction of two floating baths in the Borough of Queens:

In the Board of Aldermen.

The Committee on Finance, to whom was referred, on January 7, 1907 (Minutes, page 23), the annexed ordinance, in favor of an issue of Corporate Stock, \$24,000, for two floating baths in the Borough of Queens, respectfully

REPORTS.

President Bermel appeared before the Committee and explained that he proposed to place one bath on the East river (Long Island City) and another in Flushing Bay. Your Committee favors the first, but cannot see the necessity at this time for the second, as that section is comparatively but sparsely populated, and such a bath could be better used in Manhattan, The Bronx and Brooklyn. Your Committee therefore recommends that this ordinance be rejected, with a recommendation that the Board

of Estimate and Apportionment adopt an ordinance for Corporate Stock for one floating bath to be located at Long Island City.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-four thousand dollars (\$24,000) to provide means for the construction of two floating baths in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 21, 1906, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty-four thousand dollars (\$24,000), to provide means for the construction of two floating baths in the Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-four thousand dollars (\$24,000), the proceeds whereof to be applied to the purposes aforesaid."

- (b) Eye Clinic at Gouverneur slip.

#### Fifth—Ossinville Sanatorium for Tuberculous Diseases.

A true copy.

EUGENE W. SCHEFFER, Secretary.

The Secretary presented a communication from the District Attorney, Queens County, inclosing copy of presentment filed by the Grand Jury of said county in the Supreme Court, relative to the inadequacy of Police protection in the Borough of Queens.

Which was referred to the Police Commissioner.

The Secretary presented a communication from Edward Guth, No. 97 Avenue A, New York, requesting the exclusive right to erect and maintain advertisement posts on the corners of crossings of certain streets in the Borough of Manhattan.

Which was referred to the President, Borough of Manhattan.

The Secretary presented communications from various Departments relative to the issues of bonds, etc., as follows:

From the Commissioner of Parks, boroughs of Brooklyn and Queens, requesting an issue of \$254,611.25 Special Revenue Bonds to meet the deficiency in the appropriation allowed for the year 1907, for maintenance of parks for said boroughs.

From the President, Borough of Queens, requesting the Board of Estimate to take the necessary steps for the acquisition of title to property adjoining the present sewage disposal works in the Fourth Ward, consisting of about two acres, for use in connection with the Jamaica Disposal Works.

From the President, Borough of Brooklyn, requesting an issue of \$100,000 Corporate Stock for the purpose of constructing a plant for the production of artificial ice, said plant to be owned and operated by The City of New York, also communications from various civic organizations of said borough recommending the construction of such a plant.

From the President, Borough of Brooklyn, requesting an issue of \$192,794.75 Corporate Stock for repaving various streets and squares in Wallabout Market, Borough of Brooklyn.

Which were referred to the Comptroller.

The Secretary presented a communication from the Secretary, Board of City Magistrates, Second Division, transmitting certified copies of two resolutions, requesting an issue of \$8,000 Special Revenue Bonds for the equipment, etc., of the Ninth District Magistrates' Court to be established at Fifth avenue and Twenty-third street, Brooklyn, and for the Tenth District Magistrates' Court to be established at No. 133 New Jersey avenue, Brooklyn.

The Secretary was directed to notify said Board of Magistrates that requests for the issues of Special Revenue Bonds pursuant to subdivision 8 of section 188 of the Charter, should emanate from the Board of Aldermen.

The Secretary presented a communication from the Secretary, Twentieth District Municipal Ownership League of Brooklyn, submitting resolution of said league urging the construction of the Stanhope street subway from Broadway to Cypress avenue and thence to Elm avenue, Borough of Queens.

Which was referred to the Board of Rapid Transit Railroad Commissioners.

The Secretary presented communications from W. J. Baker, No. 216 Fifth street, and Richard H. Clarke, No. 49 Chambers street, protesting against the selection of the new Court House site on Union square, etc.

Which were referred to the Select Committee consisting of the President, Board of Aldermen, the Comptroller and the President, Borough of Manhattan, appointed February 1, 1907, to consider the site recommended by the Court House Board for a new Court House.

The Secretary presented the following report and resolutions of the Board of Education and communication from the Comptroller recommending the acquisition by purchase, at a price not exceeding \$14,000, of property selected as a site for school purposes and located on the southwesterly side of Covert avenue, between Centre and George streets, Queens:

*To the Board of Education:*

The Committee on Sites respectfully reports that on September 12, 1906, the Board of Education selected as a site for school purposes certain lands and premises on Covert avenue, Centre and Willow streets, Ridgewood Park, Borough of Queens, and the matter of authorizing the acquisition thereof is still pending before the Board of Estimate and Apportionment. The Appraiser of Real Estate of the Department of Finance reports that a plot of land of similar dimensions, equally well adapted for school purposes, on Covert avenue, Centre and George streets, can be purchased at a saving of several thousand dollars to the City. Your Committee therefore recommends that the action taken in selecting the site on Covert avenue, Centre and Willow streets be rescinded, and that in lieu thereof the property on Covert avenue, Centre and George streets be selected.

The following resolutions are submitted for adoption:

Resolved, That the action taken by the Board of Education on September 12, 1906 (see Journal, pages 1404-5), selecting and determining as a site for school purposes certain lands and premises on Covert avenue, Centre and Willow streets, Ridgewood Park, Borough of Queens, be and the same is hereby rescinded.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Covert avenue, Centre and George streets, Ridgewood Park, in Local School Board District No. 44, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$6,000:

Beginning at a point formed by the intersection of the northwesterly line of George street with the southwesterly line of Covert avenue, and running thence southwesterly along the northwesterly line of George street one hundred and thirty (130) feet, thence northwesterly and parallel with Covert avenue two hundred (200) feet two and three-quarters (2 $\frac{3}{4}$ ) inches to the southwesterly line of Centre street, thence northeasterly along the southeasterly line of Centre street one hundred and thirty (130) feet to the southwesterly line of Covert avenue, thence southeasterly along the southwesterly line of Covert avenue two hundred (200) feet two and three-quarters (2 $\frac{3}{4}$ ) inches to the northwesterly line of George street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education February 4, 1907.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, at a meeting held February 4, 1907, adopted the following resolutions:

Resolved, That the action taken by the Board of Education on September 12, 1906 (see Journal, pages 1404-5), selecting and determining as a site for school purposes certain lands and premises on Covert avenue, Centre and Willow streets, Ridgewood Park, Borough of Queens, be and the same is hereby rescinded.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Covert avenue, Centre and George streets, Ridgewood Park, in Local School Board District No. 44, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$6,000:

Beginning at a point formed by the intersection of the northwesterly line of George street with the southwesterly line of Covert avenue, and running thence southwesterly along the northwesterly line of George street 130 feet; thence northwesterly and parallel with Covert avenue 200 feet 2 $\frac{3}{4}$  inches to the southeasterly line of Centre street; thence northeasterly along the southeasterly line of Centre street 130 feet to the southwesterly line of Covert avenue; thence southeasterly along the southwesterly line of Covert avenue 200 feet 2 $\frac{3}{4}$  inches to the northwesterly line of George street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

It appears that the Board of Education, at a meeting held September 12, 1906, adopted a resolution requesting the acquisition of a certain parcel of land situated on the northeasterly side of Covert avenue, between Centre and Willow streets, Ridgewood Park, in Local School Board District No. 44, Borough of Queens, and after negotiation with the owner it was ascertained that the lowest price at which this property could be acquired was the sum of \$19,500, the size of the property requested to be acquired having a frontage of 200 feet on Covert avenue, with a depth of 130 feet on both Centre and Willow streets. This price was considered by me excessive.

After investigation of the surrounding property it was ascertained that a parcel of land diagonally across the street, situated on the southwesterly side of Covert avenue, between Centre and George streets, having a frontage of 200 feet on Covert avenue, with a depth of 130 feet on each street, could be acquired for the sum of \$14,000, and the same was referred to the Board of Education, explaining the status of the matter, and the Associate City Superintendent, in a communication dated January 28, 1907, addressed to the Chairman of the Committee on Sites of the Board of Education, referring to a letter from this office, stated that he recommends the immediate purchase of the site located on Covert avenue, between Centre and George streets, instead of the site selected by the Board of Education, located on Covert avenue, between Centre and Willow streets, and further, that the new site is located at a greater distance from a brewery, which is a frame building, and therefore the danger from fire would be less than if the building were located on the site originally selected by the Board.

The price asked of \$14,000 for the site now selected by the Board of Education, situated on Covert avenue, between Centre and George streets, is in my opinion not excessive, and I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described for school purposes and adopt a resolution authorizing the acquisition of the same at private sale at a price not exceeding \$14,000.

Respectfully submitted for approval,

THOMAS F. BYRNES,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described premises for school purposes, in the Borough of Queens:

Beginning at a point formed by the intersection of the northwesterly line of George street with the southwesterly line of Covert avenue, and running thence southwesterly along the northwesterly line of George street one hundred and thirty (130) feet, thence northwesterly and parallel with Covert avenue two hundred (200) feet two and three-quarters (2 $\frac{3}{4}$ ) inches to the southeasterly line of Centre street, thence northwesterly along the southeasterly line of Centre street one hundred and thirty (130) feet to the southwesterly line of Covert avenue, thence southeasterly along the southwesterly line of Covert avenue two hundred (200) feet two and three-quarters (2 $\frac{3}{4}$ ) inches to the northwesterly line of George street, the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof.

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above described premises at private sale at a price not exceeding fourteen thousand (\$14,000), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report and resolutions of the Board of Education and communication from the Comptroller recommending the acquisition of property selected as a site for school purposes, located on Lafayette and Reid avenues, Brooklyn, by purchase, at a price not exceeding \$11,000:

*To the Board of Education:*

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations that vacant property, 50 feet by 78 feet, on Lafayette avenue, adjoining Public School 57, Borough of Brooklyn, be selected for school purposes. This property is required in order to provide a separate playground for girl pupils, and your Committee is of the opinion that the same should be acquired. It is the intention to improve said property for school purposes as soon as title thereto is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Lafayette avenue, near Reid avenue, adjoining Public School 57, in Local School Board District No. 32, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$6,300:

Beginning at a point on the southerly line of Lafayette avenue distant fifty (50) feet westerly from the westerly line of Reid avenue, and running thence southerly and parallel with Reid avenue seventy-eight (78) feet, thence westerly and parallel with Lafayette avenue fifty (50) feet, thence northerly and again parallel with Reid avenue seventy-eight (78) feet to the southerly line of Lafayette avenue, thence easterly along the southerly line of Lafayette avenue fifty (50) feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education February 4, 1907.

A. EMERSON PALMER, Secretary, Board of Education.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at its meeting held February 4, 1907, adopted the following resolution:

"Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Lafayette avenue, near Reid avenue, adjoining Public School 57, in Local School Board District No. 32, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$6,300:

"Beginning at a point on the southerly line of Lafayette avenue distant fifty (50) feet westerly from the westerly line of Reid avenue, and running thence southerly and parallel with Reid avenue seventy-eight (78) feet, thence westerly and parallel with Lafayette avenue fifty (50) feet, thence northerly and again parallel with Reid avenue seventy-eight (78) feet to the southerly line of Lafayette avenue, thence easterly along the southerly line of Lafayette avenue fifty (50) feet to the point or place of beginning, be the said several dimensions more or less.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

The preamble of the resolution states that the Committee on Sites reports that it has given careful consideration to recommendations made to it that the property above described be selected for school purposes, the same being required in order to provide a separate playground for girl pupils.

It appears that the Board of Education at its meeting held January 14, 1903, adopted a resolution selecting as a site for school purposes a plot of land 22 by 50 feet on Reid avenue, adjoining Public School 57, in the Borough of Brooklyn, and on September 27, 1905, the said Board rescinded said resolution and adopted a new resolution selecting as a site for school purposes certain property adjoining Public School 57 on the north, having a frontage of 22 feet on Reid avenue, with a depth of 100 feet. The rear 50 feet selected at that time by the Board of Education is the rear portion of the property now determined to be acquired by the Board of Education. At the time of the adoption of the resolution by the Board of Education on January 14, 1903, this office called to the attention of the Board the fact that they would not accomplish the end desired by taking simply this lot, as buildings could be constructed on the lot fronting on Lafayette avenue, which ran back to the school land, and which would again place the Board of Education in the same position whereby they would again have to abate a nuisance.

The owner of the Lafayette avenue property refused at that time to sell a portion of the property at private sale, stating that he was entitled to considerable consequential damages by reason of the cut-off of the rear 22 feet of his plot. Condemnation proceedings had to be resorted to, the same having been authorized by the Board of Estimate and Apportionment on October 27, 1905. The awards for the parcels taken in the proceeding were confirmed by the Supreme Court on May 22, 1906, on which date the title was vested. The award for the Reid avenue property, having a frontage of 22 feet, with a depth of 50 feet, was the sum of \$4,500, and the award for the rear portion of the property now desired to be acquired, being an interior plot of the size 22 by 50 feet, was the sum of \$2,000, the award being made to Henry Meyer, who is still the owner of the front parcel; the cost of the proceeding being the sum of \$1,048.50, or a total cost for the entire property selected of \$7,548.50.

The action taken by the Board of Education in recommending the acquisition of one piece of property in two parcels at two different times should be strongly condemned, in view of the fact that in the first proceeding the owner is entitled to consequential damages by reason of the taking away of a portion of his property, and in the second proceeding the owner demands as much as the entire parcel could have originally been acquired for.

The price asked by the owner for the plot having a frontage of 50 feet on Lafayette avenue, with a depth of 78 feet, is the sum of \$11,000, and I am advised that the entire plot, which includes the portion acquired by condemnation proceedings, could have been purchased at private sale for the sum of \$10,000. The owner appears to welcome condemnation proceedings, and has made his final price to the City the sum heretofore mentioned.

The property to be acquired is on the southerly side of Lafayette avenue, 50 feet west of Reid avenue, and is known on the tax books as Lots Nos. 42 and 43, in Block 1611. The acquisition of the same will give an outlet to Public School 57 on Lafayette avenue. The price asked for the property in my opinion is high, but as the Board of Education is in need of the property, it would be advisable to acquire the same at private sale rather than resort to condemnation proceedings, when an excessive award may be made.

I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site for school purposes, and adopt a resolution authorizing the acquisition of the same at private sale at a price not exceeding \$11,000.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the following described property for school purposes, in the Borough of Brooklyn:

Beginning at a point on the southerly line of Lafayette avenue distant fifty (50) feet westerly from the westerly line of Reid avenue, and running thence southerly and parallel with Reid avenue seventy-eight (78) feet; thence westerly and parallel with Lafayette avenue fifty (50) feet; thence northerly and again parallel with Reid avenue seventy-eight (78) feet to the southerly line of Lafayette avenue; thence easterly along the southerly line of Lafayette avenue fifty (50) feet to the point or place of beginning; be the said several dimensions more or less, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above described premises at private sale at a price not exceeding eleven thousand dollars (\$11,000), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Comptroller recommending the approval of the site and acquisition by purchase, at a price not exceeding \$6,000, of property located on St. John's place, near Classon avenue, Brooklyn, for Fire Department purposes:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 9, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Francis J. Lantry, Commissioner of the Fire Department, in a communication under date of February 5, 1907, addressed to the Department of Finance, states that after careful consideration he has approved the recommendation of the Deputy Fire Commissioner for the Boroughs of Brooklyn and Queens in the matter of the selection of a site on the north side of St. John's place, near Classon avenue, in the Borough of Brooklyn, and requests that the necessary action be taken for the acquisition of the property for the use of his Department.

The property in question is located on the north side of St. John's place, 220 feet west of Classon avenue, and has a frontage of 55 feet on St. John's place, with a depth of 131 feet. The property is known on the tax maps of the Borough of Brooklyn as Lot No. 51 in Block 1174, and is owned by Mr. John F. Churlo.

After negotiation with the owner, he has agreed to accept the sum of \$6,000 for the property, which price, in my opinion, is reasonable, and, there being urgent need for further Fire Department accommodations in the vicinity in question, I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site and authorize the acquisition of the same at private sale at a price not exceeding \$6,000.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, submitting form of contract and specification for temporary heating of the New York Public Library, at Fifth avenue, between Fortieth and Forty-second streets, Manhattan, also communication from the Comptroller relative thereto:

THE CITY OF NEW YORK, DEPARTMENT OF PARKS,  
ARSENAL, CENTRAL PARK,  
January 17, 1907.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—Herewith I beg to forward for the approval of your Honorable Board, as required by chapter 556 of the Laws of 1897, and chapter 627 of the Laws of 1900, form of contract and specifications in triplicate for furnishing temporary heating in the New York Public Library (Astor, Lenox and Tilden foundations), Fifth avenue and Forty-second street, in the Borough of Manhattan.

The said forms have been prepared by the architects, Messrs. Carrere & Hastings, and endorsed as to legal form, with the approval of the Corporation Counsel.

The matter being one of urgent importance, I respectfully request for the same your early consideration.

Respectfully,

MOSES HERRMAN,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 28, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of January 17, 1907, the Hon. Moses Herrman, Commissioner of Parks, Boroughs of Manhattan and Richmond, forwards for the approval of the Board of Estimate and Apportionment, form of contract and specifications for temporary heating in the New York Public Library, Fifth avenue, Fortieth to Forty-second street, Borough of Manhattan.

I have looked over the specifications submitted and I find that it is proposed to advertise for tenders for temporary heating, to be furnished from the boilers now partially installed in the library building, such heating to extend over a period of six (6) months from its execution.

As to the condition of the work, what may be called the shell of the library building is now practically enclosed; the heating and duct work and also the stack work is progressing.

The contracts for plumbing, electric work and interior finish have not yet been given out.

I am constrained to advise the non-approval of these specifications for the following reasons:

1. The winter is so far advanced that there will be no need for temporary heat within the time when it would be possible to award a contract under this specification.
2. The boilers now being installed are neither owned nor in the possession of the City, and any bidding contingent upon their use will be limited to the contractor whose they are, and therefore not competitive.
3. Heat furnished under such a specification would cost the City not less than \$25,000, without substantial return. It would benefit no one this spring and before next fall the contract for interior finish will have been awarded and will carry a provision for temporary heating so long as same is needed.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the approval of form of contract and specifications for temporary heating of the New York Public Library, at Fifth avenue and Forty-second street, Borough of Manhattan, be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the Commissioner of Street Cleaning, submitting map of the Borough of Manhattan, showing the system by which snow may be disposed of through the agency of dumping basins and subterranean outlets to the water front.

Which was referred to a select committee consisting of the Comptroller, the Chief Engineer, Board of Estimate and Apportionment and the Chief Engineer, Bureau of Sewers, Borough of Manhattan.

The Secretary presented the following communication from the Commissioner of Street Cleaning, requesting authority to purchase horseshoe pads for the use of said department, pursuant to section 1554 of the Charter, and communication from the Comptroller relative thereto:

DEPARTMENT OF STREET CLEANING,  
New York, February 5, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—It is desirable to purchase horseshoe pads for the use of this department, and as most of said articles are patented, I submit herewith for the approval of your

Board, pursuant to section 1554 of the Charter, a form of resolution approving of general specifications for the purchase of said articles so as to secure fair competition.

I enclose also copy of the same for the files of your Board.

Respectfully,

M. CRAVEN, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 14, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of February 5, 1907, the Hon. Macdonough Craven, Commissioner, Department of Street Cleaning, asks the Board of Estimate and Apportionment to approve a specification for the purchase of horseshoe pads for the equipment of the horses of the Department of Street Cleaning.

I have examined the specifications with some care, and have looked into the matter in other ways.

I find in general that all such pads good enough to warrant their purchase by the Department of Street Cleaning are patented articles.

The specifications, however, as drawn, are hardly broad enough to admit all good makes of pads, and competition thereunder would be limited.

I have therefore modified several clauses in a way to make the requirements more general and less special, without sacrificing any feature of excellence.

I think the specifications as modified are broad enough to permit of real competitive bidding by manufacturers and dealers in such articles.

I think, therefore, that pursuant to section 1554 of the Greater New York Charter, the Board of Estimate and Apportionment may properly approve the modified specifications.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Whereas, The Commissioner of Street Cleaning is desirous of purchasing horseshoe pads and has for that purpose submitted to this Board a form of specification for the same so as to secure a fair and reasonable opportunity for competition as provided by section 1554 of the Greater New York Charter; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby prescribes that the Commissioner of Street Cleaning may purchase patented horseshoe pads for the use of the Department of Street Cleaning under a contract to be let pursuant to sections 419 and 541 of the Greater New York Charter, and in compliance with bids for a specification as follows:

*Specification for Horseshoe Pads.*

Each bidder shall submit, on or before making his bid, a sample of each of the pads of each of the sizes as herein specified, and if the samples be not furnished or do not conform to the specifications, the bid so submitted shall be rejected. All the pads furnished under the contract shall conform to the samples submitted by the successful bidder.

The pads must be leather backed, and must have not less than twenty (20) per cent. of genuine rubber, which must be firmly vulcanized and be securely fastened on to the leather, which must be oak tanned, of uniform thickness. The pads shall not be more than three months old and must be warranted to wear from one shoeing to another shoeing and not to become detached from the leather.

All pads that are not in conformity to the specifications or that do not wear from one shoeing to another, shall be deemed defective and shall not be paid for by the City.

The pads shall be either full-front pads or bar-pads, as may be required. The sizes must be the standard sizes.

The thickness of the heel for full-front pads shall be for sizes up to and including No. 4, not less than three quarters ( $\frac{3}{4}$ ) inch; for sizes over No. 4, not less than seven-eighths ( $\frac{7}{8}$ ) inch. The thickness of the heel for bar-pads shall be for sizes up to and including No. 4, not less than seven-eighths ( $\frac{7}{8}$ ) inch; for sizes No. 4½ and No. 5, not less than seven-eighths ( $\frac{7}{8}$ ) inch; for sizes over No. 5, not less than one (1) inch.

For the purpose of comparing the bids and awarding the contract, each bidder shall state a price, per pair, for each of the following sizes on the basis of one hundred (100) pairs in the proportion as follows: 4 pairs of No. 3; 8 pairs of No. 3½; 12 pairs of No. 4; 10 pairs of No. 4½; 30 pairs of No. 5; 20 pairs of No. 6; 12 pairs of No. 7; 4 pairs of No. 8; and the prices so bid per pair on the lowest bid shall be the prices to be paid under the contract.

The pads are to be delivered at the office of the Property Clerk, at Stable "A," Seventeenth street and Avenue C, in the Borough of Manhattan, and at the office of the Property Clerk at Stable "B," Butler street, between Fourth and Fifth avenues, in the Borough of Brooklyn, in such quantities and at such times as may be required, but not to exceed three thousand (3,000) pairs per month altogether.

Each bidder must submit with his bid a sample of each size of the pad which he proposes to furnish.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented communications from various departments, etc., relative to the issues of bonds, etc., for different purposes as follows:

From the Commissioner of Bridges, submitting plans, and requesting an issue of \$150,000 Corporate Stock for the construction of trolley railway approaches to the Brooklyn Bridge in the Borough of Brooklyn.

From the Commissioner of Bridges, requesting an issue of \$25,000 Corporate Stock for the preparation of plans for a new bridge over the East river.

From the Ridgewood Board of Trade, Borough of Brooklyn, urging favorable consideration of the request of the Fire Commissioner for an appropriation of \$3,790,500 for new fire houses and for other improvements.

From the President, Women's Auxiliary of the American Scenic and Historical Preservation Society, urging that the City purchase the Edgar Allan Poe cottage, Borough of The Bronx.

From C. C. Cuyler, No. 44 Pine street, requesting that an appropriation be granted for the improvement of the Twelfth Regiment Armory.

From the President of the Remington & Sherman Company, requesting that the Comptroller be authorized to return to said company the fire insurance policies and surety bond covering the contract for the Hall of Records.

Which were referred to the Comptroller.

The Secretary presented a communication from the Comptroller relative to the request of the President, Borough of The Bronx, for an additional appropriation of

\$10,000 for the completion, construction, erection and maintenance of street signs and posts for signs in the Borough of The Bronx.

Which was laid over pending action by the Board of Aldermen.

The Secretary presented the following communication from the Commissioner of Correction and report of the Comptroller to whom on February 1, 1907, was referred said communication requesting an appropriation of \$100,000 to provide for the construction of a steamboat for the use of the Department of Correction:

DEPARTMENT OF CORRECTION,  
COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,  
NEW YORK, January 28, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of one hundred thousand dollars (\$100,000), for a new steamboat, for the transportation of passengers, prisoners and supplies from the dock, Twenty-sixth street and East river, to the different islands under the jurisdiction of the Department of Correction.

In this connection I would ask your careful attention to the enclosed report of the Department Inspector, relative to the steamboat service.

Very respectfully,

JOHN V. COGGEY, Commissioner.

DEPARTMENT OF CORRECTION,  
No. 148 EAST TWENTIETH STREET,  
NEW YORK, November 3, 1906.

Hon. JOHN V. COGGEY, Commissioner of Correction:

DEAR SIR—I respectfully beg to submit a report upon the present inadequate steamboat service of this Department and the urgent necessity of an additional steamboat for the transportation of passengers, prisoners and freight to and from the several Islands of the Department.

