Jennings, Clerk in the Department of Health, might be authorized, Mr. Jennings having retired on pension, in accordance with the provisions of section 1323A of the Charter, on February 3, 1904. The letter recited part of the third paragraph of Civil Service Rule XIII., in reference to reinstatements, and concluded as follows:

"While in this particular instance the services of Mr. Jennings to the Department may be exceedingly valuable, on account of his twenty years' service, applications of this nature should not be encouraged. Mr. Jennings was retired on his voluntary application and was awarded and paid a pension. His connection with the Department ceased. He now asks to be reinstated. The rule cited is probably broad enough to cover his case, and his reinstatement may be authorized on condition that he resign from the pension fund and release it from any further obligation to him until he is again placed upon it."

The reinstatement of Mr. Jennings having been authorized on June 8, 1904, on motion, the letter was ordered filed.

A letter was presented from the Corporation Counsel, replying to a letter from the Commission, dated June 16, requesting information as to whether the provisions of Civil Service Rule IX., paragraph 5, with reference to the reception of appeals, could be applied to persons who competed in the examinations held prior to December 4, 1903, the date upon which the said rule was adopted. The letter contained the following paragraph:

"In my opinion the rule should be enforced, not only as regards persons examined since December 4, 1903, but as to all persons who have been examined prior to that time. The meaning of the rule is perfectly plain, and there is no objection, but, on the contrary, much reason for its being carried out in compliance with its plain terms. I have to advise you, therefore, that by adoption of the rule in question on December 4, 1903, the right of all persons who had been examined and notified of their rating and their relative standing prior to such date, to appeal, expired fifteen days after December 4, 1903."

On motion, the letter was ordered filed.

A letter was presented from the Corporation Counsel, in reply to a letter of the Commission, dated April 4, requesting information as to whether the practice prevailing in some departments of procuring the services of telephone operators through contract with the Telephone Company, rather than from the eligible list of the Commission, was legal. The letter contained the following paragraph:

"I would suggest that you write a circular letter to the various departments employing these operators, and direct their attention to the fact that it is their duty to obtain their telephonic services, so far as it can be done satisfactorily, from the operators furnished from the Civil Service list."

On motion, the Secretary was instructed to comply with the suggestion of the Corporation Counsel, as set forth above.

A letter was presented from the Corporation Counsel, replying to a letter of the Commission, dated May 10, calling his attention to a complaint of Mr. George McFadden, protesting against the employment to serve legal papers for the Law Department of persons not certified from the Civil Service list. The letter stated that

it had been found the City's interests were much promoted by the employment in such cases of persons having special qualifications, and that there could be no objection to the continuance of the practice in such special cases.

On motion, the letter was ordered filed.

A letter was presented from the Corporation Counsel, in reply to a letter of the Commission, dated April 22, requesting information as to whether the reinstatement of John McCarthy, as a Driver in the Department of Street Cleaning, could be approved, Mr. McCarthy having been dismissed on charges on September 16, 1902. On motion, the request was denied.

A letter was presented from the Department of Bridges, announcing that leave of absence without pay had been granted A. G. Williams, Riveter, for six weeks, commencing June 20, and transmitting the statement of a physician showing that Mr. Williams is ill.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done.