At present we have four (4) steamboats, the "Massasoit," the "Minnahanonck," "The Bronx" and the "Thomas F. Gilroy," which are in service as follows:

The "Massasoit," a twin-screw propeller, 675 tonnage, carrying passengers, prisoners and freight from East Twenty-sixth Street Dock to Blackwell's, Riker's and Hart's islands daily, a 16-mile trip each way.

The "Minnahanonck," a side-wheel double-end boat, 475 tonnage, making two trips daily from East Twenty-sixth Street Dock, carrying passengers, prisoners and freight to the islands as far as Riker's Island, and bringing down the Harlem prisoners daily, each round trip covering twenty (20) miles.

"The Bronx," a single-screw propeller, 50 tonnage, used as a ferryboat between Blackwell's Island and East Seventieth Street Dock, New York, transporting visitors, doctors and employees to and from these points and is in service for eighteen (18) hours daily.

The "Thomas F. Gilroy," a single-screw propeller, 25 tonnage, a small launch used as a ferryboat between Hart's Island and City Island for visitors and Department employees, especially intended and mostly for the purpose of conveying firemen and their apparatus to the Island in case of fire, but for which purpose it is totally inadequate. The condition of this boat is far from being the best, and the cost to put it in good shape would far exceed her value.

The quantity of freight and the number of passengers and prisoners now carried by the "Minnahanonck" and the "Massasoit" are very great and are constantly increasing. The "Minnahanonck" has been in almost constant use for the past thirty years, and she is not fit to continue much longer in the hard work she is now doing.

The reasons for the increase above alluded to are:

First—The establishment of the City Reformatory on Hart's Island and the needs of the manufacturing industries located there will double the freight requirements.

Second—The ice-making plant recently completed on Hart's Island, the produce of which is to be transported to the different islands of the Department.

Third—The transfer of the Brooklyn manufacturing industries to Blackwell's Island Penitentiary, which require provision for transporting raw and manufactured materials to and from the islands.

Fourth—The proposed penitentiary and workshops to be erected on Riker's Island, which will increase the transportation of passengers, prisoners and freight to that point.

The conditions confronting the Department demand that this important matter should be taken up at once. I therefore recommend that an appropriation of one hundred thousand dollars be asked for, for the purpose of building a new twin-screw propeller of proper size and tonnage.

Under the most favorable circumstances it will take at least a year to build this steamboat, and I trust you will deem the matter one of sufficient importance to bring it to an early issue.

Respectfully submitted,

(Signed) CHARLES JAMER, Inspector.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In a letter dated January 28, 1907, the Hon. John V. Coggey, Commissioner, Department of Correction, asks the Board of Estimate and Apportionment for an appropriation of \$100,000 to provide funds for the construction of a steamboat to meet the increasing needs of the Department.

I find that the recent establishment of new industries for the employment of prisoners upon Hart's Island, and the transfer to Blackwell's Island of the manufacturing industries formerly carried on in the Kings County Penitentiary, has largely increased the needs of the Department for steamboat service.

In the near future the proposed penitentiary and workshops on Riker's Island will also make necessary an increase in the transportation service of the Department.

It is proposed to use this money to build a boat somewhat larger and considerably more powerful than the "Massasoit," now in the service of the Department. The new boat will also have facilities and room for handling freight expeditiously.

I am of the opinion that the Board may properly authorize this expenditure, and I therefore recommend that, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment authorize the Comptroller to issue Corporate Stock of The City of New York to the amount of \$100,000, for the purpose of providing funds for the building and equipment of a steamboat for the use of the Department of Correction.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), for the purpose of providing means for the construction and equipment of a steamboat for the use of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New

York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of Docks and Ferries and report of the Comptroller, to whom, on February 1, 1907, was referred said communication, requesting the amending of description contained in resolution adopted December 21, 1906, which authorized the condemnation of property in the vicinity of Fordham road, The Bronx:

DEPARTMENT OF DOCKS AND FERRIES,  
PIER "A," NORTH RIVER,  
New York, January 18, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—On December 21, 1906, the Board of Estimate and Apportionment adopted resolutions authorizing the institution of condemnation proceedings for the acquisition of certain property in the vicinity of Fordham road, Borough of The Bronx. The Corporation Counsel has requested that the description be amended so as to read as set forth in the accompanying resolution.

Will you please have the change made?

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

February 5, 1907.

The clause, "together with all riparian and wharfage rights and interests appertaining thereto," is added. In other respects the new resolution is the same as adopted on December 21, 1906, and I would suggest that the resolution be amended as requested by the Commissioner of Docks and Ferries in communication of January 18, 1907.

CHANDLER WITHINGTON,  
Chief Engineer, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment December 21, 1906, which authorized the institution of condemnation proceedings for the acquisition of property located on the Harlem river, south of Fordham road, Borough of The Bronx, for the use of the Department of Docks and Ferries, be and the same is hereby amended to read as follows:

"Resolved, That the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of title in behalf of the corporation of The City of New York for the improvement of the water front and harbor of The City of New York on the Harlem river in the vicinity of Fordham road, Borough of The Bronx, to the following described land and land under water, together with all riparian and wharfage rights and interests appertaining thereto, namely:

"All that certain tract or parcel of land and land under water situate, lying and being in the Borough of The Bronx, in The City of New York, bounded and described as follows:

"Beginning at a point in the bulkhead and pierhead line, established by the Secretary of War in 1890, where the southerly line of Fordham road intersects the same, and running thence easterly and along said southerly line of Fordham road 283.85 feet to the westerly line of the 40-foot approach to the University Heights Bridge, recently vested in the City on requisition of the Department of Bridges; thence deflecting to the right through an angle of 98 degrees 34 minutes and running southerly along said westerly line 242.66 feet; thence deflecting to the right through an angle of 74 degrees 58 minutes and 2 seconds, and running westerly along the northerly line of property recently vested in the City on requisition of the Department of Bridges, for a masonry approach to the University Heights Bridge, 250.17 feet to the bulkhead and pierhead line established by the Secretary of War in 1890; thence northerly and along said bulkhead and pierhead line 268.13 feet to the point or place of beginning,

"—together with all riparian and wharfage rights and interests appertaining thereto, said property being shown on the books of the Department of Taxes and Assessments at a valuation of \$17,000."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of the Police Department and report of the Comptroller, to whom, on February 1, 1907, was referred said communication, requesting authority to apply \$45,000 of the \$2,000,000 appropriation allowed on June 8, 1906, for the acquisition of sites and the erection of buildings for the use of the Police Department, towards the erection of the building of the Nineteenth Police Precinct:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
January 29, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The following proceedings were this day directed by the Police Commissioner:

Whereas, Bids were opened, pursuant to advertisement, on December 17, 1906, for the erection of a new station house, etc., for the Nineteenth Police Precinct, and the lowest bid therefor was \$198,000 (rejected by the Police Commissioner, it being in excess of the amount of the appropriation, and it being deemed by him for the interest of the City so to do); and

Whereas, Pursuant to advertisement, bids were again opened January 28, 1907, for the construction of said station house, eight bids being received, the highest, \$227,000 and the lowest \$194,500; and

Whereas, The appropriation for the construction of said station house is \$170,000, from which expenditures have been made for architect's fees in the sum of \$7,900, and there will be due to the architect the sum of \$5,875, and there are other expenses of surveyor's fees, printing, etc., in connection therewith,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to apply the sum of \$45,000 to the appropriation for the erection of a building for the Nineteenth Police Precinct, from the issue of Corporate Stock, under resolution of June 8, 1906, in amount not exceeding \$2,000,000, for the purpose of providing means for the acquisition of sites and the erection of buildings for the use of the Police Department.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 2, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of January 29, 1907, the Hon. Theodore A. Bingham, Police Commissioner, asks the Board of Estimate and Apportionment to allow the use of \$45,000 out of \$2,000,000 appropriated by the Board June 8, 1906, for additional means for the erection of a police station house for the Nineteenth Precinct.

This \$2,000,000 authorized by the Board in June last was for the acquisition of sites and the erection of buildings for the use of the Police Department. On May 19, 1905, the Board of Estimate and Apportionment appropriated \$170,000 for the erection of a building for the Nineteenth Police Precinct. Of this amount, \$4,050 was paid for a set of plans which were abandoned, and the total fees on the present plans will be \$9,725, leaving a balance of \$156,225 for the building.

I examined the plans and specifications with some care, and reported to you on October 4, 1906, that they might properly receive the approval of the Sinking Fund Commission, and they were so approved.

The plans call for considerable granite in the front of the building and a very high priced brick; and I took up with the Police Commissioner and the Architect the question of cutting down on the granite and using a cheaper brick. I was told that the design of the building demands the use of a heavy material like granite and the brick to match it was selected by the Police Commissioner.

I estimate that not more than \$12,000 could be saved by modifying the plans on the lines suggested, and the Architect informs me that such modification would spoil the building.

Furthermore, the cost per cubic foot of the building on the basis of the lowest bid received, shows about twenty-seven cents (27 cents), which is very low for a building of this character.

The lowest bid is \$194,500, and the cost of Architect's fees paid and payable, is \$13,775, a total of \$208,275. To meet this and to provide a small margin for contingencies, \$40,000 in addition to the \$170,000 allowed in 1905, will be sufficient.

I see no reason why this amount may not be a proper charge against the \$2,000,000 appropriation of June last; and I therefore recommend that the Board of Estimate and Apportionment authorize the use of \$40,000 of that fund for the purpose of providing additional means for the erection of a station for the Nineteenth Police Precinct.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

The following resolution was offered:

Whereas, The appropriation allowed by the Board of Estimate and Apportionment on May 19, 1905, to the amount of \$170,000 for the construction and equipment of a station house, prison and stable for the Nineteenth Precinct, located at Nos. 134 to 138 West Thirtieth street, Manhattan, is insufficient therefor; and

Whereas, The appropriation allowed by the Board of Estimate and Apportionment on June 8, 1906, to the amount of \$2,000,000 for the acquisition of sites and the erection of buildings thereon for the use of the Police Department, is in excess of the amount required for the purposes thereof; therefore be it

Resolved, That the Commissioner of the Police Department be and is hereby authorized to apply forty thousand dollars (\$40,000) of the \$2,000,000 appropriation allowed on June 8, 1906, to the \$170,000 appropriation allowed on May 19, 1905, for the construction and equipment of a station house, prison and stable for the Nineteenth Precinct, located at Nos. 134 to 138 West Thirtieth street, Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a report of the Comptroller, to whom, on December 7, 1906, was referred the request of the Commissioner of Water Supply, Gas and Electricity for the issues of Corporate Stock to carry out the provisions of chapter 611, Laws of 1906 (Stanley Act), etc.

In accordance with the recommendation contained in the said report the Board determined to hold a hearing in this matter, and fixed Friday, March 1, 1907, as the date for such hearing.

The Secretary was directed to notify the Merchants' Association of New York, and the United Real Estate Owners' Association accordingly.

The Secretary presented a communication from the Commissioner of Street Cleaning and report of the Comptroller, to whom, on February 1, 1907, was referred said communication requesting an issue of \$12,000 bonds to provide for the purchase of three automobiles.

The Secretary was directed to notify the Commissioner that application should be made to the Board of Aldermen for the issue of Special Revenue Bonds, pursuant to subdivision 8 of section 188 of the Charter, for said purpose.

The Secretary presented a report of the Comptroller, to whom, on July 6, 1906, was referred the claim of J. H. J. Ronner for \$6,000 for services performed by him as Register, New York County, after the close of his term of office, in accordance with chapter 600, Laws of 1906.

Which was referred to President, Board of Aldermen.

The Secretary presented a communication from the Secretary, Board of Health, transmitting copy of preambles and resolution of said Board, recommending the acquisition of property for departmental purposes, located on One Hundred and Thirty-second and One Hundred and Thirty-third streets and Willow avenue, The Bronx, stating that said property had been offered for sale at \$25,000, and requesting an issue of Corporate Stock to that amount for the purchase of the same.

Which was referred to the Comptroller.

The Secretary presented a communication from the Secretary, Board of Health, transmitting copy of preambles and resolutions of said Board certifying that the sum of \$351,000 will be required for the year 1907 for necessary expenses in connection with opening the new Scarlet Fever Hospital, the equipment of same; for the employment of additional veterinarians, etc., etc., together with communication from the President of said Board stating that there exist deficiencies in the appropriations under the new headings and in the appropriations under the old headings, as compared with the expenditures of 1906, of \$490,358.48.

Which was referred to the Comptroller.

The Secretary presented the following communication from the Comptroller, recommending the approval of the selection of property located on East Fourteenth

street, between Kings Highway and Avenue P, Brooklyn, for Fire Department purposes, and the acquisition of the same by purchase at a price not exceeding \$2,500:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 11, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Francis J. Lamry, Commissioner of the Fire Department, in a communication under date of February 5, 1907, approves of the recommendation of the Deputy Fire Commissioner of the Boroughs of Brooklyn and Queens, in the selection of a site for a fire house on East Fourteenth street, between Kings Highway and Avenue P, in the Borough of Brooklyn. This is a plot 40 by 100 feet, on the easterly side of East Fourteenth street, 293 feet 10 inches northerly from Kings Highway, in the Borough of Brooklyn, designated on a certain map known as "Map of Slocum Park," and is owned by Messrs. Kreyer and Ware.

After negotiation with the owners they have agreed to accept the sum of \$2,500 for this property, which price, in my opinion, is fair and reasonable, and as there is urgent need for further Fire Department accommodations in this vicinity, I would respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the above described site and adopt a resolution authorizing the acquisition thereof at private sale at a price not exceeding \$2,500.

Respectfully submitted for approval,

THOMAS F. BYRNES,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Commissioner of the Fire Department in the matter of the selection of a site for the purpose of erecting thereon buildings for departmental purposes, in the Borough of Brooklyn, bounded and described as follows:

Beginning at a point on the easterly side of East Fourteenth street distant 293 feet 10 inches northerly from the corner formed by the intersection of the northerly side of Kings Highway with the easterly side of East Fourteenth street; thence easterly and parallel with Avenue P 100 feet; thence northerly and parallel with East Fourteenth street 40 feet; thence westerly and again parallel with Avenue P 100 feet to the easterly side of East Fourteenth street; thence southerly along the easterly side of East Fourteenth street 40 feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof,

—and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the above described premises at private sale, at a price not exceeding twenty-five hundred dollars (\$2,500), said contracts to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented a communication from the President, Borough of The Bronx, requesting an additional appropriation of \$69,000 to carry on the work of the Topographical Bureau of The Bronx.

Which was referred to the Comptroller.

The following matters were considered by unanimous consent:

The Comptroller presented the following communication from the Secretary, Borough of The Bronx, transmitting copy of preambles and resolutions adopted by the Local Board of Morrisania, Twenty-fourth District, relative to the conditions existing at the southeast corner of Third avenue and East One Hundred and Forty-ninth street, The Bronx, and recommending that an appropriation of \$15,000 be granted for the purpose of making necessary changes in the sidewalks and the subway station stairway at said corner, which matter was referred to the Comptroller on January 25, 1907, also report thereon; together with requisition of the Board of Rapid Transit Railroad Commissioners for an appropriation of \$15,000 for this purpose:

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK,  
January 24, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I hereby transmit copy of preambles and resolutions adopted by the Local Board of Morrisania, Twenty-fourth District, in regard to the conditions existing at the southeast corner of Third avenue and East One Hundred and Forty-ninth street.

Respectfully,

HENRY A. GUMBLETON, Secretary.

In Local Board of Morrisania, Twenty-fourth District.

Whereas, By reason of the widening of Third avenue on the easterly side thereof at One Hundred and Forty-ninth street, Borough of The Bronx, a change of the subway stairs and also a change of the stairways of the Manhattan Elevated Railway Company were necessitated; and

Whereas, Under date of October 8, 1906, the Corporation Counsel, to whom the question was referred, advised as follows:

"I am of the opinion that all of the franchises granted to the railway companies for the use of the streets of the City are subject to the control of the streets by the City authorities for the benefit and use of the people, and when, as in the case in question, the proper City authorities have widened or changed the lines of a street, all of the corporations enjoying franchises for the operation of street railways thereon must, upon the demand of the City and at their own expense, relocate their roads, stations and stairways to conform to the new lines;" and

Whereas, A proper demand was made by the President of the Borough of the Bronx on the Manhattan Elevated Railroad Company and the Interborough Rapid Transit Company, and in compliance with the said opinion requested said railroads, at their own expense, to relocate their stations and stairways to conform to the new lines of Third avenue on the easterly side thereof at One Hundred and Forty-ninth street; and

Whereas, The said Manhattan Elevated Railway Company has complied, as far as possible, with notice and removed its stairway from the highway to the sidewalk adjoining the curb, and the Interborough Rapid Transit Company has refused and neglected to comply with said notice requiring the removal of the stairs, vault lights, etc., at the sidewalk on the southeast corner of One Hundred and Forty-ninth street and Third avenue; and

Whereas, The Board of Rapid Transit Railroad Commissioners, under date of October 19, 1906, informed the President of the Borough of The Bronx that it would not be proper for the Board of Rapid Transit Commissioners to take any action in the premises by the following communication:

"October 19, 1906.

"SIR—I have the honor to acknowledge the receipt of your letter of the 9th inst., addressed to Mr. Alexander E. Orr, President of this Board, in which you enclose a copy of an opinion rendered by the Corporation Counsel under date of October 8, 1906, in reference to the change of stairways of the Manhattan Elevated Railway and the subway necessitated by the widening of Third avenue on the east side thereof at One Hundred and Forty-ninth street, in the Borough of The Bronx.

"I am instructed to state that your communication, with its inclosure, has been submitted to counsel for the Board, who are of the opinion that the Board has no jurisdiction over the matter, at least in its present stage, and they are of opinion that it would not be proper for the Board to take any action in the premises at this time,"

—and

Whereas, Under date of January 7, 1907, the position of the Board of Rapid Transit Railroad Commissioners in this matter was reiterated as follows:

"SIR—I am directed by the President of the Rapid Transit Board to acknowledge receipt of your communication of the 5th inst., concerning the subway entrance at Third avenue and East One Hundred and Forty-ninth street.

"I know of nothing further to be added to that which was stated in mine of the 19th of October, which was transmitted to you by direction of the Rapid Transit Board, to the effect that it would not be proper for the Board to take any action in the premises at this time,"

—and

Whereas, Under date of January 14, 1907, the Board of Rapid Transit Railroad Commissioners addressed the following letter to the President of the Borough of The Bronx:

"DEAR SIR—I acknowledge receipt by direction of the President of the Rapid Transit Board of yours of the 12th inst. to the effect that the entrance to the subway at the southeast corner of One Hundred and Forty-ninth street and Third avenue has never been completed,"

—and

Whereas, Under date of January 18, 1907, the following communication was received by the President of the Borough of The Bronx from the Board of Rapid Transit Commissioners:

"SIR—In reply to yours of the 5th inst., addressed to the Rapid Transit Board, and also to your communication of the same date addressed to his Honor the Mayor, concerning the subway station entrance at the southeast corner of East One Hundred and Forty-ninth street and Third avenue, I am directed by the Rapid Transit Board to inform you that this matter was again considered at a meeting of the Board yesterday, with the result that there is no change in the attitude of the Board in the premises,"

—and

Whereas, The conditions at the corner in question are dangerous to life, limb and property and liable to at any time render the City liable to be involved in heavy damages therefor; and

Whereas, Complaints from citizens and taxpayers are received by the President of the Borough of The Bronx daily as to the congested and dangerous conditions existing at this corner; and

Whereas, The Interborough Rapid Transit Company, the corporation whose duty it is, according to the opinion of the Corporation Counsel, to make their stairways and stations conform to the new lines of the street for the convenience and safety of the people; therefore be it

Resolved, That the Local Board of Morrisania hereby recommends that the sum of \$15,000 be appropriated by the Board of Estimate and Apportionment, to be expended by and under the direction of the President of the Borough of The Bronx for the purpose of making the necessary changes in the sidewalks and the subway station stairway at the southeast corner of One Hundred and Forty-ninth street and Third avenue so as to have them conform to the new conditions that exist at the said corner, as shown on the blue print hereto annexed showing the location affected, on which the proposed entrance and exit to and from the subway are indicated in red, and that the said blue print be submitted for the favorable consideration of the Board of Estimate and Apportionment in connection with the request hereby submitted for an appropriation of \$15,000 for the purposes aforesaid.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 24th day of January, 1907.

Attest:

HENRY A. GUMBLETON, Secretary.

Approved and certified this 24th day of January, 1907.

LOUIS F. HAFFEN,  
President, Borough of The Bronx.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 15, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment held January 25, 1907, the President of the Borough of The Bronx presented a communication, transmitting a copy of resolutions adopted by the Local Board of Morrisania, Twenty-fourth District, January 24, 1907, in the matter of transit conditions at the southeast corner of East One Hundred and Forty-ninth street and Third avenue, and recommending an appropriation of \$15,000 by the Board of Estimate and Apportionment, to be expended by and under the direction of the President of the Borough of The Bronx, for the purpose of making necessary changes in the sidewalks and the subway station stairways at the point above mentioned.

I have examined the map submitted, showing present structures and the alterations suggested, and I have also looked over the actual conditions as existing.

I am fully of the opinion that some modification is demanded, and the plan submitted seems a good one.

But, inasmuch as the work will include not only a modification of surface conditions and structures which are within the jurisdiction of the President of the Borough of The Bronx, but also considerable changes in the underground structure of the subway station, which is not within his jurisdiction, I doubt the advisability of making the appropriation as requested.

It would seem that the better course is for the Board of Estimate and Apportionment to authorize and direct the Board of Rapid Transit Commission to make the changes and alterations so urgently needed and for which they have the required authority and jurisdiction both above and below ground, and I therefore recommend that an appropriation of \$15,000 be made to provide the Board of Rapid Transit Commissioners with the necessary funds for the execution of the work.

Respectfully,

CHANDLER WITTINGTON, Chief Engineer.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
No. 320 BROADWAY, NEW YORK,  
February 15, 1907.

JOSEPH HAAG, Esq., Secretary of the Board of Estimate and Apportionment, No. 277 Broadway, New York:

DEAR SIR—I beg leave to hand you herewith, by direction of the Rapid Transit Board, requisition for \$15,000 for the purpose of making certain changes in the rapid transit railroad station at One Hundred and Forty-ninth street and Third avenue, in the Borough of The Bronx. These changes are necessitated by the widening of Third avenue at this point, under the direction of the President of the Borough of The Bronx.

Yours respectfully,

BION L. BURROWS, Secretary.

Requisition is hereby made by the Board of Rapid Transit Commissioners, in accordance with the provisions of chapter 4 of the Laws of 1891, as amended, for the sum of fifteen thousand dollars (\$15,000) for the purpose of making certain

changes in the rapid transit railway station at One Hundred and Forty-ninth street and Third avenue, in the Borough of The Bronx.

Appended hereto is a copy of the resolution of the Rapid Transit Board authorizing this requisition.

In witness whereof this requisition has been signed by the President and Secretary of the said Board and the seal of the said Board attached hereto.

A. E. ORR, President.

Dated February 14, 1907.

BION L. BURROWS, Secretary.

Resolution adopted by the Board of Rapid Transit Railroad Commissioners February 14, 1907:

Resolved, That the officers of this Board be and they are hereby authorized to make requisition upon the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of fifteen thousand dollars (\$15,000), for the purpose of making certain changes in the rapid transit railway station at One Hundred and forty-ninth street and Third avenue, the expense of which has been estimated at a sum not to exceed fifteen thousand dollars (\$15,000).

A true copy.

BION L. BURROWS, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 4 of the Laws of 1891, as amended, and the requisition of the Board of Rapid Transit Railroad Commissioners dated February 14, 1907, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York to an amount not exceeding fifteen thousand dollars (\$15,000), for the purpose of providing means for making certain changes in the rapid transit railway station at One Hundred and Forty-ninth street and Third avenue, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communications requesting the issue of Corporate Stock for the purpose of replenishing the Fund for Street and Park Openings, as follows:

A. In the matter of widening Delancey street on the southerly side, from Clinton to Suffolk streets, Manhattan, \$572,430.60.

B. In the matter of widening Delancey street on the southerly side, from Suffolk street to the Bowery, Manhattan, \$2,764,602.96.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,

C. In the matter of purchasing property within the lines of a new street located between Broome and Spring streets, and extending from the Bowery to Elm street, Manhattan, \$119,000.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 11, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under date of February 17, 1905, the Board of Estimate and Apportionment adopted a resolution, pursuant to the provisions of section 970 of the revised Greater New York Charter, deeming it for the public interest that the title to lands and premises required for the opening and extending of a new street, located between Broome and Spring streets, and extending from the Bowery to Elm street, in the Borough of Manhattan, should be acquired by The City of New York, and authorized the institution of condemnation proceedings for the acquisition thereof, and determined that the entire cost and expense of said proceeding be borne and paid by The City of New York.

Under date of November 23, 1906, the Board of Estimate and Apportionment authorized the Comptroller to enter into a contract for the acquisition of certain parcels of land within the area of said improvement at a price not to exceed one hundred and nineteen thousand dollars (\$119,000).

In accordance with said last mentioned resolution, a contract was duly entered into with Fernando Wood for the purchase of the property described therein, at the sum of one hundred and nineteen thousand dollars (\$119,000).

To reimburse the Fund for Street and Park Openings for this expense to be paid therefrom, Corporate Stock to the amount of one hundred and nineteen thousand dollars (\$119,000) should be issued, pursuant to the provisions of section 174 of the revised Greater New York Charter.

A resolution for that purpose is herewith submitted.

Respectfully,

H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 7, 1907.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am advised by the Corporation Counsel that the supplemental and amended report of the Commissioners of Estimate and Assessment, in the matter of opening Clay avenue (formerly Anthony avenue), from Webster avenue to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, was confirmed by an order of the Supreme Court, dated January 19, 1907, and entered in the office of the Clerk of the County of New York, January 22, 1907.

The title to the lands, etc., taken in this proceeding became vested in The City of New York on May 10, 1897, pursuant to the provisions of a resolution of the Board of Street Opening and Improvement, adopted June 18, 1897.

The total amount of the awards is..... \$89,169 37  
Amount of taxed costs ..... 7,714 57  
Amount of additional taxed costs ..... 796 03

Total..... \$97,679 97

Pursuant to the provisions of a resolution of the Board of Public Improvement, adopted December 31, 1901, twenty-five (25) per cent. of the entire cost and expense of this proceeding is to be borne and paid by The City of New York, for which Corporate Stock to the amount of twenty-four thousand four hundred and nineteen dollars and ninety-nine cents (\$24,419.99) should be issued.

A resolution for that purpose is herewith submitted.

Respectfully,

H. A. METZ, Comptroller.

The Comptroller presented the following communication, transmitting communications from various departments requesting transfers of appropriations:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
February 13, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I herewith return the following requests of the heads of the various departments for transfers of appropriations, which were transmitted to the Comptroller for examination and report, in accordance with the resolution of the Board of Estimate and Apportionment adopted January 4, 1907, viz.:

Department of Bridges, \$2,800, from the appropriation entitled For Maintenance of and Repairs to Bridges over the Harlem River and in the Borough of Manhattan for the year 1906, to the appropriation entitled For Maintenance of and Repairs to Bridges in the Borough of Brooklyn for the same year.

Court of Special Sessions, Second Division, Brooklyn, \$527.02, from the appropriation made for Salaries for the year 1906 to the appropriation made for Supplies and Contingencies for the same year.

Queens Borough Library, \$979.17, to the appropriation made to the said Queens Borough Library for the year 1906, entitled Supplies, from the appropriation entitled Commissioners of the Sinking Fund Expenses of 1906.

In view of the fact that there are sufficient funds available to provide for the transfers requested, and the same appear to be proper and reasonable, I recommend to the Board of Estimate and Apportionment that the necessary resolutions be adopted making such transfers.

Respectfully,

H. A. METZ, Comptroller.

A. Commissioner of Bridges, \$2,800, from the account For Maintenance of and Repairs to Bridges over the Harlem River and in the Borough of Manhattan to the account For Maintenance of and Repairs to Bridges in the Borough of Brooklyn for 1906.

DEPARTMENT OF BRIDGES,  
Nos. 13 to 21 PARK ROW, MANHATTAN,  
NEW YORK, February 9, 1907.

Honorable Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

GENTLEMEN—I respectfully request the transfer in the following appropriations of the Department of Bridges for the year 1906:

From For Maintenance of and Repairs to Bridges Over the Harlem River and in the Borough of Manhattan, \$2,800, to For Maintenance of and Repairs to Bridges in the Borough of Brooklyn, \$2,800.

Respectfully,

JOHN H. LITTLE,

Deputy and Acting Commissioner of Bridges.

The following resolution was offered:

Resolved, That the sum of twenty-eight hundred dollars (\$2,800) be and the same is hereby transferred from the appropriation made to the Department of Bridges for the year 1906, entitled For Maintenance and Repairs to Bridges Over the Harlem River and in the Borough of Manhattan, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the same year, entitled For Maintenance of and Repairs to Bridges in the Borough of Brooklyn, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

B. Court of Special Sessions, Second Division, \$527.02 from the account Salaries to the account Supplies and Contingencies for 1906.

COURT OF SPECIAL SESSIONS,  
No. 171 ATLANTIC AVENUE, BOROUGH OF BROOKLYN,  
NEW YORK, February 4, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—By direction of the Board of Justices of this Court request is hereby made for the transfer of the balance remaining to the credit of the Salary Fund of 1906 of this department, namely, five hundred and twenty-seven dollars and two cents (\$527.02), to the credit of our account of Supplies and Contingencies for the year 1906.

Very respectfully,

JOS. L. KERRIGAN, Clerk of Court.

The following resolution was offered:

Resolved, That the sum of five hundred and twenty-seven dollars and two cents (\$527.02) be and the same is hereby transferred from the appropriation made to the Court of Special Sessions, Second Division (Brooklyn), for the year 1906, entitled Salaries, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Court for the same year entitled Supplies and Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

C. Treasurer of the Queens Borough Library requesting an additional appropriation of \$979.17 for the account entitled Supplies for the year 1906.

QUEENS BOROUGH LIBRARY,  
No. 101 EAST AVENUE, LONG ISLAND CITY,  
January 23, 1907.

Board of Estimate and Apportionment, City of New York:

DEAR SIR—Inclosed please find detailed information in regard to the standing of the Queens Borough Library appropriation for the year 1906.

Our supplies have usually been sent us by the City Record, as you are aware. In 1906 they were suddenly withheld, although no appropriation had been made to our Library for the purchase of these supplies. We were greatly inconvenienced during the greater part of the year by the lack of necessary stationery, etc. In July the matter was finally decided by the Corporation Counsel in favor of the City Record, and we were directed to purchase our own supplies. Estimates were accordingly asked for and supplies were purchased. The amounts were cut down to about one-third, as so much of the year had passed by. The printing of various cards, bookplates and necessary supplies had been done during the year, all on emergency orders. You will note on summary the first four large bills for these supplies, followed by two items, Long Island Star Publishing Company for printing and Tower Manufacturing Company for stationery, which had been ordered, as stated above, during the year, pending the decision.

The total expenditure during the year for supplies usually furnished us by the City Record amounted to \$819.56. Our appropriation is overdrawn \$979.17. It seems but fair that we should have this amount, as we were obliged to expend from the regular appropriation an almost equal sum.

I most respectfully request, therefore, that your Honorable Board will allow us this money, which may, perhaps, be transferred from some unexpended balance in another fund. The appropriation will not be overdrawn again.

Very respectfully yours,

J. M. MAGEE, Treasurer.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,  
February 13, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication of Mr. J. M. Magee, Treasurer of Queens Borough Library, under date of December 13, 1906, requesting additional appropriation of one thousand dollars (\$1,000) to said library for purposes of the year 1906, I beg to report as follows:

The said request is based upon a resolution of the Board of Trustees of Queens Borough Library, adopted at a meeting held November 9, 1906, and the statement of the Treasurer that the said amount is necessary to liquidate the liabilities incurred for the said year.

From a statement submitted by the Librarian, it appears that the condition of 1906 appropriation is as follows:

|                                                        |             |
|--------------------------------------------------------|-------------|
| Requisitions Nos. 1 to 35 sent to Comptroller.....     | \$48,701 27 |
| Rents due for November and December.....               | 614 98      |
| Miscellaneous bills due.....                           | 92 92       |
| Total.....                                             | \$49,409 17 |
| Appropriations, 1906 (not providing for supplies)..... | 48,430 00   |
| Overdrawn .....                                        | \$979 17    |

This overdraft is in large part accounted for in the necessary expenditures for supplies, which in former years were provided through the City Record, but which, under the opinion of the Corporation Counsel, became a charge against appropriations made for the purposes of said library for the year 1906. This unexpected use of appropriation, as per report submitted by the library, has been in the sum of \$89.56.

In addition, the library has contracted a liability of \$2,177.10 for coal supplied to the several branches prior to December 31, 1906, which cannot be liquidated from appropriations made for the year 1907.

In view of this situation, I would recommend that additional appropriation be made to the Queens Borough Library in the amount shown to be overdrawn, viz., \$979.17, by transfer from any unexpended balances of 1906 appropriations which may be found available.

Yours respectfully,  
CHARLES S. HERVEY,  
Supervising Statistician and Examiner.

Approved:  
H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the sum of nine hundred and seventy-nine dollars and seventeen cents (\$979.17) be and the same is hereby transferred from the appropriation made for the year 1906 for Commissioners of the Sinking Fund, Expenses of, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Queens Borough Library for the same year, entitled Supplies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President, Borough of Manhattan, presented a communication requesting an issue of \$40,000 Corporate Stock for the purpose of rebuilding the portion of West Washington Market destroyed by a recent fire, and making repairs to the adjoining buildings.

Which was referred to the Comptroller.

The President, Borough of Manhattan, presented a communication, enclosing copy of letter from the International Union of Steam Engineers, and requesting the fixing of the wages of Dynamo Engineers under his jurisdiction at \$4.50 per day, to take effect February 1, 1907.

Which was referred to a Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented a communication from the Commissioner of Water Supply, Gas and Electricity, requesting the establishment of grades of positions of Chemist at \$1,350, \$1,500, \$1,650 and \$1,800 per annum; Bacteriologist at \$1,800 per annum, and the creation of the position of Secretary to Deputy Commissioner of the Borough of Brooklyn at \$1,500 per annum.

Which was referred to a Select Committee consisting of the Comptroller and the President, Board of Aldermen.

The Comptroller presented a communication from the Master Mechanic of the Department of Street Cleaning, requesting an increase in his salary from \$1,800 to \$2,500 per annum.

The Comptroller presented a communication from the Commissioner of Street Cleaning, requesting an additional appropriation of \$126,102.50 for new stock or plant.

Which was referred to the Comptroller.

The President, Borough of Queens, presented a communication requesting an issue of \$60,000 Corporate Stock for repairing the building on Fulton street, Jamaica, occupied by the Clerk of Queens County.

Which was referred to the Comptroller.

The Comptroller presented a communication from the Secretary, Board of Education, transmitting reports and resolutions of said Board relative to the acquisition of property selected for school sites located on Second street, near Seventh avenue, adjoining Public School 77, Brooklyn, and on Skillman avenue and Gosman street, Long Island City, Queens.

Which was referred to the Comptroller.

The President, Borough of The Bronx, presented a communication relative to an appropriation of \$25,000 or such sum as may be necessary to meet the existing conditions as to the water main in Bush street which obstructs the construction of the public sewer therein, etc.

Which was referred to the Comptroller with the suggestion that he confer with the Commissioner of Water Supply, Gas and Electricity, and the Chief Engineer of the Board of Estimate and Apportionment.

The President, Borough of Queens, made a statement that the appropriation of \$250,000 allowed by the Board of Estimate and Apportionment on May 25, 1906, for the rebuilding of the County Court House, is inadequate, in view of the fact that the Art Commission has changed the plans, and requested an additional appropriation.

Which matter was referred to the Comptroller for conference with the President, Borough of Queens.

The President, Board of Aldermen, moved that when the Board adjourn it adjourn to meet Friday, March 1, 1907, at 10.30 o'clock a. m.

Which motion was adopted.

The Board adjourned to meet Friday, March 1, 1907, at 10.30 o'clock a. m.

## PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY, ON THURSDAY, THE 14TH OF FEBRUARY, 1907.

There were present—Alexander E. Orr, President, presiding; John H. Starin, Vice-President; Mayor George B. McClellan; Comptroller Herman A. Metz, and Commissioners Woodbury Langdon and Charles Stewart Smith.

Commissioner Morris K. Jesup sent word asking to be excused on account of illness.

George L. Rives, of Counsel; George S. Rice, Chief Engineer, and Alfred Craven, Deputy Chief Engineer, also were present.

The minutes of the meeting of the 31st of January were read, and it was moved that they be approved.

Ayes—The President, Vice-President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

Report of Special Committee was read as follows:

To the Board:

The Committee on Plans and Contracts has had under consideration the application of the Pennsylvania, New York and Long Island Railroad Company for permits to construct a portion of its tunnels in Thirty-second and Thirty-third streets otherwise than by tunneling under the surface. The applications relate, in the first place, to openings proposed to be made east of Sixth avenue, and in the second place, to openings proposed to be made west of Sixth avenue.

### First.

With respect to the applications for proposed openings east of Sixth avenue, the Committee are of opinion that they should be granted substantially as made. The evidence is conclusive that if tunneling is persisted in at the points in question, there will be the most serious risk to the abutting property. On the other hand, if the work is carried on by openings from the surface, the adjacent buildings can be properly underpinned and supported in such a manner as practically to eliminate the slightest risk. The only objectionable feature will be in the fact that during the period while construction is going on, it will be necessary to remove the pavement and to board over the street from curb line to curb line. As all materials excavated will be removed through the existing tunnel toward the East River, the timber surface, after it is once laid, will not be disturbed again until the work is completed, so that there is no risk of any serious disturbance of traffic or of annoyance to the occupants of the adjacent buildings.

The Committee therefore recommend that permits be granted in the forms hereto annexed, marked A and B. They further recommend that a resolution be passed instructing the Chief Engineer to cause the progress of the work done under these permits to be constantly watched, and to report to the Board immediately in case there is any deviation from the terms of the permits.

### Second.

With regard to the proposed opening of the street surface west of Sixth avenue, different conditions prevail. It appears to be impracticable to remove the materials of excavation westerly through the site of the proposed Pennsylvania Railroad Station without so seriously interfering with the work there as to cause very great and undesirable delay. The Pennsylvania, New York and Long Island Railroad Company therefore desire to be permitted to open shafts in the street thirty feet in length along it, and fifteen feet across it, through which excavated materials can be hoisted. In connection with such shafts they desire permission to construct hoisting apparatus over them. These shafts and the accompanying hoisting apparatus will of themselves occupy one-half of the roadway, and will, to a certain extent, obstruct the light and air of buildings on both sides of the street and interfere with access. The structures as planned contemplated that carts should be driven under the portion of the street left free by the shaft and there loaded by emptying large buckets operated by electric machinery into the carts. If this were permitted it would, of course, mean entirely blocking the street whenever carts were being thus loaded; although the use of improved machinery would reduce that operation for each cart to quite a short space of time.

An inspection of the streets shows that for a distance of about one hundred or one hundred and fifty feet east of Seventh avenue the surface of Thirty-second street is entirely destroyed, and passage to the westward can only be had by turning off through private property near the southeast corner of Seventh avenue. By what authority the work of the Pennsylvania, New York and Long Island Railroad Company has been carried on in Thirty-second street east of Seventh avenue by the opening of the surface the Committee do not know. It certainly was not by any action of this Board, and it seems to be prohibited by the terms of the certificate to the company.

Assuming, however, that the company has lawful authority for opening the street (and no complaint in that regard seems to have been made by the Borough President or other City authorities or by the owners of adjacent property), the Board may properly consider what arrangements, under existing circumstances, ought to be made with the company. The evidence seems to be quite clear that owing to the comparatively considerable depth at which rock is met with at this point, and the fact that tunneling operations from Fifth avenue westward cannot be carried on, and that buildings near Fifth avenue will have to be underpinned, it will be necessary to allow openings from the surface in some method. The company, without obtaining the consent of the Board, has already begun operations by sinking a shaft under the terms of a permit granted by the Borough President. This shaft is located about 555 feet west of Sixth avenue and a little less than 250 feet east of Seventh avenue. The Committee think that if this shaft is allowed to remain, it should be made a condition that the carting of materials to and from it should be entirely to the westward, and that carts should be loaded by standing on the west side of the shaft and not upon the southerly side, thus leaving one-half of the street free and unobstructed. The paper marked "C" is a permit based upon those requirements, and the Committee recommend that such permit be granted.

With respect to Thirty-third street, the shaft has been located at a point which is only about 300 feet west of Sixth avenue and about 500 feet east of Seventh avenue. The street itself has been opened (presumably under the same authority by which Thirty-second street was opened) and only one-half of its width can be used for traffic from Seventh avenue for about 350 feet easterly. If the existing shaft were con-

tinned in place, even under the closest supervision and inspection, it is apparent that there would be the most serious obstruction to all private property lying between the shaft and Seventh avenue. This obstruction would disappear, for all practical purposes, if the shaft were moved considerably further westward.

The company was at first unwilling to move this shaft, owing to some arrangements which it had made with its various sub-contractors, and with which, of course, this Board has no concern whatever. The Committee is advised that the company has now made such arrangements with its sub-contractors that the shaft can be moved to a point about 400 feet west of Sixth avenue, or, in other words, 340 feet east of Seventh avenue. If this is done, the more serious objections will be removed.

The Committee therefore recommend that a permit similar to that granted for Thirty-second street west of Sixth avenue, substantially in the form marked "D," hereto annexed, be granted to the company.

Dated February 14, 1907.

(Signed) CHARLES S. SMITH,  
JOHN H. STARIN,  
WOODBURY LANGDON,  
Committee.

Edward Lauterbach presented a petition in behalf of tenants in Thirty-second street, protesting against the proposed interference with the surface of that street.

The following resolution was moved:

Resolved, That the officers of this Board be and they hereby are authorized to sign permits to the Pennsylvania, New York and Long Island Railroad Company in form substantially as follows:

#### STATE OF NEW YORK.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

#### Permit.

In the Matter  
of

The application of the Pennsylvania, New York and Long Island Railroad Company for the right to make excavations from the surface of Thirty-third street, on the route of said railway westerly of Sixth avenue and in the vicinity thereof, in the Borough of Manhattan, City of New York.

Application having been duly made to the Board of Rapid Transit Railroad Commissioners for The City of New York by the Pennsylvania, New York and Long Island Railroad Company in behalf of itself, its agents and contractors, under the certificate by said Board to said railroad company granted on or about the 9th day of October, 1902, it appearing to the satisfaction of said Board that local conditions make excavations from the surface of the street, hereinafter specified, necessary for efficient construction of the tunnel railway referred to in said certificate.

Now, in consideration of the premises, and pursuant to said certificate, the said Board of Rapid Transit Railroad Commissioners for The City of New York hereby grants to the said Pennsylvania, New York and Long Island Railroad Company, its agents and contractors, the right to make such excavations for the construction of said tunnels from the surface, and to construct and operate in the street such structures and machinery as may be necessary to remove the material from said excavations, as follows:

From a point on West Thirty-third street four hundred and sixty (460) feet, more or less, west of the west line of Sixth avenue, and running easterly not more than five hundred (500) feet, subject, however, to the following conditions prescribed by the said Board, to wit:

1. It afforded the necessary license to enter upon the land, and not otherwise, the railroad company will absolutely guarantee the structural integrity of the buildings or other structures on either side of the openings hereinabove enumerated.

2. The surface of the street (except at the point mentioned below) shall at no time be open for more than eight consecutive hours, and these consecutive hours shall never be at any other time of day than from 9 p. m. to 5 a. m.

3. All materials of excavation shall be removed through an opening not larger than 15 feet in its dimensions across the street and 30 feet in its dimensions along the street, located not less than 460 feet west of Sixth avenue. Over such an opening the company may erect such structure and machinery as may be reasonably necessary to remove the material from the said excavations, provided the same are approved as to method and construction by the Chief Engineer of the Board of Rapid Transit Commissioners, and provided further that said structures be so arranged that all dumping of materials therefrom shall be done only on the westerly side thereof; that no carts shall be allowed to stand on the southerly side thereof, and that all building materials and materials of excavation shall be carted to and from the said shaft exclusively towards the west.

4. Temporary arrangements shall be installed for the purpose of properly caring for the public utilities, pursuant to said certificate granted to said Pennsylvania, New York and Long Island Railroad Company on or about the 9th day of October, 1902.

5. The temporary street surface for carrying the traffic shall be installed and maintained by the said railroad company throughout the period of its said operations, and upon the completion of the work the street surface shall be replaced with asphalt on concrete foundations, subject to the specifications and the inspection of the Bureau of Highways.

6. Except when the present street surface is being replaced with the temporary timber surface, the street traffic shall at no time be entirely interrupted. The sidewalks shall be kept clean and open to traffic at all times. No materials of excavation or building materials shall at any time be piled on the street. All work shall be done in such a manner as not to interfere (except as herein expressly authorized) with the free ingress and egress from and to adjacent buildings. The contractor shall restore and replace all things temporarily removed from the vaults and basements to the satisfaction of the respective owners. The Chief Engineer of the Rapid Transit Board and any duly authorized representative of the owners shall be permitted to inspect the work of construction at all reasonable times.

7. The said Pennsylvania, New York and Long Island Railroad Company shall make full compensation for any interference with the light, air or access to the buildings or premises adjacent to the structures in the street above authorized.

8. And the said Pennsylvania, New York and Long Island Railroad Company (hereinafter called the Tunnel Company) admits and covenants to and with said Board that if the work covered by this permit be done without fault or negligence on its part it does not involve any danger to the foundations, walls or other parts of the buildings above referred to, and that the Tunnel Company shall at its own expense make good any damage that shall in the course of construction be done to any such foundations, walls or other parts of said buildings. It is the intention of said agreement that in addition to affording any indemnification to the City against claims for damages to said buildings, the contractor shall also be liable to the owners thereof for all injuries thereto occasioned by said work, even if such owners should have no legal claim against The City of New York or said Board for such injuries. And it is further expressly agreed, and is one of the terms and conditions upon which this certificate is granted to said Tunnel Company, that in addition to all other liability for injuries to said buildings, the Tunnel Company shall fully meet and duly pay the amount of any loss or damage that any such owners may suffer by reason of any physical injury to said buildings occasioned by any act or omission of the Tunnel Company or of any subcontractor or other person employed on said work, this clause being a separate and independent provision disassociated from any duty resting upon said City or said Board, and having for its sole purpose a complete indemnification by the Tunnel Company of all owners of said buildings for any physical injury which may be done thereto through any act or omission of the Tunnel Company, or of any

subcontractor, or of any person in the course of any employment under the Tunnel Company, or any subcontractor, by said work.

9. The said Pennsylvania, New York and Long Island Railroad Company, by the acceptance of this certificate, accepts all of the above terms and conditions, and will be bound by and agrees to each and every one of them.

In witness whereof this permit has been adopted by a resolution of the Board of Rapid Transit Railroad Commissioners for The City of New York, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this day of 1907.

[SEAL.] BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS  
FOR THE CITY OF NEW YORK.

By.....President.

Attest:  
.....Secretary.

The Pennsylvania, New York and Long Island Railroad Company hereby accepts the foregoing permit on the terms and conditions therein stated.

Dated New York, February , 1907.

In the Matter  
of

The application of the Pennsylvania, New York and Long Island Railroad Company for the right to make excavations from the surface of Thirty-third street on the route of said railway certain distances west of Fifth avenue, and in the vicinity thereof, in the Borough of Manhattan, City of New York.

Application having been duly made to the Board of Rapid Transit Railroad Commissioners for The City of New York by the Pennsylvania, New York and Long Island Railroad Company in behalf of itself, its agents and contractors, under the certificate by said Board to said Railroad Company granted on or about the 9th day of October, 1902, it appearing to the satisfaction of said Board that local conditions make excavations from the surface of the street, hereinafter specified, necessary for efficient construction of the tunnel railway, referred to in said certificate.

Now, in consideration of the premises, and pursuant to said certificate, the said Board of Rapid Transit Railroad Commissioners for The City of New York hereby grants to the said Pennsylvania, New York and Long Island Railroad Company, its agents and contractors, the right to make such excavations for the construction of said tunnels from the surface as follows:

From a point on West Thirty-third street, twenty (20) feet, more or less, west of the west line of Fifth avenue and running westerly not more than six hundred (600) feet. Subject, however, to the following conditions hereby prescribed by the said Board, to wit:

1. It afforded the necessary license to enter upon the land, and not otherwise, the Railroad Company will absolutely guarantee the structural integrity of the buildings or other structures on either side of the openings hereinabove enumerated.

2. The surface of the street shall at no time be open for more than eight consecutive hours, and these consecutive hours shall never be at any other time of day than from 8 a. m. to 4 p. m.

3. All the materials of excavation, with the exception of the first five hundred (500) cubic yards taken from the first opening of the street, shall be removed through the tunnel bores.

4. Temporary arrangements shall be installed for the purpose of properly caring for the public utilities, pursuant to said certificate granted to said Pennsylvania, New York and Long Island Railroad Company on or about the 9th day of October, 1902.

5. The temporary street surface for carrying the traffic shall be installed and maintained by the said railroad company throughout the period of its said operations, and upon the completion of the work the street surface shall be replaced with asphalt on concrete foundation, subject to the specification and the inspection of the Bureau of Highways.

6. Except when the present street surface is being replaced with the temporary timber surface, the street traffic shall at no time be entirely interrupted. The sidewalks shall be kept clean and open to traffic at all times. No materials of excavation or building materials shall at any time be piled on the street. No materials of excavation or building materials shall be carted through the street between the hours of 8 a. m. and 6 p. m., and all work shall be done in such a manner as not to interfere (except as herein expressly authorized) with the free ingress and egress from and to adjacent buildings. The contractor shall restore and replace all things temporarily removed from the vaults and basements to the satisfaction of the respective owners. The Chief Engineer of the Rapid Transit Board and any duly authorized representative of the owners shall be permitted to inspect the work of construction at all reasonable times.

7. And the said Pennsylvania, New York and Long Island Railroad Company (hereinafter called the Tunnel Company) admits and covenants to and with said Board, that if the work covered by this permit be done without fault or negligence on its part it does not involve any danger to the foundations, walls or other parts of the buildings above referred to, and that the Tunnel Company shall at its own expense make good any damage that shall in the course of construction be done to any such foundations, walls or other parts of said buildings. It is the intention of said agreement that in addition to affording any indemnification to the City against claims for damages to said buildings, the contractor shall also be liable to the owners thereof for all injuries thereto occasioned by said work, even if such owners should have no legal claim against The City of New York or said Board for such injuries. And it is further expressly agreed and is one of the terms and conditions upon which this certificate is granted to said Tunnel Company, that in addition to all other liability for injuries to said buildings the Tunnel Company shall fully meet and duly pay the amount of any loss or damage that any such owners may suffer by reason of any physical injury to said buildings occasioned by any act or omission of the Tunnel Company, or of any sub-contractor or other person employed on said work, this clause being a separate and independent provision disassociated from any duty resting upon said City or said Board, and having for its sole purpose a complete indemnification by the Tunnel Company of all owners of said buildings for any physical injury which may be done thereto through any act or omission of the Tunnel Company, or of any sub-contractor, or of any person in the course of any employment under the Tunnel Company, or any sub-contractor by said work.

8. The said Pennsylvania, New York and Long Island Railroad Company by the acceptance of this certificate accepts all of the above terms and conditions, and will be bound by and agrees to each and every one of them.

In witness whereof, this permit has been adopted by a resolution of the Board of Rapid Transit Railroad Commissioners for The City of New York, and is now attested by its seal and by the signature of its president, who is its presiding officer, and by the signature of its secretary, this 15th day of February, 1907.

From a point on West Thirty-second street two hundred (200) feet, more or less, west of the west line of Madison avenue and running westerly not more than six hundred and fifty (650) feet to a point in West Thirty-second street, subject, however, to the following conditions hereby prescribed by the said Board, to wit:

1. If afforded the necessary license to enter upon the land, and not otherwise, the railroad company will absolutely guarantee the structural integrity of the buildings or other structures on either side of the openings hereinabove enumerated.

2. The surface of the street shall at no time be open for more than eight consecutive hours, and these consecutive hours shall never be at any other time of day than from 12 o'clock midnight to 8 a. m.

3. All the materials of excavation, with the exception of the first five hundred (500) cubic yards taken from the first opening of the street, shall be removed through the tunnel boxes.

4. Temporary arrangements shall be installed for the purpose of properly caring for the public utilities, pursuant to said certificate granted to said Pennsylvania, New York and Long Island Railroad Company on or about the 9th day of October, 1902.

5. The temporary street surface for carrying the traffic shall be installed and maintained by the said railroad company throughout the period of its said operations, and upon the completion of the work the street surface shall be replaced with asphalt on concrete foundation, subject to the specifications and the inspection of the Bureau of Highways.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

Permit.

In the Matter  
of

The application of the Pennsylvania, New York and Long Island Railroad Company for the right to make excavations from the surface of Thirty-second street on the route of said railway, westerly of Sixth avenue, and in the vicinity thereof, in the Borough of Manhattan, City of New York.

Application having been duly made to the Board of Rapid Transit Railroad Commissioners for The City of New York by the Pennsylvania, New York and Long Island Railroad Company, in behalf of itself, its agents and contractors, under the certificate by said Board to said railroad company, granted on or about the 9th day of October, 1902, it appearing to the satisfaction of said Board that local conditions make excavations from the surface of the street, hereinafter specified, necessary for efficient construction of the tunnel railway referred to in said certificate,

Now, in consideration of the premises, and pursuant to said certificate, the said Board of Rapid Transit Railroad Commissioners for The City of New York hereby grants to the said Pennsylvania, New York and Long Island Railroad Company, its agents and contractors, the right to make such excavations for the construction of said tunnels from the surface, and to construct and operate in the street such structures and machinery as may be necessary to remove the material from said excavations, as follows:

From a point on West Thirty-second street six hundred (600) feet, more or less, west of the west line of Sixth avenue and running easterly not more than seven hundred and fifty (750) feet, subject, however, to the following conditions prescribed by the said Board, to wit:

1. If afforded the necessary license to enter upon the land, and not otherwise, the railroad company will absolutely guarantee the structural integrity of the buildings or other structures on either side of the openings hereinabove enumerated.

2. The surface of the street, except at the point mentioned below, shall at no time be open for more than eight consecutive hours, and these consecutive hours shall never be at any other time of day than from 9 p. m. to 5 a. m.

3. All materials of excavation shall be removed through an opening not larger than fifteen (15) feet in its dimensions across the street, and thirty (30) feet in its dimensions along the street, located not less than five hundred and fifty-five (555) feet west of Sixth avenue. Over such an opening the company may erect such structures and machinery as may be reasonably necessary to remove the material from the said excavations, provided the same are approved as to method and construction by the Chief Engineer of the Board of Rapid Transit Railroad Commissioners, and provided further that said structures be so arranged that all dumping of materials therefrom shall be done only on the westerly side thereof; that no carts shall be allowed to stand on the southerly side of the said street, either in front of the said structures or in front of Nos. 158 and 160 West Thirty-second street; and that all building materials and materials of excavation shall be carted away from the said shaft exclusively toward the west.

4. Temporary arrangements shall be installed for the purpose of properly caring for the public utilities pursuant to said certificate granted to said Pennsylvania, New York and Long Island Railroad Company on or about the 9th day of October, 1902.

5. The temporary street surface for carrying the traffic shall be installed and maintained by the said railroad company throughout the period of its said operations, and upon the completion of the work the street surface shall be replaced with asphalt on concrete foundations, subject to the specifications and the inspection of the Bureau of Highways.

6. Except when the present street surface is being replaced with the temporary timber surface, the street traffic shall at no time be entirely interrupted. The sidewalks shall be kept clean and open to traffic at all times. No materials of excavation or building materials shall at any time be piled on the street. All work shall be done in such a manner as not to interfere (except as herein expressly authorized) with the free ingress and egress from and to adjacent buildings. The contractor shall restore and replace all things temporarily removed from the vaults and basements to the satisfaction of the respective owners. The Chief Engineer of the Rapid Transit Board and any duly authorized representative of the owners shall be permitted to inspect the work of construction at all reasonable times.

7. The said Pennsylvania, New York and Long Island Railroad Company shall make full compensation for any interference with the light, air or access to the buildings or premises adjacent to the structures in the street, above authorized.

8. And the said Pennsylvania, New York and Long Island Railroad Company (hereinafter called the Tunnel Company) admits and covenants to and with said Board, that if the work covered by this permit be done without fault or negligence on its part, it does not involve any danger to the foundations, walls or other parts of the buildings above referred to, and the Tunnel Company shall at its own expense make good any damage that shall in the course of construction be done to any such foundations, walls or other parts of said buildings. It is the intention of said agreement that in addition to affording any indemnification to the City against claims for damages to said buildings, the contractor shall also be liable to the owners thereof for all injuries thereto occasioned by said work, even if such owners should have no legal claim against The City of New York or said Board for such injuries. And it is further expressly agreed and is one of the terms and conditions upon which this certificate is granted to said Tunnel Company, that in addition to all other liability for injuries to said buildings, the Tunnel Company shall fully meet and duly pay the amount of any loss or damage that any such owners may suffer by reason of any physical injury to said buildings occasioned by any act or omission of the Tunnel Company or of any sub-contractor or other person employed on said work, this clause being a separate and independent provision disassociated from any duty resting upon said City or said Board, and having for its sole purpose a complete indemnification by the Tunnel Company of all owners of said buildings for any physical injury which may be done thereto through any act or omission of the Tunnel Company or any sub-contractor, or of any person in the course of any employment under the Tunnel Company or any sub-contractor by said work.

9. The said Pennsylvania, New York and Long Island Railroad Company, by the acceptance of this certificate, accepts all of the above terms and conditions and will be bound by and agree to each and every one of them.

In witness whereof this permit has been adopted by a resolution of the Board of Rapid Transit Railroad Commissioners for The City of New York, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 15th day of February, 1907.

Report of the Committee on Plans and Contracts was read, as follows:

To the Board of Rapid Transit Railroad Commissioners of The City of New York:

The Committee on Plans and Contracts was heretofore directed to confer with the Committee of the Board of Estimate and Apportionment in reference to the application of the New York Connecting Railroad Company to fix and determine the route or routes by which the applicant corporation may connect with other railroads and may establish, connect and extend its lines within the city, and for other authority and rights.

The form of the certificate to be granted to the applicant corporation has been the subject of prolonged and detailed negotiation between representatives of the City on the one side and representatives of the railroad company on the other.

The accompanying proposed certificate was finally adopted at a joint meeting of your committee and a committee of the Board of Estimate and Apportionment held at the City Hall on Wednesday, the 13th day of February, 1907. At this meeting there were present the President of the Board of Aldermen (who presided at the meeting), the Comptroller of the City, the Presidents of the Boroughs of Manhattan and Queens and the Commissioner of Public Works of the Borough of The Bronx, the President and Vice-President of the Board of Rapid Transit Railroad Commissioners and Commissioner Smith of that Board. Mr. Samuel Rea and Mr. Ralph

Peters were also present representing the railroad. Mr. Bion L. Burrows, Secretary of the Board of Rapid Transit Railroad Commissioners, acted as Secretary.

The proposed certificate was read and fully discussed, and by unanimous vote of all the members of the two committees present it was agreed to in the form hereto annexed. Your committee recommends that the said certificate in the said form be adopted.

Dated February 14, 1907.

Respectfully submitted,

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK  
TO THE NEW YORK CONNECTING RAILROAD COMPANY.

Certificate, February 14, 1907.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The New York Connecting Railroad Company (which is hereinafter called the Railroad Company) is a railroad corporation duly incorporated under the laws of the State of New York, and owns and actually operates a railroad now constructed, which is, including the termini thereof, wholly within the limits of The City of New York, which City is hereinafter called the City, and which railroad is hereinafter called the railroad now constructed, and is engaged in interstate commerce in connection with the trunk line railroad operated by the Long Island Railroad Company, and is operated and used as part of an interstate trunk line; and

Whereas, The Railroad Company, as hereinafter in this certificate provided, is hereby required to own or actually operate a railroad wholly or partly within the City, with a terminus or termini therein, and to be engaged in interstate commerce in connection with a trunk line railroad, and to be operated and used as part of an interstate trunk line; and

Whereas, The Railroad Company desires that the termini of the said railroad now constructed shall within the City be connected with the railroad of the Harlem River and Port Chester Railroad Company, and thereby with the railroad of the New York, New Haven and Hartford Railroad Company, and that the termini of the said railroad now constructed shall be also connected within the City with the railroad of the Long Island Railroad Company (both railroads with which connection is so desired being trunk line railroads within the State of New York engaged in interstate commerce, and being partly within and having a terminus or termini within the City), and that the termini of the said railroad now constructed shall be also connected within the City with the railroad of the Pennsylvania, New York and Long Island Railroad Company (being a trunk line railroad now under construction and situate and to be situate, including the termini thereof, entirely within the City, and by its Certificate from the Board of Rapid Transit Railroad Commissioners for the City, dated October 9, 1902, required to be engaged in interstate commerce in connection with other trunk line railroads); and

Whereas, The Railroad Company, by such connections, intends and covenants, as it is hereinafter in this Certificate required, to engage in interstate commerce in connection with other trunk line railroads between points, on the one hand, within the City, and, more particularly, points within the Boroughs of Brooklyn and Queens therein, and, still more particularly, points on the Long Island Railroad therein, and on the other hand, points as follows: First, points without the State of New York, along the railroad of the New York, New Haven and Hartford Railroad Company between the City and various points thereby reached in the States of Connecticut, Rhode Island and Massachusetts and other States of New England; secondly, points upon the line of the railroad of the Pennsylvania, New York and Long Island Railroad Company, now being constructed, and thereby and through it, by the Pennsylvania Railroad and otherwise, with points without the State of New York, upon the said Pennsylvania Railroad, and upon its connections in the States of New Jersey, Pennsylvania and other States to the west and south, the intention being to establish rapid, direct and convenient connections between the said Boroughs of Brooklyn and Queens and such States of New England, the West and South; and

Whereas, The Legislature of the State of New York has, by chapter 752 of the Laws of 1900, as amended by chapter 691 of the Laws of 1905, granted to the Railroad Company the right to construct upon the line of its railroad a bridge for railroad purposes only, of a single span across the East river at or near Hell Gate, together with necessary viaduct approaches, and to maintain and operate the same, the said bridge to have an elevation of not less than 135 feet above mean high water and to span the East river from abutments built upon the shores thereof and within the bulkhead lines, so as not to impede navigation upon the said river; and

Whereas, The Railroad Company did, prior to the 11th day of June, 1903, duly file its route and profile, as provided by the Railroad Law; and

Whereas, Later the Railroad Company did, duly and with the assent of two-thirds of all the directors of the said Company, as required by the Railroad Law, file an amended route and profile, and with like assent did file a further amended route and profile on the 10th day of December, 1905, in the offices of the Clerks of the Counties of Queens and New York, and on the 20th day of December, 1905, in the office of the Clerk of the County of Kings; and

Whereas, The said route, whether original or as amended, lies wholly within private property acquired or to be acquired by the Railroad Company, except where the same crosses over or under certain streets, and also except where the same extends over and across Ward's Island and Randall's Island and the waters surrounding the said islands, and the shores of the East river, Little Hell Gate and Bronx Kills; and

Whereas, The Railroad Company, pursuant to section 32 of chapter 4 of the Laws of 1891, as amended by chapter 606 of the Laws of 1906 (which entire statute, as amended by various acts and as now in force, is hereinafter called the Rapid Transit Act), has made application to the Board of Rapid Transit Railroad Commissioners for The City of New York (which Board is hereinafter called the Board) to fix and determine the route or routes by which the Railroad Company may connect with the several railroads above mentioned, and may establish, construct and extend the lines of the Railroad Company within the City, and also for authority to the Railroad Company to construct and operate its railway within the City, under, over and across lands, waters, rivers, streets, avenues, parkways, highways or public places in the City, as hereinafter provided, and otherwise for the authority and rights hereinafter more particularly set forth, including the right to transport over its railroad passengers or freight, or both; and

Whereas, The railroad, extensions and connections hereby authorized (but not including the portion of the routes upon which the Railroad Company has already constructed and now owns a railroad) are, with its terminals, stations and all other appurtenances thereto, hereinafter called the new railroad; and

Whereas, The Board, by a concurrent vote of at least six of its members, has fixed and determined the locations and plans of construction of such new railroad of the Railroad Company upon such routes, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Railroad Company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Railroad Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Railroad Company shall, from the time of the commencement of the operation of such new railroad of the Railroad Company under such determination, but not later than two years from and after the Railroad Company shall be entitled to begin construction under and by force of this certificate, annually pay to the City certain sums or rentals, for a period of twenty-five years, and also providing for a readjustment of the amount of such sums or rentals at the expiration of such period and at intervals thereafter of twenty-five years; and

Whereas, The Board has required, and the Railroad Company hereby covenants, that the Railroad Company shall own or actually operate a railroad, wholly or partly within the City, with a terminus or termini therein, which shall be engaged in inter-

state commerce in connection with a trunk line railroad, and shall be operated or used as a part of an interstate trunk line;

Now, therefore, the Board has authorized and does hereby authorize, but subject, however, to the terms, conditions and requirements hereinafter set forth, the Railroad Company:

1. To lay down, construct and operate a railway upon a route the centre line of which is as follows, to wit: Beginning at a point in the Borough of Brooklyn over the northeasterly side of Knickerbocker avenue near the Roman Catholic Cemetery of the Most Holy Trinity, and not more than one hundred and fifty-eight (158) feet or less than one hundred and twenty-eight (128) feet southeasterly from the southeasterly side of Moffatt street as the same is now laid out or proposed, and running thence into the Borough of Queens and to the west of the Evergreen Cemetery and crossing over Cooper avenue at or near its intersection with Wyckoff avenue as now existing or proposed; thence running in a generally northeasterly direction, crossing over Cypress avenue at a point not more than one hundred and thirty-nine (139) feet or less than one hundred and nine (109) feet northwesterly from the intersection of the centre line of Cypress avenue with the centre line of Washington avenue; thence northwesterly to a point over the centre line of Charlotte avenue not more than one hundred and ninety-six (196) feet or less than one hundred and sixty-six (166) feet westerly from the intersection of the said centre line of Charlotte avenue with the centre line of Ninth street as now laid out or proposed; thence northwesterly to a point over the centre line of the Bowery Bay road not more than five hundred and fifty-four (554) feet or less than five hundred and twenty-four (524) feet southwesterly from the intersection of the said centre line of the Bowery Bay road with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Cabinet street not more than three hundred and eighty (380) feet or less than three hundred and fifty (350) feet southwesterly from the intersection of the said centre line of Cabinet street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Baldwin street not more than two hundred and ten (210) feet or less than one hundred and eighty (180) feet southwesterly from the intersection of the said centre line of Baldwin street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Wilson avenue at or near its intersection with Oakley street not more than seven hundred and eighty-four (784) feet or less than seven hundred and fifty-four (754) feet northwesterly from the intersection of the said centre line of Wilson avenue with the centre line of the Bowery Bay road; thence northwesterly to a point over the centre line of Titus street not more than one hundred and sixty-one (161) feet or less than one hundred and thirty-one (131) feet northeasterly from the intersection of the said centre line of Titus street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Luyster street not more than three hundred and thirty-one (331) feet or less than three hundred and one (301) feet northeasterly from the intersection of the said centre

line of Lyster street with the centre line of Wilson avenue; thence northwesterly to a point over the centre line of Stenler street not more than four hundred and ninety-six (496) feet or less than four hundred and sixty-six (466) feet northeasterly from the intersection of the said centre line of Stenler street with the centre line of Wilson avenue; thence northwesterly, the railroad here beginning to ascend from natural grade by way of approach to the bridge over the East river and while rising upon such approach, crossing over Flushing avenue at a point in the centre line thereof at or near its intersection with the centre line of Grace street as now laid out or proposed; thence crossing Nassau street, at a point over the centre line thereof not more than four hundred and seventy-four (474) feet or less than four hundred and forty-four (444) feet southeasterly from the intersection of the said centre line of Nassau street with the centre line of Steinway avenue, thence crossing Albert street at a point over the centre line thereof not more than four hundred and twenty-six (426) feet or less than three hundred and ninety-six (396) feet northeasterly from the intersection of the centre line of Albert street with the centre line of Flushing avenue, crossing Frankfort street at a point over the centre line thereof not more than one hundred and thirty-four (134) feet or less than one hundred and four (104) feet southeasterly from the intersection of the said centre line of Frankfort street with the centre line of Steinway avenue, crossing Steinway avenue at a point over the centre line thereof not more than four hundred and thirty-two (432) feet or less than four hundred and two (402) feet southwesterly from the intersection of the said centre line of Steinway avenue with the centre line of Potter avenue, crossing Kouwenhoven street at a point over the centre line thereof not more than three hundred and twenty-one (321) feet or less than two hundred and ninety-one (291) feet southwesterly from the intersection of said centre line of Kouwenhoven street with the centre line of Potter avenue as now laid out or proposed, crossing Pomeroy street at a point over the centre line thereof not more than two hundred and sixteen (216) feet or less than one hundred and eighty-six (186) feet southwesterly from the intersection of said centre line of Pomeroy street with the centre line of Potter avenue as now laid out or proposed; thence in a northwesterly direction on a curve with its convexity towards the east, crossing Blackwell street at a point over the centre line thereof not more than one hundred and eleven (111) feet or less than eighty-one (81) feet southwesterly from the intersection of the said centre line of Blackwell street with the centre line of Potter avenue, crossing Potter avenue at a point over the centre line thereof about midway between Blackwell street and Rapelje street, crossing Rapelje street at a point over the centre line thereof not more than one hundred and one (101) feet or less than seventy-one (71) feet northeasterly from the intersection of the said centre line of Rapelje street with the centre line of Potter avenue, crossing Debevoise avenue at a point over the centre line thereof not more than two hundred and nine (209) feet or less than one hundred and seventy-nine (179) feet northeasterly from the intersection of the said centre line of Debevoise avenue with the centre line of Potter avenue as now laid out or proposed, crossing Lawrence street at a point over the centre line thereof not more than two hundred and eighty-seven (287) feet or less than two hundred and fifty-seven (257) feet northeasterly from the intersection of the said centre line of Lawrence street with the centre line of Potter avenue, crossing Chauncey street at a point over the centre line thereof not more than three hundred and thirty (330) feet or less than three hundred (300) feet northeasterly from the intersection of the said centre line of Chauncey street with the centre line of Potter avenue, crossing Goodrich street at a point over the centre line thereof not more than three hundred and sixty-four (364) feet or less than three hundred and thirty-four (334) feet northeasterly from the intersection of the said centre line of Goodrich street with the centre line of Potter avenue, crossing Merchant street at a point over the centre line thereof not more than three hundred and eighty-eight (388) feet or less than three hundred and fifty-eight (358) feet northeasterly from the intersection of the said centre line of Merchant street with the centre line of Potter avenue, crossing Crescent street at a point over the centre line thereof not more than four hundred and five (405) feet or less than three hundred and seventy-five (375) feet northeasterly from the intersection of the said centre line of Crescent street with the centre line of Potter avenue as now laid out or proposed, crossing Howland street at a point over the centre line thereof not more than four hundred and thirteen (413) feet or less than three hundred and eighty-three (383) feet northeasterly from the intersection of the said centre line of Howland street with the centre line of Potter avenue, crossing Hallett street at a point over the centre line thereof not more than four hundred and twenty-one (421) feet or less than three hundred and ninety-one (391) feet northeasterly from the intersection of the said centre line of Hallett street with the centre line of Potter avenue, crossing Van Alst avenue at a point over the centre line thereof not more than four hundred and thirty-two (432) feet or less than four hundred and two (402) feet northeasterly from the intersection of the said centre line of Van Alst avenue with the centre line of Potter avenue, to a point over the centre line of the Boulevard not more than four hundred and sixty-five (465) feet or less than four hundred and thirty-five (435) feet northeasterly from the intersection of the said centre line of the Boulevard with the centre line of Potter avenue as now laid out or proposed; thence by bridge in a northwesterly direction over the East river to a point on Ward's Island; thence with a curve towards the east in a general northeasterly direction by bridge over Ward's Island and Little Hell Gate to a point on Randall's Island; thence still continuing in a general northeasterly direction by bridge over Randall's Island and the Bronx Kills to a point over the centre line of Willow avenue in the Borough of The Bronx, not more than eight hundred and sixty-eight (868) feet nor less than eight hundred and thirty-eight (838) feet southwesterly from the intersection of the said centre line of Willow avenue with the centre line of East One Hundred and Thirty-second street; thence northeasterly, the route here descending on the approach from The Bronx side of the bridge over the East river, and while upon such approach crossing Willow avenue to a point about one hundred and sixty (160) feet southwesterly from the centre line of East One Hundred and Thirty-second street and about two hundred and seventy (270) feet southeasterly from the centre line of Willow avenue, said point being the point of divergence of a branch from the centre line, hereinafter described as extending northeasterly and parallel to the centre line hereby described; thence crossing East One Hundred and Thirty-second street at a point over the centre line thereof not more than four hundred and two (402) feet or less than three hundred and fifty-two (352) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-second street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-third street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-third street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fourth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fourth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fifth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fifth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-sixth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-sixth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-seventh street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-seventh street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-eighth street at a point over the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-eighth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-ninth street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet, or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-ninth street with the centre line of Walnut avenue, crossing East One Hundred and Fortieth street at a point over the centre line thereof not more than three hundred and seventy-five (375) feet, or less than three hundred and twenty-five (325) feet northwesterly from the intersection of the said centre line of East One Hundred and Fortieth street with the centre line of Walnut avenue, crossing East One Hundred and Forty-first street at a point over

the centre line thereof not more than three hundred and seventy-four (374) feet, or less than three hundred and twenty-four (324) feet northwesterly from the intersection of the said centre line of East One Hundred and Forty-first street with the centre line of Walnut avenue; thence crossing over the railroad of the New York and Harlem Railroad Company, and here connecting with the railroad of the Harlem River and Port Chester Railroad Company.

Also from a point heretofore described, as being the point of divergence of a branch from the centre line hereby described and as being about one hundred and sixty (160) feet southwesterly from the centre line of East One Hundred and Thirty-second street and about two hundred and seventy (270) feet southeasterly from the centre line of Willow avenue, northeasterly on a curve with its convexity to the west, crossing East One Hundred and Thirty-second street at a point over the centre line thereof not more than four hundred and thirty-two (432) feet, or less than three hundred and eighty-two (382) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-second street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-third street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-third street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fourth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fourth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-fifth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-fifth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-sixth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-sixth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-seventh street at a point over the centre line thereof not more than four hundred and thirty (430) feet nor less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-seventh street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-eighth street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-eighth street with the centre line of Walnut avenue, crossing East One Hundred and Thirty-ninth street at a point over the centre line thereof not more than four hundred and thirty-one (431) feet, or less than three hundred and eighty-one (381) feet northwesterly from the intersection of the said centre line of East One Hundred and Thirty-ninth street with the centre line of Walnut avenue, crossing East One Hundred and Fortieth street at a point over the centre line thereof not more than four hundred and thirty-one (431) feet, or less than three hundred and eighty-one (381) feet northwesterly from the intersection of the said centre line of East One Hundred and Fortieth street with the centre line of Walnut avenue, crossing East One Hundred and Forty-first street at a point over the centre line thereof not more than four hundred and thirty (430) feet, or less than three hundred and eighty (380) feet northwesterly from the intersection of the said centre line of East One Hundred and Forty-first street with the centre line of Walnut avenue, and thence over the railroad of the New York and Harlem Railroad Company, and here connecting with the railroad of the Harlem River and Port Chester Railroad Company.

Together with spurs or connections as follows, to wit:

A. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described about midway between the crossings of Fresh Pond road and Edsall avenue; and running thence northeasterly along a curve with its convexity towards the north to a point in the railroad now constructed of the Railroad Company south of the Lutheran Cemetery and not more than fourteen hundred and fifteen (1,415) feet, or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale station of the said railroad as now constructed.

B. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the Railroad Company not more than fourteen hundred and fifteen (1,415) feet, or less than thirteen hundred and fifteen (1,315) feet westerly from the Glendale station of the said railroad as now constructed; running thence northwesterly along a curve with its convexity towards the southwest and crossing the railroad now constructed of the Railroad Company at a point not more than four hundred and seven (407) feet, or less than three hundred and seventy-seven (377) feet southeasterly from the intersection of the said railroad now constructed with the centre line of the railway of The Brooklyn Heights Railroad Company; thence running northerly and west of the Lutheran Cemetery to a point in the railway hereinbefore in paragraph 1 described not more than five hundred and forty (540) feet, or less than four hundred and forty (440) feet along said railway northeasterly from the intersection of its centre line with the railroad now constructed of the Railroad Company.

C. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the centre line of the railroad now constructed of the Railroad Company distant not more than one thousand and eighty (1,080) feet, or less than nine hundred and eighty (980) feet northwesterly from the intersection of the centre line of the said railroad now constructed with the centre line of the railway of The Brooklyn Heights Railroad Company west of the Lutheran Cemetery; running thence upon a curve with its convexity towards the southeast to a point in the railway hereinbefore in paragraph 1 described not more than three hundred and sixty-five (365) feet, or less than two hundred and sixty-five (265) feet southwesterly along said railway from the intersection of the centre line of the said railway with the centre line of Metropolitan avenue.

D. A spur or connection upon a route, the centre line of which is as follows, to wit: Beginning at a point in the railway hereinbefore in paragraph 1 described, about fifty (50) feet southeasterly from the intersection of its centre line with the centre line of Bowery Bay road, thence in a general southwesterly direction to a point over the centre line of Charlotte avenue not more than one hundred and thirty-five (135) feet or less than one hundred and five (105) feet easterly from the intersection of the said centre line of Charlotte avenue with the centre line of Fourth street; thence crossing Fourth street at a point over the centre line thereof not more than four hundred and sixty-one (461) feet or less than four hundred and thirty-one (431) feet northerly from the intersection of the said centre line of Fourth street with the centre line of Jackson avenue; thence crossing over Third street and Jackson avenue at a point at or near the northwest corner of their intersection; thence still in a general southwesterly direction crossing Woodside avenue at a point over the centre line thereof to a point in the centre line of the railroad of the Pennsylvania, New York and Long Island Railroad Company, now being constructed on the westerly side of Woodside avenue.

The said route and its spurs and connections being illustratively shown upon the plan and profile of the new railroad hereto attached—which plan and profile are to be deemed a part of this franchise and to be construed with the text hereof, and are to be substantially followed; provided that deviations therefrom which are consistent with the foregoing description and the other provisions of this franchise may be permitted by the Board.

2. To lay down, construct and operate, upon the main line of the said route of the said railway, tracks not exceeding four in number, and upon the said spurs A, B, C and D, tracks not exceeding two in number; provided that the entire structure of the said railway, including sidings, cuttings and embankments, shall not over or under any street or road now laid out and opened, or to be hereafter laid out and opened, exceed one hundred (100) feet in width, measured at right angles to the centre line of the railroad, and provided, still further, that the Railroad Company shall have the right to add an additional track by way of siding along any portion or portions of its main line of its said railway not in all exceeding in length of such siding or sidings forty (40) per cent. of the total length of the said main line; provided, however, that the said percentage of sidings may be increased upon consent of the Board; and provided further that this provision shall not limit the right of the Railroad Company in the use of lands owned or which shall be owned by it.

3. To acquire and maintain terminals or stations.

4. To run upon the said railway, locomotives, motors, cars and carriages, for the transportation of persons and property and to use thereon and in connection therewith all suitable appliances.

5. To maintain and operate under or over the routes aforesaid, including all streets which shall be intersected by the new railroad, or over or under which any part of the routes thereof shall run, telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat and light, and other appurtenances for use of the new railroad, but for no other purpose.

6. To acquire and use private property for power plants, pumping stations, shafts or stairways for access to or from the railroad, and other necessary purposes of the new railroad, as well as for stations and station extensions, as such private property has been or shall be lawfully acquired, within the scope of the corporate rights and powers of the Railroad Company.

Nothing herein contained shall be deemed to give any right to construct or operate a railroad upon the surface of any street in The City of New York.

The rights hereinbefore granted to maintain and operate the new railroad or necessary or convenient for that purpose, shall be held by the Railroad Company in perpetuity except as may be herein otherwise expressly provided.

But this authorization, including all the rights and privileges hereby granted, is subject to certain terms, conditions and requirements which appear to the Board to be just and proper and as so subject, is hereinafter called the franchise hereby granted.

The following further terms, conditions and requirements are accordingly hereby prescribed as follows, to wit:

#### I.

This certificate will be executed by the Board in four identical originals, so proved as to be entitled to be recorded in the office of the Register or County Clerk of each of the Counties of Kings, Queens and New York, and to be filed in the office of the Secretary of State of the State of New York, all of which will be delivered by the Board to the president, vice-president, secretary or treasurer of the Railroad Company. The franchise hereby granted shall be inoperative, and this certificate shall be void unless within thirty days after such delivery or such further period not exceeding three months as shall be prescribed in writing by the Board, the Railroad Company shall have procured three of the said identical originals to be returned to the Board, each of them having an acceptance of the franchise and all the terms, conditions and requirements thereof subscribed at the foot thereof by the Railroad Company, such acceptance being so proved as to entitle it to be recorded and filed as aforesaid.

#### II.

The franchise hereby granted shall, if the Board shall so determine, become void unless within six calendar months after the time of the delivery to the Board of the acceptance of this certificate by the Railroad Company, that Company shall, in due and lawful form, obtain or receive the consent of the Board of Estimate and Apportionment of the City, or other local authority having the control of the streets, across and over or under which it is proposed to construct the new railroad, and of the other property of the City upon, under or over which such new railroad is to be constructed, together with the approval of the Mayor of the City.

The franchise hereby granted shall, if the Board shall so determine, become void unless within one year after the time of such acceptance of this certificate by the Railroad Company, that company shall further, and in due and lawful form, obtain so far as may be necessary, and, if and when obtained, file in the office of the Board, the consent of the owners of one-half in value of the property bounded on the portions of streets over or under which the new railroad or any part of the route thereof runs, to the construction and operation of the new railroad or such part thereof, or, in case such consent of such property owners cannot, where necessary, be so obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court in the First Department or the Second Department (as the case may be) that such portion of the new railroad ought to be constructed and operated, the said determination of such commissioners, when confirmed by the Appellate Division which shall have appointed such commissioners, to be taken in lieu of such consent of property owners, provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed.

#### III.

The Railroad Company shall begin or continue the construction of the new railroad within three months after it shall have obtained the consents aforesaid, or such of them as shall be necessary as aforesaid and shall complete the construction of the railroad and begin its operation within five years after such construction shall be begun or continued.

In case the Railroad Company, within the period of three months after it shall have obtained the consents necessary as aforesaid, shall not have begun or continued the actual construction of the new railroad, or if, after having begun or continued such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the new railroad within the said period of five years, then and in that case, the Board, upon a written notice to be delivered to the Railroad Company, may annul the franchise hereby granted as to any part of the new railroad not then completed and in operation and the same shall thereupon cease and determine; provided, that the Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed; but provided, further, however, that such extension or extensions shall not in all exceed five years. Additional time shall be allowed by way of extension of any period for such commencement or continuance of construction or for the completion thereof, or for the commencement of operation of the new railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the Railroad Company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Railroad Company. In no case shall such delay be deemed to begin until the Railroad Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other order or orders causing delay and of such of the papers upon which the same shall have been granted as shall have been served upon the Railroad Company, and unless, upon the request of the Board, the Railroad Company shall in writing consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings or other suit or proceeding. In the event of annulment of any part of the franchise as provided in this article the Railroad Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

#### IV.

The Railroad Company shall pay to the Comptroller of the City the sum of one hundred and ten thousand dollars (\$100,000) within sixty days after it shall have obtained the consents required by Article II. of this certificate.

#### V.

The Railroad Company shall make further and annual payments to the City as follows, these payments to be over and above all taxes lawfully levied upon the property of the Railroad Company.

First—The Railroad Company shall pay to the City for the right, so far as derived and held by it under this certificate, to construct, maintain and operate the new railroad over the East River, between bulkhead lines as heretofore determined by the War Department of the United States, the sum of one hundred dollars (\$100) for each year beginning on the date on which the Railroad Company shall first commence the actual operation of the new railroad, but not later than two years after the first day when the Railroad Company shall have obtained all the consents required to be obtained by Article II. of this certificate, and ending on the day twenty-five (25) years from the day when the said payments are to begin.

Second—The Railroad Company shall pay to the City for the right to construct, maintain and operate the new railroad across streets and other public property other than Ward's Island and Randall's Island, the following compensation or rental, to wit: The sum of twenty-seven thousand five hundred dollars (\$27,500) per annum, the said payments to begin on the date when the Railroad Company shall first commence

actual operation of the new railroad, but not later than two years after the first day when the Railroad Company shall have obtained the consents required to be obtained by said Article II. hereof, and to end on the day ten (10) years next thereafter, and fifty-five thousand dollars (\$55,000) per annum during the period beginning on the last day of such ten (10) years and ending on the day fifteen (15) years next thereafter.

Third—The Railroad Company shall pay as rental the reasonable value of the use and occupation by the Railroad Company of the portions of ground upon the said Ward's Island and Randall's Island permanently occupied by the abutments, piers and other supports of the bridge or elevated structure and of the use and occupation by the Railroad Company of the portions of overhead space above said islands occupied by such bridge or elevated structure or for any purpose whatsoever to be used in connection with the construction of the railroad. The time for such payment shall be computed from the date of the first occupation of the ground of Ward's or Randall's Island for any purpose of such bridge or elevated structure. The amount of such annual payments may be agreed upon in writing by the Railroad Company and the Board of Commissioners of the Sinking Fund of the City or other authorities in control of said islands. If such agreement shall not be made within six months after such date of the first occupation of the ground as aforesaid, then the rates of such payment shall be prescribed by the Board of Commissioners of the Sinking Fund or such other authorities, and, as so prescribed, shall be paid by the Railroad Company; Provided, that if the Railroad Company shall claim that the amount prescribed is unreasonable, it shall have the right, notwithstanding such payment, to recover back from the City the amount of the excess, if any, of its payment over and above the amount which shall be reasonable, and the City shall repay to the Railroad Company the amount of such excess. Two rates shall be agreed upon or prescribed as aforesaid: The first for the period which shall begin on the date of the first occupation of the ground on Ward's or Randall's Island for any purpose of such elevated structure and shall end ten (10) years from and after the date from which shall be first computed as aforesaid the annual payments in this article hereinbefore first prescribed to be paid by the Railroad Company, and the second rate for the period of fifteen (15) years, which shall begin on the last day of such first period and end on the day fifteen (15) years next thereafter. In case either of the said rates shall be prescribed, not by agreement, but by the Board of Commissioners of the Sinking Fund or other authorities as aforesaid, and if the Railroad Company shall, as aforesaid, object that the rate is unreasonable, then the rate, if any, which shall be ascertained to be reasonable in any suit or proceeding brought by the Railroad Company as aforesaid, shall be deemed to be the reasonable rate for the remainder of the said period, ending on the last day of the said period ending ten (10) years after the date aforesaid or for the said period of fifteen (15) years, as the case may be. The payments hereinbefore provided with respect to Ward's Island and Randall's Island are to be limited to amounts which are reasonable for the occupation and use of the estate and title of the City in the property occupied or used as aforesaid. In determining what amounts shall be reasonable, due regard shall be had to such estate and title.

All such payments shall be made to the Comptroller of the City in equal payments, at the end of each quarter year, on the first days of January, April, July and October in each year.

The annual amounts to be paid by the Railroad Company as aforesaid shall be readjusted at the end of the first period of twenty-five (25) years, and shall thereafter be readjusted at intervals of twenty-five (25) years. The said amounts to be paid by the Railroad Company at the end of the first period and at the end of each successive period of twenty-five (25) years shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Railroad Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five (25) years. The determination shall be sufficient if agreed to in writing by the Railroad Company and the Board, or such other authority in its place, with the approval of the Board of Estimate and Apportionment and Mayor of the City. If the Railroad Company and the Board, or such other authority in its place for the City, with the approval of said Board of Estimate and Apportionment and Mayor, shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five (25) years period, then the rate of compensation for such succeeding twenty-five (25) years period shall be reasonable; and either the City (by the Board or such other authority in its place, with such approval of the Board of Estimate and Apportionment and the Mayor) or the Railroad Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then they shall enter into a written agreement fixing such rate at such amount as shall be determined by the Supreme Court of the State of New York in the First or Second Judicial Department; and either party may in such case apply to the said Court to fix such rate. The determination of the Appellate Division of the Supreme Court in case an appeal is taken by either party, shall be the decision of the Supreme Court herein intended. If, in any case, the rate shall not be fixed prior to the commencement of such succeeding twenty-five (25) years period, then the Railroad Company shall pay the rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of the excess of the rate then determined over the previous rate. Nothing herein contained shall be deemed to determine or affect the basis of any such readjustment of amounts to be paid except as herein expressly stated, it being intended that such basis shall, except as so stated, be completely open to either the city or the Railroad Company whenever any such readjustment is to be made, except that no such readjusted amount shall be less than the greatest corresponding amount specifically provided herein.

The Board shall certify to the Comptroller the dates from which the payments herein provided for shall respectively be computed.

#### VI.

The new railroad wherever the same shall intersect any street shall be constructed above or below the grade thereof.

In case it shall be necessary to raise or depress the grade of any street so as to pass over or under the new railroad, the maximum grade of such street in approaching the railroad from either side shall not exceed four (4) per centum.

All streets in any way disturbed by the construction of the new railroad shall be restored to their original condition at the expense of the Railroad Company. In case of failure on the part of the Railroad Company to restore any such street to its original condition within a reasonable period, The City of New York shall have the right under a resolution of the Board to cause the work to be done after ten (10) days' notice to the Railroad Company, and the Railroad Company shall pay the reasonable cost of such work, including the materials therefor.

Viaducts or bridges over streets shall have a vertical clearance of not less than fourteen (14) feet for each of the streets at the following five crossings, to wit: Cooper avenue and Wyckoff avenue, Myrtle avenue, Fresh Pond road, Edsall avenue and Howard street and Calamus road, and for all other streets a vertical clearance of not less than sixteen (16) feet. The clearance for streets crossing above the route shall not be less than eighteen (18) feet.

In case of tunnel construction under a street, there shall be at least four (4) feet between the grade of the surface of the street and the exterior surface of the arch or cover of said tunnel.

Any superstructure of the new railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street if and when the same shall be duly approved by the Board and any necessary local authority.

In crossing Ward's Island and Randall's Island the railroad shall be upon an elevated structure in continuation of the bridge over the East river; and the under side of the roadway of such elevated structure over the said islands shall be at a height of not less than thirty (30) feet above the present natural grade; and the Railroad Company shall have the right upon the said islands to construct all necessary or proper piers, columns and other supports for the elevated structure or bridge and all necessary or proper foundations therefor.

All structures across streets shall be floored throughout and shall be water tight. The road bed, except on the bridge across the East river, and except over Ward's Island, Little Hell Gate, Randall's Island and Bronx Kills, shall be ballasted through-

out its entire length with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast.

All abutments or foundations for bridges or viaducts crossing a street (except intermediate supports for bridges or viaducts as hereinbefore provided), and all stations or abutments or foundations therefor, shall be placed on land of the Railroad Company, except that foundations for such abutments may extend a distance not exceeding one (1) foot within the street lines but below the grade of such street so as not to interfere therewith.

The entire right of way of the Railroad Company except at stations shall be fenced throughout; but this shall not apply to Ward's Island or Randall's Island.

The Railroad Company shall, at its own expense, light the space beneath all superstructures which it shall erect across streets and the approaches to stations in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

Any necessary alteration which shall be required to the sewerage or drainage system or to any subsurface structures (including pipes, wires and other conduits) laid in the roads, streets or avenues, on account of the construction or operation of the Railroad, shall be made at the sole cost of the Railroad Company, and in such manner as the proper City officials may require, provided, however, that if the Railroad Company shall claim any such requirement to be unreasonable and refuse to conform to the same, then the City or its proper officer or officers may make application to the Supreme Court in the First or Second Judicial Department for an order or judgment directing the Railroad Company to provide such cost, whereupon the Supreme Court may grant such order or judgment to the extent that such alteration shall be rendered directly necessary by the construction or operation of the Railroad, but not to any extent caused or necessitated by the imperfect or insufficient character or condition of such drainage system or subsurface structures.

The Railroad Company shall in the course of its construction and at its own expense, maintain and care for all underground and overground structures (including pipes, wires and other conduits) not on the property of the Railroad Company, but which shall be in its route or directly interfered with by its construction; and any such necessary interference with underground or overground structures shall be subject to reasonable regulation by the department, if any, of the government of the City in control or charge thereof.

No structures erected or property owned by the Railroad Company on the new railroad as herein described shall be used for advertising purposes in any way under a penalty of fifty dollars (\$50) per day for each offense, to be recovered by The City of New York, provided, however, that this prohibition shall not apply to the interior of stations, of offices or store rooms of the Railroad Company, or to time tables, or other notices concerning the operation of the railroad.

The Railroad Company shall observe all reasonable regulations which shall be prescribed by any lawful authority tending to prevent the throwing, deposit or dropping of noxious or offensive objects, substances or things from the portion of the new railroad crossing the East river, Ward's Island and Randall's Island or streets, or other public property.

The bridge across the East river shall in all respects conform with the provisions of the said acts of the legislature granting the right to build the same.

The Railroad Company shall make good to the City all damage which shall be done to the property of the City by the construction and operation of the new railroad, and shall make good to every owner of property abutting upon the new railroad, or which shall be injured by the work of construction or by operation thereof, all damage which shall be done to such abutting or injured property through any fault or negligence of the Railroad Company or any successor thereof, or of any contractor, sub-contractor or other person, in the course of any employment upon the construction or operation of the new railroad or any part thereof. The Railroad Company shall save harmless the City of and from all claims made against the City by reason of any act or proceeding of the Railroad Company hereunder.

The cost of all changes caused by the construction of the new railroad in the grades of streets now open and in use, including the damages to property owners caused by such changes of grade, shall be paid by the Railroad Company.

The Railroad Company shall keep its structure in good order, and where the same crosses public property it shall have such access thereto as may be reasonably necessary in order to maintain and repair the same.

All plans for, and the method of doing, the work, including necessary interference with streets or other public property during construction, and including also the mode of installing telegraph wires and wires, cables, conduits, ducts and ways for the distribution of power, heat or light and other appurtenances of the new railroad shall, from time to time, be subject to the approval of the Board, which shall be given when reasonably requested. All necessary permits for work upon streets or other public property and other departmental permits, so far as any shall be necessary, shall be respectively granted by the presidents of the proper boroughs or other officers as provided by law.

The Railroad Company shall, before it shall be entitled to proceed with their erection, submit its plans for the bridge over the East river and for passenger stations to the Municipal Art Commission of The City of New York, and secure thereto the approval of such Commission, unless the Mayor, the Board and the Board of Estimate and Apportionment shall consent to dispense with such approval.

Upon the bridge over the East river and the elevated structures or bridges connected therewith, extending northerly from the intersection of the new railroad with Stenler street, in the Borough of Queens, to the intersection of the new railroad with Willow avenue, in the Borough of The Bronx, the City shall have the right to install for its own exclusive use, police, fire alarm, telephone or telegraph wires, to such reasonable extent and in such reasonable manner as is not inconsistent with the purposes of this franchise, and to enter upon the said bridge and structures whenever necessary to install such wires or to keep them in repair.

The Railroad Company shall have the right to locate, construct, maintain and operate terminal or other yards, stations and all tracks for storage of cars, but only at such points or places, and including such rights to occupation of land under streets or of spaces over streets, as shall first be approved by the Board of Estimate and Apportionment.

The Railroad Company shall file with the Comptroller of the City on or before the first day of October of each year during the term of this franchise, a map or maps showing the number and length of tracks laid, including all sidings, switches, crossovers, yards and terminals. The lengths shown on such map or maps shall be accurately determined by measurement.

#### VII.

The motive power to be used upon the new railroad shall be steam, with the right to the Railroad Company to substitute electricity therefor; but any other motive power may at any time hereafter be substituted for steam or electricity upon the consent of the Board and the Railroad Company.

If the Railroad Company shall use steam and if, by reason of increased density of population along the line of the new railroad, such use of steam shall constitute a nuisance or be dangerous to the residents along the route, or materially depreciate the value of property along the route, then the Board may notify the Railroad Company that the public interests require a change to electricity or some other motive power not less convenient to the public, as may be prescribed by the Board and approved by the Railroad Company, and that the Board accordingly requires the change to be made within a time to be specified in such notice, not less than three (3) years thereafter.

The Railroad Company shall thereupon within ninety (90) days notify the Board whether it will change its motive power as required by the Board.

If the Railroad Company refuse to make such change or neglect to notify the Board within the time above specified, the Board may thereupon apply to the Supreme Court of the State of New York for a writ of mandamus or other proper remedy to compel the required change to be made. The only issues upon such application shall be whether the use of steam by the Railroad Company does in fact constitute a nuisance or is dangerous to the residents along the route, or does materially depreciate the value of property along the route to such an extent that the public necessity for the change of motive power by reason thereof is such that the Railroad Company should make the change. In case the Supreme Court upon such proceeding shall decide against the Railroad Company upon any of the said issues, then within a period of not less than three (3) years to be fixed by the Court, the Railroad Company shall change its motive power to electricity or to such other motive power as the Board may have prescribed.

#### VIII.

The Railroad Company shall itself bear the entire cost of preserving the streets already opened across the route of the Railroad Company from injury or interference with the traffic thereof or with the lawful public use thereof, by the construction or operation of the new railroad under or over the same.

The City shall have the right to open across the said route in the boroughs of Queens and The Bronx any of the streets hereinbefore named which have not already been lawfully opened. The City shall, in addition, have the right to lay out and open across the said route in the Borough of Queens two streets between Juniper avenue and Johnson avenue, a third street between Trains Meadow road and Jackson avenue, and a fourth street between Charlotte avenue and Bowery Bay road. The Railroad Company shall convey to the City, free of encumbrance and without charge, all such land lying within its right-of-way as may be required for any of the aforesaid streets, whether hereinbefore named or not, but subject to the right of the Railroad Company without interference to control, maintain and operate its road as herein provided (such right being hereinafter called the Company's easement).

The City shall also have the right to open across the route of the Railroad Company any new streets whatever, in addition to those above mentioned, and the Railroad Company shall give its consent to such opening and shall convey to the City free of encumbrance and without charge all such land lying within its right-of-way as may be required for such streets (subject only to the Company's easement) whenever the Board of Estimate and Apportionment shall certify that a public necessity exists therefor; provided, however, and it is expressly agreed, that if the Railroad Company shall deny that a public necessity does, in fact, exist, it may raise an issue as to the existence of such necessity either in the City's proceedings to acquire title to such street or in some other proper action or proceeding, and, if the Supreme Court shall not decide that such public necessity does exist, then, and in every such case, the Railroad Company shall not be required to consent to such street opening or to convey without charge the use of the land required for such street, as above provided. The determination of the Appellate Division of the Supreme Court, in case an appeal is taken by either party, shall be the decision of the Supreme Court herein intended.

In every case in which, by this article, the Railroad Company shall be required to convey the land lying within its right-of-way for the purpose of opening a street, the Railroad Company shall also bear and pay the cost of regulating, grading and paving the street so opened within such right-of-way. The cost of regulating, grading and paving streets within the meaning of this article shall be deemed to include: (a) The cost of actual construction within the limits of the right-of-way of the Railroad Company, (b) the cost of bridges within the lines of such streets and the abutments thereof and supports therefor, whether such bridges be used to carry the new railroad over streets or to carry streets over the new railroad; (c) the cost of raising or depressing the grade of any such streets so as to enable them to pass under or over the said route, and (d) the damages, if any, payable to abutting property owners in consequence of such raising or depressing the grade.

In case any of the streets opened or to be opened as aforesaid, and crossed by the railroad above grade, are widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and the City shall each pay one-half of the cost of such alteration.

Nothing in this article contained shall be construed as restricting or impairing in any manner the power of The City of New York to open any new streets whatever across the route or the yards or terminals of the Railroad Company without the consent of the Railroad Company in such manner and by means of such legal proceedings as may from time to time be authorized by the statutes of the State of New York; but in all such cases where the consent of the Railroad Company is not secured as above provided, the Railroad Company shall be entitled to due hearing by any court of competent jurisdiction, and the City shall pay to the Railroad Company all such amounts as may be awarded to it by any such court in any such legal proceedings, and shall pay all other expenses of opening any such new streets last mentioned, and the cost of regulating, grading and paving the same, as may be required by law.

#### IX.

The new railroad shall be diligently and skillfully operated, with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall be in force.

It is understood that the intention of the Railroad Company is to use the new railroad principally for the carriage of property; but the Railroad Company shall have the right to transport passengers over the new railroad; provided, however, that the Railroad Company shall have no power to carry on merely local traffic unless its application therefor shall have the approval of the Board and of the Board of Estimate and Apportionment and Mayor of the City, subject to such additional conditions and to the payment of such additional compensation to the City as they shall prescribe.

Local traffic, within the meaning of this article, shall be deemed to include the carriage of passengers between any two points within the limits of the present City of New York, except as the same may be incidental to the carriage or transference of passengers traveling to or from points beyond the limits of the City, or incidental to the operation of the railroad as herein expressly authorized.

If the Railroad Company shall acquire, as above provided, the right to do a local traffic business, then no rate of fare for such local passenger traffic shall exceed five cents.

#### X.

This franchise is granted upon the express condition that the Railroad Company, within sixty (60) days after the date on which this franchise is approved by the Mayor, or such other period as shall be prescribed by the Board, and before anything is done in exercise of the rights conferred hereby, shall file with the Comptroller of the City a bond in the penal sum of fifty thousand dollars (\$50,000), in a form to be approved by the Board. Such bond shall be executed by the Railroad Company and by the New York, New Haven and Hartford Railroad Company and the Pennsylvania Railroad Company as sureties, or by other sureties approved by the Board. The Railroad Company may, at its option, in lieu of such bond, deposit with the Comptroller the sum of fifty thousand dollars (\$50,000), either in money or securities approved by the Board. The said bond and the money, or securities deposited in lieu thereof, shall be security for the performance by the Railroad Company of all the terms and conditions of the franchise hereby granted, especially those terms and conditions which relate to the annual payments to be made to the City, as hereinbefore provided.

The City shall also have a lien upon the franchise and real property of the Railroad Company to secure the payment of such annual compensation and for the performance of all the other obligations by the Railroad Company hereunder, including the obligation to make good to the City damage in the cases and as prescribed in Article VI. hereof. In case of any failure to make such payments as herein prescribed, the lien aforesaid may be enforced by the Board or by any authority which shall be authorized to act for the City in place of the Board, either by entry, foreclosure or other proper proceeding, and by sale of such franchise and real property.

The Board may, in its own name or in the name and behalf of the City, bring action (or specific performance, or may apply, by mandamus or other proper action or legal proceeding, to compel the performance by the Railroad Company of the duties and obligations hereby imposed upon the said Company, or any of them. And the Board may, in behalf or in the name of the City, bring actions or proceedings to recover possession of any part of the property of the City to be used by the Railroad Company as aforesaid, where such recovery is necessary to the enforcement hereof or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section nine (9) of the Rapid Transit Act, or any other proper action or proceeding.

#### XI.

The grant of this franchise shall not affect in any way the right of the City to grant rights or franchises or to enter into contracts to or with any other person or corporation for constructing or operating and maintaining any railroad or railroads which shall not physically interfere with the structure, maintenance or operation of the new railroad, as herein authorized.

The Railroad Company will not at any time oppose, but shall at any time, upon the request of the Board or of the Board of Estimate and Apportionment, consent to the construction of any bridge or bridges or any rapid transit or other railroad other-

wise duly authorized which may be constructed over, on or under Ward's Island, Randall's Island, East river, Little Hell Gate or Bronx Kills, and to the construction of any rapid transit or street railroad otherwise duly authorized over, along, under or across any portion of any of the streets to be occupied by the new railroad where such bridges or railroads do not physically interfere with the structure, maintenance and operation of the new railroad, as herein authorized.

## XII.

The City, the Board and all duly authorized representatives of the City, shall have the right at all reasonable times, as well during construction as afterwards, to inspect the new railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this certificate shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

## XIII.

The Railroad Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor, but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer, and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Railroad Company, and that no such grant, conveyance, assignment or transfer shall relieve the Railroad Company of its obligations hereunder. Such obligations shall be deemed to include all obligations for damages or otherwise and whether such obligations shall have been reduced to judgment or not.

The annual payments hereinafter provided for shall not be affected by any clause in any statute heretofore or hereafter enacted, or in the charter of any railroad company heretofore or hereafter incorporated, which may provide for like or corresponding rentals or payments for railroad rights or franchises at any different rate; and every such grant, assignment or transfer as aforesaid shall expressly provide that the grantee, assignee or transferee assumes and agrees to pay the amounts hereinafter provided for and waives any more favorable conditions created by any statute or charter, and agrees that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this grant.

## XIV.

If, at any time, the powers of the Board or any other of the authorities or courts herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, court or courts, then and in such case such other board, authority, officer or officers, court or courts, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers, court or courts.

## XV.

The word "street," or the plural thereof, wherever used in this certificate, shall be deemed to include all that is included in the words "street," "avenue," "road," "alley," "lane," "highway" and "boulevard," or the plurals thereof, respectively.

The word "notice," wherever used in this certificate, shall be deemed to mean a written notice. Every such notice to be served upon the Railroad Company shall be delivered at such office in The City of New York as shall have been designated by the Railroad Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Railroad Company at The City of New York. Delivery or mailing of such notice as and when above provided shall be equivalent to direct personal notice, and shall be deemed to have been given at the time of delivery or mailing. No modification of any of the terms or conditions of this grant shall be valid unless approved by the Board of Estimate and Apportionment and the Mayor of The City of New York.

In witness whereof this certificate has been executed by the Board of Rapid Transit Railroad Commissioners for The City of New York by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its Secretary, this 14th day of February, 1907.

The following resolution was moved:

Resolved, That the officers of this Board be and they hereby are authorized to address a communication to the Board of Estimate and Apportionment in form substantially as follows, transmitting the proposed certificate to the New York Connecting Railroad Company this day adopted:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, No. 320 BROADWAY, NEW YORK.

To the Board of Estimate and Apportionment of The City of New York:

The New York Connecting Railroad Company (hereinafter called for the sake of brevity "the Connecting Company") is a railroad corporation, owning a railroad wholly within the limits of The City of New York. In pursuance of the provisions of the General Railroad Law, it has filed a route and profile showing an extension which it desires to build entirely within this city. The proposed route begins in the Borough of Brooklyn, close to the line of the Borough of Queens, and thence the route runs through the Borough of Queens to the East river, crosses over the East river by a bridge and runs over Ward's Island and Randall's Island to a point in the Borough of The Bronx, where it forms a connection with the lines of the New York, New Haven and Hartford Railroad Company. The total length of the proposed main line is about eleven and a half miles.

The Connecting Company has applied to this Board, pursuant to chapter 4 of the Laws of 1891 and the various acts amendatory thereof and supplemental thereto, to fix and determine the route or routes by which the applicant corporation may connect with other railroads and may establish, connect and extend its lines within the city, and for other authority and rights.

The Connecting Company has obtained from the Legislature of the State of New York, by chapter 752, Laws of 1900, as amended by chapter 691, Laws of 1905, the

right and privilege to construct upon the line of its railroad a bridge of a single span across the East river, at or near Hell Gate, together with the necessary viaduct and approaches, and to maintain and operate the same. The said bridge is to have an elevation of not less than 135 feet above mean high water and to span the East river from abutments built upon the shores thereof. This board is advised that the railroad company has also obtained from the United States authorities approval of the proposed bridge.

The proposed route of the Connecting Company lies wholly within private property acquired or to be acquired by it, except where the same crosses over or under various city streets, and except where it crosses over Ward's Island and Randall's Island and the waters adjacent thereto. The route does not at any point follow the line of any city street or avenue. For the most part it will be constructed upon a viaduct or embankment running through the blocks. Near the East river it will necessarily attain a great height above the ground, inasmuch as the bridge, as above stated, must be at a height of 135 feet above mean high water.

The stock of the Connecting Company is owned jointly by the Pennsylvania Railroad Company and the New York, New Haven and Hartford Railroad Company. The Pennsylvania Railroad Company also owns the stock of the Pennsylvania, New York and Long Island Railroad Company, which is now constructing the new tunnel line extending from New Jersey under the Borough of Manhattan to the Borough of Queens, and a controlling interest in the stock of the Long Island Railroad Company.

By means of the new railroad now proposed, the controlling interests have in contemplation the establishment of a through line of railroad for the transportation of freight and passengers between all points reached by the Long Island Railroad, and all points reached by the New York, New Haven and Hartford Railroad. The new railroad will, it is expected, be used chiefly for carrying freight. The result here chiefly sought is a closer intimacy between the business interests of New England with those of Brooklyn and the rest of Long Island and a direct freight outlet and inlet from Long Island to the northeast, north and northwest.

Upon a previous application by the Connecting Company, and after very prolonged negotiations and an examination of the subject both by the Comptroller's Engineers and the engineering staff of this Board, it was voted, on June 23, 1904, to grant a franchise upon terms which in many respects differ from those in the grant now proposed. That certificate was duly transmitted to the Board of Aldermen, which held it under advisement until April 18, 1905, and then declined to approve it on the following grounds:

"First—That the use of electricity as a motive power be made an imperative condition of the franchise.

"Second—That the City shall have the right at any time it determines that a public necessity does exist to open streets across the route of the railroad.

"Third—That the City and not the railroad company should bear the cost of such street opening.

"Fourth—That the City shall have the right to place police and fire telegraph and telephone wires along the railroad structure.

"Fifth—That inasmuch as it is provided to permit the said New York Connecting Railroad to conduct a local traffic business for the carrying of passengers within the limit of the Greater City of New York, we request that the rate of fare for one continuous ride within the limits of the Greater City be fixed at 5 cents."

On November 17, 1905, a new application for a franchise was submitted by the Connecting Company to this Board, and the subject was thereafter carefully reconsidered in the light not only of the suggestions made by the Board of Aldermen, but also of a valuable report made by the Chief of the Bureau of Franchises, and has been discussed with a Committee of your Honorable Board. This Board has now, by a concurrent vote of six of its members, fixed and determined the locations and plans of construction of the proposed new railroad, the times within which they are to be respectively constructed, and the compensation to be paid therefor to the City by the company, and also prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant in question, including the terms, conditions and requirements provided by the Rapid Transit Act.

The general form of the certificate follows the form of the certificate heretofore granted to the Pennsylvania, New York and Long Island Railroad Company, with which the Connecting Company will have close relations. The essential features of the proposed grant are as follows:

First—It provides that the Connecting Company may construct, maintain and operate a railway upon a route which is described in great detail, and that it may have four tracks upon the main stem and two tracks upon certain spurs connecting such main stem with other existing lines of railroad. The structure, including sidings, cuttings and embankments, is not to exceed one hundred feet in width wherever it crosses over or under any street. The Company has the right to add an additional track by way of siding along any portion of its main line not exceeding in length 40 per cent. of the total length of the main line, but power is reserved to this Board to increase the percentage allowed for sidings.

Second—The franchise is to be void at the option of the Board unless the consent of the Board of Estimate and Apportionment and the Mayor is obtained within six months, and the consent of property owners (so far as may be necessary) or of the Supreme Court is obtained within one year. These periods may be extended by this Board upon reasonable cause shown.

Third—Construction of the new railroad is to begin within three months after the consents required by the State Constitution are obtained, and is to be completed within five years after it is begun. If construction is not begun and completed within the periods above mentioned, or is suspended at any time for a period exceeding three months, this Board may annul the franchise as to any part of the new railroad not completed and in operation; but power is reserved to the Board to extend the time upon reasonable cause shown for a period not exceeding in all five years. Additional time must be allowed in case the company is delayed by injunction or condemnation proceedings, provided proper notice be given to the Board, and provided the Board is permitted to intervene if desired.

Fourth—The Connecting Company is to pay the City one hundred and ten thousand dollars (\$110,000) within sixty days after obtaining the consents required by the Constitution.

Fifth—In addition, the company is to pay the following annual sums:

1. One hundred dollars (\$100) a year for whatever rights it derives from the City to cross the East river.

2. Twenty-seven thousand five hundred dollars (\$27,500) a year for ten years for the privilege of constructing and operating the new railroad across streets and public property other than Ward's Island and Randall's Island, and fifty-five thousand dollars (\$55,000) a year for the next fifteen years.

3. The reasonable value of the use and occupation of the property belonging to the City upon Ward's Island and Randall's Island, including both property on the surface and also the overhead space taken by the elevated structure across the islands.

The annual payments for crossing the East river and for crossing streets are to begin when the railroad is ready for operation, but not later than two years after the necessary consents have been obtained; the payments for Ward's Island and Randall's Island are to begin as soon as possession of any part of those islands is required for construction.

The payments are to be readjusted at the expiration of the twenty-five year period above mentioned, and if the City and the Connecting Company do not agree upon what is a reasonable amount of payment the matter is to be determined by the courts by the same methods prescribed in the franchise of the Pennsylvania, New York and Long Island Railroad Company. In no event, however, are the payments to be less than the largest payments made during the first twenty-five years.

Sixth—The new railroad is not to cross any street at grade. If it becomes necessary to raise or depress the grade of any street the maximum grade allowed in approaching the railroad is not to exceed 4 per cent. The Connecting Company is to restore all streets at its own expense. Sixteen feet clearance is to be allowed for crossing over all except five specified streets where (owing to local conditions) only 14 feet is to be allowed. Any superstructure crossing the street and having a length of 75 feet or less is to be constructed in a single span; and if it is more than 75 feet in length intermediate columns may be placed in the street when approved by the Board and the necessary local authority. Over Ward's Island and Randall's Island the elevated structure is to be at a height of not less than 30 feet above the present natural grade of the surface. All structures across streets are to be floored throughout and are to be watertight and ballasted with blast furnace slag or broken trap rock. Abutments or foundations for bridges crossing the streets (except intermediate supports for bridges or viaducts as above mentioned) and all stations are to be placed

on the land of the railroad company. The entire right of way of the Connecting Company, except its stations, is to be fenced throughout, but this is not to apply to Ward's Island or Randall's Island. The company, at its own expense, is to light the space beneath all superstructures which it shall erect across streets and the approaches to stations in a manner satisfactory to the Board of Estimate and Apportionment. No structures erected or property owned by the company are to be used for advertising purposes. The company is to observe "all reasonable regulations which shall be prescribed by any lawful authority tending to prevent the throwing, deposit or dropping of noxious or offensive objects, substances or things from the portion of the new railroad across the East river, Ward's Island and Randall's Island, on streets or other public property." The company, at its own expense, is to maintain and care for all underground and overground structures, including pipes, wires, etc., which are not on its own property; it is to make good all damage done to the City's property; and to make good to every abutting property owner all damage which shall be done to his property through any fault or negligence of the railroad company or its contractors or servants. The Connecting Company is also to save the City harmless from all claims, is to pay all costs of changes in the grades of streets (including the damages to property owners caused by such changes of grade), and is to keep its property in good order where it crosses streets, etc. All plans for and the method of doing the work are to be subject to the approval of the Board. Necessary permits are to be obtained from the Presidents of the respective boroughs and other officers, as provided by law. The plans for the bridge over the East river are to be submitted to the Municipal Art Commission. The City is to have the right to install for its own exclusive use police, fire alarm, telephone and telegraph wires over the East river bridge and its approaches. The location of yards, stations and storage tracks is to be approved by the Board of Estimate and Apportionment.

Seventh—The motive power to be used is to be steam, with the right to the Connecting Company to substitute electricity therefor. If steam is used, and the Board is hereafter of opinion that by reason of the increased density of population along the line of the new railroad such use of steam constitutes a nuisance, or is dangerous to the residents along the route, or materially depreciates the value of property, it may call upon the company to change its motive power, and in case of refusal an application may be made to the court for mandamus, in which case the only questions to be considered are whether the Board is right in its facts.

Eighth—The right of opening any streets whatever over any part of the route or the yards or the terminals of the Connecting Company is expressly retained. The company is to convey to the City, without charge, the land for opening any of the streets named in the act, and for additional streets at certain points in the Borough of Queens. It is also to pay the cost of regulating, grading and paving such streets, including not only the cost of actual construction within the limits of the railroad company's right of way, but also the cost of bridges to carry the railroad over the street or the street over the railroad, the cost of raising or depressing the grade of any of such streets in order to enable them to pass under or over the road, and the damages payable to abutting property owners by reason of such changes of grade. The Connecting Company is also to convey to the City without charge the lands required for any other streets that are necessary, and to pay for the cost of regulating, grading or paving them. The question of whether a public necessity does really exist may be submitted to the Supreme Court in case of disagreement on this point.

Ninth—Local traffic (which is defined to mean the carriage of passengers between any two points in The City of New York) is prohibited, unless with the approval of this Board, of the Board of Estimate and Apportionment and the Mayor of the City, and upon payment of additional compensation.

Tenth—The railroad company is to give a bond for fifty thousand dollars (\$50,000) to perform all the terms and conditions of the franchise, and the City is also to have a lien upon the franchise to secure the payment of the annual compensation and the performance of all the other obligations undertaken by the company.

Eleventh—The grant of this franchise, it is expressly declared, "shall not affect in any way the right of the City to grant rights or franchises, or to enter into contracts to or with any other person or corporation for constructing or operating and maintaining any railroad or railroads, which shall not physically interfere with the structure, maintenance or operation of the New York Railroad as herein authorized." The Connecting Company further agrees to give its consent, upon request of the Board, to the construction of any such railroad.

Twelfth—The City authorities are to have the right to inspect the new railroad at all times.

Thirteenth—The Connecting Company may assign or mortgage the franchise, and every assignee is to be a corporation subject to the laws of the State of New York, and is to assume and agree to perform all the obligations imposed on the Connecting Company by the franchise.

This certificate, as will be observed, departs in certain respects from the suggestions made by the Board of Aldermen and others, and it is therefore proper to state some of the reasons which have actuated the Board in its recommendations that the grant be made upon the terms above outlined.

#### *The Use of Electricity as Motive Power.*

The Committee of the Board of Aldermen in reporting on the subject of the previous grant said that an elevated freight railroad operated by steam would be from its very beginning "a nuisance, dangerous to life, and materially depreciate the value of property along the route," that it should be the policy of the City in making the terms and conditions for corporations seeking franchises to prevent and not to seek or invite costly litigation; that the company would unquestionably resist the demand of the City to change to electric motive power if made hereafter; that it would be far cheaper for the company to install an electric system at the outset of its operations than to furnish and maintain a steam power system, and then to be compelled after a few years to go to the expense of installing an electric system; and that therefore the use of electricity should be insisted on at the present time.

The Connecting Company on the other hand replied that its proposed line was a mere link between the two systems—the Long Island Railroad Company and the New York, New Haven and Hartford Railroad Company; that it was the intention that the traffic passing over it should be moved by the motive power of one or both of these railroads; and that to require it to use a different motive power than that used on either of these roads would in a large measure defeat the purpose of the franchise.

This Board is of the opinion that the objections of the Connecting Company are not unreasonable. If the proposed road were an independent and isolated system the views expressed by the Committee of the Board of Aldermen would unquestionably be sound; but at the present time the part of the city through which the Connecting Railroad is to be built is practically a rural region, without any dense population, and this condition of things is likely to continue for some time.

It is not at all impossible that within a comparatively short time both the Long Island Railroad Company and the New York, New Haven and Hartford Railroad Company will find it to their interest, or may be compelled by the State, to substitute electricity as motive power upon all their lines within the City limits. If they do so, the use of electricity on the connecting railroad will follow as a matter of course.

In any event, if a controversy ever arises concerning the use of steam on this proposed line, the issues before the Court will be such that the legal proceedings are not likely to be either protracted or particularly expensive.

#### *The City's Right to Open New Streets.*

The Board of Aldermen, in rejecting the former franchise, expressed the opinion that the language used limited the right which the City would otherwise possess "to open and establish streets wherever and whenever the City determines a public necessity exists, providing it does not interfere with the proper operation of the franchise."

The Board was advised by its counsel that the proposed certificate did not and could not take from the City any powers which it possessed in this regard. But to put the matter beyond dispute, the present certificate expressly states that the City's powers to open any new streets whatever across the route, or the yards or terminals of the Connecting Company, is left unimpaired.

The Board of Aldermen were of opinion that the City ought to pay the cost of all such street openings. It seems to this Board that such a concession to the Connecting Company would be unjust to the City; and that at least in the case of streets already laid out on the map or plan of Queens and The Bronx, the company should deed the necessary land free and also pay all the expenses of constructing such streets across the line. Certainly there can be no objection to this arrangement from the

City's point of view, and it is not understood that the Board of Aldermen criticized this feature of the certificate.

The one detail of this matter of street crossings upon which there has been serious discussion has been as to who should pay for opening streets not yet on the map. The Board of Aldermen says that the City should pay; the Bureau of Franchises that the company should pay. This Board believes that a fair arrangement is that the company should pay in every case where a public necessity for any such new street can be shown to exist; and upon that basis the certificate is drawn.

The situation here is novel, because the line of the road runs through what is now largely open country, but which will certainly become a thickly settled part of the City. It seems just that a railroad, acquiring a franchise under such circumstances, should agree to pay for all necessary streets.

The clause, it must be repeated, does not in any way limit the City's right to open any streets it chooses. It is only concerned with the question who shall pay for them.

#### *The Right of the City to Maintain Electric Wires Along the Route.*

The Committee of the Board of Aldermen suggested that as the proposed franchise was practically an extension of the Pennsylvania Railroad franchise, a clause ought to be inserted permitting the City to use the proposed structure for police and fire telegraph and telephone wires just as the Pennsylvania Railroad franchise gave the City the right to use the tunnels of that railroad for this purpose.

The Board is of the opinion that the two cases are not analogous. It is true that this railroad connects by spur with the Pennsylvania, New York and Long Island Railroad, but it is a line essentially different in character. It is to be built on a private right of way throughout and is therefore not at all in the same position as an electric railroad built in a tunnel, running lengthwise under streets, and necessarily having ducts through which wires belonging to the City could readily be drawn. Nor has the City the same need of the privilege; because it can, and probably would, prefer in most cases to run its wires along the lines of the streets now or hereafter to be obtained.

It has, however, been agreed that the bridge and its approaches from Stemler street, in the Borough of Queens, to Willow avenue, in the Borough of The Bronx, may be used for the purpose of installing City wires. This it is thought meets all reasonable criticism that can be made upon the subject.

#### *Rates of Fare for Local Passenger Business.*

The former certificate permitted the Connecting Company to carry on a passenger business between any point in the Borough of The Bronx and any point on its lines on Long Island, and the Board of Aldermen requested that the rate of fare for one continuous ride within the limits of the City should be fixed at five cents.

In the present certificate the company is prohibited from doing any local passenger business, except under a new agreement.

#### *Character of the East River Bridge.*

It has been suggested by several persons and associations that the bridge of the Connecting Company across the East river should not be merely a railroad bridge, but should be constructed so as to be available for use by foot passengers or vehicles.

This provision the Board, under the existing law, has no right to insist on. The statute authorizing a bridge (chapter 752, Laws of 1900) expressly provides that the bridge shall be for railroad purposes only; but even if the statute were amended the Board thinks it would be impracticable to adopt the suggestion referred to.

As already stated, the War Department required the bridge to be 135 feet in the clear above high water, which raises the floor level to a height of 140 feet or more. Before the approaches can be brought to the level of the ground on either side of the river a considerable distance is required if a grade suitable for railway purposes is to be maintained. Accordingly, the length of this bridge and its approaches will be about three and one-half miles. It ends on the Long Island side, near Stemler street in the Borough of Queens, in a section which would not be convenient for most people, and it ends in the Borough of The Bronx in a railroad yard.

The location of the bridge is therefore not desirable for highway purposes, although well adapted for railroad purposes. Moreover, the use of such a bridge by the general public would certainly be extremely dangerous so far as the use of horses was concerned.

Finally, the suggested requirement would obviously add a very great burden on the Connecting Company, and one which they state they would not be willing to assume. The bridge, as designed by the company, will cost a very large amount of money—as much, probably, as seven million dollars. If a highway was to be added, whether at the side of the railway tracks or over them, the character of the structure would have to be entirely changed and its cost enormously enhanced. For this enhanced cost the Company would get no return.

#### *Rates of Compensation.*

The Board of Aldermen, in April, 1905, while disapproving the former certificate, made no suggestions adverse to the compensation proposed by this Board in June, 1904; nor did the present Board of Aldermen do so in the resolution adopted January 23, 1906, which was transmitted to the Board of Estimate and Apportionment with the request that its former suggestions should be considered before any new certificate was approved.

The Rapid Transit Act provides that every grant of a franchise such as this shall be upon condition that the corporation to which the grant is made "shall from the time of the commencement of the operation of any such railway, or track or tracks, under such determination, authorization or license, annually pay to the said City a sum or rental." It does not define how such sum or rental is to be fixed, nor upon what basis it is to be ascertained, and it is apparent that there can be in the nature of things no fixed nor definite standard by which to measure the amount of rental.

The late Mr. A. J. Cassatt, the president of the Pennsylvania Railroad Company, under date of January 18, 1906, addressed a letter to the Mayor and the President of this Board, in which he contended that inasmuch as the Connecting Company asked no exclusive franchise, and did not intend to operate along streets, it would be unreasonable to require the company to pay for the mere right to cross a street more than a fraction of the value of the land in the street; and that the City ought to make no charge for the franchise beyond the value of overhead or underground occupation of the streets to be crossed.

To this contention the Board finds itself unable to accede. It believes that the grant of a perpetual right to occupy even a small portion of the streets of the City, so as to form a link in a far-reaching railroad system, has a value which is much greater than, and apart from, the mere abstract value of the space in each separate street actually occupied. It is the value of this space when taken in connection with the other property of the railroad company that is to be considered in fixing the rental to be paid.

If this important principle be insisted upon the precise number of dollars which the railroad company should pay is a matter of minor consequence, although it is one of very serious difficulty. No mathematical test can be applied, and there is no standard of comparison to which an appeal may be made.

Mr. Nichols, the Chief of the Bureau of Franchises, in a report to the Comptroller, to which allusion has already been made, has very clearly stated the considerations to be taken into account. The following extracts from his report may here be quoted:

"The object of the New York, New Haven and Hartford Railroad Company and the Pennsylvania Railroad Company in combining interests and forming the New York Connecting Railroad Company, which is the applicant for this franchise, has been to secure a continuous line through The City of New York, thus avoiding the present unsatisfactory and expensive means of transporting both passengers and freight from the lines of the New Haven Company to those of the Pennsylvania Company, through Hell Gate and via the East and North rivers to New Jersey. At the same time, the purpose is also to connect the New York, New Haven and Hartford Railroad with the Long Island Railroad system. By the operation of this connecting link, a few of the advantages which will accrue to the railroad companies will be:

- "(a) Increased facilities by means of which greater business can be handled, more particularly in freight lines.
- "(b) Saving in cost of transfer from one road to the other.
- "(c) Saving in time of transfer from one road to the other.
- "(d) Establishment of a distributing freight centre upon Long Island in direct connection with all New England points, as well as with the West and South.

"(c) Development of a territory within the City limits which will eventually produce enormously increased business. \* \* \*

"It is claimed that at the present time the Borough of Queens, through which the proposed road is largely to be constructed, is not developed and in consequence but little damage will be done to abutting property, but it must be borne in mind that the right which the company seeks to acquire is for all time, and from present indications it would appear that it is only a matter of a few years when the greater part of the section which is to be traversed by this railroad will be as closely populated as many of the older sections of the City.

"The construction of the road will form an artificial barrier between the districts on either side, will be unsightly, and will, when in operation, be more or less a public nuisance. The increased cost to the City at large by the very fact of the existence of the railroad from one cause or another cannot now be estimated, and the amounts which the City has already been compelled to contribute, by legislative enactment, to the railroad companies interested in this very project—in removing tracks from the surface to overhead or underground positions, to wit, \$1,250,000 for the Atlantic avenue improvement, and \$3,250,000 for the Bay Ridge and Brighton Beach improvement, should not be forgotten. In addition, the presence of the railroad may necessitate the opening of future streets at such a grade over or below the railroad as will cause an expense appreciably greater than were the railroad not in existence. Again, its presence will remove from the property liable to assessment for street openings the entire property of the company occupied by its main line, and the railroad's share, judging from past experience, will have to be paid by the City at large, unless abutting property owners are to be unduly assessed. The compensation to be required by the City should be adequate and proportionate to the value of the privilege granted. \* \* \*

"A percentage of gross receipts is probably the fairest and most satisfactory obligation which can be imposed, but I see no way in which such a percentage could be fixed, owing to the fact, as before stated, that the New York Connecting Railroad Company is simply a link between two or more trunk lines, and its gross receipts would not show increased benefit derived by the trunk lines. In consequence I believe it will be necessary to fix a flat sum to be paid annually."

Mr. Nichols suggested that there should be the sum of two hundred and fifty thousand dollars (\$250,000) paid upon the granting of the certificate, and annual payments of fifty thousand dollars (\$50,000) for the first ten years, and one hundred thousand dollars (\$100,000) for the next fifteen years. These figures the Board believes are unreasonably high, and such as the Connecting Company could not be induced to agree to pay.

The amount of compensation has been the most perplexing question with which the Board has had to deal in connection with the present application. The price to be fixed must necessarily be a matter of bargain and compromise, and the amounts now agreed upon are the result of prolonged discussion. Taking into account the comparative shortness of the line and the fact that it is for the most part built on the Company's own right of way, the Board believes the terms to be extremely satisfactory to the City. They are certainly far in advance of anything ever obtained by any other City for a similar grant.

#### Freight Rates.

It was strongly urged upon the Board that a provision should be inserted in the certificate, by which the Connecting Company and its allied roads should agree not to discriminate in freight rates against The City of New York; and it was suggested that this agreement might be enforced by means of a provision in the certificate for heavy fines, or for forfeiture of the franchise, in case the agreement was violated.

To this suggestion the company positively refused to accede, and the Board, after full discussion, determined not to insist upon it.

#### General Considerations.

The Board, in conclusion, can best state its view of the value to the City of the proposed improvement by repeating the statements contained in its communication of June 23, 1904, to the Board of Aldermen:

"This Board is of the opinion that while every improved means of communication is of benefit to the city, the fact that the proposed new road will give to the boroughs of Brooklyn and Queens, and through them the whole of Long Island, direct railroad communication with New England, is a matter of peculiar advantage to the City as a whole and to the two boroughs above mentioned in particular. It is to be remembered that large tracts of land in those two boroughs are vacant and well adapted for manufacturing and other business enterprises. Up to the present time the fact that they were cut off from the continent of America by broad tidal streams has undoubtedly operated to retard their development. The plans now in contemplation will, it is believed, tend to bring into use many tracts of lands within the city which would otherwise not be available; and by enhancing taxable values and also by broadening the area within which the industries of the city are carried on, it will in a great variety of ways enure to the benefit of the entire community. When to this is added the fact that the City will receive a substantial income from the railroad corporation, which is to be readjusted in the future at intervals of twenty-five years, but is never to be less than the greatest rental now fixed, it is believed that the proposed arrangement is one which will commend itself to the judgment of your Honorable Board."

A copy of the proposed certificate of this Board, together with a copy of a written instrument to be executed by the New York Connecting Railroad Company accepting the said franchise and all the terms, conditions and requirements thereof, is transmitted herewith.

This Board is satisfied that it is for the interest of the public and of The City of New York that the proposed railroad should be constructed as soon as possible on the terms proposed, and it therefore requests your Honorable Board to approve the said certificate, pursuant to and as required by section 32 of chapter 4 of the Laws of 1891 as amended by chapters 472 and 606 of the Laws of 1906.

In witness whereof the Board of Rapid Transit Railroad Commissioners for The City of New York has caused its official seal to be hereto affixed and these presents to be attested by its President and Secretary this \_\_\_\_\_ day of \_\_\_\_\_, 1907.

[SEAL.] BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS  
FOR THE CITY OF NEW YORK.

Offer to release easements was presented as follows and ordered transmitted to the Comptroller for report:

LAW OFFICES OF JOSEPH A. FLANNERY,  
No. 170 BROADWAY,  
NEW YORK, February 7, 1907.

Hon. ALEXANDER E. ORR, President of the Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, City:

DEAR SIR—As attorney for the City Investing Company, the owner of premises having a frontage of 199 5-6 feet on Tenth avenue, Borough of Manhattan, City of New York, and designated on the tax maps of The City of New York as Lots Nos. 1 and 5 in Block 2209, I herewith enclose their offer to sell and convey any and all easements in, over and upon said avenue in front of and adjoining said property necessary for the maintenance and construction of the said Rapid Transit Railroad as now completed in front of said premises at and for the sum of \$10 per running foot, which I would thank you to present to the Board of Rapid Transit Commissioners for their favorable action.

Yours respectfully,  
(Signed) JOSEPH A. FLANNERY.

To the Honorable Board of Rapid Transit Commissioners:

The City Investing Company, owner of property having a frontage of one hundred and ninety-nine and five-sixths (199 5/6) feet on Tenth avenue, Borough of Manhattan, New York City, said property being designated on the tax map of The City of New York as Lots Nos. one (1) and five (5) in Block No. twenty-two

hundred and nine (2209) hereby offers to sell and convey any and all easements in, over and upon said streets in front of and adjoining the property necessary for the maintenance and construction of the Rapid Transit Railroad in front of said premises at and for the sum of ten dollars (\$10) per running foot, provided this offer be accepted in writing on or before the 20th day of February, 1907, and that the consideration as above stated be paid to it on or before the 8th day of March, 1907. Annexed hereto is a diagram of the premises above mentioned.

Dated, New York, February 6, 1907.

(Signed) CITY INVESTING COMPANY,  
By E. F. CLARK, Secretary.

State of New York, City and County of New York, ss.:

On this sixth day of February, 1907, before me personally came Edward F. Clark, to me known, who being by me duly sworn, says that he resides in the Borough of Brooklyn, City of New York, that he is the Secretary of City Investing Company, the corporation described in and which executed the foregoing certificate, that he knows the corporate seal of said corporation, that the seal affixed to said foregoing certificate is such corporate seal, that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto as secretary of said corporation by like order.

(Signed) GEORGE F. GUNTHER,  
Commissioner of Deeds, New York City.

Communication of the Corporation Counsel as to examination of title to premises, the easements of which the Board has already voted to acquire, was presented as follows, and it was understood that the Auditor would draw a voucher for the easements in question:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, February 13, 1907.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, Manhattan:

GENTLEMEN—I have caused the title to premises situated on the westerly side of Broadway, between Isham and Two Hundred and Eighteenth streets, with a frontage of 639 feet on Broadway, in the Borough of Manhattan, to be examined, and find that the Henry Morgenthau Company is the owner and can convey the easements necessary for the construction, maintenance and operation of an elevated railroad in front of said property, subject to a mortgage made by Margaret A. Mayer to the Mutual Life Insurance Company, dated March 27, 1905, and recorded March 27, 1905, in Section 8, Liber 35 of Mortgages, page 361, in the amount of \$15,000.

A warrant should be drawn to the order of Henry Morgenthau Company. The conveyance should be executed by Gustavus L. Markewitz, Margaret A. Mayer, Lawyers' Title Insurance and Trust Company and Henry Morgenthau Company. The purchase price is \$6,390.

Respectfully yours,  
(Signed) G. L. STERLING, Acting Corporation Counsel.

Report of Counsel and Chief Engineer was presented as follows, and a copy ordered transmitted to the President of the Borough of Brooklyn:

February 11, 1907.

ALEXANDER E. ORR, Esq., President of the Board of Rapid Transit Railroad Commissioners:

DEAR SIR—At the meeting of the Board held on the 17th ult., a communication addressed by Mr. Coler to the Board of Estimate and Apportionment, which had been brought to the attention of the Rapid Transit Board, was referred to the Chief Engineer and Counsel of the Board for report.

Mr. Coler's proposal to the Board of Estimate is in effect that the resolution of that Board adopted on December 7, 1906, recommending that alternate bids be invited—first, for construction alone; and, second, for construction, equipment and operation of certain railroads—should be rescinded. In place of it, Mr. Coler proposes that four different alternatives be recommended, and that bids shall be invited as follows:

"First—For construction alone, in sections, the estimated cost of which shall not exceed \$5,000,000 for each section.

"Second—For construction, equipment and operation.

"Third—For the complete equipment of each operative system on contracts separated into the specialties required, such as roadbed and track, power houses, boilers and engines for same, electrical equipment, signal installation and rolling stock.

"Fourth—For maintenance and train operation of each operative system as constructed and equipped by the City to be called for in the following unit rates or items, with fixed minimum average speeds, the contracting company to collect the fares and deposit the same in the City Treasury, accounting therefor monthly to the Comptroller of the City:

"(a) Proposals per train-mile run (four cars), express service.

"(b) Proposals per single car-mile run, express service (to be added to or deducted from train rate).

"(c) Proposals per train-mile run (three cars), local service.

"(d) Proposals per single car-mile run, local service (to be added to or deducted from train rate).

"Average local train speed to be not less than fourteen (14) miles per hour.

"Average express train speed to be not less than thirty (30) miles per hour."

First.

The draft contract already heretofore approved by the Committee on Plans and Contracts of your Board provides for alternate bids, one alternative being for construction alone, the road being divided into seven different sections. The only difference between Mr. Coler's suggestion and that of your Committee is that Mr. Coler would limit the estimated cost of any one section to the sum of \$5,000,000. The average estimated cost of any one section under the proposed contract is \$4,356,000, but these sections are of very unequal extent. Two of them, sections 5-O and 5-D, run up to an estimated cost of \$10,000,000 and \$11,500,000, respectively. If, as a matter of expediency, your Board think it desirable to divide these sections into two or more parts in the bidding, it will not be a difficult matter to amend the draft contract so as to accomplish this.

Second.

Mr. Coler suggests as a second alternative that bids be invited for construction, equipment and operation. This is in accordance with the draft contract approved by your Committee.

Third.

Mr. Coler's third proposition is that bids should also be invited for the complete equipment "of each operative system on contracts separated into the specialties required." This, of course, would be physically possible in time; but in order to prepare specifications which would be adequate for inviting bids, further study would have to be undertaken by the engineering force. In the case of the present subway, the matter of equipment received most careful study by competent experts in the various lines of work for more than a year after the contract was let. The experience of the present subway indicates a variety of changes that ought to be made, and new devices are constantly being developed which ought to be carefully looked into.

The consideration of all the details which would necessarily go to making up the detailed plans for power houses, signal systems and rolling stock would alone occupy a great deal of time. And until every detail was settled, no advertisement for bids could be begun. Among other things, it would be necessary for the City to determine precisely where the main power houses would be located.

In our judgment, the information that would be received, if bids for equipment were called for now, would be of little value. Responsible bidders could hardly be expected to give the necessary time and attention, or to submit their lowest figures, upon a mere tentative scheme of bidding, when they were by no means certain that any contract at all was to be awarded.

It seems to us quite clear that before asking for bids on rolling stock, electrical machinery, etc., the City ought to determine upon one or the other of two definite lines of policy. If it should think it advantageous to adhere to substantially the old form of contract, under which one concern builds, equips, maintains and operates the road for a term of years, then it would of course be unnecessary to buy equipment.

But if, on the other hand, the City determined to construct and equip the road itself, the question of equipment (as a practical matter) can very much better be taken up after contracts for construction are let. It is like building a house. The owner may furnish it and occupy it himself; he may rent it furnished; or he may rent it unfurnished. That is what the City may do in respect to any Rapid Transit Railway. But it is unusual to buy furniture until the house is at least contracted for.

There is nothing in the law to prevent the Rapid Transit Board, with the approval of the Board of Estimate and Apportionment, from inviting bids for equipment now if it choose to do so. But it should be clearly understood that it is physically impossible to prepare the necessary contracts, drawings and specifications without prolonged delay.

#### Fourth.

Mr. Coler's fourth proposition is that bids should be invited "for maintenance and train operation of each operative system as constructed and equipped by the City" upon a basis which he sets forth. To refer to the illustration above mentioned, it is as if the City should now try to let a furnished house before the house has been built or the furniture bought.

Without discussing the merits of the scheme suggested by Mr. Coler, we may point out that it appears to be contrary to the provisions of the Rapid Transit Act. Section 34-b of the law (as amended by the Elsborg bill, chapter 472, Laws 1906), provides that if the City builds and equips a railroad at public expense, it may make a lease for a term not exceeding ten years, the rental to be "based upon the total amount of bonds issued by said City for the construction and equipment" of such railroad. The rental, however, under Mr. Coler's plan, would be based upon the amount of service rendered, and apparently would have no relation to the cost of the railroad and its equipment.

The foregoing deals with Mr. Coler's communication to the Board of Estimate and Apportionment. As to his letter of January 14, addressed to you, we note that he states that his Chief Engineer is of the opinion that the proposed Lexington avenue contract is not in accordance with the provisions of the Elsborg bill. It is probably unnecessary to do more than say that we disagree with this conclusion.

With reference to the confirmation of the report of Commissioners in Route No. 9, to which Mr. Coler refers, we would remind you that this matter is in the hands of counsel under instructions from your Board, and that the final orders confirming the reports of the Commissioners will doubtless be entered in the course of a few days. In the meantime, the delay in entering the final orders will not cause any delay in the preparation of detailed plans and forms of contracts for construction of the proposed Brooklyn lines.

Respectfully yours,

G. L. RIVES,  
GEORGE S. RICE.

Letter of the President of the Interborough Rapid Transit Company was read as follows and referred to the Chief Engineer and Counsel for report:

INTERBOROUGH RAPID TRANSIT COMPANY,  
Nos. 15 to 21 PARK ROW,  
New York, February 11, 1907.

MR. ALEXANDER E. ORR, President, Rapid Transit Board of Railroad Commissioners,  
New York City:

DEAR SIR—Enclosed herewith I send you copy of letter received from Messrs. Bandler & Haas, in relation to their premises on the northwest corner of Fulton and Bridge streets, Brooklyn; also copy of my reply, and copy of Chief Engineer Pegram's report to me under date of February 2.

Yours truly,  
(Signed) E. P. BRYAN, President.

Report of Counsel on the bills of Charles Sooy-Smith and Theodore Cooper was presented and action deferred.

Letter of the Chief Engineer was read as follows:

NEW YORK, February 11, 1907.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—I consider it desirable to have some additional borings made on Centre street to determine more definitely the nature of the material that will be encountered in constructing the railroad on Route 9-o and that the information be obtained at the earliest possible moment. I have consulted with Mr. F. W. Miller, who has done considerable wash boring work for the Board, and he informs me that he will do the work required for a price of 60 cents a linear foot of boring.

Ten to twelve test borings will be required, each about 50 feet in depth, or an aggregate not to exceed 600 linear feet, and this is to request that I be authorized to have the work done immediately, at a cost not to exceed \$400.

Very truly yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the Chief Engineer be and he hereby is authorized to contract for making borings, as above set forth, at a cost not to exceed four hundred dollars (\$400).

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

Report of the Committee on Plans and Contracts was read as follows:

To the Board:

The Committee on Plans and Contracts respectfully report that since the public hearing held on February 7, 1907, in reference to the proposed Lexington avenue contract, they have considered the question then presented and others raised by the Counsel and Engineers of the Board, and submit herewith a revised draft of the contract which they recommended for adoption. The Committee are of opinion—

1. That the Fifth avenue and Broadway construction should not be in a deep tunnel.

2. That Section 5-A in Forty-second street from Park to Lexington avenue should not be omitted; but that it should be constructed by tunnelling as far as practicable.

3. That in view of the length of the sections from Forty-third street to the Harlem river and from Forty-third street to the Battery, these two sections ought to be subdivided into three each.

4. That while the contractor should be required to indemnify abutting property owners against all damages caused by physical injuries, he should not be made responsible for consequential injuries, as, for example, by reason of loss of rents or loss of business.

5. That the contractor should be allowed additional time to complete, in case his work was interrupted by strikes, but only if he could satisfy the Board that such strikes were not instigated by him or his sub-contractors.

6. That the contract should be amended in various minor details as embodied in the accompanying draft and suggested by the Counsel or Chief Engineer of the Board.

Dated, February 14, 1907.

Mr. Rives explained to the Board that he had just received from the Corporation Counsel and from A. A. Gardner, one of the attorneys for the Interborough Rapid Transit Company, communications raising important questions concerning the proposed Lexington avenue contract, whereupon the matter was referred back to the Committee.

Letter of the President of the Borough of The Bronx, transmitting resolutions of the Van Nest Property Owners' Association, suggesting a change in Route No. 18, was read and referred to the Committee on Plans and Contracts.

The following resolution was moved:

Notice of lien by the Davies & Thomas Company, No. 26 Cortlandt street, against the New York Tunnel Company, subcontractor of the Rapid Transit Subway Construction Company, in the amount of \$33,073.13, was presented and it was understood that the Comptroller would be notified.

Communication of the President of the Borough of Brooklyn was read as follows and referred to the Chief Engineer:

February 13, 1907.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners:

DEAR SIR—In resolution of January 25, 1907, the Board of Estimate and Apportionment approved, for immediate construction by the City, a four-track subway extending through Centre street, in the Borough of Manhattan, with bridge connections, including line over the Manhattan Bridge, providing four tracks through the Flatbush avenue extension the entire distance to Fulton street. So far as I understand the sentiment of the Board, it was considered of great importance that this Brooklyn subway loop line should be provided with four tracks throughout, as the resolution states, and arranged with spurs for future extensions or connections at various points where other lines connect or extend from this loop, which is to be owned and directly controlled by the City. It has also been understood that the Tri-Borough Route, now approved for four tracks and about to be advertised, would require the construction of four tracks on the Flatbush avenue extension, even with practically an express run with no more than one stop between Fulton street and the Manhattan terminal of the new bridge.

I therefore urge immediate action by your Board in necessary provision to comply with the requirements of the law in changing the line from the end of the Manhattan Bridge approach on Flatbush avenue extension to Willoughby street from a two-track line to a four-track line. Such proceedings may, I presume, be quickly consummated by securing the consents of the majority of property owners on this small section of the route.

I also request immediate action by your Board in officially requesting the Department of Bridges to delay any further work on their present plans for the Manhattan approach of the Manhattan Bridge until complete and definite studies are made by their Engineers to provide suitable grade of elevated railroad tracks from the upper level of the bridge to connect with Route 9 (or the Centre street subway), extending through Canal street and passing under the Tri-Borough Route on the Bowery, to this bridge approach.

This matter is one of the greatest importance in the proper utilization of the bridge. The present arrangement and tentative plans of both the Bridge Department and your Engineers have assumed this connection to be impracticable, but this will be fatal to the Brooklyn subway systems extending from the Manhattan Bridge, including the Tri-Borough Route, as two tracks on the lower level of the Manhattan Bridge would be turned over to the Brooklyn elevated trains, practically restricting all the main traffic and connections of the proposed subways to the other two tracks on the lower level of the bridge. Mr. Rice has expressed himself as satisfied with the grade as amended on my suggestion from the Brooklyn end of the Manhattan Bridge into the Flatbush avenue extension subway, now to be about 5½ per cent. From an examination which Mr. Creuzbaur, of this office, made of the Bridge Department plans on the 11th inst., it appears that a grade equal to or better than this can be arranged, as I now suggest, connecting from the upper tracks of the bridge at the Manhattan end to the Centre street subway. This track grade might necessitate a reduction of the Division street surface grade a foot or two more than now contemplated, but as the elevated tracks of the Interborough road through Division street must be reconstructed and property affected by a reduction in the street grade of five feet in the plans just about to be put into effect by the Bridge Department, it would seem that the great importance of the matter I advocate would abundantly justify a further change of the grade plan on Division street.

Since your Commission, with the active support of the Mayor and the Comptroller, have made arrangements for the elevated trains from the old Brooklyn Bridge to enter the Centre street subway, it is of equal importance that the loop should be continued by a proper grade from the Centre street subway to the upper level of tracks on the Manhattan Bridge, as it will be granted that these upper tracks should be connected with the elevated service in Brooklyn, and not cut out the subway systems for which we have waited so many years at this late day for lack of proper engineering consideration.

I have explained these two matters in detail, as they appear to me to be of the greatest importance in the transit development of the Borough.

Yours very truly,  
(Signed) BIRD S. COLER,  
President of the Borough of Brooklyn.

Letter of the President of the Interborough Rapid Transit Company was read, as follows:

INTERBOROUGH RAPID TRANSIT COMPANY,  
Nos. 15 to 21 PARK ROW,  
New York, February 8, 1907.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,  
New York City:

DEAR SIR—I am advised that President Haffen, of the Borough of The Bronx, has instructed Messrs. Cunningham & Kearns, contractors, to move the Third avenue curb at the southeast corner of One Hundred and Forty-ninth street to the eastward, in accordance with the new street widening plan, which will result in removing all of the vault lights over the subway station platform at this point, and the reconstruction of the roof over the same to support the regular street pavement. I have called this matter to the attention of your Chief Engineer, who informs me verbally that your Board decided in principle some time ago that they have nothing to do with work of this character. I am advised that no such change as is threatened to be made by the City in this instance can be made except under agreement between the lessee and your Board.

I am further advised that the City is under obligation to protect this company from any such interference or damage as is threatened by the action of the President of The Bronx in this particular instance, and I beg to request that your Board will take appropriate steps to protect this company, as lessee, in its occupancy of the station at that point.

Yours truly,  
(Signed) E. P. BRYAN, President.

The Comptroller spoke of the necessity that the work referred to be promptly attended to. The following resolution was thereupon moved:

Resolved, That the officers of this Board be and they are hereby authorized to make requisition upon the Board of Estimate and Apportionment for an issue of Corporate Stock to the amount of fifteen thousand dollars (\$15,000), for the purpose of making certain changes in the rapid transit railway station at One Hundred and Forty-ninth street and Third avenue, the expense of which has been estimated at a sum not to exceed fifteen thousand dollars (\$15,000).

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.  
Carried.

Opinion of Counsel was read as follows:

No. 32 NASSAU STREET,  
New York, February 8, 1907.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—We are in receipt of a letter from Mr. Burrows, enclosing three communications from the Chief Engineer, one dated January 29, and two dated January 30, 1907, transmitting bills of the Rapid Transit Subway Construction Company, amounting in all to \$342,741.69. All these bills relate to work of one kind or another done in connection with the efforts made to improve the ventilation in the subway.

The largest bill, amounting to \$299,094.96, is for constructing fourteen outlet chambers and fan houses, in accordance with the supplemental agreement, dated July 9, 1906. By the express terms of that agreement, the cost of this work and of all work incidental thereto "is to be deemed a part of the cost of constructing said rapid transit railroad, and \* \* \* such cost shall be included in the total cost of the construction of the said railroad in determining the amount of rental to be paid under said contract in like manner as if such work had been originally required by or authorized in the said contract."

In addition to this work, Mr. Rice transmits with his approval two bills, one for Contract No. 1, \$28,738.49, and another for Contract No. 2, \$403.24, which are intended to cover the expense of experimental work undertaken in the summer of 1905. This work consisted of cutting out certain vault lights, installing some motor driven fans, constructing experimental launders, installing experimental sprinkling pipes and making tests to determine the ground temperature. These things were done pursuant to resolution of the Board adopted June 22, 1905.

As experimental work, we think that it is properly a part of the administrative cost of the engineering staff, and that it should be charged to administration.

On March 22, 1906, Mr. Rice recommended that "extensive experiments" be entered into with a view of determining upon a proper method of cooling the subway air. On June 28, he reported to the Board the plans for establishing a refrigerating plant at the Brooklyn Bridge station, and recommended that the Board approve his plan upon the understanding that such work as might be determined to be "construction" under the contract of February 21, 1906, would be paid for as an extra under that contract, and such portion of the work as might be determined to be "equipment" should be paid for by the Interborough Company.

In accordance with these recommendations, the plant was installed and the expense has been divided on the basis suggested by the Chief Engineer, the part representing "construction" amounting to \$14,505. This sum, of course, should be treated as a part of constructing the railroad and included in the total cost in determining the amount of rental to be paid.

We return herewith the bills and accompanying vouchers, which were transmitted with Mr. Rice's letters.

Respectfully yours,

(Signed) G. L. RIVES,  
O'BRIEN, BOARDMAN, PLATT AND DUNNING.

The following resolution was moved:

Whereas, The Chief Engineer in his report dated January 30, 1907, transmits to this Board bill of Rapid Transit Subway Construction Company, amounting to \$299,094.96, and recommends the payment thereof,

Resolved, That the bill of the Rapid Transit Subway Construction Company, dated January 23, 1907, on account of constructing fourteen (14) outlet chambers and fan houses from the Brooklyn Bridge to Ninety-sixth street, in accordance with agreements dated February 21, 1906, and July 9, 1906, amounting to the sum of two hundred and ninety-nine thousand ninety-four dollars and ninety-six cents (\$299,094.96), be and the same hereby is approved.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.  
Carried.

Report of counsel was read as follows, and the Secretary was directed to communicate with the Interborough Company on the subject:

No. 32 NASSAU STREET,  
New York, February 8, 1907.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—We are in receipt of a letter from Mr. Burrows, transmitting a copy of a letter from Henry Gumbleton, Secretary of the Local Board of Morrisania, together with a resolution of that Board, recommending the construction of an additional covered passageway from the station at the southwest corner of One Hundred and Forty-ninth street and Third avenue to connect with the downtown entrance to the subway. Mr. Burrows states that this matter was referred to us for report as to the jurisdiction of the Board in the premises.

The question of the jurisdiction of the Rapid Transit Board in such matters has been already explained by counsel on several occasions.

The Rapid Transit Railway (including the stations) has been built by the contractor in strict accordance with the plans originally adopted. The Rapid Transit Board has no power to compel the contractor to do work over again at its own expense.

Nor can the Board incur obligations for work which is not reasonably to be classed as extra work under the contract. Thus, if a new structure was proposed to be built in place of some existing one, as was the case with the proposed new building for the Seventy-second Street Station, the Rapid Transit Board would have no jurisdiction at all to spend the City's money for such a purpose.

If, however, it is proposed, as seems to be the case here, to add some additional facilities, the work could doubtless be done as extra work under the contract, provided the contractor was willing that it should be so treated.

Very truly yours,

(Signed) G. L. RIVES,  
O'BRIEN, BOARDMAN, PLATT & DUNNING.

The Secretary reported that the President had executed contracts with the New York and New Jersey Telephone Company for telephone service, as authorized on the 27th of December, 1906, as follows:

No. 4 Court square, seventh floor, Brooklyn, 2,700 local messages, at \$135.  
No. 4 Court square, seventh floor, Brooklyn, one extension station at \$12.  
Miscellaneous communications were presented and referred to respective committees.

The Board then adjourned.

BION L. BURROWS, Secretary.

## PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY ON WEDNESDAY, FEBRUARY 20, 1907.

There were present—Alexander E. Orr, President, presiding; John H. Starin, Vice-President; Mayor George B. McClellan, Comptroller Herman A. Metz and Commissioners Woodbury Langdon and Charles Stewart Smith.

Commissioner Morris K. Jesup sent word asking to be excused on account of illness.

George L. Rives and Albert B. Boardman, Counsel; George S. Rice, Chief Engineer, and Alfred Craven, Deputy Chief Engineer, also were present.

The minutes of the meetings of the 7th and 14th of February, 1907, were read and it was moved that they be approved.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Communication from the Secretary of the Board of Estimate and Apportionment with resolution of that Board was read as follows:

BOARD OF ESTIMATE AND APPORTIONMENT,  
OFFICE OF THE SECRETARY, ROOM 805, NO. 277 BROADWAY,  
February 18, 1907.

To the Honorable the Board of Rapid Transit Railroad Commissioners:

GENTLEMEN—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment February 15, 1907, approving of the proposed certificate to the New York Connecting Railroad Company and the proposed grant and franchise therein contained.

Respectfully,  
(Signed) JOSEPH HAAG, Secretary.

Whereas, The Board of Rapid Transit Railroad Commissioners of The City of New York, constituted pursuant to the provisions of chapter 4 of the Laws of 1891 and acts amendatory thereof, has, under date of February 14, 1907, submitted to the Board of Estimate and Apportionment, for its approval, a proposed certificate, dated February 14, 1907, to the New York Connecting Railroad Company; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves such proposed certificate and the proposed grant and franchise therein contained.

A true copy of resolution adopted by the Board of Estimate and Apportionment February 15, 1907.

(Signed) JOSEPH HAAG, Secretary.

Letter of the Chief Engineer was read as follows:

February 20, 1907.

Mr. BION L. BURROWS, Secretary, Rapid Transit Board:

DEAR SIR—I respectfully request that the Board advertise for bids or estimates for engraving about 350 drawings of the proposed Lexington avenue, Brooklyn-Manhattan loop, and Seventh and Eighth avenue rapid transit routes, and for the reproduction of 500 copies of each of these drawings, a large portion of which are to be bound in paper covers.

I would suggest that the bids be received up to 12 o'clock noon, Monday, March 11, and that a contract for doing the work be executed between the Rapid Transit Board and the lowest responsible bidder.

Yours very truly,  
(Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Resolved, That the President of this Board be and he hereby is authorized to invite proposals for engraving about three hundred and fifty (350) drawings of the proposed Lexington avenue, Brooklyn-Manhattan loop and Seventh and Eighth avenue rapid transit routes, and also for the reproduction of five hundred (500) copies of each of these drawings, and award the contract therefor to the lowest responsible bidder.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Letter of the Chief Engineer was read, as follows, and the Chief Engineer and Counsel were authorized to prepare resolutions to carry out the suggestions therein:

February 20, 1907.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—A letter from the Honorable Bird S. Coler, President of the Borough of Brooklyn, dated February 13, containing certain recommendations to the Board in regard to the utilization of the tracks on the Manhattan Bridge, has been referred to me.

Some time ago I told the representative of the Borough President of the necessity of modifying the part of Route No. 9, occupying Flatbush avenue extension, in the Borough of Brooklyn, by changing it from a two-track to a four-track line, and my intention was to lay this matter before the Board at the earliest possible moment. I herewith recommend to the Board that the necessary steps be taken to have this part of Route No. 9 modified as indicated above.

There are in all eight tracks which cross the Manhattan Bridge, and I think the proper solution for the utilization of these tracks would be to use four of them to carry the subway traffic from Brooklyn to Manhattan and two tracks to carry the elevated railroad traffic; the other two tracks to carry the surface car traffic. On the Manhattan side we would have to provide subway connections for the four lower bridge tracks and two of the elevated tracks located on the bridge.

As the subway on Centre street has only four tracks and has to accommodate the traffic between the Williamsburg Bridge and the Brooklyn Bridge, it is evident that in capacity, looking to the future when all three bridges are in full operation, will not be sufficient to take care of the combined traffic, including the six tracks above referred to which cross the Manhattan Bridge. It is therefore advisable that provision for a

future connection be made from the Manhattan Bridge tracks in Manhattan with some other route than on Centre street. I herewith recommend that the Board adopt an additional route, consisting of a two-spur subway connection between the Manhattan Bridge Route and Route No. 3 on the Bowery, where it crosses Canal street, each spur to consist of two tracks. These spurs are necessary to complete the so-called "Tri-Borough Route," which has been adopted by the Board.

I also recommend that an additional subway route be laid out on Canal street, consisting of two tracks between Chrystie street and Broadway, for a convenient connection between Route No. 8 and Route No. 9. This subway will add materially to the facilities for distributing the traffic that will eventually come across the Manhattan Bridge.

The construction necessary to bring the elevated tracks on the Manhattan Bridge down into a subway has to be undertaken on the bridge approach, within the bridge property, and therefore comes under the jurisdiction of the Bridge Department. I recommend that the attention of the Department of Bridges be called to the desirability of providing for connecting two of the upper tier tracks with the subway in the Borough of Manhattan, as this may affect the design of the Manhattan approach to the Manhattan Bridge, which I understand is now being prepared.

Respectfully yours,  
(Signed) GEORGE S. RICE, Chief Engineer.

The Committee on Plans and Contracts presented the following report in regard to the contract for construction of the Lexington avenue line:

To the Board:

The Committee on Plans and Contracts have had under further consideration the proposed Lexington avenue contract, which was referred back to them by the Board at its meeting on the 14th inst., and have carefully gone over all the points which seem to be open to discussion. In particular, they have given careful attention to the criticisms submitted by counsel for the Interborough Company and the Corporation Counsel.

Apart from certain verbal changes, which do not affect the main features of the contract, the Committee do not recommend their adoption, with one exception. The suggestion is made that the arbitration provisions of the contract, requiring a hearing to be finished within five days, is so stringent that it might be difficult or impossible to comply with it. Accordingly, power has been given to the arbitrators to extend this period; and in other respects the provisions as to arbitration are modified by granting more time to carry through the proceedings.

With respect to the suggestions of the Corporation Counsel, they have all been heretofore embodied in the contract, with a single exception, and that is the requirement that the provisions of section 13 of the Labor Law should be specifically referred to in the contract. This section provides that only citizens of the United States shall be employed on public works and that preference shall be given to citizens of the State of New York. The Supreme Court of this State has held the section to be unconstitutional, and the Committee are advised by counsel for the Board that in their opinion this decision would be sustained if the question should ever be brought up on appeal before the Court of Appeals of this State or the Supreme Court of the United States. They are also informed that it has not been the practice until very recently to insert in City contracts a reference to this clause; although the act expressly provides that in every contract for public works a provision shall be inserted "to the effect that if the provisions of this section are not complied with the contract shall be void."

The Corporation Counsel writes that although he is personally inclined to concur in the opinion that the section is unconstitutional, he does not think that the law has been so clearly settled upon the point as to justify him in disregarding the mandatory provisions of the statute.

If the Corporation Counsel insists upon this view, the contract must contain such a clause as he requires, inasmuch as the Rapid Transit Act expressly provides that all contracts of this Board must, before execution, be approved as to form by him. The Committee have therefore caused to be inserted in the contract the provision which the Corporation Counsel desires, and they recommend to the Board that if the contract be adopted by the Board, it shall be accompanied by a protest against the insertion of the clause in question. The Committee are of the opinion that if the clause is insisted upon, any contractor bidding upon the work will increase his bid so as to cover the contingencies of litigation which the insertion of this clause seems to invite.

Respectfully submitted,  
(Signed) A. E. ORR,  
JNO. H. STARIN,  
CHAS. S. SMITH,  
H. A. METZ,  
Committee on Plans and Contracts.

Dated, February 20, 1907.

Mr. Starin moved and Mr. Smith seconded the following motion:

Resolved, That the form of the proposed contract for the Lexington Avenue Rapid Transit Railroad now submitted, be and the same hereby is adopted, except that there shall be made thereto such further amendments as may be agreed upon between the Corporation Counsel and the Counsel of the Board, and as shall be approved by the Committee; and that a communication be addressed to the Board of Estimate and Apportionment, requesting the said Board pursuant to the provisions of the Rapid Transit Act, to consent to the said form of contract.

Resolved, That as soon as the form of the contract is completed, approved and consented to, as above provided, and deposited in the office of the Secretary of this Board, the President of the Board be and he hereby is authorized and directed to procure the invitation to contractors to be duly published in such newspapers as the Mayor may select, fixing such date for the opening of bids as he may deem proper.

Ayes—The President, Vice-President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

The Chief Engineer submitted to the Board the drawings for the Lexington Avenue Rapid Transit Railroad, and Mr. Smith moved, and Mr. Langdon seconded the following motion:

Resolved, That the Board hereby adopts the drawings now produced and numbered A-1 to A-30, inclusive; B-1 to B-52, inclusive; C-1 to C-36, inclusive, all as showing the detailed plans for the construction of the said Lexington Avenue Rapid Transit Railroad, in accordance with the general plan of construction, including provisions for galleries, ways, subways or tunnels for gas or water pipes, electric wires and other subsurface structures and conductors proper to be placed underground, and that the said drawings be deemed incorporated in and to form a part of the contract adopted this day.

Resolved, That this Board hereby adopts the drawings now produced and numbered D-1 to D-96, inclusive, and E-1 to E-153, inclusive, as exhibiting certain information which the Board has received from its Engineer in regard to the nature of the soil and the nature and position of various surface and subsurface structures, all of which are to be exhibited without any guarantee on the part of the Board as to their completeness or correctness.

Ayes—The President, Vice-President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

Mr. Smith moved, and Mr. Starin seconded the following motion:

Resolved, That in transmitting the Lexington Avenue contract to the Corporation Counsel, the Secretary of this Board be instructed to state that this Board have inserted therein an express reference to section 13 of the Labor Law, not because they have elected to contract in this form, but because of the opinion of the Corporation Counsel that the Board cannot be permitted to contract in any other way; that this Board is advised by their counsel that the said section of the Labor Law is unconstitutional, and that they believe the insertion of its provisions in the contract will operate to the disadvantage of the City by enhancing the cost of the work.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon and Smith.

Nays—The Mayor.

Letter of the Pennsylvania, New York and Long Island Railroad Company was read as follows:

PHILBIN, BREKMAN & MENKEN,  
Nos. 52 AND 54 WILLIAM STREET,  
NEW YORK, February 20, 1907.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIRS—We have the honor to inform you that we have negotiated an arrangement with the Hudson and Manhattan Railway companies to use a part of their station site, from which the buildings are now being removed, for shaft purposes.

This enables us to meet the wishes of the property owners along the line of the tunnel west of Sixth avenue, in that these shafts and their operating structures will be located wholly inside the curb line, and at a point where there will be no added use of the streets beyond that covered by the Hudson and Manhattan companies' operations in erecting their station structure.

We are also very pleased to inform you that we have presented this plan to Mr. Dimond, and it has received his cordial approval.

These shafts are to be used for the purpose of doing that part of the work that need not be open cut, and as authorized under the terms of the original franchise, but their advantage lies in the material reduction of the time required to do the work, and the fact that through their use practically eighty per cent. of the materials that would otherwise be removed from the shafts authorized by the permits granted by your Honorable Board will now be removed through them. This will reduce very materially the period of time that the streets will be occupied by the shafts at the west ends.

We are very glad to give you this indication of our desire to comply with your wishes, not only in the letter but in the spirit, and to avoid availing ourselves of the privileges granted to the extent herein defined.

We have deferred making final conclusion of these engagements with the Hudson and Manhattan companies until we had submitted these facts to you and to your Chief Engineer, with whom the matter has been discussed in detail, so that you might be informed of the contemplated action, and if it seemed to be essential, that you might express your approval.

Very respectfully,

(Signed) THE PENNSYLVANIA, NEW YORK AND LONG  
ISLAND RAILROAD COMPANY,  
By EUGENE A. PHILBIN, Counsel for the Contractors.

The Mayor reported progress in behalf of the special committee on the matter of the depressing of the tracks of the New York Central and Hudson River Railroad Company. It was understood that the committee would be ready to report at a meeting which was fixed for the 25th of February.

Report of Counsel was read as follows:

February 11, 1907.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners for the City of New York, No. 320 Broadway, New York City:

DEAR SIR—We are in receipt of the Secretary's letter dated the 8th inst., enclosing bills of Charles Soosmith and Theodore Cooper for \$2,500 each, for professional services, and asking us to report to the Board our views with reference to the amount of these bills.

It is difficult to estimate the value of the professional services of expert witnesses. The four most important elements of such value are:

1. The professional standing of the witness.
2. The importance of the matter in respect to which his opinion is asked.
3. The responsibility assumed by the witness.
4. The length of time spent by him in preparing for the examination and testifying.

Messrs. Soosmith and Cooper certainly stand in the first rank of their profession. They were selected by the Board for this reason.

The question submitted by the Board to these experts, namely, whether a double-track subway can be built in William street, south of Maiden lane, without serious injury to the buildings on either side of the street, is admitted by all the experts who were examined before the Hubbell Commission to be a very difficult question to answer. We assume that before our experts determined to answer this question on the stand in the affirmative, they must have carefully examined the buildings in question, and all the subsurface conditions.

The Commissioners having refused to approve of the William street route, the accuracy of the views expressed by our experts may never be tested by actual construction, but they did not know that this would be the case when they testified, and they assumed great responsibility in advising the City that it could safely undertake the work.

We are not advised of the exact number of days spent by our experts in preparing themselves to testify and testifying before the Commission, but assuming what we believe to be the fact, that this engagement occupied at least two weeks of their time, their bills seem to us to be reasonable.

All papers returned herewith.

Truly yours,  
(Signed) O'BRIEN, BOARDMAN, PLATT & DUNNING.  
GEO. L. RIVES.

The following resolution was moved:

Resolved, That this Board hereby approves the bills of Charles Soosmith and Theodore Cooper for twenty-five hundred dollars (\$2,500) each, for professional services as expert witnesses before the Commission of the Appellate Division, First Judicial Department, appointed to hear and determine as to Route No. 9.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried, the Vice-President not voting.

President Orr brought up again the matter of the application of the Behr monorail, and on motion it was referred back to the Committee on Plans and Contracts.

Mr. Rives reported that he had addressed a communication to the Chairman of the Committee on Railroads of the Assembly, as follows, and on motion the same was duly approved:

February 20, 1907.

Hon. EDWIN A. MERRITT, JR., Chairman of the Committee on Railroads, Assembly Chamber, Albany, N. Y.:

DEAR SIR—I beg to call your attention to Bill No. 785, introduced by Mr. Haines, entitled, "An Act to amend the Railroad Law in relation to Grade Crossings." On page 1, line 10, I suggest inserting after the word "crossed," the words "at grade." This insertion will not, I think, change the purpose and intent of the bill, but will avoid its making unnecessary complications.

The reason for my making this suggestion is because I am one of the counsel for the Rapid Transit Commission of this City, and under the law, the Commission has to deal with various railroads, as for example, the Pennsylvania Railroad, which do not cross any streets at grade in this City. The tunnels of the Pennsylvania Railroad Company are perhaps 60 feet below the surface. If some slight modification of their lines should be desired, it would seem to be quite unnecessary to call for a hearing on a question which could not possibly arise, namely, whether the plan of widening increased the danger to the public at the point where the railroad crossed the line of a street or highway.

Respectfully yours,

(Signed) G. L. RIVES.

The following resolution was moved:

Whereas, The Chief Engineer of this Board, in report dated January 29, 1907, has approved the bills of the Rapid Transit Subway Construction Company for emergency

work in relation to ventilation, in accordance with resolution of this Board, dated June 22, 1905, under contracts Nos. 1 and 2, and amounting to the sums of twenty-eight thousand seven hundred and thirty-eight dollars and forty-nine cents (\$28,738.49) and four hundred and three dollars and twenty-four cents (\$403.24), respectively.

Resolved, That this Board hereby approves the said bills and directs that vouchers be drawn for their payment.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

The following resolution was moved:

Whereas, The Chief Engineer, in his report of January 30, 1907, has approved the bill of the Rapid Transit Subway Construction Company for cooling plant at the Brooklyn Bridge subway station, in accordance with recommendation to this Board on June 28, 1906, amounting to the sum of fourteen thousand five hundred and five dollars (\$14,505).

Resolved, That this Board hereby approves the said bill and directs that a voucher be drawn on the Comptroller for the said amount.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

Communication of Jacob A. Cantor, urging the location of a station on the proposed Third avenue subway at Seventy-second street, was presented.

The Board then adjourned.

BION L. BURROWS, Secretary.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for school purposes, the said buildings being situated in the

## Borough of Brooklyn

and being erected upon property described as follows:

Beginning at a point formed by the intersection of the easterly line of Flatbush avenue with the northerly line of the lands of Erasmus Hall High School, and running thence northerly along the easterly line of Flatbush avenue 57 feet 10 inches; thence easterly 138 feet 9 inches; thence southeasterly 350 feet 3 1/4 inches to the westerly line of the lands of Public School 90; thence southerly along the westerly line of the lands of Public School 90 seven (7) feet three and one-half (3 1/2) inches to the northerly line of the lands of Erasmus Hall High School; thence westerly along the northerly line of said lands of the Erasmus Hall High School 493 feet 6 inches to the easterly line of Flatbush avenue, the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

## FRIDAY, MARCH 8, 1907,

at 11 a. m., on the premises, upon the following

## TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoves and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

bricked up and the walls pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

Being the buildings situated within the area of the block bounded by the northerly side of East Fifty-ninth street, the easterly side of Second avenue, the southerly side of East Sixtieth street and the westerly side of First avenue, in the Borough of Manhattan; and also

The buildings situated within the area of the block bounded by the northerly side of East Fifty-ninth street, the easterly side of First avenue, the southerly side of East Sixtieth street and the westerly side of the anchorage of the Blackwell's Island Bridge, in the Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 20, 1907, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

## THURSDAY, FEBRUARY 28, 1907,

at 11 a. m., on the premises, upon the following

## TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoves and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

## CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

WILLIAM H. SMITH, Auctioneer.

**AT THE REQUEST OF THE PRESIDENT** of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will

offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street purposes, in the

#### Borough of Brooklyn.

All the buildings, parts of buildings, etc., standing within the lines of the new street as an approach to Manhattan Bridge, extending from Nassau street to the intersection of Flatbush avenue and Fulton street, in the Fourth, Fifth and Eleventh Wards of the Borough of Brooklyn, City of New York, said property being more particularly shown on a draft damage map dated New York, October 14, 1904, approved by J. W. Brackenridge, Commissioner of Public Works, and being on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

**MONDAY, MARCH 11, 1907,**

at 11 a. m., on the premises, upon the following

#### TERMS AND CONDITIONS.

It being understood that the purchaser, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping, shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions, being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain, and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

#### NOTICE TO PROPERTY OWNERS.

#### NOTICE OF ASSESSMENT FOR OPENING STREETS AND PARKS.

**IN PURSUANCE OF SECTION 1005 OF** the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

#### TWENTIETH WARD, SECTION 2.

**CLINTON AVENUE—OPENING.** from Gates avenue to Willoughby avenue. Confirmed January 30, 1903; entered February 14, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly side of Gates avenue distant 80 feet westerly from the westerly side of Clinton avenue; running thence northerly parallel with Clinton avenue to the southerly side of Willoughby avenue; thence southeasterly and easterly along the southerly side of Willoughby avenue to a point 80 feet from the easterly side of Clinton avenue; thence southerly and parallel with Clinton avenue to the northerly side of Gates avenue; thence west-

erly along the northerly side of Gates avenue 280 feet to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any assessment shall remain unpaid for a period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before April 15, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when the above assessment became a lien to the date of payment.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
